## Honolulu Oil Has New Project In Prentice Field

Honolulu Oil Corporation No. 7 Paul Cobb and others is a new 6,800-foot project in the Prentice (6700) field of Northeast Yoakum County.

It is 1,980 feet from north and east lines of section 381, block D, J. H. Gibson survey. Operator will drill to 6,800 feet.

Continental Oil Company and Shell Oil Company No. 6-D-48 A. L. Wasson is a new well in the Wasson 72 field just south of Denver City.

On 24-hour potential test, the well pumped 132.8 barrels of oil, 34.7 gravity, through perforations from 6,530 to 6,750 feet.

Location is 880 feet from north and west lines of section 48, block AX, psl survey.

Same operators finished No. 11-D-48 A. L. Wasson in the Wasson 66 field, for a daily pumping potential of 134.4 barrels of 32.8 gravity oil, through perforations from 6,620 to 6,680 feet.

Well site is 1,980 feet from south and east lines of section 48, block AX, psl survey.

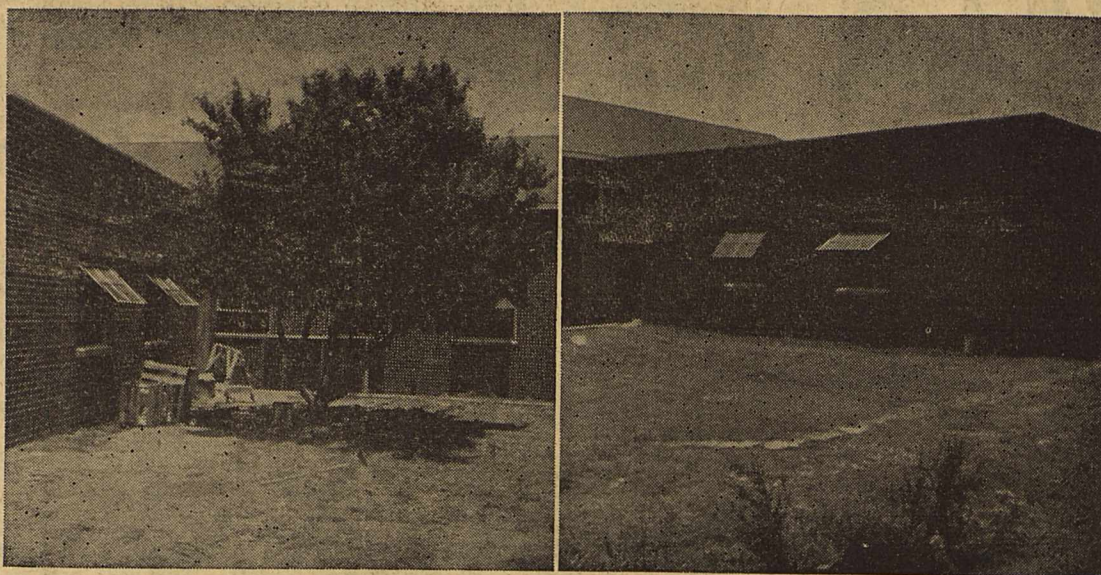

Humble Oil & Refining Company No. 5 T. S. Riley Estate will be dug as a dual prospect in the Wasson 66 and 72 fields, three miles southwest of Denver City.

It is 467 feet from north and 600 feet from east lines of section 381, block G, CCSD&RGNG survey.

N. B. Hunt No. 6 Josie L. Shanks is a new well in the Wasson field of Yoakum County.

On 24-hour potential test, it flowed 304 barrels of 33.5 gravity oil, plus 15 per cent water, from open hole section at 5-126-5,278 feet, after 15,000 gal-

TWO VIEWS of the new educational building of the First Baptist church are shown above. The 30,000 building will be dedicated during the Homecoming at the church on Sunday, August 4.

## 1st Baptist Church Plans Homecoming For August 4th

The First Baptist church will hold a Homecoming on Sunday, August 4th, in observance of its 45th anniversary, and also to dedicate the new \$30,000 educational building, C. J. Coffman, pastor, announced this week.

All former members of the church, as well as all friends, are invited to attend the occasion. Services will start with Sunday School at 10 o'clock, followed by the 11 o'clock service at which one of the former pastors will preach. A dinner on the grounds will be served at noon.

The afternoon program will include singing, a Homecoming message, and the dedicatory sermon, both of which will be given by former pastors. All of the present members are urged to bring a basket lunch at noon so there will be plenty for all the visitors.

## Equalization Board Appointed by Council

The City Council met in a special session at the city hall in Plains Tuesday night for the purpose of appointing an equalization board. Six men were named to the board. They are S. L. Tingle, Elmer Cross, Guy Harrod, Virgil Short, Elbert Hinkle and Kenneth Hale. Some of those appointed are on vacation and have not indicated whether or not they desire to serve on the board.

All renditions have been completed, and as soon as the equal-

ization board reviews the assessments they will hold a hearing where by citizens may meet with them to discuss the taxes on their property. Notice of the hearing will be published.

Other business attended to Tuesday included paying for the new water well which was completed about a month ago. A total of \$9,233.32 was paid to M. B. McKee Construction Company of Lubbock upon approval of the engineer for the well.

A recent inspection of the new water well and equipment by Bill Power, State health inspector from Lubbock, revealed that the Plains Water system would be approved as an Approved Water System, which means that it will meet all the requirements of the health department to be designated as such.

## Farmers Union Elects Officers

Eight members of the National Farmers Union met at the Western Grill Tuesday morning, July 23 at 7:30 for a membership drive kick-off breakfast. The drive proved to be a success with thirty-four new members joining.

A regular meeting was held Tuesday night at the courthouse in the courtroom. The following officers were elected: President, Neal Hickman, vice president, J. L. Taylor, Secretary and Treasurer, Homer Sudderth.

Mr. Alec Dickie of Denton was guest speaker. He complimented the group on their work and a good attendance. Twenty-one members and four visitors were present.

Next regular meeting will be August 6. It will also begin with a membership drive breakfast at 7:30 a.m.

## SCOUTS TO HOST FATHERS TUESDAY AT BIG BAR-B-Q

The boy scouts will entertain their fathers with a chicken bar-b-que Tuesday night, July 30, at 7:30 at the Stanford Park at their regular meeting night.

Each boy scout is asked to bring one chicken either to Bob Alberding or Rowland Johnson, scout master by 4 p.m. Tuesday afternoon.

Bob Alberding will prepare the chickens on the new bar-b-que grill, made by Neil Parks and donated to the boy scouts.

All fathers of the boy scouts are urged to attend.

# Plains Schools to Open Tuesday, September 3rd

## New Schedule of Credit Needs Adopted by School

In compliance with recommendations of the Texas State Board of Education, the Plains Independent School Board has adopted a new schedule of requirements for graduation from the Plains High School, Supt. G. D. Kennedy announced this week.

These are as follows:

English, 4 credits; Mathematics, 2 credits, (General Mathematics is not accepted as one of the two required credits. Trigonometry (½ credit) is required of students who plan to enter the field of engineering.); Social Science, 2½ credits, (World History, American History, and one-half credit in Civics are required. Civics must include a comprehensive study of the Federal and State Constitutions.); Laboratory Science, 2 credits, (General Science is not accepted as one of the two units required. Biology is required. Vocational subjects are not recognized as laboratory sciences.)

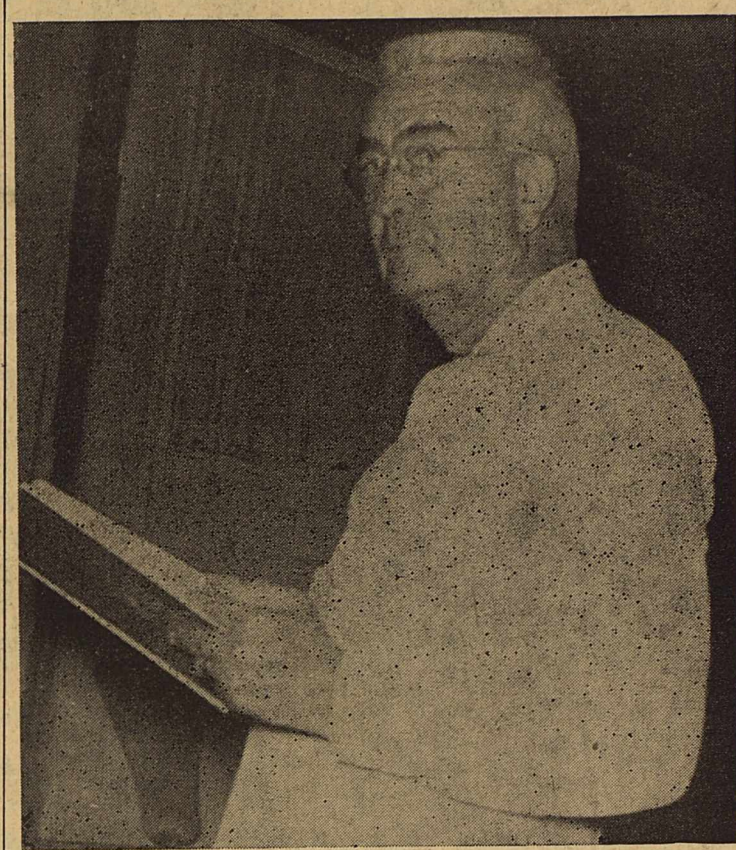

Physical and Health Education is required each year but is not counted toward graduation.

