THE PROPOSED LONE WOLF PARK.

Plans are Being Formulated for the
Creation of a Park that will
Mean Much to Colorado.

The Record of two weeks ago had something to say regarding the damming Lone Wolf creek and the creation of a park and driveway around the lake that would result therefrom. No town of any pretensions or claim to modern sanitation, social or material economics, but is now giving this question of public breathing and pleasure places.

They are no longer merely resorts of pleasure for the people seeking recreation, but have become a necessary form of diversion. Pleasure and entertainment are as vitally necessary to the highest and best human and social development as any other element. If the good and wholesome are not provided, the vicious will in the end be seized upon.

No form of recreation has proven better, giving such perennial pleasure to as many people of varying ages and tastes, as the public park. Wealthy citizens of different localities have crowned the philanthropic work of their lives by giving to the children and grown-ups of their communities, such places of permanent and increasing pleasure. The need of such a place of public pleasure and entertainment, has been apparent to every observant citizen of Colorado for many years. From time to time the proposition has been considered in a tentative sort of way, but until now nothing has materialized. The growing realization in West Texas, however, that water is capital, has, in conjunction with the need of a park, afforded a new and more practical aspect of the proposition. The town in this section with an abundant supply of good domestic and manufacturing water, has latent capital at its command that only waits to be turned into fat dividends.

The throwing of a dam across Lone Wolf creek has been considered for some time, but no one or party of citizens have ever taken the matter seriously in hand. At one time the T. & P. railroad broached the matter of joining with the people of Colorado in damming the creek, for the purpose of using the water for its engines, but some obstacle intervened between the conception of the project and its accomplishment.

Now, however, the matter has been taken in hand by Mr. W. W. Watson, with the backing of the commercial club, and steps have been taken to promote the enterprise upon a sound basis. A survey has been made for a thirty foot concrete steel reinforced dam, which will cost approximately \$13,000. An option has been secured upon the land that will be submerged by the water and also that needed for park and driveways.

The location of the dam as proposed will be at the east end of Fourth street and will back the water beyond the bridge across the creek on the Snyder road, giving a depth of water from twenty-five feet to forty feet in the low places and holes. This would not only give abundant water for all manufacturing and pleasure purposes, but would afford sufficient head to supply the locomotives on the railroad.

Around this lake will be a park, containing splendid shade trees, rugged scenery and all the accessories that go to make such a place a delight to both young and old. The lake will be stocked with the finest game fish, boats, boat and bath houses provided, with a pavilion for all kind of amusements and entertainments. Around the driveway for vehicles and automobiles—in short an ideal speedway will be provided. A ball park will be not the least of the improvements contemplated.

It is proposed to promote a joint stock company for the building of these improvements. Mr. Watson, on whose land the proposed improvements abut, and about thirty acres of whose land will be requisitioned, proposes to sell the required land to the company, and take stock to the amount. There are others who are anxious for a generous amount of the shares of the stock, but enough will be offered in shares of \$100 to give the general public an opportunity to share in the pleasure and profit of the enterprise.

Lone Wolf creek has not only a large water shed (sufficient to fill the lake with one big rain) but is fed by good, clear fresh water springs, which would keep the lake up to a normal

level even in a drouth. This lake would be practically inexhaustible and would be of untold benefit to the town. Such a water supply would attract other enterprises. It would be a big inducement for railroads and factories of every description.

A resort of this character, in a few years would attract visitors from over the entire state, people who are looking for a nice place to spend their summer vacations, or a temporary place to try the climate of west Texas. Water could be furnished the T. & P. Railroad, to be hauled in tank cars to supply other towns, which they have to do now, and from greater distances.

The Record's opinion is that this is now the best move that Colorado can make. Let us all get together on this and put it through. It will make Colorado and Mitchell county famous, and the men who put their money into it will always have the property, which will be well worth what it cost and no doubt a great deal more.

Special Notice.

Since the inside of this paper was printed, notice has been received that Bishop Key of Sherman, Texas, will preach at the Methodist church next Sunday morning, and the same appointment will stand for the services at the tabernacle on night.

Services at Baptist Church Sunday.

Rev. Oscar W. Dean, pastor of the Baptist church at Hereford, Texas, will preach at the First Baptist church next Sunday morning. Every member of the church is urged to attend this service, and the public in general is most cordially invited also.

Hon. W. R. Smith Congratulated.

Amid preparations for departure for the summer, Congressman Wm. R. Smith of the Sixteenth Texas district was the recipient of many congratulations from his colleagues on his appointment as interstate and foreign commissioner of commerce to fill the vacancy caused by the resignation of Judge Russell. Speaker Cannon named Mr. Smith to the place on the recommendation of the Texas delegation.

Committee Returns from Robert Lee.

The committee which went to Robert Lee for the purpose of conferring with a similar committee at that place, consisting of Dr. Coleman, C. M. Adams, Ernest Radford and J. A. Buchanan, returned Wednesday morning much the worse for wear, tear and hunger. On the return trip they were caught in the rain and stuck fast in a mud hole about fifteen miles south of town, where they were compelled to spend the night in the automobile, being pulled out by a kind hearted farmer next morning and sent on their way.

They report that the people of Robert Lee are just as enthusiastic about the road as ever and will do all they can to build it. On behalf of the people of Colorado, the committee from here promised to meet them half way. The matter will therefore be discussed de novo before the people of Colorado, who will be asked to renew their subscriptions on an entirely new basis. This report of the committee came too late to be given as lengthy notice as its importance deserves. It will therefore be discussed at greater length next week. In the meantime talk up the road to everyone you meet.

Mr. and Mrs. T. H. Hubbard of Sweetwater were Colorado visitors this week.

For the Carnival

Pure Ice Cream, Orange Ice,
Lemonade, Limes, Coca Cola,
Dr. Pepper, and everything
good to eat and drink.

Flags, Horns, Rubber Balls,
Canes and Fire Works at

Arbuthnot's

Prohibition Speaking.

at the Carnival Grounds
at 3:00 o'clock p. m.

Saturday July 2

Rev. Arthur W. Jones, one of the strongest prohibition speakers of the State of Texas, will address the citizens of Colorado and Mitchell county at the Carnival Grounds Saturday, July 2nd, at 3 o'clock p. m.

Everybody is urged to hear him.

If in the hurry of my departure, any

bills against me were overlooked, a great favor will be conferred by forwarding same to me at Vernon, Texas.

HOLMES NICHOLS.

On Wednesday night at the Baptist church, the services took the features of a farewell by the pastor to his people. Mr. Nichols was at his best on this occasion, and a spirit of brotherly love and religious enthusiasm prevailed.

J. E. Pond, schoolhouse contractor, billed his household goods back to Colorado Tuesday, and will move his family there this week. He is shipping his working tools to Big Springs where he is contracting the work on the new Baptist church.—Coahoma Courier.

Your ad in the Record will get results.

THE ORIENT CASE.

The case of the city of Sweetwater vs. the Orient, to make them keep their shops and general offices in this city as per contract, is now in the hands of the judges of the Court of Civil Appeals, and it is likely that a decision will be handed down by the close of the week. This case is being looked closely after by both Sweetwater and the Orient and there is likely to be another appeal in case that Sweetwater is favored with a decision in the Court of Civil Appeals, and in case the court reverses the present findings of the lower court, the case will be brought back for another trial. Sweetwater has the right side of the question and if there has been no error allowed in the petition to the Court of Civil Appeals we know that they will most likely hold the contract is binding and demand of the Orient to fulfill same.—Signal.

Hon. S. D. McEnry, formerly governor of Louisiana, and for many years up to the time of his death, United States Senator from that state, died at his home in New Orleans Sunday, in the 74th year of his age. He will be succeeded in the U. S. senate by Governor Jared Sanders.

