GREETING VISITORS—George Lawton, center, and Mrs. Lawton, owners of the Beacon Lodge here, are shown above greeting some of the first visitors to arrive here yesterday for the U. S. Highway 180 Association convention being held here today. The visitors, all three from Carlsbad, N. M., above from left are Tom Wiseheart, Al Clemmer, and John Cahill. (Lee Watson photograph)

De Gaulle Repudiates Ambition As Dictator

By GODFREY ANDERSON

PARIS (AP) — Gen. Charles de Gaulle today repudiated the role of dictator but said he remains ready to try to lead France out of chaos.

The wartime hero described himself as "a man belonging to nobody but belonging to all" and added:

"Have I ever attacked the fundamental liberties of the republic? No. I restored them. How would you have me at 67 start a career as a dictator?"

But he made it clear he feels the present situation, with party enmities in Paris and the army in near-revolt in Algeria, is hopeless. He said the parties have betrayed France.

As he spoke to a news conference, the city's subway system came to a halt and many buses left their runs. This was in a response to a Communist call of protest. The Communists picture De Gaulle as aiming at a one-man rule.

Thousands of police stood alert to prevent any demonstrations for or against the general.

De Gaulle again did not specify the exact terms under which he would assume national leadership. But he insisted this would have to be on his terms—not in the way a long string of premiers have followed since 1946 through solicitation of support from various parties. The present government is the 25th since World War II.

De Gaulle blamed the Algerian situation on the Paris government and said the army officers there are not rebels in his book. Actually, he said, the army deserves a "well done" for keeping disorders from turning into riots.

The general, dressed in a gray suit, spoke in a firm voice. He made a statement and cut off questioning after a half-hour.

"I am going back to my village but I remain at the disposition of the country," he said.

At the outset, De Gaulle made it clear he felt that the present regime, encompassing many parties, could accomplish nothing.

He said France's future and past are entwined with that of Algeria, which is now in near revolt against the current Cabinet in Paris.

De Gaulle said he is ready to head the government of the French Republic as he did in a previous great national crisis.

He described himself as "a man alone belonging to nobody but belonging to all."

He made a slashing attack on the French political parties, which he said had betrayed the country.

He recalled that he took power legally in postwar France after returning here with the Allied armies.

De Gaulle said he had kept silent until the moment when he felt he could serve the country.

The general opened his news conference of nearly 700 people with a brief statement. He then said he would answer questions only concerning French institutions and relationships with Algeria.

Referring to the last four years in North Africa, he said the present situation could lead to an extremely grave national crisis.

"But it can also be the start of a kind of resurrection," the general said.

He said that in "This moment of grave confusion all should be aware that the party regime could not and would not solve the enormous problems confronting France—the association of France with the peoples of Africa, and within the communities living in Algeria."

De Gaulle said the fighting in Algeria and the boiling emotional fever there grew out of the failure of the regime in Paris.

He continued:

"We are going into a diplomatic Dien Bien Phu.

"The population of Algeria sees in Paris crisis upon crisis. How does one avoid rebellion in this population of Algeria: The population of Algeria is looking somewhere else, outside the parliamentary combination, for a way to end its troubles.

"In these conditions, the army, which was able to see this feeling, prevented disorder. The army has acted."

He said the army sees the "mediocrity" which prevails.

"I understand perfectly well the attitude . . . of the high command in Algeria," he said.

Give Negroes Equal Chance, Says Faubus

MIAMI BEACH (AP)—Gov. Orval Faubus of Arkansas, who was forced last year by federal troops to permit Negroes to attend an all-white high school in Little Rock said today Negroes should be eligible to attain any job including his own.

The Democratic governor said race relations in Arkansas are better than "almost any place in the world" and than in many other Southern states.

Faubus said Negroes head many state institutions in Arkansas, and added, "We recognize a Negro can go anywhere his abilities will take him."

Asked if that included the governorship, Faubus said, "If he can be elected, yes. We have no restrictions on voting. There are Negroes who have as good a job as anyone else, who drive better cars than I do. A Negro should be eligible to become anything I can become."

Faubus said places that had worse race relations with riots in which persons were killed included South Africa, India, Arab countries and Algeria.

Government Holds Control In Tripoli

By TOM MASTERSON

BEIRUT, Lebanon (AP)—Government forces held control again today in the streets of Tripoli after a weekend of bitter fighting between loyalists and insurgent Moslem nationalists.

At least 60 persons were reported killed in the bloodiest fight of Lebanon's internal strife. Government forces finally stormed through the twisting streets of the northern coastal city to end the fray.

Another reported factor was an order by Rachid Karami, a top opposition leader, for his forces to stop fighting because casualties were growing.

President Camille Chamoun, who heads the pro-Western government of this tiny Middle Eastern nation, charges President Nasser's United Arab Republic with inciting Lebanon's Moslems to revolt.

The Moslems want the government to align its policy with Nasser's. They also fear that Chamoun, a Christian, will have the constitution amended to permit his re-election to another six-year term.

Tripoli has been the chief center of resistance to the government. It was there that rioting first broke out 10 days ago and the U.S. information library in the port was sacked. Since then, as trouble spread over the country, an estimated 150 to 200 persons have been killed in pitched battles, bombings, sniping and riots.

The United States over the weekend flew 18 huge Globemaster troop and cargo carriers to Europe, where they could be used to ferry arms to the Middle East or to evacuate Americans from Lebanon. An Air Force spokesman at Frankfurt, Germany, said there were no orders for the plane yet.

Highway Associations Start Merger Plans

Members of the U.S. Highway 180 and the U.S. Highway 260 associations adopted resolutions this morning to combine the two associations, which will extend the U. S. Highway 180 all the way from Fort Worth, Tex., to Holbrook, Ariz.

The boards of directors of the two associations are to be combined and an election of officers will be held by the new association this afternoon.

The convention of the two associations started with registration of guests at the Sunray Gasoline Plant recreation hall at about 5 o'clock yesterday afternoon. Business sessions of the convention are being held at the Village banquet room today.

Charles Cotten, the main speaker this morning, explained some of the advantages of combining the two routes, and outlined some of the advantages of the single designation with respect to the attraction of tourists.

To effect the change of Highway 260 to 180, the members of the association in New Mexico and Arizona have agreed to contact the highway commissions of the two states and request the change in the highway number. The American Association of Highway Officials will also be requested to grant the change.

The new 180 extension would put both the Carlsbad Caverns in New Mexico and the Grand Canyon in Arizona on U. S. Highway 180. Many other scenic areas such as the Painted Desert in Arizona and mountain resort areas in New Mexico will also attract tourists to the highway, Cotten said.

Cotten is manager of the highway and territorial relations department of the Fort Worth Chamber of Commerce. He has been with the Fort Worth chamber for almost 30 years.

Welcome addresses were given this morning by Hollis H. Fields mayor pro-tem of Snyder, and Robert Taylor, president of the Snyder Chamber of Commerce.

Hosts to the convention are the 65 Snyder members of the U.S. Highway 180 association, Bill Lee, vice president of the organization. Mrs. Norma Spencer, chairman of the Chamber of Commerce tourist development committee, and the Chamber of Commerce.

A luncheon was held at the Village restaurant at noon today at which the delegates were entertained by the A Capella Choir and several choral ensembles from Snyder High School directed by Bob Clinton.

Crowds See Funnels In South Texas

By The Associated Press

Spinning tornado funnels were added attractions for crowds gathered for shows at Corpus Christi and San Antonio air bases Sunday.

They passed each city without damage, apparently staying harmlessly aloft.

Forecasters said more unsettled weather was in prospect through Tuesday, but no twisters were predicted. They looked for widely scattered thunderstorms in North Central and West Texas, and scattered thundershowers elsewhere.

Visitors at both the Naval Air Station at Corpus Christi and to San Antonio's Kelly Air Force Base sighted twin funnel clouds from a distance.

They appeared to be whirling about 5 miles northeast of the Navy installation, and witnesses estimated one dipped to about 500 feet above water before they dissipated.

At the San Antonio base the two funnels were spotted to the southeast.

Special shows at both places proceeded after the danger was past.

About 1½ inches of rain accompanied by hail as big as marbles pelted down on the south part of San Antonio within 45 minutes, and heavier rains soaked much of West Central Texas Sunday.

On the Howard Voss farm northwest of Munday, lightning killed a registered bull, a cow and three yearlings. Voss placed his loss at more than $800.

Three inches of rain fell in the area around Munday. Weinert, in neighboring Haskell County, got 2.30 inches; Goree 1.80, Breckenridge 1.57, Rotan 1.30 and Sylvester 1.10.

A weak cool front was expected to bring more showers but to have little effect on temperatures, the Weather Bureau said.

Official rainfall measurements for the 24 hours ending Sunday midnight all were less than one-half inch. They included Brownsville .37, Abilene .26, Corpus Christi .15, Kingsville .13, San Antonio .10, Fort Worth .07, Galveston and Houston .03, Palacios and San Antonio .02, and Beaumont and Big Spring .01.

Temperatures early Monday varied from 51 at Amarillo to 72 at Galveston.

Sunday's top marks ranged from 76 at Alpine to 94 at Presidio.

Ike Plans To Cast Ballot In Primary

WASHINGTON (AP) — President Eisenhower plans to go to Gettysburg Tuesday to vote in the Pennsylvania primary and then travel on to New York for a major speech Tuesday night on the nation's economy.

Weather permitting, the President will take off from the south White House grounds by helicopter about 10:30 a.m., on the 30-minute flight to Gettysburg where he has a farm home.

After voting Eisenhower will go on by helicopter to Harrisburg, Pa., about 35 miles away. There he will board his private four-engine plane, Columbine III, for the flight to New York.

He is scheduled to arrive at La Guardia marine terminal about 12:30 p.m., and then will motor immediately to the Astor Hotel.

The President's speech at the Astor will be carried nationwide on television and radio 8:30 p.m. EST).

In the dinner audience will be about 2,000 business leaders on hand for a meeting of the economic mobilization conference of the American Management Assn.

The President plans to fly back to Washington immediately after the speech. He will be accompanied by an old friend, British Field Marshal Viscount Montgomery, who will be Eisenhower's guest at the White House for a few days.

Young Diplomat Is Ousted By Russia

WASHINGTON (AP) — The State Department said today a young American diplomat who had been attending Moscow University has been declared unwelcome inside the Soviet Union.

The department said the ouster of John A. Baker Jr. was protested without avail by U.S. Ambassador Llewellyn Thompson.

A spokesman was asked whether a Soviet diplomat had been ordered out of the United States in reciprocity. He replied, "No, not up to this point."

Baker was accused of the Soviet Foreign Ministry of having "systematically violated the norms of behavior for diplomatic representatives."

Baker, on leave in London with his wife and infant child, denied the accusation.

The State Department said Thompson sought Saturday to get an explanation for the action from Soviet Foreign Minister Andrei Gromyko but Gromyko refused.

