WORLD'S LARGEST SLEIGH

Kids to Ride Santa's Big Sleigh Saturday

The world's largest Christmas sleigh will be here in Colorado City Saturday to carry youngsters of the entire Colorado City community on free rides.

And riding with the children will be Santa Claus, himself.

The visit of Santa and the sleigh is a special pre-Christmas attraction offered by merchants committee of Colorado City Chamber of Commerce.

Candy will be given free also to the youngsters as another attraction of Santa's visit.

There will be no parade as in previous years when Santa was welcomed to town. Instead, Santa will be busy all day riding the sleigh with children.

That's another feature of the huge sleigh. It will offer children an opportunity to talk with Santa as they ride through the town.

The sleigh will operate from the T&P parking lot and will begin carrying children on free rides at 10 a.m. Saturday. The trips will be around the business area of the town and city police will be near at hand to assist with the traffic.

Free rides with Santa will continue throughout the day and will not end until 6 p.m., according to Freeman.

The sleigh, contracted by the Chamber of Commerce from Santa Claus, Pony Parade Company of Roosevelt, Okla., is advertised as the largest in the world.

It has a seating capacity of 60 persons and is pulled by 6

prancing Shetland ponies.

This special event for the children of the community scheduled with the opening of the final pre-Christmas shopping season. And it comes just 21 days before Christmas.

A large number of merchants are advertising special gift selections for Friday and Saturday — and the entire final Yule shopping season — as a special shopping feature along with Santa's visit.

WITH CHEMICAL GROWTH

Cosden Revamping Refining Division

Cosden Petroleum Corporation, subsidiary of W.R. Grace & Company and the parent firm for Col-Tex Refining Company, has changed the name of its refining division.

It is now the Refining and Chemical Division of Cosden. Simultaneously with the name change is the creation of a new Chemical Department and a reorganization of the Refining Department, according to Dan M. Kraus, Cosden senior vice president in charge of the division.

Both departments formerly were components of Cosden's old refining division. Since its advent into the petrochemical field in 1952, Cosden has steadily added to its chemical products. Although the corporation will continue chiefly as producers of crude oil and as custom refiners of fuels, increased emphasis on chemicals and plastics now results in the establishment of a separate Chemical Department.

The new department is a fully integrated profit center with functional responsibility for manufacturing, marketing

and product development. The consolidation will permit more effective control of realization of maximum profits, Kraus explained.

The Chemical Department will be headed by Paul D. Meek, who has been with Cosden since November 1955. Meek's administration will include chemical sales, chemical research and control, and the various chemical producing units under Superintendent Wayne A. Vaughn.

W. M. Preston, who joined Cosden in September, has been appointed Manager of Polystyrene Sales. Working with him as Technical Service Manager is Lester L. Beauvais. Kenneth W. Perry and Arch Ratliff will handle aromatics and solvents sales. Tom Ivey is now office manager in Chemical and Plastics Sales. Rene Brown, chemical engineer, will head up Chemical Research and Control.

Refining of gasolines and production of distillates, residual oils, asphalt and liquefied petroleum gases will continue to be the responsibility of the Refining Department, under George Grimes, general superintendent.

The Chemical Department will remain integrated with Big Spring Refinery and continue to utilize central maintenance, safety, personnel, and warehousing facilities.

Meek, who heads Cosden Petroleum Corporation's new Chemical Department, joined Cosden on Nov. 1, 1955, as process engineer. He later became head of the process design group and in Sept. 1957 was appointed Manager of the Technical Department.

He attended Arlington State University and Edinburg Junior College and was graduated from the University of Texas in January 1953, with a BS degree in Chemical Engineering. Before affiliating with Cosden, he was for three years in the technical service department of Humble Oil & Refining Co. at Baytown.

Meek, a native of McAllen, is a member of the American Institute of Chemical Engineers and the Automotive Research Committee of the American Petroleum Institute. He is active in the American Business Club in Big Spring.

10,605 - Acre Boost In County Cotton Acreage

76,277 Allotment Highest In Years

Mitchell County farmers will be able to plant 16 per cent more cotton acreage for their 1961 crop than they planted this year.

The increase in cotton acreage allotment was announced Saturday by Mitchell County Agricultural & Conservation Committee.

The 1961 allotment will be 76,277 acres—almost 11,000 more than the allotment of 65,672 acres for the 1960 crop year.

This reverses a trend of declining acreage allotments which had been a problem to cotton farmers 6 out of the last 8 years. Actually, the 1961 allotment is 10,605 acres more than the 1960 figure. And it is 14,039 more than the number acres planted to cotton for this 1960 harvest season.

Although the 1960 acreage allotment was 65,672—10,605 below the 1961 allotment—Mitchell County farmers planted only 62,238 acres.

Those 62,238 acres—according to the latest ginning totals from the county's 10 gins Thursday—already have produced approximately 32,000 bales of cotton.

Therefore, similar crop and harvest conditions next year could push the county's crop to near 40,000 bales.

Letters notifying Mitchell farmers of their individual cotton acreage allotments were placed in the mail Tuesday. This provides ample notice before the Dec. 13 referendum when producers decide whether they continue price support program of not less than 75 per cent of parity.

The new, higher allotment is a reversal of a trend that saw acreage allotments cut 6 times in the last 8 years for Mitchell County.

Acreage for the 1960 crop year was cut 30.9 acres or .53 of 1 per cent from the 1959 figure. And in 1959 Mitchell farmers had their acreage allotment sliced 7.83 per cent — approximately 5,000 acres — to 65,974 from the 1958 total of 71,421.

In 1958, the allotment was also trimmed — from 72,462 to 71,421. The 1957 total of 72,462 was a light increase over the 1956 total, but the 1956 acreage had been dropped more than 5,000 acres to 70,257.

After being lowered to 71,895 in 1954, the county's allotment had been raised to 75,542 in 1955.

The 1961 allotment is higher than even the 1955 allotment.

C-City Students in Gulfport for Game

Colorado City will be well represented Saturday in Gulfport, Miss., when San Angelo College Rams play Pearl River College.

Royce Feaster and Glen Houck are members of San Angelo Band while Patricia Kuhn, Marilyn Penny, Byrdie Kuhn, and members of the Ramets. Both organizations are traveling to the game.

Waiting For The Kids

Santa and the World's Largest Sleigh are shown here just waiting for the kids who will be given free rides in the sleigh Saturday in Colorado City. The free rides will start at 10 a.m. and continue until 6 p.m. in the evening, with candy and talks with Santa as part of the fun.

C-CITY HIGH GRAD

Tech Names Reese Assistant Dean

Colorado City High graduate John H. Reese has been named assistant dean of Texas Tech's School of Business Administration.

Reese, son of Mrs. John H. Reese and the late Mr. Reese, was graduated from Colorado City High while his father was assigned to Shell Pipe Line staff here.

The School of Business, for which he will be assistant dean, has an enrollment of 1,846 students. That's approximately 20 per cent of the current Tech enrollment of 9,177.

Reese joined the Tech faculty in 1957 as an instructor in

BASKETBALL GAME

Wolves-Hamlin Here Saturday

Colorado High Wolves, moving into a busy basketball season, with only 3 reserve lettermen as a nucleus, play their third and fourth games of the week Friday and Saturday nights.

Friday they will be in Big Spring for varsity and B-team contest with AAAA Big Spring High Steers.

Saturday night they will be back home in Wolves Gym for a A and B games with Hamlin High's Pied Pipers.

The Saturday night tilt will be the second this week — season you might say — for the Wolves before hometown fans.

In their first home contest Tuesday night, Coach Caddo Matthews Wolves gained a 50 to 39 victory over Winters Blizzards.

Just the night before, though, the Wolves opened the season in Abilene—absorbing a 73 to 31 loss at the hands of Nat Gleason's AAAA club.