Rev. J. Gilmore Smith, who is now engaged in work in the Brownwood presbytery, visited his family here this week. He speaks well of the progress of his work.

J. H. Cox of Carbon, Texas, is visiting Lee Jones and family.

Doss' Kidney Pills—Guaranteed.

Little Sam Scott was bitten by a dog Wednesday, but it is thought no serious results will follow.

For Buttermilk phone 264.

BALLOON ASCENSION.

The weather being favorable, the balloon ascension will occur promptly at noon each day during the carnival. Don't forget this announcement.

For Sweet milk Phone 264.

A wire was received Wednesday morning announcing that Mrs. Byrd Craig, the only sister of Chas. M. Adams died at Selma, Ala., Wednesday Morning at 7:30 and was buried on Thursday morning at 10 o'clock. Mr. and Mrs. Adams left for Alabama, Wednesday night.

Order for Election.

Pursuant to an order of the City Council of the City of Colorado, Texas an election is hereby ordered of the property tax-paying voters of said city, to be held in said city, at the county court house, on the 2nd day of August, A. D. 1910, within legal hours prescribed by law, to determine whether said city shall adopt the provisions of Chapter XIV of the Acts of the Second Called Session of the 31st Legislature of 1909, relating to imposing the whole cost of sidewalk improvement on the owners of abutting property, etc. Resident property tax-paying voters within said city, only are eligible to vote at said election.

F. M. BURNS

Mayor Protem.

KEATHLEY,
City Secretary.

C. C. PORTMAN IS KILLED.

This community was shocked Sunday evening to learn that C. C. Portman, living on the Hagler place in the Buford community, had been killed by shooting.

Not until Monday morning was there an official investigation of the affair, when several witnesses were summoned before Justice Fred Meyer in Colorado. At the suggestion of County Attorney Leslie, the Court repaired to the scene of the shooting and made such observations and investigations as it was able. After hearing the testimony of those summoned as witnesses, a warrant was issued by Justice Meyer, for the arrest of William Hagler, son of the man from whom Portman had been renting, charging him with the death of Portman by shooting. Mr. Hagler was admitted to bail in the sum of \$3,000.

What few facts there are in the case are so meager that no conclusion can be reached at this time. It seems that Portman and Hagler seeing rabbits in the garden, the latter took up a gun and they repaired in that direction. In a few moments the shot was fired that ended Portman's life. The ball struck him just below the heart line, on the right side and came out on the opposite side of the body, having passed entirely through. The bullet was badly battered, the end turning back in the shape of a champagne cork, giving rise to the supposition that it had struck a rib and been deflected from a straight line.

The body was embalmed and shipped to the former home of Portman, at Van Alstyne, Grayson county. A brother of the dead man, not knowing of the shipment of his brother's remains, arrived in Colorado Tuesday morning, for the purpose of looking after his crop and other effects.

Mr. B. F. Teague, candidate for state comptroller, was a Colorado visitor Wednesday, in the interest of his candidacy, and made a good impression on our people. Mr. Teague has been chief clerk in the office to which he aspires, and is thoroughly familiar with the duties and history of the office.

President Taft announces in terms concise and tones that are frigid, that the old "pork barrel" system of appropriations for river and harbors is now but a memory. New and revolutionary policies are on tap.

There was a Cone Johnson rally at Abilene last Saturday, when the faithful from several of the West Texas counties gathered to endorse for their candidate. Those who went from Colorado report a regular political sacrament. Dr. Rankin, Dr. S. P. Brooks and Arthur Jones, made ringing speeches. The rally was presided over by our fellow townsman, Dr. P. C. Coleman. The Colorado contingent consisted of Dr. Coleman, Judge Coe, L. C. Dupree, W. P. Copeland, J. M. Dorn, Ed. W. Smith, and Mr. Donaldson. A more aggressive campaign for Mr. Johnson was determined upon, which will begin at once.

HERBERT HINTS.

The health of the community is very good at present.

Everybody has taken off the long face they have been wearing, since the fine rainfall of Sunday. We had a two inch rain in this vicinity.

Preaching Saturday and Sunday was well attended, especially on Sunday. The house was too small for the crowd that was present. Dinner was served on the ground for all present. This was Children's Day and the exercises began at two o'clock. They were nicely conducted, and each number well rendered. The visitors present were too numerous to mention.

If you don't see Herbert well represented at the big celebration at Colorado you will know they are busy in the crops, since the fine rain.

Mr. T. H. Halbert has been employed to teach the Herbert school again. This is his third term at this place.

SWEET SIXTEEN.

Hon. G. C. Rankin, Washington, D. C.

Men in high life, who are at a constant nervous tension, soon suffer from indigestion. Hon. George C. Rankin formerly of Monmouth, Ill., now holding a high position with the government at Washington, became afflicted in that way. He wants it known that he cured himself with Dr. Caldwell's Syrup Pepsin, and recommends it to others similarly afflicted. It is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by all druggists at 50c and \$1 a bottle.

Sam C. Wilkes, Jr., Marries.

At Big Springs, Texas on June 29th, Sam C. Wilkes Jr., of Post City and Miss Ira Kinney, of the former place, were married. Mr. Sam C. Wilkes Sr., and wife, together with William Wilkes and wife and Andrew W. Coggin and wife, passed through Colorado Tuesday on their way to Big Springs to attend the ceremony. The entire party returned to Post City via Colorado, to attend the opening day of the Mid-Summer Carnival.

The Wilkes family formerly lived in Colorado, and till this good day the people of Mitchell county have not adjusted themselves to the fact that they really live in Garza county. The esteem in which they were held by all who knew them here, will ever be a bond of attachment between them and Coloradans.

Sam Wilkes Jr. is a chip off the old block, and possesses all the winning characteristics of his sire, with whom he is associated in business at Post City. Miss Kinney is a resident of Big Springs, and for some time past has been the efficient stenographer for the Double U. Company at Post City. The happy couple will make their home at the latter place. In common with the multitude of friends of the family in Mitchell county, the Record wishes for the happy twain all that life can hold that's worth while.

"Never Had a Sick Day."

You hear lots of people say they never had a sick day in their lives. Ask them further and you will find out they never have constipation and that they can easily digest everything they eat. That is the keynote of health—perfect digestion, perfect elimination. To obtain these, use Dr. Caldwell's Syrup Pepsin, which cures all stomach, liver and bowel troubles in old or young. It is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free trial bottle to Pepsin Syrup Co., 119 Caldwell building, Monticello, Ill. It is sold by all druggists at 50c and \$1 a bottle.

Special Rates for the Carnival.

There will be a special rate put on by the Texas & Pacific road for the Mid-Summer Carnival at Colorado, of one and one-third fare for the round trip, between Abilene and Big Springs, limit to return July 3rd.

Chamberlain's Stomach and Liver Tablets gently stimulate the liver and bowels to expel poisonous matter, cleans the system, cure constipation and sick headache. Sold by all druggists.

THROW OUT THE LINE.

Give the Kidneys Help and Many Colorado People Will be Happier

"Throw out the Life Line"—The kidneys need help.

They're overworked—can't get the poison filtered out of the blood.

They're getting worse every minute. Will you help them?

Doan's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair.

Will cure any form of kidney trouble.

Mrs. Z. Mullens, near Court House, Big Springs, Texas, says: "I suffered from kidney trouble for several years and the doctor who examined me, pronounced it a severe case. However I managed to drag along week in, week out, but no one knows what misery I endured at times from a dull, bearing-down pain in my back. The secretions from my kidneys also caused me annoyance. Seeing Doan's Kidney Pills advertised, I procured a box and began using them. They helped me a great deal and therefore I do not hesitate to recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Gone to Robert Lee.

