OFFICIAL CITY PAPER OF PERRYTON, TEXAS — OFFICIAL COUNTY PAPER OF OCHILTREE COUNTY

VOL. IV — PERRYTON, OCHILTREE COUNTY, TEXAS, FRIDAY, JULY 22, 1921 — NO. 24

TO ALL GRAIN DEALERS AND SHIPPERS

The following communication has been received by Judge Correll from the West Texas Chamber of Commerce relating to helping relieve the existing car shortage:

Stamford, Texas,
July 15, 1921.

Approximately two thousand grain cars now being held up in Galveston account failure consignees to surrender bills of lading or unload grain. Approximately two thousand additional cars are now rolling towards Galveston. This means serious congestion certain unless something is done immediately.

Mr. F. G. Pettibone, General Manager, Santa Fe Railway, suggests every shipper in Texas, who now has grain in cars on hand at Galveston or enroute, as far as is consistent, to do so, wire Mr. John Sealy, President Galveston Wharf Company, who owns two large elevators, or Rosenbaum Grain Company, Galveston to unload his car or cars of grain upon arrival at Galveston without waiting for the bills of lading, so as to avoid congestion at Galveston, and make available a supply of empty cars for grain producing sections of the state.

If you will do this you will render a real service to yourself and other shippers as well as to the railroads.

SOME FISH STORY

ONLY ONE VOTE CAST AGAINST CITY BOND ISSUE

In the bond elcetion held here last Saturday for the purpose of voting bonds for the construction of concrete street crossings and other street improvements, there was only one dissenting vote. This shows the progressive spirit of the voters of Perryton, but then as we have said before the best town in the Northern Panhandle does do things.

WEST TEXAS CHAMBER OF COMMERCE

Plans for the annual livestock campaign of the West Texas Chamber of Commerce Livestock Bureau have been completed and include an increase in the activities of the organization in that dairy cattle and poultry as well as hogs. J. W. Ridgeway, Chairman of the Committee, and formerly head of the Dairy Department at A & M College, C. C. French of the Ft. Worth Stockyards Company and a Poultry expert from A & M will handle these three departments in an extended tour thruout West Texas. Arrangements have been made whereby farmers can secure through their local communities, in co-operation with the West Texas Chamber of Comerce, hogs or dairy cattle in carloads lots at very low prices.

The purpose of the campaign is to encourage diversified farming in West Texas and to show the farmer not only the need of dairying but the profit there is in combining these three branches of farming.

Last year over thirty carloads of hogs were handled in this way for West Texas farmers and from the intrest that is being manifested in dairying, this year's campaign should greatly exceed all others in the increasing of livestock farming in West Texas.

CANADIAN GETS 1922 D-C-D HIGHWAY CONVENTION

Canadian was selected as the place for the 1922 convention of the D-C-D Highway Association at the convention held in Elk City on July 13-14. Attorney Walter Allen was Perryton's only representative present, he having been appointed by Governor Neff as one of the Texas delegates.

The date of this convention was first set for June 13-14 but had to be postponed on account of the excessive rains which made the roads impassable at that time. About two hundred delegates were in attendance. Mr. Allen reports that they were royally entertained by the people of Elk City.

One of the questioned decided on at this convention was that any change from the present route must be inspected by the officers of the association and then brough before the convention for approval.

D J. Young and W. A. Palmer of Canadian were re-elected President and Secretary-Manager.

T. M. COWAN IS TREASURER

A. P. Owen qualified for the office of county treasurer of Beaver County Wednesday, July 13, resigned, and T. M. Cowan was appointed to fill the place. Mr. Cowan has been a resident of Beaver county for a long time, being one of our pioneer school teachers. It has been our good fortune to have been associated with him in school work and the county treasurers office is fortunate to secure a man of Mr. Cowan's ability and integrity.

Mr. Cowan took charge of the office this, Thursday, morning with A. B. Miller and Cliff Drum installed as deputies. B. G. Brown will stay in the office for a little time while the new force gets the run of the work that has accumulated recently cleared up and gets broken in to the job.

In one of the best ball games of the season our home team defeated the Forgan, Oklahoma team on the latter's diamond, Sunday by a score of 3 to 2. The game was full of good plays and our boys report the Forgan American Legion team a bunch of good sports. Peters was on the mound for our team and he pitched a very effective game, Reagan catching. The feature playing of the game was the stick work of Chase, Holt and Allen, Jack getting a two-bagger in the seventh which scored two men.

Lipscomb will be here Sunday for a game and we all know that this will be a contest worth seeing. Lipscomb has one of the best teams in this section, they having had only one defeat to date this season.

