VOL. 31 NO 3 SNYDER, TEXAS (79549) THU., MAY. 3, 1979 2 SECTIONS 18 PAGES 30c

Tornadoes Kill Two

LAHOMA, Okla. (AP)-Tornadoes ripped through northwestern Oklahoma Wednesday killing at least two persons, including a Texas man, and causing an estimated $4.5 million in damages.

Hardest hit was Lahoma where a school building, city hall, 43 homes, nine mobile homes and the grain elevator were heavily damaged.

Fourteen-year-old Connie Jo Kerfoot, visiting her grandparents rural home near Meno was one of the fatalities. Her grandmother, Mrs. Louella Peterson was critically injured.

Jack Lawrence Baker, 40, of Houston, Texas, was killed at about 8 p.m. when a high wind toppled a tree onto his convertible car on Oklahoma highway 33 in Payne County.

Britons Go To Polls

LONDON (AP)-Britons began electing a new government today with final opinion polls promising a Conservative victory and Europe's first woman prime minister after five years of Labor Party rule.

It was the 11th election of a House of Commons since World War II, and three polls forecast margins of 5.7, 6 and 7 percentage points for Margaret Thatcher's Conservatives over Prime Minister James Callaghan's Laborites.

This indicated the Tories should win 330 to 333 of the 635 seats in Commons, giving Mrs. Thatcher a majority of 25 to 30. That would be the biggest majority for a British government since the Laborites won a 96-seat majority in 1966.

Tip To Stand Aside

WASHINGTON (AP)-House Speaker Thomas P. O'Neill says he won't stand in the way of those seeking to block President Carter from decontrolling oil prices even though their efforts may be in vain.

O'Neill's stance on the politically sensitive deregulation issue gave new impetus to an attempt by House liberals to keep price lids on domestically produced crude oil.

Estes Back In Court

DALLAS (AP)-Paroled swindler Billie Sol Estes goes back to court today, hoping to have federal fraud charges against him dismissed on grounds they were politically motivated.

Clements Reverses Position...

Floating Interest Supported

AUSTIN (AP)-Gov. Bill Clements today backed a proposal for a "floating" interest rate ceiling on home mortgages not to exceed 12 percent.

Clements reversed his earlier position of two weeks ago when he vowed to veto any bill raising the state's 10 percent limit to 12 percent.

"I can assure you that without Fannie Mae's action I would not have changed my position," the governor told a news conference.

The Federal National Mortgage Association, nicknamed Fannie Mae, said last week it no longer would purchase VA or FHA mortgage loans in Texas if buyers were charged the traditional "points" or special processing fees that exceeded the 10 percent usury limit.

Clements said he had reviewed Sen. Bill Meier's draft proposal of a floating interest rate and added it meets his requirements.

Meier, D-Euless, and Rep. Jerry Donaldson, D-Gatesville, sponsored the original bill for a 12 percent interest cap that Clements blocked two weeks ago. Both legislators were present at Clements news conference.

The floating rate, the governor explained, would be tied to some federal monetary index rate.

"I believe the 10-year Treasury bond rate is the proper rate," Clements said. "There would be a

CREATING A PROP-Snyder High School drama students were creating a realistic apparition that will rise from a steaming cauldron in a scene from "Macbeth," the SHS one-act play which will be in competition for state-wide honors tomorrow in Austin. The Snyder play will be presented at 9 p.m. It is one of eight which won regional honors in University Interscholastic League competition. From left are Bryan Lewallen, Perry Robertson, Baron Land and director Jerry Worsham. (SDN Staff Photo)

Fuel Pushes Up Prices In April

WASHINGTON (AP)-Sharply higher prices for gasoline and heating oil helped push wholesale prices up 0.9 percent in April, despite the first decline in food prices in eight months, the government said today.

Although the increase in wholesale prices was the lowest in five months, it still showed inflation continuing at above 10 percent at the wholesale level. The April increase represents a compound annual rate of 11.5 percent. Prices had increased 1 percent in March and in February.

Food prices at the wholesale level declined 0.3 percent, the first drop since last August and an indication that the upward spiral in supermarket prices may be about over. Wholesale prices eventually are reflected in the prices consumers pay.

But the Labor Department said prices of goods other than foods increased 1.3 percent in April, the biggest monthly increase since October 1974.

The department said gasoline prices increased 4.4 percent and home heating-oil prices were up 6.7 percent.

The rise in gasoline and heating oil prices reflects a partial shortage of petroleum products resulting from the cutback in Iranian oil production.

President Carter's proposal to decontrol domestic oil prices is certain to push fuel costs even higher in months ahead.

The wholesale price changes were reported in the Labor Department's Producer Price Index for finished goods - those which are ready for sale to the consumer.

The department said the index in April stood at 211.2 percent of the 1967 average of 100, meaning that goods priced at $10 then had increased in price to $211.20 last month.

Wholesale prices had increased 10.3 percent in the 12-month period ending in April.

The increase in prices for goods other than food showed that the nation will continue to have serious problems with inflation even after the upward spiral in food prices eases. However, administration officials expect inflation will begin to ease at all levels by summer and continue to improve during the rest of the year.

April's 0.3 percent decline in food prices at the wholesale level followed four consecutive months in which those prices had advanced at more than one percent. The department said there were lower prices for pork, coffee, fresh vegetables and poultry.

Contest On For Mother Of The Year

Who is Scurry County's "Mother of the Year" in 1979?

You may help make the selection by submitting a nomination. All that is required to nominate a mother for the honor is a letter setting forth the reasons for the nomination. In other words, simply tell us in your letter why you are nominating this person for "Mother of the Year" honors.

Letters of nomination must be received in the Snyder Daily News office by Wednesday, May 9. The nominee selected by the judges will be the subject of a feature story in the Mothers Day issue of The Snyder Daily News on Sunday, May 13, and also will be presented flowers by the Daily News.

The SDN Column

Picked up from the mail:

Noting that women living alone have many unique safety problems, the FBI has recommended these safety precautions.

Use good judgment in selecting a place to live.

Have the locks in your new home re-keyed, or change the locks, preferably to dead bolts.

Don't leave keys under the door mat or in the mailbox and never put your address on your key ring.

Have sound locks installed on windows and sliding glass doors.

List only your initial and last name on your mail box. (Do not use "Miss," "Ms." or "Mrs.")

Have a wide-angle viewer or "peep" hole installed in your front door.

If you list your telephone number, show your initials and last name only, or list your complete name with no address.

Demand identification from unknown callers.

Hang up immediately on threatening or obscene telephone callers and never give personal information to strangers on the phone.

★ ★ ★

Some of these recommendations are appropriate for everyone. We long ago formed the habit of withholding any information to "wrong-number" callers. If they ask "who is speaking," or Who is this?" we respond with "whom were you calling?"

But the call that irritates us more than all others is one in which the caller wants to discuss an issue or lodge a complaint but refuses to identify himself. We have no time to waste on these people.

Another irritant is the salesman calling via WATS phone from a distant city trying to make it appear that the call is of local origin and that there is a deal that all of our friends are jumping on and that we should have our head examined if we don't take advantage of it.

The cactus patch philosopher says the best way to acquire a good case of anxiety is to realize that you have nothing to worry about.-WACIL McNAIR

Ask Us

Q-On what grounds were Snyder elementary school pupils denied permission to attend the children's theatre play at Western Texas College?

A-The Snyder Independent School District Policy book has the following entry under the heading of Use of School Facilities-Admission Programs During School Hours: "We believe that it is detrimental to our school program to take time out for admission programs for out-of-school interests. Since it is difficult to determine which programs will have the most merit, we, therefore, recommend that no outside programs to which admission is to be charged be permitted during school hours. No matinee programs will be permitted; unless they are sponsored directly by the schools." This policy was adopted by the board of trustees on Aug. 10, 1965.

Funds Set For Cancer Victim

Trust funds have been set up for Mrs. E.H. (Ann) Comstock at West Texas State Bank and Snyder National Bank.

Mrs. Comstock is a cancer patient and has been commuting to Houston where she receives much of her treatment, said friends of the family. Donations are needed to help defray treatment costs and travel expenses, they said.

The family resides at 1201 24th St.

Pending Clarification...

Residential Loans Here Temporarily Suspended

While the legislature and Gov. Bill Clements ponder interest rate ceilings, mortgage loan sources for residential construction are temporarily non-existent in Snyder.

Suspension of FHA and VA loans in Texas were announced several days ago, and both savings and loan firms in Snyder have followed with suspensions of their own.

Charles E. Beil, president of First Federal Savings and Loan Association, in a formal statement, said that First Federal was making an unprecedented move to refrain temporarily from lending on the security of first mortage liens upon single-family residential real estate.

John Pickering Jr., vice president and comptroller of Snyder Savings and Loan, said his firm was not making loans on dwellings.

"We are not making any loans, except for small amounts such as a few home improvements," said Pickering. "And we are not making any loans at all outside our own area. We feel that we should protect the home-folks as much as possible."

The FHA and VA loan guarantees were suspended in Texas due to the 10 percent ceiling on interest provided by the state's usury law.

Money market certificates of deposit offered by many savings and loan firms and banks have brought well over 9½ percent interest to the savers, and in cases where penalties have been warranted, the interest funds have been bumping the 10 per-

SNYDER TEMPERATURES: High Wednesday, 82 degrees, low, 56 degrees, reading at 7 a.m. today, 57 degrees, precipitation, .01, total precipitation for 1979 to date, 4.09.

Today's Lucky Number Is 32,481.

West Texas-Scattered showers and a few thunderstorms most sections with occasional rain north and scattered thunderstorms south. Cooler north. Decreasing cloudiness Friday with widely scattered showers southeast. Highs 50 Panhandle to 95 Big Bend. Lows near 40 Panhandle to near 60 south. Highs Friday 62 Panhandle to near 90 Big Bend.

PREPARING FOR NEW ADDITION-Street paving is underway this week in the East Ridge Addition, a residential development that is due to see its first houses erected soon. Rogers and Rogers, Fort Worth developers, have indicated that work on some model homes will begin shortly. (SDN Staff Photo)

ESA READY FOR 'HOLD UP'-From left, Trudy Wood, Betty House, Wanda Eicke and Norma Book prepare 1,000 balloons for Epsilon Sigma Alpha's benefit project, "The Great Texas Holdup." May 5 is set aside for the society to raise money for St. Jude Childrens Research Hospital, Memphis, Tenn. (SDN Staff Photo)

Society Sets Activities For 50th Anniversary

Saturday, May 5, members of Iota Psi Chapter of Epsilon Sigma Alpha will be staging "The Great Texas Holdup." The holdup, a benefit for St. Jude Childrens Research Hospital, is in honor of ESA's 50th anniversary. Chapters all over the state of Texas will be manning coffee breaks for travelers, selling raffle tickets to various items, having bike rides and many other money raising projects.

