This weekend brings around the Fourth of July and a holiday for most folks.

For those of you who plan to take to the highways...please be careful and drive safely.

We would remind everyone who has a flag to fly it during the holiday period and every day up to and including the Fourth if you please.

We sort of predict a return to some of the fine patriotism which has gone out of style the past decade in our country. For awhile there it seemed almost a disgrace to render any courtesy when the Flag of our Nation went by or was raised at any gathering.

We would like to see a return of these courtesies to our flag and perhaps this will in turn bring a change in the attitudes of many of our people toward our country in general and its policies in particular.

You know it has been a long time since we remember sitting on the curb at home and watching a parade on the Fourth of July but as we recall it was something to recall.

Personally we see nothing wrong with just taking off your hat and keeping quiet when the flag goes by in a parade and maybe we are old-fashioned, or square or whatever the term is nowadays, but we get a lump in our throat when the flag goes up at a football game or any occasion like that.

This Fourth of July let us remember the sacrifices that have been made to keep that flag where it is, and the continuing price to be paid for our Freedom.

We all get at one another's throats from time to time on various issues, but isn't it nice to live in a country where we have the right to disagree? Have a happy and a safe Fourth of July!

Bill Tanner brought us a clip-pint this week which we would like to share with our readers. It concerns an article entitled "The Missing Day" and has received publication notices down in East Texas. Mrs. Donald Maples, niece of Chester Maples of Stratford, sent in a question about the article to one of the Dallas TV stations which in turn carried the story. The article entitled "The Missing Day" is as follows:

It concerns a missing day in time discovered and related by Harold Hill, president of the Curtis Engine Company in Baltimore, Maryland and a consultant in the space program. Mr. Hill stated that he thought one of the most amazing things that God has for us today happened to our astronauts and space scientists at Green Belt, Maryland. They were trying to determine the position of the sun, moon and planets 100 years and 1000 years from now. In order to do this they had to plot the orbits through past centuries.

They ran the computer measurement back and forth over the centuries and suddenly it came to a halt. The computer signaled that there was something wrong either with the information fed into it or with the results compared to the standards. They called in the service department to check it out and found nothing technically wrong. The computer still came

ELEVATOR WALL FAILS---Kerrick Grain Co., located on Highway 287 northwest of Stratford on the Oklahoma line, was struck by misfortune for the second year in a row late Monday afternoon. Part of the walls of one of the tall concrete tanks of the elevator fell away leaving a gaping hole big enough to drive a small truck through and letting an estimated 30,000 bushels of wheat fall to the ground. The tank which collapsed was filled all the way with newly-harvested wheat. Cone Donelson, owner, said there was no explosion. He said about a half-hour before the wall fell that workmen saw a big bulge coming at the place where the concrete fell away. A similar fate befell the elevator last summer on another tank on the same elevator.

Big Hole Leaks Grain At Kerrick

Over 30,000 bushels of wheat fell too the ground out of a large hole which fell from the side of the Kerrick Elevator late Monday afternoon.

It is the second time in as many years that the Kerrick Elevator has had misfortune strike in the form of a collapsed sidewall of the huge concrete tank.

Elevator Owner Cone Donelson said Monday that workmen noticed a huge bulge form in the side of the elevator about 4:30 p.m. then the wall of the tank collapsed a little later.

The huge concrete elevator tank was completely full of wheat at the time of the tragedy and holds around 170,000 bushels at capacity.

There was no explosion accompanying the collapse of the side of the tank, just the concrete side gave away letting the wheat fall to the ground. The huge hole is about the size of an automobile and a crack runs almost completely around the tank. Donelson said he had called the contractor which built the elevator Monday immediately after the collapse and workmen would be on the site in the near future.

The 1970 wheat harvest was quickly coming to a close in the Kerrick area with the elevator receiving less than 3,000 bushels Monday before the accident.

The concrete elevator was constructed back in the mid-1950's and received repairs after the collapse of one of the tanks last summer.

Swim Lessons Offered At School Pool

Swimming lessons for all youngsters from age 5 years old through 11 year olds will be held at the Stratford School swimming pool beginning July 6.

The classes will be held for a period of 10 sessions ending on July 17. The sessions will be one hour each. Cost of the classes will be 25¢ per session for a total of \$2.50 per student.

The classes will be divided into age brackets of 5 and 6 year olds, 7 and 8 year olds and 10 and 11 year old students. Classes will be under the supervision of Dick Pylant and Clark Mires.

Coach Pylant has announced that if there is anyone in the area who is interested in keeping up their Red Cross Instructor requirements by helping with the sessions they are urged to drop by and help.

Anyone interested in helping with the classes is urged to contact Coach Pylant at the swimming pool anytime this week.

Moisture Total Falls Below Area Average

Sherman County hasn't been blessed with an over abundance of moisture this year but has received some showers this weekend which have helped a little.