The Wolves have had just about as much game time as practice time. That's because they had only a week of work-out before beginning this week's schedule of 4 games.

Friday night's opponents, Big Spring Steers, downed Lake View, a 3AAA district companion of C-City, Saturday.

3 Attending Directors' Session

Three representatives of Colorado City Chamber of Commerce are in Fort Worth attending the directors' meeting of West Texas Chamber of Commerce.

They are A. L. McSpadden, member of the board; Frank Kelley, former WTCC president and director at-large; and Rex Felker, Chamber manager.

McSpadden and Felker left by train Thursday morning to join Kelley, already in Fort Worth. They will return to Colorado City Friday night after attending the Congressional Forum, sponsored by the WTCC. A leading figure in the forum will be another Colorado City citizen, Congressman George Mahon.

6 HOMES ENTERED IN YULE CONTEST

Six residences had been entered Thursday in the community's home decorations contest for Christmas.

The home contest, sponsored by Chamber of Commerce, offers \$50 first prize, \$32.50 second prize and \$17.50 third prize.

Residences already in the competition are those of Walter W. Whipkey, 627 Hickory; Mrs. Charles Snyder, 958 Rusk; Mrs. Wayne Griffin, 545 Cedar; Porter Richardson, 1736 Chestnut; Jack Jordan, 1479 Watson.

To be eligible for the cash prize, contest entries must be listed with the Chamber of Commerce office. And the decorations must be ready by Dec. 15.

Actual judging, however, will not be until the period from Dec. 19 to Dec. 24, according to Charles Freeman, chairman of the Chamber's merchants committee.

2,000 ABOVE LAST YEAR

County Cotton Bales Climb Above 32,000

Mitchell County cotton ginners moved above 32,000 of the Dec. 3 figure of last year, making 1960 year.

However, the ginning operations were nearing an end for the county.

Output of gins in both Colorado City and Lorraine Thursday was indicative of the increase in 1960 ginning over 1959. Colorado City gins were more than 200 bales above last year's mark of Dec. 3 and Lorraine was about 3,000 ahead of 1959.

Total for all four of Colorado City's gins Thursday was 10,136 bales. Last year at Dec. 3, the same 4 gins reported 9,916 bales.

Lorraine, with 3 gins, had turned out 11,804 bales of cotton at noon Thursday. This is definitely a jump above the 8,796 bales reported last year by the 3 gins on Dec. 3.

While the county's total was at 32,190 Thursday, was only 30,201 last Dec. 3.

Here is a report by communities and individual gins as to number of bales ginned Thursday noon:

Colorado City: Producers — 3,064 bales; Gutter — 1,479 bales; Total — 4,543 bales. Lorraine: 1,971 bales; to 3 p.m. at the Courthouse, 1,331.

Lorraine: Gutter — 3,305 bales; Coop — 5,441 bales; Producers — 3,058 bales.

Buford Coop — 5,127 bales. Westbrook Planters — 2,082 bales.

China Grove — 3,041 bales (about half of this was actually produced in Mitchell County).

Robertson Enlists For Navy Training

Milton E. Robertson, son of Mr. and Mrs. Marvin Robertson of 140 Division St., enlisted in the Navy Tuesday.

He reports to the Navy Recruit Training Command in San Diego, Calif., for recruit training. After the initial training, he will attend a service school at Port Huemene, Calif., or be transferred to a mobile construction unit, according to Navy Chief Roy Preadaway, local recruiter.

Robertson, formerly of Lorraine, was graduated from Lorraine High.

Chief Preadaway is here a local resident. He has been in the Navy for 14 years, from 1946 to 1960.

DEADLINE IS SATURDAY

8 Organizations In Light-Window

Participants in the city's annual Light-a-Window contest increased to 8 Thursday with the deadline only 2 days away.

The eight organizations already entered in the contest and at work on their window decorations are Marana the Study Club, 1949 Study Club, Mitchell County Tuberculosis Association, Zetaganian Study Club, Jayceettes, Colorado Junior High Student Council, Homemaking Department of Wallace High, and the Debs, a club of teenage girls.

Deadline for entering Light-a-Window competition for \$100 in cash prizes is Saturday, according to Rev. John Brand and Rev. Albin Conley, chairman of the contest committee.

Organizations desiring to enter in the program should

phone the Chamber of Commerce before the deadline expires Saturday. Windows for the decorations are being assigned to organizations on a first come, first served basis.

Actual unveiling of the windows will not be until Dec. 10, so organizations entering the contest now have plenty of time to prepare decorations for the contest.

First prize will be \$50. Second will win \$32.50 and third will receive \$17.50.

The windows will be judged Dec. 20 on 4 major points: (1) According to the contest theme, "Christ Through the Ages," (2) Originality, (3) appearance from sidewalk and street, (4) beauty and attractiveness.

Winner of the contest this Yule season is Junior Chamber of Commerce.

WOLVES—

Continued from page 1

Colorado City earned their
50 to 39 victory the hard way
against Winters, moving into
the lead in the second half.

The Wolves trailed 21 to
16 at the end of the first half,
but spurted in the third quar-
ter. They took lead, 26 to 25,
with 59 seconds remaining in
the third and continued out
in front the rest of the way.

Leading the Wolves were
Steve Hillhouse, 1 of the let-
termen, and Buddy Compton,
the sharp football halfback.
Each scored 12 points.

James Williams of Winters
tossed for 14 points.
Colorado City was dumped,
40 to 37, by Winters in the
B-team game. Leading the win-
ning offensive was Ronnie
Dunham with 16 points. Bob-
by Nobles was high for C-City
with 14.

The Saturday night games
here between the Wolves and
Hamlin will begin at 6:15 with
the B-Team tilt, followed by
the varsity contest at 8 p. m.

SHOP WITH IMAGINATION

Elegant Gifts Don't Have to be Expensive

Elegant gifts need not wear a high price tag. But finding such gifts sometimes requires

more than a hurried shopping trip to your favorite store. You'll find the time and effort well worth it however when you see you've presented the "exactly what I wanted!"

Woodenware has long been popular with people of good taste. For warmth and sheer beauty, there is nothing quite as nice.

Unusual wooden cheese boards, often with lovely glass or ceramic covers are wonderful gifts, especially for those who entertain. Salad servers, chopping boards, can die holders, pepper grinds and salt shakers are also grand choices.

Ceramics have never enjoyed such popularity as they do today... and no wonder. Modern ceramics, such as demitasse cups, candy dishes, ash trays, tea sets and vases, come in a tremendous array of shapes, colors and designs.

There are many "affordable" gift possibilities in silver and copper too. Trivets, drink stirrers, tea kettles, letter openers, espresso makers and small serving bowls are very much in fashion for 1961, and make marvelous gifts.

In glass, the gift choices are practically limitless, but here are a few suggestions

for that "something different": makeup mirrors with ornate frames, bottles and decanters in every shape and size, and just purely decorative items that serve no function.

To many, and especially men, nothing surpasses leather for beauty. For him, choose an unusual attache case, cigar humidor or cigarette case, or one of the many other leather items that go beyond the billfold or belt category.

