Tobacco Industry Healthy

By ROGER D. JOLLEY
Associated Press Writer

DURHAM, N. C. AP — Cigarette manufacturers say they're doing all right despite antismoking campaigns and a government ban on television and radio advertising.

In 1970 the number of cigarettes produced in the United States increased 17.4 billion to 575 billion.

Even Liggett & Myers, Inc., which has reported a slight decline in cigarette sales for several years, posted a increase in operating income from cigarettes last year.

John Palmer of Washington, president of Tobacco Associates, a flu-cured tobacco trade organization, noted that last year's increase in production was a reversal of the recent trend. For instance, he said, in 1969 fewer cigarettes were produced than in 1968.

Also, the fugure for cigarette exports jumped last year from 85 billion to 29 billion.

Most cigarette manufacturers don't release exact sales figures, but surveys by Marketing Communications, Forbes and Barron's indicate gains in cigarette sales last year of from one to three per cent.

The surveys said profits increased even more because of higher prices.

Palmer predicted the federal ban on television and radio cigarette advertising, which went into effect the first of this year, would have little influence on cigarette consumption.

He said the companies have switched to other forms of advertising, including newspapers, magazines and billboards.

The American Cancer Society, which along with the U. S. Public Health Service has led the fight against cigarette smoking, says its surveys show nearly two-thirds of the adult population in the United States are nonsmokers. The figure 10 years ago was 50 per cent.

But meanwhile, the population of the United States has increased from about 180 million to more than 203 million.

The society also says there has been an increase in the number of teen-agers who smoke.

The Cancer Society, however, is encouraged over the smaller amount of tar and nicotine in cigarettes, which it says has been cut drastically over the last 15 years.

Today In History

By THE ASSOCIATED PRESS

Today is Monday, March 1, the 60th day of 1971. There are 305 days left in the year.

Today's highlight in history:

On this date in 1781, the American colonies adopted the Articles of Confederation, paving the way for a federal union.

On this date:

In 1780, the first bank in the United States was chartered in Philadelphia.

Also in 1780, the first act to abolish slavery was passed by the Pennsylvania Legislature.

In 1867, Nebraska became the 37th state.

In 1932, the infant son of Col. and Mrs. Charles A. Lindbergh was kidnaped from the Lindberg home near Hopewell, N. J.

In 1954, five congressmen were wounded as three Puerto Rican nationalists fired wildly from the gallery of the House of representatives in Washington.

Also in 1954, the United States exploded a hydrogen bomb at Bikini Atoll, completing the first U. S. H-bomb tests in the Pacific.

Ten years ago— — A Soviet spacecraft landed on Venus after a 3½-month flight.

One year ago— The white government of Rhodesia dissolved parliament, formally cutting the last ties with the British crown.

THE WEATHER

SNYDER TEMPERATURES: High reading Saturday, 61 degrees; low reading, 39 degrees; reading at 7 a.m. Sunday, 43 degrees. High reading Sunday, 68 degrees; low reading, 33 degrees; reading at 7 a.m. today, 35 degrees.

Northwest Texas: Occasional snow in north, partly cloudy in south and chance of scattered showers in southeast tonight. Colder and windy Tuesday with occasional snow north and central portions. Low tonight 20 in northwest to 45 in southeast. High Tuesday 28 in north to 53 in south.

North Central Texas: Considerable cloudiness scattered showers and thunderstorms tonight and Tuesday. Colder Tuesday, high 45 in northwest to 63 in southeast. Low tonight in 40s.

Northeast Texas: Considerable cloudiness, scattered showers and thunderstorms tonight and Tuesday. Turning colder Tuesday, high 57 to 67. Low tonight 52 to 62.

Southwest Texas: Partly cloudy tonight and Tuesday. Cooler in southeast Tuesday. Low tonight 28 in northwest to 62 in southeast. High Tuesday 66 in northwest to 74 in southeast.

South Central Texas: Considerable cloudiness tonight with occasional light rain or drizzle, mainly tonight, and becoming partly cloudy and cooler Tuesday. Low tonight 55 in northwest to 70 in south. High Tuesday 66 to 80.

Southeast Texas: Considerable cloudiness tonight with occasional light rain or drizzle, mainly tonight, and becoming partly cloudy and cooler Tuesday afternoon. Low tonight 55 to 62. High Tuesday 67 to 72.

West of the Pecos: Clear to partly cloudy and mild tonight and Tuesday. High Tuesday 54 to 78. Low tonight 28 to 42.

NEW NASA CHIEF — Dr. James C. Fletcher, University of Utah president with a background of 20 years as a scientist and administrator in the aerospace field, was named Saturday to head the nation's space agency. (AP Wirephoto)

IN PROTEST OF US OPERATIONS IN LAOS

Capitol Wing Bombed

By LAWRENCE L. KNUTSON
Associated Press Writer

WASHINGTON (AP) — An early-morning bomb blast ripped up an interior section of the U.S. Capitol's Senate wing today just 30 minutes after a caller warned of the explosion and said it was to retaliate for the U.S. supported invasion of Laos.

The blast caused extensive damage but no injuries.

Capitol police said the bomb went off at 1:32 a.m. EST, following a call to the Capitol switchboard:

"Evacuate the building," a male voice said. "You may have received other calls like this one, but this one is real. Evacuate the building immediately. This is the real thing. This is in retaliation for the Laos decision. A bomb will go off in 30 minutes."

The Senate chamber itself was not damaged by the blast. The Senate convened as scheduled in midmorning, although victors were not permitted in the Senate wing of the Capitol.

"This is apparently a political bombing," said Senate Republican Leader Hugh Scott of Pennsylvania.

Meanwhile, President Nixon issued a statement through press secretary Ronald L. Ziegler calling the bombing "a shocking act of violence that will outrage all Americans."

But Nixon said the Capitol should remain open to all the people.

The blast pulverized a men's room and damaged other rooms, but did not touch the Senate chamber itself.

Perhaps coincidentally, it came 17 years to the day after Puerto Rican nationalists shot and wounded five congressmen from the visitors' gallery of the House of Representatives. It also caused the most extensive damage to the building since the British set it afire in 1814.

Scott said the effect of the bombing will be unfortunate, both in this country and internationally.

"It's likely to be exaggerated," he said. "They won't realize that it's one bomb, in one washroom."

Scott also took the occasion to criticize federal judges in the District of Columbia, accusing them of too much leniency.

He said even if the person who placed the bomb is arrested "my guess would be they'll never go to jail, not with the type of appellate court we have in the District of Columbia."

Police, Army and FBI investigators were seeking clues to the identity of the male caller who warned the Capitol switchboard: "The Capitol building will blow up in 30 minutes."

Half an hour later, at 1:32 a.m. EST, the bomb exploded. Capitol Police Chief James Powell said one of his officers was within 200 feet of the blast but escaped injury despite windows breaking "right over his head."

The blast gutted a men's room directly across from the Old Senate Chamber.

SST Hearings Launched In House And Senate

WASHINGTON (AP) — Accusing supersonic transport opponents of "at times almost hysterical sloganeering," Secretary of Transportation John A. Volpe said today America is too close to proving the plane with actual test flights to kill it now.

The best way to answer charges that SSTs will blot out the sun, cause skin cancer, shatter eardrums, melt icecaps and disturb animal life is the current program to build and test fly two SST prototypes, Volpe told Congress.

Ten years and $1.1 billion have been invested in that program, Volpe said, and the test flights are scheduled for 1973.

Volpe's case before the House appropriations subcommittee for a full $290 million to keep the SST prototype program on schedule launched a full week of SST hearings in the House and Senate.

A House vote on whether to halt funds and possibly kill the U.S. SST program could come in two weeks. Congress is supposed to make a final decision by the end of the month.

Volpe accused SST opponents of the same kind of "get a horse philosophy" that greeted automobiles, and the sewing machine, steamboat and airplane.

He said American technology has overcome the SST's noise problem—the government announced last week a breakthrough toward an engine as quiet as present jetliners'—and said he is confident it can overcome any environmental problems as well.

But if the test flights and concurrent environmental research show the SST will do "irreparable harm to our environment," Volpe said:

"I will do everything possible to ensure that a U.S. SST does not fly in commercial service—and this is a commitment I make on behalf of this administration."

Volpe said it is inconceivable America would give up its world aviation lead and said leaving SST production to other countries would cost 50,000 direct American jobs and $22 billion impact on world balance of payments over 12 years.

