SIXTY-SECOND YEAR

Sonora, Texas Friday, July 18, 1952

FORTY-FIRST WEEK

... Son of a gun ...

We were privileged Monday to be among that caravan of hardy pioneers who braved dust and drouth to search (by auto) for the airplane which supposedly crashed somewhere in the wilds of north-eastern Sutton County.

It's all rather confusing, even now, but we did try to log a few of the highlights when we got back to the water hole and here-with present same:

Left Sonora approximately 10:45 A. M. Monday after hearing from operator that plane had crashed on Cleve Jones ranch. Returned Sonora 10:48 A. M. Monday. Had forgot camera. Borrowed one, picked up George Barrow and John McClelland. Gave camera to McClelland to load. Now 11:01. Left town quietly so as not to attract attention. (This was big scoop!) Got out on hiway 290 and found ambulance, doctor, two fire trucks, assorted citizens, all jockeying for position. Joined the brawl and wound up in fourth place behind doctor. Later passed doctor and got behind first fire truck. Should be law allowing Press first to all things like this. Doctor thought doctors should be first; firemen thought firemen; ambulance man thought ambulances.

Now 11:30 A. M. and now way down on Owensville road. Still eating up the miles. Having whale of a time zooming along dodging chug holes. Suddenly comes car with red light going opposite direction and followed by fire truck. Stick head out of window and put questioning look on face. Ask WHERE IS IT? No answer. So wheel car around and dash off in second gear on this new lead. A few more hairpin turns and see gray sedan roaring along in opposite direction. Then notice circle of cars and fire trucks on top of hill. McClelland and Barrow quickly see that new lead is bum lead and we wheel around again and follow gray car. We are now in second place. Just right. First guy who is supposed to be leading posse has to stop to open gates. So we now in for nice ride. Pass many cars as we go off on new track. Drivers give us questioning looks. We peer grimly at gray car in front. Drivers think we know what we're doing and follow us. We think gray car knows what it's doing and follow it. Everybody nuts. Now 12:15 P. M. Roar up to Jack Wardlaw ranch and see David climbing gate. Think to selves why do small boys climb gates instead of opening them. Jack Wardlaw comes tearing out to see what excitement all about. People squinting at sky and pointing in all directions. We squint, point. Suddenly gray car takes off again and we follow.

Now 12:40 P. M. Round curve and high center takes out part of muffler. Pull into pits to inspect damage and grinning doctor grabs second place. Gray car looks like sure winner, however. McClelland now has camera loaded and passes it forward.

Hit Menard road about 40 miles from Sonora and see fire truck and doctor fighting it out for lead about 3 miles distant. Could have beat both but holes in muffler causing loss of power. Pass through road construction project and pipeline project. Somebody dynamiting. Explosion sends up huge cloud of dust which looks like smoke.

Lust dawns on everybody at same time. On next lap flagman waves everybody into the pits. Drive home in silence. Nobody cares who passes who. Very dull trip. Arrive town 1:45 P. M. Go in drug store to take camera back. Guy says 'Get any good pictures?' Guy laughs. Gets stricken look as crew advances. Finally get picture of crash.

-#%\$&-

Got a hot tip that the Santa Fe will be continued to Del Rio. Heard that Herbert Fields is behind the move and that the new line will be known as the Sinaloa, Vinegarone and Upper Lake Railroad. Reason for the project, as we heard it, is that since the Stockmen's Feed Company is building a warehouse 100 feet north of the Sonora Feed and Supply warehouse, and therefore 100 feet closer to San Angelo, it will get a lower freight rate and will have the upper hand in case a price war develops.

Fields will not be caught unprepared, however. When the Sinaloa, Vinegarone and Upper Lake is completed, Sonora Feed and Supply

Officials Meet Here Today To Aid Wool Loans

A meeting will be held here this morning at 10 o'clock at the Sonora Wool and Mohair Company warehouse to see if the 1952 wool loan program can be changed to make participation of small wool producers and warehouses easier.

Attending the meeting are representatives of the Production Marketing Administration, representatives of the TS & GRA and various warehousemen and ranchmen. The meeting was called by Howard T. Kingsberry, Santa Anna, state PMA committeeman.

The government, through the Dallas PMA office, announced Tuesday that six wool growers from the Eden area had obtained support loans totaling \$18,899 on 32,063 pounds of grease wool.

These were the first loans made under the new program, said C. H. Moseley, Southwest commodity director for the PMA. They were made through the Jas. L. Daniel Warehouse at Eden. Daniel's firm in turn is being reimbursed by the Commodity Credit Corporation.

Average net loan value to the growers was placed at 58.9 cents per pound, grease basis. National average, based on 90 per cent of parity, is 54.2 per pound grease basis.

Appraisers for the government Monday worked in Ballinger at Herring & Stallings Warehouse where they placed values on 38,000 pounds of wool. Tuesday they were in San Saba at the Hollis Blackwell Warehouse and appraised 53,000 pounds.

Henry W. Maginot, San Angelo, chief area appraiser, said Tuesday night that Roddie & Co., Brady had been approved as a handler for the government under the new program.

May Organize Local Air Force Reserve Unit

A meeting of Air Force reservists in the Sonora area has been scheduled for Tuesday evening July 22 at 8 o'clock in the old elementary building. This meeting is to determine interest of local reservists in establishing a Volunteer Air Reserve Training unit here. If enough interest is indicated, will serve as an organizational meeting of the unit. All Air Force reservists, officers and enlisted personnel, are invited to attend this meeting and participate in the discussion. Master Sergeant F. B. Keopple, Liaison NCO of the 9830th Volunteer Air Reserve Training (VART) Squadron in San Angelo, will be present at the meeting and available for any question or matter pertaining to an individual's reserve status.

Norman S. Davis, Principal of the local High School, and a Captain in the Air Force Reserve, is assisting in the plans for the training unit and may be contacted by interested reservists at Box 1076 Sonora, Texas.

Sergeant Geopple states that assignment and participation in the Volunteer Air Reserve Training program will not, in any way, alter a reservist's status in connection with recall to active military service. The purpose in the program being to make available to AF reservists who reside away from Air Force Reserve Training Centers, the opportunity to earn point credit towards promotion, retirement, and retention.

FUNERAL HELD FOR MRS. BRASHER'S SISTER

Funeral services for Mrs. Rector Murray, sister of Mrs. J. H. Brasher of Sonora, were held Friday afternoon at the Westminster Presbyterian Church in San Antonio. Mrs. Murray died Thursday night in a San Antonio. Interment was in Roselawn Memorial Park.

A native Texan, Mrs. Murray lived in San Antonio 42 years. She is survived by her husband, two brothers, Rufus and Fred L. Sterling; and three sisters, Mrs. T. T. Hurt and Mrs. Walter Gulick of San Antonio and Mrs. Brasher.

Mrs. Max Barnett of Odessa and her niece, Mary Faye Baker, who has been visiting her, arrived in Sonora Monday.

will be 100 feet closer to Del Rio than Stockmen's Feed Co., and will have the advantage of lower freight rates on all shipments from the south. Nothing like ideas to make things click, we always say.

Where will money for the new railroad come from, we asked Fields. "Listen," he said, "I'm an idea man. The other guys can worry about details."

Voters Okay Bonds For Second Time

County voters approved the \$75,000 road bond issue for the second time Saturday, voting 124 to levy an ad valorem tax to pay out the 20-year bonds. The same election had been held previously, and had passed by about the same vote, but had been declared illegal on a technicality.

Passage of the issue now assures Sutton County of 27 miles of new roads, of which 22 miles will be between Sonora and the Y where the Rocksprings road joins 277. The other five miles will be put on the Bond road.

According to Highway Department officials, the new pavement

on 277 will be in about the same location at the present road, thus reducing the amount of right-of-way land to be purchased. The county is responsible for right-of-way, fencing and damages. According to G. A. Wynn, County Judge, work should start very soon on a nine mile strip of 277.

