

THURSDAY

June 13,
1991

50¢
Briefly

Hamburger Supper

Faith Choir will have a grilled hamburger supper on Friday, June 14 at St. James Baptist Church beginning at 5 p.m. Adult's plates will be \$3.50, or \$4 with cheese; children's plates will be \$2, or \$2.50 with cheese. Meals will be complete with all the trimmings.

VFW Auxiliary

The VFW Post 9178 and Ladies' Auxiliary will meet Thursday, June 13 at 8 p.m. at the post home.

Vacation Bible School

The First United Methodist Church of Colorado City, 333 Chestnut Street, will be offering Vacation Bible School beginning Tuesday, June 18 through Friday, June 21 from 9:30 until 11:30 a.m.

Children age 3 through fourth grade are welcome to participate. To register, call 728-5296 beginning at 9 a.m. on Tuesday, June 18.

Cotton Promotion Day

The Mitchell County Extension Homemakers will present a cotton promotion day on Thursday, June 13 beginning at 10 a.m. at Fort Wood Pavilion.

Exhibits will be on display from 10 a.m. until 2 p.m., and there will be a style show from noon until 1 p.m.

Bring a sack lunch and come see why cotton is king!

TAP Public Forum

The environmental concerns group Texans Against Pollution will sponsor a public forum with State Senator Steve Carriker on Saturday, June 29 at 7 p.m. in the Civic Center.

The subject of the public forum will be recent environmental legislation.

Queen Candidate Dance

A St. Ann's Queen Candidate Dance, sponsored by candidate Shawne Ortiz, will be held on Saturday, June 15 from 8 p.m. until midnight at the Civic Center.

The band "La Diferencia," formerly "F.M. and the Bad Boys" will play.

The public is invited. Admission is \$8 per person. Proceeds go to help the church.

1971 Class Reunion

The reunion for the class of 1971 will be held July 5 and 6.

A planning meeting will be held on Thursday, June 13 at 7 p.m. at the First National Bank meeting room.

Art Auction

The Colorado City Rotary Club will sponsor an art auction on Thursday, June 27 from 6:30 until 9:30 p.m. in the cafeteria of Colorado Middle School.

Make plans now to attend, and bid on original oils, original watercolors, Chinese prints, lithographs, and more, created by professional artists.

Works begin as low as \$35. Visa, Master Card, cash and checks will be accepted.

Tickets will be \$5 apiece, and will be available from members of the Colorado City Rotary Club.

Proceeds will go to help with expenses for foreign exchange student Sarah Wike, who will be going to Germany in August to stay for one year.

Council meets with Fina to hear oil clean-up plans

The City Council of Colorado City was addressed last night by representatives of Fina Oil and Chemical Company, who explained Fina's plans regarding land near the site just west of town where recent oil seepage has been discovered.

Concerned citizens cited the fact that recent rains have interfered with the temporary clean up measures at the site.

Sumps which are intended to serve as collection points for the seepage to prevent its reaching the Colorado River were flooded by the rising waters of that river.

According to Colorado City resident Molly Bruce, a rainbow sheen was visible on the surface of the river. Ms. Bruce voiced concern with the fact that the rushing river waters had loosed the oil-absorbent booms from their moorings,

rendering them ineffective as well. The purpose of those booms is to span the width of the river, resting on its surface, and absorb any floating oil.

She added that although the booms had been secured in place once again, the level of the water had dropped below them.

Fina representative Jeff Morris admitted that there were problems at the site. He said, however, that the technology being used was the most advanced available, and that there were certain restrictions on any more extensive measures at this time.

For instance, he said, a suggestion had been made that the entire problem area should be excavated. This suggestion, he explained, did not take into consideration the fact that to do so

could interfere in a negative way with the area substructure, underground waters, or with the flow of the Colorado River itself.

All suggestions are being considered, however, he explained, and new suggestions are always welcome.

He said that the main concern of Fina is to do the right thing, and that the corporation offices in Big Spring are so close to Colorado City that the latter area seems like the former area's "backyard."

"We care about Colorado City," he said, adding that Fina intends to do everything within reason to solve this problem.

Morris said that Fina does not currently own the property just next to Highway 80 nearest the seepage by the river, and that the state is

See FINA, page 2

Sheriff asked to take leave of absence

County Attorney Clay Strange has released a statement to the Colorado City Record regarding Mitchell County Sheriff Wendell Bryant.

Due to Bryant's deteriorating health, Strange said, he has requested that the sheriff take a sick leave of absence.

When this course of action was first suggested to Bryant, Strange

said, the sheriff was agreeable, but since that time has not initiated such a leave of absence.

Strange said that if Bryant has not initiated the leave of absence by Thursday, June 13, the County Attorney's office will present a petition to District Judge Weldon Kirk requesting that the sheriff be removed from office, at least temporarily.

Plans underway for busy July 4th

The Fourth of July in Colorado City will be a day of fun and celebration for everyone in Mitchell County.

Events will kick off with the 29th Annual Fly In at the Colorado City Jet Strip Airport. The Fly In breakfast of bacon, eggs, toast and coffee will be cooked and served from 7 until 10 a.m. by personnel of the City National Bank. There will be a charge of \$3 for the breakfast but there will be no admission charge, and the air conditioned pilots' lounge will be open to the public.

At 11 a.m. it's the Mitchell County Salute to Veterans Parade. Entries as well as donations are still being sought for this parade. Parade committee meetings will be held every Thursday at noon at the Civic Center until the big day, and anyone wishing to donate or participate is urged to come to a meeting.

Right after the parade, everyone will head out to Ruddick Park for the July 4th Fest.

Spaces are still available for booth rentals for this annual event. Electricity is available for the sites as well.

Booth space rental fees are \$20. Rent a booth. It's the perfect way for you or your organization to earn some extra spending money.

Several food booths are already planned, but there is always room for more. We also need game booths, arts and crafts sales booths, soft drink booths, information booths, and miscellaneous booths of all kinds. Just use your imagination!

Don't forget, food booths are authorized to sell soft drinks this year, too.

Lots of group participation activities have been planned, and more are in the works.

See FOURTH, page 2

I-20 accident kills one

A traffic fatality occurred in Mitchell County on Tuesday morning, June 11, at 7:03 according to Trooper Frank Costabile of the Texas Department of Public Safety.

Costabile relates that officials from DPS, the Mitchell County Sheriff's Department, the Loraine Volunteer Fire Department, the Mitchell County Ambulance Service, and the State Department of Highways and Transportation arrived at the scene shortly after that time.

At the scene they discovered a 1990 Ford Aerostar Van, along with its six passengers, a mother, father, and four children.

The driver of the vehicle, Paul Arce Maddagan, 18, was pronounced dead at the scene by Justice of the Peace Keith Ruddick at 8:01 a.m., and was transported to Kiker-Seale Funeral Home.

