THE SNYDER DAILY NEWS

Vol. 3 No. 183 | SNYDER, TEXAS, FRIDAY, NOVEMBER 28, 1952 | EIGHT PAGES—PRICE 5c

CAR OVERTURNS HERE THIS MORNING

The demolished 1952 Oldsmobile shown above overturned after it skidded on an icy bridge about a mile west of here shortly before noon today. Its driver, a 76-year-old woman was identified by officers as Susie V. Heilie of Crete, Ill. She was alone. The car apparently overturned several times. The accident was investigated by Bill Zimmerman and E. W. Green, highway patrolman. (Lee Watson Photograph.)

Thanksgiving Death Toll Is 122 In Nation

By The Associated Press

One hundred twenty-two persons over the nation lost their lives in traffic and miscellaneous accidents over Thanksgiving Day.

An unofficial survey showed today that 99 persons were killed on streets and highways and 23 in miscellaneous mishaps between 6 p. m. Wednesday and last midnight.

Cold weather and snow-packed and icy highways kept thousands of motorists off the highways and the cut in travel held down the traffic toll. This death list compared with 102 last year, 94 in 1950, 123 in 1949, 86 in 1948, 107 in 1947 and 69 in 1946.

National Safety Council records show that in the first nine months of this year 99 persons were killed in traffic every 24 hours. This total, however, is not comparable with that of the Thanksgiving Day survey because it includes deaths of injured occurring days, weeks or months after the actual date of the accident.

Several states reported no fatal accidents over the holiday. Texas, California, Kentucky, Illinois, Indiana, North Carolina, Ohio and Pennsylvania had high tolls.

Deaths by states, traffic and miscellaneous:

Alabama 3, 0; California 7, 3; Colorado 1, 0; Connecticut 1, 0; Florida 2, 0; Georgia 5, 0; Idaho 0, 1; Illinois 5, 1; Indiana 5, 1; Kentucky 6, 0; Maine 3, 1; Maryland 3, 0; Massachusetts 1, 1; Michigan 3, 0; Mississippi 3, 0; Nevada 2, 0; New Jersey 3, 1; New Mexico 1, 0; New York 5, 0; North Carolina 4, 4; North Dakota 1, 0; Ohio 3, 3; Oklahoma 2, 1; Oregon 1, 0; Pennsylvania 9, 0; South Dakota 1, 1; Tennessee 1, 0; Texas 8, 2; Utah 2, 1; Virginia 2, 0; Washington 0, 2; West Virginia 3, 0; Wisconsin 2, 0.

Freezing Rain And Sleet Blanket Most Of Texas

Holiday Violent Death Toll In State At Nine Early Today

By The Associated Press

Traffic pushed the violent death toll upward early Friday and Thursday night after the long Thanksgiving Day week end had started calmly.

The traffic count early Friday stood at nine dead and several critically injured and near death. Two persons died from burns.

Thousands of automobiles on the highways for football games and holiday visiting were expected to push the traffic death toll higher today.

A traffic mishap at Carthage Thursday night pinned two Negroes, Coy Pellum, 14, and Leonard Osborne, 28, in the cab of a truck and they were burned to death in the fire that followed the crash.

Both were from Long Branch, near Carthage. The pulpwood truck struck an embankment and overturned. The driver, Burnur Pellum, father of Coy, escaped.

Earl A. Bowman, about 30, Odessa, was killed when his car rammed into another car stopped at a stop sign at an intersection in Kermit late Thursday. His wife suffered a broken nose.

MOTHER SERIOUSLY INJURED

Also late Thursday, seven-months-old Thomas Springer was killed in a collision on the outskirts of Texarkana. His mother, Mrs. Kathleen Springer, 21, of Texarkana, Ark., was injured seriously.

Robert Joe Scott, 39, of Bellmeade, near Waco, was killed late Thursday night in a head-on collision 10 miles north of Temple.

Scott and his daughter, Shirley Ann, 14, were returning from the Killeen-Lavega football game in Temple. Shirley Ann was critically injured.

William Thomas Beard, 55, Groesbeck, was killed instantly Thursday when his car overturned on Highway 164 about three miles west of Mart. Beard was McLennan County's 71st traffic fatality of the year.

PASSENGER INJURED

A passenger in the Beard car, Will Curll, 75, also of Groesbeck, received possible arm and leg fractures in the mishap.

A 78-year-old Dallas man, Dora McGlocklin, was found burned to death Thursday night after he apparently had tripped and fallen against an open gas heater in his home.

A mother and her three children driving from Lockney to Ira in West Texas to have Thanksgiving dinner with relatives were involved in one collision.

Arthur H. Vandenburg, Jr., stands in President-elect Eisenhower's headquarters in New York following the announcement that he had been named Eisenhower's secretary. He is 45 ,the son of the late Senate foreign relations committee chairman. Vandenburg, who has been a member of Eisenhower's staff since the beginning of the general's campaign for the presidency, comes from Grand Rapids, Mich.

Possible For Real Rain To Return Here

By The Associated Press

Sullen skies dripped light rain—freezing in some places and mixed with snow or sleet in others—from the Texas Panhandle to the Rio Grande Friday

The U. S. Weather Bureau said the rain would continue through Friday night. But a forecaster added, "It doesn't look as if we'll get anything like those 2-to-6-inch rains we had last week end."

A 5-day forecast said temperatures over the state would average four to six degrees below normal minimums of 40 to 46 in East and Central Texas and 28 to 42 degrees in West Texas.

The forecast predicted spotty moderate to heavy rains in the eastern half of the state through Monday and rain in the south part of West Texas through Saturday. Rain or snow was expected again in West Texas on Monday.

Freezing drizzle was reported Friday at Lubbock, Midland, Big Spring, Wink and Plainview, all in or just below the South Plains. In the Panhandle, snow flurries fell at Childress and Dalhart. Sleet fell with a gray drizzle at Dallas but melted as it hit the sidewalk.

Other points reporting light rains included Brownsville, Laredo, Del Rio, Houston, Palacios, Victoria, College Station, Corpus Christi, Mineral Wells, Fort Worth, San Antonio and Cotulla.

Four inches of snow, remnants of a heavy fall early in the week, still lay on the ground at Amarillo and Dalhart.

Thursday night's low temperatures ranged from eight degrees at Dalhart to 47 at Brownsville, Corpus Christi and Galveston.

Up to 6:30 a. m. Friday, Brownsville had received a 24-hour rainfall of .48 inch. Laredo measured .03 and Big Spring and Cotulla .01 each. Other places reporting rain hadn't received enough to measure at that hour.

Mitchell Well Still Testing After No Shows

Standard of Texas No. 3-1 Jones, wildcat in Northwest Mitchell County, is now at a plugback depth of 2,930 feet in lime.

It perforated casing at 2,870-882 and 2,892-915 and treated those intervals with 2,500 gallons acid. The well flowed and swabbed for 12 hours and made 30 barrels of water with no shows oil reported. It is still testing.

It is 330 feet from north and west lines of section 59-20-Lavaca Navigation survey and one mile north of the nearest flowing production in the Coronet 2900 field. It is two miles east of Vincent.

HOWARD TEST

Roden, Darden & McRae No. 1 Milton Gaskins, wildcat in Central-West Howard County, is drilling at 9,580 feet after developing water on a drillstem test in an unidentified formation at 9,427-480 feet. Tool was open two hours, and gas surfaced in 26 minutes.

Recovery was 80 feet slightly oil and gas-cut mud and 1,610 feet salt water.

DAWSON COUNTY

Sun Oil Co. has set location for a wildcat in Northeast Dawson County. It is the No. 1 C. S. Dean, 660 feet from south and west lines of section 22-1-J. Poitevent survey, 15 miles northeast of Lamesa.

Rotary tools will be used to drill to 10,700 feet, beginning at once.

HOWARD LOCATIONS

Edward C. Lawson of Tulsa is to start operations by Dec. 1 at his No. 1 Tant Lindsey, a 5,500 foot wildcat in Northeast Howard County.

It is 660 feet from north and 667 feet from east lines of section 30-33-t2n-T&P, three miles east of Knott. Rotary tools will be used.

Sun No. 1 Jones in the Coronet 2900 field of Northeast Howard County, now at 2,626 feet in lime, took a drillstem test at 2,515-555 feet with tool open two hours and recovered five feet mud with no shows. All pressures were zero.

Superior No. 2-517 Lemons, wildcat in Northeast Borden County, is preparing to re-fracture the open hole with 4,000 gallons of acid at a total depth of 8,193 feet.

Below Freezing Here

The temperature struck a low of 22 degrees last night but had risen to the 28 degree mark by 7:30 o'clock this morning. The high temperature yesterday was 35 degrees, reported Mrs. D. P. Strayhorn, official weather observer.

The ice hasn't harmed Scurry County crops, according to Oreland Finley, Production and Marketing Administration officer. Although the wheat will grow little while the weather remains as cold as it presently is, any moisture in any form is appreciated, he said.

2 Cars Wrecked On Icy Bridges Today

At least five traffic accidents occured in the Snyder vicinity this morning because of slippery roads in the misting rain and light freeze, two of the wrecks responsible for injuries to four persons.

The first three accidents were light smash-ups in which no one was hurt.

A 1952 Oldsmobile was demolished when it skidded on an icy bridge on the Lamesa highway near the city limits. A Battenfield Hospital official declined to give any information concerning the driver or her identification, but investigating police officers identified her as Susie V. Heilie, 76, of Crete, Ill. She was alone at the time of the accident. The victim was taken to the hospital by a Bolger ambulance. Her injuries were slight.

Three injured persons were taken to the hospital less than an hour earlier by a Bell ambulance. They were Mr. and Mrs. R. P. Scott and Scott's mother, Mrs. J. C. Scott, all of Wellington, Tex. None were seriously hurt when the late model Chevrolet pickup in which they were traveling overturned about 10 miles west of here on the Lamesa highway.