Stratford Weatherman Horace Sneed reported an official .21 of an inch in the city Monday evening which cooled things off from a pretty warm day. Sunday was one of those days where the humidity had built up and also Monday was uncomfortable but clouds moved over from the southwest bringing relief and the showers.

Checking Sneed's official records for the first six months of 1970 we find that Stratford has received a total of only 6.29 inches of moisture in the six-months period...needless to

say this is lower than our average.

Looking at the 1970 Edition of The Texas Almanac we find that over the past 48 years since records have been kept on rainfall for Stratford the average total for the first six months comes to 7.99 inches so we are behind some 1.60 inches of moisture.

Sneed's 1970 records show only a trace of moisture recorded for January, none at all in February (our average for January is .46 and .48 for February) with March showing up with .43 for 1970 compared to an average of .75 of an inch. This year we got 2.6 inches in April which helped considerably as the average is only 1.25 for that month. During May we got .92 of an inch with the 48-year average being 2.90 and in June of 1970 we have received 2.34 to date with the June average being 2.15.

We hope we can continue to catch up on the moisture as the conditions overall are just plain dry any way you look at it.

Final Rites Held For J. G. Clark

James G. Clark, 85, longtime farmer and stockman in the Sherman and Dallam County areas, died Saturday morning in the Coon Memorial Hospital. Services for Mr. Clark were held Monday afternoon from the First United Methodist Church in Stratford with the Rev. Bill Kent officiating and assisted by Rev. Frank Matthews, pastor, Lakeview Methodist Church of Dalhart.

Mr. Clark was the grandfather of Mrs. Frankie Hamilton of Stratford. Mr. Clark was born October 8, 1884 in Columbus Junction Iowa and lived in Stratford for many years before moving to Dalhart 14 years ago.

Survivors include two daughters, Mrs. Ed (Grace) Trueblood of Dalhart and Mrs. Andy (Mabel) Page, of Plainview; two grandchildren, including Mrs. Frankie Hamilton of Stratford, two great-grandchildren and one brother, M. A. Clark of Dallas.

Interment was in Stratford Cemetery beside his wife, Isabel Augusta Clark, who died in 1966.

Stratfordite Gets Degree At Arizona

Dan Newman, son of Mr. and Mrs. Rollo Newman of Stratford, was one of 4,500 students completing work and receiving degrees from the University of Arizona at Tucson this summer. Newman is a graduate of Stratford High School and received his B. S. degree from Texas Tech. He received his M. S. in Agricultural Economics from the University of Arizona.

DRYLAND GOOD, IRRIGATED POOR

Area Wheat Harvest Is Almost History

Wheat harvest for the year is fast fading into history, according to a survey Tuesday morning of area elevators.

Most of the operators agree that the harvest stands over 95 percent completed with only "patching out" of the wet spots in fields still awaiting harvest.

The harvest was a complex one to pin down this year with most of the dryland yields going above earlier expectations and the irrigated wheat for the most part falling way short of what it should be for the cost involved.

The best wheat results were recorded back north of town with

yields up in the Oklahoma Strip going around 25 bushels per acre on dryland fields.

Most of the wheat had been grazed all winter long and almost all the dryland had been grazed to the extent that the owners didn't even figure on having any there at all to harvest. But the late moisture, despite it being short, brought the crop around and the dryland acreage will probably average 15 bushels in the county.

Irrigated wheat did poor with most producing less per acre than last year's crop. The reports indicate an average of

less than 35 bushels per acre on the crop.

James Spurlock, of Stratford Grain, reported the dryland did fairly well but the irrigated was off from last year. What wheat was cut went for good test weights and good protein he pointed out.

Cone Donelson up at Kerrick Elevator Co., Kerrick, reported real good harvests on the dryland up in his area and the yields over in Oklahoma were better than they have been in recent years.

Glancing at the Texas Employment Commission's wheat

bulletin we find that harvest is practically completed across the entire state.

Looking at the report for the Panhandle area it states yields were reported of up to 50 bushels per acre in the Plainview area and is now complete. Hereford, Farwell and Dimmitt are as report yields about normal and above and Amarillo, Canyon and Claude reports crop above average with 80 percent completion; Borger, Dumas and Peryton and across this area report averages running about 24 bushels per acre with the last of the crop to be out by July 3.

CO-OP GETS TWO SHUTOUTS

Consumers, Sherman Imp. Co. Continue To Dominate Games

Consumers and Sherman Implement continued to dominate play in the two baseball divisions at City Park this past week during the summer baseball program.

Consumers hung up two consecutive shutouts with back-to-back wins of 6-0 and 7-0 this past week to set the pace in Major League action.

Sherman Implement won their two games this past week, one by a 12-run margin and the other a narrow 9-8 squeeze - out over the cellar-dwelling Stratford Stars who nearly knocked off the league leaders.

With only a couple of weeks

to go in the 12-game season for each team Monday night's second game was finally called midway in the fifth because of rain but a full game was officially logged so thus far there has been no rainouts. Final games in the season are to be played July 9 in the Major League and July 10 in the Minor League.

