## Plans Completed For The Opening Of Center Aug. 11

With preparation now completed for the formal opening of the Lamesa Recreation Center on Wednesday evening, Aug. 11, at 9 o'clock, it looks as if the former band hall will prove to be a big attraction and real benefit for the men of the local field.

The building was first opened for use last Saturday night and reports are that many service men attended and enjoyed the entertainments provided there.

The center is divided into three sections, a hall at the entrance, leading into a large parlor, and a combination reading and writing room. The floors have been sanded and waxed and the walls painted a pale green, Tan draperies with brown cowboys patterned on them hang from the windows.

The parlor is furnished with gayly covered, comfortable wicker chairs and sofas, bright seat pillows, reading lamps, a coffee table, and end tables. To provide recreation are bridge tables surrounded by white chairs with brown striped coverings, a piano, book shelves filled with books, a coke box, and a pool table. It is believed that a juke box will be obtained very soon.

The reading corner which can be used either for reading or writing purposes, is furnished with a table and several chairs. Near the reading corner is the book case which is already filled with such interesting books as "Arrowsmith," "The Man Who Came To Dinner," "The Last Puritan," "Kitty Foyle," "For Whom The Bell Tolls," "Escape," "Eleven Came Back," and numerous others. Magazines are also available from the book shelves. This year's complete file of "Life" and "Readers Digest" can be found in the stacks.

Numerous Lamesa citizens have been responsible for the new center. A special War Recreation Council with Charnell Jobe as chairman and headed by the City Commission have spent many hours to achieve such results.

It is urged that every citizen of Dawson County be present to see the center on the evening of the formal opening, and for the program, which consists of a band concert, an expression of appreciation by Charnell Jobe, Mayor, a community sing-song, and an address and acceptance by Captain Bentley Harris, C.O., of Lamesa Field.

## Meeting Continues At First Baptist Church

Rev. Douglas Carver preaches each morning at 10 o'clock and each evening at 8:45 at the First Baptist Church in the revival series now in progress.

The auditorium was filled in both services Sunday to hear Rev. Carver's earnest and heart reaching messages. Several responded to the invitation given to accept Christ and to come into the church membership.

Monday, Wednesday, and Friday evenings, the Sunday School will meet in departments and class for prayer groups.

Tuesday evening has been designated as men's night and Thursday evening as ladies' night.

All are urged to be present in any and all services but special recognition will be given to these on the designated nights.

Miss Mary Frances Barnard and Mrs. Fannie Meadows are visiting with friends in Phoenix, Arizona, this week.

## WAC Officer To Be Here Tuesday

WOMEN — Here is something NEW, something DIFFERENT — something that can never be repeated or replaced.

Beginning Monday, August 9th, you can be sworn in to the ARMY OF THE UNITED STATES !!! Not an auxiliary corps, not an experiment, but an established factor of the great ARMY. You are as vital to that organization as the men bombing Germany today; as the engineers who are planning and constructing the roads toward our victory; as the boys manning machine guns!! YOU may be part of history.

Your children can read about YOU in their school text books. If you are asked, and you WILL be asked, what part did you play in the 2nd World War, you can proudly reply, "I was IN it."

You girls of 20, and you women of 50, you have been begging for a chance, in the words of General MacArthur, "This is it."

Your opportunity to meet a WAC officer and receive full information from her will be Tuesday, August 10th. She will be in town all day and will be available from 6 p. m. to 7 p. m., in front of the Post Office Building. Plan to stop and see her on your way home.

## Judge K. Corbin Spoke At Club

The Lions Club had its regular meeting on Thursday, August 5, at which time they welcomed Lee R. Pool, the new County Agent for this area who is transferring his Lion's membership that he holds in Kermit to the club in this vicinity.

The Lions heard a very interesting summarization of Gerald Mann's speech on "Revising the System of County Government" given by Judge Killmer Corbin.

## Service Men's Names Go To Judge's Office

All names of Lamesa service men which have not yet been turned in and which are qualified to be placed on the World War II Memorial, should be taken to County Judge Corbin's office.

His office is located in the Courthouse, and he will be glad to assist you.

## Private Gustav D. Schmidt Receives The Purple Heart Decoration

Private Gustav D. Schmidt, son of Mr. and Mrs. Gus Schmidt of this city, received the Purple Heart Friday, August 6, at Longview. He was among six who received decorations presented by Col. Gouverneur V. Emerson, commanding officer, at Harmon General Hospital.

Schmidt was injured while on duty somewhere in the Western Pacific on March 27th. Mr. and Mrs. Schmidt received a telegram from the War Department on Friday, April 2 telling them of his injury. He was wounded when a shrapnel bursted near him, and some of its

## R. C. Huse Grows Big Ears Of Corn

R. C. Huse, whose farm is located 12 miles out on the Big Spring highway, brought to the Courier Office a large ear of corn measuring 10 1-2 inches in length. He reports that he has 3 acres of corn ranging about this size growing on his farm.

This corn was planted April 15, and has been plowed once and hoed once.

The ear is on display in the window of the Courier Office.

## 20 Classified By The Local Board

The Selective Service Board had its regular meeting on the evening of August 5th, and made these classifications:

Max Harris, 1-A; Thomas Stanley and Walter Taylor, 1-C; Charles Dickard, 2-B; Wyatt Cowart and John Brewer, 2-C; and Lambert Austin, 3-A.