Opponents get their hearing Tuesday and will emphasize both the alleged hazards to the environment and disputed reports the British-French Concorde is in trouble, giving America no competition to match other than the Soviet Tupolev-144, which is scheduled for its first commercial flight late this year.

The hearings, three days in the House and then two in the Senate, are on the administration's request for full $290 million funding this year to keep the SST alive.

PLETHORA OF PUPS — Heidi, a 2½ year-old black and tan coon hound, looks over her family of 13 pups that were only twelve hours-old when the family portrait was taken. Heidi's owner, the Parks Goodwin family of Greenville, said that Heidi's previous litter record was 10 and that was set just eleven months ago. (AP Wirephoto)

House Writes New Tax Bill

AUSTIN (AP) — House leaders have written a $410.15 million two-year tax bill for action today by the House Revenue and Taxation Committee.

It is scheduled for floor debate Wednesday, the same day as a state college tuition increase bill that would raise about $115 million, a reliable source said.

The tax bill is far below the "better than $600 million" estimate given last week by Tax Committee Chairman Ben Atwell of Dallas.

One reason the tax bill is smaller, the source said, is "We want to pass the tuition bill—we've got to keep the heat on."

The tuition bill was approved by the House Appropriation Committee today—nearly two weeks ahead of the schedule given out by Speaker Gus Mutscher.

As written, the measure would take effect July 1, an unlikely prospect since it would take a two-thirds majority of the House and the Senate to become effective that early.

The package contains these items:

—Increase the state sales tax from 3.25 to 4 per cent, $279.8 million. (Gov. Preston Smith recommended the same increase, but figured the revenue gain at $300 million. "He didn't bother to see the state comptroller first," the source said.)

—Raise the motor vehicle sales tax from 3 to 4 per cent, $69.75 million.

—Increase the hotel tax from 3 to 4 per cent, $6.3 million.

—Impose a $1 tax on each stock transaction, $10 million.

—Levy a 10 per cent tax on tickets to professional athletic events, tourist attractions and other amusements not already taxed, $26.6 million.

—Phase out the chain store tax, a $1.8 million revenue loss.

—Increase the corporation franchise tax from $3.25 to $3.75 per $1,000 of assets $39.5 million.

Not included was sales taxation of repairs, laundry, dry cleaning, haircuts and beauty shop treatments, an item included in a tentative bill distributed by Atwell last week.

Schiebel In School Race

William J. Schiebel has filed as a candidate for re-election to the Snyder School Board.

He joins four others in the race to fill three posts on the board in the April 3 trustee election.

Already in the race are Bill Eiland, Bill Starnes, Dan Cotton and Don Spink. Cotton and Schiebel both are incumbents, Cotton serving as president of the board this year. The other board member whose term expires this spring is Kenneth Wilson. March 3 is the deadline for candidates to file.

Rail Talks Continue

WASHINGTON (AP) — Free to strike at any time, some 190,000 members of the United Transportation Union kept working today as union officials continued contract negotiations with the nation's railroads.

Emergency legislation passed by Congress three months ago to halt a brief nationwide strike ran out at midnight, Sunday. But the union, as predicted by labor officials, continued voluntary talks with the National Railway Labor Conference.

Work rules, governing who handles individual jobs, and how they are carried out, were the last major stumbling block, said Assistant Secretary of Labor W.J. Usery. Usery and George Ives, a member of the National Mediation and Conciliation Service, have been guiding the talks through final stages.

R. Matthews Service Here

Funeral services were set for 2:30 p.m. today at the Bell-Seale Funeral Chapel for Ruben Matthews, 70, who lived on the Clairemont Route, Mr. Matthews, a retired farmer, died at 8:15 p.m. Saturday in Cogdell Memorial Hospital.

A native of Grapeland, he had lived in Scurry County for the past 29 years. He was married on Dec. 21, 1936, at Hamilton, to Miss Minnie Stockman.

Surviving are his wife; three daughters, Mrs. Wayland Huddleston and Mrs. Gene Greer, both of Snyder, and Miss Sue Matthews of the home; four sons, Leonard Matthews and James Matthews, both of Snyder, Joe Matthews of Mathis and Raymond Matthews of Rockdale; 20 grandchildren and 70 great-grandchildren. Also surviving are three stepdaughters, Mrs. W. E. Stewart of Houston, Mrs. L. A. Fults of Noble, La., and Mrs. Ruby Walker of Snyder.

The Rev. Quinton Montogomery, pastor of Green Hill Baptist Church, was to officiate at the funeral service. Burial was to be in the Snyder Cemetery, under direction of Bell-Seale Funeral Home.

Pallbearers were Bobby Laurens, Elmer Walton, Marvin Walker, James McCormick, Carl Lynn McCormick and Wilbur Laurens.

US Flying S-Vietnamese Reinforcements To Laos

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — American transports flew hundreds of South Vietnamese reinforcements to the northern front today and the U.S. Command sent more helicopters to strengthen the allied air and ground drive in Laos.

The drive to cut North Vietnam's Ho Chi Minh trail network began its fourth week. The intensity of the fighting eased somewhat, but an American field commander predicted hard fighting ahead.

Some of the reinforcements already are crossing into Laos to bolster the weary men strung along Route 9 and to the north and south of the highway. A spokesman in Saigon, Lt. Col. Tran Van An, said South Vietnamese strength across the border remains at 16,000 troops, but the South Vietnamese have suffered more than 1,000 casualties. Informed sources said up to 16,000 additional troops were being flown to the northern sector.

South Vietnamese forward headquarters issued a revised casualty report which said 390 Saigon troops have been killed, 99 are missing and 981 have been wounded in Laos. Field reports indicate the losses are much higher. The report also claimed that 3,227 North Vietnamese troops have been killed.

Maj. Richard Gardner, a spokesman for the U.S. Command, said 1,400 of the enemy had been killed by American air strikes.

Scores of scheduled military passenger flights were canceled, and the four-engine C130s diverted to the reinforcement missions.

Gardner said additional American helicopters had been moved to Khe Sanh to support the Laotian operation, but he refused to say how many. Other sources said they would replace those shot down and also would increase the fleet, which numbered about 600 at the start of the Laotian operation.

Lt. Gen. James W. Sutherland, commander of the 9,000 U.S. troops acting as a blocking force on the Vietnamese side of the border, said the North Vietnamese appear to be marshalling all their forces for an attempt to thwart the allied effort to cut the supply network through southern Laos.

"This is it," said Sutherland. "The enemy has chosen to react with everything he's got left so it appears we'll have to fight him right here."

Heart Drive Is Extended

The Scurry County Heart Association has extended its annual fund drive through March 6 to enable workers to complete their residential, rural and business canvasses.

There was a good response to the Heart Sunday drive yesterday, it was reported, but some workers were unable to cover all of their territory in a single day. Anyone missed in the canvass may send his contribution to Heat Fund, P. O. Box 1185, Snyder.

Cage Coach Asks Re-Assignment

Ned Underwood, head basketball coach at Snyder High School for the past nine years, has submitted his resignation and asked for re-assignment as a classroom teacher in the school system.

At present, Underwood is teaching driver education and physical education at the high school in addition to his coaching duties.

In his nine seasons as head basketball coach, the Snyder High Tigers have won 155 and lost 79 games. His team set a new school record for victories the past season, winning 23 of 28 games played and finishing as runner-up in the District 3-AAA conference race.

A graduate of Snyder High School, Underwood attended Texas Tech where he was a first-line performer on the varsity basketball team. Upon graduation at Texas Tech, he returned to Snyder and coached at Lamar Junior High School before taking over the high school team nine years ago.

Supt. Bill J. Hood said that Underwood's request for re-assignment would be submitted to the board of trustees. The board and administration are in the process now of interviewing some applicants for the post of athletic director and head football coach. The latter position became vacant several weeks ago when Wayne Tyrone resigned.

Hood also announced this morning that Milton Ham, a member of the high school coaching staff, would take over the high school golf team for the remainder of this school year, succeeding J. P. Ward.

In announcing his resignation, Underwood said:

"I appreciate everybody's support and all of the basketball fans. I have no plans to re-enter coaching at this time, but will devote my time to teaching driver's education and let my ulcer heal. I've been coaching for 14 years and have really enjoyed it. This is a good opportunity to get out and just devote my time to teaching. I've been real fortunate to have had some outstanding boys, and I feel I'm leaving the basketball program in good shape. I hope the Tigers will continue to prosper. We've got some good boys coming back next year and the new coach will have an opportunity to be successful right off. Also, this is an opportunity for the new athletic director to bring in a basketball coach of his own choosing."

