FIGHT STAGED AFTER QUEEN KIDNAPING

STUDENT ADMITS THAT HE FIRED SHOTS AS HE WAS ATTACKED

(By The Associated Press)

COLUMBIA, Mo., March 23.—Three students of the University of Missouri were shot, one of them seriously wounded, last night as the aftermath of the "kidnaping" Saturday of a girl student who had been chosen St. Pat's queen for the engineering school's annual dance.

Frank Luckey of Columbia was in a critical condition from a bullet wound in the stomach and Jerry Cebe of St. Louis, captain-elect of the university wrestling team, was suffering from wounds in an arm and leg. A third student, Bus Love of Jefferson City, Mo., was slightly wounded by a bullet that grazed his leg. They were students in the school of engineering.

Has Skull Fracture

Burtus Frederick of Union Star, Mo., a student in the school of law who was quoted by Prosecuting Attorney Franklin E. Reagan as admitting he fired the shots, also was taken to a hospital suffering from a possible fracture of the skull, inflicted, he said, by a group of students who attacked him near the university campus just before the wounding of the three students.

The shooting was the climax of a feud of long standing between students of the engineering and law schools. Last Saturday afternoon Miss Mary Butterfield of Kansas City, who was to have been crowned St. Pat's queen at the engineering school's dance, was "kidnaped" as she was leaving her sorority house and was held captive until almost midnight, when she was returned to the campus too late for her coronation as queen.

Prosecutor Reagan said he was told by Frederick that as he and

YOUTH WOUNDS ONE BANDIT

ANOTHER IS CAPTURED IN ATTEMPT TO ROB STORE AT HAPPY

(By The Associated Press)

HAPPY, Tex., March 23—A 17-year-old boy last night turned the tables on burglars who have harrassed this little city for months, wounded one and captured another.

Eugene Bandy was sleeping in the Bandy general merchandise store, which has been the victim of burglars three times since last September, when the two men entered through a rear window. The youth shot one of them through the left hand and arm with a 12-gauge pump gun.

The other escaped into the street, but returned to help his companion and found himself covered with Bandy's gun. The boy called his uncle, the store manager, then a doctor and the night watchman, holding the men captive in the meantime. The burglars were transferred to the county jail at Tulia.

Ordinance Upheld As Passed By City

AUSTIN, March 23 (AP)—The Texas railroad commission has sustained an ordinance passed by the city of McLean, Gray county, reducing the rate for natural gas to consumers from 50 cents per 1,000 cubic feet to 30 cents.

The McLean Gas company, distributors, appealed to the commission after the city passed the ordinance. At the commission hearing it was found that evidence introduced by the gas company was insufficient to prove that the rates fixed in the ordinance were unfair or unreasonable.

GEORGIA VOTE TODAY HOLDS SPOTLIGHT

ROOSEVELT IS FACING TEST AGAINST TEXAN IN BALLOTING

(By The Associated Press)

ATLANTA, Mar. 23.—Georgia Democrats voted their presidential preference today in an unusual primary between Gov. Franklin D. Roosevelt of New York and Judge G. M. Howard of Atlanta, who says he will support Speaker John Garner for the nomination.

Governor Roosevelt is an adopted son of Georgia which he visits frequently for his health and his supporters have predicted he will carry every county in the state.

Backers Are Confident

Judge Howard's backers said he will "carry the state for Garner" and have featured the Texan's southern birthright in appeals for votes from Georgia, the first southern state to express its preference.

The campaign of Judge Howard has not had the active endorsement of Garner who declined to enter the primary personally. It is the first contest between the New Yorker and an advocate of the Garner candidacy.

County Unit System

Georgia primaries are based on a county unit system and not on the popular vote in the state. There are 159 counties in Georgia and each county has two votes in the state convention for each representative in the lower house of the legislature. The candidate who receives a plurality in a county names that county's delegates to the convention meets here April 6 and the state delegates will be selected to the national convention.

Roosevelt has support of clubs in practically every county and the head of the Georgia federation of labor. Judge Howard's candidacy has the backing of the Anti-Saloon League.

Minor Thefts Are Reported In City

Four minor thefts were reported to police last night. Five batteries were taken Tuesday afternoon from the rear of Williams Auto Supply company quarters at 1109 Main street. A casing was removed from an automobile parked in the 1100-block of Avenue K, and an Indian-design blanket was stolen from Mrs. Glenn Smith's automobile at 1918 Eighth street, Tuesday night. A wooden art sign, carrying the name "Marie Iesh," was stolen for the third time from 1917 Broadway.

Police have a pipe threader, bearing the name of the manufacturer, E. Armstrong, Bridgeport, Conn., taken from a man who was trying to dispose of it. The owner will be given the threader on identifying it at police headquarters.

A woman giving the name of Bessie Dean Grey was arrested for "fighting in jail," and was released later Tuesday night to reappear at the police station today, according to the night police report.

Pampa Man Dies In Waco Of Poisoning

WACO, Mar. 23. (AP)—F. L. Hill, 54, Pampa oil man, was found dead yesterday in a Waco hotel room. He had been dead several hours. His mouth was burned. A bottle containing a small amount of poison wa found in the room. The coroner returned a verdict of death from poison, self-administered. Funeral services were planned here Friday.

Solon States That Hundreds Are Dead

WASHINGTON, Mar. 23. (AP)—Representative Connery (D., Mass.), today told the house rules committee that "Americans are dying of starvation by the hundreds," in appealing for legislative right of way for his bill to provide $700,000,000 for loans to states for relief purposes.

"Their bodies are found in their rooms and pneumonia or something else is given as the cause," he said.

MISSOURI'S "KIDNAPED" QUEEN

Lovely Mary Butterfield, elected St. Pat's queen at the University of Missouri, missed out on her scheduled coronation due to a kidnaping prank. She was seized by five students in an automobile as she left her sorority house, carried 36 miles away, and obliged to pass the time away playing bridge until she was taken to the ball too late for the ceremony. As a result of the kidnaping three University students were shot in a fight staged last night on the campus. Story of affair is in column one.

Cooperative Project Is Planned As Farm Relief

TEACHERS WILL GET PAY CHECKS

(By The Associated Press)

CHICAGO, Mar. 23.—There will be a $4,133,000 cash payday for Chicago's school teachers and city employes tomorrow.

The 14,000 teachers will be paid for the last half of November. They have received only 10 weeks cash pay since May.

City employes, whose pay is only six weeks in arrears, will collect about $1,533,000 of the total. And after payday is over, the city will still owe the public employes $23,000,000 in overdue salaries.

VAST COMMUNITY WILL TAKE PART IN BIG UNEMPLOYED PLAN

(By The Associated Press)

MINNEAPOLIS, Minn., March 23.—A vast community farming project was being considered today as a solution for the unemployment problem.

Under it some 200 selected families, now unable to care for themselves, would live in a self-sustaining colony on a cooperative farm of 20,000 acres.

Oscar W. Behrens, secretary to Mayor William Anderson and one of the sponsors of the idea said the plan was modelled on an American idea—that of the farm cooperative—and was entirely different from that followed by Russian communists.

Behrens, president of the Minneapolis direct unemployment relief plan, said his committee was virtually assured by interested individuals of a $100,000 fund to start the colony.

The plan would entail purchase of land on a 25-year contract with each family buying its own plots, deferred payments to start after effective operation had begun.

The community would be provided with schools and such manufacturing plants necessary to produce many commodities the community would need. Surplus farm products would be sold or traded for those commodities not manufactured in the community.

Northern Minnesota county boards have been asked to cooperate in an effort to obtain the land. Plans, though still in the formative stage, would provide cooperative packing, bakery, creamery, clothing, recreation and education plants.

WOMAN RECEIVES NOTES OF DEATH

DURHAM, N. C., March 23 (AP)—The home of Mrs. John A. Buchanon, daughter of C. W. Toms, vice-president of the Liggett and Myers Tobacco company, has been under heavy police guard because of death and kidnaping threats, police said today after 10 days of secrecy.

Releasing James Enoch, former city fireman who had been held for questioning in the case, authorities said Mrs. Buchanon had received two telephone calls and five letters demanding payment of $10,000 under threat of death for herself and kidnaping for her two children.

Enoch was arrested when he called the Buchanon home from a pay station, but established his claim that he was drinking and got a wrong number when he attempted to call his boarding house.

Escaped Prisoner Held In Oklahoma

GAINESVILLE, March 23 (AP)—Clarence Colwell, 23, one of 13 prisoners who escaped early yesterday from the Cooke county jail, has been recaptured at Marietta, Okla. He had been sentenced to two years imprisonment for arson. Officers planned to return him today.

LIST REACHES WELL ABOVE 300 TODAY

OVER 2,500 INJURED; WORK OF RESCUE IS BEING HURRIED

(By The Associated Press)

BIRMINGHAM, Ala., March 23—The south's tornado death list went above 300 today as the work of rescue and rehabilitation progressed.

Estimates of the injured ran as high as 2,500 while the homeless were estimated upward of 7,000.

A dawn check of fatalities, which have increased steadily since first reports of seven dead Monday, disclosed 246 known killed in Alabama today, 35 in Georgia, 18 in Tennessee, 2 in South Carolina and 2 in Kentucky for a total of 303 in the five states struck by storms.

Reports Are Varied

Relief workers sent back reports of some of the additional dead after they made their way over storm-littered roads to aid communities laid flat by the freakish spring winds. Other reports came as regions isolated by the blasts were able to re-establish communication lines. And still others followed the search of wreckage.

None was able yet to estimate the property damage in dollars and cents. The hundreds of homeless had a wave of cold weather added to their discomforts and farmers over the hardest hit areas faced the prospect of a planting season without shelter, implements or livestock.

Injured Removed

As highways were opened today, injured were removed from makeshift hospitals in churches, courthouses and other available buildings pressed into emergency service to hospitals in the larger cities.

National guardsmen hurried tents, cots and blankets to the devastated areas of Alabama while welfare agencies solicited food and clothing for survivors.

Governor B. M. Miller of Alabama issued a formal proclamation calling on the people of the state to contribute to the relief of storm sufferers and the Red Cross organized for speedy aid to the injured.

National guardsmen patrolled Tuscaloosa and Talladega counties in Alabama to prevent looting and patrols were established at Northport and Sylacauga.

Theer were reports of damage from high winds in states bordering those hardest struck.

Dallas Survey Is Ordered By Chief

DALLAS, March 23 (AP)—Seventeen deaths by fire since Jan. 1 have convinced city authorities that measures should be taken to compel abandonment of unsafe hotels and rooming houses. Four men and a boy lost their lives in two fires here yesterday.

A survey of hotels and rooming houses has been ordered by City Manager John N. Edy. The fire chief, the fire marshal, and the city building inspector will conduct it.

Judging Starts Early Today In Local Exhibits

EXPOSITION TO OPEN THURSDAY; ENTRIES COME IN TODAY

Canned meat judging began this morning at the second annual Panhandle-South Plains Calf-Pig-Meat show at the Panhandle-South Plains fairgrounds. The exposition will open officially Thursday morning. Superintendents of all divisions are at the fairgrounds. They took entreis and completed other arrangements this morning.