Beginning in 1960-61 all graduates will be required to have 20 credits exclusive of physical education.

Beginning in 1957-58 all students will be required to take five subjects and physical education. Sixteen will be required for graduation in 1957-1958, seventeen credits in 1958-1959, eighteen credits in 1959-1960, and twenty credits in 1960-1961.

Graduation requirements for students entering the Plains High School from other schools will be adjusted according to the numbers of credits completed at the time of entering the Plains School.

A schedule of six 60 minute periods will be observed with only one period allowed for In-

JAMES TODD

## Pastor of Christian Church Here Resigns

James Todd, minister of the Christian Church for the past fifteen months, presented his resignation to the congregation last Sunday morning, to accept a call to become minister of the Christian Church at Claude, Texas.

In commenting on the call to Claude Mr. Todd said: "The congregation at Claude has a new modern building, free of debt, which affords full facilities for maintaining a religious, educational, and social program. The social hall just immediately back of the sanctuary affords fellowship which is really a part of worship, or rather that element of worship which we carry with us out of the sanctuary, the place of worship, into our relationships with both members of the congregation and the citizens of the community. Without effect to carry the spirit of worship out into service. The congregation that does not have a social hall and well equipped educational rooms is greatly handicapped in our present day to adequately meet the challenge that comes to it."

"With these modern facilities the Claude congregation is able to meet the challenge and offer an opportunity to those of all age levels for service both to and with the people of the community. Many ministers would be very happy to become minister of the Claude congregation, and I am very grateful to have been called as the minister."

See PASTOR, Page 8

## Grand Opening For Kinder's Cities Service Station

The Cities Service Station, owned by Arthur E. Kinder, will have its formal opening Saturday, July 27.

The station was completed in June and is located within the city limits on the Brownfield highway. Mr. Kinder is assisted by his sons, Lowell and Bobby, in operating the station.

The Kinder's have been residents of Plains for the past six years.

Thirty valuable prizes are to be given away during the opening. Mr. Kinder announced, and there will be favors for the ladies and kiddies. Registration for the prizes may be made any time Friday or Saturday. Drawing will be made at 7 p.m. Saturday, but winners need not be present.

First prize to be awarded is 100 gallons of 5-D Premium Gas. Two winners will each receive 50 gallons of the gas, four will be awarded 25 gallons each. Five will win an oil change, six sets of dishes will be given away, three wash and lubrication jobs, five car wash jobs, and five lubrication jobs.

## Officers Installed By Lions Club

Officers for the coming year were installed by the Plains Lions Club Thursday during the club's regular luncheon meeting. John Hansard, Brownfield, officiated at the installation.

Officers are: president, Neil Taylor; vice-president, G. D. Kennedy; 2nd vice-president, Rogers Curry; 3rd vice-president, Harmon Meixner; secretary, Wyatt Lipscomb; treasurer, B. F. Bastlett; Lion Tamer, Amos Smith; Tail Twister, C. J. Coffman; assistant Tail Twister, Sherm Tingle; Greeter, Leo White; Lions Club Sweetheart, Jeanine St. Romain. The four directors are A. B. Carpenter, James Warren, Johnnie Fitzgerald, and Amos Smith. Also serving on the board will be all officers and appointed committee chairmen.

Mr. G. D. Kennedy, superintendent of the Plains school system, reported today that the schools would open Tuesday, September 3, 1957. A complete schedule of time and other necessary information will be published later.

Two new teachers have recently been elected to the Plains school system. Miss Glenda King of Lovington, N.M., has been elected to teach public school music. Miss King is a graduate of Eastern New Mexico University with a major in music education with emphasis in vocal and instrumental music.

Mrs. Margaret M. Lattimore has been elected to teach high school English and Spanish. She has her Masters Degree with a major in English and a minor in Spanish. Mrs. Lattimore has taught English and Spanish in the Van Horn High School for the past fourteen years.

It is felt that the Plains school is fortunate in being able to secure these two people as faculty members.

The fact that Supt. G. D. Kennedy recently returned from a visit to twelve leading colleges of the state and was able to interview only four prospects indicates that there still exists a severe shortage of well qualified teachers.

Three positions still remain vacant. These are four high school mathematics, high school girls' physical education, and seventh and eighth grade mathematics. However, commitments have been made for each of these positions. It is felt that they will be filled within another week.

Mr. Kennedy also stated that the shop will be completed by the time school starts and there is a possibility that the cafeteria will be ready by then; however the new class rooms will not be ready until after school has started. All of the new buildings were to be completed by September but due to the delay caused by strikes and various other things it will be impossible to have them ready for occupancy.

The high winds of two weeks ago damaged the roof of the Junior High School. The contract has been let for this repair work, and workmen are due to begin working in the next few days. Estimate of the damage was about \$1000.00.

Much remodeling has been done in recent weeks in the old buildings. The old cafeteria is

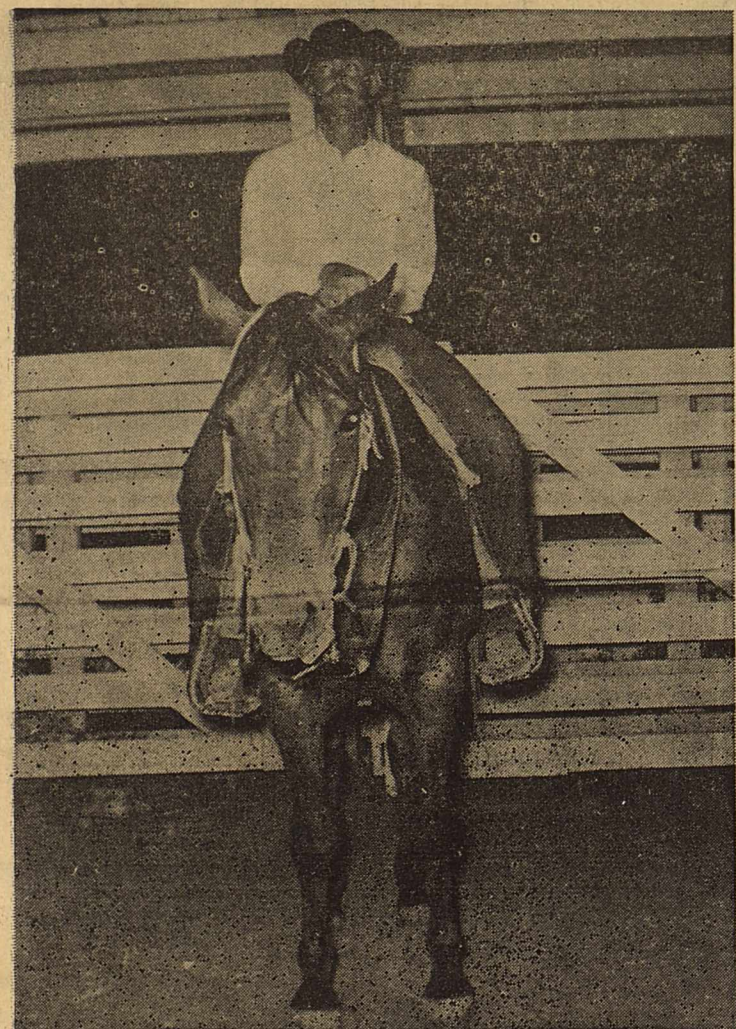

## '58 ASC County Committee Vote Set for Sept. 9

The 1958 ASC County Committee Election will be held September 9, 1957. Ballots will be mailed to all farmers and ranchers on the ASC mailing list and may be returned by mail to the ASC office.

