Little Longhorns Get Big Chance

District champions for the first time in the school's history, the Longhorns will be seeking to gain even greater glory Saturday night when they meet New Deal in Plainview's Bulldog stadium.

The Horns gained the right to battle the N. D. Lions with their win Friday night over the Bovina Mustangs. The Mustangs

and Horns wrapped up the '72 season with identical district records of 5 and 1 but the Longhorns will represent the district in the play offs.

Game time Saturday is 7:30 p. m.

New Deal posted a 6-4 record for the year and a 4-1 in district competition. Coached by B. J. Smith, they were shut

out Friday night by Hale Center, co-holders of the district's second spot. The Lions advanced to Regional last year where they were stopped by White Deer.

Head coach Lonnie Phillips expressed his pride in the Longhorns this week and said he spoke for the entire coaching staff in describing the players as "outstanding young men,"

are working hard towards the goal of a state championship."

Coming off a losing season last year when they finished 3-6-1, the Horns were pre-

season picks to finish next to the bottom in the district.

Phillips said that the players refused to let their lack of size keep them from playing

their very best.

"They showed so much character and played the way they were capable and that made them winners," he said.

Seventh Grade Footballers Are Champs, Go Unbeaten

Seventh grade footballers of Hart Junior High wrapped up the season undefeated Thursday afternoon with a 40 to 0 win over Bovina and the district championship crown.

The Shorthorns not only boasted a flawless season but also turned in a superb defensive record by giving up just six points for the year.

They also whipped Lazbudie 28-0; beat Shallowater 38 to 6; Sudan, 24-0; Farwell, 6-0;

and Springlake-Earth, 28-0.

Listed on the roster were Brad Barnes, manager, Eddie Aguilar, Barry Billingsley, Glen Black, Bart Bruington, Carlos Cazarez, Elizar Castillo, Geoff Clifford, Ronald Cole, Alex Esquivel, Frank Gutierrez, Clay Hanes, Kent Hill, Doug Holley, Kelly King, Robert Lacy, Willie Landrum, Larry Marble, Cletus Nelson, Johnny Newsom, Keith Reed and Donald Robinson.

"We began the season with the hope of a district championship and felt that one of the hardest jobs was convincing the boys they could go all the way. They feel now they can go all the way."

"Saturday night we'll be facing one of the better football teams and we'll have to play our best just as we did against Bovina. The boys have been working real hard and we're confident it will be one of our better games."

Phillips added, "We realize that there are obstacles we have to overcome but the boys

Horns Hobble Mustangs To Gain District 3-A Crown

By David Bass
Chants of "We're Number One" rang out over Longhorn Stadium Friday night for a very good reason. The Longhorns tamped Bovina's Mustangs 25-8 to capture the district 3-A Championship.

It is the first district title ever won by a Hart team and it took a battle to get it.

The first period was mainly a defensive battle. Neither team was able to score but the Horns did pick up a penetration which can be very important as we have already found out. The Horns used short gains by Stanley Dyer and Jimmy Brown to

move down to the Mustang 16 yard line but were unable to cross the double stripe.

Things really began to move in the second period -- especially the Horns. Brown made a tremendous 60 yard run for a touchdown. The little 135 pound speedster ran like a full-back as he went through the entire Mustang team to get the 6 points. Wayne Ethridge's kick for extra point was wide to the left and Hart went to the dressing room at half time cradling a 6-0 lead.

The Mustangs came storming onto the field in the third quarter and successfully at-

tempted an onside kick. Their joy was short lived however when they lost the ball on a fumble at the Hart 40 yard line.

On the very next play, Brown went over the left side of the line and raced 60 yards for another Longhorn score. The run appeared to take the Mustangs by surprise and seemed to really break their spirit. A running attempt for two extra points failed and Hart took a 12-0 lead.

Shortly afterward the Horns got the ball again on the Bovina 40 yard line. After short running gains, Dirk Rambo took the ball

American Grain Seeks Permit

American Grain and Cattle Incorporated of Hart will make application to the Texas Water Quality Board, in a public hearing Nov. 30, for a waste control order for a feedlot operation to be located on Highway 194.

The hearing will be held at 9:30 a. m. in the Municipal Building in Amarillo.

