Award Contract For Paving on Highway No. 83

Wettest February on Record For Ten Years

MELTING SNOW SOAKING INTO WHEAT FIELDS

Sleet and Ice Followed by Five Inch Snow Last Friday; It Is Melting Slowly

Total Moisture is 1.32

Official Government Measure Shows This to be Wettest February Since the Year 1928

The ice and sleet that covered this area the fore part of last week bringing .81 inch moisture was followed by a five or six inch snow Friday, bringing the total moisture to 1.32 inches for the month of February. The snow and ice is melting very slowly and practically all of it will soak into the fields.

According to Jack R. Allen, who has been keeping the official government moisture guage since 1924, this is tre second wettest month during that period. In February, 1928, the total moisture was 2.05, and this may be bettered before this month is over.

Mr. Allen states that the total precipitation for the months of February in the years 1924 to 1937, inclusive, was 8.66 or an average of almost .62 inch. Precipitation for February by years as follows.

1924	.67
1925	.11
1926	.75
1927	1.10
1928	2.06
1929	.77
1930	.00
1931	.92
1932	.37
1933	.08
1934	1.13
1935	.28
1936	.00
1937	.43

This snow and sleet will be of untold benefit to the wheat crops and will also store up moisture for the growing of row crops.

LIONS HONORED RANGER TEAMS

CAPACITY CROWD PRESENT AT BANQUET TO FOOTBALL AND BASKETBALL ATHLETES

Even though the weather was inclement, over 140 were present at the banquet on Monday evening sponsored by the Perryton Lions Club and honoring the members of the Perryton High football and basketball teams. The banquet was served by the ladies of the Eastern Star in their dining room.

President O. A. Bush served as master of ceremonies. A short program consisting of community singing; invocation by Rev. S. R. McClung; accordian duet by Misses Wilma Leicht and Audrey Brannon; introduction of Coaches Burke, Duke and Misses Wilson and O'Bryant, and the members of the football squad and the boys and girls of the basketball squads; and a vocal solo by Addison Cutter, preceded the main address by Gerald C. Mann, former S. M. U. All-American football player.

Mrs. O. C. Lolliment of the Booster Station, northwest of town, was operated on at the Perryton hospital Sunday. She is getting along nicely.

Hugh Lackey, Tucumcari, New Mexico, is visiting this week in the home of his parents, Mr. and Mrs. W. T. Lackey.

Theatre Attractions

At Ellis Theatre for the coming week.

February 24-25— William Powell and Annabella in "The Baroness and the Butler".

February 26—Beverly Roberts and Dick Purcell in "Daredevil Drivers".

February 27-28—Sonja Henie and Don Ameche in "Happy Landing".

March 1-2—Joe E. Brown and Lyda Roberti in "Wide Open Faces".

March 3-4—Robert Taylor, Lionel Barrymore and Maureen O'Sullivan in "A Yank at Oxford."

SNOW STORM PREVENTED CLAPP INSPECTING PARK

Due to the snow blocking travel on Highway No. 83 last Saturday morning, Kennedy N. Clapp, member of the Texas State Parks Board, was unable to keep his engagement for an inspection of the Ochiltree State Park and luncheon in Perryton. Mr. Clapp got as far as Canadian but highway officials advised him not to attempt to get through until after noon Saturday. Mr. Clapp, on return to his home at Lubbock, advised that he plans to visit Ochiltree county between March 21 and April 1.

AMARILLO FAT STOCK EXHIBIT

OCHILTREE COUNTY 4-H BOYS TO ENTER CALF AND PIG CONTEST; SENDING JUDGING TEAMS

Ochiltree county 4-H Clubs will be represented at the Amarillo Fat Stock Show next week with entries from Clair Brillhart and Eldon Boese. Clair, a member of the Perryton Club, will show a fat calf in the senior division. Eldon, who belongs to the Waka Club, will enter a fat pig in the swine division.

The directors of the Perryton Chamber of Commerce, in a move to show their appreciation of the work of the 4-H Club work and to encourage more boys to become interested in better farming, have authorized County Agent Wayne Thomas to buy, if possible, the calf and pig of the Ochiltree county boys when same are placed on the auction block. If these entries are purchased by the Chamber of Commerce, they will be returned to Ochiltree county and sold.

Director Williams of the Perryton High School agricultural department announces that he will have live stock and poultry judging teams at the show. Members of the live stock team will be W. H. Barker, Grover Crum and Athel Pearson. On the poultry team are Dale McLain, John Hardy, and H. D. Hearn, with Earl Manning and John Huston as alternates.

Has Narrow Escape

Mrs. Lois Trollinger Misses by Small Margin Being Asphyxiated By Leaking Gas

Mrs. Lois Trollinger, owner of the Lois Beauty Shop on Southeast Third Avenue, had a narrow escape from death Monday when she was overcome by gas escaping from a loosened stove connection early in the afternoon. She was discovered lying on the floor unconscious by Mrs. Loraine Allen about 1:45 p. m. Failing to revive when given first aid treatment by Mrs. Allen, Dr. Kengle was called in and succeeded in bringing her back to consciousness. She has completered recovered from her experience and is back on the job at her business establishment.

JAYCEES ARE GIVING DANCE

BLUE RYTHM KINGS WILL BE FEATURED AT DONLEY HALL TONIGHT BEGINNING AT 9:00 O'CLOCK UNTIL

The Perryton Junior Chamber of Commerce is sponsoring a dance in the Donley Hall tonight, February 24, starting promptly at 9:00 o'clock. Music will be furnished by the Blue Rythm Kings. Admission will be $1.00 per couple.

Dance lovers will be royally entertained to the music of the Blue Rythm Kings an 8 piece band from Perryton recently organized and which is fast becoming a popular dance band in this teritory. Members of the committee in chage of the dance, composed of Harold Platt, Irvin Hergert, E. W. LeMaster, Lester Evans and Seldon Caradine, state that evey effort is being made to make the affair a success and those who attend will be assured of a good time.

Mr. and Mrs. Roy Bell left Monday for Colorado Springs, Colo., to be at the bedside of her mother, Mrs. Earl Hood, who is ill. They were accompanied by Mr. Hood and son, Carl, who have been working at Darrouzett, and Mrs. Bruce Weiser and baby of Logan, Okla.

LABOR ON NO. 83 TO BE SUPPLIED FROM NRS ROLL

During the past few days many persons have called at the offices of J. E. West, resident state highway engineer, seeking employment on Highway No. 83 Mr. West states that his office will have nothing to do with placing of men in any capacity on this contract. Under the regulations by which this contract was awarded by the state highway department, the contractors, Cocke & Braden, will have the privilege of employing and discharing all men. However, all persons employed must have an NRS card. At the present time there is no facility for NRS registration in this county. The NRS should open an office or designate some existing agency to register the unemployed at once, and not wait until the contractors are ready to open up the job to start registration of men.

VERNON EDITOR TO SPEAK HERE

RAY NICHOLS, CONFERENCE LAY LEADER, AT METHODIST CHURCH SUNDAY MORNING

Ray Nichols, Vernon editor and Conference lay leader, will be the principal speaker at the special laymen's service at the Methodist church Sunday morning. Mr. Nichols, at one time editor of an Amarillo newspaper, is one of the state's most prominent Methodist laymen.

Presiding Elder T. M. Johnston and T. V. Ellzey, district lay leader, will also appear on the program. G. T. McLarty, lay leader of the local church, is making the arrangements for this special service.

Rev. W. B. Vaughn, pastor, states that the choir will be composed entirely of men. Everyone is invited and urged to attend and a special invitation is extended to the men to be present at this service.

COUNTY COURT IS ADJOURNED

TWO CASES WERE DISPOSED OF WITH JUDGE D. D. SHANKS SITTING ON THE BENCH; LIGHT DOCKET TERM

County court adjourned Tuesday, February 22, after disposing of two cases from an exceptionally light docket. Several liquor cases were held over until next term.

A judgement was awarded to the W. T. Royalty Co. against R. T. Raymond, J. H. Lovett, J. R. McLarty and W W. McLarty on surety bonds.

In a case held over from the previous term of county court after a hung jury, Roy Symons was fined $100 for possession of intoxicating liquor for sale. According to Judge D. D. Shanks, 60 days will be allowed in which to appeal.

A jury commission composed of Cyrus LaMaster, Cecil Dodd and Charley Hobbs met Tuesday to select the jury list for the next two terms of county court.

Deputy to Visit Here

The Perryton Eastern Star Chapter Will Entertain Visitors On Friday Eve, February 25

Mrs. Lela Kersh of Shamrock, Grand Deputy for the Texas Eastern Star, will be in Perryton Friday, February 25, for her official visit to the Perryton Chapter.

Special session will be held in the lodge rooms, Friday evening, beginning promptly at 7:30 o'clock. Visitors from neighboring chapters are expected.

A special program and refreshments will be served in the banquet room followng the meeting.

Mr. and Mrs. J. M. Anderson and Mr. and Mrs. Ross Leatherman went to Pampa Sunday to take Mr. Anderson's niece, Miss June Anderson, who spent the past week visiting here.

Spoke at Banquet

Gerald C. Mann, former Texas Secretary of State and a candidate for Attorney-General, made a host of friends during his visit here Monday and Tuesday. Mr. Mann was the principal speaker at the Lions Club banquet on Monday evening honoring the boy and girl athletes of Perryton "Hi". He also spoke on the chapel program at the schoolhouse Tuesday morning and addressed the Spearman Lions Club Tuesday noon.

Remodel Salesroom

Community Public Service Making Improvements in Showrooms and General Office

Work has been started on an extensive remodeling program in the salesroom and offices of the Community Public Service Co. The partitions enclosing the small display room on the north side of the salesroom have been removed, throwing all floor space in the front of the office counters together. This will give much better facilities for the display of radios, refrigerators, ironers, washing machines and other electrical appliances.

C. E. Whippo, division manager states that it is planned to convert a part of the space to the rear of the offices into additional office quarters. The division office for Spearman, Booker, Waka, Farnsworth, Darrouzett, Follett, and Higgins is located in Perryton. The division office here also supervises operations of the utilities at Guymon, Goodwell, Tyrone, Forgan and Beaver in Oklahoma.

WILL COMPLETE ALL-WEATHER ROUTE ACROSS COUNTY FROM NORTH TO SOUTH ON NO. 83

Cocke & Braden, Amarillo Contractors, Awarded The Work at Figure of $164,844; Work Will Get Under Way in Few Weeks

OTHER GAPS ON ROUTE TO BE FILLED

Contract for the paving of 27 miles of Texas Highway No. 4, U. S. Highway No. 83, from Perryton to the Lipscomb County line, was let in Austin Monday, with Cocke and Braden, Amarillo, awarded the work at a figure of $164,844.

Paving of this stretch of new road will leave only two small gaps of unpaved road on the highway from the southern Cottle County line through Paducah, Childress, Wellington, Shamrock, Canadian and Perryton to the Texas-Oklahoma line.

These two small gaps, both in Hemphill County, have already been placed on the state program of paving.

The gap from the southern Hemphill County line, near Gageby, and the gap from the Canadian River bridge northwest to the Horse Creek bridge are expected to be paved in the near future.

JUST HERE and THERE

The city of Lockney, Texas, after finding itself in the hole financially, started negotiations with its bondholders and recently secured an interest rate of two per cent for a five year period and a slight increase in the interest rate for each successive five-year period until the bonds are retired. The bondholders also agreed to let the city collect delinquent taxes at 50c on the dollar with no penalties or interest added, all collections to apply on bonds. As the Lockney delinquent tax roll amounts to $46,000, this will result in a saving of $23,000, plus accrued interest. It is estimated that the saving on taxes and reduction in the interest rate on unpaid bonds will total $90,000.00.

Mrs. J. Henry Shields, associate editor of the Hooker Advance, has been honored by the Democrats of Oklahoma by being named as vice-chairman of the state Democratic central committee.

Trustees of the Shamrock Independent School District have decided to enter into a contract with a tax collection bureau for the collection of its delinquent taxes amounting to $56,000.00. The trustees pointed out that this move was necessary to force collection of sufficient taxes to keep the school operating for the remainder of the term.

Every landowner and tenant farmer should heed the request of the Ochiltree county Commissioners' Court and burn all weeds

IMPROVEMENTS AT LOCAL CCC

SPECIAL COURSE IN COOKING FOR CAMP COOKS BEGINS TONITE UNDER MISS WERTHA TARTER

Arrangements have been completed, according to Capt. G. W. Coffman Jr., Commanding Officer of Company 2874, Perryton Camp, for the holding of a school of instruction for the camp cooks and their assistants. This course or cooking school will be in charge of Miss Wertha Tarter, Ochiltree County Home Demonstration Agent.

Classes will be held each Thursday evening at seven o'clock, and continue over a period of at least four weeks. There will be from 12 to 15 taking this course. Special permission was obtained from the extension department at College Station so that Miss Tarter could do this work.

Miss Tarter stated that the course would include general discussions on preparing food, planning menus and table service.

Such instruction will not only add to the efficiency of the kitchen force, but will prepare them to serve better balanced and more appetizing meals. Many moden and labor-saving devices have been installed since the kitchen was first equipped. A huge electric mixer, costing in the neighborhood of a thousand dollars, an electric potato peeler and a sterilizer for the dishes are among the present equipment. New sinks have recently been installed.

Work has started on sealing the walls of the recreation and reading rooms. A large flood light has been installed at the west of the company street. Other lights are being added.

Capt. Coffman has been notified to expect J. S. Billups, special investigator, Wasrington, D. C., who will be in camp for an inspection. Mr. Billups is directly under Robert Fechner, Director of the Civilian Consevation Corps.

Lt. W. L. Scarborough from Camp SP 54-T of Tyler arrived February 10 and has assumed the duties of Junior Officer at the Perryton Camp. Mrs. Scarborough came with him and is staying in the home of Mrs. French Lawrence.

Carl Ellis and Virby Conley returned Tuesday evening from a business trip to Oklahoma City.

New Farm Bill Offers Wheat Farmers a Balanced Program

College Station.—The new AAA Farm Bill just passed by Congress will offer wheat farmers a well-rounded wheat program including acreage allotments, agricultural conservation payments, wheat loans, crop insurance, and marketing quotas if supplies are so large that quotas are necessary, according to Geo. Slaughter, chairman of the Texas Agricultural Conservation Committee.

The following brief summary of how these provisions in the new farm bill will operate for wheat farmers is given by Slaughter.

The Act provides for acreage allotments to wheat farmers each year which will produce enough wheat for domestic consumption and exports and provide a substantial surplus for reserve. The Act will aim to provide a supply each year of around 900 million bushels. Wheat allotments will be made for 1938, but only for the purpose of computing AAA payments to farmers. The act provides that compliance for 1938 shall be checked against the general soil-depleting goal for each farm. The first acreage allotments which will apply fully will be those for 1939.

Payments to farmers will be made under the provisions of the 1938 Agricultural Conservation Program. The Act also provides for parity payments to farmers, but only if specific additional funds are made available for this purpose.

The Act provides that wheat loans are to be made to farmers in any year in which the farm price of wheat on June 15 is less than 52 per cent of the parity price of wheat, or in any year in which the July wheat estimate is more than the normal domestic consumption and exports of about 700 million bushels. These loans are to be made by the Commodity Credit Corporation and are to be made at between 52 and 75 per cent of the parity price at the beginning of the marketing year. Loans may be made in 1938 if prices or supplies are within the limits set by the Act.

The Act establishes a Federal Crop Insurance Corporation. This corporation will offer crop insurance to wheat farmers, beginning with the 1939 crop. Farmers who store wheat under marketing quotas may use some of this wheat to pay premiums on crop insurance. Under the crop insurance plan farmers can pay premiums in wheat and receive loss payment in wheat.

Marketing quotas are provided in years when the total supplies of wheat exceed approximately 950 million bushels. Marketing quotas when approved by a two-thirds majority of farmers in a referendum, will apply to all commercial wheat growers. Farmers who produce less than 100 bushels of wheat are exempt from the quotas. When there are marketing quotas, each farmer will be asked to hold a part of his crop off the market in order to keep prices from being demoralized. Quotas will not be effective in 1938 unless funds are provided by Congress for parity payments on wheat in 1938.

Important That All Children Be Reported In School Census

During the next few weeks the school census in all districts of Texas will be taken. All children who will be six years old or over and under eighteen on next September 1, 1938, should be enumerated in the school district where their parents reside during the month of March, 1938. All such children should be enumerated regardless of where they may plan to attend school next year or whether they plan to attend school at all or not.