Standings as of Monday night in the Major League shows Consumers out in front with a 7-2 record. King Equipment is second with a 5-4 record and Stratford Grain is third with 4-5 while First State Bank is fourth

in the league with a 2-7 season record.

Down in the Minor Leagues, with the results through last Friday night's games, Sherman Implement is leading that pack with a season record of 7-1. TOC Motor Co. is second with a 5-3 record and Plunk Oil is third with a 3-5 while The Stratford Star is fourth with a 1-7 record.

Despite the wide variations in standings some of the best games have been between the top and bottom teams this past week.

Recapping the action briefly this past week Tuesday night (June 23) Sherman Implement handed TOC a defeat to the tune of 15-3. Roger Wells and Billy Powers went all the way for the winners with Wells on the mound and Powers behind the plate. Matt Vincent was the losing pitcher with Terry Doshier catching. It was a tight 4-3 ballgame until the fourth when Sherman Implement batted around almost twice to get nine runs in that frame.

In the second game of the night Plunk Oil nosed out the Stratford Star 11-7. The score was tied in the first 2-2, then Plunk took a 3-2 lead in the second but The Stars came back trailing 9-2 to pull within two runs but never could catch the Oilers and went down to defeat. Rodney Ogün was the winning pitcher with Karr Ingham catching. The Star used Jimmy McClellan and Chet Everett on the mound with John Bass behind the plate.

Friday night TOC downed Plunk 11-6 with Hector Trevino pitching and Leonard Hawkins catching. Kyle Ingham was the losing pitcher with Karr Ingham catching.

(Continued on page 2)

Fireworks Display At Park

A Fireworks Display will be held at the City Park beginning at 9 p.m. Saturday, July 4, sponsored by the City of Stratford, Prospectus Study Club and the American Legion Post.

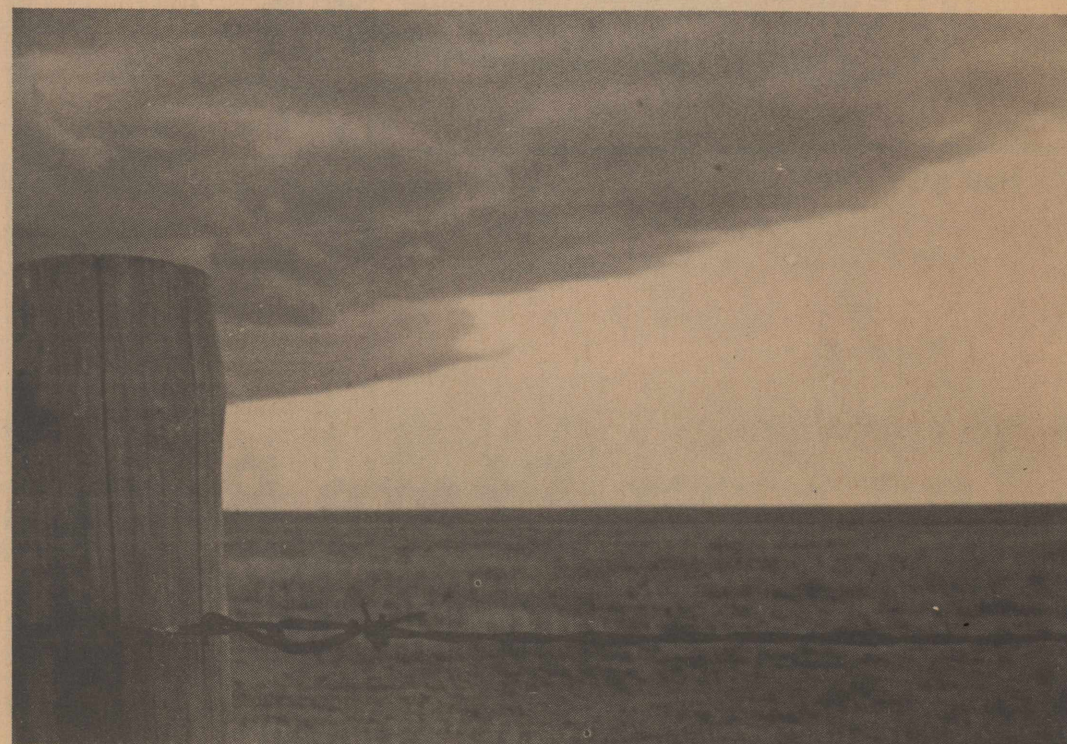

Members of the Boy Scouts will hold a Flag Ceremony to begin the program with Mark Hudson playing Taps on the bugle.

Following the Flag Ceremony the Fireworks Display will be held.

The City Council warns that the Fireworks Display will be the only fireworks allowed at the City Park that evening. No private fireworks will be allowed, due to the existing Ordinance against such practices and the dangers involved.