The county election board composed of the heads of the FHA, SCS, and Extension Service in the county and the presidents of the county Farm Bureau Federation and National Farmers Union have named a committee of three as a community election board to select a slate of not less than ten eligible persons as nominees for ASC committeemen.

T. J. Murphy was selected by the county election board as chairman of the community election board. W. M. Nelson as vice chairman and Cecil Tucker as member. The community election board will meet not less than twenty-five days prior to the date set for the election and name the nominees to be listed on the official ballot.

In addition to the nominees selected by the community election board, there shall be included on the slate of nominees the names of eligible persons whose nomination is requested in a petition signed by ten or more eligible voters and presented to the election board not less than fifteen days before the date set for the return of ballots by farmers.

FLOYD LEMONT of Lovington, N. Mex., won the match roping contest held Saturday at the rodeo arena, tying the three calves in 42.2 for an average of slightly more than 14 seconds each. Nine of the outstanding amateur calf ropers of the area participated in the thrilling match.

## Lovington Roper Is Winning Contestant

The Plains rodeo arena was the scene of a three calf match roping between nine of the outstanding amateur calf ropers of this area and the nation.

The match was won by Floyd Lemont of Lovington, New Mexico, who for several years has been one of the better ropers in amateur shows winning several. His total time on three calves was 42.2 or an average of slightly more than fourteen seconds. Second place went to Bob Palvado of Morton, Texas and third to David Evans of Hobbs, New Mexico.

In the open jackpot roping which followed the match, Jerry Dean of Lovington, New Mexico

won with a very fast time of 10.7 seconds. Jerry has won major shows throughout the nation. Dean also tied the fastest calf in the match roping but had no time on his first calf.

Due to threatening thunder showers the crowd was smaller than expected.

### WE CONGRATULATE—

Birthday and anniversary congratulations to Frances Payne, Bill Taylor, July 27; Earskin Marshall, July 28; F. W. Hollis, July 29; T. W. Baker, July 31; Mr. and Mrs. Dub Cooke, Borden Stailey, Aug. 1; and Marie Coats, Aug. 2.

## Girl Scouts Take Overnight Hike

The Plains Girl Scouts enjoyed an overnight hike at the Murphy Luna ranch Tuesday.

The girls met at the Tsa Mo Ga Club house at 3:00 p.m. with their bedrolls, tin cups and plates. After riding to the Luna's home they hiked about a mile to a windmill where they made camp.

Although the ground was wet, the girls kept their bedrolls dry by placing them on heavy canvas.

Each girl was assigned a job to perform such as cook, fire-builder or water-carrier.

The girls enjoyed a supper of American chop suey, beans, biscuits and baked apples. Mrs. Luna cooked the biscuits in a dutch oven right over the coals.

After finishing a breakfast of sausage, sweet-rolls and hot chocolate the girls hiked back to Plains.

Girls attending the over-night hike were: Paula Stapleton, Margaret Henard, Dana Dyer, Jackie Nolan, Jana Warren, Tonya Randolph, Jackie Hawkins, Linda Robertson, Sylvia McGinty, Carolyn Warren, Mary Johnson, Jeanine St. Romain, Kaye Spencer, Karen Randolph, Judy Lowe and Suzahn St. Romain.

## Thunderstorms Dump Showers

In a week of thunder shower activity, the immediate area of Plains received the most beneficial amount.

The activity started Wednesday afternoon and night with the heaviest amounts in the area

east of Plains. Thursday the activity was to the South and west of the Plains area with the Lovington area receiving the heaviest amount.

Friday and Saturday saw only a light fall in the immediate Plains area but Sunday night a fast forming cloud dumped up to three inches of rain in about an hour. There was a little over three inches in a area from one mile south of Plains to an area about five miles north, covering a strip roughly two miles wide. Four miles west of Plains the rain had decreased to one and one-tenth and no rain was reported eight miles west. Eight

## TURNER H.D. CLUB TO ENTER FLOAT IN PARADE HERE

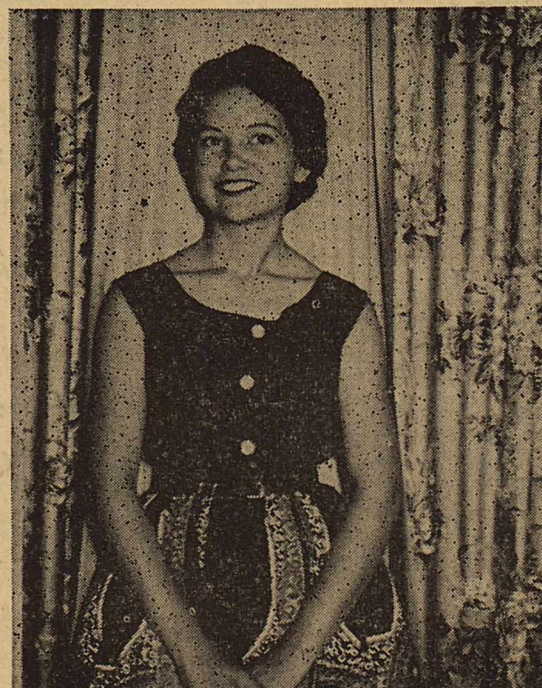

The Turner Home Demonstration Club met Wednesday afternoon in the Club Room in the old Courthouse with Mrs. H. T. Sudderth as hostess.

Mrs. Ray Jones, president, presided at the business meeting, and roll call was answered with "one way I have helped the 4-H Club."

Judy Lowe and Darlene Snodgrass gave a report on their 4-H camp meeting at Lubbock.

The club voted to pay the entrance fee for the 4-H club float, which will be entered in the Yoakum County Golden Jubilee parade, and plans were made to have a fish fry sometime in August for all members of their families.

The hostess served refreshments to eleven members. The next regular meeting will be September 4.

MISS JO EVELYN BASS, daughter of Mr. and Mrs. O. E. Sisco, of Tokio is a candidate for "Miss Golden Jubilee of Yoakum County." Jo Evelyn, sponsored by the Plains Oddfellows Lodge 61, Denver City Oddfellows Lodge 68, and the Plains Rebekas 151, is active in F.H.A. in Plains High School where she is a sophomore. Her hobbies include sewing and sports of all kinds. Jo Evelyn is also active in church work at Tokio.

# By Example

Behold these little ones—maybe three, maybe more. What contribution will they make to their day, their generation? Father, Mother, Teacher, Preacher, it depends on you. How much better it is to support our churches and their constructive program of Religious Education, than to support the alternative—a juvenile court. Parents, don't let the youngsters down. Teachers, show them the way. Preachers, tell them of God . . . give them your level best. LEAD them, don't SEND them up the steps of the HIGHEST and HOLIEST known to man—the Sanctuary of God, the Church. Be an EXAMPLE.

ANOTHER ENTRANT in the contest for "Miss Golden Jubilee of Yoakum County" is Mary K. Dyer, daughter of Mr. and Mrs. R. E. Dyer of Denver City. The popular young lady is being sponsored by the Business and Professional Women's Club. Miss Dyer graduated from DCHS this past spring with high honors, and was named "Best Citizen".

## ACROSS THE CATTLE GUARD

By LEO W. WHITE  
County Agent

A total of 27 beef calves was weighed last Saturday morning after 50 days had gone by in the beef calf gains contest. This contest is sponsored by G. W. Cleveland and a nice trophy will be awarded to the boy or girl who has the highest gaining calf through the 265 day feeding period. Jimmy Taylor brought his calf in Monday morning so we have a report on 28 of the 46 calves that are entered in the contest.

The highest gaining calf during the first 50 days was the calf that was the heaviest at the initial weight day June 1st. His name is Poor Boy and he is owned by Oscar Henard. Poor Boy gained 163 pounds during the 50 day period which is higher than three pounds a day. Two pounds per day is considered a good gain and only six of the calves are gaining less than that average. Poor Boy acquired his name from the fact that he was so thin last spring when he was taken away from his mother and started on a nurse cow. Since that time the calf has improved to the extent that he was the high gaining animal last Saturday.

Another calf that is gaining real well is one called Slow Poke that belongs to Frances Henard. Slow Poke gained 151 pounds which is just barely over the three pound a day average. He is one of the younger calves and on June 1st he weighed only 318 pounds. These two high gaining calves came from the same herd and they are sired by the same bull. Two other calves sired by this same bull also had above average gains for this period.

Tommy Payne was the owner of the third highest gainer during this first 50 days. His calf gained 148 pounds or almost three pounds a day. Dana Bryson and Margaret Henard tied for fourth place since each of them had a calf that put on 146 pounds. These five calves have all done exceptionally well and there may be others that have put on that much gain because there are 18 calves that did not come in for the weigh day.

