Buske Dies In Trailer Home Fire Friday

C. F. Buske, 88, a pioneer Abernathy citizen, perished when fire destroyed his trailer home on FM 54 about 1 mile east of Tuco near midnight Friday. Cause of the fire has not been determined. Fire Chief Ed Crow theorized the fire may have started from a gas cooking stove. Other possible causes of the fire are being investigated.

Funeral services for Mr. Buske were held at the First Baptist church at 2:30 p. m. Monday.

Officiating was the Rev. Boyce Evans, pastor. He was assisted by the Rev. Bill Burton, pastor of the Friona Baptist Church. Burial was in Abernathy Cemetery under direction of Chambers Funeral Home.

Survivors include the wife, Florence of Friona; four daughters, Mrs. Ollie Nichols, Happy, Mrs. Lizzie Young, Mancos, Colorado; Mrs. Lois Webb, Medford, Oregon; Mrs. Charlene Nichols, Klamath Falls, Oregon; five sons: Fanniel, Pete and J. B. of Friona; J. F. of Abernathy and Charles of Amarillo. Another son, Powell, died in California in 1953. Also surviving are 22 grandchildren and 24 great-grandchildren; a brother, August Buske, and 4 sisters: Mary Anderson, Ollie Buske, Lizzie Hackamore, and Inez Young live in Stamford.

Mr. Buske moved to the Plains in 1916, and settled on a half section of land 7 miles southwest of Abernathy. In 1918 he bought the two story hotel near the depot. He operated this hotel, bought and sold cattle and dealt in cotton for years. During this time he continued to expand his farming operations. At one time he had a large amount of cotton on hand he had refused 40c a lb. for. In less than a year, cotton had dropped to a low of 3c. But Mr. Buske's faith in the Plains never wavered.

He continued to expand by going into debt and buying more land. Time has proven the wisdom of his judgment. Land that he gave \$30 an acre for he saw soar to more than \$500 an acre. But Mr. Buske did not believe in selling like he did in buying.

Although Mr. Buske accumulated a large amount of property, his tastes remained simple. Rather than move into a modern home, he preferred to live in the country on one of his farms.

His honesty and integrity were unquestioned, and he had little patience with dishonesty and deceit in others.

He had strong religious beliefs and was interested in discussing religious matters.

He read his Bible daily. If there was any trace of discrimination in his makeup it was a preference for people of limited means rather than affluent friends.

He often helped transients who came to his door in need. He was active and in excellent health, doing manual farm work right up to the time of his death.

He accredited his longevity to hard work and long walks. It is doubtful if he spent \$25 on medicine in his entire lifetime. No liquor, tobacco or profanity ever passed his lips.

Although Mr. Buske may have been considered eccentric by some, he knew exactly what he wanted and where he was going. If he was out of step with others this bothered him not at all.

He was sincere in his actions and it never occurred to him that others might not approve of his unorthodox methods.

In his later years he still had the means to buy and accumulate property and livestock, but his interests began to change to the Bible and religion. His creed was: Be honest, do right, work hard and the Lord will bless your efforts.

Mr. Buske furnished the first cotton to Texas Tech for use in their present cotton spinning mill, to be used in improving the use of Plains cotton in the spinning industry. They have a sample of the actual cotton furnished at that time which has been preserved in plastic covering.

These pictures by Mike Skipper show (top photo) the general area in which Mr. Buske's body was found. The bottom photo shows how the metal trailer house melted down. The Hale County Sheriff department is conducting an investigation to determine whether Mr. Buske may have been robbed and killed and the fire started to cover up. An autopsy was performed, but a report will not be available until about ten days. Firemen were unable to determine the cause of the fire, which also took the life of Buske's pet cat. The only money found after the fire was about sixty cents in a coin purse.

REV. ELTON WOOD

To Speak Here

The Rev. Elton Wood, missionary to Cape Verde Islands, will be the speaker in the Wednesday evening service at the Church of Nazarene, January 20, at 7:00 p. m.

Rev. Wood's father, the Rev. S. L. Wood, pastored the church in Abernathy when Elton was a small child. He is well known in this area, having visited the local church several times.

Rev. Wood and his wife first went to Cape Verde Islands in 1952, under appointment of the Department of World Missions of the Church of the Nazarene.

During their terms of service they have been very active in the educational aspect of the mission work. Rev. Wood has served as the Director of the Bible College and as a Bible college teacher for ten years. For the last three years he has served as inspector of the 12

day schools which the Church of the Nazarene operates on the Islands. He has also been director of a thirty-minute radio program and pastored the San Vicente Church of the Nazarene.

The service will feature a message of missionary character telling of the work of the Church of the Nazarene on the Islands. The Church of the Nazarene is the only Protestant mission that operates in the Cape Verde Islands.

Rev. and Mrs. Wood are native Texans. They received their college training at Bethany Nazarene College and graduated in 1952. The public is invited to this service.

For myself and Mrs. Johnson, I want to express our appreciation for your effort and loyal support which helped achieve the successful outcome on November 3. The broad unity shown throughout the nation is reassuring evidence of the will among the people to move forward on a responsible course. I hope that my service here will be worthy of your continuing confidence in the years to come and that together we of this generation may help assure a future of peace and freedom for men everywhere.

Lose to Friona In Close Tilts; Go To Dimmitt

(By Mike Skipper)

The Abernathy High School varsity basketball teams ran up against two very tough teams here last Friday night and were unable to overcome them. The Friona Squaws and Chiefs went home victors over the local squads and made it very plain that District 3-AA is not going to be a runaway for any team. The defeats gave the local fans a 16-5 record and the boys are now 13-3.

The Friona Squaws, defending state champs of Class AA, were picked with Abernathy to be the winner of the district. They proved their strength as they smothered our girls 60-66. Their All-State forward Teto Jennings put 31 points through the hoop, but Miss Donna Webb matched her total for Abernathy.

Abernathy jumped to an 18-13 first quarter lead, but Friona came back and at the half it was 32-35 on their side. Our girls stayed close, but could never get back in the lead during the last half. Denise Barker added 17 points to the total as Linda Miller sunk 12. Guards Cindy Shadden and Judy Cade did an admirable job but could not keep Teto Jennings from putting in the points.

Boys Lose 63-64

The boys varsity team came much closer to winning their game than the girls did. The first quarter was even all the way and ended up 14-14. However, Friona began to move out in the second quarter and led 27-33 at halftime. The third quarter saw Abernathy staying five or more points behind, but in the fourth, the Lopes came alive. Outscoring the Chiefs 20-16, the Lopes overcame a 5-point deficit at the first of the period and built up a 6-point lead. The Chiefs whittled that down however, and with 17 seconds to play, Friona put in the winning point.

Rex Hester was high point for the Lopes with 15. Dale Milner of Friona took honors for the game with 17. Rondall Preston contributed 13 for the Lopes and Boyce Paxton had 10.

Boys Beat Morton

Earlier in the week last week, the varsity boys played Morton here and defeated them by the fat margin of 49-36. This was only the second defeat of the year for the tough Indians. Behind them were a championship in the Tullia Tournament, in which our boys got third and a championship in the Caprock Holiday Tournament at Lubbock. The Lopes surprised the Morton squad and their full court press shook them up. Paxton was high scorer for the Lopes with 16.

To Play Dimmitt Friday

The varsity basketball squads will travel to Dimmitt Friday to continue their District 3-AA warfare. The Dimmitt girls are another tough team in our district. They defeated Friona in the finals of the Farwell Tournament, last week 40-39 and rate as a contender for the district crown. The games start at 7:00 p. m. Travel to Dimmitt and show your team your are behind it.

Receives Inaugural Invitation

DOUGLAS CHAPMAN is shown here holding some important mail which he received from Washington, D. C. One of the envelopes bore a White House, Washington, D. C., return address, and the other envelope has an Inaugural Committee, Washington, D. C., return address. Both envelopes were addressed: "Mr. L. D. Chapman, Box 417, Abernathy, Texas." One envelope contained a "thank you" note from President and Mrs. Lyndon B. Johnson, and the other envelope contained an invitation to Chapman to attend the inauguration of Lyndon B. Johnson as president and Hubert H. Humphrey as vice president in Washington January 20. The envelope also contained the program for inauguration day and credentials for Chapman to attend the various inaugural functions that day and evening.

This photo was taken in the showroom of Abernathy Motor Co., where Chapman is a car salesman. The "Mercury Wins It" sign has nothing to do with the inaugural invitation. The sign is on the roof of the Mercury in the background on the showroom floor.

Actually, and ironically, this story has its beginning in Dallas in 1952. Chapman was one of the delegates from Barton-Hood Legion Post to the State Legion Convention in Dallas that year. Lyndon B. Johnson was a U. S. Senator at that time, and he was the principal speaker at the Legion Convention.

After hearing Johnson speak, and later meeting him personally in one of the convention's conference rooms, Chapman told his Legion buddies that "Lyndon B. Johnson someday will be president of the United States." When Chapman came home after the convention, he re-stated his prediction that Johnson eventually would be

president. Eleven years later, Chapman's prediction came true. Lyndon B. Johnson became president of the United States... in Dallas! Some ninety minutes after President John F. Kennedy was pronounced dead at Parkland Hospital, Judge Sarah T. Hughes administered the oath of office of President of the United States to Lyndon B. Johnson aboard U. S. Air Force One, the presidential jet, while it was parked on the apron of Love Field in Dallas.

Chapman had not expected Johnson to become president under such tragic events as those of Nov. 22, 1963. What Chapman did consider in his prediction of 1952, came to pass Nov. 3, 1964, when the people of the United States elected Lyndon B. Johnson president by a margin of some fifteen million votes. This was the largest margin of votes that any president had received in the history of the United States.

Chapman and Mr. Johnson have corresponded over the years since 1952, and the president was aware that Chapman had predicted he would someday hold that office.

Chapman has not decided whether he will go to Washington for the inauguration.

Following are re-prints of the inaugural invitation and the note from the President and First Lady.

J. V. Harkey, Sr. Dies Tuesday At Lubbock Hospital

James V. Harkey, Sr., 73, died at Methodist Hospital, Lubbock, Tuesday at 6:45 a. m.

Funeral rites are scheduled for 2:00 p. m. Thursday in Abernathy First Methodist Church. The Rev. Weldon Stephenson, pastor of New Deal Methodist Church, will officiate. He will be assisted by the Rev. Vernon O. Kelly, pastor of a Midland Methodist Church. Burial will be in Abernathy Cemetery under direction of Chambers Funeral Home.

A native of Pottsville, Ark., Mr. Harkey and his family moved to a farm in the Caldwell Community Southwest of Abernathy in 1939.

Mr. Harkey was a member of the New Deal Methodist Church.

Survivors are his wife; four sons, James V., Jr., Abernathy; E. W. and Fred, both of New Deal, and Billy, Lubbock; one daughter, Mrs. W. R. Bartlett, Perkins, Ark., and 16 grandchildren.

Also included in the list of survivors are three brothers, E. E., Lubbock; L. M. Gardenia, California; G. E., Pottsville, Ark.; three sisters, Mrs. L. A. Judkins, Abernathy; Mrs. Effie Jackson, Pottsville, Ark., and Mrs. Lois Gideon, Sand Springs, Okla.