Baker was the only U.S. diplomat in Moscow ever permitted to attend regular classes at Moscow University, the State Department said. He had been attending classes in Russian medieval history.

In a statement from London, made public here, Baker, 30, said he had been friendly with some of his fellow students, had some as guests in his home, dined with them at public restaurants and went with some of them to U.S.-Soviet athletic contests.

"I have no idea of any reason other than my acquaintance with the students which could be behind this Soviet action," Baker said.

The State Department said Soviet diplomats in Washington and New York have been "quite free" to attend classes at U.S. universities. Department officials said Soviet diplomats simply apply to the schools and, if qualified, are admitted.

Baker is the son of Mr. and Mrs. John Baker Sr. of Westport, Conn. His wife Sally is the daughter of Mr. and Mrs. E. K. Bragg of Cambridge, Mass.

The State Department said it had not decided where Baker will be sent from London. No effort will be made further, officials said, to get him back to Moscow immediately.

Normal Temperatures Due Next Five Days

DALLAS (AP)—The Weather Bureau issued today this 5-day outlook for May 19-24.

East and Central Texas: Temperatures 3 to 5 degrees below normal. No important changes. Precipitation generally heavy in scattered thundershowers early and latter part of the week.

West Texas: Temperatures near normal north and 1 to 3 degrees below normal south. No important changes. Precipitation light to moderate in widely scattered thundershowers.

WEATHER

SNYDER TEMPERATURES: High Sunday, 81 degrees; low, 54 degrees, reading at 7:30 a.m. today, 59 degrees. High Saturday, 87 degrees; low, 53 degrees; reading at 7:30 a.m. Sunday, 57 degrees; precipitation.

North Central and West Texas: Partly cloudy through Tuesday with scattered thundershowers. No important temperature changes.

South Central and East Texas: Considerable cloudiness through Tuesday with scattered showers and thundershowers. Little change in temperatures.

Cardinal Stritch Suffers A Stroke

VATICAN CITY (AP) — Samuel Cardinal Stritch, whose right arm was amputated three weeks ago, suffered a stroke today. Word reaching the Vatican was that his condition was grave.

The 70-year-old Roman Catholic Archbishop of Chicago previously had been recovering well from the amputation which was made necessary by a blood clot in the arm. Sunday he had celebrated Mass for the first time since the operation.

The cardinal was stricken again early today but by noon had recovered consciousness. A source close to Vatican authorities said he had improved slightly, "can talk again and can recognize people."

Hospital attendants said the cardinal suffered a thrombosis that produced light paralysis of his right side. The paralysis did not affect his face and he was able to speak again later in the morning. He could move his right leg slightly, physicians said. His left leg was not affected.

The cardinal received Holy Communion but was not given extreme Unction, the last sacrament of the Catholic Church. He received Extreme Unction when he previously underwent surgery, and it is not administered twice in the same ailment.

A medical bulletin said, "Prognosis is reserved for the present," meaning that the doctors would not forecast the outcome of the cardinal's latest attack.

A medical bulletin issued by Dr. Ralph Bergen, the cardinal's personal physician from Chicago, and Italian Dr. Filippo Rocchi said: "His Eminence Cardinal Stritch, proprefect of the Congregation for Propagation of the Faith, during the early hours of Monday, May 19, suffered a cerebral vascular accident.

"There is a weakness of the muscles of his right leg and face.

"Prognosis is reserved for the present."

The cardinal's personal aides said they could not immediately give any fuller information on the stroke.

The prelate is still at the Rome clinic where he underwent the amputation April 28, but in recent days he had been spending part of each day at Chicago House, the residence headquarters for priests and students from Chicago studying in Rome.

Gasoline Prices Drop In Dallas

DALLAS (AP)—Gasoline prices in Dallas took another one-cent dip at many stations today in a price war which many observers believe would last through the summer.

New prices were 19.9 cents for regular gasoline and about 25.9 cents for ethyl. Gasoline prices plummeted suddenly Friday when independent dealers dropped prices to 21.9 cents and 25.9 cents.

Gov. Daniel Is On Panel

WASHINGTON (AP) — Gov. Price Daniel of Texas has been named a member of an advisory committee to the Federal Bureau of Narcotics.

The appointment was announced yesterday by H. J. Angslinger, commissioner of narcotics.

Rep. Hale Boggs (D-La.) was chosen chairman of the 24-member committee.

Boggs and Daniel co-authored a narcotics bill in 1956 while Daniel was in the Senate.

Boggs also headed a House subcommittee in 1950 which investigated narcotics problems.

Another Texan on the new committee is Dr. Charles T. Brown of San Antonio.

Venezuela Junta Faced With Crisis

CARACAS, Venezuela (AP) — The ruling government junta grappled today with the most serious political crisis since it seized power from Gen. Marcos Perez Jimenez's dictatorship in January.

The junta's two civilian members have resigned without explanation.

The three remaining military members were threatened with a general strike if they showed signs of breaking the junta's promise to hold nationwide elections.

"The people will go into the streets in a general strike just as they did in January," said Fabricio Ojeda, whose Junta Patriotica was one of the key civilian groups in the January revolution.

Ojeda said the strike could come if the government command remained entirely military or if the two civilians who resigned, Eugenio Mendoza and Blas Lamberti, are replaced with reactionary elements.

However, he expressed confidence that liberal civilians would be appointed to the government junta, which now consists of Adm. Wolfgang Larrazabal; Col. Pedro Quevedo, chairman; and Col. Carlos Luis Araque. They have promised to hold elections but have not set a date.

Meanwhile, Col. Miguel Ramon de la Rosa, former governor of the federal district of Caracas, told newsmen seven high officials of the Perez Jimenez regime were arrested during the weekend and apparently charged with planning a political upheaval.

Those arrested included a former vice president of the Chamber of Deputies, a former senator and a millionaire banker, said De la Rosa, who was fired as district governor Friday. Informed sources said the junta removed him because of the riots against U. S. Vice President Nixon last Tuesday.

Collision Injuries Are Fatal To Youth

PECOS, Tex. (AP)—Danny Williams, 19, of Brady died early today of injuries suffered in a car collision here Saturday night.

Two other persons were injured seriously. Pat Tabor, 17, of Monahans suffered a broken pelvis, and William Smith, 19, of Pecos, suffered a broken pelvis and internal injuries.

Also injured were Earl Maston, 15, and Leon Williams, brother of Danny Wiliams.

The accident occurred on a curve during a thunderstorm.

Suave Actor Colman Dies

SANTA BARBARA, Calif. (AP) — Ronald Colman, suave creator of dozens of memorable movie roles, died today 24 hours after being hospitalized with a lung infection. He was 67.

The British-born star, a favorite of film fans since 1922, was operated on for a lung infection a year ago and had been in poor health since then.

He became ill Sunday at his ranch home near Santa Barbara and was taken to St. Francis Hospital, Santa Barbara, where he died at 5 a.m.

Houston Man Is Burned To Death

HOUSTON (AP)—A man identified as Benny Reyna, 20, was burned to death early today in a fire which gutted his two-room house.

The fire started in the living room-bedroom and the man's body was found in the kitchen where he had gone to escape the fire. Reyna lived alone.

One Of 40 Charged In Cuban Arms Shipment Pleads Guilty

By B. F. KELLUM

BROWNSVILLE (AP) — Anthony del Conde, whom the government charges made arrangements to smuggle arms and troops into Cuba, pleaded guilty today in Federal Court.

Thirty-nine others on trial with him pleaded innocent.

Trial of the 40 on charges of Neutrality Act violations began today.

Del Conde is from Mexico City.

Bryan Odom, assistant U. S. district attorney, said about two and a half days will be required for prosecution evidence.

Del Conde was not sentenced at once.

Coast Guardsmen and other officers captured the 40 in their converted snapper boat in the Gulf near this South Texas city.

All are accused of conspiring to export arms and ammunition. They claimed they set out to fight with the Fidel Castro forces in Cuba.

Most are New Yorkers of Cuban descent.

U.S. Dist. Judge James V. Allred will hear the case. Penalties on conviction could range up to 10 years in prison and a $10,000 fine or both. There is no minimum.

The government claims the men gathered on a lonely Gulf Coast beach and boarded the vessel Orion last March 27. Two Coast Guard cutters stopped the Orion a few miles off Brownsville and took them prisoner.

It took two rammings by one of the cutters to halt the boat.

A New York construction worker who claims to be the leader, Arnaldo Barron, 34, told officers he met the men in New York and discussed the Castro-led revolution with them.

Barron said most of the men were born in Cuba and are 20 to 30 years old.

The others include Anthony Del Conde of Mexico City, accused of making arrangements to move the $20,000 worth of arms found on the Orion, and a Protestant minister and a doctor.

Customs agents and border patrolmen escorted the men to county jail here, and most of the group immediately went on a hunger strike.

They claimed the United States was supplying Cuban government forces arms and said they would not eat until such shipments ceased.

Most were taken to a hospital before the strike was called off, but none apparently suffered any damaging effects.

They have been at liberty on bond since.

Attendance Award Won By Optimists

The Snyder Optimist Club won a plaque for "Convention Attendance" at the District 7 Optimist International Convention held in Little Rock, Ark., last weekend.

The convention attendance award was based on number of miles traveled by the club delegates and divided by the club membership.

Four members of the Snyder Optimists made the 600-mile jaunt to Little Rock. They were president Buck Francis, secretary ing secretary-treasurer Melvin Boothe, and Carl Herod, Lt. Gov. of Zone F of District 7 this past year.

Mrs. Carl Herod of the Opti— Mrs. also made the trip to Little Rock.

Mike Reed, the local club's representative in the District Boys Oratorical contest at Little Rock, was awarded a certificate for his participation in the contest. Young Reed was eliminated in Friday's preliminaries.

Reed was among 32 boys competing in the Oratorical contest representing clubs in Arkansas, Louisana, Oklahoma, and Texas. Freddie Street of Oklahoma City won the District 7 Oratorical contest and will represent the district at the Optimsit International Convention to be held in Dallas in June.

Clarence Collins of Abilene was elected Lt. Gov. of Zone F at the convention, succeeding Herod.

Among the major business transacted at the convention was the splitting District 7 into two districts. The Texas and Oklahoma clubs were left in District 7 while the clubs in Arkansas and Louisana were placed in a new district, District 34.

The District 7 convention next year will be held in Amarillo while the District 34 convention will be held in Shreveport.

Sol Lanham of Dallas was elected governor of District 7 for the next term, while Phil Reemes of Alexandria, La., was elected governor of District 34.

The local delegation returned to Snyder Sunday night.

TODAY'S MARKETS

FORT WORTH (AP)—Hogs 800; steady; choice 220 22.25.

