More Than 100 Are Killed During Holiday

MOMENTOUS SESSION OPENS THURSDAY

FOUR JURYMEN ARE SELECTED TODAY; COLONEL LINDBERGH PRESENT DURING SESSION

DEFENDANT SITS STOLIDLY IN COURTROOM AS SLOW PROCEEDINGS START; DEATH PENALTY LIKELY WILL BE ASKED BY PROSECUTION

BY WILLIAM A. KINNEY
(Copyright, By Associated Press)

FLEMINGTON, N. J., Jan. 2—Sitting a few feet from the father of the baby he is accused of murdering, Bruno Richard Hauptmann, stolid, morose carpenter, began the ordeal of the trial for his life today, and heard accepted jurors say they had no prejudices against capital punishment.

He stared straight ahead through the questioning of veniremen, paying little heed to Colonel Charles A. Lindbergh, seated nearby at the prosecution table. Mrs. Lindbergh, the bereaved mother, was not present.

Another woman, almost lost in the back of the room among a jamming crowd, listened with intense interest. She was Mrs. Anna Hauptmann, wife of the Bronx carpenter and mother of his own infant son, Manfried.

Four Are Accepted

At the noon recess 22 veniremen had been questioned, four accepted and sworn.

The questioning and selecting went forward with unexpected speed. It began almost immediately after Justice Thomas W. Trenchard opened his court at 10:09 a. m. in the most important and dramatic trial of recent years.

A machinist will be foreman of the jury. He is Charles Walton, sr. The others accepted, sworn and placed immediately under guard were Mrs. Rosie Pill, 58-year-old widow and mother of two grown sons, Mrs. Verna Snyder, a housewife, and Charles P. Snyder, a farmer of the Sourland country.

Pamphlet Moot Point

"Criminal file No. 2310," was a moot point in the questioning of the prospective jurors. This pamphlet, satirizing the Lindbergh case and thinly veiling the names and circumstances, was widely distributed in Hunterdon county. Most of the veniremen acknowledged they had read the piece, but none would say that it had anything to do with the forming of an opinion, if he had formed one.

The selected jurors were forbidden to talk to anyone. To their guards Justice Trenchard said:

"See that they read nothing of the case and hear no radio broadcasts."

One of the jurors excused, Elmer Stockton, whose wife is also on the jury panel, said they had discussed the case at home in the evenings.

Questioned by C. Lloyd Fisher of the defense staff, Stockton said he and his wife had not arrived at any opinion on the guilt or innocence of Hauptmann "because we have no evidence."

Agree On Everything

"No evidence at all before you?" the attorney asked.

"No, just what we read and hear."

"And do your wife and you agree on your opinion?"

"We always do."

Through the examination of the veniremen Hauptmann sat with folded hands at the defense table. Mostly, he stared straight ahead in the direction of the judge on the bench. Sometimes he directed a sharp glance to the right or left to take in the spectacle of the jammed court. His wife was lost in the crowd at the rear of the room.

Colonel Lindbergh sat only a few feet from him at the prosecution table. The two seemed to take little notice of each other.

Preparations Ended

The state's legal forces closed their months of preparation with a painstaking review of all phases of the case and a final questioning of Betty Gow, who was nurse to the Lindbergh baby. After the hour's questioning at the nearby Wilburtha state police barracks late yesterday, Assistant Attorney General Robert Peacock said:

"I am impressed that she will be an important witness."

The defense counsel, headed by

LINDBERGH DRAMA SWEEPS TOWARD CLIMAX AS GERMAN GOES TO TRIAL TODAY

When the characters assembled today for the next act in the Lindbergh drama, Bruno Richard Hauptmann, shown against the background of the Hunterdon county, N. J., courtroom, occupied the center of the stage. Among the principal witnesses expected to appear for the state will be (right, top to bottom) Col. Charles A. Lindbergh, Nurse Betty Gow and Dr. John F. "Jafsie" Condon of the ransom negotiations. Also (left, top to bottom) Arthur Koehler, federal wood expert who examined the kidnap ladder; Albert S. Osborne, handwriting expert who says the ransom notes and Hauptmann's applications for auto licenses bear similar writing, and Millard Whited, New Jersey logger and Sourland mountain farmer who says he saw Hauptmann near Hopewell.

LEADERS WORK ON STRATEGY FOR FUTURE

PRESIDENT TO OFFER HIS MESSAGE TO SOLONS FRIDAY

BY CLARENCE M. WRIGHT
Associated Press Staff Writer

WASHINGTON, Jan. 2—Amid silence deeper than any in recent years, the Democratic high command worked today on New Deal strategy for the momentous 74th congress opening tomorrow.

As President Roosevelt labored on his plans, no word went out about details of his recommendations for relief, public works, social security, the budget or any of the other major issues with which the congress will wrestle.

Meeting On Friday

After two working days in which congress will go through the opening formalities and hear the president deliver his message on the state of the nation—expected to be general rather than detailed—legislative leaders are expected to be called to the White House Friday night where, it is believed, the scope of the 1935 New Deal plans will be discussed in detail.

Next week the congress will go to work, with two old-time troublemakers, the bonus and the world court, awaiting it right at the start.

On Capitol Hill today, there was no legislator who professed concrete knowledge of the president's plans. Awaiting his opening message, set for Friday, and the budget message on Monday, each party called organization meetings for today.

Fireworks Promised

The work of organizing was not without its potential fireworks. The 322 house Democrats had to choose

ROBINSON NAMED SENATE LEADER

WASHINGTON, Jan. 2, (AP)—Preparing for the momentous 74th congress opening tomorrow, senate Democrats today unanimously re-elected Senator Joseph T. Robinson as their leader.

House Democrats planned to meet later in the day to name a leader and to agree on Joseph W. Byrns of Tennessee for speaker.

On the senate side, J. Hamilton Lewis, of Illinois, was reelected whip and Hugo L. Black, of Alabama, was renamed secretary of the Democratic conference.

Senator Key Pittman of Nevada was renominated as president pro tempore of the senate.

TAKES UP DUTIES

COLUMBIA, Mo., Jan. 2 (AP)—Don Faurot, former 4-sport star at the University of Missouri, today took up duties as head football coach at his alma mater, succeeding Frank Carideo, last of the late Knute Rockne's great gridiron generals.

THE WEATHER

COLDER

WEST TEXAS: Fair, warmer except in southwest portion tonight; Thursday partly cloudy, warmer in south portion, probably colder in the Panhandle.

EAST TEXAS: Partly cloudy, not so cold in interior and on east coast, frost near east coast tonight; Thursday partly cloudy, warmer. Light to moderate northerly winds on the coast becoming easterly to southerly Thursday.

OKLAHOMA: Fair, warmer tonight; Thursday partly cloudy, probably colder in northwest portion.

LITTLE TOWN IS UNPERTURBED BY GREATEST TRIAL

FLEMINGTON, N. J., Jan. 2. (AP)—Unabashed, Flemington took its place calmly today in that strange little company of obscure towns suddenly and involuntarily lifted to prominence.

Sweltering hot Dayton, Tenn., with its Scopes trial was the successful candidate in 1925. Three years ago it was Hopewell, N. J., with the Lindbergh kidnaping. Last year it was Callander, Ont., with the Dionne quintuplets.

Icy Wind Blowing

Flemington got up this cold wintry morning with an icy wind blowing from the snowclad hills, and talked very naturally, but without excitement, of the trial of Bruno Richard Hauptmann for the Lindbergh slaying.

The town is full of strangers—news writers, photographers, telegraph and telephone men, witnesses, lawyers for the prosecution and the defense, people from nearby villages

RIFT RUMORED AT CAPITAL

ICKES IS GIVEN HINT TO GET RID OF TWO PRINCIPAL AIDES

(By The Associated Press)

WASHINGTON, Jan. 2.—Secretary Ickes has received from the White House, the Washington Post says, a hint that he should get rid of two of his principal aides. A situation so delicate has been created, the paper adds, that it might conceivably lead to resignation of the public works administrator.

The newspaper says sources close to the president have indicated to Ickes that he should dispense with the service of Ebert K. Burlew, chief administrative assistant, and Louis R. Glavis, director of investigation of the interior department.

Wire-Tapping Reported

Wire-tapping of telephone lines to presidential appointees within the interior department and the public works administration was said by the newspaper to have been reported to the White House. It was said that conversations between interior department officials, cabinet members and other agency officials have been recorded by the organization headed by Glavis.

Burlew, it was said, is held responsible for instructions given to Glavis.

Influential Member

Burlew has served in the interior department during four administrations; he was administrative assistant under Secretary Ray Lyman Wilbur and was retained in that position by Ickes. He is regarded as the most influential man in the department next to Ickes himself.

The newspaper says that Secretary Ickes already has defended the two men against many attacks during the last year and a half.

Buchanan Plans To Push Big Program

WASHINGTON, Jan. 2. (AP)—Representative Buchanan (D-Tex) planned today a meeting of Texas representatives from the Brazos river watershed soon as the first move in his campaign for congressional approval of a flood control and power development program on that waterway.

"I have been assured by those who have studied the matter—John A. Norris, chairman of the Texas board of water engineers, and Robert Mimms, president of the Brazos river conservation and reclamation district—that the work can be made self-liquidating," Buchanan said.

Albanian King Is Reported Wounded

ATHENS, Greece, Jan. 2. (AP)—Reports from the island of Corfu today said a bomb had been hurled into the palace at Tirana, wounding King Zog of Albania.

Immediate confirmation of the report was not forthcoming. A revolt, reports from outside Albania say, has been in progress there for some days.

COLD WAVE IS RESPONSIBLE FOR MANY

GENERAL VARIETY OF WEATHER IS BEING OFFERED NATION

(By The Associated Press)

More than 100 deaths were attributed today to the observance of New Year's and the cold wave that swept across the northern half of the nation from the Rockies to New England.

Automobile accidents alone accounted for more than sixty of the fatalities, while fires, gunplay, and other mishaps swelled the total to at least 115. Among the dead was the three-months old daughter of a Waukesha, Wis., couple, who was suffocated the coroner said, when her mother left the child swathed in blankets in a parked car during a New Year's celebration.

Eleven Due To Fires

At least eleven of the deaths were due to fires. Among the victims were five men burned to death in a blaze that destroyed the main quarters of the Cherokee county home at Gaffney, S. C. Four others perished in El Paso, Tex. When smoke from an elevator shaft seeped into the room of a Buffalo, New York, hotel, Robert Patton, went to the ledge outside a window and toppled six floors to his death. He had apparently attempted to leap to an adjoining ledge.

Meanwhile Mother Nature was mixing a hodgepodge of the elements. Temperatures were moderating in the central west, while the cold snap hung on in northern states along the Atlantic seaboard, with the weather man predicting temperatures would sag still lower in parts of the east.

Maine, Vermont and New Hampshire were blanketed by snow, Pennsylvania counted eight dead in traffic accidents during the heaviest snowfall of the season and the national capital donned a mantle of snow for the first time this winter.

LICENSE PLATES BEING RECEIVED

A carload of automobile and truck license plates for 1935 was received here this morning.

The plates will be distributed by state prison trucks to 20 counties of this section.

Lubbock county automobile numbers range from 697,551 to 706,150, the commercial licenses from 100,901 to 102,250.

For the first time, the state prison system made the state's registration plates. Their delivery is being made by the system also.

Albert Moore and Pete Short are in charge of deliveries in this section. Working under them are six prison trusties. Three trucks will be used.

Mr. Moore said that a $35,000 plant installed at Huntsville to manufacture the licenses would be paid for this year. He added cost of manufacture was about 5 cents below the lowest bid.

The plates have white numbers on a maroon background.

A carload of plates shipped to Amarillo recently has been distributed in 27 counties. Another carload will be distributed from Abilene soon.

STUDENTS ARE TO GET JOBS

PUBLIC WORKS MONEY WILL BE USED IN NEWEST PROJECT

Plans to give jobs to about 1,000 unemployed agricultural students of colleges throughout the country, which were made last fall by the United States soil erosion service, will be executed soon, according to information received at Texas Technological college. A list of about 20 Tech students who are interested in the work has been sent to the service.