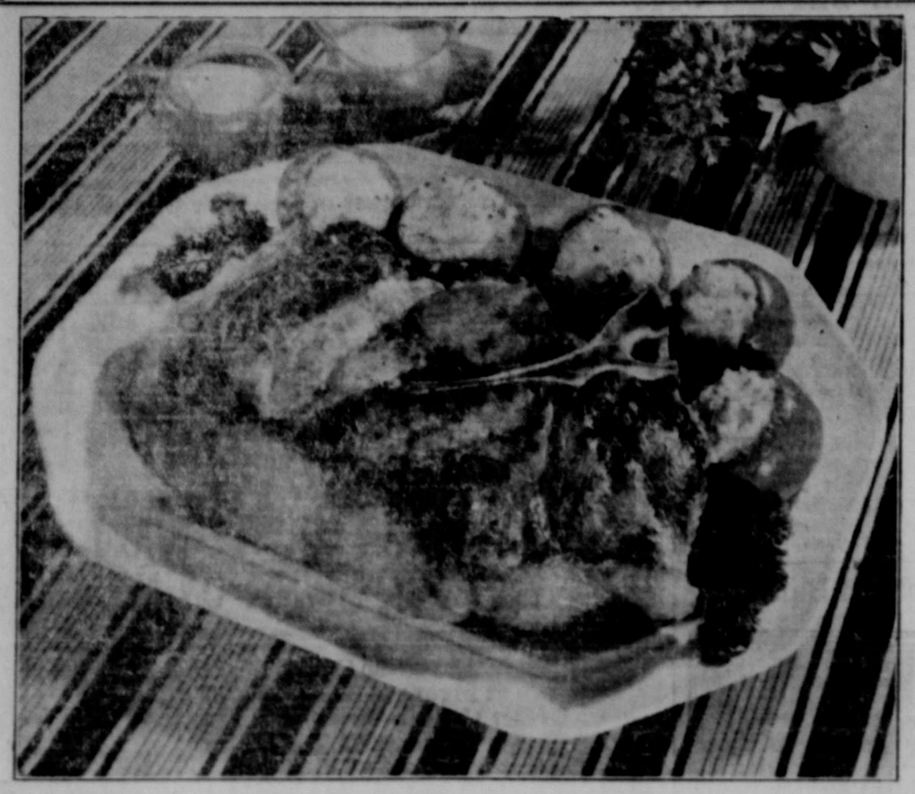

Children attending the Perryton schools next year and who live outside the bounds of the Perryton Independent School District should be enumerated in the district where they NOW live. Then during the summer and before August 1, 1938, these children should be transferred by their parents to Perryton.

It is very important that such children be on the census in their home district for if they are not on the census, they have nothing to transfer.

Patrons of the Perryton Schools can be of invaluable aid by reporting by phone or postal card the name and street address of any child not now in school but who will be six years old on or before September 1, 1938. Report such childen to Supt. Roger A. Burgess at phone 266, or drop him a card.

It is the children who have no older brothers o sisters in school that we migrt miss. Your cooperation in securing all of these will be appreciated. Each child thus secured means $22.00 to the Perryton Schools.

Broiled Steak — Always a Favorite

A porterhouse steak, perfectly broiled and served with stuffed tomatoes, makes a dinner combination all will enjoy.

The time was when porterhouse steaks were a luxury, but not so now. Housewives everywhere welcome the news that this popular meat can be put on the family menu regularly without undue strain on the food budget. According to Inez S. Wilson, home economist there is plenty of high quality beef coming onto the market now which means that porterhouse steaks of excellent quality are available at very reasonable prices.

After all, there is nothing quite so delicious as a properly broiled porterhouse steak, and certainly the excellent quality steaks available now deserve to be broiled properly. There is, it seems, considerable variation of opinion as to the requirements of a perfectly broiled steak, but all agree that it should be tender and juicy, evenly cooked, and nicely browned.

For best results in broiling, choose a steak which has a generous covering of fat over the outside and one which is well marbled with flecks of fat throughout the lean. Have it cut at least one inch thick, as then the inside may be tender and juicy and rare if desired while the outside is nicely browned.

Broiling the Steak

Actual broiling of the steak is a very simple and easy procedure. Thoroughly pre-heat the broiling oven with the regulator set at "high". Place the steak on the rack in broiling oven far enough fr omthe flame or heating element that by the time one side is nicely browned it will be about half done. With the oven regulator turned to "high", the top of the steak should be about three inches from the source of heat. If the distance must be less, reduce the temperature accordingly so that the steak will not cook too quickly.

When one side is nicely browned, season the steak with salt and pepper, turn, and finish cooking on the second side. A steak cut one inch thick requires twelve to fifteen minutes for cooking; a steak one and a half inches thick requires twenty to twenty-five minutes for cooking, depending upon the degree of doneness desired.

As You Prefer It

Steaks are served rare, medium, or well-done according to personal preferences. Some prefer steaks cooked until gray throughout, but most connoisseurs of good cookery insist that steaks are at their best when the center has a pinkish cast which becomes delicately shaded to gray at the outer edges. Evenness in cooking is insured when a moderate temperature as suggested is used.

Serve a broiled steak immediately after broiling is completed, if you would enjoy its goodenss to the full extent. Keep your family waiting on the steak, but never a good steak waiting on the family. If you have a sizzling steak plater, use it; if not, heat the platter so that the loss of heat will be at a minimum. A good setak deserves to be served sizzling hot and while still "puffy" with its own juices.

The steak pictured here is a porterhouse, sometimes known as T-bone. Club and sirloin are other steaks which are cooked in exactly the same way, and are also available at greatly reduced prices now. The club steak is small in size and is ideal for individual servings or when cut thick it may serve two. The sirloin steak is larger and is a wise choice for the larger family.

Mrs. J. H. Woodward will receive one pound of SWEET CREAM BUTTER free upon presentation of this advertisement to the Perryton Creamery on Saturday, February 26. 8-1t-c

UNION NEWS

School Reporter

Mrs. Lile, Mrs. Kuykendall and Mrs. T. W. Gray were Liberal, Kans. visitors, Thursday.

Mr. and Mrs. Lewis Rorabaugh are expected to return home from Long Beach, Calif., Sunday. They were called there because of illness of Mrs. Rorabaugh's father.

Maxine Clark spent Saturday night with Mrs. Vern Wilson.

Mrs. P. F. Brickley, Mrs. Lonnie Bull and Mrs. T. W. Gray were visitors of the Missouri Avenue club which met in the home of Mrs. Jim Haley, Wednesday.

Mr. and Mrs. Frank Bell visited with Mr. and Mrs. T. W. Gray, Saturday evening.

Oliver Pribble spent Friday night with Leroy Jamison.

Charles Price spent Saturday night with Jack Tregellas.

Cecil Leatherman visited with Hershel Jamison, Saturday.

Mr. and Mrs. Sam Ballard and son, LaVern, visited with Mr. and Mrs. Wayne Jones, Sunday evening.

Mr. and Mrs. J. W. Dragoun visited with Mr. and Mrs. B. A. McFarland, Sunday.

Mr. and Mrs. T. O. Wilson and family spent Sunday with Mr. and Mrs. Ray near Turpin.

Mr. and Mrs. E. R. Thurman visited with Mr. and Mrs. R. P. Clark, Sunday.

Mr. and Mrs. E. G. Pribble and son, Roy, visited in the Clarence Mounts home, Sunday.

Mr. and Mrs. L. V. Gross and family and Delores Pribble visited with Mr. and Mrs. Essie Lile, Sunday.

Mr. and Mrs. J. W. Dragoun were callers in the Earl McDonald home, Sunday.

Mustard Marvels

Mustard has as long a history as salt. The Ancient Greeks used it as a medicine to treat everything. Internally it helps the gastric juices. Externally, it can be applied with massage to stimulate the circulation of the blood. This latter use gave rise to a number of tales about the supposed restoration to life of dead people, according to a writer in London Answers Magazine. The Romans brought it to England. But until the early Eighteenth century it was put on the table in seed form. Diners had to crush it with their knives. Then a smart business woman began to sell it in powder form, and so started an important English milling industry.

Patriotic Theme Will Be Stressed at New York Fair

NEW YORK—(Special)—The most elaborate artistic project in the history of expositions, a $60,000,000, mile-long Central Mall for the $125,000,000 New York World's Fair 1939 was revealed here by Grover A. Whalen, President of the Fair Corporation.

Mr. Whalen predicted it would set the pace for the world of tomorrow in luxurious and harmonious building construction, in sculpturing, in murals, in landscaping and in novel active water and lighting effects.

Like a jewelled band, the varicolored Mall will be laid across the main exhibit area at its widest point, bordered by about 25 of the most imposing buildings in the exposition, studded with numerous sculptures fashioned by world-famous artists, inlaid with five lagoons, enlivened by five waterfalls, accentuated by huge pylons, sparkling with literally hundreds of fountains and lined with more than a thousand of the finest trees available.

In statues, relief figures and murals the Central Mall will tell the story of 150 years of democratic government in the United States. By coincidence attuned to its patriotic theme, it will be laid out in a line that, if continued in a southerly direction, would bisect the Statue of Liberty, a fact unknown when it was designed.

Dominated by the 18-story Perisphere, the largest ball ever constructed by man, and the 700-foot Trylon, the tallest triangular spire ever devised, plans for which have been previously announced, the Mall will include two more "greatests", the largest portrait statue sculptured since the Egyptians hewed the figure of Rameses II out of rock in the country of the Nile, and the highest sundial ever constructed.

Farewell Sermon

Reverend W. R. Reynolds to Give Farewell Address at Church On Sunday, February 27

W. R. Reynolds, pastor of the Church of God in Perryton for the past two years will deliver a farewell sermon to the church Sunday night, February 27. He expects to leave in the near future to accept a pastorate at Natoma, Kansas.

Reverend Reynolds has given very satisfactory service during his stay here in Perryton and his congregation wishes him success in this new field of labor.

The public is extended a hearty welcome to attend this, the last sermon by Reverend Reynolds during his stay here.

Reverend D. N. Knapp of Gravette, Arkansas, has been called to take charge of the pastorate duties here to replace Mr. Reynolds. He will arrive soon.

A son, John Robert, was born Saturday, February 19, to Mr. and Mrs. Robert Dollins.

Mrs. Ollie Goucher underwent a major operation at the Perryton hospital, Wednesday.

Mother-in-Law Day

Oldest and Youngest Mother-in-Law Honored in Amarillo On Wednesday, March 9

Privilege of riding on the world's longest float will be accorded 600 mothers-in-law March 9 in Amarillo.

Places aboard the float are free, but cannot be obtained except by advance reservation.

"If you are a mother-in-law and want to pass in review on the world's longest float before Mrs. Franklin D. Roosevelt please let me know at once and I will send you a reservation card," says Miss Louise Evans, in charge of arrangements for the first charteed club in Amaillo.

Special places have been reserved in the parade for the oldest and youngest mothers-in-law of the Southwest.

Who the oldest and youngest mothers-in-law are will be determined through a survey conducted by newspapers of the Southwest.

ARMY WON'T BOMB CIVILIANS

Washington, D. C.—Guided by experience of actual modern warfare in China, Ethiopia and Spain, U. S. A. General Staff Strategists have decided that in case of war American planes will not bomb civilians. The tactics are condemned as useless from a military standpoint.

School Supplies at the Herald!

Conoco House to D. A. R.

HOSPITALITY HOUSE, the graceful colonial mansion in which Continental Oil Company kept "open house" during the Texas Centennial and Pan American Exposition has been presented by the Company to the Dallas Chapter of the Daughters of the American Revolution, which hereafter will use it as a meeting place.

The presentation ceremonies included an address by Congressman Fritz Lanham from Fort Worth, Texas. Mrs. Cloyd H. Read, Regent of the Chapter accepted the gift, which will be known as Continental D.A.R. House. The former Hospitality House is air-conditioned and contains reception rooms, lounges and office space. More than 900,000 persons visited it during the expositions.

MEN'S WEAR

There's a right and wrong way to SHOVE WITH YOUR CAR!

Your Mileage Merchant Advises . . .

Try to have the two cars slightly "staggered"—not exactly in line with each other. This often helps if bumpers lock, especially when the car with its bumper *below* can reach a drain or similar depression. Another way is for the car with its bumper on *top* to get up on a curb or "hump." That's all "just in case."

Now ask the poor fellow who wants your help to get into *HIGH*—keeping his clutch pedal *down*—letting it back *gradually* only *after* you get his car under way.

Push with your LOW gear. That's easiest on your car . . . for half a block. Then if the other fellow's car hasn't started, have him get into neutral and push him up to a nearby Mileage Merchant for Special Winter Blend Conoco Bronze like yours. That can't help but get him started . . . Then the way to dodge further battery trouble, dangerous oil dilution—and embarrassment—is to get sure-starting Conoco Bronze all winter! Continental Oil Co.

FREE . . . SIMPLE, HELPFUL *COMPLETE WINTER CARE CARD* . . . ASK YOUR MILEAGE MERCHANT

Severe Grasshopper Infestation in 1938

Legend for mat: This is how R. R. Reppert, entomologist of the Texas A. and M. College Extension Service, expects the 1938 grass hopper infestation to develop. Last year the control campaign returned $100 for every $1 spent, and saved Texas farmers over 6 million dollars. Plans for control have been made months before the appearance of the first 1938 grasshopper.

College Station---- Egg counts made by county agricultural agents and Federal and State entomologists during the fall and winter indicate that Texas may expect a severe grasshopper infestation in the late spring and early summer of 1938, according to R. R. Reppert, entomologist of the Texas A. and M. College Extension Service.

Surveys conducted by Reppert have led him to anticipate a much more severe infestation than was suffered in 1937.

In 9 counties, he expects that almost all susceptible crops will be attacked by the insects, in 7 counties half to three-fourths of the crops are endangered, in 17 counties the anticipated infection will be from 30 to 50 per cent, and in 48 counties the insects are expected to affect from 4 to 30 percent of the crop.

In addition, Reppert expects infestation of varying degrees in 23 counties in which complete surveys were not attempted. Major outbreaks are indicated in the upper Panhandle and in north and central Texas, with probable damage in the middle valleys of the Brazos and Trinity rivers.

The control measure hinges upon putting out poisoned bait as the grasshopper emerge and before they have had time to spread and multiply, Reppert pointed out. The 1938 control campaign, or approximately six times the amount used in 1937. Plans have already been made for the distribution, mixing, and application of this material.

Twichell "Ag" Meet

To Hold Regular Session on Feb. 25 At the Twichell School House Program and Supper

The Twichell Agricultural Association will hold their regular meeting on Friday evening.February 25, at 8:00 o'clock in the Twichell school house.

The following program has been prepared; talks, Miss Wertha Tarter, Mr. Gibson and W. L. Anderson; music, Clarence Zirkle; piano solo, Elaine Dietrich; guitar music, Crocker young people; reading, Fred Huston; reading, Lola McGarraugh; report on county agricultural meeting, Haold Kershaw; Twichell news by Mrs. Harold Kershaw.

A pot luck supper will be served after the program. Everyone is invited to attend the meeting.

Mrs. W. F. Haggard will receive one pound of SWEET CREAM BUTTER free upon presentation of this advertisement to the Perryton Creamery on Saturday, February 26.

SONJA HENIE SCORES AGAIN

CO-STARRED WITH DON AMECHE IN SIVERY SUPERLATIVE FILM "HAPPY LANDING" AT THE ELLIS

A whole new world of joyladen wonder comes winging from the snow-silvered Norseland with America's newest and sweetest sweetheart, Sonja Henie—radiant beyond imagining, in "Happy Landing", the 20th Century-Fox production which shows at the Ellis Theatre Sunday and Monday, February 27-28.

This lithe, ecstatically graceful Norse nymph, who came to American motion picture fans only two pictures ago and astonished the entire world with her skill as a skater and an actress, is radiantly re-united with her "One In A Million" sweetheart, Don Ameche, in her third hit, "Happy Landing."

Surpassing the breathless sensations of "Thin Ice" with scintillating songs, songs and more songs, by Pokrass and Yellen, the wonder girl, breathlessly in love, veritably brings happy tidings, thrilling as even she never thrilled before.

Cecar Romero, cast as an egocentric orchestra leader who, with his companion, Don Ameche, flies across the Atlantic, starts this musical of superlative splendor on a fast moving pace. An ocean fog puts the fliers off their course and they land in Norway where Jean Hersholt's five daughters (one of them Sonja) are happily engaged in a "Brides' Fair" restival.

The local custom that a young man who dances twice with a girl is proposing to her gets Romero involved in a love affair which is all hero-worship on the part of a lovelorn Sonja, and all basking in the ever-satisfying warmth of egotism by Romero.

