Religious Census Reveals Local Population Increase

A preview of the census for Perryton in 1945 was revealed here Sunday with the completion of a religious census conducted by the Ministerial Association under the direction of Rev. Ward H. N. Gregg, pastor of the First Christian church. A total of 725 units were interviewed with an estimated four persons to the average family or approximately 2,900 accounted for in this area. This shows an increase of some 700 during the past five years over the population taken in 1940 of 2,241.

Although the religious census of membership in the various local churches showed a decline as compared with a similar census taken two years ago, 58.5 percent of those interviewed belonged to some denomination. The national census is 53.2 percent. Two years ago the Perryton census revealed that 61 percent of the population belonged to some church.

Seven local churches participated in taking the census with 65 interviewers and clerks working under the following captains supervised by Rev. Gregg: C. H. Williams and Leonard Wright of the Baptist church; T. R. Murray, Full Gospel church; W. C. Bryan, Methodist church; Tom Waugh and C. F. Stobbe, Church of Christ; Alfred Pittman and Roy Miller, Christian church; Emory Kauffman and B. R. Pletcher, Mennonite; Frank Herndon and Mr. Ferguson, Nazarene church.

The group met at the school house at 1 p. m. with canvassers completing interviews during the afternoon. A battery of seven clerks and ten typists completed tabulations by 6:15 p. m.

Each minister will receive a roll of the membership for their particular church and a complete list of non-members, taken in the survey, for use in recruiting new members, Rev. Gregg said.

Religious census were originated by the national organization of Methodist churches several years ago, but this year the Perryton census was handled through the Ministerial Association, due to the illness of Rev. H. L. Thurston, pastor of the local Methodist church.

New Year Continuation of Dry Period With .13 Of An Inch Recorded in January

This vicinity received an average rainfall of 18.24 inches during 1945, a check of the official weather report maintained by Judge Jack Allen, revealed this week. This compared with an above average rainfall of 26.27 inches received during 1944, which was exceeded only twice in the past 20 years. The 1928 moisture was 29.73 inches and in 1941, 30 inches was recorded for this area. The year 1915 exceeded all records back as far as 1890 with 34.41 inches.

Deadline Near In Victory Clothes Drive

With the deadline approaching in the Victory Clothing Collection currently sponsored by the Pierce Johnson Post No. 254 of the American Legion and Auxiliary, A. N. Dowers, campaign chairman and post commander, again emphasized the need Wednesday for clothing overseas.

During the remainder of the drive, which closes Jan. 31, the Legion Hall will be open between the hours of 9 a. m. and 5 p. m. in addition to collecting points at the local churches, city hall and the Public School, Mr. Dowers said. He asks that donations of clothing, shoes and bedding for the Victory Clothing Collection be brought to these points.

Mark Boehning, collection Superintendent, states that the drive has been reasonably successful since its beginning Jan. 7, but that more clothing would be welcomed as the need of the people in the war devastated countries of the world will probably exceed the total supply rounded-up over the nation. The national goal is 100,000,000 serviceable garments.

Retailers Meet In Perryton For OPA Discussion

Representatives from three counties among automobile repair service dealers and home furnishings will gather in Perryton Monday, Feb. 4, at 2 p. m. for a discussion of OPA price regulations, according to an announcement of the Ochiltree county area board. Other similar meetings will be held over the district in the immediate future.

Representatives will be grouped according to the line of services they render with the automobile repair and parts men, who operate under Regulations No. 165, will meet in the district grand jury room. F. A. Wilson of the district office will be present to render such assistance is needed.

Retailers of wearing apparel, furniture and other allied home furnishings, whose prices are set by Regulation No. 580, will meet in the club room of the Ochiltree building. H. L. Lewis of the district office will assist this group.

Legion Feed Set For Monday Night

Members of the Pierce Johnson Post No. 254 of the American Legion and Auxiliary will gather at the Legion hall Monday evening, Jan. 28, at 7:30 p. m. for a dinner. Hosts for the occasion will be the losing side in a recent membership soliciting contest staged between the members with Roy Orrill as captain of the losing faction. Elmer Harriman is captain of the group obtaining the most memberships. A total of 65 and 97 new members were gained, respectively.

All members of the post and ex-servicemen are issued a cordial invitation to attend.

January 31 is Last Day to Pay Polls

Have you paid your poll tax? Unless you have been discharged from military service since May 5, 1945, or hold an exemption certificate, you cannot vote in the general elections this year without paying your poll tax. Returning war veterans who have been discharged within 18 months of election day may vote free, without a poll tax receipt. Those who have been discharged more than 18 months previous to election day must pay the poll tax in order to vote. No exemption will be required. This is general election year, so if you want to vote, pay your poll tax on or before Thursday, Jan. 31.

Commissioner Jackson Asks Fourth Term

Another entry into the political ring of Ochiltree county for the coming election is capable George B. Jackson, now serving his third term as Commissioner from Precinct No. 4, in the southeast part of the county. He has authorized the Herald to place his name as a candidate for reelection before the voters of his precinct, subject to their action in the Democratic primary to be held in July.

Commissioner Jackson was elected to his office in 1939 and took office in January, 1940. He has been elected twice, in 1942 and in 1944, and is now serving his sixth year on the executive body of the county administration. He also served as commissioner from his precinct many years ago.

Hereford Sale At Pampa

The Top O' Texas Hereford Breeders Association will hold its second Annual Show and Sale at Pampa on February 25-26.

Sixty head of choice cattle have been consigned to this sale including 40 bulls and 20 females. These cattle represent 33 of the leading Hereford herds in the Panhandle and Western Oklahoma area.

Hollis Gossett is among the Ochiltree county breeders assigning cattle to the show.

The Top O' Texas Jr. Fat Stock Show featuring the 4-H Club and FFA exhibits will be held in connection with the Registered Hereford show and sale. Prizes will be furnished by the Pampa Chamber of Commerce, sponsors of the show.

Colonel Earl Gartin, nationally known Auctioneer, Greensburg, Indiana, will be auctioneer for the sale.

The Top O' Texas Live Stock Judging Contest between teams from the various Vocational Departments of this area will also be held in connection with the two-day event. J. P. Smith, Gray County Agricultural Agent, is general superintendent of this contest. The judging teams will be entertained with a banquet in the Palm Room in the City Hall on the evening of the 25th as guests of the Agricultural committee of the Pampa Chamber of Commerce.

Attend Church Meet

Rev. and Mrs. Ward H. N. Gregg of the First Christian church will be in Amarillo Friday evening to attend a dinner and business meeting of the Amarillo Mexican Christian church. In attendance will be representatives as guests more than 20 Panhandle Christian churches who have contributed to its welfare.

Local Youth Relates Experiences During Day Spent At Nurnberg Nazi War Criminal Trials

Editor's Note: The following report of interest comes from a local youth, W/O Harold R. Hudson, now serving at Neustadt-Aisch, Germany, with the Adjutant General's office. It is an eye witness account of the Nurnberg war criminal trial now in progress in Germany and was received by the Herald Tuesday.

Neustadt / Aisch 10 Jan 46

Do you remember my telling you some time ago that I had a chance coming up to attend the Nurnberg trials? Well, today I made it, and can report that it was quite up to expectations.

It is hard to get into the trials, you know, and I consider myself extremely lucky. To begin with, let me state that my entrance upon such rare ground stems from the old army practice of "it's not what you know, but who you know!" That's how I made it.