Common sense is best solution to problem

By Abigail Van Buren

[© 1971 by Chicago Tribune-N. Y. News Synd., Inc.]

DEAR ABBY: Our daughter married a man last spring of whom we violently disapproved. She became pregnant immediately. Her husband asked her to get an abortion. She refused, so he tore her wedding ring from her finger and literally threw her out of their apartment and took her key. She then came home to live with us.

Our problem: She wants to send birth announcements to out-of-town friends and relatives when the baby is born, but she is bitter about her husband and does not want his name to appear on the announcements. I believe that since he is the baby's father and is still her husband until she takes steps to divorce him [which she has not done], his name should be on the announcements. Or may we, as the grandparents, send out birth announcements in order to exclude his name from the card? Please hurry your advice as the baby is due soon. COMPLICATED MESS

DEAR COMPLICATED: Such "complicated messes" are not covered by my good friend, Amy, the etiquette expert, so your best bet is to use common sense.

To those whom your daughter wants to send the news of her new arrival, a personal note should suffice. ["I've had a baby and am home with mother and dad again," should do it.] An announcement in which the father's name is deliberately omitted would raise questions which would have to be answered later.

DEAR ABBY: What can a fat man do about flabbiness? A woman has it easy. She can just put on a girdle and it helps to firm her up so she doesn't look like she is spreading all over the place. I suppose a man could do the same thing, but in today's society no normal man would be caught dead in a lady's girdle.

I tried one on once and I know it would help my looks but I just couldn't stand the ridicule of being called a fag. So what should I do? FAT MAN

DEAR FAT MAN: There are girdles for men. Ask around.

DEAR ABBY: What do you do when you are 11 years old and your mother still makes you take a bath with your 4-year-old brother? No matter how much I protest, she makes me. I already have told her how I feel about it but she won't listen to me. She respects your opinion so please help me, Abby. TOO BIG

DEAR TOO: You don't say whether you are a boy or a girl. If you are a boy, perhaps your mother is trying to conserve hot water, in which case, I suggest you cool it. [Not the water —the protest.] If you are a girl, tell her that Abby said a girl deserves to have privacy when she feels she needs it. Case dismissed! Good luck.

DEAR ABBY: Your "Confidential to M. R. in Memphis: Marry him!" jolted me. I am M. R. and I live in Memphis. Marry whom? Please send me his name and address.

M. R. [MEMPHIS]

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

For Abby's new booklet, "What Teen-Agers Want to Know," send $1 to Abby, Box 69700, Los Angeles, Cal. 90069.

HOSPITAL NOTES

ADMISSIONS: Diane Eime, Rt. 1; Grover Wilson, 705 Sixteenth; Sandra Sue Cole, Rt. 1; Kenneth Wirtk, Rt. 2, Rotan; Don Patrick, 2202 Ave. N; Becky Alaniz, Box 45, Hermleigh; Roberta Langford, Rt. 1; Helen Minton, 3009 Fortieth.

DISMISSALS: Don Patrick, Wayne Collins, Betty Leak, Shawn Webster, Lillian Cearley, Mary Aucutt, Mrs. Juan Gutierrez and baby girl.

Young Farmers To Hear Slater

FLUVANNA — Vic Slater of Post-Tex Mills at Post will present the program at the Fluvanna Young Farmers meeting Thursday night at the Fluvanna Community Center. He will discuss what they are doing now with textiles and future plans concerning cotton.

The session will begin at 7:30 p.m. and a short business meeting will follow the program.

Jerry Lewis Gets Award

NEW YORK (AP) — Entertainer Jerry Lewis has been presented with the 11th annual March of Dimes "Man of the Year" award for his activities on behalf of charity.

Lewis is national chairman of the Muscular Dystrophy Associations of America.

The citation was made at a $75-a-plate fund-raising dinner Thursday.

County Court Pleas Entered

Two pleas were entered in county court this morning by Pedro Perez Silva.

He pleaded guilty to a charge of driving while intoxicated and received a $100 fine plus court costs and a 3-day jail term. He pleaded innocent to a charge of unlawfully carrying a night stick, and was remanded to county jail in lieu of $500 bond. He was arrested by Highway Patrolmen on the DWI charge and by City Police on the other charge.

Also in county court this morning, James Floyd Matthews was charged with driving while intoxicated. He was released on $500 bond. He was arrested by Highway Patrolmen.

Panel OK's Tuition Hike

AUSTIN (AP) — The House Appropriations Committee approved today a bill raising state college tuition to $135 a semester for the average resident and $705 for the average nonresident.

The measure now goes to the House for debate.

Rep. Grant Jones of Abilene, the sponsor, said he did not know when the bill would be on the debate calendar, "but I've heard it might be Wednesday."

Estimates of how much the bill would increase state revenue ranged from $110 million to $115 million.

The bill requires state colleges to create tuition scholarship funds, but only for needy Texas resident students.

"Penalize those Americans again, huh," said Rep. Jack Johnson of San Antonio.

"Texas for Texans," grinned Rep. Hilary Doran of Del Rio, chairman of the subcommittee that handled the bill.

Jones's original bill raised resident tuition from the present $50 a semester to $125 and nonresident tuition from $200 to $500.

As approved by the committee, the measure puts tuition on an hourly basis. Rates would be $9 per semester hour for residents and $47 for non-residents. The average student takes 15 hours per semester.

Public junior college tuition would be left to the discretion of local boards, but could not exceed 60 per cent of the state senior college resident rate for students who live within a college's taxing district. Texans living outside the taxing district would be charged not less than 60 per cent of the state senior college rate. Non-Texans would pay at least the full state senior college tuition.

Gov. Preston Smith recommended $125 per semester for residents and $500 for non-residents. The House already has passed a bill setting non-resident tuition at $700 a semester.

Driver Is In Two Mishaps

James Floyd Matthews was involved in two motor vehicle mishaps Saturday.

The first one occurred at 9 p.m. in the 3700 block of Avenue S. Involved were the 1962 Model Mercury of Matthews and the 1967 Model Chevrolet of Pete Villa Rios, 3000 Avenue J.

The second one occurred at 10:40 p.m. in the 2200 block of Avenue E. Involved were Matthews' Mercury and the 1965 Model Pontiac of Brenda Hulsey Butts, 201 Thirty-fifth Street.

Damage to Matthews' car in the second mishap was considerable. Damage to the other vehicle was minor.

Officers also investigated a one-car mishap on U. S. 84 just east of Avenue E at 10:58 p.m. Sunday. Involved were the 1964 Model Chevrolet of Roy Lee Stanley of Post and three pigs owned by Freddie Ray James, 3301 Avenue M. The pigs died, but damage to the car was minor. The pigs were valued at $60.

Officer Brian Blair investigated all three collisions.

Abernathy To Renew Fast

ATLANTA, Ga. (AP) — The Rev. Ralph David Abernathy says he plans a renewed period of fasting to publicize the spring and summer activities of the Southern Christian Leadership Conference which he heads.

Over the weekend, he broke a 10-day fast with a bowl of tomato soup.

He said he might carry out a renewed fast either at the Hunter Street Baptist Church where he is pastor or at one of the "great churches in the country."

The civil rights organization is scheduled to stage demonstrations in a number of states in the coming months, including marches on Washington, D.C., and New York's Wall Street financial district.

Pensioners Keep Up With Trend

BRIGHTON, England (AP) — Long hair for elderly males may soon be the trend in this Sussex coastal resort.

The "institutional trim" in the old folks' home is to be dropped and men will be allowed to wear their hair as they please. Local councilors feel seniors will be more comfortable if given a longer rein.

Fire Put Out

City Firemen answered a call to a laundry in the 3700 block of Avenue S at 12:45 p.m. Sunday. A dryer had caught fire. Damage reportedly was minor.

One square foot of land at 1 Wall Street is worth $700, according to National Geographic.

Bruce King Is 23rd Governor

SANTA FE, N.M. (AP) — Bruce King, 45, is New Mexico's 23rd governor, and the 21st man to hold the position since statehood in 1912. King, a rancher-businessman, is the fifth native New Mexican to serve as the state's chief executive.

Nixon In Iowa Seeking Support

DES MOINES, Iowa (AP) — President Nixon, seeking support for his controversial 1971 legislative goals from the legislature of rural-oriented Iowa, said today his ideas would "lead America to a new birth of greatness."