The vote according to precincts:

Precinct	FOR	AGAINST
Precinct 1	54	3
Precinct 2	51	4
Precinct 3	4	1
Precinct 4	11	2
Precinct 5	4	0
Total	124	10

Wallace Wildcat Gets Gas Show

Phillips No. 1-A Libb Wallace, south-central county wildcat located C SE SW 52-14-TW&NG, gauged gas at the rate of 3,714,000 to 4,148,000 cubic feet daily on a drillstem test between 4,000-4,018 feet.

Mud surfaced as quickly as the tool was opened. Open flowing bottomhole pressure was 280 pounds; shut-in pressure (unreported period), 1,410 pounds.

After the operator took the shut-in pressure gauge, the tool was re-opened for four hours. It was during this period that the above gauge was logged: The flow was through a 1/2 inch tubing choke.

The project was shut in for 12 hours, the tool having been left in the hole. At the end of that period, the shut-in pressure was 1,410 pounds.

Another test through the same perforations, with the tool open two hours, resulted in the gauging of gas at the maximum flow rate of 4,413,000 cubic feet daily. This flow was through a 1/2 inch choke.

Open flowing pressure was 860 pounds. The project made some distillate, but not enough to measure, during the two hour period. Four-minute shut-in pressure was 1,410 pounds.

Testing through a 22-64-inch choke, with the tool open for 3 1/2 hours, the project made gas at the rate of 2,800,000 cubic feet daily.

Open flowing bottomhole pressure was 1,210 pounds; shut-in bottomhole pressure after three minutes, 1,410 pounds. When the tool was pulled recovery was five gallons of fresh water and on gallon of 53-gravity distillate.

Another test, with the tool open three hours, showed gas at the rate of 1,534,000 cubic feet daily. Open flowing bottomhole pressure was 1,335 pounds; shut-in bottomhole pressure after three minutes, 1,410 pounds. Recovery was five gallons of fresh water and five gallons of distillate.

Operator was preparing to perforate between 3,976-4,000 feet and test.

Happy Birthday

Sonora Wins From Ballinger 16-11 Sunday

The Sonora baseball team clawed its way back to a tie for third place in the Concho Basin League Sunday with a 16-11 win over the Ballinger - Winters aggregation.

In the gam Sunday Moore, Bell, West and Thompson turned in a goodly share of the slugging to keep Sonora ahead all the way. Gene Henderson got a triple.

Sunday, Sonora plays Forsan in Forsan. Forsan, piloted by Lefty Shelton, is in fourth place in the league.

Army Reserve Unit Leaving For Camp Sunday

The 830th Engineer Aviation Battalion, U. S. Army Reserve, with headquarters in Austin and commanded by Lieutenant Colonel James E. West, Texas Aeronautics Commission, will depart for Walters Air Force Base, Mineral Wells, Texas, July 20 for their two weeks of annual field training. They will return August 3.

Company B, from Sonora and commanded by Captain Lea R. Aldwell will leave with the rest of the battalion.

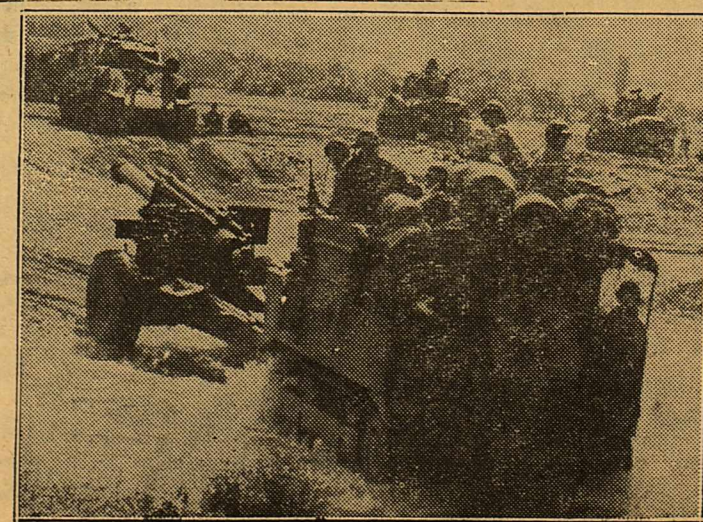

In addition to Captain Aldwell, other Sonora men (members of Company B) making the trip are: Smith, Elmer T. Jr., M. Sgt.; John D. Sgt.; Chavez, Pedro G.; Martinez, Cesar, Sgt. 1st; Barker, Cpl.; Galindo, Oscar, Cpl.; Hay, Howard G. Jr., Cpl.; Brown, Pat, Pfc.; Lumberas, Epifanio G. Pfc.; Chavez, Meguil R., Pfc.; Abila, Evaristo G., Pvt-2; Mata, Jesus R. Jr., Pvt-2.

Ram Sale Starts Monday; 333 Rams Consigned

The 16th annual San Angelo Rambouillet sale will be held at the Fair Grounds, San Angelo, July 21, 22, and 23. July 21 and 22 will be classification and exhibition days. The sale is Wednesday morning, July 23, at 10 o'clock.

333 top Rambouillet rams have been consigned by 29 leading breeders from Texas, Utah and New York. The stud rams will be carefully selected by a committee of five breeders. Stud rams will be classified blue ribbon, red ribbon, and white ribbon rams and sold as such. Also, not to exceed ten A-B-C pens of three rams will be selected and sold. The remaining rams will be inspected and sifted by a committee to insure top grade rams and sold as pens of five and ten. All rams will be registered in the consignor's name and bred by him. Connie M. Locklin has consigned 5 rams.

Funeral Thursday For Sonora Girl

Funeral services were held yesterday afternoon in Leesville for Ester Ivey, 15, daughter of Mr. and Mrs. Douglas Ivey. Miss Ivey drowned Tuesday while swimming in the Guadalupe River near Gonzales.

Mr. and Mrs. Ivey had spent their vacation in Gonzales with Ivey's father and had just returned to Sonora Sunday night. They left Ester and a sister there for a visit.

The Ivey family had lived here about a year and a half. Easter was a freshman in high school last year.

CPL. GEORGE CHALK SERVING ON OBSERVER TEAM

WITH THE 3rd INFANTRY DIVISION IN KOREA-Cpl. George Chalk, son of Mr. & Mrs. George D. Chalk, is a member of a forward observer's team with Battery A of the 10th Field Artillery Battalion, 3rd Division in Korea.

Serving as a reconnaissance sergeant Chalk and the forward observer work in close coordination with the infantry and adjust artillery fire in support of their missions.

Working with the tools of his trade-Compass, map, binoculars, radio and field telephone-Chalk performs a highly technical job.

Chalk also has the difficult task of keeping the vital radio and telephone communications operating between the outpost and the Fire Direction Control Center. Here the FDCC plots and computes the directions called in, and in turn relays the correct data on range, elevation and deflection to the firing batteries who send the lethal shells on their way.

Chalk then notes where the shells hit, and calls in the proper adjustments on each round until he gets a direct on the enemy target.

Chalk is a graduate of Sonora High School, and attended New Mexico A. & M. College and Sul Ross State College, Alpine, Texas. Entering the Army January 1951, Chalk received basic training at Camp Cook, Calif., and arrived in Korea last October.

LEADS TEXAS USO APPEAL—R. R. Gilbert, president of the Federal Reserve Bank of Dallas, has been named campaign chairman of the \$740,896 fund appeal for the USO in Texas. Selection of Mr. Gilbert was announced by Ben H. Wooten, chairman of the Texas United Defense Fund Committee which will conduct the appeal for this state's share of the national United Defense Fund goal of \$17,244,585.

A major portion of the Texas goal, as in 1951, will be included in Community Chest campaigns throughout the state this fall.

Lucky You

by Dick Shaw

Lucky you—you made it home from work through a fog of fatigue

Congratulations

Mr. and Mrs. Norman S. Davis are the parents of a son, Richard Allen, born Monday in San Angelo. The baby weighed 7 pounds, 9 ounces.