Following a meeting at 9 o'clock this morning at chamber of commerce offices, the sales committee renewed efforts this afternoon to obtain additional pledges to buy livestock displayed by four-H club boys, and vocational agriculture students. Assurance of the sale of all calves and pigs entered was sought. George A. Simmons is sales chairman.

Entries Distributed

Miss Zetha McInnis, home industry expert of the Texas extension service, of College Station was judge of canned meats, and began her scorings at 9 o'clock this morning.

Canned meat entries were distributed by counties as follows:

Floyd 31, Lubbock 30, Hockley 28, Hale 25, Shackelford 25, Lynn 11, Fisher 10, Dickens 7, and Kent 6.

Warner Will Judge

Entries in the cured meats division, in which judging by K. P. Warner, of the national meats investigation department, of Washington, D. C., will begin at 9 o'clock Thursday morning, were:

Hams 47, bacons 31, shoulders 23, and lard 35.

Livestock entries continued to arrive through this morning and early afternoon. Members of the meat show corps expressed a belief that anticipated livestock entry totals would be reached. A total of 120 beef calves and 57 pigs were bedded in fresh straw at the fairgrounds by early this afternoon. Predicted entry totals were 150 pigs and 147 calves.

Sales Are Assured

Lubbock, Hockley, Dickens, King, Garza, Briscoe, Lamb, Hale, Bailey and Swisher counties were represented by calves: Lubbock, Hockley Hale, Lamb, and Dickens counties by pigs.

Late Tuesday, sale of 33 calves and 70 pigs had been assured. A local firm has indicated it will bid high for the grand champion pig. The Rotary and Kiwanis clubs have set together funds to buy the

BALLOT PLANS ARE UPHELD

TEXAS SUPREME COURT REFUSES PERMISSION FOR A MANDAMUS

(By The Associated Press)

AUSTIN, March 23—The supreme court today refused permission to Mrs. Ida M. Darden of Fort Worth to file a petition to mandamus the state Democratic executive committee to place her name on the party primary ballots without reference to place as a candidate for an at-large seat in the national congress.

Action of the court sustains right of the party managers to require the large field of candidates for the three congressman-at-large places to designate places on the ballot.

Mrs. Darden contended that the party was without authority in law to group the candidates in places to be number 1, 2 and 3. She argued that all candidates should appear in one group, the three receiving the highest number of votes to be the party nominees.

The committee hit upon the plan of having candidates to file for places in order to force majority nominations and adopted that procedure, unless a candidate received a majority of the votes cast for candidates in his group, he would be forced to enter a run-off primary with the runner-up aspirant in his group.

EVERYBODY'S SWAPPING BUT BOY HAS TO GIVE UP IDEA OF A MOUTH ORGAN

(By The Associated Press)

SAXONBURG, Pa., Mar. 23.—Saxonburg has taken a page from ancient history to solve the economic situation—everybody's swapping.

Swapping has been going on for a year and has become so common the newspaper has incorporated a "swap column."

Butter and eggs are exchanged for merchandise at stores, for gasoline and old parts for autos, and, since the boys' band started, for musical instruments.

Coal is hauled or teaming done for horse-shoeing. Last spring ground was plowed in exchange for half the crops. Any man can get land on promise to part with one-fourth of the produce. Cabbage plants were exchanged for tomatoes and bulbs and seeds for flowers and vegetables.

Last summer crabapples went for pickles, hay for a load of straw, a gallon of buttermilk for a peck of spinach. In the fall apples were exchanged for cider for year-old hens for winter laying, apples were picked and services rendered in all lines of work for whatever the farmer had that the worker wanted.

Merchants say everybody is happy under the arrangement.

Just one swap has failed to go through—a youngster tried to trade a new baby for a mouth organ.

The man was arrested late yesterday near the scene of the slaying. Officers said they found a pair of blood-stained trousers, which the suspect admitted he was wearing Monday night. The man's shoes fitted the tracks leading from the Brimberry cabin, they stated.

JAPS PREPARE BLOCKADE AS PRECAUTION

CHINESE REPORTED TO BE PLANNING FOR A RE-ENTRY IN ZONE

BY MORRIS J. HARRIS
Associated Press Staff Correspondent

SHANGHAI, March 23.—War clouds again lowered over Shanghai late this afternoon as Japanese army officials announced they were preparing to take strong measures to block a reported re-entry into the 12½-mile zone by Chinese troops.

The Japanese said they were informed by observers that the Chinese had crossed Soochow creek at Chiawangmiao, within the zone of evacuation described in General Uyeda's ultimatum of Feb. 20.

Are Digging In

Japanese officials asked British consular authorities to request the Chinese to withdraw south of the creek. A spokesman said the Chinese were digging themselves in on the north side of the stream, opposite the Japanese lines, with the apparent intention of remaining.

The pessimistic situation was deepened by the failure of the Nanking government to appoint a military delegate to the peace parley to replace General Chiang Kuang-Nai, who walked out of the conference this morning, complaining that the Japanese had sent General Kenkichi Uyeda, who was only a lieutenant general and beneath his rank.

Parleys To Be Delayed

The prospect tonight was that the parleys would be delayed at least until Thursday.

Japanese authorities expressed concern over the move, declaring they believed the situation might be more deep-seated than appeared.

An opinion was freely expressed among the public that the Chinese military leaders were anxious to escape participating in the parleys, believing they would be subjected to criticism regardless of the outcome.

GANGDOM HUNT IS FUTILE

REACH OF LAWLESS IS NO LONGER THAN THE LAW IN KIDNAPING

(By The Associated Press)

HOPEWELL, N. J., March 23—Racketdom's reach, groping for the stolen Lindbergh baby, has proved no longer than the law's. Owney Madden, whose name looms large in the annals of Manhattan's outlawry, has been working on the mystery 20 days without result.

Three others working independently of authorities also have failed to get the baby back. They are Salvy Spitale and Irving Bitz, authorized by the Lindberghs to deal with the kidnapers, and Morris Rosner, who announced the baby was safe and would be returned. The announcement was made more than ten days ago.

Police continue to press the hunt. H. Wallace Caldwell, former president of the Chicago board of education, called at the Lindbergh home with information he believed of value, but Col. H. Norman Schwarzkopf, head of the state police, said it was of "no importance."

Record Vote Will Come From Senate

WASHINGTON, Mar. 23. (AP)—Senate and anti-prohibitionists have the assurance of their dominant dry opponents that a record vote on the issue will be taken soon.

Not to be outdone by their house colleagues, the senate foes of prohibition yesterday put before the senate a motion to discharge the judiciary committee from further consideration of resolutions for repeal or modification of the eighteenth amendment.

Club Women Schedule Full Program For Thursday, Friday

Lu Beta Delphians Are To Plant Tree

Club women of the city have full programs scheduled for tomorrow and Friday. Representatives from Lubbock's seven women's study clubs are to serve as hostesses at the second annual Panhandle-South Plains Fat Calf-Pig Meat show at the fair grounds during Thursday and Friday. A meeting of Lu Beta Delphian club has been announced for tomorrow and the monthly program meeting of City Federation of Women's clubs will be held at the Hilton hotel ball room Friday afternoon.

The following schedule of supervisors of committees of greeting for the meat show was announced:

For Thursday morning—Mrs. E. L. Banks of the Shakespeare club and Mrs. H. A. Davidson of the Twentieth Century club; Thursday afternoon—Mrs. Fred W. Sparks of the County Federation of Women's clubs and Mrs. T. C. Root of the Sorosis club; Friday morning—Mrs. P. P. Hankins of the Athenaeum club and Mrs. Calvin Henson of the City Federation of Women's clubs; Friday afternoon—Mrs. W. L. Stangel and Mrs. W. G. McMillan, both of the Lu Beta Delphian club.

Committee members were named Tuesday afternoon by four clubs of the city in meeting for regular program and business hours.

Plan Special Program

In keeping with the Washington Bicentennial movement to plant trees, members of the Lu Beta Delphian chapter will have a special program following their meeting Thursday afternoon at 2:30 o'clock at the Hilton hotel and later go to the City Park for a tree-planting.

Mrs. Walter P. Jennings is to lead the devotional lesson at the program which follows a lesson on narrative and dramatic poetry; Jack Stahl will play a violin solo; Miss Nell Parmley is to sing "Carry Me Back to Ole Virginny"; Judge Clark M. Mullican will speak on "Washington—A Friend of Education;" a quartet composed of Mesdames Fred Litton and G. N. Atkinson and Messrs. Wallace Rix and J. D. Carroll will sing "America, The Beautiful."

Italy will be the topic for the City Federation program Friday afternoon with Mrs. William Dingus as principal speaker.

Harrison Munroe, tenor, Tech student, is to sing an aria from the opera, "Il Trovatore," by Verdi.

This program is open to all women who have affiliations with the City Federation. It is another talk in a series on various countries.

Mrs. K. M. Renner Has Easter Affair

Maura Jean Renner celebrated her ninth birthday at a delightful Easter party given yesterday afternoon by her mother, Mrs. K. M. Renner, 2214 18th street. Fourteen little girls were guests for the occasion.

The Renner home, decorated in two of spring's most beautiful colors, pink and white, formed a pretty background for the small guests, who were wearing their Easter frocks.

Easter favors were given to the children, who entertained with musical numbers or readings. A series of games were played and an Easter egg hunt was enjoyed. Joyce Royalty and Mary Burk Yeager received prizes after the hunt.

Maura Jean received many lovely birthday gifts.

Those attending were Betty Jane Cross, Betty Jo Rice, Wanda Ruth Stiles, Mary Burk Yeager, Martha Kuykendall, Christine White, Mary Ann Stephenson, Mary Menon and Ava Ruth Stangel, Joyce Royalty, Peggy and Sarah Elland and Marjorie Sneed.

Mrs. E. L. Robertson Speaks On Dobie

Mrs. A. E. Jones, 1916 Avenue N, entertained the Athenaeum club yesterday afternoon.

Mrs. E. L. Robertson spoke on the life of J. Frank Dobie giving a sketch of the days when he was a cowboy, a ranchman, and later a teacher at the University of Texas. She also spoke on the life of Ben Carlton Mead, who illustrated Dobie's book, "Coronado's Children". Mr. Mead is formerly of Amarillo.

Mrs. F. V. Brown reviewed the book, "Coronado's Children."

Mrs. J. F. Hankins presided in the absence of the president, Mrs. S. B. Haynes.

Mrs. W. N. Morgan discussed "Romans, Jews, Phoenecians and Greeks"; Mrs. Stewart discussed "Founders of Modern English Landscape Architecture"; and Miss Vera Murfee talked on "History of American Society of Landscape Architecture."

Twentieth Century Club Is Addressed

Dr. W. A. Jackson and H. C. Pender, of the government department of Tech, addressed the Twentieth Century club yesterday afternoon at a meeting held at the Hilton hotel. Dr. Jackson discussed "The Value of Parliamentary Law" and Mr. Pender talked on "International Economic Cooperation".

Mrs. James H. Goodman, president, was elected club delegate to the Seventh District convention, Texas Federation of Women's clubs, to be held in Canadian in April. Mrs. W. B. Price was elected alternate.

