

SCAMPERING FOR YARD AFTER YARD Friday night was Joe Gutierrez, carrying the ball for the Greyhounds, off a good block by Skipper Jackson (64). The 'Hounds led the Albany Lions most of the game by a score of 12-10, but broke loose during the fourth quarter to rack up a 26-10 victory. (Photo by Glen Rumley)

Hounds 'Flood' Albany, 26 to 10

Fourth quarter action proved to be the decisive factor Friday night as the Knox City Greyhounds flooded the scoreboard with 14 points in the final period to breeze past the Albany Lions by a score of 26 to 10. This win brought the Hounds' record to two wins, no losses.

In the second quarter, Knox City quarterback Dwayne Johnson threw to end David Counts for the opening 15 yard touchdown with Jimmy Rushing going over from the eight for another score in the second quarter.

For the Lions, Albany's Kitchen found flanker Halbert for a 21 yard touchdown while earlier in the second period, the Lions had hit on a 35 yard field goal by Bolin.

Statistics for the Hounds and the Lions respectively are first downs, 20, 9; rushing yardage, 317, 119; passing yardage, 20, 21; passes com-

pleted, 7 of 10, 1 of 3; intercepted by, 2, 1; punts, average, 0 for 0, 1 for 21; penalties, yards, 8 for 70; 4 for 60; and fumbles lost, 4, 4.

FOR FIELD DAY SEPT. 27

PMC Plans Continuing

More plans for the Field Day at the SCS Plant Materials Center at Knox City on September 27 were announced this week by George C. Marks, state conservationist.

The Knox City Plant Materials Center serves Texas and Oklahoma, and the public from both states is invited to attend.

A.C. Spencer, executive director of the Texas State Soil and Water Conservation Board, will be the featured

speaker. Spencer will speak at 12:30 p.m. Guided tours will be conducted at the center beginning at 9:00 a.m. and will continue throughout the day.

Barbecue will be served for lunch. The meal will be served on a prepaid basis at \$3.00 per plate. Payment should be made to Doris Crownover at the Chamber of Commerce before September 22.

Soft drinks and coffee will be sold by the Knox City FFA Chapter during the day. Registration will be handled

by the Chamber of Commerce and the Knox City FFA Chapter. More than 1100 strains of grasses, forbs, legumes, and woody plants are being evaluated at the Knox City center. Approximately 9000 pounds of seed were produced at the center last year. Most of the seed was used for trial plantings in Texas and Oklahoma. Over 5000 woody plant seedlings and 250,000 rhizomes were also produced at the center last year.

The Knox City center works with the Texas Department of Agriculture in providing foundation quality seed to qualified seed growers. These seed growers then grow and offer commercial seed for sale to the public. One plant that has been released from Knox City that has really caught hold in the commercial market is 'Selection 75' kleingrass. Since its release, over 650,000 acres have been planted throughout the state.

Two new plant varieties, 'Alamo' switchgrass and 'Aztec' Maximilian sunflower, were released to seed growers earlier this year as a result of work done at Knox City. Over 1000 pounds of foundation seed were dispersed to seed growers this year.

Emergency Loans Available Through Knox County FmHA

Emergency loans for farmers, ranchers, or aquaculture operators are available through county offices of the Farmers Home Administration (FmHA), Joe T. Boone, FmHA county supervisor, said today.

Boone asked that those who need farm credit as a result of drought from February 28, 1978 through August 2, 1978 and heavy rain August 3 and 4, 1978, make their needs known at the Farmers Home Administration office at 1101 East Main Street in Knox City, Texas.

Applications for assistance in the disaster stricken counties will be accepted by Farmers Home until May 21, 1979, for physical losses and August 23, 1979, for production losses.

FmHA loans covering actual physical and production losses may be used to replace installations, equipment, or buildings (including homes) lost through this disaster.

Funds may be used to buy feed, seed, fertilizer, livestock, or to meet interest and depreciation payments on

City Sales Tax Rebates On Increase

AUSTIN - State Comptroller Bob Bullock said Friday that his office has sent checks totaling \$70.1 million to 900 Texas cities as their September share of the local option one percent sales tax.

The September rebates raise the cities' total for the year to \$306.5 million, an increase of 16.3 percent over the same period last year.

The sales tax is collected by merchants and other sales tax permit holders along with the state sales tax and rebated monthly to the cities in which it is collected by the Comptroller's Office.

The City of Knox City received a net payment of \$6,432.05 for the period ending August 30, 1978, as compared to \$5,913.01 for the same period last year. Payments to date for 1978 have been \$28,191.59 reflecting a 12 percent increase.

Area towns' totals for the monthly period include Benjamin, \$375.42; O'Brien, \$139.26; Rochester \$2,035.68; Rule, \$2,607.93; Munday, \$5,855.15; Haskell, \$16,275.52; Seymour, \$15,686.49; and Stamford, \$20,779.59.

Knox City's 12 percent increase to date for the year was above those listed for area towns.

current real estate and chattel debts. Other loans, beyond actual losses, can be made for annual operating expenses or to make major adjustments in a farming or ranching operation.

"Funds can also be used for essential operating and living costs," Boone said.

Loans covering actual losses are made at an interest rate of three and five percent and are scheduled for repayment as rapidly as feasible, consistent with the applicant's reasonable ability to pay. Loans beyond actual losses have various maturities, depending on the purpose of the loan.

The interest rate for short-term loans for farm operating purposes is 8-1/2% also.

To be eligible for an emergency loan, an applicant must have suffered losses from the disaster and be unable to get credit from other sources.

Emergency loans can be used to help the farmer restore damaged farm operations and additional loans based on the emergency designation can be used to reorganize the farm for greater efficiency and better production.

Wind Damages Barn

A thunderstorm with heavy rain and high winds which hit the Knox City area late Sunday afternoon blew the doors off the west barn at the Plant Materials Center and twisted its rafters, according to David Lorenz, PMC manager.

Several trees in the immediate area were also blown down, it was reported.

Club To Sell Tamales Saturday

Women of the Santa Rosa Men and Women's Club will be selling tamales Saturday morning beginning at 11:00 o'clock at St. Isabell Hall.

Other details will be noted by the club's classified ad in this week's News.

For Airport's 10th Anniversary Celebration Sunday

Everything's 'Go'

The Knox City Chamber of Commerce, with the help of many individuals and a number of organizations, is putting the 'big pot in the little pot' and cooking up all sorts of good things for Sunday's tenth anniversary celebration of Knox City's Municipal Airport.

Chamber president W.R. (Bill) Baker and Doris Crownover, secretary-manager, have gone 'all out' to make Sunday's barbecue and afternoon program entertaining to all who attend, and as of press time, Mrs. Crownover reports that a large crowd is expected to be on hand.

Baker and David Counts are program chairmen, and Counts will serve as emcee.

The noon barbecue in itself would be enough to bring out a big crowd. Bud Carver, Charles Lankford, and Vic Lowry, are in charge of the cooking details and their reputation as cooks is known throughout the entire area.

In charge of ticket sales are Hob Smith and Roy Stewart, with Bob Harrison responsible for aircraft parking.

Mrs. Crownover also reported that the Lions Club, the newly-organized Jaycees and Jaycee-ettes, the Woman's Action League, and various school organizations are all contributing greatly to the Sunday celebration.

Following the barbecue, introduction of special guests will be made. A number of

LOOK, EVERYBODY! CHRIS CHRISTENSEN AND GARY MORRIS OF Christensen Aviation will be on hand Sunday at the Municipal Airport's tenth anniversary celebration to give free helicopter rides to several lucky persons. Christensen has owned the helicopter since February and the firm uses it to check fields for insect damage. Both Chris and Gary are licensed helicopter pilots. Persons wishing to register for the free rides may do so at the Chamber of Commerce office, Jones Pharmacy, or The Knox County News. No purchase is necessary and persons may register as many times as they would like before Sunday.

dignitaries have confirmed their invitations including Attorney General John Hill, Democratic candidate for Governor; Mark White, Democratic candidate for Attorney General; Congr. Bob Krueger, Democratic candidate for U.S. Senator; John Poerner, Democratic candidate for Railroad Commissioner (unexpired term); Senator Ray Farabee, 30th District; Repr. W.S. (Bill) Heatly, 101st District; Charles Stenholm, Democratic candidate for U.S. Congressman, 17th District; and others.

The Knox City High School Band, under the direction of Alan Steckler, will play "The

Star Spangled Banner" as sky divers begin their performance at 2:15 p.m.

The Elmdale Parachute Center Skydivers of Abilene, who will be adding to the enjoyment of those attending the anniversary celebration include Lou Sparks, Abilene pilot, along with jumpers Roger Reynolds, 20 yrs. old with 450 jumps to his credit, Tony Sparks, 22 yr. old son of Lou Sparks with 1050 jumps, Monte Kirkpatrick, 23 yrs. old with 525 jumps, and Tex Wooters, 30 yrs. of age with 600 jumps.

Flyovers and demonstrations are scheduled at 2:30 p.m.

While Eddie Williams and the gliders are being airborne for their 2:45 p.m. performance, model airplanes which are radio controlled will entertain the crowd.

An agricultural demonstration is set for 4:00 p.m. to be followed by guest Bob See AIRSHOW Pg. 3

Bensons Named Boosters

Named Boosters of the Week for the Knox City-Archer City game are Mr. and Mrs. Jerry Benson of Knox City.

Glenna and Jerry are the parents of a son, David, a senior who plays flanker and defensive halfback and wears number 88; and two daughters, Leann, an eighth grade student at O'Brien Mid-School, and Marilyn, who is a seventh grader at O'Brien Mid-School.

Glenna is a native of Knox City, having been born and reared here. She is the daughter of Mr. and Mrs. Clyde Voss of Knox City, and a Knox City High graduate. Glenna, who is employed by Perry's, enjoys sewing as a hobby.

The family belongs to the First Baptist Church, where Glenna served as Sunday School teacher for the Children I class.

A Benjamin native, Jerry is the son of Mr. and Mrs. R.D. Benson of Benjamin. During high school days, Jerry played football for the Mustangs. Jerry is a member of the Knox City Volunteer Fire Department and hunting is his hobby.

Jerry is a twenty year employee of General Telephone Company.

