

Stock Exchange Employees Plan To Stage Strike

Union Official Says Walkout Would Paralyze Industry

NEW YORK, March 15. (AP)—The AFL United Financial Employees said today 30-day notices of contract termination would be sent to the New York stock, curb and cotton exchanges as the preliminary move to a strike by 5,000 union members which would "paralyze" the financial district's busy trade marts.

M. David Keefe, president of the union, announced the decision after a conference with Emil Schram, president of the New York Stock Exchange.

"We expect that the resulting strike will paralyze the industry," Keefe said.

The threatened strike is an outgrowth of a dispute between the union and a Wall Street brokerage firm, A. M. Kidder and Company. Union spokesmen announced last night its members had voted 1,444 to 114 to cancel contracts with the three exchanges.

Schram said after his conference with Keefe that "the union wanted me to bring pressure" on the Kidder company to effect a settlement.

"The New York Stock Exchange has no authority to do that," Schram said. "I cannot force a firm to agree to terms. I cannot dictate."

The union won a labor board election at the Kidder firm last October. It has demanded from the company a 25 percent wage increase, saying the average union members there earned less than \$40 weekly.

The union strategy board conferred this afternoon on when cancellation notices would be sent and whether they would be sent to all exchanges and member firms simultaneously or at different times.

However, board members declined comment on their deliberations beyond saying that the cancellation notices would not be sent out today.

Car Mishap Fatal To Lubbock Man

Thomas C. Richardson, 55, of Lubbock, was killed and his son, Thomas C. Richardson Jr., was injured in an automobile mishap 35 miles south of Big Spring late Saturday afternoon.

The son was brought to the Big Spring hospital in an Eberley ambulance for treatment of cuts about the head. His injuries were not believed serious, however.

The Richardson's automobile crashed into a culvert on Highway 87.

The senior Mr. Richardson's body was at the Eberley Funeral home Saturday night, and local authorities were attempting to contact relatives in Lubbock. Mr. Richardson was manager of the disposal plant for the City of Lubbock.

Reviewing The Big Spring Week—Joe Pickle

With all due respect to the weatherman, he just plain missed that super-duper Friday evening. We tried hard to figure "partly cloudy, not much change in temperature" out of a 50 mph wind that lashed the earth in fond-fashioned sandstorm style and chilled the marrow in a matter of minutes. Saturday afternoon the situation was more like the forecast.

Uncle Sam had compassion, of a kind that didn't help the pocket book particularly. Saturday and extended the deadline for income tax payment until Monday midnight. So if you stayed up late Saturday, you didn't have to. If you gave up in despair, you have a couple of days in grace.

With the appearance of the Brenden-Savoy company here for the Gilbert & Sullivan operettas this evening and Monday, some wonder if the lyrics are in English. Emphatically, Gilbert and Sullivan were very stolid Englishmen, albeit delightfully satirical types.

Deadline for filing (without formality of petition) for city commission ended Saturday evening with five in the race for two places. Two (Jack Y. Smith and Cecil Thixton) retired unheaven in deference to a little charter provision on two years residence inside the corporate limits. Next deadline is March 25 for school board candidates.

Thus far, Big Spring has escaped an intense epidemic of flu which (See THE WEEK, Page 21, Column 2)

FIREMEN BATTLE WAREHOUSE BLAZE—Firemen pour water on a five-story brick warehouse on South Street near the East River in New York. The building, in which chemicals were stored, is occupied by the Wade Iron Pipe Company and Harris Warehouse company. The building was badly damaged before the blaze was brought under control. (AP Wirephoto).

Mild Price Slashes Forecast In Report

WASHINGTON, March 15. (AP)—Commerce Department officials expect price drops by next fall on the products which have soared highest in the post-OPA rise—like cotton goods and food.

The forecast is made in a cautious report on commodity prices, soon to be published. On the basis of the official report, commerce department economists gave these unofficial conclusions today in interviews:

1. The downturn will be mild, not approaching the depth of a true "recession."

2. It will start around mid-year with drops in a few lines, then gain speed as more items come into a balance with demand.

3. It will be uneven. Some prices may still be rising while those farthest out of line come down.

The study lists these items as priced "far in excess" of their usual place in the wholesale price structure and therefore highly likely to decline:

Food, cotton goods, shoes, lumber, paint, drugs, leather, fats and oils.

Small declines, if any, are foreseen this year for automobiles, consumer durable goods generally, woollens and worsteds, furniture and house furnishings, iron and steel products, paper, pulp, grains and livestock.

The report is an item-by-item study of the 675 products which make up the government's wholesale price index. Prepared by Louis J. Paradiso, chief of the business structure division, and Lois H. Rodriguez, economist, it will appear in the March issue of the monthly "survey of current business," to be published in early April.

Profits can be maintained at a good level, the report holds, despite the prospective decline in prices. This will be true even in the "soft" lines like food and clothing, which will see a decline in demand as bigger supplies of "hard goods" take an increasing share of the consumer's dollar.

Former Presidential Yacht Hit By Fire

CEDAR POINT, Md., March 15. (AP)—Scarred by fire for the third time in her 50-year colorful history, the former presidential yacht Mayflower lay at anchor tonight in Chesapeake Bay awaiting repairs before being towed back to Baltimore.

Meanwhile, eight long-range rescue planes searched 2,000 square miles of the central Pacific for 12 men in a lifeboat from the Fort Dearborn, which split in half during a storm Wednesday.

A message from the Fort Dearborn's injured Captain R. H. Mahoney of Corpus Christi, Texas, made clear that the crew totaled 44, instead of 42, as previously reported.

ODessa, March 15. (AP)—Mrs. Elizabeth Allen, storm center of this week's statewide telephone walkout, told Governor Beauford Jester's fact-finding commission today that "I tried to do everything to get along with the girls" at the Odessa telephone exchange.

The Odessa union's demand for Mrs. Allen's demotion from her evening supervisor position led to a walkout last week at Odessa, which grew to sympathetic work stoppages in every section of the state Wednesday.

Mrs. Allen denied to the commission, whose appointment by Governor Jester Thursday brought about a back-to-work movement, complaints by Odessa union members that she was abusive, had used physical violence on operators and did not know her job properly.

Testimony of eight earlier witnesses yesterday and today varied from praise of Mrs. Allen to repetition of the charges against her. Asked about an assertion by

France Proposes German Exodus From Fatherland

Marshall Declares Plan Gets At Heart Of Reich Issue

MOSCOW, March 15. (AP) France proposed tonight a startling modern day exodus of Germans from their defeated fatherland in order to lower the German war potential, and Secretary Marshall said the plan struck at the heart of the German problem.

Foreign Minister Georges Bidault told the foreign ministers council the allies should undertake an organized reduction of the population through emigration from a thickly-settled Reich and said France was prepared to take the revolutionary step of absorbing Germans into her own population.

The day's developments found Marshall summoning Lt. Gen. Lucius D. Clay from Germany to consult on the German question, while the Chinese announced outright rejection of Soviet Foreign Minister Molotov's plea for informal Big Three discussions on China.

Veteran Moscow observers expected that Marshall and the other foreign ministers would be called to the Kremlin shortly to see Prime Minister Stalin.

Russia struck the first blow against plans of the Western Allies for a "federalized" Germany with criticism of western land reorganization policies which the Russians viewed as paving the way for federalization.

At the opening of today's meeting, the longest of the conference, British Foreign Secretary Bevin reprimanded Deputy Soviet Minister Andrei Vishinsky for his insistence that Albania be permitted to participate in drawing up of the German peace pact.

Case On Mine Laying Delayed

LAKE SUCCESS, N.Y., March 15. (AP)—Great Britain's mine-laying charges against Albania were tossed back to the United Nations Security Council tonight without recommendations by a three-nation sub-committee.

Indications were that the council would deliberate again and then pass the case again this time to the International Court of Justice.

The report was submitted after two weeks of questioning witnesses and studying evidence surrounding the damaging of two British destroyers by mines in the Corfu Channel last Oct. 22 with a loss of 44 lives. The British said Albania laid the mines. The Albanian government denied the charges, then accused Royal Navy ships of invading its territorial waters.

The sub-committee, including Colombia, Australia and Poland, said in the report that it found little new evidence and suggested that the council would have to determine whether there actually was a mine field in the channel and whether Albania laid such a field before taking any action.

Communists Said Controlling Guilds

WASHINGTON, March 15. (AP)—Milton Murray, president of the American Newspaper Guild, testified today that Communists have "virtual control" of the New York and Los Angeles guild locals.

And Showman Earl Carroll asked Congress to relieve him from a union requirement to hire three musicians he does not need at \$120 a week.

TRAILING FALSE TEETH

BERLIN, March 15. (AP)—Police announced today they had confiscated 300,000 false teeth from black market sources, and were on the trail of 600,000 more.

Miss Hallie Shattuck, an operator, that Mrs. Allen had pushed her chair closer to the switchboard, hurting her knee, the supervisor said she had found that sitting with the knees on the board takes

the strain off the back and shoulders.

Miss Jean Bowes, another operator, testified that Mrs. Allen had struck her, and demonstrated with a light blow on her left shoulder. Mrs. Joe Preacher, a former operator in the exchange, testified earlier that the incident occurred when Miss Bowes had refused to give up her position at the switchboard to the supervisor.

Miss Gladys Brunette, central office clerk, said she knew of no physical violence or force used against operators by Mrs. Allen.

Lloyd Steinberg, chairman of the commission, asked Miss Marjorie Somerville, a central office clerk, whether she thought any other person in the Odessa office could fill Mrs. Allen's job without friction.

Miss Somerville replied "No." Before the questioning of operators, Max Clifton, company attorney, submitted documentary evidence.

(See SUPERVISOR, Page 21, Column 3)

Taft Asks Size-Up Of Chances For War

Top US Military Men To Be Quizzed

WASHINGTON, March 15. (AP)—Senator Taft (R-Ohio) called today for an official size-up on whether Russia may declare war if the United States gives financial and military aid to Greece and Turkey.

"I want to know what our top military people think of the possibility that Russia will go to war if we carry out this program," he said, "just as we might be prompted to go to war if Russia tried to force a communist government on Cuba."

He raised the question amid these fresh developments:

1. President Truman made public messages of thanks from spokesmen for all Greek parties except the communists. The President said they show that all will "co-operate unreservedly with the United States government in its desire to assist Greece" and that they pledge the aid will be devoted to "constructive rehabilitation and the cause of peace and freedom."

2. Key Congressmen predicted that Hungary and four Middle East States—Iran, Syria, Lebanon and Palestine—may seek American aid under the administration program of curbing the advance of Communism. These legislators estimated the ultimate cost of the program may top \$1,000,000,000.

Truman has asked \$400,000,000 for Greece and Turkey this year. In reaching the \$1,000,000,000 estimate, the Congressmen counted in \$350,000,000 already requested for relief in liberated countries and the sums budgeted for relief in occupied lands, as well as an undetermined amount of expected new requests.

The messages from the Greek leaders were released by the White House along with a statement from the president, who is vacationing at Key West, Fla., until Monday.

They came from Prime Minister Demetrios Maximos, head of the new coalition cabinet, and Themistocles Sophoulis, chief of the Liberal Party, as leader of the opposition in parliament.

The cabinet was reorganized in January to include all the parties represented in the one-hour parliament except the liberals, who declined to join the coalition.

Langer's resolution has been approved by the Civil Service committee and is pending in the rules committee.

Taft related that Senator Flanders (R-VT) told of one case in Vermont where five examinations had been held for a postmastership because the first four resulted in all Republican winners.

LANSEING, Mich., March 15. (AP)—A playful elephant gave an unidentified taxi-cab driver the time of his life today.

The cab driver pulled up at an indoor circus and went inside to hustle a fare or two as the performance ended.

When he came back, there was Queenie, one of the show's elephants, doing her best to get into the open cab.

Frustrated by the fact of her size, Queenie placed one ponderous foot on the running board and began rocking the cab like a cradle.

The harassed driver jumped behind the wheel. He tried to drive away. At that moment Queenie, still having fun, wrapped her trunk around a front fender and yanked the cab up on its hind wheels.

A trainer dashed up then and a docile Queenie walked away with him. The cab driver shook his head and drew a long, long breath.

Hunt For Body Turns Up Breakfast Food

BROWNWOOD, March 15. (AP)—A woman reported to Brown county officers today she had seen two men lift an object resembling a human body from the back of a car and toss it into the Colorado river.

Sheriff Otis Shaw and Texas Ranger Clarence Nordyke dragged the river with garden rakes at the spot, on US Highway 285 near Winchell. Only a case of spoiled breakfast food was found.

Identifies 'Mrs. Hugh'

HOLLYWOOD, Calif., March 15. (AP)—Mrs. William H. McCormick, Lockhaven, Pa., housewife, tonight won \$17,590 in a radio contest after she answered a broadcast telephone call and identified "Mrs. Hugh" as Clara Bow, onetime screen "it" girl.

PRESIDENT RELAXES—President Harry S. Truman in sun helmet relaxes under the palm trees at the Navy base in Key West, Fla. (AP Wirephoto).

Truman Optimistic, Extending Vacation

KEY WEST, Fla., March 15. (AP)—President Truman, apparently in an optimistic frame of mind over the outlook for favorable action on his plea for support of Greece and Turkey against communist encroachment, likely will remain on vacation here until Wednesday.

The absence of official government reaction from Moscow in two confidential messages today from Secretary of State George C. Marshall, plus encouraging reports on congressional sentiment, were factors in the President's decision.

The President, it was learned, received two decoded messages during the day from his top-ranking cabinet officer at Moscow.

It also was made known by competent, but unquotable sources, that General Marshall was fully advised in advance of Mr. Truman's message to Congress Wednesday.

In this speech, the President, advocating financial, economic and other aid to Greece and Turkey, challenged the onward world march of Communism and pledged United States support to all "free peoples" resisting totalitarian aggression.

It may be said without fear of official contradiction that General Marshall was fully informed in advance of the contents of that speech, which the President delivered in person, before flying here Wednesday afternoon.

While Marshall, now attending the four-power foreign ministers conference in Moscow, has not been in telephonic communication with President Truman since the speech, Mr. Truman is getting regular reports from the Secretary.

MISSOURI TOWN NAMED FOR SAINT

ST. PATRICK, Mo., March 15. (AP)—The Green Shamrock of St. Patrick's Day will go out on more than 20,000 envelopes and letters today and tomorrow from this little northeast Missouri hamlet (Pop. 53), the only town in the United States named after Ireland's patron saint that has a postoffice.

Postmaster John Logston, 26, using a single hand-stamp designed by his predecessor, has carefully imprinted the special seal on each letter and "cover"—an envelope mailed to stamp collectors.

Four high school girls have been helping him for several days in sorting stacks of letters.

Farm Income Quarter Over 1946 Period

WASHINGTON, March 15. (AP)—The agriculture department reported today that farm income in the first two and a half months of this year have been running about 25 per cent above the same period last year.

For 1947 as a whole, both prices received by farmers and total cash receipts will probably average about the same as in 1946, the department said.

Farm production expenses on the other hand, are showing further increases and farmers net income for the year may be down a little, the agency said.

Missing Waco Fliers Found

LEBANON, Va., March 15. (AP)—The wreckage of a light plane, missing since Feb. 22, was found today near the summit of Bear Town Mountain, ten miles of Lebanon, with the frozen bodies of its two occupants inside.

State Trooper R. L. Williamson said they were identified as John R. Brite, 35, and his mother, Mrs. C. C. Hollon, both of Waco, Texas.

The plane had crashed into the side of the mountain but had not burned, and the body of Mrs. Hollon was still strapped in the seat by a safety belt.

The Air Rescue Service had been searching for the plane for two weeks in Southwest North Carolina, and members of the family had come to Canton, N. C., to assist in the search, but left last night for Waco.

Troops Reinforced In Trouble Spot

JERUSALEM, March 15. (AP)—The cordon of troops around Tel Aviv's martial law zone was reinforced tonight and reports from that all-Jewish city indicated that the British Army was preparing to meet an underground Jewish threat to break through.

Posters were distributed yesterday by Irgun Zvi Leumi, Jewish resistance organization, declaring "we will break through the ghetto."

FOUR BODIES RECOVERED

PARIS, March 15. (AP)—Four bodies were recovered today from the charred, snow-covered wreckage of an Air France DC-3 airliner which crashed and exploded yesterday in the French Alps 25 miles south of Grenoble.

City Ballot Closes, Ricker's Name Added

An additional filing late Friday brought to five the total number of candidates whose names will appear on the ballot in the city commission election of April 1; and this was apparently the full ticket, as the deadline for filing (without special petition) expired at midnight Saturday.

Absentee balloting will be opened Monday, city officials announced, and those applying for such ballots were instructed to bring either poll tax receipts or exemptions.

Two places on the commission are to be filled in the April 1 voting.

Newest candidate is Rupert P. Ricker, attorney and longtime resident of the city, who submitted a six-point platform in his bid for office.

Ricker lived here during his boyhood days and worked for various Big Spring firms as well as the Ex-

press company and the Texas & Pacific Railway company. He was employed by the railroad as a brakeman, held membership in the BRT. He left here to attend the University of Texas, where he received a law degree. He served in the army as a captain in World War I.

Ricker returned to Big Spring in 1941 and established residence locally, and after engaging in oil and ranching activities, resumed practice of law. For a few months, he served as judge of the corporate court here.

Ricker, through the press, submitted his candidacy with the following platform:

"1. To promote unity and friendliness among our entire citizenship.

"2. I should like for Big Spring to be the 'sweetheart' of all the

Soil Conservation Benefits Realized

Farmers in Howard, Martin, Midland and Glasscock counties realized at least a quarter of a million dollars worth of benefits from soil conservation practices during 1946, officials of the Martin-Howard SCS district have estimated.

They predicted that the figure would be matched in 1947.

Showing increased accomplishments during 1946, the SCS supervisors pointed out that of 570 farm and ranch conservation program in operation now, 125 are complete.

WALLET RETURNED BEFORE LOSER MISSES MONEY

Harmon W. Hambrick, 208 Mesquite, Saturday had the happy experience recovering a sizeable sum of money he did not know he had lost, and at the same time renewing his faith in honesty.

He and Mrs. Hambrick had given a 42 party Friday evening, and went through it all oblivious to the fact that his wallet was missing. Saturday morning two strangers knocked on the door, asked for Hambrick and inquired if he had lost anything.

"Not that I know of," he answered, reaching for his pocket. But his wallet wasn't there. Then he nervously examined the fold extended to him — all the money still in tact.

The men, who did not identify themselves except to say they were liquor control board agents, refused reward, suggesting that "you do as much for someone else sometime if you have the chance."

Aleman To Visit In Kansas City

KANSAS CITY, March 15. (P)—President Miguel Aleman of Mexico has set May 5 as the date for his visit to Kansas City as a guest of city officials and civic groups and to receive an honorary doctor's degree at the University of Kansas City.

Your insurance protection should be enlarged to fit changing conditions. This agency welcomes the chance to talk with property owners who want to know just how their insurance fits their needs. It is our business to know what losses might occur.

Big Spring

with half of them finished during the past year. If this year's goals are attained, 88 more completed plans will be carried out bringing the percentage to a high figure, considering the district's age.

Achievements already completed include the following: Contour cultivation, 97,795 acres; cover crops, 14,744 acres; crop residue management, 98,675 acres; range showing improvement, 323,382 acres; farm and ranch ponds or tanks, 82; broad base terraces, 28,078 linear feet; water structures, 1,058 miles; diversion terraces, 10; irrigation land leveled for watering, 703 acres; irrigation systems installed, 20.

The 1947 plan of work includes contour planting, 29,538 acres; cover crops, 8,059 acres; crop residue management, 34,745; range improvement for increasing and perpetuating better grade grasses to cut need for supplemental feed, 122,293 acres; diversion terraces, 41,882 linear feet; terracing, 593 miles; irrigated land improvement, 366 acres; irrigation systems installed, seven; new water systems, eight; farm and ranch tanks, 16.

This year's work is only one step toward universal conservation in the four counties served by the district. E. J. Hughes, local soil conservation service representative declared.

The four-county district, comprising 2,055 farms and 186 ranches, covers 1,837,000 acres.

L. H. Thomas of the Fairview community, chairman of the supervisors, says 40 per cent of the district's farms and ranches are participating in the district program, and "the number of acres on which conservation in one degree or another was applied in 1946 more than doubled the 1945 amount."

Besides Thomas, current supervisors are Herd Midkiff, Valley View; Gordon Stan, Lomax; Frank Loveless, Coahoma; and Edmund Tom, Stanton.

C-C Sponsors Radio Program

A series of radio programs arranged by the Big Spring chamber of Commerce will be resumed over KBST at 3 p.m. today.

The chamber conducted a similar series over the local station until about two years ago.

Scheduled for full half hour, the initial program of the new series will feature music, talks and general announcements.

J. H. Greene, chamber manager, will be master of ceremonies, and K. H. McGibbon, chamber president will speak. The musical section of the program will be composed of a piano duet by Helen Duley and Mrs. Bill Griesle, vocal solos by Joyce Howard, piano numbers by Susan Logan, vocal solos by Jane Stripling, piano solos by Mary Louis Davis, and vocal solos by Edith Gay. Helen Duley will accompany the vocalists on the program.

Definite Reports On Census Lacking

Definite reports are still lacking on progress of the scholastic census, but W. C. Blankenship, superintendent, Saturday renewed the appeal for all patrons to make sure that their children or wards are included.

Elementary school teachers, who are conducting the census, have covered the district once and are now engaged in repeat calls. Children between ages of six and 18 on Sept. 1, 1947 are to be included.

Big Spring Asks Next Meet Of Westex Teachers

Big Spring will go after the next meeting of the West Texas Teachers association, W. C. Blankenship, superintendent, indicated Saturday on return from the annual convention in Lubbock.

Around 100 teachers from Big Spring joined with approximately 2,500 others from the West Texas area served by the district association for the Friday session in Lubbock.

Dr. Henry Otto, University of Texas professor, highlighted the meeting with appeal for equal emphasis all the way through school systems. He took the position that it is of equal importance to maintain standards and accrediting in the elementary grades as in the secondary level.

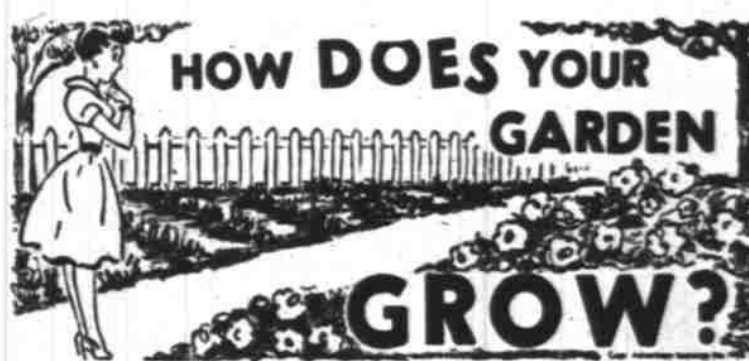

Floyd Honey, Lubbock high school principal, was elected president of the association, and Mrs. W. O. Lowe, Big Spring, was named secretary. W. A. Miller was affirmed as vice-president, and Clarence Guffy as treasurer.