Both accidents occured as the vehicles skidded on bridges which were partially frozen over. The Heilie wreck occurred about 10:35 o'clock, and the Scott accident occurred about 9:45. Only one vehicle was involved in each.

Bill Zimmerman and E. W. Green, highway patrolmen, said the weather conditions were partly responsible for each of the accidents and warned motorists to drive carefully, being mindful of the slippery bridges.

Two Scheduled To Die In Chair At Huntsville Early Next Week

HUNTSVILLE, Nov. 28 (AP)—Lester Stevens, convicted of murder in the 13-cent robbery and fatal beating of a Panhandle recluse, is scheduled to die in the electric chair Sunday night.

On the following night—shortly after midnight Monday—another execution is scheduled. The doomed man the second night is Alton Paris, Negro father of 13 children. He killed a wildlife biologist who caught him shooting ducks on an East Texas game preserve.

Stevens, 51, Amarillo, smelter worker, had been scheduled for execution the night of Oct. 31, but seven hours before he was to walk his last mile, Gov. Allan Shivers signed a 30-day stay. This was to allow a new appeal for clemency, which failed.

Stevens and Thomas Livesay, 30, Amarillo, were convicted of murder in the robbery and fatal beating of Joshua Blocher. The 85-year-old eccentric was beaten to death in his cabin in the small community of Progress, which he founded in Bailey County. Livesay was given a life sentence.

Both Stevens and Livesay admitted they robbed Blocher after hearing recurrent rumors that the bearded old man had a large amount of money hidden in his shack. Blocher did, but it was law enforcement officers who found it later, in jars buried three inches beneath the dirt floor of his cabin.

Stevens and Livesay accused each other of clubbing the old man to death.

Paris, 60-year-old Palestine Negro, admitted in a statement to Sheriff Roy Herrington that he shot and killed State Game Biologist Gus Engeling, 33, last Dec. 13. Paris said Engeling caught him shooting ducks on the state's 2,000-acre game refuge, 20 miles north of Palestine.

Engeling tried to catch him, Paris said, and "I just whirled around and fired the gun and he threw my ducks up in the air and fell."

Paris said he went to his home two miles away, gave away the ducks, changed clothes, and returned the next day and hid the body under a log while hundreds of men, searching for Engeling, splashed back and forth nearby. Paris had denied guilt until officers told him his spectacles were found near Engeling's body. Engeling's body was found Dec. 16, three days after the shooting.

Birth Of Septuplets Called Vulgar Hoax

SANTIAGO, Chile (AP)—The federal police today announced the reported birth of septuplets to a Chilean woman last night was a "vulgar hoax."

The announcement of the fraud was made by Luis Salamanca, head of the fifth federal police section is the same police official who late last night had told a reporter for the daily newspaper El Mercurio that seven girls had been born to a woman Salamanca identified as Mrs. Carmen Molina, attended by a midwife.

Prominent Dallas Wife Slashed With Knife

DALLAS, Nov. 28 (AP)—The wife of a socially-prominent doctor was critically wounded and near death today after a Negro slashed her repeatedly with an eight - inch butcher knife.

The 33-year-old woman, Mrs. Margaret Nesbit, wife of widely known pediatrician Dr. Harold T. Nesbit, was stabbed and slashed about the body, arms and legs at her country home near Carrollton last night about 8 o'clock.

She had gone to the back door to speak to the Negro servant who lived in quarters behind the home.

Leaders Try To Improve Pound Worth

LONDON, Nov. 28 (AP)—Leaders of the British family of nations conferred today about realizing their old dream of giving the pound more health, strength and freedom.

Their aim is to let Britain's money leave the locked room of the sterling area in which it lives now. Only the government has the key of the sterling area which covers all the commonwealth states—except Canada which uses the dollar—and a few foreign countries.

If Britain and her sterling area partners had enough spare foreign cash—either in gold or in just as precious dollars—they could quite easily move to free their own money from its captivity.

In practical terms to the ordinary Briton it could mean buying what he likes, where he likes, traveling abroad as much as he likes, or sending pounds to his Cousin Sally Ann in Little Rock, which she could change into dollars.

And to the American businessman who has sunk money into some commonwealth business it would mean he could draw his profits in dollars much more freely than he can do now.

The commonwealth statesmen set out also to give their money so much life as to make other foreign nations go for it.

At Least 36 Dead In Military Crash

TACOMA, Wash., Nov. 28 (AP)—A four-engined military plane from Alaska crashed in flames in a field south of here shortly after midnight and 36 of the 39 aboard were believed dead.

While scattered fires still marked the scene of the post-holiday tragedy, Deputy Pierce County Coroner Larry Amundsen said 36 were dead or missing.

The plane carried servicemen and dependents. The bodies of four babies were among those found scattered at the scene of the disaster.

At least two witnesses to the tragedy said the plane was afire as it "whooshed" down to a tree-flanked field about a mile from its destination at McChord Air Force Base.

Capt. Jack Easley, public information officer at McChord, said the early reports to the base indicated the plane struck a tree while coming in through the heavy fog for a ground - control approach landing.

All but a section of the tail was destroyed in the resulting fire and explosion. Bodies were scattered over 200 feet from the wreckage.

First witness at the scene said they could near the heart-rending cries of a baby in the burning wreckage. They were helpless ot do anything about it.

Many of the passengers were returning to the states for the year-end holidays. The C54 left Fairbanks yesterday morning, stopped at Elmendorf Base at Anchorage, then flew the 1,400 miles to McChord.

Ironically, only the fog kept the plane's occupants from seeing the lights and safety of the big McChord Field before the crash.

The crash scene was strewn with personal belongings. There were many packages indicating the passengers had been shopping, possibly for Christmas, before they started the ill-fated flight.

Hats and clothes were thrown about the field in disarray. Some were partially burned.

Most of the fire was in the forward part of the plane. The tail section and about half the fuselage remained almost intact after being ripped apart by the death-dealing blast.

The plane landed about a block away from a transplanted housing project—one that had been moved to the McChord area and set up as 35 four-family units. Most of them are occupied.

Four Indicted For Pipe Theft

COLEMAN, Nov. 28 (AP)— Four men, including a Dallas oil man and an unidentified person, have been indicted by the Coleman County Grand Jury on theft charges.

Stolen, the indictment Wednesday said, was a large amount of oilwell casing or pipe.

Indicted were W. E. Fletcher, the Dallas oilman; G. T. Morgan, an Abilene, Tex., truck driver; Alvin D. Choate, 26, Brownwood, and the unidentified man. Fletcher, too, had not been taken into custody at a late hour last night.

Choate, Sheriff H. F. Fenton Jr. said, was in jail here on charges of passing worthless checks at Midland and Littlefield.

Bond for Morgan and Fletcher was set at $5,000 each.

Sheriff Fenton said a Dallas lawyer had come to Coleman to post bond for Fletcher when and if he was arrested.

The four are accused of taking 21,000 feet of oilfield pipe from a lease in North Coleman County, Oct. 18, Fenton said, adding that it belonged to the Westates Petroleum Corporation of Texas.

The sheriff said witnesses saw the pipe carried away in four large trucks and that their description helped authorities recover part of the pipe in Mexia, part of it in Dallas, and part of it in West Texas.

Brothers Keep Mother's Body For Two Years

DETROIT, Nov. 28 (AP)—Authorities today sought to determine the cause of death of an 87-year-old woman whose body was kept for two years by her two sons in an upstairs room of her home in Detroit's Eastern Market district.

Police made the macabre discovery of the skeleton of Mrs. Emily Lemersal yesterday during an investigation of reports that all was not well at the Lemersal home.

When police attempted to enter the rundown house, one of the two sons, Stanley, 55, shot himself. He was found mortally wounded on a bed in another room.

Rushed to receiving hospital, Stanley, before he died, said he and his brother, Russell, 50, kept the body of their mother because they did not have funds to bury her.

Mrs. Lemersal's skeleton was found on a bed. The skeleton had been covered with old rags.

Police said Russell who was arrested Wednesday, was held without charge for questioning.

Howard Schumann, 55, a nephew of Mrs. Lemersal, told police he had heard rumors that his aunt was dead. He said the two brothers had barricaded themselves in the house and refused to talk with him.

The mystery deepened as police began asking questions of neighbors.

Neighbors hadn't seen Mrs. Lemersal for two years. One of the sons had been seen to bury a box beside the house in the fall of 1950. Police said both sons were described as heavy drinkers.

Detectives found Mrs. Lemersal's bones on a rusty bed. They were covered by a heap of rags.

Strewn about the house were hundreds of empty whiskey and wine bottles, empty bay rum bottles and canned heat containers.

Detectives quoted Russell Lemersal as saying that after his mother's death her pet spitz dog had refused to eat and died of starvation. "Of course," he told police, "we couldn't keep a dead dog around the house, so we put him in a big wooden box and buried him beside the house."

Fighting Ebbs On Korea Front

SEOUL (AP) — Korean warfare ebbed to a series of minor clashes today with Allied troops fighting the largest action to rescue one man—a missing infantryman.

He was rescued, unhurt, but not until after an Allied raiding party, supported by tanks and artillery fire, beat off 40 Chinese.

The U. S. Eighth Army reported the dramatic scrap to save the GI occurred northeast of White Horse Mountain, on the Central Front. The soldier, not identified, was missing after a raiding party withdrew to order artillery fire on Red positions.

The raiders went back into no-man's land, ran into a platoon of Chinese and called for artillery support. Big guns responded and, a bit later, tanks rumbled into the area. The raiders found their soldier then.

There were no other details at Eighth Army headquarters.

WEATHER

WEST TEXAS: Mostly cloudy with slowly rising temperatures, widely scattered light rain Friday. Friday night and Saturday. Some light snow in Panhandle Friday morning.

EAST TEXAS: Mostly cloudy and cold Friday not quite so cold Friday night and Saturday. Occasional rain Saturday and in south portion late Friday or Friday night. Moderate northeasterly winds on the coast.