Don Ameche, sincere in his interest, tries to keep things on an even keel, but there is the matter of another girl of Romero's back in the States.

The two fliers swing from Norway to Paris, Miami and New York in the course of the story. How Romero finally is snagged by Ethel Merman—and how the "One In A Million" sweethearts, Sonja and Don, are reunited—is a silvery, sumptuous, superlative musical.

Taylor Film Coming

"Yank at Oxford" Stars Robert Taylor, Lionel Barrymore and Maureen O'Sullivan, Mar. 3-4

"A Yank at Oxford," starring Robert Taylor, and with such American and British favorites as Lionel Barrymore, Maureen O'Sullivan, Vivien Leigh, Edmund Gwenn and Griffith Jones in prominent supporting roles, shows at the Ellis Theatre Thursday and Friday, February 3-4.

The story, as the title indicates, reates the adventures of the star athlete of a small American college who is awarded a scholarship to Oxford. Robert Taylor enacts the title role. Maureen O'Sullivvan is seen as the English girl whom he meets at the university. Griffith Jones plays her brother, Vivien Leigh is the flirtatious wife of an Oxford bookseller, who becomes involved with the undergraduates. Lionel Barrymore plays the American father who has made many sacrifices to send his boy to Oxford, and who comes to see him stroke the Oxford boat to victory over Cambridge, only to discover that his son has been "sent down."

The picture's Oxford sequences were filmed against authenic backgrounds in England, Jack Conway, of "Tale of Two Cities" fame, directed.

"Wide Open Faces"

Joe. E. Brown Returns in Riotious Comedy at the Ellis Theatre Tuesday and Wednesday

Ye-e-e-o-o-w! Joe's a detective now! Yes, sir—it's Joe E. Brown in Columbia's new laff riot "Wide Open Faces," showing Tuesday and Wednesday, March 1-2 at the Ellis Theatre! He's got bees in his bonnet . . . dames in his hair . . . his heart in his mouth . . . and a thousand laughs up his sleeve!

He's a dozen detectives rolled into one . . . to make thousands roll in the aisles with laughter as he cracks down on crime—and cracks up making love!

Detective Joe. E. Brown declares, "It's an open-and-shut face!" Its a molar-shaking mirthquake when this one-man Scotland Yard wins the wooden medal for dimwit reporting! Gangsters beware! Girls take care! He's a sleuthing shiek in a role that's the peak of his joy-jammed, laugh-crammed, hit-packed career!

Supporting Joe in "Wide Open Faces" are Lyda Roberti, Alison Skipworth, Jane Wyman, Alan Baxter, Lucien Littlefield, Berton Churchill, Barbara Pepper and Sidney Toler. Kurt Neumann directed from the sceen play by Earle Snell, Clarence Marks and Joe Bigelow. Richard Flournoy wrote the original story.

LEGIONNAIRES FIGHT GERMANS

Buffalo, N. Y.—A German-American meeting being addressed by G. Wilhelm Kunze, German Bund leader, ended in a riot when American Legionnaires scattered throughout the audience objected to some of the speaker's remarks.

ENTREES ARE BEING SOUGHT

NEWS GLOBE SEARCHING FOR OLDEST AND YOUNGEST MOTHER-IN-LAW FOR PARADE, MARCH 9

Who are the oldest and youngest mothers-in-law in the Southwest? Does she live in or near Perryton?

Both will have places of honor in the parade, which will be a feature of the national celebration Mar. 9, in Amarillo. Mrs. Franklin D. Roosevelt, No. 1 mother-in-law of the United States, will attend the observance.

"Of course, the oldest mother-in-law must be vigorous enough to ride on a float," said Miss Louise Evans of the Amarillo Globe-News, who is conducting the search.

Features of the parade will be the longest float in the world, on which 750 mothers-in-law will ride, a delegation of 50 Indian mothers-in-law from the Navajo reservation, and more than 50 bands. Governors from 3 states will lead the parade which Mrs. Roosevelt will review.

Miss Evans has asked the Herald to aid in the search so if you know either the oldest or youngest mother-in-law or both, please write to her.

MISS MacDONALD TO WED

Leeds, England.—The engagement is announced of Miss Ishbel MacDonald, who was hostess of 10 Downing Street, famous home of British Premiers, during the ministry of her father, the late Ramsay MacDonald, to Norman Ridgley, decorator and handyman of the village of Speen, where Miss MacDonald manages the picturesque Plow Inn. This quaint hostelry was built in 1621, and the prospective bridegroom has helped Miss MacDonald about its gardens.

Tied Up For Awhile

Joe E. Brown finds himself trussed up like a roast beef in this scene from Columbia's "Wide Open Faces," showing Tuesday and Wednesday, March 1-2 at the Ellis Theatre, and he doesn't appear very happy about it. Registering alarm are Jane Wyman and Alison Skipworth, while Sidney Toler seems to be giving Joe a good talking to. Toler is a sheriff in the picture, so that ought to make Joe a criminal. But it's not as simple as all that.

Mr. and Mrs. J. M. Jackson of Hollis, Okla., were guests the past weekend in the home of their son, J. Malvin Jackson and family.

Vance Apple came in Sunday from Lubbock and visited until Tuesday with Mrs. Apple, in the home of Mr. and Mrs. B. B. Kent.

Think of it—a Big, Smooth V-8 that gives,

according to owners' reports,

22 to 27 Miles *to the Gallon of Gas!*

1938 THRIFTY "60" TUDOR SEDAN—BETTER LOOKING—LONGER HOOD—RICH NEW INTERIOR—ROOMY BUILT-IN LUGGAGE COMPARTMENT

WHEN it was introduced it was predicted that the Thrifty "60" Ford V-8 was "going to save America a lot of money." More than 300,000 motorists have bought this car since that time. Hundreds of these owners have reported "22 to 27 miles per gallon of gasoline" and "no need for oil between regular 2,000-mile changes."

This year, in addition to proved economy, the Thrifty "60" Ford V-8 offers still more style, size and comfort. It is a bigger, smarter car to *look at.* It is a finer car to *ride in,* with richer upholstery and appointments. Its smooth, quiet V-8 engine performance is matched with new luxury that belies its low price. See it at your Ford Dealer's!

The New THRIFTY "60" FORD V-8

JUNIOR PLAY TUESDAY EVE

JUNIOR CLASS WILL PRESENT THREE ACT COMEDY FARCE IN THE AUDITORIUM NEXT TUESDAY

The Junior Class is staging its annual play next Tuesday evening, March 1, at eight o'clock in the auditorium. The play, "Here Comes the Prince," is a comedy farce in three acts.

Can you imagine Edwin Thomas being a dominating father? He is cast as Mr. Halliday in the play.

Then there's Fred's daughter, Carol, who is a spoiled heiress, played by Sybil Ranson.

Just feature Virginia Hoghland as a prince. She really isn't one but anyone can be an imposter.

Grover Crum is Professor Shipper, a fanatic on bids.

Can you picture Dickie Littleton, Terry Donovan, dressing up like a girl and acting as Hortense, the cook?

Billy Klem plays the part of Sonya, an impetuous foreign visitor.

Just imagine Wilma Anderson as Mrs. Lovejoy, the sophisticated social climber.

Hope Gardner is Wanda, her daughter, a "yes mother" girl.

Wayne Symons, Winks, is the emphatic butler who is a devil with all of the ladies including Hortense.

Flash! Flash! Can you picture "Hank" LaMaster as Prince Rudolph of Zenopia!

Glenna Williams plays the part of Granny Halliday, Fred's mother.

C. A. Williams and Hazelle Scott are directors of the play.

Everybody come! The admission is 15c-25c-35c.

Mann Talks to Pupils

Gerald Mann Addresses Perryton Student Body at Auditorium On Tuesday Morning

Gerald Mann, Dallas attorney and former assistant attorney general, gave an inspiring address to the students on Tuesday morning. Mr. Mann who was a football star during his college days, spoke on "Planning the Future," and gave advice concerning the future.

Mr. Mann illustrated his address with appropriate incidents in the life of men, and compared the game of life to the game of football. He closed with these thoughts:

"Keep on trying. Too many people quit before they reach the goal line. Life doesn't consist of making a great success, but what you do, do it well. The tomb of the Unknown Soldier is a monument for one who did his duty. We do not know what blood coursed through his veins, but everyone knows he did his best; he gave his very last drop of devotion. He lived up to what every one expected of him. That's all we need to do—do our duty. Then I know we shall be happy."

7-1 NEWS

We are very glad to have Winona Allen back again after several days of absence.

We have started practicing on our chapel program which will be given March 15.

In social studies we are working on transportation note-books.

Our attendance record is not as good as it has been.

THE HERALD WANT-ADS

Played Darrouzett

Boys and Girls Basketball Teams Lost to Darrouzett on Last Tuesday, February 15

The Rangers and Rangerettes went to Darrouzett Tuesday night to play a doubleheader. Both games were featured by much roughness on both sides. The girls lost their game by a score of 8-3, and the boy lost 15-16.

The girl's game was nip-and-tuck all of the time. At the half the score stood, Perryton 2, Darrouzett 2. Three girls were fouled out of the game. They were Williams from Perryton and Hennigh and McGee from Darrouzett. The starting line-up for Perryton was Forwards: Chase, Cook and Williams; guards: Phelps, Callham and Taylor. Evelyn Taylor substituted for Williams when the latter fouled out.

The Rangers trailed the Darrouzett boys during most of their game, but they rallied during the last quarter and almost defeated them. The line-up for Perryton in this game was: forwards, Lewis and Lilly; center: Reimer; and guards: Gyger and McWilliams.

This was the last game of the season for the Rangerettes.

CAMPUS CHATTER

An open letter to you! You've been slipping, my friend. Not in your cute ways, or in your good looks, or in your clever sayings—but you've been slipping. That's certain—right on the snow.

Billy Hamman wants to lead his own life, and let his Dad lead his own, but is willing fo his Dad to pay for both.

Bobby says that as far as he is concerned, it's June in February, July, or August, or any other time.

Jean wants to be called "Brown Sugar," 'cause she's sweet but unrefined.

Gene proved his right last week to the Hall of Fame as the champion stand-upper on a sled or sleigh. Which is it? I'm a furriner.

We hear that one of the brethren has not been feeling so well. We don't know whether it was last week's column which made him ill, or whether its something he ate.

We wish we could say "presto-chango" and could write one clever statement. But even Dean's S. O. H. (Sense of Humor) is at a low ebb.

We hear that Bette Jo has been making much dinero recently developing films. Well, friends away from here have to have this snow business proved.

Down the state, whenever it snows enough to rake up a few snowballs, every one who can get one together throws it at you, but here where there is plenty of snow, few seem to take the trouble.

Jean says she always has liked green checked shirts. They're so kule looking.

He used to call us only when we were taking a bath or were at dinner. Now it's only when we're invited to a party. Ah, cruel fate! Seven Sobs from a Sorrowful Saul. We gotta change things.

The funniest things we've seen wading the snow—outside of the people—have been fluffy dogs and cats trying to step high, as if they were wearing paper shoes.

Yvonne Zoe says that the only two who can live as cheaply as one are a dog and a flea.

Shovel tells us it's unlucky to fall out of a fourteen story window on Friday, or to have a safe fall five stories and hit you on the head.

Letha thinks that words like "frowsy" and "blousy" are swell, but oh! that "ousy" which follows an L.

A bone is all right,—"Fat" thinks, if you don't have too much in your head.

Well yes, I am serene, pure, and punk, but as some one has said, "I'm the guy who up to the sky; Boasts you and toasts you, And why shouldn't I?"

RANGERS AT DISTRICT TOURNAMENT LAST WEEK

The Perryton Rangers went to the District tournament at Pampa Thursday, Friday and Saturday. They played their first game at ten o'clock Thursday against Spearman losing by one point, 24-25. The Rangers were to play Follett the next game, but Follett did not come. They had to play Miami at three o'clock Thursday and won this game. Although Miami was four points ahead at the half the Rangers came back and took the game 40-27.

Perryton had to play the loser out of the Borger and Pampa, game, which was Pampa with a score of 24-22. The Rangers lost this game to Pampa by a score of 39-27.

The Pampa Harvesters played the Borger Bulldogs in the finals and won 28-29.

EDITORIAL

Learn Fire Drill Regulations

Do you know the fire regulations in our school? If you do not, learn them now. You owe it to yourself not to delay. On the door of each class room is a printed statement of the exit for the members of that particular class.

Of couse we have a modern school plant which is almost fireproof, but no building on earth is entirely so. We are not trying to frighten you. We are merely stating facts.

It is only by preparing for an emergency which MAY occur that we can meet it successfully.

In addition to knowing the exit from each room, every student should remember that several consecutive bells serve as a signal for a fire drill. Remember, it could be a real fire not just a drill. One bell means stop; three bells means to continue march; two bells means to reenter the building. Students should not stop nearer than twenty feet of the building.

The last student leaving the building should see that all windows are closed, and he should close the door. The classes should leave the building as quickly as possible, but as orderly as possible.

Check on your knowledge of fire regulations today. KNOW THAT YOU KNOW!

TRAVEL CLUB

The Travel Club met Thursday during regular Club period. The president, Lillian Williams, called the house to order. Secretary Leola Jennrich, called roll and read the minutes of last meeting.

Winifred McCartor and Ruth Huston gave interesting reports on Liveria, located in western Africa. They also served home made candy to all present.

Roberta Furnish reported interesting facts that she learned in a letter from New Zealand.

Annabelle McCartor and Joy Nowlin have charge of the next club meeting.

GIRL SCOUT NEWS

The Girl Scouts met at the regular club period Thursday, February 17. The meeting was called to order by Helen Lewis, Patrol Leader No. 2. A program on safety was given. "Falls and How to Take Them," Nell Scroggs; "Accident Prevention," Evelyn Taylor.

Old business was discussed. It was decided that a secret committee should be appointed to discuss a play. Then a contest of signals between Patrol's 1, 2, and 3, 4, was staged, with patrols 3 and 4 winning. The square knot was discussed.

4-H CLUB

The Perryton boy's 4-H club met at the High School auditorium, Tuesday, February 15. Curtis Roach was elected as adult leader.

The boys went out to Mr. Gibson's to judge some dairy cows, with Mr. Thomas giving them some very good pointers.

Then they discussed going to the Fat Stock Show, March 7-11, at Amarillo.

CHAPEL PROGRAM

Rev. T. W. Johnston, presiding elder of the Methodist Churches in this district, had charge of the chapel program on Tuesday, February 15.

He gave a very interesting lecture on the three ships of life; these ships being friendship, courtship and companionship.

We wish to extend a glad welcome to Mr. Johnson to come back at all times.

SCHOOL CENSUS

The school census is to be taken next week. Students can help greatly in seeing that every child, between the ages of six and eighteen by next September 1st, is on this census.

Work on Degrees

Three Perryton Teachers Studying On Their Master Degree And Are Writing Thesis

Three of the teachers in the local system have begun work on their master's thesis.

Miss Eugenia Mitchell is writing her thesis on "The Effect of Cinematography on International Relations." She is doing her work for her Master of Arts degee at Texas State College for Women, Denton.

O. A. Bush, high school principal, is doing his work at Texas Technological College, and is writing on "Taxidermig in the Public School." This work is later to be published in book form. Most of the material is based on work done in the school. Mr. Bush has received letters from all over the state in recognition of his good work on this subject.

E. D. Kelly is basing his thesis on "Training of High School Social Studies Teachers for the New Curriculum." He expects to receive his Master of Arts degree from Texas University.

MEET THE SENIORS

BOB WHIPPO was born March 16, 1920. He has gone to Perryton School all his school days. He is president of the band, president of the boy's Glee Club, president of the third and fourth Vocational Agriculture Section, and Vice President of the Senior High Student body. Bob is a member of the tennis club. His favorite food is chicken and his favorite hobby is hunting. He has black hair and gray eyes. Bob plans to enter college after graduation.

SIDNEY JINES was born May 4, 1921. He attended Ochiltree School his first year, with the remainder of his first year, with the remainder of his schooling at Perryton Independent Schools. Sidney belongs to the Tennis Club, Debate Club, Journalism Club, Hi-Y Club and is assistant editor of the "El Sombrero." His favorite hobby is photography and his favorite sports are tennis and swimming. His favorite food is hamburgers. Sidney has brown hair and brown eyes. He plans to enter college and major in business administration when he is graduated from this school.

ARMS RACE FORECAST

Washington, D. C.—Japan's curt refusal to disclose her naval construction program in reply to Secretary of State Hull's query is expected to bring about an immediate consultation between the United States, Great Britain and France as signatories of the London Naval Treaty. These three powers are at present limited to three batteships each of 35,000 tons. If the rumored 43,000-ton limit has been adopted for three new Japanese craft, the result can only be the greatest race in history among nations for naval supremacy, far outdistancing President Roosevelt's present program for 47 new fighting ships costing $800,000,000.