Men given a 3-C classification are Dorsey Calloway, Florencie Arrendondo, Olle Frith, Durward Mitchell, John Cox, Ray Burnett, C. L. Billingsley, James Chapman, Aubrey Phillips, William Weaver, Raymond McCormick, Bailey White, and Morris Martin.

## P.T.A. Conference Held Thursday

Mrs. H. C. Stinnett, Jr., president of the Fourteenth District of Texas Congress of Parent-Teachers, held a conference Thursday in this city.

The morning session was held in the Primary Auditorium from nine until eleven o'clock. The members who have been taking the Procedure Course were present and received many helpful suggestions on the completion of the course from Mrs. Stinnett.

Several members were present at a luncheon at the home of Mrs. Hugh Gaines, Thursday honoring Mrs. Stinnett.

The luncheon preceded the afternoon session in which Mrs. Stinnett offered suggestions and advice to the committee chairmen.

The final lesson will be given soon for the Procedure Course.

The Nazis are believed to have taken the idea of using paratroops in combat from the Russians, who demonstrated their use in war games in 1935.

Before the war, more than 30 nations had sent accredited representatives to the Vatican.

## Dawson County Bond Day Set For Wednesday, Aug. 18

## Rural School Tour Aug. 10, 11 and 12

A sanitation inspection tour is being conducted this week by P. K. Humes, county superintendent, and Mrs. H. Randle, county health nurse. The inspection is scheduled to extend through August 10, 11 and 12.

On August 10, inspection will be made at Dawson at 9 a. m.; Grandview, 10:30; Woody, 11:30; and Harmony, 2 p. m.; Hancock, 4 p. m.

August 11 they will visit Key at 9 a. m.; Mullins at 10 a. m.; Mt. Olive, 11 a. m.; Ackerly, 12 a. m.; Sparenberg, 2 p. m.; and Liberty, 4 p. m.

On August 12 they will visit Klondike at 10 a. m., and Union at 12 a. m.

The inspection is being conducted in connection with the Five County Health Unit, in order to improve the health program in the rural schools.

## Dawson County Test Down 5,511 Feet

In northeastern Dawson county, Gulf Oil corporation No. 1 Mrs. Carrie Slaughter Dean, a 9,500-foot wildcat 11 miles northeast of Lamesa is drilling in lime below 5,511 feet. The test is at the center of the northeast quarter of the north-east quarter of section 30, block 1, Poitevent survey, T-6-N. It was spudded June 30.

Diagonally across Dawson county from the Gulf operation, Darby Petroleum corporation No. 1 Mrs. Annie A. Harris, a 5,500-foot wildcat is drilling salt and anhydrite below 2,860 feet. It is 440 feet from the south and west lines of labor 16, league 268, Moore county school land survey, and in the southwestern section of the county. Drilling began July 22.

## "March of Time" To Be Shown At Palace Theatre, Aug. 12-13

On Thursday and Friday, August 12 and 13 at the Palace Theatre, there will be featured "The March of Time." The idea developed in this feature will be "Show Business At War."

You will be able to see the best entertainers of Hollywood do their part in Canteens and Front-Line Outposts to boost the moral of service men and to keep their spirits high.

Also showing on the same evening is "Aerial Gunner," a picture portraying thrilling air combats.

## O. C. McMinn Is Mgr. Swift & Co., a New Business Concern

Swift & Company have purchased the Dawson County Produce, located on 215 North Main Street. O. C. McMinn, formerly of Lubbock, is the manager. He took charge of the business Saturday, August 7.

McMinn and his family will reside in this locality. Look up his ad published in this issue of the Courier, and read what he has to say.

Lt. Merle Carroll left this past week for Phoenix, Arizona, where they will visit with relatives.

Dawson County Bond Day will be staged on Wednesday, August 18, highlighting the events of that day still further. Every boy in the armed services from Dawson County should have a bond bought in his honor—and that is the goal set for Dawson County Bond Day.

Booths will be set up at many business establishments throughout the city that will make it convenient for the people of Dawson County to purchase bonds.

The drive is under the auspices of the American Legion Auxiliary, whose chairman is Mrs. Annie Crow, together with the Dawson County Women of War, with Mrs. M. C. Lindsey as chairman.

August 18 will be an eventful day with the unveiling of World War II Memorial and the Bond Drive taking place. Do your part on this day and buy a war bond to honor a Dawson County boy.

## Comparison of The 1942-43 Fire Loss

Fire loss for Lamesa for the first six months of 1943 fall short of the total reached during the previous year, it was pointed out by Fire Chief, Luther Standifer.

The 1943 insurance loss up to July 1 totaled \$5000.00, Chief Standifer's report shows. The total for the entire year of 1942 was around \$12,800.

Forty-eight alarms were answered by the fire department during the first six months of 1943, resulting in 254 miles of travel. Compare these figures with the past years when 64 alarms were answered and 75 miles were traveled during the whole year.

It is urged that property owners be on guard against carelessness and against fire hazards, such as dry grass or weeds near yard fences and garages.