TWO ARE INJURED IN COLLISION

A grinding collision of two vehicles about noon Sunday sent two Abernathy men to St. Mary's Hospital in Lubbock. The accident happened at the intersection of two rural dirt roads two miles south from the southwest corner of Abernathy city limits.

Injured in the accident were Ercell Givens, president of Abernathy First State Bank and a farmer, and Armando R. Gonzalez, who is employed by Hillburn Barrick, farmer southwest of Abernathy. Their conditions were listed as fair early this week.

The front of the pickup Gonzalez was driving struck the right side of the Thunderbird Givens was driving.

SISTER DIES

The sister of Mrs. F. W. Struve and H. E. Richter of Abernathy, Mrs. Gertrude Stolley, 86, died at Austin Dec. 27. Those from here attending funeral rites there Dec. 29, were Mrs. F. W. Struve, H. E. Richter, Mr. and Mrs. Rudolph Struve and sons, Mrs. Dan Ward, and Mr. and Mrs. Arno Struve. Also attending were Mrs. L. P. Gilvin, Amarillo, and Mrs. E. L. Langley, Hereford, both nieces of Mrs. Stolley.

C. F. BUSKE was found dead in the fire-gutted trailer house which he had occupied for the past several months on FM 54 about a mile east of Tuco. Joe Lovelace, a farmer four and one-half miles north of Abernathy, saw the fire about midnight Friday. Unable to determine where the fire was located, Lovelace drove to the scene. The raging flames made it impossible for him to enter the trailer house.

Lovelace drove back to Tuco to call the fire department. In the meantime, Tuco employees had spotted the fire and had called the fire department. After the fire was extinguished, firemen found Buske's fully-clothed body on the floor of the

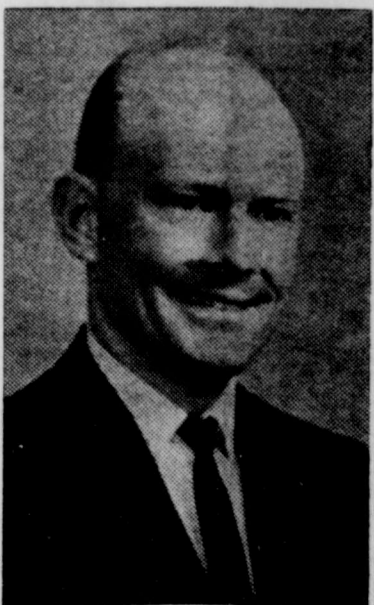

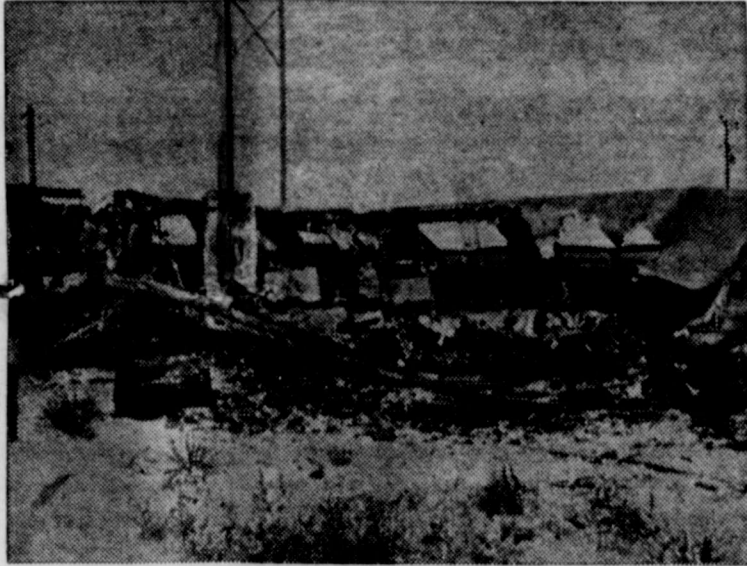

house trailer. These pictures by Mike Skipper show (top photo) the general area in which Mr. Buske's body was found. The bottom photo shows how the metal trailer house melted down.

The Hale County Sheriff department is conducting an investigation to determine whether Mr. Buske may have been robbed and killed and the fire started to cover up.

An autopsy was performed, but a report will not be available until about ten days.

Firemen were unable to determine the cause of the fire, which also took the life of Buske's pet cat.

Earlier in the week last week, the varsity boys played Morton here and defeated them by the fat margin of 49-36. This was only the second defeat of the year for the tough Indians. Behind them were a championship in the Tulla Tournament, in which our boys got third and a championship in the Crockford Holiday Tournament at Lubbock. The Lopes surprised the Morton squad and their full court press shook them up. Paxton was high scorer for the Lopes with 16.

To Play Dimmitt Friday

The varsity basketball squads will travel to Dimmitt Friday to continue their District 3-AA warfare. The Dimmitt girls are another tough team in our district. They defeated Friona in the finals of the Farwell Tournament, last week 40-39 and rate as a contender for the district crown. The games start at 7:00 p. m. Travel to Dimmitt and show your team your are behind it.

The new 1965 edition of "Your Federal Income Tax" is on sale at Internal Revenue Service offices. Internal Revenue has added a chapter on community property this year. Community property gives the Texas taxpayer many tax advantages. You can't hardly go wrong in spending 50c for this book because you may save yourself a lot of taxes.

Seeks Help For Postmen During Bad Weather

Postmaster Herman Lambert today appealed to postal customers on rural routes to help their rural carriers make mail deliveries during bad winter weather.

The Abernathy post office has two rural routes, covering the area of 11 miles east, 3 south, 14 west, 10 north.

Mr. Lambert said that at

the same time he hopes all authorities concerned with rural routes where snow and other bad weather hampers the carriers will continue to cooperate to help the mailman get through.

The Postmaster listed these boxes must be kept open by points of particular concern:

1. Approaches to rural mail customers.
2. Obstructions to delivery of mail on rural routes should be removed or minimized to the fullest extent possible.

SON IS HOLD-UP VICTIM IN ODESSA

The son of Mr. and Mrs. C. D. Gray, 1407 Ave. H, Abernathy, Charles Gray, manager of Community Finance Co. in downtown Odessa, was the victim of a daring daylight hold-up Jan. 5. Charles, at first thought it was a joke, but he soon realized, that the man was playing for keeps when he pulled a shotgun from under his topcoat. It was at that point that Charles began obeying the hold-up man's orders.

The hold-up man was from Lubbock. He was captured in a Midland Highway motel 90 minutes after the robbery.

Mrs. A. Zeman is visiting her son-in-law and daughter, Mr. and Mrs. Alan Aune, in Palos Verdes, Calif. Her son, Virgil Zeman, and family of Friona took Mrs. Zeman to California during the Christmas holidays.

Where rural boxes pose a problem, the carrier may leave form 4056, "Your Mailbox Needs Attention," a notice to keep box approaches clear by promptly removing all obstructions, including snow, which may make mail delivery difficult or impossible.

Unless approaches are cleared, it may be necessary to temporarily withhold delivery of mail, the Postmaster pointed out.

Rural carriers are not required to perform service on foot when roads cannot be traveled with the vehicles normally used, but they are expected to make every reasonable effort to serve as many of their patrons as possible without physical exertion or added financial cost, he explained.

If excessive detours are necessary to effect delivery of mail, customers should temporarily relocate their boxes on the new line of travel, arrange to receive their mail through other patrons' boxes, or make other arrangements for their mail until travel on the roads affected can be resumed.

HOBBY CLUB HOLDS MEETING HERE

The Hobby Club met January 7 at 2:30 p. m. in the club room. During the business meeting, new officers were voted on. These were Mrs. Mutt McGaugh, President; Mrs. G. D. Chevelle Malibu Super Sport Coupe

(discover the difference)
Find out what 350 hp feels like
in America's favorite intermediate size car

Next time you're feeling low, come on in and plunk yourself down in the bucket seat of a Chevelle Malibu Super Sport. Flick the ignition—bring that special-order 350-hp power plant to life. Then go find a road and try not to smile.

We think it's the greatest pep pill since weekends—and that goes for the other Chevelle V8's too. The 195-hp. And the 250- and 300-hp jobs we can order for you.

And of course if power doesn't sell you right off, maybe Chevelle's short turning radius and overall handling ease will. Or its Full Coil suspension ride. Or its all-vinyl, carpeted interior. Or maybe it's just plain old Chevelle value.

DUMP GROUND COMPLAINTS
Mr. Charles Norwood, Abernathy City Manager, makes a special plea to the citizens of Abernathy to cooperate with the city in matters concerning their use of the city's dump grounds east of town. Mr. Norwood stated that there have been some citizens who have not been cooperating with Mr. Dorceto Rojas, who is in charge of the grounds. Mr. Rojas is stationed there to show people wishing to use the grounds where they should put their trash. If trash is put in the wrong place and piles up there, it is hard for other people to use the dump grounds.

Please heed the directions of Mr. Rojas and live up to your responsibilities to yourself and your community. Your cooperation will be greatly appreciated.

History Of Abernathy Firms

(By O. F. REA)

McAlister Grocery was established in Abernathy Nov. 1924, in the building with Troy Stambaugh's dry goods business. In 1929 McAlister bought out R. E. Risinger's grocery in the present Ward's Men's Store building. After several years in this location McAlister moved to the present location of Grimsley Grocery. The McAlister brothers, Perry and Sam passed away several years ago, and Bob has operated the business since. On Nov. 1, 1963, Bob sold to the Grimsley brothers, Larry and Robert, and they thus acquired a business that had been in continuous operation since November 1924, for a total of 40 years.

In 1925 Jess McMaster began barbering with Dutch Crow in the old frame building where the bank now stands. Later he moved to the Struve building next to the alley behind the grocery. When the locker plant was put in he moved to between the Pinson Drug store and the Struve Grocery.

About 1945 Jess purchased the building he is now in from Dutch Crow and has barbered here since.

On January 1, 1961, Jess sold his shop to A. D. Helms, with the 39 years of continuous operation behind it.

Ann's Dress Shop had its beginning in April, 1954, when Josephine Wright and Lillian Young opened the Nancy-Lynn Dress shop in the Shipman Insurance building. In 1956 the shop was moved to rock front building now occupied by Abernathy Floral.

In 1956, the Wallace Dry Goods was purchased and the shop moved into that location and the name changed to Young's Department Store when Lillian Young bought out Josephine Wright. The dry goods department was discontinued in 1958 and the business moved to the present location and the name again changed to "Young's", and continued as a dress shop. Lillian Young wished to get out, and in 1959 she sold the business to Mrs. Annie Williams and the name was again changed to Ann's Dress Shop which name it still carries.

The present Home Furnishings Co., originated in 1946 when E. L. Kelley and Dewey Smith established the Woodcraft Shop in the building now occupied by Davis Grocery. Presently operated by Mr. Williams, built by Kelly & Smith.

In 1947 C. C. Turpin bought the interest of Dewey Smith and he and Kelly moved to the Zeman building in the same year. Here they included Vergil Zeman in the business. On August 1, 1949, Turpin bought Kelly's interest and he and Zeman continued as Home Furnishings Co., which name they took in 1947. In 1953 Turpin bought all the fixtures, tools and so on, from Zeman.

Turpin has conducted the business since in this same location, and now has 18 years behind him.

