Couple committed to helping children "Say No"

Almost each of us has a pet project within us, however most of us do little about it except to occasionally step upon our soap box and deliver an oratory--that is if the "climate" seems right. Few of us have the conviction or dedication to deliver our message to the world.

Randy and Peggy Polson are exceptions.

After their six-year old son was approached with the offer of drugs from a nine-year old in his school, the Polsons decided they had a mission. This mission was to try and tell children why they shouldn't take drugs. "We believe kids have to learn about drugs before they know why to say no to them," Randy says, "and this can best be accomplished by talking to them."

The couple left home in Citrus Springs, Florida on October 31 after making arrangements for grandparents in Illinois to care for their two sons, Eason age three and Rhett age six. They are walking across the United States speaking with civic organizations and anyone else who will listen. Their primary focus though is in the elementary schools where they say drug and alcohol education is most needed.

The couple is traveling along IH-10 with stops in all communities along the way and jaunts into major cities close by IH-10. Their journey will eventually take them Los Angeles, California. The route of their journey has inspired the theme for their walk "The I-10 Commandments Why to Say No to Drugs."

They walk fifteen to eighteen miles a day taking turns walking and driving the van which is their home on the road. "Occasionally someone will comp us a room in a motel," says Peggy "and we have been told that perhaps it isn't safe

Lions crown '88 Queen

The Annual Lions Ladies Night and Queens Contest was held Monday, January 18 in the snack bar at the Junior High School.

Twelve young ladies from Sonora High School vied for the title of Lions Queen 1988. The panel of judges was comprised of District Lions from outside of Sonora.

Mary Ross, daughter of Joe David and Frances, was selected to reign as Lions Queen.

Mary, a senior at Sonora High School, will go on to represent the club in the District Lions Queen competition in April.

Rachel Merck, daughter of Susan Bloodworth, was selected as first runner-up and Michele Adams, daughter of Mr. and Mrs. John Adams, was selected as second runner-up.

Outdoor Drama Group holds planning retreat

The 1988 Season of the Covered Wagon Dinner Theater will open on June 10th.

The Outdoor Drama Group is holding a planning retreat on Saturday, February 6. The retreat is open to anyone in the community who would like to be involved in any way, to any degree in the planning and/or production of this year's dinner theater. There will be ten weekends of performances this summer, so that's a lot of planning.

Charlotte Gilmore, co-ordinator for the dinner theater states that the scheduling of performers, both storytellers and entertainers, is

Music Man comes to Sonora

by Charlotte Gilmore

Under the able direction of Martha Valliant McLain, *Music Man* will be performed for our entertainment during the Spring of 1988 right here in Sonora. Remember. . . *Seventy Six Trombones* and *Ya Got Trouble (right here in River City)* or *Goodnight my Someone* . . . and many, many other good songs, good music. This is one of the all-time favorite musicals with a part for everyone who ever aspired to the theater and for some who haven't.

The date for try-outs is set for Monday, February 1 at 7 p.m. in the First Baptist Church Fellowship Hall. If you are interested but can't make the try-outs please let Marti know.

There are lots of singing parts besdies the lead ones that need to be filled--a barber shop quartet, a ladies chorus, kids, townspeople. And there are lots of acting parts besides the main characters, so come out and help make this a fun and successful performance.

Some of the most important parts in any performance are behind the stage and Marti needs a good crew to run the show--set, costumes, lights, sound, sound effects, music, curtains, make up--you name it.

If you are interested in helping with any part of this production, please be there on February 1st.

"Sweetheart Shopping Spree" at Nursing Home

The residents of the Nursing Home will have an opportunity to go on a real shopping spree on Friday, February 12 but they will need your help.

Many of the residents at the nursing home have very limited incomes which exclude the purchase of much clothing but they still have the same desires as everyone else to look nice and have a variety of clothing.

The residents will be receiving a Shopping Spree Dollar (play money) each time they attend and participate in an activity at the Nursing Home and it will be these dollars that they will spend for the clothing they wish to purchase at the sale.

The shopping spree will take place in the lobby of the nursing home where the clothing will be displayed on racks and the atmosphere will be as much like a regular store as is possible.

The Nursing Home needs the donation of good, used but serviceable clothing for the sale in the following sizes:

WOMEN

Dresses sizes 7-18 (mainly 16 and 18), Slacks sizes 5-18, Blouses small, meduim and large, Robes any size, Sweaters all sizes, and Night Gowns any size for bedridden patients.