SOUTH - CENTRAL TEXAS: Mostly cloudy, occasional rain Friday, Friday night and Saturday. Not quite so cold Friday night and Saturday. Moderate northeasterly winds on the coast.

NORTH CENTRAL TEXAS: Mostly cloudy, not much change in temperature Friday, Friday night and Saturday. Occasional rain Friday night or Saturday.

Navy Takes Whipping On Two Prize Projects During Year

WASHINGTON (AP) — President Arthur F. Kelly of the Air Force Association charged today the Navy pulled off the "publicity stunt of the year" last September in reporting the combat use of guided missiles.

Writing in Air Force Magazine, an unofficial publication, Kelly cited news stories he said described as "the first take-off of a guided missile in actual combat" the bombing of North Korean targets by unmanned, electronically controlled fighter-planes.

Kelly called this a "cruel hoax to play on the American family" and said it raised false hopes that the age of pushbutton warfare had arrived.

He said the Air Force used unpiloted radio-controlled bombers against German targets during World War II and flew them twice as far with nine times the bomb-load as the Navy did in its launching Sept. 5 from the U. S. carrier Boxer.

Kelly said the Navy censored from the original news report, delayed until Sept. 17, the designation of the aircraft used, an outmoded Grumman Hellcat, and substituted the term "guided missile."

Air Force Magazine's Managing Editor John F. Loosbrook, writing in the same issue, said "Exercise Mainbrace" last September cast grave doubts on the effectiveness of aircraft carriers.

Loosbrook said the maneuver, conducted off Scandinavia by ships of the North Atlantic Treaty nations, was designed partly to show carriers could adequately defend NATO's northern flank. Instead, he said:

"Mainbrace exposed serious flaws in our whole philosophy of naval warfare, flaws which will be very difficult to explain away."

The operation, Loosbrook wrote, demonstrated carriers' vulnerability to mechanical failures, submarine and air attack and bad weather. Other drawbacks, he said, were excessive cost, the need for frequent refueling and questionable ability to perform effectively in "the windswept, shallow and enclosed North Sea."

As if in reply, meanwhile the official "Naval Aviation News" declared the aircraft carrier is essential to control of the sea, although both land and carrier based plapes are needed to wage war successfully.

The Navy magazine said land bases are large fixed targets while carriers are smaller and elusive. It added that carriers can concentrate more planes over any naval targets than can be mustered from scattered shore bases.

SANTA'S BIG THRILL

Old St. Nick collects his Christmas present early from beauteous Miss America as Orlando, Fla., staged his big holiday parade. Miss America is 19-year-old Neva Jane Langely of Lakeland, Fla. and Macon, Ga.

Trunk Murderess Is Still At Large Since Her Latest Escape

PHOENIX, Ariz. (AP) — The out-again-in-again trunk murderess, Winnie Ruth Judd, led searchers a baffling chase today after her sixth escape from the State Hospital for the Insane.

Red-haired Winnie squirmed out through a sawed window screen last night.

With her customary craftiness, she left nothing to show just how she circumvented the many precautions taken to keep her in.

It was her second escape this year from the hospital where she has been confined since 1933. In 1931 she killed two girl friends and shipped their dismembered bodies to Los Angeles as baggage. She was sentenced to be hanged but was found insane just 72 hours before she was scheduled to go to the gallows.

Her flight last night set off a frantic search not only for 48-year-old Winnie but for an unknown accomplice or accomplices.

"She had help some way or other to make the escape," said Dr. M. W. Conway, hospital superintendent.

Sheriff's Lt. Frank Mitchell agreed. "She definitely had help," he said.

Mitchell led a band of officers and hospital attendants on an unproductive search of the dark, shrub-dotted asylum grounds.

This, Dr. Conway said, is how Winnie got out:

About 7:30 p.m. last night she complained of a headache and said she was going to take a bath. She went into the bathroom, carrying a robe over her arm. Fifteen minutes later an attendant looked in and she was gone.

A hole 15 inches square gaped in the heavy mesh window screen. The glass window had been cranked outward.

The window was nearly six feet from the ground.

"The sawing was an expert job," Dr. Conway said. "It wasn't something she did tonight."

Mitchell said that "someone must have helped her to the ground as she came out the window. The hole in the screen was so small she would have had to wiggle out."

Mrs. Judd left strands of her auburn hair and threads from her green sweater on the severed ends of the one-eighth inch wires of the screen.

This sixth capter in "The Escapes of Winnie Ruth Judd" was especially harrassing to Dr. Conway.

"I don't think anyone has tried harder to hold this woman than we have," he said as the search went on. "But you can't hold that type of woman in a paper sack."

He said that after her last escape Mrs. Judd was placed in the hospital's strongest ward but even those facilities were inadequate. Dr. Conway said he was going to ask the Legislature to provide funds to erect a building for a full-security criminal ward.

Winnie is so wily that she made her getaway under the closest scrutiny. Dr. Conway said he had been suspicious of her for the last two or three weeks because she had become quiet and bitter and had stopped writing her customary letters.

Monuments Built By Mussolini To Himself Contemptible Art

By EDWARD H. HARTE

ROME, —Benito Mussolini erected many monuments to his own egotism. But none of them is more grotesque than his Mussolini Forum in Rome.

Awed by the splendor of ancient Rome, Mussolini commemorated his fake empire by raising new forums, circuses and temples in the grandiose manner of the Roman emperors.

The Mussolini Forum spreads over several acres along the banks of the Tiber near the edge of Rome.

Unfinished, like almost all his grand projects, it was planned as a vast sports center, comprising two arenas, swimming pool, gym, and so on. It seems to have been dedicated to the flories of Il Duce and to the male form. The tops of the two stadia are surmounted by colossal statutes of nude atheletes which are very impressive at a distance. But close inspection reveals them to be mediocre or even poor examples of the sculptor's art, depicting scowling and arrogant athletes in postures of supreme belligerency. Pompous exaggerations from the start, these heroic statues have recently beer rendered even more ludicrous by the addition of fig leaves — an after though of the political party now in control.

With or without their fig leaves, these contemptible works of art, with their warlike faces and ill-shaped bodies, reflect the hollow boastfulness of a braggart's regime. They preside now over empty arenas where present day Romans write the most obscene comments upon the founder of fascism.

FOLLOWING LEAD

In expressing their feelings in gross language, the Italians of today are only following the lead of Il Duce himself. In his remarkable forum, Mussolini, like a school boy writes dirty words on the side walk.

In the pavement of the main concourse are elaborate marble mosaics, in imitation of the elegant style of ancient Roman decoration. One of the mosaics shows a soldier of Il Duce, shouting an obscenity. This amazing lapse of taste has escaped the attention of the fig leaf advocates or perhaps has stymied their efforts to obliterate it. In any event, it remains, a blatant commentary on the New Empire of Rome.

Everywhere in the Mussolini Forum one sees evidence of the megalomania of the dictator. In the grand concourse, Mussolini's title, "Il Duce," becomes a decorative motif. In capital letters it is repeated every few yards in rows like this:

DUCE DUCE DUCE
DUCE DUCE DUCE
DUCE DUCE DUCE
DUCE DUCE DUCE
DUCE DUCE DUCE

The date of the Forum, a large block of marble informs us, is not 1933 but the 10th year of Mussolini's regime. He measured time from the day he came to power.

Among the mosaics in the incredible Forum are many showing the Abyssinian native bowing before the might of Mussolini's legions. How ironic it is to contemplate that only 20 years later Mussolini has long since fallen victim to the mob's fury, his great Mussolini Forum is unfinished and deserted, but the little Lion of Judah reigns again in Abyssinia.

Among the mementos of Mussolini's regime preserved in the mosaic of his forum is the pledge of allegiance exacted of his young followers. They vowed to obey without questioning, even to the spilling of their blood.

NEVER FINISHED

The Mussolini Forum was never finished and is almost never used now. The polo is used, an occasional soccer game is played in one of the arenas, and a hotel has been set up in one of the buildings.

Rome is full of other unfinished monuments to the Balcony Empire. On the road to Ostia, the ancient port for Rome, one passes vast halls, temples, and colonnades erected by Mussolini for a world exposition which never was held. The Rome railroad station was never finished as originally planned. And a monument bridge across the Tiber near St. Paul's Outside the Walls is nothing but a few lonely piers poking up out of the marshes.

Americans who live here tell us that the Italians still talk a lot about the days of Mussolini. There was little unemployment then, which is not the case today, and the country seemed prosperous under the dictator.

Unbiased critics give Mussolini credit for considerable progress, despite the ruin which his military adventures finally inflicted on his country. Among other things Mussolini is given credit for draining the Pontine Marshes near Rome, where, as recently as 1917, foreign visitors were warned to stay away lest they contract malaria.

It was also Mussolini who finally clearned out the famous forums of Rome and reconstructed some of the buildings of antiquity. This has been done with good taste and is a credit to the Duce.

DISAPPOINTED

If you form your mental pictures of ancient Rome from motion pictures like Ben Hur, The Sign of the Cross, Last Days of Pompeii, and Quo Vadis, you are likely to be disappointed in the real article.

In the first place, with one or two exceptions the buildings of ancient Rome are now completely ruined. Immense buildings like the Circus Maximus, the biggest in Rome, and the Circus of Nero have disappeared. Only the foundation, a flight of monumental stairs, or a couple of columns remind posterity of some of the noblest temples in the ancient world.

So, it takes a lively imagination to reconstruct the "grandeur that was Rome" from the ruins that remain.

Another disappointment for those of us who see movies of Rome before we visit the city itself is that the old forum, the most interesting one historically, is very modest in size, with no suggestion of a DeMille extravaganza. The forum as Caesar knew it had only two buildings which would have been bigger than the Tom Green County Courthouse. The famous Senate, where the fate of Carthage was decided, where Cicero excoriated Cataline, and where decisions were made which left their mark on all of Europe, is not an imposing building. It is lofty, but in floor space it is about the size of the Presbyterian Church in Snyder. The Via Sacra, the main street of the forum in Caesar's time, is only about 36 feet wide—not much of a street for the capital of the world.