WARREN NEWELL ...assigned here

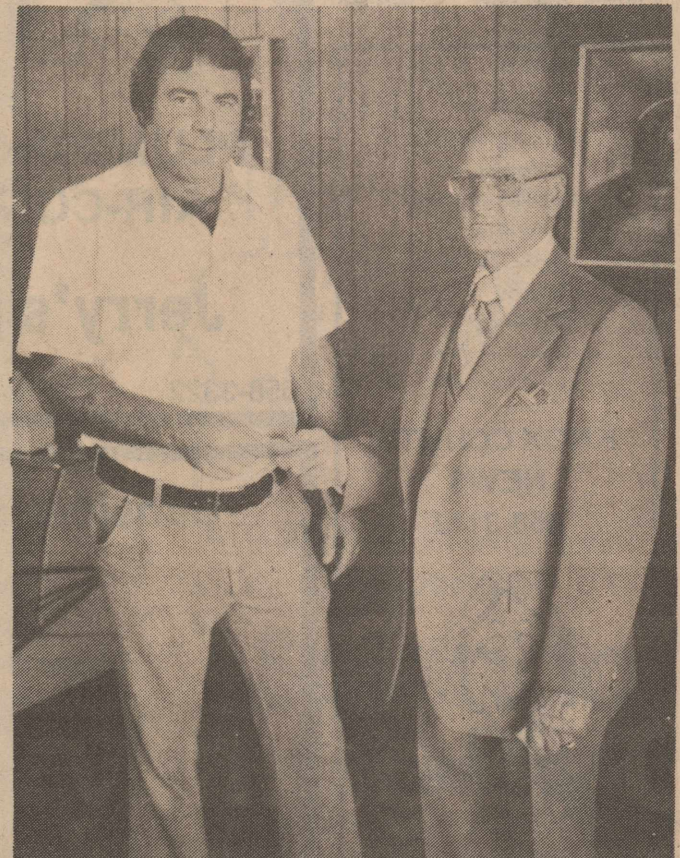

Newell Assumes Duties

Warren Lee Newell has been assigned to the assistant county supervisor position at Farmers Home Administration in Knox City.

Formerly with FmHA in Brownfield, Newell received his degree in range science from Oklahoma State University and began work with this agency in February, 1976, at Stanton.

He is a native of Cheyenne, Oklahoma, and has lived in Modesto, California, and Stillwater, Oklahoma.

Newell assumed his duties here August 28 and replaces Larry McDaniel who was recently assigned to the Snyder FmHA office as county supervisor.

TICKET CHAIRMEN FOR THE TENTH Anniversary Celebration of Knox City's Municipal Airport are Roy Stewart, left, and E.Hob Smith who are busily selling tickets to the noonday barbecue next Sunday.

**Streams In
Desert Places**
By Ozelle Stephens

"Being born again, not of corruptible seed, but of incorruptible, by the word of God, which liveth and abideth forever. (1 Pet. 2:23)

If man will be obedient to God's word of power he will be purified in his soul; for it gives you advice for wisdom and knowledge. It is the only book you can read and feel like all the world is against you, when you read it believing it is God talking to you you feel brand new all over. When you are lonely and hurting you will find it to be a part of you. It will abide with you continually. Through it streams of God's love will flow into your inner being, giving you new life every day.

God's words are easily understood; they will stand forever, they are wise and gracious; they are wonderful words and speak to you of life- eternal life.

**SMALL BUT HIGH
QUALITY TEXAS PECANS**
Texas pecans will be smaller than usual this fall due to the severe dry weather, but the crop will still be of high quality, points out a horticulturist with the Texas Agricultural Extension Service. This year's crop should average 25 to 26 million pounds compared to average production of about 40 million pounds. The 1978 Texas crop was plagued by a severe winter, heavy pecan nut casebearer damage in the spring, and a season-long drought.

ints For Homeowners

FINDING STORAGE SPACE

To prevent your car from taking a back seat to bicycles and outdoor furniture in your garage this winter, get busy and create additional storage space.

Season after season many homeowners find themselves opening and banging car doors against lawn-care equipment and barbecue grills. They even fall over their own watering cans, hoses, rakes and folding chairs.

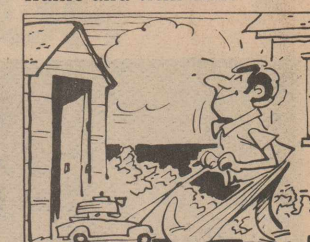

Some expeditious people, however, have solved the problem by erecting a yard building intended solely for the steady accumulation of the outdoor-activity equipment that's common to most families.

One of the nicest aspects of a yard storage structure is its "building" simplicity. You really don't build; you simply assemble by following complete step-by-step instructions.

The only tools you need are wrench, hammer, hand saw, tape measure and screwdriver. If you don't own them already, look for lifetime-quality tool names like Crescent, Lufkin and Nicholson at your hardware center.

There are many sizes of lightweight metal yard barns available today, but there's

an equally wide variety of permanent, sturdy, wood buildings. One group of styles comes with pre-cut frame and trim kits.

MINIATURE BARNs are appearing in the yards of many industrious people who find they need yard storage area

Each section of these wood buildings is numbered to match an illustrated assembly plan. When you finish putting the structure together, you can paint or stain the exterior to harmonize with or even match your house.

Check with your nearest home center, or favorite building supply dealer, for information about these easy-to-assemble new storage buildings.

In one weekend, you can improve your home by adding 500 cubic feet or more of additional storage space and, at the same time, give the garage back to your car

John Hill is attacking State Budget waste . . .

"I've already started my search for waste in the state budget. I want to be ready to tackle overspending the minute I take office as Governor in January. My budget office already is paring down big state agency budget requests, to keep spending within available revenues. We'll have to live within our means, because I'll veto any new taxes."

. . . because he knows
our taxpayers need
relief from inflation.

VIOLA CONNALLY
...dies Sept. 10

Local's Kin Dies In Texarkana

Former King and Knox County resident, Mrs. Viola Beard Connally, died at Wadley Hospital in Texarkana, Sunday, September 10, following a long illness.

The mother of Knox City businesswoman, Mrs. Jimmy (Rachel) Earhart, services were held Monday afternoon, September 11, at two o'clock in the Texarkana Funeral Home Chapel with the Rev. Howard Gardner, Airabells Heights Baptist pastor, assisted by the Rev. J.L. Patillo, Church of God minister, officiating. Burial was in the Red Lick Cemetery.

Born in Bowie County on December 8, 1899, she had lived the past eight years in King and Knox Counties. Mrs. Connally was a member of the Foursquare Gospel Church.

Survivors include two sons, Aron F. Beard of Texarkana and S/Sgt. Nolan B. Beard of Fort Riley, Kansas; four daughters, Mrs. Earhart of Knox City, Mrs. Ladell Harrell of Littleton, Colorado, Mrs. Mary Lee of Greenville, and Mrs. Hazel George of Texarkana; 21 grandchildren; 16 great-grandchildren; and one great-great-grandchild.

Pallbearers were Randy Earhart of Knox City, David Harrell of Littleton, Colorado, George Hillis, Randy Hillis, Charles Hillis and Tommy Hillis, all of Texarkana.

Lions Club News

BY Z.I. SMITH

County Librarian Attends Meeting

Mrs. Maxine Hamilton, County school librarian, attended a Town Hall Library Meeting at the Abilene Public Library, September 12. These meetings were held in selected sites of each of the fifty states. The meeting was the first step of a three-step plan to coordinate all information resources to provide people with access to the information they need.

There is evidence of an information explosion on all sides. No single library can afford all of the information it needs. Therefore, counties need a better network of libraries and information service between libraries extending from the local library to the Library of Congress. Citizens of the Big Country were present to express their concerns and needs from libraries.

As a second step, delegates will assemble in Austin on November 16-18 to bring the results of these area meetings together on a state level. Six delegates were selected from this area.

The third step will be a White House Conference on Library and Information Service in Washington in October and November of 1979. The conference will include representatives from all states bringing input from their citizens.

The main concern expressed was that the public is unaware of the information media i.e. books, films, records, Braille and large print that is available to them through their local library.

The meeting was profitable toward gaining better library inter-service.

O'BRIEN HAPPENINGS

BY CHARLENE BROTHERS

Have you ever seen such hot, humid weather this late in September? Probably have, just cannot remember it. I will be glad when some cooler weather gets here. Next Saturday is the beginning of fall, so maybe it will become easier to live then. They tell me this hot weather is good on the cotton, makes it mature out faster, but the humid weather to go along with it is also good for the boll weevil. I'm sure. There are plenty of them to go around. I heard of one farmer that said he did not have any weevils. I will almost bet he has not looked very good or he would have found some. We have plenty if he wants some we will share.

The City of O'Brien council met last Thursday night. During the meeting they made most of the final plans for the meeting with the person from A&M on the beautification program. The meeting has been changed to October 10, this is a Tuesday night. (It was checked and nothing at school will be going on.) There will be a bar-b-que at the school building at 7:30 p.m. with the business meeting to follow. There will be letters mailed to everyone that has property here in O'Brien. We are going to try to make this a success, but the council cannot do all the work themselves, if the rest of you people are not interested in making our town a cleaner, prettier place to live, we will not be able to get this off the ground. Mark your calendars and plan to come to this meeting and get involved. There will be more each week about this. Tell everyone about it. There will also be some entertainment at this meeting. Sonia Carter from Knox City has been asked to sing for us, or whatever she wishes to do. I have heard so many good things about her singing and I am looking forward to hearing her.

The dogs are getting to be a problem here again, not only that but some hogs have been up to our house. May have fresh sausage one of these days if the hogs do not stay away. Remember the rule that was made on the dogs, they are to have a collar and tag or they will be done away with. Keep your pet at home and safe.

HERE AND THERE

Mr. and Mrs. Grady Ellis have been visiting in Salt Lake City, Utah, with their son David.

Mr. and Mrs. Claudale Barnard visited in Odessa during the weekend with their

daughter and family, Mr. and Mrs. Eddie Bryant, Jennifer and Jonathan.

Mr. and Mrs. Ross Walsworth of Albany visited in O'Brien with friends and relatives during the weekend.

Visiting in the home of Mr. and Mrs. A.A. Cox during the weekend were Mr. and Mrs. Jackie Cox, Randy and Kim of Lubbock, Laura Cox and Judy and Mr. and Mrs. W.A. Hobbs of Weatherford and Mr. and Mrs. Irby Carlisle of Anson.

Craig Brothers of Western Texas College in Snyder visited with Mr. and Mrs. J.O. Brothers and other relatives during the weekend.

Marvin Manning enjoyed a birthday dinner at the home of Mr. and Mrs. J.O. Brothers and Craig Sunday. Also attending and helping with the dinner were Mrs. James Manning, Cody and Christie. (James did not get to make it, his oil wells would not cooperate.) This was Marvin's 69th birthday (I hope I'm as lively as he is when I'm that age.)

Strickland Rites Held In Rochester

Funeral services for Rochester resident Mrs. Abb (Bessie) Strickland were held Sunday, September 17, in the First Baptist Church in Rochester with the Rev. Kathryn Byrd, Foursquare Gospel Minister, officiating. Burial was in the Rochester Cemetery under the direction of Smith Funeral Home.

Mrs. Strickland, 72, died at 3:30 p.m. Friday, September 15, in the Haskell Memorial Hospital following a brief illness.

