County's First 1978 Wheat Cut Thursday

First wheat of the 1978 harvest was delivered Thursday, June 8, and if good weather holds, cutting will be in full swing by the end of this week, elevator operators report.

Diggie Jameson delivered a little more than 500 bushels to Farmers Co-op Enterprises at Dodson to take honors for the first load reported.

He is estimating the field will yield approximately 20 bushels per acre, John Barton, manager, reported.

The same day, Bill Sherrill of Vinson delivered a load to Warricks, Inc., according to Glenn Warrick, manager.

Singley Mill and Elevator reported its first load Friday, coming from land operated by Woody, Farris and Joe Wood west of Wellington.

Jameson's wheat was raised in the edge of Oklahoma, southeast of Dodson. The wheat had a 13 per cent moisture content.

Barton is satisfied with yield

prospects in the Dodson area. "We do not have near the acres we did last year, but it looks like what we have is going to make pretty good," he said.

He believes there will be some 30-bushel wheat in that part of the county.

Yields will be spotted, however, as some of the wheat was damaged in varying degrees by the dry weather. On the plus side, there was little insect damage in the Dodson area.

Barton estimates that at least 25 per cent of those who had wheat grazed it out after dry weather set in.

A majority of his customers will hold his wheat hoping to realize more than the current \$2.85 price.

Singley reported that the Wood wheat tested 57 with a moisture content of 11.8. Wheat now being delivered is testing up to 62.3, he added.

Wheat now being delivered is of the Early Triumph

variety, as is most of that which has been grown here in recent years.

"The rains came a little bit late, but overall, the wheat is a lot better than I ever thought it could be," said Singley.

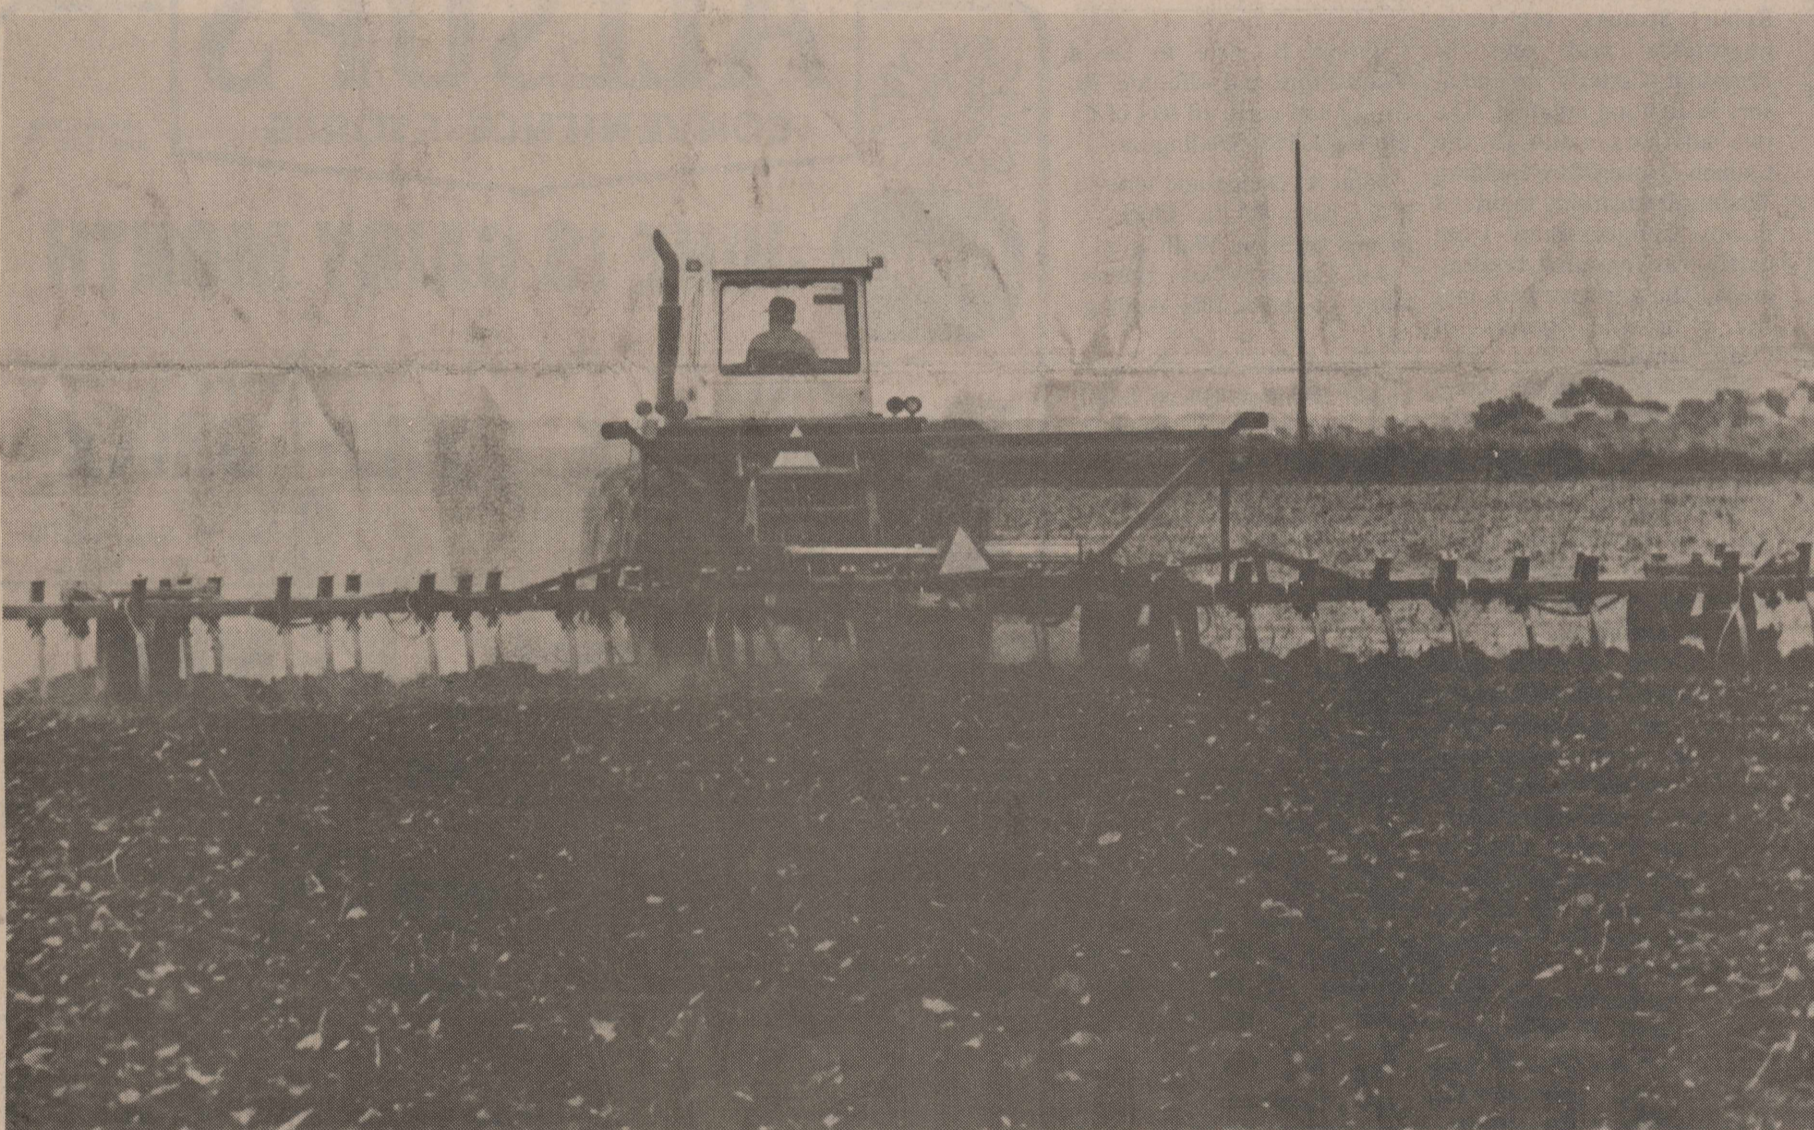

"We're going to have a fair crop, but the rains just didn't come soon enough to make it yield its potential."

He estimated that there will be some 15 and 20 bushel per acre wheat in the Wellington area.

Almost all the wheat now being cut has come from the south and southeast part of the county. Little has been cut north of Wellington and none north of Salt Fork River.