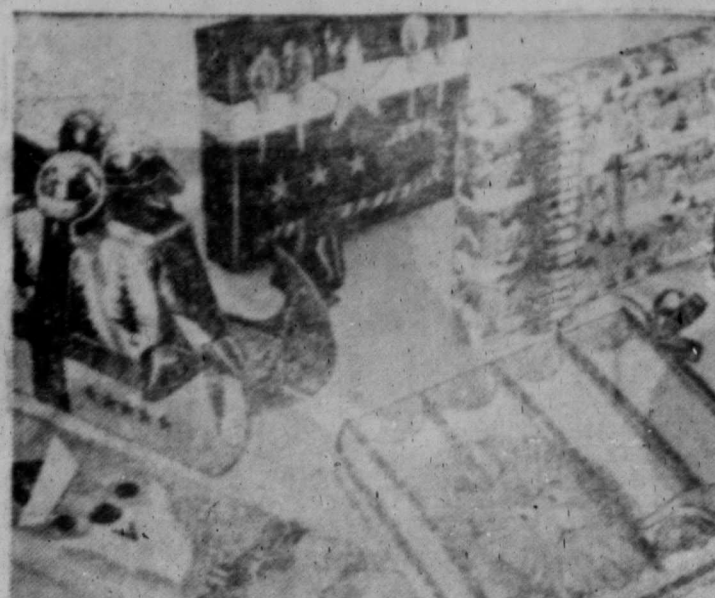

For her, an exquisite leather jewel box might be just the thing. Very small ones, about traveling size, are not expensive. You can give the lady on your list a leather billfold this year that will be quite new... in leather or something more unique than calfskin.

Basketry items, in rattan, wicker, straw, etc., are ordinarily very inexpensive and there are some extremely smart items to be had. For example, a small size hamper with a handle is not only decorative in the kitchen or living room, but it is also very handy for many purposes... for storing items before ironing, to carry on a picnic, as a sewing or handcraft carry-all.

Small baskets may serve as containers for guest towels in the bathroom; to hold bread or crackers on the dining table... the variety of baskets and their uses are almost endless.

Even paper offers some truly elegant items. There are lovely "throw away" guest towels, gay Christmas tablecloths, party napkins, and lasting decorative items.

Shop with imagination this year... you'll stretch your budget and boost the appreciation your gifts receive.

Gift Wrapping Hints

An elfish Santa on a shiny gold wrap with features and cap of red and white gummed papers. A sleigh made of a box wrapped in bright red, with runners cut from silver gummed paper, trimmed with red stars. Wrap a child's package in deep blue paper, make slits in ribbon on the package and tuck in lollipops, top with a candy cane, paste on big gold stars. For a tot, choose wrap of merry little fawns; loop red and white tyings to resemble ribbon candy. Fasten loops with cellophane tape. For "languid Leo," fringe a circle of colored gummed paper, cut a tail of the same color and paste to the wrap. Black pipe cleaners and gold legal seals form the cage.

ECONOMICAL FOR YOU

Notion Gifts Are Useful and Bright

The unplanned - for "little extra" gifts for stocking stuffing and token remembrances have been known to play havoc with a Christmas gift budget.

This year however, a visit to various notion counters, variety stores and drug stores reveals a collection of dollar-wonders that make it a positive pleasure to play Santa to the hilt, and still keep the cost way down.

Quilted satin jewel boxes, perfect for home or travel, come in both pastel and high shades, look so glamorous you'd hardly believe they sell for one slim dollar.

Another group of feminine accessories, put on a fancy front and successfully conceal their inexpensive origin. In this group you'll find quilted satin hose, hanky and glove boxes; brocade cases to hold eye or sun glasses; jeweled combs beautifully cased; tiny clutch bags that hold make-up or embroidered vinyl and key-chains attached to tiny purse-size flashlights.

Don't think that amid all this feminine flutter, alert manufacturers have forgotten H-T-M. It seems that this year it's easier than ever to find inexpensive extras for males for all ages.

Sturdy aluminum tie-racks notched to hold dozens of ties in neat order come complete with hook attachments. Small shave kits, perfect for car or office desk hold a razor and tube of shaving cream. Auto care kits designed for quick clean-up or for getting into hard-to-reach corners hold a miniature squeegee, whisk broom and piece of chamois. A travel brush and comb set is attractively packaged, ready to be wrapped.

Many gift notions are equally correct for him or her and can be kept on hand not only for extra Christmas gifts, but for those unexpected times during the year when a small remembrance is called for.

These include smart metal memo pads with attached magnetic pencils; small leather manicure kits with all the needed implements for nail grooming; scuff slippers in their own plastic cases and attractive, perennial calendar desk sets, that will look equally good on home or office desk.

Keyed for the home, whether apartment or ranch home are quilted plastic card table covers, sets of terry coasters, individually boxed saccharine dishes and wrought iron planters in the shape of a bubble.

The "let's look nice" gifts are more varied than ever, ranging from huge boxes of dusting powder with lamb's wool puffs to sachet packs, scented soap assortments and purse-size comb and brush combinations.

It all goes to prove that the extra time spent in careful shopping will make your gift dollars look twice as big, buy twice as much. Go to it!

Delighting

Feminine. Flattering. Such as a lady's scent, are always delightful gifts for ladies. Choose a hat, you do toilette and during winter make up this lovely gift set.

PARTNERSHIP POWER FOR PROGRESS

The lineman above is "re-planting a tree." It will have insulators instead of limbs and wires will replace foliage. But where this tree once spread its leafy comfort to a few square feet of the forest, it now will help carry electricity and a new life of comfort to one million Texans.

25 years ago, when this tree was still a switch, fewer than 10% of Texas farms and ranches had electricity. Today more than 95% of them have a steady, dependable electric service, thanks to the electric cooperatives.

Rural people borrowed money to build their own electric systems and they are paying back principle and interest on their loans. And with each new pole that is "planted" in rural areas, the member-owners of the 77 electric cooperatives in Texas are helping to furnish their friends and themselves with Partnership Power For Progress.

HAPPINESS FOR YEARS

Furniture Gifts Sure
For Nod of Approval

A well-chosen gift of furniture will give happiness for many Christmas Days to come!

There's just one problem to selecting furniture as gifts and that is being correct in your gift choice. However, without actually asking "what do you want" and spoiling the surprise, check with close friends and family to determine whether a practical or "just pretty" furniture item will better fill the bill.

Women usually welcome such pieces as a vanity table, writing desk, sewing table, oversize jewel box and an arm chair or lounge of their own.

The difficult thing is to find out what she wants... locating the item is easy. There are so many styles in every piece... from Danish modern through Oriental to traditional.

Such decorative furniture is being shown now in, not only all the loveliest of woods, but in jewel tones as well. Painted furniture is trend, not a fad, say the experts.

The man of the house usually covets the most comfortable chair ever designed. This choice is practically pleasure-proof.

Better wrap up a miniature chair for his gift though and

then take him along after Christmas to pick out a chair.

To be really comfortable, a chair must fit the person who will sit in it. The chair should be high enough for the feet to rest on the floor. The seat should be long enough to give support from spine to knee. The arms should hold the sitter's arms from elbow to wrist. And the back should support at a comfortable angle from spine to nape or neck.

You will be able to find a chair that fits him, pleases you, and suits the decor of the home, with very little difficulty. The selection is tremendous in every price range.

The small fry love to have their own furniture. (Would you be comfortable in a chair that's far too big, or eating at a table that's nearly over your head?)

Furniture that's scaled to their size is available in desks, chairs, tables, stools... even sofas!

A child begins to really enjoy his own chair when he is about two years old. If he has only one, it will probably be dragged along by the child from room to room.

Toddler's furniture is going to take a beating... there's no doubt about that... so be

sure the furniture is plenty sturdy. For mother's sake, select furniture that is easy to clean as well.

For the family that has a new baby or is expecting one sometime around Christmas... furniture will also be appreciated. Two important items are the crib and bathinet.

Before selecting a crib, make sure that the spindles are close enough that the baby will not be able to get his head through the spaces, and that at least one side of the crib moves up and down easily, yet can be securely locked.

Furniture gifts for friends or relatives who live in a small home or apartment are simple to select. Just remember that compact, dual-purpose pieces are the thing.

Select stacking tables, a dropleaf hostess cart, functional dividers, or a chest that converts to a desk or dining table.