Mrs. C. B. Powell, district chairman of Texas writers, told of the plans of the State Federation for placing books in Texas public school libraries. The matter was referred to the library committee.

The calendar committee reported that varied programs based principally on Japan and China will make up next year's meetings.

Sixty Guests Attend Banquet Tuesday Evening For Chapter Of Eastern Star

One of the largest social affairs scheduled for this week was given Tuesday evening at the Masonic Hall with members of the Eastern Star attending. Approximately sixty guests enjoyed this event.

The affair, which was a banquet, followed a contest between the East and West groups of the organization to re-enlist old members. The West group was hostess to the East group.

Mrs. Ernest Nelson was chairman of the program committee.

Mrs. Mary F. Hinton gave the invocation which was followed by an address of welcome by Mrs. Ray Allen. Mrs. Luther Bynum responded with a short address.

Program Is Given

Mrs. Allen and Mrs. Bynum, captains of the groups, were presented with flowers by Mrs. W. D. Watson and Miss Ruth Bell. Mrs. O. K. Peters rendered a piano solo. Mrs. Watson entertained with a vocal solo. Russell Hardin rendered a clarinet solo, accompanied by Mrs Virgie Matlock; "A Toast to the West" was the title of a reading given by Mrs. H. W. Sims.

Robert Townsend, director of the Hollywood school of dance here presented a group of pupils in dance numbers. Mr. Townsend gave interpretations of two classical numbers. His pupils who appeared were Marion Benson, Christine White, Bobbie Meiser, Donald McKinney, Doris Mae Levine, Ethel Bennett, John Edward Tusha, Emma Sue Gunn, Katherine Perry, Norma Bradshaw, and Lucille Brown.

IRRIGATION RATE SET

MULESHOE, (Special)—The city commission has set an irrigation rate for water consumers this year, to be in force in May, June, July and August. It may be extended a few weeks. The minimun will be $2 for 6,000 gallons with a rate of 12.5 cents per thousand for all over that amount.

Made specially for BABIES and CHILDREN
Physicians tell us that one condition is nearly always present when a child has a digestive upset, a starting cold or other little ailment. Constipation. The first step towards relief is to rid the body of impure waste. And for this nothing is better than genuine Castoria! Castoria is a pure vegetable preparation made specially for babies and children. This means it is mild and gentle; that it contains no harsh drugs, no narcotics. Yet it always gets results. You never have to coax children to take Castoria. Real Castoria always bears the name

DR. MYERS

Doctor Myers' Daily Column On Child Welfare

BY GARRY C. MYERS, PH. D.
Head Division Parental Education Cleveland College, Western Reserve University

CHILD'S FEAR OF KIDNAPERS

For years many a child over five or six has suffered indescribable fear of being kidnaped. Because of the recent tragedy of world interest this childhood dread has been made manifold. No use to tell parents and children to have no such fears. But there are ways for all of us to act a little more reasonably and to escape a large amount of needless fear.

What has made the matter most serious is that parents are forever warning runabouts to be watchful against being captured, and many parents and adults discuss the matter in detail right before their children, hoping to protect them by arousing terrible fears in them. Morever, many adults and children spend hours at discussion of kidnaping incidents, painting terrifying scenes very vividly, merely for amusement.

Now let us learn to be more sensible. Let us talk about such matters as little and as unemotionally as possible and, when the subject is brought up, to think of some clever suggestion quickly to divert the conversation.

• • •

The whole problem of teaching safety is involved. There is all too much fear appeal. Anyway, such appeal merely makes persons, particularly children, unhappy, failing all the while to develop caution.

We do not train the toddler to stay out of the street, for instance, by picturing to him the dangers. At best such appeal may work only for the moment. We train him best by establishing in his nervous system specific habits which keep him out of the street automatically.

To get such results, we begin with the child as soon as he can toddle and see to it that stepping into the street, unaided is immediately followed by physical pain, and every such offense thereafter.

He also learns the meaning of "No" in regard to certain other things. He learns to stop himself, and find out the reason afterwards. Once the child has learned so to accept a few specific forbiddings without emotional resistance, it will be difficult for him to accept with little or no explanation the command, "Do not walk or ride with any stranger." After such a command is given let the child be checked on until he proves that the matter is established in him as a habit.

• • •

Many thousand mothers have been sleeping lately by the side of their young infants. We must not be too hard on these mothers, for we can imagine how they feel. We can be sure that as they regain their poise they will be more reasonable.

Babies doubtless are many times safer now from kidnaping than they were a month ago. By and by more ways will be discovered for assuring parents and children against these fears. Of course, we should realize that on the basis of mere chance, anybody's baby faces hazards many thousands times more serious than kidnaping. Think of the dangers from disease and accidents. Think then of the moral dangers.

If, by undue fear, parents are led so to pamper their infants as to render them unmanageable or anti-social later, their very efforts to protect the child may be the cause of training some children to be criminals. I guess almost any mother, if she had to choose among kidnaping of her child, his execution on the gallows or by the electric chair in later years, and even a prison sentence for life, would not always veto the first of the three.

EDITOR'S NOTE: Two pamphlets by Dr. Myers may be obtained by sending 10 cents a copy for each and a self-addressed, stamped envelope to Dr Garry C. Myers, in care of this paper or Central Press Association, 1016 East Twelfth street, Cleveland, O. The pamphlets are: "Punishments and Rewards" and "Fear."

Church Meeting Is Planned Thursday

Program of a day's meeting Thursday at the Nazarene church, beginning at 10:30 o'clock, has been announced.

The meeting will be closed after an address, starting at 3 o'clock, on "Can A Nazarene Afford to Vote a Wet Ticket?" Speakers will include the Rev. R. M. Hocker, pastor of the local church; the Rev. A. L. Dennis of Olton; the Rev. Amos R. Meador of Abernathy; the Rev. Joe M. Tyson, Portales, N. M., the Rev. N. E. Tyler, the Rev. Otto Perry, C. E. Gibson, Mills Qualls, Mrs. A. L. Dennis, Mrs. N. E. Tyler and Mrs. Amos R. Meador.

Lunch will be served in the church basement at noon.

STARK IS PROMOTED

SNYDER, (Special)—Guy Stark, principal of the Dunn schools for the past four years, was elected superintendent. He succeeds W. C. Hooks, who held the post for five years and who declined re-election to devote his time to his farming interests.

CONVENTION IS SET

SPUR, (Special)—The district convention of the Sunday school and B. Y. P. U. of the Baptist church will be held in the First Baptist church here March 31 and April 1. An attendance of 200 is expected. Homes will be thrown open for the entertainment overnight of the visitors.

BRIEF GLIMPSES OF DEMOCRATIC PROBABILITIES

HARRY F. BYRD
Ex-Governor of Virginia

Born — Martinsburg, W. Va., June 10, 1887. Father was Richard Evelyn Byrd, distinguished citizen and state leader. He is brother of Rear Admiral Richard E. Byrd, who flew over both poles and crossed Atlantic by plane.

Early Life—Educated in public schools and Shenandoah Academy, Winchester, Va. Career started at 15 when he took over Winchester Star, a newspaper which had gone bankrupt under his father, and made it pay. He still owns it. Became interested in apple orchards, now ships 500 carloads yearly.

Political Experience — Attracted attention as business man, as state fuel commissioner, as member of state senate, as highway advocate, as chairman of Democratic state committee. Served as governor from 1926-30, when he was known as the "Mussolini of Virginia" because of his hard-driving, business-like administration.

Family — Married Anne Douglas Beverly of Winchester, Va., Oct. 7, 1913, to whom were born four children—Harry Flood, Westwood, Beverly, Richard Evelyn.

Church and Fraternal Affiliations — Episcopalian, Mason, Elk, Moose.

Hobbies—Fruit culture.

EIGHT MAKING LOCAL RACE

SEVEN MEN AND WOMAN ASK FOR PLACES ON EDUCATION BOARD

When the deadline of certification had arrived last night, a woman and seven men had qualified as candidates for four places on the board of education of the Lubbock independent school district. The election will be Saturday, April 2.

Candidates qualifying yesterday were: W. W. Campbell, J. G. Hall and Dr. Allen T. Stewart, who filed declarations they were candidates and Mrs. H. F. Godeke, whose name was placed on the ballot by petition of eight people. Previously, J. T. Hutchinson, C. E. Maedgen and W. B. Atkins, present board members, and Maple Wilson had announced. Mr. Wilson was a candidate two years ago. Neil H. Wright, also a retiring member of the board, declined to be a candidate again.

Members of the election board to conduct the election are: George W. Foster, P. C. McCoy and H. E. Blocker.

Deadline for candidates to secure places on the city election ballots when a mayor and two commissioners are named, is Thursday.

Signers of a petition asking that Mrs. Godeke's name be placed on the ballot were: Carl Armeling, the Rev. J. M. Lewis, Jack Boyd, C. C. Schmidt, Fred W. Sparks, A. H. Murdough, the Rev. Bradner J. Moore and B. F. Hodges.

City Is Halted By Tuesday Injunction

Judge Clark M. Mullican of 99th district court Tuesday granted an injunction temporarily restraining the City of Lubbock and its officials from interfering with conduction of an auction sale by Ben F. King at a jewelry store at 1116 Broadway.

The suit, similar to others filed here recently, attacks the city's ordinances restricting auction sales. King made $500 bond, set by Judge Mullican in granting the order. The petition sets out the the company's present merchandise stock is valued at about $2,500.

EQUIPMENT ORDERED

LORENZO, (Special)—New post-office equipment has been ordered shipped to Lorenzo and the old ones will be replaced. The new is the property of the federal government. Mrs. F. B. Hoople, postmistress, is having the room renovated and painted.

PURCHASE MIMEOGRAPH

RAILS, (Special)—The chamber of commerce has purchased a mimeograph for the office work. A. V. Bullock, secretary, and M. G. Hargraves, president, made the purchase while on a trip to Plainview.

SUPERINTENDENT NAMED

RUNNINGWATER, (Special)—H. A. Wallace, who is completing his second year here as superintendent, was elected for another year. Mr. Wallace says it is planned to operate the school for the full nine months.

Work Campaign Is Showing Progress

NEW YORK, March 23. (AP)—The campaign to put a million men in wage earning positions was 496 jobs short of 300,000 tonight.

Thirty-two states reported work found in 151 communities for 8,685 persons, sending the six-week total to 299,504.

Oklahoma led for the day, 64 towns reporting 3,142 jobs. Pennsylvania reported 1,208 jobs in six towns, and Florida 576 in one community.

The report by state (figures in parenthesis being totals for each since the campaign started) includes:

Don't neglect your child's COUGH or COLD

TRY this milder "counter-irritant." Good old Musterole now made milder for babies and small children. So pleasant to use and so reliable—apply Children's Musterole freely to the affected area once every hour for five hours. That's the safe, sure treatment that millions of mothers and leading doctors and nurses recognize and endorse.

Musterole gets action because it is a "counter-irritant"—not just a salve—it penetrates and stimulates blood circulation, helps to draw out infection and pain.