DAINTY COMPANY DISHES

A dish of baked bananas to serve with broiled steak is a most appetizing dish and is prepared thus: Remove the peeling from a half dozen large bananas, scrape to remove all the coarse threads and lay in a well buttered glass baking dish. Grate the rind of an orange and one-half a lemon and add the juice of each with one-half cupful of sugar. Pour over the bananas, adding two tablespoonfuls of butter. Baste during the baking, about twenty minutes.

Pear Salad.—Take halves of peeled very ripe pears, or the canned variety may be used if drained. Sprinkle with a teaspoonful of lemon juice and fill the center with a ball of cream cheese. Place on lettuce leaves and cover with a dressing made with the pear juice, if canned fruit is used, or with a little pineapple juice, olive oil, catsup, lemon juice and paprika, with a dash of salt, and sugar if fresh fruit is used.

Peacherino.—Rub a cupful of fresh ripe peeled peaches through a sieve, add a cupful or less depending upon the sweetness of the fruit and the taste of the family. Beat the whites of three eggs until stiff, then fold in the peaches and cream. Pour into a well-buttered baking dish and bake in water until firm. Serve with whipped cream.

Vegetable Dish.—This is the season to cook young onions, carrots and peas together, adding a bit of browned salt pork cut in bits, a cupful of milk and seasonings, just as it is ready to serve. Cut the carrots and onions in thin slices.

Potato Souffle.—Boil and mash ten potatoes, press through a sieve, add two onions chopped fine, three slices of bacon, chopped, the yolks of four eggs well beaten; two tablespoonfuls of chopped parsley. Add a cupful of milk, mix and fold in the stiffly beaten whites. Bake in a buttered dish until puffed and brown. Serve at once.

THE MEN WHO SIGNED THE DECLARATION OF INDEPENDENCE HAD FAITH IN IT

It's success meant fame—its failure, death. But they had faith—they identified themselves with it—they signed. So with the manufacturer who trade-marks and advertises his goods. His trade-mark name is his signature to the pledge—"I back this article, its quality, its value, and its service to the public. I am responsible for it; the praise or blame belongs to me."

He has faith.

"Caveat Emptor!" said the Romans—"Let the buyer beware!"

"Buy by the trade-mark name!" we say today—"Let the buyer be wise!"

Today if a man makes a product that is good enough to be proud of, he trade-marks and advertises it, that all the world may know him as the author. This mark is his pledge of quality—of his responsibility—of his word of honor to you that he backs his product to the limit. And if a manufacturer does these things let the buyer be wise—let him look for the trade-mark name, and buy with his money a pledged commodity.

But if a manufacturer avoids, or neglects these things—if he makes and sells a product without mark, name, or sponsor—"Caveat Emptor!"

The Government specifies that silver ware must contain 925-1000 of the virgin metal before it can bear the mark "Sterling." This is for you protection.

But what of such products as tooth-brushes, hats, kitchen utensils, collars, electrical appliances and etc.? There are no Government specifications of quality there. What protection have you in buying these and the thousand other things you use in daily life?

You have the trade-mark of established reputation.

Remember that a manufacturer's advertised trade-mark name is, to an article of merchandise, what a signature is to a letter. It is a symbol with which he says—"I made this article and I'm proud of it."

An un-trade article is like an anonymous letter—it may be trustworthy, but who knows? If the manufacturer knows, his trade-mark isn't there to prove it. It is a pig in a poke—a doubtful quantity.

It is for all of us spend our money as we see fit. It is for the wisest of us to get the utmost of quality and value for our money—and in this category come the consistent purchasers of standard trade-marked goods.

An advertised trade-marked article has 100 per cent backing of the man who made it. If it is an established product, it is only such because it has passed the acid test of public use. If is new, the trade-mark is the manufacturer's pledge to stand behind the article and see it make good—or make good for it. But it is his—he wants you to know it, and he tells you with his trade-mark name.

An established trade-mark name protects you. For safety and economy today, buy trade-marked goods of known value.—Boston American.

Fire Insurance On Grain in Field

As harvest time approaches and grain ripens, there comes a danger that fields will catch on fire (from trains, tramps, harvest hands, cigarettes, pipes, thrashing-machines, lightning and numerous other causes) and that whole crops will be partially destroyed.

Two years ago we introduced in this County a form of insurance covering this hazard against fire from any cause, including lightning. This policy covers on standing grain, after it is cut it covers in shocks, stacks or ricks, and after it is thrashed it covers in piles, sacks, barns, bins, or granaries; in short, this policy covers the grain in any condition it is in at any place on the farm.