School supplies. The Panhandle's most complete stock right here in Perryton at the Stewart Printing Co.

BEGIN PHYSICAL TRAINING

PERRYTON STUDENTS REQUIRED TO TAKE PHYSICAL EDUCATION; SPONSORS HAVE BEEN SELECTED

Health instruction is being given to all students in both the Senior and Junior High Schools on each Wednesday during the regular physical education period. The work is taken up from a practical side and not from a technical side. The study is HEALTH, not anatomy.

The Senior high boys have been issued booklets for eight weeks, at the close of which they will be issued to the Senior high girls. In the meanwhile, the girls are discussing health problems which are of vital interest.

Senior High Girls are under the supervision of Misses Mitchell, Scott, and O'Bryant. Senior High boys are sponsored by Coach Burk, Mr. Williams, and Mr. Haggard.

Junior High Boys are under the supervision of Mr. Kelly, Mr. Henry and Mr. Reed. Junior High Girls are supervised by Miss Winkler, Miss Wilson and Miss Beasley.

A panel discussion of "Posture" was given on February 16 by the following Senior high girls: June Phelps, Anita Jackson, Winifred McCartor, Eula Copeland, and Mary Ellen Newman. On February 23, Mrs. Haggard presented a lecture to this group on problems facing girls.

Much interest is being taken in this division of the curriculum, and students are readily responding when they are asked to speak. Credit in physical education for each year in school is required.

ARMY OFFICERS MAY RETIRE

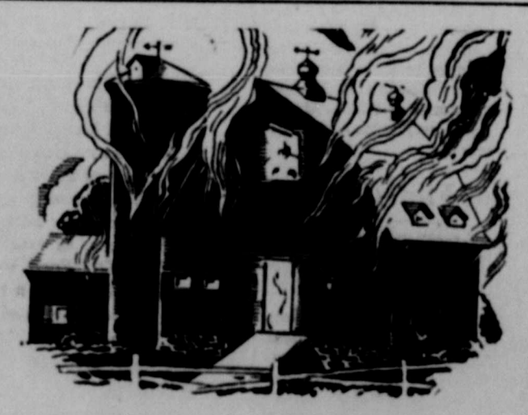

Washington, D. C.—In a move similar to the recent shake-up of the British Army high command, about 250 American Army officers down through the list of colonels are undergoing rigid physical tests with a view to their retirement to make room for younger blood. False teeth, hernia, high blood pressure and chronic throat trouble are among the ills almost certain to cause retirement among the 4,720

STALIN PREDICTS WAR

Moscow, U. S. S. R.—Josef Stalin, Russian dictator, has reaffirmed his belief in the doctrine of world revolution, and in a prepared statement calls for the mobilization of the working classes of all nations to guard against any "surprise attack by the bourgeois."

BRITAIN OPENS NAVAL BASE

Singapore.—Amid impressive ceremonies presided over by Sir Shelton Thomas, Governor of the Straits Settlements, Great Britain dedicated her most powerful naval base in the Far East, the chief feature of which is a new $55,000,000 drydock, the largest ever built and capable of handling any warship afloat. The only foreign Power invited to participate was the United States, which was represented by three cruisers.

Unforseen Events need not change the course of one's life.

Fire's, Tornados, and other acts of God which are uncontrollable by man need not ruin all which you have spent years to build when you can protect them for only a few cents a day or a very few dollars a year. See us today to insure peace of mind tonight.

TO EXCAVATE INDIAN RUINS

EXCAVATION BEGUN ON RUINS LEFT BY AN AGRICULTURAL PEOPLE IN PANHANDLE ABOUT 1300 A. D.

Canyon, Feb. 21—Ruins left by an agricultural people who are believed to have abandoned their culture in the Panhandle about 1300 A. D. will be excavated and in some instances restored in a district-wide WPA archaeological project sponsored by West Texas State College.

The project, with E. Baker as supervisor and Prof. C. Stuart Johnston as sponsor's superintendent, began Wednesday with twenty Amarillo workers assigned to it. The ruins which first will be excavated are found about 30 miles north of Amarillo. Excavating will be done from a scientific standpoint. A portion of the ruins wil be carried to the Panhandle-Plains Historical Society museum here and restored, roof and all, for the inspection of the public.

The Indians who developed this Panhandle culture are known to have cultivated corn, and possibly other crops. They also hunted a great deal. It is believed that they were a transitional people, being located as they were between the warlike plains Indians and the Pueblos farther west. The former may have decimated them, or forced them to join the Pueblos for protection.

Floyd V. Studer, Amarillo insurance executive, has given much of his time for many years in locating ruins and studying them. Working under the auspices of the Historical society, he has collected many notebooks of data, photographs, and sketches of artifacts and ground plans. Some of the ruins show houses of more than 150 rooms He long has been familiar with the ruins to be excavated.

Mr. Baker, the supervisor, is a graduate of the University of New Mexico and a son of "Uncle Billy" Baker, archeologist of Boise City, Okla. He has been engaged in similar work in New Mexico.

Cast in College Play

Earl McClung of Perryton Plays Dual Role in McMurry College Theatre Drama of Poe

Earl McClung from Perryton, will be among the cast of players in Sophie Treadwell's "Plumes in the Dust" to be presented by the McMurry College Theatre, Abilene, February 24-25-26. The drama concerns the life of Edgar Allen Poe, and McClung will play a dual role, that of Mr. Allen and that of Mr. Snodgrass.

Earl has also appeared in "Bury the Dead", college production last fal. In addition to his histronic activities, he is a letter man in football.

He is the son of Mr. and Mrs. R. H. McClung, and was a graduate of the Perryton High School in 1934 and is a senior at McMurry College.

Waxhaw Settlement Place of Gen. Jackson's Birth

For many years it was a matter of argument whether President Andrew Jackson was born in North or South Carolina. His birthplace was Waxhaw Settlement. It finally was settled by historical and biographical authorities that Waxhaw Settlement, which was first supposed to be wholly in South Carolina, lay on both sides of the boundary line, and that the part where Jackson was born was in North Carolina. Nevertheless, asserts a writer in the Indianapolis News, General Jackson twice announced himself as a native of South Carolina, once in a letter written in 1830, and again in the proclamation addressed to the South Carolina Nullifiers in 1832.

Though historians have established his birthplace as in North Carolina his mother moved across the border into South Carolina shortly after his birth. His mother having died in 1781, Andrew Jackson succeeded in finding employment for two years as a school teacher in the Waxhaw district. After proclamation of peace between Great Britain and the colonies he began the study of law with Spruce McCay, in Salisbury, N. C., where he remained until 1788, when he went by wagon train to Nashville.

School supplies. The Panhandle's most complete stock right here in Perryton at the Stewart Printing Co

Charlie Becomes Ambassador

Charlie McCarthy has a new job—ambassador at large for the 1939 Golden Gate International Exposition, on Treasure Island in San Francisco Bay. Here Edgar Bergen is handing Charlie his ambassador's commission and the NBC star seems pleased, to say the least.

Franz Schubert, Composer, Started Career When Ten

Franz Schubert, Austrian composer, was born January 31, 1797, at Lichtenthal, a village just north of Vienna. From early childhood he had a phenomenal intuition for playing instruments and for composition, but his father, who was the parish schoolmaster, did not have the means to give him a musical training. He did, however, guide his son's talent, and with the aid of the local choirmaster, Franz was composing songs and violin solos at the age of ten years. Also at this age he was made first soprano in the choir of Lichtenthal. Later he was admitted to the Imperial Konvikt, a school in Vienna, where he received a further education in music.

In 1818 Schubert spent some months at Zelesz, Hungary, as music master in Count Estrehazy's family. After his return to Vienna in 1819 his song, "Schafers Klagelied," was performed in public. In 1825 he and his friend, Vogl, made a tour in which his songs were given to the public, Vogl singing them to Schubert's accompaniment.

Schubert next directed his attention to dramatic music, and in 1827 his prospects had decidedly brightened. He worked ceaselessly, his compositions surpassing his former achievements and bringing many demands from foreign publishers. But poverty and hard work had so weakened him physically that he became ill with typhoid fever, which caused his death. He died in Vienna on November 19, 1828.

Financial Usage of the Term "Stocks and Bonds"

Stock is defined as shares or holdings, collectively, in a corporate business enterprise, attested by certificates of ownership, which usually carry on their face a statement of the sum (known as the par of the stock) which purports to represent the actual investment of money or its equivalent on each unit share. The aggregate par value of all shares outstanding constitutes the capital stock of the company. Certificates having no face value are called "no par stock."

Bonds are given by a government or corporation as an evidence of debt, usually for the purpose of borrowing money; also, any one of a series of instruments evidencing an integral part of such a debt; as, a $1,000 Liberty bond. Hence, loosely, any interest-bearing certificate issued by a government or corporation, especially when a date is set for payment of the principal.

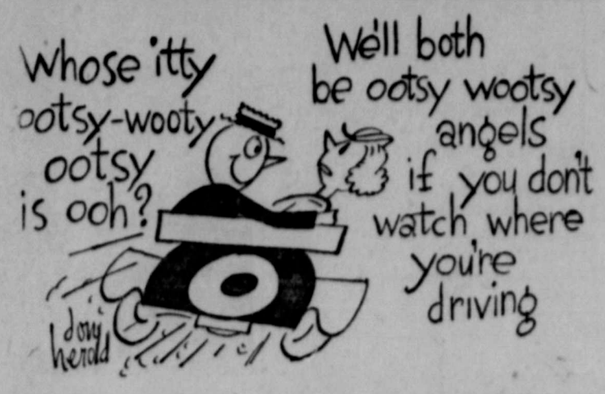

The bonds issued by corporations, private or municipal, are usually secured by a lien or mortgage upon property; those by governments are not, as a citizen could not enforce his lien. Many forms or kinds of bonds are sufficiently described by their names, as coupon bonds, mortgage bonds, first-mortgage bonds, sinking-fund bonds and so on.—Indianapolis News.

Mr. and Mrs. J. W. Jines announce the birth of a seven and one-fourth pound son, Sunday. The name William Bert has been chosen for the young fellow.

1-MINUTE SAFETY TALKS

By Don Herold

Broken Glass and Dented Fenders

Here are some tid-bit items in regard to automobile accidents which I have picked up here and there.

• • •

The Soviet Government recently executed a hit-and-run driver by the firing squad method.

Well, why not? Murder is murder whether you commit it with a six-shooter revolver or a six-cylinder motor car.

• • •

Not long ago, in a Midwestern traffic court, a driver who had been involved in an automobile accident was brought before a judge. It developed that he had been drinking, that he had a glass eye and that his car had little or no braking power.

And I suppose he had one arm around a girl.

• • •

Warning horns are forbidden in Berlin; consequently drivers must keep a sharp lookout; the pedestrian death rate has been considerably reduced.

The born-driver is still a menace in America.

• • •

A coupe going 60 miles an hour can turn over a 10-ton truck.

The steering wheel probably goes through your chest.

Want to try it?

• • •

More than 100,000 accidents a year are directly charged to drivers asleep.

• • •

About 60 per cent of the "autocides" occur at night according to The Travelers Insurance Company, when there is only 25 per cent of the traffic on the roads.

When it's dark, crawl, brother, crawl!

CHURCHES

CHRISTIAN SCIENCE

"Christ Jesus" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, February 27.

The Golden Text is: "We preach not ourselves, but Christ Jesus the Lord; and ourselves your servants for Jesus' sake' (II Corinthians 4:5).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thomas saith unto him, Lord, we know not whither thou goest; and how can we know the way? Jesus saith unto him, I am the way, the truth, and the life: no man cometh unto the Father, but by me" (John 14:5,6).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The real man being linked by Science to his Maker, mortals need only turn from sin and lose sight of mortal selfhood to find Christ, the real man and his relation to God, and to recognize the divine sonship" (page 316).

LUTHERAN CHURCH

H. M. E. Daenzer, Pastor

2:15 p. m. Divine Services
Text: 1. Cor. 13:1-13
3:15 p. m. Sunday School
Theme: "Life On Earth And In Heaven"

Salvation is not to be thought of as something, that first begins in heaven; for already on earth does the believer possess it.

The public is cordially invited to come and attend our service.

CHURCH OF CHRIST

E. M. Borden Jr., Minister

Bible classes at 10 a. m.
Preaching at 11 a. m.
Lord's supper at 11:45
Bible drill at 6:45 p. m.
Preaching at 7:30 p. m.
Lord's supper 8:15 p. m.
Midweek program 7:30 Thursday evening.

Subject for next Sunday evening: "Treasure In Earthern Vessels"

Subject fo next Sunday evening: "What is Man?"

CCC ENROLLEES TO ENTERTAIN GUESTS FRIDAY NITE

Enrollees at Camp 2874 and their guests will meet in the company mess hall next Friday evening for an evenings entertainment of dancing. The entire company will participate in the affair. The recreational hall is being finished and will probably be initiated with a dance in which the public will be invited.

Mrs. Norwood Hill went to Libeal, Kansas, Thursday to spend several weeks in the home of her parents, Mr. and Mrs. H. J. Ives, while she is recovering from a heart attack. Mr. Hill spent the week-end with her.

"I've Found That
Parmak Electric Fence
Saves Me Money"

You, Too, Will Find It Economical

Parmak Electric Fence, approved by State authorities, and endorsed by the leading farm papers and magazines, is now in use on thousands of farms and ranches over the United States.

County agricultural agents and agricultural schools have found that this type fence is as effective as it is economical.

Parmak Electric Fence is so low in price that it costs little more than one or two ordinary wooden gates for a barbed wire fence.

Very little labor and time required to install—drive your stakes, nail on the insulator and unroll the wire. Backed by an iron-clad guarantee.

Try a Parmak Electric Fence—give it any test you like.

Washington Sidelights

By MARVIN JONES—
—Member of Congress from Texas

The new farm bill will be of much benefit to the great Southwest. That a farm program is desirable is manifest to every thinking person. Anyone with even a short memory can recall the days of five cent cotton and twenty cent wheat, ten cent corn and three cent cattle. These prices wrecked business and industry everywhere by destroying the purchasing power of the farm and ranch, thus causing millions of blameless people to walk the streets in idleness.

One of the features that is especially desirable for the South and Southwest is the one which makes the payments to the farmers who conserve the soil regardless of whether there is actual production. Representatives from many sections wanted payments to be made only on actaul production. Of course, such a program would have reduced the payments in drought years to almost nothing just at the time when they are most needed.

Fortunately we were able to retain in the bill as finally adopted a provision that payments should be earned by the acreage planted and the soil treatment, regardless of whether the land actually produced a crop during the year. This provision will mean millions in added benefits to the Panhandle and Southwestern area.

In addition, the allotments will be on the basis of seeded acres rather than on the production.

Another feature that means much to our section is the provision for a range program. This has been so adjusted that it can apply to the non-crop lands and pasture lands on the small farms.

Another matter of prime importance is the provision for an effort to secure a better freight rate structure for farm poducts. There has been entirely too much discrimination against agricultural products in the freight rate schedules that have been approved by the Interstate Commerce Commission. Heretofore there has been no one whose business it was to see that these discriminations were removed and that proper adjustments were made so that a larger percentage of the ultimate price paid by the consumer would go to the producer.

Our section of the country has been peculiarly fortunate in that we have been able to secure in the farm bill a provision which takes care of droughts and crop failures and that we have also been able to secure provisions that protect in every practicable way the live stock producer as well as the farmer.

The question of the success of the measure will depend largely on the cooperation of the farmers and live stock producers in whose interest the legislation has been passed. They can do much to help make it a success and of course no measure can succeed without their support.

Amendments may be necessary from time to time but the movement for a square deal for the producers of farm and ranch products must go on.

DISPELLING THE FOG

Business generally, as distinguished from "Big Business," had its oportunity recently to present its views as to what government could do to improve economic conditions and to counteract the present recessin. The big fellows in industry and finance had had their shot at it, the important railroad people were scheduled, and it seemed only fitting that the average fellow in commercial life was also entitled to a hearing.

There was a natural difficulty in selecting a group out of the millions of dealers and manufacturers in 48 States, so the expedient was adopted of making up a list from those who had indicated sufficient interest in the situation to write to the President or to the Department of Commerce. There were thousands of such letters. Obviously, it was not practical to have all the writers down to Washington. So there came up the problem of selection.