## Rotary Club Hears Musical Program

Members of the Rotary Club enjoyed a musical program at their meeting on Friday, August 6. Owen Taylor was in charge of the program.

Ann Hurt, Mary Lou Bizzell, and Conway E. King played two saxophone numbers and were accompanied at the piano by Billie Jean Meyers. Following this, Mrs. Noble H. Price and Mrs. Weldon Lindsey sang two duets accompanied by Mrs. Matt McCall at the piano. In conclusion members of the club formed a quartet and sang "Carry Me Back to Old Virginia" and "How Dry I Am." This quartet consisted of Windy Beckham, Homer St. Clair, W. B. Collins, and Joe Spikes.

Guests at the meeting were Rev. E. F. Cole, Rev. Douglas Carver, and Lee R. Pool.

## M-Sgt. Burton, Here After Overseas Duty

M-Sgt. Paul W. Burton, who has been in foreign service, but is now stationed at Mitchell Field in New York is visiting his parents, Court reporter, J. E. Burton and wife.

M-Sgt. Burton has received his wings and air medal for combat duty.

—BUY WAR BONDS AND STAMPS—

## Wedding Of Miss Rae Dunn To Sgt. Maurice Davis Held Tuesday Evening

The marriage of Miss Rae Dunn, daughter of Mr. and Mrs. James T. Dunn, and Sgt. Maurice Davis, son of Mr. and Mrs. W. P. Davis was solemnized Tuesday afternoon,

August 3, in the home of the brides parents.

The Reverend E. D. Landreth, pastor of the First Methodist Church read the impressive double ring ceremony while Mrs. Carr Spraberry played softly "To A Wild Rose" by Mac Dowell. The home was beautifully decorated for the occasion with baskets of gladiolus, roses, baby breath and carnations.

The pre-nuptial music was given by Mrs. Spraberry who played "Canzone Amorosa" by Nevin and the traditional wedding marches.

The bride wore a navy dress with black and white accessories, with a shoulder corsage of gardenias and lilies of the valley. For "something old," she wore a friendship bracelet which her mother wore when she was married and for "something borrowed" she carried a handkerchief belonging to Miss Viola Stovall.

The bride was attended by Miss Viola Stovall as bridesmaid, who was attired in an aqua crepe dress with British tan accessories.

Mr. James Davis, brother of the groom acted as best man for Sgt. Davis.

An informal reception was held immediately following the ceremony. Cake and punch were served to about 30 guests with Miss Edith Esmond presiding at the punch bowl assisted by Miss Stovall.

After the wedding Sgt. and Mrs. Davis left for a short wedding trip, after which they will return to Camp Berkeley, Abilene, Texas, where Sgt. Davis is stationed.

### MISS BIRDIE GORDEN COMPLIMENTED WITH MISCELLANEOUS SHOWER

Complimenting Miss Birdie Gordon whose marriage to Mr. Julian G. Hazelrigg, of Little Rock, Arkansas, will take place some time the latter part of this month, was honored with a miscellaneous shower Thursday evening at the Lamesa Country Club. Hostesses for the occasion were Mrs. Sam Z. Frazier, Mrs. R. R. Townsend, Mrs. Jap Randle, Miss Estelle White, Mrs. Mattie Herndon, Mrs. Ervin Bailey, Mrs. Carl Cox, Mrs. M. C. Lindsey, Mrs. Dixie Kilgore, Mrs. C. A. Hollingsworth, Miss Gladys Barrett and Miss Rosalee Borden.

As the guests arrived they were greeted by Mrs. Sam Frazier and Mrs. Louise Winner presided at the guests book during the evening.

The club house was attractively decorated with bouquets of summer garden flowers. The serving table was laid with a hand-made lace table cloth and centered with an arrangement of pink and white gladiolus in a large crystal bowl. Mrs. Oll D. Harris and Mrs. Melba George presided at the serving table.

A musical program was given during the evening by Mrs. Matt McCall, Mrs. Carl Rountree and Mrs. A. G. Barnard.

## PERSONALS

Mrs. John Tarter and daughter, Mary Ellen, and Miss Glenna Faye Bailey spent Friday in Lubbock attending to business and visiting with friends.

Miss Maulee Bedwell left Friday for Amarillo where she will visit with her sister, Miss Edna Bedwell for several days.

Pfc. and Mrs. Raymond Bryant of Del Rio, are visiting here this week with relatives and friends.

Mr. and Mrs. J. W. White of Portales, New Mexico, are visiting here this week with their daughter, Mr. and Mrs. O. C. Richardson.

Mr. and Mrs. Fred Reese and family left Monday for Lubbock where they will make their home.

Miss Bettie Gene Hines of Hamlin is visiting Mr. and Mrs. Sherman Moulton this week.

Pvt. Sherman Moulton, Jr., of Bradley Polytechnic Institute, Peoria, Illinois, visited his parents, Mr. and Mrs. Sherman Moulton a few days last week.

Mrs. Gaston Brooks and daughter of Snyder spent the week end here visiting with Mr. Brooks.

Mr. and Mrs. Maurice Sharp and Mr. and Mrs. Jack Womack left Sunday for California where they will visit with Mr. and Mrs. Maurice Medlin.

Mrs. Aubrey Hatch spent Sunday in Denver City visiting with her son Raymond Bryson.