MEN

Slacks 36-38 waist, Shirts any size, Robes large 38-40, and Sweaters any size.

Donated clothing can be taken to the Nursing Home anytime before February 12.

To be heard, you *must* vote

by Ann Cates

Perhaps of all our rights guaranteed as Americans the one most frequently disregarded is our right to vote. As we hear of the slanted elections around the world where people put their lives in jeopardy to cast a vote in a state run election, we will comment perhaps on how sad this is, still at election time we conveniently "forget" what day it is or we simply "forgot" to register in time to vote in *this* election.

According to Jack Rains, Secretary of State, almost one-half of all Texans eligible to vote are not registered. In fact, of our neighboring states Texas has the lowest percentage of registered voters, and we lag at least six percentage points behind the national average.

There is no such thing as an election which is not important whether it's local, state, or federal as each will affect you in some way. The only means at our disposal to voice our opinions and to be heard is to vote. It's rather difficult to disagree with decisions made on our behalf if we were silent in the selection of the parties chosen to make these decisions.

The first step we must take is to register and anyone can register by requesting a voter registration card from their county tax assessor-collector. In our case we would contact Ann Hill in the Sutton County Courthouse Annex or call 387-2342.

Deadline for registration in order to vote in the March 8 primary is Sunday, February 7, 1988. This date would apply to mail in registrations only which must be postmarked no later than this date. Registration in person should be done on the Friday proceeding February 7.

Voting is not only *your right*, it is also <u>your duty</u>.

4-Her's working on local voter awarness

by Clay Graves

As we get closer and closer to the March 8, 1988 election, it is important to keep in mind that the voter registration deadline is Sunday, February 7, 1988.

This week 4-H members will be putting up posters and giving out label stickers to promote voter registration awareness. These materials are sanctioned by the Executive Board of the Tax Assessor-Collectors Association of Texas and will be purchased by the 4-H members with personal funds. Any 4-H member interested in working on voter awareness as part of your citizenship activities should contact Clay Graves, or Tammi Fisher.

A person can register to vote by getting an application for voter registration from the Tax Assessor-Collector office at the Courthouse Annex.

Voter registration assistance

Are you registered to vote? If not, we would like to help.

The deadline to register to vote in the General Primary election is Sunday, February 7th.

Should you wish to register and need help in doing so call 387-2793 between 9:30 a.m. and 5 p.m. Monday through Friday.

This assistance is for anyone homebound or who simply can't find the time to pick up a voter registration card. Your vote <u>does</u> count!

On election day, Tuesday, March 8, we will be providing rides for those who wish to vote and have no transportation. Please call in advance if you need a ride.

News?

Does your club or organization have news items you would like to share with the community?

Press packets are available at the Devil's River News which will help you assemble the facts for a news article. These packets are free and we would like to encourage all groups and organizations to drop by, pick one up and then tell Sonora what's happening.

Absentee voting

Absentee voting by personal appearance in the March 8 General Primary will begin at the Sutton County Courthouse Annex on February 17 and run through March 4. Hours will be from 8 to 5 Monday through Friday.

Publishers Comment

One of the things that seems to have been impressed on every person who worked with any of the charitable functions this Christmas season is that Christmas is only one day a year leaving a balance of 364 days each year in which we can reach out to help our fellowman.

With this thought upper most in many minds, additional ideas have cropped up which I would like to share with you. Your opinions and responses are needed on the following ideas and can be expressed by either writing the Devil's River News at 220 N.E. Main or calling 387-2507.

***

The Angel Trees sponsored by the Sutton County Welfare Board was such a wonderful thing for many youths who had need of clothing.

Next year we would like to see the effort expanded in some way to cover our nursing home residents. Many of them receive little and a small token for their years of contributions to society would be tremendously appreciated. A bottle of lotion or a pretty handkerchief can be very special.

***

Following the pattern of World War II "Victory Gardens" it has been suggested that "Senior Gardens" could be helpful in Sonora to help feed those who have need of additional foodstuffs.

Several fallow garden spots in various peoples yards have been offered for this project and more would be needed. Some of the persons offering their space have even agreed to pay for the water. Donations of seeds would also be needed.

The plots would be worked by those who would benefit from the project or by those who enjoy gardening and have some extra time.

Distribution of the produce would be done through the Senior Center.