No estimates of the county's 1978 crop are being made, since no one knows how many acres of wheat there are this year. Low prices caused many growers to graze their wheat out and this acreage is undetermined. Dry weather which persisted late into the

THE WEEK TO DO IT TO IT

The sun came out, the wind got up and tractors and combines rolled from dawn till dusk this week as farmers scrambled to get wheat harvested (above) and fields ready to plant cotton (below) before the traditional June 15 planting

date. Unusually heavy rains in late May and early June had kept farmers out of the fields past their usual planting time, and when the skies cleared rural Collingsworth County was a beehive of activity.

School Board Asks Progress On Elementary Remodeling

Wellington School Board Monday, June 12, told elementary school contractor Speed Fab-Crete of Ft. Worth that it would not pay more money on the building until more work on remodeling the old elementary building has been completed.

Speed Fab-Crete asked for an additional payment under terms of the contract which call for the building to be paid for on a percentage basis as work is done. But the board decided that it had already paid for as much work as had been completed.

Former job superintendent George Smoot told the board that both the remodeled old building and the new building would be finished in time to move into the buildings before school starts in August.

Smoot also told the board

that leaks that had been reported to him had been repaired, although they would have to wait until the next rain to determine if all leaks had been stopped.

The board also voted to pay for curbing and guttering along the street on the south side of the new elementary school building. The school has worked out a deal with the city whereby the school will forgive back taxes on a building that the city wants to buy in return for the city paving the street south of the elementary building and parking areas at the new building and at high school.

In other action the board hired Bob Allen as part-time junior high school principal. Allen, who taught junior high mathematics here last year, is a former administrator at

Caprock High School in Amarillo.

The board also hired Shirley Henard, Edith Carter and Duane Dodson to teach in elementary school. And the board accepted resignations from junior high principal and coach Bruce Dollar and elementary teachers Colene Barton and Frances Savage.

Library Friends Meet Thursday

Friends of the Library will hold a business meeting Thursday, June 15, at 7:30 p.m. in the county library, Miss Bonnie Willis has announced.

A major piece of business is the election of a new president to succeed Mrs. Don Tarver of Quail, who has resigned.

13-year-old Gets CPR Certification

Successfully carrying out cardio-pulmonary resuscitation isn't a procedure for adults only. It is taught in some high schools.

But at Dodson Friday night, a 13-year-old youth, Steve Hunt, completed the standard 8-hour CPR course and won certification.

He was one of three teen-agers to finish the course. The others were Tane Moore and Todd Roberson.

"They did an excellent job," said Marshall Peters, an instructor.

All three boys were in the class with grandparents. For the Moores, this was a three-generation event, and included his parents, Mr. and Mrs. Bundy Moore, and his grandparents, Mr. and Mrs. Ross Swift.

Roberson, was in the class with his mother and grand-

mother, Mrs. Lonnie Robeson and Mrs. T.E. Lennon. Steve is the grandson of Mr. and Mrs. Howard Hunt.

Cardio-pulmonary resuscitation is the emergency procedure by which breathing and heartbeat are continued in a person in which those vital signs have otherwise stopped. The person giving aid has only his hands and the breath from his body to use.

Instructors with Peters were Bob Watson and Johnny Brown, and the course was held Thursday and Friday nights.

During the course, the instructors, all members of the Volunteer Ambulance service, discussed with the Dodson group the possibility of placing a standby ambulance in Dodson, if the town can get enough people to volunteer to

31 Hours of Softball Time On Tap Through Weekend

Wellington Slow-Pitch Softball League will host its annual summer tournament for three days this week end, beginning Friday, June 16, League president Alton Belew announced.

Approximately 31 hours of softball are scheduled.

Belew said that play will start at 7:00 p.m. Friday and play will continue until about midnight.

Friday games will start at 7:00 a.m. and continue until approximately 1:00 a.m. Sunday. Then finals will start at 1:00 p.m. Sunday and continue until a champion is determined.

Teams entered at this time are Memphis Jazz of Mem-

phis, Buffalo Chips of Canyon, First Baptist Church of Amarillo, Holtman Trucking of Pampa, Clarendon Aces of Clarendon, Childress Wheels and Childress Sonics of Childress.

Wellington league teams in the tournament are Langford's Conoco, Co-op Gin, Martin Seed, Rangers, Owens, and Caswell-Cole Ford of Arnett.

"We are expecting three more teams to enter from Amarillo," Belew said.

"We encourage everyone to come out. This is fine family fun and the most popular sport in the Panhandle today. Some of the top slow-pitch players in this part of the state will be

here. They have lots of playing ability and they are exciting to watch. We can't think of a week end that will offer finer summer recreation in this part of the country."

Officials from Amarillo will be used. Wellington High School cheerleaders will run the concession stand.

The Wellington Slow Pitch league has completed the first half of its 1978 season with Wellington Farmers Co-op taking first place.

The second half started Monday, June 12, seeing Martin Seed win over Owens and Langford's Conoco over the Rangers.

Airport Funding Possible in 1980, FAA Tells City Council

There is a good possibility that Wellington will receive federal funding for airport improvement, but not until 1980 or 1981, representatives of the city were told Thursday, June 8 in Albuquerque, N.M. Even then, the priority will be a north-south runway.

Mayor Bill Hatch, council members Ralph Owens and Willie Gragson, and Joe Fickling, owner of Wellington Flying Service, flew to Albuquerque to meet with representatives of the Federal Aviation Agency on the airport financing.

Representing FAA in the conference were Bill Howard, Chief of the Albuquerque District Office, Gary Foster, and Ray Hamilton, district

planning engineer. The three men were familiar with the city's application for a \$480,000 improvement grant and suggested that no changes be made in the application.

New drawings of airport facilities and a new environmental impact study will be needed to keep the application updated.

Howard told the Wellington men that no money is available at present for airport grants, and it will probably be 1980 or 1981 before this application can be considered. "We are committed until that time" he said.

It is possible, however, that before that time a smaller amount may become available in an amount of, for example,

\$75,000 to \$100,000 and Howard asked if Wellington would accept that for improvement. Mayor Hatch assured him the city would accept it. Funds in these amounts are sometimes left over when large projects are completed. Accepting monies in these amounts would in no way jeopardize the original application.

The FAA men called a new north-south runway the No. 1 priority in Wellington's airport improvement program.

A 4,000 foot runway was suggested, so that twin engine planes can use the field. A 5,000 foot runway would accept small jets. Another need, after that runway, is a longer diagonal runway.

Hamilton told the men they should not attempt to resurface the present runway.

Most impressive to the FAA was the testimony of Southwestern Rail Products, Inc., which regularly must drive to Childress or Shamrock to pick up business visitors.

This major need for airport improvement has come since the funding application was filed.

"They were real impressed with our railroad spike plant. They were very sensitive to our needs," Mayor Hatch said.

"We have studied your application. We think you have a good program," the Wellington men were told.

spring caused others to graze wheat who had intended to harvest this year's crop.

Even with the limited acreage, and if good weather holds, it will be three weeks to a month before the last fields of Collingsworth grain are harvested.

Warrick said Wednesday morning that wheat yields are better than expected.

"There's lots of 20 bushel wheat and a few patches are coming in 30. Some of the yields seemed to be hurt by the cold dry weather, but overall, it's going to be a pretty fair wheat crop."

Hardly any of his customers are selling their wheat, Warrick reported. Most of it is going into the government loan or the growers are going to "wait and see."

"Most of the moisture is in pretty good shape but the test weight, while not quite as good as usual, is still OK," Warrick continued. "It's just not as good as we normally have in this country."

The loan rate on wheat has never been set.

The Wellington ASCS office reported that notification was received a few days ago of a \$2.20 per bushel rate, which is 5 cents less than last year. At the same time, the interest rate has been raised from 6 to 7 per cent.

"We're going to start at \$2.20, and if the loan rate is changed, we'll make the necessary adjustments," said Nita White of the ASCS office.

man on a 24-hour per day basis.

These volunteers would also need to receive emergency medical technician training, or lacking that, a course for emergency care attendants.

Completing the CPR course were Mr. and Mrs. Howard Hunt, Mrs. T.E. Lennon, Mr. and Mrs. Bundy Moore, Mrs. Murray Dodson, Mr. and Mrs. Ross Swift, Mrs. Lonnie Roberson, J. Sid Dwing, Tane Moore, Steve Hunt, Todd Roberson, and J.C. Howell.

Social Security Dates Announced

A representative of the Amarillo Social Security office will be in Wellington every Monday for the next quarter, with the exception of Labor Day.

The location of these visits is the Heritage Room of Wellington State Bank, using the east entrance, from 10:00 a.m. to 12:00 noon.

Dates are July 3, 10, 17, 24 and 31; August 7, 14, 21 and 28; and September 11, 18 and 25.

