VOL. 40 - NO. 51

JAYTON, KENT COUNTY, TEXAS

THE JAYTON CHRONICLE, FRIDAY, NOV. 16, 1962

## Dawson Bryant Resigns as County Attorney to Enter Private Practice

Dawson Bryant, Kent County attorney here for more than seven years, Monday handed his resignation to the Kent County Commissioners Court.

In his letter to the court he said "It is with deep regret I announce my resignation as County Attorney of Kent County, to be effective as of December 31, 1962."

"It has indeed been a great and happy relationship I am working with such a fine court and I feel the State of Texas is fortunate and the people of Kent County in having such qualified commissioners and County Judge in serving the needs of Kent County."

Bryant told the Chronicle he will join Roy G. Baker of Sherman in forming the law

firm of Baker and Bryant. He said he feels this will be a big opportunity for him, in being associated with a man of the calibre of Mr. Baker.

Baker has practiced law in Sherman since 1935. He has been State Representative, on the staff of the U. S. Securities and Exchange Commission, and is president of the Sam Houston Turnpike Corp.

He has done considerable work with agencies of the U. S. government.

In 1947 he was elected as president of the Young Democrats of America at the National Convention at Cleveland.

Bryant told the Chronicle "I feel this is an opportunity I cannot afford to pass up."

## Children Thrive on Compassion In March of Dimes Arthritis Fight

"We study the child, not the laboratory report."

When Dr. Jane Borges, director of the March of Dimes-financed Arthritis Special Treatment Center at the Home for Crippled Children in Pittsburgh, Pa., says this, she isn't trying to put the laboratories out of business.

But she is trying—and succeeding—in putting children stricken with rheumatoid arthritis back in the important business of leading nearly normal lives.

Juvenile rheumatoid arthritis, which afflicts 30,000 youngsters in the United States, is a cruel disease which comes and goes like a thief in the night. Seemingly healthy children suddenly contract high fever, swollen and aching joints, rash, anemia, and severe involvement of body organs.

Many suffer deformities of the limbs. Total or partial disability often occurs.

Despite continuing research, neither the cause of juvenile rheumatoid arthritis nor the reason for its unpredictable cycle of recurrence is yet known.

### Prevent Side-Effects

What Dr. Borges and a growing number of experts in the treatment of rheumatic diseases do believe they know is how to prevent much of the permanent physical, mental and social scarring which have been agonizing by-products of this disease for so long a time.

Rejecting old theories of prolonged bed rest and virtual isolation, these innovators have introduced the rheumatoid arthritis child to programs of intensive therapy and close contact with children of the same age group. They encourage regular school attendance.

At the same time, education of the family in all aspects of the illness is begun early by the physician with diligent follow-up by the social worker.

### Successful Results

In most cases, successful results have been achieved.

At the March of Dimes-supported center in Pittsburgh, for example, Dr. Borges last September admitted a 12-year-old girl who could not move her shoulders, elbows, or arms. She contracted rheumatoid

arthritis at age six and had been in and out of hospitals since that time. When she was at home, she was rarely taken outside and saw other children only infrequently. She was painfully shy, took little interest in her studies.

Today, nearly a year later, this same girl is still confined to a wheel chair. She must attend many of her classes at the Home's branch of the Pittsburgh school system while in traction. Other complications persist.

However, daily baths in the Hubbard tank, used so successfully by polio victims, and twice-daily physical therapy have restored the use of her arms and hands. Occupational therapy—she is just now finishing a throw rug—has restored movement to her once-frozen shoulders. The challenge of competition with her schoolmates has transformed her into an excellent student.

### Child in Pain

In another case, a six-year-old girl, after four years of operations and assorted treatment, was unable to adjust to school and playmates because of intermittent pain and the childhood awareness that she was the only child with a brace.

Placed among children with similar problems, she was exposed to the physical and social therapies of Dr. Borges' program. She went back home six months later "a different child... obedient... getting along happily with brothers, sisters and playmates," according to a grateful mother.

Dr. Borges, a trim, vibrant woman, views her work at the March of Dimes-financed center and its results this way:

"The laboratory reports on these children, after we have worked with them for a time,

Dr. Jane Borges and young arthritis patient exchange "girl talk" during physical examination.

are still the same. The disease is still there.

"But the individual is not the same person we saw in the beginning."