Grandparents are Mr. and Mrs. W. A. Culberson of Greenville, and Mrs. Edwina W. Hamilton of Amarillo. Davis is principal of the local high school.

Mr. and Mrs. A. E. Lowe announce the birth of a daughter, Evelyn Jane, Sunday morning in San Angelo. The baby weighed 6 pounds, 12 ounces.

Grandparents are Mr. and Mrs. Libb Wallace of Sonora and Mr. and Mrs. R. S. Lowe of Buchanan Dam.

Mr. and Mrs. Vernon Luckie are the parents of a son, Larry James, born Monday afternoon at Hudspeeth Memorial Hospital. The baby weighed eight and one-half pounds.

Grandparents are Mr. and Mrs. Jim Luckie of Sonora, Mrs. John Godwin of Scotia, Calif., and W. W. Green of Los Angeles. Luckie is local manager of Western Beverages.

Mr. and Mrs. Glen D. Shults of Station B are the parents of a daughter born Tuesday night at Hudspeeth Memorial Hospital and weighing 6 pounds and 9 ounces.

Grandparents are Mrs. J. E. Morrison of Carrollton and Mr. and Mrs. A. T. Shults of Rising Star.

C. E. Bein has as his guest this week, his cousin, Mrs. Leonard Strouback of Fort Worth.

Mr. and Mrs. W. F. Berger have as their guest this week Mrs. Berger's mother, Mrs. R. A. Christie of San Marcos.

Personal Notes

Mrs. Beulah Pfister had as her guests last weekend, her son and family, Mr. and Mrs. Jack Pfister, daughter Jackie, and niece, Miss Vandine Brooks, all of Midland.

Miss Doris Mayer left by train from Del Rio Wednesday morning for Palo Alto, Calif., where she will be the guest of Mr. and Mrs. Bob Mayer and son.

Mr. and Mrs. E. S. Mayer have as their guests Mr. and Mrs. L. A. Freed of Houston. Mrs. Freed is Mrs. Mayer's aunt.

Mr. and Mrs. W. A. McCoy have as their guests his mother, Mrs. W. W. McCoy, and his brother, Rufus McCoy, of West.

Mrs. Otelia Owens of Dilley is here visiting her brother, H. B. Smith, and her sister-in-law, Mrs. Frank Smith.

Mr. and Mrs. Boyd Lovelace have as their guest their daughter Miss Darlene Lovelace, who attended Abilene Christian College this summer.

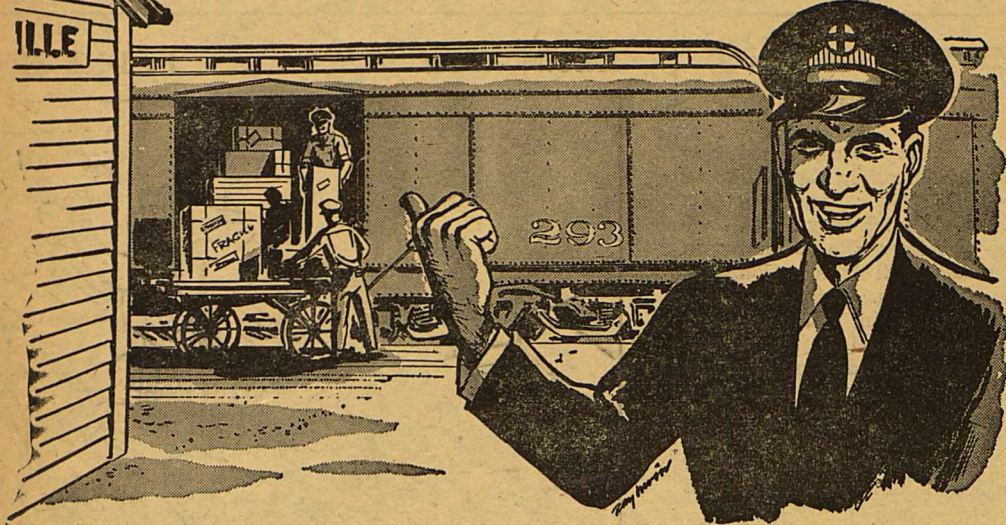

Mrs. W. K. Regeon and sons, Royce and W. K., attended the Adams Family reunion at Abilene State Park last weekend. Those attending were Mr. and Mrs. Fred Johnson, Mr. and Mrs. J. E. Adams, and Mr. and Mrs. E. O. Adams, all of Alamogordo, N. M., Mr. and Mrs. J. D. Drake and Mr. and Mrs. Charley Fry, all of Sweetwater, and Mr. and Mrs. Ted Laughlin of Garden City.

Also Mr. and Mrs. Ruben Fain, Mr. and Mrs. Surman Fain of Gatesville; Mr. and Mrs. Weldon Dunn, Mr. and Mrs. Homer Daniels, Albany, and Mr. and Mrs. Carl Daniels of Baird.

IT'S THE LAW
in TexasA public service feature
of the State Bar of TexasRESPONSIBILITIES
OF INDIVIDUAL CITIZEN
ENUMERATED

Is that a counterpart of our American "Bill of Rights?" Texas lawyers believe that for every guaranteed RIGHT, there is a corresponding RESPONSIBILITY on the part of every citizen.

Recently the American Citizenship Committee of the State Bar was presented an award by the Freedom Foundation for its work during 1950-51. One of its projects during that time, and one factor in earning the award, was the development of the following "Bill of Responsibilities":

I. It shall be the duty of every citizen to render individual allegiance to the Constitution of the United States, to work for its betterment and perpetuation, to respect the sovereignty of the people's government, and to defend the nation against all its enemies whomsoever.

II. It shall be the duty of every citizen to be familiar with the Constitution of the United States and to be informed as to what rights and liberties are his, and to use these rights in such manner as is consistent with his own welfare and the welfare of his fellow citizens.

III. It shall be the duty of every citizen to defend with his life the rights and liberties granted to him and to his fellow citizens by the Constitution, to obey the laws of the land and aid in their enforcement,

and to oppose vigorously any person whose intention is to transgress the law or to oppress the rights of others.

IV. It shall be the duty of every citizen to make honest, wise and courageous use of the free and secret ballot at every election; to exercise freedom of thought, speech and worship; to protect the freedom of the press; to safeguard the right of trial by jury and to render willing jury services when called upon; and to perform all other acts conducive to the perpetuation of the rights set forth in the Constitution.

V. It shall be the duty of every citizen to protect and sustain the unwritten liberties and rights vested in him by custom and usage and to perpetuate the ideals of the equality and dignity of the individual, upon which the Constitution is founded.

VI. It shall be the duty of every citizen to be active in the political party of his choice, and to be vigilant of the public officers, to render all possible aid to them, and to serve in public office by appointment or election when qualified and when called upon to do so. It shall be his duty to strive for the selection of public officers of ability and upright character; and when holding public office, to serve in such manner as will subordinate private or minority interest to those of the people at large.

VII. It shall be the duty of every citizen to achieve the highest practicable level of education, and to work for the advancement of education by supporting and improving the public schools and by fostering the desire for education among his fellow citizens.

VIII. It shall be the duty of every citizen to defend the right to buy and sell, to own land and other property, to engage in commerce, and to work and earn a living wage, as a fundamental guarantee of the freedom and welfare of the nation.

IX. It shall be the duty of every citizen to instruct his children in

the principles of freedom and to spread the ideals of democratic government at home and abroad.

X. It shall be the duty of every citizen to preserve an attitude of self reliance, and to use all legitimate means to achieve financial independence and security; to practice thrift and economy in his own affairs and to require the same of local, state and federal government.

Jerry Gwin Caldwell left Monday for Palm City, Calif., where he will visit Mr. and Mrs. Leo Snelson and Mr. and Mrs. R. L. Andes.

Members of the Sonora Fire Department entertained their families with a swimming party, barbecue and dance Saturday night at the Sonora Swimming Pool. About thirty-five attended.

Mrs. George B. Hamilton returned Saturday from Austin and San Antonio, where she has been visiting for the past three months.

