

Abernathy Weekly Review

... In The Palm Of The Plains!

VOLUME 37 Hale County — Abernathy, Texas — Lubbock County

THURSDAY, MARCH 13, 1958

NUMBER 18

Project Show Is Re-Scheduled Wednesday, March 12

By O. F. REA

Further arrangements were made at Graham's, Monday morning, at a meeting of the working committee on the FHA and 4-H Club Project Show to be held Wednesday afternoon March 12. Several things pertaining to the conduct of the show were discussed and definite plans and arrangements set forth on certain phases of the show. Barn arrangements were discussed and a barn floor plan established. This plan shows placement of show stalls for the various entries and the partitions and fences, the judging area and the walk ways and areas for those attending the show.

The finance committee reported

that no difficulty was expected at all and most of the necessary amount has already been raised. A number of the buyers have already pledged themselves, with only a few remaining to be contacted.

The order of showing and judging was worked out as follows:

First will be Hogs, light, medium and heavy, Grand Champion and Reserve.

Second will be Poultry and Rabbits.

Third—Lambs, fine, medium and mutton, with Grand Champion.

Fourth—Heifers, first class.

Fifth—Steers, two classes, light and heavy, Grand Champion and Reserve.

Showmanship will be judged all during the show from the time the

show begins until the show is over. This includes not only the appearance of entry but handling of it, care of stall area and personal conduct and appearance.

Judging of entries is to begin at 1:00 p. m., Wednesday, March 12. Entries must be in by 8:00 p. m., Tuesday, March 11. Everything is to be ready and entrants will begin immediately after the show gets started. There will be a parade at 3:00 p. m. Wednesday. The parade will begin forming at 2:30 p. m. in front of the Junior High School.

There will be three groups numbered 1, 2 and 3, with men and women judged in each group.

Horses and riders will be judged during the parade and the winner, man and woman in each group, will be announced immediately after the parade.

All animals and other entries are to be returned to their stalls after judging and remain there until the show is over.

The plaques and cups and other prizes are to be exhibited and other before the show if possible.

The Lubbock show begins March 17, and the Plainview show starts March 26. There are some entries in the local show that have a good chance of making the Lubbock show or the Plainview show or possibly both. According to Agriculture Teacher Dwight Lindsey, we have some excellent animals to be

shown. As heretofore, the FHA girls will have their concession in the Co-op Gin office.

Abernathy firms invite everyone to attend the Project Show. Turn through this issue of The Review and read their advertisements.

Entries Listed
The following list of entries in the Project Show was announced by Fred Blumenstock.

Steers: James Blalock—2 Angus, Byron Eldredge—1 Angus, Thomas Pettit—1 Hereford, Orville Lee Schoor—1 Hereford and 1 Angus, Linda Eldredge—1 Angus.

Heifers: James Blalock—1 Hereford, Wendell Barrick—1 Hereford, Charles Pope—1 Angus, Larry Wil-

Barrows: Kenneth Davis—4 Durocs, Byron Eldredge—1 Landrace, Malcolm Eldridge—1 Landrace, Lloyd Hancock—2 Hampshire and 1 Duroc, Larry Blumenstock—2 Polands and 1 Duroc, Jim Owens—2 Durocs, Bob Thomas—1 Hampshire and 1 Poland, Randy Wright—1 Poland and 1 Duroc.

Gilts: Richard DuBose—2 Durocs, David Waits—2 Durocs, Roy Lee Smitherman—1 Chester White and Lloyd Hancock—2 Polands.

Dairy Cow: Malcolm Eldredge 1. Lambs: Leslie Stanfield—3 medium wool lambs, Thomas Pettit—2 Southdown lambs.

Rabbits: Charles Pope and Kenneth Turner.

Hens (pen of 6): Richard DuBose, Malcolm Eldredge, Wayne

Harrah, David Waits, and Jerry Green.

B. P. Carter, Tahoka High School Vocational teacher, will judge the swine.

Gene Barnett, Vocational Agriculture teacher at Plainview, will judge the cattle and other entries.

Lions-Sponsored Show Nets \$517 For Band's Enid Trip

City Balloting Will Be April 1

City election will be held April 1, at the city hall with James I. O'Neil as presiding judge, Mrs. M. Z. Holland, Judge, assisted by Mrs. G. W. Ragland and Mrs. Lamar McKenzie.

Three aldermen are to be elected. The following names have been submitted for entry on the ballot: Bob Burnett and J. W. Hale, both for re-election, and Lon Carmickle, Bobby McAllister, David Ray Pinson, Clifton Newton, and L. G. Derring.

No Increase In Wheat Acreage In Hale County

Very little, if any, of the 379,000-acre increase in this year's Texas wheat crop was added in Hale County.

The U. S. Department of Agriculture reported that as of Dec. 1, 1957, there were 3,538,000 acres of wheat seeded in the state. That represented an increase of 379,000 acres over the previous year.

The state total is only three-fifths of the 1946-1955 average for Texas.

John Martin, Agriculture Stabilization and Conservation official in this county, estimated there are between 45,000 and 50,000 acres of wheat in Hale. That is about the same, possibly less, than last year's acreage. This year's allotment was approximately 65,000 acres.

The ASC is measuring wheat acreage in the county, Martin said the job would be finished in about ten days unless weather completely stops operations.

Wheat in this county, all over the Plains and Panhandle, in fact, is in excellent condition because of the fall and spring moisture.

Prospective production of the 1958 Texas wheat crop is placed at 46 million bushels. A crop this size would be up sharply from the 33.7 million bushels combined in 1957 and would be the largest since 1949. It would still be a little short, however, of the 1946-55 average of 47.4 million bushels. Final output, of course, will be influenced largely by conditions between December 1 and harvest, the U. S. D. A. points out.

Texas farmers seeded 100,000 acres to rye for all purposes, 8,000 acres below both the acreage seeded a year earlier and the 1946-55 average. December 1 condition at 89 percent was 20 points above average and the highest since 1946.

Of the eighty-one counties reported to this control office on a total of 3,481,000 acres, only ten counties reported 160,442 acres reported conditions as average, while the remaining seventy-one counties covering 3,320,558 acres reported the condition as good.

Surface and subsoil moisture is adequate throughout most of the Texas wheat belt at this time, and a bumper crop could be made if conditions remain favorable until harvest dates.

The need for in-migrant workers

The Antelope Band Trip Fund, sponsored by Abernathy Lions Club, was a financial success. The net amount of \$517.00 was received from the Lee Grabel Show, which was presented in the school auditorium at 3 P. M. and 8 P. M. March 6. Attendance was somewhat less than expected, but was still quite good considering the weather. As was originally planned, the proceeds will go into the trip fund for the proposed Antelope Band trip to Enid, Oklahoma, in May of this year. This will get the fund off to a very good start and such project deserves the whole-hearted support of everyone. The Abernathy Lions Club and the Antelope Band wish to thank all those who supported this campaign.

To date, the Abernathy Lions Club projects have raised over \$900.00 this year for community and school benefits.

Dale Powell In "Sabre Hawk" Maneuvers

SEVENTH ARMY, GERMANY (AHTNC)—Army Specialist Second Class Arliss Dale Powell, son of Mr. and Mrs. B. V. Powell, Abernathy, Texas, recently participated in "Sabre Hawk," a Seventh Army maneuver which involved more than 100,000 troops in Germany.

