Nothing to Brag About

Erickson Finds Wheat Fields In Generally Good Condition

Crop reporter A. W. Erickson, who visited the Perryton area last week on a crop checking tour, found the wheat in good condition for this time of year, with fairly good subsoil moisture for the wheat that was up and growing. Subsoil moisture in fields of grain sorghum stubble was generally very shallow and his report stated that plenty of moisture will be needed on these fields to make a wheat crop.

He checked 13 fields near Perryton and found them 52 per cent of normal, using a 20 bushel crop as normal. Moisture penetration ranged from 6 inches on milo stubble to 34 inches on fallow land.

Again he checked wheat fields 24 miles south and found them 61 per cent of normal, with a moisture penetration of 20 inches.

Winter wheat in the Plains area is in three positions, says Erickson. First is the wheat seeded at the right time, which emerged with good stands. There is very little of this. Second, wheat with delayed germination due to a dry surface or delayed seeding due to the same condition. This has now ample moisture to promote germination, he says.

Third, the same condition, except it is wheat sowed in maize ground and has no subsoil moisture. Maize completely exhausts all available moisture and all this ground has now is about a 6-inch penetration from the last two moisture periods, Erickson says.

In the White Deer area, young wheat plants are declining and some fields have been reseeded. Much of this was on summer fallowed ground where moisture was apparently ample, and Erickson has no theory as to

People's Chapel Revival to Open On November 25

Dr. and Mrs. Val Cloud, a dynamic evangelistic team, will come to The People's Chapel for a Thanksgiving Revival Campaign beginning Sunday, November 25.

The Clouds come to Perryton from Canada, where they have been in successful revivals with some of Canada's leading church groups.

Mercedes Cloud, wife and assistant of the evangelist, is the musical director of the Cloud campaigns. Her vibra harp numbers are a feature of the services. There will be solos, duets, trios, quartets and octets. In fact, the services will be framed in music from beginning to end, according to the pastor of The People's Chapel, Rev. Calvin Cook.

The pastor and Mrs. Cook will assist in the services, along with the Chapel Chorus.

Services begin at 7 p. m. on Sunday evening and at 7:30 p. m. on week nights. Everyone is invited.

Herald Will Publish Letters To Santa Claus

Santa Claus letters written by children of Ochiltree and adjoining counties will be published in the Herald again this year. Every child in the area is invited to write a letter to Santa and send it to the Herald, where it will be printed in the December 13 issue, before Christmas. Letters should be written early and addressed to Santa Claus in care of the Ochiltree County Herald, Perryton, Texas.

Plan Bazaar

The Catholic Social Club will sponsor a bazaar, Saturday November 24, beginning at 10 a. m. at Hergert's Flower Shop.

Champ Fisherman Has Prize Catch

Johnny Jines of Perryton, who won a handsome trophy last year for catching the biggest catfish at Possom Kingdom, has outdone himself this season. Last year he brought home a 47-lb. catfish, but Sunday night he came in with one that weighed 65 pounds. The fish was caught on a trot line and it took Jines and Bob Rogers of Graford, Texas, to land it. The Herald took a photograph of this prize fish Monday morning, but a sad thing happened. In processing the negative, it became stuck to another negative, with the result that where the fish should be in the picture, there is only a black spot. However, we'll be glad to furnish Jines an affidavit that the fish was actually that large.

Lions to Sponsor Christmas Home Lighting Contest

The Perryton Lions Club voted Tuesday to again sponsor the contest for the best decorated homes in Perryton during the Christmas season. Homes will be judged on originality and nighttime beauty of decorations.

First prize will be $25; second, $15; and third, $10. Several years ago the Lions Club staged the first home decoration contest.

Those interested in the decoration contest should contact Jerome Woods, Sam Hergert or Paul Loftin.

Rangers Open Cage Practice

Coach James Peterson issued the Ranger basketball squad their equipment Tuesday afternoon and informal practice sessions were held Tuesday and Wednesday. Official practice sessions will open Friday night, November 30, when the Rangers and Rangerettes go to Balko.

Lettermen back for the team include B. R. Pletcher, Laurel Lovett, Don Dietrich, Charles Pattison, Bill Johnson, Verle Downey, Donald Cooper, Dick Haar, and Clifford Kauffman.

Ten Men Go for Physicals Today

Ten men from Selective Service Board No. 99 will go for physical examination next Tuesday, eight of them married men without children, reports Mrs. Norma G. Phelps, clerk of the board.

The men to be sent Tuesday are Richard Bryce Elkins, 25, Canadian; Billy Malcolm George, 25, Canadian; William Leroy Baker, 24, Perryton; Robert Benjamin Williamson, 24, Follett; John Wilford Dykes, 24, Booker; Hubert Floyd Hill, 24, Farnsworth; Edwin Koch, 24, Darrouzett; John Lewis Ramsey, 24, Canadian; Olen Ray Smith, 24, Perryton; Kenneth Edward Evans, 24, Spearman.

New Chamber of Commerce Directors Are Announced

Installation to Be Held On December 13

New directors of the Ochiltree County Chamber of Commerce have been determined, after a tabulation of ballots in the annual election Saturday. The new directors, three from Perryton and two from the rural areas, met with the holdover members of the board Monday night.

As new city directors, Virgil Castle, Giltner LaMaster and Alton Witt were chosen. Audie Conley was elected from precinct 3 and Lawrence Ellzey was elected from precinct 4.

The board of directors will meet on December 3 and elect a president and vice president for the coming year. All officers will be installed on December 13, the date that Martin Dies speaks at the school auditorium.

Holdover members of the board are I. R. Buchanan, Wesley Bryan, Ivan Day, James Pitts, Harold Simpson and J. H. Stephenson. Retiring directors are John Sammons, Keith McLain, W. H. Lance, F. B. Sumpter and H. B. Urban.

Irvin Buchanan has been named chairman of the program committee for the annual installation of officers.

Sheriff's Sale Set November 30

Notice is made of a sheriff's sale to be held on Friday, November 30, of the equipment of the Leslie Bread and Pastry Shop.

The sale, which will be held at the bakery building, 318 South Main, will dispose of office fixtures, bakery machinery, two delivery trucks and many other miscellaneous items.

The sale is being held to satisfy a judgment of $4,615.25 held by the First National Bank of Perryton.

WONDER DOG—This pooch doesn't look like much right now, but after all, she's only nine weeks old. This is "Dutchy", a Weimaraner dog, which has been bred in Germany for 150 years. The Weimaraner can point, retrieve, trail, and will hunt and fight anything from a rabbit to a bear, they say. This is the first Weimaraner in this area, and she is shown above with owner Dan G. Ellis.

Jack Mitchell of Texas Tech To Speak at Football Banquet

Jack Mitchell, former All-American quarterback with the Oklahoma Sooners and now backfield coach at Texas Tech, will be the principal speaker at the annual Ranger Club football banquet honoring coaches and players of the 1951 Ranger Team.