Born July 25, 1906, in Breckenridge, she was the daughter of the late Will and Ruthie Stokes. She moved to Rochester in 1920 from Coleman and on February 2, 1922, she married Abb Strickland in Haskell. Mrs. Strickland was a member of the Baptist Church.

Survivors include her husband; three sons, Calvin of Gretna, Louisiana; Arlin of Lubbock and Bud of Fort Worth; three daughters, Ruby Barclay of Lubbock, Wilma Jean Sanders of Coleman and Vera Wilson of Petersburg; three brothers, Henry Stokes of Oregon, Homer Stokes and Carl Stokes, both of Snyder; four sisters, Mrs. Thelma Franks of Marble Falls, Mrs. Lula Ferguson of Anaheim, California, Mrs. Edna Roberts of Tucumcari, New Mexico, and Mrs. Bennie Sumrall of Snyder; 16 grandchildren and 15 great-grandchildren.

Pallbearers were Tommy Michaels, Jim Beauchamp, W.H. Patterson, Hubert Wilson, Paul Allen, and Hack Miller.

AIR SHOW

Continued

From Page One

Carmichael who will delight the spectators with his aerobatics at 4:15.

Knox City's original airport was a dirt strip 100' wide by 2800' long constructed on land purchased from L.W. Graham. It was dedicated on June 26, 1960, and was built by local money, and the assistance of both the Knox County Commissioners Court and the City of Knox City. Serving on the original airport commission were Jack Arledge, the late C.J. Reese, John Crownover, Vaughn Gruben, and A.T. Holcomb.

The new airport was made possible by a \$20,000.00 grant from the Texas Aeronautics Agency and matched with local funds. A sum of \$6,000.00 plus from individuals and families was raised with in-kind services from numerous individuals in excess of \$14,000.00. When the beautiful new airport was dedicated 10 years ago, the citizens of Knox City owned a debt-free \$50,000.00 modern airport!

Construction on the 3200' x 50' paved and lighted runway began April 4, 1968, with the formal dedication on August 18, 1968.

Members of the 1968 airport commission were chairman W.R. Baker, Henry White, Doyle Graham, Bob Harrison, and Charles Lankford.

Local's Kin Buried In Rochester

Funeral services for Rhondy Benard Strickland of Amarillo, former Rochester resident and brother of Jewell Miller of Knox City, were held Tuesday afternoon, September 19, at two o'clock in the First Baptist Church in Rochester. The Rev. Hubert Sego, Haskell Baptist minister, officiated and burial followed in the Rochester Cemetery with Smith Funeral Home in charge of arrangements.

Mr. Strickland, 48, died in the Medi-Park Care Center in Amarillo following a lengthy illness.

Born November 28, 1929, in Haskell, he worked as a carpenter contractor. Strickland had moved to Amarillo 11 months ago from Billings, Montana, and his parents were the late J.D. and Georgia Strickland.

Survivors include two brothers, W.I. and I.W., both of Rochester; and three sisters, Fay Starkey of Earth, Mrs. Miller of Knox City, and Frances McClure of Canyon.

Nephews served as pallbearers.

Overlap Billing Will Show Tax On Oct. Bills

The state's four percent sales tax on utility bills for residential customers will be dropped after October 1, but an overlap for billing periods beginning during the month of September will cause the tax to appear on all bills received during October and on some received in November.

Fred Foy, supervisor of statistics and state taxes for West Texas Utilities Co., said that instructions issued by the State Comptroller are specific on how the recently approved

tax exemptions are to be applied.

"A lot of people apparently think that October billings will not include the tax," Foy said, "but this is not the case."

"The law states that the exemptions shall apply to each regular monthly billing period beginning on or after October 1. This means that if we bill a customer for service from any time prior to October 1, the four percent sales tax will be applied to the total

bill."

Citing an example, Foy said that if a meter is read on September 29, that particular customer will be taxed on the bill he received in October and also on the bill he receives in November, since his November bill is for service from September 30 - October 29.

The tax exemption was enacted during the special session of the Legislature this summer and applies to residential use of electricity and natural gas. Residential use is defined as "A family dwelling, a multi-family apartment, a housing complex, or building or portions of a building occupied as home or residence."

The Legislature provided a local option on the one percent city sales tax on utilities, but most of the towns in the West Texas Utilities service area have indicated they will continue the tax. Foy said that so far, Junction the only WTU town which has announced it would abolish the tax.

"Our company will continue to collect the tax for the cities that wish to keep it," Foy said.

IN HENRIETTA

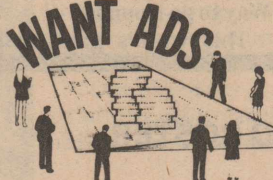

The Angle Sisters, Gwen and Stacy, were in Henrietta Thursday night of last week to meet Rex Allen Jr. and the Country Travellers including Joe Holcomb, Danny DeMarco, and Bill McCullough.

Allen and his band were in Henrietta to play for the opening rodeo dance for the annual Clay County Pioneers Reunion.

Accompanying the girls were Mr. and Mrs. Buddy Angle and Clay Hewitt of Lubbock.

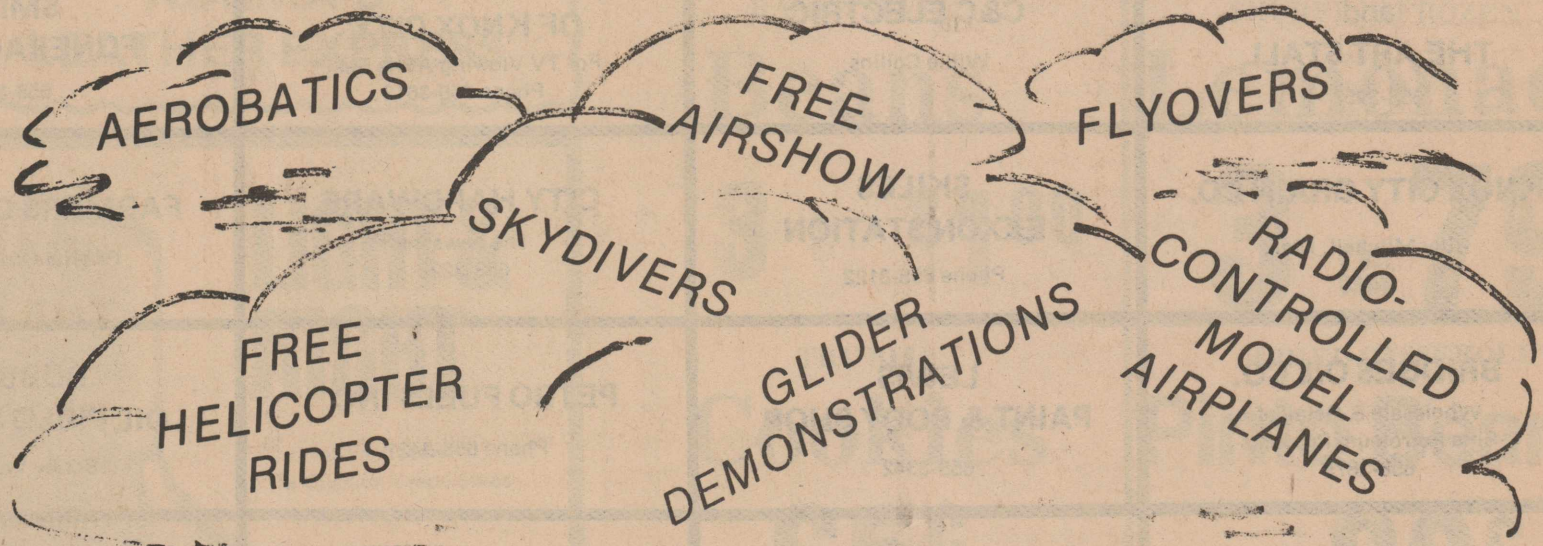

FROM FORT WORTH

Visiting with Mrs. Bertha Trimmer over the weekend were Mr. and Mrs. Elton Qualls and son, Rodney, Mr. and Mrs. Bill Oliver, all of Fort Worth, Wayne Qualls of O'Brien, and Miss Irene Bolton of Wichita Falls.

TO THE 10th ANNIVERSARY CELEBRATION OF THE Knox City Municipal Airport SUNDAY, SEPT. 24

Barbecue Lunch \$3.00 Plate
Serving Begins 12:30 P.M.

Many dignitaries including John Hill, Mark White, Bob Krueger, John Poerner, Ray Farabee, Bill Heatly and Charles Stenholm will be present.

SENIOR CLASS NEWS By Terry Curd

Last week the varsity had their first regular season home game. We beat Albany 26-10. It was a close first half with many turnovers. After half time we blew the game open. Jimmy Rushing and Joe Guiterrez scored a touchdown each to lead the Greyhounds. Way to go!!

Not only do the seniors lead the charge in football but; Rhonda Skiles is head twirler, Brenda Albus is head cheerleader, and Sonia Carter and Jan Burt are on the drill team.

This week most of the seniors have been registering for their SAT or ACT test, which enables them to enter college.

Last Saturday our workday went by busily. We all worked pretty hard. Noon knew how

much we made. We would all (seniors) like to thank those who helped us by letting us wash, mow or whatever for them and a special thanks to Weldon and Willard Skiles for helping us.

This week we play Archer City here. Hopefully we'll be 3-0 after the game.

JUNIOR CLASS NEWS By Gerri Watson

The juniors are not doing much this week except lots of school work. In English they're learning how to say speeches.

The juniors will have a class meeting soon and decide what projects they will do to make money. Also they will elect class favorites.

The juniors are doing great in all their athletic sports such as basketball, football, and volleyball. We are looking forward to a great year.

If anyone has any ideas for money-making projects, please contact Mrs. Watson.

PEP CLUB NEWS By Simone Cobb

The Hounds had a game last Friday against Albany. Knox City won, the score was 26-10. Way to go Hounds!

This week's game will be

here at the stadium against Archer City.

Remember Pep Club, pay your dues \$1.50.

Some Pep Club members wore their uniforms Friday night. The blue overalls and red blouses were very sharp looking, and many compliments were passed to the girls.

Also, the drill team sported new can-cans, ruffled bib fronts, black bow ties and black top hats.

Go get a WILDCAT!!!

BAND NEWS

By Gerri Watson

Last Friday the band played at our second pep rally. They played "Skybird" and "Basin Street" besides their regular songs. The pep rallies are really sounding great.

The band marched their first half-time show Friday night. They played a fanfare, then marched across the field to "Solid Rock". After this, the twirlers were announced and were featured to "Sweet Caroline", while the band stood still and played. Then the band did a two-step drill to "Little Giant". The band marched off the "Fight Song". Everyone did a really terrific

job. Keep up the good work!

FHA NEWS

By Tammie Helton

The FHA organization had a six county workshop in Throckmorton Tuesday afternoon. The workshop began at 4:00. Leadership was one of the main purposes for the workshop. Angelia Reid and two other Area IV officers from Munday and Rochester were in charge.