Mr. and Mrs. Neil Roueche had as their guests last weekend, Mrs. Roueche's son and family, Mr. and Mrs. John Moore and children of Fort Stockton.

Daisy Coffee Cake

Here's a breakfast as inviting as summer sunshine! Chilled tomato juice is the eye-opener, followed by a light and spicy Daisy Coffee Cake and fried eggs with crisp bacon.

Pretend your family is "company" for Sunday brunch and surprise them with a many-petaled Daisy Coffee Cake you've created yourself.

Make this yeast coffee cake fragrant with cinnamon, a day ahead of time and then warm it just before serving. It's made from a basic sweet dough which will help you brush up on your kneading technique. Though the coffee cake looks intricate, the shaping comes easy. After cinnamon sugar is layered in the dough, cut spokes from the circle of dough and twist each one, two or three times.

Daisy Coffee Cake makes a happy addition to the picnic hamper. Since it costs but a quarter to make, it's a thrifty way to satisfy out-of-door appetites. For many of your summer picnics, of course, you'll find it more convenient to drop by your baker for coffee cakes, sandwich bread and desserts.

Score enriched coffee cakes and breads high in your menu planning, not only for appetite appeal but for good nutrition as well. They provide protein, three B-vitamins and food iron for good health.

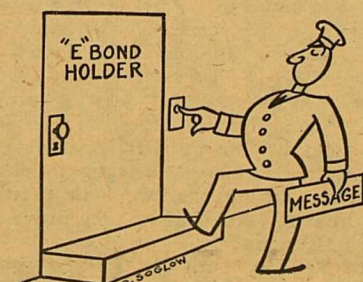

DAISY COFFEE CAKE

- | | |
|---|--|
| 1 package yeast, compressed or dry | 2½ cups sifted enriched flour (about) |
| ¼ cup water (lukewarm for compressed yeast, warm for dry) | 1 egg |
| ½ cup milk | 2 tablespoons melted butter or margarine |
| ¼ cup sugar | ¼ cup cinnamon sugar |
| 1 teaspoon salt | Confectioners' sugar icing |
| 2 tablespoons shortening | |

Soften yeast in water. Scald milk. Add sugar, salt and shortening. Cool to lukewarm. Add flour to make a thick batter. Mix well. Add softened yeast and egg. Beat well. Add enough more flour to make a soft dough. Turn out on lightly floured board or pastry cloth and knead until smooth and satiny. Place in greased bowl. Cover and let rise in warm place until doubled (about 1½ hours). When light, punch down. Let rest 10 minutes. Roll out to square about ¼ inch thick. Brush one half with butter or margarine and sprinkle with cinnamon sugar.

Fold over. Brush with butter or margarine and sprinkle with cinnamon sugar and fold over again. Roll out to circle about 12 inches in diameter. Place on greased baking sheet. With scissors or sharp knife cut to within 1 inch of center making about 16 pie-shaped pieces. Turn each piece over two or three times to make twists. Let rise until doubled (about 45 minutes). Bake in moderate oven (350°F.) about 20 minutes. When cool brush with confectioners' sugar icing, if desired. Makes 1 coffee cake.

LINES BY SOGLOW

Here's a special message to holders of Series E Defense Bonds. The Bonds you bought in 1942 will mature this year, returning you a hundred dollars for every seventy-five you invested. Now you can hold your maturing E Bonds for another ten years at an EVEN HIGHER rate of interest than before. If you hold a Defense Bond worth \$100 at its maturity for another ten years, it will be worth \$134.68—that is a return of more than 79% on your original \$75.00 investment. And the Series E Defense Bonds you continue to buy are now even better, too. Invest MORE in Defense Bonds.

For Women who want
A Top-Flight Job!

Yes, the big jobs today are being done by the women in the air force. From dispatching planes to office administration, there are hundreds of vital jobs assigned to capable, qualified women.

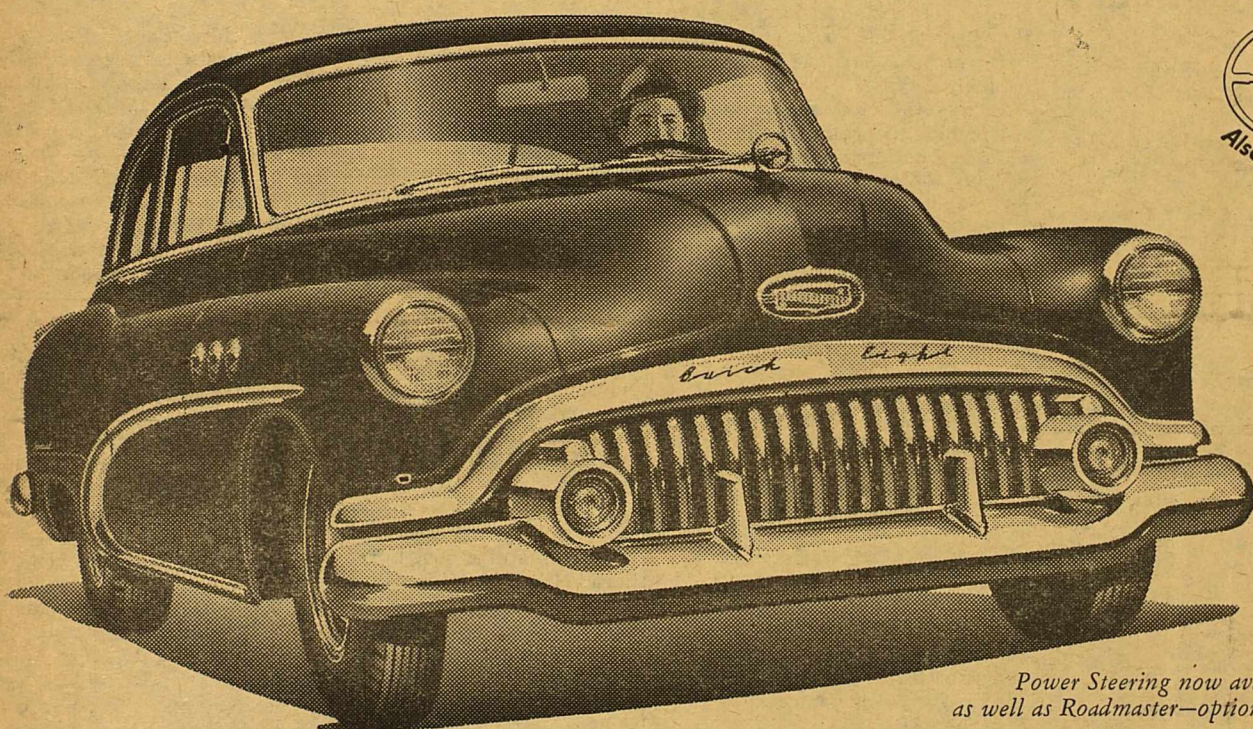

If you are 18 or over, you can join these outstanding women in the tremendous job of defense. And there are so many immediate benefits! You'll receive equal pay, equal rank with our men in the Services. You'll get 30 days vacation a year, medical care, uniforms by leading designers, modern living quarters, allowances! All while you're doing a vital job for Uncle Sam.

Don't wait—do it today.

How's Business? GREAT—
with prices like ours

THIS is—to coin a phrase—a "shopper's market."

Folks are taking a keen look at what they get for what they pay—and they're taking a double look at price tags.

That's the kind of market where Buick really shines.

Do you know why?

Buick prices are down within easy reach of the folks who buy what's known as "the low-priced three."

Fact is—a big chunk of Buick sales comes from the folks who trade in one of this low-priced trio.

For very few extra dollars, they're getting a lot more automobile.

They're getting more power—and the thrill that goes with it.

They're getting "big-car" comfort. They're getting a ride that cost a million dollars and more to develop.

They like the room, the fabrics, the extra appointments they find in the smart-stepping beauty pictured here. And they like Dynaflo Drive.*

They like the way it handles. They like the way it's engineered. They like the belt they get out of touching off the power of its Fireball 8 Engine—and they like the miles they get from a gallon of fuel.