This project would aid Senior Citizens on fixed incomes and low income families but still offer a means of independence as they would be doing the gardening.

If you would be interested in working a garden spot please call Estela Acosta at the Senior Center, 387-5657. If you have a garden spot which could be worked or any helpful suggestions, please call the Devil's River News, 387-2507.

I have read of this type community venture in other areas which have been most successful and rewarding.

***

Here's another way to help others while you start your spring housecleaning. . . .

The Nursing Home will be having a "Sweetheart Shopping Spree " (article front page) for the residents.

All they need are donations of good used clothing from you for the residents to have a good time spending the day "shopping". We all know how much fun it is to shop and the residents at the nursing home enjoy it also.

Drop any serviceable clothing by the Nursing Home before Friday, February 12, and then feel good because you brightened someone's day.

***

Speaking of spring cleaning, we are considering doing ours here at the office-- you know, you always start early, at least the thinking stages...

Anyhow, we have used Christmas card books which could be used for different projects. Any group or organization which could use them is welcome to come by and get them.

Child care: Fast becoming everyone's problem

Commissioner

Mary Scott Nabers

Texas Business Today

DEAR READERS: Your local Texas Employment Commision office is the site of the newly created Child Care Resource Clearinghouse-a resource and referral service for individuals needing child care.

The Clearinghouse was established by the 70th Texas Legislature as a result of effort by the Texas Working Group on child Care. The decision was made to house the service in TEC local offices because that is where the information would be immediately available to those looking for work.

Every local TEC office now has one placement interviewer designated to provide a list of agencies that make direct referrals to day care providers. The TEC itself cannot make direct referrals.

Employers should know that there will soon be a publication for them on child care options which will include technical assistance in setting up model programs for employees. Employers are beginning to realize that child care problems relate directly to absenteeism and productivity loss in their own business.

The Clearinghouse is only a beginning, but it is a much needed beginning in an area which has been neglected for too long.

Ms. Nabers represents 336,000 employers throughout Texas. If you have any questions you want answered, please write Commissioner Nabers at: TEXAS BUSINESS TODAY, 614 Texas Employment Commission Building, 15th and Congress, Austin, Texas 78778.