We have paid several losses in the last two years on this form of in surance and have a number of customers who desire it each year. I am pleased to advise you that the rate on this policy has been reduced materially since last season, for example, I can write you $1000 insurance for a term of thirty days for $3.20, sixty days for $4.80, and ninety days for $6.40. You will note that this is a very small cost for the protection, and if you sell your grain before the expiration of the policy, policy can be cancelled and return premium paid you in cash.

These policies are recognized by the Federal Reserve Bank and if a loan on your grain is needed a policy of this kind will be required; loss payable clause can be made payable to any bank, or individual that you desire.

It will be impossible for us to make a personal canvass of the County to write this insurance but a telephone call or postcard is all that is necessary for us to bind the risk for you. We are also pleased to advise that we are in position to carry this premium until grain is marketed.

If interested, let us hear from you.

Mr.Citizen of Perryton, the Chamber of Commerce needs your support both in a financial way and also in attendance. It certainly dos not reflect much credit upon the business men of this city when one sees the small number in attendance at these meetings. Wake up, snap out of it, you're in town now and the best little town on earth. Go to these meetings and do your bit and then you won't have to cuss the Chamber of Commerce because they don't do this and did do the other thing.

This is to announce to my patrons, friends and to the general public, that I have sold to Rupert C. Allen my entire abstract plant, covering all lands and town lots situated in Ochiltree County, together with my good will. I hereby recommend to my friends and patrons to call on him when in need of complete and accurate abstract work.

"Ouija! What's the good word?"

MY YOUNG sister,
HAS A Ouija board,
AND SHE believes it,
AND TALKS to Noah,
AND I think she talks,
TO HER best fellow,
WHO'S DEAD but doesn't know it,
AND I used to give her
THE LOUD, rude laugh,
BUT I'M sorry now,
BECAUSE LAST night,
I WAS home alone,
SO I got the board,
AND PUT in a call,
FOR JOHN Barleycorn,
AND OTHER departed spirits,
BUT THE line was busy,
FOR NOTHING happened,
THEN I cheated a little,
AND IT spelled this,
"GRAMMASHOTTA SEVEN."

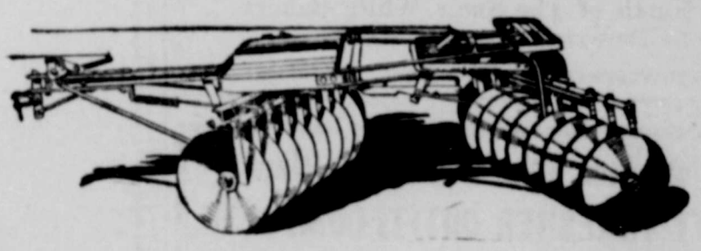

SO I shut off quick,
TO HEAD off any,
FURTHER FAMILY scandal,
THEN I stopped to smoke,
A CIGARETTE,
AND AFTER a while,
I CRANKED up weejee,
AND ALL of a sudden,
IT STARTED off,
AND QUICK as a flash,
IT SAID something,
"THEY SATISFY."

"SATISFY"—*that's* the good word. Just light up a Chesterfield and see what experts can do with fine Turkish and Domestic tobaccos when they blend them in that can't-be-copied Chesterfield way. You'll say "they satisfy."

WILL YELLOW AND BLACK WAR ON WHITE?

Mr. E. J. Powell Discusses It.

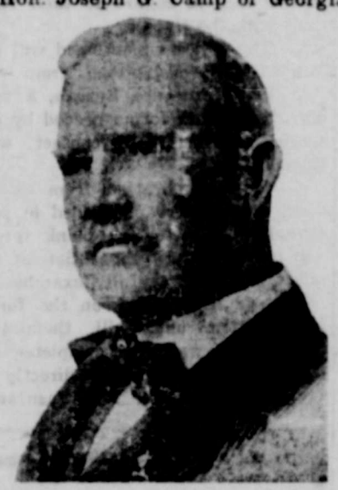

Is the world moving toward a war between races? Does the varying birth rates of the white, black, yellow and red peoples make this inevitable or can it be averted? Shall the different races be confined to different zones? Should immigration of yellow and black races be permitted? Will there be a Japanese-American war? Will Mexico and the United States ever work together as Canada and the United States? What of the black population of the South and in the cities?

"Shifting the Tidal Waves of Color" is the title of the forceful address to be delivered on the second evening of this year's Chautauqua by E. J. Powell, well known Chautauqua lecturer, in which all the above questions are discussed. Mr. Powell is a straight thinker—a hard hitter and a good speaker. All good citizens will be more able to discuss these questions and to vote more intelligently after hearing E. J. Powell.