Selection of the next convention city is left to the executive board, and Blankenship said Saturday he had verbally asked for the gathering and would submit a written communication to that effect soon.

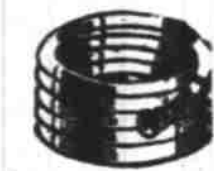

Judge Asks Probe

Cold Weather Hits Poultry Production

If the weatherman can make the elements behave and foreign buying pressure on the feed market is relaxed, poultry production for this area will swing quickly into high gear.

Between the two obstacles, the weather thus far has been most serious. However, despite a flurry Friday night, there were signs Saturday that the demand for baby chicks and poulters soon would point upward.

Hatcheries agreed that there was a definite increase in demand for chicks on warm days, but that each repetition of the prolonged cold of this winter dulled the market.

One firm reported moving 1,000 chicks Friday and Saturday with the demand holding firm Saturday despite cooler weather. Another had a big day Friday but experienced slow trading Saturday. At one hatchery some 3,000 baby chicks are off and ready for immediate delivery. The choice is wide from hatched chicks to started varieties up to two weeks.

Prices have eased in the wake of the egg market break recently, but feed was beginning to increase. Pressure of purchases for foreign deliveries showed wheat, corn and milo up 25 cents and more. Protein supplements were getting bullish, too. The price increase on feeds so far has been mild with an upward spread from 10 to 25 cents per cwt. as a general rule.

There has been an unusual variety in demand this year, with the supply of bantams inadequate to meet demands. Requests have increased for poults as more people anticipated getting into turkey raising. Most poult hatching so far has been on a custom basis, but when an open market opens the price is due to be around 75 cents, slightly below last year's opening figures.

County Resident For 50 Years, A. Nelson, Dies

A Howard county resident for nearly a half-century, A. L. Nelson, succumbed at his home nine miles northeast of Big Spring Saturday, after a long illness. He was 73 years old.

Mr. Nelson moved to this section in 1900, engaged in farming for many years until his health failed a few years ago. He was married in 1893 to Emma Zachary, and the widow survives.

Other survivors are three sons, T. J. Nelson, A. H. Nelson and A. L. Nelson, Jr.; a daughter, Mrs. Myrtle Morris; and three sisters, Mrs. H. H. Harper, Mrs. Emma Smith and Mrs. Cindy Barsher, all of Big Spring. There are also five grandchildren and three great-grandchildren.

Funeral services have been set for 3 p. m. Monday at the Eberley chapel. Other arrangements have not been completed.

JOSEPH HUMM
Joseph Humm, a resident of Big Spring for the past 15 years, succumbed Saturday in a local hospital, at the age of 80. He leaves no immediate survivors.

Arrangements are under direction of the Eberley Funeral home, and rites will be said at the Eberley chapel at 10 a. m. Monday.

MRS. FLORENCE McCOWN
Mrs. Florence Cole McCown, 91, died at 1:15 a. m. Saturday in a local hospital. She had been under treatment for an extended period.

Among survivors are a daughter, Mrs. Bell Russell of Dalhart, and a grandson, Jim McCown, of Bakersfield, Calif. Final arrangements are pending word from relatives, although services are scheduled for Tuesday at 3 p. m. at the Eberley chapel, with burial in a local cemetery.

753 Jews Embark From Cyprus Camp

FAMAGUSTA, Cyprus, March 15. (AP)—A total of 753 Jews, including 110 babies born while their mothers were in immigrants' detention camps here, embarked for Palestine today. They represented the Cyprus quota of certified immigrants for the Holy Land for February and March. The embarkation took place even as British authorities were transferring 707 uncertified Jewish immigrants from the transport Empire Rival to the Carabas detention camp.

ALL CARS HAVE WHEELS
BUT IN THE LOW-PRICED FIELD

Only PLYMOUTH has Safety-Rim Wheels

Ordinary rim wheels have nothing to keep a tire in place when the air lets go. Plymouth Safety-Rim Wheels with standard factory-equipped tires give you proved protection in any sort of tire failure. Patented retaining humps are there to hold the tire straight and tight on the rim so you can slow to a straight, safe stop.

Ask yourself this: Is it wise to buy any new car that doesn't give you

this great safety feature? In the low-priced field only Plymouth has it—and it's only one of many basic advantages and 52 new refinements.

Of 21 quality features found in most high-priced cars, low-priced Plymouth has 20. Neither of the other two leading low-priced cars has half as many. See the proof in the new Quality Chart at your dealer's.

LIVESTOCK
PORT WORTH, March 15. (AP)—(CUBA) CATTLE—Compared close last week all classes strong. Week's tops: beef steers 26.50, these weighing 1097 lbs., yearlings 26.00, heifers 22.00, cows 14.00, feeder steers 20.00, yearlings 19.00. Week's bulks: medium and good slaughter steers and yearlings 17.00-23.50, medium and good cows 14.00-15.00, medium and good stocker steers and yearlings 16.50-18.50.

CALVES—Compared week ago: All grades strong, good and choice slaughter calves 18.50-21.00, top 21.50, common and medium 12.50-19.00. Medium and good stocker steer calves 16.50-18.50, few 19.00.

HOGS—For week: Butcher hogs and sows 1.00 lower, stocker pigs 2.00-2.00 lower; week's tops: butcher hogs 26.75, sows 23.00, stocker pigs 21.00. Closing bulk: good and choice 180-200 lbs. 25.50, good and choice 225-250 lbs. 24.25-25.25, good and choice 150-175 lbs. 22.50-23.25, sows 21.00-21.50, stocker pigs 17.00-20.00.

SHEEP—For week: Woolled slaughter lambs mostly 50 lower, with some sales off more, shorn lambs steady, spring lambs and aged sheep strong to 25 higher; feeder lambs strong. Week's tops: spring lambs 21.50, woolled fat lambs 21.00, shorn fat lambs 21.00, yearlings 16.50, slaughter ewes 8.50, feeder lambs 20.50. Closing bulk: good and choice spring lambs 22.00-23.00, medium and good woolled slaughter lambs 20.50-22.00, medium and good shorn lambs 18.50-22.00, medium and good yearlings 15.00-18.50, medium and good feeder lambs 18.00-20.00.

WALL STREET
NEW YORK, March 15. (AP)—Spots of resistance appeared in today's stock market but the list finished its fifth successive losing week with most leaders remaining in minus territory and the overall average at a new low for the year.

Foreign clouds, doubts regarding tax relief, gyrating commodities and business trends persisted as arguments for speculative and investment caution. Professionals, as throughout the week, nibbled at favorites on the idea the list was oversold.

Transfers for the short stretch of 370,000 shares compared with 740,000 last Saturday. For the week the aggregate was 4,000,150 shares, against 3,311,470 the week before.

The Associated Press 60-stock composite was off 1 of a point at 63.6, a bottom since last Dec. 8. The drop for the week was 1.4 points.

The capacity of the United States for the production of new aluminum is four times greater than the highest pre-war year.

ANNIVERSARY YEAR—Roy B. Reeder, head of the Reeder Insurance Agency, and Roy Wendell Parks, left, represent the Jefferson Standard Life Insurance company as it goes into its 40th anniversary year. Last year the company had an increase of \$53,000,000 in insurance in force, stands on the threshold of a \$700 million volume of business in force, and during 1946 paid out \$7,400,000 in benefits.

Local Legionnaires To Entertain Commander Griffith On Saturday

PAUL H. GRIFFITH

Next Saturday rates as one of the "biggest" days of the year on the calendar for the local American Legion membership, as the ex-servicemen's organization will play host on that day to the national commander of the Legion, Paul

H. Griffith of Uniontown, Pa. Mayor G. W. Dabney has proclaimed Saturday as "American Legion Day" throughout the city, in honor of the official's visit. Griffith will be accompanied here by other high officials of the organization, including Bert Giesecke, state commander; G. Ward Moody, state adjutant; George S. Berry, Lubbock, Fifth division commander; and A. C. Jackson, Lubbock, 19th district commander.

Griffith is to be honored by the local post at a West Texas barbecue, to be served at the county barn at 6 p.m., for which occasion Legion members, their wives, and invited guests will be present. At 6 p.m., Griffith is scheduled to speak, and the public is invited to arrive at that hour to hear him. Harold P. Steck, post commander who is directing plans for the day, said that some 75 Legion units in this area already had sent word that they will have representation here to greet Griffith. Steck has asked that all posts send reservations in advance.

The national commander is on a tour of the Southwest, and Big Spring will be his second stop in the state. He will be met at Roswell, N.M., Saturday morning by state Legion chiefs, escorted to Brownfield for a noon engagement, and then will come here. Steck and other leaders in the local post will go to Brownfield to escort the visitor back to Big Spring.

Toots Mansfield Is Billed In Levelland

Toots Mansfield, Big Spring, four times world champion calf roper, meets his second challenge from Troy Fort, Lovington, N. M., a week from today in a matched roping event at Levelland.

The event is billed for 2 p. m. In their only other previous meeting last year, Mansfield shaded Fort in a close match, also at Levelland.

Catholic Youth Offices Bombed

BUENOS AIRES, March 15. (AP)—Two offices of the Catholic Youth movement were damaged slightly by small bombs today less than 24 hours after the Argentine chamber of deputies had approved a bill to give public school pupils the option of attending religious classes conducted by Catholic priests or classes in "morals" by lay teachers.

Before the white man came to the Americas, the Indians cooked wild and tamed turkey for feasts.

Two Wildcats Stake In Howard County

Two wildcats were staked in Howard county during the past week. Cecil W. Guthrie staked his No. 1-B TXL, a prospective 3,100-foot wildcat, 2,310 feet from the south and 330 feet from the west lines of section 43-30-1s, T&P, between the Howard-Glasscock and Snyder pools and rigged cable tools.

Duncan Drilling Company spotted No. 1 L. M. Newton, a scheduled 3,500-foot exploration 330 feet out of the southeast corner of section 5-33-2n, T&P, nine miles northwest of Big Spring and seeking horizons developed to the south by Stanolind (Northern Ordinance) as light producers.

Norman & Roche No. 4 Coleman marked a short north extension to the Coleman Ranch (Clear For) pool in northwestern Mitchell county and became the eighth completed well when it pumped 308 barrels of oil in 24 hours from pay at 2,670-2,902 feet, which had been hot. Location is 330 feet from the north, 2,576 feet from the west line of section 70-97-H&TC.

In the northwest corner of Mitchell county, J. B. Tubbs No. 1 Chester L. Jones, section 60-20, La Vaca, drilled to 4,975 feet in lime without shows.

In the Coleman ranch pool, Butram, et al No. 1-B Coleman, section 70-97, cleaned out to bottom at 2,880 feet with 2,000 feet of oil in the hole. Butram No. 2-A Coleman was at 1,550 feet in anhydrite, No. 5-A Coleman spudded

Military Funeral Slated In Electra

Jefferson Standard's 40 years service

to Policyholders and Beneficiaries

has provided

THOUSANDS OF POLICYHOLDERS, representing a cross-section of foresighted men and women in 28 states, the District of Columbia, and Puerto Rico, are now sheltered by the protective cover of Jefferson Standard life insurance. During the year 1946 more new life insurance was purchased, both by old and new policyholders, than in any other year in the company's history. Such rapid growth is striking testimony to the helpful service rendered policyholders and to the integrity and qualifications of the men and women who comprise the company's field organization. Entering its 40th Anniversary Year, Jefferson Standard is on the threshold of \$700,000,000 life insurance in force, with intensified plans for expanding the company's service to many new communities.

EXCELLENT EARNINGS ON INVESTMENTS

✓ Jefferson Standard again led all major life insurance companies in rate of interest earned on invested assets—the result of an alert and sound investment policy.

5% INTEREST PAYMENT CONTINUED

✓ Again in 1946 5% interest was paid on funds held in trust for policyholders and beneficiaries, thus continuing a rate that has been maintained for 40 years—since the company was organized in 1907.

STRONG FINANCIAL POSITION

✓ (a) Contingency Reserve, Surplus, and Capital total \$20,800,000, an unusually high ratio of additional funds for policyholders' protection.

(b) Total assets \$179,000,000, an increase of \$18,000,000 for 1946. For every \$100 of liabilities there are \$113.12 of assets.

NEW RECORD GAIN IN INSURANCE IN FORCE

✓ Insurance in force increased \$83,000,000 in 1946. Total is now \$672,000,000 on thousands of policyholders from coast to coast.

BENEFITS PAID

✓ \$7,400,000 paid to policyholders and beneficiaries in 1946, bringing the total since organization in 1907 to \$159,000,000.

LARGEST INCREASE IN NEW BUSINESS

✓ \$114,000,000 life insurance was purchased by new and old policyholders in 1946—an average of \$2,800,000 per week—a 64% increase over 1945.

Phone Strike Echoes May Keep Legislature's Lines Swamped

By DAVE CHEAVENS

AUSTIN, March 15. (AP) — Echoes of the Odessa telephone work stoppage are likely to keep the 50th legislature's line busy this week.

The House calendar especially is packed with other fire-striking bills including the session's first tax measure, redistricting, and a stubbornly-contested constitutional amendment to give state schools a \$80,000,000 building program.

While a move that snowballed in the Senate Thursday to rush through pending bills that are sharply restrictive of union labor

melded away, some members of both houses were still in a mood to press these measures for quick passage.

Meanwhile, Gov. Beauford H. Jester indicated at Terrell he would renew efforts to obtain passage of "adequate labor-management laws" to prevent strikes that are in his opinion against the public interest.

Referring to the Odessa telephone situation he said it was "fortunate" in this instance that the union and management agreed to abide by the decision of his fact-finding commission.

The industrial commission act which he invoked in an effort to get the telephone union and telephone company together is not a compulsory arbitration law. The conciliation bills introduced in the House by Rep. George Nokes of Corsicana and in the Senate by Sen. Jim Taylor of Kerens have no compulsory provisions. Jester has not fully endorsed either measure.

The House bill has been approved by the labor committee. The Senate bill is in a subcommittee, but several measures violently opposed by labor are on the calendar of both houses. A four-fifths vote could bring them up for immediate consideration.

A real fight was brewing over the proposed constitutional amendment to give the state-supported colleges a big building program. Several House members were fuming over what they privately called efforts by Jester or those close to the governor, to influence them in behalf of the measure.

Four Divorces Granted Here

Four divorces were granted in litigations heard by the 70th district court Saturday morning.

T. D. Rippey was granted a divorce from Louise Rippey; Marcus Yanez a divorce from Julia Yanez; Dorris Marie Coker from Joseph A. Coker with a minor child going to each plaintiff and defendant; and Angela Starsha from Daniel H. Starsha with two minor children going to plaintiff; and Lewis Locke from Ruel B. Locke. In the latter case the plaintiff's maiden name of Dennis was restored.

POLICEMEN SHOW LITTLE GRATITUDE

OGDEN, Utah, March 15. (AP) — Policemen Wilson A. Allen and A. M. Garside parked their car outside a grocery store and went in to sell tickets to a policemen's ball. They sold two tickets and returned happily to their car—to find it tagged for parking near a fireplug.

To Seek Pay Hike

CHICAGO, March 15. (AP) — Representative of 500,000 railroad workers have voted to reopen wage negotiations for a straight 20 cents an hour increase, and a spokesman said the demand would "set the pace" for other railroad unions. The increased pay requests to be made immediately to more than 300 railroads were decided on yesterday by 700 general chairmen of eight railroad shop craft unions.

Iceland's elected assembly, known as the Althing, was established in the year 930.

Iceland has had a democratic government for more than 1,000 years.

Jury Will Probe Murder Charges

LLANO, March 15. (AP) — The grand jury of Llano county has been summoned to appear Monday morning for the purpose of investigating the case of R. M. Montgomery of Waco, who is charged with murder in connection with the fatal beating of Helen Shields of Waco, on Lake Buchanan in Llano county Feb. 22. Montgomery is at liberty under \$10,000 bond, awaiting the action of the grand jury.

KEYS TO CITY GIVEN TWICE

SAN DIEGO, Calif., March 15. (AP) — Vice Mayor Charles C. Dail, meeting an airliner to offer an official welcome to the winner of a Hollywood radio program (Queen for a Day), approached a pretty passenger and made his welcoming speech. The lady appeared pleased but somewhat nonplussed. Then the actual winner, Mrs. Ann Hopper of Los Angeles stepped from the plane. Dail extended the city's welcome again.

Soviet Paper Calls US Foreign Policy 'Imperialist Expansion'

MOSCOW, March 15. (AP)— Pravda, communist party organ, made a bitter second Soviet attack on President Truman's Greek-Turkish policy today, declaring it did not serve the cause of peace and security and "renders valueless" United States declarations of faithfulness to the United Nations. Echoing the same arguments as those advanced yesterday in Izvestia, the government newspaper, but even sharper in some of its conclusions, Pravda declared the proposed economic and military aid to Greece and Turkey was "imperialist expansion under the guise of charity."

Now that the two chief newspapers in Soviet Russia have lashed out in two-column long editorials, it remained for official Soviet leaders to give their reaction.

It was expected that Joseph Stalin would receive United States Secretary of State George C. Marshall any time now, and that when he did he would speak his mind with frankness.

Pravda made an apparent reference to Marshall when it said "the leaders of American policy could do worse than ponder over the fact

that under contemporary conditions attempts to realize any plans for world domination and inevitably doomed to failure."

It was evident that the Russians believed that the Secretary of State helped formulate the Truman policy, and there were many observers here who believed that Marshall's definition of American democracy, which was laid before the foreign ministers council yesterday, was a supplement to President Truman's general attack against totalitarianism.

Pravda said that the assistance proposed by President Truman would strengthen "the same reactionary regime in Greece which led the country to bankruptcy," and that "the dispatch of American civil and military personnel, the program of training specially selected, obedient executives of the will of foreign capital in Greece mean in fact the liquidation of the state of independence of Greece and a gross imposition upon her of American domination."

As for Turkey, Pravda said, the country "as is known, has by no means suffered from the war. How, then can one explain the necessity to grant urgent assistance to that country?"

Declaring the American plan was really to "extend the Monroe Doctrine to the old world," the newspaper asked why, if Greece and Turkey were really threatened, the United States did not apply to the United Nations organization.

House Group Votes For Trade Hearing

WASHINGTON, March 15. (AP)— Members said today the House Ways and Means Committee has voted 13 to 8 to open hearings March 24 on the Truman administration foreign trade policy.

They said it was a straight party vote. The eight Democrats protested in vain that such an inquiry would embarrass the American delegation at next month's 18-nation trade conference in Geneva.

A number of Republicans in both House and Senate have complained that the United States, in its reciprocal trade policy, gives too many favors to foreign traders and gets too few concessions in return.

Congress May Pass Up Slated Easter Recess

WASHINGTON, March 15. (AP)— Congress, laboring under world troubles and difficulties at home, may pass up an Easter recess.

Easter comes April 6. The House may get through legislation on President Truman's request to bulwark Greece and Turkey against Communism well ahead of that date.

Republican leaders plan to keep the Senate running until the matter is disposed of.

The Senate, which has been criticized by Senator Bushfield (R-SD) for getting little done under its Republican leadership, next week will start holding sessions every day and perhaps some at night. It has been meeting on Mondays, Wednesdays and Fridays.

The present pending business in the Senate is the controversial bill to bar postal-to-postal pay suits. That out of the way, perhaps next week, debate will start on the nomination of David E. Lilienthal to be chairman of the atomic energy commission.

From the House angle, the prospects of an Easter recess depend on the speed in handling major bills dealing with tax reduction, extension of sugar controls, continuation of several war powers and labor unions.

Ag Committee Votes Bonus For Grain Farmers

WASHINGTON, March 15. (AP)— The Senate agriculture committee voted 7 to 2 today to give corn and wheat farmers a bonus variously described by Republican senators as "only justice" and "pork barrel legislation."

Its cost was estimated at from \$13,000,000 to possibly \$1,000,000,000 or more.

The bonus, at the rate of 30 cents a bushel, would go to farmers who did not receive a 30-cent premium paid by the government on a part of last year's corn and wheat crops. It would apply to sales between January 1, 1945 and April 18, 1946.

Senator Langer (R-ND) recalled that the government told farmers there would be no increase in selling prices of grains and appealed to them to market wheat and corn "to help the starving and for patriotic reasons."

But Senator Kern (R-Mo.), like Langer a farm state senator, said: "I consider that the present Congress has a mandate from the people to stand firm against the type of pork barrel legislation represented by this proposed bonus."

Georgia Completes Law Prohibiting The Closed Shop

ATLANTA, March 15. (AP)— Legislative bills banning the closed shop and prohibiting mass picketing by labor organizations in Georgia have been signed into law by Governor-claimant Herman Tamm. The closed shop ban also prohibits compulsory checkoff of union dues by the employer.

To Re-Open Borders

SOFIA, March 15. (AP)— A Bulgarian government official has announced that the country will re-open her borders Monday after a 10-day closure which inspired rumors throughout the Balkans of a crisis in Bulgaria. The official said the closure was made to stop illegal importation of Bulgarian money at a time of conversion of the currency.

Nearer Statehood

WASHINGTON, March 15. (AP)— Approval of statehood for Hawaii by the House Public Lands Committee appeared assured today. One committee member predicted privately that there will not be a dissenting vote when the committee acts on enabling legislation, possibly Tuesday.

Controlled Access New Road Wrinkle

By PAUL BOLTON

Herald Austin Bureau

AUSTIN, March 15.—You're going to be hearing more and more about a relatively new term in connection with highway construction: Controlled Access.

It's popped up in at least two bills now pending before the Texas Legislature; and State Highway Engineer DeWitt Greer says that the bill which authorized the highway department to apply the principles of controlled access is one of the most important, if not the most important, pending before this session in respect to highway construction. The term also is used in the so-called uniform act regulating traffic on the highways.

Applied to highway construction, controlled access means exactly what the words imply: Access to the highways would be controlled by the highway department. It is not a new theory; cities use it extensively in regulating the construction of for instance, filling stations.

The principle of controlling access first was discussed when the Federal bureau of roads made a study of the proposed express-highways which have now been embodied in the interstate highway network. The principal objective of the interstate highway is to speed motor traffic. Motor traffic is retarded when ingress is permitted from any point along the highway right-of-way.

Courts have long recognized that abutting property owners have certain rights in existing streets and highways, including the right of ingress and egress. The right of access cannot be denied except upon the payment of just compensation and for a public use or purpose.

Through sad experience, however, the highway builders have found that among other social results of highway construction is the fact that cities tend to stretch out along the main travelled thoroughfares. The first extensions of city limits are along the main highways. Usually this consequent results in a row of eating places, each with a side road leading to the highways; then tourist camps, and small groceries, and other businesses, follow.