One of the major investments in the 1965 construction program of the Southwest Public Service Company is a new 210,000 kilowatt generator which is being installed at Cunningham Station, west of Hobbs, New Mexico. The new unit, pictured under construction, is scheduled to be in service in mid-1965. Southwest Public Service Company's 1965 improvement program calls for an investment of \$24,607,000 in new equipment, second largest construction budget in the company's history.

Southwestern Public Service Company's 1965 construction and improvement program calls for an investment of \$24,607,000 in new facilities, it has been announced by A. R. Watson, president and general manager of the electric company.

The company's construction plans for 1965 anticipate the second largest annual improvement program in the company's history, topped only by 1964's record investment of more than \$30,000,000. At the conclusion of the 1965 program, the electric company will have invested

nearly \$120,000,000 in new equipment in the 1961-65 period.

"One year ago, when we announced a record single year construction budget, our forecast was for continued growth throughout our 45,000 square mile service area. Our optimistic outlook remains unchanged, as evidenced by the continued high level of new equipment investment we plan for 1965 and the years to follow. Inasmuch as we must begin our planning and construction to meet our customer's needs from 3 to 5 years in advance of their actual requirements, it is apparent that

we anticipate continued economic expansion in our service area", Watson said.

A major portion of the electric company's 1965 construction budget will go for additions to its interconnected generation and transmission system, which includes 11 base-load electric generating stations which are linked together by a 4,000 mile network of high voltage transmission lines.

The additions to the generating capability include a 210,000 kilowatt unit to be installed at Cunningham Station, west of Hobbs, New Mexico. The Cunningham addition will be the second 210,000 kilowatt machine to go into service within the period of a year. Plant X, near Earth, Texas, houses the first of these giant generators, the largest single unit in service on the company's system.

The other generating additions to be completed in 1965 are gas turbine units to be installed at Borger and Pampa. These units will be located at industrial plants in each case, with the fuel to be provided by the customer.

At the Borger location, where natural gas will be purchased from the customer for fuel, the exhaust gases will be returned to the customer for use in his plant.

At Pampa, hot pressurized gases which are a by-product of the customer's manufacturing process will serve as the fuel for the new turbine.

"These 'tailored' installations of generating equipment are indicative of our responsibility to conserve the natural resources of the area we serve. In each case, there will be total utilization of the heat energy present in the gases, and all waste will be eliminated.

This, of course, introduces economies for us as well as the customer, and is the type of program we must carry on to keep the customer's price down by keeping our costs down. The benefit of this type of planning goes to all of our customers," Watson said.

1965 will see a continuation of a program started last year to convert the main arteries of the company's transmission network to 230,000 volt lines. The major voltage was 115,000 volts until this year.

Scheduled for completion this year are 230,000 volt lines running from Plant X to Cunningham Station and from Plant X to Nichols Station, northeast of Amarillo.

The 230,000 volt lines have 4 times the carrying capacity of the 115,000 volt circuits and their increased transmission capability ties in with the larger, more efficient generating units such as the two new 210,000 kilowatt machines to both improve service and keep it economical.

A 115,000 volt line is being constructed from Amarillo to Borger to provide the electrical power for pumping the water through the aqueduct system associated with the Canadian River Dam.

Load growth in the Hereford-Dimmitt area will bring the construction of another 115,000 volt circuit from Plant X to Hereford. This will "firm up" for many years the power supply in this growing region.

"There is great satisfaction in being able to say to our customers once again as a new year starts that their electric service dollar is buying more than ever before. Three things make this record possible. First of all are the customers themselves, who are using more electrical power than ever before. They make it possible for dedicated employees working with the most modern and efficient equipment to keep down the price of our service in the face of rising costs for fuel, equipment and labor", Watson concluded.

KILL NOXIOUS WEEDS DURING WINTER

"Noxious weeds can be killed during the cold winter months just as successfully as in the summer months," says W. R. Churchwell, Supervisor of the Hale Co. Noxious Weed Control District. Churchwell tells the farmer that now is a very good time to rid non-cropped areas of noxious weeds around wells, elevated ditches, and parking areas for farm equipment. Be sure to contact the Weed Control District for any spraying you may need. In other words if you have a weed problem, the Noxious Weed Control is standing by to help you.

The Hale County Noxious Weed Control District was organized a few years ago to help the farmer so why not use its facilities? The Weed Control offers the farmer application of chemical with proper equipment and with a trained operator without any cost to the farmer. The farmer only supplies the chemical.

It is extremely important that any non-cropped area to be sprayed be reported during the winter months as this is a lull period for the Weed District. During the late spring and summer months, most of the time is concentrated on bindweed spraying in larger areas.

Any farmer having bindweed on his farm land adjacent to highway right-of-way must have his weeds sprayed before the weeds on the right-of-way can be treated.

"Mr. Farmer does this apply to you?" If so, contact the Noxious Weed Control and let them help you with your weed problem.

The Hale County Noxious Weed Control District had a very successful season this year spraying several hundred acres over the entire county. The season starts early, about the first of April. When the first bindweed appear in the spring, the Noxious Weed Control will be ready to eradicate it.

If you have any weed you do not understand or weeds which you are not familiar with contact Churchwell. He will help you identify the weed and tell you how to get rid of it.

Churchwell works closely with Dr. Allen F. Wiese, Agronomist, Great Plains Field Station at Bushland on weed study

History Of Abernathy Firms

(By O. F. REA)

The Shipman Insurance Agency originated with Floyd Shipman selling insurance in 1945, first with no office then taking on real estate in 1947, and having an office in the Nystel building north of the Methodist church in 1948.

In 1950 he purchased the lot and 1951 built the present building and moved into the south half, renting the other half out to various persons. In 1956 Billy Shipman was taken as a partner with half interest and they have since occupied the entire building, 19 years for this business.

Mrs. W. A. Henson started a small business in 1948 which soon developed into the full fledged florists shop which it was at the time Dorothy Stephens and Dorothy Deering bought the business and changed the name to Abernathy Florists in 1948. They remained in the original location behind the Henson home until March 1963 when they moved to present location and again changed the name, this time to Abernathy Floral. About 1960 Dorothy Deering retired from the partnership and Mildred Stephens soon came in as a partner. The florist shop has now been in continuous operation for 16 years.

Reid Chevrolet came into be-

ing Feb. 10, 1937, when Andy and Bob Reid bought out Crow-Haral Motor Co., who had handled the Chevrolet cars since the mid 1920s. The business was housed in the old Zeman building across the alley from Struve's. They remained in this location until 1947 when they built the present building and moved in March 1, 1947.

On Feb. 10, 1947, they opened the Reid Chevrolet in Levelland with Bob Reid running the business there. Thus we have 27 years in Abernathy and 17 years in Levelland.

Attebury Shamrock Service began as a Service Station where the Ince Station is at present in 1956, and in August 1957, moved to the present location which had just been built by Shamrock. Boney Attebury operated it as manager until

Oct. 15, 1960, when he bought the stock and began on his own. He now has about 8 years behind him.

Plains Grain Company began in the late teens when Sam Merrill built the original elevator and a Mr. Hester ran the grain business. In 1920 Mr. E. B. Lindsey bought the business and he and a Mr. Carter were partners for a time until Carter left the business. Mr. Lindsey remained as owner, enlarging it by adding some grain bins later. In 1948 the original elevator was gutted by fire but was rebuilt at once. A number of metal bins were added. With the coming of natural gas and L. P. Gas the coal business died out and was discontinued. With the increased demand for grain storage Mr. Lindsey built a modern grain storage building in 1954 and another in 1958.

In 1959 E. L. Kelly was employed to take over the operation and relieve Mr. Lindsey of much of the actual work. In 1960 J. C. Mills bought the business from Mr. Lindsey and retired. E. L. Kelly was retained as manager, which position he still holds.

In 1961, another large grain storage was added and another in 1962. About this time fertilizer was added with the necessary equipment for handling both liquid and dry types.

Plains Grain Co. now has an operation period of some 46 years.

John Duty came to Abernathy in 1937, as a mechanic for Reid Chevrolet in the old location where Home Furnishings is now. After returning to Lubbock a couple of times, he located here permanently.

He and Henry Blalock operated a J. I. Case agency in Bill Wolf's present location for a while with John Duty selling out to Henry Blalock and putting a shop of his own on east 11th St., which he operated in 1944-45 and 1946.

John farmed in 1947 and 1948 then joined the A. & C Pump Co., of Lubbock in 1949. Some time later he went with Modern Chevrolet Co., where he was employed until 1959 when he leased the shop from Bill Moore who moved to Arizona.

John has a turret lathe as well as two other engine lathes, a milling machine, drill press, welding equipment and other machinery to handle any kind of machine shop job you take to him.

He and Sam Wade have worked since as Duty & Wade Irrigation, with John handling the shop and Sam Wade handling the pump setting and well work in the field. They have employed 4 and 5 men as helpers most of the time since.

Sam Wade is a local boy who grew up here about 6 miles west of town and attended Abernathy School.

The Co-op Grain Company took over the grain business that had been Farmers Coal & Grain Company for some 18 or 20 years, in 1940. The little sheet iron covered grain elevator was torn down as was the office and scales and in its place a modern concrete elevator erected.

A still more modern grain storage has since been erected, greatly increasing the capacity. Since going Co-op E. L. Kelly, Tom Conner and the present manager Glenn Hammond, have held that position.

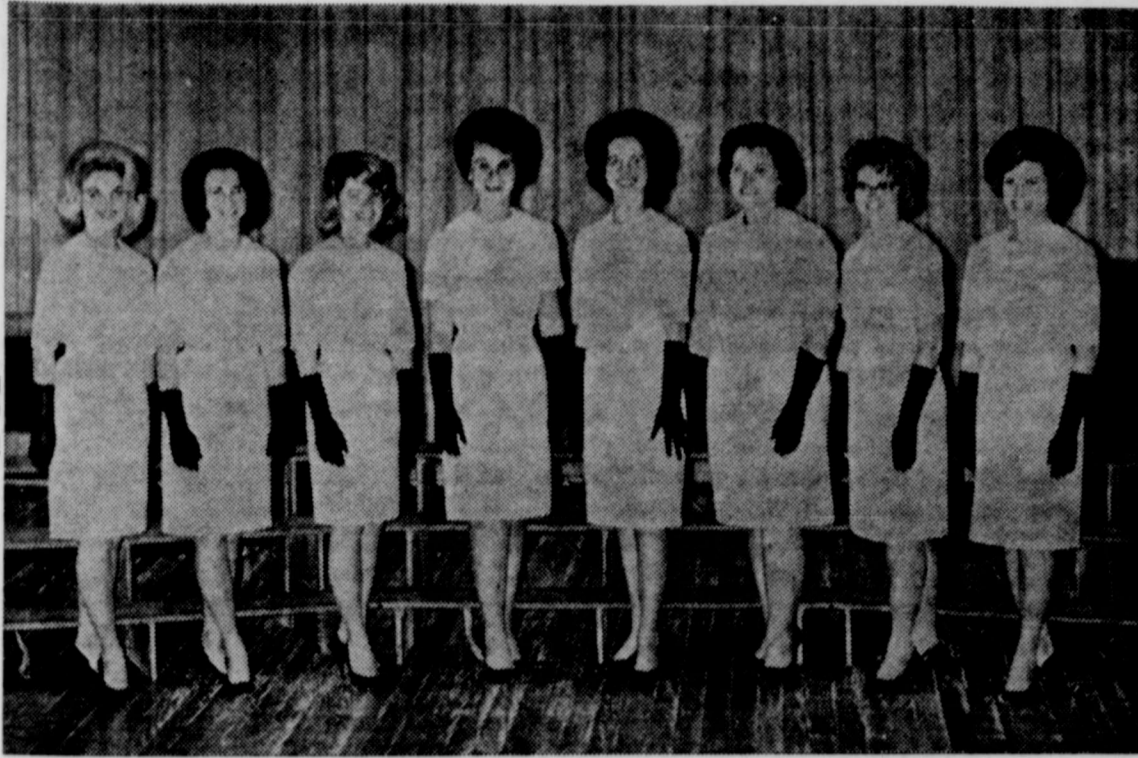

The business has been in operation as a Co-op 24 years with some 20 years previous operation as a private business.