SOUTHERN ORATOR TO SPEAK

Hon. Joseph G. Camp of Georgia

The Chautaqua this year promises many good things along many different lines. One of the big attractions will be Honorable Joseph G. Camp of Georgia. Mr. Camp is one of the dramatic powerful orators who have made the South famous for her speakers and statesmen. He is a worthy successor of Gordon and Graves who have recently charmed the nation with their eloquence.

Mr. Camp is not only an orator, but a patriot and leader. His addresses are clarion calls to new and more devoted service to common welfare and worthwhile ideals on the part of all citizens. Delivered as Mr. Camp delivers his messages, they cannot help but meet with a generous response and help make permanent the beneficial influences of the big Chautauqua assembly.

You will be the loser if you miss his lecture on the fourth evening

"Told in The Hills" Paramount Artcraft Picture starring Robert Warwick Saturday and Monday, July 23 and 25. All super pictures. They cost us more, but there will be no advance in price of admission.

"The Market of Souls" What does a woman's soul mean to the average man? Whatever you think now, you may change your mind when you see Dorothy Dalton in "The Market of Souls" at the American next Tuesday and Wednesday, July 26 and 27. It's the story of the soul of a woman, flung by fate into life's arena, to be fought for by two brothers—one a gentleman, the other a cad. Scene after scene of fascinating realism—tense, gripping, startling—staged by the noted directing genius, Thomas H. Ince. A Paramount-Artcraft picture, and a smashing good one. Come.

BROADDUS BARN AND WHEAT BURNS

The large barn belonging to C. L. Broaddus of the North Plains burned to the ground Tuesday night of this week. The barn was large and complete, and besides many small essentials, it contained about four thousand bushels of wheat.

When the fire was discovered, neighbors gathered fast to help fight, but a very little could be accomplished until the city fire chemical engine was carried out in a truck. This help stop the fire, and we understand they saved about 2000 bushels of wheat. Mr. Broaddus carried $4,000 insurance on his barn, but this will not near cover his loss. Some harvest hands who had been sleeping in the barn lost clothing, etc. It is presumed that the mice or rats got hold of some matches.—Miami Chief.

Perryton Chautaqua starts today July 22. Don't forget to buy your season tickets from the local committee, by doing so all of your money goes into the guarantee fund.

EX-SERVICE MEN AND THEIR GOVERNMENT INSURANCE

One of the first official acts of General John J. Pershing upon assuming his new duties as Chief of Staff of the Army on July 1, was the issuing on that day of an order establishing contact between the War Department and the Bureau of War Risk Insurance for the purpose of keeping former service men informed of their rights under the War Risk act and aiding them in securing these benefits through the co-operation of the personnel of the Army with the Bureau of War Risk Insurance.

This order, General Order No. 27, issues the following instructions to practically the entire Army:

Assistance for ex-service men in their relations with the Bureau of War Risk Insurance:

1. It is the purpose of the War Department, acting through its available personnel, to assist ex-service men in every possible way in securing contact with the Bureau of War Risk Insurance, thus enabling them without delay to renew or convert their insurance, to secure medical or dental treatment, hospitalization or vocational training, or to present their claims for compensation.

2 The obligation is imposed upon all personnel adjutants throughout the Army, recruiting officers, and regular officers on duty with the National Guard and Organized Reserves, to aid their less fortunate comrades. Such officers will at once familiarize themselves with the orders and circulars relating to the War Risk Insurance Bureau, in so far as these instructions refer to renewal of conversion training, compensation, medical or dental treatment, hospitalization and vocational training so that intelligent assistance and advice may be afforded ex-service men in regard to their relations with the Bureau.

3. The officers mentioned will obtain without delay direct from the War Risk Insurance Bureau, a supply of all blank forms needed by ex-service men in their contact with this Bureau.

4. Upon application from ex-soldiers, the officers mentioned in paragraph 2, will furnish blank forms, will assist in the preparation of applications, will carefully examine all papers or instructions on the forms in question and will themselves promptly forward the completed applications or statements directly to the Bureau of War Risk Insurance,

Treasury Department, Washington, D. C.

By order of the Secretary of War:

JOHN J. PERSHING,

Gen. of the Armies, Chief of Staff.

BIG COMBINE CUTS HUNDRED ACRES IN DAY

Holt Machine Is Driven by 50-Horse Power Motor

Out at the Koons farm east of Pandandle a Holt Harvester Thresher driven by a fifty-horse power engine is accomplishing wonders in the way of cutting and harvesting the wheat.

The Harvester-Thresher can be made to cut one hundred acres of grain a day and services of three men are all that are required to operate it. It has been cutting a 24-foot swath but can be adjusted to cut a swath as wide as 36 feet.

This is certainly a great time and labor saving machine and if there were a number of these machines operating in the Panhandle, the harvest labor problem would be easily solved.—Panhandle Herald.