The local chapter, Iota Psi, is selling tickets on a 12 gauge Remington shotgun for $1 each. The drawing for the gun will be held on Saturday, May 5 at 12 noon at the Scurry County Coliseum parking lot.

At that time each chapter in the state will release approximately 1,000 balloons that have been furnished by Wendy's Hamburger Chain. All donations from these money making projects will go to benefit the St. Jude Hospital. The hospital, founded in 1962 by entertainer Danny Thomas, is world renowned for its research and treatment of children's cancer and other catastrophic diseases. The hospital, located in Memphis, Tennessee, is nonsectarian, interracial, and free of charge to patients whose disease is under study at the hospital.

Once a patient is accepted the research institution provides "total medical care", even for surgery and-or treatment not related to the research in which he or she is taking part. When needed, the hospital also provides transportation and lodging for parents and the child.

The hospital is dedicated to the research and care of children with catastrophic diseases such as acute lymphoblastic leukemia, Hodgkin's disease, infatile malnutrition and other types of cancer.

St. Jude is supported solely by funds from volunteer contributions. Since 1972, ESA has raised $2 million for facility expansion and extensive research.

The women of ESA have pledged another million dollars during this 50th anniversary. The Texas membership pledged $100,000. All proceeds from the Texas Holdup will go toward this goal.

ESA International, founded in 1929, is the first non-collegiate sorority in America. Today, the sorority is one of the most distinctive leadership-service organizations for women. The members are working to aid the handicapped and meet community needs along with a full program of education, leadership training and social activities. They ask Support of the "Great Texas Holdup" to save lives of little children.

Altrurian Daughters Has Called Meeting

Altrurian Daughters Club held a called meeting at Martha Ann Woman's Club recently to discuss the use of proceeds from its recent style show and brunch.

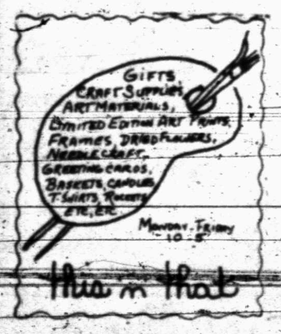

After expenses were paid, the club was able to make a substantial contribution to the woman's club, according to the club treasurer. This donation was made in remembrance of honorary members Margaret LeFeuvre and Mary Lynn Scott.

The club expressed appreciation to Snyder Drug and Stinson Drug for selling tickets and donating door prizes, and Merle Norman Cosmetic Studio for a door prize and make-ups for the models. Pat Falls and Dick Sleeper, husbands of members, were recognized for their help in making the show possible.

Kenneth Lynch's high school students set up tables, and members of Lucky 13 Sports Club served at the brunch.

It was announced that Virginia Clark will represent the club on the MAWC board next year.

The spring luncheon will be held in May at the home of Irene Smyth.

Take Care

Sun Bathing

Today's sunburn is tomorrow's wrinkles, and possibly skin cancer as well, says the American Cancer Society. Overexposure to the sun is the main cause of some 300,000 cases of skin cancer each year. When getting a tan, use a sunscreen preparation containing PABA, the ACS advises.

By Oswald Jacoby and Alan Sontag

When you use weak two bids in rubber bridge it is very good general practice to make sure that you have a good suit. In match point duplicate the same rule should apply but you can afford to relax it if the spirit moves you.

Today's weak two bid would result in tragedy for North and South at either game.

Left to themselves East and West would probably have wound up in a part score. Three notrump can be made but it might go down and is not a good contract.

West had no bid over the two-spade opening but East could afford to make a takeout double and did just that whereupon West converted it to a penalty double by passing.

Clubs were opened and continued. South took the second club and lost the heart finesse. East promptly led his singleton trump. Eventually South did make two trump tricks and three outside aces.

The game was rubber bridge and East-West scored 500 for the penalty plus 100 honors for a nice plus of 600.

South explained that he had saved the rubber for a mere 600.

However, anyone who makes a practice of paying 600 points to still leave his opponents with one game toward rubber is paying far too much.

DAY OF PRAYER-Snyder Chapter of Eagle Forum met for a noon luncheon in observance of National Day of Prayer. Sam Kitching, minister of East Side Church of Christ was speaker for the meeting. All Scurry County ministers and their wives were honored guests. (SDN Staff Photo)

Local Day Of Prayer Held

The First Baptist Church was the scene of Snyder's own version of the proclaimed National Day of Prayer. Ministers and their wives from all over Scurry County were the honored guests of the Snyder Chapter of Eagle Forum, May 1.

At the noon luncheon, Wanda Justice, vice president of Eagle Forum, opened the meeting with the Pledge of Allegiance to the Flag. In her opening remakrs, she observed that since we could not be in our nation's capitol on this special day, we were doing what we could do in Snyder, with the various faiths joining hands in prayer, and in confessing that we all are in one accord in our loyalty to our country and our God. May 1, 100,000 people were to meet at the Washington Monument in Washington, D.C., for a peaceful demonstration of prayer and were to continue to the White House, and a candlelight service at the Lincoln Monument.

Featured speaker was Sam Kitching, East Side Church of Christ minister who quoted from the theme scripture, II Chronicles 7:14. He also commented on Proverbs 14:34.

Virgil Mott, pastor of Bethel Baptist, led in the singing of patriotic songs.

Special prayers for home, community and the nation were led respectively by A.J. Haley of the United Pentecostal Church, E.H. Hernandez of Templo Bautista, and Joe Stansell of Ave. D Baptist Church. Ken Andress of the First Baptist Church led the opening prayer. Other special guests recognized were Mrs. Pat Abbananto, wife of minister of 37th St Church of Christ, Mrs. Hernandez, Mrs. D.C. Jones, wife of minister of Bethel Assembly of God; Mrs. Miller Robinson, wife of minister of Colonial Hill Baptist; Mrs. Haley; Mrs. James Jackson, wife of minister of 1st Assembly of God; Mrs. Kitching, and Mrs. Andress.

Buddy Helms of Hermleigh Baptist dismissed the group with a prayer.

HERMLEIGH NEWS

By ADALA DRENNAN

Little Andrew Alvin Helm, son of Rey and Mrs. Buddy Helm arrived Friday night weighing seven pounds, four ounces. Congratulations to the happy parents.

The Hermleigh Community Bazaar was a real success and was held in the auditorium of the High School from 8 a.m. until 5 p.m. Proceeds from the affair totaled $827.50. A large crowd attended and many from near by towns. Sincere thanks are extended to Mrs. Joy Fuqua, Mrs. Bertha Holdridge, Mrs. Ruth Davis, Mrs. Gradeen Roemisch, Mrs. Frances Thompson, Mrs. Nell Henry, Mrs. Shad Nachlinger, Mrs. Jervia Farr, Mrs. Jimmy Roemisch, Mrs. Mary Speiker, Mrs. Jerry Vernon and the many others who gave so willingly of their time to make the bazaar such a success. The next money making project will be in October with the exact date to be mentioned at a later date.

Doyle Wemken is in Arlington Memorial Hospital, Arlington, rm 4311 and is reported to be doing well after back surgery.

The Hermleigh Cemetery Association met at the Community Center Monday night for their annual meeting. Election of officers was held with Mr. Bill Jordan as president, Jerry Clift as treasurer and Mrs. Oleta Jackson, secretary. Board members are Mrs. Ben Nachlinger, Leo Nachlinger, Glenn Tate and Osman Jackson. Thanks are extended to the HS junior boys who mowed and worked at the cemetery recently.

Mrs. Anson Martin attended her little granddaughter (April's) first birthday party at the Rotan Park Saturday afternoon, after which she came home with her grandmother and spent the night and Sunday with her grandparents.

Guests of Mr. and Mrs. Anson Martin over the weekend, were their daughters, Karen Brown of Arlington and Linda Thurman of Dallas; also their son Richard Martin and a friend, Laurie of Midland.

Mr. and Mrs. N.C. (Merle) Dittrich of Amarillo visited her sister, Mrs. Inez Rinehart, from Friday until Sunday afternoon. Miss Clara Buffington, their sister of Snyder, also joined the group and all ate supper at Big Spring on Saturday night.

The Quilting Club met Monday for their day of quilting and luncheon with 11 attending. Mrs. Oleta Jackson displayed a lovely star design within a square top.

Mrs. LaVon Bridges of Ira taught in the Bible School Clinic at the First Baptist Church of Sweetwater Monday evening.

Mr and Mrs Virgil Richburg hosted a dinner for all the Richburg families at the Spanish Inn, the same evening.

Mr and Mrs O W Richburg and Mrs Maurine Wall had lunch together Sunday at K-Bobs in Snyder.

Mrs. Elsie Stahl has returned from Junction and Fredricksburg where she visited friends.

The Canasta Club met last Thursday and those attending were Mrs. Elsie Stahl, Mrs. Oma Houston, Mrs. Rachel Lassiter, Mrs. Verda Johnson, Mrs. Rella Young, Mrs. Thaba McMillan, Mrs. Maurine Wall, Mrs. Pearl Watts, Mrs. Gaye Stahl, and Mrs. Adala Drennan.

Mr. and Mrs. Bill Boyce have gone to Aztex, N.M., where he is engaged in construction work.

Mrs. and Mrs. George Maule have returned from visiting his brother, Mr. and Mrs. Boyd Maule and their son Jimmy and family, in Pampa; and also his sister, Mary and family. From there they went to Sayre, Okla., to visit another sister Mr. and Mrs. Curtis Willsie and family and their son, Leon and his family and son, Wayne. Mrs. Willsie has a hobby of growing flowers in her green house which has grown into an interesting business.

DENNIS THE MENACE

BUILDING DESTROYED---A processing unit at Basin Wax was gutted by a fire that swept through the facility north of Snyder early Wednesday morning. Although no one was injured, the building was gutted and operations shut down. Latest estimates by plant manager William Powell put the loss at about $225,000 and three to 3½ months before operations resume. (SDN STAFF PHOTO)

By $1 Billion...