I went to Nurnberg this morning, arriving there around 9:15 a. m. At the outside gate, I was refused admission, naturally, and had to go across the street to the Security Office for a pass. At this office, I phoned my contact man, who talked to the lieutenant at the desk, and I got a pass entitling me to enter the Palace of Justice. I had to show this pass to the guard at the outside gate, had to show it again at the outside door to the building; showed it again, together with my dog tags, just inside the building; showed it again at the end of the corridor, and finally arrived at the room where my friend holds forth. He fixed me up with a pass good for a seat in the visitors' gallery. At ten minutes to ten, I took off for the court room with my old buddy. I had to show both passes, and dog tags with AGO card, twice more, then we arrived at the corridor outside the court room. At this point we passed right by the stairway leading to the visitor's gallery and Roth took me inside the court room, seating me at, of all places, at the table with the members of the British prosecution staff. So there I was, sitting right up front with the big dogs, ready for the show. Behind me was the press section, separated by a wooden rail and above that section was the visitor's gallery.

The defendants were seated in their box, talking among themselves in subdued tones. Eight white hel-

Durham Teaching Bible Training Special School

Rev. Ralph A. Durham, pastor of the Perryton Full Gospel Church, was home over the week end to occupy his pulpit. Rev. Durham is now in his third week as head of the Bible Doctrine classes in the special 8-week Apostolic Faith Bible Training School at Baxter Springs, Kansas.

Almost 100 students are enrolled for the classes. Three bible classes in doctrine, evangelism and prophecy are offered. Other classes are in rudiments of music, piano, voice and English. Tica Taber is dean of the school.

This is the first of such schools by the Apostolic Faith denomination with the ultimate goal of establishing a permanent college. It is possible that if sufficient inducements be offered, the permanent school could be located in Perryton.

Rev. Elmer Russell, Booker is substituting for Rev. Durham during his absence.

Hinkle Home Is Destroyed By Fire

A fire starting from a gas stove almost completely demolished the five-room dwelling of A. L. Hinkle on the East side of Perryton at approximately 3:55 p. m. Friday.

The frame building was entirely gutted by the blaze which destroyed all household furnishings of the Hinkle family. The Perryton Fire Department had the fire under control within 20 minutes after arrival at the scene, but due to the dryness of the frame construction, much

Veterans Open New Garage

Homer C. and Clifton M. Smith, returned war veterans, have recently opened a general garage and service station at 221 North Main. The business is located in a new building 32 x 56 ft. which they constructed for the purpose.

They will feature general automobile repairing, body and fender work and auto painting. Texaco products will be handled in the service station.

The Smith brothers were raised in the Perryton community. They left here with their mother and step-father, L. B. Belt, about 1929.

Young People Attend Methodist Rally At Gruver Monday Night

Members of the Perryton branch of the Methodist Youth Fellowship attended a sub-district meeting at Gruver Monday night, Jan. 22. Representatives of the MYF from Pollett, Darrouzett, Booker, Gruver and Perryton attended the rally. The Pollett representatives furnished the program.

Workers and members of the Perryton MYF that attended were Mr. and Mrs. Harold Malone, Mrs. Aldon Bell, Mrs. C. S. Carmichael, Mrs. Preston Scott, Maurine Turner, Eugene Waide, R. E. Waide, Jimmy Ray Nelson, Weish Jean Shrader, Norma Flowers, Claudine Carmichael, Barbara Buckley, Gwen Vestal, June Phebus, Bob Thurston, Kenneth Turner, J. C. School Band To Raise Funds With Concert

The public is invited to attend a band concert to be conducted in the auditorium of the Perryton schools starting at 7:30 p. m. Thursday, Jan. 31, so states Bob Low, band director and Supt. J. A. Anderson. The concert will be an all-popular musical and will feature such tunes as "Star Dust" and "St. Louis Blues" along with many other popular tunes of the day. Funds derived from an admission charge of 15 and 25 cents will be placed in the band fund and used for purchase of needed equipment. The presentation will last approximately 45 minutes, it was said.

Polio Fund Campaign To Close Jan. 31

Mrs. R. T. Correll, Ochiltree county chairman for the local "March of Dimes" campaign, issued an appeal to the Perryton community residents to give generously to the fund to aid infantile paralysis sufferers. The time for making contributions to the National Foundation for Infantile Paralysis expires Jan. 31.

No special occasions are arranged this year in raising the funds, except tentative plans of the student council for a variety program, she said. No dance will be given or any other public gathering is scheduled. All Monies will be derived from voluntary gifts in the collection jars on display at strategic places throughout the city.

JUST HERE and THERE

Inflation is here! Despite all the "hold - the line" talk we are hearing, we are only kidding ourselves if we think it has been held.

Inflation is a reality today, and no good purpose can be served by playing ostrich and hiding our heads in the sand to blind ourselves.

Any housewife can tell you about substitute goods today... facts of inflation which OPA chooses to ignore.

With material and labor costs constantly rising, we also must face further price rises this year, before we can achieve the industrial production necessary to drive prices downward through competition and increased efficiency.

The longer that shackles are kept on production, the higher the bidding is going to be on scarce goods, and the longer the prices are going to stay at inflated levels.

"In the face of revolution on the part of organized labor determined to have more money to spend, a period of cheap money and high prices is as certain as night follows the day." - The Chamberlain (S. Dak.) Leader.

In the period 1909-1914, 35 percent of the nation's population lived on farms, and agriculture accounted for 12 percent of the national income.

Today, 18 percent of the population is on farm, and agriculture accounts for nine percent of the income. While the ratio of farm population is down by half, farm income is down only by a quarter... yet agricultural output, due to modern machinery, has been running at the highest levels ever.

Durable goods can "come in a torrent, or a trickle" this year, says the authoritative Wall Street Journal. Factories are almost wholly reconverted. Most raw materials are plentiful. The production pace hinges on strikes and unrealistic OPA price ceilings.

The weather-man in St. Louis, Mo. either must join the union or stop telling citizenry over the radio what the weather outlook is, the American Federation of Radio Artists (AFRA), has notified radio station KSD.

The U. S. national debt will total \$275,000,000,000 by July 1 of this year, according to Secretary of the Treasury, Vinson, who ought to know. This would be \$22,000 for every man, woman and child in the nation.

Blasingame Rites Are Conducted On Friday, Jan. 18

Funeral services were conducted for James Marshall Blasingame at the First Christian Church Friday, Jan. 18, at 2:30 p. m. under the direction of Rev. Ward H. N. Gregg, pastor. Mr. Blasingame died in an Amarillo hospital Jan. 16, following several years ill health, a result of a leg injury. He was 33 years old.

A mixed quartet composed of Rufus Bolerjack, Mrs. Debs Riley, Mrs. R. P. Hurn and Lawrence Elizey furnished musical selections. Mrs. Ray Yeale accompanied at the piano.

Active pallbearers were Guy Turner, R. E. Bell, Dan Archer, V. W. Richardson, Leon Shrader and Glen McGibbon. Honorary pallbearers were J. M. Anderson, Robert Thurman, Chas. McCarty, E. D. Kelley, Claude Crouch, Lloyd Black and Dr. G. L. Kingle.

Donate Funds To Combat Leprosy

At a meeting of the American Legion and Auxiliary for their regular potluck supper in the hall Monday evening, the program consisted of a book report by Mrs. Dewey Allen on "Who Walk Alone", the story of the fight against leprosy.

Following the report, voluntary donations were accepted as a contribution to advance and maintain the scientific work which is carried on in the effort to eradicate Hansen's Disease (leprosy). A total subscription of \$25.00 was made. The money will be sent to the Leonard Wood Memorial.

Stewart, Glen McGibbon, and Max Boyer, New Directors, Who Will Serve for Two Years are Otis Burk, Claude Allen and T. R. Murray.

Other retiring directors are Virgil Castle, Wesley Bryan and Sam Hergert, who was president during the last period.