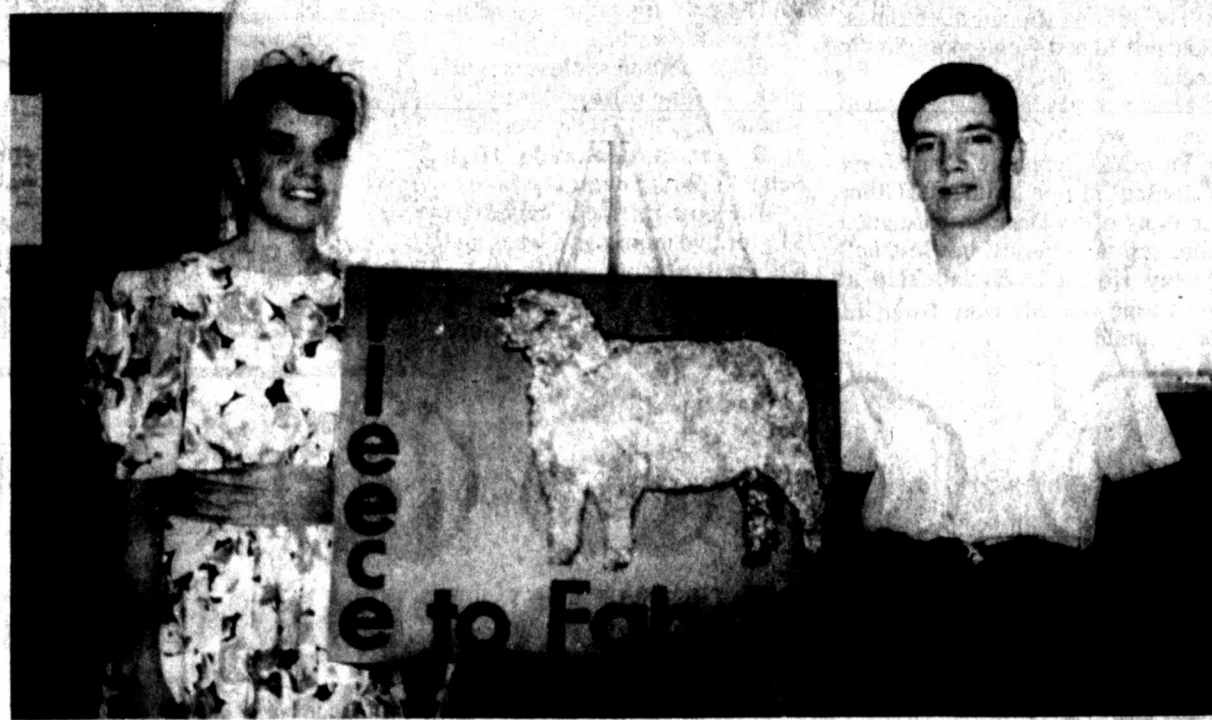

Other passengers were: Lourdes Maddagan, 31; Tony Maddagan, 43; Stephanie Maddagan, 3; Grace Maddagan, 16; and Patrick Bautista, 9.

The family was enroute from Loma Linda, California where they had attended the funeral of Tony Maddagan's mother. They were on their way back to their home in Peachtree City, Georgia, when the accident occurred.

According to Costabile, the van was eastbound on Interstate Highway 20 when the driver attempted to pass a slower-moving vehicle.

In doing so, the van veered into the center median, and the driver

See ACCIDENT, page 2

Caasi Smith and Justin Dockrey with their 4-H entry, entitled Fleece to Fabric. See related story, page 8.

Museum expenditures are met

The City Council of Colorado City met on Tuesday night and, among other agenda items, dealt with the expenditures for track lighting and museum consultant services at the Heart of West Texas Museum.

Council members were faced with a somewhat higher expenditure for the lighting than had been estimated.

A sum of \$3,918 had been estimated and approved for payment of the lighting installation in previous meetings, but that figure rose to \$4,552.76. This was explained as being due in part to the unforeseen necessity of bringing

some of the wiring in the museum's new location up to code before the track lighting could be installed.

Council members voted to use \$2,000 of motel tax money which had been earmarked two years previously for museum track lighting, and to pay the remainder of the bill with money from the budgeted museum fund.

Members also heard a request from two private individuals who currently share ownership of an air compressor with the city and with the Colorado City Volunteer Fire Department. The individuals wished to sell their shares of that

compressor to the city, in order that it might thereafter belong exclusively to the city for use by the CCVFD.

Councilmen requested that they be presented with a bill of sale signed by all pertinent parties, transferring complete ownership to the city. In exchange for that, members said, they will pay the \$1,750 requested to purchase those shares.

Catarino Martinez, the mayor of the city of Loraine, addressed the council with a request that Loraine's citizens be allowed to use

See COUNCIL, page 2

Redistricting hearing planned

The Mitchell County Commissioners' Court met in regular session on Monday, June 10.

Plans were discussed for a public hearing which will be held on Wednesday, June 19 at 6 p.m. in the District Courtroom.

The subject of the hearing will be county redistricting, and Greg Hudson, representative of the firm of Bickerstaff, Heath, and Smiley

will be the speaker.

Members accepted a petition for the extension of two county roads. Those roads are described as follows: Approximately one quarter mile in length, running east and west parallel to the north shore of Lake Colorado City and joining County Road #315 at its westernmost point; and, approximately one half mile in length, running east and west parallel to the south shores of Lake

Champion and joining County Road 121 at its easternmost point.

Members agreed to purchase a riding lawnmower for the use of all precincts.

They also agreed to seek bids for the seal coating of certain county roads. Those bids will be opened on July 8 at 2 p.m.

Commissioners also agreed to pay the county's share of a matching grant for a Regional Solid Waste Management Plan.

CISD board hires high school principal

The Colorado Independent School District Board of Trustees hired several new school personnel at its regular Monday night meeting, and accepted with regret the resignation of Colorado Middle School teacher Noel Guerra.

Hired as Colorado High School principal was James McSwain; Scott King was hired as CHS math teacher; Kim Anderson was hired for Colorado Middle School Plan A; and Ladene Hartin was hired as CMS band director.

The school calendar for 1991-92 was approved at the meeting.

First day of school will be Thursday, August 22, 1991.

Holidays will include Labor Day on September 2, 1991; Thanksgiving from November 27

through 29, 1991; Christmas from December 23, 1991 through January 3, 1992; and spring break from March 9 through 13, 1992.

Teacher work days will be August 21, 1991; January 17, 1992; and May 30, 1992.

Early release days will be November 26, 1991; December 20, 1991; and May 29, 1992.

An agreement was approved with Loraine Senior Citizens Center in conjunction with the serving of two meals at Wallace Center; and the agreement with Hobbs Alternative School was extended for another year.

Floyd Lee Ritchey was selected as 1991-92 TASB Legislative Network member.

Loraine board places 11 on Career Ladder II

The School Board of the Loraine Independent School District held its regular meeting on Monday, June 10 at 8 p.m. in the school board room.

Eleven teachers were placed on Career Ladder Level II, and each received a merit bonus for that accomplishment.

Those teachers are: Mike Herrington, Cindy Huffman, Brenda Martin, Robie Free, Lavon Herrington, Janet Moore, Adele Wilkinson, James Chunn, Bobbie

Nichols, Almaz Webb, and Inga Farquhar.

A scheduled appointment of a school board member to the County Education Board was postponed until such time as Governor Ann Richards signs House Bill 2885.

According to Superintendent Glenn Sanders, the governor is expected to sign that bill this week, and the board has a tentative meeting scheduled for Monday morning in the event she does so.

See LISD, page 2

Sales tax rebates released

State Comptroller John Sharp has released the figures for sales tax rebates as of June 7.

According to those figures, payments to date for the three Mitchell County cities are as follows:

Colorado City has received a total of \$174,016.31 since the

beginning of the year, compared to \$177,634.59 by this time last year.

Loraine has received a total of \$6,166.98 since the beginning of the year, compared to \$3,447.23 last year.

Westbrook has received a total of \$3,068.55 so far this year, compared to \$3,671.80 for the same period last year.

COUNCIL

Colorado City's landfill in the event that Loraine's landfill is closed after the first of the year.

Members agreed to ask City Attorney Tom Rees to draw up a contract for that purpose, requiring the same fee currently charged the city of Westbrook for similar use, and to present it for Martinez' approval at a future meeting.

In other business, members voted to honor a request by citizens to close an alley located in block 96 of Joseph E. Brown's Extension in Colorado City. They also voted to allow Stuart Ponko to erect a

carport at his 16th Street residence. The establishment of a drug policy was delayed until the return of City Manager Buddy Foster.

Foster is currently serving a two-week training period at Fort Hood in the Army Reserve. Council members will ask him to investigate and report on the various costs which can be expected from the implementation of the various types of policies.

Council members learned in Tuesday night's meeting that former City Manager Brenda Hammond had been paid \$2,240 in

unemployment benefits by the Texas Employment Commission.