The result is that the main artery becomes almost wholly useless insofar as expediting traffic is

concerned. A costly example exists in Austin. Austin falls on the route of a proposed interstate highway, connecting Dallas and San Antonio. There is already in existence adequate roads which could have been widened into the expressway — except for the fact that at both ends the city had grown out the highway, and traffic moving through this congested area was slowed down in direct ratio to the increase in traffic hazards. Now the department contemplates a cut-off, starting at points where the business sections have not yet reached, and where rights-of-way may be secured where the access may be controlled.

Morrison, Greene Confer With Jester

W. S. Morrison, county judge, and J. H. Greene, chamber of commerce manager, returned Friday evening from Austin where they had been making several contacts.

While in the capital they conferred with the governor, the state board of control regarding admission of local patients to the state hospital here, the state parks board, highway commission, and with Sen. Sterling Parrish and Rep. Peppy Blount.

Sun Spots Hit Radio

NEW YORK, March 15. (AP)— RCA Communication, Inc., reported that short wave radio communication between the United States and Europe was "below normal" early this morning, apparently as the result of sun spots. Communication with South America was "fair," a company spokesman said.

Telephone Service Back To Normal In Big Spring

Normal operating forces are now on duty. Telephone users again can make full use of their telephone service.

Throughout the recent disturbance, all calls handled by operators—including Long Distance calls and calls to information, were curtailed sharply.

The Telephone Company appreciates the help given by Telephone Users during the emergency. Your willingness to limit your telephoning to important calls made it possible for limited forces at the switchboard to handle the volume of emergency calls.

No Charge for Interrupted Service

Telephone users in Big Spring will not be charged for telephone service during the work stoppage. They will receive full credit on telephone bills for the number of days on which service was interrupted.

Airport Visitor's Lounge Is Readied

Work is due to be completed Monday on the visitors' lounge at the Municipal airport. The project has entailed changes in the office and the reception room, where a refreshment stand is operated for convenience of airport personnel, plane crews and visitors. Visiting pilots will be invited to use the room to "kill time" and for recreation. The airport manager's office also has undergone some changes, and a window opening above the desk into the lounge makes it possible for pilots to transact their business with the port management from the lounge room itself.

A new type of control for light planes was being tested on an Aerona Chief which landed at the Muni port last week. The testing plane was new and operating NX. The new features incorporate rudder, aileron and elevators all in one control column.

Joseph L. Higginbotham of the Higginbotham - Bartlett Lumber company in Dallas is storing a light plane at the Municipal port now. Higginbotham is a frequent visitor in the Big Spring and West Texas area, and keeps the plane here to facilitate transportation to various points.

Young Demos Challenge Talk Of Communism

AUSTIN, March 15. (AP)—Executive officers of the Young Democratic clubs of Texas (the so-called liberal group) today challenged Myron Blalock of Marshall to name any Communists within their ranks.

Jack Carter of Fort Worth, president; Mrs. Marion Storm of Austin, secretary-treasurer, and J. Edwin Smith of Houston, chairman of the executive committee, released to the press copies of their letter to Blalock, National Democratic Committee for Texas, questioning statements he made a week ago.

Blalock said at a luncheon rally of the faction of Young Democrats for whom he gained Democratic National headquarters recognition that evidence that Communists have tried to seize control of the Young Democratic clubs of Texas is in the hands of the federal government.

The Carter-Smith letter referred to newspaper reports that Blalock had held up documents purportedly proving Communists to be members of the Young Democratic clubs.

"Approximately eight names were listed but were not made public," the letter to Blalock noted.

"We do not believe, Mr. Blalock, that you are deliberately trying to cast reflection on the good names of the 3,000 young Texas Democrats, but we feel that you are doing a great injustice to this large group of young Texans, many of whom only recently returned to their native state after having fought for their country and for their democracy," said the letter.

Shooting Stars Set Speed Mark

MANILA, March 15. (AP)—The US 13th Airforce announced today that the flight Monday of eight jet-propelled P180 Shooting Stars from Laog, Northern Luzon, to Okinawa—a distance of 752 miles—was covered in an official time of 1 hour, 30 minutes. Maj. Gen. Eugene J. Eubank, commanding general of the 13th Airforce, said the average speed for the flight was 505 miles an hour.

Gap Narrowed In County Goal For Red Cross

The Howard-Glasscock chapter of the American Red Cross was within striking distance of its annual roll call quota Saturday as the gap was narrowed to \$2,000.

As of noon Saturday, memberships had aggregated \$7,551 in amounts ranging from 10 cents to \$300.

A survey of the contributor list showed that there had been less than 1,500 individuals who have had a part in the campaign to date. This averages out about \$5 per donor.

H. D. Norris, roll call chairman, renewed an appeal for all persons who have not yet had a part in the roll call to take advantage of the opportunity at once. The campaign already has extended beyond the limits tentatively set. Owing to an increasing case load and impending demands when the Veterans Administration hospital comes into being, it is imperative that the chapter reach its quota, Norris pointed out.

Among the latest contributors were J. M. Radford Grocery \$60; Dr. G. T. Hall \$50; Dr. G. S. True, Mrs. Carl Strom, Mrs. J. E. Brig-

Continuous Chapel Programs Slated

The first in a series of continuous chapel programs has been planned for this morning by the student body of Howard County Junior college. To be conducted by Preston Denton, religion major, the sermons will be heard at 10 o'clock, each Sunday morning, if tentative plans are carried out.

The services will be inter-denominational and student talent is being solicited for the musical part of the program which Denton has worked out.

Firms Coordinate Rocket Research

LOS ANGELES, March 15. (AP)—Companies throughout the nation which built planes and ordnance for the war are coordinating development of three types of guided rocket missiles, says Dr. Richard W. Porter, 34-year-old General Electric rocket expert from Schenectady, N. Y.

ham, C. H. McDaniel \$5.

Saturday women from the railroad brotherhood auxiliaries operated booths at the First National and the State National banks in an effort to increase support toward the fund campaign.

Russian Prisoner Figures 'Surprise'

BERLIN, March 15. (AP)—Most Germans were surprised and disappointed today at Russian figures which disclosed that only 890,352 German prisoners-of-war still were being held in the Soviet Union. Both German and American authorities previously had placed the number up to 3,000,000, but United States officials had said this was only "an educated guess."

HEALTH RESORT—The Dr. Percifull's Bath House (pictured) has been repurchased by its founder, who sold it in 1941 to Dr. F. O. Johnson.

HEADS \$45,000 HEALTH RESORT

Percifull Buys Back His Sanitarium At Christoval

CHRISTOVAL. — Back in health work again after a five-year recess during which he hunted and fished — and completed supplemental health, diagnostic and health equipment studies—Dr. T. J. Percifull today announced his repurchase of the bath house and sanitarium here which he sold "to take a rest."

Now installing additional equipment, Dr. Percifull, who built the resort at the north end of Christoval's main street in 1928, and expanded it materially in 1934, said that his investment in the building and its facilities runs about \$45,000.

SOLD TO DR. JOHNSON
Dr. F. O. Johnson purchased the resort from Percifull in 1941. Following his death, Mrs. Johnson had operated it. She

plans to return to San Antonio.

The main plant includes 14 bedrooms, kitchen, dining room, reception room, office, treating rooms, private dressing rooms, baths and other quarters. The building is of concrete tile and stucco construction.

Moving from here to DeQueen, Ark., Percifull studied in South Carolina and Oklahoma City, rounding out a study of concept therapy. Deciding that the vacation had made up for the years of concentrated work at Christoval — he had looked after as many as 150 patients a day — Percifull checked Hot Springs and a dozen other water resorts, almost became located at Lampasas, which has some mineral springs, then "came back home"

and bought back his former sanitarium.

BATHS RATING TOPS
"For baths, the Christoval mineral waters are not excelled by those at Hot Springs or any of the other more publicized resorts," Dr. Percifull declared.

Among new equipment additions are Depolaray and Therman devices for electrical and heat treatment of several common physical ailments.

Dr. Percifull first came to Christoval in 1921, initially being with the original Christoval Mineral Wells three miles from town.

Two daughters of Dr. and Mrs. Percifull reside in West Texas. They are Mrs. K. B. Watson of San Angelo and Mrs. Jackie White of Del Rio.

Hang on to your Hearts, Folks — it's easy to lose them to this one

Sure as sunrise, it's going to happen:

Someday you're going to slip into a sleek-lined Buick Convertible "just to see what it feels like."

You'll want to find out for yourself if it's as wonderful as it seems to ride in all this stunning style — to be boss of the year's brightest highway beauty.

Well, you find a wheel that seems molded to your hand, deep, wide seats that might have been fashioned for your own special comfort.

You'll look out over a broad bonnet, front-tipped with a richly gleaming grille, and

know how a king feels sitting on his throne.

Just listen as eight big Fireball cylinders erupt into life — then settle to a sweet contented purr.

Watch — as each threatening road-jar meekly subsides under the gentle magic of soft coil springs on all four wheels.

Get the feel of roadweight that's like a steady hand guarding every mile. Try the handy push-button controls that operate the top, the door windows, even the front-seat adjustment.

Test the lightness of the wheel, the quick

bite of brakes, the instant upsurge when you touch off the gas treadle.

By now, you find yourself succumbing completely.

This, you tell yourself, is meant for me. How do I make it permanent?

The first step is to see us—and get your name down.

After that—the busy beavers of Buick's on-the-ball production staff will move heaven and earth to join you and your one-and-only the first possible moment.

Murphy Asking Return Of All Assistant Coaches

Pat Not Certain Of Grid Drills

Pat Murphy, newly named high school football coach who arrived here Saturday to seek a house in which to move his family, said he had recommended to the school board that all coaches currently on the payroll be rehired for another year.

That would include Herschel "Mule" Stockton, who was Murphy's first assistant in Pat's previous hitch here; Conn Isaacs, who handled the reserves under Johnny Dibrill last fall; Johnny Malaise, basketball and tennis coach; and Jim McWhorter, Yearling mentor.

Murphy said at least two additional assistants would be added to the staff by September.

Not certain of his spring football training plans, the Irishman said he probably would not issue the first call to the practice field before April 1. He explained the grid workouts would blend into the general athletic scheme, which calls for the beginning of baseball workouts about that time.

The new mentor expressed the belief he could launch his system-wide athletic program here shortly after assuming full reins, indicating that he was planning on staging a grade school track and field meet and a softball program here before school is out.

Murphy said he would probably leave his family in Abilene until he can find adequate quarters for them here.

Wildcats In Front

ABILENE, March 15. (AP)—Abilene Christian came from behind in the last two events of nudge Texas Teeb from the lead in a quadrangular track and field meet here today. The Wildcats tabbed 65 1-2 points to Tech's 61 1-2. Hardin-Simmons was third with 25 1-2 and McMurry last with 8 1-2.

Kiwanis Club Plans Banquet For Cagers

Plans are shaping up for the Big Spring Kiwanis club's annual banquet honoring the high school basketball team and coaching staff, club officials reported Saturday.

Walter Reed, who is in charge of program arrangements, said a speaker for the event is being sought, and the club hopes to announce his identity by Tuesday.

Remainder of the program will include music and other entertainment.

All members of the Steer basketball squad, along with the complete high school athletic coaching staff, will be guests of the Kiwanians at the banquet. Another special guest will be Pat Murphy, newly elected coach and athletic director.

WEARIN' OF THE GREEN

Sons Of Emerald Isle Honored At AC Monday

There's to be a wearin' of the green at the Big Spring Athletic club Monday night.

Sons of Old Erin—the McChesneys, the O'Hooligans and the Grady's—will be the privileged people as Patrick O'Dowdy stages his special St. Patrick's Day show for their benefit.

Irishman will meet Irishman on the program and a descendant of the Emerald Isle will be there to act as overseer, just in case. In the feature go, Buck O'Lipscomb will come to grips with Ace McAbbott, the Abilene bog-trotter who is returning to the village after a tour into Oklahoma.

Kenny O'Mayne returns in the 8 o'clock preliminary to wait with a newcomer from Boise, Idaho, a fine broth of a lad named Floyd McHanson.

O'Lipscomb made mince meat of O'Mayne on last week's program and looked fair to middlin' in doing it. The barrel chested Indian improves with age.

In McAbbott, he gets a boy who

built up a tremendous following here some months ago before he hurt his leg in a duel with Gorilla Poggi.

There are those who thought Mayne should have copped the duke from O'Lipscomb last time out. He won a fall from the Hoosier and seemed on the high road when Buck gained his second wind and went to the fore.

McHanson comes to town with a lot of promise. He's been knocking opponents over right and left in mid-western rings and looks capable of giving anyone a tussle. They say he's been around, which is always good recommendation for a professional tin-eater.

Whether or not O'Dowdy will decorate the establishment with shamrocks wasn't decided at this writing. He does want it understood that the Terrance O'Tooles and Peggy O'Neills will not want for company. He even threatens to lead in singing of some old Irish ballads at intermission time. In that event, the customers can come at their own risk. Let it be known Patrick was never considered seriously for grand opera.

McPhail, who said he was joined in his request for a hearing by Will Harridge, president of the American League, said the remarks "reflect upon the character and integrity" of the New York baseball club.

Specifically, McPhail asked Chandler to investigate these points:

1. "Statements alleged to have been made by Branch Rickey," president of the Brooklyn club.

2. Articles appearing in the Brooklyn Eagle and "allegedly written" by Dodger officials.

3. Determine whether the Dodger officials "are responsible for the utterances" and whether they are true or false.

Chandler was away from this city.

Attached to the letter were about 10 stories from New York newspapers which quoted the Brooklyn leaders with the remarks which McPhail protests.

Also appended were the Brooklyn Eagle stories bylined by Durocher and which McPhail has charged previously were written by Harold Parrott, Brooklyn's road secretary.

Record Turnout Due In Texas Track Show

AUSTIN, March 15. (AP)—The best and biggest university division since 1941's record-shattering meet was predicted today by Coach Clyde Littlefield for the 1947 Texas relays on March 28 and 29.

The University of Texas track coach and relays director noted that the midwestern schools in particular are coming to this year's show in heavier strength than in a number of years.

Midwest representatives will include Purdue, Michigan State, Drake, Kansas and Kansas State. They will be joined by the Oklahoma university Sooners and Oklahoma Aggies; Louisiana State and Tulane from the southeast, and all the Southwest Conference schools.

A majority of the 1946 Texas relays winners, who produced more "bests" than any of the nation's other big relay meets, will be back again.

The state's top teachers college squads will be returning, with George Pepperdine college making its annual jaunt from Los Angeles to add to the list of ace performers.

Individual and relays duels are developing, special interest focusing on the 100-yard dash which will bring together Charley Parker of the University of Texas and Bill Martinson of Baylor, with Allen Lawler, 1946 winner for Texas, also a strong contender.

Texas and Baylor will renew their feud in the sprint relay, and Coach Littlefield will be casting a hopeful eye at the world record for the event.

Bob Lowther of Louisiana State will be on hand to defend his 1946 javelin title, and George Kadara of Texas A&M will again contend for the discus championship which he won last year.

Tom Seefeld will return with Kansas to defend his high jump victory. Bill Mack of Drake, one of the country's best collegiate mllers, will have stiff competition from Texas' Jerry Thompson at the 3,000 meter route, while Drake, Purdue and Michigan State will battle through the longer relays, which midwestern schools have dominated in the past.

Vern McGrew, who set a new high school record of 6 feet, 5 inches, in the high jump last year, will be back this time in the colors of Rice Institute.

MacPhail-Brook Feud Flares Up

ST. PETERSBURG, Fla., March 15. (AP)—The smoldering squabble between Larry MacPhail, president of the New York Yankees, and the Brooklyn Dodgers flared into the open today when MacPhail asked baseball commissioner A. B. Chandler to probe remarks "allegedly made" by Dodger officials.

In a letter asking for a hearing into the statements, MacPhail said the remarks "if false . . . constitute slander and libel" and "represents . . . conduct detrimental to baseball."

MacPhail, who said he was joined in his request for a hearing by Will Harridge, president of the American League, said the remarks "reflect upon the character and integrity" of the New York baseball club.

Specifically, McPhail asked Chandler to investigate these points:

1. "Statements alleged to have been made by Branch Rickey," president of the Brooklyn club.

2. Articles appearing in the Brooklyn Eagle and "allegedly written" by Dodger officials.

3. Determine whether the Dodger officials "are responsible for the utterances" and whether they are true or false.

Chandler was away from this city.

Amarillo Wins Final Event To Edge Odessa In Relays

Townsend Leads Point Getters

Picking up five points and a new meet record in the final event of the program—the mile relay—Amarillo's Golden Sandies made their debut in the Big Spring Relays a winning one by nosing out the Odessa Bronchos for team honors in the third annual track and field games here Saturday.

The District 1AA powers racked up 39 points on the 14-event card. Odessa accumulated 37 points to finish far ahead of the "show" team, Lubbock, which tallied 23 points. Other teams counting and their totals included Big Spring 20, Andrews 10, Lamesa and Abilene 9 each, Roscoe 5, and Foran, Seminole and Sterling City 1 each.

Despite the fact that the weather, as usual, was very bad, records fell like ten-pins. Nine new standards were set up, two of them by the sensational Byron (Santone) Townsend of Odessa — and another was tied.

Townsend was the individual pace setter, scoring firsts in the 100-yard dash, the discus and high jump, and constituted a part of the sprint relay team and was fourth in the 120-yard hurdles. He scored 17 1-4 points for his efforts.

The all-state football star refurbished the games' marks in the discus and the high jump. He tossed the weight 128 ft. 1 1-2 inches to eclipse the record set up by Howerton of Abilene last year by 10 1-2 inches, then leaped 6 feet, 1-2 inch by three inches.

Other standards were set up by James Pinnell, Andrews, in the 120-yard high hurdles (15.8 seconds); Bob Bauman, Amarillo, in the 440-yard run (51.3 seconds); Gerald Campbell, Odessa, in the 200-yard low hurdles (23.3 seconds); Jimmy Clark, Lamesa, in the half mile (2:09.4 minutes); Donald Webb, Big Spring, in the mile (5:01.7 minutes); Odessa's sprint relay team (45 seconds); and Amarillo's mile relay quartet (3:38.6).

In addition, the century dash record was tied by Townsend, (who did it in both the preliminaries and the finals), and Gerald Campbell, a team-mate, in the preliminaries.

Big Spring's chances were hurt when Ernie Ache, a star dash man, turned up with a bad leg. Ernie finished third in the 100-yard dash but has been negotiating that distance in better than 10.3 in practice runs.

It developed that Leon Leopard ran in the slower heat in the 880-yard run. Leon, local successor in that event to Tim Gregory, won his heat by yards to spare and appeared capable of cleaning up on anything in sight — his kick was that good — but his pacers ran too slow an opening quarter and he finished out of the money. Leon is a certain point getter in future campaigning.

Abilene's limping Eagles, team champions in 1945 and 1946, succeeded in gathering only nine points and did not gain a first place. Part of the War Bird team did not make the trip due to illness or failure to attain top shape.

