

Nixon Says Cains Made On Civil Rights Plank

CHICAGO (AP) — Vice President Richard M. Nixon jubilantly claimed today "We've made some yardage" toward his goal of getting a stronger civil rights plank from the platform writers at the Republican National Convention.

He stuck to that position in the breakfast discussions with the other governors.

But his and the vice president's efforts to get platform committee approval of a civil rights declaration that carried an endorsement of lunch counter sit-ins was another matter.

Hoover Says His Farewells Again

By WHITNEY SHOEMAKER
CHICAGO, AP—All the chairs in the room were empty when the man could get out was "Ladies and gentlemen, I present to you one of the greatest humanitarians."

The ladies and gentlemen knew who was coming. They roared. They clapped and cheered. Here he was again, the ancient, Republican, and again he was saying this would be the last time.

"Unless some miracle comes in from the good Lord, this is finally it," Herbert Hoover told GOP conventioners who seem to like him more as the years go by. Certainly hoping he was mistaken, the Grand Old Man of the GOP had announced in 1948, 1952

and 1956 that those were his farewell conventions. He repeated the announcement Monday night.

"No," shouted the people who salute him every four years. Jumping at their first chance to make noise in Chicago's festooned convention hall, they relished this kind of talking back to father.

Hoover smiled, his peculiar smile. His tight lips curled down, his eyes twinkled.

Hoover is the Republicans' Harry Lauder. That Scot singer was forever making farewell tours. This was Hoover's eighth convention tour. And Republicans who love the sight of the once rejected leader, now a living portrait of white-haired patriarch, were cut to see him again.

Hoover's voice is thinner than before and less clear. He talked of a moral slump in the land he once served as president.

He spoke against the hum of a crowd half listening and half wandering. There were those in the flock who were not so worshipful of his words to hear them out.

"That's not really offensive," in the ways of political conventions Hoover, 85, knows the ways of conventions.

"Age has skill," he was told by a young man who heads the Young Republican National Federation. He presented Hoover the national convention medal.

They cheered again in the hall, and they prompted the man who has been living out the memory of a great depression, the man who now speaks of moral slump, to raise it, too, was once a young Republican.

Coke To Vote For Nixon, That's All

AUSTIN (AP)—Former Gov. Coke Stevenson, retired to ranch life, will take no part in presidential politics but he will vote for Republican Richard Nixon in November, he said today.

Defeated by Sen. Lyndon Johnson by 57 votes for the Senate in 1948, Stevenson has shunned politics for a decade. He appeared at the capital with his wife and young daughter, Jane, following his old early rising habits, before 8 a.m. today.

He said he will vote for Nixon. "And I think that's all I'm going to do," he added.

Stevenson said he favored Nixon long before he heard of any other candidates because he considers him the best qualified man for the job from the standpoint of experience.

Third General In South Korea Quits

SEOUL, South Korea (AP)—Another top South Korean army general is retiring from active service, the third since the April revolt that toppled the Syngman Rhee government.

Li Gen, Yoo Jae-hung, 38, commander of the 1st Field Army, offered to retire "in order to provide opportunities for younger officers," the Defense Ministry announced. Military observers said changes in the high command of the 600,000-man army are expected to continue at a gradual rate.

Oklahomans Go To Polls

OKLAHOMA CITY (AP)—Oklahoma voters make the final decision today on Democratic candidates for three state offices and two constitutional questions.

The runoff to the July 5 primary was expected to attract a light turnout in view of tepid voter interest.

The statewide race for Corporation Commission pits incumbent Wilburn Cartwright against Andy Payne, clerk of the state Supreme Court. Cartwright led Payne and three other candidates by a big margin in the July 5 primary.

Supreme Court Justice Harry Halley and Judge John Powell of the Court of Criminal Appeals are in runoff for new terms.

Powell trailed Hez Bussey of Norman in the initial primary.

Halley is Opposed by Dst. Judge Leslie Webb of Tulsa

10 Generals Take Turns Running SAC

Omaha, Neb. (AP)—Ten generals of the Strategic Air Command are taking turns manning SAC's airborne command post in twice-weekly command post practices.

The airborne command post is a KC135 jet tanker, especially equipped to permit communication instantaneously with all SAC bases.

In a period of international crisis one of the planes, with a general board, would be in the air at all times, prepared to take command of SAC retaliatory bomber and missile force should the command post at Offutt Air Force Base headquarters here be destroyed.