Mr. and Mrs. Shelby Moore and Mrs. Jim Stanfield spent Sunday in Denver City visiting with relatives and friends.

Will Hall, who has been visiting here this week in the home of his sister, Mrs. M. Hatch and Mr. Hatch left Sunday for Snyder where he will visit with other relatives.

Mr. and Mrs. C. A. Eiland spent the week end at Tulia visiting with relatives.

Sgt. Skeet Noret of Big Spring spent the week end here visiting with his parents, Mr. and Mrs. Ed Noret.

Mr. and Mrs. Nelson Coon of Midland spent the week end here visiting with relatives.

Lt. Perry Cox of Camp Campbell, Kentucky, spent the week end here visiting with Mr. and Mrs. Audrey Cox.

Lt. and Mrs. Sidney Randals of Deming, New Mexico, spent the week end here visiting with his parents, Mr. and Mrs. Loo Randals. Lt. Randals left Sunday for South Carolina, where he will be stationed and Mrs. Randals remained here for a longer visit.

Mrs. Dick Cozby of Lubbock is visiting here this week with her parents, Mr. and Mrs. W. O. McKay.

## Miss Mary Jo Martin Takes Vows With Captain Doyle Ranson At Muskogee, Okla.

In a ceremony read July 31 at 9 o'clock at Muskogee, Oklahoma, Miss Mary Jo Morton of Fort Worth, daughter of Mr. and Mrs. Worth, daughter of Mr. and Mrs. C. H. Morton of Brownfield, become the son of Mr. and Mrs. J. M. Ranson.

The ceremony was solemnized in the Chapel at Camp Gruber, with the Chaplain officiating. The Chapel was beautifully decorated with

large baskets of red, white and blue flowers.

The bride was attractive in a floor length white chiffon gown and carried a bouquet of white gardenias. She was attended by Mrs. Barrett as matron of honor.

Captain Barrett also of Camp Gruber, attended Captain Ranson as best man.

A formal reception was held at the Officers Club immediately following the ceremony with 30 guests attending.

Mrs. Ranson has for the past several months been employed in the office at Consolidated, Fort Worth.

Captain Ranson is a graduate of the Lamesa High School and also of A. and M. College, College Station. He served as County Agent at Morton for several years before being called into service three years ago. Captain Ranson spent 20 months in Hawaii returning to the states in March of this year.

Captain and Mrs. Ranson will make their home at 219 North 7th Street, Muskogee, Oklahoma.

Mr. and Mrs. Roy Smith of Breckenridge are visiting here this week in the home of Mrs. Smith's sister, Mr. and Mrs. Ed Hatch.

### OUT OF TOWN GUESTS HONORED WITH CHICKEN BARBECUE

Mr. and Mrs. Raymond Hatch entertained Thursday evening at their home with a chicken barbecue honoring Mr. and Mrs. Roy Smith of Breckenridge, and Pfc. and Mrs. Raymond Bryant of Del Rio who are visiting here this week.

Guests who attended were Mr. and Mrs. Ed Hatch, Mr. and Mrs. Roy Smith and Pfc. and Mrs. Raymond Bryant, Miss Willie Dale Bedwell, Miss Lottie Parchman, Mr. and Mrs. Earnest Rhoades and Buster Henry

Miss Marie McDonald of Big Spring spent the week end here visiting with her parents, Mr. and Mrs. J. W. McDonald.

## Letter Received From Son Oversea

Editor's Note: The following letter was sent to this office. It is entitled "A Censor's Blame."

Dear Mom:  
 Can't write a thing,  
 The censor's to blame.  
 Just say I'm well  
 And sign my name.  
 Can't tell where we sail from.  
 Can't mention the date.  
 Can't even remember the meal  
 I ate.  
 Can't say where we will land,  
 Could not inform you  
 If met by a band.  
 Can't mention the weather,  
 Can't say if there's rain,  
 All military secrets  
 Must secrets remain.  
 Can't say for sure, dear,  
 Just what I can write  
 So I will call this my letter  
 And close for the night.  
 Love,  
 Son.

## J. B. Fry Brings In Good Kaffir

J. B. Fry, a product of the state of Arkansas, and a long time resident of Dawson County, brought in a well developed head of kaffir corn today. The kaffir is now on display in the window of the Courier Office.

Mr. Fry reports that the kaffir was raised by Junior Motley on his home place about 8 miles south of Lamesa and that there are at least 35 acres more just as good. The feed was planted about the first of April.

It will do the calamity howlers good to look this feed over before continuing with the story that every thing is burnt up on account of the dry weather.

## Rural Areas Have Electric Service

More than 125,000 Texas farms and at least 120,000 other homes, schools, churches and small commercial enterprises located in rural areas are receiving electric service, according to P. T. Montfort, research associate for the Agricultural Engineering Department, Agricultural and Mechanical College of Texas.

A summary of activities during the past year is given in a report just issued by the Texas Committee on the Relation of Electricity to Agriculture, of which Mr. Montfort is director.

Among the items featured in the reports are: farm freezer chest, fruit and vegetable dehydrators, homemade brooders, hoverless brooders, sweet potato slicer, dairy barn blackouts, care and repair of electrical equipment and homemade equipment. Discussions are given of meetings and training courses held, and miscellaneous activities.