Cattle 4,000; calves 600; steady; good to choice yearlings and heifers 24.00-27.00; commoner 16.00-23.00; fat cows 17.00-19.00; good and choice calves 24.00-27.50; commoner 14.00-22.00; medium to good stock steer calves 26.00-30.00; stock steer yearlings 27.00 down.

Sheep 1,800; steady to stronger. Good spring lambs 21.00-22.00; good and choice old-crop lambs 17.00-18.50; wethers two 14.00-15.00; aged wethers 12.00-13.50; ewes 7.00-8.00; spring feeder lambs 15.00-20.00.

STOCK AVERAGES
Compiled by The Associated Press

	Indust.	Rails	Utils.	60 Stks.
Prev. day	247.1	91.0	79.6	167.6
Week ago	249.3	93.3	79.8	169.1
Month ago	242.9	92.0	79.1	165.8
Year ago	271.3	126.6	77.4	185.1

NEW YORK (AP) — An uneven stock market tilted slightly to the downside early this afternoon in moderately active tradin.

Most key stocks were off small fractions. Some losses went to around a point. A minority of gainers moved in the same range.

Oils, rails, chemicals, utilities and farm implements were mostly lower. Leading aircrafts were somewhat higher. Motor shares leaned to the upside.

Considerable caution was apparent following last week's profit taking on a sustained five-week advance. World political uncertainties, particularly the crisis in France, backgrounded the market. Weekend news was fairly favorable, including a decline in the number of workers collecting unemployment insurance and reports of an expected increase in steel output.

Young Holdup Man Shoots Accomplice

DENVER (AP)—A young stickup man flailed an elderly man on the head with the butt of a gun last night. The weapon fired, fatally wounding the bandit's accomplice.

The red-haired victim, between 18 and 21, was not immediately identified.

The gunman tried to arouse him, then fled in a car before a half-dozen witnesses.

The fatended victim, Emil Myers, 68, was treated at a hospital for a severe head cut and released. He told officers the pair had accosted him outside his home and demanded money.

In Spain the highway signs do not read simply "Stop" and "Go" and "Slow." Some traffic signs also read "Interesting view ahead, so go slow."

Trujillo Says Money Spent Is His Own

LOS ANGELES (AP)—Gift-giving Lt. Gen. Rafael Trujillo Jr. says not one penny of his expenditures in this country came from U.S. foreign aid funds to his native Dominican Republic.

It was his first direct public comment on his widely discussed gifts of a $5,400 sports car to actress Kim Novak and a $10,000 strand of diamonds to actress Joan Collins.

The 29-year-old son of the Dominican Republic leader told a reporter Sunday night: "To begin with, the mutual aid fund agreement between the United States and the Dominican Republic does not provide for the transfer of cash.

"Every cent I have spent came from my own personal account.

"Not a penny came from the taxpayers of the United States. Not a penny came from the taxpayers of the Dominican Republic."

The Dominican Embassy in Washington said last week the U.S. government has sent no money but has sent a limited amount of military equipment to the Dominican Republic. The elder Trujillo told an interviewer Saturday in Ciudad Trujillo, "He is spending his own money."

Young Trujillo declined comment on reports that he is seeking a divorce in Mexico.

He came to this country to study military science at the U.S. Army Command and General Staff College, Ft. Leavenworth, Kan. His wife and five of their six children accompanied him, but they have since returned to the Dominican Republic.

Senate Panel Starts Probe Of Rioting

WASHINGTON (AP) — The Senate Foreign Relations Committee starts an inquiry today into the factors behind such recent anti-American demonstrations as those which marred Vice President Nixon's good will tour of South America.

One purpose of the inquiry is to determine whether the attacks on Nixon, the burning of U.S. Information Agency libraries in Lebanon and anti-American outbursts elsewhere were part of a world-wide Communist pattern.

FBI Director J. Edgar Hoover said the attacks on Nixon definitely were inspired by Communists who, he said, are but a very small minority in the South American countries.

"There has been a concerted effort throughout the vice president's trip to embarrass him," Hoover said in an interview transcribed for New York State radio stations.

Nixon also blasted the incidents on a small group he said was directed by the Communists seeking to discredit the United States.

"In South America a majority are friendly to the United States," he said in a TV interview. He suggested this friendship might be promoted through sports and the arts.

"We are natural friends," he said. "We need to know them better and they need to know us better."

There has been no indication that Nixon will appear before the Senate committee.

Sen. Wayne Morse (D-Ore) said one goal of the committee is to find out "the extent to which the CIA and the State Department briefed Mr. Nixon in advance on the dangers he might encounter" on his South American trip.

Rabbit Hunt Ends In Death Of Youth

JOAQUIN, Tex. (AP) — A rabbit hunting trip near the Louisiana state line ended Sunday in the death of Joe Scott, 18, of Houston.

Shelby County sheriff's officers said the youth died of internal injuries when pinned beneath a pickup truck for four hours. He was the son of Mrs. T. F. Biggers.

The accident occurred when the pickup truck in which Scott was riding overturned in a Sabine National Forest fire lane, 10 miles east of here.

MODEL PLANE MEET HERE—Three of the persons who participated in the model plane meeting held here at Winston Field yesterday are shown above with their models. From left are Greg Fuhrman, Lubbock, Carl Berryman, Amarillo, and Riley Wooten, Lubbock. Wooten won the National Model Plane contest n 1956, and was champion stunt flyer of the Southwest the same year. (Lee Watson photograph)

Sincere Gospel Appeals To Youngsters, Minister Says

By MAX B. SKELTON

HOUSTON (AP) — An Alabama minister said today churches cannot woo young people with record players, shuffleboards and coke machines.

"I am confident young people will definitely respond in this day to a straightforward, effective, sincere presentation of the Gospel and really like it," said Dr. Harold Seever, pastor of Mobile's Dauphin Way Baptist Church.

Dr. Seever spoke at a pastors' conference that precedes tomorrow night's opening of the 101st meeting of the Southern Baptist Convention.

"Young people are clever and are the very first to react to a superficial appeal," Dr. Seever said.

"You cannot woo them into the church with a record player, a shuffleboard and a coke machine, and then subtly try to squeeze in unconsciously a little religion and expect it to captivate them.

"Young people are too intelligent for that and resent it. They are really alert. They will participate in the good time and then skip the religion."

In welcoming the ministers, the Rev. Owen White of Houston's First Baptist Church—which has just completed a million-dollar expansion of its downtown facilities—said the downtown church of today must be strong to survive.

"Our church was offered $1,500,000 for its property about two years ago and had to face a momentous decision," he said. "The decision was to stay, but not to stay as we were.

"We believe that Baptists have a responsibility to maintain an evangelistic ministry at the heart of our great cities. To stay downtown we must be strong. No weak, puny, declining church can survive downtown in a day like this."

A North Carolinia minister told the pastors that life's experiences can be broadened through travel.

"Travel is a means whereby pastors can go where people live and, therefore, become acquainted with their needs and ways of life," said the Rev. Charles Coffey of the First Baptist Church of Kannapolis, N.C.

"A few years ago a trip outside the borders of our own country was an experience reserved for a chosen few. Today, the age of travel has been ushered in. The growth of American tourist travel has kept pace with the tremendous surge in diplomatic, military and business travel in the most remote corners of the world.

"As a result of this increase in travel, the second half of the 20th Century may some day be considered as the beginning of an era of better understanding among the peoples of the world."

Three other groups also began preliminary meetings today. They are the Woman's Missionary Union, the Religious Education Assn. and the Church Music Conference.

Rep. Brooks Hays of Little Rock, Ar., president of the 8,966,255-member convention, will speak at the pastors' conference tonight and before the WMU tomorrow morning.

About 17,000 Baptists, including a record 13,000 official messengers from 43 states, are expected to hear Hays' presidential message tomorrow night at the first general session of the four-day convention.

Re-Entry Problems Solved By Jupiter

By JACK KING

CAPE CANAVERAL, Fla. (AP) — The Jupiter intermediate range missile—a project the Army almost lost five months ago—apparently is the first ballistic weapon to solve the re-entry challenge.

Army rocket men at the nation's missile test center agreed the re-entry success was due to an almost perfect shot of the mighty Jupiter shortly after midnight Sunday.

Some 4½ hours after the launching the huge nose cone—the first full-sized warhead ever mounted on a Jupiter IRBM—was plucked out of the Atlantic by frogmen and the crew of a Navy auxiliary submarine rescue ship.

First reports indicated the re-entry test was a complete success.

The precious nose cone was taken to Redstone Arsenal, Huntsville, Ala., where Army scientists will study its intricate instruments to learn the secrets of re-entering the earth's atmosphere without burnout after a cruise through space.

It was the first time a full-scale ballistic missile nose cone has been recovered intact. The only other recovery came last Aug. 8 when a four-foot nose cone was retrived from the sea.

This is the same Jupiter the Defense Department ordered the Army to drop last December. Later, however, it was decided that the Army should continue with development and production of the weapon.

Most details of the missile's latest performance are classified. But it was reported unofficially that the Jupiter was fired at a range of just over 1,600 miles.

The launching ran like clockwork. The 69-foot missile lifted away with a mighty roar and billows of white flame.

It was seen as a tiny yellow dot in the sky for almost three minutes. Then engine burnout occurred and the rocket began its free flight through space.

The Jupiter, now in mass production by Chrysler Corp. and expected to be operational with troops late this year, was designed for a range of 1,500 miles. It reportedly has traveled as far as 2,200 miles.

Cliburn Has Sleep Trouble During Tour

NEW YORK (AP)—Van Cliburn says his music conquest in Russia has taken its toll on his sleep.

The 23-year-old Kilgore, Tex., pianist told a news conference his victory in the Tchaikovsky International Piano Competition left him too keyed up to sleep well.

But he said he takes care of that with some "very excellent Russian sleeping pills."

The lanky, bushy-haired Texan returned to New York Friday after more than a month in Russia. With him came Soviet conductor Kiril Kondrashin, who will lead the Symphony of the Air in a concert featuring Cliburn tonight.

Kondrashin, who conducted the Moscow Symphony during Cliburn's appearances, said he was well pleased with the Symphony of the Air and thought he and the orchestra understood each other.

"I forgot they were Americans and we were talking the language of music," he said.

Cliburn said Kondrashin was "tremendously kind. He took me, sort of like a young friend whom he wanted to help. And it was wonderful, to find someone who loved Rachmaninoff so much, and expressed it. In the American vernacular, we hit it off."

Cliburn said the most amazing thing to him was that the home folk took any notice of his winning.

"I'm very thrilled at the people of my own country feel this way," he said.

LEGAL NOTICE

Certificate No. 15 6 Company No. A-498

STATE BOARD OF INSURANCE
OF THE
STATE OF TEXAS
Austin, Texas, April 22, 1958.

WM. A. Harrison
Commissioner of Insurance

Convict Asks For Daughter

HUNTSVILLE (AP) — Marshall Lampkin, scheduled to die in the electric chair during the night, expressed only one wish today—that his 4-year-old daughter visit him.