LETTERS

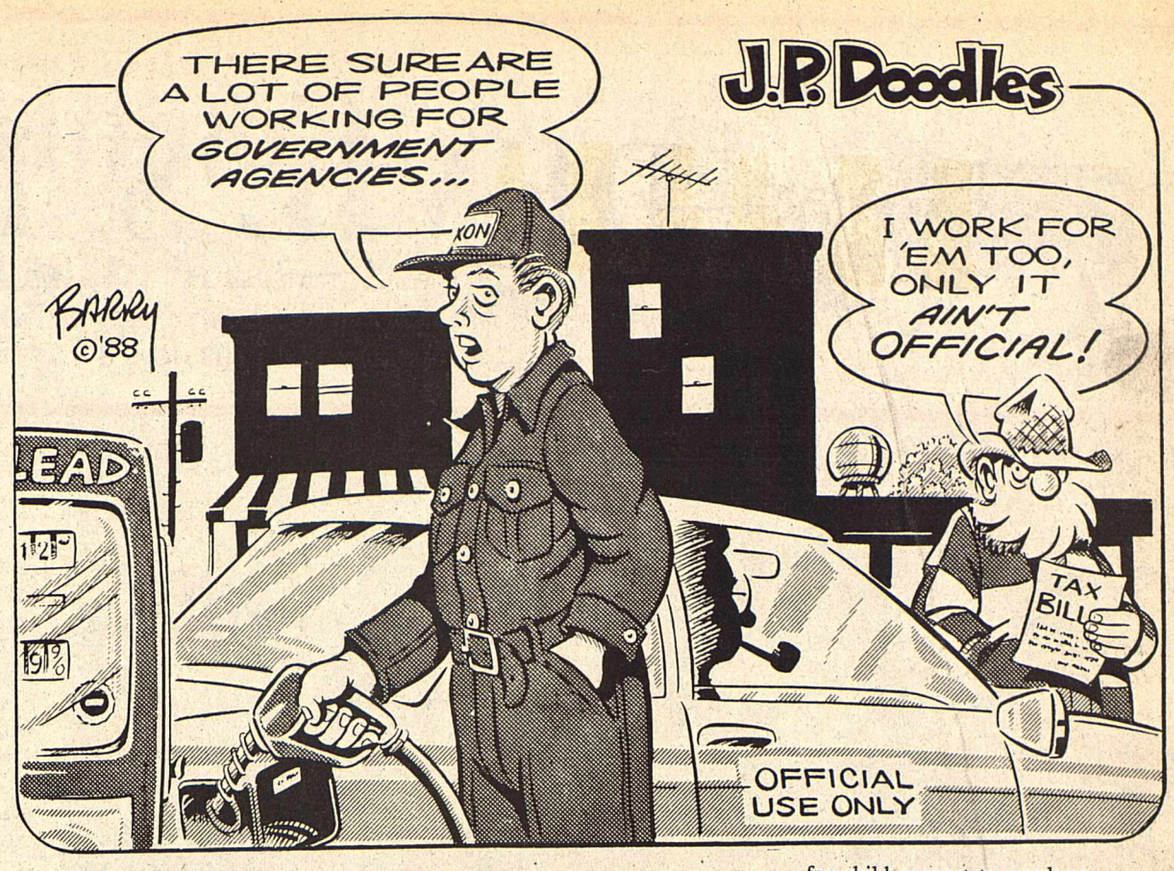

Our little Tina Marie is back home from San Angelo Commuity Hospital. She came home Sunday. Her lungs are clear of the pneumonia that nearly killed her.

Even at the risk of being redundant, the people of Sonora are the greatest. If I could thank them in person, they would probably modestly say that it was their job or what they were trained to do. We are most thankful for their skills, but even more so for the love and concern for our baby and for us.

Thank you, Dr. Lind for reviving that spark of life-Val for your help and support. Thanks to the EMT's that responded so fast and to Leslie and Rosie, wet head and all, for getting Tina to San Angelo. Thanks to Brent Gesch for his assistance, being there and being the friend he is.

We are also, so very grateful to the ones that looked after Cathy while we were in San Angelo. Also for all the prayers that we could not have done without.

ONE MAN'S OPINION

by T. Driskell

It is that time of year again. The time of the jig-saw puzzle dilemma. The solution of this puzzle involves squeezing your income between the new tax law and Internal Revenue Service's interpretation of that law. The object of that "no-winner" game is minimizing the impact on your assets.

Forty-three years of extensive reading, planning, adjusting investments, calculating and filing has proved only one thing. That proven fact is that tax law changes and even more fluid interpretations can wreak havoc with the best laid plans of men, and I wonder about mice."

Looking over the last much ballyhooed tax reform creates a sensation of nausea and provides an insight into the orientation of Congress. What are the effects of the change? Looking at the verbiage in the new IRS manuals, the new law cannot be accused of simplification. Looking at the changes in what can be deducted it appears that the toll on individual taxpayers will increase. Further examination of the lost deductions indicate they were the ones used by one-income working class taxpayers.

The new tax law still has many loopholes. One accountant pointed out that the remaining loopholes require financial flexibility to realize the benefits. This means that the individuals who lost most from the reduced deductions, for the most part do not have access to the loopholes. It seems that a disproportionate share of the income tax load fall directly on the working man who is least able to afford it.

The more you consider it, the better a flat percentage of net income as an income tax seems. It would be more just tax and certainly easier to administer. What percent would be required? A simple percentage without deductions would allow simplification of returns and a vast reduction of the IRS budget.

It sounds good, but it is truly purely hypothetical for two reasons; First, the government induced complications would be infinite by the time it reached application stages. Second, the working man has no lobbyists in Congress, but judging from activities during the last tax reform, the beneficiaries and defenders of loopholes suffer no lobbyist shortage.

The jig-saw puzzle is a requirement and at this time there is, unfortunately, no alternative to filing it.

Eric Olson receives degree

Eric M. Olson of Sonora was one of 83 students receiving degrees and certificates during commencement exercises at Sul Ross State University December 19.

He received his bachelor of science degree in geology.

Jeff Wentworth, a member of the Board of Regents, Texas State University System, was the keynote speaker.

Cub Scouts extend thanks

The Sonora Cub Scouts in Den #4 of Pack 19, would like to take this opportunity to Thank the Sonora Sheriff's Dept. for taking the time to show us through the jail during one of our weekly Den meetings. The Deputy, Ronnie Craddock and the Jailer, Monroe Allen were on duty at that time and made it a very interesting tour that we all enjoyed.