Those who are unable to meet with the representative here may obtain service by going to the Social Security office at 3119 27th Street, Amarillo, or by phoning 806-376-2241 between 9:00 a.m. and 4:30 p.m., Monday through Friday, except national holidays.

Norwood Seniors Sponsors, Visit Disney World

Six Samnorwood seniors and five sponsors recently visited Disney World and other points of interest in Florida.

This was the senior trip and they had worked four years to raise the money to pay for it.

Seniors going were Donnie Knoll, Margaret Sanderson, Tonya Kincannon, Ricky Bentley, Mark Tarver and DiAnna Schaub.

Accompanying them were Mr. and Mrs. Dale Morris, Mr. and Mrs. Paul Schaub and Kenneth Martindale.

Immediately after graduation, they drove to Oklahoma City, then flew to Orlando Fla.

After Disney World, they visited Daytona Beach, Sea World, the Space Center at Cape Kennedy, and River Country, their favorite place.

They ended the trip at Cypress Gardens and returned home June 3.

Relatives Visit in John Birkey Home

Guest of Mr. and Mrs. John Birkey and family recently were his parents, the Rev. and Mrs. Ed Birkey of Inman, Kansas. During the time they were here, they attended the graduation of John Birkey, Jr. from Wellington High School.

Rev. Birkey is a retired Mennonite pastor, and he and Mrs. Birkey plan to move within a short time to their former long-time home at Manson, Iowa.

Other recent visitors in the Birkey home were his uncle and aunt, Mr. and Mrs. Sam Birkey and son, Paul, of Pomeroy Iowa.

Scholarships and fellowships provided by the Easter Seal Society have added hundreds of doctors, therapists, and other professional workers to the number of skilled rehabilitation persons serving the physically handicapped.

Samnorwood Ex-Students Ready Plans for Reunion

Plans are near completion for the 1978 Samnorwood Ex-Students reunion to be held Saturday, July 1, with emphasis on visiting and on the evening barbecue dinner.

According to the president, Billy Wischkaemper of Memphis, all the events will be at the school.

Ex-Student directories give

ing pertinent information about those who have paid the \$3.00 ex-student association dues, will be ready for distribution at the reunion.

Although it is too late to include any more biographies in the directory, those wishing to reserve one can pay the \$3.00 dues to Wischkaemper, Marilyn Plunkett Jesse (Mrs. Keith), the secretary-treasurer, or by mailing the money to Samnorwood Ex-Students, Samnorwood, Texas 79077.

This year's reunion, the first since 1975, will follow the usual format.

Registration will be held at the school and begin at 1:00 p.m. and the program will start at 3:30.

Serving the barbecue is slated for 5:30 p.m. Last event on the schedule is the alumni dance to be held from 9:00 p.m. to 1:00 a.m. at the

Shamrock National Guard Armory.

Several class reunions may be held, but these are being worked up by the individual classes. Any class that might want its own reunion is urged to get plans under way. Overall co-chairmen are Mrs. Leon Myers and Mrs. Donald Coleman.

Letters will go out to former students living out of the county whose addresses are known. No letters will be sent within the county.

Anyone who would like to help with the reunion should contact one of the officers.

Officers serving with Wischkaemper and Mrs. Jesse are Jimmy Breeding, vice-president; Jo Nell Breeding Wischkaemper (Mrs. Billy), corresponding secretary, and Kenneth Martindale, reporter.

New Beef Quotas "Wrong Action," Says Hightower

Congressman Jack Hightower reacted with "stunned disbelief" to the news that the Administration was planning to announce tomorrow that they were going to renegotiate beef import quotas to allow around 200 million pounds of additional beef into this country, an increase of 15 percent.

Hightower was given this news at a 9:30 a.m. briefing by Stuart Eizenstat, the President's Domestic Advisor, and Robert Strauss, top trade negotiator and one of President Carter's top advisors in fighting inflation. The two advisors came to the Cannon House Office Building Wednesday morning to brief a dozen Congressmen from cattle raising and feeding areas. The advisors were met by a hostile group of Congressmen.

Hightower stated the action was "the wrong action, at the wrong time and has no possibility of doing what the Administration claims. It could, in the long run, cause producers to further reduce herds and provide even less meat to consumers."

"This will have the same effect as the Nixon price freeze of four years ago. That action turned the cattle market down and housewives realized little or no gain in the supermarket. We have seen three months of beef prices edging up and now this action could well kill the bloom the market is beginning to experience."

"The cattleman has been the one sector of the economy that has not asked for federal help. They have gone through a depression in the industry that broke many producers and left the rest with debts that will take many years to pay off." Hightower went on to point out that this will have an additional negative effect on the nation's balance of payments deficit in world trade. "At a time when our currency needs help we are going to spend more overseas. The long range effect of this action will hurt producers and consumers alike."

Preliminary funds received for construction of eight hospitals in fiscal year 1977 increased Veterans Administration construction funds to \$498.5 million for the year.

Country Music Festival Slated at County Fair

John Alf Thomas and Jerry Manuel and their friends will present the day-long All-America Country Music Festival as part of the 1978 Collingsworth County Fair.

Thomas has been named chairman and Manuel co-chairman by Billy Moseley, who heads this year's Fair.

This is another of the free events slated for the 1978 Fair. There will be at least one bluegrass band, plenty of gospel and country and western music.

"We want to give some pretty good bands, those who have been around a year or two, a chance for some good

exposure, with each one having 45 minutes or an hour to play.

Tentative plans call for the performance to be Saturday, Sept. 9, starting about 10:00 a.m. and continuing until everyone has had a chance to play.

The probable location is Marian Airpark Ball Park, which will be adjacent to this year's carnival location, said Thomas.

The whole event will be patterned on the Willie Nelson Festivals, Thomas indicated. He has met Nelson and has attended several of his

festivals over the state.

Other plans call for one-hour performances on both Friday and Saturday in the Community Building, where exhibits will be housed.

The Festival at the park will be a come and go affair.

Thomas emphasized that the music festival will not compete with or interfere with the carnival but is planned to draw people into the carnival area so that both groups may benefit.

"There will be no charge for attending the music festival and no one is being paid to put it on," Thomas said. There is a charge for all carnival events.

"We want this (the festival) to be something that people will enjoy and where they will be relaxed. They can sit in the stands or on the grass," Thomas said.

He said he is expecting bands from Lubbock and possibly Houston, as well as a number from towns closer home.

1953 Class Plans Silver Anniversary

The 1953 graduating class from Wellington High School will celebrate its 25th anniversary with a reunion July 22, during the annual Wellington Ex-Students Reunion.

At present, addresses of part of the graduates are needed, according to Mrs. Doyle Ingram, 6710 Jameson Road, Amarillo.

These include Verna Gallagher, Colin Lamkin, Dorothy Marsh, Betty Maloney, Jean Stingel, Peggy Ruth Taylor, and John Hayden Smith.

Anyone knowing the addresses of any of these graduates is asked to write Priscilla Baumgardner Jacobson, Box 5, Adrian, Texas 79001, or call Patsy Mitchell, 447-2489, Wellington.

Mr. and Mrs. Blayne Branum and Mr. and Mrs. J.M. Moore of Tulsa, Oklahoma were visitors of Mr. and Mrs. Guy Owens over the weekend. The Moores also visited her mother Mrs. John Harper.

Library Notes

by Mrs. Clara Mote, County Librarian

THE PRISON OF MY MIND," a book that openly reveals the experiences of one woman as she struggles to shake off severe depression, was donated to the county library by the Mental Health Association in Texas.

"THE PRISON OF MY MIND," by Barbara Benziger, takes the reader through the onset of her illness, her experiences in what she came to call "The Bad Hospital", and the agonizing wanderings until she found "The Good Hospital."

Columnist Ann Landers calls it "a book that could save your life. Will give hope to every person who fears he is cracking up."

Some 50 new books have been given this month. Among

them were memorials by the authors: Virginia Gholson, a copy of "Seeds of a New Land," in memory of her mother, Lawrence Alice Stall Curry; and Louise Wheeler Vaughan, a copy of "The Hourglass," in memory of her husband, Henry Vaughan.

Other new additions include "Flight of the Grey Goose," Victor Canning; "Bleeding Sorrow," Marilyn Harris.

Two Juveniles Arrested on Car Charge

Two juvenile boys, wanted in Drayton Springs, Michigan, were apprehended here Saturday morning, June 10, after they tried to escape Patrolman Herbie Duncan, who had them following him to the court house after picking them up on a speeding violation. Both are 15 years old.

Inside the city limits, the youngsters turned off on a side street and abandoned the car near Ennis and 12th, according to Juvenile Probation Officer Bob Watson.

One was caught shortly afterward by Guy Bell, district attorney's investigator.

After a two-hour search, Plants," "Flowering House Plants," and "Perennials and others."