Highlighting the address given by Mr. Butler was a warning against over-investment in wheat farming, cattle and oil business, even though these fields were booming. It was possible the bottom might drop out at any time, although when, no one could possibly predict at this time. A wise investor would not enter into any business over his head.

He also pointed out that returning servicemen were presenting a problem to the financial world insofar as government loans and other phases of securing financial backing in starting new businesses. He cautioned that no veteran should attempt to go into a business without first being positive he could handle its operation. Banks are eager to make loans to these re-

A Forward Pledge

"Democracy is inseparable from private enterprise. If private enterprise is lost, democracy dies and stateism rules us. . . . All of us know that the greatest security workmen can have is a steady job. And steady jobs result only from a profit to those who supply the tools with which we must work."

The standard of living rises only with production that comes from the use of tools. Except a profit be supplied, the tools are idle and so are workers.

With these words, a man born in biting poverty, who was a grocer's boy, a janitor, a dock hand, to help support his family—a man who knew labor from having labored all his life—has taken office as head of the 14,300 employers forming the National Association of Manufacturers. He is Robert R. Watson, native of Ohio.

The NAM's new president pledges himself to work with his membership in 1946 "to restore balance to the economy," asserting:

"This balance will give lower prices to the consumer, higher wages to the worker, a fair return to the investor, and expanding markets that will raise the living standards of all our people. It is a forward-looking and encouraging pledge, for this critical year."

BABSON DISCUSSES AIRLINES

ROGER W. BABSON, Editor-in-Chief

New York City, January 18. Have had an unfortunate experience at La Guardia Airport in New York City where I waited from 8 A. M. for a plane due to leave for the South at 7:30 A. M. Then at the very last minute it was announced that "due to weather conditions" the flight had been canceled. I immediately went to the Penn Station to get a Pullman berth. There I was told that all space had been sold for two weeks ahead. Let me further add that, although I had my plane reservations two weeks in advance, I would have to wait another two weeks before getting another plane seat.

Air travel is marvelous when the weather is good and there are plenty of planes; but this winter on long routes it is terrible. For runs over 400 miles I advise readers to engage Pullman accommodations and not depend upon airlines. The same general principle may also apply to airline stocks as an investment. For a few years they should have good earnings and much glamour; but then look out! They may be as uncertain, in the long run, as the weather.

Government Competition

Now that our country is honeycombed with a network of railroads, it would practically be impossible for the government to build new competing railroad lines. Furthermore, their securities are probably now selling for less than their original cost, not to mention reproduction costs. Remember that the railroads own their roadbeds and terminals, as well as their equipment.

With the airlines the situation is very different. They own no roadbeds nor terminals. The air is free to all, while the terminals are publicly owned. At anytime the government could start competing air routes with little expense. This means that—however large the profits may be during these honey-moon years—they cannot last many years. Airplane traffic will increase tremendously; but this does not mean that airplane companies will always make money. Furthermore, it strongly suggests that some airplane stocks are now selling too high.

An Investment Yardstick

One of the best yardsticks for judging most stocks is the relation of price to earnings. I try to select stocks which are selling about ten times their annual earnings; certainly twenty times is a maximum ratio. Yet, the leading airline stocks are today averaging to sell at forty

times popular ones are selling from sixty to seventy times earnings. This seems crazy to me.

Of course, there is one thing about airplane stocks which appeals to investors, viz: In order to buy an interest in 75 percent of the nation's rail business an investor must buy stocks of 300 different railroads. But he can buy an interest in 75 percent of the total air business by buying the stocks of only seven airline companies. These are American Airlines, United Airlines, T. W. A., Pan-American, Northwestern and Perm. Central. Yet, this advantage cannot justify the big rise in prices which all have had during the past ten years.

Inflation Possibilities

Airplane stocks are no good as "inflation" hedges. They are poor "socialistic" hedges. Their value lies with the probability of huge times their earnings. Two of the airlines during the next few years, but then look out. Although very popular they can be very risky for the long-pull investor. Better keep your money on the ground rather than in the air. Personally, I am not keen for anything that operates on wheels and that depends upon franchises or public regulations.

The best inflation hedge is good fertile Mother Earth upon which you can live, near enough to a small city where you can get a job or have a small business on your own. The next best is a family of God-fearing children, each educated to some one profession or trade. Money invested in good land, good children and good education is far safer than in the stocks of any company operating on the ground, above the ground or under the ground!

HOME SWEET HOME

The old adage: "there is no place like home", is as true today as ever. The ambition of every family is to own their own home and they should be interested in knowing it is fully protected against hazards by one of our Stock Insurance companies.

You will be surprised to know how little it costs to insure your home or, if you are carrying insurance, you should be sure the amount is sufficient since settlement, in case of loss, will be based on present cost of replacement.

Screen Mystery Brings Thrills

Sherlock Holmes thwarts a conspiracy against a youthful European monarch in his latest screen adventure, "Pursuit To Algiers," which comes to the Ellis Theatre for the 11:45 p. m. preview on Saturday, Jan. 26. Action of the new detective thriller takes place, for the most part, aboard an ocean liner upon which a young king is returning to his homeland to assume the throne. Basil Rathbone appears as Sherlock. Nigel Bruce is seen as his colleague, Dr. Watson.

Important roles in the new Universal film are played by Marjorie Riordan, Jean Abbott, Martin Kosleck, Gerald Hamer and Rosalind Ivan.

Result's prove that people read Herald want ads.

HE'S BACK AGAIN . . . Marion Hargrove, the screen's funniest G. I., is back again in the person of Robert Walker in "What Next, Corporal Hargrove?" Showing at the Ellis, Sunday and Monday, Jan. 27-28. Advanced a notch in rank but still up to his old tricks, the former basic trainee is now a full-fledged combat man trying to liberate a French village with only the help of his buddies, Pvt. Mulverhill (Keenan Wynn) and Sgt. Cramp (Chill Wills).

Action Laugh Film at Ellis

Movie fans can look forward to enjoying a fast and funny who-dun-it when the Ellis Theatre presents Paramount's newest Pine-Thomas production, "Follow That Woman."

The comedy thriller co-stars William Gargan and the very attractive Nancy Kelly. Gargan will be seen in the role of a private detective and Miss Kelly portrays his over-ambitious wife, who decides to pitch into her husband's business when the Army calls him.

The story revolves around the murder of a night club singer, a crime which Nancy is sure she can solve. Her avid reading of mystery novels gives her the false impression that solving such crimes is really an easy matter, and before she knows it she herself is involved in a lot more than she can handle.

Husband Gargan has to wangle a seven days' furlough so he can come home and get his wife out of the jam that results from her unprofessional sleuthing. To do that he must solve the mystery of the night club singer's death—and all in a week's time, too. How he does it, for of course he does, is said to make "Follow That Woman" a highly entertaining and exciting picture.

Support is given the two stars by Regis Toomey in the role of a big-time gambler, Byron Barr, who plays a romantic college boy, and Don Costello as the operator of the night club in which the murder was committed.

Sunday dinner guests of Mr. and Mrs. James Hardy were Mr. and Mrs. Louis Hardy, Mr. and Mrs. Lacey Franklin, Mr. and Mrs. Frank Gipsen, Mr. and Mrs. Earl Schwalk, Pvt. Ben T. Hardy, Claude Newman, and Mr. and Mrs. D. G. Blackwell of Sunray.

Former Local Man Air Corps Major

Friends of Roger L. Francis, Jr., son of R. M. Francis of Kress, and formerly of Canyon and nephew of the late R. H. Francis of Perryton, will be glad to learn of his recent promotion to rank of Major in the Air Force.