All businesses will be closed for the holiday with only a few service stations open.

Everyone is invited to attend the Fireworks Display and donations to defray the costs will be accepted.

A BLUE NORTHER---Those of us who live in the Panhandle don't get too excited about changes in the weather, it is just something to live with and take as it comes. This photo shows one of the fronts which came through our area as it contrasts with the open sky in front of the weather. Naturally there was a bit of wind with the change in the weather and the dirt blew, but it was just another front.

a day was missing in space in elapsed time. The scientist were dumfounded. There was no answer.

One of the team remembered a reference to the sun standing still in the Bible. Upon checking, they found in the Book of Joshua a pretty "ridiculous" statement for anybody who has "common sense." According to the Scripture, Joshua asked the Lord to make the sun stand still. "So the sun stood still in the midst of heaven, and hastened not to go down about a whole day" (Joshua 10:13) There was the missing day!

They checked the computers going back to the time it was written and found it was close but not close enough. The elapsed time that was missing back in Joshua's day was 23 hours and 20 minutes...not a whole day. They again read the passage and there it said, "about (approximately) a whole

day." This still did not account for the other missing 40 minutes. The 40 minutes had to be found because in projecting special orbits it would be multiplied many times over. Again man remembered somewhere in the Bible that it said the sun went backwards. In 2nd Kings, Chapter 20, Hezekiah, on his deathbed, was visited by the prophet Isaiah who told him that he was not going to die. Hezekiah did not believe him and asked for a sign as proof. Isaiah said "shall the shadow go forward ten degrees, or go back ten degrees?" Hezekiah replied, "It is a light thing for the shadow to go down ten degrees; nay, but let the shadow return backward ten degrees." (2 Kings: 20:9-10) Ten degrees is exactly 40 minutes!

Twenty-three hours and twenty minutes in Joshua, plus forty minutes in 2nd Kings make the missing twenty-four hours the space travelers had to log in the log book as being the missing day in the universe.

Commodity reports show wheat selling for \$1.29 per bushel, grain sorghum at \$1.80 per cwt, corn at \$1.25 per bushel and barley at 85¢ per bushel.

BASEBALL

...from page 1

Billy Powers went three innings for the winners and was relieved in the fourth by Roger Wells. Noel Chesmer went all the way behind the plate. Chet Everett and John Bass were the losing battery.

In the Major League last Thursday night Stratford Grain downed 1st State Bank 7-4 and used Jimmy Powers and Darrell Dasher on the mound with Johnny Powers catching. The losers went with Ralph Keener all the way with Chip Caraway catching.

The second game matched Consumers and King Equipment and Leon Payne and Vance Haggard went on the mound with Mark Wright catching. Keener and Duncan were charged with the loss with Ted Allen the catcher. The final score was 6-0 in favor of Consumers.

Consumers shut out 1st State Bank in Monday's first game behind Vance Haggard and Leon Payne with Scott Maynard catching. The losers used Glen

SCD Photo Planting in Stubble

Joe Morris is shown filling planter boxes prior to planting a hybrid sorghum-sudan in 45-bushel wheat straw. Most equipment can be modified to fit the needs. Here Joe and his father, Vance, used a John Deere planter and a Allis Chalmers fluted coulters. Joe said his only problem was keeping the tractor on the row as the straw blocked his sight. He planted approximately 60 acres a day with a 6-row planter. This will be primarily a dryland crop, however Morris will irrigate some to determine feasibility of this type of operation. Jack Heil is planting some which will all be irrigated. He will use the same type of crop and plans to plant 40 acres. If you are in doubt about seeding a crop in wheat stubble contact one of these farmers for their ideas.

Turner and Chip Caraway. Consumers got a 5-0 opening frame lead and were never headed. Haggard's triple in the fourth was the best hit of the night.

In the second game rain threatened all the way and the game was finally called in the fifth but Stratford Grain had already won it 7-3 at the end of the fourth. Jimmy Powers pitched for the winners with Keener and Duncan sharing the loss for King Equipment. Ted Allen was the losing catcher with Johnny Powers behind the plate for the winners. The game was knotted 3-3 until the third when Carl Luther blasted a double over the fence on a hop to score two runs which iced the game for Stratford Grain.

Grand Jury Returns 17 True Bills

Sherman County Grand Jury returned a total of 17 indictments, including one for murder, in their session held at the Court House last Friday.

The Grand Jury also reindicted four local youths in a drug case dating back to February of this year. The re-indictment was necessary in order to obtain a "clean" indictment, according to District Attorney Jerry Tucker.

The earlier indictment was clouded due to a legal technicality.

An indictment was returned against Mrs. Rosa Navarro, 19, charging her with murder with malice in the death of her 13-month-old son, Felix Navarro Jr., June 2 of this year.

Indictments were also returned finding true bills concerning the possession and sale of narcotics against four young men including William Green,

Robert L. Taylor, Joe Garner, all of Stratford, and Paul Riffe, of Texhoma. These indictments all grew out of a narcotics case back in February and March of this year.