But if the dimensions of buildings in the old forum don't thrill you, the recollection of the men who trod those pavements will.

GRANDEUR

And up on the Palatine Hill there is all the grandeur Hollywood has led us to expect in Rome. Here Vespasian and other emperors enclose acres of ground in their mammouth halls and court. Outside Rome you can see the ruins of the Emperor Hadrain's villa, the biggest private dwelling of the ancient world. It looks like a city. Within its grounds there were 15-000 statues—probably more than there are in the whole state of Texas.

One marvels at the high level of civilization of the old Romans. Caesar's legions had a system of roads over which they could move from Britain to Rome in less time than it took Englishmen to go to Italy, 1,800 years later.

There are lots of these remarkable roads left around Rome. They were narrow and were paved with huge flat stones. The surface was only moderately smooth. In a car or on a bicycle the road seems very bumpy, and one can imagine that riding over it in a chariot would be like aquaplaning in a rough sea.

In the modern world central heating is a recent development But in Rome you can see ruins of houses dating from the time of Christ which have central hot air heating systems.

HEATING

Fires in the basement heated air which rose through hollow tiles set into the walls. The tubes in the walls were chimneys of a sort, conducting the hot air and smoke from the fire in the basement to the flue in the roof.

A room 15 by 15 would have eight sets of tiles (four tiles in each set) running up the wall behind the plaster.

Nearby this ruin is a modern Italian house in which the only heat probably is that from the kitchen fireplace.

In the Rome Zoo, in the exotic bird section, there are two species which surprise American visitors. They are chickens — the Rhode Island Red and the Plymouth Rock. The little size on their cage says they inhabit North America.

Police Invited To Thanksgiving Dinner

All members of the police department were invited to the Village restaurant for Thanksgiving dinner yesterday by Mr. and Mrs. Sam Cress, owners, Walter Suttle, police chief, said.

Suttle said that the department highly appreciated the invitation, which has become an annual affair.

However, no special dinner was served to persons in city jail yesterday. Only two men were in the jail, both on intoxication charges, Bill Love, police captain, said.

Warn Of Shoplifters During Xmas Holidays

Shoplifters enjoy their easiest time during the Christmas holidays, Bill Love, police captain, said this week, and he issued a warning to shoppers to care for their packages.

Love urged shoppers not to leave packages in parked cars unless the cars are locked. He also asked them not to lay packages or bags down in stores where they cannot be watched.

Spence Lions Speaker

George Spence of El Paso will speak at the Lions Club luncheon Tuesday at noon in Fellowship Hall of the First Methodist Church.

Spence is district governor of Lions International District 2T2.

Construction Company Fire Put Out Yesterday

A fuel oil stove at the Ace Construction Co. caught fire early yesterday afternoon and burned a hole in the floor of the building, but the fire was out when fire fighting equipment arrived, Ivan Gatlin, fire marshal, said.

Workmen in the construction office were present when the fire occurred and kept it from doing serious damage, he added.

Astor Estate To Eldest Son

LONDON (AP) — The late Viscount Astor bequeathed virtually all his 974,700 pounds ($2,729,160) British estate to his eldest son and his Virginia-born wife, Lady Nancy Astor. The government, however, will take more than half—509,183 pounds ($1,425,712) in death duties.

The New York-born British publisher and racehorse owner, who died Sept. 30, left many millions more in an American estate, the size of which has not been announced. The income from this was bequeathed to his four sons and one daughter in a will filed for probate in New York, Oct. 27.

The viscount's British will was filed here yesterday. It ordered administrators of the estate to pay Lady Astor, the first woman to sit in Parliament, as much as they considered necessary to meet her "adequate requirements."

She also received the 53¼ carat Sancy Diamond—a gem with a long history as a royal treasure—and other family jewels in trust for life, as well as three homes in England.

Except for several smaller bequests to his four younger children and several other persons, the remainder of the British estate goes to Lord Astor's eldest son, the third viscount.

A SISTER HOLDS COURT — Sister Mary Terrence isn't handicapped by her religious costume during basketball practice session at St. Michael's Children's Home in Hopewell, N. J., where she is basketball and baseball coach.

BOYLE'S COLUMN

Social Register Finds That It Is Under Family Boycott

By HAL BOYLE

NEW YORK, (AP)—I don't know how your family feels about it, but our family is boycotting the Social Register.

As far as we are concerned, the blue book can go and turn blue. ("As a matter of fact, it has already turned black-with rosy stripes.)

The 1953 edition has dropped Winthrop Rockefeller and his wife, Bobo, and to them we say: "Chins up, kids. Don't let it get you down. Life can still be gay."

Our own family isn't being dropped by the 1953 Social Register. We got darned good and sore at it when we found that there wasn't a single Boyle listed in the 1952 edition.

PRETTY SHAKEN.

I'll admit we Boyles were pretty shaken at first when the 1952 index of the socially acceptable snubbed us altogether. We held a convention, and the hoary old patriarch of our tribe, dressed for the occasion in his best Sunday suit, said despairingly:

"Hasn't a single one of us Boyles been caught loafing on the sands at Palm Beach or lifting a pinky at a Newport Tea?"

Well, the awful truth was, none had. We all were gainfully employed.

Then we got to thumbing through the 1952 social register and found it contained two pages of Robinsons, three pages of Johnsons, four pages of Williamses, five pages of Browns and eight pages of Smiths (including five Smyths but no Smythes).

"Why it's simple," said our fine old tribal leaders. "Us Boyles have been outvoted by the hoi polloi. What Boyle wants to be smothered in all those Smiths? Let's stay out of that book altogether."

ONLY 28 ROOSEVELTS

He pointed out that the blue book was down to 28 Roosevelts, 21 Rockefellers (only 20 now with Winthrop gone), six Astors and five Vanderbilts.

It was explained to him that when a listee was caught standing on his head at the Metropolitan Opera, riding a horse into a hotel or marrying somebody from the wrong side of the railroad tracks, he was dropped from the next edition.

No wonder they are weeding out the fine old American families and getting swamped by Browns and Smiths," said our tribe leader. "If a fellow named Brown is picked up for cop fighting, they probably don't even bother to check their index. But a Vanderbilt? If he gets arrested, they ought to volunteer to go bail for him because he lends class to their book. But instead they just start rubbing his name out.

"That may be high society, but it ain't loyalty-and I say to heck with it."

HOSPITAL NOTES

Mr. and Mrs. Alonzo Roach of route No. 2 are parents of a six pounds baby girl, Linda Dolores, born at 12:32 o'clock this morning in the Battenfield Hospital. The father is stationed in Korea.

Mr. and Mrs. Elmo Powell of route No. 2 are parents of a baby girl, Linda Darnell, born at 11:13 o'clock last night. The baby weighs six pounds and three ounces.

Mr. and Mrs. Elbert Jones of Snyder have a baby girl, Ila Maxine born at 12:14 o'clock Wednesday night. The baby weighed seven pounds.

Edward C. Dueboay of 1903 Fifteenth Street was taken to a Snyder hospital yesterday afternoon in a Bolger ambulance.

Sister Kenny Slipping Fast

BRISBANE, Australia (AP) — Sister Elizabeth Kenny's doctor said today that the life of the famed poliomyelitis specialist is slipping away and that if her condition continues to deteriorate, he does not expect her to live until tomorrow night.

Arrangements meanwhile were made to divert an airliner to land here with supplies of a new drug, Trypsin, being rushed from the United States in a desperate last effort to dissolve the brain clot which is killing the 66-year-old nurse.

The plane is due here Saturday night and an automobile will rush the drug to Sister Kenny's home at Toowoomba, 85 miles west of here. Her physician, Dr. John Ogden, held out little hope that the drug would help her, even if she lives until it arrives.

He reported his patient's right side was paralyzed. She also has contracted pneumonia since she was stricken by the cerebral thrombosis Nov. 19. Large doses of antibotics have resulted in no improvement in her condition.

Dr. Ogden said Sister Kenny now was unable to speak or to recognize anyone.

Vegetarians Stuff Selves On Thanksgiving

NEW YORK (AP)—What do vegetarians eat for Thanksgiving dinner?

Well, 350 members of the Vegetarian Society of New York stuffed themselves at their 22nd annual dinner yesterday on this menu:

Soy bean roast; fruit salad; celery and olives; combination salad; baked potatoes and yams; vegetable soup; whole wheat pumpkin pie and apple pie; mint tea; vegetable coffee and buttermilk.

Said Dr. Robert Anderson in his Thanksgiving address:

"Man is a vulture; man is a slayer. Let us on this day be thankful that we individually are supporting life instead of death."

Adlai Wants To Pay Off Campaign Deficit Before More Talks

SPRINGFIELD (AP) — Gov. Adlai Stevenson says he plans to spend no money for future radio or television addresses until "substantial" campaign deficits are paid off.

The defeated Democratic presidential candidate said yesterday he has received some 70,000 letters and telegrams since the Nov. 4 election. He said in a statement:

"Many have urged that I make future radio and television addresses. Some have sent contributions to pay for such appearances, and I understand several local groups have already been organized to purchase radio and television time.

"I am gratified by these expressions of continued interest in what I have to say, but I cannot make precise plans for the future at this time. Further, the Stevenson campaign headquarters in Springfield and the Democratic National Committee both have substantial deficits which I feel should be paid off before funds are raised for any future activities by me. This is my first concern."

Stevenson did not say the amount of the deficit incurred by the campaign.

Filling Hay Orders Doubtful, PMA Says

Farmers who have ordered emergency hay through the Production and Marketing Administration office after Nov. 7 probably won't receive any hay, according to Irelan Finley, PMA officer.

The local PMA office has been notified that orders previous to Nov. 7 will receive all the hay that is available. Finley said about one-half of the orders before that date had been filled in Scurry County.