Major Francis, as a member of the Eleventh American Air Force, is a part of the first Air Force to bomb the Japanese homeland in this war. After routing bombing of Attu in '42, the Eleventh AAF gave air support to the ground troops retaking that island, then pounded Kiska daily until the Japanese deserted that island.

With the Aleutians retaken, crossed 1,000 miles of water to hit the Kuriles and became the first air raiders to hit the Japanese homeland since Doolittle's famous Tokyo raid in '42. First attempted as daring reconnaissance missions, these Paramushiro and Shimushu bombings, and deeper Kurile raids, soon were just routine.

Coyote Rodeo at Higgins, Jan. 27

A coyote rodeo will be staged in Higgins at the Rodeo Club grounds on Sunday afternoon, January 27, at 1 o'clock. Three prizes: \$100, \$50 and \$25 will be offered in the pinning contests. As an added feature three speed races will be on the program.

If you have a good coyote dog you are at liberty to enter him in the contests. The Rodeo Club will have from 20 to 30 live coyotes to challenge the skill of the dogs. Come and enjoy the fun and excitement. See the Coyote Rodeo ad elsewhere in this newspaper.

How Well Has General Electric Met These Objectives?

HIGHER WAGES

Here's how General Electric's increased production and efficiency have affected G-E workers. Average hourly earnings for men, not including overtime pay, have gone up as follows:

1936	\$.73
1937	.81
1938	.87
1939	.86
1940	.85
1941	.89
1942	.96
1943	1.05
1944	1.09
1945 (Sept.)	1.09

Overtime pay gave G-E workers more on top of this. G.E. has made jobs for nearly three times as many, 61,781 worked for G.E. nine years ago.

In 1945 an average of 145,000 had jobs at G.E. and at much higher pay.

LOWER PRICES

G.E. has an obligation to a second group of people—the public. The public wants improved products at fair prices.

"More goods for more people at less cost"—G.E.'s goal—is not a part-time assignment. It is a job for management and worker alike if G.E. is to keep growing, keep raising wages, keep making more jobs for more workers.

A few figures show typical price decreases:

Refrigerator	
1935	\$199.00
1941	129.95

Lamp	
1935	.15
1945	.10 (PLUS TAX)

Transformer	
1935	76.32
1941	69.30

Motor	
1935	12.80
1941	8.50

Radio	
1935	47.50
1941	27.95

FAIR PROFITS

G. E. during the war earned 4.7¢ on each dollar of sales. Of this, 4.1¢ was paid to its more than 200,000 stockholders and the remaining six-tenths of a cent on each dollar was retained in the business to assist in carrying on and expanding its operations.

All money earned over this 4.7¢ was turned back to the U. S. Government. G-E cost-saving methods had made war goods for less money than the Government expected.

These dividends have been declared per share of common stock since 1936:

1936	\$1.50
1937	2.20
1938	.90
1939	1.40
1940	1.84
1941	1.75
1942	1.40
1943	1.40
1944	1.40
1945	1.60

GENERAL ELECTRIC'S OBJECTIVE has been to keep prices moving downward, keep wages going up, and to earn a fair profit. This calls for volume production, more efficient work and methods. With the help of every single employee, General Electric believes it can show our country, as it did in wartime, an example of American enterprise at its best.

Baptist Ladies Meet in Circles For Bible Study

Bible study in circles was held last Thursday for the Baptist W. M. U.

The Lawrence circle met in the home of Mrs. Hollis Gossett. The opening prayer was given by Miss Sammie Roach, and Mrs. Horace Smith led the bible lesson. Red Cross sewing was distributed among the members and refreshments were served to twelve members and one visitor. Those present were Mesdames J. L. Blackburn, J. D. Wade, Paul Bowen, Oscar Flowers, Ray Phagan, T. P. McLain, Virgil Castle, Robert Lawrence, Mrs. Roach and Miss Sammie Roach, Mrs. Smith and Mrs. Gossett.

Mrs. W. F. Vandenberg was hostess for the Williams circle. Refreshments were served to Mesdames Stanley Key, Errol Plathiers, G. D. Holt, R. L. Smoot, F. M. McGee, Mark Burton, Herman Morgan, Holly Palmer, C. H. Williams, and Mrs. Aaron.

A ping and blue shower favored Mrs. A. B. Cagle at the meeting of the Curtis circle in the home of Mrs. A. V. Goff. Mrs. Val McLanahan led the devotional, and Mrs. A. M. Horan the Bible discussion. Enjoying the study and fellowship hour were Mesdames R. H. Holland, H. C. Williams, J. C. Cooper, Ray Thomas, A. M. Horan, J. R. Gunter, C. C. Carter, Val McLanahan, J. H. Stephenson, A. B. Cagle, O. C. Curtis and the hostess. Among those who sent gifts to Mrs. Cagle were Mesdames Stanley Key, Clyde Coffey, Herbert Key and Chas. Selby.

MARRIAGE ANNOUNCED—Mr. and Mrs. J. D. McDonald of Gray, Okla. announced the marriage of their daughter, Beth, to M. C. York at Montague, Tex., December 23, 1945. The bride is a graduate of Perryton High School and attended W.T.S.C., Canyon, for two years. For several months, prior to her marriage, she was employed in the Alamo Refinery at Phillips. Mr. York, whose home is at Nocona, Tex., is a veteran of the Pacific where he served with the 25th Infantry. He holds the purple heart and participated in the Philippine liberation campaign.

Mrs. Ora Williams, Pampa, is a guest of her brother, Mr. and Mrs. W. E. McMillen. Mrs. Williams' son, Raymond and his family brought her to Perryton from Glazier where she spent a few days. Tuesday Mr. and Mrs. McMillen and Mrs. Williams were dinner guests of Mr. and Mrs. A. K. Wilson.

Club Spends Day Quilting Tuesday

Members of the Victory Club spent an enjoyable day quilting for the hostess, Mrs. R. L. Kile when they met at her home Tuesday.

A luncheon was served at noon. The prayer which opened the business session was led by Mrs. Holdeman and the group decided to take clothing and bedding to the Hokey's who lost most of their household and personal possession in a fire.

Present for the day were Mesdames T. S. Fletcher, J. A. Wagner, B. R. Fletcher, H. A. Holdeman and daughters, Allan Wagner, and sons, F. T. Holdeman and children, F. B. Kile, W. T. Lackey, C. E. Cline, Kathryn Mounts, Anna P. Wilson and Harve Holdeman.

The next meeting of the group will be February 12 in the home of Mrs. Wilson.

Home Ec Sorosis Department Meets In Jines Home

The Home Economics department of the Sorosis Club met last Wednesday afternoon in the home of Mrs. Sibley Jines. Mrs. L. D. Stinson, assistant hostess, was unable to be present because of illness.

Mrs. O. C. Shearer brought papers on Lost Mines and Coronado's Treasures in the Southwest. Members answering roll call were Mesdames E. W. Thomas, Clifford Beck, Mark Bowling, Carl Blackmore, D. A. Caldwell, R. T. Correll, G. W. Cutler, W. R. Foglesong, R. Headlee, G. D. Holt, J. C. May, O. C. Shearer, H. C. Williams, H. J. Woodward, Hood Willis, H. D. Barnes and Lloyd Phillips.

All Day Meeting Of Merry Workers

The Merry Worker's club met January 10 for an all day meeting. A covered dish dinner was served at noon.

The meeting opened with the pledge to the flag, and roll call was answered by "Why I should be able to give first aid to my family." The demonstrators gave some instructions on how to wrap bandages and prepare slings. Mrs. Frank Bell won the guest box which was furnished by Nellie Mounts.

Members present were Mesdames Lois Gray, Audrey Bolling, Alice Watson, Russell Ragsdale, Frank Bell, Nellie Mounts, P. E. Brickley and Agnes Cassidy. The visitors were Mrs. Audrey McCarty and Mrs. Gail Brower.