What the administration was looking for was a representative group. Had it been attempted to sound out in advance those chosen, the gathering would have been justly subject to the criticism that it was hand-picked, which would, of course, have destroyed its democratic complection. So the names were selected more or less at random, except that the contents of the letters, where they indicated the character of the writer, was at least a partial guide. As most of these letters began with some such phrase as "I am a manufacturer of notions, employing thirty men," or "I am the owner of a store which supplies such and such a community," or "I am the president of a small corporation, dealing in," etc., there was a little information as to the status of the letter writeds. No attention was paid to whether the body of the letter endorsed or assailed the government's politics. Obiously, among a thousand individuals picked in this fashion, there were bound to be a few cranks, a few violent radicals, and perhaps a greater number of hidebound reactionaries. All sorts and conditions of people write to the President of the United States, whether because of grievance real or fancied, or because of the great American instinct that makes a lot of men believe that they can see further through a millstone than anybody else, and declare themselves accordingly.

Net Result Good

However, the net result of the invitations to Washington was pretty good. The resolutions presented to the President were all sensible, in presenting a point of view, and it is not impossible that some of them contained at least the germ of an idea that will prove helpful. At all events, they are of a character that commands respect and merits consideration.

Unfortunately, the newspapers in their reports of the gathering emphized the picturesque and the incongruous incidents, and so the country possibly got a very twisted idea of the deliberations of this business group. I cannot really complain because the members of my craft followed this procedure. A newspaper reporter invariably writes with headlines in view, and there is more excitement in the suppression of a disturber than in the straight recording of ordinary proceedings. This circumstance may be regrettable, but it is quite understandable. We are familiar with the same sort of thing even in the deliberations of Congress. We all remember that the diatribes of Huey Long, and before that the fulminations of Tom Heflin, got all sorts of prominence in the newspaper reports, even when important legislation on which they were supposed to be speaking was barely referred to and in many cases got no mention at all.

It all depends, in estimation these things, on the point of view as to the function of the daily newspaper. Is it the papers chief business to entertain its readers, or to instruct them? Judging from my own experience, I do not think that the circulation department of any important publication would have to think twice in answering that question.

At all events, the idea of the gathering was to get an expression from a vast group of our population especially concerned with marketing and other elements of business which had indicated that it had as much right to be heard as the great capitalists and corporation heads.

Finding The Solution

Naturally, pretty much every group looks at the problem of improving business from its own point of view, and that point of view, in the majority of cases, has a basis of probability in accomplishing the result. There is no doubt, for example, that universal high wages would, by refreshing and enhancing the public purchasing power, give a great stimulus to business On the other hand, the people who make and sell things put their problem first. They want the market established so as to be assured of high profits, as a precedent to high wages. The bankers want to feel certain that the enterprises they are called upon to finance will be successful before they let out any money. All of these things are desirable, of course, but it is something new in our economic history for people to demand a governmental guarantee on their investments.

Successful men are rather proud of the chances they have taken to arrive. It is doubtful if any American fortune has had its foundation on such a principle. Robert Fulton took a chance on the first steamboat; the Vanderbilts took a chance on railroads; Henry Ford had no guarantees on mass-production of cheap cars when he developed Model T. Radios, telegraphs, telephones, air navigation, were all born out of the minds of men who had faith in their ideas and in themselves. The successors to these "rugged individualists" seem to have little of the quality on which were builded the great American enterprises. Perhaps in this circumstance lies the answer to "what causes the business recession."

Sure-things are as scarce in business as at the race tracks.

Farmer-Stockman

Fred Tarbox, now serving his fourth year as Ochiltree county commissioner and a candidate for reelection, is one of the county's most successful farmers and stockmen. Mr. Tarbox's success is no doubt due in a large measure to his diversified crop program together with live stock raising. He does not put all his money on one roll of the dice like many of our one-crop wheat farmers.

Ten Years Service

Legion Auxiliary Observes Tenth Anniversary With Supper on Monday, February 21

February 21 marked the tenth birthday of the Pierce Johnson Unit of the American Legion Auxiliary. Members of the Legion and Auxiliary and their families enjoyed a pot-luck supper, followed by an evening of games.

A beautiful three tier birthday cake was baked and presented as a surprise to the Unit by Mrs. C. B. Rogers, who is a charter member. Mrs. Rogers has also been treasurer since the organization of the Unit. The cake was frosted in white and artistically decorated in blue and gold, which are the Legion and Auxiliary colors. It was topped by ten blue candles in yellow holders.

A short ceremonial was held just prior to cutting the cake. Mrs. J. R. Thomas, a charter member and a past president of the Unit, cut the cake. Charter members present were Mrs. J. R. Thomas, Mrs. F. L. Garrett, Mrs. Jack Allen, Mrs. H. I. Hudson, Mrs. Sibley Jines, Mrs. Leonard Robertson, Mrs. C. B. Rogers and Mrs. Van W. Stewart.

Serving as presidents and the order in which they served were: Mrs. Van W. Stewart, Mrs. J. R. Thomas, Mrs. Emily Lackey, Mrs. F. L. Garrett, Mrs. R. C. Allen, Mrs A. R. Hoghland, Mrs. H. Shindler, Mrs. Tom Denman. Mrs. Robert Barlow is president this year.

County Ag Meeting

March Session of Association Will Be Held in the Courthouse On Tuesday, Ten o'Clock

The Ochiltree County Agriculture Association will hold their March meeting at the courthouse on Tuesday morning. March 1, ten o'clock. The date was set up a week so as not to conflict with the Fat Stock Show and district meetings in Amarillo on March 8.

Members of the Home Demonstration County Council will meet with the organization in a joint session for the purpose of selecting an entry for the county in the Master Farmer contest being sponsored by the Progressive Farmer magazine.

Max W. Boyer, representative from the 124th district, will be present and will discuss the proposed Soil Conservation Bill for Texas.

Members from both organizations are urged to be present by Roger Pearson, president of the Agriculture Association.

MAIL MESSENGER RT. OPEN FOR BID UNTIL MARCH 2

Sealed proposals for carrying the mail between the post office and the Panhandle and Santa Fe depot will be received by M. R. Coffee, postmaster, until March 2. Proposals are on a yearly rate but for no specified length of time. Other information and blank bids may be secured at the post office.

W. G. Price has been in charge of the messenger service for several years.

Birthday cards at the Stewart Printing Co.

Typical "Rest Corner" for New York Fair

NEW YORK (Special)—Flowing water and shade will be one of the refreshing features furnished by the New York's World Fair in 1939 in its consideration of the comfort of the millions who will visit it. This photograph of the "Aqualons," taken of an exhibit of the Fair on the ground floor of the Empire State Building at the Fifth Avenue and 34th Street corner, shows such a rest spot as will be frequently encountered throughout the Fair grounds, either in otherwise open spaces or beside buildings or in shady patios. The Aqualons are largely cylinders of glass through which water is in constant flow, with changing colors to accentuate their simple beauty and with an endless uprise of bubbles to give them unusual animation.

Huntoon Gives Play

Parent-Teachers Sponsor Comedy At Huntoon Schoolhouse On Friday Eve, March 4

The Huntoon Parent-Teacher Association will present "Under Western Skies," a three act comedy-drama, at the schoolhouse on Friday evening, March 4. The cast of characters are:

Barry Boyd, a tenderfoot from the east—Emmet Hummer.

Mrs. Pansy Farmer, his next door neighbor—Mrs. Parris Hurst.

Pete Posey, known as "Mustache Pete," a ranch hand—Parris Hurst.

Sanderson Trent, an Easterner—Jim Latham.

Diana Taylor, also from the East—Charline Nowlin.

Laughing Water, a young Indian girl—Mrs. Jim Latham.

Sugar-Foot Williams, a gentleman of color—Clyde Devers.

Callie Williams, his wife—Mrs. R. T. Bowen.

Sheriff Crunch—A. C. Emberson.

Nella, Bella and Della, sisters Z of Radio fame—Pauline Hummer, Joy Nowlin and Mrs. Clyde Devers.

Delt-a-Deck

• • • •

Mrs. W. L. Herndon Jr. was the charming hostess for the Friday afternoon meeting of the Delt-a-Deck bidge club at her home, 801 Southwest Fifth street. After two hours of that ever interesting game, scores were tallied and prizes awarded to Mrs. Bell, high, and Mrs. Denman, second high.

Members enjoying the hospitality of the Herndon home and partaking of the delicious refreshment plate served at the close of the play were Mrs. Claud Allen, Mrs. Roy Bell, Mrs. Sibley Jines, Mrs. H. E. Shotwell, Mrs J. E. West, Mrs. E. W.. LeMaster, Mrs. K. H. Platt, Mrs. Tom Denman and Mrs. Harold Platt.

Jolly Jokers

• • • •

Mrs. Tom Kinsey entertained the Jolly Joker club for an afternoon of pleasant bridge, Thursday, at her home on Second street.

The tallies and table appointments, as well as the tasty salad plate, carried out the patriotic red, white and blue colors. Mrs. Barlow played high and Mrs. Kaup second high. Each received lovely gifts.

Seated with the hostess for the play were Mrs. J. W. Putman, Mrs. Harry Barlow, Mrs. Alvin Koehn, Mrs. Ernest Gyger, Mrs. Loyd Holland, Mrs. Alvin Kaup and Mrs. Harold Platt.

Birthday Party

• • • •

Fae Marie, daughter of Mr. and Mrs. Clifford Beck, celebrated her fourth birthday, Saturday, February 12, by inviting a number of her little playmates in for several hours of games.

Mrs. Beck, assisted by Mrs. Russ Hanna and Mrs. Henry Richardson, served birthday cake and other refreshments after the play. The little hostess received an array of lovely gifts.

The guests were Barbara Jean and Preston Jines, Peggy Ann and Richard Blackmore, Jerry Ray Boston, Rob Hanna, Norma Jo and Donald Ray Boyd, Verlin Hartman, Marilyn Richardson, Kae LeMaster, Mary K Evans, Patsy Sue and Jeff Hay, Bobby and Edward Dear, Madolyn Cutter, Louise Lynch and Lois Beck.

Sorosis

• • • •

The Home Economic department of the Perryton Sorosis club met last Wednesday afternoon in the home of Mrs. Jack Steele for their regular Febuary business and social study.

Two interesting discussions, "History of the Bible" by Mr. L. T. Tucker and "The Bible an Inspiration for Daily Living" by Mrs. Clifford Beck proved very entertaining and instructive. Several arranged games were followed by a tasty refreshment plate.

Those present were Mesdames W. M. Boston, Clifford Beck, J. M. Bull, Tom Denman, J. C. May, L. T. Tucker, Roy Bell, Sibley Jines, Rose Mitchell, G. A. Rupprecht and Geo. W. Cutter.

Mrs. R. T. Shindler is confined to her home by illness this week.

Glamorous

Co-starred with William Powell in 20th Century-Fox' "The Baroness and the Butler," showing tonight and Friday night, February 24-25 at the Ellis. ANNABELLA is hailed by fans for her breath-taking beauty and dramatic fire, and by fashion designers for her chic.

French Pork Loin Ready for Company

Frenched pork loin, served with spiced red cherries, the choice for the special company dinner.

"The old saw, 'There is nothing new under the sun,' does not not hold true when clever housewives are given a chance", says Inez S. Willson, home economist. We have had frenched lamb chops and frenched pork chops for a long time, but a pork loin roast, frenched and served as shown here, is an innovation with roasts, and one with a real future.

Frenching means removing the meat from the ends of the rib bones so that paper frills may be placed over them after the roasting is completed. The chief advantage of this lies in added attractiveness of appearance in giving an old favorite meat cut the distinction needed for company meals.

How To Roast

A frenched pork loin is cooked in exactly the same way as any other roast. The frenching may be done at home or in the market, but usually the latter is preferred because with the sharp knives which the retailer has, this takes only a second.

To cook the roast place it, rib side down, in an open roasting pan. When placed in this manner it is not necessary to wrap the unprotected rib ends in order to prevent them from charring, for the fat as it mets runs down and keeps them moist.

Season the roast with salt and pepper and place in a slow oven. An oven temperature of 300-350 F. has been found best for roasting pork. All pork cuts should be cooked until well done to develop the delicious flavor which everyone likes, so allow about thirty minutes per pound for roasting at the temperature suggested.

No water is added during roasting, nor is a roast covered at any time during the cooking. At the low temperature best for roasts, there is no danger of charring nor of the fat becoming too brown.

Accompaniments for Roast Pork

Accompaniments with a tart or spicy flavor have always been in favor for serving with roast pork. So instead of the usual apple sauce, spiced cherries have been used in the illustration. Not only do these make a perfect flavor contrast but also add a touch of color which gives importance to the meat platter.

Bran muffins, browned potatoes, and a crisp vegetable salad might ecmplete the main course of this delightful companny dinner.

Serving Pork Loin

Carving and serving a roast pork loin may be as easy as the cooking, if the chine bone has been loosened at the market. The loin then may be cut easily into slices, with one rib or chop section being served to each person. In buying a pork loin for the special dinner, plan two chops for each person, for the chances are that second helpings will be required.

Chi Sigma Phi

• • • •

Henry Richardson entertained the Chi Sigma Phi club, Friday evening, for their regular contract games. Her prize wrappings, tallies and table appointments were in keeping with the George Washington theme.

Mrs. Cecil Dodd received the award for high score and Mrs. G. W. Acker for second high. Others playing were Mrs. LaRue Norris, Miss Elizabeth Richardson, Miss Helen Buckland, Mrs. Nell Vernon, Mrs. Russ Hanna and the hostess.

Genial Host

• • • •

A group of men gathered in the E. L. Whippo home, southwest of Perryton, Thursday night, and enjoyed an evening of lively progressive pitch. At midnight Mrs. Whippo served a delicious oyster supper.

Those present were Val McLanahan, M. M. Cudd, W. E. McMillen, A. H. Nichols, H. C. Brillhart, Liel Lewellen, C. E. Whippo, C. A. Creagan, W. C. Herndon, C. B. Rogers, A. K. Wilson, W. A. Thurman and Mr. and Mrs. Whippo.

One o'Clock Luncheon

• • • •

The Fidelis Matron class of the Baptist Sunday school entertained the Dorcal class at a one o'clock banquet in the church basement, Tuesday afternoon.

Mrs. Earl Miller presided and announced the program as follows: two musical selections, Misses Jackie Enfield, Virginia Hoghland and Elaine Shockley accompanied by Miss Ruby Neufeld; reading, Betty Lou Buchanan; introduction of visitors and comic incident of their life; history lesson with Mrs. W. L. Werneburg, the teacher.

Those present were Mesdames R. H. Holland, H. I. Hudson, J. M. Jackson, J. S. Slaughter, Ecton Lawrence, J. L. Flowers, W. M. Boston, Beulah Stark, Tom Denman, Robert Lawrence, H. E. Shotwell, Ray Thomas, Stanly D. Key, S. R. McClung, Luther Wade, F. M. McGee, J. C. Cooper, L. T. Tucker, Tom Kinsey, Errol Flathers, Earl Miller, George Lewis, Harry Murchison, J. E. West, J. H. Stephenson and W. L Werneburg.

AT WICHITA TRACTOR SHOW

L. D. Stinson, manager of the Perryton Implement Co., and Earl Miller, district repesentative for the John Deere Machinery Co., left Tuesday for Wichita, Kansas to attend the Southwestern Power Farm Machinery Show.

MC WILLIAMS ON ALL STAR TEAM

RAY McWILLIAMS STAR PLAYER IN THIS DISTRICT; RANGERS ATTEND TOURNEY LAST WEEK-END

At the District Basketball tournament held at Pampa last Thursday, Friday and Saturday, Ray McWilliams was selected on the all-star team. McWilliams, guard on the Perryton Ranger squad, is a letterman and an outstanding player.

Pampa Harvesters nosed out Borger to win the District Championship by a score of 28-29. The Harvesters achieved the almost impossible and certainly the unprecedented when they won six games in two days, eliminating six county champions. In all they played eight games to Borger's four. They have won three out of four district titles, losing last year to Perryton.

Pampa will represent this district of 10 counties in the regional meet at Canyon this Friday and Saturday. If they win at Canyon, they will compete for state honors.

The Rangers, Peryton high school team, played three games. Follett forfeited their game with Perryton. Scores were: Perryton 24, Spearman 25; Perryton 40, Miami 26; Perryton 27, Pampa 39. Ray McWilliams played in all the games, looping eleven points in two games. Harry Reimer looped 12 in one game. Other Rangers playing in the tournament were Clarence Lewis, Irvin Lilly, Wayne Gyger and Clyde Flowers. Their coach, Otis Burk, accompanied them to Pampa.

Officials of the tournament picked as the all-star team the following: Forwards, Jacobs of Spearman, Heiskell of Pampa, Kendrick of Borger; guards, McWilliams of Perryton, Simmons of Borger, Cox of Pampa; Center, Barron of Borger and Purley of Miami.