The project has been planned under the public works' administration with the dual purpose of opening jobs for unemployed students and training persons for the national soil conservation program. Six to eight months' work will be given men recommended by college authorities in each state. A working knowledge will be required of agricultural engineering, agronomy, pasture management, forestry and soils and other such subjects. At least two years college work will be re-

Mrs. R. G. Tucker Claimed By Death

Mrs. R. G. Tucker, 23, of Wink died in a local hospital at 3 a. m. Wednesday. Mrs. Tucker had been in the hospital about a month.

The body will be sent to Dansfield for burial, said Sanders Funeral home.

Mrs. Tucker was survived by her widower; her mother, Mrs. F. A. Thigpen of Hobbs, N. M., one sister, and one brother, T. J. Thigpen of Hobbs.

Two Persons Slain During Saar Riots

WOMEN BROUGHT INTO VIOLENT PART OF THE TENSE STRUGGLE; NAZIS TO GET FREEDOM

(By The Associated Press)

SAARBRUECKEN, Saar Basin Territory, Jan. 2—Two persons were killed and at least 100 injured in New Year's day political strife in the Saar, it was learned today.

Guns, pitchforks, hammers and iron rods were used in clashes throughout the territory between nazis and their adversaries. Half a dozen of the injured received bullet wounds.

Women were brought into the violent part of the struggle preliminary to the January 13 plebiscite last night, when nine shots were poured into the house of a leader of a nazis women's organization in Budweiler. No one was injured.

Geoffrey G. Knox, commissioner of the Saar, decided today to declare a political amnesty as the plebiscite campaign moved toward a climax.

A proclamation probably will be issued Jan. 7 freeing several leading nazis, awaiting trial on charges of slandering the government, and other political prisoners.

Daily rallies are being held throughout the rich little territory. Nazis have delivered the ultimatum that all who expect clemency "after the foreign yoke is removed" must join the German front, nazi organization, by Jan. 10.

At the same time, Saarlanders who have children in French schools were warned to remove them by next week. New Year's greetings from Reichsfuehrer Hitler were received by the local head of the nazis. In return he sent assurances to Berlin that the Saar would vote for a reunion with Germany and that discipline would be maintained during the vote.

LOCAL WOMAN DIES TODAY

MRS. HAROLD GRIFFITH VICTIM OF ILLNESS IN AMARILLO

Mrs. Harold Griffith, 31, who had made Lubbock her home practically all the time since 1907, died at the home of a sister, Mrs. Velton Spikes, in Amarillo this morning.

Funeral arrangements for the well-known Lubbock woman had not been planned, Rix-Bynum Funeral home said. Rites will be conducted here, with burial in a local cemetery.

Once Active In City

She was survived by her widower; six sisters, Mrs. Robert L. Highbotham and Mrs. Spikes of Amarillo; Mrs. Sid Clark and Mrs. W. A. Clark, both of Lubbock; Mrs. R. B. Boren and Mrs. W. A. Wright, both of Dimmitt, and a step-daughter, Grace Marian Griffith, 8.

Mrs. Griffith, the former Miss Alice Johnson, had been ill for several months. Prior to her illness she was active in several women's organizations. She was a sponsor of Las Chaparritas, a Texas Technological college social club, and her inate charm was widely recognized.

The Griffith home is at 2112 Thirteenth street. Mr. Griffith, formerly in the furniture business, now is associated with Watson Furniture company here.

POWER APPOINTED

AUSTIN, Jan. 2 (AP)—Governor Miriam A. Ferguson today appointed A. J. Fower, retiring associate justice of the second court of civil appeals, Fort Worth, to fill the unexpired term of Marvin Brown, incoming associate justice, as judge of the 96th district court in Tarrant county.

Swift Completion Of Trial Planned

GROESBECK, Jan. 2. (AP)—Swift completion of the case for the defense was planned by attorneys today as the trial of Grady Faulkner, charged with murdering Alton C. Gibson was resumed in district court here.

Defense counsel said they expected to complete their evidence today, permitting the case to go to the jury some time tomorrow.

Austria To Accept Independence Plan

PARIS, Jan. 2. (AP)—A last minute decision by Austria to accept a guarantee of her independence by her neighboring states was said in informed French circles today to have removed one of the principal obstacles to conclusion of the projected Franco-Italian accord.

A flying trip from Geneva to Paris by M. Pfugel, Austrian delegate to the League of Nations, was said to have prepared the way for the agreement.

CHANGE LOOMS FOR SYSTEM

DRASTIC SHAKEUP OF PARDON POLICY IS ALLRED'S PLAN

(By The Associated Press)

AUSTIN, Jan. 2—A radical change in the exercise of the pardoning power may be expected after January 15 if the policies of Governor-Elect James V. Allred are carried out.

Mr. Allred himself has said there will be a change. In pre-election speeches he criticized the existing clemency system in general and that of the Ferguson administration in particular.

Limitation Favored

More recently he elaborated with the declaration that for the most part he would follow recommendations of the board of pardons and paroles, even in capital cases, and favored a constitutional amendment providing a new method of selecting members of the board and limiting the pardoning power of the governor.

"Under his plan the board would consist of three members as at present, one each being appointed by the governor, the chief justice of the court of criminal appeals and the chief justice of the supreme court. The governor now appoints all members. Except in cases involving the death penalty, the burden of decision on applications for

Twenty Texas Cons Receive Clemency

AUSTIN, Jan. 2 (AP)—Governor Miriam A. Ferguson today granted three full pardons, 15 conditional pardons and two commutations of sentences.

The governor reduced from 25 to 12 years, the sentence of Johnny Martin, Galveston county, July 1929, robbery with firearms. He has served over 10 years, and from five to two years the sentence of Clyott Cox, McLennan county, May 1934, burglary.

SNOW IS CLEARED

LITTLE FALLS, N. Y., Jan. 2 (AP)—Snowplows freed a four-mile line of buses, trucks and automobiles from the snowdrifts that mounted to 10 to 12 foot heights, just east of here today. In the line were four buses, carrying perhaps 150 passengers. One of those vehicles, with 60 aboard, had been stalled since 11 o'clock last night.

Government Ready For Trial Of Nine

FORT WORTH, Jan. 2. (AP)—Government counsel announced ready today for the trial of Tom McMurray, attorney, and eight others, charged with conspiracy to liberate O. D. Stevens, convicted mail robber and triple killer, from federal custody.

Alex Mood, assistant United States district attorney, said he did not consider it necessary to bring Stevens back for the trial, from Alcatraz prison where he is serving a sentence of 27 years for a $72,000 mail robbery on the Texas and Pacific railroad in 1933.

Mercury Drops To Lowest For Season

Minimum temperature of the season was recorded at the experiment sub-station east of Lubbock last night. The low reading was 15 degrees, as compared with a minimum of 17 reported there Dec. 4.

Municipal airport reported its lowest temperature Monday morning when 14 degrees was recorded.

Bright sunshine this morning caused the mercury to rise sharply.

CLUB REVIVAL IS PLANNED

ROUSING MEETING OF LUBBOCK LIONS IS STAGED TUESDAY

Lubbock Lions, starting off the new year with a rousing meeting, yesterday at Hilton hotel heard plans for the possible revival of inactive clubs during 1935. Sherman Umphress, Plainview, group 4 chairman, said Floydada, Littlefield, and Lockney clubs were on the list for a revival. The extension committee, with Hurley Carpenter, chairman, presiding, was in charge of the meeting.

A duck dinner, with the ducks presented by several members, featured the meal. Jack Diamond, Hurley Carpenter, Burnie Phillips and John D. Mitchell, just before the close of the hunting season killed about 45 ducks and these were served club members.

Poll Is Asked

District Governor E. L. Pitts asked the club to have members determine how many planned to attend the international convention in Mexico, D. F., next summer and to let him know next week. Hotel reservations have been asked definitely by the Mexican city clubs.

A dance number by Miss Pollyanna Earnest, "sweetheart" of the Plainview club and a duet dance by Miss Earnest and Miss Verba Lee Ellison, also a "sweetheart" of the club, were the entertainment features. Billy Nation, Plainview insructor, was at the piano.

Plainview Entertains

Plainview will entertain the district convention April 22-24, Mr. Umphress said. He urged Lubbock Lions to attend.

President Mitchell announced that a "stunt" staged before the local American Legion post recently, would be given before the Spur American legion post January 16. Spur Legionnaires asked that the Lubbock group come there on that occasion and give the program.

Next week the defective eyesight committee, headed by Robert H. Bean, will be in charge of the program.

Plainview Lions here include besides Mr. Umphress, Alex Nisbet, S. J. Barrows and Billy G. Nation.

SUSPENDED TERMS ARE GIVEN BOYS

Judge E. L. Pitts, as juvenile judge, Tuesday afternoon gave suspended terms to four boys, two 12 years old, one 13, and one 8, on theft charges, following the burglarising of Kuykendall Chevrolet company recently. Police arrested the quartet.

Arraigned as delinquents, the quartet was said to have admitted other burglaries, including theft of a purse and also the snatching of a purse. No charges were filed in these cases. Two autoclocks were taken from the car agency.

Judge Pitts severely lectured the quartet. He gave the three older lads sentences of three years each, the youngest two years; suspending imposition of sentence pending good behavior. The four were paroled to the custody of their parents. Further depredations by the boys will result in their being sent to a reform school, it was said.

Dr. Condon Ready To Offer Details

NEW YORK, Jan. 2. (AP)—Dr. John F. Condon, vouching for his readiness to testify for the state of New Jersey in its effort to convict Bruno Hauptmann of the Lindbergh kidnap-killing, said today he regards it as a "dreadful ordeal" but worth while if it results in expiration of the crime.

The 74-year-old retired school teacher "Jafsie" of the Lindbergh ransom negotiations, withheld his opinion as to whether Hauptmann is guilty, but expressed hope that he is nearing an end to the task he set himself two years and ten months ago.

It was then that he entered the abduction case of Col. Charles A. Lindbergh's intermediary, and since that time he has sought relentlessly to bring to justice the perpetrator of what he describes as "the most dastardly crime in modern history."

Grain Pit Chief

Next president of the Chicago Board of Trade will be Robert P. Boylan, 42, shown here in a new picture. Boylan, now first vice president of the nation's largest grain exchange, has been selected by the nominating committee, which is equivalent to election. Boylan has been a broker in his own name since 1918.

ROGERS NAMED AT AMARILLO

SUMMER TEACHER FOR TEXAS TECH CHOSEN AS SUPERINTENDENT

Well-known in Lubbock, Charles M. Rogers, assistant superintendent of the Amarillo schools, has been appointed new superintendent at Amarillo to succeed W. A. McIntosh.

Mr. Rogers has been on summer school faculty of Texas Tech for several years. He also holds a M. A. degree from the local college, completing his graduate work in 1932. Mr. McIntosh also has taught on the local summer school faculty.

John F. Mead, dean and head of the English department of the Amarillo Junior college for five years, was advanced to president. He succeeds B. E. Masters as president. Neither man was a candidate for the post to which he was advanced, it was announced.

SCOUT BANQUET SCHEDULED HERE

Dr. F. B. Malone, chairman of the South Plains area Boy Scout council, said that Tuesday, Jan. 22, has been tentatively chosen as the date for an annual convention-banquet of the area. Details of the program will be worked out by committees, he added, and announced soon.

Lloyd T. O'Neal, Dallas, assistant regional scout executive for the ninth area, is to be the principal speaker. Mr. O'Neal, who has visited Lubbock before, will arrive January 17 and will spend about a week here, working on the program.

Dean James M. Gordon is chairman of the banquet program and K. N. Clapp chairman of the instruction committee. The convention type program will be held, with a group meeting for workers in the afternoon, followed by the banquet and program at night.

Officers for the coming year are to be chosen during the afternoon. The area includes a group of counties in this section, all on top of the caprock.

C. R. SMITHS PARENTS OF FIRST CHILD IN CITY FOR 1935

Mr. and Mrs. C. R. Smith, 501 Avenue H, were parents of the first 1935 baby, a check of local physicians and hospitals showed.

A son was born to the Smiths at 5:30 a. m. Tuesday morning.

Dr. Allen T. Stewart was the attending physician.