Members present were Angelia Reid, Gaylynn Burkham, Kelly Watson, Gerri Watson, Kay Howell, Angie Bateman, Stacy Eaton, Rhonda Skiles, Simone Cobb, Kristi White, Mindy Hutchinson, Missy Whitley, Maggie Curd, and Tammie Helton.

HOME MAKING I

By Missy Whitley

The freshmen girls have decided that we do like homemaking, especially after Mrs. Newton let us have a party.

A filmstrip was shown on Encounter and refreshments were served afterwards.

The week before, officers were elected. The girls that will head up this class are Mindy Hutchinson, president; Kristi White, vice president;

Maggie Curd, secretary; and Missy Whitley, reporter. This Tuesday these girls will travel to Throckmorton where a workshop will be held.

Other freshmen girls taking the class are Rhonda Redwine, Bee Bennie Lewis, Chayo Garcia, Kim Rhodes, Lisa Flores, and Eva Casillas.

GREENHAND NEWS

By Rance Hacker

Last week in Ag I we made our record books for our projects. We studied what to put in the book, where to put it, and when to put it in. We made the signs for the halls last week for the Albany game, and also help run the concession stand during the game.

IN DALLAS

Mr. and Mrs. J.T. Cyfert and Mr. and Mrs. Tommy Kent were in Dallas last Thursday to visit Lynn Tankersley and his wife, Hazel, in Baylor Hospital where Lynn is a patient.

According to Tommy, Lynn is slowly improving and hopes to be able to return to Knox City in the near future.

Band Boosters Begin '79 Calendar Sales

The Knox City Band Boosters met for their first meeting of the 1978-79 school year, Monday, September 11, in the band hall. President Barbara Howell called the meeting to order and several items of business were discussed. The main item was the sale of the band calendars. Named as chairman of the sale was Mrs. Edwin Faulk. Sales will start immediately and the deadline for purchasing these calendars will be September 30. According to reports, a salesman should be visiting residents' homes soon; however, if there are those who were missed, they are asked to please call Mrs. Faulk at 658-3457 after 5:00 p.m.

Mrs. Pat Grimsley was elected secretary-treasurer following the resignation of Mrs. Pat Elston.

Band students will be conducting a membership drive soon and members hope that residents will show their support by purchasing a mem-

bership from one of the students. Membership fee is \$1.00 as noted by their ad in the classified section of the News. Band boosters are in need of help from parents of band students.

Committees for the coming year were appointed by Mrs. Howell and include Alan Steckler, membership; Billie Stewart, program chairman; Genie Holcomb, and Sue Clayton, band beau and sweetheart; Barbara Howell and Janice Albus, band concession stand; and Bobbie Meinzer and Marie Cowart, telephone committee.

Band director Alan Steckler reported to the Boosters that there had been an increasing amount of vandalism in the band hall. He asked that Band Boosters impress upon all the parents of the band students from the fifth grade through high school to help their children realize the expense of the horns and other equipment in the band hall, and help put a stop to all the vandalism.

BREAKFAST MENUS

Monday: Orange Wedges, Hot Biscuits, Butter and Jelly, Chocolate Milk

News Notes from the Brazos Valley Care Home

By Edna Eubank

Church of Christ had song service at the home on Sunday. Music has its charms for the elderly and they all enjoyed the singing very much. Thanks to the church for such a good turn out and the thoughtfulness of all who came.

Mr. Buchanan was very glad to see his son Archie and grandson John Paul of Fort Worth.

Nefro Gonzales enjoyed visits from his brother Lupe Gonzales and his wife of Boulder, Colorado, and Mrs. Faye Baltagon of Fort Morgan, Colorado.

Mrs. Williamson welcomed Clifford, Lorena Burnison of Munday, Louise Finley, Ozelle Stephens, Blanche Elliott, her granddaughter Glenda Thurianger and her daughter Amy of Austin, and Thelma Williamson.

Mrs. Golden, a daughter, Mrs. Gladys Cartwright, a sister, both of Benjamin,

called on Mrs. Gillentine as did a nephew Dub Cartwright. Mrs. Doyle Griffith was visiting numerous ones in the home one day.

Jim Burleson and his niece made a trip to Electra to see friends from Arkansas.

Mrs. Pray entertained Mary Stone, Marion Perdue, Betty Williams, Maurine Reeder and Mi-Mi Williams.

Mr. and Mrs. Lieb welcomed Brother Bill Wright and Brother Patterson of Knox City, Mrs. Wheeler, Mrs. Tabor and Mrs. Campbell all of Albany and Brother John Gillispie of Knox City.

Mr. Waldrip had his usual amount of company. Some who came were: Lloyd and Aline Waldrip, Carl Chafin, Lorena Burnison, Margaret Ann Hill and Cheryl Urbanczyk of Munday, Ford Waldrip, L.J. Snelson, Bessie Tidwell Thaxton Tidwell and wife, all of Anton.

Kelton Smith enjoyed having Kate Wheeler, Mawmaw, Z.I. Smith, Chester Jones and Bessie Duncan.

Blanch Hodges of Plainview came to see her dad, Mr. Cochran.

EIGHTH GRADE NEWS By Kristi Boone

Last week we elected officers. They are president, Ricky Gutierrez; vice-president, David Lankford; secretary, Jerri Grimsley; and reporter, Kristi Boone. We also had our first game. We won both the eighth grade and the seventh grade games.

Our cheerleaders this year are Charlette Albus, eighth grader; Daveine Holcomb, seventh grader; Sarah Jones, seventh grader; and Michelle Bateman, seventh grader. Our twirlers are Karae Beason, Kristi Boone, Bonnie Stewart, and Toni Hewitt, all of whom are eighth graders.

Next week we play Quanah at O'Brien.

Do It And Diet

Out of your dreams and onto your dinner table: Weight Watchers' frozen Italian pies for those on a weight control program.

For decades dieters have tried—and often failed—to toe the line with cottage cheese, carrots and the like. But here comes Jean Nidetch, founder of Weight Watchers International, saying that these pies are fine as part of a nutritionally proper weight control program.

Two kinds of Italian pies are Cheese and Tomato, and Sausage, Cheese and Tomato. Packed two to a box, and portion-controlled.

A free booklet, "Nutrition, Weight Control and You," is available by writing Dept. 103, Weight Watchers Frozen Meals, Box NB742, El Paso, Texas 79977.

O'Brien Girls Vying For Haskell Title

Two Knox City-O'Brien High School students, who reside in Haskell County, are competing this week with approximately forty girls from across Haskell County for the title of Miss Haskell County Fair. Winner of the contest will be crowned Thursday (tonight) at 7:30 p.m. on the open stage of the fairgrounds in Haskell.

O'Brien candidates for the title are Angelia Reid, the daughter of Mr. and Mrs. Johnny D. Reid, who is sponsored by Gothard Texaco, and Kristi White, daughter of Mr. and Mrs. Jimmy White, whose sponsor is the O'Brien Co-op Gin.

Girls were judged in formal Monday, September 18, at 6:30 p.m. in the Community Room of the Haskell National Bank with this being the only phase of judging. Ninety percent of the final scores will come from the panel of judges with ten percent being from the girls themselves.

Raisin-Carrot Cake For Jewish New Year

The High Holy Days, opening with Rosh Hashana, will begin this year on October 2, and end ten days later with Yom Kippur. During this ten-day period of profound religious observance families will be gathered together for feasting and quiet celebration.

Food is always an important part of any holiday celebration and Rosh Hashana is no exception. During this time of penitence and prayer Jewish tables are festive and special attention is given to planning the menus.

Dessert is an important item on every Rosh Hashana table. Suggested here is Raisin-Carrot Cake made with peanut oil which is favored by Jewish cooks because of its light, delicate flavor. Planters Peanut Oil is the all-purpose cooking and salad oil that is acceptable in Jewish kitchens any time of year because it is kosher and pareve.

RAISIN-CARROT CAKE

- 1-1/4 cups unsifted flour
- 1 teaspoon baking powder
- 1/2 teaspoon baking soda
- 1/2 teaspoon salt
- 1/2 teaspoon ground cinnamon
- 4 eggs, separated
- 1/2 cup firmly packed light brown sugar
- 1/2 cup Planters Peanut Oil
- 1/4 cup water

- 1 cup coarsely grated raw carrots
 - 1/2 cup dark seedless raisins
 - 2 tablespoons grated lemon peel
- Combine flour, baking powder, baking soda, salt and cinnamon; set aside. Beat egg whites in small mixing bowl until soft peaks form; set aside. In large bowl combine sugar and peanut oil. Beat until well blended. Combine

egg yolks and water; stir into oil mixture. Mix in carrots, raisins and lemon peel. Blend in dry ingredients. Fold in beaten egg whites. Turn batter into a well greased and lightly floured 2-quart Turk's-head pan or ring mold.

Bake at 350° F. about 30 minutes, or until done. Cool in pan on wire rack 10 minutes. Turn out onto rack to finish cooling. Makes 1 cake.

Kate Grill of Benjamin would like to tell everyone about her new baby sister. Her name is Diahndra Juli Anne and was born Tuesday, September 12, at 6:04 a.m. in the Knox County Hospital.

Kate and her cousins, Chris and Laura Burnett and Matt and Micah Linn are ready to show Diahndra her new world.

Kate said that Mom and Pop, Belle and Benny Grill and Granny, Juanita Burnett, all of Benjamin, as well as Meme and Pa, Lorene and Ben Grill of Seymour, will probably want to help, too.

SMALLER COTTON CROP BRIGHTENS PRICE OUTLOOK

Prospects for a smaller cotton crop than expected earlier this year have improved the price outlook despite sagging demand, says a cotton marketing specialist with the Texas Agricultural Extension Service. While the U.S. crop will be down some, foreign production should be up slightly over last year.

R-PEP Meeting To Be In Vernon

The annual meeting of the Rollins Plains Economic Program, known as R-PEP, will be held at the Vernon Regional Junior College in Vernon, on Friday, October 20, from 8:30 a.m. until 3:00 p.m. announced R.C. Couch Jr., chairman of R-PEP, recently.

R-PEP is composed of all farmers and ranchers in a 29 county area of the Rolling Plains of Texas. There are no dues or assessments whatsoever. This organization is for all who are interested in the promotional, economical, and educational welfare of agriculture in Texas.

R-PEP is sponsored by the Texas A&M University Extension Service with Ed Garnett, District 3 Extension Agent as coordinator and a staff of specialists at the Research Extension Center near Vernon including R.C. Couch Jr., vice-chairman of the Board and senior trust officer - Haskell National Bank, chairman: Gary Mathis, co-

manager of Swenson Land and Cattle Co., Stamford, vice-chairman; Bill Benson, Vernon, secretary; and Norman Brints, Vernon, advisor.