"If they're not going to do anything to save my life, I'd like to know right away, so that I can try to do something to bring my daughter down here," he said.

Lampkin, a Negro, was convicted of murdering a white man, Ernest Webb Jr., in Luling, Tex., in June 1956. Webb died from a shotgun blast.

His case was appealed to the United States Supreme Court, which upheld rulings of the lower courts.

Lampkin today said his daughter, Mary Ann, lives with her mother in Austin, but he did not know her address.

The condemned man said he had not seen his wife and child in a year. They last visited him in Lockhart.

He said attorney Lamkin, whom he described as a first cousin, had assured him he would seek to obtain another stay of execution.

Lampkin did not order a special last meal. "I'll just eat what everyone else eats," he said.

Lubbock Men Take Model Plane Prizes

Lubbock entrants captured the most first place awards at the model air plane contest held there Sunday at Winston Field.

The contests were conducted under sponsorship of the Snyder Model Air Plane Club.

Riley Wooten of Lubbock took first place in two events, while Gregg Furman, also of Lubbock won two more first places. There were five events in the competition.

The list of winners included the following:

Open Combat — Riley Wooten of Lubbock, first; Carl Berryman of Amarilo, second.

Junior Combat — Lester Barry of Abilene, first; Daryl Simmons of Abilene, second.

Open Rat Race — Gregg Furman of Lubbock, first; Houston Buchanan of Snyder, second.

Open Stunt — Gregg Furman of Lubbock, first.

SNYDER HOSPITAL

ADMISSIONS — Earnest Treet, Dermott; Mr. A. B. Crawford, box 14, Snyder, W. R. Devers, 2315, Fortieth Street, Mrs. James Waters, Clairemont route.

DISMISSALS — H. J. Cook, Cozy Courts, Mrs. Lillian Durst, general delivery, Mrs. L. D. Sellars, Post Road route, Box 5, Mrs. Ben Foster, 2912 Avenue F, Donna Couch, route 3.

COGDELL MEMORIAL

ADMISSIONS — Mary Margaret Morrison, box 815; William Allen Rogers, 211 Avenue N, Earl Robertson, route 3, Hudson Thomas, 209 Thirty-sixth Place, Mildred Garrett, Arah Route; Raymond Way, Snyder, Zelma Wimtkins, Hermleigh, Jimmy Mash, Snyder, Thomas Montez, general delivery, Shelby Motley, 1500 Avenue T, Raymond Tatum, 1004 Twenty-third Street; Keith Grimann, Clairemont Route; Maxine Baldwin, general delivery, Michael Jane Taylor, Ira, Dianna Lynn Williams 3204 Fortieth Street, Edwin Hamilton, general delivery, Ricky Corbell, 2308 Forty-second Street, Glenn Tate, Hermleigh.

DISMISSALS — Mary Margaret Morrison, Box 815; Mildred Garrett, Arah Route, Hudson Thomas, 209 Thirty-sixth Place, Earl K. Robertson, Route 3, Shelby Motley, 1500 Avenue T, Doris Hook, 1401 Eighteenth Street, Louise Bond, Venay Boyd, 2401 Avenue M, Shirley Miller and baby, 2111 Avenue M; Mary Smith, Snyder, Mary Gonzales and baby, Trail Drive-In, Henry Welborn, 3006 Thirty-eighth Street, Linda Burney, Snyder, W. D. Buchanan, Hermleigh, Terry Landrith, Box 1694, Nellie Smith, 3800 Noble Drive, Deanna Alexander, 1208 Twenty-eighth Street, Allen Robers, Snyder, Mary Lewis, 405 Thirty-fourth Street, Syble Lofton and baby, 202 Elm, and Pearl Sterling, 2511 Thirtieth Street.

Capt. Wilson Brown was naval aide to President Calvin Coolidge in 1926-29, also as Vice-Admiral, naval aide to President Roosevelt in 1943-45.

Violence Claims 23 Lives In State

By The Associated Press

Violence took the lives of at least 23 persons in Texas during the weekend.

Traffic accidents killed nine, including two injured several days earlier. Six died of gunshot wounds, five drowned and three died of other causes.

Two young daughters of Mrs. Thelma Crelie, 34, a divorcee, were shot as they slept Sunday at a farm near Henderson.

Dist. Atty. H. H. Wilburn said the mother, who was jailed, shot her children, Cecilia Ann, 11, and Sandra Lucinda, 10, while brooding over family and financial troubles. Wilburn said murder charges would be filed.

Another shooting, attributed by police to a family argument, killed James West Embry, about 50, and his wife, Maurine, about 45, at Houston. Embry's stepdaughter, Ramona Lusby, 27, was taken to a hospital in critical condition with gunshot wounds in the chest and left arm.

Eddie Robbins, 32, of Houston drowned Sunday in the San Jacinto River after a 14-foot boat overturned.

Wade Lawson, 56, died at Houston Sunday of injuries suffered the day before when he was struck by a car.

Stephen Kirk, 2, was struck by a car and killed at New Braunfels Sunday. He was the son of Mr. and Mrs. Charlie Kirk, Odessa, who were visiting in New Braunfels.

Albert White, 27, Dallas Negro, drowned during a picnic and swimming party below the Lake Waco dam Sunday.

Injuries suffered in a truck collision near Kenedy last Wednesday claimed the life of Daniel Duenez, 68, of Pawnee, Tex., Sunday.

Buford Sissom, 28, died Sunday in Dallas, where he was crushed under the wheels of a garbage truck while trying to board it last Thursday.

Aurelio Medina, 20, La Villa, was injured fatally in the collision of his car and one driven by Robert Rodriguez, 18, near La Villa in Hidalgo County Saturday night. Rodriguez, La Villa, was reported in serious condition at a Weslaco hospital.

The other deaths occurred Saturday.

BIENNIUM OFFICERS OF 1958-59—The above women were installed in the Sunday afternoon services held by Beta Epsilon Chapter. From left to right are: Mrs. Lida Rhoades, president; Mrs. Joyce Gorman, first vice-president; Miss Jane Merrill, second vice-president; Mrs. Lola Horton, recording secretary; Mrs. Estha Coffee, treasurer, and Mrs. Winnie Quinney, parliamentarian. Mrs. Lillian Jones, corresponding secretary, was not present for the picture. (Lee Watson photograph)

Beta Epsilon Installation Held In Loraine Sunday

The Beta Epsilon Chapter of Delta Kappa Gamma, International Honorary Society for women teachers, met in the last regular meeting of the year Sunday Afternoon, at the home of Mrs. Inez Cope in Loraine, Tex.

Mrs. Winnie Quinney retiring president, with the assistance of the out-going officers, impressively conducted the installation ceremony for the new officers: Mrs. Lida Rhoades, president; Mrs. Joyce Gorman, first vice-president Miss Jane Merrill, second vice-president; Mrs. Lola Horton, recording secretary; Mrs. Lillian Jones, corresponding secretary; Mrs. Estha Coffee, treasurer, and Mrs. Winnie Quinney, parliamentarian.

Miss Vela Bell was in charge of the Founder's program and as honor was paid to the 12 founders, a white candle was lighted in memory of the four deceased founded, with a red candle in honor of those still living.

A Texas woman educator, Dr. Annie Webb Blanton, called together the other 11 women and founded the Delta Kappa Gamma Society on May 11, 1929. In the 29 years of its existence 1367 chapters with more than 60,000 members have been organized in the United States, Hawaii, Alaska, and Canada.

During the business meeting, the president reported that 10 new active members and four honorary members had been initiated during the past biennium. Reports were given by all officers and committee chairmen.

Mrs. Lida Rhoades, incoming president, named the following committee appointments:

Yearbook: Mrs. Joyce Gorman, chairman, Mrs. Mary Devenport, Mrs. Ann Halbert and Mrs. Estha Coffee.

Legislatvie: Mrs. Dale Geer, chairman, Mrs. Mauryse Blacklock and Miss Vestal Maner.

Membership and Conservation of Members: Miss Jane Merrill, chairman, Mrs. Laura Holladay, and Mrs. Ethel Dawson.

Selective Recruitment of Teachers: Mrs. Eva Nelson, chairman Mrs. Oda Moore, and Mrs. Delia McPherson.

Initiation: Miss Edith Wilkerson, chairman, Mrs. Sadie Hardison, and Miss Bess Johnson.

Publications and Publicity: Miss Maydelle Burns, chairman, Mrs. Lola Horton, Mrs. Allene Stephens, and Mrs. Cora Johnson.

Personal Service and Necrology: Mrs. Pearl Shrophire, chairman, Mrs. Mable Brock, Mrs. Alfreda Rhode, and Mrs. Winnie Quinney.

Pioneer Woman and Research: Mrs. Estha Boren, chairman, Mrs. Nita Phode, Miss Vela Bell and Mrs. Johnnie Cogdell.

Scholarships: Miss Virginia Grove, chairman, Mrs. Christine Hamil and Mrs. Mabel Givens.

Music: Mrs. Sallie O'Rear, chairman, Mrs. Florence McShan and Miss Mary Lou Devenport.

Teachers Welfare and Morale: Miss Zaida Brown, chairman, Mrs. Inez Cope and Mrs. Lillian Jones.

The meeting adjourned and the 21 members present were served frosted punch and Founder's Day cake by the Loraine members.

4-H SUNDAY HOSTESSES—The Snyder High School 4-H Club members above were hostesses yesterday to the Scurry County observance of 4-H Club Sunday. Girls from all 4-H clubs in the county attended the observance in Towle Memorial Park's pavillion. From left are Cletis Frith, Deana Mapes, Brenda Maddox and Carolyn Engler. (Lee Watson photograph).

WOMEN

The Martha Ann Woman's Club will hold its monthly Ladies Day Thursday.

Highlighting the activities will be a "Dixieland Luncheon" from 12 to 1 p.m. Music will be by high school students, under the direction of Melvin Montgomery and Robert Clinton.

This promises to be one of the most entertaining days ever presented by the club. All members and their guests are urged to attend. Reservations may be made until noon Wednesday.

Members should make plans now for this day of entertainment, as well as the delicious food to be served by the club caterer, Mrs. Mildred Sparks.

WOMEN'S CALENDAR

MONDAY

Junior High Parent-Teachers Association will meet at 7:30 p.m. in the school cafeteria.

TUESDAY

Atheneum Study Club will hold their annual family picnic.

Art Guild will meet at 7:30 p.m. at Martha Ann Clubhouse, with Mrs. Travis Rhodes, hostess.

Twentieth Century Club meets with Mrs. Ola Leath, hostess, 2612 Ave. R.

wthzno wis the time for all ogood

W. W. Club will meet at 7:30 p.m. in the home of Mrs. Bertha Clark, 3302 Cherry Street.

Plainview Home Demonstration Club meets with Mrs. W. E. McMillen, Camp Springs Highway.