Eleven local merchants have offered gifts to the first 1935 infant, as follows: Red and White stores, basket of groceries; Stephen Dry Goods, baby blanket; Lubbock Bakery Co., a "Baldridge Cake" and a loaf of bread every day for a week to the family; Lubbock Laundry Co., two dollar bundle of laundry; Lindsey, Palace and Texan theaters, a $5 book of tickets good at any of the three houses; Broadway theater, $2.50 cash; King's Jewelry, a baby ring; Texas Utilities, an electric warming pad for the mother; City Drug store, illustrated baby book for the mother; Levines, a baby shawl; Montgomery Ward and Co., a crib blanket.

SALVATION ARMY STAGES ROUNDUP

Annual "roundup" of the Salvation Army was conducted last night at the army hall at 709 Thirteenth street, with 130 persons attending the banquet and program. The Fellowship club, with L. R. Chambless as chairman, was in charge of the program.

There were 116 "Salvationists" and 14 guests present. Ladies of the corps served a chicken-turkey supper.

Following the supper, the program included numbers by Lloyd Jobe, Inez Amburn and Charles Meyer and music was furnished by a quartet consisting of Mr. and Mrs. Bullock, Mrs. L. T. Chambless and Captain John G. Churchill.

Durwood H. Bradley, chairman of the advisory board, was the principal speaker. He spoke on the value of friends and of fellowship. In his talk Mr. Bradley said he would rather have the friendship and fellowship of his friends than all the wealth of John D. Rockefeller and Henry Ford.

Son Of President In Auto Accident

PHILADELPHIA, Jan. 1 (AP)—Franklin Delano Roosevelt, jr., son of the president, was in an automobile crash New Year's night at nearby Wayne, but escaped injury, it was learned today. The driver of the car, Edward Newman, 24, of Radnor, was cut and bruised in the crash.

TOUGHIES ARE ON CARD AT AUDITORIUM

DANNY McSHAIN MEETS GENE LABELLE HERE IN MAIN BATTLE

MAIN EVENT

Danny McShain, Seattle, vs. Gene La Belle, Montreal. Two out of three falls to a finish.

SEMI-FINAL

Jack Gorman, San Angelo, vs. Cyclone Bobby Burns, Memphis, Tenn. Thirty-minute time limit.

PRELIMINARY

O. H. Britain, Lubbock, vs. Dave Luttrell, Lubbock. Twenty-minute time limit.

With that card, Promoter Sled Allen bids Happy New Year to wrestling fandom, and ushers in 1935 at the Auditorium with what looms as an exciting evening. The grappling gets under way at 8 o'clock.

The return of Danny McShain to the local ropes is heralded as a feature in itself, and accepted by the wrestling crowd as an appropriate New Year's offering. Extremely popular as a showman and a roughster, McShain is due to fill the Auditorium tonight.

McShain Gets Cheers

For once, McShain will be the people's choice. As much as his style of grappling and his bragging strut are disliked, he will be the favorite over the evil-eyed Gene La Belle. Rarely does a fan observe La Belle in action without harboring a large urge to biff him over the noggin with a crow-bar, so provocative are some of his grappling mannerisms and applications of torture.

McShain has been called the toughest and meanest of them all, but he gets away with it better than the usual run of tin-ears. His ability to absorb punishment is astonishing, and he is rarely without his bravado. High-strung and quick-tempered, McShain means bad medicine for the opponent who riles him.

That Mischievous McShain can wrestle clean when he wants to was demonstrated on one occasion here, a few minutes after a ceremony that made him a married man and which attracted the Auditorium's largest crowd of the summer season. He stuck to straight grappling that evening, but so far as can be learned, it was the last time.

Pleases Honolulu

Since appearing here last fall, McShain has spent several weeks on the West Coast and in the Hawaiian islands, wrestling main events at Honolulu and "getting over" in a big way with natives and visitors.

A special treat is provided for tonight when Jack Gorman, formerly of Plainview but more recently of San Angelo and South Texas, meets Cyclone Bobby Burns in the scheduled 30-minute semi-windup. Gorman came into national prominence several years ago by wrestling the great Matty Matsuda to almost a standstill. The late Matsuda, for years, was champion of his division.

A "Clean" Bout

Tonight's card presents Gorman in his first appearance here under the promotion of Sled Allen. He is a grappler of the Otis Clingman, or Dorry Detton type, and the match is billed as a clean, hard go.

Dave Luttrel, a member of Tech's wrestling crew last season, meets O. H. (The Great) Britain tonight in the preliminary. Britain, recently turned pro, has shown improvement from match to match, although he has been pitted against much more experienced matmen in his local events.

LUBBOCK JUNIOR CAGERS TO OPEN

Lubbock Junior High school Cowboys, coached by Lovic Liston, will open their 1935 basketball season Friday afternoon when they meet the New Home juniors at the local junior high school gymnasium.

A squad of nearly 30 boys has reported to Coach Liston, and the Cowboy mentor appears well pleased with the display of talent already set forth. He has picked as his probable starting quintet for Friday afternoon, Dutch Cawthon and L. D. Venable, forwards; Robert Jones, center, and Robert Allen and Wayne Johnston, guard.

The game is to start at 4 o'clock.

Other promising members of the Cowboy squad are H. P. Ford, who, with L. D. Venable, is co-captain; Ernest Winters, D. H. Stockton, Harold Parsons, J. R. Moxley, Melvin Billings, Roland McCrummen and Thurman Williamson.

The Cowboys have scheduled games with Meadow and Plainview, and plan to enter the Ropesville tournament for junior high school teams next Friday and Saturday week.

Iowa Wesleyan handed out varsity letters to 18 members of its football team at the end of the 1934 season.

BASKETBALL AND WRESTLING tonight at the Texas Tech gym and Auditorium respectively.

The colorful House of David basketball team opposes Texas Tech in what promises to be a couple of stormy weather sessions for the Matadors. Tonight's game begins at 8 o'clock. And don't forget the second game of the series, beginning at the same hour Thursday night.

It is unfortunate that tonight's two athletic attractions conflict. Either one should be worth your time and money, so we suggest you flip a coin to determine whether you go to the gymnasium or the Auditorium.

Danny McShain is showing at the Auditorium this evening, and he'll draw a lot of cash customers. One of the greatest showmen of the rassling racket, McShain is also a good grappler when he takes the notion. He will not have much opportunity to do scientific stuff tonight because his opponent, Gene La Belle, doesn't go for it. But Danny's drop-kicks, his greater speed and elusiveness make him a favorite anyway.

It is possible for you to see the basketball game at Tech and get back to the Auditorium in time for most of the main event. Although both programs start at 8 o'clock, the basketball game should be over shortly after 9 o'clock, which is about the time main events at the Auditorum usually get under way. Or you might see half the ball game and get to the Auditorium in time to see part of the Jack Gorman-Bobby Burns semi-final, which is due to be quite a wow as a wrestling match.

We have been wondering why Mr. Gorman has not invaded this section of the state. A well-known grappler over on the Concho and in South Texas, Gorman comes here for the first time under Sled Allen's promotion. He and Burns should stage quite an exhibition tonight.

MANAGER GEORGE JOHNSON and his House of David cagers offer local fans the opportunity of seeing one of the country's outstanding independent teams in action. They have been coming here for two seasons, and always it is a great court show. The personnel of the bewhiskered team has been altered since its last appearance here, but Manager Johnson informs us that the present lineup is a better outfit than the 1934 club.

The unshaven boys bring a fine record to Lubbock. Since starting the current barnstorming trip, the House of David cagers have won 23 games while losing two. One of their defeats was at the hands of University of North Dakota, basketball kingpins of the North Central conference. The other was lost in the last few seconds of a game "in which we just fooled around," Johnson said.

Johnson, who is a baseball umpire in the American Association, and has been for 21 years, vows that his present crop of cagers is the best yet "because the boys have developed more tean work. They work together better. There is hardly an outstanding man on the team, or a leading scorer. They all have nice eyes for the bucket, and they put on a real show."

THE ALL-STATE high school football team for 1934, released in yesterday's Journal and this morning's Avalanche, fails to list Morris White at a backfield position, but he was seriously considered by nearly all the scribes of the state who voted in the Associated Press poll. Had the Westerners advanced further in the football race, White would have been a sure thing. The thing that kept him off was the fact that Lubbock played no post-season games, allowing more scribes to see him in action.

That wager we made with ourself concerning the number of ultimate all-staters named on our personal all-state team last week was upheld. Our team, printed last Wednsday, consisted of Peterson of Amarillo and Lawrence of Corpus Christi, ends; Allie White and Cook of Masonic Home, tackles; Mathews of Amarillo and Green of Pampa, guards; Sullivan of Amarillo, center; Marshall of Greenville, quarterback; Morris White of Lubbock and Haas of Corpus, halfbacks, and Harlow of Amarillo, fullback. Our guess was that at least four would "make" the official all-state. Eight of them made it.

Checking the A. P. all-state lineup, it is found that Peterson of Amarillo, White and Cook of Masonic Home, Mathews of Amarillo, Sullivan of Amarillo, Marshall of Greenville, Haas of Corpus and Harlow of Amarillo were elected. The three we did not name on our own ballot, who made the team, were Harshaw of Corsicana at right guard, Ed Mitchell of Thomas Jefferson at right end and Aaron Anderson of Ranger at fullback. Mitchell won over Lawrence of Corpus by three votes, but they tell us Lawrence didn't look so hot in the final game against Amarillo. Who did, may we ask?

Morris White, Lawrence and Green, our three candidates who did not make the team, were given honorable mention, would have made the second team had a second team been selected.

Amarillo's Tactless Texan carried the following paragraph in his column yesterday:

"The members of the Sandies say that Haas is a good boy, but not the super-man as publicized. Most of them say that he isn't as good as Morris White, the White Deer boy who was the star of Lubbock. He isn't as hard a tackler, doesn't run as fast and hasn't as much football instinct as White.

WE DO NOT like to brag, but that last batch of football forecasts surely helped boost the guessing average for 1934. Thanks to you, Alabama, Tulane, The West and Amarillo.

POPULAR TEAM MEETS TECH TONIGHT

HOUSE OF DAVID MEN OPEN TWO-NIGHT STAND IN CITY

America's most popular barnstorming basketball team, the bewhiskered House of David cagers, open a two-night stand at the Texas Tech gymnasium this evening as opponents of Texas Tech's Red Raiders in the inaugural series of 1935.

Tonight's game begins promptly at 8 o'clock, and it promises to be one of the best bits of basketball entertainment scheduled for the local college court this season.

Win 24 Out Of 26

It is with the imposing record of 24 victories and two defeats this season, or since the House of David cagers started their current barnstorming tour early in December, that the long-bearded youths come onto the hardwood this evening.

Coach Virgil Ballard's cagers are hardly favored to win from such a consistently victorious ball club, but

STARTING LINEUP

David	Pos.	Tech
Finley (C)	F	Crews
Hickman	F	Wester
Curtis	C	Wilkinson
Ferguson	G	Priddy
Deaton	G	Gilmore

the Matadors have indulged in long sessions of practice since Saturday, designed to polish their attack and smooth their defense against the independent basketeers from Benton Harbor, Mich.

Coach Ballard has shifted his lineup for tonight's game in a further effort to find the right combination. He is placing Leroy Crews and Red Wester at the forward positions, sending Curly Wilkinson, sophomore from Lubbock High, to center, and Will Gilmore, usually a forward, to a guard slot. Larry Priddy will occupy the other guard position.

The Tallest Team

This lineup gives Ballard his tallest combination, what with Wester and Wilkinson in there. Both are normally centers, but Wilkinson has shown enough improvement to merit a starting position.

Manager Johnson, who for 21 years, during the season, has umpired baseball in the American Association, carries a squad of only six men. At present one of the six, Clarence Iba, is ill and may not play this evening, leaving Johnson with barely a starting crew.

"But that's all we need," informs the affable Johnson. "We have no individual scoring star; we all shoot at the basket. By playing the same team together all the time, the boys have come to depend upon the one lineup, and they cooperate and coordinate to an astonishing degree."

Play As A Unit

"They're a colorful bunch of boys, all of them from colleges or universities, and they have brought their college spirit into this game. They have worked together for so long that they are a machine, a unit, and each man always knows where the other is located. Their tricky and fancy passing attack brings cheers from fans who see them."