That's why this famous blend of oil of mustard, camphor, menthol and other helpful ingredients brings relief naturally.

Keep full strength Musterole on hand for adults and Children's Musterole for the little ones.

FRENCH OPERA SINGER MEETS CHILD FOR FIRST TIME; BORN IN DALLAS

NEW YORK, March 23 (AP)—A French opera singer and his 21-year old daughter met Tuesday for the first time.

Louis Rousseau, once a New York bank clerk, arrived on the liner Mauretania, and was greeted at the gangway by Louise Rousseau, who was born in Dallas, Tex., a few weeks after her parents had obtained a divorce.

Rousseau and the girl's mother, the daughter of a prominent New York and Dallas lawyer, were married while he was working in a bank, he said, and when he left to study music her family objected. Their separation and divorce followed.

Miss Rousseau never had been told anything about her father and did not know his whereabouts until a year ago, when she was a student at the Massachusetts Institute of Technology, she found his address in a directory of the Paris opera.

She wrote to him, disclaiming "any hold on his property," and he sailed for New York. He was unable to locate her the first time although he later learned he had lived within calling distance of her home. Further correspondence united them.

Reached by telephone at a commercial art studio tonight, Mrs. Rousseau said her daughter did not live with her and had arranged to meet her father of her own volition.

GOLF PROSPECTS BRIGHT

MULESHOE, (Special) —Muleshoe's golf bugs are becoming enthusiastic over prospects for the 1932 play. A committee has been at work attempting to reorganize the club. Some new members are reported and the grounds will be improved with new hazards and plenty of oil and sand at the traps.

Fat Men

Mr. W. R. Daniels of Richmond Hill, N. Y., writes: "Have finished my second bottle of Kruschen Salts—results—removed 3 inches from the waistline—am 25 per cent more active—mind is clear—skin eruptions have disappeared—am 46 years old—feel 20 years younger."

To lose fat surely and SAFELY, take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning.

But be sure to get Kruschen—your health comes first—a bottle that will last you 4 weeks costs but a few cents at Mark Halsey Drug, City Drug, or any drugstore in the world—if not satisfied—money back.—adv.

SHOW WINNERS ANNOUNCED

LAMB COUNTY STAGES MEAT EXHIBIT AND MANY ENTERED

LITTLEFIELD, Mar. 23.—(Special)—Appetizing products of Lamb county smokehouses were viewed at an annual Lamb County Cured Meat show here Tuesday by hundreds of persons from this and other counties.

The large room in the J. L. Dow building on Phelps avenue was crowded with visitors for all of the afternoon as people inspected and sampled the work of the farm man and women. Ladies of the home demonstration work served "samples" of the several kinds of canned meats, such as liverpaste, scrapple and chili.

Exhibits To Lubbock

Following the show and the announcement of prize winners, the meats and canned goods were loaded into trucks by D. A. Adams, county agent, and sent to Lubbock where they are entered in the second annual show there Thursday and Friday.

Roy Snyder, meat specialist for Texas A. and M., judged the cured meats and Miss Myrtle Murray, district home demonstration agent leader, judged the canned meats. Both judges took pains to compliment the makers of the products on the high quality of production.

Mrs. R. L. May, of Amherst, won first place in the cured ham and thus won the meat set offered by the Lamb County Leader.

Mrs. May was a winner last year at Lubbock.

A group from Lubbock was here for the show.

Besides the judges S. C. Evans, district county agent leader, represented Texas A. and M.

Winners were announced as follows:

Cured ham: First, Mrs. R. L. May, Amherst; second, R. L. May, Amherst; third, W. A. Epperly, Sudan.

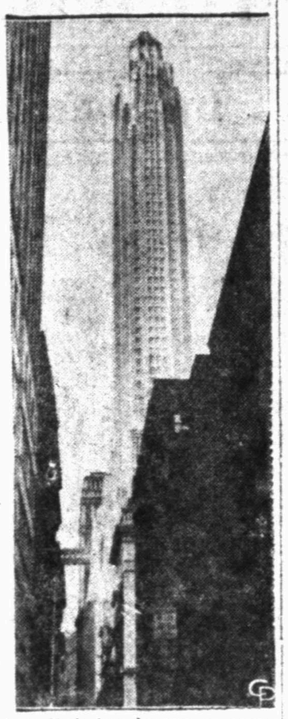
What? Only 67?



New York has become so accustomed to towering structures that the completion of "the highest structure south of the Empire State building on Manhattan Island" attracts little attention. It is the 67-story Cities Service building, at 70 Pine street, towering 950 feet above the Wall street district. The Woolworth building, a short distance away, once the world's tallest, is "only" 792 feet high. The Empire State is 1,248 feet, the Chrysler 1,046, the Bank of Manhattan 838.

Fraternity Plans To Sponsor Sales

Sale of tickets to "The Expert," a screen play featuring "Chic" Sale Friday and Saturday at the Lindsey theater, will be sponsored by Sigma Gamma Epsilon honorary geology fraternity at Texas Technological college.

The frat's share of the proceeds will be used in sending five men to the national biennial convention at State College, Pa., April 1 and 2. Two hundred boys from about 30 colleges and universities will attend.

Lubbock's invitation for the 1934 convention will be extended by the local chapter. The fraternity was host in a benefit dance Monday night at Hilton hotel.

SCHOOL HEAD ELECTED

SNYDER, (Special)—E. O. Wedgeworth of Snyder, superintendent of the Fluvanna school for the past four years, was elected to that post for his fifth year. During the year he has headed the Fluvanna schools Superintendent Wedgeworth built a $65,000 school plant starting it in in 1930 and completing it in 1931.

Doan's Pills *A Diuretic for the Kidneys*

He CALLS it "ACIDITY" ... but it's really SELF POISONING

If you have pain in your stomach, or gas, acid taste, etc., call it "acidity" if you wish. But too often "acidity" is a warning symptom of a more serious condition.

Thousands of people who complain of "acidity" are really suffering from self-poisoning. Poisons from putrid waste in the intestines have been absorbed into the blood. The polluted blood in turn affects the stomach, causing acidity, indigestion, etc.

If the trouble you call "acidity" keeps returning in spite of everything you do, it's time to suspect self-poisoning, and use the right remedy. Here is a little experiment that will help you learn the truth.

AN AMAZING TEST

For the next three nights take B-L Tonic. If your case is like thousands of other so-called "acidity" sufferers, this remedy is exactly what you need. The distress in your stomach will disappear rapidly. Your system will eliminate a startling amount of foul-smelling poisons. You will feel healthier and happier. But that is only a promise of the reward to follow. Continue taking B-L Tonic every night for three weeks. You will thereby keep the poisons from regaining a foothold in your blood. Meanwhile the stimulating properties of B-L Tonic will sharpen your appetite, improve digestion, and thus help build up a more robust resistance to disease. Nine chances out of ten that's all you need to get rid of your "acidity." B-L Tonic is sold at

"Are you *sure* you're keeping kissable?"

Your poise and grace,
Your lovely face,
Your rosebud lips, all cry "*Come Hither!*"
Why spoil their lure
With "smokes" impure?
Why cause my love to fade and wither?

•

You smoke OLD GOLDS?
Lady, that holds
My heart in bonds that will not sever,
Because it shows
You're one who knows
How to keep kissable forever!

•

OLD GOLDS bring balm,
Throat-ease and calm;
They have a mild and rich completeness.
They're fragrant, too,
And—just like you
They win because of natural sweetness!

SUPERLATIVE PITCHING TO BRING SOX OUT OF CELLAR

SPYING ON SPORTS

BY COLLIER PARRIS

Spring training for prospective Texas Tech Matadors will start Thursday afternoon.

* * *

Head Coach Pete Cawthon has posted an official bulletin at the gymnasium urging that varsity men and freshmen and certain desired recruits from the intramural season report for uniforms and initial practice Thursday at 1 o'clock.

* * *

Fifty-three varsity and freshmen gridsters have been invited: 28 men who played intramural football will be welcome at the field house, and as many more who will put their minds on football with the hopes of getting along.

* * *

Coach Del "Richberg" Morgan and his boxing, swimming and wrestling Matadors returned from Roswell yesterday full of water, sand, black eyes, soldier jokes, praise for N. M. M. I. and black and blue body marks.

* * *

Being a military institooshun, discipline, order and politeness are the keywords on the New Mexico Military Institute campus. The Matadors took some lessons in manners as well as in boxing, wrestling and swiming.

* * *

They furnished Coach Morgan with a body guard, who doubled as a personal servant.

* * *

One cadet reproved Truett "Juicy" Owens' "Cheri Casa Reach" at the dinner table.

* * *

The fans, of which there was a gymnasium full at the dual meet, were not allowed to cheer during the boxing and wrestling matches under threat of military escort from the premises. They could cheer only when, and if the matches ended; booing and squawking were taboo.

* * *

The Matadors put up at one of the spacious dormitories, and were treated royally, though in military fashion, by their hosts. Cadets were stationed at tables where the Tech visitors gobbled (to keep order and prevent theft of utensils, we argued, but "Richberg" said it was a gesture of politeness.) And imagine Coach Morgan's consternation when they placed a private escort at his disposal, who opened doors, straightened his tie and shined his buttons, the which they probably needed.

* * *

But Morgan and the boys were high in their praise of the treatment accorded them, except in the swimming pool and in the squared ring, at Roswell, and they would express their gratitude by inviting the Cadets for a return meet, only we don't have a wintertime swimming pool here, and boxing is too rough for Texas.

* * *

N. M. M. I. is one of the best equipped little schools in the country; its athletic department is especially treated to serve the students and the athletes. A fine gymnasium, in which you could put about three like Texas Tech's, is equipped for practically any type of sports, and a department for wrestlers and boxers is fitted with every known accessory. Oh, we'd heard about N. M. M. I. before Tech sent its teams over there; haven't lived with Charley Watson two years for nothing.

* * *

It was worth the time to hear Coach Morgan tell about the events in which his boys took part. We also learned that Tech took third places in the swimming events because N. M. M. I limited their participants to two in each struggle. Unused to the water, particularly at this time of the year, the Tech swimmers had terrible times keeping their heads up, and were lucky to finish at all.

* * *

This Chairamonte who packed a wallop hefty enough to slap "Square Head" Collins and Ross Ayers, Tech gridsters, to sleep in the second rounds of successive bouts, is a well known leather pusher in New Mexico and points west. He hails from Gallup, and if he takes up boxing for a profession you're likely to hear from him. After he had sent "Square Head" into peaceful slumber in his first round, he stayed in his corner. He weighed 165. Ross Ayers was called and when he climbed through the ropes he found the ring occupied by Collins' conqueror. "What th' h——! Am I gonna have to fight him too?" he inquired. Even with a 10-pound weight advantage, the best Ross could do was one round, and the second found him cuddled in the arms of Morpheus.

So, as Prexy Anderson would say, excuse us while we go shave a horse.