Since 1927 the Texas A. & M. Agricultural Engineering Department, in cooperation with the Texas Committee on the Relation of Electricity to Agriculture and other agencies, has conducted an active program of research and investigation, both in the laboratory and under field conditions, to determine ways in which Texas farmers and rural dwellers can profitably use electrical equipment.

Electricity and electrical equipment are playing an important part in the production, processing and preservation of food, the report points out.

## Spar Office Open For Enlistment

The Coast Guard wishes to announce that it has opened a new office for the enlistment of Spars. The address is Room 217 Post Office Building, Post Office Box 1142, Lubbock, Texas.

Women who wish information pertaining to the Spars which is the women's branch of the United States Coast Guard can write or come to the office for a personnel interview.

The Coast Guard wants women who have done office work, and any of the other various skilled jobs.

## Tests To Be Made For Good Jobs

The merit system council will hold examinations for positions in the Texas Unemployment Compensation Commission, the State Department of Public Welfare and the United States Employment Service. These examinations will enable you to qualify as a field worker with an annual solarly ranging from \$1800-\$2100; as a junior stenographer with a salary of \$1080-\$1320; a junior tabulating equipment operator with \$1500-\$1800 salary; or as a key punch operator with salary ranging from \$1320-\$1620. These examinations lead to permanent employment, merited promotions, and good pay.

Applications received in the Merit System office or postmarked before midnight of August 25 will be considered for the above examinations, which will be held in 41 cities beginning at 2:00 p. m., September 11.

Qualified and available persons are invited to apply. Application blanks may be secured at State Department of Public Welfare and United States Employment Service offices or by writing Charles S. Gardiner, Merit System Supervisor, 808 Tribune Building, Austin, Texas.

Any one wishing additional information and application should contact J. B. Howell, whose office is located in the Courthouse.

## Base Loan Rate On Cotton Adds Over Two Cents

WASHINGTON, Aug. 6 (AP) — The War Food administration announced tonight that it would make loans to growers on 1943-grown cotton at the base rate of 18.41 cents a pound, gross weight, for 7-8-inch middling grade and staple length.

Last year's rate was 17.02 cents. In terms of 15-16th-inch middling — the grade and staple now commonly used as a base for determining prices of other grades and staples — the loan rate will be 19.26 cents a pound, gross weight, of 20.06 cents, net weight. As in the past, loans will be made on a net weight basis.

### Administered By CCC

The loan program, which will be administered by the Commodity Credit corporation, has served in the past as a support under market prices, inasmuch as it provides growers an alternative outlet for their crop.

The loan rates are equivalent, the WFA said, to 90 per cent of the parity price of cotton. The parity price has advanced since last year's rates were announced, hence

Women who have high school educations, and college educations are wanted to do the many jobs that the Coast Guard has to do.

Women who are accepted will be sent to the training station at Palm Beach, Florida. Women are being trained to replace men held at shore stations to perform vital technical, administrative, and clerical duties. Most of these men are trained for the sea and are urgently needed for duty on convoy and transport ships. Spars are a part of the United States Coast Guard receiving the same ratings, pay and privileges (except those of serving afloat or outside the continental limits of the United States) as do most Coast Guardsmen.

Women who apply for Officerships must be between the age of 20 to 49 years of age. Women who apply for enlisted women's jobs must be between the ages of 20 to 36 years of age.

The office located in Lubbock, Texas, will be glad to answer all questions that the women of Texas would like to know. Write for further information and appointment.

"How can I take off my callouses?" Here is the answer: Jiffy Callous Plasters — They will do it quickly and easy. Try them. **BOONE DRUG**

the higher rate this year. Actual loans will vary according to location of the cotton. Generally speaking, rates are highest in areas closest to mill centers and lowest in areas long distance from such centers.

The difference is designed to reflect transportation and handling charges involved in moving the cotton to consumer centers.

Thus, the rates for 15-16ths-inch middling cotton, net weight, will vary from a top of 20.60 cents in the mill areas of the Carolinas to 19.39 cents in Arizona and California.

Location differentials for warehouse points will be based on freight rates to the mill area of the Carolinas, except in eastern Mississippi, eastern Tennessee, Virginia, North Carolina, South Carolina, Georgia, Florida, and Alabama, where a zone system will be put into effect.

Likewise, cotton of staple lengths above 15-16ths-inch and of grade better than middling will be eligible for loans at rates carrying a premium over the base rate, while shorter and lower grade cotton will be subject to discounted rates. A schedule of such premiums and discounts was announced last winter.

The cotton loans will bear interest at 3 per cent a year, and will mature July 31, 1945, but may be called on demand. Loans will be available until May 1, 1944.

The city of Los Angeles was founded in 1781 by a small band of Spanish colonies.

Remains of the ancient glacier Quinine is regarded as the principal prevention against and cure for malaria.

**GOVERNOR VISITS STATE GUARD SCHOOL** — Gov. Coke R. Stevenson (left) praised the readiness of the Texas State Guard during a recent visit to its school at Camp Bullis, Tex., where 1,000 officers and non-commissioned officers have received instruction. The governor is shown above with Arthur B. Knickerbocker (center), Adjutant General of Texas, and Lt. Col. H. A. Pollack (right) D. S. O., Royal Scots Fusiliers, member of the British General Staff in Washington.