A special committee consisting of Dr. P. C. Coleman, Chas. M. Adams and J. A. Buchanan went to Robert Lee Tuesday morning by automobile, for the purpose of conferring with a committee of leading citizens of Coke county to see what can be done in furthering the promotion of the Colorado & Concho railroad. Such undertakings can not be accomplished in a few days or weeks, or even months, and both the people of Robert Lee and Colorado are looking well before they leap. That the road will be built eventually, there is no more reason to question than that any other road now projected in the state, will be completed.

Such an outlet is of vital necessity to the town of Robert Lee, and hardly less important to Colorado. After the failure of E. G. Hammock to comply with his contract, the people of Mitchell and Coke counties would not have hesitated to push the matter, if the crop prospects at that time had warranted going before the people with an enterprise requiring such an amount of money. Now that the whole aspect of the crop outlook has changed for the better, confidence and courage have come with the change. The fortunes of the road have taken on brighter colors and the prospect for its construction were never so encouraging.

Post on Post City.

As there are many people in this section who have expressed an interest in the development of Post City, with the idea of considering a home there, the following improvements ordered by Mr. Post will doubtless prove of much interest:

Battle Creek, Mich., 6-7, '10.

Editor Post, Post City, Texas. Dear Sir:—You were kind enough to invite me to use your columns to say a word to the people of the county and town, but while I was in Post City the press of many matters prevented me from accepting the invitation. Since our return we have spoken frequently of the thrifty condition of Garza county and the little town. Everything looks favorable this year and most prosperous. The chances are that the residents of that town and county will be able this year to make good some of the losses of partial failure of crops last year.

I left instructions to build twenty-five or thirty more residences and a few more store buildings, also a steam laundry, and we are now working on plans for a warehouse and elevator. I think the people will all be interested in the lake which we can expect on the "Two Draw Tank" just north of town. It will cost somewhere about \$2000 to raise the dam and make it thoroughly substantial and high enough to back the water over an area estimated about one mile from one point around to the other. When this fills with water it will make a very nice lake suitable for small boats and we are now arranging with the government to stock it with fish. I have given instructions to set out a nice little grove of trees, and later on we expect to put in a few bath houses. It will ultimately be a very attractive spot, I believe.

Instructions have also been given to line all the streets in the southwest quarter of the town with trees, also to set 100,000 locust trees out west of town along the main line of the water pipe. The trees along the drive, or boulevard, some people see fit to call it, from the city up to the cap rock, about three miles, are growing and in a few years will make a

fine looking place. I think the handsomest road anywhere in west Texas.

Instructions have been given to begin the erection of the second reservoir. The new one to be made of reinforced concrete and to hold two million gallons of water. We hope to have a sufficient quantity of water to lower the rate and make it economical for use on lawns, yards, trees, street sprinkling, etc.

Take it all in all, the town and country present a very prosperous appearance. I want to urge the citizens of the county to accumulate a stock of breeding hogs as fast as possible for as soon as hogs are raised to warrant, we want to establish a packing plant and produce right in Garza county, hams, shoulders, sides, etc., for home consumption as well as out shipment.

Soreness of the muscles, whether induced by violent exercise or injury, is quickly relieved by the free application of Chamberlain's Liniment. This liniment is equally valuable for muscular rheumatism and always affords quick relief. Sold by all druggists.

—O—

For pure cream phone 264.

Announcements.

We are authorized to announce the following named candidates subject to the action of the Democratic primary, July 23.

REPRESENTATIVE 101 DISTRICT.

BURNS & BELL

LOCAL NOTES

In these long torrid days, don't neglect to give the young baby which cannot voice its thirst, plenty of good water to drink. You cannot give it more than it craves.

Everybody Satisfied

Who has tried Dr. Bell's Pine-Tar-Honey for coughs, colds, grip or throat or bronchial trouble. Get a bottle today. Look for the Bell on the Bottle.

Mrs. Willard Streetman and children of Fort Worth, and Mrs. W. B. Streetman of Cleburne, are visiting the family of Dr. B. F. Dulany.

Quite a number of Cone Johnson supporters went to Abilene Saturday to attend a rally in his behalf.

The world's most successful medicine for bowel complaints is Chamberlain's Colic, Cholera and Diarrhoea Remedy. It has relieved more pain and suffering, and saved more lives than any other medicine in use. Invaluable for children and adults. Sold by all druggists.

Mr. T. H. Roe returned from Fort Worth Saturday morning.

Mrs. Dr. Cook, who with her husband formerly lived in Colorado, but now of Clyde, was a visitor at the home of Mr. and Mrs. Gustine Sunday.

Fifty-two scholarships enrolled during the first week is the record of the Roberts Business College in this city.

Friend R. H. Waldo adds to his multifarious duties of a circumambulating commercialist, that of mail contractor. He has secured the contract for carrying the mail from Alpine, on the Pacific to Tesate about thirty five miles in the interior, which latter place is his home postoffice. Owing to the fact that the contract calls for only one round trip per week, and the further fact that some member of his family goes to the railroad every week he will add profit to convenience.

When the stomach fails to perform its functions, the bowels become deranged, the liver and the kidneys congested causing numerous diseases. The stomach and liver must be restored to a healthy condition and Chamberlain's Stomach and Liver Tablets can be depended upon to do it. Easy to take and most effective. Sold by all druggists.

George Oderholz and a select crowd of disciples of Isaac Walton. Will tempt the finny denizens of the Concho for a few days, leaving here Saturday night.

Why not attend Roberts Business College and prepare yourself for one of those good positions they guarantee?

Raymond and Jones Curry of Lancaster, brothers of Mrs. Chas. Pierce, are looking over west Texas. The latter says he has come to stay, and is delighted with what he has seen.

Mr. Bookkeeper, if you desire an increase in your salary why not attend the night session of Roberts' Business College?

N. T. Smith, who was tried at the past term of the district court on a charge of rape, and received a sentence of ten years, was allowed bail in the sum of \$5,000 pending the appeal of the case to the court of criminal appeals.

If you have a son or daughter, don't send them off to some commercial school. Right here in Colorado is as good business college as can be found in the state. Its guarantee is not so strong on getting the student a job, as in qualifying him to hold it—to make good.

James Dow of Seminole, father of J. L. Dow and Mrs. C. W. Simpson, spent a few days with his daughter here this week.

FOR SALE or EXCHANGE—160 acres of land in Jackson county, Oklahoma. See A. J. Beverage at St. James hotel or Roberts Business College.

The Dulaney building is in the hands of the finishers. The second story is divided into eight suits of rooms of two each, all opening upon a hall which extends the length of the building. It is the best ventilated and lighted office building in town, and the rooms will be in demand when finished.

Ads show which way the trade goes.—Watch them.

Makes Auto Trip to Dallas.

Judge C. H. Earnest, Mrs. Earnest and their four children arrived yesterday from Colorado, Tex., in an automobile. The children were Mable, Jeanette, Joe and Fannie Bess. The party left home on June 9th, going first to San Angelo for a visit to friends and relatives and then on to Austin.

In Dallas they were visiting D. C. Earnest, brother to Judge Earnest, and Mrs. C. D. Shaw, sister to Mrs. Earnest.

The roads they found in excellent condition and the crops everywhere they said are promising.

He had seen a lot of Texas and was well informed about the state, but he had found out more things on this trip about the bigness and the goodness and the variety of the state than he ever imagined the whole world could show. —Sweetwater Signal.

VAN TUYL RANCH.

We are glad to report that a good rain fell Sunday evening, which has put a different appearance on everyone's face. We are expecting now to make a good crop.

Mr. Taylor and family and Ed York and wife visited relatives at Hyton in Nolan county. They were accompanied home by Miss Kate Nyckles.

Mr. Chatman of Taylor county visited his son, W. L. Chatman of this community, this week.

Mrs. Emma Powell was a guest of Mrs. Eva Powell Tuesday.

The guests of W. R. Powell Sunday were H. C. Langford and family, Joe Langford from Colorado and J. L. Moore and family and Joe Powell and wife.