The banquet will be held Monday night, December 10, at the Hotel Perryton Coffee Shop. Mitchell will bring with him a film of a Texas Tech game this season.

Tickets for the event have been distributed to members of the squad, and fathers of the players will have first chance at the tickets, according to Mason Anderson, president of the club. Tickets for others will be placed on sale December 1 at the Burk Drug.

Along with the banquet will be held the annual election of officers for the Ranger Club, presentation of gifts to the coaches, and announcement of the annual Ranger Fan, chosen by members of the football squad.

Present officers of the Ranger Club, in addition to Anderson, are Alton Witt, vice president, Miles Edwards, secretary. The committee in charge of banquet arrangements is composed of Alton Witt, Bill Holdeman and V. R. Coon.

There are 49 boys on the Ranger A and B squads this season. Of this number, six will be lost through graduation and over age.

Theft Charges Filed Against John Layne

John P. Layne, 35, was arrested in Barstow, Calif., last Wednesday and has been brought back to Perryton to face charges of automobile theft. Layne is alleged to have stolen a 1941 DeSoto car belonging to Burl Schollenbarger, who signed the complaint against him on November 7.

Sheriff Ray Phagan went to Barstow after Layne last Friday and returned Monday night. Layne is lodged in the county jail.

Layne has been in Perryton for several weeks before driving the Schollenbarger car to California, Phagan said. While here he engaged in several business aetivities and at one time negotiated to purchase the drive-in restaurant east of Perryton.

Layne had been on a deal to buy the car from Schollenbarger, Phagan said, and was using the car with Schollenbarger's permission, with the understanding that he was not to leave town with it. After Layne disappeared with the car, Schollenbarger filed the complaint. The DeSoto was stored in Barstow when Phagan brought Layne back to Perryton.

CHRISTMAS SCENE—The Sorosis Club will have a Christmas Nativity scene at the city park this year, and a local group has been working on the props for the scene. Shown in the above picture, left, is Mrs. Bluford Johnson and in the background are Mrs. Harold Hudson and Mrs. J. A. Russell.

Martin Dies Is Outspoken Foe Of Communism

When Martin Dies of Lufkin, former chairman of the Un-American Activities Committee of Congress, speaks in Perryton on December 13, he is expected to flail Communism, a topic which many speakers today also choose. But Martin Dies makes a different kind of speech, one which has the ring of truth, because he is one of the few men in America who has devoted years to the study of and the fight against Communism. He is being brought to Perryton by the Chamber of Commerce.

Dies is a speaker of power and dynamic force and is an international figure because of his activities in exposing Communists in the government. There is

Services 11 a. m. each Sunday
Public Cordially Invited

That God, Soul, not matter, is the real life of man will be stressed at Christian Science church services next Sunday. The subject of the Lesson-Sermon is "Soul and Body." At the outset the Golden Text states, "Know ye not that ye are the temple of God, and that the Spirit of God dwelleth in you?" (I Corinthians 3:16).

Selections from the Bible will include the following: "And when he was demanded of the Pharisees, when the kingdom of God should come, he answered them and said, The kingdom of God cometh not with observation: neither shall they say, Lo here! or lo there! for, behold, the kingdom of God is within you" (Luke 17:20,21).

From the Christian Science textbook will be read this comforting assurance: "If God, who is Life, were parted for a moment there would be no divinity reflected. The Ego would be unexpressed, and the Father would be childless,—no Father. But man cannot be separated for an instant from God, if man reflects God. Thus Science proves man's existence to be intact" (Science and Health with Key to the Scriptures, by Mary Baker Eddy, page 306).

Fire Comes To Firemmen

MISSOULA, Mont. (AP)—A fire came to the fire station here.

Unable to dump a load of garbage set ablaze by hot ashes, a garbageman raced his truck three miles from the city dump, rushed into the fire department and said he had a fire right outside.

Firemen opened the station door, started the engine of a fire truck and with a booster line extinguished the blaze.

"The garbageman went back to the dump with a load of water," a fireman said.

Motorists Getting Worse

DENVER (AP)—A man who has driven a million miles on Colorado highways in 25 years says roads and automobiles are improving, but motorists are getting worse.

George C. Walker retired this year as chauffeur for Colorado's highway engineer.

"Drivers have got faster cars and they get impatient," he said. "They always want to get ahead of somebody. It's no wonder they have accidents."

How many miles away is the house across the street?

Maybe they've just moved in. Maybe they've been there for quite a while—but your good intentions to get together just never seemed to materialize.

Whatever the case, isn't there someone in your neighborhood—maybe right across the street—with whom you ought to be a little friendlier? Someone who—as far as human relationships go—is miles away from you?

Why not bring your family and theirs closer together by asking them to come to church or synagogue with you this week?

Anyone who has ever experienced that invitation will tell you how warm and friendly it seems in a strange town or a new neighborhood.

So never hesitate about asking a friend or neighbor to church. These days, more than ever, it is the sign of a good American, a good neighbor, and a good person to have for a friend.

Take someone to Church this week . . . you'll both be richer for it

He likes his work and says he may become a 30-year man like local Santa Fe agent, R. L. Smoot.

Law Violations Abound During Hunting Season

AUSTIN—Law enforcement, a vital routine for the main fall hunting seasons, was spotlighted with the disclosure that $8,462.98 was collected in fines and court costs during October.

The Chief Clerk of the Game and Fish Commission pointed out that several of the major cases involved illegal shooting of deer and wild turkey, which become legal prey November 16.

Fourteen persons were prosecuted for headlighting deer, one more than was brought into court for hunting deer at night. Sixteen cases involved taking deer in closed season.

Four persons were prosecuted for killing wild turkey during the closed season.

Twelve persons were arrested for hunting from automobiles.

The $8462.98 fines and costs total, involving 320 cases, contrasted with $6796.92 involving 310 cases in October last year.

The fine report for September this year also was high. The total comprised $8708.95 for 303 cases.

The mourning dove season in the north zone, opening Sept. 1, added to the October cases. Forty-five persons were fined for lacking hunting licenses; 13 killed doves before or after legal hours; ten exceeded the bag limit of ten doves, and nine used an unplugged gun.

One hunter was fined for shooting doves with a rifle.

Czechs Boost Schools

PRAGUE (AP)—Dr. O. Pavlik, deputy minister of education, says Czechoslovakia now has 21 institutions of higher learning with 38,700 students, against 10 with 19,800 in 1938. He gave the figures at a conference of the Central Union of Czechoslovak Students. Nineteen thousand now draw state aid, he said, compared wth 2,387 in 1938. This ranges up to $40 a month.

Quail Information Needed from Plains Hunters

Panhandle and Lower Plains Sportsmen contributed almost half of the total information to the Texas Bobwhite Quail study carried out by the Texas Game and Fish Commission during the 1950 hunting season.

Hemphill County, with a total of 49 quail wings turned in, led the State. It is believed that almost this many wings are needed from each county each year if the effects of local weather and other factors controlling quail populations are to be properly measured. The wing analysis last season reflected a good hatch and a healthy outlook for the coming season opening December 1st.