## Big Spring Navy Recruit Office To Close August 15

Orders have just been received by Fred Baucom, recruiter-in-charge, U. S. Navy recruiting substation, Big Spring, Texas, that, effective August 15, 1943, the recruiting station there will be closed permanently. These orders are from the Officer-in-Charge, Lieut. - Commr. L. H. Ridout, Jr., of the Dallas, Texas office, under whose supervision the local office has operated.

All applicants from Howard, Martin, Glasscock, Midland, Ector, Ward and Winkler counties are advised to make application at the San Angelo Navy recruiting substation. Men from Dawson, Andrews, Gaines, Borden and Scurry counties are advised to go to the Lubbock station while the men of Mitchell county are to go to the Abilene substation for preliminary application.

The recruiters-in-charge of these stations will make periodic trips to the towns in their newly allotted counties and call on the Postmaster, Draft Boards, newspapers and leading merchants and advise them when they will be in each respective town to accept applications and give out information concerning enlistment in the Navy.

Baucom said the results of recruiting for this territory had been very gratifying during the period of operation, there having been more than eleven hundred and fifty bona-fide applications made in the Big Spring office, of which at least one thousand are now serving with the Fleet or the Seabees or in the WAVES, beside innumerable interviews for various reasons. Each county in the territory is well represented in all branches of the Naval Service.

All branches of the Navy are open to enlistment to qualified men and women and you are urgently requested to see the recruiter when he is in your city. Ask the local Postmaster when the Navy Recruiter will be in town.

## Truckers Warned To Care For Tires

DALLAS, Aug. 7 (AP) — Recap your tires; cut your speed, and make 'em last.

That was the message of Zenas L. Potter, an aide of rubber Director William Jeffers, to Texas commercial truck operators today in the face of what he called dwindling stocks of pre-war tires.

"We're coming to the end of our crude rubber stocks and our synthetic rubber stocks haven't ironed out all the troubles in converting to manufacture of the new tire," Potter said, adding:

"Texas truck operators should recap every recappable tire, hold down truck speeds and do everything they can to make their tires last longer.

"There is nothing so destructive to rubber as high speeds in hot weather, plus the burden of heavy loads . . ."

## New Federal Hi-Way Nearing Completion

SNYDER, Aug. 7 (Special) — Federalization of highway 15 across Texas, announced through the State Highway department to a Scurry county delegation, is cheering news to those who have worked through the years to obtain such recognition.

The east-west highway will be carried as U. S. Highway 180, and at this time only two small gaps remain to be finished on the all-weather thoroughfare.

Snyder's Highway 15 bridge across Deep creek has 50 per cent of the concrete poured, and construction work on the \$38,000 project is being speeded up.

In the western part of Fisher county, Cage Brothers and Floyd Malcolm, contractors, are rushing laying of select material on the 11.6 mile stretch of unfinished road. Portion of the strip of highway will be ready for asphalt in the next few days.

## Flies Believed Carriers Of Polio

AUSTIN, Aug. 7. (AP) — A University of Texas bacteriologist today suggested that crowded and insanitary conditions in defense areas have probably increased incidence of infantile paralysis as well as dysentery in certain Texas cities.

Dr. T. V. Schuhardt, professor of bacteriology, cited additional evidence that flies and sewage are responsible for the spread of infantile paralysis.

Growing belief that flies pick up the virus from insanitary sewage system was based on the close correlation of the rise of dysentery, a fly-an-sewage-spread disease, paralysis as shown by the state health departments' weekly current reports.

For the two weeks ending July 31, 201 cases of infantile paralysis were reported, as compared to an average of 17 cases for the same period during the past seven years, while 1,030 cases of dysentery were reported, compared to the previous seven year average of 297 cases.

### DON'T TELL THE OPA

ROY, Utah (AP) — George L. Beasley, retiring after 23 years as a rural mail carrier, estimated he has traveled 250,000 miles, used up 10 automobiles and bought \$7,800 worth of gasoline and oil.

## Texas Dairy Products Hit New High in June

Texas dairy farms and dairy products manufacturers continued to boost their output, even though bulk of these products go to the army rather than to civilians, the University of Texas Bureau of Business Research points out.

Manufacture of ice cream, sherbets, ices and other frozen dairy delicacies hit a new high during June — 2,391,000 gallons. Production was up 7.4 per cent above June a year ago.

Output of creamery butter was 5.4 per cent higher than in June, 1942, and totaled 4,275,000 pounds, but production of American cheese declined 23.7 per cent to 1,943,000 pounds.

## Retail Store Sales Top Last Years by 29%

Sales of Texas independent retail stores for June were 29 per cent ahead of those in June a year ago, the University of Texas Bureau of Business Research reports.

Shoe stores, for example, sold 105 per cent more goods than a year ago, despite rationing.

## Several New Laws For Texas Will Become Effective On August 10th

By WILLIAM E. KEYS  
Associated Press Staff Writer  
AUSTIN, Aug. 7.—Most Texans, including some canine population of the state, face new prohibition and privileges beginning August 10, effective date of numerous laws passed at the last general session of the legislature.