Summary: 100-Yard Hurdles—Pinnell, Andrews, 15.8 seconds. (New record.) 220-Yard Dash—Townsend, Odessa, 22.2 seconds. (New record.) 440-Yard Run—Campbell, Odessa, 51.3 seconds. (New record.) 880-Yard Run—Leopard, Andrews, 1:58.4 seconds. (New record.) 1,100-Yard Run—Bauman, Amarillo, 3:01.7 minutes. (New record.) 1,320-Yard Run—Clark, Lamesa, 3:51.7 minutes. (New record.) 1,640-Yard Run—Webb, Big Spring, 4:45.7 minutes. (New record.) 2,000-Yard Run—Bauman, Amarillo, 5:51.7 minutes. (New record.) 2,640-Yard Run—Clark, Lamesa, 7:45.7 minutes. (New record.) 3,300-Yard Run—Webb, Big Spring, 9:45.7 minutes. (New record.) 4,000-Yard Run—Bauman, Amarillo, 11:45.7 minutes. (New record.) 4,840-Yard Run—Clark, Lamesa, 13:45.7 minutes. (New record.) 5,280-Yard Run—Webb, Big Spring, 14:45.7 minutes. (New record.) 6,160-Yard Run—Bauman, Amarillo, 16:45.7 minutes. (New record.) 7,040-Yard Run—Clark, Lamesa, 18:45.7 minutes. (New record.) 7,920-Yard Run—Webb, Big Spring, 20:45.7 minutes. (New record.) 8,800-Yard Run—Bauman, Amarillo, 22:45.7 minutes. (New record.) 9,680-Yard Run—Clark, Lamesa, 24:45.7 minutes. (New record.) 10,560-Yard Run—Webb, Big Spring, 26:45.7 minutes. (New record.) 11,440-Yard Run—Bauman, Amarillo, 28:45.7 minutes. (New record.) 12,320-Yard Run—Clark, Lamesa, 30:45.7 minutes. (New record.) 13,200-Yard Run—Webb, Big Spring, 32:45.7 minutes. (New record.) 14,080-Yard Run—Bauman, Amarillo, 34:45.7 minutes. (New record.) 14,960-Yard Run—Clark, Lamesa, 36:45.7 minutes. (New record.) 15,840-Yard Run—Webb, Big Spring, 38:45.7 minutes. (New record.) 16,720-Yard Run—Bauman, Amarillo, 40:45.7 minutes. (New record.) 17,600-Yard Run—Clark, Lamesa, 42:45.7 minutes. (New record.) 18,480-Yard Run—Webb, Big Spring, 44:45.7 minutes. (New record.) 19,360-Yard Run—Bauman, Amarillo, 46:45.7 minutes. (New record.) 20,240-Yard Run—Clark, Lamesa, 48:45.7 minutes. (New record.) 21,120-Yard Run—Webb, Big Spring, 50:45.7 minutes. (New record.) 22,000-Yard Run—Bauman, Amarillo, 52:45.7 minutes. (New record.) 22,880-Yard Run—Clark, Lamesa, 54:45.7 minutes. (New record.) 23,760-Yard Run—Webb, Big Spring, 56:45.7 minutes. (New record.) 24,640-Yard Run—Bauman, Amarillo, 58:45.7 minutes. (New record.) 25,520-Yard Run—Clark, Lamesa, 60:45.7 minutes. (New record.) 26,400-Yard Run—Webb, Big Spring, 62:45.7 minutes. (New record.) 27,280-Yard Run—Bauman, Amarillo, 64:45.7 minutes. (New record.) 28,160-Yard Run—Clark, Lamesa, 66:45.7 minutes. (New record.) 29,040-Yard Run—Webb, Big Spring, 68:45.7 minutes. (New record.) 29,920-Yard Run—Bauman, Amarillo, 70:45.7 minutes. (New record.) 30,800-Yard Run—Clark, Lamesa, 72:45.7 minutes. (New record.) 31,680-Yard Run—Webb, Big Spring, 74:45.7 minutes. (New record.) 32,560-Yard Run—Bauman, Amarillo, 76:45.7 minutes. (New record.) 33,440-Yard Run—Clark, Lamesa, 78:45.7 minutes. (New record.) 34,320-Yard Run—Webb, Big Spring, 80:45.7 minutes. (New record.) 35,200-Yard Run—Bauman, Amarillo, 82:45.7 minutes. (New record.) 36,080-Yard Run—Clark, Lamesa, 84:45.7 minutes. (New record.) 36,960-Yard Run—Webb, Big Spring, 86:45.7 minutes. (New record.) 37,840-Yard Run—Bauman, Amarillo, 88:45.7 minutes. (New record.) 38,720-Yard Run—Clark, Lamesa, 90:45.7 minutes. (New record.) 39,600-Yard Run—Webb, Big Spring, 92:45.7 minutes. (New record.) 40,480-Yard Run—Bauman, Amarillo, 94:45.7 minutes. (New record.) 41,360-Yard Run—Clark, Lamesa, 96:45.7 minutes. (New record.) 42,240-Yard Run—Webb, Big Spring, 98:45.7 minutes. (New record.) 43,120-Yard Run—Bauman, Amarillo, 100:45.7 minutes. (New record.) 44,000-Yard Run—Clark, Lamesa, 102:45.7 minutes. (New record.) 44,880-Yard Run—Webb, Big Spring, 104:45.7 minutes. (New record.) 45,760-Yard Run—Bauman, Amarillo, 106:45.7 minutes. (New record.) 46,640-Yard Run—Clark, Lamesa, 108:45.7 minutes. (New record.) 47,520-Yard Run—Webb, Big Spring, 110:45.7 minutes. (New record.) 48,400-Yard Run—Bauman, Amarillo, 112:45.7 minutes. (New record.) 49,280-Yard Run—Clark, Lamesa, 114:45.7 minutes. (New record.) 50,160-Yard Run—Webb, Big Spring, 116:45.7 minutes. (New record.) 51,040-Yard Run—Bauman, Amarillo, 118:45.7 minutes. (New record.) 51,920-Yard Run—Clark, Lamesa, 120:45.7 minutes. (New record.) 52,800-Yard Run—Webb, Big Spring, 122:45.7 minutes. (New record.) 53,680-Yard Run—Bauman, Amarillo, 124:45.7 minutes. (New record.) 54,560-Yard Run—Clark, Lamesa, 126:45.7 minutes. (New record.) 55,440-Yard Run—Webb, Big Spring, 128:45.7 minutes. (New record.) 56,320-Yard Run—Bauman, Amarillo, 130:45.7 minutes. (New record.) 57,200-Yard Run—Clark, Lamesa, 132:45.7 minutes. (New record.) 58,080-Yard Run—Webb, Big Spring, 134:45.7 minutes. (New record.) 58,960-Yard Run—Bauman, Amarillo, 136:45.7 minutes. (New record.) 59,840-Yard Run—Clark, Lamesa, 138:45.7 minutes. (New record.) 60,720-Yard Run—Webb, Big Spring, 140:45.7 minutes. (New record.) 61,600-Yard Run—Bauman, Amarillo, 142:45.7 minutes. (New record.) 62,480-Yard Run—Clark, Lamesa, 144:45.7 minutes. (New record.) 63,360-Yard Run—Webb, Big Spring, 146:45.7 minutes. (New record.) 64,240-Yard Run—Bauman, Amarillo, 148:45.7 minutes. (New record.) 65,120-Yard Run—Clark, Lamesa, 150:45.7 minutes. (New record.) 66,000-Yard Run—Webb, Big Spring, 152:45.7 minutes. (New record.) 66,880-Yard Run—Bauman, Amarillo, 154:45.7 minutes. (New record.) 67,760-Yard Run—Clark, Lamesa, 156:45.7 minutes. (New record.) 68,640-Yard Run—Webb, Big Spring, 158:45.7 minutes. (New record.) 69,520-Yard Run—Bauman, Amarillo, 160:45.7 minutes. (New record.) 70,400-Yard Run—Clark, Lamesa, 162:45.7 minutes. (New record.) 71,280-Yard Run—Webb, Big Spring, 164:45.7 minutes. (New record.) 72,160-Yard Run—Bauman, Amarillo, 166:45.7 minutes. (New record.) 73,040-Yard Run—Clark, Lamesa, 168:45.7 minutes. Exposition Meet To Pack 'Em In Next Weekend

FORT WORTH, March 15. (AP)—Headlined by a 100-meter battle between Flynn Charley Parker of Texas and his only conqueror in five years—Buller Bill Martinson of Baylor—the Southwest Exposition track and field meet goes on for the twenty-fourth time next Friday and Saturday.

The return clash of Parker and Martinson, coming two weeks after the Baylor star had snapped Flynn Charley's winning streak at 56 straight in the Border Olympics 100-yard dash at Laredo is expected by Director R. D. Evans to bring out somebody besides the track men and their immediate relatives for a change.

The Southwest Exposition meet is the largest outdoor cinder-path carnival in the nation and this time is expected to eclipse anything in the past with probably 1,500 entries. But the crowds never have been large.

Parker and Martinson have been throwing bouquets at each other and making every effort to get their rivalry out of the "feud" class but that's what it will be called just the same when they toe the mark in the special 100-meter Saturday. Martinson ran the 100 in 9.6 at Laredo to shade Parker but Charley has several times done the century in 9.5 and while in the Army tied the world's record for 100 meters in 10.2.

But it won't be a two-man proposition. Allen Lawler, Parker's sprint mate at Texas who also has done the hundred in 9.5, and Stone Cotten, ace Baylor speedster, also are in the race and Ralph Higgins coach at Oklahoma A. and M., put further interest in the event by announcing mysteriously that he had an entry who might give the other four more than they could handle. This sprinter, whose name Higgins wouldn't reveal, was held out of the Border Olympics.

Although the entry list is not supposed to be opened until Monday Evans said 500 already had been filed—

East Chambers Wins, 24-22

HILLSBORO, March 15. East Chambers' Buccaneers from South Texas won the State high school girls basketball championship by edging a fighting Stanton team, 24-22, in a thrill packed final.

The team from Winnie-Stowell thus finished the season with a record of 44 victories against no defeats.

A crowd of 1,500 saw one of the thrills of tournament history to-night as the Buccaneers surged ahead just before the half ended and held the lead the rest of the way although forced to do some classy stalling in the final minute to ward off a dangerous Stanton rally.

East Chambers, winding up the season with a record of 44 victories against no defeats, came here Wednesday night with four regulars out of the lineup because of illness. One of the players got back into action the second night and except for two reserves the squad was at full strength last night.

To-night, all the buffs were present and East Chambers demonstrated championship class all the way.

It was the eighth annual tournament and the most successful from the standpoint of interest. An estimated 5,000 saw the four nights of play.

Maxine Pate and Mary Ann Wilson led the Buccaneer scoring with nine points apiece but brilliant Betty Bissard, Stanton forward, showed she was entitled to all-tournament selection by her great basket shooting that brought 12 points and kept her team in the game to the end. With less than three minutes to go Bissard hit a long one to make the score 23-22. Pate, however, was fouled and got a free shot which she sank, then the East Chambers team held the ball until time ran out.

Friona of the Panhandle edged Penelope, 25-24, for third place honors as a prelude to the final game.

Mildred Taylor scored 21 of the Friona points but it was a field goal with a minute and 20 seconds to play by Doris Taylor that won the game. Friona came from behind to triumph after trailing all the way until Miss Taylor's crisp shot. At the half, Penelope was ahead, 16-13, and at the end of the third period led, 20-19.

Yantis of Wood county won the consolation championship by defeating Gruver of Hansford county, 37-26.

Friday night Stanton swept aside tournament favorite Friona, 32-24, to gain the finals while East Chambers was winning, 40-34.

Yantis turned back Colorado City of Mitchell county, 26-32, in the semifinals of the consolation Friday night.

French, Bulgarian Relations Severed

PARIS, March 15. (AP)—France severed commercial relations with Bulgaria today in the most serious breach with another power since the liberation and gave two Bulgarian newspapermen 48 hours notice to leave the country.

The action was taken in retaliation for the expulsion of a woman reporter for the French press agency in Sofia, after incidents stemming from the recent action of the Bulgarian government in reconvertng its currency.

ELLIS PARTS LOSES

GALVESTON, March 15. (AP)—The YMCA Triangles of Houston took their second straight Texas Amateur Athletic Federation Men's State Basketball championship here tonight by defeating Ellis Parts of San Angelo, 72-38.

JUST REWARD

MIAMI, Fla., March 15. (AP)—Augustus & Nahm's Eternal Reward won the \$10,000 added mile and a furlong Broward County Handicap at the Gulfstream Park today.

OWNBY BOOKED

OKLAHOMA CITY, March 15. (AP)—Marvin Lidel, 173, Oklahoma City, and Eddie Ownby, 175, Gainesville, Texas, have been booked for the eight-round main event of a pro boxing card at municipal auditorium here March 28.

SOONERS CLIP TCU

NORMAN, Oyla., March 15. (AP)—The University of Oklahoma Sooners opened their 1947 baseball season today with a 3-2 win over Texas Christian before 1,000 chilled fans here.

LOOKING 'EM OVER

WITH TOMMY HART

It's not official yet but the Big Spring Longhorn baseball league club will be nicknamed "The Broncs".... A committee composed of General Manager Joe Langston, Field Manager Pat Stasey, and several others indirectly connected with the club decided on that moniker Friday.... Other tags which received consideration included "Rams", "Waddies", "Cowboys", "Trojans", "Spartans" and "Phillies".... A soil-moving expert who should know about such things says the depression west of the Steer football stadium can be filled with an ample supply of dirt for a baseball field in eight days' time.... Lee Brummett, who was a standout pitcher in independent baseball circles here years ago, may try out with the Big Springers.... In his younger years, Brummett's favorite pitch was a smoke ball.... Claude McAdam, the Hardin-Simmons student who will help Langston run the business end of the local club during the summer, was to visit here today.... Mac had a bad time of it shortly after he underwent an appendectomy several weeks but is about shipshape now.... One of the reasons so many tubs are being beaten by Bobby Brown, the New York Yankees' expensive rookie, is that Robin is a left handed pull hitter and Yankee Stadium was built for such a player (Babe Ruth).... Brown is so notoriously a one-field blaster that rival Piedmont league teams resorted to a "Teddy Williams shift" when he came to bat early last year.

Bulldogs Go All Out For T

We still think Babe Ruth could be used to best advantage as a sort of good-will ambassador in the minor leagues, touring the hinterlands for personal appearances.... The major leagues or Happy Chandler's office could pay his salary and create a world of good will.... We introduced that idea several years ago and the baseball Bible, the Sporting News, picked up and editorialized on it, but nothing was ever done about it.... Pepper Martin says Bill Lougan of Amarillo was the fastest pitcher in the WT-NM league last year, until he hurt his arm.... The one-time major leaguer, Babe Dahlgren, will serve in a dual capacity in the sport this year.... He'll hold down first base for Baltimore and serve as president of the Ontario club of the Sunset (Calif.) league.... Sam Mele, Boston Red Sox rookie hope, is a nephew to Tony Cucinello, one-

Don Webb Heavier Than A Year Ago

Donald Webb, Big Spring's ace miler, is having difficulty rounding into top shape because he's carrying 12 to 15 pounds more than he did at this time a year ago.... Sponsoring organization of the Big Spring Relays, the Big Spring Athletic association, wired the Chicago sporting goods company supplying trophies for the Saturday track show to air-mail the awards here, after discovering they had not put in an appearance Friday morning.... The premiums were ordered months ago.... The school board at San Angelo is planning a football bowl there within the next few years.... A high school golf tournament will be held in conjunction with the San Angelo Track and Field meet April 5.... The Bobcat basketball team played to its biggest home crowd last season when Johnny Malaise's Big Springers were guests in a District 3A game.... Something like \$124 worth of customers looked on.... The golf professional's job is open at Monahans, Jimmy Adams having departed there to take a similar post at Paris (Tex.).... Leon Bush, Howard County Junior college athletic director, had planned on having a track team this year but vetoed the idea due to a lack of both material and equipment.

Angelo Brigade Loses At Temple

TEMPLE, March 15. (AP)—Nugrape of Dallas successfully defended its women's TAAF basketball championship here tonight by swamping Nathan Jewelry of San Angelo 28-8.

Nugrape held the San Angelo team scoreless in the first quarter and held a 13-2 advantage at half-time.

Ernestine Whitton, Nugrape forward, hit the hoop for 10 points to capture high-point honors.

No consolation games were played.

Record Total Of Projects Planned

AUSTIN, March 15. (AP)—Bids on a record total of \$9,000,000 in new construction projects will be opened March 25 and 26, State Highway Commission announced today.

Included in the projects are 224 miles of farm to market roads. If all bids are accepted a total of 2,691 miles in farm to market roads will be under contract.

State Highway Engineer DeWitt C. Greer said today that at present 2,477 miles of rural roads have been contracted at a cost of \$23,843,935. A total of 91 projects in 77 counties totaling 649 miles have been completed since the beginning of the farm to market program.

During February, \$3,500,000 worth of work was done on Texas highways, Greer said. He considered this an unusual rate of progress during the winter season when bad weather curtails many construction projects.

The ancient shekel of silver weighed about one-sixtieth of a pound.

Eola To Field Top Aggregation In Tournament

Eola, Water Valley and Midland will be ranked as top favorites in the Big Spring girls invitational volleyball tournament, which will be played in the Steer gymnasium Friday and Saturday, March 21 and 22.

Eola, boasting an all-veteran club, has beaten every team in that neck of the woods, including Water Valley. The Valley fens, on the other hand, have taken the Eolans over the hurdles once and have been just about unbeatable otherwise.

Midland is the defending champion of the district and recently trimmed the Big Springers in a pair of outings.

More than a dozen clubs will probably odyssey here for the meeting. Among those expected are Sweetwater, Lamesa, Paint Rock, San Angelo, Midland, Ackery, Coahoma, Forsan, Sterling City, Odessa and the host team.

Such players as Lucille Krieg, Lucille Noack, Faye Smith, Minnie Swindell and Winnie Swindell make Eola an outstanding threat. All rated district honors last season. Louise Jacoby and Imogene Wheeler will also see lots of action for the gang.

Big Spring (Texas) Herald, Sun., March 16, 1947

Hogan Blows Up On Muddy Links

JACKSONVILLE, Fla., March 15. (AP)—The third round of the \$10,000 Jacksonville Open Golf tournament was played over a rain-sodden course today and when the splashing was over, Ben Hogan had blown sky high and Big Clayton Heafner was out in front by a stroke.

The mighty little shotmaker from Hershey, Pa., met his downfall on the 140-yard, sixth hole when his tee shot fell in a small pond to the left of the green. It took 11 strokes to get the ball into the cup, a record high for a par-three hole in tournament competition.

Heafner carded a two under par 70 to place his 54-hole total at 207, nine strokes under regulation figures.

In second place at 208 was Herman Keiser, Akron, O., who shot a 69 today.

Tied for third at 210 were Ed Furgol, Detroit, who had a 73 today, and Lew Worsham, Washington, D. C., with 71.

Clearing weather is forecast for tomorrow when the 18-hole wind-up will be played.

Lubbock Is Tops In Building Permits

Associated Press Staff

Lubbock surpassed Texas' largest cities for building permits issued last week with a \$1,278,595 total.

Houston continued to lead for yearly totals to date with \$11,916,336.

Lubbock's weekly total was over half of its year's aggregate of \$2,196,063.

Normal eyes can perceive about 160 different hues.

Texas Chairman Of Communists Files Court Suit

HOUSTON, March 15. (AP) — A long-time political enemy was taken to the courts today when Ruth Koenig, chairman of the Communist Party in Texas, filed suit with the district clerk asking \$15,000 damages from Christian American, Inc.

Christian American, Inc., whose executive secretary is Vance Muse, was chartered in Texas in 1936 "to combat radicalism in all its forms."

Miss Koenig, who has been a member of the communist party since 1941, said that Christian American had exposed her to public hatred and contempt when it printed and distributed a pamphlet in the State Legislature last week.

The pamphlet pictured Miss Koenig, surrounded by pictures of the 37 members of the House of Representatives who voted against House bill 37, also known as an "anti-closed shop bill."

Underneath the pictures was the caption "Where she leads, we will follow."

The pamphlet bore the letterhead "The Christian American Inc."

Miss Koenig's connection with the bill began when she appeared before the hearing of the House Labor Committee Feb. 18 after which the bill was reported favorably.

She appeared as the communist party head in Texas and objected to the measure.

The bill passed the House of Representatives March 4 by a vote of 96 to 37.

China Rebellion Said Spreading

NANKING, March 15. (AP) — Chiang Kai-Shek warned his party today that the "all-out rebellion" of the Chinese Communists was "spreading wider and wider every day" and said the government must settle the problem by force of arms.

Addressing the opening session of the Kuomintang's Central Executive Committee from the tomb of Sun Yat-Sen, Chiang said events of the past three months in China "clearly prove that hopes for settlement by political means have been shattered."

From the Yangtze River northward, civil war was flaring stronger daily, with the Communists demonstrating unexpected vigor in their assaults on government positions in Shantung Province and Manchuria.

The Communist Yenan radio, heard in San Francisco today by The Associated Press, reported that government planes bombed and strafed the Red capital city for seven hours yesterday and that government troops attacked the southern part of the Yenan border region. In a broadcast yesterday, Yenan reported a government air raid on Thursday.

City Clean-Up Drive Planned

Complete plans for Big Spring's annual spring clean-up campaign probably will be made within a week. W. H. Whitney, acting city manager, announced Saturday.

The city is considering a tentative schedule for the last three or four days of the month, Whitney said, but definite dates will not be arranged until several civic organizations are consulted.

However, Whitney urged that residents begin planning for the drive as soon as possible.

"The sooner we start getting ready, the better job we can do," he declared.

City trucks will operate on schedules similar to those followed in the 1946 campaign, Whitney said.

Paving Of Benton Street Planned

H. W. Whitney, acting city manager reported Saturday that he had been assured that the state highway department would pave Benton street between East Third and the east viaduct, provided curbing and gutters are installed. Whitney conferred with S. J. Treadway, district highway engineer in Abilene, Friday.

Property owners probably will be contacted next week, Whitney said, and if they agree to curb and gutter installation plans, the city will prepare to do the work.

Telephone Users Won't Be Charged For Walkout Period

The Southwestern Bell Telephone company announced Saturday that telephone subscribers in Big Spring would not be charged for service during the four-day interruption of normal operations occasioned by the walk-out of Southwestern Telephone Workers union members.

All subscribers will receive full credit on their next bills for the period of Monday through Thursday, telephone company officials said.

Musical Saga Premiere Soon

A musical saga of "Big Spring," inspired by Shine Phillips' book of the same name and tapped out with pencil in a prison cell, will be given its premiere here scarcely two weeks hence.

In Dallas the Texas and Pacific Railway company male chorus is putting finishing touches on the semi-classic lyrics and score written by Frank M. Grandstaff, a lifetermer in the Tennessee state penitentiary, making ready for the first public performance of the unique work here March 28.

Grandstaff, confined under Tennessee's habitual criminal statute, likely won't be here to hear his composition for the first time, but hundreds of others are expected to turn out to give ear to his stirring story of the "big spring" for which this city is named.

There will be 34 voices in the male chorus directed by Maurice Peterman and accompanied by Donald Bobb. For several months now the organization has been toiling on the intricate musical and lyrical tapestry.

Two performances will be given by the chorus in its appearance here. Tentatively, a 11 a.m. presentation is contemplated for school children. The premiere is set for 8 p.m. at the city auditorium.

"Big Spring" came into being when Grandstaff was interested by Shine Phillips' book, "Big Spring — The Casual Biography of a Prairie Town." After corresponding at length with Phillips, he stopped writing.

Later he reported he had been in solitary for an infraction of prison rules. But during that period he had been impressed with the possibilities of setting the story of the "big spring" and the early day village to colorful music.

According to Grandstaff, he tapped out time with a pencil as he wrote a crude manuscript. Later he polished his score, said by musicians to be virtually perfect in its mechanics, and sent it to Phillips.

In turn, Phillips interested J. R. Shores, T&P public relations director, in the work and the company had the work reproduced and set to work on it with the male chorus.

At the invitation of the Big Spring chamber of commerce officials agreed that the premiere should be in Big Spring.

Plans now are developing to make the occasion one of highlights of the season. The program, presented as a free public service, is expected to pack the auditorium.

The Week

has caused schools to close in some cities. Your best insurance against this wave is to watch your health, don't over-indulge, over-work, or let yourself "run-down." Having spoken, we'll probably start sneezing.

The Red Cross is still \$2,000 shy of its quota. Some 10,000 to 15,000 adults ought not be proud of that — for they haven't made a contribution yet. Only 1,500 individuals have. If the balance would come in for just a little, the quota would be a mere snap.

W. B. Cecil, assistant director of distributive education for the state board of vocational education, was informing the public of vocational education possibilities here last week. Lots of people are unaware of a vocational program offered by the high school and junior college whereby students may attend school and work on a related job. It's worth an inquiry.

The high school band scarcely made anything off the Texas Tech band concert here Thursday. The real losers were those who didn't avail themselves of the opportunity to hear a splendid musical organization.

The story of Borden county having to house a prisoner in the jury room for want of a better place recalls that for years Glasscock county was so free of crime that a mesquite tree grew up in front of the jail door. Crooks shouldn't get any ideas, however, for that mesquite has been chopped.

It's a good thing the telephone tie-up ended when it did, for we were seriously considering importing some Redskins to send up smoke signals from our reporters downtown. This might have involved franchise troubles, and it's just as well that phone bells are ringing again.

Charters Asked For Samoa, Guam

WASHINGTON, March 15. (AP) — Secretary of the Interior Krug announced today he will ask Congress to grant charters to Samoa and Guam for their own civil government.

If the former Japanese Mandated Islands come under US control, he said, he also will seek similar charters for the Marshalls, Carolines and Marianas.

Krug further told a news conference:

1. Alaska, like Hawaii, should get statehood.

2. Canadian railroad interests in British Columbia want to talk over with the United States possible construction of a coastal railway to Alaska.

3. He doesn't plan to do anything about the coal mines situation until John L. Lewis and the United Mine Workers comply with the supreme court decision and cancel Lewis' contract termination notice.

Krug denied a statement by Lewis that the government made no effort to bring the mine operators and the unions together.

West Texas Ranch Manager Succumbs

ELECTRA, March 15. (AP) — Joseph H. Cole, 75, a native of West Texas who lived in the Electra area for 50 years, died suddenly yesterday morning after concluding his chores as manager of the Allen Krohn ranch 10 miles southwest of here.

Funeral services will be held in Bellevue cemetery, donated by his parents, who were among the earliest settlers of Montague county.

Col. Thompson Hails Oil Boost

AUSTIN, March 15. (AP) — Col. Ernest O. Thompson, chairman of the Railroad Commission, today described as "the big oil news of the week" the report of the Oil and Gas Journal that Texas oil operators will receive an additional \$532,000 daily as a result of boosted oil prices.