So Buick sales are booming. Not just the SPECIAL—but also the SUPER and ROADMASTER. Folks find that each one is the buy in its field.

When we tell you that business

is great, we can back up that statement with figures. More people are buying Buicks than any other car at their price or above.

Why don't you come in and see for yourself what's behind this popularity?

If you can afford a new car, you can be the proud owner of a Buick.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.

Sure is true for '52

When better automobiles are built
BUICK
will build them

Sonora, Texas Friday, July 18, 1952

Double-Ring Ceremony Friday Unites Miss Barrow, Jerrel Hardesty

In a double-ring ceremony held at St. John's Episcopal Church at high noon Friday, Miss Darlene Faye Barrow became the bride of Jerrel Reid Hardesty. The bride is the daughter of Mr. and Mrs. George A. Barrow of Sonora, and the groom is the son of Mr. and Mrs. L. C. Hardesty, also of Sonora.

The Rev. Paul Osborn, rector of St. Paul's Episcopal Church, San Antonio, read the wedding vows. Mrs. Charles F. Browne played as pre-nuptial music "Sunlit Cloisters" by Eichhorn, "Sabbath Sunrise" by Sawyer, "Impromptu Religioso" by Armstrong, and "O Perfect Love." She played the traditional processional, "The Bridal Chorus" from Lohengrin, and the recessional, "The Wedding March" by Mendelssohn. John Stanley Hamby lighted the candles.

White gladioli were used on the altar and in four tall baskets in the chancel. Four floor candelabra were also used in the chancel and sanctuary. White satin bows marked the pews.

The bride, given in marriage by her father, wore a white embroidered organza dress, made ballerina-length with a three-tiered skirt. With it she wore organza mitts and an organza hat from which fell a finger tip veil of illusion. She carried a white prayer book topped with a white orchid. The prayer book, which belonged to Nancy Bess Wilson, was her "something borrowed."

Miss Jayne Kiser, made of honor, and Miss Barbara West of Eldorado, bridesmaid and cousin of the bride, wore similar frocks with matching mitts and hats. Miss Kiser wore yellow organza and Miss West wore orchid organza. Best man was Van Hardesty, brother of the groom. George A. Barrow, Jr., was groomsmen and Glenn Hay was an usher.

The wedding reception was held immediately following the cere-

mony at the home of the bride's parents. Those receiving the guests were the bride and groom, their parents and members of the wedding party. Miss Doris Mayer presided at the bride's book. Mrs. Gene Henderson served the wedding cake and Miss Nancy Neill served punch. Others in the house party included Mrs. Duke Wilson, Mrs. Charles F. Browne, Mrs. E. S. Mayer and Mrs. Armer Earwood.

The bride's table in the dining room was laid with an ecru linen cutwork cloth and centered with a candelabrum entwined with white carnations. The punch bowl was placed at one end of the table and the three tiered wedding cake, decorated with white roses and pale green leaves, at the other end. White, orchid and yellow gladioli were used throughout the reception rooms.

For traveling, Mrs. Hardesty wore a black and white dressmaker suit of silk. Her corsage was a white orchid. The couple will live in Corpus Christi, where Hardesty is serving with the Navy.

Out-of-town guests were Mr. and Mrs. Wes Pearl and children, Mrs. O. D. Price, Mrs. Tom Anderson, Mrs. Addie Spruel, and Mrs. E. C. Chandler, grandmother of the groom, all of London, and Chandler Hardesty, brother of the groom, stationed with the Navy in Florida; Mr. and Mrs. Jimmy West and daughter and son, Mr. and Mrs. Layelle Meckel and Jerry, all of Eldorado; Mr. and Mrs. Bill Tittle of El Paso and Miss Maxine McMillan of Pecos.

GLEANERS HOLD PICNIC

Mrs. Marvin Woodbury was hostess to the Gleaners Class of the First Baptist Church at picnic Thursday evening at Simmons Park.

Mrs. A. A. Cowert conducted the business meeting. Those attending were Mesdams Adam Delrie, Artie

MRS. ELLIOTT HOSTESS AT BRIDGE LUNCHEON FRIDAY

Mrs. J. W. Elliott was hostess at a luncheon and bridge party Friday at the Sonora Woman's Club. She was assisted by Mrs. W. B. McMillan.

Mrs. Rip Ward won high score and Mrs. L. P. Bloodworth won second high. Slam prize went to Mrs. Sears Sentell and Mrs. Joe B. Logan won the bingo.

Luncheon was served at quartet tables to Mesdames R. C. Vickers, J. A. Ward, Jr., Rip Ward, N. B. Wilson, Gene Shurley, Marion Elliott, F. L. McKinney, Belle Steen, Joe B. Logan, A. C. Elliott, Lea Allison, G. C. Allison, L. P. Bloodworth, Frank Bond, Hillman Brown, Maysie Brown, O. L. Carpenter, W. J. Fields, Jr., Cleve Jones, Jr., L. E. Johnson, Jr., Robert Kelley, Jr., E. A. Brodhead, Edwin Sawyer, E. E. Sawyer, Harold Schwiening, Sears Sentell, and Miss Annela Stites.

Wedding Party Feted With Dinner Thursday

Mr. and Mrs. George A. Barrow entertained with a rehearsal dinner Thursday night at the K-Bar Club for their daughter, Miss Darlene Barrow, bride-elect of Jerrel R. Hardesty, and members of their wedding party.

The supper was served buffet style and the party room and table were decorated with shasta daisies.

Those present beside the host and hostess and honorees were the Rev. Paul Osborn of San Antonio, the groom's parents, Mr. and Mrs. L. C. Hardesty, Mrs. Duke Wilson, Mary Adele Wilson, Mr. and Mrs. Van Hardesty, Chandler Hardesty, Mrs. E. C. Chandler of London, Glen Hay, George A. Barrow, Jr., Mrs. Charles F. Browne, Miss Jayne Kiser, Miss Barbara West of Eldorado, Miss Maxine McMillan of Pecos, Miss Patty Hardesty and John Stanley Hamby.

SWIMMING PARTY GIVEN FOR JESSIE LEM JOHNSON

Mrs. L. E. Johnson, Jr., honored her daughter, Jessie Lem, on her seventh birthday Sunday afternoon with a swimming party at the Sonora Swimming pool. Refreshments of cake, ice cream and punch were served at the swimming pool and supper was served later at the home of Mrs. L. E. Johnson, Sr.

Those attending the party were L. P. Bloodworth, III, Cecelia Young, Jetty Young, Sara Lou Hardy, Kaye Shurley, Daon Locklin, Jo Gail Willman, Alice Lee Duncan, Sara Lynn Sawyer, Betty Ann Patrick, Robert Asa Smith, Bennie Davis, Nancy Prugel, Jo Addah Johnson and Janet Kay Johnson.

B. Davis, Rip Ward, J. R. Sheppard, Chester Harrison, Don Reynolds, E. V. Smith, Cowsett and Miss Betty Rankhorn.

Mr. and Mrs. Robert Kelley, Jr., and son, Bobby, and Mrs. Robert Kelley, Sr., attended a family reunion of the Valliant family at Brady. On the return trip the party fished at Buchanan Dam.

Miss Anne Louise Curtis

Engagement Of Miss Anne Curtis To John Allen Ward Announced

Mr. and Mrs. Harry Curtis of Brady announce the engagement and approaching marriage of their daughter, Anne Louise, to Lieutenant John Allen Ward III, son of Mr. and Mrs. J. A. Ward, Jr., of Sonora.

The wedding will take place Friday, August 29, in New Orleans.

Miss Curtis is a graduate of Hockaday Preparatory School and attended the University of Texas. She was a member of Pi Beta Phi sorority.

Lieutenant Ward is a graduate of Sonora High School and received his B. A. degree from the University of Texas. He was an honor student and was a member of Kappa Sigma fraternity.