In an address prepared for a joint session of Iowa's Legislature, Nixon argued strongly for federal revenue sharing and reorganization of government, including the Agriculture Department.

"I want those decisions that affect rural America made by people who know rural America, and the people who know a place best live there," he said. "To put it bluntly I believe that legislators in Iowa know better than bureaucrats in Washington, D.C. what is best for Iowa."

Accompanied by Mrs. Nixon and four Cabinet members, Nixon flew to Iowa for the first in a series of regional forays to promote administration legislation.

Nixon took the occasion to announce that he is adding $100 million to the $1 billion he originally proposed in special revenue sharing for rural community development.

He said the $1.1 billion total for the coming fiscal year represents "24 per cent more for rural development programs than is being made available to the states under existing categorical grant programs."

In all, the chief executive seeks $16 billion in various types of revenue sharing, which he said would eliminate "the cumbersome restrictions that now follow federal funds."

The chief executive also argued at length for cutting the present 12 Cabinet departments to eight and, in the process, abolishing the Agriculture Department and reassigning its functions.

Nixon today sent Congress a first annual report on government services to rural America and said it showed "important gains in the federal government's concern for the well being of rural areas."

"As examples, in fiscal 1970, we increased federal support for waste treatment grants in rural areas by 174 per cent over the previous year, and increased manpower development grants in such areas more than 50 per cent," he said.

Tax Endorsed

WICHITA FALLS, Tex. (AP) — A higher tax on beer has been endorsed editorially by the Wichita Falls Times as one means of helping ease revenue problems of the state.

Titled "Tax on Beer Escapes Inflation," the editorial in Sunday's editions noted that Louisiana and Oklahoma both tax beer more heavily than Texas.

Snow Hampers Midwest Travel

BY THE ASSOCIATED PRESS

Snow, rain or fog hampered travelers today over much of the nation as a snowstorm erupted in the lower Midwest and rain stretched from Alabama to northern Florida and South Carolina.

Heavy snow fell in Kansas, southern Nebraska and Missouri with four inches reported at Hays and Salina, Kan. Traveler's warnings were posted for most of the three-state area and stockmen's warnings were issued in western Kansas.

Dense fog and rain slowed driving in the country's southeastern corner and traveler's warnings were issued for northern Florida, Alabama and South Carolina.

Light snow also fell in New England and in the Northern Plains as well as the western intermountain region.

Temperatures early today ranged from a low of 1 at Evanston, Wyo., to 76 at Key West, Fla.

Celebrates Mass

MOSCOW (AP) — Archbishop Agostino Casaroli, the Vatican's first official envoy to the Soviet Union, celebrated Mass Sunday at St. Louis des Francais, only Roman Catholic church in the city.

Chevron Gasolines with F-310 could reduce air pollutants in six Rocky Mountain states by almost 1,000 tons per day.

Recently in Pasadena, California 297 motorists tested Chevron Gasolines with F-310*. Below are some of the people and their cars who participated in the test. Their cars, selected to be representative of California's total car population, were changed from the gasolines they had previously used to Chevron with F-310 for 2,000 miles.

Exhaust emissions were tested by an independent research firm before and after using F-310. While not all cars showed reductions, hydrocarbon exhaust was reduced an average of 13.9% for the group as a whole. Carbon monoxide was reduced an average 11.6%.

This means if all cars in six Rocky Mountain states used F-310, air pollutants, compared to levels before F-310, would be reduced by almost 1,000 tons a day. **F-310. It works.**

The Weeders Guide

By EARL ARONSON
AP Newsfeatures

By EARL ARONSON
AP Newsfeatures

Rosa Rugosa, a member of the rose family, can provide liberal amounts of Vitamin C at a time when people are popping pills into their mouths in the hope that vitamins will prevent common colds.

The Vitamin C source is the large ruby, red hip—or seed pod—this rose produces. They also may be used for soups, marmalade, jam, syrup and rose tea.

Rosa rugosa grows upright. It has dark, glossy foliage, generally with red, pink or white single-petaled flowered forms, although in the typical form, says John A. Wott, Purdue University horticulturist, the flowers are purple.

With renewal pruning of the hardy plants each year to minimize disease and scale, they produce more flowers. If you plant them 18 inches apart, the rugosa rose becomes a bright living fence.

Gather the hips when they are ripe—dark red, Wott advises. In some gardens they may continue to ripen from midsummer to fall.

Split the hips longitudinally and remove the inner seed-like structure. After removing the hairs and the blossom end, the pulp may be eaten raw, stewed or used to make jam or jelly.

Cook the hips immediately to retain the greatest quality. You can store them in tight containers in a refrigerator for a short period.

DATE TO REMEMBER

The World's Fair of Gladiolas, the Canadian National Exhibition, is scheduled Aug. 19-22 at Toronto.

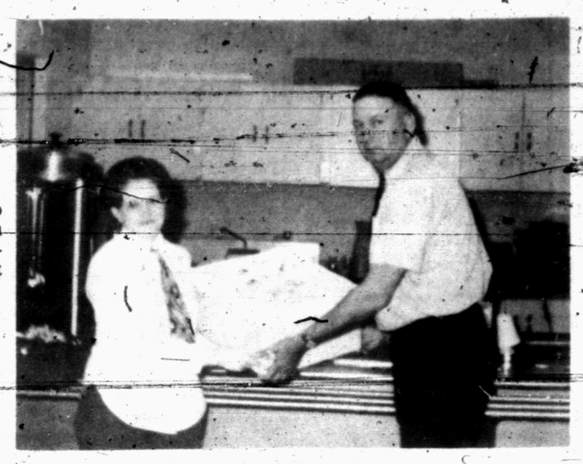

Altrurian Daughters Meet

"Todays World of Ups and Downs" was presented by Mrs. George Killam to the Altrurian Daughters Study Club on Feb. 24 at the Martha Ann Woman's Club.

Mrs. Killam showed a most interesting and informative film, "The Lady and the Stock Market," featuring Janet Blair, Eddie Bracken and Jim Backus. Following the film a discussion period was held with the 10 members and guest Mr. George Killam.

Mrs. R. E. Patterson was hostess for the event.

BOX SUPPER — The Ladies Auxiliary of the Snyder Fire Department held an old fashioned box supper Saturday night at the Scurry County Coliseum. A $5 prize given by the firemen, was won by Mrs. Darby Scott for having the best decorated box. Alfred Kohl, fire chief, was highest bidder for the prize winning box. Following the supper a dance was held.

GS Service Teams To Meet March 2

Girl Scout Service Unit Teams from the 16 county West Texas Girl Scout Council will meet in Sweetwater March 2 and 9 for training.

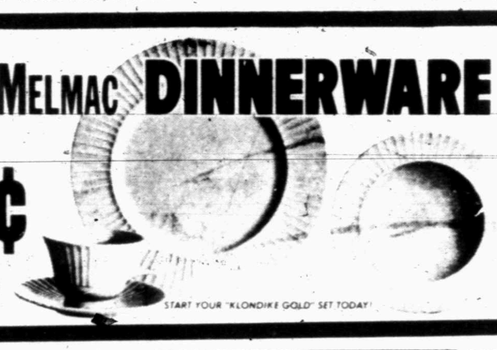

Staff members, Mrs. Jewel Jennett, Misses Arlene Estes and Marcia Prior will conduct the training.

The two sessions will be at the Highland Heights Methodist Church 10 a.m. to 2 p.m. Participants will bring sack lunches.

Service Teams are adults who serve in the Girl Scout program as Service Team Chairmen, Troop Organizers and Troop Consultants. Present members of the team as well as those interested in serving in these capacities are invited to attend.

Training will include orientation to the work of the team as a whole and an in-depth study of each team member's role.

Beverly Created Total Banking By Computer

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — The situation still persists in some banks, although to a decreasing degree, wherein you wait at one window to transact business for your checking account, another for your savings and another for mortgage payments.

It's sort of like going to the supermarket and paying for your carrots at one register, your steaks at another, instead of gathering all your purchases into one basket and paying for them at one checkout counter.

"One day the guy who runs our banks said, 'This is really dumb; a bank, of all places, wasting money'." That, allegedly, is how the Beverly Bancorporation of Chicago sized up the situation.

"We should do something about it," they quote their guy as saying, presumably to all the other fellows in the executive bull pen. "And lo and behold we did," the bank says in a brochure. "We created total banking by computer."

At Beverly Bank and nine others operated by the Bancorporation, customers now have a single number for savings, checking accounts and mortgage. They can transact all their business at one window. And they receive one monthly statement.