Bell also spotted the other, and issued a radio call which was picked up by his son, Deputy Byron Bell, who was off duty.

"The boy was probably surprised to be arrested by a deputy driving a pickup with his leg in a cast," Watson said. Deputy Bell's wife, Jayne, a dispatcher, was with him.

Patrolman Duncan requested a check on the car as he was bringing the boys in and the sheriff's department received the reply it was not stolen. A second call brought the information only the tags were stolen, but later investigation turned up the information that it was, indeed, a stolen car. The boys also had in possession a controlled substance when they were taken in custody, Watson reported. They were held in

Childress Detention Center and after a detention hearing Monday one youth was returned to Michigan by plane. Watson said the other young man was on probation and arrangements are being made for his return.

Officers learned the boys left Michigan Thursday, and were probably en route to Austin, where grandparents of one of them live.

DAY CAMP WEINER ROAST

After a full morning of swimming, digging and preparing fire pits, and carrying out other Girl Scout duties, these youngsters had their own weiner roast to end the 1978 Girl Scout Day Camp.

Girl Scout Day Camp Moves Inside For Fun-Filled Days

BY MRS. EARL L. BARTLETT

Weather forecast more rain to add to our many inches, Pioneer Park was soggy, Salt Fork River bank to bank--Girl Scout Day Camp ready to begin. The National Guard rescued us in our dilemma and provided its Armory.

Monday, June 5, brought intermittent showers through out the morning but we were high and dry. The campers adjusted beautifully and the instructors took weeks of planning and converted it to indoor or outdoor teaching depending on the weather.

Most of the units had prepared weather charts, cloud and temperature charts which their girls took outdoors to determine, then brought them back indoors. Their quiet period became indoor fun games.

Outdoor skills of rope-tying and lashing, knife safety skills, clove hitches, square knots, were done in groups while seated on the Armory floor.

By Wednesday when the sun came out the girls then took to the deserted golf course and grounds around to lay trail signs for other groups to follow.

This was enjoyed by adults and campers alike. Various hikes were taken by all the groups. The third and fourth graders were divided into groups consisting of older and younger girls with each group having a different type of hike.

Some went on "smell, observe, and sketch hikes", while others went on "smell, see, and feel hikes".

The third graders were delighted to braid their own "Indian Braids" to wear while laying their Indian trails.

The fourth graders lashed a water jug with a hose filled with soap to a tree for all to use on Wednesday while cooking out. The second graders were busy beavers all the time waterproofing matches, completing weather charts, watching cloud formations, they too took a stalking hike, trail hike, and safety hike.

First graders were interested as their outdoor skill leaders showed them knife safety to follow and let each girl practice with her knife. They also experimented with knots-square knots and clove hitch - they took a long safety hike, built bird feeders for

their backyards complete with birdseed. Both second and first graders "staked a claim" on the grounds around us.

Craft time was a busy and fun time for all. First and second graders made leather items from masking tape and shoe polish. The third and fourth graders made their personal hiking sticks complete with personal decorations and hand-turned handles.

The last day of camp was a busy and rewarding one. After craft time all groups reported to the old golf course where leaders had previously selected areas for "fire-pits" to be dug. The girls dug their fire-pits, lined them with foil due to the dampness, used firewood, kindling, tinder, and charcoal to build their fires. Each group banked its fire-pit, made a fire ring of stones, had fire-buckets of sand, water and shovel handy. Then they all retired to the swimming pool at Marian Airpark where the sun rewarded us by coming out. For an hour and a half splashing and laughter was heard. The girls and leaders then returned to their fire-areas where each group gathered around their cooking

area for hot dogs and chili, which each girl prepared.

For dessert, those who wanted to made delightfully sticky "smores".

All campers then cleaned the area, returned dirt to their fire-holes, raked and smoothed the area. The campers gathered up their gear, helped leaders take down teaching material, and then cleaned the armory. As a final touch the unit leaders of each troop were to "Retire the Colors."

In a beautiful ceremony the leaders filled the American Flag with rose petals discreetly then on pre-arranged signal the flag was snapped high into the air and carried off the field high upon their heads. The campers were in awe from the "perfect ending".

A group of girls kept our "pappoose unit", Lyna Nunnelle, Carla Nunnelle, Cindy Barton and Tina Bawcom.

Without their beautiful help and attendance the mothers could not have worked. These girls had crafts for the younger ones, games, mini-hikes, refreshments for the younger ones.

There were approximately 90 in attendance during the week of camping fun.

Mabery-Martin Win Quanah Invitational

It doesn't necessarily take a home-town golf course to become a champion.

Mrs. R.L. Mabery and Mrs. Wayne Martin were proof of this Saturday when they placed first in the first flight of the Quanah Women's Invitational Partnership Golf Tournament.

Others entered in the tournament from Wellington were Mrs. Cal Hurst and Mrs. Howard Holton.

The tournament was played at Quanah Country Club.

Other women competing were from Wichita Falls, Munday, Childress, Altus, Crowell, Quanah and other area towns.

Mrs. Mabery and Mrs. Martin played consistently at Hay Camp Country Club until it closed and presently play whenever possible at Childress Country Club.

Mrs. Simpson On Workshop Team at Austin

Mrs. Lois Simpson, Samnorwood School teacher's aide, has been selected as a member of a comprehensive evaluation team at the 1978 Community School Summer Workshop in Austin.

This will begin Monday, July 10.

"In addition to obtaining reactions from group leaders and participants, we are selecting an impartial team to serve as observers and to evaluate certain aspects of the workshop," said Dale Carmichael, community schools project director.

Participating in the workshop, which is sponsored each year by the Texas Education Agency, will be superintendents, principals, classroom teachers and other school personnel.

Library Sponsors Summer Children's Reading Club

Come to Chimera in the summer of '78. Children of this area again have the pleasure of the 1978 Texas Summer Reading Program, with books of the county library expanding their world of fantasy and fact for two and one-half months. It's for everyone from pre-schoolers who enjoy the pictures to those in the eighth grade. Registration started in late May, but there is still time for everyone who may be interested.

The reading program is sponsored by the Collingsworth County Library and the Texas State Library, and has been offered here for a number of years.

This year, through the inter-library loan program of the Texas Panhandle Library System, of which this one is a part, a number of new books are available and others can be secured on request.

The reading club will continue until August 11, and those who have read 20 or more books will receive certificates at a special event.

"It costs nothing and all are welcome," said Mrs. Clara Mote, librarian.

The theme this year is "Come to Chimera".

"Chimera has two meanings", the librarian explained to the young readers.

"First, it is the name of a monster that has a lion's head, goat's body and serpent's tail.

"But for us, Chimera is also a dream or a fantasy, where anything you can think of is possible. In Chimera, trees can be pink, dogs can fly, and the sun can be blue. Anything is possible."

"We welcome every child in the Collingsworth County area to a summer of fantasy and fact, between the covers of books," Mrs. Mote concluded.

Tom Cunningham of Samnorwood and his son-in-law, Jody McBrayer of Amarillo, fished Thursday, June 8, at Lake Meredith. Cunningham reported fishing fine where they were located, about five miles above the dam. Even the heavy rains had not muddied the water. He said he caught channel cat and walleyes, some weighing as much as four pounds.

Sondergaard to Azores Islands

Mrs. John Sondergaard was here last week to visit her parents Mr. and Mrs. Jones Singley. She and her husband, Lt. Sondergaard, U.S. Navy, returned recently from the Bahamas, where he was on a short assignment. He will be in the Azores Islands for the next month and she will accompany him there.

His home has been the Naval Air Station at Brunswick, Maine, but a new assignment will bring them back to Texas, and to San Antonio, where Sondergaard once lived.

Otis Wood Dies at Earth

W.O. (Otis) Wood, 75, of Earth died Sunday, June 11, after an illness of several months.

He was the brother of Jim Wood and Woodrow Wood and lived in the Fresno Community from the time he was a youth until 1944, when he moved to the South Plains. He was an uncle of Mrs. Raymond Ford.

Funeral services were conducted at 10:30 a.m. Tuesday at Parsons-Ellis-Singleton Funeral Home in Earth.

Mr. Wood was the son of the late Mr. and Mrs. R.L. Wood and was born at Russellville, Alabama. As the family moved westward, they lived in Arkansas and Oklahoma before coming to the Fresno community in 1916.

He was married to O.D. Richerson, the daughter of the late Mr. and Mrs. Jim Richerson.

He was a prominent farmer in the Fresno area but as a young man, he also worked for Pink Sullivan, selling tractors and equipment.

He was an active member of Fresno Methodist Church, and after moving to the plains, he served as a steward of First United Methodist Church, Earth. He was a trustee of Earth School and chairman of the Farmers Co-op Gin at that town.