Other members of the community have also shown their concern for the Cub Scouts by showing us other points of interest in our town. Patricia Johnson gave us a wonderful tour of the "Old Jail", the Miers Museum and the Depot. She made the tour especially exciting by telling us old stories and future plans for the buildings.

"Coach" Clyde Dukes took our group and Den #2 through the computer room at the Sonora High School. He assisted each boy individually on a computer and taught us that computers can be fun and helpful.

Thank you all for being so patient with us and taking the time to let us see just a few of the great sights of Sonora.

HEALTH CARE

by Scott Gilmore
Hospital Administrator

Put your money (???) Where your. .

Prove it! Put up, or shut up! I'm from Missouri, show me! You've all heard these sayings before...may be they were aimed at you! Maybe you engaged in talking or bragging or whatever that stretched beyond someone else's belief...and they challenged you?

Well, gentle readers, I find myself in that predicament! If you have read this column very long, you may recall that several times I have sung the praises of health, youth, exercise, and diet!

Now, I am being called upon to take a dose of my own medicine. To...put my feet where my mouth is...without putting them in it!

People exercise and diet for lots of reasons: the DOCTOR says I must! I'm worried about my HEALTH...I can't AFFORD to buy a new wardrobe TWO sizes LARGER...and many other reasons I've never heard of...but with me, it's EGO. Plain and simple.

You can blame it on male medopause; you can blame it on wanting to look my best when my daughter graduates from high school this June; or you can blame it on having to compete with younger, thinner men in the tryouts for "Music Man" on February 1. But it still comes down to the same thing...the guy I see in the mirror in the morning (and on the scale) is not the one who lives INSIDE! See, there's this SKINNY guy on the inside trying to get OUT!

Don't get me wrong! I was never a college athlete. Not even a high school "B-team" third stringer...but I wanted to be! Yessir, believe it or not, within this sunken chest, and somewhere above the swollen mid section beats the heart of a Bruce Jenner, a Mark Spitz, or an O.J. Simpson!

So...for the last few weeks I have been regaled with the culinary delights of cottage CHEESE...and TUNA fish...and melba TOAST. Yummy! And the asphalt between the hospital and the Presbyterian Church is being worn thin (twice a day, mind you) by my Adidas tennies. And this from a man whose favorite form of exercise has always been s-t-r-e-t-c-h-i-n-g out in my La-Z-Boy or curling up with a good book!

No matter! This is the new me! A changed being! A metamorphosis in motion!

So friends, if you see a slightly moist, red-faced, grey-colored mass stumbling down Second or Water Streets, don't pity him (and please don't laugh.) For yonder goes the Spirit of Youth! And Spring! And...arrgh, what I'd give for a good double cheeseburger!

Mona Simpler receives EMS special award

On December 18, 1987, the Sutton County EMS held their annual Christmas Party. During this time, the Gene West Memorial Award for outstanding EMS person of the year was presented to Mona Simpler, EMT. Mona is the mother of two, Reece and Krista; and she teaches Junior High Special Education in Sonora. Mona volunteers many long hours in ambulance service, teaches EMS classes, and participates in many "continuing education" classes to further her knowledge and skills in order to better serve the people. Mona received her Emergency Care Attendant (ECA) license in May 1985. She went on to obtain her Emergency Medical Technician (EMT) license in March 1986. Also, Mona was the 1986-1987 EMS Training Officer. She is a licensed skills instructor, lecturer, examiner, and American Heart Association CPR instructor. Mona is a true professional, dedicated to the skillful and efficient handling of each and every patient; and she has given much time and self to keep the EMS organization running smoothly. Congratulations Mona on being selected Sutton County EMT of 1987.

to sleep in the roadside parks along the way so now we are driving into the towns and parking the van there."

The first thing they do when entering into any community is to go to the police department. "We are up front, we have nothing to hide, we don't want anything except the opportunity to speak to children and tell them why they shouldn't take drugs," Randy states, "I don't have a PhD to show anyone and we don't relate a lot of gruesome stories, we just talk to the kids and listen to them. We are just normal parents who are concerned with the future not only of our own children but of all children.

"Everyone has a theory on curing drug addiction. We think there's an answer and that we can come up with a solution."