Bill Wolf started operating a wrecking yard in Abernathy in 1938, where Joe Thompson Implement Company is now located. In 1943 Joe Thompson bought the property and established a John Deere Agency. He and Bill Wolf were together for a while until Joe bought him out.

Bill engaged in farming and other business until 1952, when he bought Henry Blalock's business property and business. He pushed the well drilling and servicing and today as Bill Wolf & Sons Irrigation Supply, employ 10 men in the shop and have an average of nine men who work as helpers on the several trucks which operate out of the shop. He now has 12 years in his present business.

As near as could be learned Higginbotham-Bartlett Company came to Abernathy in 1909 as Higginbotham-Harris under the management of Nash Hix, who had opened several yards for the company. In 1918, it became the present Higginbotham-Bartlett Co. Over the years there have been several managers of the business. The first the writer knew was Sam Smith, who was manager in 1926. He was followed that same year by J. D. Norman for several years, then Mr. Clausen, Bob Haral and Mr. Vaughn, the present manager in 1946.

Another old time business in Abernathy with 55 years.

History Of Abernathy Firms

(By O. F. Rea)

In 1928 John Snider who farmed three miles south of Abernathy opened a John Deere Agency here on Main Street on what was later taken over by the highway department for the 4 lane highway through town.

He operated the agency in this location until 1943 when Joe Thompson, who had established a John Deere agency also some four months earlier in his present location, bought his stock of parts and took over the dealership. Joe began by buying the block on which Bill Wolf was operating a wrecking yard. Later he purchased the block across the street east from Edgar Heath and still later the block across the street west from Mrs. Hernon Peel.

Joe is very successful and has just recently completed a new office and parts warehouse and service department which is one of the finest in the country. He has one of, if not the largest stock of John Deere parts in the southwest. He has a business which began 36 years ago in a small way.

J. P. Nystel is Abernathy's oldest real estate dealer with a continuous service of 40 years. Mr. Nystel entered the real estate business in 1924 with Herman Schultz. In 1926 he opened his own office at the east end of the block on Main Street. Later the office was where Graham's Restaurant now is.

A. C. Nystel came into the business in 1953 and both are licensed real estate dealers in Texas and New Mexico. They are also security brokers licensed number 467 some 30 years ago and is now the oldest securities broker in the state as all holders of licenses previous to this number have either deceased or dropped their license.

Mr. Nystel has operated his own real estate office for the past 34 years and has been in his present location, which he owns together with the two offices on either side of him, for the past 12 years.

Since establishing his sausage business here in September, 1959, Lee Echols has shown a steady and rapid growth. Beginning with himself and two helpers he began making and distributing Lee's Tasty Sausage. He has purchased the property, added a boiler room and slaughter room to double his output, spread his distribution over 59 Counties on the Plains and below the cap with 6 trucks and a crew of 19 men. He not only distributes his sausage, but also pure hog lard, which is a by-product.

Don Cleaners began as Lon Cleaners in 1947, when Lon Carmickle installed cleaning machinery and began operation. Some time later Don Paxton went to work for Lon and after several years left and operated a cleaning plant of his own in Stamford for a time. In May 1963, Don returned to Abernathy and made a deal with Lon to purchase the business. This was done and Don changed the name to Don Cleaners and is operating under that name today with a continuous operation in this location of 17 years.

The Gulf dealership in Abernathy has been somewhat intermittent. Roland Smith had it in the mid 20s. R. E. Rumpy came here from Plainview and operated it for some time and it was finally closed out.

This dealership was revived in October 1946, when L. B. Young acquired it and has operated it for the 18 years since. Since 1946 Gulf has built two new stations in Abernathy, the latest at the corner of Main Street and the west service road, operated by Clyde Pittman.

Mr. and Mrs. Royce Shires and daughter, Glenda, 7, have moved from Whittier, Calif., to 407 Ave. D, Abernathy. Glenda is in the second grade. Mrs. Shires is a sister of Mrs. Ray Martin, of Martin Gin & Fertilizer.

History Of Abernathy Firms

(By O. F. REA)

Service Grain Company was founded in 1956, when Harold Davis built a grain storage on the present location and installed E. L. Kelly as manager. In 1958, another storage building was erected to double the capacity. More recently another storage has been built, tripling the original capacity.

In 1962 a dry fertilizer mixing plant was erected and added to the business. In 1959, Kelly left the business and Roy Jones became the manager which place he still holds. The business is now 8 years old.

The Lebow Exterminating Co. was established in 1960, when Floyd Lebow built a rig with engine and hose for spraying trees and shrubs effectively. He also operates Floyd's Auto Repair and since 1962 has been located in his present location, corner 11th St and Ave. D.

LEVELLAND (Special) — The Texan Band is one of the attractive and colorful features of South Plains College. It is under the direction of Wilburn Wheeler, long-time band director.

The band rehearses three times a week, on Monday, Wednesday and Friday, and plays for pep rallies, at basketball games, concerts for students and at other performances.

Tentative plans have been made for at least two concerts this year. These are staged in the college auditorium at which the public is invited. The band plays for concerts at area schools also, and usually makes two out-of-town trips with the basketball team during the season. All music for the college drill team, the Tex-Anns, is furnished by the band.

Students receive two semester hour credits for each year of band.

Awards are given second year members. They have a choice of a jacket or a blanket during a special assembly. A scholar-

ship program is available for band students also.

Members received new orange blazers last year. Girls' uniforms consist of the blazers, black straight skirts, white blouses and black heels. Boys wear the blazers, black trousers, white shirts and black ties. The blue college emblem is featured on each of the blazers.

During the time Wheeler directed Levelland High School Band before coming to South Plains College in 1958 when the college first opened, the band took nine sweepstakes honors. Wheeler was honored by Levelland High School four years ago during half-time at a football game. His portrait hangs in the band hall of Levelland High School.

The first band at South Plains College consisted of eight members, this fall with the beginning of the college's seventh year, the band has increased to some 40 members with a number more expected to join at mid-term.

According to Wheeler, "Anyone who has had high school band experience is eligible to become a Texan Band member."

SOUTH PLAINS COLLEGE CHOIR

Shown here are the twenty-six members of South Plains College Choir, Levelland, with Harley Bulls, head of the college Music Department and director of the choir. From left to right, front row, are Ann Johnson, Levelland; Janice May, Whiteface; Rita Colley, Floydada; Elaine Stokes, Sundown; Jan Billingslea, Levelland; Sandra Dalton, Levelland; Dorothy Garrett, Levelland; 2nd row, from left—Don Stewart, Lubbock; Walter Faust, Plainview; Myra Reagan, Abernathy; Marcheta Ownbey, Levelland; Mary Ethel Wilson, Friona; Barbara Baldwin, Levelland; Martha Petry Schaefer, Fort Worth; Sheri Faulkner, Levelland; Robert Dunbar, Roswell, N. M.; Jerry Lancaster, Littlefield; Terry Sims, Brownfield; Billy Harris, Sundown; Terry Melugin, Wilson; Morris Peterson, Morton;

Willie Bennett, Littlefield; Dick Morrison, Seminole; and Riley Lamm, Seminole.

LEVELLAND (Special) — The South Plains College Choir is unique this year in that 50 per cent of its members are boys. According to Harley Bulls, head of the college Music Department, more interest is being shown in music among boys each year.

Bulls stated that choir rehearsals are much like voice lessons. Students study tone production, correct breathing, correct vowel pronunciation, and learn repertoire. The choir always forms the nucleus for the community choir in the presentation of "The Messiah" which is presented during the Christmas season. Members give assembly programs and present an annual spring concert, and sing for service clubs, plus making a choir tour each spring which covers some 400 miles.

Thirteen towns are represented in the years choir twenty-six members.

During performances, students are dressed in blue robes lined with white satin and white satin trim on sleeves. Choir hoods are of a gold color.

Ann Johnson of Levelland is this year's piano accompanist and Gerald Johnson is the faculty organ accompanist.

Bulls was the first music director at the college, beginning with the second semester. Three boys and ten girls comprised the college's first choir.

The college director received a Bachelor of Music, with two majors in voice and piano, from Westminster Choir College, Princeton, N. J. He spent ten years as full time minister of music at churches in Pampa and Wichita Falls before assuming his duties at South Plains College.

According to Bulls, a scholarship is available for choir piano accompanist each semester. "Choir members are solicited by audition only," added Bulls.

LEVELLAND (Special)

The Music Department of South Plains College, Levelland, presented the program for the Tullia Kawanis Club at noon Dec. 8 in the Tullia VFW Hall. Featured on the program were members of the college Octette.

They sang barber shop numbers including "Aint Dat A Shame," "Way Down Yonder In The Cornfield," "You Tell Me Your Dream," "From Broadway Hits they sang "I Could Have Danced All Night," and "I Enjoy Being A Girl," a popular song, "Dreams," and a "Diddy," composed of four separate songs as solos and combinations.

Accompanying the singing group was Dean W. L. Walker of the college; Harley Bulls, head of the college Music Department and director of the Octette; and the following six Levelland Kiwanians: Frank Hunt, Gil Patschke, Bobby Simpson, Gilbert Sanchez, Ernest Stewart and Harold Phelan.

History Of Abernathy Firms

(By O. F. REA)

McAlister Grocery was established in Abernathy Nov. 1924, in the building with Troy Stambaugh's dry goods business. In 1929 McAlister bought out R. E. Risinger's grocery in the present Ward's Men's Store building. After several years in this location McAlister moved to the present location of Grimsley Grocery. The McAlister brothers, Perry and Sam passed away several years ago, and Bob has operated the business since. On Nov. 1, 1963, Bob sold to the Grimsley brothers, Larry and Robert, and they thus acquired a business that had been in continuous operation since November 1924, for a total of 40 years.

In 1925 Jess McMaster began barbering with Dutch Crow in the old frame building where the bank now stands. Later he moved to the Struve building next to the alley behind the grocery. When the locker plant was put in he moved to between the Pinson Drug store and the Struve Grocery.

About 1945 Jess purchased the building he is now in from Dutch Crow and has barbered here since.

On January 1, 1961, Jess sold his shop to A. D. Helms, with the 39 years of continuous operation behind it.