The cowboys are driving cattle to Roscoe to ship them.

The guests of Clyde York Sunday, were Mr. L. T. York, and family and Fred McCasland and wife.

UNCLE ANDREW.

Rev. Nichols and Family Leave.

Rev. Holmes Nichols and family left Thursday morning for their new home at Vernon. Probably no family has ever gone from Colorado carrying with them more fervent "God speeds," or left behind them more genuine regrets than this most excellent one. During the six years Mr. Nichols has been pastor of the Baptist church here, it has grown in numbers, become unified and aggressive in every good work, while the deepening of the spiritual condition has been manifest to all. His popularity and influence was by no means confined to his own people. Those of all the other churches, as well as those of no church, held him in highest favor. His uncommon common sense and innate appreciation of the eternal fitness and timeliness of things, gave him a hold upon the masses of the people, inspiring respect for the man, and then confidence in his assurances. Wherever the providence of God and the changes of fortune may cast him and his family, the Record shall ever treasure the acquaintance with them all as one of the greenest and most pleasant oases in the desert of our life.

Methodist Church.

The services will be held in the usual order next Sunday morning. Preaching at 11 a. m. by Dr. R. C. Armstrong of Fort Worth. Sunday school at 9:45. The Juvenile Missionary Society will meet at 3 p. m. There will be a union service of all the churches at the tabernacle at 8:30 p. m. Dr. Armstrong will deliver the address, Subject "The Sunday League of America."

W. E. LYON, P. C.

The fourteen year-old daughter of J. M. Green of the Union community, was brought in to the Alamo hotel Tuesday afternoon, and was operated on by Dr. N. J. Phenix, for appendicitis, Wednesday morning.

Teething children have more or less diarrhoea, which can be controlled by giving Chamberlain's Colic, Cholera and Diarrhoea Remedy. All that is necessary is to give the prescribed dose after each operation of the bowels more than natural and then castor oil to cleanse the system. It is safe and sure. Sold by all druggists.

The Wilkes bridal party returned from Big Springs Wednesday morning and stopped off to attend the marriage of Mr. William Bostright and Miss Sudie Nunn, which occurred that night at 8 o'clock. A more extended notice will be given next week of the marriage of these two popular young people.

Hon. C. B. Hooper of Westbrook was a county capital visitor Wednesday and reports that the rain fell in that favored locality to the entire satisfaction of the most exacting.

Doss' Kidney Pills—Guaranteed.

Chamoisette

Washable Gloves

The Season's Greatest Sensation.

Manufactured in Germany out of the famous German Chamoisette. "Great is Mitchell County, and The Record is its Prophet!"

COLORADO, TEXAS, FRIDAY, JULY 1, 1910

Pessimists and cynics cannot delude any country.—Chas E. Hughes.

It is estimated that the fake consumption cures cheat the despairing victims out of \$15,000,000 every year.

Thirty-three victims to sunstroke were reported in Chicago up to last week. New York had ten and Philadelphia ten last week.

It will cost \$200,000 to take the moving pictures of the big fight next week but how short a time for the holders of the right to recoup themselves.

Congressman Morris Sheppard has introduced a bill in congress, authorizing the postmaster general to investigate the practicability of an aeroplane mail line out of Washington.

It seems a bit unbelievable that in 1878 the town of Ysleta, fifteen miles south of El Paso, was the county seat and had 1,500 inhabitants, while "The Pass" boasted only 700 souls, all told.

"I want to be known as a private citizen. I am out of politics, for the time being, and want to spend the greater portion of my time with my writings."—Theodore Roosevelt.

The appropriations of the congress just expiring have amounted, in round numbers to \$1,000,000,000, of which fabulous sum \$50,000,000 were for waterways, and \$20,000,000 for public buildings.

The unloaded gun, in conjunction with the deadly set-screw and the natural born fool who rock the boat just to frighten women and children, are now to the front in the vaudeville of death.

Colorado will have its celebration of the ever glorious Fourth a trifle beforehand, but will be well over it before the festivities in other places begin. Abilene and Sonah are going to "put the big pot in the little one and make soup of the legs."

From this time to the morning of the 5th of July, when the news of the result of the fight between white-man Jeffers and nigger Johnson, even the Strenuous One and his stunts will have to take side column place, next to live reading matter.

Ye who stickle for the observance of the Sabbath: did you ever consider that it is just as much a violation of the fourth commandment to do nothing six days of the week, as to work on the Sabbath? Says the Book: "Six days shalt thou labor and do all thy work."

All the world cries, "Where is the man who will save us? We want a man!" Don't look so far for this man. You have him at hand. This man—It is you. It is I, it is each one of us! How to constitute one's self a man? Nothing harder, if one knows not how to will it, nothing easier, if one wills it.—Alexander Dumas.

J. D. Manly, the national guardsmen, who on the occasion of the President's visit to Dallas, killed Louis Reichenstein with a bayonet because he did not move out of the way quickly enough, has been granted bail on appeal to the higher criminal courts, in the sum of \$7,500.

Many of the democrats in South-west Texas, who are opposed to submission, are not going into the primaries. The argument being used is that submission is sure to carry, and that the special session of the legislature will make it obligatory for the candidate to pledge support to the platform in order to be eligible to accept the nomination.

Woods meets all trains, day and night. Service sure and prompt. Phone the Livery Stable. 5-6c

You cannot fix bounds for this great country. You cannot fetter the limbs of the young giant. He will burst all the chains with which he can be bound. No legislature, however inimical to the best interests and highest development of Texas, can stay the invincible march of prosperity and material progress.

Neighbors, never for one moment, get the idea into your heads that the Colorado & Concho railroad is a dead issue. The people who have it in hand have only slackened their grip in order that they may spit on their hands and take a strangle hold. And don't forget the fable of the lark which had its nest in the wheat field. Haec fabula docet, etc.

For the first time in the history of the co-operation between the war department and educational institutions, of the country, agricultural and mechanical colleges have been designated as a "distinguished institution," and that honor has been conferred upon the A. & M. College of Texas. Under this distinction, the president is authorized to detail an officer of the army or navy to the college as professor of military science.

The two or three squibs in the Record last week relative to the proposed Colorado & Concho railroad, were not in any sense intended to convey the impression that the project was dead or languishing. They were merely intended as tonic pills to keep up the nervous tension. Never were the people who have the matter in hand more determined to build the road than now. The people of Colorado appreciate the vital importance of this road, and will leave no effort untried to the end that it be as speedily built as possible. It is the greatest opportunity Colorado will likely have in many years, and to secure this one, would render it much easier to induce others to come this way.

The Recent Rain.

Since the first of June the one thing that has engaged the attention and concern of the people of West Texas, has been rain—when will it come? Many of the timid had begun to lose heart and like the people of Israel, who feared the giants of Anak, who inhabited the land of promise, regretted their move and sighed, "Would to God we had been content and dwelt on the other side of Jordan." But the things one needs comes to one who waits and hustles while he waits. Sufficient rains have fallen round about to keep the crops in growing and vigorous condition.

We have had interviews with thirty and more farmers from all parts of the county, the information is elicited that about half of that number have enough moisture to keep their crops growing for two weeks, twenty-five per cent reported they received fairly good rain, and the remainder said if they can get a good rain by the tenth of July, they will be satisfied. A fine rain fell from El Paso to Toyah the day before it fell here, and that section is rejoicing.

We thus see that all our worrying and forebodings over what we could not possibly foresee or prevent, were not only useless, but discouraging to others and hurtful to the country. Shall we ever learn to accept the inevitable with cheerfulness and a measure of contentment and patient resignation?