Game technicians need to know the rate of quail turnover or what the life span is for a given generation of quail. When and only when these things are known about a quail crop can the relative importance of hunting as a limiting influence be measured.

What hunters need is a sustained yield with fair to good hunting every season. To provide this kind of hunting is the purpose of game management.

Bobwhites hatched the preceding spring and summer carry their age within ten day limits on certain feather patterns found on their wings. The sex is of course easily determined by the different color markings on the head and neck of males and females. By use of these indicators, the quail biologist can determine the make-up of fall quail populations as surely as the rancher knows the make-up of his range herds.

Last hunting season, for the first time, hunters throughout Texas were asked to help in a State-wide inventory of the quail population. Panhandle and Lower Plains Counties were the source of almost half the wings turned in. Even so, many counties in good quail range were not represented at all, and others could not be treated separately because of insufficient information.

Among 1,964 quail from the hunter kill in the Lower Plains Counties last year, 85.6 percent were young birds hatched the preceding spring and summer. Among 1,663 quail from the Panhandle Counties, 85.2 percent were young birds. In both cases, the percent of adult cocks bagged was almost twice the percent of adult or parent hens. It is plain, therefore, that the incubating or brooding hen is subject to heavy losses during the nesting season. The result is shown in the ratio of young quail to old hens in the winter population. By Dec. first last year, there were approximately 14 young quail to each adult hen.

Panhandle and Lower Plains hunters reported finding four-tenths of a covey per man-hour of hunting. They killed one quail per man-hour, and took an average of 2.7 quail for each covey flushed. These are averages and include of course many beginners at quail hunting.

In every region of the State, the bulk of the 1950 bobwhite hatch came off prior to August 15th.

The study confirms that the bobwhite quail ordinarily has a short life span—off-set by a high rate of replacement when things go well with the breeding season. When the breeding season is poor, the population of bobwhites falls off rapidly. And, this happens whether or not hunting has been allowed. Thus, the hunter is always dependent on young birds each year for his sport.

The assistance of hunters is again solicited in carrying on this study. Postage paid envelopes for use in collecting quail wings can be had from the local State Game Warden or by writing direct to the Texas Game and Fish Commission in Austin, Texas.

This year auto traffic will take it's millionth life. Jokingly we say it can't happen to us . . . how many of these people have left sons, daughters, husbands and wives without a good photograph to cherish in the days when their heart is empty.

Thief Caught, Loot Gets Away

SINGAPORE (AP)—When Chinese dealer Phua Ah Soy saw another Chinese unloading three bottles of whiskey from his van into waiting pedicab, he gave chase. Phua caught the thief but when he returned the pedicab rider had disappeared along with the whiskey.

The thief was sentenced to five months and ordered to pay $12 compensation. Neither the pedicab rider nor the whisky has been found.

Castor Beans Coming to Fore As Cash Crop

AUSTIN, Texas — Farmers in certain areas of Texas are growing castor beans as a commercial crop this year, in response to military demands for a grease used to lubricate jet engines. The grease is made from . . ugh! . . . castor oil.

A report on Texas castor bean production was made by Stanley A. Arbingast, University of Texas assistant professor of resources and Bureau of Business Research assistant director.

"In addition to its familiar utilization in medicine, either the oil or one of its extracts is used in the manufacture of hydraulic fluids, leather preservations, fly paper, fly oils, asphalt floor tile, electric insulating materials, lubricants, hair dressings, toilet creams, lacquers, soaps, rubber substitutes, sebacic acid for nylon manufacture, caulking and gasket compounds, sulfonated oils, and plastics of various types," Arbingast said. "It is also widely used in the textile industry as an agent in the dyeing of cottons."

Residue left after oil is extracted from the bean contains ammonia, phosphoric acid and potash, and finds a ready market as a fertilizer. The hulls are approximately equal to barnyard manure in soil-building qualities, and agricultural agents are encouraging farmers to apply bean hulls to their land.

Plants have been installed at Brownwood and Stephenville, where the beans are hulled before shipment to Bayonne, New Jersey, or to Los Angeles, Calif., for further processing. Another hulling plant is located at Vernon.

Mr. and Mrs. D. R. Gaither visited Sunday and Monday in Guymon with his sister and family, Mrs. Alfred Ritter. Another sister, Mrs. L. J. Allison and family of Warden, Wash., was visiting in Guymon also.

Prohibition Challenged On Medical Grounds

RAJAHMUNDRY, South India (AP)—Dr. N. S. Reddi of Rajahmundy petitioned the Madras High Court for legal permission to drink whisky—denied him by the state's prohibition act—on the ground that it relieved his attacks of asthma.

His affidavit to the court said "the only medicine that has been giving me relief in asthmatic attacks is Scotch Whisky, and very often it has acted as a preventive to ward off impending attacks."

In response to his petition the Madras High Court issued a writ of mandamus which raised the question of the validity of state prohibition for Madras. Dr. Reddi's appeal will be decided by the Indian Supreme Court.

Owen Praises Rote

(AP) Newsfeatures

NEW YORK—Coach Steve Owen of the New York football Giants is looking forward to the coming season. He is especially anxious to see his new star, Kyle Rote, in action.

Rote, the All-America player from Southern Methodist, is the most versatile back the Giants have had in years, says Owen.

In his first appraisal of the bonus pick star, the Giant coach feels that Rote can handle capably any of the backfield positions in his A formation and almost all in the T. setup. Rote, in addition to being a great runner, is a quick kick artist, good kickoff and point after touchdown man.

Says Owen with a big grin "Rote is all football player and the most versatile back we have had on the Giants since Tuffy Leemans."

Leemans was a leading ground gainer who played from 1936 through 1942 and who was elected to pro football's Hall of Fame.

Since ancient times the tiger has been the symbol of might throughout Asia.

$1,000 Miss

TORONTO (AP) — Outfielder Frank Colman of the Toronto Maple Leafs missed receiving $1,000 by two feet. There is a hole in a sign on the outfield wall in the Maple Leaf Stadium. If a ball is hit through the hole, the player gets $1,000. Colman's drive missed by only two feet. He received $50 anyway for hitting the sign.

Palo Duro Park Busiest Tourist Site in Texas

CANYON, Texas—Palo Duro State Park, "The World's Most Colorful Canyon," was the outstanding tourist mecca in Texas for the travel year ending August 31, 1951, a compilation of the Texas State Parks Board House Organ "S-PARKS" reveals. In the period beginning September 1, 1950, and ending August 31, 1951 there were 6,077 out of state cars registered at the park. There were 22,059 Texas cars and periodic checks reveal that 50 per cent of the Texas cars came from 200 miles or farther. These to all intents and purposes are classified as tourist cars. Paid attendance for the travel year was 105,104.