Thompson described the additional oil income as "flowing into the pockets of Texas oil operators, or rather I should say oil operators producing oil in Texas, by reason of the recent twenty-five cents a barrel boost in the price of oil."

Questioned concerning comparative prices of previous years, Thompson said prices running from \$1.45 to \$1.95 a barrel for the best grade of oil are the highest in Texas since 1926, when oil brought \$2.25 per barrel.

"It's a far cry from the 10 cents a barrel they were getting in East Texas in 1932," he added.

Weather Forecast

Chamber To Meet

The Big Spring chamber of commerce board of directors will meet in regular session at noon Monday in the Settles hotel, J. H. Greene, chamber manager, announced Saturday.

Supervisor

(Continued From Page One)

dence for the company. Everett Cotter, union attorney, is due to present union evidence later.

W. L. Kerr, Midland attorney for the company, submitted minutes of company-union meetings held in Odessa Oct. 23-25, and Jan. 22, 1947. Twelve complaints were listed in the October meeting. He also submitted minutes of an area meeting in Abilene Feb. 12, in Dallas Feb. 21, and the service record of Mrs. Allen.

The committee called Miss Ruby Thacker, chairman of Odessa local 3063, and asked her to give the names of witnesses who could testify of the alleged mistreatment charged by the union.

Miss Thacker gave the names of 25 persons. Some were on duty, others were ill, but several were present and testimony began. Miss Thacker also said she had given testimony on the various complaints to the management, mentioning by name Earl S. Ridge, Midland district traffic supervisor, C. Oliver, area traffic superintendent, and W. J. Hancock, area traffic supervisor.

Miss Shattuck was the first to appear before the commission today. Miss Shattuck said she had never been struck by Mrs. Allen, and had never heard her use abusive language to employees. She said she had never heard of Mrs. Allen striking any other employee.

She said, in answer to a question by Ernest Coker, one of the board, that Mrs. Allen had pushed her chair only once.

"I am long legged," she said, "and it hurt my knee."

She said the company preferred and workers to have chairs close to the switch, but that some of the taller women can not sit as close as others.

Asked by Steinberg if she knew of any other incidents that had led to the walkout, she said that was the only one to which she could bear witness.

Only 2.4 per cent of the petroleum produced in the United States is used for lubricants.

Toastmasters Meet Time Is Changed

Meeting time of the Toastmasters club has been shoved up half an hour to 8 p.m. Monday, E. B. McCormick reminded members Saturday.

The change in time was made in order that the meeting would adjourn in advance of the Gilbert & Sullivan comic opera, "The Mikado," which starts at 8 p.m. in the auditorium. The Toastmaster program Monday will be a panel discussion.

National Oil Scouts Hold Meet In Dallas

DALLAS, March 15. (AP) — Officers of the National Oil Scouts and Landmen's Association met here today to make arrangements for the group's annual convention May 15 to 17 in New Orleans.

They also discussed the issuance of their annual yearbook. Attending the meeting were S. S. Stinson of Midland, president; H. P. Evans of Tulsa, vice president and chairman of the convention arrangements committee; H. F. King of Oklahoma City, chairman of the board; H. Layton John of New Orleans, entertainment chairman; S. M. Jackson of Shreveport, vice president; Robert Denton of Midland, publicity chairman, and H. J. Roberts of Houston, yearbook editor.

86 Well Completions Hike Year's Total

AUSTIN, March 15. (AP) — Eighty-six oil well completions ran this year's total to 958 this week, the Railroad Commission reported today.

The total for the comparative period last year was 922.

Gas well completions totaled 13. The 1947 figure of 122 compares with 149 at the same time a year ago.

Wildcat operations brought in nine oil and two gas wells this week.

The total average calendar crude oil day allowable as of today was 2,311,127 barrels, a 4,055-barrel daily increase since March 8.

Boy's Body Found Hanging In Tree

ALBANY, N.Y., March 15. (AP) — The nude body of a slender, red-haired boy about 12 years old was found today hanging from a tree limb in a wooded area at the outskirts of Loudonville, residential Albany suburb.

Police said three youths who were target shooting had discovered the boy, with his hands tied behind his back. His identity was not established immediately.

Police found the boy's shoes and a pair of pliers near the tree.

The kerosene tree of the Queensland, Australia, bush, burns readily even when freshly cut.

Wheat, Corn Hit New Market High

CHICAGO, March 15. (AP) — A new high since 1917 was scored by wheat, and corn went to the best levels since 1920, breaking through the peak made last July, on the board of trade today.

Strength in March wheat, which set the new 30 year high at \$2.89 3-4 was not maintained to the close. The final price was down more than 3 cents from the top. Deferred wheat deliveries dropped below the preceding close on late selling.

All grains were lower at the opening on selling caused by the government's request for higher margins.

Matson-Asbury Marriage Vows Read At St. Paul's Lutheran Church

MRS. BEN ASBURY

Mrs. Stewart Hostess To Friendly Neighbors

The Friendly Neighbors club met in the home of Mrs. H. D. Stewart recently for an afternoon of embroidery and crocheting.

A monthly report was read by Mrs. C. W. Scherrubie, secretary, and refreshments were served.

Those attending were Mrs. A. F. Johnson, Mrs. W. C. Pacey, Mrs. J. H. Lemons, Mrs. T. A. McGuffery, Mrs. C. W. Scherrubie, Mrs. J. A. Magee and the hostess.

Mrs. T. A. McGuffery will be the next hostess.

Mrs. Cain Winner Of Fashion Revue At Tacky Party

The First Baptist Homemakers class entertained the TEL class with a tacky party at the church Friday evening, and Mrs. G. A. Cain was judged winner of the fashion revue.

Mrs. C. G. Varnell opened the entertainment with a word of prayer and games provided recreation.

Second place winner was Mrs. J. L. Haynes and Mrs. G. C. Potts was third.

Refreshments were tied in paper bags bound with cord. Decorations used the St. Patrick's Day theme, and piano selections were played by Mrs. S. A. Ritter.

Members of both classes attending were Mrs. George Melear, Mrs. G. C. Potts, Mrs. Roy Green, Mrs. R. H. Snyder, Mrs. Chessie Walker, Mrs. C. E. Richardson, Mrs. W. W. Fuglaar, Mrs. C. A. Cain, Mrs. Beatrice Mittel, Mrs. Ina Montiel, Mrs. Ollie Claiborne, Mrs. C. G. Varnell, Mrs. Ida Collins, Mrs. M. E. Harlan, Mrs. S. A. Ritter, Mrs. F. G. Sholte.

Guests present were Mrs. Lina Flewellen, Mrs. R. V. Hart, Mrs. Inez Lewis, Johnny Fuglaar.

VFW Meeting Monday

Members of the VFW Auxiliary are reminded of a meeting which will be held at the VFW hall Monday evening at 7:30 o'clock.

Officers will be elected and initiation will be held.

BIG SPRING DAILY HERALD

SOCIETY Sunday, March 16, 1947 EDITORIAL

Miss Norma Henry Weds C. G. Griffin

Miss Norma Jean Henry, daughter of Mr. and Mrs. R. C. Henry of Chillicothe, and C. G. Griffin, Jr., son of Mr. and Mrs. C. G. Griffin, Sr., were married by the Rev. R. Gage Lloyd at the home of the bride's sister, Mrs. W. E. Ramsey, Saturday evening.

Vows were repeated by candlelight before an improvised altar banked with greenery and flanked by baskets of peach gladioli. Tapers arranged in the chancel candelabra on either side were lighted by Patricia Henry of Chillicothe, sister of the bride, and Billie eJan Anderson. Miss Henry wore a gabardine dress with a corsage of red roses, and Miss Anderson was attired in an aqua dress with a corsage of white carnations.

Miss Helen Duley played piano accompaniment for Mrs. Eddie McElhannon who sang "Because," preceding the ceremony. Traditional wedding marches and soft music during the service were also played by Miss Duley.

Mrs. Griffin, given in marriage by her father, wore an aqua crepe street-length wedding frock made with a peplum skirt and low neckline. Self loops outlined the yoke and she wore a strand of pearls, gift of the bridegroom. Her hat of fresh carnations matched the flowers in a colonial bouquet which she carried.

Mrs. Ramsey, matron of honor, wore a navy blue dress with a corsage of white carnations.

The bridegroom was attended by John Bill Gary.

Mrs. Henry, mother of the bride, and Mrs. Griffin, the bridegroom's mother both wore black with shoulder arrangements of white gardenias.

(See WEDDING, Page 2, Column 4)

RESIDENTS OUTLINE PLANS FOR NORTH SIDE PROJECT

A lively, well-attended session which effected plans for a beautification project and program of civic improvement was held at the North Ward School Friday evening by property owners and residents in-

terested in activities started by the North Side Civic Committee.

Meeting with the group were Herbert Whitney, city manager, D. M. McKinney, chairman of the chamber of commerce beautification committee and O. R. Bollinger, candidate for the city council.

Objects of the organization were outlined as follows:

1. To promote the welfare of the city as a unit in cooperation with other civic groups.
2. To raise standards of community life.
3. To secure adequate city ordinances and laws for the safeguard of health, safety and property.
4. To bring into closer relationship and cooperation the city officials, school board and general public.
5. To develop cleanliness, beautification and recreation for the good of all.

Also discussed were additional street lights, markers, better sewage facilities and more water mains. Committees were appointed and plans aired for a North Side park.

Fourteen persons attending joined the organization which voted to use the name, The Ridgeway Civic Club.

Mrs. B. E. Winterrowd, chairman of the committee, presided over the session and others attending were Mr. and Mrs. S. L. McCormick, Mr. and Mrs. Earl Hollis, Mr. and Mrs. Cliff Robinson, Mr. and Mrs. L. B. Kimman, Mr. and Mrs. Sam Fields, Mrs. K. J. Neilson, James C. Tonn, R. Q. Self, Mrs. R. D. Sallee, Mrs. Alvin Vieregge, Mr. and Mrs. Truett Thomas, Elmer Askins, Luther G. Bedwell and N. B. Davidson.

College Barn Dance Is Well Attended

Approximately 100 persons attended the barn dance sponsored by staff of El Nido, college newspaper, Friday evening in the VFW hall.

In carrying out the Western theme, saddles and bridles were hung about the hall and hay was scattered over the floor.

Soft drinks, potato chips and peanuts were sold, and a juke box provided music.

Party In Ingram Home Fetes Mrs. T. Myles

ACKERLY, March 15. (Sp1.) — Mrs. Tommy Myles, formerly Miss Leona Rudeseal, was complimented with a bridal shower in the home of Mrs. C. W. Ingram Wednesday afternoon.

Hostesses for the occasion were Mrs. J. M. Bradley, Mrs. Bill Hambrick, Mrs. Bill Etchison, Mrs. Charley Sikes, Mrs. J. V. Coleman, Rob Mabry, Mrs. Bruce Cain, Mrs. J. W. Middleton, Mrs. Wiley Roberts, and Mrs. Tom Baum.

Several games were enjoyed and refreshments were served to Mrs. J. Y. Graves, Mabel Coon, Mrs. C. L. Mitchell, Mrs. A. Ruggles, Mrs. Arthur Reed, Mrs. R. B. Myles, Mrs. J. T. Cook, Mrs. Andy Brown, Mrs. Shelby Reed, Mrs. Cecil Sanders, Mrs. C. W. Ingram, Mrs. J. W. Graham, Mrs. Jim Cook, Mrs. Joe Griffin, Mrs. John Rudeseal, Miss Cleola Griffin and the honoree, Mrs. Tommy Myles.

Mr. and Mrs. Denver Harris On Trip To Mexico City Following Marriage Informal Ceremony Read At Church By Rev. L. Thompson

MRS. DENVER HARRIS

Mr. and Mrs. Denver Harris left for a wedding trip to Mexico City Saturday following their marriage at the First Christian church at 8 p.m. The couple was married in a single ring service read by the pastor, the Rev. Lloyd Thompson.

Mrs. Harris is the former Jeanne Morrison, daughter of Mrs. J. A. Glover, and Harris is the son of Mrs. E. Harris.

The couple stood before the altar which was lined with baskets of spring flowers and marked with ivory tapers in slanting candelabra.

Mrs. Vada Mouglin who sang "I Love You Truly," as a pre-nuptial solo, was attired in a pink suit with a corsage of white carnations. Mrs. V. E. Sorrells, who played accompaniment and the wedding marches, wore a pink suit with a corsage of white carnations.

The bride, given in marriage by her uncle, B. D. Malone, wore a white eyelet nylon wedding frock fashioned with a high neck and cap sleeves. The slim bodice fell into a full gathered skirt. Her white hat was ornamented with sweetpeas, matching the flowers which topped a white Bible she carried.

The traditional wedding accessories included an old ring belonging to the bride's mother; the Bible borrowed from Maxine Hull; a blue ribbon in her lock; and the new wedding ensemble, Oneta Chapman, maid of honor, wore a light pink dress with black accessories and a corsage of mixed white buds. Lighting candles before the ceremony were Clara Bell Wright and Mary Jo Morrison. Miss Wright wore a black and white suit with red carnations, and Miss Morrison wore a navy suit with a corsage of red carnations.

Bill Murray, brother-in-law of the bridegroom, acted as best man and Hack Hudgins was an usher. The bride's mother wore a navy and white ensemble with a corsage of red carnations, and the bridegroom's mother wore a light green dress with an arrangement of red carnations.

Mrs. Hack Hudgins registered guests in a white leather wedding book. She was attired in a blue dress with a corsage of red carnations.

Mrs. Harris was graduated from the Big Spring High School in 1941 and is employed in the credit office at Montgomery Ward. The bridegroom, a 1942 graduate of the Big Spring high school is employed by the T&P Railroad. Prior to his army discharge, he served 18 months in Japan.

The bride chose a brown and white suit for traveling and wore brown accessories. Upon their return, Mr. and Mrs. Harris will live at 1605 West Third.

Reaves Home Scene Of Afternoon Party

Mrs. T. D. Whitehorn was honored Friday afternoon at a shower arranged by Mrs. Sam Bennett and Mrs. H. Reaves at the Reaves home.

Maudine Bennett showed gifts and games were played. Refreshments were served to Mrs. Sam Bennett, Mrs. D. A. Sellers, Mrs. Ernest Parrish, Mrs. Roy Bennett, Mrs. J. W. Huett, Mrs. Bernard Huett, Mrs. C. O. Bledsoe, Joan Bennett, Maudine Bennett, Patsy Reaves, and hostesses. Seven friends sent gifts.

Three From Here On Sul Ross Honor Roll

ALPINE, March 16.—Miss Anna D. Linn, registrar of Sul Ross State College, this week announced the honor roll of students from the first semester which ended the latter part of January.

The roll listed 98 students who represent the highest 15 percent of the students scholastically, and included the names of James Tidwell, Joyce Tidwell and Jimmy Marshall, freshmen from Big Spring.

Mary Pearl Hart Feted On Eleventh Birthday

Mary Pearl Hart was honored recently with a party given by her grandmother, Mrs. E. H. Wood in celebration of her 11th birthday.

Games were played for entertainment and refreshments were served to Jimmie June Hightower, Doris Jane Hightower, Williams Sue Noward, Thelma Grace Timmons, Perla Thomas, Polly Thomas, Betty Brock, Marichie Morgan, Shirley Morgan, Jean Ruchanon, Freeda Marie Nixon, Mark Durden, Robert Carrington, Jerry Sanderson, Carol Chapman and Gerald Sanderson.

Crepe Myrtle Selected As Living Memorial To World War II Soldiers

The crepe-myrtle, a well-adapted shrub which grows profusely during the spring and summer months producing colorful clusters of pink, white, watermelon red and blue blossoms, was selected as Big Spring's choice for a living memorial to soldiers of World War II.

Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic, arthritic or neuralgic pain, try this simple inexpensive home remedy that thousands are using. Get a package of 4 lemons. It's easy. No trouble at all and pleasant. You need only 2 tablespoons of lemon juice a day. Often within 48 hours—sometimes overnight—splendid results are obtained. If the pain does not quickly leave, repeat the treatment. The lemon juice will not only soothe the pain but it will also help you to get back to normal. It's a money-back guarantee. Write to Collins Bros. and drug stores everywhere.

Announcement

Mrs. C. B. Bell has sold her business, "Bell's Curio Shop", and wishes to say

Thanks

To her friends and customers for their business and support in the past.

Mrs. Alline True Williams, formerly with Barrow Furniture Co. now has the shop, and will appreciate your future business when in need of gifts and curios.

Wedding

(Continued From Page One)

A reception was held after the wedding, and refreshments were served from a table covered with ecru lace and centered with a fan-shaped arrangement of spring flowers. Silver coffee service was at one end with a three tiered wedding cake at the other.

With the selection of the crepe myrtle comes an announcement of the 1947 contest for growing the living memorial. It has been the hope of the sponsoring organization that local residents will purchase the shrub for a special place in their yards and will further the project by urging support in planting crepe myrtle in flower beds all over the city.

Rules for the contest are as follows:

1. Contestant must send in name and address to the chamber of commerce with a dated receipt of the plant from the nurseryman not later than March 31.
2. The plant must be purchased this year.
3. The entry must be planted where it can be seen from the street.

The judging will be conducted in September when the plant is in full bloom, and the choice will be made on the basis of location, care, growth and beauty. Prizes of \$25, \$15 and \$10 will be offered for the three best shrubs.

It has been pointed out that the general success of the program depends upon the people of Big Spring who can put the project into effect.

Bridge Club Meets With Mrs. J. Jones

Mrs. Jesse Jones entertained members of the Vincent Bridge club in her home Friday afternoon.

A St. Patrick's Day motif was used in decorations and a refreshment plate was served to Mrs. Pearl Hodnett, Mrs. Bud Arnett, Mrs. Lester Owens, Mrs. Gordon Hodnett, Mrs. Pat Harding, Mrs. G. A. Willets, Mrs. Jim Hodnett, Mrs. V. H. Wolf, Mrs. Terrell Shaffer, Mrs. Claude Hodnett and Mrs. Willard Hendrick, a guest.

Griffin, a graduate of the local high school, served as an ensign in the navy for two years and was stationed at Guam. He is now employed by the Big Spring Paint and Paper company.

The couple left for a wedding trip to Dallas, and the bride wore a fuchsia suit with black accessories and a corsage of white carnations. They will live at 1008 Gregg.

Birthdays Celebrated With Party

Jan Masters was honored on her 13th birthday with a party at the Campus Canteen recently. Ice cream, cake and soft drinks were served, and those attending were Ross Wood, Bobby Wheeler, Peggy Carter, Wayne Horn, Annette Green, Betty Jo Milam, Russell Green, Peggy Midgett, Johnny Berry, Susan Houser, W. C. Blankenship, Jr., Ray Adams, Bobbie Ruth Beach, Earl Rusk, Beverly Jones, Robert Reagen, Marvin Wise, Barbara Greer, Richard Laswell, Wanda Petty, Eddie Hooper, Beth McGinnis, Thelma Lou Tucker, Ann Cracker and Wendell Stacy.

In 1946, 51 per cent of the world's merchant shipping was under the US flag compared with 14 per cent in September, 1939.

Nine Births At Local Hospitals Reported

Nine births were reported this weekend from local hospitals. Boys outnumbered the girls two to one, with births of six sons compared to only three daughters.

Newest delivery at Malone-Hogan was a nine pound son born Saturday to Mr. and Mrs. A. W. Batte. The infant has not yet been named.

Born Tuesday to Mr. and Mrs. Ralph Stark was a daughter, Marsha Lane. The infant weighed nine pounds. Mr. and Mrs. John R. Leyse are maternal grandparents.

Mr. and Mrs. Reuben Cox of Stanton also became parents Tuesday. The son, weighing seven pounds, six and one-half ounces has been named Raymond Earl.

The C. H. Hammonds have named their daughter Leutricia. Also born Tuesday, the girl weighed seven pounds, 13 ounces.

At the Big Spring hospital Mr. and Mrs. Fred B. Webb became parents of a daughter, Lalash Frances, born Sunday. The infant weighed six pounds, five ounces.

A six pound, 15 and one-half ounce son was born Thursday to

Mrs. Harmon Elected Alethean President

Mrs. Joy Harmon was elected president during a business and social meeting of the Alethean class of East Fourth St. Baptist church, when the group convened Friday afternoon in the Monroe Gafford home.

Mrs. Gafford, teacher, presided over the meeting. Attending were Mrs. Lloyd Curry, Mrs. Johnny Burns, Mrs. R. M. Stroup, Mrs. W. R. Banks, Jr., Mrs. Joy Harmon, Mrs. Keats Watts, Mrs. James Roy Clark and Mrs. Gafford.

Mr. and Mrs. Raymond C. Ramsey. The child was named Steven Douglas.

A son, who has been named Curtis Handley, was born Tuesday to Mr. and Mrs. Curtis I. Driver. The boy weighed eight pounds, five ounces.

Mr. and Mrs. Herman Wilson are parents of a son, born Monday. The lad was named Billy Wayne.

Only birth reported from Cowper-Sanders clinic was that of a six pound, six ounce son, born to Mr. and Mrs. George O. Mathews. Donald Ray was selected as his name.

Woman's Forum Has Study On Texas At Meet

A study of Texas was the theme when the Modern Woman's Forum met in the home of Mrs. R. A. Eubanks Friday afternoon.

Roll call was answered with individual remarks about the state, and Mrs. Eubanks read an article commemorating Texas Day.

Regular business reports were given by Mrs. Clyde Johnston and Mrs. Eubanks concerning the recent district convention of federated clubs at Fort Davis. Mrs. Johnston was a delegate from the junior forum and Mrs. Eubanks represented the Modern Woman's Forum.

Club members pledged support to the West Side nursery and planned to contribute monthly to the organization.

Nomination committee announced as new officers, Mrs. W. L. Meier, president; Mrs. Bill Bonner, vice-president; Mrs. S. M. Winham, secretary; Mrs. L. E. Eddy, corresponding secretary; and Mrs. R. A. Eubanks, treasurer.

Refreshments were served by Mrs. Zolite Mae Rawlins and Mrs. Cecil Collins to Mrs. Thomas J. Coffee, Mrs. Charles Koberg, Mrs. Bernard Lamun, Mrs. Iva Huneycutt, Mrs. W. L. Meier, Mrs. D. C. Sadler, Mrs. R. L. Warren, Mrs. W. F. Cook, Mrs. A. B. Wade, Mrs. Ira Driver, Mrs. L. E. Eddy, Mrs. Cecil Collins, Mrs. Bill Bonner, Mrs. S. M. Winham, Mrs. Eubanks and Mrs. Johnston.

Here's a frock that's snug places and takes you alone! That new fash dress, they wait, white skirt, spell p-o-p-a-t-t-e-y for Pattern 9461 and for you! Pattern 9461 comes in 37. Miss sizes 11, 13, 15, 17. Blue 13 frock takes 34, 36, 38.