The bank benefits in numerous ways: it consolidates files, eliminates the confusion of multiple business units at different points in the facility, and finds it easier to use one service to sell another.

Beverly was one of the first to switch permanently and completely to one-statement, one-number, one-window banking. But hundreds have followed.

"It's like a Christmas tree," says a spokesman for Seattle First National which has integrated its credit card into a system called First Line Account.

"We intend to handle other services on it also."

At Seattle First you automatically obtain a savings account at $0.00 deposits when you open a First Line checking account. And how do you resist putting something into that account?

You can't avoid it very easily, especially when each monthly statement contains a stuffer, a reminder of how simple the savings mechanism is.

Industry officials generally agree that the growing interest in one-number, one-statement banking is not only a logical development but the biggest thing since Supercheck swept the scene last year with tremendous vibrations.

Supercheck involves a check on which are preprinted the names of the biggest businesses in the area.

The customer fills in the amounts he owes each of the companies with whom he trades, and sends off Supercheck to the bank each month. The bank then pays the bills and deducts the amount of Supercheck from the checking balance.

First National Bank of Arizona christened the concept a year or so ago.

Its nearby competitor, Valley National, said it considered the idea several years ago but found market penetration was "negligible." Instead, it uses its credit card to market services and centralize record-keeping. Its monthly statement now breaks down credit purchases into "food," "clothing," and a dozen other categories.

While the full service concept, of which banks like to boast, is still a goal rather than an accomplishment, it does seem to be coming, slowly, conservatively, in the banking manner.

Junior Editors Quiz on ORANGUTAN

QUESTION: *How did the orangutan get such an odd name?*

* * *

ANSWER: The name orangutan has a wild outlandish sound, but this fits the wild, outlandish-looking animal the name is attached to. Suppose you saw a big man-like creature peering suspiciously down from a perch in the tropical jungle of such an island as Sumatra or Borneo? Suppose this animal was covered with a ragged tangled mass of reddish hair? You would suspect, if you knew animals, that you were looking at an orangutan, one of the four kinds of animals most resembling man, called the great apes. We show the other apes to the left. The chimpanzee is the smartest, the gorilla the most powerful, the gibbon the most graceful, swinging through trees using his long arms almost like wings. As for the orangutan, he looks like a caricature of a man with ragged red hair and enormously long arms. When the first white men arrived in Indonesia, they thought of this ape as a kind of wild man of the forest. There were two Malay words, oran, meaning man, and utan, forest. The white explorers put these together and the big ape had a name.

3-1

Randall Wallace of Springfield, Mo., won a prize for this question. You can win $10 cash plus a handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

Boyle's Mailbag Bulletins

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Each year one out of seven Americans spends some time as a hospital patient.

Even the cost of reading about the U.S. government is going up. The monthly price of a subscription to the Congressional Record has been increased from $1.50 to $3.75, a hike of 150 per cent. In 1883, when the Record was started, Uncle Sam spent about $265 million. In fiscal 1972 federal spending will come to about $230 billion.

Are you that one out of 500 persons who never gets any dental cavities? Perhaps chiefly because of poor eating habits, 50 per cent of U.S. children have some form of gum disease. Because the beginning stages are painless, it may not be spotted until the child visits a dentist.

What did President Theodore Roosevelt, President John F. Kennedy and bandleader John Philip Sousa have in common? All three had the same unusual hobby—collecting wildfowl decoys.

Man is the most voracious and wasteful creature that ever lived. It took nature several hundred million years to store up the fossil fuels—such as coal, oil and gas—which mankind will have largely depleted in a 400-year span.

Quotable notables: "It is better to ask some of the questions than to know all the answers." —James Thurber.

Irony: More men than women now consult psychiatrists, but many more women than men are inmates of mental institutions.

Exit lines: "I must sleep now," murmured Lord Byron. "See in what peace a Christian can die," said Joseph Addison. "I shall hear in heaven," sighed deaf Ludwig van Beethoven. "It's all been very interesting," remarked Lady Mary Wortley Montagu. But Sir Winston Churchill at the close of a long and action-filled life muttered, "I am bored with it all."

Here's an easy way to tell whether an elephant comes from Africa or India: wait until it takes a snooze. The African elephant invariably sleeps standing up. The Indian elephant lies down.

It all adds up: The planet earth is gradually increasing its earth. The solar dust it attracts as it wheels through space increases its weight by approximately 2,000 tons a day.

Folklore: Leave crumbs on the table and trouble will come your way. If you break one piece of crockery, you'll break two more before your luck changes. Catch a falling leaf while you're walking and you'll have a year of happiness. Pick up a horseshoe, a rusty nail or a crooked pin, and you'll have good luck.

It was Aldous Huxley who observed, "Experience is not what happens to a man. It is what a man does with what happens to him."

Southeast Texas Has Heavy Fog

By THE ASSOCIATED PRESS

Fog—almost blinding in some areas—and intermittent drizzle covered the southeast half of Texas this morning while cool air enveloped most of the rest of the state.

Standing as a sort of fence between the warm and humid belt on one side and the clear and dry section on the other was a stationary front stretching from Sherman to San Angelo. Forecasters expected it to start working back toward the north as a warm front, but a norther promised occasional snow by tonight in the Panhandle and more rain in northern areas of the state by Tuesday.

A special advisory from the National Weather Service warned that heavy fog lowered visibility close to zero around Galveston, halting aircraft and marine operations and making driving conditions hazardous near dawn.

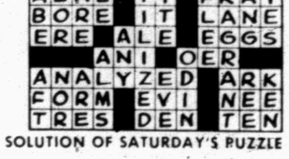

Stout west winds stirred dust into the sky Sunday over parts of West Texas, particulary in the El Paso vicinity, and more blowing dust was in prospect today.

At the same time there was occasional drizzle in South Central Texas and a few thundershowers spattered the Dallas-Fort Worth area as springlike weather enveloped much of the state on the last day of February.

Top temperatures in the afternoon ranged from 87 degrees at McAllen in the Lower Rio Grande Valley down to 49 at Dalhart in the Panhandle.

Among the cooler spots early today were Dalhart 20, Amarillo 25, Lubbock 26, Wink 30 and Childress 32. At the same hour it was 72 in Brownsville.

Lloyd Bentsen Touring Saigon

SAIGON (AP)—Sen. Lloyd M. Bentsen, D-Tex., touring this war ravaged country on a four-day fact-finding mission, moved about quickly today in his inspections.

The senator traveled over Saigon's teeming streets in a U. S. Army staff car with an escort of two military police jeeps and a South Vietnamese motorcycle outrider.

A member of the Senate Armed Services Committee, Bentsen conferred Monday with Gen. Creighton W. Abrams, commander of all U. S. forces in Vietnam.

After briefing from Abrams and his staff, Bentsen met with Gen. Lucius D. Clay Jr., commander of the U. S. 7th Air Force. Then Monday evening, he was the dinner guest of U.S. Ambassador Ellsworth Bunker.

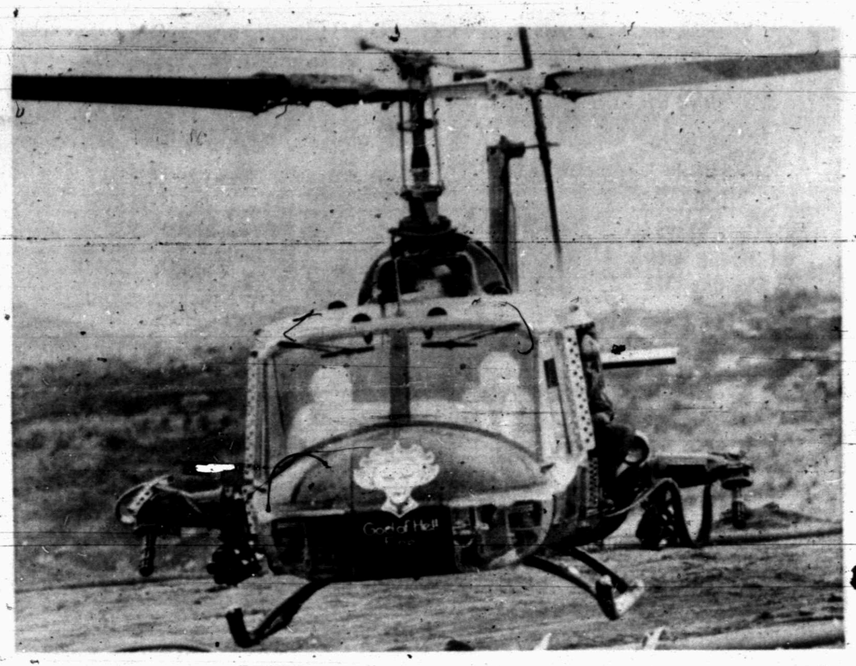

Bentsen is on a two-week tour of Southeast Asia with other stops scheduled in Thailand Laos and Cambodia. He is scheduled to leave Saigon on Thursday.