The meeting will be for all agriculturists in the Rolling Plains area.

A well-rounded program of experts in Texas Agriculture will be condensed down to one day of food, fun, and education.

Everyone is invited to attend the current updated information on the future in agriculture.

R

**YOU NEED ALL THE
HELP YOU CAN GET**

Every year there are about five to ten million adverse drug reactions in this country. And, sad to say, a good many of them are preventable. Your pharmacist is in a good position to advise you when two drugs you might be taking are incompatible. Prescription drugs react with non-prescription drugs and even common aspirin and antacids cannot be safely taken with many prescription medications.

Our pharmacy is anxious to help you watch out for adverse drug reactions. So, please ask us about the medicines you are taking.

Brooks New WTU Executive Assistant

The promotion of Dick Brooks to executive assistant with West Texas Utilities Co. was announced Tuesday by Bill Sayles, vice president and director of WTU's Customer Services Division.

Brooks, an employee of WTU since 1961, will assist in all functions of the Customer Services Division, which includes working with the Company's district managers and local managers. WTU serves 167 communities through six district offices and 58 local offices in an area extending from Shamrock in the Panhandle to Presidio in the Big Bend.

For the past year, Brooks had been manager of plant operations, with supervisory responsibilities over WTU's eight power generating stations.

He is a native of Slaton and attended public schools in Presidio, Girvin, and Whiteface, graduating from Whiteface High School in 1955. His father worked for the Santa Fe Railway, and Dick also was employed as a Santa Fe switchman from 1955-59 while attending Texas Tech University.

After earning an electrical engineering degree from Tech in 1961, he joined WTU as an engineer trainee in Abilene. He was promoted to transmission construction engineer in 1962; to transmission design

and construction engineer in 1965; to transmission engineer in 1971; to executive assistant in generation in 1976; and to manager of plant operations in 1977.

Brooks is a member and a past president of the Abilene Optimist Club; a member and past chairman of the Abilene Chapter of the Institute of Electrical Engineers; and a member and past chairman of the Abilene Chapter of the Texas Society of Professional Engineers. He is a deacon and Sunday School Department director at the First Baptist Church in Abilene.

He and his wife Martha, who is English supervisor for Abilene Public Schools, have two children. Richard Gregory, 19, is a student at Texas Tech, and Stephanie Grace, 16, attends Cooper High School. The family home is at 2710 Shoreline Drive.

WTU SERVICEMEN WHO STAGED A demonstration on pole top rescue last Friday morning are Tommie (Bud) Reynolds, at left, and Tony Diaz.

WTU Holds 'Rescue Operation'

An interesting demonstration on pole-top rescue seemed 'almost real' as West Texas Utilities Company servicemen Tommie (Bud) Reynolds and Tony Diaz showed spectators the vital steps necessary to follow Friday morning of last week.

The demonstration took place at 9:00 a.m. north of the WTU office.

Knox City Volunteer Fire Department personnel, along with local electricians and WTU employees from Munday observed the rescue operation staged by Reynolds and Diaz.

After the demonstration, the servicemen explained to the bystanders how to revive a shock victim and also showed the new safety equipment.

Cattlemen's Round-Up Set September 25

Cattle drives from all over the southwest in years past had Abilene, Kansas, as their destination. Each fall since 1960, southwest stockmen have also rounded up cattle to go to Abilene - but in this instance, Abilene, Texas.

The 19th annual Cattlemen's Round-Up for Crippled Children is in full swing with proceeds benefiting the handicapped of the southwest through the West Texas Rehabilitation Center and its campuses in San Angelo, Abilene and Snyder.

This unique fund-raising event for this private non-profit treatment and diagnostic complex each year provides the necessary monies to operate a diverse program of services to the handicapped regardless of age, race, creed, color, place of residence or ability to pay.

Shelley V. Smith, executive director of the West Texas Rehabilitation Center said, "At this point we have received pledges for 70 head of cattle for our September 25 sale at Abilene Auction." Smith added: "In order to offset our operational deficit of \$225,000, we are going to need about 400 head of cattle this year, so we're hoping that the pledges will pick up quickly as September 25 approaches."

Smith went on to say, "As we must arrange to pick up many of the donated cattle from a wide area, we need to have the pledges as quickly as possible." Pickups, trailers and trucks will be roaming the roads and highways of the entire state with their loads of livestock that will ultimately turn into rehabilitation for the

handicapped of the southwest. Pickups have already headed for the tip of Texas near Raymondville to pick up the famous King Ranch cattle.

Last year's Cattlemen's Round-Up raised \$153,000 to help operate the Center. This year's operational budget for WTRC's three campuses is \$1.8 million to serve more than 6,000 handicapped individuals.

Anyone wishing to donate cash or livestock should contact Shelley V. Smith, executive director at the Central Office by calling collect (915) 692-1633, or local chairman Lee Smith, Knox City, or Togo Moorhouse, Benjamin.

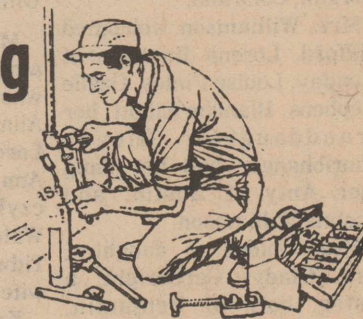

Price On History Good Through Oct. 1

The Knox County History pre-publication price will remain in effect through October 1, according to a spokesman. Details will be noted in the classified ad in this week's News.

A four-coin set will go to some lucky person who purchases a copy of the history book before that date.

Don't Give Rats A Chance To Start

By Deena Patillo

Rats have lived with man for so long they, too, have developed the sense to come in out of the heat. Extreme weather, heat or cold, will send rats as well as mice scampering for the nearest shelter. That may be your home or business.

If you don't have rats now,

don't give them a chance to start. Keep all garbage in tightly covered metal trash cans and all cereal should be kept in and off the floors or ground. By following these suggestions, you deny rodents the three things they need to survive—food, water, and shelter.

If you have seen rats or mice in or around your home, or have found droppings, tracks, runs, gnawings or greasy smears along walls where the rodents travel, the first step is to eliminate them. This can be accomplished by using either traps or rodenticides. The most readily available type of trap is the wood base snap trap which can be purchased at small cost from food, hardware and variety stores. An enlarged trigger can be made for traps by slipping a piece of corrugated cardboard cut to half the size of the trap and pushed down over the trigger. This increases the size of the trigger so that it will be sprung more easily by the rodent stepping on it. Always put them along walls in out of the way places where the rodents prefer to run. Place them so that the trigger faces the wall. Bait, contrary to popular belief, does not have to be cheese. Nearly all food will do such as bread, oatmeal, bacon, peanut butter, or nuts. Use plenty of traps and keep them set. Dispose of all dead rodents as soon as caught. Do not handle them with bare hands.

Rodenticides may also be used in rodent control. There are a number of these on the market, but the anticoagulant types are recommended for the homeowner. These are not only effective, but are the least hazardous to use around the home with the proper caution. Anticoagulant keep the blood from clotting, and cause death by internal hemorrhaging. Ready mixed baits containing the proper amount of anticoagulant mixed in corn meal or similar grains are available and are ready acceptable to both rats and mice.

These rodenticides are placed where the rodents run and feed. They should be placed in a bait box or under some type of cover to prevent children or animals other than rodents from getting to the bait. Cover will also protect

the bait from the weather, as well as offering the seclusion desired by rodents when feeding. Water baits (anticoagulants dissolved in water) placed nearby will help repeated feedings to be effective. The bait stations should be maintained and replenished when necessary for at least 15 days. The amount of bait and number of bait stations will depend upon the degree of infestation, but it is better to use too much than too little.

After most or all of the rodents have been

eliminated, a few bait stations can be maintained permanently to help prevent reinfestation. Buildings should be rat-proofed as much as possible, with all the holes larger than 1/4 of an inch being filled or covered with metal or hardware cloth.

Additional information on rodents and rodent control may be obtained from the Texas Rodent and Predatory Animal Control Service at the Federal Building, Room 304, Wichita Falls 76301, or call at (817) 767-4981.

World Series Brain-Teasers

Who holds the lifetime World Series record for most games played (75); most at-bats (259); and most hits (71)?

ANSWER: Yogi Berra, New York Yankees.

What is the World Series single-game attendance record?

ANSWER: The fifth game of the 1969 World Series between the Los Angeles Dodgers and the Chicago White Sox in Los Angeles on October 6. These same teams also set a World Series attendance record of 42,074 for the sixth game played by the Los Angeles Dodgers and the New York Yankees on October 7.

What pitcher holds these lifetime World Series records? Most wins (10); most games (22); most games started (22); most pitched (146); most strikeouts (94); most bases on balls (34); most losses (8).

ANSWER: Whitey Ford, New York Yankees.

How many baseballs are supplied for each World Series Game?

ANSWER: According to A-T-O Inc.'s Rawlings Sporting Goods Company, manufacturer of official American and National League baseballs, umpires "run up" six dozen base-

DO YOU KNOW

...that baseball's first World Series with a million dollar gate was in 1923 when the New York Giants battled the New York Yankees? The record attendance of 301,430 marked the first series played at the huge new Yankee Stadium. Despite two home runs by the Giants' Casey Stengel, who later as manager piloted the Yankees to six World Series championships, the Yankees won the series in six games.

SERVICES OF THE CHURCH OF GOD IN CHRIST

The Abilene District Convocation was held at the Rule Church last week. The Lord greatly blessed the meeting.

Monday night was homecoming night. Asst. Supt. Leon Ward preached from Revelation 2:11 and Ezekiel 37, "Hearing Above People and Things."

On Tuesday night, the Evangelist dept. did a good job under the supervision of Elder R. L. Williams and Elder Vernon Session. The Missionaries and ministers brought out some good thoughts as they spoke. Elder R. L. Williams, the Evangelist Pres. brought the main message that night "A Way Out."

Wednesday night the Sunday School dept. did a good job under the supervision of Elder Leon Ward and Missionary Laura Blue. Wednesday was also Bishop J. E. Alexander's night in the meeting. Bishop Alexander preached greatly that night from Matthew 21. Brother George Lewis our state usher board president, and another brother from Lubbock visited us on Wednesday night along with

KC COLORED NEWS-EVENTS

St. Paul Sunday were very spiritual; Sunday school a small attendance but the lesson were well taught by the teacher and had a good review by the Supt. For morning service the pastor preach a powerful sermon about "What Matter of Man is this" that the water and wind obey him. He didn't give the scripture.

In the afternoon the church were in Munday for their 3rd Sunday. Musical all choirs present and in their place. This were the time for preaching. Rev. Reece of St. Paul preach from 147 Psalms, "Praise the Lord". St. Paul didn't have evening service.

Well our pea picking were short live but I had a good time while it last if no body else didn't you better no I did.