In a typical exercise recently the "go" signal simultaneously reached the general designated for the exercise and several aides.

The flight crew and radio operators established radio contact with the Joint Chiefs of Staff war room at the Pentagon, with SAC headquarters and with the North American Air Defense Command headquarters in Colorado Springs, Colo.

As soon as the general and aides arrived the plane took off within 15 minutes after the alarm sounded.

Prisoner, Unaware of Pardon, Tries Break

JACKSONVILLE, Fla. (AP)—A young prisoner, unaware he had been pardoned only a short time before, was wounded in the back with a load of bird-shot as he attempted to escape from a work detail.

Joseph C. Bacon, 19, was stopped Monday by the blast of the guard's shotgun as he attempted to make a break.

Prison Supt. H. J. Pickett said Bacon's wound was treated and he was released from custody after signing a release absolving the city from any liability for his injury.

Lone Viewer Upsets Plans of Stations

LITTLE ROCK, Ark. (AP)—Two Little Rock television stations may have to revise their plans for extensive coverage of today's Arkansas Democratic primary because a woman Republican wants to watch proceedings of the Republican National Convention at Chicago.

Mrs. B. B. Pake of Little Rock Monday sent a telegram to the Federal Communications Commission complaining that the stations were not granting the Republicans the same time they had the Democrats at their national convention.

The stations were notified by the FCC that their plans were not in accord with the equal time regulation of the Federal Communications Act.

Spokesmen for both stations said they would decide what to do after conferring with their attorneys.

They agreed one solution would be to show the Republican convention tonight and superimpose results of the Democratic primary as the third Little Rock station already had planned to do.

Lemon Honeyade

Lemon Honeyade, served over crushed ice with lime and orange slices is a cool, refreshing treat when the temperature goes up and the sun beats down. For each glass use: 1 lemon, 1 to 3 table-spoons honey, 2 lime slices cut thin, 1 orange slice cut thin, 1 cup water, and crushed ice. Extract the lemon juice. Add honey to taste. Stir to dissolve. Add water. Fill tall glasses with crushed ice and place fruit slices among the ice pieces. Add honeyade.

For summer parties, Lemon Honeyade in the punch bowl will be welcomed with smiles. For sparkle and color try freezing large, fresh strawberries, stemmed cherries, and half slices of citrus fruits in your ice cubes. They make a pretty picture on the serving table and in the individual glass.

Reminder for cooks: vegetables retain most nutrients when cooked in a small amount of water for a short period of time.

Mobs Clash In Carolina Racial Issue

GREENVILLE, S.C. (AP)—Several hundred whites and Negroes carrying weapons ranging from a pistol to a slingshot clashed near two white drive-in restaurants Monday night.

City police arrested 18 persons, mostly teenagers, of both races.

Outside the city, at another white drive-in two miles west of Greenville, another crowd of about 100 whites and Negroes were dispersed by four patrol cars and eight deputies from the sheriff's office. No arrests were made.

This was the second night of racial disturbances in this northwestern South Carolina city. On Sunday, a brief scuffle involving about 200 whites and Negro teenagers broke out near a drive-in restaurant.

Capt. G. O. Bramlette of the Greenville police said that lunch counter demonstrations at two downtown variety stores here last Thursday probably triggered the incidents. At that time a crowd of 500 whites and Negroes milled about after Negroes left signs at the S. H. Kress and the W. T. Grant stores.

Some punches were exchanged between the two groups, and three white youths were arrested and charged with disorderly conduct.

Of the 18 persons arrested Monday night, one was a white man, about 40, who carried a pistol. A set of brass knuckles was taken from another participant and a slingshot from still another.

Police said most of those arrested would be charged with disorderly conduct. They included 10 Negroes and 8 whites. Two of the 18 were under 16 years of age.

Selby Trial Jury Sought

AUSTIN (AP)—The slow job of picking a jury for the murder trial of Houston accountant Joseph Selby continued today.

Only one juror was acceptable to both sides in almost seven hours of questioning individually Monday, the first 20 members of the jury panel.

Some 76 prospective jurors remain to be questioned on the original jury panel.

Selby, a neatly dressed, wealthy accountant, is accused of agreeing to pay \$1,500 to three Negroes to kill his wife Mrs. Selby, 48, who was shot down in her fashionable Alton Oaks home Nov. 16.