True bills were also found in the case of Golvazalo Reyes, 42, of Gruver in a second offense, DWI, case and another subject was charged with a true bill in a case of theft by bailee.

Local Youngsters Attend Church Camp

Mrs. R. J. Hill took a car load of youngsters to camp at Ceta Canyon from the First United Methodist Church. Attending camp this week will be Keith Hill, Blake Sladek, Tom McReynolds, Tammy Cameron and Lou Ann Barrett. Patti McDaniel left Monday for camp where she will be a counselor. Accompanying Mrs. Hill on the trip was Mrs. Demus Eiler.

IN MURDER TRIAL

Garner Found Guilty By Oklahoma Jury

A former Stratford resident was found guilty of murder in district court in Beaver, Okla. last Friday.

Billy Joe Garner, 39, of Groom, was found guilty of the Feb. 26 murder of his mother-in-law, Mrs. Myrtle Gist, 62, of Texhoma.

The jury, comprised of eight women and four men, returned the verdict after three hours of deliberation recommended life imprisonment at hard labor.

The case went to the jury at 1:05 p.m. Thursday following closing arguments by Garner's attorney, Frank Ogden and Frank Hensley, both of Guymon. Forman sentencing in the case is set for July 15.

Garner will be tried later this year for the murder of Mrs. Gist's husband, Everett, who was also killed Feb. 26 in the Gist home in Texhoma.

In describing the shooting of Mr. and Mrs. Gist, Garner said that his relationship with his in-laws had been strained for the past 20 years.

The situation became worse when Garner's 17-year-old son Joe, went to live with his grandparents without Garner's permission.

Garner said that on Feb. 25 he learned that his son had been arrested in a drug case in Sherman County and that the Gists had not notified him of the arrest. He said he and his wife argued that night and he returned from work the following day to find Mrs. Garner and the couple's two daughters had gone.

Garner stated he took two rifles and a pistol and came to Stratford where they used to live thinking he may find his wife and daughters there. When he found they weren't in Stratford he drove to Texhoma.

Upon arriving in Texhoma Garner said he went to the Gist residence, knocked on the door and saw his daughter standing in a bedroom doorway. When Gist came to the door and started to open it Garner said he pushed the storm door out of the way and shot Gist as he stood in the door. He then said he walked into the house and saw Mrs. Gist rise from a couch and walked toward the kitchen and shot her.

The trial was originally set in Guymon but was moved to Beaver on a change of venue.

May Bond
Sales Only
\$795 Here

During May there were new purchases of Series E and H United States Savings Bonds amounting to \$795 according to County Bond Chairman W. S. Frizzell Jr. Sales for the first five months totaled \$18, 254--26 per cent of the 1970 goal of \$70,000.

Texas Sales during the month were \$14,528,581 compared to \$14,994,457 during May of 1969. Year - to - date sales totaled \$77,112,605 for 43 per cent of the

1970 goal of \$179.9 million. New purchases of E and H Savings Bonds and Freedom Shares over the nation during May amounted to \$385 million, while exchanges of Series E for Series H Bonds amounting to \$101 million were reported for the first five months--a 30 per cent increase over the \$78 million exchanged in 1969.

Mrs. Billy Ross Newby

Home Ceremony Unites Couple

Wedding vows were exchanged Sunday, June 28 at 4 p.m. by Miss Connie Kay Green and Billy Ross Newby. She is the daughter of Mr. and Mrs. O. L. (Jack) Green of Kerrick. Setting for the single ring ceremony was the living room of the country home near Dalhart of the groom's parents, Mr. and Mrs. Jimmy Newby. The young couple had originally planned to be married on June 12, but the groom was in an auto accident on the eve of the wedding. He made his vows while on crutches. Officiant for the ceremony was the Rev. Bill Tanner, pastor, First Baptist Church of Stratford. Given in marriage by her father, the bride wore a formal gown of satin peau de soie with a scooped neckline, empire bodice and gathered skirt. The Juliet sleeves were made of mira-mist organza. The sleeves and waist were trimmed

in white lace with tiny white

roses and green leaves embroidered on it. A veil of illusion was secured by white organza flowers with pearl centers and green velvet leaves. The gown was fashioned by the bride's mother. She wore a necklace belonging to her grandmother and the traditional blue garter. The bridal crescent shaped bouquet was of pink and white carnations accented with ribbon streamers.

Mrs. Dwayne Willey was her sister's Matron of Honor. Her formal gown was of pink dotted swiss with flocked pink roses and featuring leg of mutton sleeves, scooped neckline and empire waist. Scattered roses were in her hair and she wore a pink ribbon corsage.

Attending his brother as best man was Kent Newby.

Mrs. Green selected a blue dress with a petal hat of pink and white. Mrs. Newby chose a pink sleeveless dress. Both wore deep pink ribbon corsages.