"We will still take orders but it is very doubtful if they can be filled. We hope the farmers will provide some other way of getting feed for their livestock." Finley stated.

PERSONALS

Mrs. W. P. Smith and Miss Eunice Smith, 3105 Avenue U, have returned from Amarillo where they visited relatives.

Guests yesterday in the home of Mr. and Mrs. Jim Sullenger, Jr., 1008 Twenty - eighth Street, were her brother and sister-in-law, Mr. and Mrs. J. W. Warren of Big Lake, and her sister, Mrs. Noble Oliver, Mr. Oliver and daughter of Bronte, Tex.

Mr. and Mrs. H. C. Denson and family, 1104 Twentieth Street, were Thanksgiving guests of his parents, Mr. and Mrs. J. D. Denson, in Sweetwater.

Mr. and Mrs. Bentley Baize and sons of Cherry Street, were weekend guests of Mr. and Mrs. Audie Baize in Fort Worth. The Bentley Baizes attended the Southern Methodist - Baylor football game in Dallas Saturday.

LEGAL NOTICE

AN ORDINANCE FIXING AND DETERMINING RATES AND CHARGES TO BE CHARGED FOR SALES OF NATURAL GAS TO RESIDENTIAL AND COMMERCIAL CONSUMER WITHIN THE CITY LIMIT OF HERMLEIGH' SCURRY COUNTY, TEXAS, PROVIDING FOR THE MANNER IN WHICH SUCH RATES AND CHARGES MAY BE CHANGED AND AMENDED AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HERMLEIGH:

SECTION 1. Effective with the first gas bills rendered after the date of passage and approval of this ordinance the rates and charges for sales of natural gas and natural gas service rendered to residential and commercial consumers within the city limits of Hermleigh by Lone Star Gas Company, a Texas corporation, its successors and assigns, are hereby fixed and determined to be as follows:

Minimum Monthly Bill $1.53
First 1 m.c.f. at $1.70 per m.c.f. gross; $1.53 per m.c.f. net
Next 1 m.c.f. at $1.422 per m.c.f. gross; $1.28 per m.c.f. net
Next 3 m.c.f. at .967 per m.c.f. gross; .76 per mcf net.
Next 30 m.c.f. at .589 per m.c.f. gross; .53 per m.c.f. net
All Over 35 mcf at .533 per m.c.f. gross; .48 per m.c.f. net

Net rate shall apply to all bills paid within ten days from monthly billing date.

Except with respect to rates, all charges for natural gas service now in effect shall remain in effect unchanged.

The above rates and charges are applicable to each residential and commercial consumer per month or for any part of a month for which gas is used at the same location.

SECTION 2. The rates and charges set forth in Section 1 may be changed and amended by either the City or the company furnishing gas in the manner provided by law.

SECTION 3. The fact that there is an imperative public need for an immediate change and adjustment in the rates and charges for gas and gas service furnished to residential and commercial consumers creates an emergency and the reading and passage of this ordinance at three separate meetings is hereby suspended and this ordinance shall take effect and be in full force from and after the date of its passage at a single meeting and the approval thereof by the mayor.

PASSED AND APPROVED on this the 19th day of November, A.D. 1952.

Bobby Mason
City Secretary

A. D. Higginbotham, Mayor
City of Hermleigh, Texas

STATE OF TEXAS
COUNTY OF SCURRY

I, Bobbye Mason, Secretary of the City of Hermleigh, Scurry County, Texas hereby certify that the above and foregoing is a true and correct copy of an ordinance passed and approved by the City Council of the City of Hermleigh at a regular session held on the 19t dhay of November, 1952, as it appears of record in the Minutes of said Council, in Book 1, page 21.

WITNESS MY HAND AND SEAL OF SAID CITY, this the 19th day of November, A.D. 1952.

Bobbye Mason
City Secretary
City of Hermleigh, Texas

Sealed proposals addressed to the Hon. Edgar Taylor, County Judge, Scurry County, Snyder, Texas, for the construction of an agricultural Exhibit Building and a Swimming Pool in accordance with Plans and Specifications prepared by the Butler - Brasher Company, Architects - Engineers, 412 Avenue M, Lubbock, Texas, will be received at the office of the County Judge, Snyder, Texas, until 2 p.m., December 8, 1952, where they will be publicly opened and read aloud. Any bid received after the closing time will be returned unopened.

A Cashier's check, certified check or acceptable bidders's bond, payable to the Owner, in an amount not less than five percent (5) of the largest possible total for the bid submitted, must accompany each bid.

Attention is called to the fact that there must be paid on this project not less than the general prevailing rates of wages which have been established by the labor trades council for this area, and which are listed in the Specifications.

In case of ambiguity or lack of clearness in stating prices in the proposal, the Owner reserves the right to adopt prices written in work, or to reject the proposal.

The owner reserves the right to reject any or all bids and to waive all formalities.

Plans and Specifications may be examined without charge in the office of the Architects, and may be procured from the Butler - Brasher Company, 412 Avenue M, Lubbock, Texas, upon a deposit of $50.00 as a guarantee of the safe return of the Plans and Specifications. The full amount of this desposit will be returned to each bidder immediately upon return of the Plans and Specifications in good condition. No refund on Contract documents and plans returned later than ten days after the award of the contract will be obligatory. Additional sets of Plans and Specifications may be procured from the above upon a deposit of $50.00, each as a guarantee of their safe return within 10 days from the date of opening of bids, in which event, $25.00 (amount of deposit less actual cost of reproduction) of the deposit will be returned.

No bid may be withdrawn, after the scheduled closing time for receipt of bids, for at least thirty(30) days.

Mickey Mouse Celebrates 25th Anniversary In 1953

By BOB THOMAS

HOLLYWOOD (AP) — It's hard to believe, but the mighty Mickey Mouse will reach his quarter-century mark next year.

Back in 1928, the show world witnessed the opening of a miniature epic called "Steamboat Willie." The star was an eager little fellow named Mickey Mouse. Few realized that this mouse would labor and bring forth a multimillion-dollar industry.

Then as now, Mickey's guide, friend and voice was Walt Disney. The film wizard has a myriad of projects to help celebrate his brainchild's 25th anniversary. One of these is titled "Mickey's Birthday Party." It will be a 45-minute film in which the celebrated rodent will review some of his past hits.

There are many other impressive items on the Disney agenda. Walt himself seemed a little overwhelmed by them as we chatted over lunch.

"We're working on pictures that won't be released until 1956," he remarked. "It amazes even me sometimes. Right now I'd just like to take a long vacation. But I can't do it. I've got 700 or 800 people working for me. I can't ever shut down."

Despite his protests about the work, he showed his obvious delight in his projects as he talked about them. One of his favorite subjects is the true life adventure series, which has depicted the lives of the seals, beavers, elk and other wild life.

"We were just feeling our way along at first," he admitted. "But now we've hit our stride and we know how to film them and put them together. I plan to put some of them out at feature length. The first will be "The Living Desert", a picture about the great American desert.

"There are no limits to the subjects we can find in nature, as long as we do not limit our imagination in dealing with them."

The Disney program shapes up tentatively like this:

1953—"Peter Pan," all-cartoon feature; "Bear Country," a true life short feature; "Mickey's Birthday Party"; "The Living Desert"; "Ben and Me," the longest (20 minutes) short cartoon Disney has made a $300,000 gamble; "The Sword and the Rose," live film made in England.

1954—"The Prairie Story," a feature-length study of the American prairie; "The Lady and the Tramp," cartoon feature; "Rob Roy," another English-made live actioner.

1955—"Sleeping Beauty," cartoon feature; 20,000 Leagues Under the Sea," the Jules Verne adventure yarn.

1956—"Hiawatha," cartoon feature.

Gene Knight, a student at Tarleton State College in Stephenville, is home for the Thanksgiving holidays and is visiting his parents, Mr. and Mrs. T. B. Knight, route No. 3.

Helps For Homemakers

Send your questions to "Helps for Homemakers" Snyder Daily News or call 3-8486.

Last year I heard a suggestion to crack nuts in the pressure cooker. Do you have any information about this? Mrs. L. O.

Yes, you can crack nuts in the cooker by this method; place uncracked nuts on rack with ½ cup water in 4-quart cooker. Exhaust air. Pressure cook 6 minutes. Cool cooker at once. Crack nuts immediately. One tap of the hammer and the meat should come out whole. You may have to place the nut meats in a low oven to dry.

* * *

A special party cookie for the holiday file is this surprise cookie, called Candied Dream.

1 cup sifted enriched flour
1-3 cup confectioners' sugar
½ teaspoon salt
½ teaspoon grated orange rind
½ cup soft butter or margarine
¼ cup milk
¾ cup rolled oats (quick or old fashioned, uncooked)
1 cup chopped pecans
42 candied cherries

Sift together flour, sugar, salt. Add orange rind. Mix in butter and milk. Add rolled oats and pecans mixing until well combined. Form a small piece of dough (about 1 teaspoonful) with your fingers to a flat round. Place one candied cherry on the dough and cover cherry by pinching dough together around it. Smooth the cherry cookie with fingers and place on lightly greased baking sheets. Bake in moderate oven 10 to 12 minutes. Dip into thin confectioners' sugar frosting if desired; drain.

HANDLING ARIGHT THE WORD OF TRUTH

Since the Bible is the very word of God, it is of the utmost importance that every person have a general and correct knowledge of its contents.

Every one should "give diligence" to present himself "approved unto God, a workman that needeth not to be ashamed, handling aright the word of truth." 2 Tim. 2:15. More and more we come face to face with religions that know not God and Christ. Too, there is an increasing number of religious sects claiming to be Christian but which differ widely from the church Jesus established.

The only way to correct error is to earn God's word and obey it! Every competent teacher of the Bible recognized that the first great essential in understanding the Bible is to be familiar with its different divisions. True, it is all the word of God but different portions are addressed to different people.