Proposed State Budget Exceeds Clements Goal

AUSTIN (AP) — When senators begin debate, possibly next week on the state's 1980-81 budget they will start with a proposal that is $500 million more expensive than a House-passed version.

The $20.8 billion two-year budget approved Wednesday by the Senate Finance Committee also exceeds Gov. Bill Clements' proposal by $1 billion.

Jim Oliver, assistant director of the Legislative Budget Board, said the finance committee version will leave about $50 million "unobligated and available for other purposes."

Clements proposed a $19.8 billion budget and a plan to cut state taxes by $1 billion.

Finance committee totals that differ from the House version include:

$900 million more in state funds for local school districts.

A 5.1 percent pay raise for state teachers, compared to 7 percent approved by the House.

A 5.1 percent salary increase for district judges, compared to a 19.8 percent annual raise voted by representatives.

Once the Senate passes a budget bill, the versions of both chambers will be sent to a conference committee to work out differences.

Both the House and finance committee proposals include the step-up increases for teachers at various experience levels that Clements has criticized as unnecessary and unfair to other state employees.

Committee members decided to raise state employees' salaries by 5.1 percent a year. The House bill provides money to raise state employees 7 percent, but only on the first $20,000 of their salaries.

The committee voted to give 5.1 percent pay raises to state university faculty and staff making $15,000 or less. School presidents would decide whether to grant raises to persons making more than $15,000.

DONATION MADE --- The Snyder Day Care Center received a gift from the Snyder Noon Kiwanis Club in the form of a $200 check presented to center director Shirley Fritz by club president Bob Clifton, above. The gift was made as part of the Kiwanis Club Youth Emphasis Program. The day center provides day care for children from economically disadvantaged families while the parent or parents work.

Witnesses Going To Arlington

The Snyder Congregation of Jehovah's Witnesses are making final preparations to attend their semi-annual circuit convention. It will be held in their own Arlington assembly hall May 5 and 6.

The theme for the program is "Keeping Clean and Zealous For Fine Works," stated Jack Bryant, presiding minister of the Snyder Congregation. He said the program will discuss the need of maintaining moral and spiritual cleanness in congregations. The Bible Book of Titus, chapters 1 and 2, will be explained for the listeners.

Open Horse Show In Howard County

Ira Cemetery Work Day Set

IRA—A work day has been set Saturday at the Ira Cemetery.

There will be a business meeting at 10:30 a.m. at the Ira Community Center and everyone interested in the Ira Cemetery is urged to attend.

"WE DID SOMETHING TO CUT ENERGY COSTS YEAR ROUND!"

Mr. and Mrs. Roger Staubach, Dallas, Texas

We've done a lot of little things to save energy, but our bills have kept going up.

So we decided to do a big thing. We put in a Carrier Year-round One heat pump air conditioner.

It cuts our heating bills in the winter, and it gives us efficient cooling in the summer. We think a Carrier heat pump air conditioner is the only way to go.

"Why not cut your fuel bills, too?"

Carrier

Dealers Plan 'Gasless Weekend'

NEW YORK (AP)—Buying gasoline the weekend of May 17-20 may be difficult in many parts of the nation if service station owners are successful in their plans for a "gasless weekend" to protest federal controls on their prices.

The idea originated in California, where most dealers are expected by industry officials to participate, and since has spread to other states, including Connecticut, Illinois, Idaho, Iowa, Washington, Nevada, Louisiana and Arizona, according to officials of state dealer associations.

It is unclear, however, just how many dealers nationwide might participate in the proposed closing.

"If something isn't forthcoming from the Department of Energy, many dealers may join the movement," said Charles Matties, who operates an Exxon station in West Hartford, Conn.

"There's a definite feeling toward doing something," said Matties, a former president of the National Congress of Petroleum Retailers, an industry group that has refused to endorse the shutdown proposal.

The aim of the gasless weekend is to force the government to loosen controls on the mark-up gas stations are allowed to take on sales of gasoline. That mark-up, known as "dealer margin," cannot now exceed the amount it was in May 1973, plus 3 cents. Dealers also have been allowed to add small amounts to cover some other costs.

The dealers want the current system replaced with a straight 25 percent mark-up over the wholesale price of gasoline.

The dealers acknowledge that the gasless weekend would inconvenience the public.

"It wasn't our intention to hurt the public, but we don't know what else we can do," said Don Skilling, a spokesman for the California Service Station Association.

PRIZE PRESENTED--Helene Tutt, 2702 Ave. E, was the winner of a 19-inch color television given away by the Snyder Lions Club in a benefit project. Erwin Pavlik, project chairman, presented the prize. The Lions Club raised some $760 in the project to assist Lions District 2T2 Eye Bank to reduce the balance owed on a Corneal Endothelial Microscope. (SDN Staff Photo)

Another Snyderite In 'Greensleeves' Magic'

The Western Texas College theatre has added another community resident to the cast of "Greensleeves' Magic" set for production on May 11-12, Jeanne Kobuszewski, director, has announced.

Gloria Ziske is the new cast member, replacing Monette Sentell in the role of the Queen. Mrs. Sentell withdrew from the cast due to illness that caused her to be hospitalized.

Mrs. Ziske will be making her debut on the WTC stage in "Greensleeves Magic," the final production of the season. She will be playing opposite John Hopkins, who has been cast as the King. The Queen is stately yet subservient, not without intelligence, and longs for the kingdom to regain the happiness which was taken away by a spell of the wicked Grand Duchess.

Having been deposed from the rule of the kingdom, the King and Queen while away the hours playing checkers. The Queen usually wins, which does not help matters at all because winning makes her happy, and if news of her happiness reaches the Grand Duchess, it's off to the dungeons.

"It's my pleasure to be associated with the cast members and Miss K," Mrs. Ziske says. "These young people are 'super human beings' so kind and helpful and understanding. I didn't realize all the work that is done behind the scenes, and these people are real workers and showmen."

Gloria came to Snyder in 1974 to open "It's A Boutique," a women's apparel shop. She and her husband, Bill, had owned the American Motor Inn prior to that time, and they now operate the Inn Originally from Chicago. Mrs. Ziske taught fourth grade for 15 years in the suburbs. She is a remedial reading teacher and was the only qualified one in the system at that time.

The Ziskes have four children. Del and his family live in Glenview. Ron and his wife, Paulette, live in Snyder. Billy, 13, and Mary Jo, 17, are students in Snyder schools.

Tickets for "Greensleeves Magic" are $1 for students and $2 for adults. Performances are scheduled for 10:30 a.m., 1:30 and 7:30 p.m. on both May 11 and 12. Reservations may be made by calling the Fine Arts Division office at WTC, 573-8511, extension 240, during regular office hours. Tickets are available for all performances at this time, but they are selling well and reservations are advisable.

Pack 177 Goes To Planetarium

Cub Scout Pack 177, sponsored by Stanfield P.T.A., went to the Western Texas College Planetarium Tuesday. In keeping with this month's theme "Lights in the Sky", the program was entitled "Stars Over Snyder". Sherri Muncrief presented the program and told many uses of the North Star.

Oliver Cromwell dissolved the Long Parliament in 1653.

Award Goes To Sidney Rancher

A Sidney rancher was honored as the absentee conservation farmer-rancher of the year Tuesday at the 1979 Area I Soil and Water Conservation awards banquet.

Kenneth Gibson, who was nominated by the Upper Colorado Soil and Water Conservation District received the award before a crowd of about 270 people at the Texas Tech University Center Ballroom. Accepting the plaque for Gibson who was unable to attend was Carl Williams, Chairman of the Upper Colorado Soil and Water Conservation District Board of Directors.

Frank Gray, chairman of the Texas State Soil and Water conservation Board was master of ceremonies for the program that honored 14 people for their efforts and talents of making wise use of renewable natural resources.

Area 1 consists of 51 counties and 47 soil and water conservation districts in the Panhandle and High Plains of Texas. Sponsors of the regional awards program are the Texas State Soil and Water Conservation Board, the Association of Texas Soil and Wafer Conservation Districts and the 199 local Soil and Water Conservation Districts in Texas.

A list of the awards, the recipients and nominating districts follow.

Outstanding conservation district - Ochiltree SWCD, Bill Miller, chairman, Perryton.

Outstanding resident conservation farmer-rancher - G. Neil Davis of Wellington, Salt Fork SWCD.

Absentee conservation farmer-rancher - Kenneth Gibson of Sidney, Upper Colorado SWCD.

Essay Contest - 1 Chris Kirksey of Booker, Lipscomb SWCD. 2 Ann Jeffrey of Pampa, Gray SWCD. 3 Katrina Chaffin of Southland, Garza SWCD.

Poster Contest - 1 Alvin Meyer of Happy, Tule Creek SWCD. 2 Amy Long of Childress, Hall Childress SWCD. 3 Kimberly Hand of Matador, Upper Pease SWCD.

Conservation teacher - Kenneth Foster of Levelland, Hockley SWCD.

Wildlife Conservationist - Randy Beasley of Morton, Cochran SWCD.

Public media award - Jim Steiert, farm and ranch editor of the Hereford Brand, Tierra Blanco SWCD.

Conservation homemaker - Mrs. Leta Goodin of Claude, Staked Plains SWCD.

Attending from the Upper Colorado Soil and Water Conservation District were district directors Carl Williams, Walter Stirl, W.L. Wilson, Jr., Burl Belew and Leon Sterling and their wives; Soil Conservation Service staff members Erwin Pavlik, Charles Anderson and John Meetze and their wives; district clerk Gloria Ortegon and her husband; and the Upper Colorado SWCD 1978 resident conservation farmer-rancher Don Wills and Mrs. Wills.

Cousineau First NFL Draft Pick

NEW YORK (AP)—Tom Cousineau, an All-American linebacker from Ohio State, was selected by the Buffalo Bills as the No. 1 choice in the 1979 National Football League college draft today.

It took less than a minute for the Bills to make the selection, using a pick they received from San Francisco in the trade last year that sent running back O.J. Simpson to the 49ers.

The Kansas City Chiefs, as expected, then went for defensive line help, taking Colorado State tackle Mike Bell, whose value did not diminish despite a late-season knee injury.

The Cincinnati Bengals, perhaps jolting the hopes of the Giants, took Washington State quarterback Jack Thompson as the third pick. That brought a rousing reaction from the crowd -- booing, cheers and some taunts directed toward the Giants' table.

The Giants had the No. 7 pick.