The club will meet in the home of Mrs. Agnes Cassidy on February 14 for their next meeting.

Werner Lehman And Miss Schmidt Wed In Kansas

Of interest to a wide circle of friends is the marriage of Werner Lehman, son of Mr. and Mrs. John Lehman, Gray, Okla., to Miss Edna Schmidt, daughter of Mr. and Mrs. E. C. Schmidt of Amherst, Colorado.

The vows were read on January 5 at St. Francis, Kansas. Miss Phyllis Niernan and Elmer Patton of Denver were the couples only attendants. Also witnessing the ceremony were the bride's parents and her sisters, Miss Lorraine Schmidt of Denver and Miss Rose Marie Schmidt of Amherst.

The newweds visited relatives and friends at Amherst before going to Denver, Colo., where they are at home at 1144 Pearl St.

The groom received his discharge from the Air Corps October 25, 1945 after almost four years service. He graduated from Perryton High School in 1938 and attended P.A.M.C. at Goodwill for a year. He was engaged in farming when he entered the service.

After dinner a number of the wedding's old friends called to visit and renew acquaintance. They included Mr. and Mrs. Sam Ballard, Mrs. O. E. Trolinger, Mr. and Mrs. Fred Dowers, Mrs. Burt Teague and Jerrilee of Baton, N. Mex., Mr. and Mrs. J. A. Graves, Elmer and Elaine, Mrs. R. C. Nichols, Russell Turner and S. A. Wilkerson.

Baby Chick Care Discussed by Huntoon Club

Selection, sanitation and feeding are the three fundamental factors to be considered when purchasing chickens to be fed out as broilers, Mrs. Wheeler told the Huntoon Home Demonstration Club which held its regular meeting on January 16 at the home of Mrs. J. O. Cook.

Mrs. Wheeler also stated that baby chicks should never be placed near or with grown chickens. When purchasing chicks choose them from the standpoint of selection and always get R. O. P. sired or approved birds, and in the long run it will pay dividends.

Sanitation is very essential in the success of raising good chickens. Start the sanitation program a week or ten days before the chicks are purchased. This will allow time to be in absolute readiness for the chicks. By using one-fourth can of lye to ten gallons of water a desirable germicide can be made with which to sterilize the brooder house.

Temperature in the brooder house should be 95 degrees two inches from the floor for day old chicks. It is very important to place plenty of fresh water in sterile containers before baby chicks at all times. When choosing the proper feed for baby chicks be sure to choose chick starter mash with 17.5 percent or higher content. Check the tag on the mesh bag to obtain complete information on the contents.

During the business session of the club the year books were distributed and it was voted to hold a "white elephant" sale to help finance the club activities for the coming year. Names were drawn to determine secret pals.

Mrs. Corwin Trosper gave an article on the life of Mrs. Clinton P. Anderson; Mrs. M. S. Hummer reviewed the life-story of Maggie W. Berry, mother of home demonstration work in Texas; and Mrs. George Graves gave some of the highlights in the life of Mme. Chiang Kai-shek.

A refreshment plate was served to the following members: Mesdames J. S. Thrasher, C. S. Nowlin,

Veterans' SERVICE BUREAU

EDITOR'S NOTE: This newspaper through special arrangement with the Washington Bureau of Western Newspaper Union at 1616 Eye Street, N. W., Washington, D. C., is able to bring readers this weekly column on problems of the veteran and serviceman and his family. Questions may be addressed to the above Bureau and they will be answered in a subsequent column. No replies can be made direct by mail, but only in the column which will appear in this newspaper regularly.

On the Job Training

Veterans' administration officials say there is a decided trend among veterans who are taking advantage of the provisions of the educational features of the G. I. bill to get away from college and university study in favor of on-the-job training for various trades. This trend was also noticeable following World War I.

As of December 1 there were 103,326 veterans taking on-the-job training or enrolled in colleges and universities and officials point out that if the heavy enrollment continues, many schools will be swamped with applications by the time the fall terms open in 1946. Disabled veterans are also taking advantage of Public Law No. 16 and as of December 1 there were 35,353 in training—24,126 in schools and 11,227 on-the-job trainees.

The veterans' administration has also announced that there are more than 87,000 veterans, an all-time peak, receiving hospital treatment and domiciliary care and with a tremendous increase hospital facilities are taxed to capacity.

Questions and Answers

Q.—My husband, who has been in the army for 28 months, who spent 19 months in France and is now in Japan, should be eligible for a discharge. Will he get one soon? He is a corporal and in the 54th Port. Co.—Wife, Scottsboro, Ala.

A.—Your husband is stationed in Kure, Japan, as of December 26, and the war department has no word on when his company will be moved home.

Q.—How many points will discharge a navy enlisted man and how are points counted for dependents?—Navy wife, Thayer, Mo.

A.—The navy allows 10 points for dependency, regardless of the number of children. On January 1, 1946, the navy point score dropped to 36 points for enlisted men and 43 for officers. The navy announced further one point cuts to go into effect January 15 and February 2.

Q.—My husband will have been in the army three years the 26th of December. He was recently sent overseas to Japan. He arrived there November 18. He is in the 32nd division. Will he have to stay there after the bill is passed in February that three-year men will be eligible for discharge, even though he is in the occupational army?—Mrs. L. R. M., Pocatongo, Iowa.

A.—The army says your husband is at Fukuta, Japan, and that high point men will be screened out of the 32nd division to be brought home as soon as transportation is available. They will make no predictions on the possible passage of the bill to which you refer.

Q.—My husband was a veteran of World War I, serving five months and three days. At the time he was to go overseas he became ill and remained in the hospital 114 days with pneumonia and measles and his right ear was affected. He cannot hear from that ear and has a medical record showing he was sick, but they won't give him a pension. He is 52 years old and the doctor says he is unable to work. Is there any way you can help get a pension?—Wife, Jamison, Ala.

A.—If your husband has made application to the veterans' administration for a disability rating and if he has been turned down, he has the right to ask for a review of his case. He also has the right to appeal the decision to a reviewing board of the veterans' administration. Suggest you write the nearest regional office of the veterans' administration about your husband's case.

Q.—My husband served a little over three months in World War I. He has been in the veterans' hospital at Wadsworth, Kans., two different times in the last two years. He is still weak and very nervous, unable to do but very little work and goes all to pieces. I want to know if there is any way we can get help.—Mrs. D. S., Gashland, Mo.