L. E. Powell, a printing pressman, was the first juror to be accepted. Many of the prospective jurors were excused on grounds they were opposed to capital punishment.

Parents Of Five Held

SAN ANTONIO (AP)—A jobless father and his wife were held in jail today after police asserted they led their five children on a pilfering raid of a Goodwill Industries box.

"I didn't see any harm in taking the things," said David M. Garcia, 30, who said he had not worked in six weeks.

"The articles are for the poor and we are poor."

"It couldn't have been stealing. It was broad daylight."

Police booked Garcia Monday for contributing to the delinquency of a minor and theft under \$50. They booked Mrs. Garcia, 35, who

is expecting a sixth child in September, with theft under \$50.

The five children, ranging in age from 2 to 8 years, were taken to the children's shelter.

Patrolman Ronald Attip said the father sat in the car while the mother and five children sacked up 12 flower pots, 6 bags of clothing, 4 pillows, 1 glass, 1 fish bowl, 2 clocks, 1 ice bag and 25 assorted toys.

Garcia said he pleaded with the patrolman to allow him to return the items.

The beauty show here doesn't start until Wednesday night, but the girls register this morning, meet the press this afternoon and run over the rules of the pageant tonight.

Wednesday, Thursday and Friday nights, the girls will get a chance to show off their beauty, talent and poise to the judges.

Southerners Disappointed, Angry Over Rights Demand

CHICAGO (AP)—Southern Republicans showed disappointment and anger today over Vice President Richard Nixon's insistence on a strong civil rights plank.

Texans Take British Tour

LONDON (AP)—Texas—34 strong—invasion London Monday, but the invasion, said fellow, was strictly friendly.

With two Lone Star flags flying, the 34 Texans arrived in a plane for a three-week tour of Britain.

All plan to drive around Britain in sightseeing buses, dropping in at homes of members of the English-Speaking Union, which organized the tour.

Tour leader Jack Love of 3114 Kipling Houston said, "I hope it will be the forerunner for many more such visits from our region in the near future."

Lowe's accent was not exactly Texan. "I'm an Englishman," he admitted with a sheepish grin, "but married to an American."

Two nuclear engineers, Daniel Egan and his wife, Georgi, of 4224 Clayton Houston, were among the arrivals. "We thought this a grand opportunity to get away from it all," said Georgi. "Our working lives just don't give us a lot of time to get away together."

The Mississippi delegation scheduled a caucus to decide whether to abandon support of Nixon and switch to Sen. Barry Goldwater of Arizona.

Delegate Richard Poage of Richmond said that if the Virginia state convention had heard Nixon say what he did about civil rights Monday before it acted "I wouldn't have instructed a single delegate for him."

Nixon called in members of the platform committee Monday and told them his views on civil rights. Later, he said he had enough votes to push through a "good civil rights program" on the convention floor if the committee refuses to accept his views.

A. D. Barnes of Greenville said the South Carolina delegation is tired of being "harassed" with threats of a strong civil rights plank.

"If they give us something we

can't live with, I think the entire South will stay home," he said. "We may look around for the strongest independent ticket we can find and vote for it."

John Wood of San Antonio said the Texas delegation feels that the kind of plank Nixon and Gov. Nelson Rockefeller of New York want is unconstitutional.

"This will hurt us in Texas," he said. "We could carry the state with the moderate plank that the committee approved. But we are going to have a lot of difficulty doing that if we have a stronger one."

Negroes marched in the streets Monday outside the hall demanding the strongest possible plank. The Rev. Martin Luther King, a demonstration leader, said that if the GOP comes up with a moderately worded plank the party "could very well lose" Negro support in November.

Nixon said he wants the plank to endorse lunch counter sit-ins

Industrialist Eugene G. Grace Dies

Eugene G. Grace, 83, who made Bethlehem Steel Corp. the nation's second largest producer, died Monday.

Grace, who for nearly half a century served as president, chairman of the board and chief executive officer, abandoned a promising career with the old Boston Braves to join Bethlehem in 1899 after graduating from Lehigh University at the top of his class.

His first job was that of an electric crane operator earning 15 cents an hour. He rose steadily until he became one of the highest paid corporate officers in the country. His salary and bonus totaled \$1,569,000 in 1929.