City Secretary Glenna Garrett said that officials from the commission informed her that the city must repay that amount to the state, but that when Ms. Hammond repaid the money, it would then be refunded to the city.

Ms. Garrett also informed council members that the West Texas Chapter of the Texas Municipal Clerks Organization has chosen Colorado City as the site for its September quarterly meeting.

She expects at least 20 members

of the organization to attend that meeting.

The next meeting of the City Council has been scheduled for 5:30 p.m. on Tuesday, June 25.

Among topics of discussion at that meeting will be: the council's obligation as a sponsoring agent of the Housing Authority; and the feasibility of having a central collecting agency for county, city, and school taxing entities.

The Pool is Open!

The Ruddick Park Pool is open, and the hours are as follows: Monday, Tuesday, Thursday, Friday and Saturday - 12:30 until 6 p.m.

Sunday - 2 until 5 p.m.

Wednesday - closed for cleaning.

Ladies night - Tuesday 6:30 until 7:30 p.m. No children allowed.

Mothers night - Tuesday 7:30 until 8:30 p.m. Children allowed.

Parties - \$50 in advance.

Lifeguard included. 6:30 until 8:30 p.m. or 8:30 until 10:30 p.m.

Call 728-8151 for more information.

Yard of the Month

If you would like to enter or nominate a yard for the Yard of the Month, call Marsha Burrus at 728-5254, or the Chamber Office at 728-3403.

Donations for Parade

Donations are being accepted from individuals, groups, or merchants for the Mitchell County Salute to Veterans' Parade scheduled for the Fourth of July.

Bring your donations to the Chamber of Commerce, in the Civic Center building in Colorado City, or to the

Heritage House Opens

The Heritage House, on Chestnut Street in Colorado City, is now open from 3 until 5 p.m. Saturdays and Sundays.

Visitors are welcome.

There is no admission fee, but donations will be accepted.

Get in Shape!

Sign up now for pool aerobics and floor aerobics to help you get in shape for summer.

Pool aerobics classes will take place on Monday and Thursday evenings beginning at 6:30 p.m., after the pool's regular closing hours.

The cost for these classes is \$23 for four weeks.

Floor aerobics classes will take place on Monday, Wednesday, and Friday mornings at 8 a.m. at Colorado High School's Wolf Gym.

The cost for these classes is \$15 for two mornings a week and \$20 for three mornings a week.

Just be there, or call 728-2392 to register or for more information.

Overnight Hosts

On Friday, July 19, a bus load of approximately 50 foreign exchange students will be stopping in Colorado City for one night's stay. They will be back on the road bright and early on Saturday morning.

Colorado City Rotary Club members are trying to help find lodging for those students.

The students will be in the middle of a three-week road trip, and will have several suitcases each, will probably need the services of a good, sturdy washing machine, and would appreciate a homecooked meal.

In exchange, the students will bring into your home, for one night, a window on the world.

If you would like to offer lodging to one of these bright, friendly youngsters, or two, or three, or four, please call Robert Ramage at 728-2160.

July 4th Fest Booths

Anyone interested in renting a food or games booth for the July 4th Fest is asked to call Sheila Plagens at 728-3403 or 728-3413 to reserve your space now!

Food booths this year will be authorized to sell soft drinks. Booths will rent for \$20 each.

Parade Committee

The next meeting of the Mitchell County Salute to Veterans Parade committee will be at noon on Thursday, June 13 in the Civic Center.

Anyone interested is encouraged to attend and bring a sack lunch.

Items for V.A. patients

If you have shoes, clothing, toilet articles, or anything that V.A. patients can use, you can donate them easily.

Just bring them to V.F.W. Post 9178 weekdays between 4 p.m. and midnight, or weekends

911 addressing will change city route, box numbers

Members of the city office staff of Colorado City, in conjunction with local postal officials, are hard at work on 911 emergency addressing for the city.

According to City Secretary Glenna Garrett, no city street addresses will be changed, but city route and box numbers will be changed to reflect street locations of the residences they represent.

She said that, thanks to postal

officials' tireless assistance, she is certain that the emergency addressing will be completed by the September 1 deadline.

Ms. Garrett said that residents who currently have route and box numbers will be advised of their new addresses after that time.

The 911 emergency system is expected to be installed around that time, and to go into effect by January, 1992.

FOURTH

There will be a beach volleyball tournament, with entry fee of \$5 per player; there will be swimming games and contests such as greased watermelon grabs, inner tube races, and treasure dives in the pool at 25

FINA

currently attempting to make contact with all previous owners.

At that time, he said, a decision will be made as to how clean up operations will be handled and as to how the cost and responsibility for those operations will be proportioned.

According to Morris, the site was purchased by Cosden in 1958,

cents per event.

Come test your arm, three throws for 50 cents, at the Ryan Express Baseball Throw, hosted by John Martinez!

Join in the Hoop it Up Street

FROM PAGE 1

and by Fina in 1963. Fina, he said, shut down operations in 1968 and subsequently sold the site.

When Fina sold the property, he said, the tanks in question, from which it has been speculated the seepage might be coming, were used for asphalt storage. He said this presents somewhat of a mystery, because asphalt left for such a long period of time would be hard by now, and could not feasibly contribute to a seepage problem.

He said the current owner of the property must grant permission, however, or the Texas Water Commission must issue a directive, in order for tests to be done on the tanks to determine their contents.

Meanwhile, he said, Fina is committed to continue monitoring and maintaining clean up operations at the site of the seepage. Fina has also begun an assessment to determine all clean up operations which might be necessary on land just south of the seepage site.

Monitoring wells are in place, and will be tested periodically, along with water samples and soil samples, Morris said.

He added that Fina is the current owner of that southernmost site, located across the railroad tracks in the area, and intends to bear its responsibility for the clean up, although previous owners might be requested to contribute to the process as well.

Basketball Tourney. Teams will be three on three, may be co-ed, and will cost \$5 per player. Age divisions will be determined by the number of entries.

Pre-registration is requested for this event. Call Susan Anderson at 728-8416 if you are interested in hooping it up.

A "Puttin' on the Hits" contest is also on the schedule for the day.

Prizes for many of the games and contests will be original, limited edition t-shirts commemorating the festivities.

From 6 until 8 p.m. that evening, enjoy meals of hamburger, chips and tea for \$3.50 each, and be entertained by the music of Steve Myers and Linda Mathis.

The hamburger supper and music show will take place at the amphitheatre, and tickets can be purchased at the Chamber Office, at Plagens Printing, or from any member of the Chamber Board.

Cap off the perfect day in the perfect way - fireworks at dark courtesy of the Colorado City Volunteer Fire Department.

From dawn until dark, something great will be going on on the Fourth of July in Colorado City.

If you are interested in participating in any way - in the parade, or with a booth or activity at the park, please call 728-3403, 728-3413, or come by the offices of the Colorado City Record, at 157 East 2nd Street, and ask for Sheila Plagens.

ACCIDENT

FROM PAGE 1

attempted to return to the road without reducing speed, causing him to lose control.

The vehicle flipped three times, and came to rest facing north in the median.

Grace and Patrick were ejected from the vehicle, Costabile said.

Patrick, Stephanie, and Tony sustained minor injuries. Other survivors of the accident sustained more serious injuries, but Mitchell County Hospital officials said at press time that all were listed in stable condition.

Letters to the Editor

Michael Lee Boatwright and Shannan Christine Wolfe

Wolfe, Boatwright to marry on July 27

Mr. and Mrs. Robert H. Arisman of Midland and Gary Burleson Wolfe of Waco announce the engagement of their daughter Shannan Christine Wolfe of Midland to Michael Lee Boatwright of Midland.

Parents of the future bridegroom are Mr. and Mrs. Dennis L. Boatwright of Midland. His grandparents are Mr. and Mrs. Eldred A. Long of Colorado City.