Since the above was put in type, a splendid rain fell on Tuesday night from 9:12 to 9:40, giving the ground a good wetting and adding to the moisture which it received Sunday evening. Reports from over the county indicate that the rain was more general than any we have had for some time. Aside from greatly benefitting crops of all kinds, the restoration of confidence and the easing up of all conditions, are of much help to the country. Many people, recently come to this

section from where they had been in the habit of seeing rain fall every week or two, became panicky at a drought of several months, and were ready to move—anywhere. The worth of this one rain to this section of west Texas is well nigh incalculable.

Amarillo's Local Option Nuddle.

In no county of Texas has the local option question been more vexed than in Potter county. Potter, it may be said en passant, is that delectable section in which the city of Amarillo has its habitat, and where the wind blows anywhere from sixty to one hundred miles the hour. The court of civil appeals sitting at Fort Worth, reversed the decision of the commissioners' court in the last local option election and the result of the trial of the same cause in the district court. The case was taken to the superior court, reversed and remanded. The second trial of the case resulted in a decision by Judge B. D. Hill of Delhart, in the effect that there had been no legal election and another election was ordered at the hands of the commissioners. This decision led to the decision of the appellate court Saturday.

Another election will be asked immediately, despite the fact that motion will doubtless be made for rehearing before the court of civil appeals. It has been stated by attorneys for the contestants that if any further effort is made to stay an election that application will be made for saloon license, inasmuch as the decision rendered puts the county of Potter in the license territory.

It is stated that a number of buildings have been secured already by those interested in opening saloons, and that little, if any trouble would be experienced in housing liquor establishments if the lingering impediments were cleared away.

Leaders of the prohibition contingency state that in the event the commissioners offer to order an election an injunction will be sought, while those in charge of the anti forces state that relief will be invoked through mandamus route. The case will grow in interest from Monday forward.

Here's to Mollie and Her Show

The Record is issued this week on Thursday morning instead of the afternoon, as is usual. The reason, is that the entire force may not miss one single act of the three day's engagement of Mollie Bailey's circus. If there is one thing upon which Mollie Bailey has a death strangle hold it is the confidence and support of the people of West Texas. Ringlings, Sells, Poppaugh and Hindpaws, may come and go, but the show of Mollie Bailey, like the brook, goes on forever. And further; wherever suffering and need are to be found, wherever a sacred respect for the feelings of any community are concerned, there is none quicker or readier than this same Mollie Bailey, to see and relieve. May her show never cease, and when the infirmities of age and the abundance of wealth shall have constrained her to retire from its active management, may there be just as true and devoted ones to take her place and carry the only pleasures that many poor west Texas children have ever known to their hungry little hearts. Mollie Bailey and her circus is all to the good. Be sure you see it.

The people of Mitchell are rejoicing over the rain of this week, and will be as busy as the notorious bee in a tar bucket.

Manager G. L. Wallace is a whole carnival and five ring circus in his own proper person. He does things, and does them right. We doubt if a committee of twenty could have systematically done the work he has accomplished on the carnival grounds the past week, in twice that time. If he ever wants the job of promoter in general of West Texas—why, here's our vote and certificate of proficiency, right now. Take it.

The glorious rain Tuesday night did no damage to the carnival arrangements. It washed off the dust and sand, only putting things in ship-shape for business and comfort. All things are in readiness, and the spirit of the people in harmony with the patriotic aspect of the occasion.

LOST—Somewhere in town, near the tabernacle, an Eastern Star pin. Return to this office.

Mr. and Mrs. Day Cago of Stephenville, are visiting the family of Leo Jones.

Deputy Sheriff, Preston Scott went down to Sweetwater Wednesday to recover a base ball suit alleged to have been taken from the Colorado club without knowledge or consent of the owners.

LORAIN LETTER

On Friday night the 24th, a sneak thief entered the rooms of the guests of the Newton hotel and relieved the following persons of valuables and money: Mr. Nance, a drummer, lost a thirty dollar watch and \$11.15 in money. Judge Coe of Colorado, 90 cents; O. Mitchell of Loraine, 15 cents. Two parties were arrested on suspicion but no facts have developed as yet as to their guilt.

On last Saturday evening during the shower, Mr. J. M. Templeton had his buggy horse killed by lightning while driving leisurely along toward his home on the "Heights."

Mr. and Mrs. W. B. Wimberly returned home Sunday night after a very pleasant visit with friends in San Angelo. They report San Angelo a thriving city and many beautiful homes there, but they would prefer to live in Loraine. The dust was fearful, but they had a good rain Saturday evening which greatly relieved the situation, and was a great benefit to both town and country.

Loraine and vicinity has been blessed with a good rain, and man as well as nature has put on an approving smile.

Mrs. George Pridgen left for San Antonio last Wednesday for several weeks visit.

Mrs. Burke of Fort Worth is visiting her parents Mr. and Mrs. T. J. Kelley.

The play, "The Microbe of Love" which was put on at the opera house Friday night by home talent, under the management of Miss Reaville, was attended by an appreciative audience. Owing to the fact that the candidates had an appointment to speak here the same night, there were not so many in attendance as would otherwise have been. The matinee Saturday evening was well attended considering the unfavorable weather. The "spinsters" and "bachelors" who took part in the play were fine, and they have the sincere thanks of the W. P. M. S. for so kindly assisting Miss Reaville in giving the play.

Misses Lula Ashby and Viola Zellner, two charming young ladies of Abilene, visited in Loraine Saturday and Sunday.

Mr. and Mrs. T. J. Davis spent a very pleasant day Friday with their friends J. S. Muns and family, who live near Lone Wolf mountain.

Grandma Gregg who lives with her son, J. H. Gregg, is quite feeble; her health has been declining for some time.

Robert Henthorn is home from Abilene for a vacation of a few weeks, after which he will return to resume his labors in the garage.

Miss Nell Stowers is a Loraine visitor this week.

Mr. and Mrs. I. W. Baker went to Roscoe Sunday to meet their brother, J. W. Baker from Arkansas.

Last Monday, Johnie, the son of T. J. Coffee happened to a painful accident by falling from the fence and breaking his arm. Dr. Martin was called, and bound up the broken limb and Johnie is reported as getting along nicely.

J. C. Scott of Fort Worth is visiting J. R. Porter. Mr. Scott was formerly in business at Roscoe.

Dr. Hays was taken seriously ill last Wednesday with articular rheumatism, but at this writing is much improved.

Miss Elizabeth Smith of Coleman is visiting the family of Robert Coffee.

Mr. Jim Sharpe and family of El Paso are stopping in Loraine for the summer. They will move to Kansas later in the season. He is a brother of Mr. Sam Sharpe.

Mrs. W. C. Copeland is off on a visit to her daughter at Trent.

Mrs. G. Miller who has been visiting her daughter, Mrs. Jim Johnson for several days left Tuesday morning for her home at Stamford.

Rev. McElrath from Arizona preached a fine sermon at the Methodist church Sunday. Mr. McElrath's field of labor is along the irrigated district of the Colorado river. In speaking of that country he says they raise the crops, but it is extremely hot.

Mr. James Wood returned last Monday from Comanche and reports crop conditions good, though needing rain. Mr. Wood's son Solomon, who has been at a sanitarium at Merkel, returned home with him.

Mrs. Charley Powell of Abilene is visiting her father, C. C. Griffith.

Judge Looney and J. C. Prude of Colorado were on our streets Monday. U. M. Ward and E. F. Butler have moved to Bridgeport, Wise county, and will take charge of a grocery store at that place.

The Dunn base ball boys played the Loraine boys Monday evening. score was 2 to 0 in favor of Loraine. This is the first time the Dunn boys have failed to make a score in many moons.

J. W. Lightfoot and family moved to Toyah this week, where they will

reside in the future.

Joe Jackson and Willie Blocker, two of Loraine's promising young men are back from Snyder where they have been attending the Normal. These young pedagogues were engaged the past year in "teaching the young idea how to shoot" and will again follow their chosen profession.