One of the House of David boys, Dean Curtis, center, who stands 6 feet, 5 inches tall, is a native Texan. His home is at Texico. Once he was a member of the Simmons university quintet, and later played at New Mexico Normal at Las Vegas.

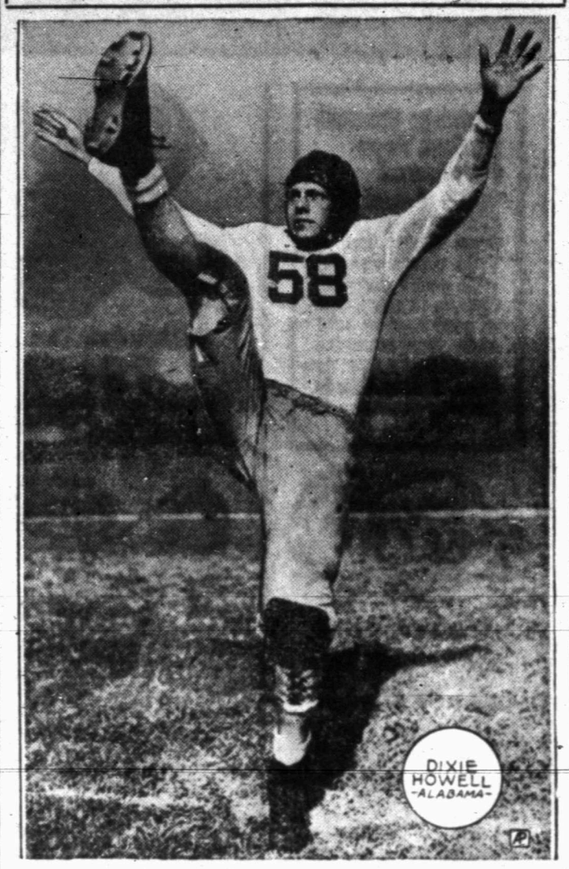

All of the regular House of David players are 6 feet or more tall, and all have played college basketball. Captain Charles Finley was captain of the Maryville (Missouri) State Teachers college team when it finished second in the national A. A. U. tournament in 1932. Clarence Iba was also a member of that team.

Howard Hickman, forward, played at Colorado State university, where Gene Deaton, guard, was a star. Faye Ferguson, the other guard, played at Oklahoma City university.

Tonight's game officially inaugurates the 1935 Tech season, and will be the first at which students will be present. The Matadors lost a series last week to Southwestern Oklahoma Teachers, but these two games, whether the Matadors win or lose, should be more exciting if for no other reasons than that the college band and student rooting section will be present.

Admission for the game will be forty cents, a reduction from the regular 75-cent price charged last season.

ALABAMA STAR TO JOIN BEAUMONT

BEAUMONT, Jan. 2 (AP)—Dixie Howell, Alabama's great halfback, is slated to come to the Beaumont Exporters next spring as a rookie outfielder but Owner Rube Stuart thinks Dixie's position should be in the pitching box. "If that fellow can throw as many strikes with a baseball as he does with a football," said Stuart, after listening to the radio account Tuesday afternoon of the Rose Bowl game, "we'll have to make a flinger of him."

Western Stars Are Victors Over East

ABOUT 55,000 FANS ARE ON HAND FOR ANNUAL CLASSIC

BY BOB LETTS
Associated Press Sports Writer

SAN FRANCISCO, Jan. 2—A western victory recorded for the seventh time in the 10-year history of the East-West football classic, a host of the nation's leading gridiron stars turned homeward today from the scene of their spectacular New Year's battle here.

Playing for the benefit of the Shriners' hospital for crippled children here, the two-all-star squads gave some 55,000 fans a thrilling afternoon yesterday before the final gun boomed a 19 to 13 victory for the team coached by Orin "Babe" Hollingbery and Percy Locey.

Stave Off Rally

Taking the lead when the game was less than two minutes old, the westerners amassed all their touchdowns in the first half, and then staved off a second-half rally on the part of the eastern eleven.

Jim Barber, San Francisco university tackle, provided the winner's first touchdown when he scooped up Miller Munjas' blocked kick on the third scrimmage play and ran 23 yards to the end zone.

A few minutes later, Irvine "Cotton" Warburton, University of Southern California's famed little quarterback, took Munjas' punt on the West 28-yard stripe and dashed down the sidelines to the second score.

Pouring on the power, the winners pushed down the field in the second period for another score, after the West had moved to the 15-yard mark, Frank Sobrero of Santa Clara faded over the right sideline and flung a 14-yard pass across field, intended for Felix Pennino, St. Mary's college end.

Barely Touches It

Pennino barely touched it, and the ball bounced into the air. Just then, Cal Clemens, U. S. C. ace halfback, grabbed the loose pigskin and stepped over the goal. Ray Fuqua, Southern Methodist, converted.

Coaches Dick Hanley and Andy Kerr must have done a lot of talking to their eastern contingent between halves, for the players unleashed an assortment of plays which scored two touchdowns in 20 minutes.

Bill Shepherd, Western Maryland's high scoring halfback, smashed through left tackle midway in the third period and wound up across the goal, 39 years away. His run climaxed an 80-yard drive.

The East's passing attack finally clicked early in the fourth period when Joe Bogdanski, Colgate end, took Munjas' 12-yard pass right out of the arms of Warburton and Al Nichelini, St. Mary's back, and fell in the end zone. Izzy Weinstock of Pittsburgh place-kicked the extra point.

DIXIE HOWELL BIG STAR IN ROSE BOWL

CRIMSON TIDE ROLLS HOME VICTORIOUS OVER STANFORD

BY PAUL ZIMMERMAN
Associated Press Sports Writer

PASADENA, Calif., Jan. 2.—Alabama's Crimson Tide rolled homeward today leaving in its wake the greatest chapter of 20 years of Rose tournament football history.

For yesterday before a record crowd of 85,000 astonished spectators the Tide inundated a powerful Stanford eleven 29 to 13.

Howell Big Star

On the crest of the tide as it surged through the classic Rose Bowl rode Millard (Dixie) Howell, as great a passing, punting, running back as ever laid hand on a pigskin in this annual New Year's intersectional series.

First he booted long, high spiraling punts. He threw passes, and then he reached the heights with a sensational 67-yard run.

It was a victory of passes over power as Alabama added another page to its record of defeatless Rose Bowl play.

No Dull Moments

There wasn't a dull moment from the time Bobby Grayson crashed over in the first period after Stanford had turned on its power attack to the closing quarter when Howell fired the last of his amazingly accurate passes into the arms of Don Hutson for 46 yards and the Red Regiment's final touchdown.

The two teams had battled along on a fairly even basis until late in the first stanza, when Joe Domyanovich, 'Bama fullback, fumbled the ball on his 27-yard line and Keith Topping recovered for the Tribesmen. In two driving plays Grayson took the ball to the 12-yard line. Robert (Bones) Hamilton, on a reverse, raced around right end to the 5. Behind massed interference Grayson pushed to the one-foot line and dived over on the next play.

Side Opens Up

The Tide started surging shortly after the second period opened. Howell returned Frank Alustiza's punt 24 yards, and started sharpshooting. He threw a short pass to Hutson, another to Jim Angelich and a third to Paul Bryant who was spilled on the 5-yard mark. Then he hit left guard, scoring standing up.

A few moments later Smith put the invaders in the lead with a field goal from the Stanford 20-yard line.

Three plays after the Stanford kickoff Dixie found a hole over left tackle. He swept through, cut back, and outran the Indian secondary going 67 yards to score.

Taken From Game

He was taken from the game immediately but there was no rest for the pass-dizzy Indians. Joe Riley stepped right in Howell's shoes and threw a long one to Hutson for still a third touchdown, a 54-yard play just before the half ended.

On sheer power from their 25-yard line the Tribesmen battered their way to a touchdown shortly after the third period was inaugurated, with Buck Van Dellen sweeping left end 12 yards to score.

But their energy was gone, and Howell put the finishing touches to the game with his 46-yard pass play to Hutson for the final counter in the fourth.

While the statistics somewhat belittled 'Bama's triumph they added to Howell's glory. He ran the ball 117 yards, not counting his return of punts and kickoff, averaged better than 44 yards on six punts and threw 12 passes, nine of which were completed.

Sugar Bowl Affray To Be Annual One

TULANE'S GREEN WAVE IS VICTORIOUS OVER TEMPLE; THRILL-PRODUCING STARS PLAY

(By The Associated Press)

NEW ORLEANS, Jan. 2—The Southland's Sugar Bowl game, its inaugural made sweeter by Tulane's 20 to 14 triumph over Temple yesterday, is an assured fixture in sports.

Thirty thousand spectators, one of the largest crowds which ever witnessed a grid game in the South, packed the stadium to watch a game packed with thrills.

Ready Agreement

The satisfaction over the initial clash brought ready agreement that the game be continued each year between a southern opponent and some outstanding team from another section.

Both teams had thrill-producing stars.

For Temple, he was the giant "Dynamite Dave" Smukler, who time after time tore through the Tulane line. His passing was a constant threat and his punting fell just short of Tulane's.

Tulane's ace, "Little Monk" Simons, recovering from a fractured collarbone suffered a month ago, shared honors with a remarkable end, Dick Hardy.

Feted At Banquet

Both teams were feted at a banquet last night after which the Temple squad entrained for the return trip to Philadelphia.

Temple rolled up its 14 points in the first half before Tulane got started. Fumbles paved the way to both touchdowns.

In the first quarter, Barnet Mintz, Tulane halfback, fumbled and Stanley Gurzynski, Temple guard, recovered on Tulane's 10-yard line. Smukler ploughed through for five yards and then he threw a touchdown pass to Daniel Testa, halfback.

In the next quarter, Temple recovered a fumble by Stanley Lodriguez, Tulane fullback, on Tulane's 20-yard line, and Smukler went over for a touchdown after several line plunges. He kicked both extra points.

Tulane Gets Started

But then Tulane started.

On the kickoff after Temple's second touchdown John McDaniel, Tulane quarter, took the ball and, after decoying tacklers to the left, tossed it to Simons who raced 80 yards for a touchdown. Barney Mintz, halfback, kicked the extra point.

Third quarter line smashes placed the ball on the 11-yard line, where Brcky Bryan, Tulane half, passed to Hardy for a touchdown. Mintz again made the extra point.

Then, in the last quarter, Mintz, standing on Temple's 43-yard line, tossed a long pass which Horace Mowrey, half, zipped up into the arms of Hardy, who dashed for a score. Mintz' attempted placekick was blocked.

PROSPECT FOR YEAR GOOD

OPTIMISM FELT OVER TENNIS OUTLOOK IN COMING SEASON

(NOTE:—This is the second of exclusive series of stories, written for the Associated Press by sports leaders or executives and discussing the new year's outlook in all principal branches of athletic activity.)

* * *

BY WALTER MERRILL HALL
(President, United States Lawn Tennis Association)

NEW YORK, Jan. 2 (AP)—As I see it, we have no reason to be other than completely optimistic over the tennis outlook for 1935. The figures show that there is more tennis being played than ever before. Public park, club and private tennis courts have steadily increased in numbers and use.

During recent years sales of tennis goods and equipment have expanded rather than declined, as in many other sports, testifying to the wide public appeal of tennis with its maximum of healthy, stimulating exercise, comparatively moderate expense and shorter time required of busy people.

Relations Improve

Relations of the U. S. Lawn Tennis association with the governing bodies of other countries have improved and strengthened through our policy of closer cooperation with them on important questions affecting the game.

Considerable progress has been made in 1934 and will be consolidated and advanced this year in stiffening amateur standards and eliminating abuses of the amateur spirit which have crept into the game in the last decade. Through the eight weeks expense rule adopted by the international federation and in process of being written into our own rules, we will remove the possibility of amateur players living off the game a substantial part of the year.

Splendid Competition

Regarding the Davis cup outlook, I am far from pessimistic. Several leading countries have teams and material which are closely matched, thus insuring splendid, healthy competition in 1935.