The wedding is planned for 4 p.m. on Saturday, July 27 at First Baptist Church of Westbrook.

Miss Wolfe graduated from Lee High School and attended Southwest Texas State University. She is a member of Gamma Phi Beta sorority and is employed with the Reporter-Telegram.

Her fiancé is a graduate of Colorado City High School. He served in the U.S. Navy and is now employed with Linco Electromatic.

Dear Editor:

I would like to take this opportunity to thank all of the Merchants and Residents of Mitchell County for helping to make Project Celebration such a success. I was very impressed with all the prizes, decorations, entertainment, and food. I know my children really enjoyed themselves.

There were many months of planning and hard work that went into that one evening. I am sure there are many more days of work to be done as a follow up to. I would like to thank Roxie Strain as Chairman, Debbie Harris as Co-Chairman and all of the committees that worked to make Project Celebration such a success.

As a working mother, many times I fall short in helping with projects for our young people. I just can't say thank you enough to those who are willing to spend the time it takes to plan and carry out such an event. This is one event that I hope continues to receive the support it needs to continue. Again Roxie and Debbie and all those who worked so hard, THANKS....

Sincerely,
Donna Clark

\$111 billion. Here's how it works:

When Congress talks about spending cuts, they are not talking about cutting actual spending, but reducing projected increases. If Congress just reduces the amount of increased spending, they call that a spending cut -- even though actual spending is still increasing.

Confused? Let me give you a simplified example. Let's suppose Congress today is spending \$1.00 on a program and they have budgeted to spend \$2.00 on the same program next year. However, if they spend \$1.75 next year they will call that a spending cut of \$.25 -- even though they actually increased spending by \$.75.

When Congress promised to save \$500 billion in the years ahead, this was not an actual cut of \$500 billion, it was a reduction in their "pie-in-the-sky" budget for the future. Even with their supposed \$500 billion cut, actual spending will still skyrocket.

The promise of deficit reduction was nothing more than a myth. Congress just wanted more taxes for more spending. And they would promise anything just to get more

of our income.

Congress is bankrupting America. Because of Congress' non-stop deficit spending, the interest payments on the national debt exceed a whopping \$256 billion annually. These interest payments on the ballooning national debt are already more than all the individual income taxes paid by everyone who lives west of the Mississippi River. We are rapidly approaching the day when we won't be able to make the interest payment on our debt. I'm sure you understand what happens if you can't make the interest payments on your debts.

I urge you to tell the American people the real story -- that deficit spending is increasing, not decreasing as Congress promised. And tell them that the deficit represents a very grave threat to our future.

Sincerely
Ms. Pearl Watson

Dear Editor:

By now I am sure you are aware that despite Congress' promises to use the new tax revenue to reduce the federal deficit they did the exact opposite.

That's right, Congress enacted the second largest tax increase ever and rather than reduce the deficit they increased spending \$111 billion (and that doesn't include the Gulf War costs) and pushed the FY 1991 deficit to an all-time record \$320 billion.

But if you're saying to yourself, "I remember hearing Congressional leaders promise that the new budget would mean a \$500 billion spending reduction in the years ahead. How can they say that?"

Let me explain. Only in Congress can you promise a \$500 billion savings at the same time you increase actual spending by

Award winning Colorado High School cheerleaders are, front, from left: Susan Lentz, junior; Windy Bradbury, senior, head cheerleader; and Robin Walls, sophomore, Sluefoot. Back row, left to right are Holly Turner, sophomore; Rosemary Rosas, senior; Brandi Jernigan, junior; Jodi Cade, sophomore, alternate; Leah Watson, sophomore; and Deana Graham, junior. Not pictured is Krista Moore, senior.

CHS cheerleaders attend camp

Colorado High School cheerleaders and Sluefoot attended the Universal Cheerleaders Association Cheerleading Camp June 4 through 7 at Angelo State University.

While attending, they won various awards. During evaluation on the second day, they received two red ribbons for excellent for two of their cheers, and Sluefoot received one red ribbon

for excellence.

On the third day, during evaluation, the cheerleaders received one red ribbon for excellence for a sideline chant, and Sluefoot won a blue ribbon for superiority.

On the fourth day, the cheerleaders received two blue ribbons for superiority for one cheer and one sideline chant, and Sluefoot won a blue ribbon for superiority.

The cheerleaders also received all blue and gold superior ribbons during the overall weekly evaluations for partner stunts, dance routines, cheers, and chants on the final day.

During the final awards ceremony, the cheerleaders were awarded the camp championship in the pom pon division, and received a trophy and a blue superior ribbon.

They performed a home dance routine that they had been perfecting for weeks prior to camp. They also received a superior trophy for their work throughout the week.

Both the cheerleaders and Sluefoot got spirit sticks every day and brought one home on the final day.

Also, in the Motion Queen Contest, the top three were CHS cheerleaders, and Holly Turner was the champ.

Westbrook Wanderings

By Debra Miller

Max and Dodie Zant, Casey and Channing from Kilgore were here in Westbrook May 31st to visit Mr. and Mrs. Warren Zant.

Laurie and Sam Miller held a slumber party in their home last Friday night. Those attending were:

Kristi Miller, Brook Grisham, Isabel Soliz, Melissa Alaniz, Haley Hemphill, and Connie Koch.

Dan Clark, the minister of the Westbrook Church of Christ, held a family reunion at the Church of Christ Sunday, June 9. Approximately twenty people attended.

Dale Newman hit Anna Zant on the arm last Monday.

The Moore family reunion was held Sunday at the Westbrook school cafeteria. There were approximately 47 members of the Moore family to attend this year.

Georgia Lamford went to Menard to visit Doyce and Marla Lamford last week.

Bobbie Smith and Georgia Lamford went to San Angelo last week to visit Donald Taylor who was in Shannon Memorial Hospital.

Bobbie and Junior Smith went to Wink to visit with friends.

The Anderson family reunion was held last Sunday at the Golden Age Club in Westbrook. There were approximately 40 people in attendance. Family members came from Mitchell County, Odessa, Snyder, Lubbock and Roscoe.

May Fire Report

Colorado City Fire Marshal Billy Ray Williamson has released the department's fire report for the month of May.

CCVFD firefighters responded to two structure fires, six grass fires, one false alarm, and 10 miscellaneous fires, for a total of 19. Nine of those fires were inside city limits.

Miscellaneous fires included two tank battery fires which were caused by lightning.

Firefighters from Howard County, as well as from Westbrook and Loraine responded to the tank battery fires as well.

Also included in the miscellaneous calls were several controlled burns, smoke scares, and two calls at Mitchell County Hospital where the fire alarm system had malfunctioned.

Both structure fire calls were to 505 Oak street. When firefighters arrived the first time, they found the bathroom and hallway of the first floor to be heavily involved.

An investigation by the Fire Marshal's office determined that the fire had originated in the bathroom, where a set of electric hair curlers had fallen into a trash can.

There was severe smoke and heat damage to the entire residence and its contents.

Firefighters left the scene, but were called back several minutes later when it was discovered that several ceiling tiles in the dining room and living room were still smoldering.

These were removed and extinguished.

PUBLIC NOTICE

Texas Utilities Electric Company ("TU Electric"), in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice that it has filed a Notice of Intent to file an application for a certificate of convenience and necessity for approximately 2,172 MW of new generating capacity to be comprised of: one 620 MW combined-cycle combustion turbine generating unit scheduled for operation in 1997, at an estimated expense of \$476,285,000; one 620 MW combined-cycle combustion turbine generating unit scheduled for operation in 1998, at an expense of \$429,917,000; one 650 MW pulverized coal generating unit scheduled for operation in 2000, at an estimated expense of \$1,327,503,000; and approximately 272 MW of simple-cycle combustion turbine generating units scheduled for operation in 2000, at an estimated expense of \$195,451,000. All of the estimated expenses include an Allowance For Funds Used During Construction. In accordance with the Public Utility Commission's Substantive Rule 23.31(h)(3)(A), the locations for these generating units have not been finally determined; however, it is presently anticipated that the proposed generating units will be located at existing TU Electric generating plant sites.