Specialist Powell, a gunner in Company D of the 3rd Armored Division's 33rd Armor, entered the Army in July, 1955. He arrived in Europe in June, 1956.

Powell is a 1955 graduate of Abernathy High School.

Pvt. Willis Is In Japan

ATSUGI, Japan (FHTNC)—Marine Pvt. George R. Willis, son of Mr. and Mrs. Ray R. Willis of Route 2, Abernathy, is serving with Marine Aircraft Group II, a unit of the First Marine Aircraft Wing, at the Naval Air Station, Atsugi, Japan.

Shirley Ward In Beta Alpha Psi at T. U.

AUSTIN. — Fourteen University of Texas accounting students are new members of Beta Alpha Psi, national honorary and professional accounting society.

New Beta Alpha Psi members include Shirley Ward of Abernathy.

Miss Ward is the daughter of Mr. and Mrs. Dan Z. Ward.

BIRTHS

Mr. and Mrs. Darrell Stephens are parents of a daughter born March 6. She weighed 6 pounds, 11 ounces.

combines and trucks is expected to be small in most areas due to the small acreage.

City Council Votes 75 New Residential Street Lights

Mayor Edgar Graham announced action by the City Council in approving a plan for installing 75 new street lights in Abernathy's residential section.

The engineering department of Southwestern Public Service Company will make a survey of the town to determine where the new lights will be placed.

Easter Seal Drive Opens

The annual Easter Seal Campaign will be held March 6 through April 6 this year. Funds which are raised provide braces, wheel chairs, transportation to medical centers, etc. for needy crippled children.

Funds raised last year, for example, helped the mother of four children, one of whom needed expensive braces. The mother's only hope of obtaining the braces was to sell her washing machine, had Easter Seal funds not made them available to her. Another family was told their little girl needed braces following surgery if an operation was to be successful. This family could obtain only enough money for surgery, but the child now has her braces because Easter Seal funds made them available to her. Easter Seal funds brought many wheel chairs. I wish you could see the change in outlook of a young boy who can now go where he wishes in a wheel chair, no longer dependent on someone to carry him wherever he may wish to go.

Any response to the Easter Seal Campaign will be greatly appreciated.

The clubs that contributed to this fund in 1957 were as follows: 1957 Woman's Club, Country Garden Club, Home Demonstration Club, Order of the Eastern Star, Lions Club, and 1954 Woman's Club.

Auto Show Set March 26 - 30

Reid Chevrolet Co. of Abernathy will be co-sponsor of an exhibit for the second annual West Texas National Automobile Show, scheduled for Lubbock Municipal Coliseum March 26-30.

In all, some 75 businesses over West Texas will sponsor auto show displays. Auto show tickets may be purchased, at \$1 for adults and 50¢ for children under 12 years of age, at Reid Chevrolet Co.

land by starting an intensive bench leveling program to prevent water erosion and to make maximum use of rainfall and to efficiently use irrigation water. During 1955 and 1956 they installed 120 acres of parallel bench leveling and put in over 9,000 feet of underground concrete pipe laterals across the benches. To protect the bench leveling they constructed two graded diversion terraces and shaped a waterway to furnish a protective outlet for the water which will be concentrated by the terraces.

Also during these years they began an agronomic program to im-

Lubbock County To Sell 1958 Car Tags Here

For the convenience of the Lubbock County residents of Abernathy and those in the Lubbock County area, the county clerk's office has made two special sessions for 1958 automobile license in Abernathy at Joe Thompson Implement Co. Weldon Crow, assisted by a man from the County Tax Office at Lubbock, will be here March 17th and 18th. Licenses must be on by April 1st. Licenses may be purchased at Joe Thompson's, March 17th and 18th, from 8:30 A. M. to 4:30 P. M.

Auxiliary Air Base Reverts To City Ownership Friday

(By Eddie Guerrant, secretary of Abernathy Air Enthusiasts.)

In discussing the aims of the Air Enthusiasts Group, I have discovered that there are many persons in the Abernathy community who do not know of the existence of the Abernathy Airport (auxiliary to Reese AFB).

The section of land upon which the air strip is located, lies approximately three miles east and just north of the town section. The land was conveyed to the city of Abernathy by deed on October 19, 1948, from the U. S. Government. The land was leased to the Air Force on October 4, 1949, as an auxiliary field to Reese Air Force Base. The lease was for five years duration and was extended on October 4, 1954, for another five years.

Reese Air Force Base, having converted to larger planes and jets, has abandoned the field as being impractical for further use in their training program. The lease has been canceled and the field will officially revert to the city of Abernathy on March 14, 1958.

The Air Enthusiasts Group will have a special meeting in the city hall on March 27, 1958, at 8:00 p. m. A program has been arranged and refreshments will be served. The meeting will be open to ladies and all persons interested in the development of the air field and in aviation.

prove the condition of their soil and to add organic matter. They planted vetch and Austrian winter peas for soil improvement and applied cotton burs to the cut areas which were caused by the bench leveling. They began a fertilization program to wheat and grain sorghum to improve the soil fertility. In 1956 they planted soybeans on part of the bench leveled ground for soil improving benefits and for a cash crop.

The Bartons realize that their Conservation program is by no means complete. The flat land on the farm is such that they can in-

By DON JONES

The Abernathy Antelopes' girls basketball team captured the AA Region I basketball championship Saturday night at Chapman Fieldhouse in Lubbock before approximately 2,500 screaming fans when they trounced the DeLeon sextet 59-32.

The undefeated Antelopes, winners of 37 consecutive games, defeated a good Perryton team, 67-50, Saturday morning in the semi-finals for a come-from-behind victory.

Play Rockdale in Semis
The Abernathy girls will meet Rockdale girls at 7:30 P. M. Friday in Gregory Gym in Austin for the semi-final game. Rockdale sports a 22-10 season.

Should the Antelopes win the game against Rockdale, they will play the winner of the Clearfork-Fort Worth game Saturday night. Should they lose the game against Rockdale, they will play the loser of the same game for third place in the tournament.

In the semi-final game Saturday morning, the Antelopes defeated

Perryton at the charity line. Abernathy hit 21 of 27 free throws while Perryton hit only 8. Perryton got 26 field goals while Abernathy got only 23.

The tall Perryton team was never behind the Antelopes in the first quarter. The Abernathians could not better than to tie the score four times in that period at 7-7, 9-9, 11-11, and 13-13. Perryton led 15-13 at the end of the first quarter.

The Antelopes got their first and only lead at 3:55 in the second period when Margie Guinn hit a crisp to give them a 19-17 lead. The Abernathy sextet then hit 6 free shots and 2 field goals for a 29-19 lead with only 2 minutes remaining in the first half before Perryton cut the lead to 5 points, 31-26, at intermission.

The Antelopes were hard pressed in the third. Perryton came within 3 points of the Antelopes before the Lopes ran up their second 10-point lead late in the quarter. The third stanza ended with Abernathy leading 47-40.

During the fourth quarter, Perryton came within a point of Abernathy, but were never to tie up the game or go into the lead. However, the Antelopes began hitting and the Perryton team was not much of a threat after 4 minutes in the quarter, never coming closer than 5 points.