R. A. Morton is improving following a recent appendicitis operation at the Perryton hospital.

Attend District Meet

E. W. Thomas and Wertha Tarter Attend One Day Meet at Wheeler Tuesday, February 22

E. W. Thomas, County Agent and Miss Wertha Tarter, Home Demonstration Agent, were in Wheeler on Tuesday, February 22 to attend a district meeting of County and Home Demonstration Agents.

The meeting was held for the purpose of discussing the various trees, garden fruits, and vegetables which are specially adapted to this part of the Panhandle and to encourage definite plans for their promotion.

Appearing on the program during the day were J. F. Roseborough, Extension Horticulturist, Miss Jennie Camp, Home Demonstration Production Specialist, and M. R. Bentley, Agricultural Engineer, all of College Station. Representatives from the different counties gave their individual experiences with several types of fruits and vegetables. Discussions were held on each.

Mr. Glen Teague and son, James Ernest, returned home Thursday from Stinnett, where they have been visiting several days with her father and family, Mr. and Mrs. Ernest Tindle and June.

SPEECH PUPILS OF MRS. R. DUKE APPEAR IN RECITAL

A program, consisting of readings, poetry speaking and playlets, was given at the high school auditorium Wednesday afternoon, four o'clock, by the pupils of Mrs. Ralph Duke, expression teacher in the Perryton school for their parents and a few friends.

Those taking part were Verlan Hartman, Irvin Buchanan, Jr., Judith West Norma Flowers Bill Stephenson, Carol Lawrence, Patricia Ann Henry, Betty Lou Buchanan, Lela Beth Trollinger, Mary McClung, Trixie Caldwell, Joan Boston, J. C. Jones, Don Stephenson, Peggy Jane Thomas, Ruth Shotwell and Yvonne Trollinger.

Our services will keep you beautiful in spite of the ravages to charm and beauty by winter weather.

FIVE CONDUCTORS IN 65 YEARS

By Daniel I. McNamara

Dr. Albert Stoessel, A.S.C.A.P.

DR. ALBERT STOESSEL, distinguished member of the American Society of Composers, Authors and Publishers, shown conducting the Oratorio Society in its memorable performance of "The Messiah," at Carnegie Hall, New York, Dec. 21, 1937, has been director of this famous organization for 15 years, fostering the zeal of its 300 enthusiastic members by his own devotion to the cause of choral singing.

The Oratorio Society was organized in March, 1873, by Dr. Leopold Damrosch,—intimate of Wagner, Liszt, von Bulow, Joachim, Auer, Rubinstein and other immortals of the last century. Two years after he had left the European centers of musical culture to seek new freedom in America, Dr. Damrosch formed the Oratorio Society at a meeting in his New York home, including in its roster of 28 members, his young son, Walter, destined to be hailed by a future generation as dean of American musicians. The growth of the Oratorio Society has mirrored the expansion of musical culture in America.

Dr. Stoessel is the fifth conductor of the Oratorio Society. Born in St. Louis, Mo., he began his professional musical career as a violin virtuoso with his debut in Berlin in 1913. Soon he became a commanding figure in the world of music, his work as educator, conductor and artist being paralleled with much creative effort. His compositions include chamber music and orchestral, choral and stage works.

One of his unusual educational activities was his directorship of the A.E.F. Bandmasters' school organized at Chaumont, France, at the request of General Pershing, by Walter Damrosch, a fellow member of the American Society of Composers, Authors and Publishers.

(Music Features & Photo Syndicate)

RANGE PROGRAM WILL CONTINUE

NEW FARM ACT PROVIDES FOR CONTINUANCE OF PRESENT RANGE CONSERVATION ACTIVITIES

The Range Conservation Program under which ranch operators may earn specified payments for practices designed to maintain and improve rangeland will continue under provisions of the recently passed Agricultural Adjustment Act of 1938 practically the same as under the Agricultural Conservation Programs of 1936 and 1937, according to George Slaughter, Chairman of Texas Agricultural Conservation Committee.

Slaughter summarizes the status of the range program as follows:

The Act includes an allotment of not to exceed 5 per cent of the total appropriation for payments for the range program, and noncrop pasture lands.

Under this limitation a program has been devised for the conservation of natural resources on rangelands. The program is essentially the same as the 1937 program under which 15,000 ranch operators controlling 62,000,000 acres participated in Texas. Texas had about one-third of the participation in the entire United States.

The 1938 range conservation program establishes range-building allowances as the maximum amount which ranch operators may earn for approved practices.

In Texas, Oklahoma, Kansas, Nebraska, South Dakota, and California, this allownce is 2 cents an acre on all range land in a ranching unit, plus $1.00 time the grazing capacity.

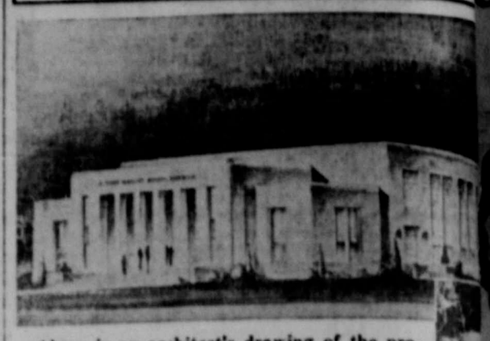

All the practices approved by which part or all the allowance may be earned are designed to fight erosion by promoting or restoring stands of grass.

They consist of natural reseeding by deferred grazing, better distribution of water sources, run-off and erosion control by contour furowing and other devices, removal of range destroying plants which compete with grass, and the establishment of fire guards.

Specific rates of pay have been established for the various practices cutlined. Full details will be sent to all county offices as soon as received in the State.

Slaughter pointed out that the range program is now available for the entire State.

Memorial To Noted Dete

Above is an architect's drawing of the proposed $40,000 gymnasium, which Cotton Center, Texas, hopes to erect and dedicate as a memorial to J. Frank Norfleet, noted West Texas detective. Funds are being solicited now by a memorial association, chartered by the State of Texas, for the school annex. J. C. White, Cotton Center, is treasurer of the association. He reports numerous contributions have been received to date for the building. Many of them have been anonymous.

Inset picture is of Norfleet, who, in 1917, set out to s of swindlers who fleeced him of $45,000. He was succes rounding up all seven men and placing them behind h he has been employed by numerous other victims of has been successful in bringing to justice more than con games, rackets and other swindle schemes.

The memorial building will be erected on a site just a the original Norfleet ranch.

HERALD CLASSIFIED ADS GET R

Funeral Held Tuesday

Prominent Waka Citizen Succumbs From Attack of Pneumonia; Burial at Ochiltree

Friends and relatives of Edward R. Stump, citizen of the Waka community for many years, gathered at the Methodist church, Tuesday afternoon, for simple, impressive funeral rites conducted by the pastor, Rev. W. B. Vaughn. Miss Ruby Neufeld was in charge of the music. She was assisted by N. G. Powell, Harley Elledge, Mrs. D. W. Hart and Mrs. Ray Burger of Waka and Mr. and Mrs. Rufus Bolerjack, Mrs. W. E. Foglesong and Addison Cutter of Perryton.

Interment was in the Ochiltree cemetery directed by the Wilson Funeral Home. The pallbearers were J. P. Berry, Dave Dunnihoo, Van Earl Steed, Alan Dennison, Walter Elledge and Emil Meier.

Obituary

Edward R. Stump was born to Rachel Stoner Stump and Solomon Stump in Oceana County, Michigan, June 11, 1871, and passed away at the Perryton hospital after a short illness with pneumonia at three o'clock, Monday morning, February 21. He had reached the age of 66 years, 8 months and 10 days.

Out of a famly of fourteen, five boys and four girls reached adulthood. Of these, one brother, Jno. N. Stump, and three sisters have passed on. Those remaining are D. B. Stump, Perryton, Sam Stump, Texhoma, Okla., J. L. Stump, Range, Okla., and Mrs. Emma Burrow, Felt, Okla.

In the fall of 1900, he was married to Cora Lair. A son, David Francis, was born to them at Miami, Texas, and now lives in Clinton, Mo. Mr. Stump was a Christian man, having been baptized several years ago, and was interested in Christian life and progress.

The greater part of his life was spent in this part of Texas and in the Oklhoma strip, where he pioneered in various projects. For many years, he has made his home in the Waka community and engaged in the mercantile business.

He leaves a large circle of friends and relatives who will miss his presence. Surviving relatives beside the son, brothers and sisters, are three grandchildren, and a number of nephews, nieces, cousins and distant kin.

Furnish Paint Colors

French Carmine, a lake color, is made by extracting coloring matter from cochineal insects. Vast quantities of these insects are secured from Mexico and South America. The insect bodies are dried, the color extracted by boiling them in water and then precipitated on an alumina clay base. Carmine lake has been made for over 200 years.

Old English Sheep Dog Bear-Like in Appearance

The origin of the old English sheep dog, says a writer in the Los Angeles Times is the same as that of other early herd dogs of Europe and they were first developed primarily to herd and protect cattle. It should be remembered that the dogs attending the flocks were called upon at that time to defend the herds from much larger foes than roam the plains at the present time. Protecting the cattle came first, herding second, and nature had much to do with creating a dog that could exist under the severest conditions.

Cold winds, rain and snow made it necessary that the coat be weather resisting. Which it certainly is with this breed. About all you can see on first sight is hair and more hair. It covers every spot on their body, head, legs and feet. Underneath all the profuse covering is an exceptionally strong and well built body.

The front legs are heavily boned and as straight as any terrier's. The neck is long and graceful, fastened to sloping shoulders with the dog standing lower at the shoulders than at the loin. In size they average around twenty-two inches or more shoulder height, and in measurment they run about the same in length, giving a rather square effect.

Ancestor of the Hen May Have Been a Jungle Fowl

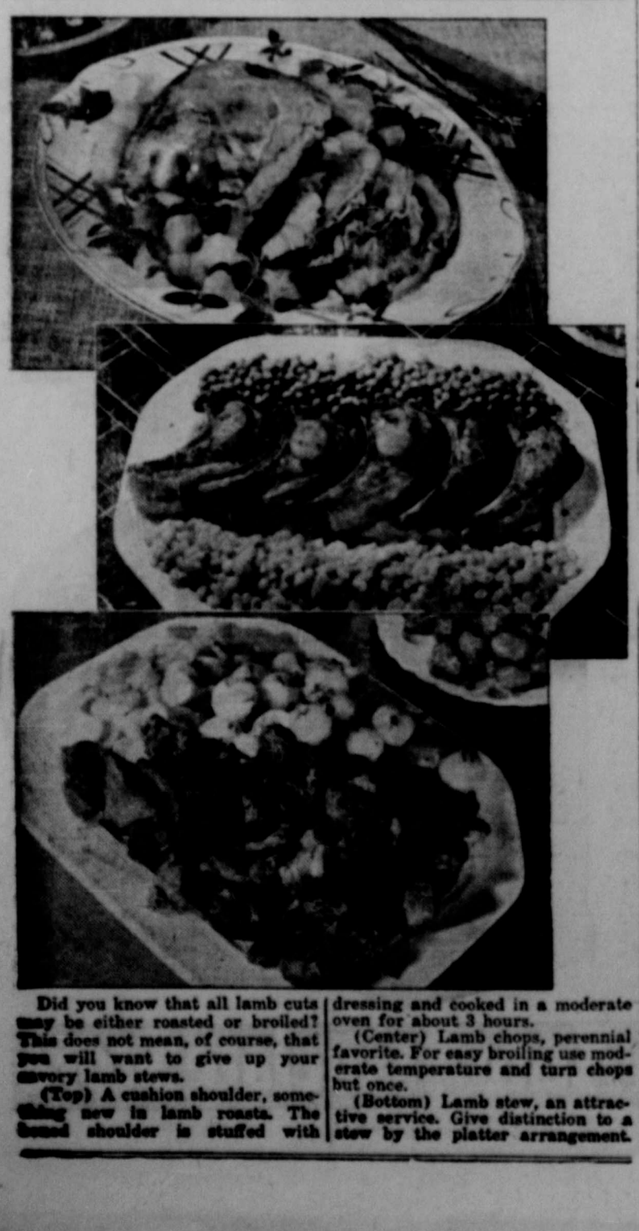

The ancestor of the hen is believed to be the jungle fowl, known as Gallas bankiva, which is found in the jungles of North India, Brahma and Siam, states a writer in the Boston Globe. They were first mentioned in history by the Chinese emperor, Fu Hsi, who lived about 3341 B. C. One writer has stated:

"From the evidence that has come to us it would appear that the sport of cock-fighting has as much responsibility for the domestication of the fowl as the demand for food and that when once it was brought into the service of man, sport was chiefly instrumental in making the species popular."

It is not certain whether all the breeds of poultry that we know date back to this common ancestry or not. Some believe that the lighter breeds such as the leghorns originated from this bankive jungle fowl and that the heavier breeds probably originated from the Malay fowl.

Many of the later breeds were made by crossing other breeds then in existence. It is noteworthy that some of them originated in New England and that much of the early breeding in the development of the breeds was done in Massachusetts.

DID YOU KNOW THAT—?

Did you know that all lamb cuts may be either roasted or broiled? This does not mean, of course, that you will want to give up your savory lamb stews.

(Top) A cushion shoulder, something new in lamb roasts. The boned shoulder is stuffed with dressing and cooked in a moderate oven for about 3 hours.

(Center) Lamb chops, perennial favorite. For easy broiling use moderate temperature and turn chops but once.

(Bottom) Lamb stew, an attractive service. Give distinction to a stew by the platter arrangement.

Home of the Ant Lion

In sandy places, beneath overhanging cliffs, under buildings, or along banks, where the sun is the warmest, one may find little funnel-shaped pits one or two inches across. The sides are smooth and steep, and at the bottom can be seen two small curved objects. Everything is quiet, until an ant hurrying along on its own business happens to run carelessly over the edge of one of these holes. It then commences to slide down, until it falls into the jaws of the Ant Lion. The Ant Lion throws up a torrent of sand so that it will hit the victim, and knock it down into the pit again. When ready to change to pupae, Ant Lions make for themselves small round cocoons, fastened together and lined with silk. The adult lion emerges as a graceful insect, with long narrow delicate wings and a slender body.

Home Demonstration CLUB NEWS

NEW HOPE CLUB

Mrs. Loyd Furnish, Reporter

Personal hobbies was the lesson at the meeting of the New Hope Home Demonstration in the home of Mrs. John Budock, February 16.

The meeting opened at 1:30 p. m. with the president in charge. Roll call was answered by each member telling of their hobby. Council delegates gave a council report on the following material why have a hobby? unusual hobbies, and choosing a hobby. Each member discussed some phase.

At the meeting members paid educational dues. Others please come to the next meeting prepared, because we wish to be 100 per cent in education.

After the business meeting a quilt was worked on due to the bad weather preventing the club attending the meeting at the court house at 2 p. m.

Members present were Mesdames Fred Furnish, O. E. Carter, Loyd Furnish, A. L. Allen, Blanch Cudd, R. E. Taylor, Carl Carter, John Budock, Milan Cudd. Everyone was happy to have Mrs. Milan Cudd as a new member of the club. Visitors are always welcome at any time.

NEW HOPE H. D. CLUB TO HOLD MEETING ON MARCH 2

The New Hope Home Demonstration will hold its next regular meeting with Mrs. Carl Carter on March 2 at 10 a. m. in the home of Mrs. Ben Peckenpaugh. The lesson for the meeting will be on butter cakes. Each member is asked to be present and bring a visitor or a new member. Miss Wetha Tarter will be with us at this time and will demonstate on butter cakes.

OCHILTREE CLUB

Mrs. Jack Dodson, Reporter

"Old furniture in your bedroom can be refinished," stated Miss Wertha Tarter at the meeting of the Ochiltree Home Demonstration club which met in the home of Mrs. Ray Jenning, February 17.

"The furniture may have been discarded, but if varnished or painted to harmonize with the room and arranged according to balance, proportion and units, you will have an attractive room," further remarked Miss Tarter.

The club members assisted the hostess with sewing and rug making during the meeting.

Members present were Mrs. Jim Dodson, Mrs. Jack Dodson, Mrs. Kirt Williams, Miss Wertha Tarter and the hostess.

OCHILTREE H. D. CLUB TO HOLD MEETING ON MARCH 2

The Ochiltree Home Demonstration club will hold their next meeting with Mrs. Claud Crouch on Wednesday, March 2 at 10 a. m. Visitors are always welcome to attend the meetings.

Patronize Herald advertisers. They make possible the publication each week of your Home Demonstration activities.

