Disabled and Their Poll Tax Requirements

A recent amendment in the Texas Laws (Article 5.09 of the Election Code, V.A.T.S.) requires that individuals must now pay for their poll tax certificates who previously were totally exempt from paying said poll tax charge by reason of one of the following: blindness, loss of a hand or foot, permanently disabled, and disabled veterans of foreign wars where such disability is forty per cent or more. Only a partial exemption is now granted to persons in one of the above conditions. The Tax Collector is instructed to exempt such persons from the fifty cent general revenue charge only; therefore, the balance of the poll tax charge must be paid by the individual.

All persons effected by this change and who have not previously purchased their poll tax receipt should contact the office of the Tax Assessor Collector, Fisher County, Texas on or before January 31, 1964, which is the last day to purchase a poll tax certificate.

Carriker Reception Tonight at Abilene

Friends of Max Carriker, State Legislator from the 80th district plan a reception in his honor in the ballroom of the Windsor hotel in Abilene Thursday night, January 23, beginning at 7 p. m. according to Al Finch of Rotan, Coordinator of the planning committee for the Carriker Event.

Finch, long-time Democrat and Johnson supporter of the area, said that Carriker's Fisher County friends have volunteered to host the reception and that friends from all parts of the 17th Congressional district have volunteered to help. Max Carriker is a rumored probable candidate for the Congressional seat for the 17th district.

Incumbent Congressman for the district, Omar Burleson, has already announced his intention to seek re-election, and Finch says that one highlight of the Abilene reception Thursday night will come when Max Carriker publicly announces his plans for this political year. To date, Carriker has said only that he will not seek re-election for a fourth term in the Texas Legislature.

Pointing out that the Thursday night reception is open to the public, Finch added that an interesting side-light in connection with the Carriker function is that J. D. Moore, Rotan, President of the Fisher County Sheriff's Posse, famous riding group which participated in the 1961 Inaugural parade at the invitation of the then Vice-President-elect Lyndon Johnson, has said that, although his group is non political, they will attend the Carriker reception in masse.

Please God, Help Us!

In every man's life there is a moment when he is inadequate to the forces he faces. At such a time only his moral integrity will sustain him.

Those who have based their lives on their own strength inevitably will face the time and the place when that strength is insufficient to the necessity of the moment. They will crumble unless they know that they are never alone... that there is a power that can and will help them, no matter how terrible the times.

The man who has learned to rely on God can draw from this source of never-failing power and with resurgent strength face his future, unafraid.

Witherspoon Attends State Teachers Meeting

SHADOWS OF TIME

--- Carroll Patton, Freshman
The shadows of the past and the future are upon us now. The shadows of the past affect the way we are living in many ways. For instance, our clothes are variations of clothes worn years ago. Our airplanes and ships are designed after models used in the past. The incidents that are happening in our lives today are caused by incidents that happened yesterday. The shadows of the future affect our lives also. We are constantly planning for tomorrow. We are always keeping up with the news, so we can observe what is inevitable in world affairs. The shadows of the past and the future have to affect us, because today is really yesterday, and tomorrow, both.

Texas Supts. Met In Austin Jan. 9-10

Supt. K. C. McCasland attended the Mid-Winter Conference in Austin on January 9 and 10. The educational trend is pushing for more Junior Colleges & vocational training. The number one problem in education today is high school drop-outs. The Texas Educational Agency feels that Junior Colleges and non-academic courses are the best answer. In this way a girl can prepare for a secretarial career by picking up the courses she missed. A boy could take courses to become an auto mechanic and prepare for making a living. More people are needed to work skillfully with their hands for this is rapidly becoming a lost art.

Rotan Band Members Place in Regional

Saturday, January 11, band members from thirty-two counties met at McMurry in Abilene to compete in the annual UIL Regional Contest. Five hundred contestants tried out for the ninety-eight piece band. Of the five people who tried out from Rotan, Barbara Eades and Sharron Puryear qualified for the band. Barbara received fifteenth chair clarinet out of 22 chairs (eighty-six tried out). Sharron received fourth chair out of four chairs (twenty-seven tried out). We are very proud of Barbara and Sharron.

Jr. Hi Science Has Rattlesnake Specimen

Last Wednesday, January 8, Mrs. Bridges, a Junior High science teacher, received a live rattlesnake for her science collection. The rattler was found by Johnny Norwood, and at the time was hibernating under a large rock. Cold and still, the snake was caged in a gallon jar and brought to Mrs. Bridges. The snake remained alive, occasionally buzzing and moving about, until Friday, when Mrs. Bridges dropped a cotton ball saturated in carbon tetrachloride into the jar after placing a lid without air holes on the jar. On Saturday, the dead reptile was preserved in formaldehyde. The snake was never measured for its actual length, but it bore seven rattlers and a button.

'Dress-Up Day Is January 28-29

Tuesday and Wednesday, January 28 and 29, have been set aside as "dress-up" days at RHS. During this annual event, sponsored by the Student Council, students from the lowly freshman to the confident senior discard jeans and bobby sox for suits, ties and heels.