"I'll be seeing the American troops in the field, and I'd like to talk to some of the conscientious objectors," he said. "I want to cram as much as I can into this trip."

He said he planned to talk with South Vietnamese government leaders and some members of the opposition, including former chief of state, Duong Van "Big" Minh.

"As the only new member of the Armed Services Committee, I want to get first hand information. I want to talk to the GIs and I want to see how Vietnamization is going," Bentsen said. He added he planned to report to the full committee on his trip.

The smiling Texan said he expected to make several trips into the field. One, he said, would take him to the Khe Sanh near the Laotian border, the major staging area for the U.S. helicopters and other units supporting the South Vietnamese offensive in Laos.

TAKING OFF FROM KHE SANH — A heavily armed helicopter gunship, taking its nickname from a popular rock tune "God of Hell Fire" prepares to take off on a mission from Khe Sanh after refueling recently. The gunship is equipped with quick-firing miniguns (outside) and rocket pods and is used to provide cover for convoys and support troops in contact. (AP Wirephoto)

Pesticide Will Control Fire Ant

By GORDON BROWN
Associated Press Writer

WASHINGTON (AP) — An invader who first crawled ashore at Mobile, Ala., in 1918 and has claimed upwards of 120 million acres of United States land since, may be on its way out.

After 13 years of research, scientists say they may have a pesticide to control the South American fire ant which has spread across nine southern states and is still going strong.

The pesticide is a mixture of mirex and corncob grits sprayed by airplane over infested areas. The ants drag the bait into their mounds and in a matter of weeks the mound population dies from poisioning.

Fire ant damage to livestock and pastures costs millions of dollars annually and the ant's venomous bite causes painful, scarring injuries to millions of men and beasts each year.

A 1970 survey showed the pests have infested 126 million acres in Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina and Texas. They take over an additional several million acres each year.

The Agriculture Department, urged by Congress, started research on control-eradication of the fire ant in 1957. The federal-state program now spends about $15.2 million a year.

Fire ants usually erect their mounds on cleared land. The mounds are six to eight inches high, a couple feet wide and, in a badly infested area, only a few feet apart.

The ants spread five to six miles a year. A single female fire ant can reproduce an entire future colony.

Like many others the control has been challenged in some quarters on ecology grounds. Conservationists argue pesticide residues wash into streams and harm freshwater life.

The Agriculture Department's answer is that a study has shown the program to have minimal adverse environmental impact; and that benefits to man and animals far outweigh the adverse effects.

The department said following an application of mirex bait, the only non-target organisms affected were a few other species of oil-loving ants, and poison levels found in birds and fish were consistently less than fatal.

A seventh-century Saxon harp that was unearthed in Suffolk, England, had a quadrangular shape.

New Help For Vocational Students

Career Corner

by Joyce Lain Kennedy

Counselors in the rapidly growing field of vocation-oriented higher education -- vocational-technical institutes and 2-year colleges -- are constantly barraged with questions such as these:

"I just don't have any idea what I should major in. There are so many possibilities, how am I going to decide on any one vocational program?"

"My high school grades were okay, but now I'm having trouble keeping my grades up. Should I just quit and get a job?"

"Do you think I could cut it if I transfer to an engineering program?"

ALTHOUGH there are about a half-million students who enter more than 1,000 vocational-oriented institutions each year, too little has been available to help the potential, vocational-technical student make informed career decisions and more rational educational plans. Now a new program has been developed to fill the void.

THE CAREER PLANNING PROGRAM will be offered for the first time May 1st by ACT (American College Testing Program). ACT is a nonprofit educational trust best known for its college entrance examinations. However, the Career Planning program is not just a test – but a guidance system. It consists of 3 major components to be used at different times during the period of a student's transition from high school, through higher education, and into full employment.

THE CAREER PLANNING PROFILE is the major component, and is a 3-part assessment tool which is a combined questionnaire and practical examination. The profile collects most of the student data (a broad range of vocational interests and abilities, as well as other career-related characteristics) on which the program is based.

The 3 major sections of the career planning profile take about 3 hours to complete and cost the student $6. (Schools pay other costs.) They are:

STUDENT INFORMATION SECTION This portion is designed to collect and conveniently summarize student reactions, feelings and perceptions which are pertinent to career counseling and educational planning. (Of special interest is the part which assesses nonacademic competencies in such areas as skilled trades, community service, group leadership, home economics, sports, business.)

VOCATIONAL INTEREST PROFILE This section consists of 12 measures of vocational interests that are useful for student exploration of career options and for confirmation of career decisions. Scales included are: scientific, health, artistic, social service, business contact, business management, business detail, household, carpentry, mechanical, electrical and agriculture.

ABILITY SCALES The 8 scales making up this portion assess student abilities that research has shown may be important to success in vocational-technical courses and on the job. The 8 measures are: reading skills, mathematical reasoning, language usage, mechanical skills, clerical skills, space relations, numerical computation, and nonverbal reasoning.

AT FIRST, the ACT Career Planning Profile sections will be administered on the campuses of participating colleges or institutes. After February 1, 1972, the profile section will be given at centralized test centers near the students' homes, on one of several national test dates during the student's junior or senior year of high school.

FOR MORE INFORMATION, write to the Educational Services Division, Department T-1, ACT National Headquarters, Box 168, Iowa City, Ia. 52240. Counselors should so indicate.

Deputy Shot In Jailbreak

WACO, Tex. (AP) — Sheriff's officers sought today to identify the slayer of a deputy during an attempted break from the McLennan County jail.

Bobby Mayo, 39, chief jailer and a father of three was shot in the head and killed Sunday during a melee in which fellow officers said six prisoners tried to escape.

Mayo and a trusty had pitched in to help another jailer, Al Blackwell, 64, after several inmates attacked Blackwell from behind a door while he was taking food into a cell housing eight men—including two who did not join in the break.

Other deputies said a bullet fired into Mayo's brain apparently came from a two-shot derringer taken away from Blackwell. They found a weapon of that type in a search of the jail afterward.

"Six men came out of that tank and we're questioning them in an effort to learn who was the triggerman," Deputy Sheriff Rex Phillips said this morning. "They're all hardened criminals."

Phillips reported Blackwell suffered severe lacerations and possibly a skull fracture—"and so far hasn't been in any condition for us to talk to him."

Officers said a trusty ran into another part of the jail and told Mayo after the attack on Blackwell. As the two returned, the trusty hurled a chair at one of the six prisoners and the fatal shot was fired at Mayo.

Before any prisoners could leave the building, city and state police helped sheriff's deputies surround the courthouse, which contains the jail. Officers also came from neighboring towns.

The Texas Department of Public Safety sent a helicopter from Austin to scan the rooftops of the courthouse and neighboring structures. Its pilot spotted no escapees.

Mayo had joined the sheriff's department here about two years ago. Previously he was a city policeman at nearby McGregor.

Woodcock Urges Antipollution

NEW YORK (AP) — Leonard Woodcock, president of the United Auto Workers, says the federal government should make the same sort of effort to rid the environment of pollution as it did to put men on the moon.

Woodcock, citing present high unemployment in aerospace and defense-related industries, said the proposed antipollution campaign could enlist systems analysts, computer programmer engineers and designing resources.

He appeared on Mayor John V. Lindsay's weekly television program.

Golf Team Fires 641

BENBROOK—The Snyder High School golf team fired a 36-hole total 641 at the Invitational Golf Meet here Friday and Saturday.

The results of the match are not known since the Tigers left before all of the teams had completed play. However, Denton was leading after the first round with a 296. Putnam of Oklahoma was in second place with a 300, and Paschal of Fort Worth was in third place with a 302.

Scores of the Snyder boys: Mark Hargrove 79-72—151, Glenn Rambin 82-74--156, Sammy Baker 82-84—166, Art Kidd 86-82—168, and Marty Pate 82-89—171.

Stephen F. Austin Rips St. Mary's

By THE ASSOCIATED PRESS

Stephen F. Austin of the Lone Star Conference, and Texas Southern could earn berths in the NAIA national championship basketball tournament with victories tonight.