A wedding reception was held following the ceremony. The table was covered in white net and satin with the gathered skirt accented at the corners by pink flowers and fern. The four tier wedding cake, decorated with pink roses, was topped by pink satin wedding bells. The cake, made by the bride's mother, was decorated by Mrs. Virgie Mathews of Kerrick. A silver epergne with pink and white flowers and pink tapers centered the table that also held the bridal bouquet. Punch was dispensed from a crystal punch-bowl. The mothers served the wedding guests and those who called after the ceremony.

The bride changed into a pucci sleeveless print dress with a rolled collar and oatmeal jacket. Her shoes were navy.

Mrs. Newby graduated from high school by correspondence and the groom, a Dalhart High School graduate, attended South Plains College at Levelland.

They are at home in Dalhart, 602 Keeler.

Honored guests included Mrs. Gladys Moore, Kerrick, grandmother of the bride; Mr. and Mrs. Raymond Newby, the groom's grandparents and Mrs. Eunice Williams, the groom's great-grandmother, all of Dalhart. Other guests were Mr. and Mrs. Cotton Green, Mrs. Raymond Green, Stratford; Mr. and Mrs. Roy Lening, Dumas; Mrs. Fred McDaniel, David Green, Christi Willey, Kerrick; and from Dalhart, Kala Worley, Mr. and Mrs. Billie Brown, Zo Beth and Debbie, Rhonda Brewster, Darcy Krumwiede, Mr. and Mrs. Paul Hall, Roxanne Hall, Mr. and Mrs. Cecil Beaver, Harry Clements, Eddie Warnken, and Kyle Newby.

TOWN TALK

Mrs. Zelda Dunlap left Saturday morning for Oklahoma City to attend the funeral of her brother.

Visiting in the home of Glenn Hart and family is his brother Hward Hart and family of La Crescenta, Calif. They are also visiting his grandmother, Mrs. E. W. Butler, Sr. and other relatives and friends.

ABOUT FOLKS

Dismissed from Dumas Memorial hospital was Mrs. N. Ramsey, Mrs. Van Dowda, Elizabeth Cummings, Judy Cumiford and Alice Ellison.

Mr. and Mrs. Bill Reed and sons also were in Lubbock to attend the All Star game Saturday.

Sgt. Larry B. Adcock, son of Mr. and Mrs. Clifford Adcock, left for Oakland, Calif. May 23 after spending 34 days at home with his parents.

He arrived at Bien Hoa, Viet Nam on June 1st. He is presently assigned to "Pleiku, Viet Nam". He does security work in radio and teletype.

Larry entered the army April 4, 1969. He received training in Ft. Huachuca, Ariz., Ft. Gordon, Ga., and Ft. Hood Texas.

He would like to hear from friends at home. His present address is Sgt. Larry B. Adcock 457-92-6482 H.H.B 52ND. ARTY. GP. A.P.O. San Francisco, Calif. 76318

Mrs. Harrington Host HD Club

Better Homes HD Club met June 25 in the home of Mrs. Lance Harrington.

The ladies planned a bake sale to be held July 17 in Foodway grocery store.

Mrs. Kenneth Melton will host the club July 9.

ABOUT FOLKS
Mesdames Fred McDaniel, Bill Reed and Dave McReynolds were in Pampa Monday to attend a board meeting for the Top of Texas district of the Federated Womens Club. It was held in the First United Methodist Church with Mrs. Kermit B. Lawson presiding.

ABOUT FOLKS

Chris and Celeste Dettie, children of Mr. and Mrs. Doug Dettie, are here from California spending a few weeks. Chris is staying with his grandmother, Mrs. W. C. Martin Sr., and Celeste is with Teresa Harris. They plan to return home in three weeks.

Family Day Planned By Country Club

A big day is planned for July 4 for members of the Stratford Country Club.

The swimming pool will open as usual at 1 p.m. and swimming races will be held for 6-12 years old at 5 p.m.

A putting contest will be held for the golfers.

A covered dish supper will be held at 7 p.m. with the club furnishing drinks and bread.

After the meal Bingo will be held for those who care to play.

Let Me Assure You By Chuck Smith

Champagne: a beverage that makes you see double and feel single!

Politicians are like poor relations. You hear from them early when they need help.

A husband is a strange person who buys his football tickets in July and his wife's Christmas present on December 24.

Jeep: the closest thing to a mechanical mule.

Home is a place where you don't have to stifle a yawn and try to cover it with a smile.

You'll smile after you've covered your important insurance needs at Smith Agency-American Legion Bldg. Phone 396-2031.

Flower Talk

By

Winnie McClellan

FLOWERS AND NATIONS

Most countries in the world have through legislation or other action adopted a flower or plant as a national emblem.

The official flower of the United States is the Golden Rod, which many people look upon as a weed--nevertheless it is a flower and a prolific one, even though it is the flower of the fields and roadsides.