Pending approval of the application, rainfall runoff water containing wastes from the feedlot operation, planned for 40,000 head of cattle, will flow into a self-contained playa lake on the property and can be utilized for irrigation purposes.

around right end and raced down to the Mustang 9 yard line. On the next play, the Horns drew a holding penalty and were set back to the 24.

After two more plays failed to score a TD Rambo dropped back and fired a 24 yard pass to David Barham who was all alone in the end zone. This time Ethridge's kick split the uprights and the joyous Horns took a 19-0 lead.

Late in the third quarter, Bovina started their first prolonged drive of the night. Aided by short passes and a pass interference call, the Mustangs moved to the Hart 6 yard line with a first down.

On second down, John Henry Robinson dropped Bovina quarterback Kim Rundell for a 5 yard loss.

Then Longhorn defensive backs batted down two consecutive passes in the end zone to stop the drive and give the Horns the ball at their own 11. The Horns couldn't get moving and had to punt. Then the Longhorn defense came up with a very big play as Dan Sharp really banged the Bovina runner causing a fumble which James McLain hopped for the Horns at the Hart 39.

Brown made 15 yards in two plays and Dyer took the ball 45 yards straight up the middle for the last Longhorn touch-

Turning Point

With the long and frustrating Vietnam war seemingly near an end, the season for second-guessing will begin. Could we have ended the war sooner? What was the turning point that made the Communists decide to negotiate seriously?

There is no doubt that something impressed the Communists. When the history books are written, they should say the turning point occurred on May 8, 1972 when President Nixon ordered a blockade of Haiphong harbor, mined the rivers and imposed a strategic strait-jacket around Hanoi's supply lines. It was a decisive step, and in view of bitterly divided public opinion in America, it was a politically risky one. Obviously President Nixon wanted a second four year term. But he laid his political future on the line with the decision to blockade and it worked.

It was a correct move, a signal to Hanoi that they could not conquer Sout Vietnam through propoganda on the campuses and street corners of America. Sealing off Haiphong was the kind of decisive military action that so long was lacking in the Southeast Asian war.

Remember the uproar at the time? There were dire warnings that "escalating" the war would mean more American casualties. The same cries of foul were made during the Cambodian invasion. But the invasion of Cambodia did not result in more American losses. Instead, it gave South Vietnam greater military mobility and permitted the continued withdrawal of American forces. South Vietnam did not fall, the war did not widen. Nor did the blockade of Haiphong cause more American casualties as the vocal "peace at any price" crowd suggested.

It did not torpedo President Nixon's summit meetings in Moscow or Peking. It had the opposite effect. It cut the flow of

Communist supplies and earned for America a new measure of respect in Moscow and Peking. Communists understand military force.

It's no secret why massive bombing did not force Hanoi to surrender years ago. We were bombing the wrong targets, inhibited by the peace demonstrations at home. Destroying a bull cart loaded with ammunition may hinder the enemy in a limited area, but it won't settle a war. Wiping out the ammunition factory and blocking the supply routes will deliver the kind of crippling blow that forces an enemy to negotiate for peace.

President Nixon took that kind of decisive action on May 8, 1972. It is a lesson that should never be lost on America's leaders. There are only two realistic ways of ending a major military conflict; through effective action or surrender.

In Vietnam, the decision to impose military strength effectively came too late for thousands of young Americans. The war could have been settled early in President Johnson's term of office. It may have meant more casualties over a short period of time, but winning then could have saved the lives of thousands more Americans who died because we went into Vietnam with a no-win strategy, committed our forces in a piecemeal fashion and fought the war largely on the enemy's terms for seven years. When President Nixon finally faced up to the agonizing decision of whether America really was prepared to suffer a major defeat, he ordered America's military muscle used in a potent way.

Future historians should note this well. Those "smart bombs" did more to hasten peace than all the diplomatic conferences in the prior seven years. They delivered a message the Communists understand.

down. The kick for another point was blocked and Hart led 25-0 with 7:51 seconds showing on the clock in the final quarter.

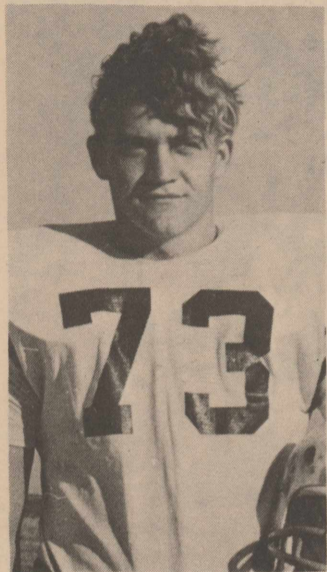

Bovina finally got on the scoreboard with Doc Shelby going over from the 6. Shelby also ran the extras making the score 25-8.