In the climactic game Saturday night, it was not necessary for the Margie Guinn, who was the tournament's high scorer with 34 points in two games, led the Antelopes with 36 points. She was followed by Brenda Shipman with 20, and Jo Ann Phillips with 11.

Yvonne Hager Is Elected Counselor

DENTON—Miss Yvonne Hager, freshman speech major from Abernathy, has been elected to serve as a sophomore counselor in a freshman dormitory next year at Texas Women's University.

Sophomore counselors help freshmen adjust to college life and serve on the dormitory disciplinary committee.

Miss Hager, daughter of Mr. and Mrs. L. J. Hager, has participated in Freshman Theatre productions this year.

Abernathy Lodge No. 1142, A. F. & A. M., will meet Thursday, March 13, at 7:30 p. m.

F. A. Kleinschmidt, professor of Architecture at Texas Tech, will be guest speaker.

Baptists Open Revival Sunday

The Spring Revival of the First Baptist Church will begin this Sunday, March 16, and continue through the following Sunday, March 23.

Leading in the revival are Evangelist Dan Vestal and Singer Bob Bowen of Fort Worth, Texas.

Pre-revival prayer services are scheduled each evening at seven o'clock with the evangelistic service following at seven-thirty. There will be a noon-day service on Monday through Friday. The Nursery will be open for all services.

Evangelist Dan Vestal has been in evangelistic work for the past thirteen years. While a student at Baylor University he pastored the La Vega Baptist Church of Waco, Texas. The La Vega Baptist Church was known as the greatest evangelistic church in the Texas Baptist Convention during the pastorate of

Abernathy's Jack Barton is Named Outstanding Conservation Farmer for 1957

(News Release from Soil Conservation Service, Plainview)

Mr. Jack Barton, Sr., has been selected as the outstanding conservation farmer for 1957 by the board of supervisors for the Hale County Soil Conservation District. Barton and his son, Jackie, together have a 640-acre farm located northwest of Abernathy.

Barton's interest in conservation began when the farm was dryland. He became the first cooperater with the Hale County SCD by signing his agreement in January of 1943 and he began working with technicians of the Soil Conservation Service

to develop a Conservation plan. He realized the need for Conservation practices on his farm and he terraced the land and farmed on the contour until he drilled three irrigation wells in 1947. Since 1947 he and his son have progressively changed from dryland farming to irrigation. They soon realized that irrigating sloping land created a considerable water erosion problem and that they needed to treat their land not only for erosion but for improvement of the condition and fertility of the soil.

In 1955 they began to treat the erosion problems on the sloping

land by starting an intensive bench leveling program to prevent water erosion and to make maximum use of rainfall and to efficiently use irrigation water. During 1955 and 1956 they installed 120 acres of parallel bench leveling and put in over 9,000 feet of underground concrete pipe laterals across the benches. To protect the bench leveling they constructed two graded diversion terraces and shaped a waterway to furnish a protective outlet for the water which will be concentrated by the terraces.

Also during these years they began an agronomic program to im-

prove the condition of their soil and to add organic matter. They planted vetch and Austrian winter peas for soil improvement and applied cotton burs to the cut areas which were caused by the bench leveling. They began a fertilization program to wheat and grain sorghum to improve the soil fertility. In 1956 they planted soybeans on part of the bench leveled ground for soil improving benefits and for a cash crop.

The Bartons realize that their Conservation program is by no means complete. The flat land on the farm is such that they can in-

stall a Conservation irrigation system without land preparation but they plan crop rotations, fertilization, proper utilization of residues and soil improving crops on this area also. They plan to install more underground concrete pipe to eventually tie all their irrigation wells together. They want to start a long range rotation program using alfalfa and grass for soil improvement and to furnish feed for livestock. Barton and another son, Joe, usually keep some sheep and cattle.

Although Barton has treated the

WESLEYAN SERVICE GUILD TO MEET ON MARCH 15-16
Canyon—Northwest Texas Methodist Conference Wesleyan Service guilds will convene in Canyon Saturday, March 15, and Sunday, March 16, at First Methodist Church. Dorothy Peery of Amarillo, conference secretary, will preside. Theme for the meeting is "Ye Are My Witness."

Featured speaker for the meeting will be Mrs. E. U. Robinson of Gallatin, Tenn. She is an ordained minister of the Methodist Church and is secretary of spiritual life for the Woman's Division of Christian Service, The Board of Missions, The Methodist Church. Mrs. Robinson will speak to the delegates Saturday at 7:15 P. M. and again at the regular worship service of the host church Sunday.

NORTHWEST TEXAS WOMAN'S SOCIETY SET MEETING
HEREFORD—Woman's society of Christian Service members from throughout the Northwest Texas Methodist Conference will gather at First Methodist Church in Hereford Tuesday, March 18, through Thursday, March 20, for their 17th annual meeting.

Featured speakers will include: at 10:45 A. M. Guild members will be guests of the congregation for the service which will be part of the guild program which begins with registration at 3 P. M. on Saturday and closes with a luncheon and installation of officers from 12 noon to 1:45 P. M. on Sunday.

Mrs. E. U. Robinson of Gallatin, Tenn., chairman of the spiritual life committee of the Woman's Division of Christian Service, the Board of Missions, The Methodist Church; Mary Lou Santillan, missionary to Mexico; and Dr. Caradine R. Hooton, general secretary of the Board of Temperance, The Methodist Church, Washington, D. C.

Theme for the program is "Write With The Spirit of the Living God." One new feature will be the World Federation dinner to be held on Wednesday, March 18, from 5:30 to 7 P. M. at the Jim Hill Hotel. Mrs. Cecil R. Matthews of Lubbock, conference WSCS vice-president, will be in charge of the program which will feature drama and music. All women who have costumes from

other lands and wish to wear them to the dinner are asked to bring them.
Registration will begin at 10 A. M. Tuesday and continue until 1 P. M. Mrs. E. T. Pittard of Anson, president, will officially convene the conference at 1:15 P. M.
Regular pre-conference meeting of the executive committee will begin at 1:30 P. M. Monday, March 17, in Ward Hall of the host church. At 5 P. M., there will be an Hour Apart Service. Dinner will be served at 6 P. M. At 7 P. M., the committee will meet again.

Other special features will include a communion service which will follow Mrs. Robinson's talk on Tuesday night. Rev. Alby Cocrell, host pastor, will be in charge. There will be a remembrance service Tuesday afternoon.

Regardless of the type of agriculture that may be developed in Abernathy there will always be a place for the production of livestock in our farming economy. With the training and experience the youngsters of the county are receiving in 4-H and F. F. A. work, we can rest assured that the economy of our county will be in competent hands when they become the farm leaders of tomorrow.

MALICE?

By LOYD E. ASH

"Malice" is from Latin "malus," meaning bad, and indicates evil intent. It is enmity of heart or ill will. It usually implies a deep-seated and often unreasonable dislike that takes pleasure in seeing others suffer. In judicial terms it means the state of mind manifested by an intent to commit an unlawful act, or a deliberate intention to commit the act. A person who is malicious may be quite coolheaded but he holds his anger until it becomes spiteful and active.

There is no way to estimate the amount of damage and harm that has resulted from malicious acts. Often the person inflicting the wrong is as greatly hurt as the one he has wronged. Surely this is an evil, deadly in every respect, which we must overcome.