In the realm of furniture, the gift possibilities go on and on. There is virtually no one who wouldn't be pleased with a well-chosen piece... something that says "I gave my gift to you a lot of thought, because I think so much of you!"

Fragrance

She shall have fragrance wherever she goes with this elegant perfume set. A classic crystal bottle for at-home perfuming plus a refillable, sleek black and gold purse flacon for perfume touch-ups anywhere.

Floral Gifts
Say 'Merry Christmas'

Gifts of flowers, plants and decorative greens are always expressive of the Christmas spirit and no matter what other gifts may be given and received, a floral gift adds a warm and most personal extra touch.

Christmas would not be Christmas without the traditional wreath, fir, holly, evergreen, cedar leaves, ivy and mistletoe in and around the home.

This holiday season choose an unusual outdoor wreath for someone else. Florists have on hand a large supply of ready-made Christmas corsages of holly berries and sparkling, lovely ornaments all ready to give as extra gifts. Don't—Inexpensive corsages can be purchased and stockied at home to pin on your holiday guests. They'll be flattered by your thoughtfulness! Men might note that no matter what other gifts a woman receives, she'll always welcome a gift of flowers.

Editorially Speaking

Early Start For Holiday Traffic Safety

Governor Price Daniel has designated Sunday, Dec. 11, as "Safety Sunday" in Texas to mark the opening of the Christmas-New Year's holiday traffic safety campaign throughout the State.

In a special proclamation, the governor urges each citizen to "join in this united religious campaign to awaken the conscience of every driver to the understanding that negligence at the wheel is a transgression of God's Own Command, 'Thou Shalt Not Kill'."

The governor added: "I respectfully encourage the pastor of every church in Texas to remind each member of his personal and moral responsibility to drive carefully and obey the traffic laws as a means of protecting the sanctity of human life in our state."

The governor said the official traffic safety campaign, in which participation has been assured from many statewide organizations of all kinds, would last throughout December, although special emphasis would again be focused on the holiday period itself. These exact dates will be announced by the Texas Department of Public Safety when its statistical service issues the official prediction on the number of traffic fatalities expected during the long Christmas-New Year's holiday period.

Governor Daniel said he believed, along with officials of the National Safety Council and an increasing number of church organizations and leaders, that "all our efforts to halt death and destruction on our streets and highways cannot be successful until every driver in Texas comes to realize that traffic is truly a matter of spiritual concern . . . and useless loss of life and infliction of human injury is a violation of each individual's moral responsibility for driving safely and in accordance with the laws."

Numerous organizations have already announced their support of the governor's annual campaign to reduce the holiday highway slaughter. The overall planning was conducted through the Texas Traffic Safety Council, the state's official coordinating group, the Governor's Highway Safety Commission, the Texas Safety Association, Texas Department of Public Safety, and Texas Highway Department.

Statewide organizations which have already promised their support include the Outdoor Advertising Association of Texas, whose members are providing about 800 giant billboards, as they have for the past two years; the Texas Press Association and the Texas Daily Newspaper Association, whose member-newspapers annually devote hundreds of columns of news, editorial and feature space to the campaign; and the Texas Association of Broadcasters, whose member-radio and TV stations are again arranging for their "Drive Lighted and Live!" campaign and other special traffic safety programs and promotions during the holiday season.

For the past three years, our statewide holiday campaign has been saving lives over the official predictions of the number of deaths expected. Throughout this year, the number of traffic deaths has been smaller, month by month, than last year. However, since December is one of the deadliest months in the year in Texas traffic, we must continue our efforts to stop the slaughter. Human life should be more precious to us because of the special nature of the holidays just ahead.

Thankful Gain

It may have seemed tough to think of many things to be thankful for last week during these ominous times, but a look at Texas' vital statistics show plenty to be thankful for.

For instance, over a half-million babies were born during the two year period between September 1958 and August 1960. That equals almost 700 new babies each day.

During the same time period there were 152,000 deaths—a ratio of three births per death, certainly something to be thankful for.

These records were disclosed from figures compiled for the latest biennial report from the Records and Statistics Section of the State Health Department.

As a result of the birth to death ratio, Texas' population increased by 350,000 plus newcomers from outlying states, bringing the current total population to more than 9,500,000.

SHINNERY PHILOSOPHER

Second Guessing Can Ruin Clocks

Editor's note: The Shinnery Philosopher on his Johnson grass farm on Bone Hollow Creek is taking an unsentimental attitude toward a scientific problem. His letter this week reveals.

Dear editor: Nearly anybody, if you pin him down, will claim he has his full share of things to worry over, but that's because there are more problems in this world than he's found out about.

Actually, there are a lot more problems he could worry about if he knew about them.

For example, take a second of time. For years now I've been going along not paying much attention to the length of a second, figuring 60 of them made a

minute and that's all there was to it.

But all this time there have been people worrying over how long a second actually is. As I understand it

read last night during a commercial on television, there's a serious question in the minds of scientists over whether the present second is accurate.

For centuries man has been basing his measure of time on how long it took the earth to go around the sun, but some scientists are now claiming this isn't accurate enough, and time ought to be based on the pulse beat of an atom.

This is the sort of problem I'm glad I escaped worrying about for all my years up to now, and I'm not sure I can swing much worrying to it even after I've heard about it.

I mean, I don't really care how long or short a second is, or whether a second today is the same length it was yesterday. When a man has got himself in a position where seconds are important to him, he's left me behind by several years. Although not really. It's sort of like a four-minute mile.

I've never heard of a four-minute mile race yet where the winner didn't wind up exactly in the same place he started from, and that has always struck me as an awful waste of energy when you can attain the same spot by sitting still four minutes.

It's like having supper in Paris and breakfast in New York. That's going to a lot of trouble to have the same fried eggs I have every morning right here at home without traveling more than 20 feet.

Maybe the scientific world needs a more accurate standard to define the length of a second of time, but the way the operations are geared on this Johnson grass farm, a calendar is about all I need, and even if I lost that, I believe I'd still get around to lighting a fire when it's cold and opening a window when it's hot.

Yours faithfully,
J. A.

Change May Be Proposed for Marking of Election Ballots

By VERN SANFORD

Texas Press Association

New efforts to change Texas' "scratch method" of voting are in prospect as a result of disagreements growing out of this year's close general election.

As the law now stands, voters using paper ballots are required to scratch out the names of all candidates for an office except the one for whom they are casting their vote.

In this year's election, thousands of voters scratched either the Republican or Democratic candidates but didn't notice or bother to scratch the small lists of candidates from the Prohibition and Constitution parties. Some election judges threw out these ballots. Some went ahead and counted them.

Republican leaders contend that they might have won Texas, instead of losing by a thin margin, if the same rule had been applied on all these carelessly marked ballots.

Further, the GOP chiefs charge, the scratch method was designed to encourage voters to vote a straight party ticket.

Actually, scratching is the old, traditional way of voting in Texas. For a time during the fifties the law was changed so that a voter could either scratch out the names he didn't want or put check marks by the ones he did want. But this either/or approach was even more confusing, both to the voters and ballot counters. So the legislature changed back to the scratch-out method only.

Republican leaders failed to convince either an Austin district court or the state canvassing board (Gov. Price Daniel, Sec'y. of State Zolle Steakley and Atty. Gen. Will Wilson) that there was any evidence of fraud in the way ballots were counted this year.

But since the Legislature hardly ever has a session without doing something to the election code, the GOP will have another inning.

SALE DISPUTED—House General Investigating Committee will study the merits of holding a veterans land bond sale Dec. 5.

Veterans Land Board has scheduled sale of \$12,500,000 in bonds for that date, but Jerry Sadler, due to become land commissioner Jan. 1, says the sale should wait until next year. Sadler said that, because of the upcoming change of federal administration, interest rates might be lower next year. This would enable the state to sell the bonds at a lower rate, paying less for the money it borrows.