The Mustangs only got the ball two more times and both times Brown picked off Mustang passes around the Hart 30 yard line. The last interception came with 28 seconds on the clock and the deliriously happy Longhorns and fans counted them off all the way to 0 and then streamed onto the field to join the Long-

horns in singing the Alma Mater.

The Horns ended the season 9-0-1 and 5-1 in district play to garner the tie for district with the Mustangs who also had a 5-1 record. The victory over Bovina gave the Horns the right to meet New Deal Saturday night for the Bi-District clash.

Grass Roots George Says

We've come full-circle. An international economics group wants America to borrow back some of the dollars we've loaned to Europe and use them to finance local projects here at home.

A lot of state legislatures are going through the pangs of reapportionment. Some folks may think reapportionment is one of those quicky diets; eat smaller portions and stay slim.

But it really means the Democrats and Repoulicans want to trim each other.

Acupuncture may be new to American medicine, but politi-

cians have been getting and giving the needle for years--in all parts of the anatomy.

Any parent with a youngster going through the braces stage is indebted to modern dentistry--usually deeply indebted.

But there's one consolation about a dentist's bill; you can usually pay on the installment plan and you get something for your money. When Washington says "open wide," they mean your pocketbook and they mean now.

Congress refused to pass a \$250 million Federal spending ceiling. If that turned out like

the "ceiling" on the national debt, it would have been a pretty leaky roof, anyway.

Unhappily, when a family inheritance is involved, money is sometimes thicker than blood.

Every one knows you can't take it with you. But with inheritance taxes, you can't leave much behind, either.

Highway Patrolman Needed Cadet School Opens Soon

The Texas Department of Public Safety is seeking applicants to fill the ranks of its uniform services. The training school for cadet patrolmen will begin Nov. 28. This announcement was made by Major C. W. Bell, Regional Commander of the Texas Department of Public Safety for this area.

Applicants must be males between the ages of 20 and 35; a height of not less than 68 inches nor more than 76 inches; a weight of not less than two pounds nor more than three and one-half pounds per inch of height; visual acuity no less than 20/40 correctable to 20/20; at least 30 semester hours of college credit; in excellent physical condition; good moral character; and a citizen of the United States.

Applicants are urged to contact any Texas Department of Public Safety office or patrolman for an application. After completing the application take it to the nearest regional, district or sub-district Texas Department of Public Safety office for verification and certification. If all is in order then the written test will be administered which will qualify or disqualify the applicant for further consideration. Successful applicants will be given an agility test, a character investigation, and a physical examination. Those accepted for employment will be notified prior to the beginning date of the next training school.

Cadet patrolmen will be assigned to the Texas Department of Public Safety Law Enforcement Academy in Austin, Texas for a 12-week training period. The training is designed to equip the cadet to handle any of the various situations he may encounter as a patrolman. The training of a patrolman is a test of an individual's intellectual, emotional and physical stamina. It is also an educational process which prepares him for a rewarding career in law enforcement.

In addition to classroom work the cadet is taught self-protection by means of judo, boxing, wrestling, and other police-protection methods. Salary during training is \$600 per month. Upon being commissioned a patrolman, the salary is automatically raised to \$743 per month. Patrolmen receive additional longevity pay for each five years of service to a maximum of 25 years. Uniforms, vehicles, weapons, ammunition and necessary equipment are furnished. They are also granted a monthly uniform cleaning allowance and receive

travel expenses when away from their assigned station. Group life and hospitalization insurance are available at reasonable cost. The patrolman become members of the Texas Employees Retirement System and the Social Security System. Vacation, holidays and sick leave are also provided for the patrolmen.

Assignments will be made to one of the four uniform services-- Texas Highway Patrol, License and Weight, Motor Vehicle Inspection, or Driver License. These assignments are made according to the individual's preference, his aptitude, available vacancies, and the Department's needs. Requests for a specific home station will be given every consideration.

After two years of experience each patrolman is eligible for promotion to Sergeant in the uniform services and also eligible for transfer into the Narcotic and Intelligence Sections.