Wesleyan Service Guild of Trinity Methodist Church meets with Mrs. Ray Peveler, Trailertopia at 7 p.m.

Beta Sigma Phi Sorority will meet at the Martha Ann Clubhouse at 7:30 p.m. with Mrs. Jenette Payne, hostess.

Exmpler Chapter of Beta Sigma Phi will meet at 8 p.m. at the Village with Mrs. Jack Croff, hostess.

WEDNESDAY

Cosmorama Club meets at 3:45 p.m. at the Martha Ann Clubhouse with Mrs. Ross Hemphill, hostess.

The Acacia Study Club meets at 3:45 p.m. at Martha Ann Club for installation of officers. Mrs. Harold Rogers, hostess.

WSCS of the Trinity Methodist Church will hold a general meeting at 9:30 a.m. at the church.

Wolford Circle of the Avenue D Baptist Church meets with Mrs. Jack Jones at 2009 Avenue O.

FRIDAY

Ira Home Demonstration Club will meet at 2 p.m. with Mrs. Roy Sallee, hostess.

Ladies Duplicate Bridge, 9:30 a.m., Country Club.

Verdi's famous opera, "Aida," was first performed in Cairo in 1871.

Brownie Troop Holds Meeting

Brownie Troop No. 9 met at the Girl Scout Hut Thursday afternoon following school.

The group took a course in first aid. Mrs. Spence and one of the mothers served as instructors.

Joyce Aron served refreshments to 12 members.

If you make candy at home often, it's worth having a candy thermometer in the kitchen. If candy is cooked to a higher temperature than necessary, the concentration of sugar will affect the result, if cooked to a lower temperature than necessary the liquid will not be in the best proportion.

Skin under fingernails presents a problem. Often it is rough and discolored. Set routine of cleaning under the nails with a cotton-tipped stick dipped in cuticle remover. Follow this by washing the fingertips and applying hand cream to soften the area. A cotton swab will do this job.

Some women dote on shoes. With some, it's a passion for hats. Whatever your wardrobe shows a leaning toward some particular fashion. Indulge yourself it you can really afford it but don't make your wardrobe top-heavy with any one item if you want to be really well dressed.

Snyder Garden Club To Meet

The Snyder Garden Club will hold their last meeting of the fiscal year Thursday. The group will meet for their annual wild flower pilgramage starting at 9 a.m. at the home of Myrtle and Faye Harrell. Following their meeting their they will journey to the ranch home of Mrs. Frank Miller where a picnic lunch will be held. Each member is requested to bring their lunch and enjoy this day of outing.

Many women sighed with relief when they found it was all right to apply make-up in public. However, it still doesn't look very nice. And wouldn't you rather keep such secrets to yourself?

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Relieves Pain, Stops Itching as it Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all — results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®) — discovery of a world-famous research institute.

This substance is now available in *suppository or ointment form* under the name *Preparation H.®* At your druggist. Money back guarantee.

MISS STARR HONORED—Miss Janice Starr, center, is pictured with some of the hostesses at a gift tea held Saturday afternoon at the home of Mr. and Mrs. Wayne Pevey, 1903 Coleman, in honor of Miss Starr. From left are Mrs. Parris McPherson, Mrs. L. G. Gordon, mother of the prospective groom, Ray Gordon, Miss Starr, Mrs. N. O. Starr, the bride-to-be's mother and Mrs. Pevey. Another hostess, Mrs. Rex Miller, was unable to attend. (Lee Watson photograph)

Try Honey For Appetite-stopper

Candy doesn't always have to be a mere appetite-stopper. It can add needed nutrients to your diet if you chose it carefully. This is especially true if you make the candy yourself — and that is not as hard as it sounds.

Consider the case of honey and dates, two of the most healthful foods your grocer has to offer. Separately these foods are sure to satisfy your sweet tooth; together they combine into a most delicious confection.

These honey-date candies take no cooking, eliminating the need for a candy thermometer. There is none of the risk of failure that attends the making of most candies, for the directions are simple and foolproof.

And most important, you know when you offer your family a honey-date candy that you are offering them a chance to enrich their daily diet.

First, start with the dates, and slit them on one side with a sharp knife. Remove the pit and fill with one of the following fillings:

DRIED APRICOTS AND HONEY

Put ½ cup dried apricots and ½ cup walnuts through fine knife of a food chopper. Add ¼ cup honey and blend well.

PEANUT BUTTER AND HONEY

Combine ¼ cup peanut butter and 2 tablespoons honey. Blend well.

NUT-RAISIN HONEY

Put ½ cup seeded raisins, ½ cup brazil nuts through food chopper using fine knife. Add honey to moisten. Blend well.

You will note that honey serves as the binding agent in all these recipes. It also points up the flavor of the ingredients it accompanies, and keeps the candy moist and fresh for a long time.

This is an all-season candy idea. Good in the summer as a quick-energy lift, good in the fall, and available during all the winter, honey-date candies can become your favorite party stand-by.

Squaw Skirt Tops For Teens

WHEN THE MUSIC changes from rock 'n' roll to "Turkey in the Straw," a smart girl will stitch up a gay square dance outfit, heavy with yards and yards of glittery trim.

The squaw skirt, with its tiered construction, is a favorite for square dancing, especially when it is teamed with a flattering scoop-necked blouse with gay peasant sleeves. You can select an easy standard pattern and whip up an outfit in an afternoon.

Local sewing center experts suggest teaming brilliant turquoise cotton with rickrack and trimming in tones of black, gold and rose, for a festive summer outfit. Edge each tier of the skirt with several rows of trimming before stitching it to the next tier. Use more rows of trimming as the skirt gets fuller until there's a full six-inch band at the hemline. The newly developed metallic rickrack adds important glitter.

The full puff sleeves of the blouse are half-lined with light-weight pellon, to keep them perky.

Bitter With The Sweet

Bountiful rains, which in turn mean lush vegetation, are a pleasant sight to West Texans. But these pleasing developments are tempered somewhat by problems they present, especially in the form of insects, and later in the season, fire hazards.

Insect depredations have long been a sore problem with man. Although it is difficult to arrive at an accurate figure on their cost to humanity, we were interested in reading the other day that insect damage to field crops and stored grains in the United States amounts to an estimated four billion dollars per year.

The figure for the entire world would be staggering indeed, because people in the United States have modern methods for attacking the problem, which are either unavailable or can be had only on a limited basis in many other parts of the world.

Not all insects are enemies of man, of course. In fact, some of them are vital to human existence, and there again man is presented with a paradox. In ridding his property of the enemies he likely will destroy some friends.

Nevertheless, a moist spring time presents summer time problems that must be attacked, unless man himself is willing to run the risk of losses to property and health.

There's plenty of lush vegetation in our area today, and an equally lush crop of insects is virtually assured as the seasons move along.

We are going to have to put on another clean-up campaign one of these days. Health, safety and the general appearance of our community demand it.

Dictatorships Are Problem For U. S.

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—The cold war against Communist dictatorship of the left makes strange bedfellows for the United States, which preaches democracy but does business with dictatorships of the right.

This is one of the great American dilemmas at mid-century.

The immediate effect may be to limit the spread of communism. The long-range effect can be bad. For example in Latin America which has thrown out seven strongmen since 1955 and has three left. The effect can be bad elsewhere too.

This is why Vice President Nixon — home after being stoned and spat upon in Latin America — has reportedly decided to recommend this kind of American policy in the future:

To be stiff and formal in dealing with Latin-American strongmen but friendly with democratic regimes.

In the meantime this country has close ties with dictatorships abroad. For example: it does business with the Spanish dictator, Francisco Franco, because it wants to keep American bases in Spain.

The United States, anxious to keep the Middle East oil lines open, only last year gave a warm reception to the King of Saudi Arabia, who gathers in all the American money he can for his family. Little trickles down to his people.

Nixon received his worst and most violent treatment in Venezuela. Only last January that nation threw out its dictator, Gen. Marcos Perez Jimenez, who then was given asylum in the United States.

In 1953 Milton Eisenhower, the President's brother, made a Latin-American good will tour similar to Nixon's this year. When he reached Venezuela he announced he was carrying a personal message to Jimenez from President Eisenhower.

That same year in Colombia the U. S. Embassy gave a banquet honoring Milton Eisenhower and the Colombian strongman, President Gustavo Rojas Pinilla. Pinilla was thrown out in 1957.

That same year in Peru Eisenhower and President Manuel A. Odria, military dictator, toasted each other in champagne. Odria was thrown out later.

Here are other Latin-American countries which have rid themselves of strongmen since 1955: Argentina (Juan D. Peron); Haiti (President Paul E. Magloire); Honduras (Julio Lozana Diaz); Nicaragua (President Anastasio Somoza, assassinated).

But the strongmen are still going strong in Cuba (President Fulgencio Batista); in Paraguay (President Alfred Stroessner, military dictator); and the Dominican Republic (Rafael Trujillo).

In the meantime the Communists — blithely ignoring the fact that their regime any place they establish it is a dictatorship — make propaganda against this country for its footsie-playing with dictatorships of the right.

But the American problem goes even deeper. For example, in its desire to keep France in the Western fold it has had to watch the colonial-minded French unsuccessfully try to hold Indochina.

And this country, advocate of democracy and by the very nature of democracy a foe of colonialism, has had to sit on the fence while the French sought to crush the revolt of the Algerian natives.

Author-Playwright Dies In Hollywood

HOLLYWOOD (AP) — Death has claimed F. Hugh Herbert, 60, author and playwright. He died of lung cancer Saturday in Cedars of Lebanon Hospital.

Among his Broadway plays were "Kiss and Tell" and "The Moon is Blue." Both were adapted later to motion pictures.

Mail Reveals News Of Varied Topics

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

That some folks just won't retire . . . there are more than 20,000 men and women over 85 in the United States who still hold jobs.

That if you could leap as well for your size as your cat, you'd be able to jump 90 feet.

That the ladies really are making their mark in the financial world . . . The nation now has more than 10,000 gal bank executives.

That the question asked most often of longtime headliners by their fans is, "How old are you?" . . . Kate Smith is one of the few stars who don't duck the query . . . She doesn't mind admitting she's 49.

That man isn't the only creature who bites his nails under stress . . . Rats will do the same when faced with a problem.

That the newest campus card game craze is called "Nada." . . . it's bridge in reverse . . . You contract to lose tricks.

That for some reason dark haired girls who deliver TV commercials are reported to do a better selling job than blondes . . .

That this ad appeared in a Greenwich Village Gazette: "After years of intensive study for the concert stage, I am prepared to offer my services as an accomplished baby sitter."

That on Feb. 18, 1929, someone paid $625,000 for a seat on the stock exchange . . . For that price today, he could probably by a whole row.

That, according to the Fisherman magazine, cheese makes as good bait for trout as for mice . . .