Recent professional inroads have lost the United States no singles players of current Davis cup calibre. One of our leading players in singles came back in 1934 after a bad previous season to produce some of the finest tennis of his career. We have other splendid new material coming along. Our doubles situation should give no real concern despite the loss of our national champions as we have other teams practically as good and certainly on the record well able to more than hold their own against the world.

BUCKNELL GRABS TILT FROM MIAMI

MIAMI, Fla., Jan. 2. (AP)—There were no excuses today from University of Miami gridmen for the 26 to 0 trampling they suffered as the Thundering Herd of Bucknell university marched rough-shod through the Orange Bowl football game here.

One Miami player, bruised and worn by the fight to stave off the undeniable thrusts of the Lewisburg, Pa., eleven, expressed the team's sentiments when he said: "They outweighed and outclassed us—they simply were the better team."

The overmatched Miamians, on the defensive for the entire game, got only three first downs, one of these on a penalty.

Approximately 5,000 watched the intersectional contest.

COACH OF CRIMSON TIDE HAS ONLY HIGH PRAISE FOR ROSE BOWL OPPONENTS; WERE LUCKY TO STOP PLUNGING GRAYSON

BY FRANK THOMAS
Head Coach Alabama Football Team

PASADENA, Calif., Jan. 2 (AP)—Stanford has the greatest football team we met all season.

That is my reaction today on Alabama's victory in the Rose Bowl yesterday. I'll take that game as it stands and would prefer not to have to play those Indians again real soon because our unbeaten record certainly would be in jeopardy.

To my way of thinking, and I've seen a feww good ends come and go, Monk Moscrip is the greatest defensive player of all time. As for this Bobby Grayson, he is plenty tough with that pumpkin under his arm. We were lucky to stop him as often as we did.

We certainly can't be cocky about pulling that game out of the fire by the score of 29 to 13. The most we can say is, we're thankful we could win.

I was, to put it mildly, highly pleased with the way my boys came from behind in the second period. This was the first game this season that they found themselves on the short end of the score and I didn't know whether they were going to stand up or not.

While our passing attack has worked well all year, it was at its best yesterday. There can be no question about that. We knew in advance we were going to have to throw the ball a lot if we hoped to win because of that great string of forwards Coach Tiny Thornhill put up in front of us.

Then our passes worked so well, it was natural that we could find what holes we did for our running plays. As a matter of fact, we built our passing attack for the defense Stanford set up. Of course, had Tiny crossed us up on that we probably would have had less luck.

The Alabama team without question was at its best on passes yesterday. Dixie Howell was in great form and lived up to my belief that except for ruggedness he is as great as the immortal George Gipp.

That Girl on Broadway says here's 1935's newest song hit:

"He tears through the streets
As fast as he can—
That daring young man
In the flying sedan!"

There is compensation in everything. Roumania is so fearful of the redhaired menace, Mme. Lupescu, that it isn't even interested in going to war.

* * *

A PALM—and a great, big rousing cheer for the motor manufacturers. They are the boys who, like the jackrabbit that spit in the bulldog's eye, have, figuratively spit in the depression's eye.

They did it in 1930. They followed up again in 1931, 1932, 1933 and 1934. And now they're doing it, in an even bigger and better way, in 1935.

* * *

Take a look-see at the new models already placed on exhibition.

Then watch for the opportunity of seeing the models which have not yet been shipped in.

Are the auto makers strutting their stuff?

You bet they are!

* * *

THERE never have been automobiles in the same class with those which are on the streets today.

And those newer types, which will be rolling along the concrete in the next few months, will be even better.

As a compliment to the automobile industry let it be said that its heads haven't spent their time in crying about the sales resistance which the economic slump, naturally brought. Instead, they have gone about improving their products and by so doing have broken down large slices of sales resistance and have stayed in business in a big way.

* * *

Contrasting the motor czars with the leaders of many another business we cannot help but wonder if, as Mr. Hoover used to say, the depression was appreciably aided by the wrong kind of psychology on the part of business men and industrialists.

Who knows but what the railroads would have been in much better position if railroad chieftains had attempted to make railroad riding and shipping more attractive?

And the same thing can be said of many another major industry, including steel, utilities and financial.

* * *

ONE thing you've got to say for the big shots who make the motor cars in which we ride. That is, they looked conditions squarely in the face and then went to work.

They built super machines for the same money, or very little more.

They equipped them more marvelously than any of us laymen ever dreamed was possible.

On top of that, they gained their major objective—which was, of course, to sell 'em to us in thousands.

More power to their foresightedness!

* * *

Although that long-bearded stuffed shirt, Bernard Shaw, is one of this column's pet peeves, we must admit that he's an honest man. Asked by an interviewer what he thought 1935 would bring, he said he didn't know but that he would be willing to guess for a cash stipend.

* * *

That Man on Avenue Q says those fighting to avoid inflation have overlooked that the best way to gain their point is by deflating interest charges.

* * *

This is a funny world. In Bulgaria, the other day, they arrested 500 persons for plotting to organize a soviet state, while in Russia they'll shoot you if you don't!

* * *

BILL McMILLAN, the big mortar and girder man, who is remodeling and practically rebuilding the Lyric theater for Mr. and Mrs. Andy Mauldin, who also operate the Broadway, says the finished product is going to be a lulu. Planned by S. B. Haynes and designed by Charlie Reynolds, local architects, the new Lyric is going to look so good that it may be used as a 'first run house'. Before it was burned it specialized on 'second runs', which is picture lingo for films that have been shown before in the same locality, although it frequently offered 'first run' pictures.

* * *

Completion of the Lyric, and the improvement in appearance and design which will go in it, means more than added amusement opportunities to showgoers and further appeal for business by its owners.

It means a spreading out of the downtown section and the additional lighting in a block which was injured when flames caused the original Lyric to turn out its lights.

In short, it will mean a more 'citified' Lubbock and will be a decided improvement to the improvements earlier brought about by the erection of the Broadway and the remodeling of the Palace.

The Plainsman may be wrong, but will gamble he isn't, in the opinion that we can't build a city here, or elsewhere, without amusement features appealing both to home folks and those of neighboring communities.

* * *

EVERY once in awhile when talk of taxes and 'boom era whoopee' comes up, The Plainsman hears somebody raise a rookus about Lubbock's "platinum, diamond-studded Senior High school".

It did cost a lot of money—which we voted to spend—but it must be worth every cent there is in it.

Have you looked it over carefully, on the inside?

Probably not, if you are an average citizen.

But before you holler about it, go look it over.

* * *

The Plainsman had reason to go out there not so long ago and while he had seen it, casually, before the building was quite completed, he was astounded at the place.

It's a jim-dandy and would be a credit to even the cities from whence come some of the newcomers who are always knocking Lubbock!

Let's make an asset out of the building, by boosting it. We've got it. Let's appreciate it.

In the immortal words of Miss West: Whyn't you go see, it sometime?

Great Dancer Shunned As Composer But Fred Astaire Is Insisting On Proving His Talents In An Early Picture

BY DAN THOMAS
NEA Staff Correspondent

HOLLYWOOD, Jan. 2—Recognized for some years as one of the world's foremost dancers and now a leading screen luminary as well, Fred Astaire still isn't satisfied.

His one great desire is to become recognized as a musical composer. And that, so far, has been denied him—even though he has asked for no compensation for his efforts in this direction.

Astaire's talent as a musician still is a dark secret as far as movie audiences are concerned. However, as will be revealed in his new picture, "Roberta," he is equally as nimble with his fingers as with his feet—and that's plenty hot.

When you see him pounding those ivory keys, though, rest assured that he isn't as happy as he looks. The one thing he wanted in this film was to play or dance to one of his own compositions.

That ambition was nipped when Jerome Kern was signed to write all musicfor the picture. Then the actor-dancer asked studio executives to let him write a song for his next film, "Top Hat." Again he was thwarted when Irving Berlin was brought out here to write the complete musical score.

However, Astaire wasn't going to get this sort of a run-around indefinitely. So he went to Pandro Berman, associate producer in charge of his films, and insisted that a clause be inserted in his contract giving him the privilege of writing one number for the picture to follow "Top Hat."

"Composing isn't exactly a new venture for me," Fred remarked as he slipped on a lightweight sweater preparatory to an afternoon of rehearsals. "Since I came out here a year ago for 'Flying Down to Rio,' I have written five numbers."

Personally, I am of the opinion that once one of Astaire's own compositions hits the screen, studio execs are going to kick each other's breeches plenty hard for not having utilized this talent before—particularly when it wouldn't have cost them even one thin dime.

The other day, while killing time between scenes, I heard him coax an original tune out of a piano. And, take it from me, it was a tune any of our high-salaried note twisters would love to claim.

* * *

Box Office First

One of these days motion picture producers are going to learn that a performance on the screen is just as important as a name on a theater marquee. Apparently, however, they haven't learned yet.

A case in point is that of Hugh O'Connell, who starred on Broadway last season in "The Milky Way." Hugh now is in Hollywood, where he has just completed his third picture. But did that make any difference to Paramount executives when they started casting for the film version of this play? It did not.

"We would like to give you the top spot in this picture, Hugh," a studio official told him. "The only trouble is that your name hasn't enough box office value."

So Jack Oakie now has the top spot in "The Milky Way."

Hollywood Gossip

Charley Farrell and Virginia Vallie are sporting a new English car. Herbert Marshall stands ace high not only with Gloria Swanson, but also with her children. Evelyn Laye and Frank Lawton have been spending most of their time out on the desert since their marriage. Robert Armstrong burned his hand so badly while trying to light his gas furnace (that had a leaky pipe), that his current picture, "Mystery Man," had to be changed so he can appear with his bandaged hand.

Metro-Goldwyn-Mayer has inserted an ad in all London papers for an 1880 opera ticket for use in "Vanessa." Jean Acker, first wife of Rudolph Valentino, is starting her comeback on the screen by playing a small role in "Once a Gentleman." Supporting Jeanette MacDonald and Nelson Eddy in "Naughty Marietta" will be Elsa Lanchester, wife of Charles Laughton. Mervyn LeRoy is the latest member of the film colony to become race horse minded. He has just purchased a 2-year-old filly which he will enter in the race at the new Santa Anita track, near here. Mary Boland has become such an enthusiastic sculptress that she is having an additional room built at her home to use as a studio.

An Idea Leaks Out

Your correspondent presents herewith a 15-second interview W. C. Fields—Fields doing all the talking:

"I can't sleep. Hour and a half last night. Two hours the night before. What's the matter with me? Nothing. It's just the roof. It leaks. Right on my bed. Move the bed? That's an idea. I never thought of that."

TODAY'S JOURNAL EDITORIAL

ASHAMED OF WEALTH

Another interesting sign to The Journal is the shame of George F. Johnson, shoe manufacturer of Binghamton, N. Y. He has been "shamed and mortified" by being mentioned, in a Senate inquiry, as one of the men who used to have a million-dollar income.

"Especially in times like the present," says Mr. Johnson, "when so many men, women and children are suffering from the lack of the common necessaries of life, no man has a right to pile up money."

He and his partner made money "in the years, which were very brief, when everybody was making money and the country was on a huge drunk." He seems to find considerable satisfaction in the fact that the country has sobered up. He is glad to report that his own principal has dwindled and his expenses, gifts and use of money have increased. If he kept on at his present rate for five years he would end where he started, with nothing. And that is all right with Mr. Johnson. "Any man who dies rich dies disgraced," he says.

The idea isn't entirely new. That was what Andrew Carnegie preached and practiced. The Rockefellers, with their vast benefactions, have not succeeded so well—their wealth seems like the widow's miraculous oil curse. But the queer notion spreads. Private wealth in all probability is not vanishing, but it will hardly be again so proud, selfish and insolent as it used to be.

Thought For Today

Woe to them that are at ease in Zion, and trust in the mountain of Samaria, which are named chief of the nations, to whom the house of Israel came!—Amos, 6:1.

The sweetest honey is loathsome in its own deliciousness, and in the taste confounds the appetite.—Shakespeare.

Dutcher's News And Views OF WASHINGTON

Dutcher

(Copyright, 1934, NEA Service, Inc.)