Send TWENTY-FIVE cents in coin for this pattern to Big Spring Herald, Pattern Dept., 212 West 18th St., New York 11, N. Y. Print main size. NAME, ADDRESS, STYLE NUMBER.

Fifteen cents more brings you our Martin Spring Pattern Book with brand new easy-to-sew fashions for everyone. Printed right on its pages is a FREE pattern for an infant's Sacque and Booties.

Mrs. Crosland Hostess To Double Four Club
The Double Four bridge club was entertained Thursday night at a 'white elephant' bridge party to which all members brought white elephants to be placed up for bids. Hostess for the evening was Mrs. James A. Crosland.

Bowls of pansies were placed about the room and tal, frosted glasses of green limeade carried out the St. Patrick's Day theme. Mrs. Franklin Jarrett won high score in bridge, Mrs. Roy Grandstaff won second high and Mrs. Ben Hogue binged. Mrs. Pat Malcock took the floating prize.

Members presented were Mrs. Blalock, Mrs. Dennis Wall, Mrs. Grandstaff, Mrs. Bobby Lassiter, Mrs. W. J. Garrett, Mrs. Franklin Jarrett, Mrs. Hogue, Mrs. R. E. Lee was a guest.

Mrs. Garrett will be next hostess. Mrs. Albert Grantham of Big Spring, and Mrs. Ruth Grantham of Knott are home following a visit in Dallas earlier in the week.

Advisory Board Holds Meet In Lamun Home

The newly elected advisory board for the Order of the Rainbow Girls met in the home of Mrs. Bernard Lamun Friday evening.

Mrs. Tracy Roberts was elected board chairman and Mrs. Bill Bonner, secretary.

Several different plans were discussed during the meeting, and it was announced that all girls between the ages of 13 and 20 are eligible to become members. They must be recommended by the advisory board but do not have to be daughters of Masons. It was also brought out that girls obtain majority certificates if in good standing when they reach the age of 20.

Plans are to hold meetings once each month.

Refreshments were served by Mr. and Mrs. Bernard Lamun and those attending were Mr. and Mrs. Henry Williamson, Mr. and Mrs. C. R. McClenny, Mrs. J. T. Allen, Mrs. Roberts, Mrs. Bonner.

Pope, Gandhi On Nobel Prize List

OSLO, Norway, March 15. (AP)—Pope Pius XII and Hindu Leader Mahandas K. Gandhi are among the candidates for the 1947 Nobel Peace Prize announced by the Nobel Institute here today.

Among other candidates proposed, the institute said, are Herbert H. Lehman, former director general of the United Nations relief and rehabilitation administration; Sir John Boyd Orr, director general of the UN food and agricultural organization; President Eduard Benes of Czechoslovakia, and Mme. Alexander Kollontay, former Russian ambassador to Sweden.

One proposal, the announcement disclosed, was to split the prize between Mme. Kollontay and Mrs. Eleanor Roosevelt, United States representative on the UN economic and social council and chairman of the human rights commission.

Anti-Portal Pay Bill Questioned

WASHINGTON, March 15. (AP)—Senate Republicans striving to beat off proposed changes in a bill to outlaw portal pay suits heard a challenge of its constitutionality from their own ranks today.

Senator Aiken (R-Vt.), told a reporter he "doesn't see how" Congress could pass a law "retroactively barring any legitimate for back wages. Suits are pending for nearly \$6,000,000,000."

"There is a question of constitutionality there," Aiken said. "I have got to be convinced the bill would not outlaw bona fide claims" for back wages. Suits are pending for nearly \$6,000,000,000.

Aiken raised the same point on the Senate floor yesterday as debate on the anti-portal pay legislation got underway.

"What I am wondering," he told Senator Donnell (R-Mo.), "is how you are going to outlaw so-called nuisance suits and not at the same time outlaw legitimate claims."

Rewards Offered In Illinois Slaying

PEORIA, Ill., March 15. (AP)—Rewards totaling \$37,655 have been offered for the arrest and conviction of the slayer of George P. McNear, Jr., president of the Toledo, Peoria and Western railroad.

The road, through its Attorney John Lundholm, announced it had additional \$12,655 was received posted a \$25,000 reward while the by radio station WMBD. The station said it would act as a receiving agency for persons wishing to offer rewards.

Police and FBI agents continued their investigation of the ambush slaying of the 55-year-old chief last Monday night. Chief clues were three footprints found near the scene of the shooting.

REBEL LEADER ESCAPES

ASUNCION, Paraguay, March 15. (AP)—Lt. Col. Alfredo Galeano, who tried to overthrow the government of President Higinio Morinigo last fall, has escaped from a military prison, reliable sources here say, and has taken over command of insurgent forces at rebel-held Concepcion.

Senator Protests Increased Margins For Grain Trade

WASHINGTON, March 15. (AP)—Senator Elmer Thomas (D-Okla.) today protested that the Agriculture Department "was trying to beat down farm prices" by recommending an increase in margin requirements for speculative trading in grains.

The Department's commodity exchange administration yesterday asked grain exchanges in Chicago, Minneapolis, and Kansas City to require margins of at least 25 percent of market value on speculative grain transactions.

"The only purpose... is to depress farm prices again," the former chairman of the Senate Agriculture committee told reporters.

Thomas said he had received a protest from J. E. McDonald, Texas Commissioner of Agriculture, against the action with word that McDonald had protested directly

Big Spring (Texas) Herald, Sun., March 16, 1947 3

to Secretary of Agriculture Anderson.
"McDonald charges that the Department is ceasing to act in the interest of farmers and is becoming the representative of the consumer," Thomas said.

The flies, world's champion jumper, is one-tenth of an inch long but can leap eight inches vertically and 13 inches laterally.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe your own. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugist and ask for four ounces of Liquid Barcintra (formerly called Barcin Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two table-spoonful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly blots disappears—how much better you feel. More alive, youthful appearing and active.

Expecting a Baby?

Mother's Friend massaging preparation helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exquisitely prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy... it helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin... for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use. Highly praised by users, many doctors and nurses. Millions of bottles sold. Just ask any drugist for Mother's Friend—the skin emollient and lubricant. Do try it.

WHAT GIVES 'ROUND TOWN

By Leatrice Ross

The Fort Worth Fat Stock Show and Exposition drained the town over the weekend. The dregs of persons left were at the VFW hall barn dance Friday evening. Power plant failure brought darkness until almost 9 o'clock, and the juke box played only with the assistance of a home-made crank. Otherwise all went well.

Charles Lovelace, Evelyn Green, Harold Bishop, Betty Ray Nail, Mary Ann Goodson motored over town in search of candles and lanterns after the lights went off. Jimmy Tolbert called changes in a variation of the Paul Jones. W. E. Eubanks, James Bostick, Dewey Stevenson, Margaret Crouch plugged in the public address system and sang with the recordings. The floor was strewn with hay and practically everyone was clad in the most western habit, even to boots.

Deafened People May Now Hear Clearly

Science has now made it possible for the deafened to hear faint sounds. It is a hearing device so small that it fits in the hand and enables thousands to enjoy sermons, music, and friendly companionship. Accepted by the Council on Physical Medicine of the American Medical Association, this device does not require separate battery pack, battery wire, case or garments to bulge or weigh you down. The tone is clear and Herbie, they cleanse bowels, clear powerful. So made that you can adjust it yourself to suit your hearing as your hearing changes. The makers of Beltone, Dept. 7054, 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send free descriptive booklet and explain how you may get a full demonstration of this remarkable hearing device in your own home without risking a penny. Write Beltone today. (adv.)

The thing we sell can't be seen. You can't look at a prescription and tell where and how it was compounded. But physicians know that there is a difference. Because skill, care and experience are vital, these guardians of health direct folks to this "Reliable" Pharmacy.

Tollett, Miller Attend Meeting In New York

By PERSONNEL DEPARTMENT
M. M. Miller and R. L. Tollett left Saturday night for New York where they will attend the regular monthly meeting of directors and attend to other company business in Washington and Chicago.

On the sick list this week we find Irene Goodman, Darlene Hayworth, F. R. Cunningham, J. T. Johnson, Miles Wood and Adrienne McNeely.

Mr. and Mrs. Ralph Stark are the proud parents of a 9 lb. 2 oz. daughter, Martha Lane, born Tuesday at the Malone & Hogan hospital.

Walter Frandseg with the Universal Oil Products company was a visitor in the office Wednesday and Thursday.

Mr. Pine with Remington-Rand, Inc., in Midland was a visitor in the office this week.

The former Norma Henry, of our Mailing Department, became the bride of C. C. Griffin, Jr., last night in the home of her sister, Mrs. W. E. Ramsey.

D. T. Evans went to Austin yesterday to attend the Founder's Day Banquet for the Delta Tau Delta Fraternity.

Two new office employees whom we would like to welcome are Mary Nations, mail clerk, and Betty Thompson, relief PBX operator.

Adrienne McNeely, the former traffic department stenographer, resigned her position yesterday due to her health.

We would also like to welcome the following new refinery employees: Howard W. O'Dell, James M. Bostick and Wm. E. Greenfield.

The office was in quite an uproar this week due to the telephone strike. The switchboard operators complained of lack of work and the telegraph operators complained of overwork.

Entertainment In Forsan Honors Senior Students

FORSAN, March 15. (Spl.) — A coke party feted members of the Forsan high school Thursday night at the school.

Sponsors for the class are Mr. and Mrs. F. P. Honeycut, Laura Whittenburg, Nell Rodgers, Emma Frances Sageser, and Clarence McCusky.

Seniors present were Haroldine West, Bobby Lou Cathcart, Doylene Gilmore, Gyn Oglesby, Dorothy Jean Gressett, Jessie Bell McCusky, Donald Bressett, Donald McAdams, Bobby Wash, Charles Long, Kenneth Barnes and J. B. Hicks.

Forsan Teachers Attend Convention In Lubbock; Visitors Are Reported

FORSAN, March 16. (Spl.) — Among teachers from Forsan schools attending the convention in Lubbock Friday were Mr. and Mrs. G. D. Kennedy, Mr. and Mrs. Glen Whittenberg, Mr. and Mrs. Frank Honeycut, Mr. and Mrs. O. S. Clark, Mrs. Blesse Cathcart, Mrs. W. B. Dunn, Laura Whittenberg, Nell Rodgers, Emma Frances Sageser, Joe Holliday and Gerald Anderson.

Mr. and Mrs. Lloyd Burkhardt and James Lloyd of Wink, and Mr. and Mrs. Jack Graves of Big Spring were visiting in Forsan earlier in the week.

Emma Frances Sageser is spending the weekend in Cotton Center, her home before coming to Forsan. Mr. and Mrs. Brady Nix and Guy of Crane were recent visitors here with the Bill Consers.

Ancl Cathcart is in Colorado City for a weekend visit with relatives.

Clayton Stewart of Oklahoma was a visitor during the week at the C. L. West ranch.

Mrs. J. R. Pike returned to her home Friday morning from a Big Spring hospital where she was under treatment.

Mrs. Lois O'Barr Smith, Gene and Evva, were in San Angelo Thursday.

Mrs. Pearl Scudday returned home Thursday from Brownfield where she visited her sister.

Marjorie Oglesby and Dorothy Jean Gressett are home for the weekend from WTSC, Canyon, where they are students.

Mr. and Mrs. Jewell White, Arlen and George, are visiting in Odessa.

Mr. and Mrs. Bill Johnson were in Temple Wednesday, where Johnson underwent medical examination.

Jack Wise left this weekend for Borger, where he will act as song leader during the next two weeks at a revival being conducted there.

Fishermen this weekend at Possum Kingdom dam were Bobby Asbury, Bill Conger, G. L. Menoroney, Blackie Hines, and Carlton King.

Mrs. J. D. McCullough of Monahans is visiting in the O. D. Elliott home. Mrs. McCullough is Mrs. Elliott's mother.

Webb Hudson of Sterling City was a business visitor in Forsan Saturday.

Mrs. E. N. Baker and Dorina

Ambassadors Attend District Meeting

Five boys, members of the local Royal Ambassadors left Saturday afternoon for Midland where they will attend the district RA meeting. The session is held in the First Baptist church there. Mrs. W. E. Mann, sponsor of the local RA, accompanied the group.

Boys attending are Eugene Carpenter, James Lee Underwood, Fritz Smith, Oakley Hagood and Bobby McCarty.

Have been in Lubbock for a few days.

Mr. and Mrs. James Craig of Hobbs, N.M., visited here with Mrs. Craig's mother, Mrs. Vera Harris, Saturday.

COMING EVENTS

MONDAY
VFW AUXILIARY will meet at 7:30 at the VFW hall for election of officers and initiation of new members. Refreshments will be served.
THURSDAY

CIRCLE FIVE of the First Methodist church meets at 3 p.m. at 404 Scurry with Mrs. C. A. Long.

Early American colonists in Massachusetts and Jamestown failed in attempts to grow wheat for food and it is believed the existence of the colonies was saved by the planting of corn.

A frozen oyster dies if shaken. The ancient Phoenicians were the first great sea traders.

What To Do For That Sluggish, Down-and-Out Feeling

Remember the time when you could eat like a horse, bubbled-over with energy, felt happy as a lark? Was it not because you liked to eat—didn't know what indigestion was, felt strong as an ox? As age advances the "old stomach" needs help. Now you may again release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organic. It has little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Girl Scouts Observe Anniversary With Special Birthday Parties

BIRTHDAY CELEBRATION: Pictured above are intermediates of Girl Scout Troop II as they celebrated the 35th birthday anniversary of the organization in the A. G. Mitchell home Friday afternoon. Lynn Mitchell, pictured left, baked the cake and others around the table are Billy Kathleen Carr, LaJune Haines, Claudia Reed.

Summer Camp Plans Announced For Girl Scouts

Mrs. H. W. Smith, camping chairman for the Big Spring Girl Scout Council, has returned from Sweetwater where she attended a meeting held for the purpose of formulating plans for established camp this summer.

The encampment will be held during the month of July for girls of the West Texas area at Camp Tonkawa. Tentative applications show that 368 girls have indicated they will attend, and since the camp can only accommodate 64 girls each week, it will be necessary to limit the camping period to one week for each girl.

Mrs. Smith has announced that registration will open April 15 and will continue through May 15. Applications received first will be accepted until the 256 are complete. After that, applications will be acknowledged and in the event some girls drop out, a girl whose application has been acknowledged will be next in line to go. It was pointed out by the chairman that if a ten year old girl drops out, the place will be filled by a ten year old applicant. The postmark of the application will be deadline considered rather than the time the application reaches the Abilene office.

Registration fee is \$2.50 and health certificates will be mailed out a week before camp time. Girls will bring their health certificates to camp with them, and fee for the week's camping is \$12.50.

A registered nurse, dietitian and qualified Red Cross swimming instructor have been secured for the month of July. A counselor's institute will be held three days prior to the opening of camp so they may have the opportunity to organize and become acquainted with their duties.

Trial Of Colonel To Open March 24

YOKOHAMA, March 15. (AP)—The Eighth Army announced today that the court martial of Col. Edward J. Murray of Palo Alto, Calif., charged with illegally taking diamonds in government custody to the United States will open March 24. Murray is a former custodian of Bank of Japan vaults.

WAR LOST FOUND

MANILA, March 15. (AP)—Some property looted by Japanese in the Philippines has been found in the Emperor's Palace and in private homes of Japanese government officials. Dr. Eduardo Quisumbing, Filipino representative in Tokyo, has advised the Department of Foreign Affairs.

SEEDS OF GOODWILL: Members of Brownie Troop 16 were snapped at the local postoffice as they prepared to mail flower seeds to scouts in foreign countries. The group includes (from left to right) Sue Boykin, Nancy Kay King, Freda Townsend, Dannie Green, Tootsie Proffitt, Londa Carroll Coker, Anette Boykin, Caroline Miller, Phyllis Driggers and Marilyn McCrary.

SKATING PARTY: Girls of Intermediate Troop One had a skating party this past week as a special entertainment in observance of Birthday Week. Pictured left to right are Shirley McGinnis, Marilyn Miller and Joan Smith.

Meetings Devoted To Programs On Juliette Lowe

Big Spring Girl Scouts, joining with thousands of other girls throughout the world, observed the 35th birthday anniversary of the international organization this past week.

Meetings were devoted to birthday parties and special activities in observance of the celebration. Pennies were collected at the meetings to go toward the Juliette Lowe World Friendship fund, and programs were devoted to a history of the Girl Scouts.

Intermediate girl scout troop 11 observed Founder's Day with a lawn party Friday afternoon at the home of Mrs. A. G. Mitchell.

In connection with the occasion several girls presented a playlet depicting the beginning of scouting. Taking part were Claudia Reed, Billy Kathleen Carr, LaJune Haines, Betty Jo Earley, all dressed in costume.

A birthday cake, decorated with the scout emblem and 35 candles, was served. The cake was made by Lynn Mitchell, one of the intermediate girls.

Pictures were made of the group and those attending were Claudia Reed, Billy Kathleen Carr, LaJune Haines, Beth Telford, Sandra Trapnell, Jane Robinson, Betty Jo Earley, Janice Rankin, Patsy Jo Barbee, Lynn Mitchell, Mrs. Bill Early and Mrs. Mitchell, and a visitor, Mary Ann Hill.

Brownies of troop 19, one of the oldest groups in Big Spring, celebrated the anniversary with a party at the First Baptist church.

The troop had selected Holland as the country to send their garden seeds to earlier in January and in turn decided upon a "Dutch" party for their anniversary celebration.

The girls came dressed as little Dutch girls, with long dresses, white caps and aprons.

Games were played with prizes going to Sylvia Brigham for pinning the "Tail on the Comet," and second going to Barbara Telford. "In the Shoe," first prize went to Barbara Telford and Reba Joyce Riddle won second.

Each girl present gave as many pennies as she was old as a gift for the Founder Fund of Juliette Lowe. \$2.24 was realized from this collection.

Those present were Lenora Ann McMillan, Patsy Louise Davidson, Barbara Lyn Telford, Bette June Phillips, Janette Baugh, Bette Kay Haines, Reba Joyce Riddle, Mary Evelyn Kille, Shirley Banks, Carol Cameron, Sylvia Brigham and a new Brownie member Virgie Ventura Morris.

Refreshments were cleverly served consisting of peppermint sticks, animal crackers, and cookies assembled in the form of a circus ring.

Marybeth Jenkins also dressed as a Dutch girl, assisted mother with the party.

Girl Scout Troop Four met Thursday afternoon at East Fourth Baptist church.

The program included discussion of Juliette Lowe Memorial Fund and high points in history of Girl Scouting.

Refreshments were served to Jimmie Joan Bennett, Linda French, Joyce Elaine Gound, Peggy King, Patsy Maddux, Mary Frances McClain, Juanita Newsum, Mary Frances Norman, Twila Phillips, Shirley Riddle, Lillian Rowe, Barbara Smith, Emma Corrine Tucker, Peggy Todd, Mrs. Carl Smith and Chap Smith.

Day Camp Slated Here June 16-20

Day camp for all Big Spring Girl Scouts will be June 16th through 20th. Miss Arab Phillips will direct the camp, and swimming, cooking, arts and crafts, hiking and other camp activities will be offered.

Day camp provides outdoor activity for girls who cannot attend established camp, and gives to those girls who are going to established camp, valuable training and experience for their camp-period.

Several adult workers have volunteered their service for the day camp, but officials have announced that others are needed for this special period so that the girls may have the full benefit of the experience.

Monthly Projects Discussed By Class

A round-table discussion of monthly projects was held when the Friendship class of the First Baptist church met Friday for luncheon.

Mrs. Vernon Logan opened the meeting with prayer. In regular business the group elected Mrs. Irma Kyle social chairman.

Those attending were Mrs. Dempsey Agee, Mrs. Katherine McCarty, Mrs. Lorene Tuckess, Mrs. Willie Fulmer, Mrs. Kyle, Mrs. Celie Jo Mason and Mrs. Lucille Knox, Mrs. Logan, Mrs. Catherine Beam, Mrs. Mildred Jarratt, Mrs. Thelma Townsend, Mrs. Sara Griffith, a visitor.

The major European languages are related and are believed to have originated from a single language.

Florida Citrus Crop Damage Is Heavy

LAKELAND, Fla., March 15. (AP)—Freeze damage to Florida citrus was heavier than officially estimated, Florida shippers said today in asking the US Department of Agriculture to make a new survey of how much merchantable fruit is left in the state.

The Agriculture Department estimated the loss at 11,500,000 bushels on March 10, but C. V. Griffin, of Howey, spokesman for the shippers, said he disregarded and put the figure at not less than 30,000,000.

THWART REBELLION

BOGATA, Columbia, March 15. (AP)—The Ecuadorian government was reported today to have thwarted a plotted revolution against the government of President Jose Velasco Ibarra.

Bilbo To Undergo Another Operation

POPLARVILLE, Miss., March 15. (AP)—Sen. Theodore G. Bilbo said today he will go to New Orleans next Tuesday for a clinical check-up in preparation for a plastic operation on his lower jaw. In a recent operation a piece of infected bone was removed from the jaw, and it is to be replaced by plastic surgery. The senator said his mouth had healed nicely.

Court Told Bodies 'Littered Beach'

SINGAPORE, March 15. (AP)—A Chinese survivor of the "Singapore Massacre" told a War Crimes court today that "dead bodies littered Changi Beach like fish in a market" after Japanese machineguns slaughtered between 400 and 500 Chinese taken to the beach in one group.

Big Spring (Texas) Herald, Sun., March 16, 1947 5

FDR SHRINE OKAYED

ATLANTA, March 15. (AP)—Chairman Basil O'Connor of the Warm Springs Foundation has approved plans for the State of Georgia to take over the Little White House and a 3,000-acre tract as a shrine to the late President Roosevelt.

Jerome Kern Story Offered At Ritz In Profusion Of Music

The profusion of music gathered together for the Ritz theatre's Sunday-Monday feature, "Till The Clouds Roll By," all but sets a record for Hollywood extravagance, and the result is hailed as top entertainment.

MGM put in, too, most of all its big name talent for a story based on the life of the great composer of popular hits, Jerome Kern. The picture, in addition to its sparkling melody, is done in Technicolor, to add opulence. Through the story of Kern, the man, is woven the genius of Kern, the musician, and his favorite

tunes are etched in color with sparkling brilliance.

The great array of talent features June Allyson, Lucille Bremer, Judy Garland, Kathryn Grayson, Van Heflin, Lena Horne, Van Johnson, Angela Lansbury, Tony Martin, Virginia O'Brien, Dinah Shore, Frank Sinatra and Robert Walker.

It is Walker who appears in the role of Kern. Most of the others will be recognized as artists who will contribute vocally to the musical production.