That one of the world's first wonder drugs was crude oil . . . Ancient Egyptians and Babylonians drank it to cure such diverse ailments as cataracts, coughs, toothaches and shortness of breath.

That pretty Kitty Rothman of the Hotel Edison in New York City believes she is America's tallest hatcheck girl . . . She stands six feet five.

That some 1,125,000 students in 11,273 U.S. high schools are now taking courses in safe driving . . . Wonder how many are studying physics and chemistry?

That the residents of New Orleans eat more veal per capita than those of any other American city . . . and the most veal resistant city is Hungton, W. Va.

That in the 17th Century a Russian Czar ordered that any woman caught smoking be flogged or paraded through the streets with the stem of her pipe stuck through her nose.

That the squirrel's name comes from two Greek words which literally mean, "he who holds his tail over his back to shade himself."

That it was Cyril Connolly who observed, "the true index of a man's character is the health of his wife."

Dog Attacks Young Child

DALLAS (AP)—Audrey Lee Helms, 4, stooped to pet a shaggy black and white dog while visiting her grandparents yesterday.

Before bystanders could rescue the screaming child, her father said, the animal ripped a four-inch wound near her right eye, and gashed both cheeks, her scalp and right shoulder.

The father, Edward Ray Helms, pulled the dog away while his wife snatched up the little girl. They were here from Euless, Tex., to visit the grandparents, Mr. and Mrs. E. L. McQueen.

Police took the dog to the pound for rabies observation and ticketed its owner for a leash law violation.

Light Vote Could Dim Stassen Hope

PHILADELPHIA (AP)—The prospect of a light vote may hamper Harold Stassen's chances of winning the Republican nomination for governor on an independent ticket in Pensylvania's primary election tomorrow.

A light vote in a Pennsylvania primary traditionally favors candidates backed by state political organizations.

Stassen is running against the Republican organization candidate, Arthur T. McGonigle of Reading, head of one of the largest pretzel firms in the country. Williams S. Livengood Jr., former state secretary of internal affairs, also is making an independent bid for the GOP gubernatorial nomination.

Pittsburgh Mayor David L. Lawrence, 68, is the Democratic organization candidate for governor. His chief opposition is Lt. Gov. Roy E. Furman, running on an independent ticket.

Rep. Hugh Scott (R) of Philadelphia is running with McGonigle for the U.S. Senate seat being vacated by the retirement of Sen. Edward Martin (R) next January. Weldon B. Heyburn, former state auditor general, is Stassen's running mate for the Senate. Heyburn has been inactive since he suffered a slight stroke at the beginning of the campaign. Livengood is running alone.

Gov. George Leader is the Democratic state party choice for the Senate nomination. Clarence P. Bowers, Reading battery manufacturer, is opposing him on the Furman ticket.

Stassen, 51, was goveroor of Minnesota three times. An issue during a listless campaign has been his Pennsylvania residence. He also was President Eisenhower's disarmament aide and in 1956 he strongly opposed Vice President Nixon's bid for renomination at the Republican National Convention.

The state GOP leadership looks favorably on Nixon as a 1960 presidential candidate and a Republican governor would wield great influence over the direction the Pennsylvania delegation takes in 1960.

McGonigle, also 51, was tapped by the state leadership as a new face to spark a GOP rally from defeats in the 1954 gubernatorial election and the 1956 senatorial election. He has never run for political office before.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

sports Buckin the Line Wylma

..IT'S GOOD TO BE back in the harness after a three-day venture into "hog" county with the Optimists.

Our trip was made much more enjoyable when we learned Thursday night that the Tigers had wrapped up the District 3-AAA title with a 12-3 thumping of Levelland that afternoon in Lubbock.

Due to previous committments we had to pass up the Tiger-Levelland "rubber" game Thursday. But, we figured the Tigers were on their way to clinching the title after seeing them handle Levelland.

You certainly have to go some to top that relief pitching performance of the Tigers' Tim Roberts in Wednesday's game.

Then Norman Gladson, who Tim had relieved Wednesday, came back the next day to return the favor by turning in a fine relief job himself in the title game.

Neither had gave up a hit in their relief roles, Roberts in three innings Wednesday and Gladson in 3 2-3 innings Thursday. And, during that span, the two combined for 16 strikeouts, eight by each.

Overcame 'Pressure'

Roberts, perhaps, broke Levelland's backs with his relief job Wednesday. The circumstances of which Roberts entered the scene would have been enough to unnerve the most seasoned veteran.

To do a little rehashing, Tim came on with the bases jammed in the fifth inning with no one away and one run already in which had cut the Tiger lead to 3-1. Since the Tigers had lost the first game of the series, they needed this game to keep their hopes alive so the pressure was pretty well stacked on Roberts when he took over.

What happened after that will go down in history in Tiger baseball annals. Tim did nothing but strike out the first three batsmen to face him to get out of the jam he was in when he took over and he then proceeded to retire the side in order in the sixth and seventh innings.

It was a perfect relief performance, retiring nine out of nine faced, including eight by strikeouts. If there was any way to top that, it would have had to been nine strikeouts. But, he got that ninth man on a groundout and there's nothing wrong with that, of course.

Teen Age Sponsore Needed

Ector, the Tigers' bi-district foe, has pulled a "Palo Duro" in the schoolboy ranks, that of winning a district championship in her first year of operation.

Palo Duro of Amarillo, you perhaps recall, won the 1-AAA basketball title three years ago, the first year its doors were opened, and the Dons proceeded to the state championship.

Snyder was a member of 1-AAA the year Palo Duro broke in. The Dons, however, have since moved up to Class 4A.

Another Little League seasons opens tonight and a big program has been planned for the opening night ceremonies.

The Pony League will open a week from tonight.

These two leagues are all set with sponsors and everything necessary to operate a league but there's another local league opening up this year that isn't quite as fortunate.

We're speaking of the Teen Age League.

A total of 74 boys have signed up for the Teen Age League, more than enough for a four-team league but if this league is to operate it must find some sponsors.

There are several prospective sponsors who have gone on record as saying they're interested but who need a little time to "think it over."

A league meeting will be held tomorrow night with the hope that four sponsors will show up.

The league will consist of boys ages 15-16. The league is being formed primarily to give the Pony League graduates a chance to keep playing the popular game of baseball.

If you're a prospective sponsor, you can find out full details about the league at tomorrow's meeting at the high school cafeteria, starting at 7:30.

Little League Season Opens Here Tonight

The 1958 Shyder Little League will open tonight with two games on tap.

Before the games get underway, though, a special ceremony will be held to kick the season off.

All eight teams in both leagues will be suited out tonight and each will be introduced along with their managers and coaches.

The special ceremony will begin at 6 p. m. with the first of the two games scheduled to start at 7.

The White Sox and Indians will clash in the first game, to be followed immediately by the Braves and Giants.

The Tiger baseball team will be special guests tonight.

Joe Williamson will serve as master of ceremonies for tonight's opening program.

Coach Ned Harkness of RPI has seen his lacrosse team beat his brother Bill's Yale eleven six times in 10 meetins.

Texas Teams 1-2-3 In Juco Track Meet

HUTCHINSON, Kan. (AP)—Victoria won its fourth straight title as Texas teams finished in the first three places in the National Junior College Track Meet Saturday.

Victoria scored 72½ points, followed by Cisco, Tex., 47 1-3; Howard County College, Big Spring, Tex., 41; Hutchinson 31 1-3; Wright College of Chicago, Independence, Kan., and Coffeyville, Kan., 20 each.

Tarleton of Stephenville, Tex., placed 13th with 11 points; Paris, Tex., 14th with 10; Arlington, Tex., 15th with 9 and Panola of Carthage, Tex., 22nd with 6.

ELLIOTT BREAKS EXISTING RECORD—Herb Elliott of Australia breaks the tape in the mile run at the Coliseum Relays in Los Angeles, Calif., to smash the existing world record with his time of 3 minutes, 57.8 seconds. He bettered the recognized world mark of 3 58.0, set by John Landy of Australia on June 21, 1954. (AP Wirephoto)

TIGER INFIELD—Pictured is the starting Tiger infield who will take the field tomorrow in the opening game of the bi-district series with the Ector Eagles of Odessa at Towle Park. From left to right, they are first baseman Jimmy Allen, second baseman Kenny Drake, third baseman David Hale and shortstop Gary Vice. (Lee Watson photograph)

Tigers, Ector Open Bi-District Series Here Tomorrow At 4

Snyder and Ector of Odessa open a best-two-out-of-three bi-district series tomorrow afternoon at Towle Park, starting at 4.

The host Tigers are champions of District 1-AAA while the visiting Eagles are the 2-AAA champs.

Second game of the series will be played Thursday at Odessa. If a third game is necessary, it will be played at Odessa Friday.

The Tigers won the 1-AAA crown by beating Levelland, the only other team in the district, two games to one. Ector swept to the 2-AAA crown with a 7-1 record.

Season records show the Tigers are all even at 14-14 while the Eagles have an over all season mark of 8-7.

Tiger coach Speedy Moffett was undecided today on his starting pitcher for tomorrow's series opener with Ector.

In all likelihood it will be Norman Gladson (6-5) or Tim Roberts (3-5) but Moffett indicated it could even be any other member of his staff, John Weaver (2-1), Dick Hayes, (2-2) or Terry Lee (1-1).

Ector is expected to counter with Mike Kropp (2-4) or Bennie Gibson (6-3). Kropp, a big fellow is likely to start since he is stronger than Gibson and could come back easier on Thursday or Friday by starting tomorrow than Gibson could it he starts.

Kropp is also the team's leading hitter with a healthy .550 mark. He will start in left field if he doesn't pitch.

Freddie Gardner, the Eagles' starting rightfielder, is the second top Ector batsman with a .456 mark. All other Eagles are under .300 in hitting.

Following are tomorrow's Ector starters with batting averages:

ECTOR

Doyan Dugger, c, .240
Gary Everett, 1b, .261.
Don Boyles, .250, or Gayle Courtney, .250, at 2b.
Wayne Boyles, 3b, .261.
Lou Lewis, ss, .200.
Mike Kropp, .550, or Bennie Gibson, .222, at lf.
Bobby Gillham, cf, .192.
Freddie Gardner, rf, .456.
Kropp (2-4) or Gibson (6-3), pitcher.

Austin Hikes Lead To 3 1-2

By The Associated Press

Austin is showing little consideration for the Texas League these days: It's trying to win them all and make the race a shambles, cutting further into the sagging gate.

The Senators have taken 11 of their last 13 games, starting the spurt when they finally managed to climb on top. Now they're 3½ games ahead of the field, and if somebody doesn't do something quick it'll be a two-division race—Austin in one division, and the remaining seven clubs in the other.

Tulsa is striving to do something. The Oilers have won six in a row and Sunday pulled into second place ahead of San Antonio.