Chevrolet Sets Economy Mark

A certified fuel economy record of 67.04 ton-miles per gallon of gasoline was established by this Chevrolet 1½-ton stock model truck on a 3022.2-mile run from Ottawa, Canada, to Mexico City. The truck, carrying a 4000-pound payload, was piloted by Harry Hartz, former racing driver. The unit was greeted at Mexico City by Ivan C. Dresser, manager of General Motors of Mexico. Shown above, left to right, are Stanley Reed, AAA observer, Dresser, and Hartz. The truck is now touring the United States.

Cook Pork Thoroughly

Trichinosis Is a Disease Caused By Eating Raw or Partly Cooked Pork Meat

Austin, Texas—"Trichinosis is a disease caused by eating raw or partly cooked pork which contains the trichina worm. This disease caused several deaths and an undetermined amount of illness in Texas in 1937", states Dr. Geo. W. Cox, State Health Officer.

Definite symptoms and signs of illness are associated with trichinosis In the beginning there are abdominal pains, nausea, vomiting and diarrhea, asting about a week. Migration of the embryos in the blood causes fever and severe muscle soreness, especially in the diaphragm and muscles of the arms and legs. The third stage, during which cysts surround the larvae in the muscles, is the critical one. If infection is severe, there may be edema, or swelling of the eyelids and elsewhere, marked by loss of weight, weakness and delirium.

The prevention of trichinosis depends primarily upon the thorough cooking of all pork. Most cases follow the indigestion of wieners, sausages or other pork products, eaten in raw or partly cooked form. The hazards of this disease is greater in connection with home butchering, unless safeguards are exercised. Rats should be exterminated because they play an important part in the spread of infection among swine. Prolonged refrigeration, as carried out under federal supevision, destroys trichina larvae. Thorough cooking and the use of meat which bears the stamp of federal inspection are safeguards against trichinosis.

S. R. Henry was a dinner guest, Friday evening, with Mr. and Mrs. Ray Cook.

Mr. and Mrs. Floyd Baltzell and children, LaMoyne and Charles, are moving to Perryton from Meade, Kans., and will live at the Baumann house 308 Southwest First street. Mr. Baltzell works for the Northern Natural Gas Company and is being transferred to this territory.

Mr. and Mrs. Sam Hergert were Amarillo visitors, Tuesday, Mrs. L. S. Hobbs accompanied them home for a few days visit with her mother, Mrs. W. H. Tindle.

Mr. and Mrs. Jake LeMaster were Sunday dinner guests of Mr. and Mrs. Alton Witt.

Will Display Float

Club Women Have Completed Their Entree for Amarillo Parade On Mother-in-Law Day

Representatives from the various home demonstration clubs of the county met Wednesday for the final work on their float which they will enter in the Mother-in-Law parade to be held in Amarillo, March 6, in honor of Mrs. Franklin Delano Roosevelt.

The float, a huge basket entwined with morning glories, will be placed in a two wheel cart and pulled by a Shetland pony. It is being stored at the Perryton Lumber Company machine shop and anyone interested in seeing it may call there Saturday.

The club women will meet in Amarillo for a district meeting on Tuesday afternoon, March 8.

Mr. and Mrs. E. W. LeMaster had as their dinner guests Monday Mrs. W. J. Miller and Janice and Norman Crum.

H. C. Sanford and Bruce Sheets, Spearman, were in Wichita, Kans., the first of the week looking after business affairs and buying merchandise for the Perryton Drug and Spearman Drug stores.

EAST OF BOYD

Mrs. Aldeen Rodgers, Reporter

We are having some real old-fashioned winter weather. Everyone is rejoicing over the moisture that will help the wheat.

The WPA work at the rock quarry northeast of Boyd was stopped Friday and Satuday due to inclement weather.

J. H. Pierce called on Aldeen Rodgers, Saturday.

Ben Kennedy called on Aldeen Rodgers, Sunday.

Mr. and Mrs. George Kirton visited in Guymon, Oklahoma, Sunday.

Ochiltree Is Eleventh County In United States In Wheat Acreage And Production

Ochiltree County, Texas, is eleventh in wheat acreage of all counties in the United States, according to a special report just released by Drector William L. Austin of the Bureau of the Census of the Department of Commerce. This report shows the 50 leading countries, in 1934, in total acreage of wheat, with their production, and the rank of these counties in acres of winter wheat and of spring wheat.

Whitman County, Washington, produces more wheat than any other county in the United States. Though first in acreage of all wheat, Whitman County ranked fifth in winter wheat and seventh in spring.

While Ochiltree County is eleventh in acreage of all wheat, it ranks thirty-fourth in production of all wheat. However, it is ninth in acreage and production for winter wheat.

Texas County, Oklahoma, was second in acreage of all wheat, but dropped in production from fourth to nineteenth place since the preceding census. The third, fourth, and fifth in acreage were, respectively, Lincoln County, Washington, and Reno and Sumner Counties, Kansas. These counties were included in the first four in production.

Wheat was grown on every second acre farm land in Pawnee County, Kansas, which was tenth in acres of all wheat. Nearly one-half of the entire area of Ochiltree County was planted to wheat. Two-fifths or more of the farm land in the following counties was devoted to wheat: Barton, Reno, Rush, and Stafford, Kansas; Alfalfa, Garfield, and Grand, Oklahoma. In all except 8 of the outstanding counties, the wheat acreage comprised more than one-half of the harvested crop acreage, the highest proportion being that of 96.9 per cent in Hansford County, Texas.

The greatest acreage of winter wheat was in Texas County, Oklahoma, amounting to 352,903 acres, which produced 2,514,291 bushels, or an average of 7.1 bushels per acre. Reno County, Kansas, occupies second place and Sumner, of the same State, third.

Ochiltree County had a wheat acreage of 239,462, and produced 1,945,751 bushels or an average of 8.1 bushels per acre.

Of the 50 premier counties, 18 were in Kansas, 7 each in North Dakota, Oklahoma, and Texas, 5 in Washington, 3 in Montana, and 1 each in Minnesota, Nebraska and Oregon. Texas counties and their rank in winter wheat acreage and production are Ochiltree 9th place, Hansford 13, Hale 18, Swisher 20, Floyd 21, Carson 24 and Castro 25.

These 50 counties with 128,916,178 bushels, produced one-fourth of the Nation's wheat. There were decreases in acreage, since 1929, in all except 7 counties. Ochiltree, Hansford and Castro counties in Texas were among those showing an increase in acreage. This decrease was probably due, in part, to the severe drought of 1934. The leading counties are in the hard red spring, durum, hard red winter, and white wheat areas.

PANHANDLE PARAGRAPHS

Flood control, waterflow retardation and soil erosion prevention in the upper part of the North Canadian River watershed will be the topics for discussion at a joint public hearing sponsored by the War and Agricultural Department which will be held at Guymon on February 25. The hearing will be held in the county courthouse starting at 1:30 p. m.—Boise City News.

In a drive for funds for the Boy Scout program in the Panhandle, Carson county has reached about one-half of their quota of $465, F. A. Bender, chairman of the county finance committee estimated Thursday. The drive will be continued.—Panhandle Herald.

Eighteen 4-H club boys have twenty calves to show at the Higgins 4-H club show on March 5. After showing the calves at the county show they will be taken to Amarillo for exhibit on March 7-11.—Higgins News.

Mrs. T. S. Pletcher is visiting this week in the home of her daughter, Mrs. Harve Holdeman.

WHITE ROCK DIDN'T DO AS WELL AS RED DID

Another oddity in the news came to light this week when Billy Philyaw brought to the Herald office an egg as small as the one laid by a Rhode Island Red las week, was large. This egg will be placed in our window alongside of the large one for contrast. It weighs only one-fourth of an ounce and has a circumference of two and one-half inches. It was laid by a hen from a flock of White Rocks owned by the Philyaws.

LONE TREE ITEMS

Mrs. Harold Holdeman

Mrs. Ed Goins visited Monday afternoon with Mrs. Allen Wagner.

Mrs. Claud Bowen, Anna Beth Bowen, Alice Pletcher and Mrs. Andy Wagner visited Mrs. T. S. Pletcher, Wednesday.

Mrs. Buck Edge and Mrs. Maria Pletcher visited Mrs. Allen Wagner Thusday.

Mrs. T. S. Pletcher spent the week-end with Mr. and Mrs. Ed Goins.

Miss Anna Beth Bowen spent a few days in the home of Mrs. T. S. Pletcher last week.

Mr. and Mrs. Paul Pletcher visited in the Harold Holdeman home Sunday.

Mrs. Ed Goins is spending a few days with Mrs. Harve Holdeman.

Mr. and Mrs. Andy Wagner spent Sunday with their son Allen and family.

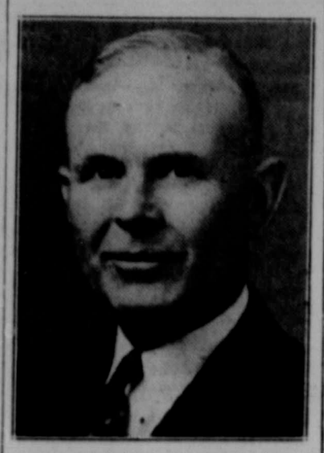

The Junior Play will be Tuesday March 1st; some from this community are in it, lets go!

Because of bad weather we have had neither mail nor telephone service for a few days.

All church services and club meetings have been postponed, because of bad weather.

Lester Pyle, Dombey, Okla., was a visitor Friday and Saturday in the home of his sister, Mrs. Clifford Beck and family.

On Canyon Program

Roger A. Burgess, superintendent of the Perryton schools, will participate in the symposium, "The Problems of Parent - Teacher Work," at the annual Parent-Teachers lunch on March 18 during the educational conferences at West Texas State Teachers College, Canyon.

HUNTOON NEWS

Mrs Joseph Bremmer, Reporter

Mr. and Mrs. Van Ferguson and son J. D. of Perryton visited in the George Latham home, last week.

Mr. and Mrs. J. W. Day and daughters were Wednesday evening guests in the Harry Mountcastle home.

J. D. Ferguson, a cousin of Irene Latham, visited school Wednesday.

Mr. and Mrs. Albert Latham and son visited in the George Latham home, Saturday evening.

Edgar Cook, Beaver, Oklahoma, spent the week-end with Roy and Frank Stollings.

Those enjoying a sumptuous turkey dinner with Mr. and Mrs. A. C. Emberson, Sunday, were Mr. and Mrs. Parris Hurst and Kenneth, Mr. and Mrs. Harry Mountcastle and Rayme Lee, Mr. and Mrs. Clarion Marriott and Mrs. C. H. Black.

Edgar Cook, Roy, Frank and David Stollings spent Sunday at Dave Hummer's.

The P. T. A. study club held its last meeting for the year with Mrs. J. R. Pearson on Thursday afternoon, February 17. Mrs. B. L. Hurter was leader and the discussion was on "Perseverance". Due to the stormy weather only a few were present.

Mr. and Mrs. B. L. Hurter and family visited in the J. L. Hurter home, Sunday afternoon.

Mr. and Mrs. Jim Latham were Sunday evening callers in the George Latham home.

Mr. and Mrs. C. V. Hurter and children visited in the B. L. Hurter home, Sunday evening. Betty spent the night with Rita Ann.

Margery Hummer is back in school after two days absence on account of sickness.

Nellie Stollings, who underwent an appendicitis operation at the Beaver hospital, is getting along nicely and expects to be home, Thursday.

BALKO NEWS

Mrs. J. W. Cayler, Reporter

We are enjoying the fine snow. The moisture came at the right time for the wheat.

Melvin Renfrow returned from Colorado last week and will remain here while the rest of the family stays in Colorado until school closes.

Several are intending to go to Guymon to the Workers' Conference to be held in the first Baptist Church there on February 25.

Mrs. Mildred Ragsdale was taken to the Shattuck hospital last week and operated on Thursday morning. She is doing nicely.

Little Caroline Murphy was suffering with a severe ear ache last week.

The ladies of the W. M. U. will meet all day Thursday with Mrs. Evelyn Jackson. The morning will be spent finishing a quilt and the regular mission lesson in the afternoon.

Mr. and Mrs. Buster Wood's small child was severely burned last week.

Mr. and Mrs. Paul Winter went to Beaver on business Monday.

Mr. and Mrs. W. R. Cayler and Kay visited at the home of his parents, Sunday.

Mary Ellen Huguley has been suffering with her arm which has been bothering her for some time.

Mr. and Mrs. J. W. Cayler called on the Charley Mounts and H. H. Millers on Sunday afternoon.

Ollie Wood, who has been sick with tonsilitis, is much improved this week.

Mr. and Mrs. Gurley Case and daughters visited Mr. and Mrs. Elmer Unruh and J. B. Unruh, Sunday.

THE BETHANY TUMBLEWEED

By School

Sickness is one thing you haven't much choice about. You either are or you aren't. When you have a cold in your head so badly that you're actually ill, you have a perfectly valid excuse to stay home. But it's no fun—staying home from school. Of course, you needn't study (and it's very nice not too) because you have a pain in your anatomy. It's the after effect that hurts. Especially if its on your report card. And it will be unless you study harder and do some makeup work. Those who don't like to go to school and have to stay at home on account of illness, are often only to glad to return to their studies.

It is with interest that the Modern History class watches developments in Europe. We have just completed the study of the development of Italy and are now studying Germany.

The first six weeks exams. of the second semester will be given Thursday and Friday of this week. That leaves us only twelve more weeks and what then?

"Wrigglers! Maggots! Sneezes! Germs! Oh—Oh—what is it all about? Yes, the General Science class has been studying bacteria and their relation to diseases. A culture of bacteria was grown in a Petri dish, and Monday the "little things" were examined under the microscope.

The N. Y. A. boys made themselves useful Monday, by removing the snow from the sidewalks.

Alton Reimann, Monroe Ballard, Anna Frantz and Audean Gray are back in school again after being absent on account of illness.

The Junior play entitled "A Gay Reunion," a comedy in three acts, will be given March 4.

Mr. Pounds and Mr. Plett attended the Beaver County Superintendent's and Principals' club at Beaver, Monday night.

JAPAN SEES SILK LOSS

Yokohama, Japan.—Without reference to the American buyers' strike, it is admitted that exports of raw silk from Japan to the United States in 1937 dropped 48,040 bales from the 1936 figure.

ROAD FOR GOLD SEEKERS

Ogden, Utah.—Road builders are blasting a highway designed to give access to the gold-bearing sands of the Salmon River, which prospectors say is rich in deposits washed down from veins in neighboring mountains. Heretofore, the region has been accessible only by a hazardous trip through swift rapids.

WANT-ADS GIVE Results at MINIMUM COST

Wallpaper Preview Emphasizes Proper Use of Color

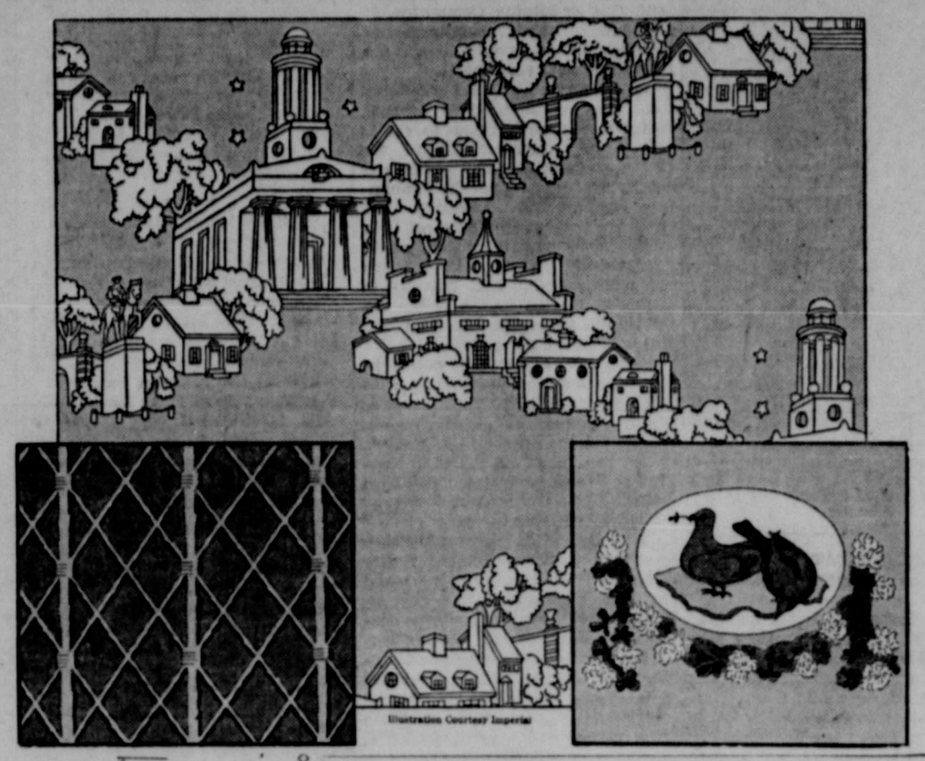

Illustration Courtesy Imperial

A preview of the newest fashions in wallpapers is now being held at the Perryton Lumber Co. At this event the newest and smartest of wallpapers will be shown, together with suggestions for numerous decorative schemes to go with them so you will be able to get helpful aid in you redecorating problems.