Dallas Steers Are Looking For Battle

DALLAS, March 23 (AP)—The Dallas Steers expected to get more competition from Southern Methodist university than the Coombs brothers of Wichita Falls gave them yesterday. The Coombs family was smothered 34 to 2, the Bovines making 28 runs the first three innings. Proceeds of today's game will go to the S. M. U. student loan fund. The Mustangs were reported to have a good team except for pitchers, of which the Steers planned to lend them a pair, Otho Nitchoias and John Whitehead, who looked good against St. Paul Saturday, were the hurlers slated to don Methodist uniforms for the afternoon.

BOSTON GROUP NOT LIGHTLY CONSIDERED

NO PENNANT FEVER IS RAISING HOPES BUT CONFIDENCE HELD

BY ALAN GOULD
Associated Press Sports Editor

SAVANNAH, Ga., March 23 (AP)—The Boston Red Sox, who went into a prolonged tailspin after flying high in American League circles for many pre-war years, no longer can be lightly dismissed in the advance calculations.

Not only did they scramble out of the American League cellar last season but they exceeded the expectations of their most optimistic followers by finishing sixth with a spirited drive down the stretch, thanks to some superlative pitching by Danny MacFayden, Wiley Moore and Jack Russell.

Has Young Talent

No pennant fever raises the temperature of the athletes here but Manager John F. Collins has surrounded himself with a hustling collection of young talent.

The answer to the club's need for a dependable second sacker appears to be John Dashiell, a Texan who has been going good in the Southern association. There is no question about his fielding ability. If he can hit he will win the job from Marvin Olsor, who played with Buffalo last season.

Van Camp Shifted

Al Van Camp has been shifted from the outfield to first base permanently. Harold (Rabbit) Warstler has the call at short and the veteran Marty McManus is a fixture at third unless something develops to upset present plans.

The outfield trio is Jack Rothrock, Tom Oliver, a real ball-hawk, and Earl Webb who hit .333 last season and packs the team's cleanup punch.

The battery department needs no apologies whatever, with a first class receiver in Charley Berry to handle a staff headed by MacFayden who won 16 games last year; Jack Russell, Horace Lisenbee and Bob Kline, all right-handers. The southpaws are Ed Durham, Bob Weiland and John Michaels, recruit from Buffalo. For relief work, Collins has Wiley Moore and Pete Donohue.

LOS ANGELES — Lee Ramage, San Diego, outpointed Steve Hamas, New York, (10). Tom Patrick, Los Angeles, stopped Ray Macias, Mexico City, (8).

GALLUP, N. M.—Eddie Mack, Denver, knocked out Buck Fielding, Chicago, (5).

INDIANAPOLIS, Ind. — Roy Wallace, Indianapolis, outpointed Buck Everett, Gary, Ind., (10).

WEST PALM BEACH, Fla.—Clyde Chastain, Dallas, stopped Johnny Roberts, Huntington, W. Va., (8).

PORTLAND, Ore.—Doc Snell, Tacoma, Wash., stopped Eddie Volk, Portland, Ore., (5). Andy Bundy, Oakland, Calif., knocked out Joey Morgan, New York, (3).

SPRING TRAINING STARTS THURSDAY

Head Coach Pete Cawthon yesterday posted announcements stating that spring football training for 1932 Matador hopefuls would begin tomorrow afternoon. He has invited more than fifty veterans and freshmen from last year's squads and about twenty-eight gridsters who showed superior stuff in the late intramural season.

Prospective gridders are expected to report at the field house at 1 o'clock, receive equipment and instructions, and be on the practice field at 4 bells.

The training period will run for a period of six weeks to two months, Cawthon announced. It is not compulsory, but gridsters who plan to play football next fall with the Matadors are "urged" to report for duty Thursday afternoon.

More than half a hundred veterans and sophomores have been invited to report for spring training, and twenty-eight lads who played intramural football this winter have received invitations to appear for practice. All other prospective gridders are invited to report.

CRASH IS FATAL

SAN ANTONIO, March 23 (AP)—Henry Ewing Brierly, 38, of Wichita, Kas., injured in an airplane crash at Eagle Pass March 16, died in a hospital here today. The body will be forwarded to Wichita for burial.

PLAY FIRST GAME

SAVANNAH, Ga., Mar. 23. (AP)—The Red Sox play their first exhibition of the season today against Hartford of the Eastern League and have been ordered by Manager Collins to "bear down." He planned to use Danny MacFayden and Pete Donahue on the mound.

HUNT GOOD OMENS

ST. PETERSBURG, Fla. Mar 23 (AP)—Manager Bill McKechnie and the board of strategy of the Boston Braves were hunting today for rabbits feet and four leaf clovers. They're about ready to try anything to break up the batting slump that has hung over the trine through six defeats at the hands of the Yankees.

YOUNG MIKE CALLED

BILOXI, Miss., Mar. 23. (AP)—Young Mike Delaney, former Chicago sandlotter, was called on today to show Manager Walter Johnson of the Washington Senators some of his pitching against Baltimore. Teaming with veteran Alex Crowder, it was his second mound duty in the team's exhibition games. His previous three innings were satisfactory enough but today's game was ranked as his first real test.

STARTS 19TH SEASON

SAN ANTONIO, Mar. 23. (AP)—This was an important day to the Chicago White Sox, mostly because Urban (Red) Faber, was due to bow himself into his nineteenth season as a member of the club, against San Antonio. Uncle Urban is beginning his twenty-fifth season in organized baseball and he expects greater success than last year, which was his best in nine years.

RAJAH IS SMILING

SAN FRANCISCO, Mar. 23. (AP)—The conduct of the Chicago Cubs' new kid infield pair, Stanley Hack and Bill Herman, is putting something like a smile on Rogers Hornsby's face. The youngsters, with much depending on them, have fielded well from the beginning and of late their hitting has improved at an encouraging rate.

WILL NOT APPEAR

TAMPA, Fla., March 23 (AP)—Babe Herman will not appear against his former teammates, the Brooklyn Dodgers, at Clearwater today in their game with the Cincinnati Reds. He has been told to take his own time in conditioning and so may not see action for another week. With his crew complete at last, Manager Dan Howley revealed he would carry nine pitchers, three catchers, six infielders and five outfielders during the season.

STARTLES INDIANS

NEW ORLEANS, March 23 (AP)—Johnny Burnett, utility man in the Cleveland fold has startled the Indians in general, and Johnny Hodapp in particular, with his fight for the regular second base position. Hodapp, two years ago about the best second baseman in the league, had a bad year last year due to a leg injury but reported this spring in good condition. Burnett jumped into the breach last season and in addition to good defensive play, batted over .300.

EVIDENCE PILING UP

LOS ANGELES, March 23 (AP)—John Whitlow Wyatt is piling up a lot of pre-season evidence that he is completely recovered from an arm ailment which threatened to end his pitching career with the Detroit Tigers last year.

He held the slugging New York Giants to four hits in six innings yesterday and when recruit Izzy Goldstein capped that achievement with a two-hit performance in three innings the Tigers won their first game in three starts against the Giants 11 to 2.

PHILLIES VS BROWNS

WINTER HAVEN, Fla. March 23 (AP)—The Phillies received the St. Louis Browns today undaunted by their 15-7 setback at the hands of the Athletics yesterday.

They consoled themselves in the fact the A's beat was composed mostly of rookies. They also pointed out that they hit twice as many homers as the A's. Both George Davis and Rube Bressler hit for the circuit.

GAME IS ARRANGED

FORT MYERS, Fla., March 23 (AP)—Manager Connie Mack arranged a regular-yannigan game for his Athletics today in preparation for the invasion of the Brooklyn Dodgers.

Some of the boys thought batting practice was superfluous after their 15 to 7 conquest of the Phillies yesterday in which the A's garnered 22 hits. Every Mackman who got into the game, including substitutes and a pinch hitter, whaled the ball for at least one safety except Joe Bowman and Rube Walberg. Bowman didn't get a turn at bat and Walberg only batted once.

NO FINANCIAL SUCCESS

LOS ANGELES, March 23 (AP)—The New York Giants training venture on the Pacific coast hasn't been much of a financial success but there have been things to make up for that.

The Giants saw one crowd of about 10,000 for a Sunday exhibition with the Chicago Cubs and one 5,000 turnout. To square things up for this disappointment they have had perfect weather with no rain since the day they arrived and are in unusually good condition as the result.

A BIG DIFFERENCE

CLEARWATER, Fla., March 23 (AP)—One year has made a tremendous difference in the outlook of Fresco Thompson, Brooklyn Dodgers' second baseman. He came to camp last year labelled a star as a result of his brilliant play with the Phillies. He had a very bad year with the Dodgers in 1931 and now rates as third-string second sacker, outranked by both Cuccinello and Finn.

HERB IS PUZZLING

ST. PETERSBURG, Fla., March 23 (AP)—There's no pitcher in the American league, perhaps, who looks easier to hit than old Herb Pennock of the New York Yankees. And there are few that are more puzzling than the slender southpaw. Making his first start of the exhibition season yesterday, he pitched five hitless innings against the Boston Braves.

FIVE HUNDRED TRACK COACHES GIVEN INVITATION TO TEXAS TECH RELAYS

Formal announcements of the second annual running of the Texas Tech High School relays were mailed to approximately five hundred track coaches today, Coach Dutchy Smith of Tech said. The letters of invitation included an official entry blank for prospective placers in the track and field carnival, the first running of which drew more than 300 athletes here.

The relays are to be held on the Tech track, Saturday, April 9. Deadline for entries has been set as April 5. Coaches of high school track teams are expected to fill out an official entry blank or compose one of their own and mail to Coach Dutchy Smith as early as possible. There is no entrance fee attached. Forty-eight prizes, valued at $387.50, will be awarded winners.

The letters which the Tech coaches are mailing contain three sheets; one gives detailed information as to time, date, place, entry blanks, etc.; another deals with the various events which compose the entry blank and the third lists the prizes, which have been subscribed by Lubbock business firms and the Lubbock Chamber of Commerce.

The Avalanche-Journal Publishing company will follow up the practice established last year by awarding top prize, large silver plaque mounted on oak, which will go to the winning team. The Avalanche-Journal trophy went to Lamesa High school last year.

While official invitations and entry blanks are being mailed, it does not mean that schools which do not receive an invitation are not welcome to take part in the tournament. All high school and academy teams anywhere are eligible, though Texas Interscholastic league rules probably will govern the races. The official entry blank will be printed later this week in the Avalanche and Daily Journal.

Strapping Rookie Good For Hitting

WICHITA FALLS, March 23 (AP)—The ability of Frank Jarvis, a strapping outfielder of well above six feet in height and 185 pounds in weight, has been measured by Skipper Hank Severeid for the past two weeks and today he was eager to list the big outfielder as among the camp's brightest prospects to make the Spudder club this season. Jarvis is a left-handed hitter who gets worlds of power into his drives, and has done a fair job of outfielding in the few chances he has had.

The Wichita Falls club has come up with few young players of the natural hitting ability of Jarvis, and if he is not retained by the Spudders he is sure to be sent out under option. Severeid has placed his stamp of approval on eight or nine rokies in the Spudder camp as future prospects, but none seems quite so close to Texas league hitting ability as the big boy from Portsmouth, Ohio.