Following is an elementary sketch of the natural divisions of God's book — the Bible. As you open the Book, you find two great general divisions—the Old Testament and the New Testament. The Old Testament (with the exception of Genesis) was given to the nation of Israel. It naturally divides itself into four parts: (1) Law — the first five books; (2) History—the next twelve books; (3) Devotional — the next five books; and (4) the seventeen books of Prophecy.

The New Testament is God's covenant with all people of the earth. It naturally divides itself into four divisions: (1) Biography of Christ — the first four books. They present evidence for us to believe that Jesus is the Christ, John 20:30,-31; (2) Early history of the church — Acts of the Apostles. This book gives examples of how people became Christians, Acts 2:38; 18:8, (3) Epistles—the next twenty-one books, give instruction in living a godly life, Heb. 12:14-17; and (4) Revelation — the last book of the Bible, records the visions given to the apostle John to assure Christians that Truth and Righteousness shall triumph over error and ungodliness.

For further information, attend and inquire at the Church of Christ in your community.

TODAY'S WOMEN

Girls Wanting To Get On Should Go With Railroads

By DOROTHY ROE
AP Women's Editor

Note to girl career-seekers: Want to be a pioneer and see the world? Then go into the railroad business, young woman.

This seems like a good time for girls to make good in the traditionally male stronghold, because the first and toughest barriers already have been broken by an intrepid and distinguished group of women who now hold down such jobs as vice president, assistant to the president, passenger traffic manager and such on many of the nations top rail companies.

I recently returned from the annual convention of the newly named American Council of Railroad Women at White Sulphur Springs, W.Va., where I collected some new conceptions of the opportunities for women in this field.

The railroads, you see, are engaged in a valiant fight against the encroaching competition of airlines, buses and private automobiles for the travelers dollar—and they have realized that they're going to have to use women to win. The members of the American council are the real pioneers in the business. They faced shocked incredulity from male co-workers when they first got their railroad jobs.

Theres Miss Olive W. Dennis of Baltimore, for instance, who was one of the country's first women engineers and who has piled up a distinguished record with the Baltimore and Ohio.

There's Mrs. Edith J. Alden of Chicago, new president of the council, who occupies the executive job of secretary and assistant treasurer of the Chicago, Burlington and Quincy Railroad Company and who has spent most of her adult life in railroading.

The Burlington also has Miss Velma McPeek of Chicago as supervisor of passenger train service.

Among the younger group of bright young women is Miss Mary E. Buchanan of Los Angeles, who started out in a public relations job for Union Pacific and now has been advanced to a sort of ambassador-at-large for the line traveling all over the country and drumming up trade and prestige.

Mrs. Ann Stevenson of Washington, D.C., holds the title of assistant to the vice president for the Chesapeake and Ohio. She gets around on every train on the line, smartening up decor and service.

These are just a few of the women who have made names for themselves in a business once considered exclusively a male province.

There are going to be more of them every year, because the railways have discovered that it takes a woman to sell a woman.

NEWS FROM FLUVANNA

By MRS. W. F. MATHIS

Mr. and Mrs. James Aaron and son have moved to their ranch near Ft. Sumner, N.M.

Mrs. Herschel McIntyre and son of Abilene visited her parents, Mr. and Mrs. B. B. Forehand, last week.

Mrs. Jessie Sims was in Lamesa Friday night visiting Mr. and Mrs. M. E. Boren.

Pvt. and Mrs. Ralph Miller of Fort Bliss spent the week end with his parents, Mr. and Mrs. Clyde Miller.

Mrs. Horace Carmichael underwent a tonsillectomy at the Battenfield Hospital. LaJuana and Ronald Dowden went to Lubbock Tuesday where they underwent tonsillectomies.

Those returning from deer hunts are Leo Beaver, Joe Landrum, Pat Jones and Wallace Jones. Mr. and Mrs. E. C. Browning have also been hunting.

Mr. and Mrs. R. B. Wills, Jr., of Lubbock spent Saturday night with his parents, Mr. and Mrs. R. B. Wills, Sr. They were en route home after attending a ball game in Midland.

Mrs. O. S. Wills is visiting her daughter, Mrs. Dud Arnett, and Mr. Arnett of Vincent.

Dr. and Mrs. N. C. Letcher of near Snyder spent Sunday with his sister, Mrs. Jessie Sims.

Mr. and Mrs. C. D. Burrow and family and the Rev. and Mrs. Wayland Dowden and children attended church and quarterly conference of the Methodist Church at Gail Sunday. The Gail women served dinner in the school cafeteria.

Mr. and Mrs. Dowden attended district conference in Midland Tuesday.

Cpl. and Mrs. Sam Hunnicutt of Carswell Air Base spent the week end with their parents. They took her father, Jim Norton, to Lubbock Saturday to consult a doctor.

Fluvanna residents are working on a project of improving the cemetery. Their plans include a fence around the grounds and an electric pump to replace the windmill.

NEWS FROM UNION

By Mrs. J. B. ADAMS

The Women's Society of Christain Service met Monday afternoon with Mrs. Howard Hogue for a social. Those attending were Mrs. R. J. Rosson, Mrs. M. J. Bearden, Mrs. P. A. Mebane, Mrs. C. A. Ramsey, Mrs Thane Mebane, Mrs. Janie Light, Mrs. Roselyn Lindsey, Mrs. Newel Mebane, Mrs. Murry Jackson, Mrs. W. E. Bentley, Mrs. Charles Jeffrey, Mrs. Lee Roy Baker, Mrs. S. A. Taylor and Mrs. Howard Hogue.

The Rev. Lee Roy Baker held a stewardship revival at the Gail Methodist Church this week.

Mr. and Mrs. C. L. Cannon of Dollarhide, Tex., visited over the week end with Mr. and Mrs. David Campbell.

Mr. and Mrs. Howard Hogue Bata McPherson, John Hardaway and Joe and Jack Chasteen attended the sub-district Methodist Youth Fellowship meeting at Westbrook Monday night.

Sunday visitors with Mrs. J. B. Adams were H. W. Adams of McCamey, Mr. and Mrs. E. M. Bales and children of Lamesa, Mr. and Mrs. Virgil Jones and children and Mr. and Mrs. Don Adams.

Mr. and Mrs. Manning Davis and family, northwest of town, are visiting in New Orleans and Hammond, La., with her brother. They plan to return Monday.

Wainwright To Testify At Treason Trial Of Corregidor Soldier

NEW YORK (AP)—Counsel for John D. Provoo says the ex-soldier's commander on Corregidor, Gen. Jonathan M. Wainwright, will appear as a witness for the defense.

A lawyer for Provoo, on trial for treason, said yesterday the retired general "would like to testify during the week of Dec. 8." He resides at San Antonio, Tex.

Wainwright and Provoo, a former sergeant, were captured by the Japanese in the fall of Corregidor in 1942.

Provoo, who could pay with his life if convicted, is accused of going over to the enemy and informing against his fellow Americans.

The Federal Court trial, recessed today, resumes tomorrow.

PERSONALS

Mr. and Mrs. Bill Davidson and daughter, Billie Carol, are spending Thanksgiving and the week end in Canyon, Tex., with Mr. and Mrs. Jiggs Falls.

Mr. and Mrs. J. W. Clawson, 3782 Dalton Drive, are guests in Fort Worth of his sisters, Mrs. Porter Walters and Mrs. E. Vautrin. They will return tomorrow.

A holiday and week-end guest in the home of Mr. and Mrs. O. S. Clark, 2400 Avenue M, is her mother, Mrs. W. M. Laxson, of Garden City, Tex.

Tigers End Season Without Win In District Grid Play

A final try at a district win became futile yesterday afternoon as the Snyder Tigers fell to the Plainview Bulldogs and dropped to the cellar spot in District 1-AAA..

Plainview, which had not won a game this season, broke loose from three ties during the game to emerge the victor 28-20. In contrast to some other district games the Tigers played this season, their opponents did not have an easy row to hoe yesterday.

The Bulldogs began the game looking as if they would have an easy time. They received the Tiger kickoff on their own 10 and returned it to the 21, then they took four jabs through the Tiger line on handoffs from quarterback to halfback to move 42 yards. On the fifth play of the game, Bulldog Halfback Claude Burton took a handoff from Quarter Lonnie Holland and loped 37 yards for a score before two minutes of the tilt had elapsed. Point kick by End Lester Ramsey failed.

The Tigers showed right away that they were not going to hand the game to Plainview on a silver platter. Halfback Dan Burns picked up the Bulldog kickoff on the Tiger 10 and sped 90 yards down the right sideline behind perfect Tiger blocking for a Snyder score. Guard Royce Pierce's kick was blocked, and the two teams were tied up before most of the crowd of about 1,500 persons had settled in their seats.

The Bulldogs held the ball only four downs, then punted out to the Snyder 30, from where the Tigers began another drive to score. Fullback Jackie Grimmett carried the ball five times, one of them for 27 yards in the best piece of broken field running performed by a Tiger this season, and sub-Quarterback Alan Snead carried twice, the last time for 14 yards and a touchdown.

The two moved the ball 70 yards in their seven runs. A kick by Guard Steven Blair was good, and the Tigers led 13-6 until the end of the first period.

After Plainview had traveled to the Tiger 27 midway in the second quarter, the ball went over to the Tigers. Snead fumbled on the 26, and Bulldog Guard Bill Cartwright recovered. The Plainview team steamed to the Tiger three in four downs, then took another four to cross the goal stripe, with Holland finally bucking across from the one. Ramseys kick was good this time, and the two were tied up again 13-13, which was the halftime tally.

Punting out on the fourth down of the second half after taking a kickoff and suffering a net loss of five yards, the Tigers sent the ball into the hands of the Bulldogs on the Snyder 46. The Plainview eleven started their drive with a 12 yard run by Halfback Ben Smith, used their limit of downs to make two more firsts. then on a fourth down gamble, Holland passed to Ramsey for 12 yards to put the Bulldogs out in front again. Ramsey's kick was good.