Voters, by approving a constitutional amendment Nov. 8, authorized the Land Board to pay up to 3.5 per cent interest on the bonds. Previous ceiling had been 3 per cent — too low to find takers in recent months.

COURT BACK TRACKS—In a rare turnaround, the State Supreme Court reversed its previous decision on an insurance case that construed shock from watching a fire to be "accidental death."

In the case, an accountant died from a blood clot on

the brain about a month after having watched fire destroy his office records. Two lower courts held that the beneficiaries of the accountant's insurance policies were entitled to the double indemnity provided for accidental death.

Several months ago the Supreme Court issued a 5-to-4 decision upholding the lower courts. On motion for rehearing, it reversed this and held, again 5-to-4, that the case was not "accidental death."

BOARD VACANCY—More than usual interest will center on Governor Daniel's appointment of a new chairman of the conflict-torn State Board of Insurance.

Motorists will lose an outspoken friend on the Board when Penn J. Jackson leaves to return to his old post as district judge in Cleburne.

Jackson has resigned the Insurance post effective Jan. 1.

He has been in open disagreement during the past few months with the other two board members over the so called merit rating plan for auto insurance. He favors scrapping the present controversial plan and let-

ting companies set up their own basis.

Board Members Robert W. Strain and Ned Price want to continue the controversial plan, at least for a time.

Public indignation over the new program has been high. It ups auto insurance rates about 30 per cent on drivers who must pay the high penalty for receiving traffic tickets, regardless of their accident records. Only other recourse is to do without insurance.

Jackson's resignation means there will be two insurance board appointments to be confirmed by the Senate next session. Price was appointed last spring and has not yet come up for Senate approval.

Merit rating has stirred up strong feelings, pro and con, among legislators and undoubtedly will be a factor in the behind-closed-doors discussion of Board appointments.

TAX PROPOSED—State Finance Advisory Committee will recommend a payroll tax, borne equally by employers and employees, to bolster the state's sagging treasury.

WASHINGTON REPORT

Agriculture May Win 'Cold' War

By CLINTON DAVIDSON

Special Correspondent

In a few days the U. S. Department of Agriculture will announce that American farmers have again set a new all-time production record in 1960.

The announcement won't result in newspaper headlines; it has become rather commonplace in recent years. New production records have been set in six of the past ten and four of the past five years.

From behind the Iron Curtain there are reports of a "disappointing harvest" in both Russia and China. They are concerned about not enough food, while we worry about too much. China's per capita food production is only about half that of the United States.

Premier Khrushchev talks a great deal about Russia's "superiority" over the U. S. in H-bomb rockets, and he brags about galloping on us in industrial production. He never mentions our superiority in food production.

In no other phase of the cold war does the United States have so wide a lead over Russia as in farm production. In Russia 50% of the population is engaged in farming; in the United States 10%.

Russia can never catch up with the United States in industrial production so long as half her population is engaged in food production, while in the United States 90% of our population is available for non-farm occupations.

So little has been said, or generally understood, about our superior farm production that it might almost be

regarded as our most powerful "secret weapon" in the cold war.

Hunger still is the biggest problem in many nations around the world. American farmers not only provide this country with more food per capita than any other nation, but with enough left over to feed 40 million people in other countries.

The next President plans to make greater use of our \$9 billion stockpile of farm surpluses to win friends for the West in underdeveloped countries in Asia, Africa and South America.

The battle against hunger in all parts of the world will be one in which the United States will have overwhelmingly superior forces. America's food supply and our great capacity for production are vital to our world leadership.

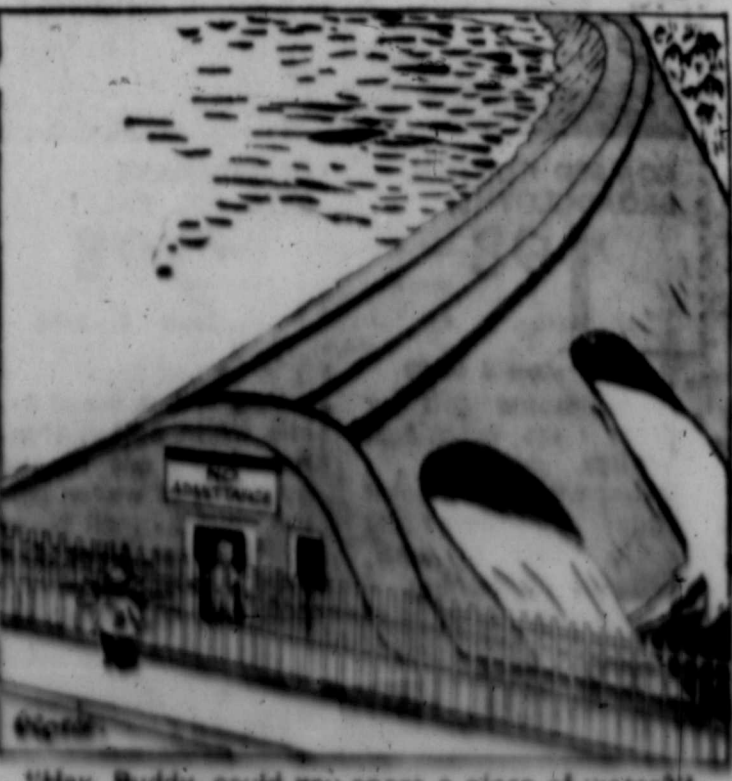

The fact is we are not producing food now at anywhere near our capacity. Department of Agriculture officials tell us that, if necessary, we could almost immediately expand our production by 20% to 25%.

The time is near, I believe, when we will reverse our farm policy emphasis from discouraging food production to encouraging it for use in strengthening the Free World. It is in that field that we have the greatest advantage over the communist countries.

Just as food from American farms was a big factor in winning World War II, it may be decisive in winning the cold war between communism and freedom. Hunger is the communists' most powerful ally on three continents.

Little Change Due '61 Farm Income

By JOHN C. WHITE

Agriculture Commissioner

For what it is worth, the outgoing U. S. Department of Agriculture administration of Secretary Ezra Taft Benson has prepared and released a forecast of farm income for 1961, which will be the first year of the new Democratic administration.

According to the forecast, farm income for next year should continue at about the same level as 1960, taking no account of any new Kennedy-Johnson Democratic farm programs.

Programs affecting most 1961 crops, of course, will have been set before the new administration gets well under way, and there would not be time before the planting season for sharp changes to be made. The forecast anticipates relative stability in cash receipts, farm cost rates and net farm income.

In summary, the forecast predicted about as follows:

"Relative stability in cash receipts, production expenses, and net income will likely continue in 1961. Reflect-

ing record farm output this year, the volume of farm marketing is running about three per cent above 1959 and may increase further in 1961 if growing conditions are average or better.

"Livestock production will likely increase in 1961. Cattle prices in 1961 probably will continue to decline under the impact of larger marketing and result in some further decline in cash receipts from cattle.

"Marketing of hogs will continue below a year earlier well into 1961, reflecting the reduced pig crops this year, and prices are expected to remain relatively high well into 1961.

"Prices for dairy products and eggs are expected to hold above a year earlier well into 1961. But egg marketing in the last half of 1961 are expected to rise above a year earlier and prices may be lower. Prices for most crops so far in 1960 average about the same as a year earlier, and they probably will continue fairly stable in 1961."

BIBLE COMMENT

Our Hearts Judge Christ Every Day

When Jesus expressed His authority in "I say unto you," it was because of the truth He had to declare, and not because of an ordinary relationship of a disciple to a master.

The disciples, though they were slow to grasp the meaning of what Jesus taught, were deeply attached to Jesus as a person because of the beauty of His life.