Persons with questions about these projects should contact Dick Ramsey of TU Electric at (214) 812-4069. Persons who wish to intervene in the proceeding or comment upon action sought, should contact the Public Utility Commission of Texas, at 7800 Shoal Creek Blvd., Austin, Texas, 78757, or call the Public Utility Commission Public Information Office at (512) 458-0256, or (512) 458-0221 for the telecommunications device for the deaf. The deadline for intervention in the proceeding will be 60 days after the final publication of this notice.

A complete copy of the Notice of Intent is on file with the Public Utility Commission of Texas at the above address.

TU ELECTRIC

Public Notice

Southwestern Bell Telephone Company (Company), in accordance with the rules of the Public Utility Commission of Texas (Commission), hereby gives notice of its intent to implement a new schedule of telephone rates in Texas for Directory Assistance Services, effective August 1, 1991, unless otherwise determined by the Commission. The Company has filed an application with the Commission to restructure and change the rates for Directory Assistance Service.

To help recover its costs, the Company is proposing to increase the rates for Directory Assistance calls from \$.30 to \$.40 per call (after the three-call allowance). Southwestern Bell is proposing that there be no change in the number of free Directory Assistance calls allowed each month (currently three) and that customers who qualify for exemption of Directory Assistance charges because of visual or physical handicaps continue to be exempt from these charges. The company also proposes to begin charging \$.25 per call for Directory Assistance from pay telephones.

If approved by the Commission, this proposed rate change for Directory Assistance will increase the Company's annual revenues by \$15.4 million, which is an increase of approximately one half of 1 percent in the Company's adjusted revenue for the twelve-month period ending December 1990. This proposed rate change would affect approximately 900,000 residence customers, approximately 155,000 business customers, approximately 500 private pay telephone owners and all customers who make Directory Assistance calls from public pay telephones.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Public Information Office at (512) 458-0256 or (512) 458-0221 tele-typewriter for the deaf.

Abandoned wells are safety hazards

COLLEGE STATION -- Abandoned wells are a public safety hazard -- they can carry contaminants directly into an aquifer and create serious groundwater pollution.

More than 150,000 abandoned, unsealed wells are located across Texas, said Dr. John M. Sweeten, agricultural engineering program leader with the Texas Agricultural Extension Service. Most of them

are either water wells or oil and gas wells.

"To protect water quality and the environment," Sweeten said, "urban and rural Texans can join forces to help locate and seal these abandoned wells. The assistance of every landowner and citizen is essential for this program to succeed."

He said children and small animals do get trapped in abandoned wells, but this is not as common as having the wells serve as routes for groundwater contamination.

"An old well can allow surface runoff water to flow directly into an aquifer, taking sediment, animal wastes, fertilizer or pesticide contamination into groundwater," he said.

Natural processes that filter and degrade contaminants as they move through the soil are bypassed when water flows into an abandoned well, Sweeten explained.

"Groundwater quality also can be in danger if an abandoned well allows a fresh water aquifer to receive flows from another that contains brackish or saline water," Sweeten said.

Sometimes people construct a new well and neglect to plug the old well properly, Sweeten said.

"They may not realize that the new well and their drinking water can be contaminated by an old nearby well," he said.

Capping is not enough to keep a well from becoming a problem - it must be both plugged and sealed to be safe.

Before sealing a well, remove any pumping equipment, all removable casing, obstacles or debris.

"The well can be sealed then by

filling it with cement from the bottom to within two feet of the surface," said Brad L. Cross, geologist with the Texas Water Commission's groundwater conservation section.

"The well casing should be cut off about 24 inches from the top and the hole filled with soil," Cross said.

Cross said other procedures may be needed to seal large-diameter wells if unique geologic conditions exist or special construction techniques were used.

If cement is not practical because of expense and volume, clay or a mixture of sand and bentonite can be used to fill the hole.

"The goal of sealing abandoned wells is to restore as much as possible the relationship of ground to water in aquifers that existed before the well was drilled," Cross said.

"If you locate an abandoned well, arrange for a well contractor to seal it," Cross advised. "But check with city, county and state government and water management districts for any specific regulations on well abandonment in your area."

Evidence of abandoned well sites may be as obvious as a pipe sticking out of the ground, a ring of concrete, tile, or rocks 12 to 36 inches in diameter, old windmills that are often placed over abandoned wells, or a ground depression, Cross said.

25 teams signed up for local golf tourney

Father's Day weekend, June 15 and 16, is the weekend local golfers always look forward to.

It's the annual 25th Partnership Lowball Tournament hosted by Wolf Creek Golf Course. Recent rains should have the course in great shape.

As of Tuesday afternoon, twenty-five teams have already entered the tournament. Entry fee is \$110 per team which includes a free

meal for the golfer and a guest Saturday night.

Any golfer wanting more information call Wolf Creek at 728-5514.

Also the 1991 West Texas Chapter PGA Jr. Tour Golf Tournament is scheduled for Tuesday, June 25 at Wolf Creek. For more information and eligibility requirements call Wolf Creek.

Home Economic HAPPENINGS

By Dana Davenport
Mitchell County Extension Agent- HE

HELPING YOUR CHILD TO READ

Learning to read is an important part of childhood. For many children it seems to just come "naturally," while for others it is an ongoing struggle. Parents can help their children acquire reading skills in a number of ways:

*Let your children see you read so they will have a model to follow.
*Provide a comfortable, special reading area and a variety of books, newspapers, and magazines.

*Read store and road signs, package labels and license plates.
*Reward the child's reading achievement with a trip to the library, the purchase of a new book, or praise about how well the child is doing.

*Write down your child's story as he or she tells it so that it can be seen in print. The child can draw pictures to illustrate the story. Save the story and read and savor it together.

*Give your kids bookcases (a cardboard carton covered with contact paper will work) where they can store books.

*Play readers theatre (each individual has a part and they read aloud together), act out stories, present puppet shows of favorite books.

*Give books as birthday and holiday gifts.

*Show pictures and ask what might happen next; being able to predict what will happen next is an important reading skill.

*Read to your children every day. Sometimes let them choose the books. Read your old favorites or those that teachers or librarians recommend. Once your child can read on his own, you need to continue reading at a higher level.

*Talk about the books you read together. Ask questions about the story: Where did the story take place? Which of the characters are you most like and why? What happened first, second, last? Why did you like this story? How does it make you feel? Think of a question to ask about the book.

The single most important activity that parents can do to assist their children in reading is to read to them throughout childhood, and especially during preschool years.

The benefits are greatest if the child is an active participant, engages in discussions about stories, identifies letters and words, and discusses the meanings of words.

Public Notice

Southwestern Bell Telephone Company (Company), in accordance with the rules of the Public Utility Commission of Texas (Commission), hereby gives notice of the Company's intent to implement a new schedule of telephone rates in Texas for residence Custom Calling Services, effective August 1, 1991, unless otherwise determined by the Commission. The Company has filed an application with the Commission to restructure and change the rates for certain residence Custom Calling Services.

The Custom Calling Services affected by the Company's application are optional telephone service arrangements that provide the following features: Call Waiting, Call Forwarding, Three Way Calling, Speed Calling 8 and Speed Calling 30.

The Company's proposal would increase the monthly rate for the individual Call Waiting feature from \$2.10 to \$3.10 for residence customers. Also, the rates for certain combinations of Custom Calling Features (Call Waiting, Call Forwarding, Three-Way Calling and Speed Calling-8) would increase or decrease depending upon the combination of features. In addition, the company proposes to obsolete the optional Custom Calling Service feature Speed Calling 30 for residence customers except for existing customers at their existing locations. Following are the feature combinations and their current and proposed rates.