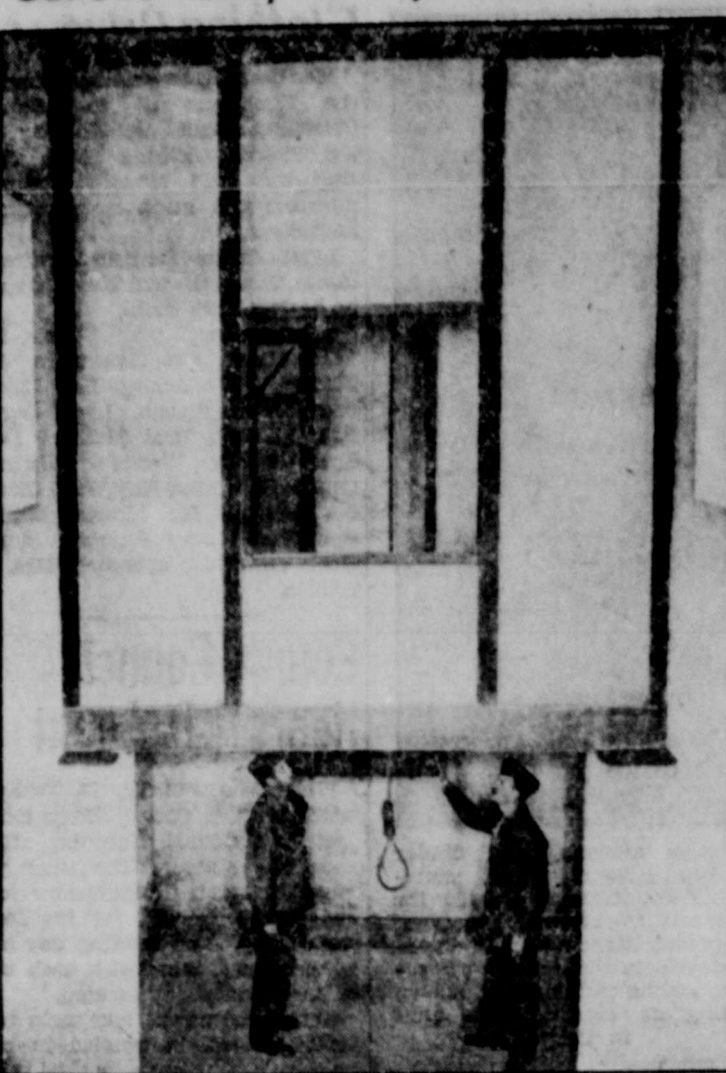

A.—If your husband is disabled as you say, you have the right to file for a disability rating with the veterans' administration and if given a disability he is entitled to a pension. Suggest you take the matter up with your nearest regional veterans' administration, probably at Kansas City.

Q.—I have been told that servicemen are entitled to a raise in their salary for overseas duty which would increase the serviceman's family allowance. My husband has been overseas 10 months. He is a 2nd class seaman. He had this rating when he went overseas and my allotment check has remained the same. Would like to know if I am entitled to any additional allotment since he has been overseas.—Mrs. E. W. L., Dutton, Ala.

A.—The navy department says there is no increase in allotment of navy men when they go to sea.

Sophomores Lose

The seniors downed the sophomores 45-3 Friday afternoon in the gym in the third intermural game of the season.

Most spectators were yelling for the sophomores, but it didn't do much good. The seniors were out to win and they did. The game was refereed by Coach Murray.

Interstate Music Clinic Waco

Veva Jo Mitchell, Carol Lawrence and Jimmie Key will represent the Perryton High School Chorus at an interstate music clinic at Waco, Feb. 7-8-9. Mr. Lowe has sent in an application for J. C. Jones to play in the band, but has not received a reply.

The music clinic was organized especially for individual advancement of students of high schools all over Texas in the field of band, orchestra and choral work.

The Perryton representatives will sing with a chorus of 100. They will leave February 6. Miss Beth Floyd will accompany the chorus and join in the discussions of school music.

Need Is Seen For More Band Members

In the Perryton Public School there are three bands. The senior band has 30 members and is small according to the enrollment of PHS. They have made several appearances and have several more coming up in the future. They are scheduled to play in the assembly Jan. 25. On Jan. 31 they plan to give an all popular concert which will consist of many popular pieces. In April they plan to go to Placerville to a band contest which will include all bands in the Panhandle. The winner will be given honors, or the year 1945-1946. In the latter part of April there is going to be a clinic at W. T. S. C. which each high school band can send ten representatives.

Visit Rotarians

Richard Blackmore and Jerry Ward were visitors at the Rotary club January 17, 1946. Richard offered the blessing for the 40 Rotarians present. Jerry Ward played the piano for the group singing a solo for the program.

In the later part of the program, Jerry displayed and explained his collection of military soldier's patches.

Clifford Beck, Preston Scott and George Rupperecht were in Liberal Saturday evening to attend the Northern Natural banquet.

Baby Contest Pics To Be Published

The winners and runner-ups of the El Sombrero's baby picture contest will be published in the Jan. 31 edition of the paper. The pictures of four winners and 15 honorable mentioned will be published. Prizes will be given in high school assembly Jan. 24. Nothing but necessary news and pictures will be run in El Sombrero next week.

El Toro

We like these basketball games here lately but sometimes the game is not as interesting as the scenery on the sidelines. For instance: Beth T. and Russell R.; and Carol L. and Jim Bill D. seemed to enjoy the game Thursday night, but from where we stand their interest didn't stop at basketball.

Notice to Follett: Kenneth F. has been raving all week about a cute girl from Booker. It seems as though Follett has faded from the picture, but fast.

Barbara B. is getting worried because her name doesn't hit "El Toro" any more. We're waiting for you and "Jake" to break up, kid.

Carol L. is their any boy you don't think is cute? Her latest crushes are Bob U. and Kenneth F. Incidentally, you'd better settle down. Jim Bill thinks turn about is fair play.

Betty Jean, why have you been so unhappy lately? Could it be because "he" is coming home.

The P. H. S. girls have apparently gone "uniform crazy," namely over Paul D. He was seen with Ruth W. after the basketball game, and we heard they got along pretty swell!

Barbara P. seems to have quite a lot of affection for Raymond P. and vice versa. Don't you think they are a cute couple?

If you see Gene S. running around with red eyes, it's because his woman has left, but if you see Pat B. in the same condition, it's because Bill J. fouled out at the game Tuesday night.

Senior Play Is Scheduled Mar. 15

The Senior play has been chosen and production is scheduled for March 15. "What a Life" by Clifford Goldsmith is the play's title. It will probably be cast February 11 and 12. The cast will consist of 10 women and 8 men.

Mr. and Mrs. A. K. Wooten returned Monday evening from a week's visit with his sister, Mr. and Mrs. Wm. Butler of Enid, Okla. and with their daughters, Mr. and Mrs. E. C. Reynolds and family and Mr. and Mrs. Ira M. Hutchins at Wichita, Kans.

Wagon Wheel King And Queen Contest

A contest which will determine the king and queen of the Wagon Wheel was begun, Wednesday, Jan. 23. Contestants from the four high school classes are: seniors, Richard Morgan and Madeline Mitchell; junior, Barbara Fletcher and Vernon Flowers; sophomore, Lenis Fern Wright and David Hummer; freshmen, Bunny Fletcher and Janet Ranson.

Votes are one cent each, and funds derived will be used for improvements at the Wagon Wheel.

The contest will end January 29 and the coronation ceremony will be February 1 at the Wagon Wheel.

Students To Aid "March of Dimes"

The Student Council of PHS is planning a program to raise money for the March of Dimes. The program committee consists of Marjorie Hummer, J. C. Jones, Kenneth Fuller, Rita Ann Hurter, and Merle Cudd. Students are asked to cooperate with this committee in arranging a variety program for this worthy cause.

B. L. Barnes, Jess Russell, Claud Allen and Ellis Kelly are spending the week at Corpus Christi deep-sea fishing.

Meet the Seniors

RICHARD MORGAN was brought into the world in 1927 at Perryton. He has blue eyes, brown hair and weighs 150 pounds. He is five feet, light and one-half inches tall.

His favorite sport is tennis. The show he liked best was "Kings Row." Alan Ladd and Esther Williams are tops in the cinema world. As for "eat's", fried chicken is by far the best food ever cooked.

He plans to join the army after graduation.

HAROLD MANNING was born in Mutual, Okla., December 15, 1927. He is six feet and one inch tall, weighs 168 pounds, and has black hair and brown eyes. His favorite in the way of food is banana pudding. Football is at the top of the list in sports, and Peggy Ryan and Jack Oakie are his favorite actors. He plans to go to Texas Christian University.

Dave Shanks Back Standard-Times

Dave Shanks, formerly a reporter for The Standard-Times, has received his honorable discharge from the Army and rejoined the editorial staff as livestock reporter. He will provide most of the livestock news for "The Top Of The Windmill" column.