Malice is always connected with wickedness. "Therefore let us keep the feast, not with old leaven, neither with the leaven of malice and wickedness; but the unleavened bread of sincerity and truth" (1 Corinthians 5:8).

The Christian is to put off all forms of evil, and malice is one of these. "But now ye also put off all these: anger, wrath, malice, blasphemy, filthy communication out of your mouth" (Colossians 3:8). Malice characterizes sinners rebellious against God. "For we ourselves also were sometimes foolish, disobedient, deceived, serving divers lusts and pleasures, living in malice and envy, hateful and hating one another" (Titus 3:3). Thus, the child of God should not harbor any malice in his heart.

Malice usually takes form in some evil act. Lying, spreading tales and rumors, sarcasm, and murdering are a few of the evil deeds resulting from malice. Wasn't it malice that caused Cain to kill his brother long ago? (Genesis 4). The Bible tells us that those who practice malice, including murderers and liars, "shall have their part in the lake which burneth with fire and brimstone: which is the second death" (Revelation 21:8). Any person who does not want to come to such an awful end should eliminate all trace of malice from his life.

Do you want to overcome any feelings of malice and ill will?

Whether it is seeking to gain a foothold or has found lodging in your heart, here are three things which will help you to overcome malice:

(1) **Receive help from the Word of God.** This means you will read and digest the Bible. This will help you force out of your life any form of malice. "Wherefore laying aside all malice... desire the sincere milk of the word, that ye may grow thereby" (1 Peter 2:2). David said: "Wherewithal shall a young man cleanse his way? By taking heed thereto any word... Thy word I have hid in mine heart, that I might not sin against thee" (Psalms 119:9, 11). Also, he said: "I hope in thy word" (Psa. 119:114). Love the word of God and take it into your life. This is a sure defense against all malice.

(2) **Practice kindness to everyone.** Never let an opportunity for helping someone escape you. Always be considerate and courteous. This will help you keep out the seeds of malice. "Let all bitterness and wrath and anger, and clamour, and evil speaking, be put away from you, with all malice: and be ye kind to one another, tenderhearted" (Eph. 4:31, 32). It is hard for you to harbor a grudge against others while also treating them with kindness.

(3) **Learn to forgive freely.** "And be ye kind to one another, tenderhearted, forgiving one another, even as God for Christ's sake hath forgiven you" (Eph. 4:32). Why not pray for those who wrong you? As you forgive them, the Lord has promised to forgive you of your sins against Him.

This will make your victory over malice complete. Remember that malice is deep-seated dislike and desire to see others suffer. You don't really want to see others suffer, do you? Why let the servant of sin? Why let a malicious grudge be your overpowering ruler?

You are invited to meet with the Abernathy Church of Christ in their services Sunday morning at 10:00, Bible Study, and 11:00 worship, and Sunday evening worship at 6:30. It will be a pleasure to have you come.

TAX-MAN SAM SEZ:

There are a lot of ex-school teachers who work for the Internal Revenue Service who are experts in reading and hen scratching that is supposed to be writing. This time of the year these folks are always straining their bifocals trying to figure out the bad writing on the tax forms. A lot of folks don't stop to think that

their tax return is only one of millions that these people have to read and that bad writing can give some other taxpayers credit for the tax you have paid or the refund that you are due. The tax folks sure would appreciate your taking time to print your name and address and writing all your figures plain like.

GRADE SCHOOL HONOR ROLL

Jerry Moorhead, principal, announced the following honor roll for Abernathy Elementary School:
First grade: Rosita Cardenas, Irma Deanda, Mary Rodriguez, Isabell Alvarez, Steve Patterson, Gerry Rogers, Patty Davis, Tim Barton, Annette Adkisson, Mack Rogers, Jim Johnson, Rhetta Houston, Patsy Lambert, Phil Jackson, Delphinia Valdez, Irma Cantu, Tommy Ann Medellin, and May Garcia.

Second grade: Carroll Dunn, Larry Cottrell, Jeanie Moore, Kerby Spruiell, Sammy Stephens, Pam Pittman, Mickie Sterling, Jerry Blair, Sharon Kelly, Doris Jean Rhodes, Pamela Kitchens, Theresa Valdez, Kerwin Bristow, Kathy Kerr, Steve Skipper, Betty Cantrell, and Gary Arthur.

Third grade: Jerry Ray Rice, Toni Turpin, Carol Howard, Sandra Slough, Lewis Henderson, Jane Valdez, Frances Burnett, Betty Tow, Cynthia O'Neil, Steve Guer-

Plant scientists of the Texas Agricultural Experiment Station have announced the release of a new blight resistant cotton variety. It is known as Austin and is highly resistant to the most damaging race of bacterial blight found in Texas. Commercial seed should be available to farmers this year.

Fourth grade: Beverly Spruiell, Carolyn Bryant, Robert Davis, Margaret Toler, Mike Tannehill, Mike Skipper, Terry Barton, Marilyn Teaff, Larry Crowder, Cindy Wilson, Jo Ann Lovelace, Jeraldine Evans, Janet Wilson, Carolyn McNeill, and Mary Ann Ruiz.
Fifth grade: Paulette Mayo, Mike Collins, Cynthia Phillips, Jim Owens, Truett Skipper, Fredrick Benn, Tommy Adkisson, Jake Mallow, Linda Miller, Linda James, Charles Barrick, and Boyce Paxton.

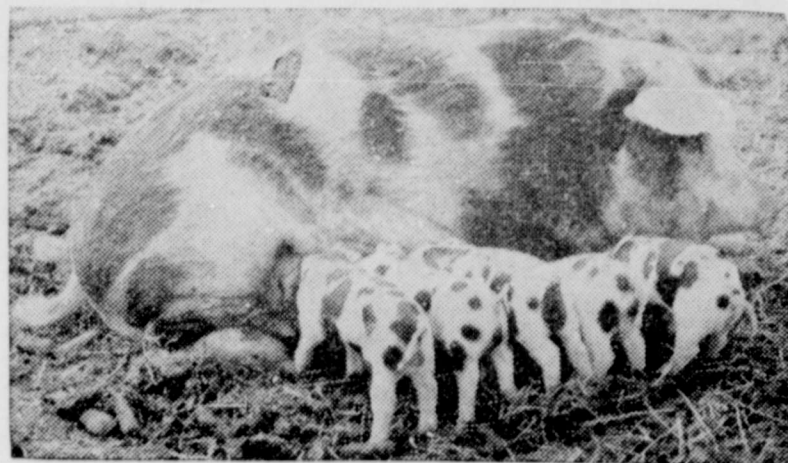

Tax-Man Sam Sez

By this time of the year, you should have all of your W-2's from your employers for 1957. A lot of us only have the copy left because we have already filed our tax returns and are looking for our tax refund checks. Quite a few of us have already paid the additional tax that we owe and aren't going to worry about this tax business until next year, even if it is good business to

keep records and read the tax instructions throughout the year before we make business and personal transactions. In case you haven't gathered together your W-2 forms, your tax records, and started working on your tax, you better start gathering right now. The Internal Revenue Service requires all the W-2 forms. Don't forget to get all of them and send them along with your tax return so that Uncle Sam won't have to write you a nice letter asking for them.