One Feature Per Line	Current	Proposed
Call Waiting	\$2.10	\$3.10
Call Forwarding	2.10	2.10
Three-Way Calling	2.10	2.10
Speed Calling-8	2.10	2.10
Two Features Per Line	Current	Proposed
Call Waiting, Call Forwarding	3.75	4.50
Call Waiting, 3-Way Calling	3.70	4.50
Call Waiting, Speed Calling-8	3.70	4.50
Call Forwarding, 3-Way Calling	3.70	3.50*
Call Forwarding, Speed Calling-8	3.70	3.50*
3-Way Calling, Speed Calling-8	3.70	3.50*
Three Features Per Line	Current	Proposed
Call Waiting, Call Forwarding and 3-Way Calling	5.30	5.90
Call Waiting, Call Forwarding and Speed Calling-8	5.30	5.90
Call Waiting, 3-Way Calling and Speed Calling-8	5.30	5.90
Call Forwarding, 3-Way Calling and Speed Calling-8	5.30	4.90*
Four Features Per Line	Current	Proposed
Call Waiting, Call Forwarding, 3-Way Calling, Speed Calling-8	6.90	7.30
Speed Calling 30	3.20	3.20**

*denotes rate decrease

**Southwestern Bell's application proposes to obsolete residence Speed Calling 30 except for existing customers at their existing locations.

Most of the Company's residence customers in Texas who subscribe to one or more of the Custom Calling Service features will be affected by the proposed rate restructuring. It is expected that the proposed rate restructuring of Custom Calling Services will increase the Company's annual revenues by \$15.9 million, which is an increase of approximately one half of 1 percent in the Company's adjusted revenue for the twelve-month period ending December 1990. The restructuring will result in an increase in the Custom Calling Services rates for approximately 2.5 million residence customers and rate decreases for approximately 15,000 residence customers. Also, the obsolescence of the optional feature Speed Calling 30 will affect approximately 156,000 residence customers.

Persons who wish to intervene or otherwise participate in these proceedings should notify the commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Public Information Office at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.

CHIEF LONE WOLF

Why are we here today, in Colorado City, rather than some 20 miles south of this site? Perhaps you've heard, there were two surveys made for the Texas and Pacific Railroad. One proposed locating a town 20 miles south of present day Colorado City. The other, of course, was where we are today. Obviously, the second of the two locations was selected.

What if the southern site had been chosen? Well, for openers, the town would have been called "Artesian," and it would have been in Section 76, Block 26, which was situated on Champlin Creek. Today, we call it Champion creek. More specifically, for early day residents who can remember Seven Wells, that's exactly where Artesian would have been situated.

The townsite was platted by a surveyor named W.W. Marshall and some of the streets which were destined to be laid out included Main Street, Morgan Street, Colorado Avenue, Cass Avenue, Robinson Street and College Grounds.

It's fun to speculate on how those would-be streets earned their names. Colorado is obvious. So is Main Street. And, Morgan, Cass and Robinson must have been named after early day residents of the Champlin Creek area. But, College Grounds? Evidently Artesian was going to thrive and prosper, and in time, be the educational hub of West Texas. Course, because the site along the Colorado River was selected for the town, we'll never know whether Artesian would have fulfilled its planners dreams.

What we do know, prior to the arrival of the T & P in 1881, was Mitchell County was sparsely populated. Better make that hardly populated. In 1878 less than a dozen souls called Mitchell County home. (Actually, they couldn't have called Mitchell County home, because the county wasn't organized until 1881).

Waddell and Byler had a cow camp in the southeastern edge of what was to become the county. That was located on Champlin Creek. R.S. McClintock had a place, a frontier store, just "above the creek." His early day version of a convenience store was constructed of willow poles, covered with buffalo hides.

But, when the railroad came to Mitchell County, things began to change. By 1883 the tax rolls indicated local cattle barons had over 100,000 head of cattle. Naturally, Colorado quickly became a major shipping center.

One misconception about Colorado City's rapid growth. It wasn't because the railroad stopped here. Records show the rails reached Big Spring a month after the railroad came through Colorado City.

To substantiate this, bear in mind, the Texas and Pacific was racing another company, the Southern Pacific, which was building at a frantic pace from San Antonio to El Paso.

With the arrival of the railroad in Colorado, the town's population quickly grew to several thousand. So, everyone was happy, right? Wrong. As the railroad reached Mitchell County, several citizens filed lawsuits against the T. and P. because the company's trains were hitting cattle and killing the animals.

Oldtimers said not all of the claims filed against the railroad were justified, but some were. In time the State Cattle Raisers Association hired a lawyer by the name of Henry A. Fowlkes to check into the problem. Fowlkes, in turn, hired a young cowboy, Thad Whitley, to ride the line to report cattle killed by the T. and P. trains.

In time, fences curtailed the problem. In the meantime, hardfeelings existed between the railroad and cattlemen.

The same circumstances would have probably developed if the railroad had gone through Artesian.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS
OF PROPOSED
CONSTITUTIONAL AMENDMENTS
SPECIAL ELECTION
AUGUST 10, 1991

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 42 proposes a constitutional amendment that would authorize the newly created county education districts to hold elections to exempt from ad valorem taxation a percentage of the market value of the residence homestead of a married or unmarried adult. The percentage exempted could not exceed 20% of such market value, and the amount exempted could not be less than \$5,000. The amendment would also authorize county education districts to hold elections to exempt from ad valorem taxation not less than \$3,000 of the market value of the residence homestead of a disabled person or a person sixty-five years of age or older. Finally, the amendment would authorize elections in county education districts for the taxation of certain tangible personal property exempted from ad valorem taxation by the legislature.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the voters of a county education district to adopt certain exemptions from the district's ad valorem taxation for residence homesteads and to provide for the taxation of certain tangible personal property."

PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 5 proposes a constitutional amendment that would allow the legislature to pass general laws authorizing Texas Higher Education Coordinating Board or its successor to issue and sell up to \$300 million of general obligation bonds to finance educational loans to students. The maximum net effective interest rate to be borne by the bonds would be set by law. The amendment would also authorize the legislature to provide for the investment of bond proceeds and to establish an interest and sinking fund to pay the bonds and provide for the investment of such fund. Bonds authorized under this amendment would be paid from the first money coming into the treasury in each fiscal year that is not otherwise appropriated by the constitution, less any amount in an interest and sinking fund established at the end of the preceding year that is pledged to the payment of the bonds or interest.

The proposed amendment will appear on the ballot as follows:

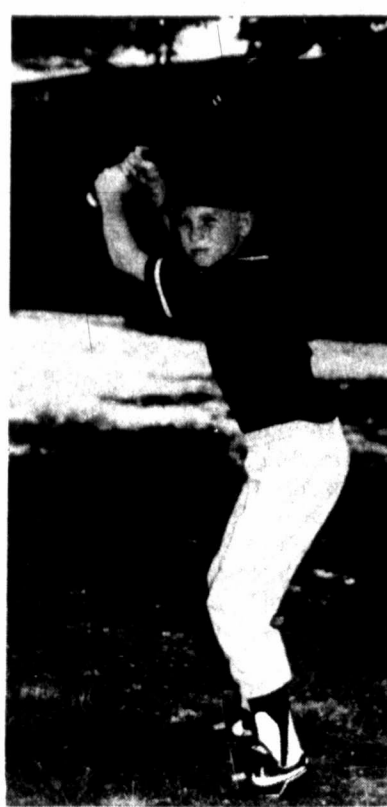

"The constitutional amendment providing for the issuance of general obligation bonds to provide educational loans to students."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el 10 de agosto de 1991. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llama al 1/800/252/8683 o por escribir al Secretario de Estado, P.O. Box 12060, Austin, Texas 78711.