The average gain of those weighed Saturday morning was 115 pounds. We think all of the calves are doing well enough since some of those with light gains were dehorned or weaned during the past few weeks and they had a reason for not doing so well. We have found that calves tend to gain in an unsteady fashion. One will do real well for two or three months and then he will slack off. Another calf will gain rather slowly at the beginning and have a period of fast gain about the middle of the feeding period and slack off again toward the end. Some calves will ease along until right at the last and then put on a sudden spurge of gaining. Sometimes this fast finish is what determines the winner.

Each year at this time we get somewhat enthused with the beef calf feeding program. We look the calves over trying to find a few outstanding animals that will place high at Odessa or some of the other major shows. There was ten or twelve calves in the barn last Saturday morning and any of them

## LOCALS

Mr. and Mrs. Rogers Curry and family spent the weekend in Vernon visiting his sister, Mrs. Virginia Williams and his mother, Mrs. J. F. Curry. On their way down, they visited in Haskell with E. J. Cloud, who recently underwent surgery in a Haskell hospital.

Weekend visitor of Miss D'Lynn McGinty was Miss Carolyn Warren.

Martha Victor recently returned to Dallas after a three-week visit with D'Lois McGinty.

Mr. and Mrs. Troy Green and family of Crossroads N.M., spent the weekend in the home of Mr. and Mrs. Buster Kennedy.

Mr. and Mrs. Wyatt Lipscomb visited in the home of Mr. and Mrs. E. D. Rayburn in Andrews Sunday.

are possible prospects for a county winner. The gain contest has not progressed far enough but what any calf in the contest still has a chance to come out on top. The next weigh day is scheduled for the morning of August 17th.

## Rituals of Aztecs, Mayans to be Given at State Fair

One of the world's most remarkable spectacles will be featured as a free attraction at the 1957 State Fair of Texas, October 5-20.

The mysterious rituals of the Aztecs and Mayans of ancient Mexico will be faithfully recreated by actual descendants of those long-vanished races.

The Aztec-Mayan Spectacular will be presented twice daily on the Magnolia Stage, climaxed by the dangerous "ceremony of the flying pole."

This awe-inspiring ritual is performed by "The Birdmen of Teotihuacan." Dressed in feathered, birdlike costumes, these "flying Indians" climb to the top of a 100-foot pole. To the weird music of a flute and drum, the four fliers one by one go through an intricate dance on a tiny platform atop the pole.

They then leap into space, spinning head down, hanging by their heels from ropes wound around the pole. As they glide gracefully to earth, the ropes unwind in ever-widening circles.

Seldom seen outside a few remote villages in the jungles of Mexico, the strange ceremonial of the flying pole is among the oldest of the surviving native rites of that country, dating from the times before the Spanish Conquest. Fliers are trained from the age of 9 for this daring feat.

The colorful dances of the Aztec-Mayan Spectacular are performed by a troupe of 20, attired in authentic costumes. In addition to the daily appearances on the Magnolia Stage, they will be featured in three big free Cotton Bowl shows during the fair. The first will be on Mexico Day, Oct. 7.

## Highlights and Sidelights FROM Your State CAPITOL

AUSTIN, Tex.—A big change is forthcoming in the operation of the largest law enforcement division of the State.

In keeping with recommendations of the Texas Research League, following a two-year study, the Texas Department of Public Safety will reorganize into six commands. Each command will be responsible to the central office in Austin.

Headquarters of the six regions will be in Lubbock, Corpus Christi, Waco, Houston, Dallas and Midland. Two Highway Patrol districts will be within each command.

Col. Homer Garrison will continue in the Austin office, in overall charge, with the rank of major.

Heading the various commands will be Capt. R. A. (Bob) Crowder (Lubbock); Chief Kent Odem (Corpus Christi); Chief W. J. Elliott (Waco); Capt. Glenn Rose (Houston); Capt. Guy Smith (Dallas); and Capt. W. E. Speir (Midland).

In addition to the regional reorganization, the new plan calls for four central divisions in Austin. Identification and intelligence service will be in charge of Chief Joel Tisdale. Motor vehicle records and service will be handled by Chief A. F. Temple. Personnel and staff services will be directed by Chief Glen McLaughlin. And inspection and planning will be handled by Chief G. W. Busby.

Colonel Garrison said the move

would result in more efficient service and greater economies. "The Texas Rangers also will come under the regional grouping," Harrison stated. "A Ranger captain will be within each region, and responsible to the regional commander."

TO DAM OR NOT TO DAM—A slice of the sort of trouble that plague Texas water development planning is shown in the current problems of the Brazos River Authority.

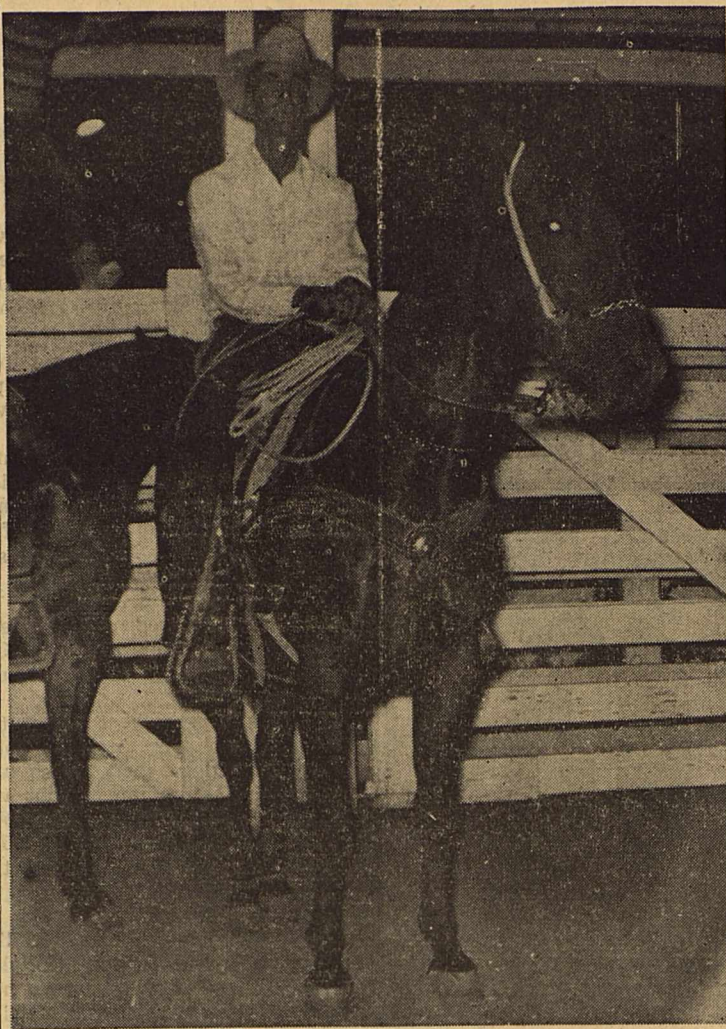

At Gov. Price Daniel's request, BRA directors held a statewide conference in Austin. Purpose: to reconcile the numerous conflicting views on how best to use the water of the 1300-mile stream. Scores of people came and spoke their minds, but reconciliation was hard to find.

BRA directors suggest a six-dam program on the Brazos. It would include raising the level of Possum Kingdom Dam and constructing six more dams between it and Whitney Dam. Cost is estimated at \$183,000,000. BRA hopes to borrow \$50,000,000 from the federal government, get the rest from private bond sales. All would eventually be repaid, according to the plan, by revenue from sale of power and water.

But downstream water users and private power companies are dead set against the plan. Representatives of South Texas industrial and agricultural interests contend that paying for the dams would raise the price of water they use from \$1 to \$10 an acre foot. Private utility spokesmen say the dams would produce more power than anyone wants at a higher price than anyone will pay. And people living near Possum Kingdom fear that raising the dam level would flood their land.

Net result: The BRA plan, first launched 21 years ago, still has troubles. TEMPEST AT TECH—Gusts from a political-educational storm that swirled up out of the Plains blew into the State Capitol.

In a closed session, directors of

JERRY DEAN of Lovington, participating in the calf roping Saturday at the rodeo arena, tied the fastest calf in the match roping at 11.8; and also tied the fastest calf in the jack pot roping in 10.7.