Surviving Mr. Wood are his wife; a daughter, Mrs. Cecelia Goodwin of Earth; 5 brothers, Jim Wood and Woodrow Wood of Wellington; Ray Wood of Sudan; Tom Wood of Oklahoma City; and Jack Wood of Brackettville; and two grandchildren.

His only son, Jim Bob Wood, died in the late 1940s.

Guests last week of Miss Inez Clement and Miss Mabel Clement were their brother and sister-in-law, Mr. and Mrs. Eli Clement of Mineral Wells and Nancy and Neilee Carter of Ennis. Another brother, Mr. and Mrs. Stansell Clement of Brownfield joined them Saturday.

"Paddle Your Own Canoe" Will Be Reality for Three Scouts

Three Wellington Eagle Scouts will leave Saturday, June 17, on the first leg of the Boy Scout Canadian Canoe trip.

First stop for the trio, Gary Isaacs, Tim DeVoss and Brent Long, will be Bisset Manitoba, Canada, about 200 miles north of Winnipeg.

It will take them about two and one-half days to reach the main base camp. Once there, they will spend the afternoon of the third day checking out their canoes and packing personal gear and food. They

will pick their own routes in the wilderness and will return July 3.

On the morning of the fourth day, they will jump off for the wilderness.

Many of these trails and lakes have never been charted or explored. The boys, with others from the Adobe Walls Council, will see lots of wildlife, which will include bear, moose, deer and others. They will do lots of fishing, catching northern pike, lake trout, walleyes and others. Some of these fish will weigh up to 60 pounds.

They will spend 10 days in

the wilderness and will return July 3.

Altogether, there will be 8 on this trip: the three from Wellington, one from Memphis and three from Pampa. Dub Atkins of Pampa will be the adult leader and a guide will complete the crew.

These three are the first boys from Wellington to go on the Canadian Wilderness trip. Their local preparation has been given by Glenn McLain, scoutmaster.

"We would like to remind the other Scouts and their parents that summer camp is coming up soon. It is a good experience for the younger Scouts because they teach swimming and canoeing and other things that would be hard to teach here," the trio said in a statement. "The Scout training on the waterfront is the best and the cheapest way for a boy to learn about water."

Sherry Stephens, Jeff Willson Marry in Church Rites at Cooper

Miss Sherry Stephens of Pattonville became the bride of Jeff Morgan Willson of Cooper in a formal ceremony at the First Baptist Church in Cooper Saturday, June 3, at eight o'clock in the evening. Noel Bailey, Church of Christ minister in Cooper, officiated.

The bride is the daughter of Mr. and Mrs. George W. Stephens, Route 1, Pattonville. She is also the granddaughter of Mrs. G.T. Stephens of Quail, and the late Mr. Stephens, and of Mrs. C.H. Montgomery of Ft. Worth and the late Mr. Montgomery.

The bridegroom is the son of Mrs. Edd Willson, Jr., Route 1, Cooper, and the late Mr. Willson.

Mrs. Charles Baker of Cunningham, pianist, accompanied Miss Yvonne Stout as she presented vocal selections.

The single-ring ceremony was performed before an altar centered with a 14-branched white candelabra. At each side were white wicker baskets holding apricot and white flowers and foliage.

The bride was escorted to the altar and given in marriage by her father.

For her wedding, she wore a formal gown of Quiana and Alencon lace. The bodice was as fashioned with a Queen Anne neckline and lace cap sleeves. The empire waistline was defined with lace motifs, and the accordin pleated skirt extended to form a chapel-length train. The bride's finger-tip veil of illusion was bordered in Alencon lace and fell from juliet cap of lace and seed pearls. She carried a cascade of apricot carnations, white daisies and baby's breath.

Mrs. Guillermo Baptista of Paris and Beaumont was matron of honor and Mrs. Mike Helms of Memphis and Sherman, a cousin of the bride, was maid of honor.

MRS. JEFF MORGAN WILLSON

Each wore a gown of apricot quiana with a blouson bodice and narrow straps across the shoulder.

Ashley Gillean of Moore, Oklahoma, was flower girl.

John Willson, the bridegroom's brother, served as best man. Groomsman was Tommy Huie of Cooper.

Trent Stephens, brother of the bride, and Bobby Edd Willson of Ft. Worth, brother of the bridegroom, were ushers.

The bride's parents hosted a reception in the fellowship hall of the church following the ceremony.

Members of the house party included Jean Melton, Jo Ann Brackeen, Mrs. Randy Freeman, Mrs. Joe Shaw and Mrs. Gary Hammons, all of Cooper, and Miss Netti Mitchell of Dallas.

The bride recently graduated from East Texas State University, Commerce. Her husband, a graduate of Cooper

High School, is employed at Pedco Industries of Cooper, where the couple will live.

Mrs. Edd Willson was hostess for a breakfast at her home Saturday morning preceding the wedding rehearsal.

Out of town guests at the wedding were Mrs. Stephens, of Quail, and Mrs. Montgomery of Ft. Worth, the bride's grandmothers; and Mr. and Mrs. Ish Miller of Memphis, Mrs. Tommy Martin and Angela and Deborah of Lakeview, Mr. and Mrs. Doug Salter of Ponder, Mr. and Mrs. Carl Atcheson of Slidell, Mr. and Mrs. Charles Spratling and Sharon of Cardiss, Calif., also

Mrs. Judy Gregory of Ft. Worth, Mr. and Mrs. Jerry McFadden of Moore, Okla., Mr. and Mrs. James Fisher, Bedford, Mr. and Mrs. Ronald Gillean of Moore, Okla., Mrs. Edd Willson, Sr. of Sulphur Springs and Mrs. A.B. Cribbs of Arlington.

Letters from the People

Dear Editor,

The following paragraph is taken from a booklet titled *They're Catching On* by Gary Allen who is the author of *None Dare Call It Conspiracy & An American Opinion* Contributing Editor.

Emotionally committed "liberals" who don't understand that Socialism is a system for controlling people have been easily manipulated by an Establishment which mask its lust for power with an appeal for humanitarian concern. Some of the less obtuse Leftist thinkers are now coming out from under the ether.

I can't help from wondering about the "Liberals" here in Wellington. Our government today is paying interest on the National debt at the rate of 40 billion a year, I don't know

about you but this concerns me. We are in debt to the Chase Manhattan bank and other's for this money, which David Rockefeller controls, these banks are all over the world including down town Moscow. We have now given the Canal away in order to bail this bank out, in Panama.

I am saying all of this to say this I think it is very stupid to chase after a Federal Grant for an air field or for any other purpose until we get all of this debt to these people payed off. After all you know there has never been a debt made that don't have to be paid off. David Rockefeller who has dreams of a One World Government is no exception.

Yours truly,
Jerry Scott

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN—Landslide passage of the California Proposition 13 property tax slash referendum set off political shock waves throughout Texas and the nation.

Candidates for governor promptly picked up the battle cry of "slash taxes."

Republican nominee Bill Clements pledged to work for a constitutional amendment providing ironclad limitations on taxation and the growth of government spending.

Democratic candidate John Hill stopped short of all-out endorsement of California's Proposition 13 (which would limit property taxes to one per cent of fair market value, a cut of 57 percent in California). But Hill said the concept is appealing. Sensing a taxpayer's "rebellion," he urged a legislative committee to study implications for Texas in similar tax ceiling measures. And he pledged anew to work for modest tax cuts for the elderly, small farmers and ranchers and small homeowners.

House Speaker Bill Clayton expressed support of a "realistic" tax limit, taking into consideration inflation and population growth. He said he thinks Texas voters would support a ceiling overwhelmingly.

There is no question the legislature will be considering a version of Proposition 13, said Clayton, since more than a dozen representatives and a senator have indicated they will introduce proposals, and several already are being

drafted.

Comptroller Bob Bullock's office warned that a one-per cent state property tax ceiling would reduce revenue in the state's largest counties (Harris, Tarrant, Dallas, Bexar and Travis) by \$600 to \$700 million a year.

Texas has no provision for adoption by voters of legislative initiatives like Proposition 13. A tax ceiling here would have to be ordered as a constitutional amendment approved by two-thirds of the legislature and by voters in a statewide election.

Lawyers Sue

Lawyers are suing lawyers over the State Bar's plan to levy \$150 assessments on 29,000 attorneys to pay notes on the \$8 million Texas Law Center building in Austin.

The charge was approved 12,696 to 8,686 in a statewide referendum, but opponents say lawyers were misled.

Lawyers who don't pay Bar dues and fees by September 1 can be barred from practice in the courts.

Opponents argue the Law Center was constructed without consultation with Bar membership, and directors promised membership fees would not be used to pay the notes.