Their goal after reaching Los Angeles, hopefully in late August, is to begin a petition, carrying two million names, to present to the Secretary of Education in Washington by 1991 or 92 making drug education a part of every school cirrculum just as reading and math. "We feel drug education must be taught every day," Randy says, "There are many well known people speaking out on the evils of drugs now but the kids are smart enough to know that many of these people made their fortunes while under the influence of drugs. It's easy for them to think 'I'll make my fortune and then worry about the consequences'."

Where does the funding come from for this expedition? Much of the expenses are paid for by several people back home in Citrus Springs, Adolpho and Marion Penno and Jim Newton but some of it is given along the way, in small amounts, by people who see the value in the Polson's trek. The Polsons, however, ask no one for assistance. Supper may be a can of soup warmed up on the Coleman stove in the van but that's fine as both fully believe in what they are doing.

Estimating that they have spoken to about 4,000 young people along the way, the Polsons have gotten letters from over ten percent of the kids they have spoken with. Randy says, "We feel like they are listening and the main message we leave with them is that we will listen. Communication--after all, isn't that what it's all about."

already underway. Several oldtimers from last summer will be returning, some exciting new performers have already been added and there is still room for other new performers. If you are interested in auditioning for the dinner theater go by the Devil's River News and pick up an entry blank.

The retreat will be a working session for all members of the group and for anyone who wishes to be member. Memebership is open to all ages. There are no dues, just come prepared to work. Coffee and donuts will be served at 8 a.m. to get the day started. The members will break into work groups to talk about food, tickets, seating, sound, lights, stage crew, performances, fund raising, publicity, etc. and should be finished by 2 p.m.

The retreat is being held at the old Alvis Johnson home off Bond Road (first left-hand turn after the high school and all the way up the hill.)

The Covered Wagon Dinner Theater is a fun, educational and entertaining summer activity which is designed to present and preserve the history of the area and to be a drawing card for tourists. Last summer over 1200 people attended the eighteen performances, many of whom were tourists. It is anticipated that many more people will attend this year with the advanced publicity the show will have all over the state.

This is another fine opportunity for all of us to join hands and work together for the betterment of our community.

"The light of all our years"

by Charles Huffman
Hope Lutheran Church

"Jesus was born in Bethlehem in Judea when Herod was king. Then Wise Men came from the east to Jerusalem. 'Where is the Child who was born King of the Jews?' they asked. 'We saw His star rise and how come to worhip Him'." Matthew 2:1-2

One of the most beautiful stories in the Bible tells us of the coming of the Wise Men to worship the infant Jesus, the Christ Child. We don't know anything about them except that God led them by a star to find their newborn King, as He had promised thru the prophet Isaiah in chapter 60 (v 1-6). And God always tell us as much as we need to know for our salvation.

God has also spoken about the star thru the prophet Baalam in Numbers 24:17, declaring: "I see Him who is not here now; I behold Him who will come later. A star will come from Jacob, a Scepter will rise from Israel". God still lead us by a wonderful star, a miracle star, the star of His Word. Only as we follow its leading are we brought to worship the Infant as our newborn King. Only as we live in its light do we behold the light of the knowledge of God in the face of Jesus Christ. Only as we see what it shows us do we see Jesus as the Light of the world, so that following Him in His Word, we do not walk in darkness.

The Apostle John says in chapter 1 of his Gospel: "In the beginning was the Word, and the Word was with God, and the Word was God. He was in the beginning with God. In Him was life, and the Life was the Light of men. The Light is shining in the dark, and the darkness has not put it out" (1,2,4,5). To be sure, wicked men tried to put out His light and thought they had succeeded when they nailed Him to a Roman cross on that Friday when darkness came over the whole country. But He endured the suffering, even to death, to save US from the darkness of sin, from the blindness of unbelief and the gloom of our fears. And on Sunday morning Jesus Christ burst forth in the bold brightness of His resurrection as evidence of His triumph over our enemies of sin and death!

We can only guess how often the Wise Men must have been tempted to give up following the star. There were difficulties without end, the journey was long and tedious. If there is any one temptation more persistant than another in our lives, it is to follow some other direction than the star of God's Word.

Only faith can see what God has given us to see, and as the apostle Paul declares in Romans 10:17, "Saving faith comes thru effective hearing and effective hearing thru the message about Christ". Faith lives by every Word that proceeds out of the mouth of God, and so only faith knows Jesus as the Savior, the Lord who in all things is KING of kings and LORD of lords. Faith hears Jesus today saying: "Come, follow Me"! Faith obeys and in all the changing circumstances of life follows Jesus Christ, the crucified and risen One who declares in Revelation 22: "I, Jesus, have sent My angel to tell you these truths for the churches. I am David's Descendant and the bright morning Star" (v16).