"By also treating the emotional and environmental problems associated with juvenile rheumatoid arthritis, not just the physical ones, we are often able to change attitudes of despair to ones of cheerfulness and hope."

A prominent Canadian physician and specialist in juvenile rheumatoid arthritis, Dr. William M. Gibson, recently described the ideal treatment setting as "an area where personal acquaintance with the problem of arthritis in children are present every time the patient is seen."

### AT HOSPITAL

Mrs. Irving Looney was carried to Lubbock this week to a hospital for treatment.

## GRAND PARENTS CLUB HAS BIG BARBEQUE

By Mrs. Check Thomas

Foods, fun, and fellowship were the ingredients for a very pleasant evening when 34 members of the Grand Parents Club met on Thursday, Nov. 8 in the cafeteria at Clairemont for a barbeque supper.

Grady Jones, E. E. Spicer and Check Thomas prepared the meat; and other members prepared the trimmings.

The club started their second year with president Mrs. Robert Harrison presiding over a short business meeting.

After Truman Murdoch was bawled into talking about his twin grand sons, and paid his fine and Bill Vencil got caught trying to bait someone else, the club was able to take care of all current bills with some left over.

The next meeting will be on December 13 at 7. Since this

will be the last meeting before Christmas we will have a Christmas tree. Each person is asked to bring a small gift. Ladies bring something for a lady and the men something suitable for a man.

Hostesses for this meeting will be Mrs. Raymond Hooper, Mrs. Hartene North and Mrs. Check Thomas.

We were sorry to learn that several members were ill. We hope that all of you can be with us next time.

Games of 42 were enjoyed by Messrs. and Mmes. Truman Murdoch, Grady Jones, Robert Harrison, Elbert Walker, E. E. Spicer, Jess Hall, Charlie Kimmel, L. V. Pritchard R. D. Hooper, Glen Spradling, Bill Vencil, Jackson East, Check Thomas, Mrs. Marvin Fuller, Valley Wall, Van North, F. H. McGaha, Mr. Robert Moore, Hugh Davis and special guest the Rev. and Mrs. B. F. Pate.

## School Board Meets Tuesday

The Jayton School board met Tuesday night of this week, rather than the usual Thursday night. This was done for the convenience of the auditor who had made an audit of the books for the past school year.

Supt. Champion outlines the following business that was transacted by the board:

Accepted the report of the auditor and paid his fee of \$400 for his services.

Appointed a text book committee. This consisted of teachers in their particular line of study he said.

Accepted bids for furnishing butane and propane for the school. Lee Parker presented the low bid of 6.60c per gallon and was given the contract.

Johnson was elected to both jobs.

Now that LBJ is happy, at least for awhile, we learn that we are having our primaries entirely too early. It makes the campaign period too long up to the general election. So we see the prediction that the primaries may be moved all the way back to August and September.

This is just an example of the way we mess things up when we pass laws to help the favored few rather than the masses.

It would be amazing to see the results if all laws were honestly divided putting those on one side that would be termed "class legislation" and those for the public good on the other.

## Oil Excitement

There has been quite a bit of excitement and some disappointment this week out at the site of the A. V. Jones and Sons No. 1 Ida Montgomery re entry project.

On a test, it produced some oil, but it also had some salt water.

It is not known as yet whether or not there is enough oil to pay, or whether or not the water can be taken care of.

It is located two miles south west of Jayton in Section 78, Block 98, H&TC survey. It was cleaned out to 4956 feet and set 4.5 inch casing at that point. The project was formerly plugged at 7105 feet.

### TO ODESSA

Mr. and Mrs. John Harrison went to Snyder and got Mr. and Mrs. James Woolsey and son and went on to Odessa to visit Mr. and Mrs. Raymond Evans and son over the week end.

## Jaybirds to Play Patton Springs In Final Game of the Schedule

The Jayton Jaybirds will go to Patton Springs tonight for the final game of the current football schedule. They enter this game with a season record of 8 wins and 1 loss and a conference record of 2 wins and no losses.

The Jaybirds are definitely "in" for a place in the play offs, regardless of the outcome of tonight's game.

Even if they lost this game, which is not considered likely,

## Letter to Editor

Editor the Chronicle:

Sir: Thank you very much for keeping the Chronicle coming to me. And if I may, I'd like to ask you a couple of questions:

1. How many Negroes has old JHS integrated?
2. Does Jayton have a Catholic church?
3. And do Jaytonites believe in the CARE program?