Grace abounded in energy. At the age of 80 he was in the midst of directing Bethlehem's 300 million dollar expansion program designed to increase its 20 million ton annual capacity by 3 million tons.

His philosophy was that a business cannot afford to stand still any more than an individual can. "I don't like to think backwards," he once said. "When a man stops thinking forward, he's done."

Grace, the son of a Goshen, N.J., sea captain, turned shore merchant, has said he gave up baseball because he felt his career would be over at the age of 35. Ironically, in 1913 at the age of 36 he became president of Bethlehem Steel.

Grace became board chairman in 1945 and continued as chief executive officer. Under his guidance Bethlehem's ingot capacity increased from 950,000 tons in 1913 to 20 million tons for its capacity during and just after World War II. It now exceeds 20 million tons. He was also chiefly responsible for making Bethlehem the nation's largest ship-building concern.

In 1957, shortly after he resigned as board chairman and chief executive officer, his health began to go downhill. He had cut his own income by \$350,000 during World War II as an example to other executives. He had the industry in introducing benefit plans, paid vacations for hourly workers and company grants to schools. He advocated the theory that an organization should develop its own men and give them advancement opportunities.

Surviving are a daughter, David G. Grace, Bethlehem, two sons, Charles and Eugene Jr., eight grandchildren and five great-grandchildren. His wife, the former Marion Brown of Bethlehem, died in 1956.

Law Interrupts Plans For Wedding

CHATTANOOGA, Tenn. (AP)—A young woman seeking to marry a prisoner, County Jail, today shared the same roof with him, but no wedding is in sight.

'Laura Ann Rawson' had requested permission to marry David Walker, even though he had been sentenced to 20 years in prison on two armed robbery counts and was awaiting trial on a third charge.

When the young woman went to visit him, Friday she was arrested on warrants charging burglary, larceny and forgery. She is being held in the same prison.

Congo Needs Finances To Keep Going

LEOPOLDVILLE, The Congo (AP)—Finance Minister Pascal Nkanyi today said his government needs up to 10 million dollars of foreign funds to keep it running in August.

Nkanyi said the government can meet its payroll at the end of July, but unless foreign aid begins to arrive soon the state will collapse and the Congo "will be plunged in unemployment and misery."

Three weeks of chaos following the army mutiny has stopped economic and social activity throughout the vast new nation and paralyzed the inexperienced government administration, he told a news conference.

He appealed again to Belgian and other foreign technicians who fled the country to return.

Nkanyi said the increase of jobs in the nation of more than 13 millions is catastrophic. Many factories and business establishments are closed for lack of competent supervision.

U. S. Ambassador Clare Timberlake left for Washington Monday night for consultations. Timberlake came to Leopoldville on the eve of independence almost four weeks ago.

President Joseph Kasavubu told Timberlake when the ambassador presented his credentials he was sorry for the unpleasantness which many diplomats have suffered in the recent troubled weeks. Kasavubu expressed the hope that missionaries who have left the country will return soon.

The buildup of United Nations forces continued.

By Wednesday Maj. Gen. Carl von Horn's command expects to have about 9,000 multiracial troops on duty to pacify the country and enable economic wheels to start turning again.

Daily Crude Flow Rises

TULSA (AP)—Daily average U.S. oil production increased 43,340 barrels to 6,858,815 during the week ended July 23, biggest advance since last May, the Oil and Gas Journal said today.

The Journal said the 4-week average during the past 9 weeks has not exceeded 6,825,000 barrels daily, a factor it said tended to counteract excessive stocks.

Oklahoma increased 14,900 to 519,200 barrels. Colorado was down 1,500 to 127,000.

The Journal estimated 1960 production at 1,438,262,500 barrels compared to 1,458,516,200 a year ago.

Production was unchanged in Texas, 2,434,800 barrels, 27,100 barrels daily below the June average; Louisiana, 1,061,800; New Mexico 291,000; and Arkansas 78,650.

Waco Youths Flee In Stolen Auto

DALLAS (AP)—Two Waco boys in a stolen new Cadillac outraced police for 20 minutes here early today.

They were caught after the car hit a telephone pole and fire plug in nearby Grand Prairie.

The boys, both 15, said they had stolen the 1960 car about 8:30 p.m. Monday from the Gordon Roundtree Co. sales lot in Waco, had taken license tags from a car in another lot, and burglarized a nearby restaurant for \$200.