—Review Photo

Texas Tech at Lubbock fired Professors Byron R. Abernethy and Herbert M. Greenberg and abolished the job of Dr. Per Stensland. In explanation, Board Member J. Evetts Haley said Dr. Abernethy and Greenberg "did not measure up to academic standards." He called the adult education program in which Stensland was engaged "boondoggling."

But numerous observers attributed the dismissals to the professors' liberal political views as contrasted to the ultra-conservative platform on which Haley ran for governor last summer. There were protests and demands for re-consideration.

Governor Daniel made no comment on the professors, but said he thought the secret session was "a mistake." Tech President Dr. E. N. Jones predicted the board would have another session on the subject soon. Capital reported compared the case with the 1944 furore that resulted when Dr. Homer Price Rainey was fired as University of Texas president.

PENNY-PINCHING DUE —If the Legislature meets in special session this fall, members may have to ration every paper clip to get by financially.

State Treasury has hardly an extra nickel. There is, however, \$460,000 appropriated last session for interim legislative expenses. But State Comptroller Robert S. Calvert has raised a question to whether this could legally be used for special session expenses.

If the attorney general rules it cannot, legislators will have to amend the appropriation bill in order to get the \$460,000. Even so, it may be nip and tuck to get by. Previous special sessions have cost about \$500,000.

Numerous economy measures have been proposed. Sen. David Ratliff suggested a swift three to six-day session with no pay. Rep. Louis Dugas proposed cutting the number of secretaries.

House Speaker Waggoner Carr is polling members as to whether they (1) favor a special session, (2) would serve without pay and (3) favor a tax to pay session costs.

STEEP GRADES AHEAD—State Highway Department is taking a long look at its ambitious road-building, land-buying program and wondering if it can meet the cost.

"We have \$13,500,000 in projects ready to go, but only \$8,000,000 income that will be available," said State Highway Engineer D. C. Greer. He said inflation in prices of materials and labor may force a plan to build 48,000 miles of road in 13 years to be spread over 20 years instead.

One cost-cutting suggestion was to buy up right of way far in advance of construction in order to get land before it becomes developed and, hence, more expensive.

F-M CHANGE SUGGESTED—Texas' farm-to-market road system should pay its own way, suggests a Research League report. Laws creating the F-M system

provided needed funds for the construction of the roads, but none for maintenance. This has come from regular Highway Department funds.

Eventual result, says the League report, will be more farm highways than needed and an "intolerable burden" of upkeep. It recommends the law be amended so that F-M construction funds could be used for upkeep as well.

SHORT SNOTS — Trial of Ex-Rep. James E. Cox of Conroe has been postponed until Oct. 7. Cox is charged with consenting to accept a bribe. . . . Texas Republicans take a dim view of the 55th Legislature. GOP's official "minority" report, charged the lawmakers had "failed miserably" to cope with corruption, lobby control, loan sharks, congressional redistricting and fiscal problems. It blamed one-party control. Texas Highway Commission announced the highest-in-history operating budget for the coming fiscal year — \$72,498,650.

### Pauline Stotts Takes Graduate Work at Tech

A total of 453 teachers and school administrators from six states are enrolled in Texas Tech for the first term of the summer session, the Registrar's office reported. Included is Mrs. Pauline Goode Stotts of Plains.

Doing graduate work are 22 faculty members from seven colleges and universities: West Texas State, University of Texas, Rice Institute, Sul Ross State, Wayland Baptist, Lee College (Baytown), and Tech. States represented besides Texas are New Mexico with 10 students, Arizona with two, and Colorado, Oregon and Washington, with one each.

For once the women do outnumber the men in a Tech statistical breakdown. There are 243 women enrolled, compared to 210 men teachers and administrators.

Lubbock quite naturally leads in representation by towns, with 153 enrolled. Twelve are from Levelland, and eight each from Odessa, Plainview, Brownfield and Denver City.

### Parents of Local Resident Observe 50th Anniversary

Celebration of the Golden Wedding anniversary year of Mr. and Mrs. Ed Knox of Estancia, N. M., was held at an open house from 2 until 5 p.m. Sunday in the home of a son-in-law and daughter, Mr. and Mrs. J. M. Wood, 2410 47th St. in Lubbock.

Hosts for the occasion were the couple's sons and daughters and their wives and husbands: Mr. and Mrs. Tom Barron and sons, Tommy, Jim, Mark, and Ed. B. Knox and children, E. B. Darrell, of Plains; Mr. and Mrs. and Judy of Monahans; Mr. and Mrs. A. S. Knox and son, Ricky, of Borger; Mr. and Mrs. Wood and sons, James III and Donald; and Mr. and Mrs. G. H. Corey and children, Cheryl, Scotty, and David, San Diego, Calif.

Friends and relatives of the couple called throughout the afternoon.

The house party included Mrs. D. Scarbrough, Whitney, who played the wedding music when the couple married October 30, 1907 in the First Methodist Church in Whitney and who is Mrs. Knox's sister; her brother, A. P. Boesch, Houston, who served as best man, and Mrs. Boesch, who recently celebrated fifty years of marriage; J. B. Knox, Morton, brother of the guest of honor; and a nephew, Hugh Knox, Whiteface, and his wife.

The anniversary occasion was held Sunday in order that all the grandchildren could attend, being unable to do so in the fall

### Two Honored at Birthday Supper

Mrs. John E. Fitzgerald was hostess for a birthday supper honoring Mrs. Bob Loe and Joe Bob Palmer in her home Monday night. Bar-b-que beef and all the trimmings were served to those present.

Attending the supper were Mr. and Mrs. Melvin Fitzgerald and family of Portales, N. M., Mr. and Mrs. Johnny Fitzgerald and family, Mr. and Mrs. Jack Palmer, Mr. and Mrs. Paul Loe, Mr. and Mrs. Donnie Williamson and Velma of Brownfield, Mrs. Jess Pinkerton of Rochester, Misses Judy Palmer, Linda Fitzgerald, and Wanda Shifflett, Mr. and Mrs. Raymond Palmer, Joe Bob Palmer, and Mr. and Mrs. Bob Loe and family.

Von Ray Simpson of Navajo, Arizona is visiting relatives' in Plains for a few weeks. He is a guest in the Roy Fitzgerald home.

Mr. and Mrs. Shirley Curry of Seminole spent the weekend visiting in the homes of their parents, Mr. and Mrs. G. T. Blout and Mr. and Mrs. Joe Curry. They also helped the Curry's with the Grand Opening of the Curry Drug and Variety.

Miss Clita Joan McGuire and James (Bud) Moore of Plainview and Mr. and Mrs. Bobby Moore of Littlefield visited in the home of Mr. and Mrs. J. W. Moore Sunday.

Mrs. Bill Lewis of Lubbock visited in the home of Mr. and Mrs. O. G. Lewis Sunday.

because of school.

The Knoxes spent 18 years at Lamesa before moving to Estancia in 1949. He is a farmer.

Mrs. J. H. Morris and Donnie visited friends and relatives in Lubbock over the weekend.

Mr. and Mrs. Marian Robertson and family of Goldwaite and Mr. and Mrs. Berlee Robertson of Odessa visited in the home of Mr. and Mrs. Gus Roush Sunday.

Mr. and Mrs. Gus Roush returned last week from South Central Texas where they had been on a week's vacation.

Bill Anderson returned to his home Sunday following a short stay in the Treadway-Daniel Hospital in Brownfield.

Mr. and Mrs. Jesse Hale returned last Thursday from a two-week vacation in California and Oregon.

Mr. and Mrs. Elmer Doyle of Richmond, Calif., and Mrs. Margaret Jo Baker and children of Hayward, Calif., are guests in the home of Mr. and Mrs. Bob Myers.

Mr. and Mrs. R. L. Garrett and family of South San Francisco, Calif., left Saturday morning for their home after visiting for the past two weeks in the home of Mrs. Garrett's parents, Mr. and Mrs. E. S. Sandy.

**Yoakum County REVIEW**

## Insect Damage Reported Light In Yoakum County

(Editor's Note: The following cotton insect situation release for July 18 is prepared by county agents, agriculture teachers, USDA and Texas A&M.)

Weather conditions continued favorable for satisfactory progress of cotton. The somewhat slower than normal growth has possibly been due to very unfavorable earlier weather conditions. The excessive shed of small from such conditions than from insect damage. No general serious insect infestations have developed in the area.

Thrips occurred in light infestations throughout the area. Only Briscoe County reported heavy infestations.

Fleahoppers were present in small numbers on most cotton which had reached the squaring stage. Medium infestations were reported in Crosby, Lubbock, Lynn, Martin, Terry, and Yoakum Counties. Heavy infestations were reported in Garza and Howard Counties.