But Jesus did not want mere personal attachment. He said, "Why call ye Me Lord, Lord, and do not the things which I say?"

That raises a very vital question about our relationship to Jesus. If we profess to be Christians, where is our life and allegiance centered? Is it loyalty to a church or organization? Is it loyalty to some doctrine or

teaching about Jesus? Is it loyalty to Him as a great figure of religion and history?

Or is it supreme loyalty to the truth that He declared, and to the example that He gave? Are we among those who say, "Lord, Lord," but whose lives do not express the reality of all that He said?

It is a great challenge, and the Christ is ever on trial before the judgment seat of our hearts and lives.

We may not reject and crucify Him as those did of old, but by neglecting His teaching, or by a lack of Christian faith and living, we judge Him none the less, and put ourselves among those of whom He said, "Ye will not come unto Me that ye might have life" (John 6:40).

Many Wonderful Gift Ways to Thrill Gals

The expression, "all women are alike" has long since received its come-uppance; but the fact remains that enough women are enough alike in enough respects, so that their gift-selections need never be a problem.

Blondes, brunettes, redheads or in-betweeners; kindergartners to grandmothers; cautious or extravagant; stay-at-home or gad-about; they're all women, and they all love—

Yes, they do! From frilly peignoirs to tailored slips, you'll find that lingerie is a gift always sure to delight! And, with the selections available this gifting season you can almost choose something extra-special for every gal you know, within this category.

Sophisticated nylon gowns that can almost double for at-home wear, albeit a bit bare, will thrill even the hard-to-please type that you think has everything.

At the other end of the scale are pajamas, tailored or frilly, 3-piece sleepwear sets designed for the traveling gal, and "baby doll" pajamas to add a note of gaiety to every woman's sleep-wear wardrobe.

Slips are a year-in-year-out necessity that no female ever has enough of. However, if you suspect that she is well-stocked in this department, try a slip or petti-slip in one of the new, bright lingerie shades. Just watch her eyes light up when she opens a be-ribboned box to find an

the short jackets found in accessory departments, fashioned of so-smart fake fur. Leopard, broadtail and persian lamb lend themselves beautifully to this type of fakery and make jackets that can't fall to thrill a woman.

Headbands, scarves, handbags, belts and gloves are also seen in fur-like fabrics, and will add that touch of something new to any wardrobe.

And, if you can't make a choice, just remember that the fashion picture is spotted-leopard-like that is, and any accessory in this furry fabric will rate high with any woman.

If you're still stuck, remember hosiery, costume jewelry and handkerchiefs are always welcome standbys.

So here's to good gifting whether she's 6 or 60!

Little Girls 'Like Mommy' Gifts Thrill

When choosing a gift for a little girl, you'll delight her and her mother too, if you select a present that teaches good homemaking and proper grooming.

The "Let's Do The Dishes" set from Amsco Toys, is one good example. It features a modern white sink and drain board with lots of accessories and a "faucet" dispenser with running water.

Gifts to keep her dollies clean and "healthy" are good, too: There are dolly baths that are simply miniatures of

a baby's diaper cleaning sets that include the pail, clothesline, everything she needs; formula sets; breakfast, snack and TV dinner kits are other Amsco specialties.

For the little girl's own grooming, there are beauty bars, fitted train cases, models hat boxes containing beauty aids . . . and many more such exciting gifts.

FOR THE GALs

Sweaters Can Be Extra Special Gift

Women of all ages are zealous sweater collectors—sweaters go everywhere, do everything, are the perfect showcase for a pretty bauble, bangle, belt or scarf.

For example, the wide boat necklines of the new pullovers are an open invitation to an added gift of an ascot fill-in. So add a pretty scarf, or an ascot of real leopard to complement the delectable colors and cloud-soft texture of a

fleece brushed wool, or a fur blend sweater. The season's signature of waistline emphasis can be carried out with a belt to accompany a long lithe-lined pullover. Try leopard again in a belt to wear with solid colors; a plain belt for patterns like jacquards.

A string of pearls is a natural with the deep-collared, excitingly scooped sweaters for festive wear.

Gold or silver, in handsome chains, beautifully styled pins, have the look of quality that fine sweaters deserve. Post a dramatic pin at one side of the neckline, to call attention to the new demi-turtleneck collars.

Lovely

Cloud-soft peignoir and matching waltz-length gown for your Christmas angel has fine lace at shoulders, hem and waistlet. Though fragile looking, they'll stay lovely for years to come.

Coordinates Make Fine 'Her' Gifts

Work hand in glove with Santa this Christmas... present her with matched-in-color leather handbag and gloves.

Select soft, puppe leather gloves in hues that coordinate with all her favorite costumes. Easy-to-care-for smooth kid and suede leather gloves and calf leather bags come in brilliant blues, apple greens and bright tangerines to complement the smoked-over colors of this season's fashions.

New smooth, sueded and finely-grained leather handbags are clean-cut and classic in silhouette. They complement the tailored afternoon suit, late day cocktail suit and evening sheath.

Popular shades include calf satchel bags, totes and pouches—that are roomy inside yet give a smartly slim silhouette. New handbags show shirring, draping and tuck effects that play up the dress-maker look in today's fashions.

Evening clutches are larger this season, with ample room for key case, cigarette lighter set, and change purse. Matched in-bag accessories are available in handsomely colored and tooled leather.

Gloves are classically simple during the day and go romantic at nightfall. Short, with little trim, the daytime glove is often a pull-on, softly crushed at the wrist.

In the evening, shoulder-length gloves spell glamour. Bone and white predominate, but many gloves are color-linked to formal gowns. For the woman whose evening shoes are jeweled, there are gloves decorated with brilliant on cuffs or with interesting swirl designs to the wrist.

'Peace and Quiet' Are Mother Gifts

Kitchen sounds are a definite part of the holiday season! The clatter of pots and pans and the hubbub of children and guests make the kitchen a scene of happy confusion.

While such gaiety is fun, it may leave Mother wanting nothing more for Christmas than a few moments' peace and quiet.

An easy and effective way to give her year-around quiet in the kitchen is to install acoustical ceiling tile. The Celotex Corporation, a leading manufacturer of acoustical materials, points out that kitchens are particularly "noise prone" because of the number of hard, sound-reflective surfaces they contain. These surfaces intensify the sounds of all kitchen appliances, building them into a crescendo of nerve-jangling din.

Acoustical ceiling tile, which absorbs up to 75 per cent of the sound striking it, makes up this excessive noise before annoying reverberation can begin.

Yes, today's acoustical ceiling tile can bring new quiet to your home at Christmas and throughout the year.

Pretty Christmas

"Merry Crispness" is the theme of these two pretty
dresses. They're designed in polyester fiber, and 50
per cent cotton, to insure ease of laundering and
freedom from wrinkling. The frilled peter pan collar
and ruffled bodice will always look perky; the skirt
always crisp.

AND SO EASY, TOO

Playing Santa to Young Set is Fun

If toddlers could write their
notes to Santa Claus, they'd
have a really glorious time
this year... with hundreds
of exciting new items to list.
Starting with a very tiny in-
fant and going up to the six
year old, the choice is wide.

Cuddly animals and un-
breakable plastic toys are still
the most popular for a baby
under eighteen months, and
the more colorful the better.
Very little children respond
happily to bright, cheery
shades. But be sure the toy is
safe.

Blocks, small battery-driven
cars, music boxes or simple
take-apart toys are best for
this age group. Also, there
are soft paper-back picture
books and wonderful cuddly
life-like dolls.

Mechanical figures which
can dance are a constant de-
light, and little eyes always
sparkle at the sight of a color-
ful, hand painted wooden
train.

For the group just under
six, the emphasis again is on
educational toys and those
which teach the child coordina-
tion. An easy-to-assemble car
kit, blackboard desks, peg
boards, alphabet building sets
are always good.