He received his wings at Reese Air Force Base, Lubbock, in May, and is now training in jet interceptors at Moody Air Force Base in Georgia.

Miss Curtis is now attending the University of Hawaii in Honolulu.

MRS. STITES HOSTESS TO PASTIME 42 CLUB

Mrs. C. E. Stites was hostess to the Thursday Pastime 42 Club last week at her home. High club score was won by Mrs. Rose Thorp and high guest by Mrs. G. G. Bennett.

Refreshments of cake and ice cream were served to Mesdames O. G. Babcock, John Bunnell, Joe Berger, R. V. Cook, Robert Kelley, Sr., H. V. Morris, Tom Sandherr, Robert Rees, Thorp, Ella Wallace, J. A. Cauthorn and Bennett.

Mrs. Henry Diebitsch had as her guests last weekend her brother, W. R. Nix of Eldorado, and Mrs. Herman Diebitsch and son, Stewart Hamlin, of Fort Stockton.

Mr. and Mrs. Homer Melton spent last weekend in Bangs.

THURSDAY NIGHT CLUB MEETS AT KELLEY RANCH

Mr. and Mrs. Robert Kelley, Jr., entertained the Thursday Night Dinner Bridge Club at their ranch home last week.

Louis Davis and Sears Sentell won men's high scores, and Mrs. F. L. McKinney and Mrs. Gene Shurley won high scores for ladies. Miss Alice Birdwell of Snyder won bingo. Present were Messrs. and Meses. Hillman D. Brown, Louis Davis, F. L. McKinney, Marion Elliott, Dewitt Lancaster, G. C. Allison, Sears Sentell, Gene Shurley, and Miss Birdwell.

Mrs. G. G. Bennett and grandson, Bennie Davis, are visiting Mrs. Bennett's daughter, Mrs. T. O. McCallum, in Bracketville this week.

Let Your Washer Do Double Duty; Here's How to Use It for Dyeing

If you've discovered how easy it is to dye bulky articles in your washing machine, you'll find these latest hints from the Tintex Home Economics Bureau of value in getting even better results.

To determine amount of dye needed, weigh article while dry — and better not use the washer for items above 4 1/2 lbs.

Dissolve Dye in Quart Jar

Stick to all-fabric dyes because so many dresses, curtains, drapes, slip covers and other articles come in man-made fibers or mixtures of natural and synthetic fibers.

You'll need two boxes of 15¢ all-fabric dye for articles of 12 ounces or less of light-colored cottons, linen, silk and viscose rayon — with twice the amount for dark colors. Articles made of nylon and acetate rayon need a little extra dye for lighter colors and up to three times the amount on the very darkest colors. If you're dyeing any fabric black, use six 15¢ boxes for weights of 12 ounces or less. Weights above 12 ounces, of course, require proportionately more dye.

Let Machine Run Through Regular Wash Cycle and Set to Last Rinse

Always wash and rinse articles thoroughly before dyeing. Better use color remover first if you're re-dyeing a dark-colored article to a lighter shade or an article in any color to a different hue, or if the article is unevenly faded, stained or spotted. Use a separate vessel for the color remover, since the washer requires so much water that it weakens the action of the remover.

Employ the hottest water available in your machine. It will pay you to pre-heat the machine by operating it for a few minutes and then draining the water.

When Washer is Filled with Water — Pour Dye into It

Dissolve the dye in a quart jar or pitcher of very hot water, using a wooden stick or spoon to stir. If your washer is automatic, pour the solution into the machine after enough water has come in to completely cover the article. Then run the machine through the regular washing cycle (longer, if possible) and set to the last rinse. After machine has completed the rinse, either spin-dry or remove article and squeeze out water gently. Procedure for the wringer-type machine is the same, except that you'll have to stop the machine from time to time to see if article has been dyed to desired depth.

Remove Article and Gently Squeeze Out Excess Water

By no means should you wring dyed article either manually or in the machine. Just squeeze out excess water gently and hang article indoors or in shade outdoors.

Clean washer, after dyeing, by filling it with clean hot water and running it on the last rinse for automatic washers or a short time for wringer machines, using a small amount of soap in both cases. Woolens should not be dyed in the washer because the action may "mat" the fibers. The washer is perfect, on the other hand, for Whitex, the whitening preparation for yellowed white nylons, silks, rayons, linens, woolens and cottons. A leaflet giving details on dyeing in washers is available gratis at all-fabric dye counters, advises the Tintex bureau.

WESLEYAN SERVICE GUILD MEETS MONDAY NIGHT

The Wesleyan Service Guild met Monday night at the home of Mrs. Libb Wallace. Hostesses were Mrs. Gene Wallace, Mrs. Bob Teaff and Mrs. James Wilson.

The program topic was "The Earth is So Full." Mrs. Loyd McMullen was a study leader. Mrs. Autrey Bridges read the scripture

and Mrs. Malcolm Bollinger sang a solo. Fifteen members and guests attended.

Mr. and Mrs. Carl Hamilton have as their guest, Mrs. Hamilton's mother, Mrs. Floyd Cassidy of Evansville, Indiana.

What's going on in Sonora

Two new highway patrolmen, Herman E. Moore and Douglas W. Mack, have been assigned to the Sonora Station. Moore, whose home is Granbury, is the senior member of the partnership, having had 4½ years experience with the patrol. He transferred here from Ballinger, is married, has two sons, Herman Jr., 9, and Larry Bob, 6. He was a member of the Ballinger Lions Club. Womack calls Henrietta home and is a recent graduate of the Highway Patrol School at Austin. He is married. . . . Vicki Savell and Nancy Bryan Hunt returned Tuesday from Camp Waldermar. Vicki won a blue ribbon in western riding, and Nancy was elected leader of her cabin. . . . Joe D. Cook Bm-3 has been home on leave visiting his mother, Mrs. R. V. Cook. He left Sunday for Long Beach. His ship, the USS Balletrix sails Aug. 24 for Japan. . . . Mr. and Mrs. Rex Lowe have returned from Alpine, where they have been attending Sul Ross College. . . . Misses Jane and Nancy Neill, Doris Tankersley of San Angelo, Sammie Capps of Mason, Wanda Taylor of Austin and Doris Lowrey of Del Rio, are on a two weeks' trip through Colorado and Yellowstone Park. . . . Joe Brown Ross was elected to the board of directors of the Kimble Electric Coop., Inc. at a membership meeting Saturday in Junction. . . . Attending a Texas Highway Department panel on maintenance problems in Junction last week were Chester Green and Ira Langford. Langford is senior inspector here, and Green is associate residence engineer. . . . The fire Friday night was at the home of one of the firemen, Wesley Granger. Kitchen was smoked up when some grease caught fire. . . . The Rev. and Mrs. J. E. Eldridge have as their guest their daughter, Mrs. Robert L. Turner, of Sacramento, Calif. . . . John S. Hamby, son of Mr. and Mrs. J. F. Hamby, left Wednesday for Austin, where he will attend the University of Texas during the second semester of summer school. . . . The Rev. and Mrs. J. E. Winslow and daughter, Priscilla and son, Mark, are vacationing in Minnesota. They will return week after next.

T. F. Wheelless has been stationed here by the Game Department to take the place of Game Warden Henry Burkett, who is moving to the San Angelo district. Warden

TAKE IT EASY By W. H. Marshall

Don't Hurry. You are going to live forever—somewhere. In fact, you are in eternity now; so why rush?

Don't Worry. What will this thing matter in twenty years' time? Claim your divine selfhood. Why not remember that God loves you when everything seems to go wrong?

Don't condemn. As you cannot get under the other fellow's skin, you cannot possibly know what difficulties he has had to meet—how much temptation, or misunder-

standing, or stupidity within himself he has had to overcome. You are not perfect yourself and might be much worse in his shoes. Judge not.

Don't Grumble. Consume your own smoke. Your own concept is what you see; change that.

Don't Shove. You are always in your right place at the moment. If you don't like it, change it scientifically by rising in consciousness. This will be permanent.

standing, or stupidity within himself he has had to overcome. You are not perfect yourself and might be much worse in his shoes. Judge not.