Lygus bugs occurred in light infestations on cotton throughout the area. Somewhat larger numbers were reported in some fields in Crosby, Lubbock, and Lynn Counties.

Bollworm eggs, with scattered small worms, appeared in increasing numbers throughout the area. While infestations were light in most localities, more activity of the insect was observed in the southern and western section of the area, where cotton is generally larger and more heavily fruited.

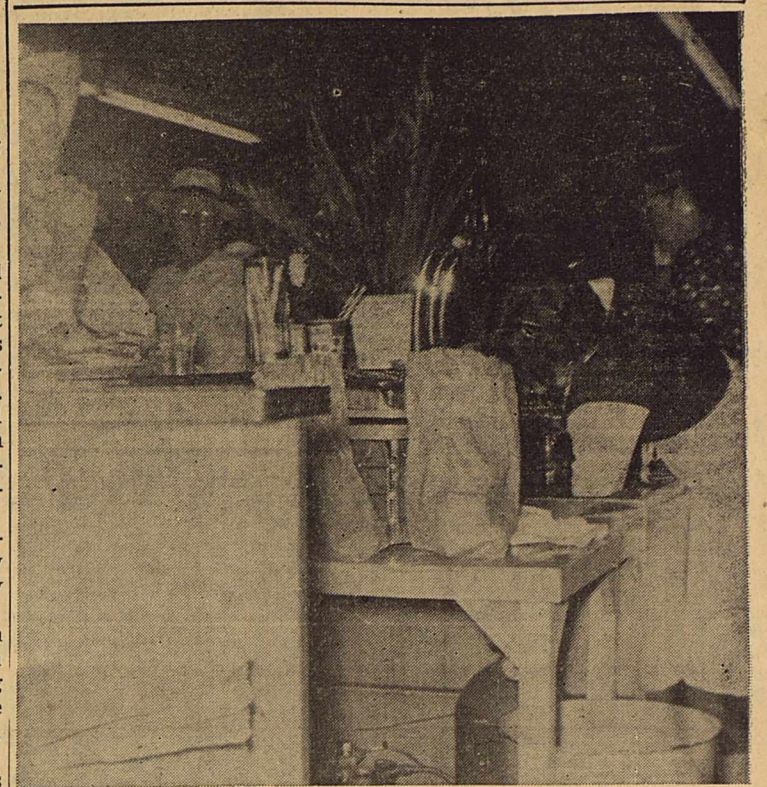

Leafworms were reported in Howard, Lamb, Lubbock, Terry, and Yoakum Counties. Only occasional eggs and worms were observed, indicating very light infestations.

The garden webworms (careless weed worms) was reported on cotton in most localities. Infestations were generally not heavy. Damaging infestations were reported in Bailey County.

Cabbage loopers were present on cotton in most fields. Infestations were generally light, although eggs were observed in larger numbers in some localities.

Grasshoppers were reported on cotton in Borden and Yoakum Counties.

Your FRIENDLY CASH GROCERY

Mr. and Mrs. Perry Anthony left recently on a two-week vacation tour of part of the southern states. They plan to visit part of the time with relatives.

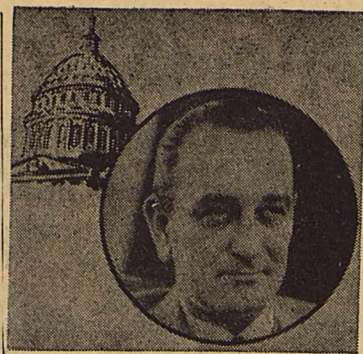

Mr. and Mrs. Dick McGinty attended the Golden Wedding Celebration of Mr. and Mrs. Ed Knox in Lubbock Sunday afternoon.

Saturday guests in the home of Mr. and Mrs. Rod Duff were her parents, Mr. and Mrs. Wynn, of Denver City.

Mrs. Bill Anderson is recovering nicely following an appendectomy in Treadway - Daniel Hospital in Brownfield Saturday afternoon.

Mr. and Mrs. Jack Pierce and son and Mr. and Mrs. Newton Rowland visited in Amarillo last weekend with Mr. Pierce's parents, Mr. and Mrs. C. L. Pierce.

Robert Henard attended a director's meeting of the One-Stop-Hereford Association at Lovington, New Mexico last Wednesday.

## WASHINGTON NEWS LETTER

By Sen. Lyndon Johnson

"Have faith in what you do."

Dear Friend:

Senate debate on the civil rights bill has been helpful. It has clarified the issues involved. It has placed important facts before the Senate and country. It has caused many Americans outside the South to realize that this is no simple yes-or-no proposition.

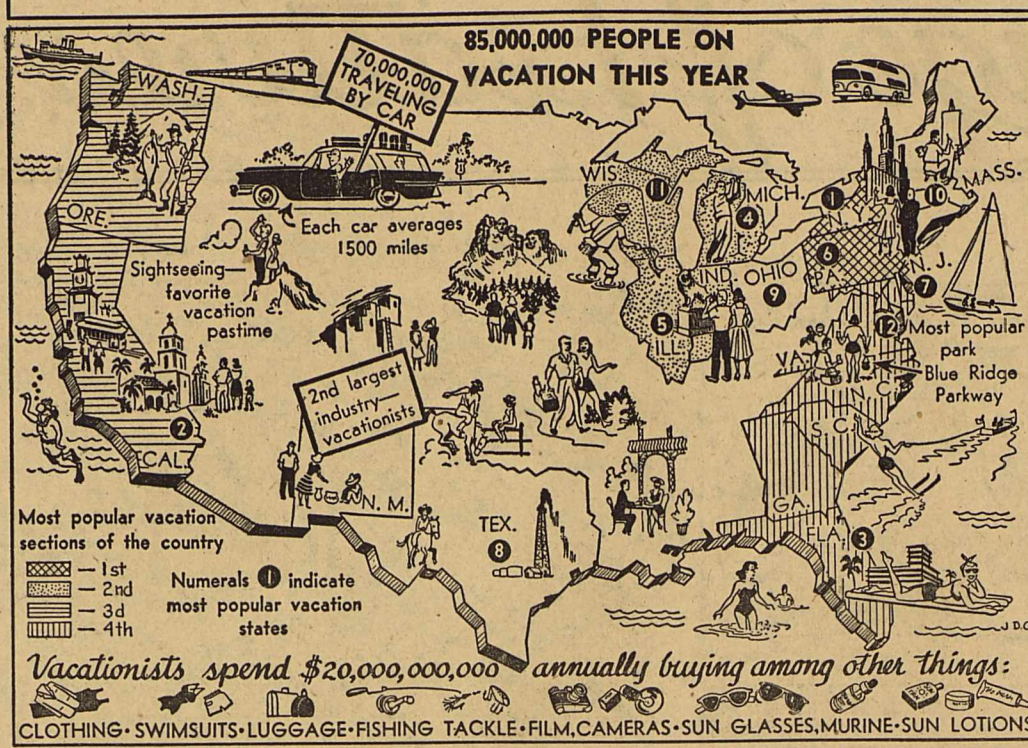

Senator Russell of Georgia said at one point: "We are dealing with an issue that is vital to the welfare of our States and to the peace and happiness and security of our people."

This has been heralded as a right-to-vote law. Now, everybody wants people to have the right to vote. But this proposed legislation goes far beyond that. Under the terms of the bill presented to the Senate, the Attorney General could haul our people into a Federal court and prosecute them without a jury trial. Federal troops could be sent into the South to enforce the statute.

I doubt very much that the Senate will accept the bill in the form passed by the House of Representatives.

Texas water projects got a big sendoff from the Senate Appropriations Committee. I am a member of that committee. I have been working hard to obtain approval for projects of great importance to Texas. It was a big day for me last week when the Committee recommended appropriations for 30 of these

## HAPPY VACATION!—HERE'S WHAT YOU DO

This vacation map is based on business surveys which indicate that during the year, 85,000,000 persons will go on vacation with 70,000,000 traveling by car. The most popular vacation area appears to be the North Atlantic States from New Jersey upward. Other popular areas are around Lake Michigan, out on the Pacific Coast and along the South Atlantic Coast. However, there are many popular vacation states outside these areas. About \$20 billion is spent annually having fun and relaxing.

projects.

Ten surveys of Texas streams were included in the list. These surveys, if finally approved by Congress, will enable us to learn just where flood control and water conservation projects should be constructed. That is knowledge we need to have.