Doll furniture, tea sets, and
"little seamstress" sewing kits
are ideal for training children
at an early age.

Finally, if there already are
toys galore under your todd-
ler's Christmas tree, you
might consider "wearables."

A visit to the "small fry"
department of a store will
open up another world of
suggestions.

Rompers, robes, dresses,
suits, sweaters, sweater sets,
slippers, slipper socks, snow
suits and many, many other
items will make you a "sen-
sible Santa" this Christmas.

For Milady

Women will welcome this
time-saver-gift with open
arms! It's an all-new por-
table dishwasher - dryer
that needs no special in-
stallation or wiring.

Gift of Records Is Pleasure for Years

A gift of records is a gift
that promises hours of pleas-
ure for years to come.
Happily, today records are
made for every age and every
musical taste. There are even
records for tots, though not all
are musical; some are the tell-
ing of stories.

The reading of poetry and
many classics in literature
now appear on record.

For Candles

Be sure to have a variety
of ring molds around! They
can be used as candle holders,
for cutting cookies, to form
gelatin salads for your Christ-
mas dinner and for baking
fancy tarts.

Gadgets for Gifts

Women spend so much time
in the kitchen they always
welcome small gadgets for
cooking. Tied with fancy
bows and ribbons, they're
pretty and so practical! Fine
for bachelor gals, too.

W'brook's W. M. U. Meets At First Baptist Church

By MRS. ALTIS CLEMMER
Record Correspondent

WESTBROOK — Members of the Westbrook Women's Missionary Union of the First Baptist Church met Wednesday in the home of Mrs. W. A. Bell.

Members studied the foreign mission book, "Across the Bridge," preceding the Lottie Moon Christmas offering and Week of Prayer for Foreign Missions which will be conducted Wednesday and Friday mornings of this week.

Mrs. J. M. Byrd, mission chairman, was in charge of the program and introduced the book and author. Theme was "Spanish America."

The epilogue was presented by Mrs. Byrd, assisted by Mrs. Kenneth Andress, Mrs. Altis Clemmer, Mrs. P. E. Clawson, Mrs. Bell and Mrs. Gressett.

Prayer chairman for the Week of Prayer program will be Mrs. L. Hazlewood.

Goal for Lottie Moon Christmas offering has been set for \$851.50, which is 13% more than last year's offering.

Weekend guests in the E. A. Oden home were former teachers at Westbrook and Carr schools, Dr. and Mrs. R. G. Fowler.

Dr. Fowler resides with his wife at Dumas.

Home for Thanksgiving were Linda Salley and J. S. Salley and J. E. Salley, children of Mr. and Mrs. J. E. (Slim) Salley.

Linda is a student at Hardin Simmons University in Abilene and J. E. attends Texas Technological College in Lubbock.

Visiting in the homes of their parents Thanksgiving were Dink Reese and Danny Swafford, students at Sam Houston College in Huntsville; Brenda Butler and Roy Buchanan, students at Baylor University in Waco; Dan Buchanan and John Matlock from Dyess Air Force Base in Abilene.

Holiday guests of Mr. and Mrs. Dalton Conaway were Mr. and Mrs. A. H. Doerge of Bryan, Mr. and Mrs. Leroy Palmer and son of Kermit and Jack Palmer of Jal, N.M. In Corpus Christi for the holidays were Mr. and Mrs. Ralph Bryant and children and Ray Conaway.

Sgt. and Mrs. Alvin Moody were Thanksgiving guests of his parents, Mr. and Mrs. A. C. Moody, and his sister, Mrs. E. C. Whitehead and family. Moody is stationed at Selfridge Air Force Base in Michigan and is attending a 4-month school in San Antonio. They will return to Michigan before Christmas.

Mrs. Clemmie Miller visited Thanksgiving Day with her daughter, Mrs. Elton Donalson and family in Eldorado.

Gay Leonard Moore, son of Mr. and Mrs. Gay Moore, left

Nov. 16 for Fort Hood where he will receive basic training in the United States Army.

Dinner guests of Mr. and Mrs. Leroy Miller Thanksgiving Day were her parents, Mr. and Mrs. Fred Golden, Muri Golden and Clyde Miller Jr.

Mr. and Mrs. Robert Wood of Abilene were Sunday guests of her parents, Mr. and Mrs. B. D. Taylor.

Mr. and Mrs. Frank Johnston of Abilene were visitors Thanksgiving Day in the home of Mr. and Mrs. Noel Griffith.

Mrs. Gary Parrish was honored with a gift tea in the home of Mrs. Sidney Jones Monday night at 7:00 p. m.

Mrs. Parrish is the former Barbara Chambers.

Hostesses for the occasion were Mrs. Jones, Mrs. E. A. Oden, Mrs. Curtis Clemmer, Mrs. Oren Moore, Mrs. E. C. Whitehead, Gay Moore, Mrs. Joe Bohannon, Mrs. Anson Henderson, Mrs. H. E. Sullivan, Miss Helen Brown, Miss Martha Bacon, Miss Ruth Rich and Mrs. Anita Richardson.

A bouquet of pink roses centered the lace covered table. Appointments were in crystal.

Punch, coffee and white cake squares with the couple's names, Barbara and Gary, written on them, were served to approximately 50 guests.

Practical Gifts in New Small Appliances

"Come out of the kitchen . . . can well be applied to the newest small appliances!"

Smart Santas will note that these convenient time-savers have blossomed forth with a sparkling beauty of modern design that makes them "at home" on dining, buffet, supper or patio table, as well as in the kitchen work-center.

Making table-cooking easier is the single-unit heat control plug and cord which fits all appliances interchangeably.

Whether home is a one-room kitchenette apartment, or a rambling ranch type, electrical appliances fit the bill!

Wiggins on 15-Day Naval Leave

By MRS. J. C. WOMACK
Record Correspondent

CUTHBERT — Charles Ray Wiggins is on a 15-day leave from the United States Navy and is visiting his parents, Mr. and Mrs. C. P. Wiggins. He has just completed Electrician School at San Diego, Calif.

Guests in the home of Mr. and Mrs. Jim H. Jones Sunday were Mrs. Onie Adams and Mrs. Wesley Eades of Littlefield.

Midland and Mrs. Bill Jones of Colorado City.

Jimmie Cawthron, who is assistant coach at Clint was a recent visitor in the home of his parents, Mr. and Mrs. Drew Cawthron.

Sunday guests in the home of Mr. and Mrs. R. E. McMillan were Mr. and Mrs. Robert McMillan of Midland.

Word was received Friday of the death of Jackie Yates, who is the grandson of Mr. and Mrs. J. C. Womack. Burial was at Seville, O., where he lived with his parents, Mr. and Mrs. Harry Yates.

Mrs. Yates, mother of the 11-year-old youth, is the form and Mrs. Wesley Eades of Littlefield.

Plan Early, Shop Now For Merrier Christmas

Once again it's wonderful with beautiful gifts, at the Merry Christmas time—that sidewalk Santas with their joyous, delightfully happy, kettles for coins... at the miraculously exciting time—crowds hurrying to see every when suddenly all the world takes on an inspiring glow. It's a thrilling time, and if you've any doubt about it, just look around you... of it. The shops "knew you were coming" and are ready at the store windows stacked to welcome you—ready with the most varied, most dazzling gifts in history. So slip into your most comfortable walking shoes and get right into the midst of it! Sounds like fun? It is! Start right now with this special section and you'll find it

could write out. Big gifts, little gifts, all sizes and all prices. The only thing you have to do in the entire "game" is match the present to the individual—and with so many inspirations—how could you possibly miss?

At this point, the smart thing to do is take out pencil and paper and jot down the names of people you want to remember... family, friends and co-workers. Next comes the one-and-only unglamorous part of this otherwise fun story: considering your budget.