BY RODNEY DUTCHER
Journal Washington Correspondent

WASHINGTON, Jan. 2.—Probably there never will come a time when some congressman won't believe there's glorious limelight for him in an expose of Communist activities.

But the latest circus of the sort has stirred up so little commotion as to indicate that the good old Red Scare isn't the sure-fire attraction it used to be.

Even the old reliable D. A. R. ladies failed to appear before the House committee investigating "un-American activities."

This has been a great disappointment to investigating congressmen and the Communist party leaders. Both will miss the publicity.

It is especially embarrassing to Chairman McCormack of Massachusetts. The committee was supposed to be investigating Nazi as well as Communist doings and McCormack had just given the Nazis a virtual immunity bath in a public assurance that the German government had adopted a new policy of non-interference in America.

So the Communists looked like McCormack's best bet—until he trotted them out.

* * *

Communists Eat It up

The trouble with the Communists is that the moment a committee goes after them, they come rushing down here demanding to be heard. They want to shout from atop the Capitol dome the very facts the committee seeks to peddle to the public as newly discovered hot stuff. Instead of denying anything, they boast about more activities than the committee would ever discover—because they like to exaggerate.

They figure, of course, that any advertising the committee gives them will help publicize them as exclusive champions of the working class—and help bring in recruits.

Probably the chief reason no one gets excited about Red exposures any more is that you can have a nice fresh Red exposure any day you want to turn to the pages of such Communist publications as the Daily Worker and the New Masses.

They'll tell you all about the aims and activities of the party. Far from being secretive about it, the Daily Worker has been putting on a tremendous public circulation campaign and now claims a daily issue of 43,700.

* * *

Plan Big Demonstration

Here, for instance, is an exposure that costs 3 cents instead of thousands of dollars for a congressional committee:

Communists are promoting a large "National Congress for Unemployment Insurance" here in January, which will bring radicals here from all sections of the country to demand and demonstrate for H. R. 7598.

That's a bill for unemployment insurance, introduced in the House at the behest of Communists and supported by many non-Communist organizations which will also be represented.

Communists are endeavoring to achieve a "united front" with the Socialists in certain issues, such as they've been able to arrange in France and Spain. Left wing Socialists want to co-operate in some cases, right wingers want nothing at all to do with the C. P. Result: A compromise which allows Socialist locals to do as they please.

* * *

Overlook No Bets

Communists are working among labor unions, unemployed councils, and other relief groups, negroes, military and naval units and such other groups as they can reach to stir up class bitterness, militant mass action, and all sorts of demands from the "ruling class."

Communists are working for the day when they can have a revolution of the proletariat and a government here like Soviet Russia's.

Communists publicly claim a much rosier picture of progress and prospects than Congressmen Dickstein and McCormack will be able to report.

The philosophy behind all this, if it isn't made plain in current Communist publications, is contained in the writings of Lenin, which are available to anyone.

What to do about the Communists is another matter, but congressional investigations and "exposures" of them are becoming a great bore.

INTERESTING BITS OF NEWS GROUND FROM THE GRIST OF THE DAY'S HAPPENINGS

(By The Associated Press)

Watson, My Head

NEW YORK—With a whir and a rattle of gears, Ajeeb, the master of human checker players, has come back to life.

The robot, which disappeared after the closing of the Eden museum in 1915, has been recovered. His owner, Frank Fraine, has given him new silk robes and a diet of rust remover and oil.

And, lest the robot get a headache, Fraine has provided a spare head, complete from turban to whiskers.

For Charity

NEW YORK.—The clothing owned by the late Mrs. Elbert H. Gary, wife of the steel magnate, will be placed on sale tomorrow, the proceeds to go to charity.

Mrs. Gary's will directed that the clothing be sold for the benefit of the Opportunity Shop, a subsidiary of the association for improving the condition of the poor.

The collection of fur coats, gowns, gloves, shoes, hose and lingerie is valued at more than $350,000.

This Year And Last

INDIANAPOLIS. — The twin sons of Mr. and Mrs. Harry Boles will observe their birthdays in different years.

One arrived at city hospital at 11:50 p. m. New Year's eve; the second was born at 12:17 a. m., Tuesday.

A Dime—And Death

OMAHA.—King Watanabe, 9, had a dime, given to him by his father, to celebrate the advent of the new year.

He decided a show would be the thing to spend the money on, but he never reached the theater. En route, he was struck by an automobile and was killed.

Lights Or No Lights

CHICAGO.—Soon after the lights went out in suburban Evergreen park on New Year's eve, a six-and-one-half-pound boy was born to Mrs. Ruth Halaburt in the local hospital. They used candles in the hospital from 6 until 10:30 p. m.

Clean System for Health

By relieving constipation before serious illness develops, Thedford's Black-Draught enables thousands of men and women to keep at work, or to enjoy recreation. It tends to establish regularity of bowel movements.

"Black-Draught has assisted nature in making me more regular and seems to cleanse my system," writes Mrs. Victoria Cooper, of Jonesboro, Ark. "I take a dose of Black-Draught for about two nights. It acts well and I am more fitted for my work, and enjoy it."

NOTICE OF FIRST MEETING OF CREDITORS

In the district court of the United States for the northern district of Texas in bankruptcy, Lubbock, Texas, in the matter of Matilda M. Onstott, Bankrupt. No. 304 in bankruptcy. Office of Referee, Lubbock, Texas, December 31, 1934.

To the Creditors of Matilda M. Onstott of Floydada in the county of Floyd and District aforesaid, a bankrupt. Notice is hereby given that on the 21st day of December, A. D., 1934, the said Matilda M. Onstott was duly adjudged bankrupt, and that the first meeting of her creditors will be held at my office in the City of Lubbock, Lubbock County, Texas, on the 17th day of January, A. D., 1935, at one-thirty o'clock in the afternoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt and transact such other business as may properly come before said meeting.

W. D. GIRAND,
Referee in Bankruptcy.

THE STATE OF TEXAS
To the Sheriff or any Constable of Lubbock County, Greeting:

You are hereby commanded to summon R. H. Watters by making publication of this citation once in each week for four (4) consecutive weeks, previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the Justice's Court of Precinct No. 1, Place No. 2, of Lubbock County, Texas, to be holden at the court house thereof, in the City of Lubbock on the 23rd day of January, A. D., 1935, then and there to answer a petition filed in said court on the 11th day of December, A. D., 1934, and a suit numbered in the docket of said court, No. 1730, wherein Winter Knight is plaintiff and R. H. Watters is defendant; and said petition alleging that the defendant is justly indebted to the plaintiff in the sum of $179.74 dollars, which indebtedness is evidenced by four certain checks drawn on the Lubbock National Bank of Lubbock, Texas, which were returned to the payees and endorsed "insufficient funds," and that said indebtedness, as evidenced by said checks, is now due.

Herein fail not, but have you before said court on the first day of the next regular term thereof this writ, with your return thereof, showing how you executed the same.

Given under my hand this the 11th day of December, A. D., 1934.

J. J. DILLARD,
Justice of the Peace, Precinct No. 1, Place No. 2, Lubbock County, Texas.

CITATION BY PUBLICATION
THE STATE OF TEXAS,
To the Sheriff or any Constable of Lubbock County, Greeting:

You are hereby commanded to summon Joseph H. L. Davies by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the 99th District Court of Lubbock County, to be holden at the Court House thereof, in Lubbock, Texas, on the 2nd Monday in January, A. D., 1935, the same being the 14th day of January, A. D., 1935, then and there to answer a petition filed in said Court on the 17th day of May, A. D., 1933, in a suit, numbered on the docket of said Court as No. 5580, wherein Mary Davies, is Plaintiff, and Joseph H. L. Davies, is Defendant, and said petition alleging Plaintiff and Defendant legally married Feb. 5, 1933, separated about 20th day of March, 1933. Alleging grounds of cruelty, abuses and such excess of conduct toward plaintiff by defendant as to render their further living together as husband and wife, insupportable. That marriage relations still exist, and praying for dissolution of bonds of matrimony.

Herein fail not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Lubbock this the 11th day of December, A. D., 1934.

(Seal) CHAS. B. METCALFE, Clerk,
99th Dist. Court, Lubbock County.
By PEARL WRIGHT, Deputy.

ORDINANCE NO. 535

An ordinance whereby the City of Lubbock, Texas, and the Southwestern Bell Telephone company agree that the Telephone company shall continue to erect and maintain its poles, wires, anchors, cables, manholes, conduits, and other plant construction and appurtenances along, across, on, over, through, above and under all public streets, avenues, alleys, public grounds and places in said city, under conditions, regulations and restrictions, and that the city shall receive an annual payment and the right to use certain facilities of the telephone company, all as herein provided;

Whereas, the Southwestern Bell Telephone Company, hereinafter referred to as the "Telephone Company" is now and has been engaged in the telephone business in the State of Texas, and in furtherance thereof, has erected and maintaind certain items of its plant construction in the City of Lubbock, Texas, hereinafter referred to as the "City," for many years pursuant to such rights as have been granted it by and under the laws of the State of Texas, and subject to the exercises of such reasonable rights of regulations under the police power as have been also lawfully granted by and under said laws to said City; and

Whereas, it is to the mutual advantage of both said City and said Telephone Company that a contract-agreement should be entered into between the Telephone Company and the City establishing the conditions under which said Telephone Company shall operate in said City;

Now, therefore, be it ordained by the city of Lubbock, Texas:

Section 1. Construction and maintenance of telephone plant and service. The poles, wires, anchors, cables, manholes, conduits and other plant construction and appurtenances, used in or incident to the giving of telephone service and to the maintenance of a telephone business and system by the Telephone Company in said City, shall remain as now constructed, subject to such changes as under the limitations and conditions herein prescribed may be considered necessary by the City in the exercise of its lawful powers and by the Telephone Company in the exercise of its business of furnishing telephone service; and said Telephone Company shall continue to exercise its right to place, remove, construct and reconstruct, extend and maintain its said plant and appurtenances as the business and purpose for which it is or may be incorporated may from time to time require, along, across, on, over, through, above and under all the public streets, avenues, alleys and public grounds and places within the present limits of said City and within said limits as the same from time to time may be extended, subject to the regulations, limitations and conditions as herein prescribed.

Section 2. Supervision by City of location of poles and conduits. All poles to be placed shall be of sound material and reasonably straight, and shall be so set that they will not interfere with the flow of water in any gutter or drain, and so that the same will interfere as little as practicable with the ordinary travel on the street or sidewalk. The location and route of all poles, stubs, guys, anchors, conduits and cables to be placed and constructed by the said Telephone Company in the construction and maintenance of its telephone system in the said City, and the location of all conduits to be laid by the Telephone Company, within the limits of the said City under this ordinance, shall be subject to the reasonable and proper regulation, control and direction of the City Commission of said City, or of any city official to whom such duties have been or may be delegated.

Section 3. Streets to be restored to good condition. The surface of any street, alley, highway, or public place disturbed by the Telephone Company in building, constructing, renewing or maintaining its telephone plant and system shall be restored within a reasonable time after the completion of the work to as good a condition as before the commencement of the work and maintained to the satisfaction of the City Commission of said City, or of any city official to whom such duties have been or may be delegated, for one year from the date the surface of said street, alley, highway, or public place is broken for such construction or maintenance work, after which time responsibility for the maintenance shall become the duty of the City. No street, alley, highway or public place shall be encumbered for a longer period than shall be necessary to execute the work.

Section 4. Operation and maintenance of telephone plant. The Telephone Company shall maintain its system in reasonable operating condition at all normal times during the continuance of this contract-agreement. An exception to this condition is automatically in effect when service furnished by the Telephone Company is interrupted, impaired, or prevented by fires, strikes, riots or other occurences beyond the control of the Telephone Company, or by storms, floods, or other casualties, in any of which events the Telephone Company shall do all things, reasonably within its power to do, to restore normal service.

Section 5. Temporary removal of wires. The Telephone Company on the request of any person shall remove or raise or lower its wires temporarily to permit the moving of houses or other bulky structures. The expense of such temporary removal, raising or lowering of wires shall be paid by the benefited party or parties, and the Telephone Company may require such payment in advance. The Telephone Company shall be given not less than forty-eight hours advance notice to arrange for such temporary wire changes.