All interested young men who feel like they meet these requirements are urged to contact the nearest Texas Department of Public Safety office or patrolman for an application and details.

Gary Hart Among Youth Honored At District Meet

Gary Hart and Patti Hochstein of Nazareth were honored along with other 4-H youth from the 22 counties of Extension District I Saturday night. Parents of the youth were also guests at the dinner meeting sponsored by four electric cooperatives in the Quality Inn in Amarillo.

Gold Star awards are presented on a county level to recognize the most outstanding boy and girl in each county. They are selected on the basis of achievement, leadership and contribution to the county 4-H programs.

State Senator Max Sherman of Amarillo was banquet speaker.

Attending the banquet with Gary were Mr. and Mrs. Joe Percy Hart, LaDonna, Marlin and Vic.

Irene's Ideas

BY IRENE KEATING
CASTRO COUNTY EXTENSION AGENT

Here it is - Thanksgiving. I hope each of you has a wonderful weekend.

Last week the Happy Homemakers Extension Club was organized. They'll be meeting monthly. Olivia Ortiz was elected as president. I am really looking forward to my association with this new club.

This time of year catches us all in a very rushed state. However, we really (deep down inside) do enjoy the holiday rush and preparation. As we are really conscious of our time management now I'd like to share this prayer with you written by Marjorie Holmes and appearing recently in Woman's Day.

Help me to unclutter my life, Lord.

Rescue me from this eternal confusion of belongings (mine and other people's) that just won't stay orderly. This suffocation of phone calls, clubs, and committees, "No man can serve two masters," you said. A woman is lucky if she has only two! I buy too many things, subscribe to too many things, belong to too many things. The result is such confusion I can't really enjoy or do justice to anything!

Deliver me from some of this, Lord. Help me to stop bewailing the clutter and work out some plan for cutting down. Give me the willpower to stop buying things we don't need that only become a chore to take care of. Give me more sales resistance at antique stores and white elephant sales. And give me the willpower to get rid of a

lot we already have -- to unclutter my cupboards and closets and attic of things hung onto too long. Oh, Lord, help me to unclutter my life of too many activities. Give me the self-discipline to stop joining things and to weed out the organizations I don't really care about.

And while I'm at it, Lord, help me to unclutter my mind--of regrets and resentments and anxieties. of idiotic dialogues and foolish broodings. Sweep it

CHILDREN VISIT

Recent visitors in the home of Mr. and Mrs. Worth Jones were their children, Mr. and Mrs. Roy Ethridge of Fort Worth, Mr. and Mrs. Weldon Talley of Amarillo and Mr. and Mrs. Weldon Jones, Kelly and Scott.

"NIXIE"

"Nixie" is a postal term meaning mail which for some reason cannot be delivered.

clean and free. Make it calm and quiet. Make it orderly. Put me in control of my mind as well as my house .. and my calendar ... and my harried spirit. Thank you. With your help I know I can triumph. I can unclutter my life.

Future Farmers Attend District Banquet Tuesday

Six members of Hart High School's Future Farmers of America attended the annual Plainview District FFA Banquet Tuesday night in Tullia.

FFA Sweetheart Nelda Henderson and Plow Girl Rhonda Newsom, accompanied Allen Shive, Ricky Black, Stanley Dyer, Jim Tucker, Dean Hill and Doyle Davis and Vo Ag advisor Lanny Tucker. Also attending were Mrs. Tucker and Lana and Mrs. R. G. Henderson.

Shive participated with other District officers in the program and in a special cere-

mony in which honorary memberships were presented to Dr. Davis Bechtol of Dimmitt and Dr. Paul Glasson of Lockney.

Ross Hamilton of Floydada was named Star Lone Star Farmer and Danny Nivens of Hale Center, Star Chapter Farmer. Wikki Culp of Happy was recognized as Star American Farmer and Lonnie Tackett of Happy the Star Greenhand Farmer award.

Mandy Black of Cotton Center was elected district sweetheart and will represent the district in the area contest.

YOUR HEALTH

THE IMPORTANCE OF VITAMIN C

Vitamin C, or ascorbic acid, is a delicate vitamin, not well stored in the body and easily destroyed by heat.

It supplies a kind of cementing substance that binds together in the blood vessels, teeth, bones and other tissues. Loss of it causes the capillary blood vessels to break rather easily, producing such symptoms as spongy and bleeding gums, bleeding under the skin, poor teeth, and tender joints.