CAGE TOURNEY INTEREST IS FEVERISH

QUARTER-FINALS FOR GIRLS' PLAY WILL OPEN TONIGHT

BY BILL PARKER
Associated Press Sports Writer

SHREVEPORT, La., March 23 (AP)—The girls' national A. A. U. basketball tournament swept into the feverish championship stage today with quarter-finals scheduled for 7 p. m.

So far, there hasn't been an upset, but the Golden Cyclones from Dallas, defending champions; Crescent college of Eureka Springs, Ark., Southern Stage lines of Wichita, Kas., and Oklahoma Presbyterian college of Durant, will face danger tonight even though they are the favorites.

The first game will bring Southern Stage lines and Walk-Over shoe of Houston into action. The former in the second round last night smothered Atlas of Shreveport, 56 to 9. Houston beat Monroe, La., 23 to 12.

Presbyterians Favored

The 8 p. m. quarter-final setto favors Oklahoma Presbyterian college against Tulsa Business college.

At 9 p. m. the Dallas Golden Cyclones will make a second defense of their title against Randolph college of Cisco, Texas. It will be Cisco's first game, because of byes in the first and second rounds. The Cyclones won an easy 32 to 8 game last night from Charity hospital of Shreveport. Babe Didrikson scored five field goals for the champions.

The final game will be at 10 p. m. between the Jacksonville, Fla., Pirates and Crescent college. The latter is favored but the Pirates displayed a scoring punch to eliminate Harris, La., 35 to 23.

APPLICATION FILED

POST, (Special)—More than 150 applications for seed loans have been filed with the committee here, Mrs. C. L. Pickett, secretary, reports. The applications call for an average loan of $150. Members of the committee are Ira Lee Duckworth, T. R. Greenfield and L. W. Dalby.

BILLY PETROLLE RULES AS A SLIGHT FAVORITE OVER BAT BATTALINO; BIG CROWD EXPECTED FOR EXCITING BOUT

(By The Associated Press)

NEW YORK, March 23.—They've boosted the prices for the 12-round bout between Billy Petrolle and Christopher (Bat) Battalino but even that may not prevent a near-capacity crowd from jamming into Madison Square Garden tomorrow night.

No fight this indoor season has created quite so much excitement or stirred up quite so much argument. Starting with his sensational and totally unexpected victory over Jimmy McLarnin here in November, 1930, Petrolle has developed into one of the best box office attractions in the business.

Looks Like Fighter

The former Fargo Express who now lives in Duluth looks like a fighting man, and, strangely enough in these days acts like one in the ring.

He will be a slight favorite over Battalino but the Hartford boy has overturned the dope so often that the customers are beginning to believe he is invincible whenever the experts pick him to lose. He is not so hard a puncher as Petrolle but apparently has unlimited stamina.

DAYS OF LARGE GUARANTEE PAST

CHICAGO, March 23 (AP)—With the declaration that the "day of the big guarantee is past," Jack Kearns has signed blanket contracts for five fights in the Chicago stadium for Mickey Walker and Jackie Fields, welterweight champion.

Kearns signed for Walker to meet Georgie Nichols, the National Boxing association's new light heavyweight champion, April 29, and King Levinsky sometime in May. The only hitch is neither Nichols nor Levinsky has signed. Nichols suffered an injured hand in defeating Davie Maier of Milwaukee in winning the light heavyweight title last Friday night and Levinsky says he will not be interested in considering engagements until after April 15.

Contenders Named

The firm of Kearns and Walker has named Ernie Schaaf, Jack Sharkey and Champion Max Schmeling, in that order, as their other preferences.

Fields has agreed to meet the winner of tomorrow night's Billy Petrolle-Bat Battalino bout at New York, either April 15 or 22, and Promoter Nate Lewis said both had promised their services to the stadium. Fields also is willing to meet Jimmy McLarnin in May, but not unless McLarnin, and his manager, Pop Foster, agree to give him a return bout. In the event the Vancouver Irishman lifts the welterweight title.

Buc Outfielder Is Pounding The Pill

GALVESTON, Mar. 23. (AP)—The batting and fielding workout of the Galveston Buccaneers yesterday was featured by Outfielder Leon Riley's second smash over the right field wall at Moody stadium. Fischer of the Rochester Red Birds is the only other player to drive a fair one out of the park.

Saturday the Bucs will play an inter-squad exhibition game. Sunday they play the Columbus Red Wings here.

ANTON STAGES BIG BANQUET

OVER 400 ATTENDING AT AFFAIR GIVEN TUESDAY NIGHT

(By Staff Correspondent)

ANTON, March 23—Between 400 and 450 persons, including children, from Anton and the trade territory, Tuesday night attended the banquet which the losing side of the recent contest for members, the Japs, served to the victorious Chinks. The affair will be long remembered in the annals of Anton.

Following the meal, which was slightly delayed in serving because the attendance was larger than anticipated, Norman Bayliss, president and Paul Whitfield, secretary, mounted the serving tables and introduced the speakers and visitors.

Chinks Are Guests

The "Chinks" by securing 71 new members to 68 for the "Japs" were the guests. Boyd R. Rea commanded the victors and A. L. Atkinson the losers.

A. B. Davis, manager of the Lubbock Chamber of Commerce, was the first speaker. Mr. Davis told the Antonites that "this kind of turnout with this kind of an event, is something to be proud of." The chamber of commerce, he said, was the entire community working together for the common good.

Spencer Wells Talks

Spencer Wells, vice-president of the West Texas Chamber of Commerce, complimented Anton on the "spirit of fellowship, pep and good friendship you have shown here tonight."

"During the past three years I have visited nearly every community on the South Plains and this is the best program of its kind I have seen," B. Sherrod said. "I have never seen any town put on a program as you people have tonight."

Others to speak included Dr. J. B. Pirtle, Anton; Ed Hart, Anton; Sterling C. Evans, College Station; W. P. Walker, Crosbyton, and James H. Goodman, Lubbock. A number of candidates spoke, as did the captains of the two sides.

Following the program some old time fiddling was enjoyed.

In parts of Ireland a game similar to mumblety-peg is played with a table fork.

JUDGE MARY BARTELME HAS SO MANY CHILDREN SHE DOESN'T KNOW WHAT TO DO; QUESTIONS VERY NUMEROUS

CHICAGO, March 23 (AP)—Like the old woman who lived in the shoe, Judge Mary Bartelme has so many children she doesn't know what to do.

For her honor Judge Bartelme presides over the first and largest juvenile court in the world and her problems are much the same as those of the Old Mother Goose rhyme character.

The court's children are orphans whose ages are graduating them from asylums, nearly 3,000 homeless or neglected children or youngsters whose parents have abandoned them and more than 2,000 boys and girls who have met the police—unfavorably.

Must Map Careers

One of her toughest problems Judge Bartelme said, is mapping out careers for orphan asylum graduates. These wards of the court, boys of 16 and girls of 18, are being launched without much training into a world already suffering with an economic headache.

The number of dependent and neglected children has increased 13 per cent, records show, since 1929, and the problem of homeless boys—17-year-old boys who roam the streets in all they have in clothes, sleep in hallways, steal the morning milk, unable or unwilling to find work—has become acute, the jurist said.

Chicago's empty pockets have caused the closing of two juvenile institutions for minor offenders. This left the judge with two courses—probating the young transgressors or sending them to reformatories and she has always hesitated to do the latter except in serious cases.

Until the last two years it was easy to find foster homes for orphans and minor delinquents. Girls were generally placed in city homes and boys on farms. And it was not unusual to get a small salary for the young farm hands.

"But now we have to pay board for our youngsters," said the judge. "Where are we to get the money? We got some from private donations and the governor's employment relief fund. But that is only a drop in the bucket.

And my children are in need—cold, hungry, and learning the ways of crime."

Dazzling!

The dazzling beauty of Betty Byrd, above, of England and America, has all Vienna talking. Following an easy victory in a beauty contest, she has been asked to pose for a dozen leading Austrian artists, including Friedrich Woyrsch, famous for his portraits of beautiful women.

Again—we repeat, the progressive program inaugurated by the MEAT SHOW has been hand in hand with our program. Each new step has been taken with confidence that the livestock and meat industry will grow and prosper with the Panhandle-South Plains. This confidence has been justified by the increasing demand for HOME GROWN MEATS. These demands have brought about changes in our institution . . . it's not the same old plant that you saw last year . . . many things have happened to it.

Will You Come-to See Us?

McDONALD PACKING CO.

There May Be a Lesson For You in This Cartoon

Dear Sir:

Some business men pride themselves on their ability to economize. They make a cut here and a slash there. In some cases the business is actually starved.

When the human body lacks a supply of water or food, the nerves register a complaint. But when a going business does not have such a nervous system and when a business is starved, sometimes the warning comes too late.

An eminent business authority says that genuine executive ability is shown more clearly by wise spending rather than by false economies. Anyone, he says, can make a decision not to spend. But it requires courage and outstanding judgment to spend—that is, to invest.

How did John H. Patterson beat the panic in 1893? He did not sit back and clamp down on expenses—not Patterson. He improved his selling methods and beat all previous records when business was supposed to be at a standstill.

Too many merchants still look upon newspaper advertising as a luxury to be indulged in when times are good.

Why not use advertising to CREATE business instead of using it as a barometer to REFLECT business? Use LESS advertising in flush time and MOST advertising in hard times.

"Attention" can be bought today for less than at any time in the past five years. Take advantage of this condition. Advertise now.

Increase your sales. Increase your profits. The arguments in favor of strong, enthusiastic, adequate advertising NOW seem unanswerable.

Very sincerely yours,

The Real Problem

AN atomerg, in case you don't know, is the smallest possible particle of energy—the ultimate building block of which everything in the universe, from a great mountain to a flickering candle flame, is made.

It is described in the new theory of matter put forward recently by Dr. E. K. Plyler of the University of North Carolina, and it is so incredibly small that if you wanted to write down its size you would have to put down a decimal point, follow it with 47 ciphers and then add the figure 7.

All of this, while it is simply incomprehensible to those of us who don't happen to be physicists or mathematicians, represents an important new scientific advance, and demonstrates anew what a marvellously active and intelligent thing the human brain can be; but it also serves to show the curiously uneven way in which our knowledge advances.

We can trace the kinship between matter and energy down to a point unbelievably remote, and can dissect the structure of all created things with a precision that almost transcends thought; and yet on such practical matters as finding a way in which all human beings can always have enough to eat and enough to wear and a warm place to sleep we sometimes seem as incompetent as a group of school children.

Again, we can give a fairly accurate account of how the universe is put together—which, everything considered, is quite an achievement—but we know no more why, or when, or what it is all about, than did the buffalo-hunting Indians of our western plains two centuries ago.

We make magnificent triumphs in our laboratories and send thought questing restlessly beyond the most remote frontiers, but we have not yet solved the simple problem of getting along with one another in peace and harmony, and we have to spend a crushing proportion of all our wealth on weapons with which to kill one another when our quarrels get too acrid.

If, some day, we can learn to apply the same intelligence that now goes to scientific research and speculation to the homelier problems of everyday life, we might be able to make this an exceedingly pleasant and livable world.