Thompson, nicknamed the "Throwin' Samoan" because his family moved from American Samoa to the United States when he was 4, passed for an NCAA record 7,818 yards in four seasons and ranks among the all-time career leaders in total offense, completions and touchdown passes.

As the names rolled by, one by one, dozen after another, they were duly noted by the Washington Redskins.

George Allen's "The future is now" philosophy came home to roost today.

While the rest of the National Football League's 28 teams went through the annual rite of rebuilding, the Redskins sat helplessly by as one blue-chipper after another went from the college ranks to the high-priced rosters of the pros.

Normally, you can count the gilt-edged players in any draft on one or, perhaps, two hands. And by the end of the second round, you can be certain virtually every star will be gone. But today, Washington had to wait until the fourth round - the 103rd player - before making its first selection. In all, Washington has only five picks in this draft, the fewest in NFL history.

Allen didn't believe in youth movements. He wanted veterans, and was willing to deal away draft choices by the bushel in order to get them. He believed in instant success. The future was, indeed, now, he believed.

But now he is gone - along with so many of the rookies that might have been his.

Oliver Slugs Ranger Win

KANSAS CITY, Mo. (AP)-Smooth - talking, smooth-swinging Al Oliver may raise some eyebrows among Rod Carew fans, but he says he knows exactly what it's going to take for him to win the American League batting title.

"A little luck," said the Texas Rangers centerfielder.

Oliver, who swears Kansas City pitchers are always hard on him, collected two hits Wednesday night as the Rangers took a rain-soaked, 3-2 victory over the Royals.

His 425-foot solo home run in the fifth provided the winning margin for Steve Comer, 2-3, gave the Rangers a 2-1 margin in the first season series between the two Western division rivals and hiked his batting average to .371.

"If I get some luck," Oliver said of the batting race, "it's no contest. No one hits the ball better. A few breaks are all I need."

Royals' starter Dennis Leonard, 3-3, went the distance and took the loss after Oliver slugged his first offering of the fifth inning over the centerfield wall.

"Just before I went up, I told (Mike) Jorgensen, 'The only way I'm going to get a base hit off these guys is to hit one out,'" Oliver said. "Their defense is super. They pitch me well and play me according to the way they pitch me. These guys are tough."

After Oliver lined out in the first to Frank White, who turned a sparkling double play, Buddy Bell singled home Johnny Grubb for the Rangers' first run in the first inning.

Spurs Edge 76ers; Face Washington

SAN ANTONIO (AP)-The San Antonio Spurs have earned a playoff rematch with the Washington Bullets. And veteran Louie Dampier says the Spurs will show up this year without the playoff monkey that's been on their backs for a decade.

With emergency starter Mike Green hitting nine crucial fourth-quarter points and guided by the seldom-used Dampier, the Spurs shaded the 76ers 111-108 Wednesday night in the decisive seventh game of an NBA Eastern Conference semifinal series.

The Central Division champion Spurs have qualified for either the ABA or NBA playoffs in 11 of the franchise's 12 years, but hadn't won a series since 1968 - when they were the ABA's Dallas Chaparrals.

They also won the Central Division last year and got a bye into the second round, only to be eliminated by Washington in six games. There was grumbling about a playoff jinx.

"It's just a nice thing to, finally get the monkey off our back," said the 34-year-old Dampier, who hit two fourth-quarter jumpers and quarterbacked the Spurs' late surge.

"That jinx ended right here tonight," San Antonio's George Gervin said after the game.

"A lot of people said we couldn't win, but we all had faith in ourselves," said forward Larry Kenon.

The Spurs, who had frittered away a 3-1 lead in the best-of-seven series,, led the 76ers by as many as 18 points in the second period and nine at halftime.

Cards Cut Astros, 5-2

ST. LOUIS (AP)-A pesky head cold kept John Denny in distress while warming up to take on the batting order of the Houston Astros.

But his greater tribulation was yet to come as Denny, a tall St. Louis Cardinals right-hander, survived early problems to notch his second triumph on an eight-hitter Wednesday night.

That Denny, 2-2, was around to finish the Cards' 5-2 victory served as a tribute to grit.

"Everything was bad," he complained of a faulty start marked by three walks, a balk, Cesar Cedeno's RBI double and a wild pitch during the Houston first inning.

"When I started off like I did, I knew that I was just going to have to reach back. I didn't have much. I had a good defense, though. The guys made the plays."

The defense to which Denny referred bailed him out of deeper trouble after Cedeno doubled home Craig Reynolds with one out and took third on the wild pitch.

Softball Meeting

A coaches and managers meeting of the Snyder Girls Softball League will be held 7:30 p.m. Friday in the Snyder Savings and Loan hospitality room.

Everyone interested in coaching or managing girls softball is invited to attend.

STATE BOUND--Snyder High School freshman Pam Brown will compete in the state track meet at Austin this weekend. Brown won the 100-yard dash in regional competition to qualify. See article below. (SDN STAFF PHOTO)

Freshman Competes In State 100 Dash

Snyder High School qualified four athletes to the state track meet this season, none seniors, and the youngest a freshman.

The ninth grade participant is the only young lady in the group. Pam Brown.

Pam, who won the Region I Class AAA meet with an 11.2 in the 100-yard dash, was to leave for Austin today in preparation for her Friday night run at Memorial Stadium.

Earlier in the year, at the Snyder Girls Invitation Meet here, Pam ran an 11.8 to take second place behind AAAA's Beth Stone of Coronado (11.7). Since that time, she won the District 3-3A meet with an 11.71, and went on to take a victory at regionals and with it a berth into the state meet this weekend.

Her youth is what keeps Pam from worrying much about the competition at state.

"No, I'm not really worried about it. I'm a little nervous, I guess. But if I don't win it this year, I've got three more years to try."

The other athletes from Snyder which will compete in the state meet can sing a similar tune. Thomas Selmon, a junior, and Dale Jenkins and Brad Richardson, both sophomores, will attend the boys state meet May 11-12, also in Austin. Thomas competes in the long jump, while Brad and Dale compete in the high jump and pole vault, respectively.

Ira Enters State Meet In Girls Shot Put Event

IRA-For the first time since track has gone UIL, a girl from Ira High School will be competing at the state track and field meet in Austin.

Linda Cooley, recently selected outstanding track athlete here, placed second in the shot put at her regional meet to qualify for the finals held this weekend at Memorial Stadium.

Linda, a senior, will compete in Class B at 10 a.m. Saturday. She will leave for the meet today, however, with few worries about her competition.

"I'm not nervous at all. It's just a great thrill to be going. I'll wait until it comes time to throw. Then I'll be nervous," she laughed.

Her best throw in competition has been 36 feet, 11 inches, at the regional meet in Levelland. But she's heaved the shot 38-4 twice in practice since that time, and her coach, Gary Fox, feels that will be competitive.

"I'm really not sure what people have been doing this year," he said. "I imagine the winning throw will be over 40 feet, but a 38-foot throw should be very competitive."

A participant on the district championship basketball team as well, Linda is use to competition. She won first in the shot at her district meet, and took blue ribbons at Roby, Grady and Borden County as well this season.

She was also on the tennis team, treasurer of the student council, senior representative, is third in her class, and is a cheerleader. She is also on the annual staff.

Linda is the daughter of Mr. and Mrs. David Cooley of Ira.

IRA SENDS ONE, TOO--Linda Cooley, Ira High School senior, will represent the Bulldogs in the shot put at the state meet in Austin this weekend. Linda will be the first girl from Ira to compete in a state track meet since the sport came under UIL supervision. (SDN STAFF PHOTO)

Connors Passes Quarterfinals

DALLAS (AP)-Jimmy Connors said it wouldn't be any fun if he was perfect all the time.

And the world's No. 2 player was far from flawless Wednesday night in a World Championship of Tennis quarterfinal victory over hustling Gene Mayer, currently ranked No. 55.

Connors prevailed 6-7, 6-1, 6-4, and 6-1 but it took two and one-half hours and a good deal of frustration in his first meeting ever with the 23-year-old New Yorker, who plays all shots two-fisted with an oversized racquet.

Connors will play 20-year-old John McEnroe in the semifinals Friday night. The survivors for the other semifinal match will be determined tonight when defending champion Vitas Gerulaitis meets Brian Gottfried and No. 1 ranked Bjorn Borg plays Australian Geoff Masters.

Floating Interest

(Continued From Page 1)

fixed percentage on top of that and I am suggesting 9 percent."

He added that today the 10 year bond rate is 9.31 percent. If the floating rate were operating today, the cap would be 11.3, Clements said.

However, the actual market selling rate is 10.55 percent, he continued.

"In my opinion, if we were operating under that today, the rate would be slightly less than 10.55 on mortgages," said Clements, who said he had reviewed reams of material on the subject.

Attorney General Mark White informally has decided that a floating interest rate tied to a definite cap would meet constitutional requirements for a usury limit, the governor added.

Although switching positions on a higher interest limit, Clements reiterated that increased interest rates are bad for the public and inflationary.

"There is no question that the public out there, the Texas public, does not want higher interest rates on their mortgages," he said. "That is just like saying, 'Give me a bad case of poison ivy.'"

He blamed the Carter Administration in part and questioned the timing of Fannie Mae's announcement.

"It's certainly a coincidence that all this is taking place here within two or three weeks" he said. "It is a rather strange coincidence but the situation does exist and I have no other choice."

Clements denied trying to "play safe" by letting Fannie Mae force him into a position on higher rates.

Cotton

NEW YORK (AP)—Cotton futures No. 2 were lower at midday dealings today.

The average price for strict low middling 1 1-16 inch spot cotton advanced 68 points to 62.02 cents a pound Wednesday for the ten leading markets, according to the New York Cotton Exchange.

Midday afternoon prices were 60 cents to $1.95 a bale lower than the previous close. May 62.15, Jul 63.72, and Oct 64.85.

Two Mishaps Reported Here

Two minor traffic accidents were investigated Wednesday by city police.

The first occurred about 10:15 a.m. in the Varsity Square Shopping Center parking lot and involved a parked 1970 Plymouth owned by G.A. Milliken and a vehicle which fled the scene.

The second was shortly after 4 p.m. at the Sonic Drive-In. There, reports show, a 1966 Chevrolet driven by Morris Wayne Anderson and a 1976 Oldsmobile driven by Terry Sue Murphy were in collision.

Firemen Called

A minor air conditioning fire at Hoyt Furniture Co. was extinguished Wednesday afternoon by Snyder firefighters.

The blaze was reported at 4:12 p.m.