Falls are the home's greatest hazard, claiming a total of 14,000 lives annually in the nation, says the Texas Farm and Ranch Safety Council. Burns are second, causing about 5,400 deaths annually while poison and carelessness with firearms each take about 1,000 lives yearly. Better keep the danger sign up around the house and see that accident hazards are removed, warns the Council.

Mr. and Mrs. Leon Manley of Canyon visited here in the Herbert Watson and G. W. Manley homes last weekend. He is a student at WTSC.

Edwina Anderson has lost a blue parakeet with a leg band and would like to find it. If found, please call Ed Anderson at Reid Chevrolet.

Amarada Number One Roy Johnson, Section 40AK, Lubbock County, on March 4th drill test showed 2430 feet of free oil in the drill pipe with no water. The oil unloaded out of the drill pipe at the conclusion of test. Test was run at an interval of 7415 feet to 7555 feet identified as Leonard formation. Drilling continues below 7750 feet.

4-H Club Adult Leaders Meet

The men adult leaders for the 4-H club program of Hale County held a regular monthly meeting Monday night, March 3, in the Red Rock Room of the Hilton Hotel.

Jack McGarr, chairman of this group, presided over the meeting and introduced the guests who were Perry Bowser, Harry Webber and Dale McEachern.

Several recommended goals for the 1958 4-H club program were discussed and evaluated. Truitt McEachern, who is a leader in the public speaking program, reported that plans have been made for a county public speaking program.

Mr. McEachern plans to give a public speaking demonstration to all the 4-H clubs of Hale County and then have one or two county-wide workouts before the actual county contest. Mr. McEachern had his son, Dale McEachern, a 4-H club member in the Junior High Club of Plainview, with him and Dale gave a demonstration speech on "Why I Like to Live on the Farm."

Dale's speech was six minutes long and it was explained that contest speeches will be from five to seven minutes in duration. Contestants can pick their own topic and are allowed to use notes, however, they should not have these notes memorized.

Another one of these goals was to broaden the scope of the 4-H electric program and Mr. Harry Webber of Southwestern Public Service, explained that his company and employees of the company were available for demonstrations and educational purposes. Mr. Webber suggested that the adult leaders of the various clubs in Hale County get in contact with Southwestern Public Service and arrange for electric demonstrations to be given their 4-H members at club meetings.

Mr. Webber said that he had several wiring charts and demonstration boards which would be very effective in giving electric demonstrations to 4-H club kids. It was explained that someone from Southwestern Public Service would be available for all club meetings and at almost any time if given sufficient notice.

The 4-H Tractor Maintenance program was discussed as well as a leader training school in tractor maintenance, which would be held in Lubbock on March 11 and 12. Elwyn Ellis of Plainview, Fred Blumenstock of Abernathy and Frank Moore of Cotton Center, volunteered to attend this leader training meeting at which all expenses are paid by the sponsor of the program, the Humble Oil and Refining Company.

The community chairman of Petersburg and Hale County will try to secure someone from their community to attend the school. These leaders will return from the school and assist in the tractor program for the coming year.

Bill Gunter reported on the Soil Judging plans for the coming year. The plans at present are to train five or six boys in soils judging in each community for the county contest. Ollie Liner, county agent, reported that the County Soils Judging Contest would be April 10 and the District Contest would be

April 12. These soils teams will be trained by extension agents, Bill Gunter and adult leaders of the various communities.

Ollie Liner discussed a livestock judging program that would involve more 4-H club members and those of the younger ages. For this program to work, all of the adult leaders would have to co-operate especially those having livestock that could be used for demonstration purposes.

Jack McGarr discussed having a complete set of fitting equipment for livestock in each of the communities throughout the county. The adult leaders were asked to check with the extension agents on what was needed and how it could be secured.

Other problems that were discussed were having a higher percent of 4-Hers enrolled with active projects. Also the importance of being well groomed at all times, being courteous in show rings as well as in other functions where 4-H members are meeting and associating with people. It was the thinking of the extension agents and the adult leaders that this is a point of major importance and that definitely should not be overlooked. It was brought out that developing this character and attitude of the 4-H member was actually the real purpose of the program. A discussion was held in regard to improving the lamb feeding program in the county and the importance of fitting our 4-H projects into the classes at the Plainview Fat Stock Show in order that all classes would be filled and give us a well balanced show.

The supper for this group of 4-H adult leaders was furnished by the Plainsman Elevator.

HDC MEETING

The Abernathy Home Demonstration club met March 4 at 2:00 p. m. in the City Clubroom with Mrs. Melvin Johnson as hostess. The meeting opened with a prayer led by Mrs. Lee R. Smith. Miss Mildred Cox, county agent, gave an interesting program and demonstration on "Foundation Garments."

Those attending were Meses. W. H. Loyd, T. A. Brewster, J. B. Herring, G. D. Clapp, A. N. Johnson, Lee R. Smith, W. F. Wolf, Miss Mildred Cox, county agent, and Miss Gena Brazzeale, associate county agent, and the hostess.

The next meeting will be March 18 in the clubroom with Mrs. A. R. Knight hostess. Mrs. Chris Benn, guest speaker, will have charge of the program and will show films of Germany taken while visiting there last year.

Children's Photos To Be Made

Tuesday, March 25, is the day that the kiddies here will again meet their photographer friend, Winston Lucas of Irving, and have their pictures made for the annual Children's Photo Contest.

Mr. Lucas will be at the Smith Goebel Variety on Tuesday, March 25, at 10:00 A. M. to 6 P. M. to make pictures of children in this area.

The photos will be made free of charge and each child will have his picture published in the Abernathy Review. In addition, the children will be competing for \$18.20 in prizes, being offered for the three best photographs made during the day.

Proofs will be shown and from these you may make your choice for the picture you wish to appear in our paper.

Of course, you may purchase extra pictures, but no purchase is necessary in order to compete.

Now don't forget the date and time, 10 A. M. to 6 P. M. Tuesday, March 25. Relatives and friends who live in other places, as well as those who live here will be quite happy and proud to have the kiddies picture in the Abernathy Weekly Review. There will be no age limit.

Nutrition Survey Conducted in Hale

A survey in foods and nutrition is being conducted in Hale County by the Home Demonstration Council and the foods and nutrition sub-committee on the county program building committee.

Names of homemakers over the county have been selected to get a representative group. One hundred and twenty non-club members will be contacted within the next two weeks to check a survey form.

No name will be used on this form. The interviewers are looking forward to one-hundred per cent cooperation in order that the survey may be useful in making plans for future county extension programs.

The Hale County survey will be included in the state survey to be compiled and publicized soon.

Jim McAlister, Chuck Broyles and Glen Carter, all students from TCU, spent the weekend in the R. A. McAlister home.

County School Group Meets

The county-wide committee on evaluation of public schools divided into sub-committees at its meeting in Plainview recently, with each to study a special phase of school problems.

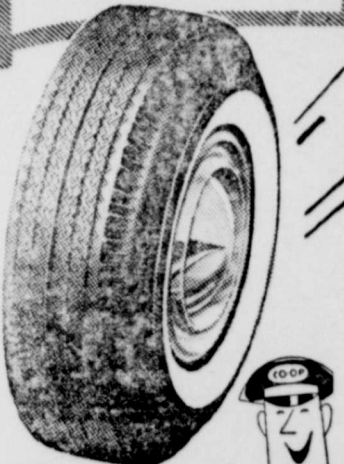

Special Committees on school program, teacher supply, school construction and school finance were set up by R. V. Payne, county chairman.