Austin beat Victoria 5-1, Volleying 14 base hits and getting steady pitching from Georges Maranda, who gained his fifth triumph.

Tulsa whammed San Antonio twice, taking the first game 9-5 beind six fine innings of relief pitching by Earl Hunsinger.

Yankees Running Away With AL

By JACK HAND
The Associated Press

Bring back the old split season. That's what the American League ought to be yelling today as they look at the fast-widening gap between the streaking New York Yankees and the rest of the field.

Six straight Yankee victories and 10 in their last 11 games put Casey Stengel's gang almost out of telescope range with a 19-5 season record. Only one other club is playing better than .500 ball—Kansas City. That A's pulled into second place with a 13-12 won-lost record but they're struggling, 6½ games back.

Unless somebody can trip the Yanks on their first Western trip, this pace could kill off interest in the league.

The Yanks knocked over Washington twice Sunday, 5-2 for Sal Maglie and 3-0 behind Bob Turley. Duke Maas boosted the A's into second place with a 2-0 two-hitter against his former Detroit mates.

Dick Gernert hit two home runs and Jackie Jensen a tremendous three-run 450-foot drive in Boston's 8-4 victory over Baltimore. Cleveland swept a pair from Chicago 7-4 and 10-6, winning the first in the 11th on Rookie Carroll Hardy's three-run homer.

In the National League, the San Francisco Giants took over first place with a double victory at Chicago 7-3 and 4-0.

Cincinnati knocked Milwaukee out of the lead 11-7. Philadelphia made it a clean sweep of their four-game set with Pittsburgh downing the Pirates 6-4 and 6-2. St. Louis chased Los Angeles 6-3 in the first game but the Dodgers got even with a 4-0 shutout by Carl Erskine.

Turley's shutout was his fourth in six winning starts, all complete games. His earned run average dropped to 0.83 per nine-inning game over a stretch of 54 innings.

Maglie slugged a three-run homer, his first in the American League, in the opener. Ryne Duren bailed him out of ninth-inning trouble. Mickey Mantle also homered.

Detroit's only hits off Maas were a single by Charlie Maxwell and a pinch triple by Charlie Lau. Paul Foytack was the loser, yielding both runs in the second.

Gernert drove in four Boston runs with his two homers and a double while Jensen added three singles to his long homer. Frank Sullivan was the winner over Billy Loes.

Rookie Carroll Hardy was sent up to bat for Roger Maris in the 11th at Cleveland when Chicago changed from a right-hander to lefty Bill Pierce. Gary Geiger and Minnie Minoso were on base when he drove Pierce's pitch into the left field stands. Ray Narleski was the winner over Jim Wilson. The Indians came back to take the second after spotting the Sox four runs in the first inning with Don Mossi taking the decision.

Snead Wins Own Tourney In Playoff

WHITE SULPHUR SPRINGS, W. Va. (AP) — Sam Snead, having staved off an assault on his castle by a promising young aspirant to golf's throne, turned his mind again today to the one major title that has eluded him—the U. S. Open.

Snead, who will be 46 next week, was carried five extra holes yesterday before he warded off 22-year-old Gary Player of South Africa in the Snead Festival.

Player gave two of golf's best, Snead and Ben Hogan, fits throughout the tourney before succumbing. He played seesaw with them for the first three rounds of the regulation 72, and then tied Snead at the end.

He lost out on the fifth sudden death playoff hole when he couldn't make a five-foot putt. Snead, who had blown two short putts on the second and fourth, made his from a yard away to win.

It was the fourth time in 11 of the tournaments on the course where he has been pro for 21 years that Snead has won the $2,300 first prize.

His 72-hole score of 264, equaled by Player, was only one stroke higher than the best Snead has ever shot in a pro career dating back to 1934. He recorded 263 in winning the 1951 tourney here. Par for the route is 280.

Hogan, also preparing for the Open next month in Tulsa, where he will try for a record fifth championship, pulled up in third place with 265.

He and Snead started the last round deadlocked one stroke better than Player.

Maxwell Bags Memphis Title

MEMPHIS (AP)—A sandy-haired Texan who polished his golf on the hardpan courses of the Southwest fired a cluster of clutch birdies Sunday to win the $20,000 Memphis Invitational.

Billy Maxwell, a former National Amateur champion now playing out of Odessa, Tex., capped his 5-under-par round with a birdie on the 18th that gave him top money by a stroke.

Maxwell finished the 72-hole medal play tourney over the 6,700-yard, 34-36—70 Colonial Country Club course with 69-65-68-65—267. That was good for $2,800 cash and another $1,000 when he appears at the Tournament of Champions in Las Vegas.

SF TAKES NL LEAD

Giant Flag Bid Getting Serious

The Associated Press

The time has come to take seriously the dashing play of the San Francisco Giants.

Johnny Antonelli and Stu Miller pitched the Giants into the National League lead yesterday with back-to-back complete games in Chicago. Left-handed Johnny held the Cubs to five hits in the 7-3 opener and slow baller Miller, who failed to finish a game in 13 starts a year ago, threw a three-hitter, 4-0, in the second game.

Cincinnati's 11-7 blackjack job on Milwaukee left the Giants on top by one full game but only two percentage points.

Philadelphia may have exploded the Pittsburgh bubble, completing a four-game series sweep by knocking off the Pirates 6-4 and 6-2. Jack Sanford, 1957 Rookie of the Year, and Ray Semproch, who may be a 1958 candidate, did the pitching job. Semproch went all the way but Sanford needed help from Dick Farrell.

Carl Erskine stopped the Los Angeles spin for at least one game when he shut out St. Louis 4-0 to gain an even split for the Dodgers. The Cardinals won the first game 6-5 on Ken Boyer's grand-slam homer, their 10th victory in 11 games.

Danny O'Connell, Willie Kirkland and Jim Davenport were the big men for the Giants at Chicago. O'Connell had two triples in the first game and a single, double and triple in the second. Kirkland drove in three runs in the first game with a single and triple and added two more singles in the second. Davenport had three hits, including a pair of doubles, in the second.

Antonelli held the Cubs hitless for five innings until pinch hitter Bobby Adams slammed a triple to open the sixth. The Cubs hit only six balls out of the infield on Miller's slow stuff.

George Crowe and Dee Fondy hit home runs for Cincinnati, where Bob Purkey finally sneaked in with a 13-hitter. Lew Burdette was chased by the Redlegs. Purkey gave up two homers to Joe Adcock and one each to Johnny Logan and Eddie Mathews.

A beaning controversy flared in the fourth when Frank Robinson was hit by Milwaukee's Dick Littlefield. The pitcher was warned. A similar rhubard had developed Saturday night when two Braves were hit by pitched balls.

Boyer homered for the Cardinals in the first inning of the first game off Fred Kipp after fouling eight pitchers on a 3-2 count. Rube Walker and Johnny Roseboro homered for the Dodgers in the first game, Gil Hodges and Charlie Neal in the second.

Chuck Essegian and Rip Repulski hit home runs for the Phils while Dick Groat and Frank Thomas homered for the Pirates in their first game. Harry Anderson led the Phils' 13-hit attack in the second with a home run and two singles.

Boyer Breaks Out Of Slump With A Bang

ST. LOUIS (AP) — Ken Boyer banged out of a batting slump with a grand-slam homer and four singles for the St. Louis Cardinals, then sounded this warning for National League pitchers:

"I have a lot more good days coming."

The big Cardinal third baseman said he never lost his confidence during his slump. National League pitchers never lost their respect for Boyer either.

But the fact was that Boyer owned a lowly .185 average before his big 5-for-8 day against the Los Angeles Dodgers yesterday. This hiked his average 42 points to .207.

His grand-slam homer proved the difference in a 6-5 Redbird victory in the opener. One of his singles in the second game was a vicious line drive off the right field screen.

A gifted natural athlete, the muscled, 6-foot-2 Boyer, 26, has become the most-analyzed member of the St. Louis team.

This is because he was one of the game's top sluggers with 20 homers and 60 runs batted in through the first half of the 1956 season when the Cards tagged him as the National League's answer to Mickey Mantle of New York. Then his slugging fell off and the analysts went to work.

The criticism of Boyer died down as he hit well in spring training, but rose to a new high as he started slowly this season.

"I lost the ball out in Los Angeles," Boyer said. "I kept getting too far out in front of the ball, lost the touch, and went 0-for-18."

Manager Fred Hutchinson benched him in the Milwaukee series and he took extra batting practice, arriving an hour earlier than the other players every game.

The extra work paid off. Boyer regained his batting eye, but the slump hung on — all his line drives, it seemed, were going right at someone.

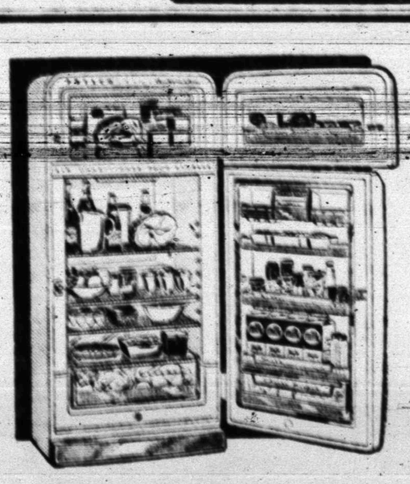

Boyer kept battling and his teammates encouraged him.

Then came his first big day of the season.

Boyer has averaged 21 homers, 74 RBIs and batted .279 through his first three seasons in the majors.

SNYDER BUSINESS NEWS

PICK & PAY IS FAMILY OPERATION—Mr. and Mrs. Marcel Josephson, owners of Pick & Pay Grocery at 411 East Highway, are pictured above with daughters Barbara, left, and Fredrica, who assist with operation of the firm. (Lee Watson photograph)

Many Special Food Items Are Featured At Pick & Pay

Snyder has many fine grocery stores which have a good line of general merchandise, but there is one which is outstanding in its featuring the things which are not found in an ordinary grocery store, as well as the regular staple groceries.

That store is the Pick & Pay Grocery, 411 East Highway, which is becoming more popular because shoppers can get the party items they need, as well as their regular weekly grocery needs, all in one stop.

Mr. and Mrs. Marcel Josephson, owners of the store, spend much of their time keeping up with the latest items available in party items and fancy foods, while at the same time keeping their shelves stocked with all the regularly-used canned goods and other items.

And Pick & Pay's meat department is well-known not only for its best quality fresh meats but for its extras. Meats are cut to the customer's special needs.

There are many things found at Pick & Pay which are not found in many grocery stores. Included are:

Richelieu and Reese high-quality canned goods, including assorted cheese dips and other dips, canape spreads, a good assortment of salad dressings, a big variety of peppers ranging from mild Italian to the imported stuffed jalapino, mushroom steak sauce, stocktail salami, cocktail franks, lobster, tongue, spiced green and red pears pickled peaches and crab apples.