Stephen F. Austin, representing the LSC after winning a coin toss among three teams that tied for the title, meets Big State Conference champ St. Mary's at Nacogdoches in the second game of the best of three Dist. IV playoff series.

Stephen F. Austin downed St. Mary's 80-67 in the first game of the series Saturday in San Antonio.

Texas Southern defeated Bishop College in Dallas Saturday, 100-97 and goes for the Dist. VIII title tonight in Houston.

Nicklaus Wins PGA With 281

By HUBERT MIZELL
Associated Press Sports Writer

PALM BEACH GARDENS, Fla. (AP) — Nobody has ever won the PGA, U.S. Open, Masters and British Open in the same year.

Jack Nicklaus has it on his mind.

"I've got one leg and I'm thinking about the Masters," he said. "And, that's a golf course I know I can play."

The svelte Golden Bear shot 73 Sunday for a seven-under-par 281 total to win the 53rd Professional Golfers Association Championship at the tough PGA National Golf Club.

"Normally, I head for the Masters trying to get a first leg on the Big Four," said the 31-year-old fairways giant. "This time I've got the first leg."

The PGA, normally the last of the Big Four events in August, was moved to February for one time only.

The Masters comes up in April at Augusta, Ga., the U.S. Open is scheduled at Merion Country Club at Ardmore, Pa., in June and the British Open at Royal Birkdale at Southport, England, in July.

"I've only played one series at Merion, but it was a doozie," said Nicklaus. "I'm sure if I go over and work hard, I can play Royal Birkdale."

Merion, one of the nation's classic courses, was the site of Ben Hogan's victory in the 1951 U.S. Open. Bantam Ben shot a four-round total of 287.

Nicklaus played Merion as an amateur. His 72-hole aggregate was an astounding 268, 19 shots better than Hogan.

Hogan won the Masters, U.S. Open and British Open in 1953, then didn't enter the PGA. The latter was a match play event in those days and Hogan preferred medal play, so he stayed home.

Arnold Palmer was the latest threat to score the Grand Slam in one year. The golfing idol from Pennsylvania took the Masters and U.S. Open and then lost in Britain to Australian Kel Nagel during a rain-delayed final round.

"All pro golfers try to set themselves apart from the rest," said Nicklaus. "The major championships do this. I've got 11 now and want to win more than anybody who ever lived."

Bobby Jones is the leader with 13. Nicklaus and Walter Hagen have 11 and Palmer, eight.

Nicklaus' road to Sunday's PGA triumph was a bit rocky. The Ohio Bomber bogeyed three of the opening five holes and led by one shot on several occasions.

"I wasn't ever really worried," he said. "I knew if I did my part, I would win."

Nicklaus began the day with a four-stroke lead over Gary Player, five on Gibby Gilbert and seven shots over the other also-rans.

As it turned out, Billy Casper, a two-time U.S. Open king, made a charge at the end to finish two behind Nicklaus and 52-year-old smooth swinger Tommy Bolt shot a closing 69 to take third at 284.

"I never looked at the names, only the numbers on the scoreboard," Nicklaus said. "I knew where I stood."

Nicklaus' putting keyed his 11th major championship and the tip that made it possible came during a friendly bridge game eight days ago.

"Deane Beman told me I wasn't finishing my backswing on putts," Nicklaus said. "He's helped me before. I stopped playing bridge and went outside at 11 p.m. to hit some balls on the Astroturf around my pool."

That moonlight episode spurred Nicklaus to his "best putting tournament ever" in a week where his key shots on the green kept the long hitter from Columbus a step ahead of the field.

Casper, who leaves today for a golfing trip to Morocco where he'll play as guest of King Hassan II, sat in the press tent as Nicklaus birdied the 17th hole and parred No. 18 to win by two.

"I figured I'd be a couple short," said Casper.

Morgan Is Hold Out

COCOA, Fla. (AP) — The Houston Astros are still minus their most valuable player of last season, second baseman Joe Morgan.

And general manager Spec Richardson said he is not sure when he and Morgan will be able to get together on salary.

The differences over salary terms are severe.

Bengal Thinlies Score 35 Points

FORT STOCKTON — The Snyder High School track team scored 35 points, good enough for an eighth place finish, at the Comanche Relays here last weekend.

The Bengals won one first place and took two second places in the finals. The only Bengal blue ribbon winner was Johnny Spears in the long jump. He won first with a leap of 22-0.

Second place winners were Jeff Stewart in the high jump and Freddy Murphy in the 880 yard run. Jeff cleared 6-1 while Freddy turned in a 2:05.2 clocking.

Gary Patterson picked up the remaining Tiger points by placing in both hurdles events. He took fourth place in the high hurdles with a time of 15.2 and he was fourth in the intermediate hurdles with a 41.7 clocking.

Winner of the Division II competition was Odessa Ector with 86 points. Scores of other teams: Monahans 66, Kermit 58, Pecos 58, Taylor 51, Andrews 41, Sweetwater 38, Snyder 35, Del Rio 31, Seminole 18, Fort Stockton 11, and El Paso Jesuit 3.

First place winners in other events: John McDonald Taylor, 51-8, shot put; John Wiler, Kermit, 154-8, discus; Bobby Upchurch, Monahans, 13-0, pole vault; Jeff Janke, Taylor, 6-2, high jump; Ector (Larry Sheppard, Clarence Stevenson, Herman Davis and Lewis Wilson), 43.3, 440 relay; Gordon, Andrews, 15.0 high hurdles; Rowland, Del Rio, 9.8, 100 yard dash; Lee, Monahans, 2:03.3, 880 yard run; Abeyta, Ector, 50.1, 440 yard dash; Rowland, Del Rio, 21.9, 220 yard dash; Gordon, Andrews, 39.9, 330 hurdles; Freeman, Sweetwater, 4:43.3, mile run; Ector (Clarence Stevenson, Ricky Abeyta, Ruben Mata, Louis Wilson), 3:24.0, mile relay.

Baseball Team Visits Permian

Snyder's Tigers open the 1971 baseball season at Odessa Permian at 4 p.m. Tuesday.

Coach Speedy Moffett's boys will host Levelland here at 4 p.m. Friday, then journey to Andrews Saturday for a double header beginning at 1 p.m. It will be a busy week for the Bengals.

Saturday, the team took on a veteran Lubbock Coronado nine in a practice game at Lubbock and came out on the short end of a 7-3 score.

Moffett used five pitchers against Coronado, including Bobby Schrader, Jackie Murray, Bobby Thompson, Tim Holder and Kevin Jones. Schrader, Murray and Holder are all lefties and none of them gave up any runs. Coronado scored all of its runs against the right-handers — David Thompson and Kevin Jones.

"They did pretty good when you consider we've only had them (the right handers) since the end of the basketball season," said Coach Moffett.

The Tigers got one run off a triple by Albert Hernandez. David Thompson singled in another one and the other run resulted from a double by Tommy Washington. The Tigers collected a total of six hits.

"They've (Coronado) got an all-senior ball club, and they used their top three senior pitchers against us," said Moffett.

He gave a probable starting lineup for the game at Odessa tomorrow, as follows: Stewart Sims 3b, Butch Buchanan 1b, Larry Wall c, David Thompson cf, Albert Hernandez rf, Tommy Washington ss, James Hood 2b, Bill Branson 1f, and Bobby Schrader, p. Lefty Jackie Murray will work in relief.

The Bengals have several talented lads who can substitute for the starters, led by Larry Braziel, second baseman, and catcher, Scott Morgan. The others include third baseman Randy Dryden, outfielders David Merritt and Charles Anderson, pitcher-infielder Marvin McClanahan, shortstop Jerry Bob Lee, pitchers Tim Holder and Kevin Jones, and catcher Eddie Bane.

Dumas Downs Lamesa, 70-51

LEVELLAND — District I Champion Dumas routed District III Champion Lamesa, 70-51 here Saturday night to capture the Region I, Class AAA high school basketball title.

Thus, it will be the Demons who will go to Austin for the state tournament this weekend. Dumas had eliminated Odessa Ector, District II champion, in an overtime battle in the first round of the regional tournament. Lamesa sidelined Wichita Falls Hirschi in its first round battle.

The racing sulkies pulled by triple crown winners Scott Frost, Speedy Scot and Ayres have been added to the Hall of Fame collection at Goshen, N.Y.

Wins Singles

MACON, Ga. (AP) — A sudden death playoff has brought Zeljko Franulovic of Yugoslavia the singles championship in the Macon International Tennis Tournament.