This is the shortest school year in history for this little boy who is in kindergarten who finish next week, the teacher has to ask him everything and he is tired of that.

Oh well some is fast to learn and is not as this saying goes when you are hot you are hot and when you are not you are not. Amen bencher.

Monday evening the St. Paul ladies held their mission society. Lesson were found Matthews 28:18-20, Acts 1:8. Subject Encouragement to Obey the Great Commission. Were taught by Alistine Flye.

BOB CARMICHAEL AND HIS WIFE, KAREN, will 'put the icing on the cake' Sunday afternoon at Knox City's Municipal Airport celebration when Bob's aerobatics will climax the airshow. Karen is the granddaughter of Mrs. Alma Culwell and the grand-niece of Mrs. Sammie Carpenter. Bob is a captain with Delta Airlines and is sponsored by Superior Air Parts of Addison.

Local's Kin To Be Part Of Anniversary Air Show

Knox City and area residents will be in for another treat when a local woman's granddaughter and her husband will be part of the tenth anniversary celebration of the Knox City Municipal Airport. Karen Carmichael, the granddaughter of Mrs. Alma Culwell and great-niece of Mrs. Sammie Carpenter, and her husband, Bob, will arrive in Knox City where Bob will perform aerobatic stunts for the celebration.

Bob, 39, was born in Terre Haute, Indiana, and started flying with his father when he was seven years old. He took flying lessons and received his pilot's license when he was in

the Army. After the Army, he flew charters and instructed before he went to work for Delta Airlines in 1964. Bob is currently a captain for Delta and flies a 727 aircraft.

Involved in aerobatics since 1971, he was a member of the ground crew of the 1976 US Aerobatic Team where he was team trainer, chief delegate, and team captain. On the 1978 team, Bob was one of five pilots and finished seventh in the world and the US team finished second in team competition. The contest was held in Czechoslovakia, where the Czech team placed first.

In addition to flying, Bob is an accomplished trap shooter

and rides Observed English (motorcycle) Trials, as well as being an aerobatic competition judge on the national level. Bob also flies helicopters and has his instructor's rating in airplanes and helicopters.

Bob is sponsored by Superior Air Parts of Addison and his license number is ATP 1456359.

Karen, who is 33 years old, spent her 'best' childhood summers in Knox City growing up with most of the kids her age.

She has a single and multi-engine commercial license in airplanes and helicopters and also has an instructor rating in

helicopters. Karen has worked as a helicopter instructor and was the 154th woman in the free world to receive a helicopter rating and one of only 20 or so female helicopter instructors.

Mrs. Carmichael is an aerobatic judge on the regional level and actively helps Bob prepare for a contest by watching and grading his practice flights. She also has a horse which she rides frequently and did live and photographic modeling as a young girl.

Carmichael pointed out that the difference between the airshow he will put on in Knox City and the contests he enters is mainly one of altitude. In competition, his maneuvers are more precise and he is never allowed below 300 feet. While his airshow is comprised of very precise maneuvers, he flies somewhat lower from time to time.

Carmichael does pride himself, his wife, as well as his sponsor, on being a good enough aerobatic pilot who does not have to perform the "death defying stunts" that so many people do.

Yard Of Month Is Selected

The yard of Vernelle and Jack Tankersley, southeast of Knox City, has been selected as Yard of the Month by members of the Knox City Garden Club.

Judges Idoma Chowning and Mary Groves stated that the fountain, water lilies, rose bushes, spider ferns, as well as the succulents and pots plus the overall beauty around the yard made the decision an easy one for the judges.

FROM CALIFORNIA

Mrs. Ethel Ryder of Bellflower, California, and Venta Horne of Gilliland were guests of Mrs. Buck Propps last Saturday.

By Elaine Monroe,
Fashion Director
Sears, Roebuck and Co.

If you only wear something on your head to keep you warm, you're missing out! A hat can polish off an outfit in a special way, making you look (and feel) terrific.

But don't just plunk any hat on your head; choose it in terms of your outfit.

WHAT'S A-HEAD? Hats and more hats—they're back and looking better than ever. One example is the big beret in corduroy.

One new topping for fall's skirt and trouser outfits is the oversize corduroy beret shown here. A classic felt beret is also good with sporty clothes; a lacy-knit one is pretty with soft dresses.

To top off the hit menswear look try a newsboy cap, the snappy visored style you pull down at a jaunty angle.

More fall headlines are rollers, fedoras and cozy knit caps—this year the caps are worn way down on the forehead and rolled.

Electra Federal, Olney Savings Approve Merger

Don McClatchy, president and chief executive officer of Olney Savings Association, and Ray B. Dickey, president of Electra Federal Savings & Loan Association of Electra, jointly announce the notification by the Federal Home Loan Bank Board of Washington, D.C. of the approval of the Agreement to Merge the two financial institutions. The Federal Home Loan Bank Board approval was voted during a regular Board meeting in Washington, D.C. on Wednesday, August 30. Official approval of the merger agreement came from the Texas Savings and Loan Department by a resolution dated November 28, 1977, and signed by L. Alvis Vandygriff, savings and loan commissioner of Texas. Effective with the merger, corporate operation will be under the name of Olney Savings Association, and Electra Savings, a division of Olney Savings.

Both Dickey and McClatchy emphasized again that present and future customer of Electra Savings, a division of Olney Savings, could be assured that the merger is a change in name only, but with the addition of significantly extended services. Savings will continue to be insured up to \$40,000 by the Federal Savings and Loan Insurance Corporation.

Dickey continued, "This change is significant for the City of Electra, as well as for the institution involved." "It will give us the capital to han-

dle any type and size of loan that might be needed in the area, and it will also give us great strength and reserves."

"We're extremely delighted to see Olney Savings Association joining hands", McClatchy said. "Electra and Wichita County have experienced tremendous growth during the last few years, and Electra Savings, a division of Olney Savings, will provide a financial institution with total assets in excess of \$146 million to serve the people of this en-

tire area and make a significant contribution to the overall economy of Electra and Wichita County."

The present Board of Directors of Electra Federal will become Advisory Directors of Electra Savings, a division of Olney Savings, and Ray B. Dickey Sr., and Don Rowe will serve as directors of Olney Savings Association. Electra Federal was organized in 1934 by C.H. McGann and Ray B. Dickey Sr.

AVISO PUBLICO UN RESUMEN DE LAS ENMIENDAS PROPUESTAS A LA CONSTITUCION ELECCION GENERAL 7 DE NOVIEMBRE DE 1978

LA ENMIENDA PARA ALIVIO DE IMPUESTOS (H.J.R. 1)

H.J.R. 1 propone una enmienda a la constitución de Texas permitiendo a la legislatura que exente propiedad personal intangible; requiriendo que la legislatura exente ciertos artículos caseros y efectos particulares; y permitiendo a la legislatura que exente todo o parte de la propiedad personal del hogar seguro, de la imposición de impuestos estatales y locales sobre propiedad.

La enmienda requiere a la legislatura que disponga la imposición de impuestos sobre tierras agrícolas y rancheros basada en su capacidad productiva en vez de su valor de mercado y permite a la legislatura que disponga la imposición de impuestos a bosques de madera basada en su capacidad productiva.

La enmienda permite a los gobiernos locales que extiendan la exención actual de no menos de \$3,000 del hogar seguro residencial para personas de 65 años o más de edad para incluir ciertas personas incapacitadas.

La enmienda concede una exención de \$5,000 en el valor de mercado del hogar seguro residencial en los impuestos para escuelas públicas sobre propiedad. Autoriza a la legislatura que conceda una exención adicional de los impuestos para escuelas públicas sobre propiedad de una cantidad que no exceda \$10,000 del valor de mercado de hogares seguros residenciales de personas 65 años o más de edad y ciertas personas incapacitadas. Si la persona de 65 años o más de edad es elegible para esta exención la cantidad total de los impuestos para escuelas públicas sobre el hogar seguro de aquella persona no puede incrementarse.

La enmienda previene que gobiernos locales incrementen los impuestos sobre propiedad a menos que el cuerpo administrativo provea aviso público y lleve a cabo una audiencia pública. La enmienda requiere a la legislatura que disponga por ley que cada propietario reciba aviso de la revaluación de su propiedad y la cantidad de incremento en sus impuestos.

La enmienda limita las apropiaciones de los ingresos de impuestos estatales en una cantidad que no exceda la tasa de crecimiento económico estatal que se anticipa, con la legislatura autorizada para conceder exenciones de emergencia.

La enmienda prohíbe la valuación de propiedad inmueble a través del estado para los fines de impuestos sobre propiedad. Se requiere que la ejecución de

normas y procedimientos uniformes para la valuación de propiedad con el propósito de impuestos sobre propiedad, se origine con la autoridad que impone los impuestos sobre propiedad.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional disponiendo alivio de impuestos para hogares seguros residenciales, personas mayores de edad, personas incapacitadas, y tierras agrícolas; extensiones de bienes muebles; la verdad en procedimientos tocante a la imposición de impuestos, incluyendo participación de ciudadanos; de nuevo definiendo la base de impuestos; limitando los gastos del estado; y la administración de impuestos sobre propiedad."

NO. 1 (S.J.R. 50)

S.J.R. 50 propone una enmienda a la constitución de Texas para eliminar la referencia arcaica al "Instituto de Sordos y Mudos." La enmienda permitiría al estado de Texas que compre productos y servicios de individuos incapacitados en facilidades de rehabilitación no lucrativas sin cumplir con los requisitos de oferta que se aplican a otros contratos estatales. La enmienda también eliminaría la formalidad de la aprobación de ciertos contratos estatales por el Gobernador, el Secretario de Estado, y el Contralor de Cuentas Públicas.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional eliminando la referencia arcaica al "Instituto de Sordos y Mudos," permitiendo que ciertos productos y servicios de personas incapacitadas sean usados por agencias y departamentos del gobierno del estado, requiriendo que otros productos y servicios requeridos en la operación del gobierno del estado sean obtenidos por ofertas concedidas al postor responsable que ofrezca el precio más bajo, haciendo que todos los procesos de procuración sean sujetos a las leyes establecidas por la legislatura y eliminando el requisito que el Gobernador de Texas, el Secretario de Estado, y el Contralor de Cuentas Públicas de Texas participen personalmente en tales negociaciones."

NO. 2 (S.J.R. 55)

S.J.R. 55 propone una enmienda a la constitución de Texas para permitir que gobiernos locales emi-

tan bonos para la reconstrucción o adquisición de facilidades (terrenos, equipos y mejoras) con la intención de desarrollar oportunidades de empleo. Estos bonos se pagarán solamente de los ingresos de la venta o arriendo de estas facilidades. Gobierno local debe determinar que la construcción o adquisición de tales facilidades es necesaria para desarrollar oportunidades de empleo.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional para disponer que la legislatura puede permitir que las subdivisiones políticas emitan bonos de ingresos, para desarrollar oportunidades de empleo para sus ciudadanos."