The Tigers appeared to be on their way to another score when they took the Bulldog kickoff. A 22-yard pass from Hagin to End Reagan White was ruled complete when Plainview End Eddie Nicholson piled on White too soon, and the Tigers gained to the Plainview 15. Grabbing a handoff there, Grimmett fumbled and Bulldog Guard Paul Emmett recovered Attempting to get out of the danger area, Holland passed to End Rex Jordan, but it bounced out of Jordan's hands and into the hands of Snead, who galloped 22 yards for a Snyder tally. Blair's kick was good, and the tilt was tied up for the third time, 20-20.

Taking a Plainview punt on their own 13, the Tigers moved eight yards before Halfback Gerald Crawford fumbled and Nicholson again recovered. The Bulldogs tried one play into the line, then Holland tossed to Ramsey for 21 yards to put the Bulldogs on the Tiger one. Holland plowed into the middle for the score as the first minute of the final quarter ticked off. Ramsey's point try failed.

During the remainder of the game, Plainview held the ball twice and the Tigers had it three times. The Tigers' first attempt failed, and they punted out. Plainview almost made a first down, but the Tigers had another chance but only made three yards. Plainview took over on their own 42, drove to the Tiger one, then they lost five yards when Pierce nabbed Holland before he could move the ball. The Bulldogs tried two passes from the Tiger six and failed to complete one before the Tigers took over.

Hagin tried one pass from the six as time narrowed to 20 seconds, then he faded back for another, and Ramsey caught him in the end zone for a Bulldog safety. The Tigers had just kicked from the 20 yard line when the game ended.

Grimmett, Guard Buster Moss, and Tackle Curtis Tate contributed the most to defensive play for the Tigers, all stopping several drives that could have turned into extra score for Plainview.

Grimmett led the Tiger ground gain with 68 yards, while Snead had 51 yards, and Burns, the leader for the season, netted 18 in addition to his 90-yard kickoff return. Smith took the lead for Plainview with 92 yards, followed by Burton with 74.

Only two passes out of seven were completed by the Tigers, one from Hagin to White for 22 yards and one from Snead to End Ned Underwood for eight yards. The Bulldogs completed four, all thrown by Holland. Two were caught by Ramsey for 32 yards, one by End Bobby Bryant for 15, and one by Jordan for 11.

The loss made the Tigers' season record 3-7, with other losses to Big Spring, Sweetwater, Lamesa, Vernon, Levelland, and Northside of Fort Worth. They downed Bowie and Thomas Jefferson, both Class AAAA schools from El Paso, and Cisco. The game ended their first season in District 1-AAA. They were boosted to the loop from District 5-AA.

OPEN SEASON

By DALE WALTON

Perhaps this season of high school football has been disappointing to many Snyder fans, but since it is finished here it might be well to look with optimism toward the 1953 season.

The Snyder Tigers are losing less players this year than is any team in District 1-AAA. Of course the losses will hurt bad, but a sizeable group of good looking footballers will still be around next season.

Finishing at the bottom of this district isn't so bad when you think it over. After all, that's what everyone expected of the Snyder team, since it only moved into the district this year and had a very poor record from last season.

We'll still have seven of the most used offensive starters on the squad next year, as well as quite a few others who have put just as much time in the game. We will also have the four freshmen who will then be sophomores and who have already proved themselves as football players. They are already capable backfield players.

Lamesa, Sweetwater, and Vernon will lose practically all those who have shown any outstanding play this year. That does not mean they will not have anything in the way of a football team next year, but it does mean that the Tigers will have a better chance against those three, who led our district throughout this season.

The young gridders here are trying harder, and we believe much of that will to win can be attributed to the backing they have enjoyed from the fans in Snyder. We hope that backing will continue, beginning now. We'll see the same players on the basketball court and on the cinder, and both sports are important to the players.

* * *

A chance to see a great ball game and help the underprivileged children of Snyder will come in one package tonight. The Kiwanis Club is presenting its annual Negro benefit football game. For only $1, you can see two teams well matched, one of them familiar after its two years of play in the event.

* * *

The Kiwanis game will not be the last good football we can see in Snyder this season. Next Friday night, Hermleigh, the champ of District 5-B, will meet Sanderson, leader of 6-B, in the Tiger Stadium in a battle for the bi-district title. Tickets are already on sale in the office of the county superintendent in the courthouse.

Close Finishes In Pro Grid League Races

NEW YORK (AP)—Thanks to the Detroit Lions the National Football League has an undisputed leader today.

The Lions upended Green Bay 48-24 in a Thanksgiving Day game yesterday to give them sole possession of the national conference's No. 1 spot. But they'll occupy that lofty perch alone for only a couple of games.

The San Francisco 49ers and the Los Angeles Rams, each only a half game behind Detroit, tangle in the former city Sunday and the winner will climb back into a tie with the Lions.

The existing three-way tie between Cleveland, New York and Philadelphia in the American conference can also be broken this weekend when the Browns tangle with the Washington Redskins, the Giants take on the Pittsburgh Steelers and the Eagles engage the Chicago Cardinals.

Quarterback Bobby Layne tossed three touchdown passes as the Lions iced the game with 17 points against the Packers in the final period. Layne completed 16 of 30 aerials for 249 yards and ran the ball 13 times for 63 yards.

Notre Dame Is Out To Wreck Southern Cal

SOUTH BEND, Ind., Nov. 28 (AP)—Notre Dame's fearless wrecking crew will try to slay Southern California's defensive football giant tomorrow and end the season as the nation's No. 1 spoiler.

Upset fever is climbing in this gridiron empire like it did three weeks ago when the Fighting Irish toppled Oklahoma, 27-21, in a nationally televised game that still has the country talking.

Tomorrow's contest, starting at 2 p. m. EST, will be viewed by a national TV audience following the Army-Navy game in Philadelphia that begins one half hour earlier. Officials of NBC, the outlet, estimate that about 35 minutes of the game will be shown in the bobtailed double-feature.

Oklahoma was one of three conference champions this season that were blasted from the undefeated ranks by the inspired underdog Irish.

Texas and Purdue also fell as Notre Dame fashioned its current record of six victories, two losses, (to Michigan State and Pittsburgh) and one tie, with Penn, the Ivy League titlist. Other Notre Dame victims were North Carolina, Navy and Iowa last week, 27-0.

Unbeaten Southern California, the Pacific Coast Conference's Rose Bowl hope against the Big Ten's Wisconsin on Jan. 1, has a nine game winning string. The Trojans, ranked No. 2 nationally to No. 7 for the Irish, haven't lost since Notre Dame spilled them, 19-12, in the 1951 finale.

By defeating Notre Dame, the men of Troy can register their first unbeaten-untied season since 1932, when they shout out the Irish, 13-0, in stride. They are a touchdown favorite.

Tomorrow's clash is the 24th in a bitterly-fought series between the two schools. It marks the first appearance of the Trojans at Notre Dame since 1949 when the Irish smashed to a 32-0 triumph, biggest victory margin of the entire rivalry.

Notre Dame has won 14 games and tied two. Of the 23 played, six have been decided by three points or less and 18 by two touchdowns or less.

Wintry winds have hampered Notre Dame practices this week. The weatherman predicts possible snow for tomorrow night after a day of sub-freezing temperature.

Hard Fought Game Promised At Kiwanis Benefit Negro Tilt

A large crowd is expected to be out at 8 o'clock tonight to see the Douglass High School Lions and Blackshear High School Steers meet in the Tiger Stadium for the third annual Kiwanis benefit Negro football game.

The two teams appear to be well-matched for the tilt. The Douglass squad, coming here from Lawton, Okla., for the third time to play in the Kiwanis game, lost only one game this year. It had been boosted to Class AA last year after it had won three successive district championships in Class A.

The Blackshear squad, from Odessa, was runner up in the Colored District 2-AA this season. They won five and lost three during the season.

The game is sponsored each year by the Kiwanis Club to raise money for the club's underpriviledged children Christmas fund, which will be used to buy gifts for the underpriviledged in Snyder this year. Tickets are on sale on the courthouse square today for $1 each, and they will be on sale at the gates tonight.

The two schools' delegations were to have arrived early this afternoon and paraded around the square, with teams in uniform, band, and pep squads at 3 o'clock. The band, which came here from Lawton, and the Lawton pep squad will present halftime entertainment at the game.

The Douglass team outweighs that of Odessa by a wide margin. The Lawton line averages 181, and the Odessa line averages 169. Lawton has a team average of 179, compared to 157 for Blackshear.

The Blackshear team defeated Hobbs, N.M., 14-0, San Angelo 19-12, Plainview 46-19, Lamesa 39-0, and Hobbs in a second game 33-6. They lost to Lubbock 19-7, Midland 32-6, and Amarillo 18-13.

Robert Twiggs, the 205 pound fullback who starred for the Lawton team here last year, will return for tonight's game. This season, Twiggs scored on every team Douglass played.

Lawton has a 2-0 record in benefit games played in Snyedr. In 1950 the Douglass eleven came out on top over the Woodson Black Eagles of Abilene 21-7 before about 2,700 persons. Lawton earned 11 first downs to Abilene's one. Last year, about 3,000 persons saw the Lawton squad slaughter the Carver Hornets of Midland 34-6, with Lawton scoring on a pass interception the first minute of play.

H. C. King coaches the Douglass squad, and Virgil Hendley is head of the Blackshear group.

Lamesa Will Play Breck In Bi-district

The Lamesa Tornadoes won the right to represent District 1-AAA against Breckenridge, the District 2-AAA champ, in a bi-district game when the team downed Vernon 13-6 yesterday.

The Lamesa win threw Vernon and Lamesa into a tie for district championship, but Lamesa won the right to play in the bi-district game in its win over Vernon.

Lamesa's only loss to a district team was to Sweetwater. The eleven lost to Midland in pre-district play. Breckenridge was undefeated in district play, downing Brownwood 34-6 yesterday.