The Cadillac was driven 90 miles and reached 110 miles an hour. The boys were placed in the Dallas County juvenile home and were to be returned by Waco police.

STRETCHING HIS LUCK

Neither Party Needs Adults, Except On Day Of Election

BY INEZ ROBB
CHICAGO — Something is certainly killing me at the Republican convention, but it isn't suspense. What has me cowering is this convention's all-out accent on youth. The brats with their teeth in braces who appeared to have their hand on the helm at the Democratic convention were sufficiently disturbing. But adults are so accustomed to being pushed around by teen-agers that the situation more or less passed for normalcy.

But the Republicans are working at the kindergarten level. Or at least Sen. Barry Goldwater of Arizona, who is trying for Vee, is making a strong play for the youth.

Every tiny tent on Michigan Boulevard is marching along with a golden-yellow balloon bearing the legend "Goldwater." The Senator's conservative admirers are handing out such balloons to every child who passes near convention headquarters at the Hilton Hotel.

Even above the sound of traffic, the bystander hears frequent bursts of anguish from small Goldwater admirers whose balloon have either gotten away or burst.

All the banners proclaim "Youth for Nixon," "Youth for Rockefeller," "Youth for Goldwater." Most of the 10 tons of free campaign literature at G. O. P. press headquarters in the basement of Hilton Hotel bears the imprimatur of the Young Republicans or is about the Young Republicans (who have, for instance, used two more tons of paper and hundreds of gallons of paint to produce 10,000 convention signs and banners).

The very worst thing that one can be at a political convention in 1960 aside from a Muegumver or Typhoid Mary, is an adult. Neither party wants anything to do with adults except Election

Day. Maturity, of which the political parties thought so highly until a few years ago, is a dangerous handicap. At any moment, I feel that all over 18 are apt to be led out on the ice floes and left to die.

Politically, adults have been scratched by both parties. Senior citizens are solidly for Ford. So that takes care of the population.

When I first arrived in Chicago, I felt that the difference between the Democratic and Republican conventions was that between the quick and the dead. At first, the Den Mothers Association of Vassar, all in good, basic black, and the Ivy League types in the button-down collars seemed to have buttoned down the convention. It was all very quiet, dignified and dull.

It was so dignified the first day that I overheard a Vassar type in the good B. B. tell her Ivy League spouse, "For heaven's sake, Fred, take off those dark glasses or someone will think you're Carmine DeSapio."

I thought only a pulmonologist, plus constant shots of adrenalin, would manage to get a little life into the Grand Old Party. But things have picked up in the past 24 hours. And Big Ben types from the Midwest have begun to dilute the Ivy League look. There is a little more life in the hotel lobbies and a trip-taxer named Connie Venton thinks the Republicans are the greatest. She didn't even bother with Los Angeles.

There is major disappointment that Elizabeth Arden, the cosmetics queen, who has been the Republicans' social answer to the Democrats' Perle Mesta, is not climaxing this convention with a super supper dance, as she has in the past.

Mrs. Mesta, by the way, is in Chicago, with full press credentials as an employee of a national teevue network. Her Republican sister, Mrs. Marguerite Tyson, is with her, as well as Mrs. Tyson's son, William S. Tyson, 34, Young Tyson, who is a member of the Nevada delegation, has just announced his intention to run for Congress.

GOP Convention Looks Like Rerun

BY JAMES MARLOW
Associated Press News Analyst
CHICAGO (AP)—It's like a re-run of the World Series. You see the players running around the bases but you already know the score.

The Republican convention is pretty much a duplicate of the Democratic convention in Los Angeles two weeks ago.

At Los Angeles there never was much doubt Sen. John F. Kennedy would get the presidential nomination.

Here there never has been any doubt Vice President Richard M. Nixon would be the Republican presidential candidate. The convention will say so Wednesday.

With Kennedy it was just a question of which ballot he'd be nominated on. With Nixon it's even more cut and dried. He'll get it on the first.

The only surprise at Los Angeles was the choice of Sen. Lyndon Johnson of Texas to be Kennedy's vice presidential running mate. Here the choice of Nixon's running mate still is up in the air.

In Los Angeles the Southern Democrats protested against the party's liberal civil rights plank. Here the Southern Republicans are protesting against the liberal civil rights plank demanded by Nixon and New York's Gov. Nelson A. Rockefeller.