Extremely bad winter weather and a flood with resulting road damage slowed attendance during the spring months of 1951. However, with the completion of paving on an eight mile stretch of road into the canyon there has been a steady increase in attendance over a comparable period in previous years since June.

Among Texas Parks and historical Shrines San Jose Mission in San Antonio was second in attracting out of state cars with 5061 to its credit. Kerrville State Park with 4983 ranked third.

Palo Duro Canyon also topped Big Bend National Park in attendance by a considerable margin. Big Bend reported an attendance slightly in excess of 82,000 for the travel year.

The attendance by calendar years shows the vaulting popularity of Palo Duro Canyon State Park. In 1948 the attendance was 51,488; in 1949 it was 85,336; in 1950 it was 110,050 and in 1951 indications are the calendar year will show an attendance of close to 125,000 persons.

Tiger Tops In Tennis

PRINCETON, N. J. (AP)—Undefeated for the second straight year, Princeton won the Larned Trophy emblematic of the Eastern Interscholastic Tennis Association championship. This is the fourth time for the Tigers. They previously held the trophy in 1941, 1942 and 1950.

Second place went to Yale whose only loss came at the hands of Tiger netmen. The champion Princeton squad, incidentally, ran its unbeaten skein to 24 consecutive matches, in and out of league play.

Bob Carey, Michigan State's all-around athlete, set a new school shot put record of 51 feet 5½ inches against Indiana.

Every member of the 1939 Newark club in the International League made the major leagues—including the manager.

Tiger-bone tonic and tiger-whisker pills are widely used in the Far East.

Crocodiles Pursue Fugitives

KUALA LUMPUR, Malaya (AP)—Bullets and crocodiles put three Red terrorists to flight in the Sungei Paka area of Trengganu.

Fire by a security force patrol forced the trio out of a boat. Crocodiles took after them. Two terrorists disappeared. The third braved crocodiles and bullets and managed to reach a mangrove swamp.

probably no man living who knows more about the Communists and their work in American than Dies. He was maligned and persecuted and his life was threatened numerous times during his work as head of the Un-American Activities Committee.

He was chairman of the committee until January 3, 1945. He exposed Nazi, Fascist and Communist activities and numbers among those whom he exposed such figures as Fritz Kuhn, head of the German-American Bund; William Pelley, head of the Silver Shirts; and Earl Browder, head of the Communist party. As a result of Dies' activities, these men were sent to the penitentiary.

A recent survey disclosed that 98 per cent of the findings of the Dies committee have been confirmed by events of the past three years.

The people of the Perryton area are invited to hear him at the school auditorium on Dec. 13. Tickets will be mailed to all Chamber of Commerce members on December 1, and tickets will be available free to others who wish to hear the speech.

Pvt. William Dragoun, Pvt. Kenny Bullin, Pvt. Floyd Pinkerton and Pvt. Robert Gram of the Reese Air Base at Lubbock visited Saturday morning in the home of Mr. and Mrs. J. W. Dragoun. They are enroute to Chicago, Illinois, where they will attend a six weeks advance course of B-25's.

Mr. and Mrs. Jim Stanley and Shyla Kay of Winterset, Iowa, are guests this week in the home of Mr. and Mrs. Roy Johnson and Stephen. Mrs. Stanley and Mrs. Johnson were roommates while at school at Colorado Women's College in Denver.

"We Have Fits"

Thanksgiving

It's not enough to say "Thanks" for the many blessings we as Americans enjoy . . . it is indeed more fitting to give thought to the privileges and precepts that this very day stands for! We give thanks on this day for what America is, and what it stands for . . . for its firm foundation of democracy with tolerance and justice for all. And, as we say grace before the turkey is carved, we count foremost among our blessings the fact that we are Americans—enjoying the bounty of good food, good friends and good living . . . of liberty, equality and freedom!

Lipscomb County Home Demonstration Clubs Make Home Tour Friday

LIPSCOMB — The Lipscomb County Home Demonstration Clubs made their home tour on Friday, November 16, visiting homes in Booker, Follett, Higgins and rural homes in the county.

The first home visited was that of Mr. and Mrs. F. S. Robertson in Booker. The Robertson home is a one bedroom house built of cinder blocks, making it an almost fireproof structure. They have planned their home for they can add an extra bedroom later. Mrs. Robertson had made a slip cover for her couch and all were interested in the very attractive name plate they had made.

Next stop was at the home of Mr. and Mrs. Luther Lehman, where the visitors enjoyed the lovely colors and accessories.

At the Vernie Weinette home, the members saw Mrs. Weinette's outdoor fireplace and how the home had been remodeled. Especially enjoyed was the knotty pine finish in the dining room and the space planned for laundry equipment.

From Booker, the tour went to Follett to witness the dedication of the carload of maize for overseas relief under the CROP program.

Lunch was served at the Youth Center in Higgins. Mrs. Harry Haines, chairman of the Education, Expansion and Exhibit committee, collected the food in Follett and took it to Higgins so that lunch was ready when the group arrived.

Earl Wilbur and C. N. Goettsche gave the members some information about chinchillas at their ranch at the first stop after lunch.

Mrs. Alex Laubhan, Sr., showed her new home, and of special interest were the nice plants in her home. She also demonstrated the use of an automatic washer.

The storm cellar with its entrance from outside as well as inside the house was most interesting at the Jay Barton home. The basement was also an interesting feature at this home.

The picture windows in the kitchen at the B. C. Hurn, Sr., home was an idea liked by many visitors.

Mrs. Charley Robbins told about the improvements she had made in her living room and some she still plans to do. She had new paper on the living room and kitchen and showed how she had used some of the wallpaper to finish her ceiling in a most attractive way.

Mrs. Robbins had built two book cases, made slip covers for her divan, refinished her dining table and reupholstered the chairs in her living room. The women also saw a Grade A dairy barn at this farm.

The last stop was at the George Robbins home, which is being remodeled. A bedroom suite was shown that had been refinished and seven pieces of furniture that had been reupholstered.

The following people went on the tour:

Mrs. Corwin Trosper and Ray, Mrs. David Hostutler, Mrs. T. H. Housler, Mrs. C. W. Hawkins and Mrs. L. H. Bussard from Prairie View Club; Mrs. Fred Born, Mrs. Johnny Redelsperger, Mrs. J. J. Herber, Mrs. Chris Peil, Mrs. Frank Kliewer and Mrs. Chas. H. Imke, from Follett; Mrs. Lowell Bowdle, Mr. and Mrs. F. S. Robertson, Mrs. George K. Seibel, Mrs. Ed Lehman and Mrs. C. C. Fitzgerald from Booker; Mrs. Leo Schwab, Mrs. B. C. Hurn, Sr., Mrs. W. L. Messimer, Mrs. Kelley Gragg, Mrs. Floyd George, Mrs. Oscar Peterson, Mrs. Knox Johnson, Mrs. Gaines Gourley, Mrs. Ernest King and Mary, Mr. Earl L. Wilbur, Mr. C. N. Goettsche, Mrs. J. L. Dixon and Mrs. Alex Laubhan, Sr., from Higgins; Dr. and Mrs. L. A. Pundt and Elizabeth Ann, Mrs. Harry Haines and Harold Ray, Mr. and Mrs. George Robbins and Frank, from Locust Grove; Mrs. Irving Akers, Mrs. Edward Akers and son, and Jo Ann Smith from Loland; Mrs. Frank Peterson, Mrs. E. W. Boyer, Mrs. I. M. Roper, Mrs. George Pratt, Don and Lewis, Mrs. J. T. Mosley, Mrs. Leo Meier, Mrs. Ed Burton, Mrs. Ray Altmiller, Mrs. Rodney Wheatley, Mrs. Alex Schoenhals and Mrs. Edith Deal from Darrouzett; Mrs. John Peil and Mrs. Pat Murphy from Lipscomb; Miss Mozelle Parr, REA Home Economist, Perryton, Mrs. Mary Weimhold, Vega, Miss Doris Leggitt, District Agent, from Amarillo, Doug Brown, County Agent and Mrs. Clyde Pugh, Home Demonstration Agent.

WEDDING REVEALED—Mr. and Mrs. Joe Slovacek of Booker announce the marriage of their daughter Virginia, to Walter Taylor, son of J. C. Taylor of Perryton. The wedding took place November 18 at Clayton, N. M. The couple will make their home in Perryton.

Adult 2 Training Union of the First Baptist Church met in the home of Mr. and Mrs. Howard Riggs, November 16, for their monthly social.

Games of 42 were played during the evening.

At the close of the evening the hosts served coffee and cake to Mr. and Mrs. Ed Fike and family, Mrs. Julia Hawkins and family, Mr. and Mrs. Oliver Carter and family, Mr. and Mrs. Henry Pshigoda, Rev. and Mrs. Bill Burton and family, Mr. and Mrs. Verbon Smith and family, Rev. and Mrs. O. C. Curtis and Mr. and Mrs. Roscoe Nelson.

Mr. and Mrs. Wilbert Seedig have chosen the name Sheri Jo, for their daughter born November 19, at the Sanford Hospital. Mrs. Seedig is the former Miss Lenis Fern Wright.

Women's Christian Alliance Will Meet

The Perryton Women's Christian Alliance will meet November 29, at 3 p. m. at the Full Gospel Church.

Officers for the coming year will be elected.

Mrs. Stanly Key will direct the program on "Christianity in the Home."

All church women are urged to be present at this meeting.

Redbud Garden Club Entertains With Luncheon

The Redbud Garden Club held its last meeting of the Club year Friday, November 16, with a luncheon in the home of Mrs. Warren Cudd. Mrs. Jack M. Allen was assistant hostess.

The luncheon was served buffet style with guests and members seated at quartet tables. The centerpiece on the serving tables was an arrangement of orchid chrysanthemums flanked by orchid tapers.

Mrs. J. . Davis, president, had charge of the business meeting. The following officers were elected for the coming year: president, Mrs. Byron Tevis; first vice president, Mrs. Clair Brillhart; second vice president, Mrs. J. B. Whigham; secretary-treasurer, Mrs. Bill Allen; parliamentarian, Mrs. Weldon Wright. Mrs. Lawrence Eilzey installed the officers in an impressive ceremony with the club song "Trees" played as background music.

Mrs. Dan Manning had charge of the program on dried arrangements. She was assisted by Mrs. Lawrence Eilzey. Mrs. Manning showed two arrangements and arranged two others. She explained when and how to dry the material. One she arranged consisted of a candle shaped like a pineapple with lemons, pears, wheat and Magnolia leaves.

Gifts were exchanged and secret pals revealed.

Those present were Mrs. Dan Manning, Mrs. L. R. Conner, Mrs. Fred Huston, Mrs. R. T. Correll, and Mary W. Jones, guests and members Mrs. Otha Castle, Mrs. Norman Crum, Mrs. Gene Cudd, Mrs. J. D. Davis, Mrs. H. G. Evans, Mrs. Harold Hudson, Mrs. Loyd Morgan, Mrs. Byron Tevis, Mrs. Weldon Wright, Mrs. Shelley Hill, Mrs. J. B. Whigham, Mrs. Lawrence Eilzey and the hostesses.

Waka P-TA Meets Nov. 16

The Waka P-TA held their regular meeting Friday night, November 16.

After a short business meeting the following program was given, with Mrs. Junior Dunnihoo as leader. "It's a Hap-Hap-Happy Day" was sung by the fourth, fifth and sixth grade girls with Mrs. Dean Leighnor at the piano. Glenda Butt and Nadine Wiebe gave a dialogue about "Little Froggie." Carolyn May Leighnor gave a reading, "Thanksgiving." "Freedom Through Discipline" was given by Miss Marie Schrock.

The social committee, Mrs. Mart Wagner, Mrs. James Brillhart and Mrs. Philo Butler served the refreshments.

Betrothed Couple Honored At Open House

Miss Yvonne Trollinger and Gale S. Rogers were honored at an open house, Sunday afternoon, from 3 until 6 o'clock in the W. B. LaMaster ranch home. Hostesses for the occasion were Mrs. Glitner LaMaster, Mrs. Ellis Kelly, Mrs. Sam Judice and Mrs. W. B. LaMaster.

Miss Trollinger and Mr. Rogers will be married, November 25, at the First Methodist Church.

Fall flowers decorated the receiving rooms.

The attractive serving table, laid with an embroidered linen cloth, was centered with an arrangement of white ranunculus, stock, and aqua maline bows, backed by a silver wedding ring tied with silver bells.

Mrs. J. S. Juliusson, Mrs. Clyee B. Rogers and Mrs. Harold Hudson alternated at the tea service.

Mrs. Don Eudy registered approximately seventy guests during the receiving hours.

'Art Designing' Is Studied By Modern Priscillas

Mrs. John Huston demonstrated "Art Designing" to the members of the Modern Priscilla home demonstration club which met on November 14. Mrs. Huston showed some linen with art designs painted on them with textile paints.

Each member present discovered that she had some artistic ability, after making several designs on paper.

The club met in the home of Mrs. Verbon Smith and Mrs. Billie Sanders assisted with the hostess duties. Mrs. James Slough assisted with caring for the children.

The business meeting was held in the morning. For roll call, each member told a good joke. Plans were made for a party to be held Friday night, Dec. 14, at 7:30 p. m.

Those enjoying the demonstration and the covered dish luncheon at noon were Mrs. Mary Watson Jones, a guest, and the following members: Mrs. Marvin Felix, Mrs. Kermit Johnson, Mrs. Kenneth Cudd, Mrs. Lester Schwalk, Mrs. Harry Reimer, Mrs. John Huston, Mrs. James Slough and the hostesses.

The next meeting will be in the home of Mrs. Kenneth Cudd on November 28.