Don't Resent. If wrong has been done, play the man, don't add another wrong. Rise up in consciousness and set both yourself and the delinquent free. Forgiveness is the strongest medicine.

Don't Grumble. Consume your own smoke. Your own concept is what you see; change that.

Don't Shove. You are always in your right place at the moment. If you don't like it, change it scientifically by rising in consciousness. This will be permanent.

Mrs. Seth Lancaster is recovering from two broken ribs suffered this week when she fell against a booth in the Club Cafe.

THIS TASTES GOOD IN TEXAS

Chicken Tetrazzini

1 stewing chicken
Salt
3 tablespoons butter
1/4 pound mushrooms
1/2 pound Italian spaghetti
Cream Sauce
3 tablespoons butter or chicken fat
Pepper
3 tablespoons flour
2 cups chicken broth
1 cup heavy cream
Cut chicken into 4 or more pieces. Place in stewing kettle and add approximately one quart hot water. Add salt (1/2 teaspoon per pound of fowl) and simmer until tender. Remove chicken from bone and cut into 1/2 inch pieces. Slice mushrooms and saute in butter over moderate heat until brown. Break a pound Italian spaghetti into small pieces and cook in large amount of salted water until tender. Make

JUNCTION—A major achievement of the recent session of Congress was the trimming of \$9 billion from President Truman's budget requests, Rep. O. C. Fisher told an over flow crowd of more than 300 people at the county courthouse here Saturday.

"And there was a lot more fat that could and should have been removed", he added.

Fisher was the guest of honor of the Kimble County Electric Coop., at its annual 5-county membership meeting. The Congressman is a native of Kimble County and still operates a stock farm here.

"One of the big jobs of this day", Fisher said, "is to eliminate waste, extravagance and non-essential spending on a State and National level. A strong nation must be a solvent nation."

cream sauce using fat and flour, gradually adding hot strained chicken broth, stirring until smooth and boiling point is reached. Stir in 1 cup of heavy cream. Divide sauce, add chicken to one half and cooked spaghetti and mushrooms to other half.

Put spaghetti half into a baking dish making a hole in the center for chicken mixture. Cover with grated Parmesan cheese and bake in moderate oven until lightly browned, about 10 minutes.

Rep. Fisher pointed to several cuts he said should have been made. He was critical of the \$2 billion foreign economic aid fund voted by Congress—in addition to military assistance.

"The war has been over seven years and we are still asked to build public works and bolster sagging finances of many foreign countries. I voted against this

twenty-hundred-million-dollar economic aid because I was convinced it is not essential to our security. We simply cannot afford to finance an international WPA—in Arabia, Israel, and elsewhere—to be paid for, year after year, by hard-pressed American taxpayers", he cautioned.

Turning to the subject of Agriculture, Fisher in a radio address

said the House amendment to the military appropriation bill, which preference for domestic wool in military procurement orders, should be of help to our growers.

Some foreign wools, he said, have been dumped and sold at abnormally low prices because of subsidies paid to exporters by the governments of certain exporting countries, in order to get American

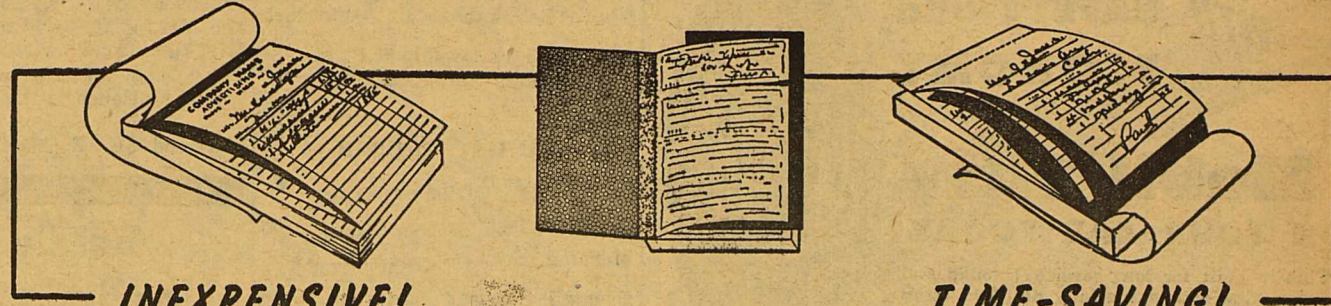

dollars. Thus, he explained, American growers have been competing not only with the wool market but also with foreign subsidies.

The House passed a bill to clarify the law and require an import to be levied, above the present tariff, to protect our growers against this practice, but the Senate not reach the bill before the cent recess.

More Eloquent Than Words !

It is true, of course, that a Cadillac owner is proud of everything about his motor car.

But it is also true that he reserves a special place in his heart for the beautiful crest that rides high on the hood.

For here, as only he can fully appreciate, is one of the most wonderful and unique symbols in all the world of manufactured products.

In fact, it seems safe to say that no other mark of identification speaks so clearly or so eloquently of the product that bears it . . . and of the man who owns it.

It tells, for instance, of magnificent engineering and inspired design—and of experienced craftsmanship and painstaking construction.

It promises mile after mile of superlative motoring enjoyment—and it foretells year after year of dependable and enduring performance.

It proclaims, in short, the Cadillac pledge of quality—that here is an automobile built to the highest

standards it is practical to enforce in the production of a motor car.

And, oh, the wonderful things it says about the man behind the wheel!

It reveals, more surely than if the words were spoken, that he is a man of position and achievement in his own private world of affairs.

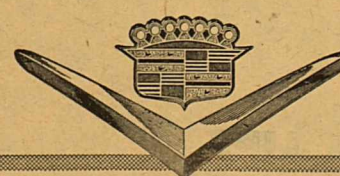

It attests to the high regard he places on the safety and the comfort of his fellow passengers.

And it says, with unmistakable clarity, that he is a person of discernment and good taste.

Little wonder that the man who owns a Cadillac takes special pride in the beautiful crest that identifies it and adorns it.

The Cadillac crest tells its most eloquent story when it adorns the magnificent car illustrated above. For here is the illustrious eight-passenger Cadillac "75"—so luxurious, spacious and distinguished that it stands alone among the world's motor cars.

THE GOLDEN ANNIVERSARY

Cadillac

Johnson & Granger Pontiac & Cadillac Co., Concho And Plumb, Sonora, Texas

61 Years Ago

Col. Wm. L. Black, of San Saba county, Schleicher County, arrived in Sonora Friday and is guest of his daughter, Mrs. Dr. es.

County Judge Dunagan appointed the following Worlds Fair Committee for Sutton County: Mrs. W. Stewart, Miss May Callahan

and Messrs L. N. Halbert, J. A. Hagerlund, D. J. Dunagan, W. B. Silliman and Mike Murphy.

Mr. and Mrs. Mm. Drennan returned Wednesday from a fishing trip on Devil's River.

W. R. Rudicil has proved himself one of the best assessors in the State. He finished the rolls Wednesday night and the total amount is \$1,596,782 and the county not 3 years old.

H. Kenney and wife left Tuesday for Junction City, where Mr. Kenney will open a restaurant.

S. A. Deatherage, of Bosque County is in the Stockman's Paradise prospecting for a healthful climate and a desirable horse ranch. We have both, consequently he will stay.

A. W. Mills, of Crockett County, raiser of cattle and sheep has purchased Wall's Spring from Isaac Miers for \$1,250. Mr. Mills will immediately stock up and improve the ranch.

S. E. Couch, owner of the town site of Eureka on Howard's Draw, Crockett County, was in Sonora Saturday. He reports that Eureka received 37 and Ozona 50 votes for county seat.

Maj. David Dool, of Mason, deputy district Grand Master of the 46 Masonic district, was in Sonora Saturday.

Born on Wednesday July 15th to Mr. and Mrs. F. M. Sanders, a girl.