A survey of some of these statutes shows they are likely to affect many phases of man's day-to-day life.

They can bear on his drinking habits; economy; business, profession or trade; his health, even his dog if he is blind.

Some of the mechanics of state government will undergo alterations.

### Not Effected Immediately

These laws were among those not receiving sufficient votes to give them immediate effect. Therefore they become operative 90 days after final adjournment of the general session.

Here are a few with general or fairly wide application:

Seeing-eye dogs, accompanied by their masters, are entitled to free passage on buses, trains and other public transportation vehicles.

Hours of sale and public consumption of alcoholic beverages are tightened. Package store hours are from 9 a. m. until 10 p. m. daily except Sunday when all-day closing is ordered. Beer and wine retail sales are legal between 7 a. m. and midnight weekdays, except Saturday night when sales may extend to 1 a. m. Sunday morning. Sales cannot be resumed on Sunday until 1 p. m. A 15-minute grace period, 12:15 a. m. and 1:15 a. m., respectively, is permitted for public consumption.

### Chiropractors Regulated

Chiropractors submit to state licensing and regulation under a board to be appointed by Governor Coke R. Stevenson.

Labor unions come under mul-

tipled regulations requiring them to register with the secretary of state, file detailed financial reports, hold regular elections and meet other stipulations. Tsi law, one of the bitterest issues of the session, is under court attack but its enforcement has not yet been enjoined.

Public health and fishing may benefit from a statute prohibiting the pollution of fresh water streams and lakes with anything that would destroy their usefulness.

Public prosecutors may seek to enjoin anyone who has made as many as three loans at interest rates in excess of the constitutional limit of 10 per cent. A \$1 additional charge of actual expenses incurred in making the loan is permitted.

### Jim Crow Law Amended

An amendment to the Jim Crow law requires that whites sit in the front seats of busses and fill them progressively toward the rear and that negroes first sit in the rear seats, filling them progressively toward the front.

The state may exchange with Mexico the services of a limited number of highway engineers, a practical experiment linked with the good neighbor policy.

Two important alterations in the mechanics of state government occur.

Appointment of the state auditor falls to a joint legislative committee to whom the auditor will be responsible. This privilege formerly was held by governors. A new banking code takes effect. It requires appointment by the governor of nine-members state finance commission which will appoint the state banking commissioner, formerly an appointee of the governor.

## Boards Plan Some Delay In Draft

WASHINGTON, Aug. 6 (AP) — Selective service gave assurance to Senator Chan Gurney (Rep.) of South Dakota Thursday that the drafting of pre-Pearl Harbor fathers will be delayed as long as possible and that when these family heads are taken they will be drawn from all states equally and simultaneously.

Gurney, a member of the Senate Military Affairs Committee, said a conference with draft officials convinced him it will be necessary to draft some fathers after Oct. 1, because local board lists of other available men will be exhausted in many areas then.

Senator Burton K. Wheeler (Dem.) of Montana has said he will ask leaders to call Congress back into session immediately, if War Manpower Commissioner Paul V. McNutt does not modify an order calling for induction of fathers after Oct. 1, but there were few indications here that such a course would be taken.

Gurney said he was informed that local boards have been ordered to start their reclassification now, but that no induction of fathers will begin until Oct. 1.

"I have assurances that selective service policy is to refrain from calling fathers as long as that is possible," he said. "It is my understanding further that selective service will attempt to so distribute its calls among states and in towns among local boards that fathers will be inducted from all states and from all local boards as close to the same time as possible."

Gurney said this would involve equalization of such inductions among the states, somewhat along the line proposed in the House-approved Kilday bill, which has not been acted on by the Senate. However, the Kilday bill would prevent the induction of pre-Pearl Harbor fathers in any state until the list of other available men in that state has been exhausted.

Jiffy Foot Powder is just the thing to get you relief for sweating and burning feet. It is cool, soothing and comfortable to those weary dogs. Try some today!

BOONE DRUG

## Home Repairs Of \$200 Can Be Made

If your home needs repairs, you can make them without authorization, under WPB's Construction Conservation Order L-41, provided they are necessary and do not change the structural design of the property. The work must not exceed \$200 or involve the purchase of critical materials.

Pointing out that wartime restrictions on building new houses permits new construction only for war workers in certain areas, Federal Housing Commissioner Abner H. Ferguson recently said: "In view of these necessary restrictions, it is all the more imperative that the present supply of homes be kept in adequate repair, conforming to decent standards of health and sanitation. For the greater majority of American families," Mr. Ferguson added, "these properties represent the only supply of housing that will be available for the duration of the war."

### MUST CONSERVE MATERIALS

Because critical materials must be conserved for direct war production purposes, new home building is restricted to war industry areas, and there only in such numbers as is absolutely necessary to meet the housing needs of essential workers.

Loans to maintain present home properties in sound condition will be insured by the Federal Housing Administration under Title I. These repairs must be necessary for sanitation or health, or for preventing decay and deterioration. Luxury repairs or improvements that are designed merely to beautify or enlarge a home without providing additional living units are not approved.