England chose the rose, and our Canadian neighbors proudly display the maple leaf.

We proudly display ALL flowers in our shop, because we know that different people love different flowers. We can send an arrangement or a bouquet. We are as close as your telephone.

Winnie's Flowers

Cook of Week

COOK OF THE WEEK--MRS. TOMMY WOOD--Sandy is shown with her 13 month old son, Brandon. Her other son, Flint was busy watching television. Sandy and Tommy have a home in the south part of town.

Mother of Two Sons

Sandy Woods has lived in Stratford about 6 1/2 years. She came here with her parents, Mr. and Mrs. Donald

Owens, her senior year in High School and graduated from Stratford High. She married Tommy soon af-

ter graduation. Sandy moved to Stratford from Pampa.

The Woods have two sons, Flint, 7 and Brandon, 13 months. Sandy works at the First State Bank and he is employed by 1st Supply.

When she can find the time Sandy likes to read and sew. This summer she has attended the Pee Wee games to see Flint play. The family likes to

camp. They recently spent a week at Red River. But didn't camp out.

Sandy, being well acquainted with the people through the bank, has helped with several elections for the city.

Her recipes include Applesauce Cake, Chiperoo Bars and Cream Tacos.

APPLESAUCE CAKE

2 1/4 c. sifted flour
2 tsp. baking soda
1/2 tsp. salt
1/2 tsp. cinnamon
1/4 tsp. cloves
3/4 c. chopped dates
1 cup chopped nuts
1 cup chopped raisins
1/2 c. shortening
3/4 c. sugar
1 egg
1 1/2 cups sweetened applesauce

Mix and sift flour, soda and spices. Add dates, nuts, raisins and mix. Cream shortening and sugar until light and fluffy. Add egg and blend well. Add dry ingredients to cream-

ed mixture alternately with applesauce.

ABOUT FOLKS

Mr. and Mrs. Ken Walters of Portland, Oregon have been visiting in the home of his aunt

pleasure. Mix only until blended. Make one 9x9 in. square cake.

CHIPEROO BARS

2/3 c. cooking oil
1 lb. brown sugar
2 3/4 c. sifted flour
2 1/2 tsp. baking powder
1/2 tsp. salt
3 eggs
1 6 oz. choc chips
1 cup nuts

Blend 2/3 c. oil with sugar; mix well. Sift together flour, b. p. salt. To oil mix, add eggs, one at a time, beating well after each addition. Blend in dry ingredients. Stir in chocolate chips and nuts. Spread in greased 15x10x1 pan. Bake at 350 deg. for 25-30 min. When almost cool, cut into 2" squares. Makes 4 doz bars.

CREAM TACOS

2 lb. hamburger meat
1 onion
1 bell pepper
Season to taste and cook together. Drain off fat.

Mix:

1 can Ro-Tel
1 can (tall) evaporated milk
1 can spanish style tomato sauce to make sauce.
2 pks. tortillas. Line pan with tortillas then spread half of meat mix. Add another layer of tortillas and meat then pour on sauce.

Grate 1 lb. velveta cheese and put on top.

Bake until well heated and cheese is bubbly.

Mrs. Newt Crabtree and family. He is the son of Mrs. Crabtree's sister, Bessie Walters, who has visited here often.

THAILAND VISITOR HONORED--Miss Payao Ratanavibulaya, left, guest in the home of Mrs. R. E. Florida, center, showed slides of her homeland Friday at a supper in her honor. Mrs. Donald Moon, H. D. Club president and about 40 persons enjoyed the evening.

Mr. and Mrs. Dave McReynolds, Tommy and Emily, and Barry Griffin spent Saturday and Sunday visiting in the Cimarron Canyon, Eagle Nest, Taos and Red River areas.

The Gary Lundberg family spent the weekend with relatives in Lubbock. Gary met Joe Ray Brown, Gary Hudson and Henry Brown and all attended the All - Star football game Saturday night.

Among the spectators at Lubbock's All Star game Saturday night were Mr. and Mrs. Baskin Brown and Jim Bob.

Wayne Mackley of Kerrville was here this weekend helping with all the chores of moving his family from Stratford to Kerrville.

A man must look at three things to make irrigation pay.

Look for a reliable pump. One so well constructed that you know it's going to last.

Look for an efficient pump. One that runs so economically you'll find extra dollars in your pocket.

Look for a qualified distributor. One that has the experience, man power, and equipment to handle any pump installation.

As a Worthington distributor we give you all three. Reliability and efficiency in a well pump designed by the world's largest pump manufacturer. And we're a distributor who intends to make his service the best.

County Agent's Report

By Fred Cross

If you see a triangle of fluorescent orange and reflective red ahead on the highway, it means slow down and drive carefully. It's a Slow Moving Vehicle emblem and was placed on the machine as a warning to motorists to slow down.

The emblem was developed by agricultural engineers to warn drivers when they are approaching a slow-moving vehicle. The emblem can be seen and recognized up to 500 feet away at any time of the day and under almost all driving conditions.