I will sincerely appreciate an answer to these questions.

Yours truly,  
Sgt. Fenney P. Derden  
Central Field Office  
APO 633 New York NY

Answer to question No. 1: None. I believe there are 4 Negro children in the district. The school pays the parent \$150.00 per month to transport them to Spur, and pays the Spur school tuition to teach them in their Negro school. Negro athletes of other schools have participated in competitive sports at our school this year.

Answer to question 2: No, not in Jayton. They have had services of some nature at Clairemont at times. They do have a church at Spur.

Answer to question 3: I do

not know. There have been no CARE drives here that I know of. Whether this is from lack of organization in CARE or lack of concern here I could not say.

Thanks for writing,  
Editor.

### AT HOSPITAL

Mrs. Irving Looney was carried to Lubbock this week to a hospital for treatment.

SENATOR RALPH W. YARBOROUGH, left, receives from President Kennedy a pen used in signing into law the Senator's bill for a National Seashore Recreation Area on Padre Island, which lies off the Texas Gulf Coast. Senator Yarborough introduced the first bill for a Padre Island park four and one-half years ago and it was successfully passed by both Houses of Congress this year. In the center is Congressman John Young, who with Congressman Joe Kilgore, was a House sponsor of the Padre Island bill. At right is Vice President Johnson, who also attended the signing ceremony at the White House.

## Jaybirds Roll Guthrie 59-8

The Jayton football team took an easy 59 to 8 victory over the home standing Guthrie team last Friday night.

Guthrie started off fairly strong, but seemed to give up after the second Jayton scoring play.

Following is a general run down on the game activities.

Jayton received the kickoff, William Smith taking the kick at the 10 and ran it all the way for the first score of the game. On the long run Bill Stanaland got in two good blocks.

Jayton attempted to pass for

extra points, and interference was ruled, which made the 2 points count.

Guthrie took the kick at the 5 and ran it back to the 24. In a nice show they made two first downs then bogged down on the Jayton 30.

The Jaybirds got in two first downs in a march up field and then Murrell passed to Byrd for a 25 yard scoring play. Stanaland piled over to pick up the 2 point play.

Guthrie took the kick at the goal line and ran it out to the 16. In three downs they lost 15 yards and punted to their own 27 yard line.

Jayton picked up one 1st down and then Murrell passed to Stanaland for 15 yards and the touchdown. The try for points failed. This gave the Birds a 22 to 0 bulge on the score board still in the first quarter.

Guthrie took the kick at the goal, ran out to the 34. In 3 downs they lost 2 yards and then punted to the 32. This ended the first quarter.

Smith passed to Kyle for 24 gain. Then there was a fumble and Guthrie recovered.

Guthrie could not move the ball and punted to the 36 on third down.

Murrell passed to Kyle 35 yards to the 1 and then Stanaland went over on the next play. Smith passed to Stanaland for extra points.

Guthrie took the kick off at the 6 and moved up to the 20. They punted to the 34 on 4th down. This ended the first half with Jayton leading 30 to 0.

After the half Guthrie took the kickoff at the 10 and ran it up to the 18. In three downs they lost 8 yards and punted to their own 37.

Jayton took the ball and ended the drive with a 27 yard run by Harold Murrell and Stanaland ran the 2 point play.

Guthrie took the kick at the goal and was stopped at the 10.

In three downs they only made 4 yards and punted to mid field. Smith carried it all the way but a clipping penalty brought the ball back to the 10. Smith made 10 on a good play but again was brought back on a clipping penalty.

But then Kyle got off on an 18 yard pass to Davis for a TD and then Dibrell kicked the extra point.

Guthrie took the kick at the 10 and moved up to the 27.

Stanaland intercepted a pass at midfield and ran it back for a touch down. Dibrell attempted to kick extra point but it was blocked.

Guthrie took the kick at the goal line and moved out to the 20, fumbled and Jayton took over.

From this point Eddie Morales ran the TD and Dibrell picked up the 2 points.

Guthrie got off a good drive that ended in a 40 yard touch down and a 2 point conversion.