A powerful back-hand passing shot broke the tie Sunday, giving Franulovic the honors over Ilie Nastase of Rumania 6-4, 7-5, 5-7, 3-6, 7-6.

Ponies Win Recreational

By THE ASSOCIATED PRESS

Southern Methodist will try this weekend to add the Border Olympics track championship to the Southwestern Recreational championship the Ponies won Saturday at Fort Worth.

The Mustangs rolled up 84 points with record performances from shotputter Sammy Walker and Joe Pouncy to defeat defending champion North Texas State in Saturday's Fort Worth meet. The Eagles were runners-up with 66 points followed by Texas Christian with 57, Texas Tech, 56, and Texas-Arlington 27.

Walker, just recovering from a muscle injury, heaved the shot 63 feet, three inches to break the old record by almost 10 feet. Pouncy won the 220 yard dash in 21.5 to best the old mark by one-tenth second.

Abilene Christian defeated Texas and Baylor Friday in a triangular meet at Austin and Texas A&M and Rice tuned up for this week's Boarder Olympics by battling to a 68-68 tie in a dual meet at College Station Saturday.

Lubbock Wins Three Crowns

Three Lubbock teams won championships at the West Texas Area Council Sectional Boys' Club Basketball Tournament held in Snyder this past weekend. The Lubbock ABC Branch teams won the 9-10-year old and 11-12-year-old championships and Lubbock South Plains Lions Club won the 13-14-year-old crown. The 15-16-17-year-old title went to Abilene.

The results:

9-10-YEAR-OLDS

First round — Snyder 30, Roscoe 24; Lubbock 34, San Angelo 18; Lamesa 31, Odessa 28; Andrews 45, Midland 9; Odessa Woodson won bye.

Second round — Lubbock 37, Snyder 7; Lamesa won bye; Andrews 41, Odessa Woodson 34; Third Round — Andrews 23, Lamesa 16.

Championship — Lubbock 41, Andrews 11.

11-12-YEAR-OLDS

First round — Snyder 25, Roscoe 20; Lubbock 42, Odessa Woodson 34; Lamesa 56, Midland 9; Odessa Central 37, Andrews 23.

Second round — Lubbock 45, Snyder 15; Odessa Central 44, Lamesa 30.

Championship — Lubbock 29, Odessa 25.

13-14-YEAR-OLDS

First round — Lamesa 59, Odessa Central 56; Lubbock 46, Odessa Woodson 43; Midland 39, Andrews 31.

Second round — Lubbock beat Lamesa (score not available).

Championship — Lubbock 48, Midland 41.

15-16-17-YEAR-OLDS

First round — Snyder 51, Roscoe 31; Odessa Central 62, San Angelo 41; Abilene 51, Odessa Woodson 44; Lubbock 64, Midland 39; San Angelo 64, Andrews 30.

Second round — Odessa Central 57, Snyder 47; Abilene 31, Lubbock 28; Lamesa 51, San Angelo 47.

Third round — Abilene 50, Lamesa 38.

Championship — Abilene 53, Odessa Central 50.

Aggies Stand In Frogs' Path

By MICHAEL A. LUTZ
Associated Press Writer

It's up to the Texas Aggies now. They are the only roadblock standing between Texas Christian and the outright Southwest Conference basketball championship.

And if the Aggies' past road shows are any indication, they just may be able to stall the Frogs' title dreams, at least for awhile.

The Aggies have struggled to a 4-8 SWC record but three of the victories have been on the road. Five losses have been at G. Rollie White Coliseum in College Station, where the Aggies normally dismember opponents.

TCU cinched at least a share of the crown Saturday with a 74-71 victory over Texas at Fort Worth. The Frogs now are 10-2 for the year with two games left. A victory over A&M Tuesday would give the Frogs the title outright and take the pressure of Saturday's season finale against Southern Methodist in Dallas.

Texas Tech and Baylor are the only teams with a mathematical chance of catching the Frogs. They are tied for second with 8-4 records.

TCU Coach Johnny Swaim felt the Frogs were lucky to survive Saturday's close call against Texas.

"Sure, you get ripe occasionally," Swaim said, "but still Texas had a lot to do with it. They were ready.

"Their zone defense bothered us. And they really fought us on the boards. We only beat them by five rebounds (45-40) and rebounding is one of the biggest portions of our game."

TCU's super-transfer, Eugene "Goo" Kennedy, led the Frogs once again with 26 points, but he may be playing in his final games for the Frogs, although he's listed as a junior.

Swaim revealed Sunday that Kennedy may not be eligible to play next year at TCU because of a season he played at Kings College in his hometown of Charlotte, N. C. His eligibility apparently hinges on the type of team he played on at Kings.

"He will have completed four years of college at the end of this year," Swaim said. "Under the preliminary ruling, he can play this season for us. We are appealing to the NCAA in an effort to get him eligible to play another season."

Howard Grubbs, executive secretary of the SWC, said: "I don't know what classification to consider Kings College. But we figure he played one season at Kings, two at Fort Worth Christian and one at TCU. We figure that is four years of competition."

Texas Tech kept its slim title hopes alive Saturday in convincing fashion. The Raiders downed SMU 103-92 and set a conferernce percentage record of 67.7 from the field. Baylor nudged Texas 78-71 in overtime and Rice nipped Arkansas 97-93 in other games Saturday.

Gene Knolle scored 35 points, hitting 15 of 18 from the field, to lead the amazing Tech shooting performance. "A game like this is fun to play," said Raider Steve Williams, who hit 9 of 11 from the field.

"We shot pretty fair ourselves tonight," quipped Tech Coach Gerald Myers after complimenting SMU's 54 per cent shooting effort. "It's hard to single anyone out. Everybody that went in, played a good ball game."

Big Spring, Andrews Win Tennis Trophies

Big Spring won the boys title, and Andrews won the girls trophy at the Snyder Invitational Tennis Meet here Friday and Saturday.

Snyder's Max Falls won the boys singles. Bunn and Dyer of Big Spring took the boys doubles. Lee Ann Niblett of Andrews won the girls singles, and Babb and Harrison of Odessa captured the girls doubles.

Max Falls defeated Jay Rushing of Odessa 6-0, 6-0 in the first round; then, he defeated James Butler of Kermit 6-0, 6-0 in the semifinals. In the finals, he beat Geren Martin of Big Spring 6-1, 6-1.

Bourdon Wooten of the Tigers lost his first round singles match, 6-3, 6-1 to David Falk of Odessa. The Tigers' Price and Brandon lost their first round doubles match to the champions, Bunn and Dyer of Big Spring, 6-2, 6-1; then, they lost on the Consolation side of the bracket to Stephens and McBeth of Andrews 6-2, 6-2.

[illegible] and Boles won their first doubles match, 6-3, 6-0, over Ballard and Thatcher of Andrews; they also won their second match, 6-0, 6-3, over Hill and Burnett of Big Spring; then, they lost to Loomis and Bingham of Odessa 6-0, 6-0 in the semifinals.

Loomis and Bingham also took out Christian and Wittie in the first round by a 6-0, 6-3 score.

In girls singles, Snyder's Susan Greenlee lost 6-0, 6-0, to Michael Hutcheson in the first round; Vonee Reneau lost to Lee Ann Niblett in the first round.

In girls doubles, Smith and Bilberry lost to Hays and Hawthorne 6-0, 9-7 in the first round.

Bunn and Dyer of Big Spring bested Fleming and Hayes of Midland 6-0, 6-2 in the second round; and, they defeated O'Leary and Joiner of Kermit 6-3, 4-6, 6-0 in the semifinals; in the finals, they beat Loomis and Bingham of Odessa 6-4, 7-5.

Lee Ann Niblett of Andrews beat Irma Guerrero of Estacado 4-6, 6-0, 6-3 in the second round; and, she beat Marcy McKelvey of Odessa 6-0, 6-0 in the semifinals; in the finals, she beat Michael Hutcheson of Andrews 6-4, 6-0.

Bobb and Harrison of Odessa defeated Hernandez and Feagan of Sweetwater 6-0, 6-1, in girls singles in the first round; then, they beat Rains and Henson of Midland 6-1, 6-0 in the second round; they beat Hays and Hawthorne of Andrews 6-1, 6-4 in the semifinals; and, in the finals, they beat Christian and Braswell of Andrews 7-5, 9-11, 6-2.

The Tiger tennis team will compete in the Odessa Tournament Friday and Saturday.