Many accidents are caused simply because the motorist often does not realize that the object ahead is moving so slowly until it is too late to avoid a collision. If the emblem is in place, and is duly noted, there is time to slow down or even stop.

The center of the emblem is fluorescent yellow-orange, the most visible color in daylight, and the outside border is reflective to show up at night. The emblem is intended for use on vehicles designed to travel 25 mph or less and can be easily mounted on most farm equipment.

I have seen a few of these emblems that have been placed on the back of pickups here in Sherman County. Of course, a pickup was designed to travel more than 25 mph, so these emblems should not be used on pickups or trucks or any vehicle that can or does move faster than 25 mph. I have even seen a few of these emblems used as driveway markers. This misuse of the emblem, greatly reduces its effectiveness at doing the job it was intended for, identifying slow moving vehicles.

The emblem is inexpensive,

and durable and movable and doesn't interfere with the machine or its operator.

Sherman County farmers who must move farm equipment and machinery on highways must attach the SVM emblem on the back of the tractor or implement being moved. The emblem is being used nationwide and motorists should be familiar with it. Its use is cheap insurance against rear end collisions. Intractor-car collisions, the tractor operator almost always in the worst injured or is killed.

The addition of a rear-view mirror to the protective frame along with a Slow-Moving Vehicle Emblem is also cheap accident insurance for farm tractors operated on highways.

A sturdily mounted rear-view mirror would let the tractor driver pulling a large machine know of approaching traffic from the rear before he begins making a left turn, for example. Apparently many operators often turn "blind" or else have to stretch or stand to see around or over the machine they are pulling.

Research has shown, that protective frames, with seat belts, have demonstrated their value both in tractor and automobile accident situations. Last year for example, a Nebraska study of 69 tractor upsets showed that 46 percent resulted in fatalities when the tractor was not equipped with a protective frame. There were no fatalities in upsets where there was a protective frame and injuries were less severe.

Because of the scarcity of good farm tractor drivers, investments made to protect them are sound and highly desirable. For most often, the driver is a family member.

RELIGIOUS REFLECTION BY LOYCE BROWN

Christ's being referred to as 'The Word' in John 1:1, is most significant. Although He was known as 'light' and 'bread' and many other nomenclatures of monumental significance, today I'm thinking on 'The Word'. Consider word-substance. A word is a sound associated with meaning in such a way that every time it's heard the mind conjures definite patterns regarding it. For instance, say the word-sound 'dog' and notice what is conjured in your mind. Of course, if you say 'dog' to a GROUP of people, they may think anything from 'airdale' to 'boiled Weiner'. But words are 'noises' with peculiar meanings and they are and have become our wonderful means of communication. They are a way of expressing truth...and as Watts said, "spirit, named".

Through words, Truth (and Lies) spill out as water toward the lower crevices, into the bleakness of men's minds. Words can be 'canned units of meaning' or, as we said earlier, 'frozen beauty'. Now consider Jesus Christ as THE WORD: That means HE is the Ultimate in communication and getting across Truth. He is God's means of Expression. And he is even the very essence of what there is to be expressed! I believe that the Truth that 'The Word' is trying to get expressed is this: God is Love and a Way has been provided to be in unity with Him. (1 Cor. 5:18) How satisfying words are! This satisfaction is felt most keenly after groping unsuccessfully for a while for, and then FINDING, the 'right' word. A common cliché is: "Words just can't express..." They ARE sometimes, pitifully inadequate. But Christ as THE WORD is totally adequate. (Philippians

Two Students Get Honors At WTSU

Two students from Stratford were listed on the second semester Honor Roll at West Texas State University.

Barbara A. Lavake, freshman majoring in physical education, maintained a 2.8 average. She is the daughter of Mr. and Mrs. Tom J. Lavake of Stratford.

Charles L. Plunk, son of Mr. and Mrs. Leonard Plunk of Stratford carried a 2.5 average. He is a senior majoring in marketing.

Attainment on the Honor Roll requires at least a 2.5 average for a minimum of 15 semester hours carried.

4:19) Has the WORD been 'spoken' to you? (He whispers sweet peace.) Have you begun to absorb that great Unit of Meaning? I have. The Good word is Christ.

Card of Thanks

CARD OF THANKS
We wish to thank the members of the local Boy Scout troop for helping sod our football field. They did a fine job quickly and efficiently and made it possible for our field to be ready for the new season. Again, our thanks to the boys and Bill Sladek. Elwyn Bass, Supt. of Schools. 27-1tp

CARD OF THANKS
I would like to express my appreciation for the cards and visits that I received while I was in the hospital. Thank you for being such wonderful friends. Victor J. McAdams and family. 27-ttc

LOST

LOST- Pair of Diamond stud earrings at High School or Swimming pool. Reward. Mrs. Phillip Bain. 396-2053 24-ttc