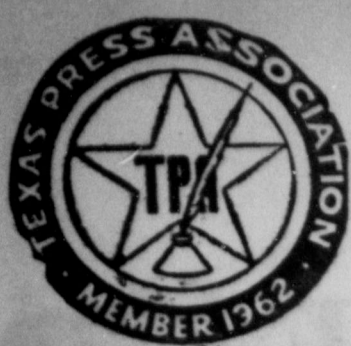

This ended the game with the final score 59 to 8.

Guard G. L. Hamilton and Center Donnie Rinker contributed a great lot to the advancement of the Jaybird cause.

This was a game in which almost every player got in on the scoring: Smith 6, Byrd 8, Stanaland 24, Murrell 6, Davis 6, Dibrell 3, Morales 6, and Murrell, Smith and Kyle got off scoring passes; making a total of 8 boys figuring in the actual scoring.

Other boys who saw action in the game were Charlie Murdoch, Bobby Stanaland, Mark Taylor, Junior Alvarado, Granville Smith, Gerald Murrell, Alan Dunlap and Donny Richards.

Jayton had a very good representation at the game, but did not get very much for their money as the most of it was very dull and unexciting.

## Baptists Holding Stewardship Pgm.

The Jayton First Baptist Church is engaged in a stewardship education program, the purpose of which is three fold.

1. To lead the individual member to be a prayerful, systematic and generous giver of time, talent and money.

2. To meet the overall financial needs of the church that includes the erection of a new church plant to be constructed on the new location at a cost of approximately \$80,000.00.

3. To teach the people to give weekly to the support of the church budget and the building fund.

The leadership for this has been selected and are as follows: General chairman R. L. Harrison; co chairman Joe Favor; teams chairman Dick Judy; publicity chairman Odell Harrison and hostess chairman Mrs. Ray Smith.

Laymen are leading the program from week to week by giving stewardship emphasis and personal testimonies in the service and by attending instruction meetings which will enable them to counsel with fellow members with reference to commitments to the budget and building program.

# '63 Chevrolet Trucks

THEY'VE ALWAYS BEEN TOUGH BUT NEVER STRONGER THAN NOW!

You can be sure that new engines, frames, suspensions that licked Mexico's Baja\* Run will work for you long, faithfully and at traditionally low Chevrolet cost.

A Chevrolet truck has always been a sound investment because of its quality construction. This is what makes it give you an honest day's work every day at very low cost and—when you are finished with it—return more resale money to your happy pocket.

This year stronger frames, engines that can pull more, and practically tailor-made suspension systems make Chevrolet trucks a better buy than ever. If you're in the market now, we'd welcome the chance to tell you about, and let you drive, the new trucks. Just give us a call.

Dere Editor:  
Well, its ben a spel sense I writ to you last but these bole weevuls they just bout been kep in me busy I don't hard have no free time. Kourse they aint nobody gonna raise no stink nowhow ifn they dont here from me.

You know, I was a settin on knowlege corner tother day and I kudnt hardly kepe from overbearin these two fellers what was a talkin bout what they had seen in the paper last weke. They was a proposin as to how purty these here Jaytown gurls are that is al-ways, gettin honors heped on them whilist they is off to school or some place.

I tell you fer shore they may be some towns what got more gurls thin Jaytown but they is goin to have to do some big doings if the turn out any

what rates any purtier, Speakin of purty gals, I red in one of them big city papurs where they is havin a contra vursy about liminatn a bunch from a butey contest when the judges had dun allowed as how they would be no liminatn til the finals. Seems them there judges up an extended the deadline fer enterin to get more gurls in, and then decited they had too many and needed to liminate a few.

Course them girls what had alreddy bought some fancified clothes and writ invitations to their fellers wernt none too pleased with it all.

Ifn them their judge fellers had to spend some time round Maw theyd knowd better than to dele with women folk, in any such way. Shed learn them a few things but fast.

Nother thing I noticed in that big city paper what I found in the barf pit, I jest happened to see an artical bout this big glammur star what used to be pictured on all the calendars. She wuz a gettin married fur the fourth time but she sed this was fer reel. And they was sumpin special bout her weddin. When evern that marryin man got round to the part bout she was to "love honor and obey" she stoped him right there and told him she didnt want no part of that "obey" stuff.

It pears to me the women folks is gettin mighty high and mighty these days.

I reckon I dun said muff now. Nohow I here my old bound dawg a barkin and I better go see bout him. He may be a sittin on a cuckie burr. So long

ZEKE