Each group will make its recommendations April 1. The entire committee and any other interested persons will then consider, accept, or modify the reports.

Forty-five of the 57 members of the county committee attended the meeting held at Hillcrest School. Its study is part of a state-wide evaluation program.

Don Cunningham, student at Hardin-Simmons University, was here from Abilene last weekend to visit his parents, Mr. and Mrs. W.V. Cunningham.

SOCIAL SECURITY

Do you know which members of your family would be eligible for social security benefits if anything should happen to you?

John G. Hutton, District Manager of the Lubbock social security office said that many questions received in the District Office indicate that workers and their families do not understand the survivors benefits provided in the social security law. Consequently, families may lose benefits in the event of the death of the worker.

The law now permits widows to draw monthly benefits at age 62. Widows who are younger may draw monthly benefits if they have in their care a child of the deceased worker who is entitled to benefits. Mr. Hutton said most people know that a child of deceased worker is entitled to benefits until age 18. Many people, however, are not aware that a disabled son or daughter over 18 may now qualify for a child's benefit if the disability began before age 18.

Under certain circumstances a widower who was dependent on his wife may qualify for monthly benefits. Dependent parents may qualify if the worker was not by a spouse or a child entitled to monthly benefits.

Mr. Hutton pointed out that in almost every case a lump-sum death benefit can be paid to survivors. This payment is in addition to any monthly benefits the family may get. He emphasized that benefits are not paid automatically; families must make application for them.

NEW SAFETY CHIEF—Gov. Price Daniel has named Brad Smith (above) of Weslaco, Texas, as state traffic safety director. Smith assumed his duties in the governor's office on Feb. 1. His job is to coordinate safety activities of state agencies. He will head the newly created Texas Traffic Safety Council authorized by the 55th Legislature. Smith, who is a past president of the Texas Press Association, has been in newspaper, radio and television work. In these posts he has done much public information work on traffic safety.

The social security office recommends that every worker find out what payments may be due his family in the event of his death. Workers need this information to plan effectively for the financial security of their families. Your social security office has a booklet entitled "Your Social Security" which provides this information. You may write or telephone your social security office for a copy.

Wayland Sets Science Event

Plainview, Feb.—(Spl.) — The area Science Fair, covering six counties, will meet this year at Wayland Baptist College on March 30, according to Miss Mary Ellen Young, Wayland instructor in physics and sponsor of the Fair.

High school students from Bailey, Hale, Floyd, Cottle, and Motley counties will take part in the fair, sponsored by the Wayland Science Club. Exhibits demonstrating principles, procedures and applications of any field of science and mathematics will be accepted for display.

Students in any school in the six county area immediately east and west of Plainview are eligible to enter exhibits, and winners will go, April 12, to the District Fair in Lubbock. The two students whose exhibits receive highest rating at this contest will win an all-expense paid trip to the National Science Fair in Flint, Mich., May 7-10.

The fair is affiliated with the Science Clubs of America and the National Science Fair. Members of the Science Club who are assisting with the project are Kim Draper, Plainview, president; Ken Mattox, Clovis, N. M., vice-president; Roma Brewer, Tahoka, secretary; Margaret Odom, Dimmitt; Gwen Arthur, Pampa; Janice N. Miller, Friona; Dick Waldren, Santa Rosa, Calif.; Pat Hurt, Dilley; Bobby Sartain, Friona, Jim Morrison, Muleshoe; and Ruby Cheung, Hong Kong.

Shirley Mills, daughter of Mr. and Mrs. J. C. Mills, was here from Fort Worth last weekend. She is a student at TCU.

Mr. and Mrs. Grady Rogers and daughters spent the weekend in Quanah visiting relatives.

BEAUTY CONSULTANT

Candy Jones, famed photographer's model, will serve as beauty consultant to the 1958 Maid of Cotton judging committee. She also will give beauty advice to the 20 girls who will compete for the title in Memphis on 4-25-58.

Barry and Darrell, sons of Mr. and Mrs. Glenn Selke, underwent tonsillectomies last week. Gloria Houston, student at McMurry College, was here from Abilene last weekend to visit her parents, Mr. and Mrs. E. A. Houston.

Mr. and Mrs. M. M. Bell and Barbara McGuire visited Don Bell in Dallas last week.

Mr. and Mrs. Frank Martin and Ruth of Levelland visited in the M. M. Bell home recently.

Mr. and Mrs. Robert Baker of Abilene visited her parents, Mr. and Mrs. J. C. Mills last weekend. Yvonne Hager was here from Denton last weekend to visit her parents, Mr. and Mrs. L. J. Hager. She is a student at TWU.

Children's Photos To Be Made

Tuesday, March 25, is the day that the kiddies here will again meet their photographer friend, Winston Lucas of Irving, and have their pictures made for the annual Children's Photo Contest.

Mr. Lucas will be at the Smith Goebel Variety on Tuesday, March 25, at 10:00 A. M. to 6 P. M. to make pictures of children in this area.

The photos will be made free of charge and each child will have his picture published in the Abernathy Review. In addition, the children will be competing for \$18.20 in prizes, being offered for the three best photographs made during the day.

Proofs will be shown and from these you may make your choice for the picture you wish to appear in our paper.

Of course, you may purchase extra pictures, but no purchase is necessary in order to compete.

Now don't forget the date and time, 10 A. M. to 6 P. M. Tuesday, March 25. Relatives and friends who live in other places, as well as those who live here will be quite happy and proud to have the kiddies picture in the Abernathy Weekly Review. There will be no age limit.

Nutrition Survey Conducted in Hale

A survey in foods and nutrition is being conducted in Hale County by the Home Demonstration Council and the foods and nutrition sub-committee on the county program building committee.

Names of homemakers over the county have been selected to get a representative group. One hundred and twenty non-club members will be contacted within the next two weeks to check a survey form.

No name will be used on this form. The interviewers are looking forward to one-hundred per cent cooperation in order that the survey may be useful in making plans for future county extension programs.

The Hale County survey will be included in the state survey to be compiled and publicized soon.

Jim McAlister, Chuck Broyles and Glen Carter, all students from TCU, spent the weekend in the R. A. McAlister home.

County School Group Meets

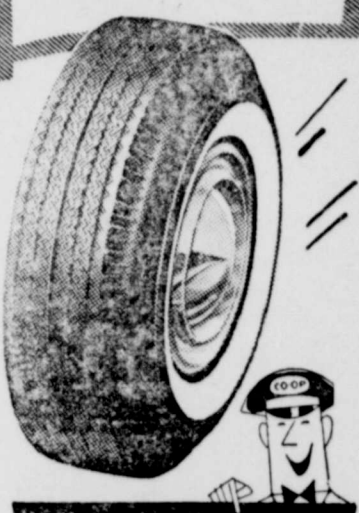

The county-wide committee on evaluation of public schools divided into sub-committees at its meeting in Plainview recently, with each to study a special phase of school problems.

Special Committees on school program, teacher supply, school construction and school finance were set up by R. V. Payne, county chairman.

Each group will make its recommendations April 1. The entire committee and any other interested persons will then consider, accept, or modify the reports.