UGSA busy at season's end

Colorado City's chapter of U.G.S.A. has its hands full with several activities scheduled for the month of June. Presently all of the divisions are selling tickets for a drawing to benefit the U.G.S.A. The tickets can be purchased for \$1.00 from any player. A choice of 1/4 of a side of beef or one pair of

Justin Ropers will be presented to the winner of the drawing on June 21st.

Also, on June the 21st through the 22nd Colorado City will be the host for a Division II tournament. Our home teams, the Blasters, Stingers, and Flames, as well as teams from Coahoma and Big

Spring will be competing in the tournament. All-Stars will be presented on the following Monday, June the 24th. An auction to benefit the league, and a coaches

and parents game will also be held that evening to bring an end to the activities occurring in June.

Moore reunion held June 9

The Moore Family Reunion was held at the Westbrook High School cafeteria, Sunday, June 9, 1991.

Those attending were Royce Moore, Leonard, Judy, Kenny and Kristi Moore and LaVern Moore of Westbrook; Orenand Louise Moore of Colorado City; Rodney, Eve, Andrea and Ross Moore of Coahoma; Carmon Stephenson of Abilene; Joe and Loretta

Stephenson of Ballinger; Welton and Marie Stephenson of Arlington; Robert and Jean Kiker of Midland; John Boyd of Odessa; A.L. and Ruby Mae Curtis of Meadow; Al

and Darlene Featherston of Lubbock; Ruyal Don, Becky, Tangi, and Tesha Arant of Levelland; John and Helen Deeds, Amy and Danny Simcox, and Clint

Ravte of Brownwood; Johnny, LaRue and Wanda Moore of Amarillo; Charlie and Grady Moore of Amarillo; Charlie and Grady Moore of Mesquite; Debbie and son, Gerald Peden of Terrell; Clarence and Jane Moore of Richmond, Virginia; Dale, Julia, Derek and Jeffrey Moore of Morton, Illinois; and Kim, Zac, and Beth Evans of Chandler, Arizona.

Local kids attend camp

Richie Culpepper, Clay Eades and Adam Myers, all of Colorado City, have recently completed a 1 week course of intensive baseball training at the Mickey Owen baseball school near Miller, Missouri.

During the 1 week at the school, the boys received specialized training in all phases of the game through the combination of instruction, practice and game experience, that included: fifteen to twenty games, practice games, pitching machines, video taping equipment, and instruction from qualified coaches.

The facilities at the Mickey Owen baseball school were planned and built so that boys are able to receive the comprehensive training, from our professional staff needed to become a better baseball player.

Richie is the son of Mr. and Mrs. Bob and Renee Culpepper, Clay is the son of Mr. and Mrs. Ricky and Brenda Eades, and Adam is the son of Mr. and Mrs. David and Sharon Myers, all of Colorado City.

Loraine Personals

By Lois Phillips

There is one who knows all your heartaches. He sees every falling tear. His grace will bring you rich comfort and help all your burdens to bear.

Though your path may be strewn with sorrow, and lonely may be your day, there's one who will walk beside you and bring joy and gladness your way.

To the Williams family, we are so sorry about your loss and as friends it is our loss, too. Cleon grew up in our town, went to our schools and contributed much along the way. He was still contributing when he got sick and could no longer do his work. Ike and Etta G. and their family have done lots to help anyway they could. Again, we are sorry and grieved along with Cleon Williams' wife and children, his brothers and sisters and his grandmother. May God richly bless you all, and to his wife, may God bless you as you raise your children. He will always be with you. We will pray for you.

Our Pastor's mother is in Hendrick Memorial Hospital in Abilene getting treatment for burns on her arms and legs, due to a kitchen accident. She spilled hot grease on her arms and legs. Her condition is very painful but at this time she doesn't seem to be any worse than at the beginning.

We, the people of the First Baptist wish her well and will continue to pray for her and hope she will feel much better soon.

Visiting Trixie West recently were her granddaughter Ginger Norton and her little daughters, Laci and Kaylie of Ira, grandson William and Gayle, children Deon, Guy and Rebecca, also daughters LaRue and Don Riley of Sweetwater, also D.L. and Bonnie House of Rotan.

Mrs. Harold Davis, Dondra and Dodie of Whitehouse were here last week visiting their mother, grandmother, Wila Bean Forbus. Their aunt, Mrs. Ruby Jennings of

Midland came to visit them. Harold Davis came to visit them. Harold Davis is pastor of the Whitehouse First Baptist Church.

Elba Evans has returned from a trip to Greenville to visit a daughter and her brother who live in the area. Ray & Peggy Harmon and their two married girls and one son, also married, all live near by but since I don't know all the names I won't print any of them for fear I'll be in trouble with grandma.

Little Miss Adonna April Sanders, daughter of Phillips and Evvon Sanders is doing better but she may have to have more surgery, placing a tube in her stomach in order to feed her better until her other problem corrects itself. She has been in the ICU since she was born. It has really been a grind on everyone concerned. We sure hope she will soon be well and can go home. She has a big brother, Justin. They all live in Alpine.

Little Miss Hannah Chaney has gone home after she and her family had spent several days at Grandpa and Grandma's house in Loraine.

D.L. & Bonnie Ruth House came by for a short visit on Sunday afternoon. We were glad to see them.

The Beaty's from Abilene came after Church Sunday. They couldn't come for Father's Day because they have to go to Amarillo to move Patti home. She plans to teach at Abilene High this next year.

George and Estelle Lee had their newest grandson visit them recently. He is the youngest son of Jay and Charlotte Lee. His name is Jathan and the other two are Jared and Jace. They came Friday and visited until Sunday. They are from Imperial, Texas.

Also visiting with the Lee's that same Sunday were George Jr., Faye and Clayton and James Lee and his children of Wilson, Texas.

Joey Lucas was here from Houston visiting his parents, brother Rick, Gloria, Heather and Ryan. He also visited aunts, uncles, cousins and so on in the area.

Sherri Webb has enrolled at Tarleton State College where she plans to get her degree. We wish her good luck in her new school.

Sue Finley is in Lubbock today, which is Tuesday, for a check-up. She still doesn't know what nor where, but maybe she will find out today. Hope so. There is a possibility of several things. She does know that she may be back in a hospital after today, it just all depends. She really needs your prayers so don't forget her and her family.

Patti came by to eat lunch with us recently. She had been home for a visit with her family and was on her way back to Amarillo. She had a friend with her but I don't remember names very well, so I'll skip this one for now.

I understand that Maz Webb is doing better. Hope she keeps improving and can come home when her time is finished and is strong and healthy.

Dockrey, Smith attend 1991 State 4-H Round-up

Two Mitchell County 4-H members recently competed in the 1991 Texas State 4-H Roundup held on the Texas A&M University campus in College Station, Texas.

The team of Justin Dockrey and Caasi Smith placed 4th in the

Sheep and Goats Educational Activity with a presentation entitled, "Fleece to Fabric." This illustrated talk involved the processes a wool fleece goes through in order to make an article of clothing. The team qualified to

attend the State Roundup by placing 1st at the district level in early May.

Approximately 2000 4-H members from all over the state participated in 41 different events at the 1991 4-H Roundup. Method demonstrations and illustrated talks, like the one prepared by Justin and Caasi, are planned presentations that teach information related to a project or activity.

Simply, these talks are ways of showing and telling others how to make or do something and sharing useful information.

The range of topics included in these talks covers most anything related to agriculture and home economics.

Other events at 4-H Roundup include the state food show, livestock and horse judging, range and pasture evaluation, and the state rifle match competition, to name only a few.

These types of activities provide 4-H members with learning opportunities and educational experiences along with the opportunity to develop and practice citizenship and leadership skills.

Anyone interested in learning more about 4-H activities should contact the Mitchell County Extension Service office at 728-3111.

Crusade planned Saturday

On Saturday, June 15, Christian Temple will be conducting an Every Home for Christ Crusade. This will be a joint effort with students of Knowing Him Bible Institute and Midland Christian Fellowship.