Despite the machine-tooled nature of both conventions, the two parties still went through the traditional routine and long-winded speeches, full of bombast and exaggerations.

What the politicians of both parties seemed to overlook was how they looked on television.

In pre-TV days they could put their act on for hours and bore no one, but themselves. Now, thanks to TV, they can bore the whole nation.

No wonder there is increasing talk for the need of future conventions to come abreast of the times, and cut their long-winded performances down to the essentials in choosing a presidential candidate.

Pianist Is Enthusiastic Yoga Addict

By HAL BOYLE
NEW YORK (AP)—Hide Somer, one of America's best-known lady concert pianists, has an unusual prescription for a happier life—become "a belly breather."

Miss Somer spends six hours a day at the keyboard. But she says the real key to her own rose-scented vitality is a series of five-minute Yoga exercises she does three times daily.

And she believes that anyone who tries them will find they do more than tranquilizer pills to make him feel happier.

"The Yoga exercises do more than keep you in physical trim. They help your mental attitude. I think they can help anyone who is a victim of 20th century pressure," she said.

"Yoga exercises help you enjoy each fraction of the thorny path toward your goal. You can still be ambitious and be happy—if you don't tie yourself into a thousand unnecessary knots."

But the biggest secret of all, said Miss Somer, is to learn to breathe in the Yoga manner.

"There are three ways of breathing—with the upper part of your chest, through expansion of your diaphragm, and through your belly," she said.

"It is breathing through your belly that calms you."

Yeah, but just how do you do that, m'am?

"You just lie down and let the air out through your nose very slowly—without pushing," answered Miss Somer. She wrapped her skirts around her knees, then stretched out on the floor.

"Then you breathe in very slowly until your belly feels very plump and full. It's hard to describe verbally. But if you experiment you can learn it. It takes research on your own anatomy. Do you want to try it?"

"Not now, m'am." I told her harshly.

That night at home I lay down on the floor to let the air out through my nose carefully—with-out pushing—and tried to let some air in through my belly. Nothing much happened.

Between You And Me

By Jerry Jackson

A fine kettle of fish it was, a stale, rancid kettle. The whole town — or at least that segment familiar with the situation — is incensed and up in arms over the seeming prejudice and ill treatment shown Snyder and his Little League teams Friday night in Colorado City. The no- so- encompassing bird's eye view from the press box revealed a minute portion of it, but a talk with Vestal Boothe, American Little League president, laid open the wound in detail.

In the first place, the umpires were not qualified. Secondly — and most important — was the lack of consideration shown the Snyder team. Sour grapes? It goes much further than that.

The first inkling of the shape of

Sox Victors In Disputed Contest

The Continental League's front running Phillies were dealt a 13-2 lacing by the Red Sox here last night in a game protested by Phillie manager Bobby Roemisch. Action on the protest has not as yet been taken by the league heads, but is expected to be acted on within the next day or two.

The dispute arose over the time which the game was to have started and the submitting of team lineups. Being the opener of the evening, the contest was to have begun by 7:10 o'clock, but didn't get underway until 7:45 due to a shortage of Sox players.

Once the game did get underway, however, the Red Sox were in full command, as big right-hander Norman Gladson proceeded to set the Phils down on just one hit over five innings, it being a run-producing single in the first by Weldon Ware. He struck out seven and walked four over the span of the contest.

Shortstop Jerry Fleming of the Sox made the most noise with the hickory for his nine. He whaled away for two doubles and a single off starter-loser Ronnie Young and Roger McMennamy, personally accounting for a total of six runs batted in.

Brother Bubba Fleming also helped to complete the rout with a pair of singles and as many RBIs.

Gladson drove in three runs with a second inning triple to left center which brought in Mike Moffett and the Brothers Fleming before him. He also lifted a sacrifice fly in the first which scored another run.

In other action of the night, the Yankees brought their season record up to 506 (6-4) by clipping the Tigers by 13-5 and in the same stroke stopped the Tiger winning streak at four games.

Left-hander Bennie Greenfield pitched and batted his way to the victory scattering seven hits, including a second frame two-bagger by Abe Gonzales, and collected three singles for himself in four times up. Also, he set 10 down on strikes and issued passes to four over his seven inning

Bucs Bounce Back To Top

By JOE REICHLER
Associated Press Sports Writer

They said the trouble with the Pittsburgh Pirates is that they're just a bunch of singles hitters. They lacked the ingredients that helps win pennants—the long ball.