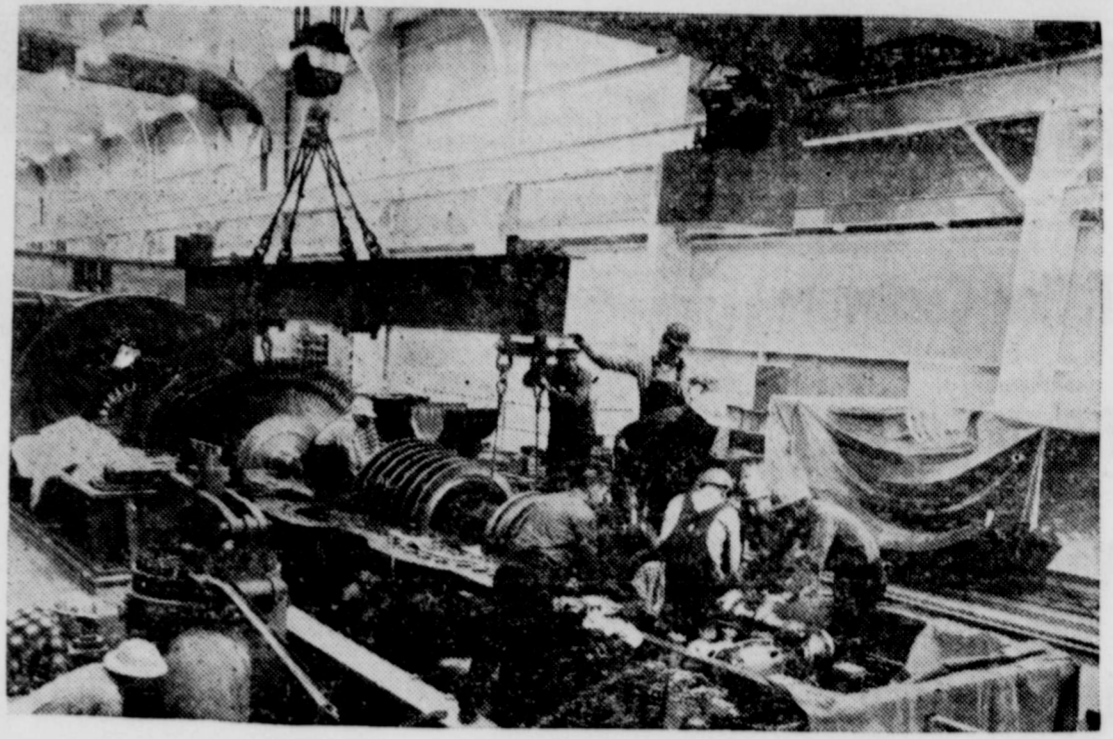

Ann's Dress Shop had its beginning in April, 1954, when Josephine Wright and Lillian Young opened the Nancy-Lynn Dress shop in the Shipman Insurance building. In 1956 the shop was moved to rock front building now occupied by Abernathy Floral.

In 1956, the Wallace Dry Goods was purchased and the shop moved into that location and the name changed to Young's Department Store when Lillian Young bought out Josephine Wright. The dry goods department was discontinued in 1958 and the business moved to the present location and the name again changed to "Young's", and continued as a dress shop. Lillian Young wished to get out, and in 1959 she sold the business to Mrs. Annie Williams and the name was again changed to Ann's Dress Shop which name it still carries.

The present Home Furnishings Co., originated in 1946 when E. L. Kelley and Dewey Smith established the Woodcraft Shop in the building now occupied by Davis Grocery. Presently operated by Mr. Williams, built by Kelly & Smith.

In 1947 C. C. Turpin bought the interest of Dewey Smith and he and Kelly moved to the Zeman building in the same year. Here they included Vergil Zeman in the business. On August 1, 1949, Turpin bought Kelly's interest and he and Zeman continued as Home Furnishings Co., which name they took in 1947. In 1953 Turpin bought all the fixtures, tools and so on, from Zeman.

Turpin has conducted the business since in this same location, and now has 18 years behind him.

One of the major investments in the 1965 construction program of the Southwest Public Service Company is a new 210,000 kilowatt generator which is being installed at Cunningham Station, west of Hobbs, New Mexico. The new unit, pictured under construction, is scheduled to be in service in mid-1965.

Southwestern Public Service Company's 1965 construction and improvement program calls for an investment of \$24,607,000 in new facilities, it has been announced by A. R. Watson, president and general manager of the electric company.

The company's construction plans for 1965 anticipate the second largest annual improvement program in the company's history, topped only by 1964's record investment of more than \$30,000,000. At the conclusion of the 1965 program, the electric company will have invested

nearly \$120,000,000 in new equipment in the 1961-65 period.

"One year ago, when we announced a record single year construction budget, our forecast was for continued growth throughout our 45,000 square mile service area. Our optimistic outlook remains unchanged, as evidenced by the continued high level of new equipment investment we plan for 1965 and the years to follow. Inasmuch as we must begin our planning and construction to meet our customer's needs from 3 to 5 years in advance of their actual requirements, it is apparent that

we anticipate continued economic expansion in our service area", Watson said.

A major portion of the electric company's 1965 construction budget will go for additions to its interconnected generation and transmission system, which includes 11 base-load electric generating stations which are linked together by a 4,000 mile network of high voltage transmission lines.

The additions to the generating capability include a 210,000 kilowatt unit to be installed at Cunningham Station, west of Hobbs, New Mexico. The Cunningham addition will be the second 210,000 kilowatt machine to go into service within the period of a year. Plant X, near Earth, Texas, houses the first of these giant generators, the largest single unit in service on the company's system.

The other generating additions to be completed in 1965 are gas turbine units to be installed at Borger and Pampa. These units will be located at industrial plants in each case, with the fuel to be provided by the customer.

At the Borger location, where natural gas will be purchased from the customer for fuel, the exhaust gases will be returned to the customer for use in his plant.

At Pampa, hot pressurized gases which are a by-product of the customer's manufacturing process will serve as the fuel for the new turbine.

"These tailored installations of generating equipment are indicative of our responsibility to conserve the natural resources of the area we serve. In each case, there will be total utilization of the heat energy present in the gases, and all waste will be eliminated. This, of course, introduces economies for us as well as the customer, and is the type of program we must carry on to keep the customer's price down by keeping our costs down. The benefit of this type of planning goes to all of our customers," Watson said.

1965 will see a continuation of a program started last year to convert the main arteries of the company's transmission network to 230,000 volt lines. The major voltage was 115,000 volts until this year.

Scheduled for completion this year are 230,000 volt lines running from Plant X to Cunningham Station and from Plant X to Nichols Station, northeast of Amarillo.

The 230,000 volt lines have 4 times the carrying capacity of the 115,000 volt circuits and their increased transmission capability ties in with the larger, more efficient generating units such as the two new 210,000 kilowatt machines to both improve service and keep it economical.

A 115,000 volt line is being constructed from Amarillo to Borger to provide the electrical power for pumping the water through the aqueduct system associated with the Canadian River Dam.

Load growth in the Hereford-Dimmitt area will bring the construction of another 115,000 volt circuit from Plant X to Hereford. This will "firm up" for many years the power supply in this growing region.

"There is great satisfaction in being able to say to our customers once again as a new year starts that their electric service dollar is buying more than ever before. Three things make this record possible. First of all are the customers themselves, who are using more electrical power than ever before. They make it possible for dedicated employees working with the most modern and efficient equipment to keep down the price of our service in the face of rising costs for fuel, equipment and labor", Watson concluded.

SOUTH PLAINS COLLEGE TEX-ANNS—Shown here are six of the 26-girl drill team at South Plains College, the Tex-Anns. From left to right, they are: Laquita Masten, Morton, Linda Kitchens, Abernathy; Vicki Rutledge, Plainview; Lynn Roddy, Hale Center; Barbara Tennyson, Lamesa; and Linda Embick, Hobbs, N. M.

Miss Kitchens is the daughter of Mr. and Mrs. L. J. Kitchens of Abernathy. She is a member of Student Education Association and is majoring in Elementary Education. In high school she was senior class favorite and Abernathy's Lions Club Sweetheart.

LEVELLAND (Special)—South Plains College Tex-Anns 7th edition features a group of twenty-six girls.

The 1964-65 drill team, under the direction of Mrs. Myrtle Lucke, range around 115 pounds and are 5' 4" tall. This is the average weight and height of the group.

They make an attractive, sharp looking team and when attired in the orange, blue, and white, they make a snappy and beautiful picture.

Blondes outnumber the brunettes while a few have auburn hair.

All are graceful and very agile and present their routines with a great amount of rhythm and ease.

Tex-Ann uniforms consists of short circular skirts and sleeveless jackets in bright orange and crisp white western blouses, western hats, boots and gloves in white, with blue ties and blue college emblems, carrying out the college colors of orange, blue and white.

Twelve cities are represented in this group of twenty-six girls, with two coming from El Paso and one from Hobbs, N. M. Nine are from Lubbock, One each is from Morton, Lamesa, Hale Center, Abernathy, Plainview and Muleshoe.

KILL NOXIOUS WEEDS DURING WINTER

"Noxious weeds can be killed during the cold winter months just as successfully as in the summer months," says W. R. Churchwell, Supervisor of the Hale Co. Noxious Weed Control District. Churchwell tells the farmer that now is a very good time to rid non-cropped areas of noxious weeds round wells, elevated ditches, and parking areas for farm equipment. Be sure to contact the Weed Control District for any spraying you may need. In other words if you have a weed problem, the Noxious Weed Control is standing by to help you.

The Hale County Noxious Weed Control District was organized a few years ago to help the farmer so why not use its facilities? The Weed Control offers the farmer application of chemical with proper equipment and with a trained operator without any cost to the farmer. The farmer only supplies the chemical.

It is extremely important that any non-cropped area to be sprayed be reported during the winter months as this is a lull period for the Weed District. During the late spring and summer months, most of the time is concentrated on bindweed spraying in larger areas.

Any farmer having bindweed on his farm land adjacent to highway right-of-way must have his weeds sprayed before the weeds on the right-of-way can be treated.

"Mr. Farmer does this apply to you?" If so, contact the Noxious Weed Control and let them help you with your weed problem.

The Hale County Noxious Weed Control District had a very successful season this year spraying several hundred acres over the entire county. The season starts early, about the first of April. When the first bindweed appear in the spring, the Noxious Weed Control will be ready to eradicate it.

If you have any weed you do not understand or weeds which you are not familiar with contact Churchwell. He will help you identify the weed and tell you how to get rid of it.

Churchwell works closely with Dr. Allen F. Wiese, Agronomist, Great Plains Field Station at Bushland on weed study

and weed identification. Ollie Liner, County Agricultural Agent and other Extension workers help the Weed District a great deal along the weed research and weed identification lines. The Weed District certainly appreciates all the help given by Mr. Liner and the Extension Service.

Also contributing much to the progress of the Weed Control are the Board of Directors. These men attend a monthly meeting and help Churchwell settle any problem that may have arisen during the previous month. This governing body consist of five members. They are as follows:

Floyd Terrell, is Precinct 1 member and Chairman of the Board, Mr. Terrell, his wife, and family reside Southeast of Plainview in the Bellview Community. Mr. Terrell is a farmer and is also quite involved in 4-H work.

Henry Scarborough is member from Precinct 2 and is vice-Chairman of the Board. He and his family live and farm near Petersburg.

Orval Boyd is our member from Precinct 3. Mr. Boyd farms near the Mayfield Community but he and his family live in Hale Center.