Among Kern's many hits, presentations include the following: "Smoke Gets In Your Eyes," "Sunny," "Who," "Look For The Silver Lining," "They Didn't Believe Me," "She Didn't Say Yes," "Make Believe," "Can't Help Lovin' That Man," "O! Man River," "I Won't Dance," "Long Ago and Far Away," "A Fine Romance," "All The Things You Are," "Why Was I Born," "The Last Time I Saw Paris," "The Sun Shines Brighter," and "Till The Clouds Roll By."

Truman Waco Visit In Ritz Newsreel

President Harry Truman's visit to Texas gets a prominent play in the newsreel issue which is to be screened at the Ritz today and Monday. The camera catches Truman's call on Waco, and his talk at Baylor University following presentation of an honorary degree by that institution.

LIFE OF A MUSICIAN—A drama based on the life of the noted composer, Jerome Kern, gives opportunity for presentation of many of that writer's popular song hits; and all these are heard in a gala production, "Till The Clouds Roll By," which is at the Ritz theatre today and Monday. Robert Walker (left) appears as Kern. The cast, in addition to Van Heflin and Dorothy Patrick, pictured above, includes such notables as Van Johnson, Frank Sinatra, Judy Garland, June Allyson, Kathryn Grayson and Dinah Shore.

AT THE LYRIC—John Garfield and Geraldine Fitzgerald are co-starred in a romantic melodrama, "Nobody Lives Forever," which headlines the Lyric theatre's program for today and Monday. Walter Brennan and Faye Emerson head the supporting cast.

HILARIOUS TIME—Lou Costello teams up with Bud Abbott again for what has been described as the most hilarious of their many comic films, "The Time Of Their Lives," which is at the State theatre today and Monday. The State offers a double feature program which also includes "Strange Conquest," with Jane Wyatt and Lowell Gilmore.

John Garfield Stars In Drama At The Lyric

Warner Bros.' newest film drama, "Nobody Lives Forever," which is at the Lyric Theatre today and Monday, provides John Garfield with a role which should go far toward pleasing his staunch-

est fans. For the popular screen "toughie," co-starred in the picture with Geraldine Fitzgerald, portrays a rugged and ready army veteran struggling to re-establish himself as a "biggie" in the racket, a role peculiarly suited to the Garfield talents.

The film recounts the moving story of Nick Blake (John Garfield), ex-GI who returns to civilian life only to be quickly disillusioned when he learns that his girl friend, Toni (Faye Emerson), has found herself another man (Robert Shayne). And, as a double-edged insult, she further attempts to ease him out of the \$50,000 he left in her safekeeping.

So, when Nick's side-kick, Al Doyle (George Tobias), suggests that Nick should take the reins in a "con" set-up involving a beautiful and wealthy widow (Geraldine Fitzgerald), Nick agrees. The prospects of two million dollars offset his reluctance to associate with several shady members of the mob which is engineering the deal. The plot gallops along to an exciting climax as Nick succumbs to the charms of the young widow and thereby endangers his happiness because of an inevitable showdown with the unscrupulous gang.

The 1946 production of new aluminum in the US was in the neighborhood of 836 million pounds.

Abbott And Costello Emerge With A New Comedy At State

Those "clown princes" of moviedom, Bud Abbott and Lou Costello, join forces for the umpteenth time to bring forth a piece of hilarity that many reviewers have called their best. It's called "The Time Of Their Lives," and is a featured attraction at the State theatre today and Monday.

The comic team has been given a complete change of material, and comes forth with a comedy that combines smart dialogue, trick photography and physical humor.

The picture opens in Revolutionary War time, and in the manner of a starched period production, and gets a bundle of laughs before skipping to 1947. From then on it gets going at full-speed-ahead tempo and rushes on to a screaming finish.

The tale concerns the efforts of a pair of earthbound spirits, played by Costello and Marjorie Reynolds, to influence living people to find a lost letter which will free them of worldly ties. To say simply that they do it by haunting a house is an understatement in the face of all the weird and comic tricks that go on.

With Miss Reynolds, the supporting cast includes Binnie Barnes, John Shelton and Gale Sondergaard.

CHILDREN LIKE ITS COUNTRY-FRESH FLAVOR

Borden's
PASTEURIZED MILK

The best test of milk goodness is how children like it. The country flesh flavor of Borden's Milk makes little milk rebels call for more. Borden's advanced methods of pasteurization safeguard purity and retain the full flavored richness of milk on the farm. Every bottle of Borden's Milk is produced under Borden Quality Control. Quality is a matter of scientific accuracy.

If It's Borden's It's Got to be Good

Orange trees are believed to have been first introduced into Florida when Spanish explorers ate imported fruit and threw the seeds away.

ARMY IS CHOOSY THESE DAYS, NINE REJECTED HERE

This should bring a chuckle to the Army draftees of World War II who claimed some of the prospective soldiers were accepted for military service if examining medics looked into their ears and couldn't see daylight.

The Army is going choosy in selecting its personnel. One day the past week, nine men sought to enlist in the military forces at the local recruiting station. All were rejected because they could not meet existing standards.

St. Worth Postmaster Stricken At Desk

FORT WORTH, March 15. (AP)—Henry D. Young, 60, postmaster of Fort Worth since 1935, died late Friday night after being stricken at his desk in the postoffice earlier in the day.

Young died eight days after the death of his brother, Judge Bruce Young.

"It was just a bad case of shock resulting from the death of my father," Robert B. Young, his nephew said, Robert B. Young was to take the oath of office today as Judge of the 48th District Court, succeeding his father.

Jaycees Fastest Growing Group In Colorado City

COLORADO CITY, March 16.—Fastest growing organization in Colorado City at present is the Junior Chamber of Commerce which was organized last April under sponsorship of Sweetwater Jaycees. With 104 members, "young men in action," the Colorado City Jaycees hold one monthly business session and weekly luncheon meetings at the Crawford hotel. Lively discussion of current civic issues and community projects mark the noon periods.

Pete Warren, young insurance man and a veteran recently returned from the South Pacific, is president. Warren was elected to replace Ernest Griffith, lawyer, who moved to Lubbock the first of this year. Other officers are Harold Bennett, secretary, Jay Craddock, treasurer. Vice-presidents are Porter Richardson and H. H. Hughston. Serving as directors are Bill Craddock, Willie Landau, Charles Root, Joe Clark, and George Otis Witten.

Among current activities of the group is a campaign for the establishing of an airport in Colorado City. Hubert Moore, a flying instructor, heads the aviation committee. Peter Martin, major retired in the AAF, has been chosen by the Jaycees to make talks.

Further along in the realization stage is the Jaycee softball and playground field for which bids have been requested. Other activities shaping are a yard beautification contest; seeking new industries; better handling of migratory labor; a Quarterback club; Boy Scout fund drive; assisting in the Frontier Round Up; aiding in the livestock show; promoting traffic and other safety.

Chlorine, a derivative of salt, is used both as a poison gas in warfare and as a purifier for water.

Mrs. H. Grant Feted At Afternoon Tea In Hayhurst Home

FORSAN, March 15. (Spl.)—Mrs. Harley Grant was feted with a miscellaneous tea recently in the home of Mrs. L. M. Hayhurst and Mrs. S. C. Cowley, Mrs. C. H. Cox and Mrs. O. W. Fletcher were co-hostesses.

The bride, who before her recent marriage was Imogene Jones, wore a rose crepe ensemble with a shoulder corsage of gladioli.

All members of the house party including Mrs. A. O. Jones, mother of the bride, wore corsages of peach gladioli.

Vari-colored sweetpeas centered the refreshment table and on either side were white tapers in crystal holders. Gladioli and stock were placed about the entertaining rooms where gifts were on display.

Guests registering were Mr. and Mrs. L. C. Alston, Mr. and Mrs. Frank Swiger, Mr. and Mrs. W. E. Allen, Mr. and Mrs. R. E. Peacock, Mr. and Mrs. J. E. Calcoite, Mr. and Mrs. Sam Porter, Mr. and Mrs. Jesse Overton, Mr. and Mrs. W. O. Averett, Mr. and Mrs. Jake Green, Mr. and Mrs. J. D. Leonard, Mr. and Mrs. D. W. Robertson, Mr. and Mrs. B. R. Wilson, Mr. and Mrs. C. A. Ballard, Mr. and Mrs. J. T. Holliday, Mr. and Mrs. Tom Smith, Mr. and Mrs. J. R. Howard, Mr. and Mrs. R. L. Neely, Mr. and Mrs. John Cardwell, Mr. and Mrs. Jewell White, Mr. and Mrs. W. B. Dunn.

Mr. and Mrs. E. E. Blankenship, Mr. and Mrs. G. C. Roberts, Mr. and Mrs. Robert C. Ewell, Mr. and Mrs. B. D. Griffith, Mr. and Mrs. Ott King, Mr. and Mrs. O. D. Smith, Mr. and Mrs. R. E. Duncan, Mr. and Mrs. V. W. Hedgpeth, Mr. and Mrs. Calvin Sewell, Mr. and Mrs. J. M. Craig, Mr. and Mrs. Paul Gordon, Mr. and Mrs. Erda Lewis, Mr. and Mrs. G. D. Kennedy, Mr. and Mrs. J. B. Anderson, Mr. and Mrs. A. L. Grant, Mr. and Mrs. T. R. Perrin, Mr. and Mrs. Buck Epler, Mr. and Mrs. Percy Morrison, Mr. and Mrs. Curtis Grant, Mrs. Bell Hagyard, Mrs. Lewis Heuvel, Mrs. G. L. Monroey, Mrs. R. A. Chambers, Mrs. N. J. Keith, Mrs. Loyd Peck.

Mrs. C. E. Chaitin, Mrs. Luther Moore, Mrs. H. E. Johnson, Mrs. J. E. Thompson, Mrs. Joe E. Carlson, Mrs. R. E. Hughes, Mrs. Bob Kneer, Mrs. M. M. Fairchild, Mrs. H. G. Starr, Mrs. Berl Clark, Mrs. Glen Whittenberg, Mrs. Idella Alexander, Mrs. Henry Park, Mrs. Gladys Cissna, Mrs. D. F. Yarbrow, Mrs. Vera Harris, Mrs. Blease Cathcart, Miss Aquilla West, Vencil Sewell, Bobby Cathcart, Pat King, Gyn Oglesby, Vona Bell Grant, Lavone Hoard, Mrs. A. L. Grant, Mrs. A. O. Jones, Mrs. O. W. Fletcher, Mrs. Dee Angerson, Sammie Porter, Mrs. Fred Lonsford, Mrs. Hal Cox, Mrs. S. C. Cowley and Mrs. L. M. Hayhurst.

The Texas Poll—

Jester Given A Big Vote Of Confidence

AUSTIN, March 16.—As he nears the end of his second month as chief executive, Gov. Beauford Jester is riding high in public estimation.

Nine out of every ten adults approve of the way he is handling his job as governor, according to a statewide survey by The Texas Poll.

On the basis of performance of duty, the governor's current popularity index is fifteen points higher than that of the Legislature.

The poll asked:

1. "Up to the present time, do you approve or disapprove of the way Beauford Jester is handling his job as Governor of Texas?"

2. "In general, do you approve or disapprove of the way the Legislature is handling its job in Austin?"

One-fourth of those interviewed were undecided. Some said it was too early to judge the work of the new governor and the legislature.

In the public's estimation, Gov. Jester now stands just about where he stood last November when he won over the Republican candidate. In the general election, he received 91 per cent of the votes.

Periodically during the next two years The Texas Poll will measure public confidence in the Jester administration just as it has measured the popularity of previous regimes. The Poll's experience has been that a governor is at the peak of his popularity shortly after he takes office.

Coke County Test Checks Ellenburger

SAN ANGELO, March 16.—Exhausting water in Gulf's discovery Ellenburger producer in the Penwell (San Andres) field in southern Ector county and reaching of the Ellenburger by Sun's second Strawn line well in the James pool in northwestern Coke county highlighted West Texas oil developments this week.

Operators were cheered by a 25-cent per barrel increase in the price of crude, giving many fields the highest postings in their history.

Experiencing with various sized chokes, Gulf No. 1-E-A Fogelson-University, Penwell Ellenburger strike in Ector, flowed naturally 95.91 barrels of pipeline oil in 19 hours through a one-eighth inch choke and casing perforations at 8,925-35 feet. It is in the C SW SW 7-35-U, on one of four quarter sections for the deep rights under which Gulf paid E. E. Fogelson \$1,000 cash plus a free well.

Three-quarters of a mile south and the same distance east, Gulf staked No. 1-A Kewanee-University, dated 9,000-foot test, C SW NE 6-35-U. The outpost will be on one of two 160s for the deep rights under which Gulf paid Kewanee \$250,000 cash plus a free well.

Texaco No. 31 W. E. Connell, 9,000-foot wildcat in northern Crane county, 3 1/2 miles west and slightly south of Gulf No. 1-E-A Fogelson-University, produced an estimated 12 to 15 million cubic feet of gas during a 3 3/4-hour drillstem test from 4,660-4,750 feet in Permian lime. It also recovered 1,900 feet of oil and 300 feet of sulphur water and drilled ahead. Location is the C NW SW 29-B16-psl.

Gulf No. 1-HH University, north central Crane wildcat which indicated production in the Silurian and Devonian, recovered oil-cut mud on a drillstem test of the McKee section of the Simpson from 9,995-10,070 feet. It drilled ahead 10,139 feet in lime and shale to explore the Ellenburger. Location is in section 3-31-U, 3 1/2 miles north of the Block 31 field.

Sun No. 1 Fred Jamesson in Coke county entered the Ellenburger at 7,045 feet, 4,900 feet below sea level, and on its first drillstem test of that formation, from 7,047-73 feet recovered gas-cut mud. Both mud and the water banks were oil stained. Seven-inch casing was cemented at 7,045 feet before exploring farther. More than 200 feet of pay was indicated in the Strawn, insuring a larger well than Sun No. 1 Allen Jamesson, the discovery, quarter mile north. No. 1 Fred Jamesson is in the C NS NW 315-1A-H&TC.

In excess of \$300 an acre base was received by Homer H. Jamesson and wife and sister, Mrs. Alice Humble of Post, for a quarter royalty under section 316-1A-H&TC. On the latter tract Sun No. 1 H. H. Jamesson, quarter mile west of the pool opener, had passed 2,298 feet in lime and anhydrite.

Cities Service No. 1 Thos. S. Riley, prospective western Gaines county discovery, was due to shoot the Clear Fork. On its last test before shooting, it swabbed dry in eight hours, recovering 102 barrels of oil, cut up to 20 per cent by basic sediment and drilling water. The section from 7,505 to 7,251 feet, the total depth, had been treated with 12,000 gallons of acid. Location is the C NE NE 361-G-CSSD&RGNG, 4 1/2 miles

Kleberg Said Resting Easy After Attack

WASHINGTON, March 15. (AP)—Former Texas Representative Richard Kleberg of Corpus Christi, stricken yesterday by heart disease, was reported resting comfortably today in George Washington University hospital.

Attendants said his condition is "satisfactory" but that he will remain in the hospital for observation of a coronary thrombosis condition.

Kleberg, part owner of the King Ranch in South Texas, was taken to the hospital from his hotel yesterday morning.

Several days ago he suffered an attack, but recovered and planned to fly to Texas to attend a cattlemen's convention in Fort Worth, Bad weather caused cancellation of the flight Wednesday. He planned to be advised by his physician to go to the hospital.

Kleberg came to Washington three days ago to urge federal action in combatting the spread of the foot and mouth disease in Mexico.

RANCHER SUCCUMBS

LAREDO, March 15. (AP)—Jose Ma Sanchez, 81, ranchman and dairyman of Webb and Zapata counties and a resident here for 57 years, died at his home yesterday after a short illness. Survivors include his widow, four daughters and three sons.

northwest of the Doss pool but separated from it by a 6,192-foot failure.

Dual completion of Cities Service No. 2 R. A. Wheeler on the Winkler-Ector county line extended the Wheeler field one location east-northeast. The well, C SE NE 10-46-1&T&P, registered a daily flowing potential of 397 barrels of oil from the Ellenburger at 10,658-705 after acidizing, and 298 barrels daily from Devonian pay topped at 8,415 feet.

Two west outposts and a diagonal southwest offset to its opener of the Irish (Clear Fork) pool in southwestern Hale county were staked by Stanolind. Standard of Texas and Humble jointly started a west offset to Stanolind No. 1 E. L. Fisher, Pennsylvania strike in southeastern Hale, and Stanolind staked northwest and southeast outposts.

Stanolind Pipeline Co. plans to lay 6-inch lines to both fields from its 16-inch Sundown-to-Drumright, Okla., trunk lines.

When You Know How, It Is Easy, To Get Well

Cuts From Cases:

In Agreement:

RUPTURED INTERVERTEBRAL DISC—

In 1941, I fell from a 40-foot ladder, landing on my feet and in a sitting position. I suffered from a number of fractured ribs, broken bones in my feet, and severe pains in my lower back and right leg. I received medical treatment. As time went on, it became difficult to sit down. My condition was diagnosed as a ruptured disc in the lower part of my spine. An operation was advised as the only means of a cure but I was told that it might not be successful. Out of desperation and being unwilling to undergo the surgeon's knife, I sought Chiropractic aid. The cause of my trouble was located and adjusted. I experienced almost immediate relief and, within a few days, was free of all my symptoms. I can heartily recommend a scientific Chiropractic health service to those who are sick.

ASTHMA AND SINUS—I had Asthma and Sinus trouble for six years. I spent nine weeks in a hospital without getting well. I spent thousands of dollars without getting better. Drugs gave only temporary relief, but that was all. Going south to a warmer climate did not help. I had about decided that nothing could help me when I noticed an ad in the paper stating what Chiropractic could do for Asthma. I want to shout from the house-tops to all sufferers of these and other disorders to try chiropractic and see what can be done for them.

"It is quite easy to replace the vertebra with a moderate amount of manipulation, and many patients find relief in the hands of chiropractors." James Brailsford, M.D. (Deformities of the lumbosacral region of the spine—British Journal of Surgery, 16:562, April 1929).

"There was a time when I looked at chiropractic through a pair of bifocal lenses, the upper plus prejudice, the lower plus lack of investigation. But because medicine with all its adjuncts had failed to reach the complicated ailments of my invalid wife. I like a drowning man, grasped for anything in sight. I learned of Chiropractic through a friend of mine. I went at once to a school of chiropractic and remained two weeks investigating the science of chiropractic and, to my surprise, they were actually getting results on cases that were hopelessly incurable from the standpoint of medicine. The sooner the medical profession recognizes the work of the Chiropractor, the better. He is doing a work that medicine cannot do; he belongs exclusively to the class of specialists and should be recognized."—M. E. King, M.D. (Therapeutic Review, 1918).

H. M. S. PINAFORE—Virginia Blair, cast as Josephine, and Edgar Iverson are shown together with a portion of the cast in the famous Gilbert & Sullivan satire, "H.M.S. Pinafore," a take-off on the "British Navee." The comic opera will be presented at 8:40 p. m. today at the city auditorium under auspices of the Lions club. The Breden-Savoy company presents the "Mikado" at 8 p. m. Monday.

Comic Opera Set For Show Tonight

"H.M.S. Pinafore," first of the Gilbert & Sullivan comic opera presentations here by the Breden-Savoy company under sponsorship of the Lions club, will be heard starting at 8:40 p. m. today at the city auditorium.

The "Mikado," another of the delightful G&S satires, will be presented in matinee Monday and again at the final performance at 8 p. m. in the auditorium.

More than a score of songs, including many enduring favorites, are included in today's production, which pokes fun at the British royal "navee." "Pinafore" has been such a favorite since it was first presented in 1878 that it has been almost continuously in production.

From the time the Rt. Hon. Sir Joseph Porter, KCB, played by Fraser Lister, demonstrates such a proclivity for knob polishing that he rises to be first lord of the admiralty, there is a parade of jingling melody and sparkling humor. Mrs. Cripps (Little Buttercup) and Dick Deadeye, comic characters, constantly keep the satirical piece stirred with fun.

Among the many numbers to be heard the "We Sail the Ocean Blue," (ensemble), "I'm Called Little Buttercup," "My Gallant Crew," "When I Was a Lad," "Fair Moon," "Farewell, My Own," "Oh Joy, Oh Rapture."

Everett Nygaard is cast as Captain Corcoran; Henri Scanlon as Ralph Rackstraw; Marsden Argall as Dick Deadeye; Howard Albertsen and Bill Bobstay (boatswain); Eric Davey as Bob Beckett (carpenter's mate); Virginia Blair as Josephine (captain's daughter); Helen Glover as Hebe (Sir Joseph's first cousin); Vickie Vale as Mrs. Cripps (Little Buttercup);

Paul Gregory, Keith Bentley, Dan O'Brien, Lew Harper, as crew members; and Bette Sanderson, Doris Brous, Thelma Dare, Carla Cartiere, Wauneva Ball and Sheri Mason as relatives of the captain.

Scene is on the quarter-deck of the HMS Pinafore, off Portsmouth, the first act being at noon, the second at night.

Both "Pinafore" and "The Mikado," are among the best works of the famous team, William S. Gilbert and Arthur Sullivan, who had the eccentricities of genius and finally split up over the most trivial of arguments — the price of carpet for the Savoy Theatre. Their works, however, set standards for comic opera excellence.

Truett Sheriff Will Conduct Services

Truett Sheriff, coordinator of religious activities for Hardin-Simmons university, will speak at both morning and evening worship services at the First Baptist church. He will speak in the absence of Dr. P. D. O'Brien, who is leading in a revival at Texas City. Dr. O'Brien had intended to be back for Sunday services, but the pastor in whose church he is leading the meeting became ill and was unable to return to his pulpit.

Tax Collector For County Getting Set For Big Landslide

County tax collector-assessor John Wolcott and his co-workers are getting set to do a landslide business between now and April 1.

In the 13 operational days remaining in March, something like three-quarters of the persons in Howard county owning vehicles are going to have to purchase new license plates or put their machines in storage until they do register them.

Through Thursday, only 1,425 sets of 1947 tags for passenger automobiles had been distributed by the department. Last year, over 5,500 such vehicles were registered at the collector's office.

New plates must be displayed no later than April 1.

HOME VOLUME UP

Vital Decision Brought Into Open

The tempest is mounting over President Truman's appeal for aid to Turkey and Greece, which was a straight-forward if not blunt statement of policy regarding counter measures to international propagation of communism or Russian internal political influence.

Shortly the Congress of the United States will have to make up its mind on the appeal, and in so doing, serve notice as to which direction United States foreign policy is to go. It is a major issue, and one of the things to be accomplished by it is a clarification at home. If there is to be a cleavage, it is plainly defined; it will be international versus national. It will define basic factions into those who believe in isolationism and those who do not. For this reason, the President acted wisely in going to Congress rather than manipulating behind the scenes.

Strange bed-fellows already are in the making. The liberals, such as Henry A. Wallace, are voicing opposition to the loans and so is the isolation bloc under the umbrella of the Chicago Tribune. It is equally true that some isolationists will team up with the internationalists, not because of love but because bitterness toward communism is the greater.