Shanks, who was a sergeant in the counter intelligence corps after serving in the field artillery, first joined the staff of The Standard-Times in September, 1938. He volunteered for military service in January, 1942, and after seeing duty in the States was overseas for 36 months. He was stationed at various times in Hawaii, Leyte, Philippines, Okinawa in Ryukus, and his last assignment was with the Army of Occupation in Korea.

Shanks is a native of Perryton, in the top of the Panhandle, where his parents, Judge and Mrs. Dave Shanks, live. He attended the Perryton schools, graduating there. Later he was a student of Texas Tech, Lubbock where he took an idea he wanted to be a newspaper man. He transferred from there to the University of Missouri at Columbia where he received his degree in journalism in 1938.

On Oct. 3, just about a month before he was sent overseas, Shanks and Miss Kathryn Winkler, Austin, who was a teacher in Junior High School here, were married in San Antonio. They are making their home at 1212 Austin St.

Shanks is well qualified for the new job he is undertaking, having spent most of his life in the cattle and sheep country. He will be making many of the livestock shows, sales and other meetings having to do with West Texas agriculture, the cattle and sheep business.—Standard-Times, San Angelo.

Al Boyd, World War II veteran, is a patient in the Amarillo Veterans Hospital. C. N. Reeder took Mr. and Mrs. Boyd to Amarillo when Al entered the hospital about two weeks ago.

Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic, arthritis or neuritis pain, try this simple, inexpensive home recipe that thousands are using. Get a package of R-F-C Compound, a 2 week supply. Mix it with a quart of water, add the juice of 4 lemons. It's easy, pleasant and no trouble at all. You need only 3 tablespoons two times a day. Often within 48 hours—sometimes overnight—agony is relieved, drained. If the pain does not quickly leave and if you do not feel better, R-F-C will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee.—R-F-C Compound is for sale and recommended by SANFORD DRUG CO. Horton Kinder, Fifth Army Vet Gets Discharge

Horton L. Kinder, veteran of the fifth Army who was awarded the bronze star medal and the purple heart, has returned to the states and received his discharge Jan. 3 at Ft. Sam Houston, Texas. Kinder plans to make his home here and is with his parents, Mr. and Mrs. W. C. Kinder who live in the Farnsworth community.

HORTON L. KINDER

He served in the 91st approximately 20 months and saw duty in both Italy and France. He received the bronze star medal for heroic achievement, in action on July 8, 1944 near Cecina, Italy. During an attack on that date, Kinder and two other soldiers went forward to clear a house believed to be occupied by the enemy. While his comrades covered him, Kinder crawled to a window and heard German voices inside the room.

Rushing to the doorway, he kicked it open and emptied his automatic rifle into the room killing three of the enemy the citation related. He then searched the house and signaled to his company to continue the advance.

Pfc. Kinder enlisted in the Infantry June 4, 1943 at Lubbock and reported to Ft. Sill, Okla. for duty. At that time he was employed by Harold Simpson at Farnsworth.

Clyde Jones left Thursday evening for Ladonia, Texas where he will visit his parents before he enrolls this term at A & M College Station.

Ziegfeld Follies—Tokyo Version

This is a scene in the Butterfly Dance number of a current musical extravaganza in Tokyo, one of the first musicals in Japan in four years. The production has a Ziegfeld touch—kimono giving way to tights, blouses, evening gowns. The photographer found the show tucked away in a building where balloons to carry bombs to the U. S. were made during the war. Billboards had off-limits signs camouflage the place.

SERVING IN PACIFIC—Cpl. Calvin B. Morgan is now serving as a chaplain's assistant in the Philippines where he is stationed at Manila. He entered service at Ft. Sill, Okla., in February of 1945, and received special training at Camp Fannin before leaving the States for overseas duty in August. A graduate of the Bethany, Okla., high school with the class of 1943, he is a son of J. W. Morgan of Gray, Okla. Prior to entry into the armed forces he was engaged in farming with his father.

Aboard U.S.S. EURYALE—Lewis LaVaughn Evans, fireman, second class, 111 North Main served aboard the submarine tender U.S.S. Euryale in the Pacific during the war. The ship is a floating industrial plant, equipped to service and repair submarines. During the war she succored subs at Pearl Harbor, Milne Bay, Manus, and Perth, Australia. More recently she has been stationed at Saseboko, standing guard over what is left of the Japanese fleet of submarines. Evans volunteered March 19, 1943, at Roswell, N. M., and was called March 24, 1943, and received his basic training at San Diego, Calif. He is a son of Mrs. Jennie Evans.

Mr. and Mrs. Vance Apple and children were in Amarillo over the weekend to visit her parents, Mr. and Mrs. B. B. Kent.

Mrs. Lavan Pattison, Mrs. Ralph Pattison and Mrs. Jess Russell were Saturday dinner guests of Mrs. B. L. Barnes and Lola Belle.

Christian Science

"Truth" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, January 27.
The Golden Text is: "The Lord is good; his mercy is everlasting; and his truth endureth to all generations" (Psalms 100:5).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thy righteousness is an everlasting righteousness, and thy law is the truth" (Psalms 119:142).
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Christian Science brings to light Truth and its supremacy, universal harmony, the entireness of God, good, and the nothingness of evil" (page 293).

SUNDAY SCHOOL LESSON

All Should Make Offerings in God's 'Large Cathedral'

The International Sunday School Lesson for Jan. 27
Scripture: Exodus, 24-40, especially 28:1; 35:4-9, 20-29

THE Scripture for this lesson in verses 20-29 of the 35th chapter of Exodus is very remarkable, considering the times out of which it comes, and is worthy of careful observation of its significant phrasing. It relates to crude times, of worship in a tent, far ante-dating the splendor and magnificence of the Temple of Solomon, or the immense grandeur of the Temple of Herod.

Note the phrasing: it tells how "every one whose heart stirred him up, and every one whom his spirit made willing" brought offerings for the work of the tabernacle of the congregation. It was a consecration on the part of all, both men and women, of the best that they had to offer, and of the best that they could do—for they brought not only the dyed stuffs of blue and purple and scarlet, and the things of linen and goats' hair, and fine woods and skins; and the women not only brought their jewelry, but they brought also the work of their hands, the things fashioned in wood and metal.

Willingness was of the essence of all that they gave, and willingness is at the heart of all true worship. The high level of worship, however, is not all reached in giving, not even in voluntary giving.

The truest adornment of cathedrals and churches must always be the souls of sincere worshippers.

But worship in spirit and in truth is not giftless worship. The measure of our inward devotion is often the extent and depth of our outward gifts. Is not this particularly true at the present time, when throughout the world there is such dire need and suffering? If religion at its highest consists of love for God and our fellowmen, its needful expression is in the things that will feed the hungry, clothe the cold and naked. It is in this large cathedral of God's world that we must with willing spirits and hearts "stirred up" make our offerings ample and effective today.

MANY TIME-SAVING IDEAS IN GUIDE AVAILABLE TO LOCAL FARMERS, HOME OWNERS AND POULTRY RAISERS

A check list, or planning chart, which farmers say is of great help to them in increasing the efficiency of their farms, is one of the features of a 64-page booklet entitled "Sinclair Farm Time-Savers", now being offered without cost by Sinclair Refining Company.

The booklet includes a variety of practical and proved ideas for making the farm more profitable, more modern and easier of operation. The purpose of the booklet, according to the introduction, is to help make the most of new methods and materials that will make any farm, large or small, a better place to work and live.

The booklet gives a lot of basic information, such as the best way to mix cement, how to make electrical connections, how to protect and care for farm machines, how to build simple pieces of farm equipment, and improvements in the farm home.