The goal will be to contact as many homes in Colorado City as time will allow in order to help determine the spiritual needs of the people of our community as well as to offer a place of fellowship and worship for the unchurched.

A drama team from Midland Christian Fellowship will be in town in conjunction with this effort to present a mime performance. This performance will take place on the parking lot of Fuller Foods in the 400 block of Hickory Street at 4 p.m., contingent on final approval from owner Raymond Fuller.

The one day crusade will conclude with a rally at Christian Temple beginning at 7 p.m. This rally will consist of a time of worship, special music, and a message by Associate Pastor David Lelek, who is also a student of Knowing Him Bible Institute. The public is cordially invited to the rally.

Christian Temple is located on the corner of 5th and Elm Streets in Colorado City.

For more information, please call David Lelek at 728-3281 or Pastor V.W. Matlock at 728-5100 or 728-3430.

On Saturday, you may call the church at 728-5944.

Card of Thanks

Thank You:
To all the friends who expressed their love and concern during my surgery. For all the cards, gifts, letters, flowers, phone calls and especially for the prayers. I'm looking forward to bringing home before too long.
Love,
Mildred Boyd

LEGAL

Notice of Intent by Mitchell County Commissioners Court to Reapportion County Commissioners Precincts
The Federal Voting Rights Act requires county commissioner courts to meet certain requirements and in order to be in compliance with the Federal statute, the Mitchell County Commissioners Court has determined that new commissioner precinct lines need to be established.
The County plans to provide opportunity for all persons in the community to participate in the process by which the final boundary lines will be drawn. Comments, suggestions, and proposed plans are welcome. A public hearing on reapportionment commissioner precincts will be held on Wednesday, June 19, 1991 at 6 p.m.
Maps of the proposed plan may be examined at the County Courthouse and copies may be obtained for the cost of reproduction.
Any persons or group that wishes to submit a proposed redistricting plan for the commissioners court's consideration should submit the plan to the county clerk on or before June 18, 1991 so that the plan may be inspected prior to the public hearing to be held on June 19. The following criteria will be used by the commissioners court in assessing plans for adoption:
1. Any plan should not operate to dilute the voting strength of racial or language minority citizens.
2. Any plan should not fragment minority communities or pack them into districts in concentrations greater than needed to elect minority representation.
3. Any plan should be drawn to conform with geographic boundaries utilized by the Bureau of the Census in the 1990 census to the extent possible unless other reliable sources are used.
4. Any plan should be based on 1990 census data unless it can be shown that other more reliable sources were used.
5. Any districts should be composed of territory that is contiguous and reasonably compact.
6. Any plan, to the extent possible, should preserve historical boundaries, and should recognize clearly identifiable economic or community interests.

LEGAL

live bid opening times on Friday, June 21, 1991. Then publicly read. All prospective bidders are advised that there will not be a Pre-Bidders' Conference for this project. The contract for this work will not be awarded to any contractor or firm which is currently debarred from bidding on State Department of Highways and Public Transportation projects. No currently debarred contractors will be permitted to perform subcontract work on this project. PHOTOGRAPHY

Defensive driving course set June 18, 20

A Defensive Driving Course is scheduled for June 18 & June 20, 1991 at the Wallace Center in Colorado City sponsored through

PFC Lonnie Clary

Welcome home!

The parents of PFC Lonnie Clary will host a homecoming get-together on Saturday, June 15 beginning at 6 p.m. for their son, who has recently returned home from Desert Storm.

All his friends are invited to come by for cake and ice cream and an old fashioned Welcome Home!

The Clary home is located on the corner of FM 1983 and Mitchell County 305.

Clary is the son of Ed and Linda Clary and the grandson of Carl and Atta Britton.

Accounts Opened

Accounts have been opened at both City National Bank and First National Bank to help with travel and living expenses for Sarah Wike, 16, daughter of Monte and Noma Wike of Colorado City.

Sarah will be going to Germany to live for a year as a foreign exchange student.

Western Texas College in Snyder. The classroom sessions offer pointers in preventing accidents in spite of the incorrect actions of others and adverse driving conditions.

The course will have two sessions on Tuesday and Thursday nights from 6-10 pm. Films and other visual aids will be used to demonstrate how to improve driving skills.

Persons completing this course will be eligible for a reduction in insurance premium rates, also for possible ticket removal. The fee for persons 60 and over is \$20.00. Others pay a fee of \$25.00.

You may register at the Wallace Community Education Center by June 17, 1991. For more information call 728-2392.

Residents and staff both were very busy during the month of May. The month began with the monthly dance which is held the first Friday of every month. The "Colorado River Playboys" have been coming and playing for our residents for many years. The band consists of members from Colorado City and Snyder. Their members are Cliff Cox, Jake Leach, Foy Dunlap, Bob Joplin, Lula Leach, William Powell and Rayetta Pierce. They really do an excellent job. We would like to invite anyone who has never attended one of our dances to come and join the fun.

Residents celebrating their birthdays during the month of May were: Susie Smith, Ray Marrow, Marie Hardegree, Lillian Brenem, James Christain, and Jody Alaxander. We would like to thank the Church of Christ and its members for baking the birthday cakes for our residents each month.

On May 10th the residents and

families had a Mother's Day party, where all of the mothers were recognized with a Mother's Day Certificate and corsages presented to the oldest, youngest, and mother with the most children. Oja Baker received the oldest Mother award, she is 89 years old. Darlene Boon is the youngest mother at 47 years old. Laura Barnfield was the mother with most children, she has over 125 children counting her 13 children, all of their children and her great grandchildren.

The staff enjoyed their Dress-Up Day on May 17th. It was T-Shirt Day, Anna Arillano was 1st place, Joyce Scott was 2nd place and Sandy Castillo was 3rd place.

The Employee of the Month was LaNette Hernandez. Congratulations LaNette. The resident of the Month was Bea Henderson. Bea has been a resident at Kristi Lee for 12 years. Bea was born and raised in Colorado City. She worked for Max Bermans for many years and she and her husband

owned and operated the Ice House for many years.

We would like to welcome the following new residents: Mr. and Mrs. Leon Day, Thurman Moorman and Jesus Rodriguez all from Abilene, and Mary McNeal from Sweetwater.

The residents and staff would like to congratulate all of the seniors from Colorado City, Loraine, and Westbrook. May your lives be all that you would have them to be.

News from... Kristi Lee Manor

Obituaries

Cleon Williams

Cleon Williams, 38, of Colorado City, died on Saturday, June 8, 1991 at Mitchell County Hospital.

Services were held on Wednesday, June 12 at 2 p.m. at First Baptist Church in Colorado City, with the Reverend Robert Bracy officiating, under the direction of Kiker-Seale Funeral Home.

Burial followed in Mitchell County Cemetery.

Williams was born on Saturday, February 28, 1953 in Post, to Isaac and Etta Gee Williams, currently of Loraine, who survive him.

A Baptist, Williams was a member of St. James Baptist Church in Colorado City.

He was an ambulance driver with the Mitchell County Ambulance Service.

Williams was married on March 10, 1990 to Dorothy Walthall Williams of Colorado City, who also survives him.

Other survivors include: one daughter, Elisha Williams of Odessa; two sons, Michael Williams of Odessa and Christopher Williams of Colorado City; one stepdaughter, Nedra Walthall of Colorado City; one stepson, Rashad Walthall of Colorado City; nine brothers, Isaiah Jr. Williams of Sweetwater, Tommy Williams of Fort Worth, Dave Williams of Tyler, Anthony Williams of Colorado City, Ricky Williams of Loraine, Tony Williams of Loraine, Melvin Lee Williams of Loraine, and Joesell Williams of Loraine; four sisters, Rita Robinson of Sweetwater, Michelle Burns of Lubbock, Trena Williams of Loraine, and Linda Joyce Williams of Palm Springs, California.