Lands Leased

The State School Land Board netted another \$19.1 million last week from lease sales on Texas public lands.

High bid of \$1.7 million was submitted by Superior Oil Company for an offshore

tract in Matagorda County. Other high bidders were Rutherford Partnership, bidding \$868,320 on two offshore Kleberg County tracts; Mobil Oil Corporation, bidding \$748,800 for offshore tracts in Brazoria County; and Kennedy and Mitchell Inc., with a bid of \$612,000 for a tract owned by the Texas Department of Corrections.

Land Commissioner Bob Armstrong said average per acre bonuses were \$92.34, and offshore acreage went for \$105.63 an acre. In addition, the state receives a royalty of one-fifth the value of oil and gas produced.

Courts Speak

Constitutionality of the new Texas law providing criminal penalties for welfare fraud has been upheld by the Court of Criminal Appeals.

The Court of Criminal Appeals reversed a 25-year murder sentence given a Nacogdoches County man on grounds a request for selection of a new panel of prospective jurors should have been heeded.

The same court upheld a death penalty assessed a San Antonio man convicted of stabbing an 88-year-old Bexar County woman to death.

The State Supreme Court held Lone Star Gas Company is not entitled to an \$809,000 refund of state and local taxes paid on foreign-made pipe running from Pecos to Dallas counties.

The high court refused to order release of documents

outlining alleged wrongdoing within Bexar County's community action agency.

Establishment of a San Antonio Savings Association Branch in New Braunfels was upheld by the State Supreme Court.

AG Opinions

Attorney General John Hill held unconstitutional a Texas law barring corporations from giving money to aid or defeat measures on the ballot. (A similar ruling earlier had been made by Secretary of State Steve Oaks).

In other recent opinions, Hill concluded: Interest earned on investment of school bond proceeds must be spent for purposes authorized by law. Interest not needed may be placed in a sinking fund or used to refund bonds.

The administrator of the Interstate Compact on Juveniles may not use the appropriation to the Texas Youth Council for non-residential services to pay the cost of returning a non-adjudicated juvenile runaway to Texas.

will be a professor at the University of Texas Lyndon B. Johnson School of Public Affairs when she leaves congress.

Fellow Democrats paid tribute to retiring State Senator Dean A.M. Akin at Paris June 10.

Seventh Court of Civil Appeals Associate Justice Charles L. Reynolds of Amarillo and Tarrant County District Judge Walter E. Jordan were named to the Commission on Judicial Conduct.

Applications for permits to drill oil and gas tests in Texas totaled 8,243 in first five months of the year, compared with 9,838 for the same period in 1977.

New York \$2 Billion, Cattlemen 0

President Carter announced last week that he was opening the door to allow more foreign beef to come into the United States as a way to fight inflation.

In his press conference Mr. Carter said it "wasn't easy to go against farmers" and other groups in his efforts to balance the budget and hold down rising costs.

It was interesting to note that last week the House, with White House approval, passed a bill loaning an additional \$2 billion to New York City to help out on its continuing financial crisis.

It may be hard for Mr. Carter to "go against farmers," but apparently it is impossible for him to go against New York City. Mr. Carter did not mention the fact the \$2 billion in loans would add to the federal deficit and increase inflation.

And several months ago we recall that the steel industry found itself in trouble because imported steel was so much cheaper than American-made steel. At that time the administration rushed to the steel industry's defense, as we believe it should have. There was talk of import quotas and tax plans and tariffs, and eventually the steel industry got some help. What is important to note here is that Mr. Carter did not come out to decry the fact that higher steel prices would add to inflation and cost Americans more for everything from automobiles to toasters.

The farmers and cattlemen we know can play the American economic game by any set of rules the government chooses. They have weathered adverse circumstances before. But the rules should be the same for everyone. If Mr. Carter cannot help cattlemen and farmers out of tight spots, he should not try to help New York City or the steel industry. And if he decides that special interest groups must be helped, then each group should have its slice of the pie.

—Henry Wells

Where Did Our Thinking On Water Development Go?

Not long ago one of the young men who lived away from here for a few years and has returned remembered the county's interest in water development and asked what the present status of our water development is.

What, indeed! For the first time in a good many years Collingsworth County does not have a water development program and the Water development district has been allowed to lapse for lack of activity. Our interest in water is much the same way except when too much or too little falls from the sky.

The common Texas problem is water, and Collingsworth is part of it. We have never had the great abundance of the Ogallala Aquifer. Our irrigation comes from underground streams, not vast lakes. For that reason, we must look more prudently to what we have.

Based on the most recent studies—and they are not recent by any means—we have no potential for large surface lakes.

What we do have, based on what we know at present, is a potential for water development on a smaller scale. We can develop Elm Creek and possibly Buck Creek, because Salt Fork seemingly does not have a bottom that will hold water where the banks are suitable for a dam.

We do have many sites suitable for small structures, which taken together, will hold a lot of water. We have a number of small farm-size ponds and need more. They are part of the overall water development program, too.

Again, based on what we know, we can have water for recreation and municipal use, as well as for flood and erosion control.

We have a limited number of people who can individually finance putting up a dam of their own which would back a considerable amount of water. Several are interested in doing it.

And while we have our toe in the creek, so to speak, are we thinking too narrowly about water development? Is the county line obsolete in water improvement districts? Should the lay of the land and the bounds of the watershed determine the size and the shape of the water development area?

Should we attempt to be a part of Texas that imports water from states having water to spare?

But we are not going to do any of these things until we can come up with a water plan for the county and lay the groundwork for future development. Many things have changed since the last time we were told we don't have a place suitable to build a dam.

"Nobody works as hard for his money as the man who marries it."

Descendants of J.C. Clement Hold Annual Reunion Sunday

The descendants of the late Rev. and Mrs. J.C. Clement met at the Heritage Room Sunday, June 11, for their annual reunion.

During the business session, Eli Clement of Mineral Wells was re-elected president and Mrs. Ray Peebles was re-elected secretary-treasurer.

Three sons of this extraordinary Baptist preacher survive and were present Sunday: Herman Clement of Vernon, Houston Clement and Hampton Clement of Amarillo.

Rev. Clement was born near Gnatville, Alabama, July 25, 1859. Among his earliest memories are the times he and a small slave boy, Alex, who was his own age, went regularly to a store near the family home for supplies, while his father fought in the Civil War. A little later, the war over, he recalls his father calling the slaves together to tell them they were free and could go where they wanted to. With tears, they asked, "But where can we go?"

Rev. and Mrs. Clement married at Ladonia May 25, 1882, and raised 10 sons.

Not until after the birth of his seventh son did Rev. Clement enter the ministry, and moved the family to Louisville, Kentucky, where he attended Southern Baptist Theological Seminary. At one time, he was in school with his four oldest sons.

Upon returning to Texas, Rev. Clement preached in Hunt and Fannin Counties, while his sons farmed the family's land.

The Clements moved to Iowa Park in 1907, then to Oklaunion, and in 1917 came to the Plymouth Community.

Rev. and Mrs. Clement spent their last years in the home of a son, Mr. and Mrs. E.C. (Elmer) Clement at Fresno.

Much of the reunion Sunday was given over to reminiscing, visiting and taking pictures.

Attending were Mr. and Mrs. Cecil Clement, Kathy and Joe of Borger; Mrs. Lee Lerow, Mr. and Mrs. Roy Nunn and Drew and Mr. and Mrs. John Shiller, and Chris and Kelly Nunn of Waco;

Mrs. Edd Peterson, Debbie, Mark and Andy of Richmond, Indiana; Mr. and Mrs. Al Hesselthaler of Guymon, Okla.; Johnny Hesselthaler of Amarillo, Denise Hesselthaler of Canyon, Danell Hesselthaler and Grayson Maldon of Little Rock, Ark.; also,

Ronnie Hicks, Mr. and Mrs. Hampton Clement, Mrs.

Charlie Clement, Mrs. Clyde Clement, Mrs. Willie Bramet, Mr. and Mrs. Bob Green, Kyle and Kathy of Amarillo;

Others present were Mr. and Mrs. Billy Bob Kimbell and Brandi and Mr. and Mrs. Rodney Kimbell and Damon of Enid, Okla.; Troy Clement of Vernon, Mrs. Elmer Bockmon of Shamrock, and

Mr. and Mrs. Russell Bockmon and Bryan; Mr. and Mrs. Gayland Brashears of Amarillo; D.C. Clement of Perryton; Mrs. Vada Phyllis Weatherford; Mr. and Mrs. Rich Baxter and Amy of Borger; Mr. and Mrs. Vernon Hostvet of Ft. Worth.