Miss Annie Gregg came in from Snyder and spent Sunday with home-folks, returning Sunday night to resume her duties in the Normal.

Lightning struck the house of the

Bird Bros. Sunday evening, doing slight damage to the house. None of the occupants were hurt. Bird Brothers live one mile south east of Loraine.

J. A. Summers has spent most of the week at Bridgeport involving a stock of goods he traded for at that place.

Dr. Phenix has lost his fine collie pup and is willing to give \$3 for its return or information leading to its recovery.

MILLINERY SLAUGHTER

UNTIL our stock of summer Millinery is reduced we will offer the entire stock at prices that will be sensational in the history of the business in Colorado. We are determined to carry nothing over from the present season and in order to accomplish this must cut the prices to figures so attractive that they will compel their moving. Our stock is new, up-to-date and meets fully the very highest demands of the edicts of Dame Fashion.

This announcement is not a bait to get you into our store, and then ask you the same old price for the goods. It is a bona fide slaughter of first class merchandise. Neither is it the leavings of the season's picking over. Every article is as fresh and classy as when it came from the hands of the manufacturer.

Remember the Date of Sale

We could not afford to make statements up to which we did not intend to live. Our business is an established institution in Colorado, and the confidence of the public is our most valued asset. We have always kept Spartan faith with our customers in all our advertisements, and perform just what we promise.

Begins Sat. June 18

AND

Lasts till Sat. July 2

We will offer this unbroken stock of Millinery to the people of Mitchell county at just about cost, carriage and the necessary expenses to do business. Having gotten our cost out of the stock, we are willing to give the buying public the advantage of securing the remainder at a cost far below what they otherwise would have to pay.

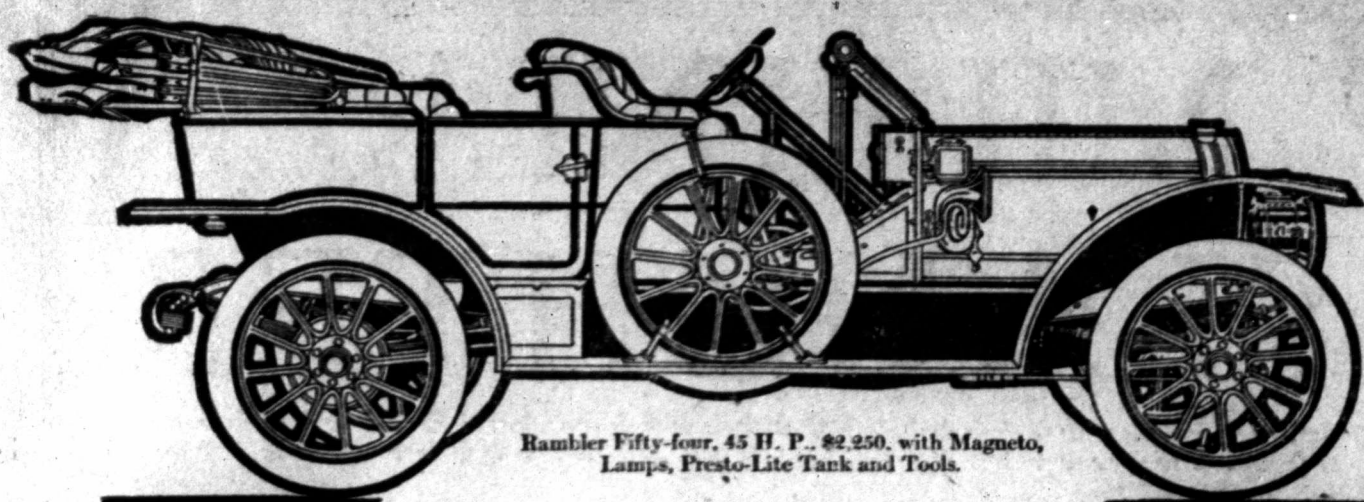

As to our Prices

Our space is far too limited and the list too numerous to try to enumerate the articles individually, but you may rest assured that the stock is both full and new. If prices will move the goods, we know they must go.

Goods at these prices during this sale only
June 18th to July 2nd.

Office 'phone No. 88.

A Bargain for Printers.

Owing to the installation of our linotype we have about 400 pounds of Century expanded 10-point type and 300 pounds of 8-point, which has been used only two years. This type is good as new and will be sold at a bargain with the cases. Prefer to sell all to one party, but will sell in smaller lots.—Address the Record.

NOTICE!

This is to notify our customers that after the First of July next, none of the meat markets of Colorado will open on Sunday mornings. Get your stuff Saturday night, as we will be open until 11 o'clock.

COLORADO COLD STORAGE
CENTRAL MARKET
PALACE MARKET.

FOR JULY.

When the Ballinger trial is ended,
And the jury has said what it thinks;
When the case has been made and de-
fended

With the wonted political winks—
We shall smile—and gads, "we shall
need to
That feel it as well had been dropped.
And the Guggenheim crowd will pro-
ceed to
Resume where it was when it stopped.

The signs shall come down in the tim-
ber,
And the patents shall tie up the coal.
The law will get flabby and limber,
And the trusts will do well on the
whole.

It always turns out in that manner.
Although we may blush to confess it,
And we do not regard it a banner
Achievement, exactly, to guess it.

July is a tribute to Caesar. One day
with some other insurgents, he talked
by the Pillar of Pompey on things of
political urgency. He was just on the
point of explaining the key to some
government riddle when a party of
regulars jumped him and cut him in
two in the middle.

There were Decius Brutus, the speak-
er, and Cassius, boss of the Senate, to-
gether with others insistent upon some
political tenet. "The party forever!"
they shouted, and what with that ter-
rible slasher Servilius Casca great
Caesar as well had been run through
a hash.

At any rate, Antony found him cut
up into fodder for fishes, and begged
this request of the Romans, who grant-
ed the last of his wishes. And thus it
has happened and shall be so long as
the Tiber runs by the Pillar of Pom-
pey that Caesar shall live in the name
of July.

The Fourth shall return to discover
Us waiting in battle array.
And what with one thing and another
Regretting we won, anyway.
The cannon shall boom, and the
scramble
For things on the medicine shelves
Shall warn inexperienced countries
Aspiring to freedom themselves.

The dynamite cap and the rocket
shall remind us of tyranny thwarted,
and the valiant forefather shall turn
in his coffin to see what he started.
The eagle shall mount on his pinions
and circle the north and the south, and
the rapid fire orator stand on the plat-
form and shoot off his mouth.

The latter, however is harmless in
a strict pathological way, but remains
notwithstanding an evil w must in
due season ally. Alas, how deficient
is nature that might lay this pest on
the shelf with ruling that shooting his
mouth off he gave the lockjaw to him-
self!

This tetanus, we are quite certain,
has good and defensible uses, and all
of its manifestations thus far have
been only abuses. The idea, as we re-
gard it is not that it should be the
cause of any more serious matter than
locking the orator's jaws.

You know that we never heard of it
except on the Fourth of July, and
whenever some innocent gets it we
forever are wondering why. Well,
this is the fact of the matter, and by
Jove, we are willing to bet it turns out
in the long run that no one but a lot
of old wind jammers get it.

However, be that as it may be,
And get whom the tetanus will,
The jubilant youth of the nation
Will resume with its shooting to kill,
The safe and the sane celebration
Will suit us who are not so skittish.
But the youngsters have got to do
something
To show what we did to the British.

There never was anything safe in
the way the forefathers attacked them,
and as for the saner attainments, the
old fellows seem to have lacked them.
They simply cast fear to the bow-
wows and waded into the affray, and
a boy does not think himself worthy
if he can't shoot himself, anyway.

At any rate, Jeffries and Johnson
will growl like a couple of poodles and
observe independence with beating the
hair off their mutual poodles. They'll
alternate making the other Leviathan
howl for his mother, and if the coun-
try at random is lucky they'll manage
to kill one another.