In addition, it covers such subjects as better care of animals, first aid for animals, useful ideas for poultry raisers, insect control, household conveniences, painting of farm buildings, sewerage and water disposal, special jobs for tractors, water systems, weather forecasts, and countless modern "tips" to save time and money around the farm.

Boyd, Oklahoma

A little mist of rain Friday afternoon and some snow east of us Saturday. Our nights are plenty cold.

Commissioner Phelps was a visitor in our neighborhood and Hardisty two days last week.

Wm. Carter, Hardisty, and Joe Claybrook brought Rudolph Dethlefs to the latter's home Friday

where he has been resting very well. Mr. and Mrs. Howard Trimmel were shopping in Perryton Saturday.

Mr. and Mrs. Vic Hall were in Hardisty Thursday.

Jay H. Pierce and sons called at Ed Claybrook's Wednesday.

Debs Riley and son, Gene were out rabbit hunting Friday evening. George Symons, Perryton, spent

Friday evening and night with Ed Claybrook.

Mr. and Mrs. Alton Reimann and Jr. were here from Liberal Sunday. Mr. and Mrs. Alice Wahl were happy to have their younger daughters, Mrs. Carter and Mrs. Pugh and families visit them Sunday.

We called at the Wahl home Sunday afternoon.

Drake Constructs New Station Bldg.

Another new business building under construction on Perryton's main street is a 30 by 50 foot service station being erected by J. P.

Drake. The building is of frame construction and will have a station exterior. John Williams is in charge of carpentry. Occupancy is expected around Feb. 1, it was said.

Mr. Drake, veteran service station man and for many years operator of the Phillips "66" station at this location, north of the City Park, stated that the more spacious quarters will enable the station to render more and better service to patrons than in the past.

Mr. and Mrs. L. H. Kaup left Thursday for an indefinite stay in California. They will visit Mrs. Kaup's sister, Mrs. I. L. Edwards and Mrs. Vern Stotts while there.

For The

Jeoffroy Soil Control Cultivator

In Line With Our Long Established Policy — The Perryton
Implement Co. Handles Nothing But The Best In Farm Equipment

Many Purposes

The Soil Control Cultivator has an unlimited number of uses. It is so designed that it will perform practically all of the work required on a well operated farm. It has and will do the toughest jobs beyond criticism.

PREVENTS SOIL EROSION

Primarily, The Soil Control Cultivator was designed to combat soil erosion by wind and water. This is brought about by two main functions: first, by conserving your moisture as it falls, where it falls, giving an even distribution of moisture in the soil, and secondly, by the fact that it does not pulverize the soil, thus making the land far less subject to blowing. Clouds tend to come to the surface and the finer soils tend to go to the bottom of the deep furrows. This action is explained by the vibration of the double duty spring shanks. This Cultivator cannot be compared with standard machines of weaker construction.

STUBBLE LAND - AFTER HARVEST

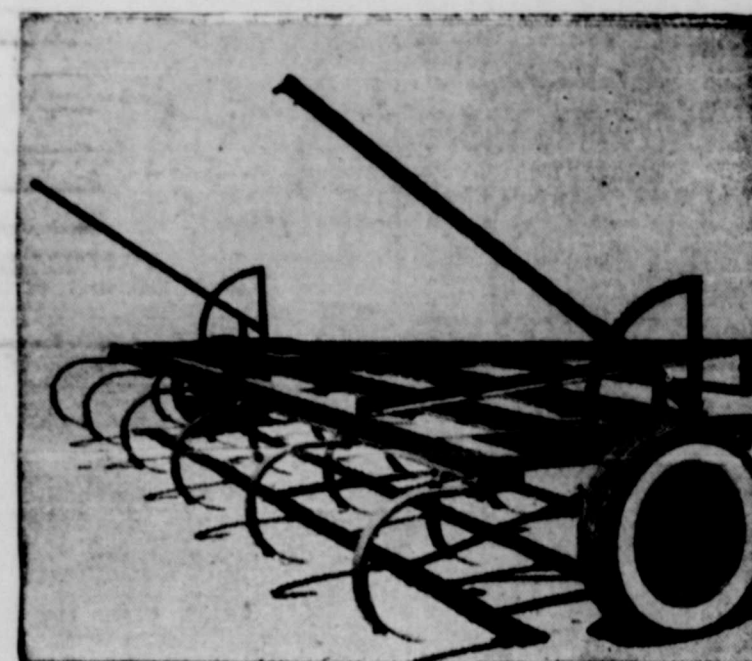

The Soil Control Cultivator is very useful in stubble land immediately after harvest. It has ample room to prevent clogging, a very essential feature. The Soil Control Cultivator has More Clearance Than Any Machine On The Market At This Time. By using the two-inch "chisel" points as deep as possible, the land is put in shape to take and absorb all summer rains. This operation will bring up the volunteer wheat and then the 16-inch sweeps may be used to kill the volunteer wheat and the growth of weeds that are sure to come. When the sweeps are used the growth is destroyed with a minimum loss of moisture, and the cost is very low compared with methods used in the past.

SUMMER FALLOWING

The Soil Control Cultivator is unexcelled in summer fallowing. The land can be chiseled deep enough to conserve your moisture and in turn the Cultivator can be used to keep the land cleared of vegetation. Due to the unusual light draft of this machine, the cost of operation is cut to a minimum. You not only do these jobs cheaper, but better and more efficient.

THEY PAY THEIR WAY

The Soil Control Cultivators in actual use have paid their way by what they have saved.

You Need This Cultivator

We are all aware of the fact that during the past few years we have had subnormal rainfall and adverse conditions for wheat production. This is a condition that no one wants or can be responsible for, but the thing for us to do is to utilize every effort of the soil experts who have spent much time and money in an attempt to remedy this situation. It is logical that by conserving what moisture we do get, as we get it, and by cutting down the cost of production, we are in better position to defend ourselves against abnormal conditions.

We sincerely believe that we have designed a piece of machinery that is outstanding for the demands and needs before us. We have placed on the market a machine that has quality plus, and that has proven to be worthy of its name. Our many users testify that this machine is unexcelled in bringing about the desired results.

Specifications

FRAME

The frame is electrically welded, making it one-piece, free from friction or vibration. The three extra heavy H-beams run parallel and are secured at both ends by heavy channels. The rear beam extends outward to carry a foot piece or shank behind the wheel, plowing out all wheel tracks. This added feature is yours at no extra cost.

HITCH

The hitch consists of four heavy angle irons, each having a straight pull, and an equal draft on either of the three members of the frame. This bridge-like construction will save time and money in the future.

SHANKS

These heavy duty shanks are special alloy steel and electrically heat treated, and carry an unconditional guarantee against breakage (without question). They have a hook on the end and can be readily spaced to any desired width. A patented clamp secures them on the bottom or top of the H-beam. There is also a patented arrangement on the foot piece so as to use any standard shovel or sweep on the market. This means a big saving over a period of years. The size of these springs is 3/4 x 2".

AXELS AND WHEELS

A special heavy duty implement wheel is used on the Soil Control Cultivator. It can be loosened from the hub by removing six bolts.

The axle is made of 1 15/16" cold rolled shafting and is machined to use Timken bearings. These bearings are packed with special grease which should last one season. In the hub there is a triple grease seal making the hub dust proof. The bearings are of popular size and can be bought for \$2.25 per pair if replacement is ever necessary.

OTHER INFORMATION

The Soil Control Cultivator has a lift of 10 to 12 inches above the ground which makes it convenient to move from one field to another. The lifting ratio has been increased on the levers, making it easier to lift a plow of this size out of the ground.