Oceanic Air Mail

Revelation before a Congressional committee that the backers of those proposed trans-oceanic dirigible lines are ready to spend $15,000,000 on giant airships if the United States will grant contract mail privileges indicates that the day of regular commercial aeronautical service beyond the seas is not far away.

By this time the big dirigibles have pretty clearly proven their reliability. And evidently a number of unemotional financiers have concluded that transoceanic dirigible service could be made dependable and safe enough to warrant investment of a huge sum of money.

That puts it up to Congress. The present may be a poor time to come seeking a mail subsidy for a new venture of this kind; but it is clear that the establishment of such air lines is not very far away. If the plan falls this year, it will probably go through next year or the year after.

CHARLES R. BLAKE dropped into the office yesterday with all of Monday's puzzles worked out correctly. Before he left he gave The Plainsman a brain teaser that's good for your soul. Here 'tis:

A young country boy was in love with the daughter of a neighboring farmer and went to the old gentleman to ask for her hand.

"I'll give my consent," the old codger said, "providing you can do a job of work for me."

The kid, ready to try anything, agreed to the test.

* * *

"All right," said the farmer. "You go down to the orchard and get a basket full of apples.

"I want you to take the apples first to my wife and give her half as many apples as you have, plus a half an apple left over.

"Then I want you to come to me and give me half of the apples you have left, plus half an apple over.

"Then I want you to go to my daughter and give her half the apples you have left, plus half an apple over.

"You'll have one apple left for yourself and you will not have had to cut a single apple."

The question is: How many apples did the boy have to get at the orchard?

MORE than five years ago The Plainsman started doing something which has since become more or less of a ritual. That is, every time we have a severe sandstorm he has pointed out from news dispatches that somewhere else was a destructive cyclone or tornado.

You'll never miss on it.

It always happens.

* * *

Take those nasty days—Sunday and Monday of this week—when sand filled the air and the houses, the eyes and ears and everything else.

It was disagreeable as the very dickens and everybody grumbled.

But did you notice what happened in Alabama, Tennessee and Kentucky?

They suffered tornadoes which exacted the lives of hundreds of people, tore up a lot of property and otherwise were injurious.

Yet all we had was the discomfort of the sand, occurring as parts of Hockley and Cochran counties were being blasted over into Blanco canyon east of Crosbyton.

* * *

OUR sandstorms are disagreeable. There's no use saying they aren't. But there's something wrong with the climate of every country and we're a whole lot better off with sandstorms than we'd be with tornadoes.

A young man named Alex Robertson used to punch a linotype machine for the Avalanche-Journal and several years ago he moved to Florida—the great resort state.

He came back the other day and of course was asked about the famous Florida climate.

* * *

"It's all right," he said, "providing you live near a canal. But if you live on a lake front it isn't so good. The mosquitos'll eat you up."

The reason for that fact, he explained, is that the canals are full of fish and give the mosquitos no chance to breed. They do have plenty of chance, however, in the lake corners and in the marshes and according to Robertson "they are mosquitos as are mosquitos."

"These sandstorms on the South Plains," he said by way of comparison, "are lovely when compared with the mosquitos you can find in Florida. Give me a sandstorm any time!"

Fighting Norse Farming Man From Iowa Will Break The House Service Record March 23, Relief Chief Battle

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, March 23 — A large, knotty, old Norse farming man, Gilbert N. Haugen of Iowa, on March 23 will break the past record for continuous service in the House of Representatives.

Dutcher

He arrives at that distinction nearly 73 years old, after a life spent in agriculture and in the service of agriculture as a member of Congress since March 4, 1899. He was chairman of the agriculture committee of the House in the period when farm relief became a foremost national issue and his name was perpetuated in legislative history by his co-sponsorship of the McNary-Haugen bill.

* * *

Didn't Know of Record

On March 23 Haugen will have been a representative for 33 years and 20 days. When I called on him he didn't know that would constitute a new record. He was accustomed to being the member of longest service in recent Congresses, little interested in any additional honors of the sort.

For 20 years Congressman Henry Harrison Bingham of Pennsylvania held the record which Haugen now surpasses. He died March 22, 1912, after 33 years and 19 days in the House.

Haugen looks out of kind blue eyes from under shaggy white hair. Sharpening a pencil with a jackknife, he says he hopes to be here many more years and feels as if he would. No longer chairman of the agriculture committee, thanks to Democratic control, he still hopes that the equalization fee which he devised as the chief piece of machinery in the McNary-Haugen bill will yet be used to save the farmers.

* * *

Cites Case of Wheat Farmers

"With the equalization fee farmers in the last year would have received from 30 to 35 cents a bushel above the world price for their wheat," Haugen says. "The Farm Board has done all it could, under the present act, but it has had no method by which to make the tariff effective."

The Spanish-American War was just over when Haugen came here and Speaker Tom Reed had just left. D. B. Henderson filling his place in the chair.

"The farmers were doing fairly well then," Haugen recalls. "I went on the agriculture committee at once, but you didn't hear much about farm relief. I'd say the first step in that direction was the packers and stockyards act in the Roosevelt administration. That was when the western insurgents began to appear as such. We were fighting the battle of the ranchmen and the small, independent packers in the west."

* * *

Remembers Cannon Fight

The next high spot in Haugen's memory is the famous House insurgent revolt against the "boss rule" of Speaker Joe Cannon about 1909, led by the now Senator George W. Norris of Nebraska. Haugen says, proudly, that he was in the ranks.

He recalls no more spirited uprising in congressional history. These, he says, are days of harmony. Meanwhile, however, he had begun to study the competition of oleomargerine with butter and became one of the first proponents of oleo legislation. He became chairman of the agriculture committee in 1919.

The real farm relief drive of the '20's, he says, began with the Norris-Sinclair bill, which he compares with the present act under which the Farm Board operates. But he insisted that the surplus crops must be sold rather than held and that the costs and benefits must be equalized among the producers. Hence the equalization fee which caused the McNary-Haugen bill to be vetoed, no matter how often it was passed.

* * *

Says Tariff Issue Now

"There's no issue today between the parties except tariff," Haugen says. "I don't remember that there was ever any other."

He owns more than 4000 farm acres in Iowa, Minnesota, North Dakota and Canada and superintended them all until the war. Now he leases them to tenants and "this year with expenses paid, didn't make half enough to pay taxes."

He has been a widower since 1912 and lives here in a hotel. A son works at the National City Bank in New York and a married daughter lives in Iowa. Out of active farming, he likes flower gardens and sometimes picks flowers to take to his office.

Diet and Health

EDITOR'S NOTE — Six pamphlets and six articles by Dr. Clendening can now be obtained by sending 10 cents in coin for each pamphlet and 2 cents in coin for each article, with a self-addressed, stamped envelope, to Dr. Logan Clendening, in care of this paper, or Central Press Association, 1433 East Twelfth street, Cleveland, O. The pamphlets are: "Reducing and Getting" "Diet of the Normal Diet," "List of Boiled on," "The Care of the Hair," "Feminine Hygiene" and "Instructions for the Treatment of Diabetes." The articles are "Normal Indigestion and Constipation for Mothers," "Bed Wet and Skin," "Infant Feeding," "Expectant Mother," "Ear Troubles" and "Tuberculosis."

HOLLYWOOD DIET
By LOGAN CLENDENING, M. D.

THE HOLLYWOOD diet, which had such a vogue among reducers a few years ago, was analyzed in this column yesterday.

Dr. Clendening

On the average, the Hollywood dieter gets 1,050 calories a day and about 40 grams of protein. This is half an ordinary person's nutritional needs, and decidedly under the total daily protein requirements. But since the diet continues only for 18 days, no harm is likely to be done by this. The diet should reduce a person rapidly and is a good enough example of a rapid reduction cure.

One prominent advantage that it has is psychological. It tells the reducer exactly what to eat every meal and since he knows it is going to last just 18 days, the regimen probably will be followed out. It is easier to do a definite stint like that than to go on a vague reducing diet for an indefinite time.

The length of time the Hollywood diet lasts is in accord with the most modern views of reduction systems. Many people tell me that they have been on a diet a week and at the end of that time actually weigh the same as when they began. That observation is true, and has been found to be due to water retention in the body during the first few days of a reduction diet. You do not begin to see the good effects of a diet until after two weeks. So for that reason the length of time the Hollywood diet lasts is just right.

Aside from its monotony—one needs only to point to 17 half grapefruits in 84 meals to prove the sameness of the Hollywood diet—its worst fault is that it does not record the amounts of its servings. "A few calories of salad dressing" might mean 50 calories or 200—salad dressings are all rich. "A large T-bone steak" might be 150 or 300 calories.

And the amount of food you eat is the most important part of a reducing diet. Not what, but how much, you eat. The rule that has been given in this column several times.

"Eat only two-thirds of any helping that is given you" is still the best easy reduction rule for the middle-aged overweight.

QUESTIONS FROM READERS

G. B.: "Are there any canned fruits suitable for diabetics?"

Answer: Yes. Several firms market canned fruits preserved with saccharin instead of sugar. No sugar is added to the fruits. Saccharin is sweet without having any caloric value or sugar content. Peaches, pears, apricots, tomatoes, asparagus, spinach and tomato juice are canned in this way. In general, the fruits contain about 7 1-2 per cent of carbo-hydrate, preserved by this method. I have tasted them myself and know they are palatable and can hardly be distinguished from fruits preserved in the ordinary way.

IN NEW YORK with Gilbert Swan

You'll Be Surprised!

NEW YORK, March 23—Hollywood, prideful of its status as film capital of the world, will get a few surprises when the new issue of the Film Year Book drifts out there.

For instance, I have just learned from this chronicle that Japan turned out 900 features last year and thus beats the production records of this land.

And what film do you think broke all the long run records? None other than that tuneful little German piece, "Two Hearts in Waltz Time," which went along for 30 weeks without stopping. Nothing quite like that has been known in film history. While the largest amount of coin to be collected in any one box office went to the Roxy when "Delicious" was playing there. The "draw" was more than $130,000.

A few more interesting statistics from this annual show that: The attendance of children has dropped to but five per cent of the audience totals; that seventy-five millions attended the movies each week; that 60 per cent of American schools now use some form of educational films, and that nearly 30,000 miles of film are handled daily in the United States and Canada.

The Very Idea!

What Ford is to the automotive industry, Roland Freeman is to the "funny gag" business. Freeman is a one-man gag factory. He thinks up millions of "hunches" for the gents who draw cartoons, caricatures and funny stuff in general. He sells to the sophisticated artists of the "smart" magazines and to the low-brow comic weeklies as well.

He carries his office in his hat and his stock in trade can be tucked in a couple of overcoat pockets.

His output averages 2000 ideas a week. That makes more than 300 a day for a six-day week and 30 an hour for a ten-hour day. His own figures would fix it at one gag line and idea each three minutes.

Freeman admits, however, that you can't compute that way because sometimes he rattles off a half dozen at a time. He was sitting in an office waiting room the first time I encountered him. Instead of twiddling his thumbs, he had jotted down four or five jokes and figured out the pictures that would go with them.