For these two days, what seems like bobby-soxed youngsters are revealed as maturing young men and women, and the whole high school feels the influence of the change.

RHS is looking forward to this event, and is sure that the students and faculty will co-operate to make these the finest "dress-up" days ever.

Concession Stand Built By FFA

The FFA boys, under the direction of Mr. Ray Womack, VA teacher, built a counter, painted the walls, and made other arrangements for setting up a concession stand at home basketball games. The boys sell coffee, soda pops, popcorn, and candy. The popcorn and coffee are made at the gym shortly before gametime. The stand is in the small room to your left as you walk through the south doors. The boys are proud of their accomplishments and would appreciate it if everyone would bring a little extra change to the ballgames, in case they need refreshments.

Rotan Participates In County Stock Show

The annual Fisher County Livestock Show was held in Roby Sat., Jan. 11. Members of 4-H and FFA of surrounding towns in Fisher County competed in competition with their animals. Many animals were exhibited and shown, many failed, but some succeeded.

Rotan had many different types of animals competing in the show, such as swine, beef and dairy heifers, steers, and capons.

RHS is proud of our boys and girls in 4-H and FFA who exhibited these animals and worked hard in their preparation of the animals in preparing for the show.

We hope their interest in 4-H and FFA will stay enthusiastic as well as prosperous in the future.

Little Zion Jr. Mission Has Interesting Lesson

Junior Mission of Little Zion Baptist Church met in the home of Mrs. Charles Irvin. Meeting was called to order by vice-president, Mrs. John E. Pearson, due to absence of president. The Junior Mission made its first contribution to citizens in this community, Mrs. Ollie (Babe) Livingston and Bro. Westbrook Willis, by supplying them with heating material.

The Jr. Mission plans to make its contribution to Little Zion next week. We also plan to help improve the looks of our Church. The lesson was taught by Mrs. Maggie Brooks. Subject was "Using the Bible When it Counts", which was very well explained.

Mrs. Irvin served the ladies refreshments after the meeting. Next meeting will be in home of Mrs. Tessie Lee.

Pres. Mrs. John Nabors
Reporter, Mrs. Robert Jones.

When Mrs. O. R. Clark cleaned her porch Monday morning after the week end's sandstorms, she found a paper that proved quite interesting upon examination. It was a note made in Aspermont, Tex., October 15, 1926, at 10% interest. Although it is weatherbeaten, the names can still be read. Mrs. Clark wonders if it has been 38 years blowing from Aspermont to Rotan.

HOW DOES CHRIST'S LOVE AFFECT US II Corin 5:11-15

Paul is trying to win men to the
Lord Jesus Christ. He is trying to
persuade them to trust Christ and
be saved from God's wrath.

These people had thought that
Paul was commending himself to
them but Paul not. Verse 12 he de-
nies that he is commending himself,
as they had accused him of doing.
He is trying to show them that he
is a true apostle of Christ, trying
to win men to Christ.

In V-15 Paul is telling the people
when Christ died, all died with Him,
that is, all believers. He died and
rose again to a new life. So believers
rise with Him to a new life.
Rom. 6:3-11.

So we belong to Christ if we are
believers; even our bodies, all that
we have, our talents, treasure,
time, every thing. I Corin. 6:19-20
says "What? know ye not that your
body is the temple of the Holy Ghost
which is in you, which ye have of
God, and ye are not your own? For
ye are bought with a price: there-
fore glorify God in your body and

in your spirit, which are God's.

1. How Does Christ's Love Af- fect Us?

I am afraid it doesn't affect
us as it should. Oh we want His
love; but so many times we don't
want to give anything in return. We
are like children in so many ways.
If we don't get every thing that we
want we think that no one loves us
not even Christ.

Charles Burke who had a date with
a beautiful and popular girl had
spent most of his allowance and he
did not know what he was going to
do; then he happened to think of
the things he had done that week
for his mother. He made a statement
and put it in an envelope and on his
way to school he laid it on the table
by his mother. His mother opened
it and read "Charles Burke, Jr., in
account with Mrs. Charles Burke,
Sr.

He had listed every errand he had
run during the week. He included
all kinds of chores, from answering
the telephone to mowing the lawn.
At the bottom was the total: "For
services rendered during the week,
\$5.25. During the day Mrs. Burke

went into the den and typed out a
statement similar to the one Charles
had written; except it was not for
a week but for 15 years. It listed
services from his birth to the pre-
sent. But in each there followed the
works: "No charge." At the bottom
of the list he read: "The same love
that made it a joy to do for my
son what money could not have hir-
ed me to do also makes me want
to be sure he is not embarrassed on
a date that means so much to him.
A five dollar bill and a quarter were
clipped to the sheet.

What Christ has done for us was
all for love. Surely nothing we can
ever do for Him will be to express
our love for Him.

So let us who are redeemed by
His precious blood use our talents
for Him to express our love to Him.
Let us give of our time to help in
His Kingdom and be faithful to His
Church to express our love for Him.
Let us give of our money that His
love and mercy might be known
unto the utter most parts of the
world. This is the least that we can
do for such a great love.