Loans

(Continued From Page 1)

cent limit.

Although his firm has not issued any money market certificates of deposit, Pickering said that the 10 percent ceiling has left no alternative for Texas firms to compete with other states.

Beil's formal statement on First Federal's temporary suspension of loans on single-family residential real estate:

"Historically, this institution has successfully planned to provide an uninterrupted flow of funds to the mortgage lending markets which it serves. This remains true despite the current economic cycle which has seen most institutions curtail or eliminate such loans.

However, due to artificial factors and concerns which have been brought to the mortgage lending market by governmental entities, considerable confusion exists within the market place. Consequently, this institution feels that it must refrain temporarily from lending on the security of first mortgage liens upon single-family residential real estate.

"We anticipate resuming this service at our offices in Big Spring, Odessa, and Snyder as quickly as the variety of factors affecting the market place are resolved by the economic cycle, the state legislature, or the courts."

At White House...

Billy's Visit Ignored

By FRANK CORMIER
Associated Press Writer

WASHINGTON (AP)—President Carter's trimmed-down, sober brother seems to have become "Billy who?" around the White House.

When Billy was released from a California naval hospital and indicated he was heading straight for Washington, The Associated Press made three calls to the office of Mary Finch Hoyt, Rosalynn Carter's press secretary.

Although Mrs. Hoys's office normally handles inquiries concerning the Carter family, the three calls produced no information about brother Billy's plans or whereabouts.

Next morning, however, Billy showed up in the White House press center looking for reporters he knows.

Yes, he'd spent the night as expected.

So a fourth call was made to Mrs. Hoyt's office, which said the president's press secretary, Jody Powell, would handle all questions about Billy.

So Powell was asked about the overnight visit of the "first brother" at his press briefing a few hours later.

"That's the first I've heard he was here," said Powell, who had nothing to say about the matter.

By that time, Billy was back in Georgia.

Vice President Walter F. Mondale was being interviewed in his White House office when television cameramen doused their floodlights.

"Sometimes the lights go out when I speak," Mondale joked. "That is the trouble with being vice president. From time to time you run short of power."

What a difference a presidential decision can make - especially among Carter associates.

Take the case of oil price decontrol and inflation fighter Alfred E. Kahn.

In March, the bulletin of the Consumer Energy Council of America quoted Kahn as telling a consumer group:

"I have no doubt whatsoever that deregulation of crude oil will be seriously inflationary. Letting the price rise to the monopolistic world level ...will make it more difficult for us to persuade labor to respect the wage standards, and so threatens to give another twist to the wage-price spiral."

A few weeks later, after Carter opted for gradual decontrol, Kahn had the following exchange with a reporter at the White House:

Q. Mr. Kahn, I would like to ask you if you are 100 percent behind the decision to decontrol domestic oil prices?

A. I am now 100 percent behind the decision to decontrol crude oil prices.

Q. When did you become that way?

A. I was always 49½ percent behind it because ...I have always felt...in the long run we are better off getting rid of all this garbage. That includes a large segment of the Department of Energy (laughter) which is engaged in doing a ridiculous thing."

The Royal Canadian Legion approved use of the Maple Leaf flag as the national flag of Canand in 1968.

Academy Appointments

Based On Competition

WASHINGTON — Congressman Charles W. Stenholm reminds young persons who are interested in competing for nominations to the service academies, for the class entering July 1980, that he will use a competitive method of selection so that all young persons who meet the necessary requirements may be considered.

The service academies are the Naval Academy at Annapolis, Maryland, the Military Academy at West Point, New York, the Air Force Academy near Colorado Springs, Colorado, and the Merchant Marine Academy at Kings Point, New York. These institutions offer a fine education and a great opportunity for service to their country by young persons who wish to follow a military career.

In order for Congressman Stenholm to consider applicants, a candidate must meet these requirements: (1) must be a U.S. citizen, (2) must be over 17, and a legal resident of the 17th Congressional District, (3) must be under 22 years of age on July 1, 1980, (4) must never have been married, (5) must be physically fit, including excellent eyesight, (6) must have a good high school record.

Stenholm stresses that political influence is not a factor in his nominations to the Academies. The important thing is not who you know but what you are.

Interested young persons who meet the above requirements should write to Congressman Charles W. Stenholm, House of Representatives, Washington, D.C. 20515, no later than July 16. ACT or SAT examinations will then be necessary as a rating device to set up slates for nomination. The competition is keen but Stenholm assured that all young persons who are interested in military careers may have an opportunity to compete for nomination.

Berry's World

After making an immense fortune in business, Andrew Carnegie retired at age 66 in 1901 to devote himself to philanthropy. In a lifetime of gifts and bequests, mostly for education and international understanding he gave away about $333 million.

SWITCH TO ELECTRIC HEAT WITHOUT HIGH HEATING COSTS.
The Payne Heat Pump.

It gives you up to twice the heat per dollar as electrical resistance heating. And Payne has as high an average efficiency rating of any line of heat pumps made! In addition, the same Payne heat pump that provides clean circulating warmth in winter becomes an air conditioning system that keeps you cool in summer at no extra investment! Let us give you an accurate estimate of what it would cost.

Payne

contagious economies

So huge and so dominant is the American economy, a truism has long had it, that when the United States sneezes the rest of the developed world is likely to catch pneumonia.

Not so much has been made of that during the recent years of mounting trade deficits and depreciating dollars. The United States, to read the economic pages, at times, has become virtually a basket case. It is Western Europe plus Japan that would appear to have gained the economic upper hand.

History, however, seems to be repeating itself in a small way. The inflation that has preoccupied policy makers in the United States is, according to a recent survey in The Wall Street Journal, beginning to do the same in its economic partners.

It is not that these are strangers to the problem. Inflation has been chronic in Britain, Italy and, to a lesser extent, France during much of the postwar era. But this time around it is not restricted to a few shaky economics but general, and beginning to be the cause of the most concern in the countries that had been most stable.

West Germany is moving to tighten credit and restrict the money supply. Switzerland, with its money supply up a reported 17 percent over a year ago and the premium-valued franc actually falling against the dollar recently, is moving in the same direction. As is Japan, dealing with a creeping inflation - wholesale prices up 0.9 percent in March - that might be bearable by U.S. standards but makes the trade-dependent Japanese nervous.

Part of the blame is laid on the dollar - specifically the multi-national support effort initiated last November that has halted its decline but at a cost of something like $30 billion to participating central banks. These have been buying up excess dollars but in the process inflating their own money supplies.

Another major influence is oil, with current price increases decreed by the producers hitting Europe and Japan much more painfully than the United States, where the furor over deregulation is essentially political rather than economic.

As a consequence, much of the plan agreed upon at last year's Bonn summit have to be scrapped. That called for vigorous stimulation of the German and Japanese economies and somewhat more moderate action by other countries to equalize growth rates with a slowing United States and gradually equalize trade imbalances. Instead of stimulation, planners are turning to thoughts of applying the economic brakes.

And a consequence of that could be renewed pressure on the dollar, a shrinking of the market for U.S. goods abroad and continuing trade deficits.

It's a situation that can be expressed in one word. Gesundheit.

too speedy, perhaps?

Only July 1, a milestone of sorts will go into effect in the American judicial system unless Congress acts to change it.

It is the Speedy Trial Act and what it does is require that a defendant be brought to trial no later than 100 days following his arrest. Failure to comply means the defendant goes free.

The law is more explicit. Only 30 days may elapse between the arrest and the filing of a charge in court. Ten more days is the maximum time between the filing of a charge and arraignment. The trial must begin no later than 60 days following arraignment.

Attorney General Griffin Bell, among others, believes the 100-day limit is not long enough. Seventeen percent of the criminal cases filed each year may have to be dropped if that deadline is not extended, Bell claims. The attorney general has asked House Speaker Thomas F. O'Neill Jr. to amend the act, extending its maximum time provisions by 80 days.

There is another alternative. Could not the law be changed to extend the time limits for serious crimes or those in which unusual time-consuming factors exist? That would still guarantee a majority of cases coming to trial within 100 days, while assuring that persons charged with serious crimes are not released from standing trial.

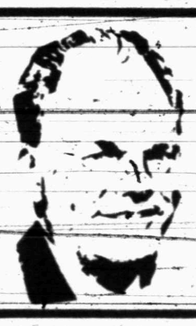

Surely the law is flexible enough to recognize the distinction.

"You're entitled to a speedy trial — you may testify to your name, rank and serial number while being blindfolded."

paul harvey

balance the budget

With Proposition 13 in California, government by the people asserted itself.

Similarly, nationally, one state at a time, the federal government is being told that it should balance the budget, that it should be required to live within its income.

My goodness, how the members of Congress are squealing!

And the President has designated an "emergency task force" to fight for his right to spend your money limitlessly.

Generations of congressmen, while running for election, have talked about "economizing," about "balancing the federal budget."

But, once in office, lawmakers discover that the easy way to re-election is to purchase your vote with the money of your grandchildren.

Thus, under whatever administration, collectively we have gone deeper and deeper into debt.

Economists came up with all sorts of explanations for why deficit spending is good for us, but out in the grass roots there is a common sense about such things which contradicts the theoreticians.

And thus the United States, 28 of them one at a time, have voted to summon a Constitutional Convention--thus to amend our Constitution, and to require our national leaders to balance our national budget.

With six more states, the President and the Congress may find themselves overruled.

Then listen to the lawmakers and the bureaucrats and the parasites holler!

House Majority Whip John Brademas of Indiana says that requiring a balanced federal budget would be "as foolhardy as prohibition."

Senate Majority Leader Robert Byrd of W. Va. calls a balanced budget "a simplistic solution," and he instead recommends raising the national debt still higher.

According to an AP-NBC survey the American people do want a balanced budget even if it requires cuts in federal programs they like.

Seventy percent favor a constitutional amendment that would require balanced federal budgets.

Generations of economic theologians have argued that increased federal spending would beget more economic activity with greater tax returns to the government and less spending for welfare.

It has not worked that way.

Now economic pragmatists are asserting that the only way to phase out the gravy train--which has encouraged idleness--and knock some cents back into our dollar is to demand that Uncle Sam spend no more than he takes in.

For politicians who must be re-eleted periodically this poses a problem. Necessarily, budget balancing means higher taxes and-or some belt tightening, either of which, however worthy the objective, is negative vote-bait.

So some members of Congress are threatening a cut-off in federal aid to those states that dare propose to limit the prerogatives of the federal government.