### FHA LOANS FINANCE REPAIRS

Loans to finance essential repairs under FHA's Title I program are available in amounts up to \$2,500 for approved private lending institutions. These loans are repaid in regular monthly installments and are subject to the usual credit rules of installment buying.

Loans may be secured under the same plan to finance the conversion of oil-burning heating equipment to the use of coal, as well as the installation of insulation, weatherstripping, storm doors and windows, and other heat conserving devices.

There are 1,200 species and subspecies of birds in this country.

Army cooks have discovered that in cold weather a soldier eats six per cent more than if it is moderate.

### THORNS SUB FOR PINS

NEW DELHI (AP) — The British army has solved the shortage of pins in India by using thorns to fasten papers together. Thorns are from the common babul tree which flourishes in scrub jungle all over India.

### Chuck Jacobs Is To Receive B. A. Degree

Charles Edwin (Chuck) Jacobs, son of Mr. and Mrs. A. E. Jacobs, who reside at 710 South First, will receive his bachelor of business administration degree this month. He is enrolled in the University of Texas.

## All-American Bombing Olympics To Be Held at Big Spring Aug. 15

BIG SPRING, Texas — "Berchtesgaden" will be blasted again for the fifth time when twenty-four of the nation's best bombardier cadets meet at the Big Spring Bombardier School for the fifth All-American Bombing Olympics. These famous aerial war games, conducted by the Flying Training Command under the direction of Major General Barton K. Yount, will be held at the Big Spring school on Sunday, August 15.

Eight huge bombing colleges will each enter a team of three of their most accurate bombardier cadets. All bombing will be done from an altitude of 8,000 feet at a target which consists of a shack centered within a 100 foot circle. This shack is affectionately referred to as "Berchtesgaden," and the team that scores the most hits on or around "Adolph's rock-bound boudoir" will win the much-prized "pickle barrel" trophy, and be acclaimed as the All-American Axis Blasters.

The eight schools competing for this honor are Big Spring, Midland, Childress and San Angelo, Texas; Deming, Roswell and Albuquerque in New Mexico; and Victorville in California.

Colonel Robert W. Warren, commandant of the Big Spring school and host that day to the seven other bombardier schools, announced that the location of the target, which is situated on a huge flat just east of the airbase, had been carefully selected so that the public could enjoy an unobstructed view of the spectacular event from adjoining Scenic Mountain. The natural grand stand advantages of this mountain, which overlooks the target, will give spectators a clear view of the contest and enable them to closely follow the results of the bombing.

The meet will begin promptly at 8:00 a. m., and will continue for about four hours during which time each of the twenty-four contestants

will drop six bombs. The regular 100 pound sand-filled practice bombs will be used. These contain a charge of several pounds of black powder, and upon impact explode with a vivid flash followed by a great billow of smoke which enables observers to determine the location of the hit.

Special stands are being constructed for officers and their guests, and a large scoreboard and public address system will be employed to keep the crowd informed as to the progress of the meet. The post band will entertain with music during the contest, and there will be a skip-bombing demonstration on a floating target on the shallow lake north of the highway. Other aerial demonstrations will be added later.

The compilation of results will be handled by a special staff from the school's department of training, and final scores should be available by 2:30 p. m. After the meet the individual contestants will receive their awards at the new officer's club, and the winning team will be presented with the "pickle barrel" trophy by Colonel Warren. The trophy is retained by the parent school until it has been won by a rival school in future bombing olympics which are held every three weeks.

### William D. Hines Takes Special Course

William D. Hines, 19, son of Mr. and Mrs. P. E. Hines, Rt. D, is taking a special course at the Naval Air Technical Training Center, Navy Pier, Chicago, Ill. He was selected for this training upon the basis of his civilian experience and results of aptitude tests.

Upon graduation he will be eligible for promotion to a petty officer rating.

### Rev. A. Short Holding Revival At O'Donnell

Rev. Aubrey Short of Fort Worth is conducting a meeting at the O'Donnell Baptist Church. The meeting began last night, August 8th, and will continue through two weeks.

C. H. Mantzell is in charge of the song service.

Citizens from Dawson County are invited to attend the meeting at O'Donnell.

### Qualified Men Can Become Engineers

"If the Army wants to build a highway, dig a tunnel, throw a bridge across a river, construct an airfield — it calls the Corps of Engineers. The Engineers are told what's needed, how much time they've got to do the work, and how close the enemy may be, and the Engineers do the job. No Jap or German will stop them, either, because the Engineers build . . . and fight!" Sgt. Ray A. Noret of the U. S. Army Recruiting Station in Big Spring said today.

"Men who are between 18 and 38 years old may volunteer for induction, and men who are between 38 and 50 years old may volunteer for enlistment in the Corps of Engineers, at the U. S. Army Recruiting Station, Room 21, Post Office Building, Big Spring, Texas, or at the office of Capt. Hury, Post Engineer, at the Bombardier School in Big Spring. Men are wanted who are qualified construction workers, with experience in any building trade." Sgt. Noret concluded.

### Cpl. Allen F. Skiles Receives Promotion

It was announced this week by headquarters of the Medical Replacement Training Center that corporal-technician Allen F. Skiles has been promoted to sergeant.

Sgt. Skiles resided in this city before entering training. He is now located at Camp Barkeley.

The earliest known bird did not have a beak.