Also attending were Mr. and Mrs. Milton Clement of Shamrock, Mr. and Mrs. Dwight Jones, Cassie and Cody of Amarillo; Mr. and Mrs. Guy Clement of Pampa; Mr. and Mrs. Bill Solomon of Amarillo;

Mr. and Mrs. Stansell Clement of Lamesa; Mr. and Mrs. Eli Clement of Mineral Wells; Nancy and Neilee Carter of Ennis, Mr. and Mrs. Donald Davis, Sondra and Aaron of Canadian; and

Mr. and Mrs. James Brashears, Lisa, Cindy and Carla of Canyon; and Trula Willoughby of Fresno, Calif.

Attending from Wellington were Mrs. Pearl Harwell, Mr. and Mrs. E.W. Clement and Soni, Guy B. Clement, Mrs. Ray Peebles, Miss Inez Clement and Miss Mabel Clement.

VFW Social Set Tuesday

The June Veterans of Foreign Wars-Auxiliary covered dish social will be held Tuesday, June 20, at 7:30 p.m. at the VFW Hall.

Co-hosts will be Mr. and Mrs. Sam Adams, Mr. and Mrs. Barney Glenn and Mr. and Mrs. Hezze Jones.

Dinner entertainment will include music from a number of eras.

"We will have stereo equipment and we ask that you bring a favorite old record for the music to be played during the dinner hour," said Mrs. Adams, who emphasized that the older the records brought, the more fun they should be.

The Roman numerals at the base of the pyramid on the back of a dollar bill signify 1776 when the Declaration of Independence was signed.

Thomas Nursing Center News

We welcome George Lewis. He is in room 14 C.

Game winners last week were Mrs. Ura Scott and Mrs. Dora Johnson.

We continue to have a large group of residents that enjoy games on Monday and Saturday afternoons. We appreciate our volunteers assisting.

"Sing Alongs" on Tuesdays are of much interest to many of the residents. They enjoy selecting and singing church hymns with Mrs. Johnnie Parker and Mrs. Jack Davis. Mrs. Ethel Michael attends regularly.

Wednesday evening an adult group from the Church of Christ sang.

Thursday afternoon Mrs. Nicky Watts presented several groups of tap dancers.

Friday evening the Lighthouse Quartet sang.

Sunday morning Bible class was taught by Tom Anderson, Minister, Church of Christ.

Lutie Area Residents Honor New Merchants With Picnic

Friends and neighbors in the Lutie Community honored the owners of the Lutie Store, Country Place, with an ice cream supper at Pioneer Park Saturday evening, June 6.

They are Mr. and Mrs. Al Boyett and Mr. and Mrs. Guy Brandvik. Both couples have lived in the county several years, but only recently reopened the store, which had been closed for a number of months.

The Boyetts moved their mobile home to lots adjoining the store. The Brandviks bought the Lee Roark farm a mile east of Lutie.

More than 60 attended, including Mr. and Mrs. Marvin Knoll, Mr. and Mrs. Walter Deger, Mr. and Mrs. Sam Carter and Tony, Mr. and Mrs. Gary Tarver,

grandson, Mr. and Mrs. Jimmy Copeland and children at Anton.

Visiting Mrs. Fern Lewis were cousins, Denver Rudd and Stan Richards from Sudan. Mrs. Leverne Thomas and son, Darrell and Mrs. Laura Bolls from Childress visited Mrs. Ethel Ray.

Mr. and Mrs. Richard Jinright, Amy, Leslie and Scott from Mobile, Ala. visited their grandmother, Mrs. Ann Biffle. Mrs. Biffle visited in the home of her daughter, Mr. and Mrs. John Nash.

Leldon Hudson from Groom visited his mother, Mrs. Clemmie Hudson.

Mr. and Mrs. Alf Eades from Wheeler visited their aunt, Mrs. Lerona Walker and cousin, Tommy Walker.

Mr. and Mrs. Loyd Graham from Olton and Mrs. Mary Earp and children from Denton visited their mother and grandmother, Mrs. Mabel Graham. A nephew, Mr. and Mrs. James Alexander from Pampa also visited.

Personal

Visiting Mrs. C.D. Damron recently were her daughter and two grandsons, Mrs. Austin White of Plainview, Buddy Rogers of the Houston area and Mr. and Mrs. Glenn Rogers and Stephanie of Alvin.

Mrs. B.C. Damron of Ingleside was a recent visitor with her mother, Mrs. C.S. Bearden; her mother-in-law, Mrs. C.D. Damron; her daughter, Miss Kathy Damron; and her brother, Mr. and Mrs. Herbert Bearden. She also visited other relatives.

Mr. and Mrs. Buddy Ledbetter and Kathy have returned from their vacation to California, where they visited his brother, Cecil Ledbetter and family at Bakersfield. While they were there, they went up into the mountains, where they saw fruit orchards, vegetable fields, and the almond orchards. Ledbetter said he was told by a friend, manager of a citrus orchard, that grapefruit are being left on the trees due to low prices, and that some vegetables are not being harvested for the same reason.

Mr. and Mrs. Quince Fulton of Ft. Worth visited his mother, Mrs. D.E. Fulton, over the week end. Fulton directs a summer study program in Europe each year, and they will leave with the 1978 group around July 1.

Mr. and Mrs. Trent Thornton and children, Tena, Sandy and Mike of Burley, Idaho, have been visiting his grandmother, Mrs. J.W. Tatum. The Thorntons formerly lived here.

Mr. and Mrs. Maurice Smith of Arlington visited over the weekend with his father, Willie Smith, and with his brother and sister, Mr. and

Mrs. Keith Smith and Patricia Bowden.

Mr. and Mrs. Danny Brooks and Christy of Amarillo were weekend guests of his parents, Mr. and Mrs. Hubert Brooks and Lynda. They also visited Mr. and Mrs. Redgie Souder and Mr. and Mrs. Ioe Brooks.

Would you believe a black market in railroad grain cars? It's true. But the shortage of all railroad cars has spread far beyond the grain belt. There is no end in sight because the supply of railroad cars is still

shrinking. The squeeze in grain cars is a result of having to handle two harvests at one time. There is the new winter wheat crop and last year's grain crop, which farmers held for higher prices. Grain exports are up, prices are climbing and farmers are unloading.

The current quote for a black market grain car is \$250 under the table. A shipper can make as much as 30 cents per bushel additional profit if he can just get the grain shipped.

There is a severe shortage of gondola cars. The supply of these cars has dropped from 280,000 in the mid 1950's to

160,000 today. As utilities and other coal users ordered up extra coal supplies to replenish depleted reserves resulting from the coal strike, a reported daily shortage of 7,000 open hopper cars developed. There was a shortage of 5,000 gondola cars and 31,000 covered hopper cars. There is even a shortage of 13,000 boxcars.

Railcar shortages are expensive for both shippers and railroads. A major grain company reported that it lost \$500,000 in the last three months because of lack of equipment. Some shippers are turning to barges and trucks,

even though operators have jacked up their prices substantially. Grain elevator operators buy grain from farmers based on the published rail tariffs. But when they use more expensive means of shipping grain in unregulated carriers such as barges and trucks, they will reflect the higher shipping cost in what they pay the farmer.

There is no immediate solution to the problem. Railroads are ordering additional cars but manufacturing backlogs are huge and deliveries are falling behind.

**DQ Honors
Thomases**

Mr. and Mrs. Zook Thomas, Rt. 1, Box 173, Wellington, are receiving special recognition from the Clarendon Dairy Queen.

Of all the couples with wedding anniversaries in June who have signed up for the anniversary dinner program at the Dairy Queen, the Thomases have been married the longest. They were wed on June 22, 1932, and thus are celebrating their 46th anniversary this month.

Every couple registered at the Clarendon Dairy Queen will receive a free wedding anniversary dinner at the restaurant as a gift of Dairy Queen, whether they are celebrating their first, 50th or even longer anniversary during the next 12 months.

If they wish, they are served at a special table covered with a white table cloth and special white napkins to create a festive atmosphere for the anniversary dinners.

The program, believed to be the first of its kind for Dairy Queen, encompasses almost 50 DQs in Central and West Texas that are a part of the Chapman Fast Foods organization.

Miriam Sursa is manager of the Clarendon Dairy Queen.

**4-H'ers Invited
To Tennis Tourney**

ORANGE--A. 4-H members who are tennis buffs or who take the game seriously are challenged to take part in the first statewide 4-H tennis tournament.

The Texas 4-H Invitational tennis Tournament is scheduled for June 28-30 in Orange. Tournament site will be the Little Cypress Mauriceville High School courts.

"The tournament provides an opportunity for 4-H members to compete and to have a good time," point out Dr. John Pelham, state 4-H and youth leader with the Texas Agricultural Extension Service, the parent organization of 4-H.