The most plausible objection to a Constitutional Convention came from Robert Orben. He says, "Constitutional Conventions tend to attract a lot of wild and crazy guys--people who have wooden teeth and wear wigs and dress funny and fly kites in thunderstorms."

looking back

from the sdn files

5 YEARS AGO

Officers for 1974-75 of Snyder Classroom Teachers Association were Ned Underwood, president; Dorris Witherspoon, first vice president; Elizabeth Jenkins, second vice president; Ruthie Stovall, Third vice president; Jeanelle Hammack, secretary; and Bobbie Taylor, treasurer.

Carl Mahler and Charles Baker won the State Plymouth Trouble-shooting Contest for College students at Skyline High School in Dallas. Their local sponsor was Thomas Stanfield, Inc.

10 YEARS AGO

County Judge Sterling Taylor signed a proclamation designating April 27-May 3 as "Scurry County History Appreciation Week."

Sgt. Jean Chapman was home on leave after completing a year with the 504th MP in Vietnam. Chapman is the son of Mr. and Mrs. Ollie F. Chapman.

15 YEARS AGO

Mr. and Mrs. Frank D. Stephenson were advised that their daughter, Mrs. Robert Overgaard, appeared on the "Say When" television program.

The Snyder FFA meat judging team qualified to compete in the state contest at A&M University. Representatives were John Zalman, Tommy Hallmark and Ernie Shiflett.

20 YEARS AGO

H.W. Cargile was elected as president of the South Plains Bankers Association.

Montgomery Ward Store was the winner of two awards in a company sales contest. Mrs. Dorothy Bonner, manager, won a $75 bonus for being top manager in the unit, and the staff won $50 for leading in a shoe sales contest.

25 YEARS AGO

Five students attended the state meeting of the Vocational Industrial Club of Texas in Austin. Students of the group were Mrs. Myrna Terral, Sophie Zeck, Ronald Bratton, Walt Preuitt and Dan Beckham.

Jimmy Sealy, Snyder High School student, was named best all-around cowboy for the Rotan Junior Rodeo.

my turn

by john long

I don't know what other people may be thinking, but I am kind of expecting T. Cullen and Priscilla Davis to get back together again.

At one time, they may have had their differences, but surely two murder trials and one divorce trial would bring any couple who once loved each other back together. True love can be found in tragedy, you know. Tragedy and true love are often inseparable.

The rape trial of John Rideout in Washington State showed us that. Rideout was charged with raping his wife, Greta. That's a fairly serious charge to be filed against any man. But, in the end, it served to bring the couple back together again...then back apart.

As I understand it, the Rideouts of Washington had their differences. Following John's rape trial, the couple got back together. Then they had another falling out. Then they had another reconciliation. Then they had another falling out, as any couple will from time to time. The last I heard, they were still fallen out. By the time this appears in the paper, they may be back together.

II believe something like that may yet happen in Texas.

It is not too ludicrous. My three years in the newspaper business have shown me that anything is possible. Some things are just a little less likely to happen, that's all. Nothing is impossible.

One does not have to wish himself to be somewhere over the rainbow in some nether-nether world to fully appreciate his most esoteric thoughts. If viewed from the right perspective, he can see them fulfilled before his very eyes in this world.

Such a perspective requires introspection, humor, and only a little imagination. Most people possess the right combination of observations, but choose not to dwell on the point. To see the ludicrous unfold in the lives of others is one thing, but to see it unfold in one's own life is something altogether different.

The world is tragedy to those who feel, and a comedy to those who think.

The thoughts we dare to dream all too often come true. The ludicrous lives.

congressional comment

by charles stenholm, mc

WASHINGTON, D.C. — Will Rogers once commented that the United States has never lost a war or won a conference. American generosity at the diplomatic table has caused us to rely on unrealistic indealism in the international arena instead of thoughtful pragmatism.

During the 1920's and 30's it was thought that if we could get Japan to sign enough treaties they would not dare resort to war. In 1921 Japan signed a treaty with the U.S. limiting the amount of battleships. In 1922 several nations, including Japan, signed the Nine-Power Treaty which affirmed the Open Door Policy in China. In 1928 both Germany and Japan signed the Kellogg-Briand Pact which outlawed war as "an instrument of national policy." In 1931 Japan repudiated all of these treaties and then promptly invaded China. The lesson of history is clear that treaties are made at the convenience of nations and broken at the convenience of nations.

Before long the Senate will be asked to approve a Strategic Arms Limitation Treaty (SALTII) with the Soviet Union. This treaty limits launchers, not balistic missiles, allows high Soviet force levels, and permits the Soviets to amass many multiple independent reentry (MIRV's) which can hit several targets with a single missile. It also includes inactive U.S. aircraft, but excludes Soviet Backfire bombers, and above all it does not adequately address the problem of verification.

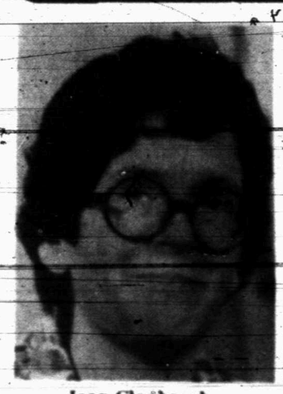

The Soviets continue to adequately fund a vigorous defense program and to date have not allowed any treaty to adversely affect their military and production programs. In technology, they lead us in high energy lasers and high yield nuclear weapons. In conventional fighting capability, the Soviets have seven times as many tanks, over six times the number of artillery pieces, and 50 times the number of trained active chemical warfare personnel. By 1980-82 they will have a commanding lead in strategic nuclear capability. During this period the number of their warheads will increase to between 6,500 and 9,200 and the number of SLBM's will probably increase to 950. In the meantime the U.S. has closed the Minuteman III production line; delayed development of the new MX missile and cancelled the production of the B-1 Bomber.

We have come from a position of U.S. nuclear monoply in the 1950's to one of strategic superiority in the 1960's to rough equivalence in the early 1970's and the forecast is that we will shortly be a clear second to the Soviets in strategic capability.

I am of the firm belief that the world would benefit from a treaty that would reduce the number of nuclear weapons. But we must always remember that armaments are an instrument of national policy, and any attempt to regulate them without regard for the factors that bring them into existence is doomed to failure. The Soviet Union is determined to pursue world domination. Until this policy is dealt with, arms control will only limit--U.S. arms.

quote/unquote

what people are saying

Joan Claybrook

"People are dying on the nation's highways in epidemic proportions."

— **Joan Claybrook, National Highway Traffic Safety Administrator, warning that over the past 12 months road deaths have sharply increased.**

"By any logical standards, our earnings are not excessive."

— **Maurice F. Granville, chairman of Texaco, reporting his oil firm's profits for the first quarter of 1979 surpassed the 1978 total by 81 percent. Texaco's first-quarter net income rose to $306.9 million from $169.7 million.**

"We want to make the nonsmoker a peer that younger students will look up to."

— **Dr. E.L. Wynder, reporting in the New England Journal of Medicine that efforts to prevent children from smoking cigarettes has been ineffective. He says current programs fail to resolve the problem of social pressures.**

"On the whole, I am convinced that the sacrificial lamb in the years of governmental inquiries has been the truth."

— **Utah Gov. Scott Matheson, charged the U.S. government, for years, had concealed the dangers of radiation from atomic bomb testing in Nevada in the 1950s. Health experts are reviewing the long-term difficulties.**

"I think I'm through driving."

— **Mrs. Bessie Richardson, 83, after driving a U-Haul truck 1,700 miles from Coolidge, Ariz., to Caseyville, Ill., in four days. With her car in tow, Mrs. Richardson (accompanied by a 78-year-old traveling companion) was transporting her furniture in order to move in with her widowed daughter.**

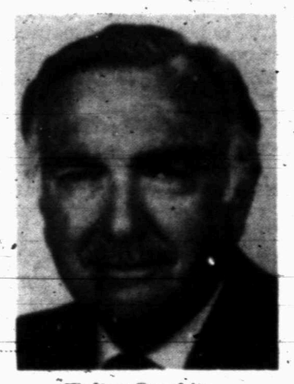

"There was nothing there. Not even a mouse."

— **Mayor Jane Byrne of Chicago, citing the removal of files from City Hall in the transition from the administration of Michael Bilandic.**

"People aren't being taught very well either to read or to think."

— **Walter Cronkite, TV newscaster, suggesting why many young Americans don't bother to read newspapers.**

Walter Cronkite

letter to editor

To The Daily News:

When a society becomes so steeped in their notions that property is an instrument to garner alms for all, when it was decreed that all voters were given the right to vote in a bond election, that day the property owners signed a deed to their property.

Unless relief can be obtained in the courts, there is no alternative left.

A revolutionist confiscated property with a gun, a socialist confiscated property with a vote, in Scurry County, they confiscate property with taxes.

Chas S. Hardy
Rt. 3, Snyder

Quack arthritis devices

By Lawrence Lamb, M.D.

DEAR DR. LAMB — Please read the enclosed articles and give me your opinion about whether these people really know something about arthritis or are just selling books. Do you know something about so-called night shades and will they really help?

DEAR READER — Regardless of what value the books described in the folder you sent me might have from a horticultural point of view, I don't believe that these will be of any help at all for arthritis.

The night shades as the folder mentioned include such diverse plants as potatoes, tomatoes and peppers, as well as eggplant. These foods do not cause arthritis. Eliminating them from your diet will not cure arthritis.

Unfortunately, there are multiple quack devices to obtain money from sufferers of arthritis. I wish we had more effective means of protecting the public from misinformation but we don't. The presence of a free press makes it very difficult to do this and, of course, having a free press is an important and precious freedom for all of us.

Unfortunately, many good things in life, including freedom of the press, can be abused by people who are inclined to do so.

As a general rule, to people with arthritis I would say do not buy or subscribe to any treatment that's offered to you through the mail or by someone coming to your door. Don't buy devices or so-called magic medicine. Don't buy products that are advertised to cure your arthritis in public magazines.

Do consult your family doctor and if you have a severe problem with arthritis, see a rheumatoid specialist. We do not have any magic cures for arthritis yet but there are a lot of things which can be done to relieve the problem and enable a person to live more comfortably and remain functional. Your doctor is the person who can help you obtain the best services that are available and meaningful.

I am returning your publication to you and I will send you The Health Letter number 4-10, Osteoarthritis: Degenerative Or Wear And Tear Arthritis. Other readers who want this issue can send 50 cents with a long, stamped, self-addressed envelope for it. Send your request to me in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

DEAR DR. LAMB — Would you please write something about Bell's palsy? What is the cause of it and is there any medication for it?