Section 6. Tree trimming. The right, license, privilege and permission is hereby granted to the Telephone Company, its successors and assigns, to trim trees upon and overhanging the street, alleys, sidewalks and public places of said City, so as to prevent the branches of such trees from coming in contact with the wires or cables of the Telephone Company, all of said trimming to be done under the supervision and direction of the City Commission of said City or of any City official to whom said duties have been or may be delegated.

Section 7. Annual cash consideration to be paid by the Telephone Company. To indemnify the City for any and all possible damages to its streets, alleys and public grounds which may result from the placing and maintenance therein or thereon of the Telephone Company's poles, conduits or other telephone equipment or apparatus, and to compensate the City for its superintendence of this contract-agreement, and as the cash consideration for this contract-agreement, the Telephone Company agrees to pay to the City annually during the continuance of the agreement a sum of money equal to one and one-half per cent (1 1-2%) of the annual gross receipts for the preceding year received by the Company from the rendition of local telephone service within the corporate limits of the City. The first payment hereunder shall be due and payable March 15, 1936, and shall be based on 1 1-2% of the said gross receipts received by the Telephone Company during the full year of 1935. The second payment shall be due and payable on March 15, 1937, and shall be based on the gross receipts from the local telephone service within the corporate limits of the City received by the Telephone Company during the full year of 1936; and thereafter payments shall be due and payable on the 15th of March of each succeeding year during the life of this agreement and shall be based on the previous year's gross receipts as before provided. And the said sum of 1 1-2% of the gross receipts aforesaid shall be paid and received in lieu of any tax, license, charge, fee, or imposition, other than the usual, general or special ad valorem taxes now or hereinafter levied.

Section 8. Facilities to be furnished City as additional consideration. In addition to the consideration set forth in Section 7, the Telephone Company shall reserve for and hold, subject to the use of the said City, such wire space as may be required from time to time by said City upon the poles now owned or hereafter erected by the Telephone Company in the City for the use of the City police and fire alarm system; provided that the required wire space shall not exceed the wire capacity of one cross-arm on any one pole. The location on the poles of this fire and police wire space shall be determined on specific applications for space, at the time the applications are received from the City, and will be allotted in accordance with the considerations for electrical construction of the United States Department of Commerce, Bureau of Standards. In its wire construction on the Telephone Company poles, the City will follow the suggestions and requirements laid down for wire construction in the Rules and Regulations of the Bureau of Standards of the United States Department of Commerce, and such wires shall further be constructed, maintained and operated in such manner as not to interfere with nor create undue hazard in the operation of the telephone system of the Telephone Company.

Section 9. Attachments not here affected. Nothing in this ordinance contained shall be construed to require or permit any electric light or power wire attachments by the City or for the City. If light and-or power attachments are desired by the City or for the City, then a further separate, non-contingent agreement shall be a prerequisite to such attachments. Nothing herein contained shall obligate or restrict the Telephone Company in exercising its right to voluntarily enter into pole attachment, pole usage, joint ownership, and other wire space and facilities agreements with light and power companies and with other wire using companies which may be privileged to operate within the City.

Section 10. Period of time of this ordinance—termination. The rights, licenses, privileges and permissions granted to and contracted for by the Telephone Company herein, its successors and assigns, shall be for a full term and period of twenty (20) years from and after the time this agreement goes into effect.

Section 11. No exclusive privileges conferred by this ordinance. Nothing herein contained shall be construed as giving the Telephone Company any exclusive privileges.

Section 12. Successors and assigns. The rights, powers, limitations, duties and restrictions herein provided for shall inure to and be binding upon the parties hereto and upon their respective successors and assigns.

Section 13. Partial invalidity and repeal provisions. If any section, sentence, clause or phrase of this ordinance is for any reason held to be illegal, ultra vires or unconstitutional, such invalidity shall not affect the validity of the remaining portions of this ordinance, all ordinances and agreements and parts of ordinances and agreements in conflict herewith are hereby repealed.

Section 14. Acceptance of contract-agreement. The said Telephone Company shall have thirty (30) days from and after its passage and approval to file its written acceptance of this ordinance with the City Clerk, and upon such acceptance being filed, this ordinance shall effectuate and make binding the contract-agreement provided by the terms hereof, and this ordinance shall take effect and be in force from and after thirty (30) days from the date of its last publication as provided in the charter of the City.

Approved this 8th day of November, A. D., 1934.

Approved this 22nd day of November, A. D., 1934.

Approved this 13th day of December, 1934.

ROSS EDWARDS, Mayor.

Attest:
W. O. STEVENS, City Clerk.

I, W. O. Stevens, City Secretary of the City of Lubbock, Texas, hereby certify that the foregoing is a true and correct copy of Ordinance No. 535 as of record in Ordinance Book 2 of the City of Lubbock, Texas.

City Secretary.

DAILY MARKETS

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, Jan. 2 (AP)—Cotton started the new year quiet but steady. Liverpool cables were better than due. First trades showed gains of 2 to 4 points, March trading at 12.73 and May, after the opening, at 12.85. May, however, soon eased to 12.83 while July traded after the start at 12.87 and October at 12.69, making the price level near the end of the first half hour 2 to 3 points above the previous close.

The market ruled quiet but fairly steady all morning. During the second hour March traded to 12.71, May to 12.79, July to 12.84, and October to 12.67, or net unchanged to two points down compared to the previous close.

NEW YORK REPORT

NEW YORK, Jan. 2 (AP)—Cotton futures opened steady, unchanged to 4 points advance on higher Liverpool cables and foreign buying. Jan. 12.60; March 12.72; May 12.80; July 12.85; Oct. 12.70; Dec. 12.75

The opening advance met some scattered southern selling and realizing from local or western sources, but the offerings were relatively light and prices held steady during the first half hour. March sold up to 12.76 and July to 12.87, with the general market ruling about 2 to 3 points net higher around 10:30 o'clock.

The market was quiet later in the morning. At midday March was ruling around 12.71 and May 12.79, with the general list about 2 points higher to 3 points lower. One of the Liverpool cables received in the trade here this morning said that Bombay reported receipts small and that Indian mills were short of good quality cotton with the better cloth sales forcing spinners to cover.

Stock Market

WALL STREET REPORT

NEW YORK, Jan. 2. (AP)—While the stock market did not show any decided symptoms of a severe headache, after the New Year's celebration, it came back to work on the first trading day of 1935 without marked enthusiasm.

Dullness ruled most of today's session and prices displayed no decisive trend. Here and there firm spots were in evidence, but buying momentum appeared to be lacking generally and profit-taking came into various issues that have recently been leading the advance. Economic news continued bright, although Washington developments were being awaited for further stimulation.

Commodities were almost as listless as equities. Grains followed a narrow path. Cotton was slightly better. Bonds moved apathetically. Only small changes were recorded by foreign currencies in terms of the dollar.

Despite the backwardness of the list, as a whole, American Can shares edged up to a new high for the past year. Allied Chemical also got up more than a point and Case, American Telephone, Deere, Seaboard Oil, Standard Oil of New Jersey and a number of others were a trifle higher.

Grain Market

CHICAGO REPORT

CHICAGO, Jan. 2 (AP)—Grain prices averaged lower early today after a show of firmness at the outset.

Opening unchanged to 1-4 higher, May 99 5-8 to 99 3-4, wheat afterward underwent a general sag. Corn started unchanged to 1-8 up, May 89 3-4 to 90, and subsequently declined all around.

PARDON SYSTEM

(Continued from Page One)

clemency would rest with the board.

A system whereby the cases of prisoners with good records would automatically come before the board would be set up, thereby eliminating any possible charges that only a prisoner with money or pull or both could win clemency.

His views were in sharp contrast with those of former Governor James E. Ferguson, who not only defended clemency policies of his wife, Governor Miriam A. Ferguson, but asserted Allred would change his opinions about pardons after he had sat a while in the chief executive's chair.

Chamber Is Crowded

Mr. Ferguson's comment was made while the ante chamber of the governor's suite was crowded with clemency seekers.

"It is all very well to say that you will not pardon any one, as long as you don't have to face the facts and make the decisions," Ferguson said.

"But, as I have often said, time changes all things. It frequently changes criminal cases.

"After a man is convicted, new evidence may appear which makes his sentence unjust. Other circumstances arise which make it just and proper that the sentence be altered. There certainly should be a supreme executive power which permits the review of sentences in criminal cases."

Records Are Shown

A study of records in the secretary of state's office, meanwhile, disclosed that from the start of her present term on January 17, 1933, until December 31, 1934, Governor Ferguson granted 4,694 clemencies of all kinds.

The clemencies classified as follows:

Full pardons 488, conditional pardons 1,341, general paroles 883, reprieves 13, commutations of sentence 55, furloughs and extensions 1,239, restorations of citizenship 481, remissions and reductions of fines and jail sentences 139, remissions of bond forfeiture 55.

During the same period, Mrs. Ferguson revoked 65 pardons and paroles and 24 furloughs. From December 10 to December 31, she granted 280 clemencies, including 59 full pardons and 134 conditional pardons.

BAYLOR STUDE IS ROBBED

OLTON YOUTH STAGES SENSATIONAL CHASE BUT IS LOSER

FORT WORTH, Jan. 2. (AP)—M. C. Ledbetter, 20, Baylor university sophomore hitchhiking from his Olton, Texas, home after the holidays, and two Fort Worth women figured in a sensational, but losing, chase of three holdup men on the Fort Worth-Dallas pike Tuesday afternoon.

The women were Mrs. J. T. Miller and Miss Willa Mae Davey.

Ledbetter was picked up near Arlington by the three men in a coupe. They drove for about two miles and stopped. One drew a knife, forced Ledbetter out and took $13.

As the robbers started away Ledbetter jumped on the running board and fought with the man nearest the car door. The man slashed out and ripped Ledbetter's coat. He pushed the youth from the running board.

The women were driving closely behind and saw the youth fall.

They picked him up and then started in pursuit but were outrun. Mrs. Miller gave Ledbetter $1 to see him on his trip to Waco.

DR. KNAPP TALKS TO ROTARY TODAY

The Lubbock Rotary club, ushering in the New Year, heard Dr. Bradford Knapp, president of Texas Technological college, as principal speaker and Gordon Gaines, Tech student and baritone in two solos. Gaines was accompanied at the piano by his teacher, Miss Myrtle Dunn.

Dr. Sam G. Dunn was in charge of the program which was preceded by the welcoming in of three members by Rev. Uel Crosby, Ralls Methodist pastor, who instructed them in the aims and objects of the organization. The three were Kenneth E. Oberholtzer, Claude H. Grollman and Roderick Miller Curry.

President Jack Randal was in the chair.

Doctor Knapp's remarks were based upon his opinions of the change in policies and business methods, as well as on life in general, as brought about by the changed economic conditions.

STUDENTS JOBS

quired. Men who have graduated from college will be preferred for the work.

Must Take Course

In connection with their work, men who are given jobs will be required to take a complete course of instruction which will equip them as specialists in the field of scientific and practical erosion control. They will be given wages at the PWA rate of 40 to 50 cents an hour for work, but will not be remunerated for study, which will be conducted after working hours and on Saturdays.

Information received at Tech stated: "at the end of the training period, those whose records justify such action, will be considered for regular appointment to sub-professional and sub-technical positions in the soil erosion service as openings occur".

It is planned to increase the number employed under the project to 2,000 before June.

LITTLE TOWN

(Continued from Page One)

and towns—but their presence has done little to void the serenity of this 178-year-old hamlet.

The permanent population is about 2,700. The visitors have jumped the figure to nearly 3,500, but unless you were down in main street near the old courthouse and the Union hotel, you probably would not suspect the presence of the world's most sensational murder trial.

The Union hotel, sole hostelry, is jammed. Typewriters click-clack, telegraph instruments chatter, the air is heavy with blue tobacco smoke, men and women huddle in groups talking, talking, talking.

In the courthouse the clamor is even greater, but there the noise is distributed, upstairs, downstairs, in the sheriff's chamber. Typewriters and telegraph instruments, and automatic printing machines—from first floor to attic you find them, and telegraph and telephone lines are strung through virtually every window.

There are enough telegraph lines leading out of Flemington to accommodate the normal business of a city of one million.