4-H tennis projects have attracted a lot of interest in Orange County, both from boys and girls as well as adult volunteer leaders. So the Orange County Racquet Club, county 4-H council and county 4-H leaders' association are joining together to host this tournament.

4-H members and leaders interested in participating in the state tournament or in starting a tennis project are encouraged to contact their local county Extension office, notes Pelham.

**Mrs. Hightower
Moves to Memphis**

Mrs. Vey Hightower, who has lived in Dodson for 52 years, moved this week to Memphis where she bought a new home.

Here to help her move were two daughters and sons-in-law and a son, Mr. and Mrs. B.J. Gilbert of Memphis, Mr. and Mrs. Wayne Darnell of Roswell, N.M. and Kenneth Wynn of Longview.

**Sanford Home
After Surgery**

Jack Sanford returned home from High Plains Hospital Amarillo, on Tuesday, after undergoing surgery for an arterial aneurysm Thursday, June 8.

In addition, by-pass surgery was performed on an artery in each leg to eliminate possible problems later.

Sanford was unaware of the aneurysm until a week before the operation.

Mrs. Sanford and their children, Bob Sanford of Dallas and Mrs. Jimmy Marks of Wichita Falls, were with him.

His quick return home is in keeping with present treatment methods where there are no complications.

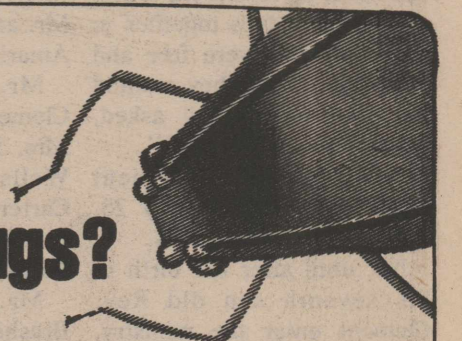

Mr. and Mrs. Sandy Parsons, along with her mother, Mrs. Claud McMillin, and her brother and sister-in-law, Mr. and Mrs. Donald McMillin of Tulsa, were in Columbia, Mo., last week visiting Mr. and Mrs. Keith McMillin and children.

He is the grandson of Mrs. McMillin and nephew of the Parsons and Donald McMillins. He is also a former Wellington resident.

The visitors stayed on a lake north of Columbia.

Required Labeling on Blood for Transfusions

COLLEGE STATION -- "Paid" or "volunteer" donor must appear on the label of all blood which is drawn for transfusion.

The federal Drug Administration (FDA) requires this labeling information because they estimate that between 10,000 and 30,000 people get sick with hepatitis each year after receiving blood transfusions.

At least 400--and perhaps as many as 800--of them die from the disease, explains Carla

Shearer, health education specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Although estimates show that only 10 percent or less of the national blood supply comes from paid donors, this blood may be responsible for 25 to 45 percent of post-transfusion hepatitis cases.

Apparently, a patient is three to 10 times more likely to develop hepatitis after transfusion of blood from a commercial donor than after transfusion of voluntarily donated blood, the specialist adds.

Designation of blood as either "paid" or "volunteer" would adequately notify physicians and blood banks of the relative hepatitis risk, Ms. Shearer points out.

In the "volunteer" designation, the FDA regulation includes those volunteers who may receive some benefit other than money--such as, time off from work to donate or membership in a blood insurance program.

The "paid" donors are those who receive money for giving blood.

This labeling requirement does not prohibit payment for blood donations and, in fact, it is recognized that paying certain donors may be necessary to keep an adequate supply of rare blood types, she says.

CAROLE COCHRAN

Carole Cochran Granted Degree In Pharmacy

Carole Cochran was graduated this spring from Southwestern Oklahoma State University, Weatherford, with a Bachelor of Science degree in Pharmacy.

She was a member of Kappa Epilone, a professional fraternity for pharmacists, and held the office of parliamentarian. The daughter of Mr. and Mrs. J.W. Cochran, she graduated from Wellington High School and attended Texas Tech University before transferring to Southwestern.

A ten-weeks internship is required of graduating pharmacists, and Miss Cochran will complete that at C&H Pharmacy, working with her father. She completed some of this work before she graduated.

Members of her family attending the commencement were Mr. and Mrs. Cochran, Neal and Scott; her grandmother, Mrs. Bess Neal of Ft. Worth; and an aunt, uncle and cousins, Mr. and Mrs. M.C. Tinsley, Jr., Tracye and Melissa of Conroe.

Four Nominated for Post on C-C Board

Four Wellington business men have been nominated for places on the Chamber of Commerce board of directors for terms beginning July 1.

Three will serve regular two-year terms and the fourth will fill an unexpired one-year term.

Nominees are Johnny Nash, owner of Nash Texaco; Chet Long, president of City State Bank; Guy Owens, Guy Owens Funeral Home; and Mayor Bill Hatch, Hatch Dry Goods, who was nominated for a second term.

Long was active in Chamber of Commerce work in Bartlesville, Oklahoma, before coming here. Neither Nash nor Owens has served on the CC board.

Directors, meeting Monday night, June 12, selected Debra Wood to represent the county at the Top of Texas Contest, to be held in Pampa in July.

She is the reigning Miss Wellington and was among the top 10 in the 1978 Texas National Teenager Pageant on the campus of Texas Christian University a few weeks ago.

Graduated from Wellington High School this spring, she held many class and organization offices and belonged to Beta Honor Society.

She studied piano and dancing and was in the Bicentennial musical, "Man & Land & Love." She is active in her church, belongs to the Association of the Ws and is a Red Cross volunteer.

Dr. Bill Estes, rodeo chairman, said work on the August 4-5 event is going well. Chamber of Commerce directors head the barbecue

committee, and one of the county's best known barbecue chefs will be asked to take over cooking the meat. CC members will be asked to work many spots at both the barbecue and rodeo.

The barbecue will be in Ellison Park at 5:00 p.m. Saturday, August 5.

Mrs. Margaret Vines, secretary, reported that Collingsworth County Fair Chairman Bill Moseley has appointed most department heads and will make major announcements on the revamped 1978 Fair within a few days.

Directors designated \$747 now in the CC youth fund to be used in youth work at the fair.

There is a possibility there will not be a calf show this year, but an enlarged horse show and small animal section are expected.

Directors approved payment of membership dues in the Highway 83 Association, which promotes travel along that route from Brownsville to Swan Lake, Manitoba.

CC president Lyman Daniel said he was notified an attempt is being made to extend the highway designation to Thompson and eventually to Churchill, on Hudson's Bay.

"This is our only highway, and whatever the Highway 83 Association promote, promotes us. The traffic they promote comes through Wellington," Daniel declared.

Four-H Horse Club Now Organizing for Summer

The county 4-H Horse Club is now being organized for the summer months, and any youngster who has a horse

available has an opportunity to participate.

Meetings will be each Monday evening at 7:30 p.m.,

said Don Reeves, county extension agent.

In charge of the overall program and of instruction will be Mrs. Mike Williams, Mrs. Robert Blevins and Nell O'Brient.

The first two are former horse club members here. Miss O'Brient was an active 4-H member in the Lubbock area. Although only those of 4-H age, 9 through 18 years, can compete on the district level, the Collingsworth Club is accepting boys and girls of pre-4-H age.

"They will get a little of the basics of horsemanship," said Reeves. "We hope by starting with these younger boys and girls we can in a few years have a fine club of accomplished riders."

Approximately 35 have already signed up.

Along with the basics, the youngsters will learn something of western riding, barrel racing, and flag bending said Reeves.

There will probably be a club show before it disbands at the end of August.

Several of the more accomplished riders will probably compete in the District 4-H Horse Show later in the summer.

Wellington School To Open August 28

Classes for Wellington Independent School District will begin Monday, August 28 and teacher in-service days will begin Tuesday, August 22 this year.

Wellington School Board adopted a school calendar for the 1978-79 school year at regular meeting Monday, June 12.

Christmas break will be December 21 through January 1, and classes will be dismissed April 9 through 13 for spring break.

Graduation day was set for May 25. This year the state requires 175 school days and 8 in-service days for teachers, Superintendent E.W. Clement said.

Employers Quarter Tax Return Near

Employers must report on Form 941 Social Security and withheld Federal income taxes for the second quarter of 1978 by Monday, July 31. If the quarterly liability (reduced by any deposit during the quarter) is \$200 or more, the unpaid balance must be deposited.

Persons who have deposited the entire quarterly tax liability in a Federal Reserve Bank or approved commercial bank have until August 10 to

file Form 941, "Employer's Quarterly Federal Tax Return", the Internal Revenue Service said.

Employers should use the preaddressed Forms 941 mailed to them by the IRS or obtain copies of the form from the nearest IRS office.