DEAR READER — Bell's palsy causes one side of the facial muscles to become paralyzed. Sometimes it's confused with a stroke but the doctor can usually clear up that concern. There are changes in the nerves to the facial muscles. To avoid marked changes, early treatment is important. A common approach is to give Prednisone, one of the cortisone medications, that seems to combat the inflammation that's occurring in the nerve fibers. Such treatment is most effective if it is given in the first 72 to 96 hours of the illness.

Complete recovery of the facial muscles usually occurs in about 80 percent of the patients with this problem and usually within four months. In a small number of cases residual paralysis and other problems persist and some of these may even require surgical therapy.

In many instances we never know what caused the disease and it disappears on it's own, but it's better to get early treatment to minimize any changes that you can.

(NEWSPAPER ENTERPRISE ASSN)

Cancer Deaths From Nuclear Energy Seen

NEW YORK (AP)—The use of nuclear energy will lead to the cancer deaths of 2,000 Americans by the end of the century, a major National Academy of Sciences study has reportedly concluded.

The study, titled "Risks Associated with Nuclear Power," has yet to be made public. Its contents were detailed in today's editions of The New York Times.

A second study financed by the Department of Energy, which the Times also obtained prior to its release, said that one person in every thousand develops cancer from all radiation sources.

The academy's report, based on a four-year study, challenges the nuclear industry's assertions that atomic power plants do not result in severe public health problems or deaths.

According to the Times, the report also concluded that "additional deaths" result from the mining of radioactive materials, their fabrication into fuel elements, the exposure of plant employees, the release of small amounts of radioactive materials into the atmosphere and the transportation, reprocessing and storage of nuclear materials."

New York City Shows Its Age

WASHINGTON (AP)- New York City is showing its age, a new study says.

The Urban Institute concluded in a study that officials need to spend more money to maintain and replace deteriorating streets, bridges, sewer and water lines and subway tracks, "if serious problems are to be avoided in coming decades." The report, released Sunday, was written by David A.Grossman, who was budget director in former Mayor John Lindsay's administration. Grossman said the city must spend $1.5 billion a year to keep pace with the rate of deterioration but is spending only $150 million.

The International Court of Justice was established at The Hague in 1946.

Cheese Output Up In March

WASHINGTON (AP)- Cheese production gained in March from a year earlier, but butter output declined, says the Agriculture Department.

March production of cheese totaled about 323 million pounds, up 4 percent from 276 million pounds in the same month of last year, the department said Tuesday.

That included 185 million pounds of American-type cheese, up 1 percent from 166 million in March 1978.

Total cheese production in March also was up 17 percent from February, and American-types increased 12 percent from February, officials said.

Butter output, meanwhile, declined to 89.3 million pounds, 9 percent less than in March of last year. However, March output gained 3 percent from the previous month.

Prince Rainier of Monaco married actress Grace Kelly in 1956.

CBS Adds Seven New Series To Fall Schedule

By PETER J. BOYER
AP Television Writer

LOS ANGELES (AP) - CBS, seemingly in a strong position to make a run at fall's leader ABC, has added seven new series to its fall schedule and done away with "The Paper Chase," the law school drama loved by critics, but ignored by viewers.

Also absent from CBS, lineup when the fall season begins next September will be "Kaz," "The Mary Tyler Moore Hour," "Good Times," "Billy," "Dear Detective" and "Time Express," the network announced Tuesday.

CBS, second to ABC in the ratings for most of the 1978-79 season, will add seven new shows to its lineup - four hour-long dramas and three half-hour sitcoms.

CBS strengthened its programming in the latter half of the current season with the addition of replacement series that became hits: "White Shadow," "The Dukes of Hazzard" and "WKRP in Cincinnati." Those programs will return, along with 10 other series. Most will be back in their current time slots.

Only "The Jeffersons" will be moved, from Wednesday to Sunday.

"All in the Family," the network's top comedy hit through most of the decade, will not be back, as such. It will be replaced by "Archie Bunker's Place," a sitcom featuring Carroll O'Connor, the last original member of the "All in the Family" cast. Jean Stapleton, who played Edith Bunker, will make some guest appearances on the show, the network announced.

Mary Tyler Moore, who failed in two series with variety themes, will join the schedule later in the year with a sitcom.

CBS did not touch its programs on Monday, Thursday and Friday nights, the network's strongest nights.

The new series:

"Trapper John, M.D." - Pernell Roberts as the Modern-day Trapper John practicing medicine 28 years after leaving the Korean War military hospital portrayed in the current series, "M-A-S-H." Sunday at 10.

"Big Shamus, Little Shamus" - Brian Dennehy as a hotel dick and Doug McKeon as his son. Saturdays at 8.

"Paris" - James Earl Jones, the acclaimed stage and screen actor in his first TV series. He plays the captain of detectives for the Los Angeles Police Department. Saturdays at 10.

"We're Cruisin'" - Stars James Vincent McNichol Kristy's big brother and Marc McClure as two adolescents doing adolescent things. Tuesday at 8.

The comedies: "Working Stiffs," starring Jim Belushi and Michael Keaton, Wednesday at 8; "The Last Resort," Wednesdays at 8:30, and "Struck by Lighting," starring Jack Elam and Jeffrey Kramer, Saturdays at 8:30.

CBS said that "Stockard Channing in Just Friends," midseason show that was a mild hit in the ratings, will be back on the schedule at the end of 1979.

"Paper Chase" was considered a favorite of CBS Chairman William Paley, a status that saved the show from cancellation for a year. In the end, though, ratings had the final say. "Paper Chase" spent most of its life battling ABC's popular "Happy Days" and "Laverne and Shirley," and finally, it lost.

ASTRO-GRAPH

Bernice Bede Osol

Your Birthday

May 4, 1979

That which has been holding you back is at an end and you should start to feel many positive things entering into your life this coming year. Even your basic lifestyle could change.

TAURUS (April 20-May 20) You may be the recipent of a little hero worship today from one you've been nice to. This person isn't likely to forget your thoughtfulness easily. Discover with whom you best get along with romantically by sending for you new Astro-Graph Letter. Mail $1 for each to Astro-Graph, P.O.Box 489, Radio City Station, N.Y. 10019. Be sure to specify birth sign.

GEMINI (May 21-June 20) Much favorable communication will take place today with persons who are in a position to do you a lot of good. Something nice will come of it.

CANCER (June 21-July 22) A most-productive day is in the offing, since others adhere to your ideas and make them work out. You could either make or save yourself a bundle.

LEO (July 12-Aug. 22) Because you know how to mix the right dose of emotion with the correct amount of logic, there isn't anyone you couldn't charm today.

VIRGO (Aug. 23-Sept. 22) Follow your hunches today and do what comes naturally. Your ideas are far more creative than you give yourself credit for.

LIBRA (Sept. 23-Oct. 23) Fresh and innovative ideas could come to you today as a result of being around thought-provoking people. They'll bring out the best in you.

SCORPIO (Oct. 24-Nov. 22) You're held in high esteem today because your finest ideals are incorporated into all you do. People notice all your good works.

SAGITTARIUS (Nov. 23-Dec. 21) This is the day to contact that certain person who is important to your plans. You'll receive the reception you've been hoping for.

CAPRICORN (Dec. 22-Jan 19) You blend an artistic touch with practicality today and it'll be evident in most anything you do, even in helping someone else.

AQUARIUS (Jan. 20-Feb. 19) Take the reins and lead the way if you are involved with another today. Your foresight and perception are exceptionally sharp.

PISCES (Feb. 20-March 19) Although you'll be applying effort, it may not appear so because everything comes so easily to you. This will be a rewarding day.

ARIES (March 21-April 19) All around you nice things are happening. You'll find this a most pleasant day. People's thinking is far more charitable than usual.

Snyder Youths Get Taste Of City

A trio of Snyder High School students had their eyes opened to the ways of big cities during a recent school trip.

Three choir students, while browsing through a shopping center in Austin en route to the Buccaneer Festival last week, were accosted by a man who asked for more than a charitable contribution.

"He just walked up right behind us and he said, 'Give me a dollar and if you don't I'll stab you and take what you've got,'" said Dale Shifflett, 15, a freshman.

Shifflett and his two friends fled the scene.

"He said he had a knife, but we never saw it," said Shifflett.

The Pacific cable between the United States and Guna was completed in 1906.

In Southeast Texas...

Potentially Hazardous Sludge Put On Roads

CORRIGAN (AP)-A potentially dangerous chemical sludge was poured on roadbeds at several locations in Southeast Texas, according to the Port Arthur News.

The sites included a Campfire Girls site near Silsbee, the Barlow Lakes subdivision near Spurger, Cougar Country Resorts near Buna, a trailer park five miles south of Woodville, and Town Bluff Estates near Jasper, the newspaper reported Tuesday.

Other locations being checked by the Texas Department of Water Resources include Brallo Lake Estates near Woodville, Invanhoe Estates near Hollister, Wilson Warehouse parking lot in Orange and Shelter Co. R.R. in Livingston.

C.R. Miertschin, director of field operations and enforcement at TDWR, said inspectors are checking samples in these areas.

The chemical sludge and its toxicity was first brought to light by the News at Reily's Village, a new subdivision nestled in the tall pines near Corrigan in Polk County.

Dr. Ewins Eads, director of environmental science at Lamar University in Beaumont, conducted tests on samples brought to him from the road and a ditch in the area.

Eads said he found nitrobenzene and some nitriles, which are equivilent to organic cyanide. Both are dangerous to man, Eads said. Nitrobenzene has been shown to cause skin cancer and cyanide can cause death by suffocation. He said it might have to get into the food chain before death would result, but that it was still hazardous in its present state.

"I'm as fearful of those chemicals as I am a snake," Eads said.

Browning-Ferris Inc. of Houston, which supplied the road oil to these sites, also has started an internal investigation to see if cyanide and other chemicals got into the oil mixture. The company is one of the largest disposal firms in Texas.

The Act of Supremacy, separating the Church of England from Papal control, was partially enacted in 1559.

Bashful Fluffs His Pillow Talk

By Abigail Van Buren

DEAR ABBY: Please don't laugh at my question, or throw this away thinking it's from some silly kid. It's not. I'm a normal, 33-year-old man who would like to learn how to be a great lover.