So what did the bucs do about getting back to first place Monday night? They banged out three home runs and, halting the oncoming St. Louis Cardinals with a 4-2 victory that gave them a half-game lead over the 10th second-place Milwaukee Braves.

Bill Virdon, Bob Skinner and Roberto Clemente provided the long ball. Virdon hit his homer in the sixth. The blow came off Larry Jackson and tied the score at 1-1. Pittsburgh went ahead, 2-1 in the sixth and St. Louis tied it 2-2 in the seventh, when Jackson went out for a pinch hitter.

In the eighth, with Ronnie Kline, a former Pirate on the mound, Skinner hit one into the seats to regain the lead for the Pirates. Then, for insurance, Roberto Clemente homered in the ninth and relief artist Elroy Face came in to seal Bob Friend's 11th triumph of the season.

In the only other game scheduled in either league, the Cincinnati Reds overcame a 5-0 deficit to defeat the Chicago Cubs 6-5. The Cincinnati triumph with two runs in the ninth climaxed an action-packed game in which Ernie Banks of the Cubs was carried off the field after being hit with a pitch and Cincinnati pitcher Joe Nuxhall had to be restrained from assaulting umpire Ed Vardo.

Banks, batting against Don Newcombe in the second inning,

Rudy Rudely Roughed

ANOTHER INSTANCE involved Snyder shortstop Rudy Benitez. Another Colorado City fan made no effort to sidestep him as Benitez tried to field a ground ball, but instead collided with him and kept gnawing for third. Benitez recovered in time to make the play and throw the runner out at first. No action whatsoever was taken on his "assault," though, who should have been called out automatically at the instant of contact.

There were other violations by the home team which were allowed to slip by unnoticed, or rather uncalled. Only after protest was a Snyder runner allowed to come home from third after a Colorado City infielder had thrown his glove at a jooze hall in an effort to slow

Straw That Broke The Camel's Back

AT ONE POINT Boothe got up and started to go toward the Snyder dugout after one particularly bad call. Mutt Herod, the league president who was sitting next to him in the stands, asked him where he was going.

"Going to round up the boys and take them home," he answered. Herod persuaded him to hold up, but after the game commented that he wished that he had let him go ahead with the maneuver.

Boothe was to have conferred with Ed Patton, who heads up the Area 5 Little League program, yesterday concerning the goings-on. "I'm not going to ask that the game be re-played or thrown out," he said. "But I'm going to

San Antonio Gopher Leading Junior Meet

SAN ANTONIO (AP) — Match play began today in the annual State Junior Golf Tournament with George Case of San Antonio leading the way.

Case fired a 3-under-par 68 over Brackenridge Park course Monday to win medalist honors. He was two strokes ahead of Johnny Garrison of Houston, who had a 70.

Six-over-par 77 was required to qualify for the 32-player championship flight.

Beaumont, with Pat Baker shooting a 71 and Benny Sharpe 72 to finish third and fourth in the qualifying, won the team championship with a 302 total. San Antonio was second with 304. Houston next with 307 and Dallas fourth with 309.

Confab Gives Jim A 'New Outlook'

By JOE REICHLER
NEW YORK (AP) The Jimmy Piersall controversy has calmed down — on the surface — but remains explosive underneath. Trouble peace has descended on the Indians.

A scheduled meeting today between the Cleveland players and Manager Joe Gordon to discuss the perplexing Piersall problem was called off late Monday night but it's no guarantee that another won't be called.

Player representative Harvey Kuenn, after a talk with Piersall, said there was no longer any necessity to have a meeting. Piersall, at first greatly distressed to learn that the players planned to hold a meeting concerning him, voiced

pleasure over the decision.

"Piersall convinced me that his talk with President Joe Cronin had given him a new outlook," said Kuenn. "Jim promised me that he would mend his ways and his teammates are going to give him a chance to prove it. We're very glad we didn't have to have the meeting."

On the surface, everybody is happy. But the resentment apparently lingers on.

The latest Piersall episode began Monday afternoon when Kuenn disclosed he had requested a meeting between the Cleveland players and Gordon to discuss what should be done about Piersall because of his numerous wrangles with the umpires.