Federal expenditures for flood control and development of water resources total less than \$17 billion throughout all our history. We have spent almost four times that much for foreign aid in the last 12 years. Our investments in water development projects have not been large enough. We are going to have to do more.

Small business failures are sharply up. Outgoing Secretary of the Treasury Humphrey dismisses the rising rate of failures as "part of the post-war adjustments." Maybe there are other reasons. The small business share of defense prime contracts is now running at the rate of only 17.6 per cent. It was 19.6 per cent even in 1956. A one-year extension for the Small Business Administration has been voted by the Senate Banking and Currency Committee.

Mrs. Dick McGinty and daughters, Sylvia and Kathleen, and Mrs. Marion McGinty attended a coffee in the home of Mrs. Howard Draper in Tahoka last Thursday honoring Misses Marianna McGinty and Bobbye Draper. Miss Draper and James Petty of Ozona and Miss McGinty and Roy Long of Abilene are to marry in a double ring ceremony at 4 p.m. Aug. 25 at the Tahoka Church of Christ.

Mr. and Mrs. Audie Bandy and family of Lubbock, Mr. and Mrs. Leon Bandy and family of Meadow, Mr. and Mrs. Walt Whitmore and family of Odessa, Mr. and Mrs. Harvey Romans and family of Tokio and Mr. and Mrs. R. L. Garrett and family of South San Francisco were guests in the home of Mr. and Mrs. E. S. Bandy Friday night.

Mr. and Mrs. W. M. Overton visited in Midland with Mr. and Mrs. Judge Ed Young last week. They reported that Judge Ed is improving following his unfortunate accident last Friday.

"Let's all swap problems—since everyone always knows how to solve the other person's."

## County Ranks 2nd In State for Sales of Savings Bonds

Yoakum County gained state recognition in the investment of U. S. Savings Bonds, placing second with 96.9 per cent of its goal, according to D. P. Moorhead, chairman of the Yoakum County Savings Bond Committee.

Only county to surpass Yoakum in the state as of June 30 was Bandera, with 142 per cent of goal. In third place was Deaf Smith county with 95 per cent, and placing fourth was Hemphill with 85.9 per cent.

Savings Bonds sales since the first of the year in the county have totalled \$53,483, Moorhead said, with June sales amounting to \$8,423.

Terry county was reported as having reached 50.7 per cent of its goal for 1957.

## Six 4-H Members Return from Camp

The three day Electric Camp proved to be helpful and entertaining for the three boys and three girls who represented the 4-H clubs in Yoakum County. Darlene Snodgrass, Judy Lowe, Jeanine St. Romain, Ross Stotts, Jimmy Taylor and Jay Bryson were the 4-Hers who attended the camp along with their sponsors Mrs. Claudia Chapman, Home Demonstration Agent, and Leo White, County Agent.

The camp was sponsored by Southwestern Public Service Company and it was strictly an electric camp. The 180 campers heard informative talks and watched demonstrations on the better use of electricity on the farm and in the home. The campers were divided into three groups with only one boy and one girl from a county in the same group. One group studied lighting, another studied wiring and the third group studied equipment. About three teams were selected from each group to give electrical demonstrations to the entire group. Jeanine St. Romain was on a demonstration from the wiring group. Ross Stotts and Judy Lowe were in the equipment section and they each helped give a demonstration before their particular group although their demonstrations were not selected to be given before the entire camp.

These boys and girls plan to work up demonstrations on electricity to give at local 4-H club meetings and later they will be available for programs at civic clubs and other meetings. Each camper also assembled some kind of farm or home appliance. They made wall lamps, table lamps and pig brooders. Each

Mr. and Mrs. Joe George of Salt Lake City, Utah were entertained with an outdoor supper at the home of Mr. and Mrs. Marion McGinty Monday night. Others attending were Mr. and Mrs. Rusty McGinty and daughters Mr. and Mrs. Dick McGinty, and family and Mrs. J. V. Been.

Mr. and Mrs. Joe George of Salt Lake City, Utah recently visited in the home of her mother, Mrs. George Cleveland, and other relatives.

one paid for the cost of the materials used and the other expense of the camp was paid for by Southwestern Public Company.

**BREAK-IN-ATTEMPTED**  
An attempt was made to enter the Plains Frozen Food grocery Monday night, but the person was evidently frightened away before gaining entry into the store. When Dick McGinty, owner, came to work Monday morning he noted a glass in the back door had been cracked, and was on the verge of falling out.

Mr. and Mrs. John T. Camp visited in Floydada over the weekend.

Mrs. L. J. Sanders and daughter Mary, of Portales, N.M., are visiting in the home of Mr. and Mrs. T. E. Payne and Mr. and Mrs. Gene Payne.

Jr. Hinch takes after his dad and so does his Mom.  
How kin we be a land of free speech with so many pay phones?  
Hum, the coffee break used to always come only at quittin' time.  
It's best to always think it up before you talk it up.  
Sometimes it's hard to cooperate with the inevitable.  
One woman kin make a home, two kin ruin it.  
If Tubby Tyler paid taxes on what he thinks he's worth, he'd sure go bust.  
Summer evenings are wonderful when the flies have quit for the day and the mosquitoes haven't yet gone to work.  
Some folks who won't stand for anything will fall for everything.  
When you doubt your friends, then friendship ends.  
It's the guy who kin see the invisible who kin do the impossible.  
A deficit is what you have left after you had nothin'.  
A gal wants a feller that will fill the bill and also foot it.  
—Rev. Charley Grant

Solution F-1-57

## 3 Damage Suits, Injunction Filed in District Court

Three suits for damages, and one requesting an injunction, were filed this week in district court.

Tom Harding, a resident of Coleman County, is seeking \$235,000 in damages from the Brahney Drilling Company for injuries allegedly received on March 1 of last year. J. H. Calvert of Denver City is suing the Humble Pipe Line Co., Inc., for a judgement of \$2,900 for damages he asserts were sustained to property owned by him in Denver City, and W. J. Walls filed suit on behalf of his wife, Wanda Walls, for \$7,773.02 against Lina Marie Endres for damages resulting from a car accident last January.

Western Drilling Company is seeking an injunction against T. H. Barron, to restrain the defendant from denying the company access to a section of land on which is staked a well drilling site.

A hearing on the request for a temporary injunction was scheduled to be heard by District Judge Louis Reed on Wednesday.

In the Harding vs. Brahney case, the plaintiff, who was employed by E. L. Farmer and Co. as swamper, sets forth that he and a driver had hauled half a substructure to a drilling site north of Bronco, where the truck and float became stuck in the sand. The truck was towed away, and it became necessary, the plaintiff asserts, to unload the substructure by manual labor. During the process, the plaintiff charges, three of the employees of the Brahney Drilling Co. caused through their actions the handle of the boomer to strike the plaintiff on the head. The plaintiff alleges that the defendant corporation through its employees were guilty of negligence in several instances through which the plaintiff was injured. The plaintiff is asking for \$175,000 damages for loss of earning capacity and \$60,000 for physical pain and mental anguish.

Calvert, a Denver City resident, has filed suit for \$2,900 against Humble Pipe Line Co., as the result of damage to his property when a pipe line was broken, spewing oil over the area. He charges that his home, surrounding trees, shrubs, fence and other property were permanently damaged by the oil.

As an alternative to the \$2,900 for damages, the plaintiff is asking for alternative settlement of \$2,750 for cost of repairing and replacement of vegetation.

In the Walls vs. Endres suit, the plaintiff is suing for damages allegedly incurred in a car accident on Avenue H. in Denver City on January 20. The plaintiff charges the defendant with negligence and cause of the collision. Total damages called for in the suit include \$2,000 for past and future mental and physical pain and suffering, \$141.52 for damages to the car, \$631.50 for past and future hospital and doctor bills and \$5,000 for past and future disabilities.

## Sanford Valley H.D. Club Plans Float for Parade

The Sanford Valley Home Demonstration Club met Thursday July 18, in the beautiful country home of Mrs. Tommy Winn.

Eleven members answered roll call with "One way I have helped a 4-H Club."

One visitor, Mrs. Alton Webb of Brownfield, mother of Mrs. Winn, was present. The business meeting was conducted by Mrs. Jess Murphy because of the absence of Mrs. Neil Hickman, the president.

The county-wide picnic will be held August 15 in the Plains park at 7:30 p.m. The club family picnic will be August 30 at 8 p.m. in the Plains Park.

A float for the "Golden Jubilee" was discussed.

A nominating committee was appointed to present names for club officers for the coming year. This committee is composed of Mrs. Johnny Fitzgerald, Mrs. Charles Williams and Mrs. Jim O'Neal.