Donald Terrell is Secretary-Treasurer of the board and is member from Precinct 4. He is also a farmer and landowner. This young family live in Plainview.

Tom Karrh is the member at large for the board. His family live in the Halfway Community and are also quite a 4-H family. Churchwell is hoping that all his board of directors will be able to attend the Southern Weed Conference to be held at the Adolphus Hotel in Dallas, January 19-21, 1965. This meeting will be very educational along the weed control lines for this area. These meetings shall be of much interest to the board members as well as helpful to the Weed District personnel.

Mr. Farmer don't forget the importance of cleaning up your non-cropped areas. Help us make Hale County clean of all noxious weeds. If you have noxious weeds on non-cropped areas the seeds can easily be scattered to your cultivated acres. When this happens many dollars worth of crops can be damaged by noxious weed infestation.

History Of Abernathy Firms

(By O. F. REA)

The Shipman Insurance Agency originated with Floyd Shipman selling insurance in 1945, first with no office then taking on real estate in 1947, and having an office in the Nystel building north of the Methodist church in 1948.

In 1950 he purchased the lot and 1951 built the present building and moved into the south half, renting the other half out to various persons. In 1956 Billy Shipman was taken as a partner with half interest and they have since occupied the entire building. 19 years for this business.

Mrs. W. A. Henson started a small business in 1948 which soon developed into the full fledged florists shop which it was at the time Dorothy Stephens and Dorothea Deering bought the business and changed the name to Abernathy Florists in 1948. They remained in the original location behind the Henson home until March 1963 when they moved to present location and again changed the name, this time to Abernathy Floral. About 1960 Dorothea Deering retired from the partnership and Mildred Stephens soon came in as a partner. The florist shop has now been in continuous operation for 16 years.

Reid Chevrolet came into be-

ing Feb. 10, 1937, when Andy and Bob Reid bought out Crow-Harral Motor Co., who had handled the Chevrolet cars since the mid 1920s. The business was housed in the old Zeman building across the alley from Struve's. They remained in this location until 1947 when they built the present building and moved in March 1, 1947.

On Feb. 10, 1947, they opened the Reid Chevrolet in Levelland with Bob Reid running the business there. Thus we have 27 years in Abernathy and 17 years in Levelland.

Attebury Shamrock Service began as a Service Station where the Ince Station is at present in 1956, and in August 1957, moved to the present location which had just been built by Shamrock. Boney Attebury operated it as manager until

Oct. 15, 1960, when he bought the stock and began on his own. He now has about 8 years behind him.

Plains Grain Company began in the late teens when Sam Merrill built the original elevator and a Mr. Hester ran the grain business. In 1920 Mr. E. B. Lindsey bought the business and he and a Mr. Carter were partners for a time until Carter left the business. Mr. Lindsey remained as owner, enlarging it by adding some grain bins later. In 1945 the original elevator was gutted by fire but was rebuilt at once. A number of metal bins were added. With the coming of natural gas and L. P. Gas the coal business died out and was discontinued. With the increased demand for grain storage Mr. Lindsey built a modern grain storage building in 1954 and another in 1958.

In 1959 E. L. Kelly was employed to take over the operation and relieve Mr. Lindsey of much of the actual work. In 1960 J. C. Mills bought the business from Mr. Lindsey and retired. E. L. Kelly was retained as manager, which position he still holds.

In 1961, another large grain storage was added and another in 1962. About this time fertilizer was added with the necessary equipment for handling both liquid and dry types.

Plains Grain Co. now has an operation period of some 46 years.

John Duty came to Abernathy in 1937, as a mechanic for Reid Chevrolet in the old location where Home Furnishings is now. After returning to Lubbock a couple of times, he located here permanently.

He and Henry Blalock operated a J. I. Case agency in Bill Wolf's present location for a while with John Duty selling out to Henry Blalock and putting a shop of his own on east 11th St., which he operated in 1944-45 and 1946.

John farmed in 1947 and 1948 then joined the A. & C. Pump Co., of Lubbock in 1949. Some time later he went with Modern Chevrolet Co., where he was employed until 1959 when he leased the shop from Bill Moore who moved to Arizona.

John has a turret lathe as well as two other engine lathes, a milling machine, drill press, welding equipment and other machinery to handle any kind of machine shop job you take to him.

He and Sam Wade have worked since as Duty & Wade Irrigation, with John handling the shop and Sam Wade handling the pump setting and well work in the field. They have employed 4 and 5 men as helpers most of the time since.

Sam Wade is a local boy who grew up here about 6 miles west of town and attended Abernathy School.

The Co-op Grain Company took over the grain business that had been Farmers Coal & Grain Company for some 18 or 20 years, in 1940. The little sheet iron covered grain elevator was torn down as was the office and scales and in its place a modern concrete elevator erected.

A still more modern grain storage has since been erected, greatly increasing the capacity.

Since going Co-op E. L. Kelly, Tom Conner and the present manager Glenn Hammond, have held that position.

The business has been in operation as a Co-op 24 years with some 20 years previous operation as a private business.

Bill Wolf started operating a wrecking yard in Abernathy in 1938, where Joe Thompson Implement Company is now located. In 1943 Joe Thompson bought the property and established a John Deere Agency. He and Bill Wolf were together for a while until Joe bought him out.

Bill engaged in farming and other business until 1952, when he bought Henry Blalock's business property and business. He pushed the well drilling and servicing and today as Bill Wolf & Sons Irrigation Supply, employ 10 men in the shop and have an average of nine men who work as helpers on the several trucks which operate out of the shop. He now has 12 years in his present business.

As near as could be learned Higginbotham-Bartlett Company came to Abernathy in 1909 as Higginbotham-Harris under the management of Nash Hix, who had opened several yards for the company. In 1913, it became the present Higginbotham-Bartlett Co. Over the years there have been several managers of the business. The first the writer knew was Sam Smith, who was manager in 1926. He was followed that same year by J. D. Norman for several years, then Mr. Clausen, Bob Harral and Mr. Vaughn, the present manager in 1946.

Another old time business in Abernathy with 55 years.

History Of Abernathy Firms

(By O. F. Rea)

In 1928 John Snider who farmed three miles south of Abernathy opened a John Deere Agency here on Main Street on what was later taken over by the highway department for the 4 lane highway through town.

He operated the agency in this location until 1943 when Joe Thompson, who had established a John Deere agency also some four months earlier in his present location, bought his stock of parts and took over the dealership. Joe began by buying the block on which Bill Wolf was operating a wrecking yard. Later he purchased the block across the street east from Edgar Heath and still later the block across the street west from Mrs. Hernon Peel.

Joe is very successful and has just recently completed a new office and parts warehouse and service department which is one of the finest in the country. He has one of, if not the largest stock of John Deere parts in the southwest. He has a business which began 36 years ago in a small way.

J. P. Nystel is Abernathy's oldest real estate dealer with a continuous service of 40 years. Mr. Nystel entered the real estate business in 1924 with Herman Schultz. In 1926 he opened his own office at the east end of the block on Main street. Later the office was where Graham's Restaurant now is.

A. C. Nystel came into the business in 1953 and both are licensed real estate dealers in Texas and New Mexico. They are also security brokers licensed number 467 some 30 years ago and is now the oldest securities broker in the state as all holders of licenses previous to this number have either deceased or dropped their license.

Mr. Nystel has operated his own real estate office for the past 34 years and has been in his present location, which he owns together with the two offices on either side of him, for the past 12 years.

Since establishing his sausage business here in September, 1959, Lee Echols has shown a steady and rapid growth. Beginning with himself and two helpers he began making and distributing Lee's Tasty Sausage. He has purchased the property, added a boiler room and slaughter room to double his output, spread his distribution over 59 Counties on the Plains and below the cap with 6 trucks and a crew of 19 men. He not only distributes his sausage, but also pure hog lard, which is a by-product.

Don Cleaners began as Lon Cleaners in 1947, when Lon Carmickle installed cleaning machinery and began operation. Some time later Don Paxton went to work for Lon and after several years left and operated a cleaning plant of his own in Stamford for a time. In May 1963, Don returned to Abernathy and made a deal with Lon to purchase the business. This was done and Don changed the name to Don Cleaners and is operating under that name today with a continuous operation in this location of 17 years.

The Gulf dealership in Abernathy has been somewhat intermittent. Roland Smith had it in the mid 20s. R. E. Rumpy came here from Plainview and operated it for some time and it was finally closed out.

This dealership was revived in October 1946, when L. B. Young acquired it and has operated it for the 18 years since. Since 1946 Gulf has built two new stations in Abernathy, the latest at the corner of Main Street and the west service road, operated by Clyde Pittman.

History Of Abernathy Firms

(By O. F. REA)

Service Grain Company was founded in 1956, when Harold Davis built a grain storage on the present location and installed E. L. Kelly as manager. In 1958, another storage building was erected to double the capacity. More recently another storage has been built, tripling the original capacity.

In 1962 a dry fertilizer mixing plant was erected and added to the business. In 1959, Kelly left the business and Roy Jones became the manager which place he still holds. The business is now 8 years old.

The Lebow Exterminating Co. was established in 1960, when Floyd Lebow built a rig with engine and hose for spraying trees and shrubs effectively.

He also operates Floyd's Auto Repair and since 1962 has been located in his present location, corner 11th St and Ave. D.

LEVELLAND (Special) — The Texan Band is one of the attractive and colorful features of South Plains College. It is under the direction of Wilburn Wheeler, long-time band director.

The band rehearses three times a week, on Monday, Wednesday and Friday, and plays for pep rallies, at basketball games, concerts for students and at other performances.

Tentative plans have been made for at least two concerts this year. These are staged in the college auditorium at which the public is invited. The band plays for concerts at area schools also, and usually makes two out-of-town trips with the basketball team during the season. All music for the college drill team, the Tex-Anns, is furnished by the band.

Students receive two semester hour credits for each year of band.

Awards are given second year members. They have a choice of a jacket or a blanket during a special assembly. A scholar-

ship program is available for band students also.

Members received new orange blazers last year. Girls' uniforms consist of the blazers, black straight skirts, white blouses and black heels. Boys wear the blazers, black trousers, white shirts and black ties. The blue college emblem is featured on each of the blazers.

During the time Wheeler directed Levelland High School Band before coming to South Plains College in 1958 when the college first opened, the band took nine sweepstakes honors. Wheeler was honored by Levelland High School four years ago during half-time at a football game. His portrait hangs in the band hall of Levelland High School.

The first band at South Plains College consisted of eight members, this fall with the beginning of the college's seventh year, the band has increased to some 40 members with a number more expected to join at mid-term.

According to Wheeler, "Anyone who has had high school band experience is eligible to become a Texan Band member."

SOUTH PLAINS COLLEGE CHOIR

Shown here are the twenty-six members of South Plains College Choir, Levelland, with Harley Bulls, head of the college Music Department and director of the choir. From left to right, front row, are Ann Johnson, Levelland; Janice May, Whiteface; Rita Colley, Floydada; Elaine Stokes, Sundown; Jan Billingslea, Levelland; Sandra Dalton, Levelland; Dorothy Garrett, Levelland; 2nd row, from left—Don Stewart, Lubbock; Walter Faust, Plainview; Myra Reagan, Abernathy; Marcheta Ownbey, Levelland; Mary Ethel Wilson, Friona; Barbara Baldwin, Levelland; Martha Petry Schaefer, Fort Worth; Sheri Faulkner, Levelland; Robert Dunbar, Roswell, N. M.; back row, from left—Kenneth Williamson, Levelland; Thomas Merritt, Clovis, N. M.; Jerry Lancaster, Littlefield; Terry Sims, Brownfield; Billy Harris, Sundown; Terry Melugin, Willson; Morris Peterson, Morton;

Willie Bennett, Littlefield; Dick Morrison, Seminole; and Riley Lamm, Seminole.