The best known sources of vitamin C are citrus fruits and tomatoes.

Daily requirements of vitamin C are in the range of 30 to 100 milligrams in healthy individuals; much larger doses are used therapeutically.

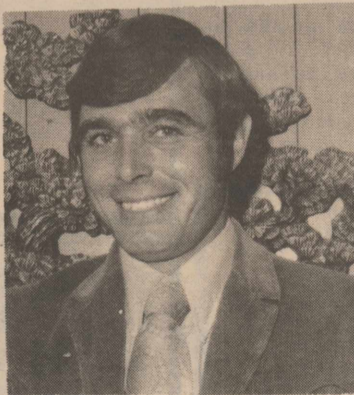

Since the body cannot store vitamin C, foods containing it should be eaten daily. As far as getting the vitamin from cooked food, you have to be careful. Since it is unstable in solution, it may be destroyed by prolonged cooking.

There is increasingly persuasive medical evidence linking low vitamin C levels with oral contraceptives. Recent tests indicate that women who use birth control pills may develop a much greater need for ascorbic acid than women who do not use them.

As a result of these findings, a special dietary supplement has been developed that not only contains 200 milligrams of vitamin C, but also other vitamins and minerals women who use oral contraceptives are known to need each day. The new supplement is now available at drug counters everywhere.

Wheat Symposium Slated In Amarillo, Nov. 29-30

With more acres sowed to wheat than in recent years--wheat growers from throughout Texas will gather in Amarillo, Nov. 29 and 30 for a two-day look at current and future problems and opportunities facing their crop and their wheat income. Amarillo is the head-quarter location for their organizations--TEXAS WHEAT Producers Association and Producers Board.

A "Wheat Symposum" is scheduled Wednesday, Nov. 29. It is a cooperative effort between the Extension Service in Districts I, II and III and the TEXAS WHEAT Producers Board. Leaders in the Rolling Plains Economic Program in the Vernon area, the Panhandle Economic Program in the Amarillo area, and the South Plains Development Program out of Lubbock assisted in planning

and conducting the educational symposium. Subjects to be covered range from new varieties to insect control and from grazing to wheat feeding, according to Ken Kendrick, Stratford, Chairman of the Producers Board, hosts for the program.

The TEXAS WHEAT Producers Association Twenty-second annual meeting is scheduled Thursday, Nov. 30. A parade of speakers from Washington state to Washington D. C., and from Chicago to Texas in between will cover subjects from New Markets to Transportation and Future Farm programs to the Russian Wheat Sale. The Association's meeting will be followed by a meeting of the Directors of the Association according to Leo Witkowski, Hereford, the organizations president.

All the general sessions are

open to the public and interested wheat producers, graindealers, farm leaders and agri-business people are specifically invited to attend and participate in discussion periods following each of the subject matter presentations. All sessions will begin at 10 a. m. at the Holiday Inn West in Amarillo.

CHRISTMAS TINSEL

From the Ukraine comes the marvelous tale of Christmas tinsel. Once upon a long-ago Christmas, a poor widow had a tree but could afford no ornaments. When she awoke on Christmas morning she found a spider had spun its web over the entire tree. The moonlight of Christmas Eve had turned it to silver. The widow and her children were delighted.

Sub-District Workshops Held For 4-H Leaders

4-H Adult leaders from the 22 counties in Extension District 1 received training during two sub-district workshops held Monday and Tuesday according to Mrs. Peggy Anthony at Borger, District 1 4-H Adult Leaders' Association Chairman. Monday's meeting was held in the First Christian Church in Pampa while the Commercial Exhibits Building

at the Tri-State Fairgrounds in Amarillo was the site for

the Tuesday's workshop. Mrs. Anthony says "the workshops were the product of planning on the part of the district association which is composed of delegates from the 22 county area".