A variety of Crest Farms foods, including pickled carrot stocks, cauliflower, green beans, and okra.

A number of Kosher meats, including vienna, beef sticks, salami, pastrami, and knackwurst, as well as corned beef cooked by Josephson.

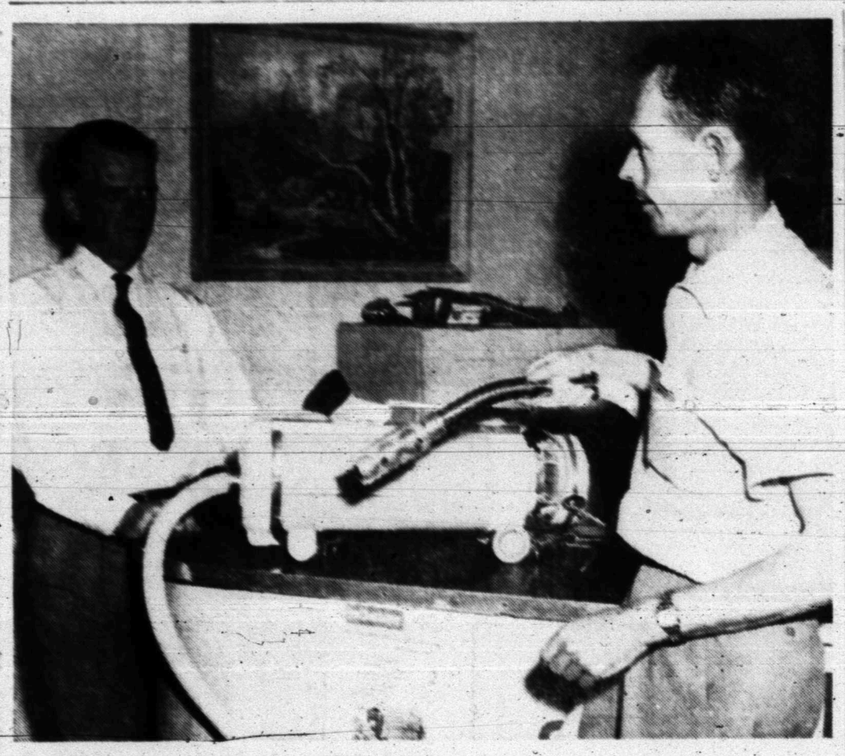

In the meat department are such things as fresh fish every weekend, fresh shrimp and oysters in season, homemade chili and barbecue daily. Marcel bakes and decorates hams on order and cooks shrimp on order. He makes Kosher pickles. The store has a complete line of frozen foods.

Recently added to the store was a complete new line of assorted bread stocks which promises to be a favorite with Snyderites, and these include French sours, sesame, carraway, onion, garlick, and cheese breads.

The store has for some time stocked fresh novelty breads such as pumpernickle, rye, French, egg twist, and others. Also featured are Mrs. Black's homemade cakes and pie crusts.

Whatever the need, whether it is in the specialty line or in staple groceries or the drug lines, it can usually be found at Pick & Pay. Even ice is available at the store.

The store is open seven days weekly, from 6:30 a.m. to 9 p.m. Buccaneer Stamps are given with purchases.

ELECTROLUX CLEANER DEMONSTRATION—Milton M. Mapes, right, is showing the Rev. Murphy Barnes how the new automatic Electrolux vacuum cleaner will pick up three one-pound steel balls with its extremely high vacuum. Mapes is the authorized sales and service agent here for Electrolux vacuum cleaners, and offers complete parts and service for all types of cleaners at his firm located on the Big Spring highway. (Lee Watson photograph)

Mapes Offers Sales, Service For Electolux Cleaning Units

Mrs. Housewife, have you ever vacuum, it automatically stops vacuum cleaned your carpets or running, and the lid over the bag upholstered furniture only to find pops open so that you had actually not cleaned do is empty the bag if it uses the dirt and dust from it, but had merely cleaned the surface without getting the deep-down dust and dirt out?

Whether you knew it or not, you have probably had just that experience with the sad result that the carpets and upholstered furniture had to be vacuumed again the next day.

M. M. Mapes, owner of the L & M Cleaners and the M. M. Mapes radio and television service and authorized agent here for Electrolux vacuum cleaners, said that many cleaners do not pick up dirt and sand, but rather drive it deep into the pile of the carpet after they have been used for a few minutes.

Reason why the unit stops picking up dirt and sand is that the bag, either cloth or paper, in the unit has become stopped up so that the unit loses its vacuum and stops picking up dirt and sand.

"Any cleaner which uses a bag to catch the dirt and sand will stop up when the inside of the bag becomes coated with dust particles, and of course, it then can not continue to operate properly," he said.

"Even the new automatic Electrolux vacuum cleaner does the same thing, but when it loses its attachments for other cleaners do," he said.

"Electrolux is the only fully automatic vacuum cleaner, and the only one which will not operate unless it is doing the proper cleaning job," he added.

When the bag in any other cleaner stops up you do not do a cleaning job, but merely drive or beat the dirt and sand deep into the pile of the carpet or furniture — down where it will do the most harm in cutting the pile off, he said.

Mapes offers complete sales and service as an authorized factory agent here for the Electrolux cleaner, and also offers complete parts and service for all other types of cleaners.

His firm is located in the same building with the L & M Cleaners and the M. M. Mapes radio and television service firm at Forty second Street and the Big Spring highway.

Prices on the new Electrolux cleaners begin at $48.30. The fully automatic model is $119.88, and can be purchased at $10 down and $10 per month.

"The automatic Electrolux has only two attachments to do all household cleaning chores, but they are so versatile that they will do all the cleaning jobs that a wide

Soviet Film Wins Award

CANNES, France (AP)—The new Soviet cultural offensive has won the Soviet Union her first top international film award. The Moscow offering, "When Storks Fly," took the Golden Palm at the Cannes Festival.

The film, a nonpolitical romance of war-separated lovers, won the unanimous nod of a jury headed by French playwright Marcel Achard for its "artistic and humanitarian qualities. Director Charles Vidor was the American representative.

The only U. S. winner of a festival award was Paul Newman, named top actor for his performance in the American film version of Nobel Prize-winning William Faulkner's "Long Hot Summer." Newman is now in Hollywood. The female acting award was divided among women taking part in the Swedish entry "At the Threshold of Life"—a story of childbirth.

Two Scurry County Men Finish Training

Two Scurry County men have graduated from recruit training at the Naval Training Center in San Diego, Calif.

They are Bobby J. Marchbanks, son of Mr. and Mrs. C. A. Marchbanks, route two, Hermleigh and Charles E. Patterson, son of Mr. and Mrs. H. W. Patterson of Snyder.

The graduation exercises, marking the end of nine weeks of "boot camp" included a full dress parade and review before military officials and civilian dignitaries.

65 Persons Are Killed In Plane Crash

CASABLANCA, Morocco (AP)—Sixty-five persons died in flames yesterday when a Belgian Sabena airliner crashed while landing for repairs to a bad engine. Many of those killed were returning from vacations and visits to the World's Fair in their native Belgium.

Only four passengers escaped through a hatchway before the plane exploded in flames. At least eight of the dead were children. No Americans were listed on the manifest.

It was the worst crash in the airline's history.

The four-engine DC6B had taken off from Brussels with the Belgian Congo as its final destination. Heading south from Portugal, the pilot radioed that one of his engines was vibrating and he planned to land at Casablanca for repairs. He jettisoned gasoline before reaching Casablanca's Cazes Airport.

Eyewitnesses said the plane's approach was bad. The pilot gunned the engines but the big ship did not respond. It missed the runway, plowed through a building and came to a stop against another airport structure.

Inside the plane, passenger Edouard Pilaet ripped off his seat belt and opened the door. Three others followed him out. Then the plane blew up.

Pilaet was badly burned but expected to live. One passenger, Jacques Genier, was not even kept at the hospital.

Ex-OWI Chief Davis Dies

WASHINGTON (AP) — Elmer Davis, long-time radio-TV news analyst, died yesterday of the effects of a stroke he suffered two months ago. He was 68.

Davis, a white-haired Hoosier, had been relatively inactive since a heart attack five years ago.

He interrupted his broadcasting work during World War II to serve as chief of the government's Office of War Information. In addition, he wrote novels, short stories and essays, and worked for the New York Times for 10 years.

Davis classed himself as a liberal and he helped found the Americans for Democratic Action in 1947. That organization was winding up its 11th annual convention here when Davis died at George Washington University Hospital.

'Boom' Refuses To Come When Desired

DAYTON, Ohio (AP) — When you want to do it, sometimes you can't. That was the case at Patterson Air Force Base here yesterday during a display of military equipment in connection with Armed Forces Day.

With an estimated crowd of 120,000 persons watching, an Air Force jet pilot tried to create a sonic boom, usually resulting from a plane exceeding the speed of sound. The military generally tries to avoid such booms because of property damage they may cause and also adverse public opinion.

A TF100F jet dived at 900 m.p.h. It pulled up sharply. Soom. But no boom.

Junior Editors Quiz on LIGHTNING

QUESTION: What makes lightning?

• • •

ANSWER: Ancient people believed lightning was caused by their gods. The Greeks often pictured Jupiter with a handful of thunderbolts, ready to hurl at his enemies.

Now, we know that rain clouds are charged with electricity. Lightning is like a great big spark. When a rain cloud nears the earth, an opposite charge of electricity builds up on the ground. These two charges of electricity are like two enemies who want to fight. But the air holds them apart. Finally, the strain becomes so great that the air gives way and the two charges of electricity collide. This is when a flash of lightning occurs.

The air is pushed aside so hard by the lightning that it forms a great air wave which rumbles. This is thunder.

• • •

FOR YOU TO DO: You can make lightning of the smallest kind—a spark—with a piece of fur and a glass or metal rod. Rub the rod for several seconds with the fur. Then, touch the rod to a piece of metal and you will have a tiny spark.

• • •

(The $10 award for this question goes to Stanley Mattoon of Visalia, Calif. Mail your question on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. Tomorrow: What makes Saturn's rings?) 5-19

978 fabulous prizes—

978 Fabulous Prizes will be given away in this exciting contest to thank everyone for making Baldridge their family favorite.

There's no guessing about Baldridge's widespread popularity—because Baldridge products are enriched with only the very best ingredients to provide the healthful nutrition your family needs.

All you have to do—

*All you have to do is get a free entry blank from your grocer, and on it complete the following statement "I prefer Baldridge's Bread because..." and write your estimate of loaves sold during 1957 by your local Baldridge Bakery and other members of Quality Bakers of America Cooperative, Inc. throughout the country. (Hint: the correct answer for 1956 is shown on the entry blank—also be sure to read the contest rules.) Contest closes midnight May 24, 1958. Hurry, get your entry in today!

You can win in this big BALDRIDGE'S CONTEST