Sweetwater was put out of the running in the district yesterday when the Big Spring Steers upset the Mustangs 42-33, and the two teams tied for second place in the district.

Lamesa and Breckenridge officials were to meet this week end to decide the site of the bi-district tilt. The Abilene Chamber of Commerce said it would invite the two teams to Abilene for the game.

Breckenridge officials applied for admission to District 1-AAA for 1953-54 after their own district voted them out because of a fall of attendance. District representatives may decide on the application in a meeting at the bi-district game.

Second Place Race In SW

By The Associated Press

The Southwest Conference football race comes to a dull close tomorrow with only second place at stake and Southern Methodist favorite to win it.

Texas, the champion, wound up the season yesterday with a 32-12 victory over traditional rival Texas A&M. The Longhorns didn't lose a conference game.

Southern Methodist and Texas Christian battle at Dallas while Rice, which can take second place if SMU doesn't, plays Baylor at Waco.

It'll all be over for everybody except Texas after tomorrow. Texas plays Tennessee in the Cotton Bowl, Jan. 1. No other member of the conference got into a bowl game this time.

A crowd of 35,000 is expected to watch SMU try to win over TCU for the first time in seven years. The Methodists are six-point favorites.

Rice and Baylor expect to draw about 16,000 for the finale at Waco. If Rice beats Baylor and SMU loses to TCU, Rice will be second.

Dick Ochoa, Texas fullback, won the ballcarrying championship when he made 97 yards against A&M. He finished with a total of 819 yards. Gib Dawson of Texas is second with 649 and Billy Quinn of Texas is third with 627. Kosse Johnson of Rice, with 496, would have to have a big day indeed against Baylor to even beat out Quinn for third place.

Jones leads the passers with 1,020 yards and unless Ray McKown of Texas Christian gets 138 yards against Southern Methodist is the champion in that department.

The low-priced FORD F-6 carries up to

800 lbs. MORE PAYLOAD

than other leading 2-tonners!

It's the only 2-tonner with Double Channel frame and Gyro-Grip clutch! And this Ford F-6 gives you roll-action steering, choice of three wheelbases, choice of two cabs!

Only choice of V-8 or Six in the 2-ton field!

New power in two great engines! Your choice of famous 239 cu. in. Truck V-8, now upped to 106 h.p., or the BIG SIX, now 112 h.p.

3 out of 4 Ford F-6's had running costs for gas, oil and service (but not including fixed expenses, such as taxes, depreciation, licenses, etc.) of less than 4¢ a mile. See PROOF in the Economy Run book at your Ford Dealer's!

Up to 800 lbs. less dead weight than other 2-tonners. You can load up to that much more payload, within G.V.W. of 16,000 lbs.!

Availability of equipment, accessories and trim as illustrated is dependent on material supply conditions.

The low-priced FORD F-5

OUTSELLS ALL OTHER 1½ TONNERS

The Ford F-5 offers the 5-STAR Cab or, at added cost, 5-STAR EXTRA (shown).

Only 1½-ton truck offering choice of high torque 106-h.p. V-8 or all-new LOW-FRICTION 101-h.p. Cost Clipper Six! Saves up to one gallon in seven!

The Economy Run proved that 3 out of 4 Ford F-5's run for less than 3⅔¢ a mile (gas, oil and service costs, but not including fixed expenses, such as taxes, depreciation, licenses, etc.)!

G.V.W. 14,000 lbs.—payload capacity goes over 8,600 lbs.! Choice of three wheelbase lengths!

CASH IN ON THE A-1 USED TRUCK VALUES

Building Fund Day At Church

Sunday has been designated as "building fund day" for the Avenue D Baptist Church, Mrs. Floyd Strickland, wife of the pastor, said yesterday. Offerings in both morning and evening services and the Sunday school offering will go to the building fund, she said.

The church is engaging in a special effort to raise funds for completion of the first unit in its planned three - unit plant next spring. The foundation has been finished for the first unit which will be a two-story education building and will be used also as a temporary auditorium while the other two buildings are being constructed.

Doubling of Sunday school attendance during the last year has made rapid completion of at least the first unit necessary. Last month, the average of Sunday school attendance was 110, and 120 were present Nov. 16. Two classes are meeting in residences of members near the church, and three other classes are large enough to necessitate dividing in the near future, Mrs. Strickland said.

$51,000 Budget To Be Presented To Members

The 1953 church budget will be presented for approval Sunday to the members of the First Baptist Church, according to the Rev. E. K. Shepherd, pastor.

The budget of $51,000 is the largest in the history of the church, Shepherd stated.

The Sermon topic for the 11 o'clock service that morning will be "Filling Our Own Places," he said.

Thanksgiving Service At Methodist Church

The Methodist Church held its Thanksgiving program Sunday with a timely sermon, "Our Thanksgiving Heritage", being delivered by the Rev. W. W. Adcock, pastor.

The choir, under the direction of Tim Dennis and with Wayne Pitner at the organ rendered a special selection, " My God and I". Misses Betty and Pam Sanderson were soloists for the number.

Taylor To Conference

The Rev. Clifford Taylor of the First Christian Church will attend the State Planning Conference at Camp Carter Monday through Friday.

Taylor is president of district No. 4 of Christian churches and is attending the conference in that capacity.

Special Services At First Baptist Church To Be Held Next Week

The Lottie Moon Christmas offering for a Foreign Nation which is a prayer for a foreign mission will be held next week at the First Baptist Church.

Monday, Tuesday and Thursday afternoons the services will begin at 3 o'clock, according to the Rev. E. K. Shepherd, pastor. Wednesday evening prayer services will be held at the regular time, he said.

Friday morning the special prayer services will begin at 10:30 o'clock. Luncheon will be served at the church at 12 o'clock and services will resume at 1 o'clock.

Bible School Dean Speaker At Church Here

Dr. R. C. Snodgrass, dean of the Brite School of Bible at Texas Christian University was speaker at the Men's Fellowship of the First Christian Church last week.

Dr. Snodgrass is a former president of the International Convention of the Disciples of Christ. His talk was centered around "All that you own belongs to God."

Five New Members At Calvary Baptist Church During Revival Here

The Calvary Baptist Church closed its revival Sunday with the speaking of the Rev. J. C. Brown, pastor of the Grace Baptist Church in Oklahoma.

Five persons became members of the church during the revival, according to the Rev. T. Gerald Cates, pastor. He announced the study for the adult Bible class at 10 o'clock Sunday morning would be chapter 18 of Revelations.

Church Youths Will Attend Angelo Meet

Five boys from the First Christian Church are attending a District Youth Planning Conference at San Angelo today and tomorrow.

Attending are Kenneth Lawrence who is district youth fellowship president, Fred Williams, Herbert Portis, Harold Grant, Jr., and Bob Harlin.

Stewardship Revival Set

A four - day stewardship revival will be held at the First Methodist Church starting Sunday night at 7:30 o'clock with the Rev. W.W. Adcock, pastor, speaking on "The Stewardship of Life."

The Rev. Herschel Thurston of Colorado City will speak Monday night on "The Stewardship of Talents," followed Tuesday night by the Rev. Jordan Grooms of Lamesa who will talk on "The Stewardship of Time". Jack Goddard of Midland, a layman, will close the services Wednesday night with the "The Stewardship of Possessions."

Special music for the services will be furnished by the choir under the direction of Tim Dennis

Mr. Adcock was the speaker for stewardship revivals at Midland on Monday night and Lamesa Tuesday night.

Church Of Christ Subject

"By Their Fruit Ye Shall Know Them," is the sermon topic for both assemblies at the Church of Christ at 8:45 and 10:50 o'clock, according to Ted Norton, minister.

"Receiving the Message of Christ" is the sermon topic for Sunday evening service at 7 o'clock, Norton said. Bible classes will meet at 10 o'clock that morning, he stated.

Auxiliary To Meet On Monday Afternoon

The Young Women's Auxiliary of the First Baptist Church will meet at the home of Miss Rose Marie Roe at 3107 Avenue U Monday afternoon at 5:30 o'clock.

The auxiliary wil meet for study and a turkey dinner.

Couples Class Supper

A covered dish supper was held Monday night for members of the couples class of the First Presbyterian Church.

About 30 persons were present. Mrs. W. A. Smallwood, Mrs. Layne Roddy and Mrs. C. W. Myer were hostesses.

Christian Group Meet

The First Christian Church functional department will meet Wednesday evening at 8 o'clock to plan the programs for the church, according to Clifford Taylor, pastor.

Adcock Selects Topic

"Finding Security in Insecure Times" will be the sermon topic discussed by the Rev. W. W. Adcock at the First Methodist Church Sunday morning at the 9 and 10:55 o'clock services.

Boy Discovered On Outside Of Train

ITHACA, N. Y. (AP)—Twelve-year-old Philip Quick was back home today, none the worse for his jaunt on the outside of a speeding Lehigh Valley Railroad train.

A chef on the train heard a pounding on the side of his dining car last night, shortly after the train had left here for Geneva, 35 miles north of this city in Central New York.

He pulled young Quick to safety from the lad's perch on a ladder on the side of the car. The railroad returned the boy home on the next train — on the inside.

"CHARITY" ON CANVAS

A widow and her three hungry children huddling forlornly against the marble column of a church! That's the way one artist portrayed "Charity."

How shall we interpret this tragic scene? Is it symbolic of the downtrodden's faith in the generosity of Christians everywhere? Or is it a bitter study of men's failure to express their religion in acts of love.

The ragged children, asleep after a long and fruitless wait, seem to imply the latter!

Nevertheless, this painting is a bold challenge to Christian stewardship. For the blessed work of the Church, in charity and in the spread of its Gospel, is either limited or expanded by our own outreach of love.

Next Sunday will be Stewardship Sunday in many churches. The physical and spiritual welfare of millions will be at stake when you set your personal goal in weekly giving to the Church.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