'Latin America' Is Study Topic Of Church Group

The Women's Society of Christian Service met Thursday, November 15, at Fellowship Hall of the Methodist Church with Mrs. J. W. Chase, Mrs. Claude Cook and Mrs. Cecil Dodd as hostesses. The theme for the day was Latin America and the hostesses beautifully carried out the theme in their decorations.

Mexican charm strings were hung about the room, and several tables were covered with Mexican serapes and set with attractive arrangements of fruits, flowers and vegetables. The tables were lighted by two three-branched candelabra resembling cactus. Tiny sombreros, filled with nuts, were given as favors. Refreshments were cheese balls, Mexican wedding cake, with the familiar fritos, coffee, olives and dates. The worship center consisted of a large sombrero with mounted pictures of early missionaries, who had pioneered Methodist evangelism in Mexico, and of Methodist missions that are now active in Mexico.

The hostesses wore typical Mexican dress and furnished the final touch giving a Latin American atmosphere to the entire room.

Mrs. Norman Crum was program leader and began the afternoon's study with a little poem by Bryna Crum and a piano selection by Karen Crum. Next a Mexican game called "Rooste R" was enjoyed by everyone. Mrs. Crum then explained the economic situation that dominates the different areas of Mexico, Cuba and South America. Mrs. Travis Baker told of the work of the different churches in these areas and the efforts to alleviate the conditions and to evangelize Latin America. Mrs. Horace Glasgow showed films taken of Mexico during their trip through that country and gave an accompanying lecture.

A delightful social hour was enjoyed by Mesdames Horace Glasgow, Charles Garrett, P. E. Gidley, Henry Ragan, Frank Moon, R. B. Orrill, Clyce Rogers, Orlan Bell, Clifford Beck, Arch Talley, Lawrence Elizey, Rufus Bolerjack, Ronnie McElvain, Leo Johnson, Lloyd Jones, Marvin Genuchi, John Sell, Ed McMillen, J. W. Chase, Claude Cook, Doyle Keeling, Cecil Dodd, Ray McEntire and C. F. Jones.

Beats Self Insane At Ceremony

DARWIN (AP) — "Manbullo Maudie," a 30-year-old aboriginal woman, clubbed herself insane during a primitive ceremony 300 miles south of Darwin recently.

She is now in Darwin Hospital, where she screams and shouts all day. At night she performs the ceremony, beating herself with her fists, until she is exhausted and collapses.

Maudie became insane during the funeral corroboree (native dance) after the death of her brother, who was thrown from a horse. She and other members of the family bashed themselves with spears, bludgeoned their heads with pieces of rock, and danced and wailed for hours before collapsing. Many of them had severely lacerated heads when the ceremony ended.

Martin Vorys, six feet four inch tackle on Yale's football squad, is the tallest man on the team.

The first quarter of the Dalhart game was scoreless, with both teams putting up a stout defense.

In the second period, Bill Cessnum, senior ace of the Wolves, scored on a 70-yard run to put his team out front. Cessnum went over left tackle, got into the secondary, and although he was hit several times, kept on driving and finally broke away about midfield, and was never bothered after he got in the clear. The try for extra point was wide.

The Rangers went ahead in the third quarter. They took the opening kickoff on the 25, and marched down to the 2-yard-line, where Ed Cummings plunged across for the touchdown. A sparkling 34-yard run by B. R. Pletcher featured the drive. The extra point was made by Gene Devers, who circled left end, and the Rangers led, 7-6.

They held this lead until midway in the final quarter, when Dalhart got the ball on the Ranger 33, following a punt. Cessnun and Howell worked the ball down to the 1, where Howell plunged across and made it 12-7. Cessnun's try for the extra point was low.

Late in the game, Dalhart put on the clincher, when Cessnun scored from the 2-yard-line, then kicked the extra point, to make it 19-7.

This was the final game for Rangers B. R. Pletcher, Verle Downey, Bill Johnson, Clifford Kaufman, Gene Clack and Gene McLain.

Anyone See A Jackalope?

PECOS, Tex. (AP) — Duties of any Chamber of Commerce manager are innumerable and widely varied, but Alton Hughes of Pecos this week faced the most ticklish problem of his career—that of exposing to an out-of-stater the probability that a fellow Texan was trapped in an outright lie.

Hughes received a letter from a young lady in Cheyenne, Wyo., wanting to know more about a Texas "Jackalope, "allegedly a wild animal running loose on the Texas plains. The letter revealed that a Texas Air Force sergeant there had cooked up a pretty convincing story about the fictitious animal.

Somewhat disillusioned, Hughes replied, in part:

"It hurts to the core to even think about a Texan lying about anything, but it hurts a lot worse to actually accuse a fellow Texan of slight exaggeration.

"If there is such an animal, I have never been introduced to one. But if there is, I'm sure it would be found in Texas.

"He (the sergeant) knows that it is perfectly all right to lie about Texans, particularly West Texas, but it is an unforgivable sin to get caught," he continued.

On second thought, Hughes added a postscript:

"I am just about to convince myself that there is such an animal. Tell your friend to send me a good description of a 'Jackalope.' I might even find one."

Truman Joins Issue on Fair Deal

Inferentially the President announced for renomination Thursday at his Key West news conference. In flatly asserting that the so-called Fair Deal program would be written into the next Democratic party platform, he was taking personal charge. But the moment the Democrats nominate, Mr. Truman ceases to be the head of the party. The Democrats will have trusted themselves to new leadership. What Harry S. Truman wants or does not want will have no bearing then. Unless he is the nominee, he can not dictate the platform. With the party machinery in his hands, regardless of what nominee the rank-and-file Democrats may want, Mr. Truman can renominate himself. So it is reasonably plain that at Key West he did renominate himself Thursday.

Regardless of the platform, the 1952 campaign can not be restricted to the Fair Deal issues. Indeed, these will be overshadowed heavily by the question of plain honesty in government and by the Korean War. Even if the latter can have been brought to conclusion or dormant belligerency during truce by next summer, the questions of blood, cost, waste and policy can not be downed. This is recognized clearly already by the administration. The Truman hatchet men are busy tomahawking MacArthur, whose removal, policies and opinions are going to be a factor in the campaign whether the general is himself a candidate or not. The dumbest of Americans knows that MacArthur is against Truman. Hence the hatchet men.

But Mr. Truman may have done a useful service in refusing to withdraw from the oddly named Fair Deal program. This means that regardless of equivocation by his Texas spokesmen, for instance, he is going down the line for federal ownership of the tidelands, for FEPC, for socialized medicine, for more and more federal regimentation through river and power authority, for destruction of the Taft-Hartley act, for more taxes and less profit, (corporate and individual), for more federal power and less state direction of state affairs, for everything in fact that the average American has been reared to believe is fundamental constitutional government.

That's the size of it, Mr. Truman has made it clear. When Sam Rayburn or any other Truman loyalist urges you to vote for Truman, these are the things for which they ask you to vote. It can make no difference that they may not personally agree with these things. Rayburn, for instance, is on record against federal ownership of the tidelands. But you can't have your tidelands and Truman, too. You vote for FEPC and federal totalitarianism when you vote for Truman.