Forty-five of the 57 members of the county committee attended the meeting held at Hillcrest School. Its study is part of a state-wide evaluation program.

Don Cunningham, student at Hardin-Simmons University, was here from Abilene last weekend to visit his parents, Mr. and Mrs. W.V. Cunningham.

YOU CAN COUNT ON HER

SOCIAL SECURITY

Do you know which members of your family would be eligible for social security benefits if anything should happen to you?

John G. Hutton, District Manager of the Lubbock social security office said that many questions received in the District Office indicate that workers and their families do not understand the survivors benefits provided in the social security law. Consequently, families may lose benefits in the event of the death of the worker.

The law now permits widows to draw monthly benefits at age 62. Widows who are younger may draw monthly benefits if they have in their care a child of the deceased worker who is entitled to benefits until age 18. Many people, however, are not aware that a disabled son or daughter over 18 may now qualify for a child's benefit if the disability began before age 18.

Under certain circumstances a widower who was dependent on his wife may qualify for monthly benefits. Dependent parents may qualify if the worker was not by a spouse or a child entitled to monthly benefits.

Mr. Hutton pointed out that in almost every case a lump-sum death benefit can be paid to survivors. This payment is in addition to any monthly benefits the family may get. He emphasized that benefits are not paid automatically; families must make application for them.

NEW SAFETY CHIEF—Gov. Price Daniel has named Brad Smith (above) of Weslaco, Texas, as state traffic safety director. Smith assumed his duties in the governor's office on Feb. 1. His job is to coordinate safety activities of state agencies. He will head the newly created Texas Traffic Safety Council authorized by the 55th Legislature. Smith, who is a past president of the Texas Press Association, has been in newspaper, radio and television work. In these posts he has done much public information work on traffic safety.

The social security office recommends that every worker find out what payments may be due his family in the event of his death. Workers need this information to plan effectively for the financial security of their families. Your social security office has a booklet entitled "Your Social Security" which provides this information. You may write or telephone your social security office for a copy.

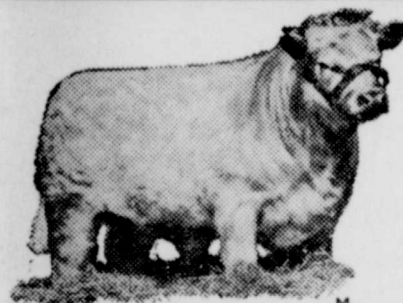

Everybody likes a good fat pure-blooded animal. They also like a good, easy-starting, smooth-running motor.

Wayland Sets Science Event

Plainview, Feb.—(Spl.)—The area Science Fair, covering six counties, will meet this year at Wayland Baptist College on March 30, according to Miss Mary Ellen Young, Wayland instructor in physics and sponsor of the Fair.

High school students from Bailey, Hale, Floyd, Cottle, and Motley counties will take part in the fair, sponsored by the Wayland Science Club. Exhibits demonstrating principles, procedures and applications of any field of science and mathematics will be accepted for display.

Students in any school in the six county area immediately east and west of Plainview are eligible to enter exhibits, and winners will go, April 12, to the District Fair in Lubbock. The two students whose exhibits receive highest rating at this contest will win an all-expense paid trip to the National Science Fair in Flint, Mich., May 7-10.

The fair is affiliated with the Science Clubs of America and the National Science Fair. Members of the Science Club who are assisting with the project are Kim Draper, Plainview, president; Ken Mattox, Clovis, N. M., vice-president; Roma Brewer, Tahoka, secretary; Margaret Odom, Dimmitt; Gwen Arthur, Pampa; Janice N. Miller, Friona; Dick Waldren, Santa Rosa, Calif.; Pat Hurt, Dilley; Bobby Sartain, Friona; Jim Morrison, Muleshoe; and Ruby Cheung, Hong Kong.

Shirley Mills, daughter of Mr. and Mrs. J. C. Mills, was here from Fort Worth last weekend. She is a student at TCU.

Mr. and Mrs. Grady Rogers and daughters spent the weekend in Quanah visiting relatives.

BEAUTY CONSULTANT

Candy Jones, famed photographer's model, will serve as beauty consultant to the 1958 Maid of Cotton judging committee. She also will give beauty advice to the 20 girls who will compete for the title in Memphis on 3-27-58.

Barry and Darrell, sons of Mr. and Mrs. Glenn Selke, underwent tonsillectomies last week.

Gloria Houston, student at McMurry College, was here from Abilene last weekend to visit her parents, Mr. and Mrs. E. A. Houston.

Mr. and Mrs. M. M. Bell and Barbara McGuire visited Don Bell in Dallas last week.

Mr. and Mrs. Frank Martin and Ruth of Levelland visited in the M. M. Bell home recently.

Mr. and Mrs. Robert Baker of Abilene visited her parents, Mr. and Mrs. J. C. Mills last weekend.

Yvonne Hager was here from Denton last weekend to visit her parents, Mr. and Mrs. L. J. Hager. She is a student at TWU.

Textile Mill Tour Is Set April 21-23

LUBBOCK—A proposed cotton textile mill tour at Greenwood, S. C., is being planned by members of the Plains Cotton Growers, Inc., the Plains Ginners Assn. and the Lubbock Cotton Exchange.

Roy Forkner, Chairman of the mill tour committee, said the proposed tour is tentatively scheduled April 21-23. It will be held in cooperation with the American Cotton Manufacturing Institute, who will serve as hosts for the group in Greenwood.

A March 15 deadline for reservations has been set.

Forkner said the tour is open to farmers, ginners, buyers, or others in the cotton industry and also open to both men and women. The group will leave Lubbock by chartered airliner early on the first day, arrive in South Carolina that afternoon. The second day and morning of the third day will be spent in mill tours and after a luncheon sponsored by the ACMI

Girl Scout Day Camp Date Set

Day camp for all Brownie and Girl Scouts has been set for the week of June 9-13, at the Barton farm.

The hours will be from 9:30 A. M. until 3:30 P. M.

The fee for each girl is \$3.50 and registration will be in the Scout room, the last day of school from 10:00 A. M. to 2:00 P. M.

on the third day, the group will enplane for Lubbock.

Estimated cost of the trip will be from \$100 to \$150 per person, depending on the number making the trip and the size aircraft chartered, Forkner said.

Approximately 20 persons have already signed up for the trip, he added. Additional information concerning the trip is available at the Plains Cotton Growers, Inc. office, 220 Lubbock National Building, Lubbock, Phone POrter 2-0553.

For Europe**

Pvt. Henry F. Healy

Pvt. Blake Dean Skidmore

FORT BENNING, GA. (AHTNC)—Privates Blake D. Skidmore and Henry F. Healy of Abernathy, Tex., are scheduled to depart from Fort Benning, Ga., early in March

for Europe under "Operation Gyroscope," the Army's unit rotation plan.

The soldiers are members of the 3rd Infantry Division which is replacing the 10th Infantry Division in Germany.

Skidmore, 18, son of Mr. and Mrs. L. B. Skidmore, is a gunner in Company A of the division's 50th Regiment. He was a truck driver in civilian life.

Healy, 17, son of Mr. and Mrs. Joe F. Healy, is a rifleman in Company A.

The soldiers entered the Army in August, 1957, and were last stationed at Fort Chaffee, Ark. They attended Abernathy High School.