Mrs. Winn, landscaping demonstrator, conducted the group on a tour of her yard, showing them her beautiful flowers, grass, and shrubbery. Refreshments were served to those present by the hostess.

The next meeting will be Sept. 4 in the club room with Mrs. Preston Murphy as hostess. Secret pals will be revealed at this meeting.

Mr. and Mrs. C. N. McClellan of Alamogordo, N.M., visited relatives in Plains over the week end.

Mrs. Alton Stewart of Goldsmith and Mrs. Doyle Robinson of Odessa visited in Plains with relatives and friends over the weekend. They visited Mrs. Bill Anderson in the hospital Sunday morning.

## OIL NEWS

(Continued from Page One)

lons of fracture solution. Location is 2,200 feet from west and 1,240 feet from south lines of section 700, block D, John H. Gibson survey.

The Texas Company No. 1-NCT-1 W. F. Walker is to be drilled as an 8,650-foot project in the three-well Wasson (Wolf-camp) field, some seven miles northwest of Denver City.

Drill site is 1,980 feet from south and 660 feet from west lines of section 794, block D, John H. Gibson survey.

Argo Oil Corporation and others No. 1 D. B. McKinty and others is a new 12,500-foot wild-cat project seven miles northwest of Plains, in Northwest Yoakum County.

The deep test is 1,980 feet from north and 660 feet from east lines of section 280, block D, John H. Gibson survey.

Lone Star Producing Company No. 1 Keller, Devonian failure in West Yoakum County, has been plugged at 12,000 feet.

Drill site is 1,980 feet from south and east lines of section 399, block D, J. H. Gibson survey, nine miles west of Plains.

Amerada Petroleum Corporation No. 1 Riley Estate, wild-cat project in Northwest Gaines County, has been plugged at 12,170 in Devonian.

Drill stem test from 12,150 to 12,170 feet, open four hours, recovered 6,248 feet of salty, sulphur water from drill pipe, and 188 feet of the same fluid from below the sub.

Location was 660 feet from south and east lines of section 379, block G. CCSD&RGNG survey.

Monterey Oil Company No. 21-60 Oil Development Company has been reported as a 13,936-foot Devonian failure in North Gaines County.

Mr. and Mrs. Charles Nole of Lovington, N.M., visited in the home of Mr. and Mrs. Archie Whitaker Sunday.

## Financial Aid to Be Available for Totally Disabled

Complete and permanent invalids or persons in the community so mentally deranged that they require continuous oversight or others may soon be able to receive small monthly checks from their State Department of Public Welfare through the new state-federal program of Aid to the Permanently and Totally Disabled. The Constitutional Amendment, which was adopted by the voters in November, 1956, limiting the amount of money that can be appropriated for this program to 1.5 million dollars per year, makes aid possible only to those who are helpless and have no relatives able to support them.

Mrs. Estelle Lawson, Welfare Supervisor for this area, pointed out this is the only welfare program which requires consideration of the ability of relatives to support. This law defines "responsible relatives" as children, parents, step-children, step-parents, brothers and sisters. Mrs. Lawson said that for the first time in nearly 20 years the Department's Field Workers will be required by law to determine the resources of relatives of persons who apply for aid.

The "permanency" and "totality" of the disability will be determined by a State Reviewing Physician after study of a complete physical or mental examination by the person's own private physician. Complete helplessness from a medical standpoint, rather than inability to work, is the criteria. The state will pay the private physician for his examination.

Funds for assistance payments will not be available until September 1, 1957, but applications will be taken after July 15. While the helpless individual will not be able to leave home, the persons responsible for his care may come to the local welfare office and acquaint the Department with his situation. A Field Worker will then call, as soon as possible, at the home to take the application. Offices in this area are located at:

County Courthouse, Seminole, Texas  
Courthouse Annex, Odessa, Texas  
County Courthouse, Midland, Texas  
Harlan Hotel Building, Rankin, Texas  
County Courthouse, Marfa, Texas  
County Courthouse, Fort Stockton, Texas

The Rev. C. J. Coffman was a business visitor in McCamey Wednesday.

Carol McRae had as guest Tuesday night Joe Bailey of Snyder.

AN EXCELLENT CROWD was on hand Saturday for the Grand Opening of the Curry Drug and Variety. The new business, located in a building just constructed, is east of the courthouse. Mr. and Mrs. Joe Curry, owners, expressed their appreciation this week to the many who stopped by and helped to make the Grand Opening such a success. —Review Photo

## "TAKE TIME TO BE PARENTS" URGE TEEN-AGERS AT PTA CONFERENCE

A four day workshop on youth development, sponsored by the Texas Congress of Parent Teachers was held June 4-7 on the campus of the university of Texas, Austin, with approximately 125 registering.

Participants included the executive committee, district presidents, district and council chairmen of character and spiritual education, and several state chairmen.

Mrs. W. D. DeGrassi of Amarillo, Congress president, explained the purpose of the workshop, and Dr. Charles Clarke of North Texas State College, Denton, and Congress chairman of audio-visual services, discussed the workshop plans.

Five work groups focussed their daily discussions on the main topic for each day.

A panel, which considered the situation of children and youth today, was composed of Dr. Robert Sutherland, Dr. Bernice M. Moore, and Dr. Wayne H. Holtzman, all of the Hogg Foundation of the university; Dr. M. G. Bowden, principal of Casis elementary school, Austin; Miss Sallie Beth Moore, director of the university nursery school and assistant professor of home economics.

The consensus of the panel was as follows: that youth in general seem to be "sailing along" fairly well despite alarming reports; a recent Congressional study shows that more youth are now in college; in 15 years, college enrollments will double; one-third of superior high school students, however, will not go to college due, mainly, to "lack of motivation" and this because of parental attitudes; studies show that the attitudes of parents and teachers have a great deal to do with youth's achievements; fathers must take more interest in the development of the child and parents must never lose interest in their children.

A cooperative youth study made from 1000 case samples in Texas shows 77% normal homes;

## PASTOR

(Continued from Page One)

"I am to go to Claude the first of September, and sooner if a minister for the Plains congregation can be secured. I would like to be followed here by a younger minister with a family who can spend a long period of time with the congregation and the community and make a greater contribution to both than I have been able to do."

"Also I am very appreciative of all of the kindnesses which have been extended me during the fifteen months of my ministry here, and I will always remember them with a grateful heart and pleasant memories. My very best wishes for everyone."

Mrs. Slim Randall, Nell, Sandy, and Gary visited in the home of Mr. and Mrs. Howard Borland Saturday afternoon.

Tony Lusk returned to Keesler Air Force Base at Buxi, Miss., after several days visit with relatives and friends in Plains.

Donna Kay Osborn returned to her home at Texaco, New Mexico last Sunday after a two week visit in the home of her aunt and uncle, Mr. and Mrs. Henry Williams. Other recent guests in the Williams home were Mrs. T. E. Johnson of Konawa, Okla., Mr. Gene, and Mrs. Crawford all of and Mrs. Jack Davis and son, Carthage, Miss. The group was enroute home after visiting points in Oklahoma, Colorado and California.

Weekend guests in the home of the Rev. and Mrs. C. J. Coffman were Mr. and Mrs. O. W. Alexander and daughter, Betty, of Canton, Mr. and Mrs. Claud Coffman and daughter, Jeanine, of Muleshoe, Mr. and Mrs. Clyde Coffman and daughter Mona, of Stegale, and Miss Barbara Jean Coffman of Big Springs.

"Nowadays the hand that rocks the cradle usually gets a dollar an hour."

## STORM

(continued from page one)

between two and one-half and three and one-half inches fell at his place 9 miles north west of Plains Wednesday afternoon. However, parts of Yoakum County are still reported to be dry.

During the Sunday night rain, there was a severe electrical storm causing some damage by killing livestock in some places.

P. W. St. Romain stated that he suffered damage in the amount of about \$500 when the storm put approximately seventy-five telephones out of order. Most of them were in the southeast corner of the town section and on the Brownfield road.

The rain will prove very beneficial to grass prospects and

## SCHEDULE

terscholastic Sports. Each teacher will be required to use a portion of her or his class period for supervised study.

It is felt that this new arrangements will result in the production of well rounded graduates and will definitely improve the educational program of the Plains High School.

Mr. Kennedy stated that many of the better schools of Texas are adopting either this or a similar program.

Mr. and Mrs. Leo White visited in the home of Mr. and Mrs. L. O. Smith Sunday.

will add considerably to the prospect of a good harvest from cultivated crops.