Perhaps you've been wise and joined a bank Christmas Club last year. If so, you're ahead of the game—and there's no better way to use your new found wealth than to share it at Christmastime by remembering the people you love.

Now you're ready for the next step! Shopping early simplifies so many things. It assures you better selection and ample time to pick and choose while sales people can take extra time to show you the super values.

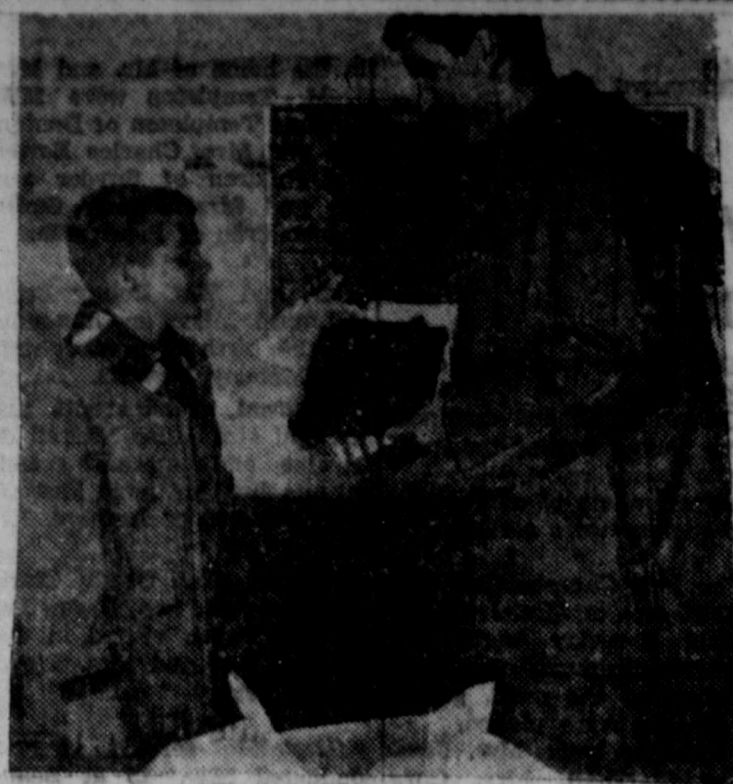

Lay-away plans are part of every store system today so you can select your presents early and pay for them later on easy terms. It's a great boon to your budget.

Or you might open a charge account or use the installment plan. Credit sales managers at your favorite stores will gladly help you make the arrangements.

The important thing to remember is GET GOING! Time slips around fast. So—join the Big Show, join the crowd, join the fun. You'll find gift items galore. New models in TV, hi-fi sets, beautiful furniture for the home.

And cameras and movie projectors—shimmering, shining purses, jewel-like clothes—new shapes in watches and charm bracelets.

Possibly the most rewarding part about shopping early is having time to wrap your purchases in "personalized" covers and glamorized, glittering trims—in having time for shirring those which must be mailed to distant corners—and, best of all, having time to enjoy Christmas on your own—time to relax because you know you've

Handsome Pair

Junior's jacket is warm, but lightweight in an all-cotton shell and Curon lining. Features a zip-front, hacking pockets and tri-color rib knit show collar. Dad's all-cotton jacket reverses to corduroy and features attached hood that tucks into zippered pocket beneath the show collar. And in the box—a button-down shirt.

YULE RECIPES

Tips for Tastier Holiday Turkeys

Some people claim it's the stuffing that makes the holiday bird.

Others say it's the glaze. But careful attention should be given to both, to make this Christmas turkey the best ever.

Home economists have developed two new recipes to help. The golden glaze will roast the turkey to a delectable color, keeping the bird moist and tasty.

And the stuffing, which gets its fine flavor from delicate seasonings will be a holiday delicacy. Both recipes are in the easy-to-do category.

Gourmet Stuffing

1/2 cup melted butter or margarine, 1/2 cup turkey or chicken stock, broth, or water, 2

teaspoons salt, 2 teaspoons leaf Thyme, 1 teaspoon Rosemary leaves, 1/2 to 1 teaspoon cracked black pepper, 2 1/2 quarts dry bread cubes, 2 cups finely diced celery, 1 1/2 cups slivered blanched almonds or chestnuts (optional).

Combine melted butter, stock, salt, crushed herbs, and pepper. Pour over bread cubes, celery, and almonds tossing lightly with a fork. Stuff and truss fowl. Yield: Stuffing for 10-pound turkey.

Golden Turkey Glaze

1 cup melted butter or margarine, 1/4 cup jellied cranberry sauce, 2 tablespoons prepared mustard.

Using fork or wire whip, blend butter, cranberry sauce, and mustard. Heat slowly just until cranberry sauce melts and mixture is smooth brush over turkey, before roasting and every 30 to 45 minutes during cooking time. Add any remaining sauce to gravy. Yield: Enough sauce to glaze 10 to 15 pound turkey.

'Goodies' in Line-up of Good Gifts

Delicious goodies from your own kitchen are always wonderful gifts. But, what makes them even nicer is the way you dress them up.

Little individual cakes, for instance, are so gay when tied with ribbons.

Coffee cans, painted, trimmed and lined with doilies, are just right containers for a gift of home-roasted nuts.

Festive little mince meat or cranberry pies are even more giftable if set on a small paper plate and wrapped with cellophane, clear or colored, and tied with a sprig of holly.

Wicker baskets, trays, and apothecary jars all lend themselves to imaginative and gay displays of home-baked goodies.

For Dad

A hat for dad is easy to choose. If you aren't sure of his taste or size, gift him with a certificate packaged in a miniature hat box. The smart hat shown here is an imported fur, features low telescope and tapered crown.

May Please The Most

Smart Santas will note that these convenient timesavers have blossomed forth with a sparkling beauty of modern design that makes them "at home" on dining, buffet, supper or patio table, as well as in the kitchen work-center.

Whether home is a one-room kitchenette apartment, or a rambling ranch type, electrical appliances fit the bill!

oven, fry pan, sauce pan, toaster, coffee maker, are available in many sizes and make baking, grilling—and broiling a thrilling experience. As you can see, appliances are gracious to give, heavenly to receive, and rate top consideration for Christmas.

Reception To Honor Hendersons

The children and grandchildren of Mr. and Mrs. W. H. Henderson are honoring the couple with a reception on their 60th wedding anniversary Sunday, Dec. 4, from 3:00 p. m. to 5:00 p. m.

Mr. and Mrs. Henderson were married in Brown County in December, 1900, and moved to Mitchell County Sept. 10, 1916.

All friends and neighbors of Mr. and Mrs. Henderson are invited to attend the reception, which will be conducted in their home at 433 Cypress St., children of the couple said.

Guests are requested not to bring gifts.

Entertaining Time

The holiday season provides many delightful ways to entertain. An open house is one of the nicest. It's easy to prepare for ahead of time so the hostess can enjoy it, too!

McCarley Leads County Organization

A. R. McCarley Jr. was elected president of the Mitchell County Farmer's Union which met Tuesday in the Lone Wolf Electric Co-operative building.

Other officers elected were Guy Hildebrand, vice president, and Mrs. Doyle Hester, secretary and treasurer.

Delegates elected to attend the 57th Annual State Convention at Windsor Hotel in Abilene Dec. 9 and 10th are Hulet Williams, McCarley and Mrs. Orrian Linam. Alternates are Doyle Hester, Warren Anderson and Hildebrand.

Highlights of this convention will be speeches by National Farmer's Union president, James Patton; Commissioner of Agriculture of Texas, John C. White; United States Representative from Ft. Worth, Jim Wright. Votes will also be cast for or against farm program for state organizations.

All members and farmers are urged to attend the convention, McCarley said.