That's all there is to it. The President has made that clear.

—Dallas News

From the SIDELINE

with HAROLD HUDSON

A wild little rumor spread like wildfire around Perryton's Main street last Friday afternoon, proving that nothing goes quite so fast as a good word of mouth rumor. It was a good one, and in fact the Herald office swallowed the same tale and it was repeated several times here before checking up and finding out there was nothing to it.

The tale concerned an alleged shooting on the Canadian river Friday morning of a deer hunter who started hunting too early. It was said the man was arrested by a game warden at 10:30 a. m., then was shot and killed while trying to run away. No one knew the names of the participants, but it sounded pretty good and the tale was repeated.

While everyone here knew of the incident, the people at Canadian didn't. It developed that there was a shooting, but it was done by a game warden near Bracketville, Texas, west of San Antonio, and was done at night, not at 10:30 a. m. on the Canadian river. How we got such a hot rumor to travel 650 miles so fast is anybody's guess.

Supt. Gilbert Mize wants some reaction from football fans, and business men of Perryton, to a proposal which would have all district 1-AA football games played in the afternoon next year after November 1. The district committee met last week and are considering this change of time for late season games, since it usually gets pretty cold at night time.

This would mean closing some stores during a football game, possibly, so that owners and employees could attend. All football games were played in the afternoon not too many years ago, so this is actually not a new proposal. It is a proposal which will be adopted if the supporting public of Perryton, Phillips, Dalhart, and Shamrock approve. We would like to see the change adopted.

Speaking of football, Perryton will have to be voted into district 1-AA next year. The enrollment minimum has been raised from 200 to 225 students in high school and we just don't have that many.

Since the back shop got an old radio hooked up several weeks ago and started blasting away during working hours we have been exposed to the daily diet of programs. After hearing request programs not only from KEYE but from other stations, we are convinced that the most popular request is one that never gets played.

Title of this popular tune is "Any Good Number." Day after day, the requests come in for "Any Good Number" for Aunt Sarah, Bobby, Jack, June, Slim, etc., who have a birthday, or who are listening in. Do they get "Any Good Number?" They do not. They get a substitution, usually featuring some frog voiced comedian trying to outbellow a steel guitar. We're beginning to suspect that the stations are boycotting "Any Good Number." Personally, we've never heard it.

From time to time, we get notices of a Marine or Navy recruiter coming to Perryton, and of course we have a full time Army and Air Force recruiter at the courthouse for the convenience of young men who wish to enlist. We see no reason for the recruiting service, for any branch of service. This year, the advertising budget alone for the recruiting campaign is several million dollars, when the Selective Service system is operating at full blast.

It really doesn't make sense. The United States could save plenty of money by cutting down the recruiting campaigns and letting the draft boards supply the manpower for the armed services. The recruiting system is all right during times of strict peace, but when the nation gets into war, even a war like the Korean police action, it is time to conserve manpower resources. The choice of picking a branch of service would be cut out, but the policy of getting all military manpower through the draft boards worked well during the last couple of years of World War II.

Giltner LaMaster will tell you all about his turnips, if you give him half a chance, and he's probably got a good reason to brag. He planted two acres of turnips, received only one light rain, and now has turnips that are just about big enough to reach around with two hands. The only trouble is that the price of turnips went down when Giltner was ready to pull his up, and so he's not harvesting.

Has Dreamed Up Fantastic Weapons

(Ed. note: The Wolf Creek Philosopher has joined the fantastic weapons school of thought his letters this week reveals. He ought to be good at it.)

Dear editar:

I have noticed from time to time lately some Congressman or other expert in Washington has been given a secret look at some of the secret weapons this country has and invariably they pull themselves together and announce the things are unbelievable, fantastic, they're capable of sledge-hammer blows, knock-out blows, but I notice the war in Korea is still bein fought, unless they've finally signed a truce by the time this reaches you, with the old-fashioned weapons like hand rifles, artillery, and American boys.

Now I know this country is capable of producin some fantastic weapons, but up to now, they're mostly experimental models, and I have been thinkin. If the talk about fantastic weapons is designed to scare the enemy, why don't they really unlimber? Why be pikers in this fantastic business?

For example, I have a weapon, that is, I have it in my mind, not exactly in the production stage, no use havin a boat ready to ship any overseas yet, which can be fired say from an abandoned field in a safe spot and will sweep around and around the world without stoppin, slicin down buildins like a sharp knife peelin an apple from stem to bottom. All you have to do is fire it and yell duck and the war is over and mankind is back to the handicraft age.

Another one I'm workin on will drain any ocean we got. All you have to do is open a plug and wait till the water runs out and cross over to enemy terri-tory in trucks and tanks, bein careful of course of the dead fish. Where the ocean will drain to is too fantstic to mention.

Another weapon I'm workin on is known as the J. A. Extra Handy Bindweed Root. This variety you plant in your own field, aim at where you want it to come out on the other side of the earth and retire to your fireside. In three weeks Russian wheat fields will be rank with the stuff. I figure this one will wreck the food production schedules of any country you want to knock out. I'm workin on a refinement of this secret weapon, which will be pipin greenbugs to Russia through the roots of this super bindweed, and this double blow to Russian wheat production will be so fantastic as to defy description and will wreck the food production schedule of any country you want to knock out.

I'm workin on a lot of others, but this will give you an idea of what a first-class fantstic weapon ought to sound like on paper.

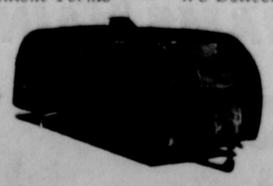

Yours faithfully,
J. A.

How to make old roads seem NEW

PICK a road that you know by heart. Not too good a road. One that has some bumps—some unbanked turns—a tough hill or two.

Then get in touch with us, and let us put you behind the wheel of a Buick, with Dynaflow Drive.*

Now you're all set for a new experience. You'll find out this:

Those bumps seem to lose their bobble. You just take them with a smooth and level stride.

Those unbanked turns don't seem so sharp, and those hills seem almost to flatten out.

How come? Well, a lot of things are different when you travel in a Buick.

You're riding on big, soft coil springs that let every wheel dance beneath you, without passing on the jolts to you in the car.

You're driving a car that's plenty inches broader than it is high—a sure-footed road-hugger if there ever was one.

And you're riding behind a Fireball Engine—Buick's time-tested version of a high-compression valve-in-head—an engine that packs more power than most people ever need to use.

With this power—and with Dynaflow Drive*—you don't have to "rush" a hill at the bottom to soar serenely over the top. You just feed the power as you need it—climb with a sure, steady swoop without buck or bobble all the way up.

There's a lot more that we could tell you about a Buick. But such things as room, and comfort, the confident way it steers, and the way it shortens the miles are things you can best discover from personal experience.