The choice is not an easy one, for in a sense it means by-passing the United Nations by indirect intervention. Yet, this very step has been made necessary by (1) Russian reluctance in permitting rapid development of the UN into a virile organization, implemented with ample authority and power, and by (2) Russian efforts constantly to extend the Soviet sphere of influence by whatever method, short of war, which presented itself.

There is increasing evidence that Russia's rul-

ing clique has not abandoned its goal of world revolution. Between the Russian people and the people of the United States there is no cleavage, because each respects the other's right to live its own way within its own borders. Few would protest Russia's right to a domestic policy of communism, for such an extreme philosophy was the inevitable result of czarist-theological tyranny and corruption. Few, however, can appreciate the Marxist conception that the doctrine of communism must engulf the world, for this is a doctrine of fear, born of inferiority. It is an admission that communism cannot stand without modification alongside of democracy.

This is not to say that democracy, as it is practiced, is perfect. Quite the contrary. Indeed, there is a lot of difference between nominal and actual democracy. One of the greatest tasks confronting the United States today is to lead in a demonstration of the difference. It has such an opportunity in the Greek crisis by seeing that its aid is used for the encouragement of democratic processes rather than the mere perpetuation of a government opposed to Russia. Any number of types of government other than democratic could serve that purpose. Aid on this basis would be delaying by pouring sand down the rathole. Honest relief and aid under terms which would foster the growth of self-determination would be working toward a permanent solution. The investment then would have hopes of achieving its objective by getting at the very foundation. Though aid manifestly is a "package," it should be, through fairness and understanding, a gesture toward the ideal that people, responsible to the people, shall guide the nations.

Cotton Belt Changes Complexion

By FRANK GRIMES
Herald Staff Writer

Based on a study of the ten-state Cotton Belt, the School of Rural Social Economics of the University of Virginia comes up with the conclusion that the South has to a large extent escaped "from the bondage of a one crop system." It presents its findings in the U. of V. News Letter.

The most startling changes have come over cotton production itself. In 1929 the ten states harvested 42 million acres of cotton, while in 1944 the acreage harvested was only 18 million, or 57 per cent less. However, the use of fertilizer, employment of better land and improved methods kept production up for a loss of only 30 per cent in spite of the 57 per cent acreage decrease. In terms of lint, the yield was 168 pounds in 1929-32 and 250 pounds in 1942-46.

The 24 million acres taken out of cotton production went largely into other crops, the survey found, though seven million acres was abandoned as crop land altogether.

Heavy increases in acreage devoted to crops other than cotton are indicated in all the ten states. Sorghum, mostly in Texas and Oklahoma, increased its acreage 98 per cent. All hay increased 55 per cent, while lespedeza hay increased 877 per cent. Peanuts, which with vegetables and rice scored remarkable gains as cash crops, increased 154 per cent.

The number of farms are decreasing, but their size is increasing. The rural population dropped 27 per cent from 1930 to 1945, due partly to the war. Increased farm production in an area where both farms and population are decreasing points to greater mechanization of agriculture, in addition to other improved methods. Tractors on farms in the cotton belt increased 263 per cent from 1930 to 1945, but there are still only 4.6 tractors

per 1,000 acres harvested in this region as against 7.6 per 1,000 acres in the rest of the country.

Among representative increases from 1920 to 1945 in production on Southern farms are chickens, 131 million head in 1920 and 226 million head in 1945; eggs 314 million dozen and 663 million dozen; milk, 1,022 million gallons and 1,839 million gallons.

Vegetable production has shown consistent gains, especially in Texas. Turkey production dropped nearly 50 per cent in Texas and Oklahoma from 1939 to 1944, but gained in the eastern states. Cattle and hogs reached new highs in the last 25 years, but hogs still were below the 1920 total.

The survey concludes that the cotton belt has "achieved a considerable degree of balance in its agriculture in the last 25 years, but most significantly in the last 15 years." It gives credit to the bollweevil, the depression, the government programs of aids, and World War II. It says the trend is so strong that the movement toward a diversified agriculture probably will continue. As regards government programs, it notes that "the tendency since 1862 has been for them to increase in importance and scope with time." Whether continued or not, "a vast number of farmers have learned through AAA the benefits of crop rotation and soil conservation and have developed habits of farm management which should continue until the economic pressure of high debts and high taxes forces many to return to the now generally discredited, exploitative system of farming."

The ten states included in the survey were North and South Carolina, Georgia, Alabama, Tennessee, Mississippi, Louisiana, Arkansas, Oklahoma and Texas.

The Nation Today—James Marlow—

Schwellenbach Plan Poses Puzzle

WASHINGTON, (AP) — The proposal to outlaw the Communist Party in this country is bound to make men think.

Secretary of Labor Schwellenbach suggested it. Congress may act on it, to outlaw the party or reject the idea.

This proposal involves citizens' rights: Freedom of speech and peaceful assembly, guaranteed by the constitution.

Freedom of speech is not unlimited. You can't dash into a theater and scream "fire" without running the risk of being jailed for endangering lives.

And libel laws protect one citizen against unjust charges made by another to damage him.

But, otherwise, free speech is so much a part of American living, that Americans are apt to accept it as a natural thing.

In Russia, where the constitution, there is a dictatorship with strong limits of freedom. The Communist party in Russia doesn't permit organized political opposition.

There is nothing in the constitution of the American Communist Party which indicates it wants to do anything but come to power peacefully. By Demo-

cratic elections.

But critics of the American Communist Party say they want to come to power here by force and violence and then set up a dictatorship.

From here on is a boiled down account of an actual argument between two Americans who took time out to think of freedom because of the Schwellenbach proposal.

Joe: Do you think the Communist Party should be outlawed?

Jack: No. It might drive the Communies underground and make them harder to find and watch. Besides, they have a right to say what they want. It's a right, a freedom we all have.

It's certainly a freedom political parties have and the Communist Party is a political party.

Joe: Do you think anyone has the right to urge the overthrow of the government by force?

Jack: Of course, not. Anyone who does can be jailed. There's a law on the books now against that.

Joe: Do you think the Communist Party has a chance of coming to power by a vote of the

people?

Jack: No. The American people won't go for Communism. Joe: All right. So right now you don't think the Communies will ever have a chance of winning by elections.

Right now you're all for letting the Commie have freedom, but really only because they're too weak now to be a danger now.

But when you think they might some day win control, you're not so sure you don't want to wipe out their freedom now so they can't wipe out our freedom later.

Jack: But I just thought of something: If I take away the Communies' freedom now by outlawing their party, we may be laying dangerous groundwork for the future. I mean:

If we once do this, some day and for some reason the Democrats (or the Republicans) may have such control of the government by elections that they'll outlaw all other political parties.

That could happen, and, if it did, we'd have one party rule and a dictatorship.

Joe and Jack didn't find an answer. You try it.

Affairs Of The World—DeWitt MacKenzie

Turkey, Greece In Strategic Zone

While there can remain small doubt in most minds regarding the far-reaching implications of President Truman's declaration of a new world policy which is calculated to halt Communistic aggression, a good many folk are puzzled as to just why Greece and Turkey have been selected as the symbols of Uncle Sam's determination.

Why shouldn't we have picked any other two countries in the path of the Red advance? How is it that these two small Balkan States cast such great shadows in global affairs? This column has been asked to elucidate.

Perhaps the easiest way to arrive at our answers is first to set down the objective of this dynamic new policy. To epitomize, it's aimed at preserving the security—both military and political—not only of the United States and the Western Hemisphere, but is designed to maintain world peace.

Communism mingles no words in making it clear that it is out to destroy what it terms the capitalistic governments. It

employs not only political weapons but bolsters them with Bolshevik tactics, that is, the strong-arm methods of direct action. It has struck heavily not only in Europe and Asia but is boring into many countries of the Western Hemisphere.

Things have gone far enough in the United States so that Secretary of Labor Schwellenbach says the Communist Party should be outlawed by Congress.

Well, now, anything which further strengthens Communism, politically or militarily, increases the threat to the security of nations which wish to preserve their own forms of government. That brings us up to Greece and Turkey, and the famous Dardanelles Strait under Turkish control.

These two countries, and the great waterway between the otherwise landlocked Black Sea and the Aegean, form one of the most important strategic zones of the whole world militarily.

Turkey, which straddles the Dardanelles, is the land-bridge between Asia and Europe, and

through the centuries the conquerors have battled for its control.

The Turks have controlled the Dardanelles for 500 years, although the strait long has been internationalized. Now Russia is reaching for domination. Should she succeed, it would give her control of the Eastern Mediterranean and the whole great Middle East.

Such wholesale control of territory by Russia, or by any other single nation, couldn't help menacing the security of other countries.

So the United States proposes to come to the aid of Greece and Turkey because (1) they are hard pressed, (2) they haven't the wherewithal to defend themselves, (3) they are easy geographically for the US to reach, and (4) Britain's own economic crisis makes it impossible for her to give material assistance to these allies. The alternative would be for America to isolate herself, but this would mean tossing the bulk of free Europe, Asia and Africa into Moscow's hands.

BEAR HUG

Hal Boyle's Notebook

Ubiquitous Washington

NASSAU, Bahamas. (AP)—Nassau highlights: Yes, George Washington slept here, too.

Years before he laid a firm financial foundation for antique New England inns by overnight stopovers during the Revolutionary War, young Washington came here to visit a dying brother.

If he came now during the winter season and put up at the swank British Colonial Hotel it would cost him \$32 a day—way up—for an ocean view.

Nassau, which is only 70 minutes by Clipper from Miami, has harvested its best tourist crop since the war.

Among those reported seeking winter homes here are Lord Beaverbrook, London publisher, and Kenneth Roberts, American historical novelist.

A number of movie stars—Cornel Wilde, William Powell, Joan Blondell and Bruce Cabot—also came to escape the rigorous Southern California climate and learned to sign autograph books with an English accent.

Tourists here fall into two classes—the excursionists from the New York steamers who come ashore for a few hours to buy souvenirs and sample the rum at Dirty Dick's bar, and the stopovers, who usually remain for a week or month.

The excursionists get only a glimpse of the real social life of Nassau as there are few nightclubs.

"Nassau goes light on noise and heavy on outdoor romance," said one developer here. Like Palm Beach dwellers, the habits of Nassau get the dry heaves over the suggestion that the colony will ever become "a Miami Beach or winter Coney Island."

The present price scale should keep it fairly exclusive.

Biggest mystery in Nassau history is the still unsolved bludgeoned murder of Sir Harry Oakes, immensely wealthy mining man who came here from Canada because the Bahamas have no income tax.

"And if they pass one I'll go somewhere else," the crochety millionaire used to say.

Natives say they know who killed Sir Harry and that the conscience of the killer will finally bring out the truth.

"He got" talk it out sometime," they say. Police would like him to open the conversation now.

Then the talk turned to the most important domestic problem facing the GOP — rent

control. Banking and currency Chairman Tobey of New Hampshire and Taft led off this discussion, Taft saying that the matter of continued rent control is "a question of Republican policy."

"What do you mean by that statement?" snapped Massachusetts' Lodge.

"Why, the ah-policy committee (of which he is chairman) decided that we should take a united position on rent control," Taft replied, hesitatingly.

Before Lodge could ask him if the policy committee had also decided what position, Taft continued: "That's why we're going to discuss it tonight, so that we can take a position."

Taft, however, seemed a bit undecided as to what the policy committee should decide.

"I've been against the OPA, but up until now I have always made an exception on rent controls," he said.

"But we're going to let OPA go in June," Taft continued, "and it seems to me we'll have to set up some sort of special commission to administer the controls. But we'll have to be careful that it isn't staffed by the same crowd that's now in OPA." (That, of course, would be the people who are best qualified by years of training to administer rent control.)

New Hampshire's Tobey then spoke in favor of continued controls.

"I'm against any across-the-board raising of rent ceilings until the housing shortage is over," he said. "If there are certain hardship cases involving the smaller landlords, there's no reason why an administrative board cannot handle such cases and see that justice is done."

CHAMPIONS LANDLORDS
Ohio's John Bricker emphatically disagreed with this. He wanted complete abolition of rent controls, and spoke about freedom from bureaucracy and hardships of landlords. But most of the senators present did not notice a direct slap Bricker took at Taft's earlier proposal of a special commission to administer rent controls.

"We're not going to solve the problem of a Democratic OPA by creating a Republican OPA," opined Taft's alleged friend from

Washington Merry-Go-Round—Draw Pearson

GOP Solons Split On Rent Control

WASHINGTON. — The man who supplied a large part of the fireworks at the closed-door Senate Republican "gripe" caucus was not one of the 16 rebel Republican freshmen who had demanded a greater voice in party councils, but Senator Henry Cabot Lodge of Massachusetts.

Lodge had Taft of Ohio and Wherry of Nebraska squirming as he assailed party spokesmen for making "promises" impossible to fulfill and especially for proposing that rent controls be abolished.

One of the "promises" Lodge referred to was the ill-fated GOP prediction, later disavowed by most Republican leaders, that taxes could be cut 20 per cent across-the-board. Senate leaders replied to Lodge that this blunder had been made chiefly by ways and means Chairman Harold Knutson of Minnesota, who shot off his mouth prematurely.

"Well, no one is making any promises or commitments for me and no one has been authorized to do so," declared the young Massachusetts senator who was re-elected to the Senate after serving in the army. "I'll do my own talking."

BALDWIN REBUFFED
On the whole, the GOP Senate caucus proved a healthy experience in democracy, during which several young Republicans made it clear that they weren't going to be stepped on by the party bosses.

Though all newsmen were barred, it can be reported that the meeting opened with a brief discussion of the letter which Connecticut's new Senator Baldwin and 15 other newcomers sent to GOP Chairman Carroll Reece complaining of Republican leadership. Veteran Senator Owen Brewster of Maine then took Baldwin to task mainly for having released the letter to the press. Otherwise, he assured him, as did other GOP leaders, that everything would be worked out satisfactorily. Baldwin replied he too was sure things would work out; that he was sorry he had released the letter to the press, but glad he had written it.

Then the talk turned to the most important domestic problem facing the GOP — rent

control. Banking and currency Chairman Tobey of New Hampshire and Taft led off this discussion, Taft saying that the matter of continued rent control is "a question of Republican policy."

"What do you mean by that statement?" snapped Massachusetts' Lodge.

"Why, the ah-policy committee (of which he is chairman) decided that we should take a united position on rent control," Taft replied, hesitatingly.

Before Lodge could ask him if the policy committee had also decided what position, Taft continued: "That's why we're going to discuss it tonight, so that we can take a position."

Taft, however, seemed a bit undecided as to what the policy committee should decide.

"I've been against the OPA, but up until now I have always made an exception on rent controls," he said.

"But we're going to let OPA go in June," Taft continued, "and it seems to me we'll have to set up some sort of special commission to administer the controls. But we'll have to be careful that it isn't staffed by the same crowd that's now in OPA." (That, of course, would be the people who are best qualified by years of training to administer rent control.)

New Hampshire's Tobey then spoke in favor of continued controls.

"I'm against any across-the-board raising of rent ceilings until the housing shortage is over," he said. "If there are certain hardship cases involving the smaller landlords, there's no reason why an administrative board cannot handle such cases and see that justice is done."

CHAMPIONS LANDLORDS
Ohio's John Bricker emphatically disagreed with this. He wanted complete abolition of rent controls, and spoke about freedom from bureaucracy and hardships of landlords. But most of the senators present did not notice a direct slap Bricker took at Taft's earlier proposal of a special commission to administer rent controls.

"We're not going to solve the problem of a Democratic OPA by creating a Republican OPA," opined Taft's alleged friend from

Ohio. Senators Wiley of Wisconsin, Williams, the Delaware poultryman, Hawkes, the New Jersey manufacturer, and Capehart, the Indiana musicbox man, also spoke against rent controls.

"They never allow adjustments simply on the ground that the rent is too low," argued Capehart. "And even when they do adjust because of new furniture or repairs or service, they usually allow an increase not large enough to take care of the extra expense to the landlord."

Senator Harry Cain of Washington, sponsor of a bill to raise rents 15 per cent, spoke briefly for his bill and at the same time for continued controls. Several members had a hard time adding up just what he had said.

It was this barrage from the "landlord-senators" in the secret session which brought some forthright arguments from Lodge, plus Senator Thye, ex-governor of Minnesota who is commanding increasing respect in the Senate, and from Irving Ives of New York who is also making his mark in Congress.

Thye maintained that many more "hardship" cases from a tenant standpoint would be created if rent ceilings were abolished. With great numbers of people bidding for homes, rents would be forced to prohibitive levels for low-income tenants. Thye argued, and veterans, who make up the biggest proportion of young family heads, would suffer most.

"It is my conviction that we need another season of building before the emergency is passed and there are sufficient homes available to keep rents at a reasonable level," said the ex-governor of Minnesota.

HARDSHIP TO VETERANS
Lodge pointed out that the entire Republican party was stigmatized as the advocate of housing decontrols, whereas many Republicans like himself were not opposed to controls.

"This has become a partisan issue and the party is being put on the spot," the Massachusetts senator declared. "I can tell you that this isn't doing us any good in my state, where veterans have the same housing problems as elsewhere."

In Hollywood—Bob Thomas

Hollywood Remembers Yesteryears

HOLLYWOOD, (AP) — Thursday night at the Academy Awards Hollywood showed that it does remember the names that the public has passed by.

Stars of the movie town's biggest show the Olivia De Havilland and Frederic March who won the top acting honors. And outside the Shrine Auditorium 1,200 bobbysoxers and fans screamed for such modern-day names as Sonny Tufts, Alan Ladd and Van Johnson. But the motion picture industry dipped further back into its memory than last year's pictures, and honored the people who were stars when Frank Sinatra was going to grammar school.

Part of the program consisted of movie clips from previous academy winners and following this Ronald Reagan introduced performers who appeared in the honored films of years back.

There were such names as Buddy Rogers, Warner Baxter, Richard Dix, Richard Arlen, Luise Rainer, and for the biggest hand of all, Mary Pickford. There was also a tribute to the departed academy winners, Marie Dressler and George Arliss.

The show's most heartwarming event occurred when Shirley Temple awarded two special awards. The first went to Claude Jarman, Jr., the Tennessee boy who was cited for his work in "The Yearling." He made the most moving speech of the evening, thanking Director Clarence Brown "for picking me out of my schoolroom."

MINER IS FUSTEST
Getting To Asbestos

BINGHAM, Me. (AP) — An Alaskan mining engineer has discovered asbestos near his northern Maine timber town.

Believed an extension of the 100 miles-distant Canadian Thetford Mines, the asbestos vein runs through rock ledges that can be reached only by boat and a walk of several miles.

The asbestos may be lifted out with a sharp instrument.

Neighbors Give House To Widow

CHERRY VALLEY, Ill. (AP) — Mrs. Rupert Baxter, a widow with six children, was notified she would have to move from the house she rented because it had been sold. She had no place to go.

Word of her plight spread swiftly through this village of 600 population. Citizens contributed \$2,000, bought a lot and barn and converted the property into a neat five-room residence for her.

A Capella Choir Concert Draws Crowd Of 250

An estimated crowd of 250 persons attended the musical program presented at the First Baptist church Thursday evening by the Sam Houston State Teachers College A Capella choir.

The presentation here marked the 15th appearance for the choir which gave the program in four parts.

Opening selections included "Adoramus Te," (Palestrina), "O Morning Star! How Fair and Bright," (Bach), "Sleepers, Wake! A Voice is Sounding," (Bach), "Halleluia, Amen," (Handell), "Cherubim Song," (Glinka), "Salvation is Created" (Tschernokoff), and "The Lord's Prayer," (Mozart).

Presented in the second group were "Battle Hymn of the Republic" (Roy Ringwald), "Mountain Song," "Oh Susanna," (S. Foster), "Smoke Gets In Your Eyes," (Kern) and "Ol' Man River," (Kern).

Favorite of the third group was "There Is A Balm In Gilead," (Dawson) and others included "Little David Play On Yo Harp," "Ezekiel Saw De Wheel," (Cain), and "Soon Ah Will Be Done," (Dawson). Presented in the last section were "Beautiful Savior," (Christianson), "Holy Lord God," (Cain), "Resting In His Love," (Brock), "Lamb of God," "We Thank Thee, Lord," (Bortniansky), and "Integer Vitae," (Fleming).

Euell Porter, head of the music department at Sam Houston State, directed the group which sang from memory and wore wine colored Cossack-style robes.

Changes Expand Coverage Of Social Security

Recent amendments to the social security act provide for old-age and survivors insurance payments to thousands of formerly ineligible survivors of discharged World II veterans.

Since benefits are based entirely on military service, it is not necessary for the veteran to have held a social security card or to have normally been covered by the social security act, according to G. D. Clark, in charge of the San Angelo SS office.

Among groups not normally covered by SS but now encompassed by amendments are professional and business men and other employees. It provides for protection to survivors if:

The veteran dies within three years after discharge; he had at least 90 days active service in the armed forces after Sept. 16, 1940; if he were not honorably discharged; and the survivors are not eligible for payments from the Veterans Administration. Proceeds from national service life insurance policies are not counted as payments from the VA. The amendment does not provide for benefits to survivors of servicemen who died on active duty. However, in such cases, if the serviceman had worked in employment covered by SS long enough to be insured, regular provisions of the SS act apply. In all cases, claims must be filed with the nearest SS office.

WEEK'S BUSINESS

Permit Issued To Cosden For Sales Building

Big Spring's 1947 building figures continued to advance steadily last week, with new residential projects again leading the way. The week's tabulation was boosted appreciably, however, by a commercial permit issued to the Cosden Petroleum Corp. Cosden received authority to construct a frame and stucco storage and sales building at 800 East Third street for an estimated cost of \$9,000. The city issued 18 permits during the week for construction costing a total of \$30,865. The week's figures brought the year's total up to \$214,585.

A heavy volume of business was recorded at local livestock sales concerns during the past week. Approximately 1,800 head of cattle and calves were sold and a few hogs. The cattle market was steady, with butcher animals ranging up to \$23 cwt. and stockers again in good demand.

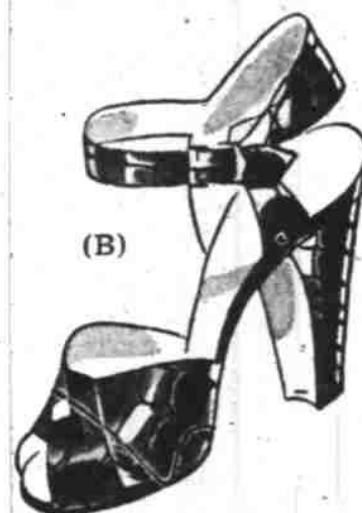

A dozen warranty deeds were filed last week in the county clerk's office, but no large purchasing prices were involved in transactions. The week's total was a mere \$5,202, raising the year's aggregate to \$311,850. The county tax assessor-collector's office registered 17 new cars and five new trucks during the week.

The weaving of woolen cloth was an important industry in ancient Babylonia.