Mrs. W. D. Storey and son, W. D. Jr., 1713 Thirteenth street, visited in Clovis, N. M., Tuesday. Miss Helen Storey, who has been visiting in the home of Mr. and Mrs. Champ Porter in Clovis during the holidays, returned with them to this city.

Demos In Control For Rhode Island

PROVIDENCE, D. I., Jan. 2 (AP)—Rhode Island Democrats reorganized their state government today after gaining control of the legislature by a swift coup, ousting the supreme court and consolidating governmental agencies.

The Democrats seated three of their number on the supreme court bench where no Democrat has served for more than 40 years, reduced some 80 state agencies to 11 commissions, and abolished the Providence board of safety.

FOUR JURYMEN ARE CHOSEN

LINDBERGH IN COURT AS HAUPTMANN GOES ON TRIAL TODAY

(Continued from Page One)

florid-faced Edward J. Reilly, veteran star actor in courtroom drama, had conferred at length in New York.

Paces Floor In Cell

Hauptmann, nervous and restless, spent the final hours pacing the floor of his county jail cell abstractedly, trying to read and resting fitfully on his cot.

For 20 minutes, his wife Anna visited him, and emerged to say, "He was in very good spirits." Their year-old son Mannfreid—of the same age as was the Lindbergh baby when he died—was with a relative in the Bronx.

The opening session of court held little of drama beyond the meeting of two men—Hauptmann and Lindbergh. Once before they met, in the Bronx county courthouse, but then Lindbergh was disguised, with a group of detectives, and Hauptmann did not know he was present.

Matter Of Conjecture

How long the selection of a jury would require was a matter of conjecture, with beliefs expressed that it would take the rest of the week. A special panel of 48 persons—27 men and 21 women—was ready for call, but it was probable this would be speedily exhausted and the remainder of the general panel of 150 would be used.

The defense has 20 challenges without cause and the state 12, but both sides have unlimited challenges for cause. The state intends to challenge any prospective juror of the same national origin as the German defendant.

The story of the crime will be unfolded chronologically. After preliminary witnesses describe the geography of the scene of the crime of Sourland mountain and the layout of the white Lindbergh residence, Lindbergh, his wife, the former Anne Morrow; Betty Gow, and Mrs. Ollie Wheatley, widow of the Lindbergh butler, will tell what happened the night of the kidnaping.

Hauptmann Is Changed

The Hauptmann, manacled and guarded closely, who hears that story day by day is a different man from the artisan who was arrested in September. He is leaner, the sharpness of his features is more pronounced and the prison pallor shows on his face. But he is as inscrutable as ever, and he wears the familiar grey flannel double-breasted suit in which he has appeared in pre-trial proceedings.

Of a piece of fabric with the narrative of the Lindbergh kidnaping and killing is the chain of evidence coordinated carefully for the trial, both by prosecution and defense.

The state charges Hauptmann, the prosaic, phlegmatic carpenter, single-handed perpetrated the most shocking crime of modern criminal history. On an intricate web of circumstantial evidence the state relies for conviction.

Call Seven Witnesses

Seven witnesses will be called by the state in an attempt to establish the all-important point that Hauptmann was in the vicinity of the Lindbergh estate at or before the time of the kidnaping, March 1, 1932.

Then come the evidence exhibits. First is the ransom note left in the nursery, demanding $50,000 for the return of the baby, and with this will be the other letters of the ransom negotiations. State experts will tell the jury that Hauptmann wrote those notes with their cryptic symbols, and they will compare them with specimens of his handwriting to establish their claims.

The kidnap ladder, another important clue left at the scene of the crime, bulks importantly in the state's case. A lumber expert is to testify the wood of that ladder came from a lumber yard where Hauptmann was employed, and that one piece of it matches a piece found in the carpenter's Bronx home.

The most dramatic episode in the story is the payment of the ransom in a Bronx cemetery. Col. Lindbergh will say the ransom collector's voice was that of Bruno Richard Hauptmann. Dr. John F. Condon, the "Jafsie" of the ransom contacts, is expected by the state to identify Hauptmann as the man to whom he paid the money, and a taxi driver also will name the deep-eyed German as the man who paid him to take ransom notes to Jafsie.

To the defense this web of flimsy creation of circumstance is to be destroyed by Hauptmann's double alibi—that he was at home the night of the kidnaping-murder, and that he was given the ransom money found in his possession by a business acquaintance, Isidor Fisch, who has since died.

Allred Is Unable To Attend Parley

AUSTIN, Jan. 2 (AP)—James V. Allred, Texas governor-elect, said today, illness would prevent his attendance at the governor's oil conference at the Ponca City home of E. W. Marland, governor-elect of Oklahoma.

Jack Blalock of Marshall, identified with independent oil interests, was designated to represent Allred, who has been ill with influenza.

The historic church at Halton, Holgate, England, has been seriously damaged by the death watch beetle.

PAST YEAR IS DRY IN AREA

RAINFALL SHOWS BIG DROP; SAID FOURTH DRIEST IN HISTORY

Don L. Jones, superintendent of the experiment sub-station here, yesterday reported that 1934 was the fourth driest year in the 24 years of the station. Rainfall was 9.72 inches; a difference of 8.94 inches from the normal of 18.66 inches.

Driest years since 1911 have been: 1917, 8.73 inches; 1924, 9.45 inches; 1933, 10.31 inches.

Average Decreased

"On account of the past two dry years," Mr. Jones commented, "the average yearly rainfall has decreased to 18.66 inches.

"Total rainfall for the two years, 1933 and 1934, is 20.03 inches or just a little over what can be expected in one year. Temperatures for the past year were higher than average."

December weather information included:

December Data

Maximum temperature, 73; minimum, 17; mean, 44.2 degrees; maximum relative humidity, 79 per cent, minimum, 36.5 per cent; mean relative, 58.7 per cent.

Total wind run was 3,576 miles compared with a normal of 4,797 miles. Total evaporation was 2.218 inches.

There were 14 clear days, seven partly cloudy and ten cloudy days during December. Only a trace of moisture was recorded, with a normal of .75 of an inch.

Work On Park Will Open Early In '35

TYLER, Jan. 2 (AP)—Work on a 1,000-acre state park scheduled to cost approximately $240,000 is due to start early in 1935.

Tom Beauchamp of the state park board said formal application for the park had been forwarded to Washington and that it will be acted upon early in January.

Passage of a $10,000 bond issue by Tyler voters to supplement a like amount promised by Smith county assured funds for purchase of the park site, which is seven miles from Tyler on the Sand Flat highway.

Beauchamp said he felt confident the park's first contingent of CCC workmen would be stationed at the site by April 1.

Names Kearns Father Of Child

The paternity of a nine-year-old girl, Mary Helen Williams, shown above with her mother, Miss Elizabeth Williams, was under fire in a Los Angeles court where Miss Williams said Jack Kearns (inset), fight manager and sport promoter, was the father. Miss Williams asked that Kearns be made to contribute $150 monthly to the child's support until she is 21 years old. Kearns denied he was the father of the girl. (Associated Press Photos.)

Young Jap Jailed For Taking Photos

ST .PETERSBURG, Fla., Jan. 2 (AP)—Immigration officials endeavored today to clear up the identity and entry into this country of a young Japanese arrested after he was found taking photographs of the harbor in which a United States warship lay.

The man asserted he was Yoshio Matsuda, a Japanese naval reserve officer, financed in the United States by his country's naval department, but in Tokyo a spokesman for the navy declared himself puzzled over the matter. The man here could produce no passports.

AIR TRAFFIC BOOMS

PEIPING (AP) — The American-made machines of the China National Aviation Corporation carried 3,050 passengers and 152,500 pounds of mail in the past year. Passenger-miles totalled 936,900 compared with 431,145 the previous twelve-month and 57,893 in the 1929 period.

Airplanes do not have speedometers, but air speed indicators, which record the speed of the plane relative to the air.

APPLICATIONS ARE OKAYED

COMMISSIONERS STAGE FIRST MEETING OF YEAR TUESDAY

Commissioners court Tuesday, in the first meeting of the new year, approved applications for deputies from three county officials.

County Attorney Jess C. Levens will have one assistant, to be paid $2,100 annually. Madison Rayburn of Slaton had been appointed to the place.

Clerk Has Three Deputies

County Clerk Ed D. Allen will have three deputies, each to receive $150 monthly. They are Louie F. Moore, Edith Tipps, and Floe Swenson.

Tax Assessor-Collector Hurley Carpenter will have a chief deputy, three fulltime deputies, and one part deputy. Their salaries will be $175 for the chief deputy, $150 each for the fulltime employes. The staff will be: H. B. Bryan, chief; Nolan E. Whitlow, Harvey Austin, and Hugh J. McClellan, depties, and Clayton Mallett, part-time employe.

Incomes Estimated

In making application for the deputies, the officials also estimated receipts anticipated for their offices.

County Attorney Levens listed a probable income of $5,000; County Clerk Allen $12,000, and Tax Assessor-Collector Carpenter $18,000.

a floor leader from among eight candidates, all promising to stay in the fight till the end. The speaker, however, was a foregone conclusion, with Rep. Joseph W. Byrns of Tennessee slated to be nominated today and elected tomorrow.

Other meetings today were mostly formalities. Senate Democrats agreed to re-name Senator Robinson of Arkansas as their leader; senate Republicans were behind Senator McNary of Oregon for that job in their party. The 102 Republicans were expected to re-nominate Representative Bertrand H. Snell of New York as their floor leader.

After house Democrats chose their leader, another contested issue was in store. Democratic leaders seeking to protect the administration program from any revolt, put on a broad campaign for a change in rules so that 218 members instead of 145 would have to sign a petition to force a vote on a bill which lacked administration approval.

There was opposition, especially among some middle and far-westerners who in the past have hit what they termed attempts at "gag rule".

Supporters of the 218-rule, who said it would pass, declared it was not directed at the bonus, Rep. Byrns and other chiefs, conceding that the bonus will pass the house the first time, intend to bring it up as promptly as possible so that no charge of delay can be made.

Hope For Approval

The 218-rule, it was indicated, aimed primarily at inflationary moves lacking administration approval. Democratic leaders hoped the caucus would approve the change so it could be put through the house tomorrow or Friday. They also intended to reduce Republican membership on certain important committees. Under this plan, the Democratic-Republican ratio would be changed in some cases from 3-2 to 3-1.

A similar reduction had been accepted reluctantly by senate Republicans, but house G. O. P. men were against the idea.

Disputes On What To Do About Banks And Money Loom For New Congress

BY CLARENCE M. WRIGHT

WASHINGTON, Jan. 2. (AP)—The usual inability of potent blocs to agree on what should be done about banks and money promises hot and heavy dispute in the new congress.

Silver, gold, a central bank, deposit insurance and federal attempts to stimulate private financial activity, provide plenty of material for the disputations.

The silverites, as always, are divided. And unanimity is lacking among both those for and against dollar devaluation, the central bank idea, deposit insurance or almost any other monetary or bank question that could be brought up.

Administration Plans Covered

The administration's detailed plans, so far, are being kept under cover. President Roosevelt has indicated simply his willingness to get the government out of the private banking field provided private bankers will do the job. Many oppose such a withdrawal, and will say so, when, and if, the time comes.

Extant and active are the dozen or more silver blocs, each advocating different steps ranging from free coinage on a 16-to-1 ratio to devaluation of the silver dollar.

The central bank idea will be brought forward again. Only a plea from the President for postponement kept the house banking committee last session from approving a central bank bill and bringing it up on the floor. The membership of that committee was not changed materially in the November elections.

Deposit Insurance Up Again

Federal deposit insurance will be argued again. At present, bank deposits up to $5,000 are insured 100 per cent under a temporary law which expires on June 30, 1935. No Democratic leaders, including the President, want to abandon deposit insurance. But the contest will be over whether the permanent plan should cover deposits of more than $5,000.

There also will be hours of argument about existing federal agencies which are attempting to stimulate lending.

The home owners' loan corporation has stopped accepting applications because its money was about gone. Some are making plans to give the HOLC more money.

The lending life of the reconstruction finance corporation expires, too, shortly after congress meets. There will be strong pressure for, and against, extension of its activities.