Charlie Ellis moved to 607 - 14th St. from the Tuco Gin residence.

Tella Walker moved to 110 south Ave. F.

Wendell Hughes moved to 512 - 3rd St.

Chemicals of many kinds are used by agricultural producers in ever-increasing amounts as a regular part of their production program. But, warns the Texas Farm and Ranch Safety Council, all chemicals should be used exactly as the manufacturers suggest. Failure to observe the recommendations given for safe handling and use of farm used chemicals can result in great personal injury or even death. Don't take chances, follow the manufacturer's directions to the letter.

FREAK ACCIDENT

Grady Carpenter, brother-in-law of George Hughes of Abernathy, was injured in a freak accident recently. Carpenter, who was making delivery on a new truck, was following a car driven by a woman, who stopped very suddenly, forcing Carpenter to attempt to stop, also. He applied the brakes hard and was thrown out the

door of the cab, and the left rear wheel ran over him full length, from foot to head but missing his head. The right leg and side were mashed and bruised. He was rushed to a hospital and X-rays were made but no broken bones found at the time. However, his right leg has since swollen and he was taken to a hospital in Dallas for further X-Ray examination.

Does your heart good!

THINK of the exertion you'd avoid with an additional phone in your bedroom.

Baptist Revival

(Continued from page 1)

Rev. Vestal. There were 512 conversions in this church during his eighteen months ministry there. Dr. Pat Neff, then president of Baylor University, spoke of Rev. Vestal as one of the greatest evangelists to attend Baylor University. From the La Vega pastorate, Rev. Vestal entered the field of evangelism. His evangelistic ministry is characterized by the one word success.

Assisting Evangelist Vestal will be Mr. Bob Bowen. Previous to his ministry as an evangelistic singer, Mr. Bowen was a lawyer in Denver, Colorado. His spirit and ability have been greatly received in the revival campaigns where he has served.

A cordial invitation is extended to all the people of Abernathy to attend the revival services at the First Baptist Church.

Jack Barton...

(Continued from Page 1)

farm so the water is held where it falls, he plans to install a re-charge well near the lake that is on the east side of the place so he may utilize the water which collects there.

A two-row Arizona cypress wind-break has been planted around the farmstead to protect it from wind erosion.

Both Barton and his son are members of the Abernathy Methodist church and serve on the board of stewards.

Barton feels that we were given this land to use but that we should take every possible step to treat our farming land for protection and improvement so that it will be capable of top production for future generations.

CHARM SCHOOL SET IN APRIL

Bess Rothman, Personnel Director for Volk's in Dallas, and attractive instructor for John Robert Power's Models, will direct a Charm School in Plainview will meet two hours a day for five days. The afternoon classes will meet in Heritage Room of Van Howeling Library of Wayland College. The Flame Room of the Pioneer Natural Gas Company will be the meeting place for evening classes.

Mrs. Rothman's appearance in Plainview is being sponsored by the Hale County Home Demonstration Council. Enrollment for the general public will begin March 19, and will be conducted on a "first come, first serve" basis. Home Demonstration Club and 4-H Club members may enroll now. Fee for the ten hour course will be \$15.

Enrollment forms may be secured from Home Demonstration Club Presidents and County Home Demonstration Agent, Mildred Cox.

CARD OF THANKS

I wish to thank my many friends for their cards, flowers and time spent in sitting up with me at the hospital during my illness.

Howard Humphrey.

TALK

— In Print

Note to Lubbockites in charge of hosting Regional Basketball tournaments: Please don't have them in Chapman Fieldhouse. The discomfort of overcrowding, the close-chained gates squeezing the crowd into single file to leave the grounds, and the lack of parking combine to make Chapman Fieldhouse an undesirable facility for a Regional tournament. "If Lubbock can't provide something better than this, they should let some other town have the Regional games," we overheard a disgruntled fan remark as she waited her turn to go through the gate.

—tip—
Sarah Graham wrote the copy for Graham Restaurant advertisement in this issue of The Review. It begins with: "Business Is Good. Prospects Are Wonderful." She is right on both counts.

For the past couple of months, parking space in downtown Abernathy has been at a premium. The streets have been crowded every day. Most of those people were doing business in the local stores.

—tip—
True enough, times have been better... and they have been a lot worse! The buying power of the Abernathy area residents runs into several millions of dollars. ... cash in banks NOW! The Abernathy Weekly Review goes into these area homes with a combined buying power of several millions of dollars. These people read the ads in The Review. Proof: The last sale staged by Young's Department Store, Jan. 24, 25-27, this year. Only advertising Young's used was in The Review... no handbills, no radio, no TV. There was no increase in The Review circulation the week Young's last sale ad appeared... just the regular subscription mailing list. First day of the sale had a crowd waiting when the doors opened. "It was one of the best sales we've had," declared Mrs. Lillian Young, owner.

There is no better way, no cheaper way of telling the people of Abernathy area what you have to sell than an advertisement in The Review.

—tip—
The Review's circulation department can join Mrs. Graham in saying "Business Is Good." In fact, it's a lot better than at the same time in 1957, which was a peak year for subscription sales. More people in the Abernathy trade area are reading The Review than at any time in its history. Yearly subscription sales are booming, and newsstand sales of The Review are up.

—tip—
"When we catch him, you are going to be surprised to find who it is," said a local official concerning the window peeper now active in Abernathy. Men from several homes that have been visited by the window peeper the past few weeks are doing stakeout duty, with guns ready for action. "Someone is going to get killed," was the prediction of one local resident.

—tip—
Following is a clipping from The Altus (Okla.) Times-Democrat, concerning a former Abernathian, and a brother of Mrs. E. J. Pope, Jr., of this community:

Billy J. Motheral of route one, Olustee, civil service employee at Altus Air Force Base, Wednesday was presented a check for \$200 for sustained superior performance in his job in the sheet metal section of the base installations shop.

The cash award was presented by Col. George J. Krause, Air Base commander. It covered the period from May through October, 1957.

Ed Graham says the pastry department of his restaurant has turned out 131,400 pies in the 12 years he has operated it here. Reduced from inches to feet to miles, if placed side-by-side that many pies would reach from Abernathy to Lubbock.

—tip—
Best of luck to the girls and Coach Pete Wilson and Assistant Shirley Oswalt as they begin play in the State Cage Tourney in Austin Friday.

Arizona Cypress Trees Available Again This Year

Arizona Cypress trees for wind-break plantings are available to farmers again this year at a special price of 25 cents per potted tree through the Hale County Soil Conservation District.

Glenn Reagan, chairman of the district board of supervisors, announced arrangements had been set for March 15 through June 1. Applications for the trees may be made through the Soil Conservation Service office, Home Demonstration Clubs, or the County Agent's office.

Reagan stated "Technicians of the Soil Conservation Service recommend spacing of six to eight feet apart on at least two sides of the farmstead. The young seedlings should be protected from fire and trampling of livestock and be given plenty of water in hot weather."

More children under 14 are killed by home accidents than by any single disease. The Texas Farm and Ranch Safety Council warns that all medicines should be labeled and placed out of reach of children; firearms kept unloaded and stored in a safe place; matches and knives should be kept out of reach of youngsters; and scissors, pins and sharp tools are no good as playthings for children.