NO. 3 (S.J.R. 44)

S.J.R. 44 propone una enmienda a la constitución de Texas para permitir que la legislatura autorice a ciudades y pueblos la emisión de bonos de impuestos incrementados para financiar el desarrollo de áreas deterioradas. Solamente se pagarán los bonos de los ingresos de los incrementos en impuestos municipales. No pagos se pueden hacer de los ingresos de impuestos municipales, servicios públicos u otros servicios.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional que da a la legislatura el poder de autorizar las ciudades y pueblos para expedir bonos para financiar el desarrollo de áreas deterioradas y prohibir cualquier ciudad o pueblo de conceder su dinero o prestar su crédito para tales fines."

NO. 4 (S.J.R. 53)

S.J.R. 53 propone una enmienda a la constitución de Texas para permitir que la legislatura exente de la imposición de impuestos, aparatos para energía o de viento.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional autorizando a la legislatura para exentar de impuestos aparatos de energía solar o de viento."

NO. 5 (H.J.R. 37)

H.J.R. 37 propone una enmienda a la constitución de Texas para conceder competencia exclusiva a jueces de paz en causas civiles cuando la cantidad en controversia no excede \$200, a menos que la legislatura conceda competencia exclusiva a otra corte.

La enmienda concede a jueces de paz competencia concurrente con cortes de condado cuando la cantidad en controversia sea entre \$200 y \$500, a menos que la legislatura conceda a la corte de condado competencia exclusiva.

La enmienda también concede a jueces de paz

competencia concurrente con ambas cortes, cortes de condado, y cortes de distrito, cuando la cantidad en controversia sea entre \$500 y \$1,000, a menos que la legislatura conceda a la corte de condado o distrito competencia exclusiva.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional para extender la competencia de los jueces de paz en causas civiles."

NO. 6 (S.J.R. 45)

S.J.R. 45 propone una enmienda a la constitución de Texas para permitir que la legislatura aumente el número de jueces en cualquier corte de apelaciones civiles. Al presente, cortes de apelaciones civiles están limitadas a un juez presidente y dos jueces asociados. La enmienda también permitiría a las cortes que sesionen por secciones, con la concurrencia de una mayoría de los jueces en la sección siendo necesaria para decidir una causa.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional permitiendo que la legislatura aumente el número de jueces en cualquier Corte de Apelaciones Civiles, permitiendo que Cortes de Apelaciones Civiles sesionen por secciones, y requiriendo la concurrencia de una mayoría de jueces para decidir una causa."

NO. 7 (S.J.R. 48)

S.J.R. 48 propone una enmienda a la constitución de Texas eliminando la Comisión de Edificios del Estado y el Fondo de Edificios del Estado. La autoridad de la Comisión de Edificios del Estado ha sido trasladada por ley a la Junta de Control del Estado.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional para abrogar la autoridad constitucional de la Comisión de Edificios del Estado y el Fondo de Edificios del Estado."

NO. 8 (H.J.R. 42)

H.J.R. 42 propone una enmienda a la constitución de Texas permitiendo que ciertas subdivisiones políticas o distritos del estado que al presente pueden emitir bonos u otras deudas o de otra manera prestar su crédito para ciertas subdivisiones políticas o distritos del estado que al presente pueden emitir bonos u otras deudas o de otra manera prestar su crédito para sostener tales actividades.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional autorizando que ciertos distritos participen en actividades contra incendios y emitan bonos o de otra manera presten crédito para tales propósitos."

PUBLIC NOTICE SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOV. 7, 1978

"The Tax Relief Amendment" (H.J.R. 1)

H.J.R. 1 propone una enmienda to the Texas Constitution allowing the legislature to exempt intangible personal property, requiring the legislature to exempt certain household goods and personal effects, and allowing the legislature to exempt all or part of the personal property homestead from state and local property taxation.

The amendment requires the legislature to provide for the taxation of farm and ranch land on the basis of its productive capacity instead of its market value and allows the legislature to provide for the taxation of timber land on its productive capacity.

The amendment permits local governments to extend the present exemption of not less than \$3,000 of the residence homestead of persons 65 and older to include certain disabled persons.

The amendment grants an exemption from public school property taxes of \$5,000 of the market value of the residence homestead. It authorizes the legislature to grant an additional exemption from public school property taxes of an amount not to exceed \$10,000 of the market value of the residence homestead of persons 65 years of age or older and certain disabled persons. If a person 65 years of age or older qualifies for this exemption, the total amount of public school taxes imposed on that person's homestead may not be increased.

The amendment prevents local governments from increasing property taxes unless the governing body provides public notice and conducts a public hearing. The amendment requires the legislature to provide by law for each property owner to receive notice of the revaluation of his property and the amount taxes will be increased.

The amendment limits appropriations from state tax revenue to an amount not to exceed Texas' estimated economic growth rate, with the legislature authorized to make exceptions for emergencies.

The amendment prohibits the statewide appraisal of real property for property tax purposes. Enforcement of uniform standards and procedures for appraisal of property for property tax purposes is required to originate in the taxing

authority where the property tax is imposed.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment providing for tax relief for residential homesteads, elderly persons, disabled persons, and agricultural land; for personal property exemptions; for truth in taxation procedures, including citizen involvement; for a redefinition of the tax base; for limitations on state spending; and for property tax administration."

NUMBER ONE (S.J.R. 50)

S.J.R. 50 proposes an amendment to the Texas Constitution to delete an archaic reference to the "Deaf and Dumb Asylum." The amendment would allow the State of Texas to purchase products and services done by handicapped individuals in nonprofit rehabilitation facilities without complying with bid requirements applicable to other state contracts. The amendment also would eliminate the formality of the approval of certain state contracts by the Governor, the Secretary of State and the Comptroller of Public Accounts.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment deleting the archaic reference to the 'Deaf and Dumb Asylum,' allowing certain products and services of handicapped individuals to be used by agencies and departments of state government, requiring the procurement of other products and services required in the operation of state government to be made under bids awarded to the lowest responsible bidder, making all such procurement processes subject to laws enacted by the legislature, and eliminating the requirement that the Governor, the Secretary of State, and the Comptroller of Public Accounts of Texas be personally involved with such transactions."

NUMBER TWO (S.J.R. 55)

S.J.R. 55 proposes an amendment to the Texas Constitution to permit local governments to issue bonds for the reconstruction or acquisition of facilities (land, equipment and improvements) designed to develop employment opportunities. These

bonds would be payable solely from the revenue from the sale or lease of these facilities. The building or acquisition of such facilities must be determined by the local government to be necessary to develop employment opportunities.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to provide that the legislature may permit political subdivisions to issue revenue bonds to develop employment opportunities for its citizens."

NUMBER THREE (S.J.R. 44)

S.J.R. 44 proposes an amendment to the Texas Constitution which would allow the legislature to authorize cities and towns to issue tax increment bonds to finance the redevelopment of blighted areas. The bonds are to be paid solely from revenue from municipal tax increments. Payment cannot be made from the revenue of municipal taxes, utilities, or other services.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to give the legislature the power to authorize cities and towns to issue bonds to finance the redevelopment of blighted areas and prohibiting any city or town from granting its money or lending its credit for such purposes."

NUMBER FOUR (S.J.R. 53)

S.J.R. 53 proposes an amendment to the Texas Constitution to allow the legislature to exempt from taxation solar or wind-powered energy devices.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing the legislature to exempt from taxation solar and wind-powered energy devices."

NUMBER FIVE (H.J.R. 37)

H.J.R. 37 proposes an amendment to the Texas Constitution to grant exclusive jurisdiction to justices of the peace in civil cases where the amount in controversy does not exceed \$200, except where the legislature gives exclusive jurisdiction to another court.

The amendment grants justices of the peace concurrent jurisdiction with county courts where the amount in controversy is between \$200 and \$500, except where the legislature gives the county court exclusive jurisdiction.

The amendment also grants justices of the peace concurrent juris-

isdiction with both county and district courts where the amount in controversy is between \$500 and \$1,000, except where the legislature gives the county or district court exclusive jurisdiction.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to extend the jurisdiction of justices of the peace in civil cases."

NUMBER SIX (S.J.R. 45)

S.J.R. 45 proposes an amendment to the Texas Constitution to allow the legislature to expand the number of judges on any court of civil appeals. Presently courts of civil appeals are limited to a chief justice and two associate justices. The amendment also would allow the courts to sit in sections, with the concurrence of a majority of the judges sitting in the section necessary to decide a case.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment permitting the legislature to increase the number of justices on a court of civil appeals, permitting a court of civil appeals to sit in sections, and requiring a concurrence of a majority of justices to decide a case."

NUMBER SEVEN (S.J.R. 48)

S.J.R. 48 proposes an amendment to the Texas Constitution eliminating the State Building Commission and the State Building Fund. The authority of the State Building Commission has been transferred by law to the State Board of Control.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to repeal the constitutional authority for the State Building Commission and the State Building Fund."

NUMBER EIGHT (H.J.R. 42)

H.J.R. 42 proposes an amendment to the Texas Constitution allowing certain political subdivisions or districts in the state that can presently issue bonds or otherwise lend their credit to engage in fire-fighting activities and to issue bonds or otherwise lend their credit to support such activities.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendments authorizing certain districts to engage in fire-fighting activities and to issue bonds or otherwise indebtedness or to issue bonds or otherwise lend their credit for fire-fighting purposes."

Federation Is Topic Of Study Club Meet

The Knox City Study Club began a new year of federated club work with a noon luncheon Thursday, September 14, in the Community Center.

Club member Helen Patterson gave the invocation. All members reportedly enjoyed the delicious salads and the fellowship together.

President Winifred White introduced Federation Day Program Speaker, Mrs. Lena McGee, president of Mesquite District and a member of the Knox City Club.

She discussed the general federation of women's clubs

and the general federation theme: "Unity in Diversity". She gave an explanation of the meaning of federation and gave the many reasons why clubs need to be federated. Federation is truly a symbol of togetherness, she explained.

Mrs. McGee gave her own motto for Mesquite District: "Roots and Fruits of Federation" and used the motto as the subject for her afternoon discussion. Using a tree as an example, she pictured the roots as federated club members, the trunk as the Texas organization and gave an interesting history of Texas federation. She referred to the tree's branches as the many federated club members and asked that members constantly think of others as they go about their work. She asked all club members to remember three words: Investigate, eliminate, and concentrate.

In the business session, Mrs. White welcomed two new club members, Lillian Logan and Yvonne Jamison Harrison.

The club discussed at length one of the club projects for the year: "Community Improvement" and voted unanimously to offer assistance to other city organizations in community improvement.