It's only a plan to make money, de-
serving the strictest of strictures, for
what they will have is a race war, di-
viding what's made on the pictures.
We've been pretty mad in this country
for dollars, and power, and places, but

this is the first time we've trafficked
upon the abyss between races.

The fat occupant of the White House
Will lie on his back in the grass
Beneath the green Beverly maples
Observing the aeroplanes pass.
The chauffeurs will keep on chauff-
ing.
With seeing it's no one but Bill,
And they'll sigh just to think what had
happened
Had they flown over Sagamore Hill.

But not every man can be Caesar, as
someone has stated, alas! and in the
due course of the matter somebody
must lie in the grass. It's hard on a
strenuous nation, afflicting us all in a
way, but we'll look on the brighter side
of it, and conclude it is good for the
hay.

However, Time flies is a proverb,
And one day, his foot on his gong
And his engine back—pedaling, August
Will come aeroplaning along.

Wealth Creators.

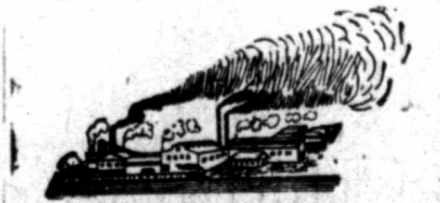

In building a house we must use
material that is stable and durable,
and in building a community we must
use lines of industry that are con-
structive and active. The former
promotes and the latter perpetuates
prosperity. Among the classes of
property that constitute building ma-
terial for empires are public high-
ways, railroads, factories, mines, irri-
gating canals, etc. These industries
create and thrust values upon adjoin-
ing property, and the amount of un-
earned wealth they distribute depends
upon their native characteristics and
upon their surroundings, but it is
more than likely that the irrigating
canal makes the largest gift of per-
manent values to contiguous property.
It takes the desert and swamp lands
and makes fertile fields and gardens
and fills uninhabited places with
happy and prosperous homes.

Irrigating Canal.

All lines of industry that build
countries have characteristics equally
as meritorious as the canal.

Activity in property is as important
as constructiveness. The factory, the
railroad, the mine and the canal have
not a single fiber of idleness in their
construction, and inactivity inflicts
upon them self-destruction. The
land owner may let his farm lie idle
and it will increase in fertility and
value, but the manufacturer must run
his factory as fast as the wheels will
turn or his property decays and de-
clines in value.

Industrial Activity.

What we have said of the factory
is also true of all lines of constructive
industry. The irrigating canal builds
farms, the factory makes cities, and
transportation facilities build both
farms and cities, and any sort of prop-
erty that has inherent characteristics
of generosity and activity should be
encouraged. Improved public high-
ways constitute a most convincing
invitation to industry, as the farm,
the factory, the railroad, the mine
and all the people are vitally inter-
ested in public highways, says the
Texas Commercial Secretaries' Asso-
ciation.

A character study of property and
an analysis of the requirements of a
community are essential to the intel-
ligent development of a locality. A
commercial club is the architect of
empire, and every citizen should join
the local club and study property and
its ability to develop the community.

We the undersigned agree to close
our respective places of business all
day Monday, July 4th, 1910.

tee it. 25c a box. Sold everywhere.

AND SO I WATCH AND WAIT.

I know not when or how or where
My time shall come to pass away;
And so I live by faith and prayer,
As if it might occur today.

The scriptures ever say to me—
"Watch, for thy Lord in grace and
power;
Be ready when He calls for thee—
Thou canst not know the day or hour."

And thus admonished day and night
I watch—keep me Lord, from sleep;
But oft I feel exhausted quite,
For ceaseless vigils must I keep.

While waiting for my gracious Lord,
Ever listening for his voice;
I know He'll bring me my reward;
This makes my tired heart rejoice.

Have I to others done as I
Would wish that they had done to me?
Want and distress, have I passed by
Without relief of their misery?

Or cup of water in His name?
Thou knowest, Lord, what I have done
'Tis little, I confess with shame,
For Him who my salvation won.

So pass the hours, one by one,
My time of exit drawing on—
Flies westward daily with the sun.
Each second beats, then it is gone.

But when no longer sun or star
Shall measure out its time to me;
I shall have heaven's calendar
To measure my eternity.

Why should I be appalled at death?
By God's decree man dies to live—
Eternity hangs on a breath,
Which God alone can take and give.

It dominates man's nature o'er
The end of watching, pain and strife,
And is to man God's parlor door
By which he enters endless life.

—A. H. Weston.

Notice to Drivers.

Aside from the fact that it is against
all municipal laws to drive across
bridges at greater speed than a walk,
it becomes doubly the duty of every
one driving across the south bridge
during the progress of the coming car-
nival and picnic to heed this rule,
whether in automobile, wagon, buggy
hack, on bicycle or flying machine.
There is no other access to the ground
by vehicles than over this bridge
and its narrow passageway renders
fast or careless driving exceedingly
dangerous. A fatal or serious accident
to anyone during the carnival would
not only destroy all interest, but
would react upon the managerial abil-
ity of the town of Colorado, and
throw distrust upon any further like
occasion.

It is, therefore, the urgent request
not only of the management of the
carnival, but the municipal authori-
ties, that everyone crossing the bridge
to the carnival grounds drive over the
bridge at a walk, and that when
meeting on the bridge, everyone turn
to his or her right. This is not only
the rule in large cities, but a neces-
sity where large crowds gather and
mingle.

Arrangements will be made to have
someone with a counting machine at
the north end of the bridge to keep a
correct record of the daily attendance.
The management asks the co-opera-
tion of everyone to the end that the
liability of accidents may be reduced
to a minimum. Don't forget about
the fast and careless driving.

CARNIVAL LOCATION CHANGED

At a call meeting of the Carnival
committee of the Colorado Comm-
ercial Club Saturday, the matter of
certain correspondence between Judge
Ed J. Hamner and the committee was
considered. It appears that Judge
Hamner recently had put a fence
around the grounds in West Colorado
that the committee wished to use, and
he asked that he be paid \$60 for the
use of the grounds, and that every-
thing be put in the same condition af-
ter the carnival that it was before.

After carefully considering the mat-
ter, the committee declined to accept
his tender on the above conditions, and
decided to use the grounds in South
Colorado, just beyond the river, on
the east side of the street. There is
ample ground there for the purposes
of the carnival. The grounds, we un-
derstand, belong to the Continental
Cotton and Oil Company, and have a
fence around them.

All in all, the consensus of opinion
is that the change is for the better,
being just as near the business part
of town, and better facilities being
nearer at hand. Let's all begin now
with renewed enthusiasm to work to
the end that this may prove the big-
gest and best blowout ever promoted
in this section of the state.

Saturday Evening Post at this of-
fice, also back numbers.

Mitchell County Land FOR SALE.

We write Fire Insurance on
FARM HOUSES,
FARM BARNs
and CITY PROPERTY.

No. O.

320 acres of fine agriculture land 8 miles northwest of Colorado. Well grassed and one of the best surface tanks in the county. Heavily timbered with large mesquite. This tract is practically all tillable land is unimproved, except well fenced. Lies on a good public road and within one and one-half miles of school, and will make an ideal home for some one who wishes to find a good farm.

Price, \$16.00 per acre, cash. Might accept some trade, but trade would have to be put in at actual cash value. 25 per cent down and terms on balance.

No. Q.

An 80 acre Mitchell County farm for sale, all tillable. 52 acres in cultivation, 3 1/2 miles southeast of Colorado and half mile of good school. Five room house, hall and gallery, barn 20x24, and an excellent well of water 120 feet deep with good mill. Price \$32.50 per acre.

No. P.