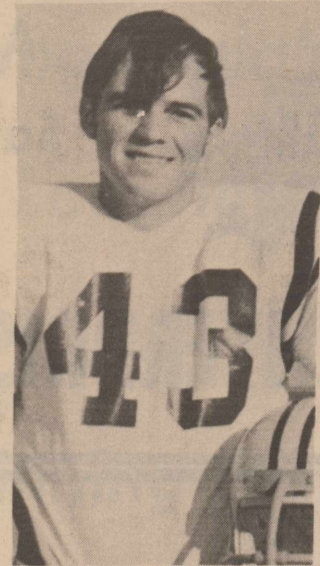

Each workshop consisted of an afternoon and an evening session with each session independent of the other. This allowed leaders to attend any part or all of the sessions and still receive full benefit from them. Featured during the afternoon sessions was Dr. Donald Stormer, State 4-H Leader from Texas A&M University, discussing "Guidelines for

Conducting 4-H in Texas". A panel of leaders discussed "How We Use the Guidelines at the Club, County, and District level", Ed Garnett, Area 4-H & Youth Specialist from Amarillo discussed "Records Reflect Progress". The evening sessions began at 6:30 p. m. with a discussion on "Leader Motivation" by Don Morrison of Pampa, Vice-chairman of the adult leaders' association. "Design for discovery" included a discussion and group sessions led by Stormer and Garnett. "The program was designed to bring leaders up to date with the most modern concepts of 4-H programming", Mrs. Anthony said.

TREE LIGHTS

Martin Luther is believed to be the first person to "light" a Christmas tree. He placed candles on one for his children - "to bring the stars indoors." One of the earliest mentions of a decorated Christmas tree in literature is in 1605, and tells of a tree in Strasbourg, Germany, laden with roses, apples, gingerbread men and cubes of sugar.

BEEF SPREAD

Minced cooked leftover corned beef makes an excellent spread for crackers when the beef is mixed with mayonnaise and pickle relish.

RELIGIOUS CARDS

Religious cards continue to rank among the most popular Christmas cards. This year, according to the National Association of Greeting Card Publishers, two out of three Christmas cards will carry a religious theme.

LEWIS LLEWELLYN

Reimpose the Death Penalty?

The Supreme Court has declared that capital punishment, under existing laws and practices, is unconstitutional. But the issue is far from dead. In Florida, Gov. Reubin Askew has called a special session of the Legislature, to begin November 28, at which a new law to reimpose the death penalty will be considered. A Study Committee on the Death Penalty, composed of 17 distinguished citizens including two former governors, has voted to urge the Legislature to enact such a law.

Other states are contemplating similar action.

Emphasizing the urgent necessity of legislation providing a way of controlling men who are murderers, California State Sen. H. L. Richardson pointed out recently that in just one prison in that state - San Quentin - an inmate dies at the hands of another inmate every 10 days!

Duane Lowe, sheriff of Sacramento County, California, commenting on the abolition of the death penalty, said, "I want to express my ... profound concern." Mentioning some men from his county who were in San Quentin, he said, "One of them has so far committed four murders; another has committed three. If they had been executed following the first murders they committed, I'll tell you this: they wouldn't have murdered another five people."

Our American society is on the horns of a dilemma. If we spare the lives of murderers, are we indirectly - and unwittingly - condemning to brutal death still other victims?

The situation has legal, moral, ethical, and spiritual aspects.

Some opponents of capital punishment point to the commandment, "Thou shalt not kill." They say that this commandment is being violated when a murderer is executed.

Others call attention to the fact that the penalty prescribed for violation of this commandment was, "He that smiteth a man so that he die shall be surely put to death." So the execution of a murderer is not a violation of the law that God gave, but the fulfilling of it.

Reader Opinion Poll

What do you think? Should the death penalty be re-established? If so, on what basis? You are invited to participate in a Reader Opinion Poll on this important subject, the results of the poll to be reported in a later column.

Please mark the statements with which you agree and mail your opinion to me in care of this newspaper.

The death penalty has no place in our society. It should be completely and permanently abolished.

Society must protect the innocent. Unless the guilty person is insane, or was insane at the time of committing the crime, the death penalty should be applied in the following cases:

- All murders.
- Murder committed in connection with another crime of violence, such as rape, robbery, etc.
- Rape.
- Assassination of a president.
- Killing of a policeman while on police duty.
- Killing of a guard or another prisoner by a life-term convict.

In our town a factory employs most of us. But we live under the pall of smoky chemical fumes.

Both labor and management attend our church — and they are concerned about pollution and our environment. They know it is a human dilemma. We must have jobs; we must have the products we make. And taxes from the factories support schools, clinics and public works. These are realities.

But we cannot continue destroying in the process of creating. It is God's world and we are the caretakers. That's also a reality.

As Christians we will seek the answer under God in His Church. We will work together and build a better world. Will you be in church next Sunday?