Present for the meeting were: Lena McGee, Winifred White, Sudia Cash, Lillian Logan, Yvonne Harrison, Virginia Casey, Helen Patterson, Charlotte Griffith, Gladys Reed, Clara Smith, Idoma Chowning, and Sammie Carpenter.

Hostesses were Virginia Casey, Sammie Carpenter and Sudia Cash.

EHE Club Elects Officers

The EHE Study Club met Monday evening, September 11, at seven o'clock in the Community Center and elected officers for the coming year.

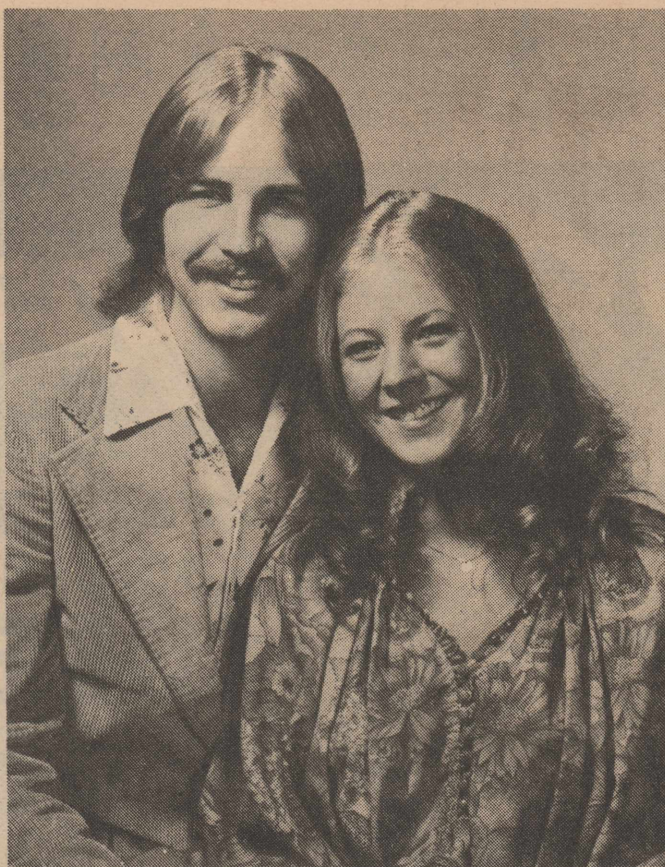

Sue Stephens will serve this year as president of the organization with Melonie Dillon named as vice president. Sherry Hacker was elected secretary with Linda Underwood as treasurer.

Roll call was answered to "My trick for falling asleep." The program was presented by Sue Stephens who recently attended a leader's training session in Benjamin on "How to Relax Your Mental Health." The session was led by Dr. Jerry Lyles, a Vernon psychologist.

Carolyn Sloan, Melonie Dillon, and Diane Roberts served refreshments.

The door prize, furnished by Diane Roberts, was won by Melonie Dillon.

The next program will be October 2 at 7:30 p.m. with the program being "Kitchen Up Date" to be presented by the new agent.

ANGUS L. LATHAM and TIMILU GRAHAM
...engaged to wed

Miss Graham, Latham To Wed November 24

Mr. and Mrs. Jeff T. Graham announce the engagement and approaching marriage of their daughter, Timilu, to Angus L. Latham of Los Angeles, California.

Latham is the son of Lt. Col. and Mrs. Roy Latham of Rockport.

Miss Graham, a 1976 graduate of Knox City High

School, attended Texas State Technical Institute where she majored in chemical technology. Her future plans include continuing her college education in California following her marriage.

The prospective bridegroom is a Lasar Electro Optics technician and is employed by Hughes Aircraft Inc. in Los Angeles. Latham is a graduate of TSTI and also Rockport High School.

WAL To Assist With Air Show

The Women's Action League held its monthly meeting Wednesday, September 13, at Rae's City Cafe with Elva Gonzales, president, in charge. Plans were made to assist with the upcoming Knox City Airport Anniversary and plans for a Haunted House in October were also discussed.

Seven members and one guest, Betty Lyles of Benjamin, were present.

A candlelight greeting was extended to new member Marion Perdue.

The next meeting for the organization will be the second Wednesday in October at twelve noon at the City Cafe. Members are urged to attend and guests are welcome, according to Betty Smith, reporter.

Angle Sisters To Be At Grapevine

For readers in the Dallas-Fort Worth metroplex, The Angle Sisters will be performing this Saturday evening, September 23, for both performances at the Grapevine Opry.

Show time for the first performance is 6:30 p.m. with the second curtain set to go up at 9:30 p.m.

Interested persons should phone ahead for reservations at (817) 481-3505.

Garden Club Opens Year With Luncheon

The Knox City Garden Club met Tuesday, September 12, for its opening luncheon at the Community Center.

Mrs. Ottis Cash welcomed 24 members and one visitor. Giving the invocation was Mrs. Travis Boyd.

Mrs. Cash conducted the business session and roll call was answered by getting to know each member by introduction. New members in-

clude Mmes. G.W. Coats, Oran Covey, Lula Hammons, Neal Logan, Yvonne Harrison, Gordon Melin, Charles Moran, Hershell Tankersley, and Roy Lee Walker. New members unable to attend were Mmes. Tom Christ, Bud Thompson, and W.F. Thompson. Mrs. Rowena Lane, the daughter of Mr. and Mrs. H.E. Wall, was the guest during the luncheon.

Mmes. Ulric Lea, Clara Smith, Hershell Tankersley, and Oran Covey were hostesses. Tables were decorated with flower arrangements.

Mrs. H.E. Wall provided the program on "Fun With Flowers" and explained the line arrangement she had made.

The presentation of the yearbooks was made by Mrs. Guy Robinson.

A pilgrimage is planned for October 21 to Fort Worth for a flower show.

Yard of the Month for September, chosen by Mmes. Idoma Chowning and Mary Groves, belongs to Vernelle and Jack Tankersley, who reside southeast of Knox City.

IN SAN ANGELO
Mr. and Mrs. Howard Logan were in San Angelo over the weekend to visit their son and his wife, Mr. and Mrs. Mickey Logan.

Also they visited former O'Brien resident Gerald Barnard in Shannon Memorial Hospital where he underwent surgery Friday.

FROM PORTLAND
James Alsup of Portland visited here last week with his mother and her husband, Mr. and Mrs. Fred Warren.

While here, they visited in Ruidoso and Hobbs, New Mexico, and James went on to New York, New Jersey, for a business trip.

'Messiah' Plans Set In Vernon

VRJC music instructor, Bill Hobbins, has announced plans to organize and prepare a community choral group to present the Christmas portion of Handel's 'Messiah'. The performance is scheduled for Wednesday evening, December 13, at 7:30 p.m. in the sanctuary of the First Baptist Church in Vernon. Hobbins hopes to recruit singers from all the local school and church musical groups as well as the community at large. Membership is open to anyone in the service area of VRJC. The choir will meet five times to prepare the choruses. These rehearsals are scheduled for Sunday afternoons from 2:00 to 4:00 p.m. in the VRJC Auditorium beginning October 29. Hobbins urges all interested persons to clear the indicated times on their calendars now.

Soprano, alto, tenor, and bass soloists for the performance will be selected from the choir. Hobbins pointed out that he wishes to use as many different people as possible in the solo passages.

The possibility exists that he singers will be supported by a small orchestra made up of strings, winds, and tympani. The keyboard work will be assumed by Kerry Johnston of the Vernon First Presbyterian Church. The rehearsals and performance will be conducted by Hobbins.

MUSHROOM LOVERS' SAUCE FOR PASTA

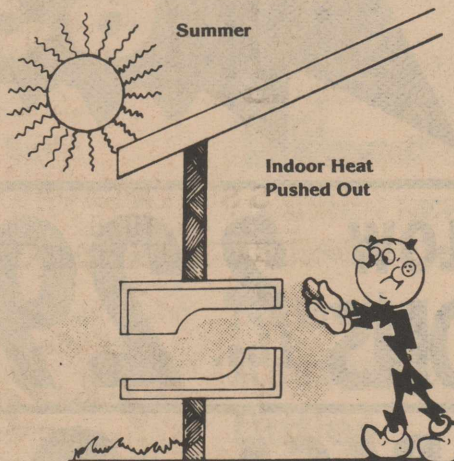

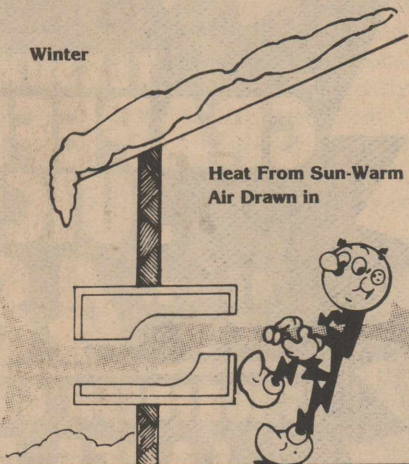

Mushroom sauces for spaghetti often consist of a few sliced mushrooms in tomato sauce. For a change, here's a sauce with real mushroom character, suggested by the American Mushroom Institute:

MUSHROOM ONION SAUCE FOR SPAGHETTI

- | | |
|--|---|
| 1 pound fresh mushrooms or 2 cans (6 to 8 oz. each) sliced mushrooms | 1/2 teaspoon basil leaves, crushed |
| 1/4 cup butter or margarine | 1/4 teaspoon ground black pepper |
| 1/2 cup chopped onion | 1 pint half and half |
| 2 tablespoons lemon juice | 1 pound spaghetti, cooked, rinsed and drained |
| 3 tablespoons flour | |
| 1-1/4 teaspoons salt | |

Rinse, pat dry and slice fresh mushrooms (makes about 5 cups) or drain canned mushrooms. In a large skillet melt butter. Add mushrooms and onion. Cook over low heat, stirring often, until mushrooms are golden, about 5 minutes. Remove from heat. Stir in lemon juice. Blend in flour, salt, basil and black pepper. Gradually stir in half and half. Cook and stir until sauce bubbles and thickens, about 5 minutes. Spoon over hot spaghetti. Serve immediately. Yield: 6 portions.

Stretch your energy dollars - Install an energy-efficient electric heat pump

A heating system that's more than 200% efficient may seem like something out of the future. But it isn't. It's yours today, with the electric heat pump. Because when correctly installed in a properly insulated home, the heat pump produces two units of heat for each single unit of electricity it uses. It transfers heat that's always present in sun-warmed outside air into your home during the winter. And reverses the process, pumping heat outdoors during the summer.

If you have plans to buy, build, or remodel, or are looking for a new heating and cooling system for your home, call a local FACTORY CERTIFIED heat pump dealer or talk with WTU. We will arrange for a WTU heating and cooling specialist to contact you. Learn more about the easy-to-install, economical electric heat pump — your most energy-efficient heating and cooling system buy.