LEVELLAND (Special) — The South Plains College Choir is unique this year in that 50 percent of its members are boys. According to Harley Bulls, head of the college Music Department, more interest is being shown in music among boys each year.

Bulls stated that choir rehearsals are much like voice lessons. Students study tone production, correct breathing, correct vowel pronunciation, and learn repertoire. The choir always forms the nucleus for the community choir in the presentation of "The Messiah" which is presented during the Christmas season. Members give assembly programs and present an annual spring concert, and sing for service clubs, plus making a choir tour each spring which covers some 400 miles. Thirteen towns are represent-

ed in the years choir twenty-six members.

During performances, students are dressed in blue robes lined with white satin and white sash trim on sleeves. Choir hoods are of a gold color.

Ann Johnson of Levelland is this year's piano accompanist and Gerald Johnson is the faculty organ accompanist.

Bulls was the first music director at the college, beginning with the second semester. Three boys and ten girls comprised the college's first choir.

The college director received a Bachelor of Music, with two majors in voice and piano, from Westminster Choir College, Princeton, N. J. He spent ten years as full time minister of music at churches in Pampa and Wichita Falls before assuming his duties at South Plains College.

According to Bulls, a scholarship is available for choir piano accompanist each semester. "Choir members are solicited by audition only," added Bulls.

MISS LELLOINE HORTON
(Bride-Elect of George David Waits)

The forthcoming marriage of Miss Margaret Lelline Horton to George David Waits of Abernathy was revealed at an afternoon tea Saturday, Jan. 9.

Mrs. Sam Lauderdale, Greenville, was hostess for the party which told of the engagement of the daughter of Mr. and Mrs. Hal C. Horton, Jr., of Bonham, and the son of Mr. and Mrs. Monroe Waits of Abernathy.

New Construction This Year Over \$24,000,000!

That's right! Reddy Kilowatt will invest \$24,607,000.00 this year, in the service area of Southwestern Public Service Company, as evidence of the faith we all share in a growing land that 100 years ago promised less but has delivered more than perhaps any other area in our nation. We'll be completing another large steam electric generating unit, adding new transmission and distribution lines with one view in mind — to give you better service at the lowest possible cost. You'll have, at the touch of your finger, all the power you'll need for a powerful area.

Picture shows an example of modern construction methods. The aerial, truck-mounted bucket lift is being used by two linemen in a safe and efficient manner to construct a new 230,000 volt transmission line.

PROGRESSIVE BUSINESS AND CIVIC - MINDED PEOPLE OF PLAINVIEW AND VICINITY

This department has been worked up largely as a reflection of public opinion. No person has written of themselves or their business. All articles have been compiled by a representative of The Abernathy Weekly Review as he saw conditions. These people are all leaders in their various lines of endeavor and the co-operation of those citizens in Plainview who helped make this department possible is sincerely appreciated.

ROY DELASHAW

Every progressive and successful business man in Plainview contributes in some manner to the growth and progress of the city. And one who is always willing to do his part in both civic and business activities is Roy Delashaw of the Delashaw Egg Factory, who is well known, and has a great many friends and business associates throughout this entire region.

The prominent part that the Delashaw Egg Factory is playing in the business and commercial life of Plainview and vicinity, mirrors the progressiveness and ability of such men as he. Moreover, Mr. Delashaw has also at all times been steadfast in his devotion to the city and the surrounding country, and on many occasions has lent his support to the successful promotion of meritorious civic projects.

Plainview and this district are fortunate to have such an individual as Roy Delashaw in a position of responsibility and service, and this newspaper feels that it merely reflects public opinion in paying this brief tribute to one of the city's more dependable business men.

TRUMAN MOONEY

Truman Mooney of Truman Auto Sales, formerly B & M Motors, is one of those dependable car dealers of Plainview who has consistently forged ahead in his business. He has also put his shoulder to the wheels of civic progress whenever concerted help was needed in furthering enterprises promoted for the general welfare of the community.

Mr. Mooney was never a man given to wishful thinking. Because his methods are those of direct action, and whether the problem at hand is one concerning his own business or that of a civic nature, he attacks it with optimism and vigorous enthusiasm. Add to this his acknowledged business ability, and his keen sense of values, and it is easily understood why he is almost invariably successful in business or other matters.

We feel that it is our duty to call the attention of our readers to these worth-while characteristics of Truman Mooney, and to pay him a well-deserved tribute for his straight forward business methods, and for the unselfish interest he has shown in public welfare.

M. T. AND LOLA CARTER

M. T. and Lola Carter are two of the most successful restaurant operators in Plainview who, by maintaining a constant standard of service and high quality foods, has made the Alceve Restaurant one of the more popular eating places in the community. We are glad to give them credit for their well-earned success in a field which is so highly competitive.

It is also a pleasure to give them credit for taking part in community affairs, and lending their assistance to various activities and public projects. When to take part in such matters, they always do so without ostentation, but in a quiet manner which lends dignity to their cheerful acceptance of their share of the civic load. It is a pleasure to be associated in the promotion of community activities with two such citizens as the Carters.

This review of progress and civic-minded people of Plainview would not be complete were we to fail to include them. Theirs is the kind of success which deserves recognition, and we wish them many more years of the same.

BILL DARDEN

In bestowing credit upon some of those progressive business men of Plainview, who in one way or another, have contributed their bit to improve both business and civic conditions, we wish to publish a few words about Bill Darden of Bill Darden Texaco, who just recently established a complete automotive radiator sales, service and repair for the people of this region.

Mr. Darden has set a standard for himself, and the operation of his business that under present existing conditions, has been extremely difficult to maintain. However, that he has done so is proved by the large volume of business which his Texaco station continues to handle, much of which is due to his unceasing attention to detail, and his ability to cope with new and unexpected prob-

blems. Bill Darden is also civic-minded and has, when asked, cheerfully cooperated on those civic activities to which he has been able to lend assistance. He more than deserves the respect and good will which he has earned, and his many satisfied customers are confident that he will continue to maintain his usual integrity and high principles.

R. M. FRANCIS AND J. H. HOLDEN

Two of the more progressive real estate men of Plainview, whose success can partly be attributed to a deep insight as to the direction in which the city will develop are R. M. Francis and J. H. Holden of Francis & Holden Real Estate. They also have a sound basic knowledge of real estate values, and have turned that knowledge to the advantage of the people with whom they do business. And their honest and upright methods, coupled with their sound and practical ideas, have made the services they have rendered to the public more valuable, and materially contributed to their well-earned success.

Mr. Francis and Mr. Holden are civic-minded, and have always shown a cheerful willingness to contribute their share of time and energy to the promotion of community projects. It is because of the activities of such dependable business men, that year after year, Plainview continues to show such a healthy growth and expansion, both as a residential and industrial city. We are glad to pay tribute to J. H. Holden and R. M. Francis for the part they are playing in the onward progress of this entire region.

DAVID NELSON AND JAMES D. KRUSE

Plainview has attained a prominent position in the business and industrial life of this section of Texas because of the foresight of those men who had the ability to envision the possibilities of the community, and the trade area it serves. And two wide awake progressive men who justly should be included in this category are David Nelson and James D. Kruse of the Panhandle Electric & Electronics.

Such men have, many times over, proven their worth to the community; both as business men and as active workers in the civic betterment and progress of the city. Mr. Nelson and Mr. Kruse have earned the goodwill and respect of their fellow citizens for contributing their bit to the general welfare of the city, and the people as a whole.

O. C. "BO" BLANKENSHIP

Plainview owes much to those enterprising citizens who have taken an active part in the growth and progress of the city, and who have helped to make it the business center for this section. In mentioning some of those men, it is only fair to include O. C. "Bo" Blankenship of the Blankenship Sheet Metal Works, whose outstanding knowledge of the sheet metal business, backed up by his many years of experience, has brought him to the forefront in his particular vocation.

Mr. Blankenship is wholly deserving of our sincere praise, and these few words of commendation are but a just recognition for the many activities he has conducted on behalf of the general welfare of the community.

The honest and successful conduct of his business affairs is not only a reflection of his character, but has also been a strong factor in maintaining him in a position of leadership in his field of endeavor.

We trust that "Bo" Blankenship will continue to serve the people of Plainview, and the surrounding area for many years to come.

STANLEY GARDNER

Because this is a period of growth and expansion for Plainview, those progressive business men who had the foresight and ability to lay their plans so as to be able to take advantage of those conditions, are entitled to more than ordinary acclaim. We are therefore, glad to pay tribute

to Stanley Gardner of the Hi-Plains Hog Company, for he has become a well-known figure in the business and commercial life of this area.

Mr. Gardner's persistent optimism, and steadfast belief in the continued future prosperity of the people of Plainview and vicinity, are characteristics which are deserving of our highest praise.

Stanley Gardner has also always shown a willingness to do his part in civic advancement, and has contributed his bit, in one form or another, to projects promoted for the welfare of the city. We believe that a business man of this kind is entitled to our sincere praise, both because he has achieved success in his private affairs, and because he is willing to contribute to the public good.

EARL W. HICKS

To serve the public honestly, efficiently, and cheerfully, is the basic foundation many progressive business men of Plainview have found to be the shortest route to success. In making this statement, the one we have in mind is Earl W. Hicks of the Hicks Art & Frame Shop. The popularity and patronage enjoyed by his many services accentuates the ideals of courtesy and efficiency which he has consistently applied in the management of the business, and in the servicing of his patrons.

The conduct of such businesses, and the men who operate them, have done much to make Plainview the business center for many miles around; and it is fitting that we give credit where credit is due to such individuals as Mr. Hicks for his part in the onward progress of the city. In doing so, we are merely putting into words the opinions of those who know him.

Earl Hicks has earned his success by the method in which he has served the public, and accepted both civic and business responsibilities, and we wish him every success in the future.

BERLIN BARNES

A drive-in operator of Plainview who has based his success upon the belief that the public will appreciate good food, well prepared and appetizingly served, is Berlin Barnes of the Arrowhead Drive-In, whose many friends and customers by their daily patronage of his popular eating place, attest to the soundness of his policy.

It is not only because of the successful operation and management of his drive-in that Mr. Barnes has come to be recognized as an asset to the community; but it is also because of his policy of "looking ahead", and endeavoring to sponsor or take part in those community activities which will, in some manner, benefit the city of Plainview and the people as a whole. He is another of those men who has shown his appreciation for his success by a willingness to contribute of his time and efforts to the promotion of community projects.

It is men such as Berlin Barnes whom we are privileged to include in this review, and to publicly give him due credit for his success in business and civic affairs.

B. D. "BILL" AWALT

B. D. "Bill" Awalt has proven his progressiveness by constantly adding to, and increasing the service which the Awalt Mobile Service has extended to the people. The large volume of business handled by his Mobil station proves that "service" to him, is not "just a word", but something to be rendered to the motoring public to the fullest extent of his ability.