So why not follow the routine already suggested? You supply the road—we'll supply the car—and let it speak for itself.

*Equipment, accessories, trim and models are subject to change without notice. Standard on ROADMASTER, optional at extra cost on other Series.

The Duke, standing nearby, as Mr. and Mrs. Pickett exchanged greetings with the Princess, spoke up to ask the Congressman where his Texas star was. To this, in true Texas style, Pickett gallantly replied, "In the eyes of my wife."

Rep. and Mrs. Walter Rogers of Pampa also made a point of inviting the royal couple to West Texas in general and the Panhandle in particular.

When the Princess and her husband visited the Capitol the next day they found about 50 or 60 members of congress on hand to greet them in the House chamber. Besides Pickett and Rogers, Reps. Wright Patman, Texarkana; Wingate Lucas, Fort Worth and Frank Wilson, Dallas were there to greet the couple.

When the doorkeeper of the House, William Miller, escorted the Princess about the chamber he pointed to the presiding officer's chair and told her that the present speaker is Sam Rayburn of Texas and that the Texan had held the position longer than any other man in the history of the nation.

On the way out of the chamber, and with a packed gallery of spectators looking on, the Princess stopped and shook hands with Pickett's two daughters, Helen Louise, 9, and Melinda, 6, who were standing near their father.

Texas leads all southern states—though not all 48—in mileage of federal aid highways under construction, a report of the Public Roads Bureau shows.

Texas is credited with 672 miles, as of Oct. 1, 1951.

In addition, the state has 104 miles of highways for which plans have been approved but not yet placed under construction.

Estimated cost of the Texas roads now being built is $60,329,000 (M). The roads for which plans have been approved will cost an estimated $11,066,000.

DUCK AND GOOSE BAG—Four hunters who got their limits in ducks were Doug Pratt, D. T. Titchner, Joe Terrell and Bob Miller all of Dallas. They hunted at Mills Wharf, just east of Rockport, Tex. Shooting was good over most of Texas this season. (AP Photo)

TURKS SEE TURKEYS—Master Sergeant Yekta Ucku (left) and Master Sergeant Mustafa Cetiner, both of Istanbul, Turkey, wondered about big turkeys since President Truman sent a 35-pound bird to President Ismet Inonu of Turkey two years ago. The two are shown on a ranch near Wichita Falls, Tex., where every one of the thousand birds is considered a midget if it weighs less than 30 pounds. Veterans Forum

Q. My nephew is a veteran of Korea, and was discharged after a shell fragment paralyzed him from the waist down. Is he eligible for a VA grant for the purchase of a "wheelchair house," or is that benefit limited to World War II veterans.

A. Your nephew may be eligible for the VA "wheelchair housing" grant, provided he meets certain requirements. He should file an application with VA. The benefit is not limited to World War II veterans.

Q. May I use a GI loan to buy a two-family house with a non-veteran?

A. Yes, so long as your interest will be properly protected in case the non-veteran defaults on his payments.

Q. May I be treated by my own physician, on the outside, at VA's expense?

A. You may, if you have a service-connected disability that requires treatment, and you receive prior VA approval for such care.

Q. Is it possible to get a GI business loan to buy a car for pleasure purposes, or furniture for my home?

A. No. The loan must be used for business purposes only.

Don't Buy "Freaks"

CHICAGO (AP)—The prospective home buyer should beware of houses built at high cost with "freak" features, H. L. Cunliffe writes in the current issue of The Review of the Society of Residential Appraisers.

There are two main reasons the house with very unusual and expensive features is not a good buy, he says:

1. Mortgage values are based on the "typical" buyer.
2. The resale value of a house may be extremely low if its unusual features are designed for the tastes of only one or a few persons.

One of Anthony's yearly big events took place Friday evening when the entire Community met at the Center for a Thanksgiving Supper and program. The table was laden with winter-time treats and everyone had more than they needed.

After supper the program committee chairman, Mrs. Ralph Bobbitt, presented the following numbers: Community singing, a resume of the founding and keeping of Thanksgiving by Mrs. Ralph Bobbitt, a duet, "Shortenin' Bread," by Kay and Patricia Meyers, and a piano solo by Carolyn Hyatt. A vocal trio composed of Mrs. Glen Meyers, Mrs. Carl Carter and Mrs. J. L. Bobbitt accompanied by Mrs. John Daries presented two numbers. The last number on the program was a group song, "God Bless America," led by little Ruthie Whittett.

Approximately seventy attended the Community get-together.

Balko Wins Twin Bill Friday from Booker Cagers

BALKO — The Balko high school teams won both games from Booker Friday night in a twin bill played at the Balko gymnasium. The Balko girls won by a 38-25 score and the Balko boys trimmed Booker, 42-34.

The girls game was a closely played contest, with the first quarter ending 9-9. At the half, Balko had a 21-20 advantage, and they stretched their lead to 38-25 when the final whistle blew.

The boys game was also close, with the lead changing hands rapidly in the opening minutes of the game before Balko forged out front and kept their lead to finish with an eight-point lead, 42-34.

Jimmy Cameron, who attends WTSC at Canyon, visited with his mother, Mrs. Thelma Cameron, and other friends and relatives over the week end.

'Journey Into Light' Drama Of Faith and Strong Love

"Journey Into Light," starring Sterling Hayden, Viveca Lindfors and Thomas Mitchell, which comes to the Ellis Theatre on Tuesday-Thursday, is a drama of faith and strong love.

The background for the story is a New England town and the skid row of a large city. The story itself captures harsh drama and a strong, beautiful romance which triumphs over circumstances and surroundings.

Hayden portrays a man who sought to be his own judge and to mete out his own punishment.

Hayden is seen as a preacher, who is startled one Sunday morning while delivering a strong sermon, to see his alcoholic wife stagger down the aisle of his church. The congregation demands that she be put in an institution, but Hayden refuses.

The wife commits suicide, and Hayden blames the members of his congregation. He turns from preaching and takes to drink and winds up on skid row among the rest of the bums.

How he works his way back to respectability is the forceful part of the picture which ends in a rousing climax.

Satellites Get Jets

BERLIN (AP)—The Russians are equipping their satellite states with MIG 15's, the speedy jet fighter planes that were unveiled in North Korea, foreign diplomats report.

Trusted young Communists are being trained in Poland, Czechoslovakia, Hungary and Romania to fly the jets.

An American who visited Warsaw recently said he saw considerable air activity over the city by streaking jets. Polish officials said the pilots were Poles who are regarded in aviation circles as good fliers, if a little reckless.

Daylight Saving For Hens

COLUMBUS, O. (AP)—Although they don't have to see what they are doing, laying hens work better if they have light.

"Lights are a big help in getting increased egg production which means more profit per bird," says Emil Malinovsky, extension poultry specialist at Ohio State University.

"Artificial light extends the hen's working day," he said. "It makes it possible for each bird to eat more feed. Main reason for larger egg production when lights are used, however, is stimulation of the pituitary gland by light rays."