W. C. Jones of South Concho sold to R. J. Turner 1,225 stock sheep at \$2.50 a head.

MRS. KERBOW HOSTESS AT BRIDGE PARTY FRIDAY

Mrs. Jack Kerbow entertained Friday night with a bridge party at her home. Mrs. Raymond Morgan won high score and Mrs. Tom Ratliff won slam prize. Mrs. J. W. Pepper, Jr., won low score prize and Mrs. Tommy Smith won the bingo. A salad plate was served to Mmes. Truman Hines, Clayton Hamilton, Ella Wallace, Ed. Grobe, Francis Archer, J. F. Howell, John Bunnell and E. A. Brodhead.

YOUR HEALTH

A dime store paint brush and few ounces of chlordane are the only tools you need to run off those pesky cockroaches, State Health Officer Geo. W. Cox advises.

But he says keeping them off is a bigger joy.

Roaches are disease carriers from way back, the health officer pointed out. They've been found naturally infected with polio virus. And that alone, is reason enough to declare war against the filthy ridden pests. Here's the way to do it:

First: get a 2 per cent chlordane spray and a two-bit paint brush from the drug store. Then take all the pots, pans, and dishes from the kitchen cabinet and wash them in soapy water.

Now paint the chlordane into all the cracks where shelves join walls and around the drain and water pipes. That's all—don't paint the whole cabinet. While the spray is drying in the cabinets, paint in the corners of baseboards, behind the stove and the hot water heater where water and gas pipes enter the house.

Take off the motor panel of the refrigerator, and treat the floor and corners of the motor compartment. Paint the walls behind the refrigerator, because roaches will hide any place they can find protection. Be sure to paint around bathroom pipes, too.

In older houses it's possible that roaches will be hiding in cracks between the wall boards and door and window frames. So don't pass up a crack because it looks too small to harbor roaches. The young insects are mighty small.

After the spray in the cabinets has dried thoroughly, cover the shelves where dishes and food are stored with paper.

You can get a can of caulking compound for just a few cents,

which makes filling cracks permanently an inexpensive process. But, run some of the spray into cracks before sealing them up. This will kill ants, too.

All this will help you get rid of roaches, Dr. Cox emphasizes. But if you leave food exposed, they'll soon be back at the same old stand.

QUESTIONS AND ANSWERS FROM VETERANS ADMINISTRATION

Q - I'm a World War II veteran, and I just got a job in France, where I expect to remain for a good many years. Could I get a GI loan to buy a home in France?

A - No. Property bought with the help of a GI loan must be located only in the United States, its territories or possessions, and not in any foreign country.

Q - I've just finished pre-medical training under the GI Bill, but I haven't yet been able to get admitted to a medical school. Does this mean I'll have to forfeit my remaining GI Bill entitlement?

A - No. You will be permitted to continue with your professional studies whenever you find a medical school that has room for you. You must, however, establish the fact that you have applied for admission regularly, after completing your pre-medical training. However, your professional schooling can't go on beyond July 25, 1956.

Q - I'm receiving disability compensation checks each month from the VA. I've had to go pretty heavily into debt, and my creditors are demanding their money. Do they have the right to demand any part of my compensation checks?

A - No. Your compensation payments are exempt from seizure, levy or attachment.

Miss Nita Burch had as her guest last week, Miss Margie Edgar of Abilene.

LITTLE THINGS about the Stars

By GEORGE LILLEY
NEW YORK, N. Y.—Singer-actress Martha Stewart, a Bardwell, Ky. Miss, is Pinky Lee's new co-star on the price weekly television hit, "Those Two," Monday, Wednesday and Friday nights via NBC-TV. She plays the role of entertainment hostess at a summer resort; Pinky is the handyman around the place.

The idea of this comedy-musical is that Pinky would like to become a permanent member of Martha's entertainment group—not to mention win her love. Neither effort, of course, is ever quite fulfilled.

Martha, a petite bonde (5'3", 105-pounds) attended high school in Brooklyn, got her first pro singing job at 16 (\$35 a week) on Manhattan's 52 st. A taxi accident in which she suffered a fractured nose and severe facial cuts almost ended her career before it started. She auditioned in bandages for

singing job with Jerry Livingston's band, went on to Glenn Miller. A 16-week stand at New York's Copacabana attracted movie scouts and brought on a popular career in films, stage, radio and now TV.

RADIO VIA HAMBURGER

Wells Church, the man who will boss the massive operation of the Republican and Democratic convention coverage on CBS Radio in Chicago this July for Westinghouse, once himself was an electric light company trouble shooter. He was taking off for a snack one midnight in a hamburgerery when a fellow rushed in and started shouting into a telephone about a murder. The guy was a reporter and his work so fascinated Church, he went straight to the Cleveland Press, asked for a reporter's job—and got one. That was in 1922. Today Church is Director of News, CBS Radio, with a staff of top reporters he can direct within seconds all over the world.

20 YEARS AT BREAKFAST
Don McNeill is about as familiar to mornings in America as bacon and eggs. The 44-year-old radio showman has spent 20 of his last years with one program—"The Breakfast Club," from Chicago, Monday through Friday mornings on the ABC network. Prior to that he was fired (1930) because a station manager felt he "had no future in radio."

In his last 20 years Don has had to get out of bed every broadcast morning at 5:45 a.m. He's been late five times—"all beyond my control," is his story. Apparently people just feel like writing to Don and his cast, up to 10,000 letters a week, keeping busy seven clerks. His sponsors asked for special mail promotion only once. The first week 875,000 letters snowed in. They quickly called it off.

J. A. (Ted) Letsinger

Dear Folks—

"Just a note to let you know I'm still o. k. Things aren't too bad over here but they keep us plenty busy and I'll sure be glad when my time for rotation comes! Well, it won't be too long now and after all, if you're going to keep a democracy I guess everyone has to pitch in."

Just a lonesome G. I. writing home.

He's helping in the armed forces. But there are things you can do to help, too. One of the most important of these is buying United States Defense Bonds.

Tens of millions of Americans own Defense Bonds now—more than 49 billion dollars worth! And every time you add to the total, you are helping to stabilize your country's economic power, making and keeping it as strong as the G. I.'s are keeping her military power. Remember, it's your bonds and other forms of saving that keep your country strong. And in these troubled times, *peace is only for the strong!*

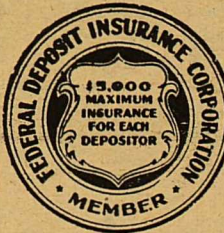

So how about starting a patriotic program of regular savings now—by buying U. S. Defense Bonds through the Payroll Savings Plan where you work. It's one *sure* way to save!

Here's how E Bonds now earn more money for you!

Now safe, sure U. S. Series E Defense Bonds pay an even better return than ever before.

1. Now every Series E Bond you buy begins earning interest after only 6 months. And the interest it pays is now **bigger** at the start!
2. Every Series E Bond you own can now go on earning interest for 10 more years after it reaches the original maturity date.
3. During the 10-year extension period, every bond earns at the **new, higher** interest (average 3% compounded semiannually).

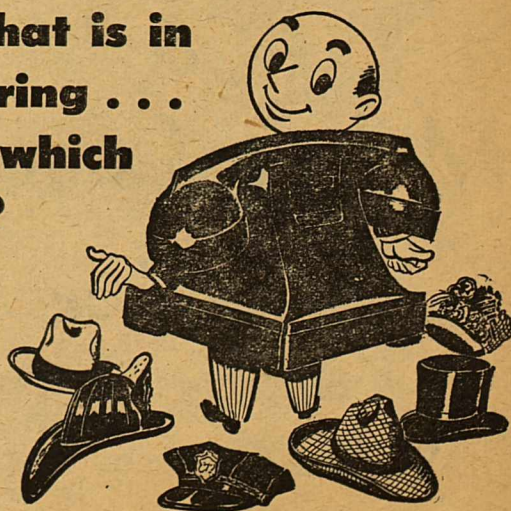

Start now! Invest more savings in *better-paying* United States Series E Defense Bonds.