BRONCO TAILS

News from Sonora High School

by Heather Bunkley

The cast of the One-Act Play has been posted and rehearsals will begin soon. The play, The Dancers, will be performed at the District One-Act Contest to be held here in Sonora on March 26th. Congratulations to those who were picked for the cast.

U.I.L. literary, math and science contests will begin soon with practice meets in Del Rio, Eldorado and Ozona. Sonora High School has many strong participants with a good possibility of sending some of our own to state.

We have only three more home basketball games--February 2, 5 and 16th. Please come on out and support the Broncos!

Last week the Broncos played Colorado City here and won all the games except for the varsity boys. The varsity teams were defeated in Clyde Friday, but the J.V. teams took second place in the Eldorado Tournament this past weekend.

Congratulation to Mary Ross who is the new Lions' Club Queen. She will represent the Sonora Downtown Lions Club at the District Contest later this spring.

The Sonora speech Tournament is scheduled for February 12-13. The need for judges and timekeepers is great. If you would like to judge we would be happy to have you. Please contact Mr. Marrs or a Speech Department student if you are interested. The events are also fun to watch so feel free to come and enjoy.

Highway 163 to Barnhart under construction

Reese Albert, Inc. the contractor, has announced that beginning the week of January 18, 1988, work on State Highway 163 will progress to the stage of removing the pavement and adding base material.

No more than five miles of roadway will be worked at one time during this phase of construction. Traffic will be handled through the construction area with flagmen and warning signs being utilized to direct traffic during the day, while work is in progress. At night the traffic will use the roadway, however, they should slow down.

This construction on State Highway 163 from U.S. 190 to U.S. 67 at Barnhart is to improve the highway for safety and strength for present and future traffic. Joe W. Lane of Sonora is the Engineer in charge of the project for the State Department of Highways and Public Transportation. Mr. Lane expresses his appreciation to the traveling public for their cooperation during the construction. Mr. Lane said traffic between San Angelo and Ozona may want to use U.S. 190 thru Eldorado to bypass the construction.

As with all construction areas the public should slow down, observe warning signs, and watch for men and equipment working.

Buying transitional clothing

by Micki Miller CEA-HE

Fashions change as seasons change, and shoppers can use this to their advantage. Making smart color and fabric choices at seasonal sales can take your wardrobe from one season to another as comfortable as possible. This is known as transitional shopping.

The best sale items to buy now and wear this fall are neutrals such as beige, khaki, taupe, olive, brown, black or gray. Vibrant colors such as red, yellow, hot pink, or aqua blue can also be worn through the fall. Avoid pastels background and ultra sheer blouses. Medium colors work best for clothing you plan to wear for several seasons.

Breathable cotton knits made into three piece outfits that include a lightweight jacket can be worn alone or under a heavy coat for colder days. Woolen blends and silks are very practical since they can be both lightweight and wrinkle-proof. Short-sleeved dresses and separates can be worn with a straw hat and sandals in the summer, and a dark pile jacket and leather pumps later.

By shopping for transitional clothing from early fall selections and resort clothes sold around the end of the year and early spring, you can have a fewer number of well-chosen clothes that can take you through several seasons.

General enrollment period starts in January

People who failed to sign up for Medicare medical insurance or who once had this protection but dropped it will have a chance to get his important protection during the 1988 general enrollment period, January through March 31, Franklin H. Upp, Social Security manager in San Angelo, said recently.

Medicare insurance is that part of Medicare that helps pay for doctor bills, out-patient hospital services, and many other medical items and services not covered by hospital insurance.

Protection for people who sign up during the general enrollment period will start July 1, 1988.

Medical insurance is financed by monthly premiums paid by those who have the protection and the Federal Government from general revenues. Presently, the Federal Government pays three-fourths of the cost. The basic monthly premium in 1988 is $24.80.

Generally, people who sign up during a general enrollment period may pay a higher premium, Upp said. This is because the premium is increased by 10 percent for each full year a person could have had this protection but did not.

More information about the medical insurance general enrollment period can be obtained at the San Angelo Social Security Office located at 2214 Sherwood Way. The telephone number is 949-4608. Free publications are available there that give more information about medical insurance protection.