Among the many new papers you are sure to find just the types best suited to your home. The patterns, all of which are washable, are varied indeed, ranging from neat authentic period designs to bold, brilliantly dramatic modern effects.

Colors, too, are just as varied and just as beautiful. As one of the most important influences in our daily lives, color must be given a great deal of consideration when planning the houses we live in, as well as the clothes we wear. Color comes first, even before pattern or period, because its effect is so compelling.

In selecting these new designs they have remembered that bright, clear colors tend to create a feeling of radiance and that subdued colors have a quieting effect. They have also considered the exposure of your rooms. As a rule, southern and western exposures receive the most light, so cool colors, such as gray, lavender, blue or green are indicated here. A room with nothern exposure receives a cold light, with little or no yellow in it. For this reason, more attractive decorative results are obtained by using "warm," glowing colors. Excellent choices for rooms having eastern or nothen exposues are cream, yellow, tan, pink, rose, bown—and light tones of orange.

Today certain colors are not definitely assigned to any room. So-called "bedroom colors" of peach, aqua, blue, yellow and ivory may also be used in living rooms and, in turn, rich, intense colors may be chosen for bedrooms. The purpose of a room, the service it has to give, the colors of rugs, draperies and furniture should detemine the selection of color for the wallpaper.

In assembling its new line, they kept in mind the fact that deep, intense colors darken a room and appear to reduce its size. Shades such as maroon, deep blue, Empire green and cocoa brown are, therefore, logical choices for libraries, dens and studies, where a snug air of seclusion is desired. Tones of beige, tan and brown, green, maroons and deep-toned blues are consistent with the sturdy, substantial quality men like in decoration.

Independence of the Americans

On November 2, 1777, John Paul Jones sailed from Portsmouth, N. H., with a dispatch for Franklin and his fellow commissioners in Paris, advising them of Burgoyne's surrender. Although he made all possible speed, he was delayed by storms and the necessity of evading British ships, and was almost a month in making the voyage. He was not, therefore, the first to carry the welcome news to Paris, that honor having fallen to John Loring Austin, who had sailed with a duplicate dispatch, from Boston on October 31. It was the news of Burgoyne's surrender that caused France to recognize the independence of the Americans and to give them the aid which helped to assure their ultimate victory.

When you go someplace, have a party or have company, telephone the Herald office, No. 67.

"My Skin Was Full of Pimples and Blemishes from Constipation" says Verna Schlepp: "Since using Adlerika the pimples are gone. My skin is smooth and glows with health." Adlerika washes BOTH bowels, and relieves constipation that so often aggravates a bad complexion.
PERRYTON DRUG CO.

Napoleon Chose Grave on the Island of St. Helena

Jamestown, Island of St. Helena, is the town and countryside where Napoleon spent an exile of six years. Longwood, the house where Napoleon lived, is a long one-story building with a peaked roof, high enough for attic bedrooms for servants. The house is partly of mortar and is as it was when the deposed Emperor of France lived here, notes a writer in the Washington Post.

In this house Napoleon was virtually a prisoner, guarded night and day. He was allowed walks about the countryside, but if he strayed too far an alarm bell rang out, calling him back.

During one of his rambles Napoleon came upon a spring beneath a great cypress tree which overlooked a peaceful valley. Many times he returned to the place. He grew to love the spot and finally asked that when death came that he might be buried there. Napoleon died on May 5, 1821, and was buried in the space which is surrounded by an iron fence. The body was removed to Paris October 15, 1840. It is related that on the last page of Napoleon's copybook, used when he was a schoolboy in Corsica, where he was born, these words are written in his own handwriting:

"St. Helena, an island in the South Atlantic; British possession."

St. Helena lies 1,200 miles west of the coast of Angola, Africa, and about twice this distance east of Brazil. It is in practically the same latitude as Mozambique.

Airplane of Tomorrow at New York World's Fair 1939

NEW YORK—Here is the airplane of the future as visioned by Raymond Loewy, industrial designer, in a model under construction for the focal exhibit on transportation at the New York World's Fair 1939. Carrying eight large motors in its wings and completely streamlined for speed, the future plane will attain the proportions of a sea-going vessel, according to Mr. Loewy. The huge focal exhibit, with an operating rocketport of the futur will be a free feature of the Fair.

Jaycees Meet Monday

All Members Asked to be Present As Voting Majority Will Be Needed On Vital Issues

Cyrus LaMaster, secretary of the Junior Chamber of Commerce, announces that a general meeting will be held by the organization next Monday night, February 28 in the Perryton Hotel. All members are asked to be present as several important business matters must be settled and a voting majority must be present to proceed with the projects in progress. Something will be done definitely toward establishing a public library at the meeting.

There having been some confusion as to qualifications for joining the club, Russ Hanna, president, wishes to state that any young man in Perryton between the age of 18 and 35 years is eligible to becom a member of the organization. New members are welcome at any time. Any one wishing to join is urged to be present Monday night and sign up with the secretary. The dues are very small and may be made at the convenience of the member.

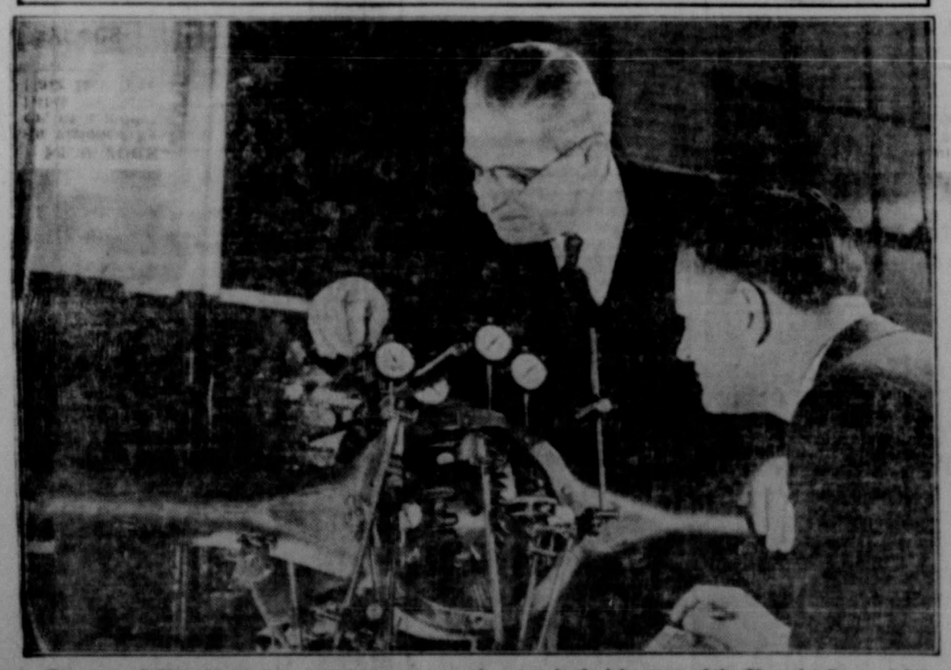

Mr. and Mrs. Miller Hubbard and Bryce of Miami, Mr. and Mrs. Bert Benton and family of Pampa, Mr. and Mrs. J. L. Stump, Wayne and Buford, and Mr. and Mrs. Odie Sutton of Range, Okla., Sam Stump, Lura Mae and Arnold of Texhoma, Okla., and Mrs. Mary Harmon, Speaman, were among the out-of-town relatives in Perryton Tuesday for the funeral of Ed Stump.

World's Deepest Oil Well

CONTINENTAL OIL COMPANY has just completed drilling the world's deepest oil well, the Kern No. 2-A, near Wasco, Kern County, California, to 13,400 feet—more than two and a half miles—and the most distant point to which man has ever penetrated Mother Earth. In the column at the extreme right are shown the names, ages, and depths of the three major subsurface formations penetrated by the Continental drilling crew. In the left hand column at the right are shown the depths at which oil and gas were encountered. The artist's drawing above compares the depth of this California oil well with the depth of the Grand Canyon. The well was drilled by one of Continental's own drilling crews.

Gauges Tell What Happens in Axle Under Load

By means of this unique test on a passenger car rear axle, set up in the laboratory of the Chevrolet Gear and Axle Plant in Detroit, twelve gauges measure every possible deflection assumed by the parts in the rear axle under a given load condition. A weight is hung on the end of the drive shaft that corresponds to a maximum load on the axle during actual driving conditions. All movements or deflections of the drive shaft, pinion and ring gears, and axle shafts are then read simultaneously. Such minute and constant checking results in better mounting of bearings, that serves to prolong axle life and insure more satisfactory service. In this picture are Leo B. Olick (left) and Jack Kelly.

TO ATTEND MEAT DEMONSTRATION IN AMARILLO

Louis Bryan and Rufus Bolerjack of the W. C. Bryan Grocery store are in Amarillo today, Thursday, to attend a meat demonstation and school for grocers and market men at the Amarillo Hotel. H. H. White, representative of the National Livestock and Meat Board, will be present and give the lecture. He will also make a talk over KGNC at six o'clock.

CARD OF THANKS

We wish to thank our many friends who were so kind and helpful in our recent loss.

Mr. and Mrs. D. B. Stump
Mr. and Mrs. J. L. Stump
Mr. and Mrs. Sam Stump
Mr. and Mrs. F. A. Burrow
Mrs. J. N. Stump
Nephews and Nieces

Vitamins B and G

Although vitamins B and G occur in a wide variety of foods in relatively small amounts, only a few concentrated sources are known. The germ and seed coat of wheat grains are among the most important of these. Since the germ tends to become rancid and the bran detracts from the appearance of the product, when the grain is milled these parts are generally removed and used for animal feeds. Often the food constituents lost in this way are the very ones lacking in the diets of those who use large quantities of highly milled grains and prepared cereals.

Mrs. J. J. Long left Wednesday for Los Angeles, Calif., where she will make her home.

Mr. and Mrs. W. C. Bryan returned Sunday from a three weeks trip to Marlin and other Texas points.

Harry L. Bondeis, attorney from Sweetwater, attended county court, Friday and Saturday.

Mrs. C. O. Peterson and children were Tuesday guests with her mother, Mrs. Harve Holdeman.

Mr. and Mrs. Cecil Sharp were in Pampa, Sunday, visiting in the home of A. B. Zahn.

Dave Phillips, Liberal, Kansas, has been assisting at the Shindler Drug Company this week.

Somebody sick? Send them a "cheer" card from the Stewart Printing Co.

NO. 1—Continued From Front Page

a member of the House Highways and Motor Traffic Committee. Insurance Committee; Privileges, Suffrage and Election Committee; and Oil, Gas & Mining Committee. In addition to these appointments, he was selected to serve on several important special committees.

Boyer was active in Agricultural measures and assisted in drafting many state wide measures as well as procedural improvements in the State Statutes. He was particularly active in the passage of the Panhandle Conservation Authority Act which set up a governmental body which is recognized by the Federal government enabling the granting of much additional in the way of funds to combat erosion of the soil and build dams and other projects throughout the Panhandle.

Aside from law-making duties, he has represented the different subdivisions of this district, as well as many citizens, before the various State Departments at the Capitol. Every request for assistance in matters at Austin have always met with pompt and courteous response by Representative Boyer.

In commenting upon a political platform for re-election, Boyer stated, "I shall continue to stand for more economy in State government and if my record has been successful in any respect, I attribute it to the fine help, cooperation and patience on the part of the citizens of this district. If it is the desire of the people to elect me again as State Representative, my only platform is a continued effort to cerefully and diligently work for the interests of all of the people of this section of the State, as well as, promoting the best for the future destiny of the Lone Star State."

P. T. A. Meeting

Local Association to Entertain Waka And Hear Reports On Monday, February 28

The Perryton Parent Teacher Association will hold their regular meeting Monday evening, February 28, at 7:30, and have as special guests on this occasion members of the Waka Parent-Teachers Asociation. Two musical numbers on the program will be furnished by Waka.

Other numbers for the evening will be a report on the State Parent-Teacher meeting by Mrs. W. B. LaMaster, music by the Boys' Glee Club directed by O. A. Bush, a report on the State Teachers' Convention by Supt. Roger A. Burgess.

There will be a social hour after the program, and refeshments will be seved to those present. All members are urged to be present and visitors are extended a cordial welcome.

NO. 2—Continued From Front Page

along highways and fence rows. By doing this, millions of grasshopper eggs will be destroyed thus reducing just that much the severe infestation that is predicted for this summer. Entomologists from Texas A. & M. College estimate that Ochiltree may expect a 16 to 30 per cent invasion, but the adjoining counties of Hansford, Lipscomb and Roberts are supposed to have from 31 to 50 per cent infestation. No figures are available on the Oklahoma counties on the north.

It is the duty of every citizen of the Perryton Independent School District to assist in every possible way in the enumeration of children of school age. This census will be taken during the next few weeks. All children who will be six years old, or over, and under 18 years on September 1, 1938 must be enumerated in this census. Patrons of the school can help by reporting by phone or card to Superintendent Burgess. It is very important that every child be enumerated as the district receives $22.00 in state aid for every scholastic on the census rolls.

With the letting of the contract for the paving of No. 83 from Perryton to the Lipscomb county line, the goal set many years ago for all weather highways in crisscrossing the county is coming true. WPA workers are now engaged in placing the caliche base course on No. 117 from Booker to Perryton. When these two highways are completed, Ochiltree county will have all-weather highways in four directions from the county seat to the county line.

A farm program that would return the Southwest to prosperity, increase population, and build towns and communities would call for the limiting of Federal benefits to farmers residing on and farming not more than one section. Such a program would practically eliminate the non-resident farmer, the town farmer and the business man farmer. We believe that such a program would double and even treble the population of Ochiltree county.

The directors of the Perryton Cramber of Commece acted wisely when they instucted County Agent Thomas to buy, if possible, the prize winning calf and hog of Ochiltree County 4-H Club boys entered in the Amarillo Fat Stock Show. It would be well for every person and organization interested in the future development and welfare of Ochiltree county to foster in every possible way any movement that will tend to put more cattle, more hogs, and more live stock on our farms.

Such a program for more live stock the raising of more feed, and diversification in crops will do much to return prosperity to Ochiltree county famers. Frankly, we cannot see a very bright future for this country of ours if the present one-crop system of wreat raising is continued. One-crop wheat farming will not increase population. With a diversified crop and live stock farm program, this land can return big dividends and make good money to a one-section farmer.

Just visualize the possibilities for growth of our schools, our churches and our communities if we had a farm family on every section with a live-at-home program. Many farmes in this county have gone though the past few lean years of drouth on farms of less than a section and made money in addition to a good living. Of course they worked at their business of farming every day, week and month. We still say that it is the intention of the Make to make a living w weeks out of each yea just what the average er expects to do. The one-crop wheat far Southwest forget th wheat crops of '26-'2 and realize the fact bushels is a good y Southwest and that i year program to mak any business, the soo try will commence to stead of backwards.

Making Good on Tough

Rugged mountains and arid desert land stand in the way o towers carry the high transmission line in a stately march from to Los Angeles to supply power for the industries, hospitals, hom buildings of the nation's fifth city.

The Boulder High Line road, one of the most difficult and tr in the world, follows the transmission line through the tortuou its length, carrying a crew of trained patrolmen in a fleet of 14 their continuous rounds of inspection.

The Chevrolet patrol cars were especially selected for their their economy, and their ability to stand up under the grindi of extreme road and weather conditions.

The photograph above shows a Chevrolet scout car halted near the Boulder Dam end of the road, beside one of the 270

Burn Weeds Alon

Highways and Fences

Landowners and tenants of Ochiltree county are requested to b weeds accumulated along highways, fence rows and other places just as same are dry enough to destroy.

Grasshopper Menace

If everyone will comply with this request and burn all weeds, mil grasshopper eggs will be destroyed and the anticipated damage fr menace reduced materially. The state entomologist estimates that O county may expect 30 per cent of all crops to be damaged by the ins less every possible control measure is u ed.

Commissioners' Court

Ochiltree County, Texas