FOR SALE—Seven room house, hall and two porches, one 150 barrel cistern, well of water with good mill, out buildings, etc. N. W. one-fourth block cornering the school building. An ideal home for the right party. Price \$2000.00. One-half cash balance terms. Would trade for desirable residence in Fort Worth, Texas.

No. R.

Two sections of Mitchell county land to trade for a first-class boarding house or hotel located anywhere in Texas. This land is located near old Iatan, on the Western side of Mitchell county and is about 50 per cent tillable, all fine grass land. Price \$15 per acre—Western Trade Exchange

No. 201.

FOR SALE—320 acres of fine Lone Wolf creek bottom land, every acre tillable, with 250 acres under the plow. This place belongs to Mr. W. A. Kennedy and is located six miles north of Loralne, Texas. Improvements consist of one five-room and one three-room house, good barn, lots, etc. Two good wells of good water. Price \$33 per acre.

No. 202.

A well improved one-fourth section in the Herbert country, for sale or trade.—The south-west one-fourth of Section No. 89, Block No. 27, Texas & Pacific Railway Co. survey, being located 1 1/2 miles East of Herbert in Mitchell county, Texas. This place has two three-room houses, two sets of barns, an everlasting tank of water and within 1/4 mile of Liberty school house. Every foot tillable, 90 acres in cultivation. The soil is mixed sandy or cat-claw sand, does not blow. Price \$21.00 per acre. Will exchange for desirable residence property in Colorado See J. A. Hood or Western Trade Exchange.

No. 203.

Good Mitchell county farming land for sale at \$10 per acre and on easy terms. 270 acres of the north 1/2 of a fractional section No. 17, Block No. 19, Lavaca Navigation Co. survey. Ten miles south of New Iatan in Mitchell county, for sale at \$10 per acre; \$500 cash balance in eight equal annual payments. There is 200 acres of the best grade, tillable on this place. 20 acres now in cultivation; 1 fenced. There is a tank of everlasting water on the southeast corner of this place and well water can be obtained at 20 feet that is good drinking and has an inexhaustible supply. This place is owned by C. H. Wilson.

No. 204.

179 acres of fine farming land, not one acre of this place is shiner, 90 acres in cultivation, 130 tillable, balance good grass, well watered; 4-room house with 2 galleries, good cistern, water can be got at 15 or 20 feet. This is strictly a Colorado valley farm and the right place for the right man. Located as follows: Subdivision 21 in section 3, block 27 T. & P. Ry. survey, 9 miles up the Colorado river from Colorado City, belonging to S. N. Palmer.

No. 205.

160 acres of as fine mixed sandy loam as there is in Mitchell county for sale at \$22.50 per acre. The place belongs to Mr. W. L. Waggoner and is the northeast quarter of section 89 in block 27, T. & P. railroad survey, lying about 10 miles southwest from Colorado on the Sterling City road. Improvements consist of 80 acres in cultivation, every acre tillable, 3-room house, small barn, all fenced and cross fenced, tank of everlasting water, and in one mile of the Liberty school house.

No. 206.

62 and 3/4 acres of land in Grimes county, Texas, 2 miles northwest from Singleton, a station on two railroads. This place is all tillable except about two or three acres which is taken up by a running branch of water. This place belongs to Mr. J. H. Lambert here in Colorado and he wants to trade it for some Colorado property of about the same value. Mr. J. L. Dreher, postmaster at Singleton, knows this place and will describe it to you if you enclose stamped envelope for reply.

No. 207.

FOR SALE—160 acres of fine farming land, every acre tillable, 70 acres in cultivation, all fenced and cross fenced, 2 everlasting tanks of water; soil a mixed sand and tight loam, color is red, dark and black; 2-room house, small barn, one acre in orchard fenced hog proof. This place belongs to Mr. J. W. Free and is the northwest quarter section 89, in block 27, T. & P.

survey; 10 miles southwest from Colorado on the Sterling City road. Price \$23 per acre.

No. 208.

The northwest quarter of section 63 in block 27, T. & P. survey, belonging to Mr. J. H. Posey. Located about 5 miles southwest of Colorado on the Sterling City road. 90 acres in cultivation, 135 acres tillable, balance good pasture, with Morgan creek running through the northwest corner All fenced and cross fenced, 3 acres in bearing peach trees, 5 room house, well of fine water and a good cistern, barns, etc. About 30 acres of this place can be made subject to irrigation with only a little expense, and alfalfa could be grown without the least doubt of failure. Price \$26.50 per acre.

No. 209.

For Trade for Mitchell County Improved Farm Land.—Eight sections of smooth open prairie land in the center of Terrell County, Texas, with railroad station of Eldridge located upon this tract of land. Will trade for well improved Mitchell county farm land. Price of Terrell county land \$3 bonus, 97 cents due the State.

No. 210.

50 acres of good tillable land in Hardin county, Texas, unimproved pine timber land, 3 miles from railroad station. Price \$25.00 per acre, will trade for Mitchell county property or property in Colorado. There is no incumbrance whatever on this land. Will put it in as first payment and assume difference.

No. 211.

SPECIAL DRIVE IN IMPLEMENTS

We are prepared to offer to the farmers special inducements on all our Planters, Cultivators, Harrows, Etc. during the planting and cultivating season.

PLANTERS.

The Ledbetter one seed at a time Planter is not only of the best made, but the most economical--guaranteed to carry 4 horses.

Sweet William Planter is also a leading implement and does good work.

The Champion Jr. is one of our special implements and is now offered at \$22.50.

Section Harrows, 50 and 60 tooth, at special prices to clean up.

Go-Devils for cultivation of small stuff will soon be needed--we have them.

Come get our prices on these implements.

CULTIVATORS.

Of these implements we handle the best on the market and at prices you cannot duplicate.

The Racine Texas Special is unbreakable and adapted to all classes of work.

The New Texas Dandy is the lightest draft cultivator made and will give perfect satisfaction.

The Little Jap cultivator with body motion for crooked rows and hillside work, 4 or 6 shovel gangs, is an ideal implement.

Our Stock of Buggies and Wagons consists of the reliable Schuttler and Pekin--the later in oak or bois d'arc rim.

Colorado Mercantile Company

LOCAL HAPPENINGS and PERSONAL MENTION

It's so, if you saw it in the Record.
Colorado Furnishes Two Students.

There is no school in Texas that does more thorough work or which has a more solidly founded reputation than the academy of Our Lady of Mercy, at Stanton. The commencement exercises occurred on Thursday, June 23rd. Misses Minnie Hamner and Hattie Scott were students there the past two years, and their names appear more than once on the program, which but for lack of space, we would give entire.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and removing all impurities from the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, O.
Sold by all Druggists, etc.
Take Hall's Family Pills for constipation.

Miss Ethel Morris of Vincent is visiting the family of J. B. Pond in North Colorado.

If you are a reader of the Saturday Evening Post, see Stansil Whipkey, who will deliver it at your house or office every week.

Our friend Dr. Ratliff can offset any drouth that ever tried to phase west Texas. Through his kindly ministrations the following embryo citizens of Mitchell have been welcomed at the various homes: Raymond Johnson's home, a girl, June 14th. He assisted in the necessity of putting another high chair at R. O. Wheeler's table, for a fine boy, on June 20th, although there had been five girls preceding him. On the same day he helped her rejoice with Logan Spaulding and wife over the advent of a little girl. On the 24th of this month, he went out to the home of M. L. Jones and assisted in their reception of a package marked c. o. d. The drouth will have to do better business than it has, to overcome this rising tide of domestic immigration from the land of Everywhere to Mitchell county.

The Mid-Summer Carnival is now open and people are in their gala attire. When strangers and visitors ask you a question about the town or county, if you can't give them an intelligent answer be sure you don't knock. If you can't satisfy the inquirer, direct him to some one who can and will find no trouble to do so. Politeness is a far better banking capital than brains and incivility combined.

Two in One