In addition to his close attention to his business affairs, Mr. Awalt was never one to dodge his civic responsibilities, and help in those matters has always been cheerfully given.

He fully appreciates the value of good will, and has more than his share of that intangible commodity because of the manner in which he meets both business and civic obligations. He is a credit to the community, and is thoroughly established in the business life of the city.

"Bill" Awalt has many friends in and around this district, and it is a pleasure to bring him before our readers in this review of progressive Plainview business men.

DON SHIPLEY

In paying tribute to some of the more progressive business men of Plainview, we would be

remiss in our duty should we fail to include Don Shipley of Don Shipley Automotive Repair, whose business ability is no greater than the "know-how", and mechanical skill which has contributed to his well-earned success in the automotive repair and maintenance business.

He has also contributed generously to the welfare of the city, and the community for many miles around. And his civic spirit is evidenced by the many services which he has performed, and will continue to perform in the interest of the people as a whole.

Mr. Shipley is a man of wide acquaintance, whose many friends admire and respect in him those virtues which inspire confidence and promote good feeling. And his upright business methods are a credit to his inherent sense of fair play.

We congratulate Don Shipley on his splendid record of service, and trust he shall continue to assist us for many years to come.

MR. & MRS. J. W. EATMON

Mr. and Mrs. J. W. Eatmon of the Plainsway Trailer Haven, are two of those progressive type of citizens upon whom the community depends a great deal for leadership in business or other matters. They are also civic-minded and have, in the past, and no doubt will continue in the future to give more of their time and energy for the welfare of others than themselves.

They are the kind of people who make friends, and friendships once formed by them are never broken by an unfriendly act on their part, and they spare no efforts in order that their services to the surrounding area shall be more dependable.

The Eatmons have never been known to inject themselves into a situation for the mere purpose of gaining publicity. However, they proceed in a calm and unostentatious manner, and accomplish their objectives with a quiet dignity. We do not hesitate to recommend Mr. and Mrs. Eatmon to our readers as good examples of the more progressive type of business people who are aiding in the growth and development of Plainview and the surrounding country.

DERRELL C. AND BILL CONKLIN

In every community, there are a number of business and professional men who can be pointed out as having taken a three-fold part in the onward progress of their city. Two well known business executives of Plainview who belong in this category are Derrell C. and Bill Conklin of Conklin Brothers Incorporated.

Their leadership in the pipe line contracting business is recognized throughout this entire district. And their furtherance of civic activities, and support of those organizations whose main objectives are directed along lines of civic betterment and community progress is well known to their immediate associates.

The Conklin Brothers are men who are equally well liked and respected by their intimate friends and colleagues. They are loyal to the community, thankful for their success in business, and have shown their appreciation by their contributions to various civic movements of benefit to the city. We congratulate Bill and Derrell Conklin for being good citizens, progressive business men, and boosters of Plainview.

CLIFF AND C. R. "SHORTY" LONG

Due to a group of wide awake business men, the city of Plainview has attained a dominant position in the commercial life of this section of the state. And two of those who have justly earned credit for being progressive members of that group are Cliff and C. R. "Shorty" Long of Cliff's Sign Shop.

It is because of the successful operation of such a business as theirs, that the city of Plainview has earned the reputation of being one of the more progressive communities in this area.

The Long's have been conspicuously successful in spite of the fact that they have repeatedly neglected their own private affairs to devote a part of their time and efforts to the successful promotion of civic projects.

It is considered a privilege to include Cliff and "Shorty" Long in this Plainview review, and to publicly give them due

credit for their success in business, and for their many contributions to the general welfare of the city.

JOE ED SULLIVAN

Joe Ed Sullivan, agency manager of the Hale County Farm Bureau, has won the universal respect and good will of the people of Plainview and the surrounding country for the progressive manner in which he has kept this popular and reliable firm in the forefront of the business and civic life of this entire region. Also for the efficient and friendly willingness he has displayed in accepting his share of responsibility in aiding civic projects.

Mr. Sullivan is not the kind of man who makes himself conspicuous by the manner in which he conducts himself, either in business or other matters. Yet, his quiet reserve and air of confidence mark him as a man of sound judgment, whose opinions and advice are sought after, and listened to with respect.

We compliment Joe Ed Sullivan for the successful management of the Hale County Farm Bureau, and also for his constructive advice and help on those civic affairs in which he has found time to interest himself. He is a man whom many are proud to call friend.

MARSHALL ELLIS JR.

The true value of a citizen is not gauged by his personal success, but rather by the manner in which he shares that success by his contributions to the community in which he lives. A city grows and flourishes according to the number of public-spirited men and women who compose its population.

And Marshall Ellis Jr., well known and completely reliable brick contractor, is one of those men who has given much toward the development of Plainview and vicinity. He has turned his personal success in the business field to the advantage of the people as a whole, and has accomplished much toward making the city a better place in which to live.

Mr. Ellis' thorough knowledge of every phase of the brick contracting business has raised him into a position of leadership in his field of activities, and gained for him recognition as one of the city's more progressive business men. We compliment Marshall Ellis Jr., in this Plainview review, and wish to offer him this small evidence of public esteem.

CLARK E. WELLS

Having a well-earned reputation for honesty, dependable judgement, and a complete knowledge of the insurance business far above the average, Clark E. Wells, general agent for the Ordinary Branch Office of the American National Insurance Company, merits a brief tribute in this Plainview review.

Without assumption, or seeking public acclaim, he has filled his place in the community as one of its solid citizens, performing his duties of citizenship quietly, yet efficiently. As a leading progressive business man, Mr. Wells holds a high position in the esteem of the public generally.

It is not only as a practical executive, whose sound judgment, and far-sighted planning have brought such fine things to himself, but it is because of his inspiring optimism and loyal friendship that Clark Wells is held in such high regard by the people of this district.

We gladly praise the successful record of this dependable Plainview insurance counselor.

L. D. USHER

In compiling this review of conscientious Plainview business men, we have endeavored to select those who, by the manner in which they have conducted themselves and their businesses, have earned for them positions of leadership in their various fields of activities. Such a man is L. D. Usher, distributor in this area for Nichols Tillage Tools, who is well known and has a great many personal friends and business associates throughout several states.

Mr. Usher's main interests have not been solely confined to his own business and private affairs, but have also included his contributions in one form or another, to those projects of a civic nature which come within the scope of his activities. L. D. Usher is a man of wide experience whose exploits in the business and rural life of Plainview and vicinity, merits more than a passing attention, and the writer is privileged to pay this brief tribute to a man who well deserves more credit than is accorded him here.

JAMES ATKINS

It is appropriate that we include in this review of conscientious Plainview business men, James Atkins of the A & D Scale Company, who has a great many friends and satisfied customers throughout this entire region.

Abernathy (Texas) Weekly Review, Thursday, Jan. 14, 1965

Furthermore, he is a man who not only has the reputation of being progressive, but also the added one of being a willing supporter of many community affairs.

Aside from his business activities Mr. Atkins has always shown an interest in the civic betterment and progress of the city, and has backed up his interest by his contributions to many projects which have benefited Plainview and the surrounding trade area. He is a good and loyal citizen, and the full measure of his loyalty is most apparent because of his willingness to aid community activities.

His help along these lines has made of James Atkins an example of the type of man we all appreciate. We congratulate, and extend to him on behalf of all citizens interested in better business and civic progress, sincere appreciation for his contributions to the general welfare of Plainview and vicinity.

OLETA REID

A city grows and prospers by reason of the public-spirited men and women who take an active interest in its development. Plainview has its share of these progressive and civic-minded people, and one who is deserving of recognition is friendly, likeable, Oleta Reid of the Reid Personnel Employment Service.

Her business ability, coupled with a sense of obligation to her many clients have been major factors in maintaining the Reid Personnel Employment Service in a position of leadership throughout this area. She not only in her business activities, but also in her attention to civic duty, assumed an active part in community affairs.

Mrs. Reid has always been ready and willing to contribute

her time and energy to the promotion of any project promising to benefit the community as a whole. She has often sacrificed personal interests to be of assistance to the city, and her efforts are deserving of commendation and support. We congratulate Oleta Reid on her past achievements which, in our opinion, indicate a similar successful career in the years ahead.

GENE YOUNG

In editing this review of progressive Plainview business men, it is fitting that we should include some of those who, by their honesty and determination, have definitely established themselves in the business and commercial life of this district.

Such a man is Gene Young of the Carroll Acid Company of Texas, who also deserve an additional word of praise for being more than just successful. He is a consistent and enthusiastic booster of the community, and in his way has done much to advertise the city.

Mr. Young has pursued the progressive policy of stepping up his business ahead of the times, thus setting a pace for which he has earned the reputation of being a go-getter, who does not sit back and wait for the business to come to him.

We are glad to pay tribute to Gene Young, and to point out to our readers that his sincere desire to be of service, coupled with his aggressive methods, are largely responsible for the standing of the Carroll Acid Company of Texas throughout this entire region.

Where ever he travels, the President has the world's fastest and most reliable communications available.

Judging from an early German cookbook, the burgers of 1500 liked strongly spiced foods.

Must Have Part-Time Jobs To Stay In School

Mr. Dean Miller, Abernathy High School Counselor, has issued a plea for help for some of the students of Abernathy High School. These students are young men who must find a part-time job in order to remain in school.

The need for a job is spurred by financial problems in the home and these young men must work to help their families. Mr. Miller is having trouble finding jobs for them and is asking that anyone who has a position open call him at the high school, phone 298-2567.

Mr. Miller stated that all these young men are old enough to leave school if they have to, but that they are capable students and want to stay in. They will do any kind of work that will allow them to keep up with their school work. These young men are just on the verge of an adult life. Give them a chance for success by helping them stay in school. Please contact Mr. Miller at 298-2567 if you know of any type of part-time work that is open.

History Of Abernathy Firms

(By O. F. Rea)

The Abernathy Credit Bureau became a going concern in March 1954 and was located in the office with Mrs. Hayden Pierce's Insurance Agency which occupied a small office in the south-east corner of the Smith Stevens Grocery building with an outside door.

Mrs. Maud Pettit had spent several months preparation and hard work before opening the business, during which she obtained the co-operation and support of enough merchants to make the start.

An effort was made at that time to have a chamber of commerce and there was some discussion as to whether to conduct both in the same office or separately. It was wisely decided to separate the two and the Credit Bureau soon outgrew the space in the small office and Maud Pettit moved it to the front of the building now occupied by Helens Gift Shop.

While here Mrs. Pettit added insurance and real estate to her operation and later moved to the building Jimmie Bruce had purchased to expand his furniture business. She had a small office in the northwest corner.

After a time in this location Jimmie Bruce wanted to expand further and the Credit Bureau was moved to 312-A Main street in 1962.

In November 1963 Mrs. Pettit was obliged, because of ill health to give up the business and sold it to Mrs. A. D. Helms and her sister, Miss Stella Pierson. They operated it until March 1964, when they sold the Credit Bureau to the Jimmie Dunns of Lubbock, who moved to the Nystel building, just north of the Methodist Church on Ave. D.

In November the office was again moved, this time to the present location in the I. L. Johnson office at 1509 Ave. D. The Dunns are experienced in credit bureau operations and are members of Credit Reporting Licensed by the Associated Division and Collection Service Credit Bureaus of America.