I know what to DO, but I don't know what to say to a lady while I'm making love to her. I feel as though I should be saying something. But what?

They don't have schools for this sort of thing and I can't ask anyone to give me lessons. I have very few hangups, and I've never had any trouble with my love life, but I'd like to know how to make my partner feel really great.

WANTS TO PLEASE

DEAR WANTS: Anyone who sincerely wants to make his partner feel "really great" is well on his way to becoming a great lover. You say you have very few hangups. Fine, because frank dialogue with one's partner is essential. There's also a wealth of information to be found in books. And finally, practice makes perfect.

DEAR ABBY: My husband and I have some good friends. I'll call Marge and Bob. We had some terrific times together until they began having marital problems. They kept calling and asking if they could come over to talk. Their talks always ended up in shouting matches. Nothing was ever settled, and it made wrecks of us, so we asked them not to come over to talk anymore.

Now they call us on the phone and talk endlessly. First Marge calls me and complains about Bob, and when she hangs up, Bob calls and tells my husband his version of the story.

Abby, I know good friends are supposed to be supportive, but we're out of patience with these two.

How can we refuse to listen without giving them the impression that we don't care. We do.

GOOD FRIENDS

DEAR FRIENDS: Tell them that BECAUSE you are such good friends you can't view their situation objectively. Urge them to seek help from a qualified marriage counselor. It could save their marriage – and your friendship.

DEAR ABBY: You told a reader whose husband kept bringing home unexpected dinner guests, "Quit being a GOOD scout ... be a GIRL Scout instead, and be prepared."

Abby, "Be Prepared" is the motto of the BOY Scouts ... not the GIRL Scouts.

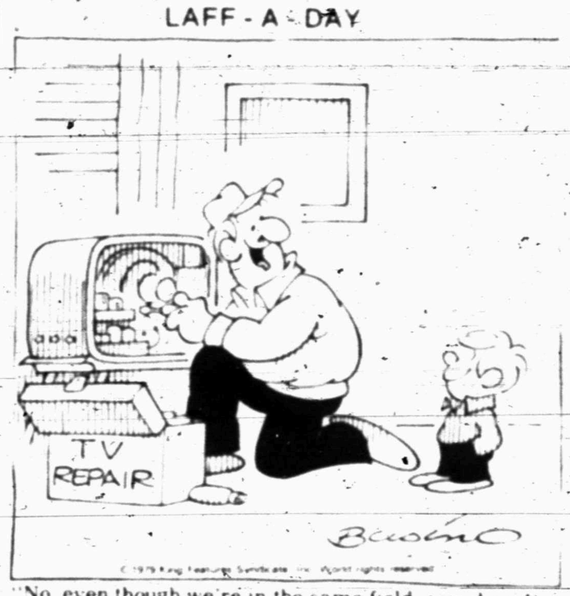

Girls have succeeded in invading nearly all of the male organizations. Can't the Boy Scouts be kept separate from the Girl Scouts without making them share a common motto?

EAGLE SCOUT, BRADFORD, PA.

DEAR EAGLE: Your knowledge of Scouting is for the birds. "Be Prepared" is the motto for Girl Scouts, too. (Scout's honor!)

Problems? You'll feel better if you get them off your chest. For a personal reply write to Abby, Box 69700, Los Angeles, Cal. 90069. Please enclose stamped, self-addressed envelope.

LAFF-A-DAY

"No, even though we're in the same field, somehow I've never bumped into Fonzie or Baretta."

When writer Robert Louis Stevenson was a reporter for the Monterey Californian, he was paid $2 a week.

The Great Artists
A library of their lives, times and paintings
Van Gogh BOOK 1

Van Gogh

If you've always wanted to learn more about art, but didn't quite know where to start, we'd like to offer a suggestion.

Come into one of our stores this week and purchase Book 1 of Funk & Wagnalls' great new series *The Great Artists*.

For that small investment, you'll enter the world of one of the most fascinating and talented painters who ever lived: Vincent Van Gogh.

You'll get an inside look at his stormy life. You'll learn about the times in which he painted ... how they influenced him and how he influenced them. Most importantly, you'll get glorious full-color reproductions of his most famous paintings.

Once you've seen Book 1 of *The Great Artists*, we think you'll want to purchase Books 2 through 25 of the series.

In the coming weeks, we'll be featuring Books on Rembrandt, Michelangelo, DaVinci, Raphael, Gauguin, Matisse, Picasso, and many others.

It's a gradual, inexpensive way to build a fine collection of art books and enhance your whole family's appreciation of art.

So look for *The Great Artists* display this week and see what great returns a small investment can bring.

ON ALL-STAR TEAM--Among those on the March of Dimes all-star team for a benefit basketball game here were, front from left, Frank Biggers, Larry Genuchi, Bob Johnson and Earl Pearson, and at top, Albert Malone.

March Of Dimes Still Seeks Funds

An all-star basketball game at Western Texas College and a skating party by the Snyder High School student council are major events which have benefitted the National Foundation-March of Dimes drive here.

Since the organization had no door-to-door campaign in Snyder this year, a special plea has been made to the public for donations to be sent in this month. May 31 is the end of the organization's fiscal year, and donations received before that date will be counted in this year's drive.

The National Foundation-March of Dimes continually strives to become the most cost-efficient and effective organization in its field, drive leaders emphasized.

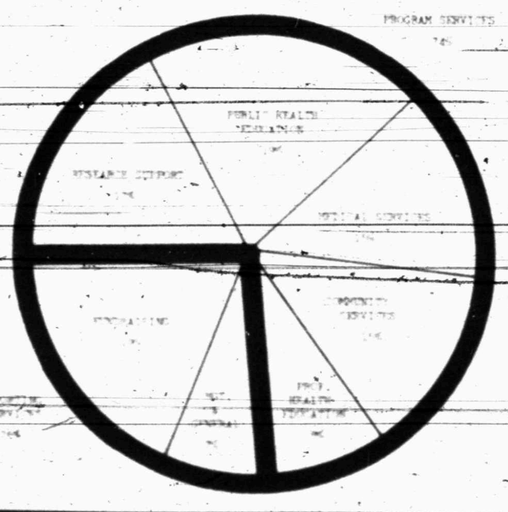

During the last six years a concerted effort has been made to strengthen and enhance accounting, budgeting and financial procedures and policies.

The National Foundation was the first voluntary health and welfare organization to receive such a favorable report, it was noted.

The National Foundation also is in good standing of the National Health Council and meets the standards of the Better Business Bureau, the National Information Bureau and the Advertising council.

The accompanying "pie" graph shows the exact disbursement of the total funds for the 1978 campaign year.

Where your March of Dime dollar goes...

Class Honors Workers In RSVP Group

RSVP members who give volunteer time at West Elementary School were treated to an ice cream social at the Sunshine Shoppe recently.

Volunteers attending the party were Delia Pennington, M.A. Pennington, Thelma Smith, J.B. Newton, Annie Holt, Essie Orms and Ena Pogue. Marsha Krenek, RSVP director, and Betty Doan, RSVP secretary, served the party goers their choice of ice cream dishes.

Others attending were Gussie Gray, teacher for the class and her aide, Shirley McDaniel, and Frank Miller, principal of West Elementary.

RSVP membership is open to men and women 60 years of age and older who would like to give volunteer time to community projects. Persons interested in further information about the organization may contact the RSVP office in the Senior Citizens Center or call the office at 573-0141.

Christopher Columbus was awarded a contract by King Ferdinand and Queen Isabella of Spain to seek a passage to the east by sailing westward in 1492.

Daughter's Book Is Out...

Hondo Was Different

AUSTIN—"If you don't know me, I'll explain myself, I'm different," Hondo Crouch once wrote in his diary.

The world learned Hondo was different when he became part owner and mayor of the tiny town of Luckenbach. Hondo's "backwoods Camelot" turned into a mecca for country music people and a stage for his own puckish humor and zany happenings, from all-female chili cook-offs to Great World's Fairs. Now Luckenbach's "Clown Prince" is warmly remembered in the first book about him since his death: an intimate biographical memoir, "Hondo, My Father" by Becky Crouch Patterson, just out from Shoal Creek Publishers.

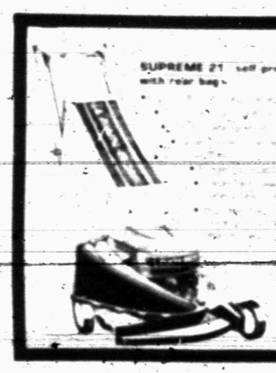

Hondo Crouch raised "sheep, kids and eyebrows," building a reputation as a rancher who was always broke and always funny. His wit ranged from lighthearted teasing to barbed satire, from pratfalls and pranks to rueful reflection. And his talents extended far beyond clowning: he was an artist, a poet, a music man, and a master of survival in nature. By the time he died in 1976, he had often been called a symbol of Texas and a folk hero.

Hondo caught the attention of the national media, and he was a favorite attraction at folk festivals from Terlingua to Washington, D.C. At Luckenbach thousands saw in him an entertainer of star quality but he never wanted to leave his Texas hill country for long. He stayed close to the roots of his country humor, using it as Will Rogers did to comment on the world as he saw it: upside down and backwards from the way it ought be.

Becky, the eldest of Hondo's four children, was alternately charmed and exasperated by her father's free spirit. "His profession could have been called unstuffing shirts," she writes. "When people asked me what he did for a living, I threw up my hands with family frustration because we often wondered ourselves."

To his public Hondo was a legendary character; to his family he was that and more. "He kept our wits sharpened and our bellies laughing," his daughter writes. "We were his private audience for the laughter the world shared and the pain only we knew. We saw a gentle man. A poet. To us he was a rare gem, a 'talking treasure,' like a Christmas tree ornament on the side of the tree no one sees."

The American Legion
Post 181, Snyder, Texas

wishes to thank the following ones for their help and the loan of their vehicles & trailers, for their thoughtfulness and love of fellow men shown after the devastating tornado in Wichita Falls last April 12th. First of all we thank all the individuals who brought clothing-food etc. We thank U-Haul Rent for the use of a trailer and M. W. Ward and Son for the use of their vehicles. Also Weldon Halford & Red Trevey for the use of their trailers. George Armstrong and George Kirkpatrick for the use of their vehicles. We thank all the ones who came and worked loading and unloading at the Legion Home. We especially want to thank our leaders—Dave Haywood, Commander of the Legion & Jean McCormack, President of the Auxiliary.

George Kirkpatrick,
Legion Finance Officer