* * *

How He Works

Of course, he doesn't sell the whole 2000. If he did, he would be a millionaire in no time. Ten per cent of his hunches are, on the average, marketable. And this is a very nice business. For the prices vary according to the quality of the gag and the idea for the art. He has received up to $10 or more for a particularly good one. Stuck with a number of so-so ideas, he may peddle them off at "dump" rates. While he will not discuss this phase of his business he probably averages around $3 per each. So you can see!

* * *

Outline and wisecrack are penciled on an ordinary bit of card index paper. When he has a varied and large assortment on hand the young man slaps on his hat and ventures forth, going from magazine to magazine and from artist to artist.

On the subway, in the taxis, at the lunch counters—wherever he may be—Freeman jots down his notions and adds to his stock. He is, perhaps, the most successful joke hunchman in the business today.

Some years ago the signature "plus A. C." was to be seen on hundreds of funny pictures. The "A. C." stood for Arthur Crawford and he was among the first, best and most prolific idea producers. He was the town's big funny man for years and he made a fortune.

But one day things became just a bit too funny for Crawford. His dead body was found in Bronx Park. He had killed himself.

The TINYMITES

STORY by HAL COCHRAN PICTURES by JOE KING

(READ THE STORY, THEN COLOR THE PICTURE)

"Now that we've seen the wagon, we must get as busy as can be," said Scouty. "There are baskets waiting in the baker's shop. We've promised we will load them all, e'en though they're big, or very small. Be careful, lads, in bringing them out here. Don't let them drop."

The baker smiled and said: "I'll take the heavy ones and that will make it easier for all of you. This task won't take so long. If you can work with all your might until you load your share in right, I will admit, quite gladly, that you Tinymites are strong."

So, everybody turned right in to work. They did it with a grin. Out came the baskets, loaded high with doughnuts, bread and cakes. Three of the Tinies thought 'twas fun. Wee Duncy was the only one who shortly was complaining. He exclaimed, "Oh, my back aches."

Once more the friendly baker smiled. Said he: "Well, you can rest, my child. Or else bring forth my trusty dog. He's tied to yonder tree." He pulls my wagon all around and I think he's a real fine hound."

Course this appealed to Duncy and he cried, "That just suits me!"

He found the dog a friendly sort and cried, "I'll turn you loose, old sport. Then, next, I'll hitch you to the big bread wagon. Gee, what fun!" The dog seemed glad when he was free and Duncy shouted "Follow me!" The other Tinies watched them as they both came on the run.

"Hey! Help me!" Duncy loudly cried. "And then the dog soon will be tied up to the bakery wagon." All the others lent a hand. The hitching job was very neat. Then Duncy jumped into the seat. "Hop on! Let's go!" he shouted. "Say, this trip sure will be grand!"

(The Tinies reach a queer little village in the next story.)

LOANS TO GET PRIORITY

BANKS ARE TO WAIVE PRIORITY OF '32 MORTGAGES

The same step in connection with failed state banks was reported under consideration by James Shaw, Texas bank commissioner, now that the federal land bank at Houston and receivers of closed national banks in Texas have agreed to waive priority of 1932 crop mortgages in favor of crop production loans.

This information was released here Tuesday by P. F. Murray, district representative of the crop production loan regional office in Dallas. "Other large organizations, both governmental and private, also are taking steps to cooperate," said Murray.

Ordered In Wire

In a telegram to Owen W. Sherrill, regional director, of Dallas, M. N. Gossett, president of the land bank, said in part: "In order to cooperate with government advances to farmers, the Federal Land bank of Houston agrees to waive for 1932 priority of crop mortgages to the extent of first lien to secure funds advanced by the government."

"We are authorizing all national bank receivers in Texas by wire to execute subordination or waiver agreements in favor of your agency in all necessary cases." J. E. Fouts, supervising receiver of national banks, of Washington, D. C., has wired Mr. Sherrill.

"Based on information from Mr Sherrill, we understand the banking commissioner is considering the same step in connection with liens held by insolvent state banks under his control," Mr. Murray said.

Receiving Cooperation

"We also are receiving cooperation from all organizations having a lien or who might be interested in the 1932 crops of farmers of this section," the district representative said. "Each county organization is operating, and more than 210 applications have been taken from the six counties I have charge of."

Seventy-four applications from Lubbock county have been mailed said J. B. Shannon, county director of the [illegible] last night. The local loans [illegible] averaging about $125 per farme. Test checks already have been distributed here.

Lynn county has sent in 60 applications averaging $150 each. Hockley 40 averaging $150, Cochran 20 averaging $200, and Yoakum 25 averaging $300. Terry county organization only recently has been completed.

A. P. Swallow of Dallas met here Sunday with South Plains district supervisors. Mr. Swallow declared that some of the best prepared applications were coming from the South Plains.

Eudie Morgan, a son, also has two calves that he fed out. He is a 4-H club boy. Clifton Dole, a vocational agriculture student in the Post high school, has one calf that he fed out.

Seven Men To Face Penitentiary Terms

Seven men Tuesday were transferred from the Lubbock county jail to Sweetwater, where Bud Russell, pickup agent for the state prison system, will take them into custody. Alvis Graves, 27, of Lubbock, sentenced to 12 years in the Texas penitentiary for the murder of a local man, was one of the seven prisoners.

Others carried to Sweetwater by Deputy Sheriff Will Earnest and City Patrolman C. E. Luce, were S. W. Mullins, serving a two-year sentence for forgery, who had been in parole; A. L. Robinson, two years for liquor law violation conviction; Ray Odom, one year for the same offense; J. P. Rhodes, one year for liquor law violation; C. E. Alexander, six years for incest conviction, and J. E. Barnard, one year for liquor law violation.

Local Chief Will Testify In Trial

Testimony at the murder trial at Sonora, Sutton county seat, of W. Fowler, former Upton county sheriff and once a Lubbock resident, will include that of John Lemond, Lubbock chief of police. Lemond will be a defense witness. Fowler is charged with the slaying of Graham Barnett. The trial was scheduled to begin this morning in district court before Judge Joe Montague.

Judge Montague has ordered that spectators and witnesses be searched for weapons on entering the courtroom as a precaution against trouble in a case which has caused public sentiment to a heat-pitch.

The market at midday was quiet and steady at net declines of about 7 to 10 points on active months. There was a little last moment liquidation in March which sold off to 6.62 but trading in that position ended at midday.

NEW ORLEANS REPORT

NEW ORLEANS, March 23 (AP)—The cotton market today opened active but lower. Liverpool cables were lower, it was said, because of general liquidation there on fears of labor trouble in the mill district of Lancashire.

First trades here showed losses of 4 to 6 points. The market continued to ease off after the start owing to liquidation and rather general selling due to the cables and easier opening of stocks.

May traded down to 6.53, July to 6.69 and October to 6.90, or 8 to 10 points below yesterday's close. Near the end of the first hour the market continued easy and at the lows.

A rally with improvement in the stock market, rather active trade buying and short covering brought new highs for the session at 6.60 for May, 6.76 for July and 6.97 for October, a recovery of 7 points from the early lows, but the price range was still one to three points below yesterday's close.

Final liquidation of March caused some transferring from that month to the later positions. Near noon the market was steady and 1 to 2 points under the top. Trading was quite active all morning.

CHICAGO REPORT

CHICAGO, March 23 (AP)—Sharp new downturns in Liverpool wheat quotations today led to fresh early setbacks of grain values here. Liverpool cables reported confidence of buyers extinguished and there was general liquidation here, with stop loss orders uncovered. Opening 3-8 to 1 5-8 lower, Chicago wheat futures afterward declined further, with March dropping below 50 cents a bushel. Corn started 1-2 to 3-4 off and later held near the initial range.

First Convocation Is Staged At Tech

Texas Technological college students this morning attended the first general convocation of the spring term, which opened Monday. Dr. Sam L. Joekel, professor of English Bible at Austin Theological seminary, was the principal speaker at the assembly, which was at 11 o'clock in the college gymnasium. "Christianizing Public Opinion" was his subject. Fred Fairly, sophomore in engineering, of Lubbock played a violin solo.

Enrollment at Technological college for the 1931-32 academic year totaled 2,120 different students by noon today, E. L. Dohoney, registrar, said. Total of registrations for the current term was not available.

YOUTH STRUCK BY TRUCK

EUGENE MOHR SUFFERS SKULL FRACTURES IN ACCIDENT HERE

X-ray pictures showed that Eugene Mohr, 11, hit by a truck last night while riding his bicycle, had suffered two skull fractures, the attending physician said this morning. The boy, a son of Mr. and Mrs. E. B. Mohr, 2704 Twenty-first street, suffered a severe brain concussion. He remained in a semi-conscious condition this morning. Because of his condition, the x-ray examination had been delayed. The boy was conceded a good chance of recovery.

E. A. Johnson, a city employe, was the driver of the truck, Mr. Mohr said. The accident occurred at about 8 o'clock in the 2300-block of Nineteenth street. The boy was en route home. He is in the fifth grade at Dupre school. He was taken to West Texas hospital in a Sanders ambulance.

Is Resting Well

Another victim of a vehicular crash, Mrs. J. R. Jameson, 2312 Broadway, was resting well at West Texas hospital this morning, attendants reported. She suffered a shattered right knee cap when a light automobile driven by her daughter, Miss Catherine Jameson, and a small coupe collided at about 4 o'clock Tuesday afternoon between Sweetwater and Roscoe.

X-ray examination revealed Mrs. Jameson's knee cap was broken into six pieces. She also suffered cuts and gashes from flying glass. Miss Jameson's face also was cut by glass. Mrs. Gayle Heatly and her daughter, Rose May, and the Jamesons were returning from Austin. Mrs. Heatly and her daughter were not hurt.

Deputy Sheriff Will Earnest and City Patrolman C. E. Luce, who were in Sweetwater, where the victims were given first aid treatment, brought them to Lubbock last night.

T. Harwood, driver of the other automobile figuring in the crash had a broken collar bone. He was detained for questioning by Nolan county officers. The Lubbock county officers reported Harwood turned his automobile in front of the Jameson machine without warning.

ROTARIANS HEAR COLONELS TALK

Two colonels, Chas. A. Davis commandant of the military department of Texas Tech and of the 72nd national guard units, and Clark M. Mullican, judge of the 99th district court, addressed members of the Lubbock Rotary club today at the Hotel Lubbock on military activities. J. J. Clements was in charge of the program.

Col. Davis talked on student military training work, emphasizing the importance of its discipline, teamwork and respect for authority as taught to high school and college youths.

Judge Mullican spoke on the importance of aviation in warfare and pointed out that regardless of how much present day theorists stressed the airplane, it would never take the place of manpower in war.

Army Is Efficient

"Our army is small but efficient and if anyone thinks they're asleep on the ground, they're badly mistaken," Col. Mullican said. "Of course there will always be need for planes for scouting and communication service but they'll never be improved enough to fly swiftly over objectives and bomb them effectively. Any man who has ever sat on a rail fence and tried to drop rocks on a red ant ought to know that. You'll miss him 99 times out of a hundred and you're just sitting still."

Oren Thomas was introduced as a new member of the club.

Visitors included: S. W. Ross, Floydada; J. Rankin, Ralls; J. Wilkie Talbert, Wichita Falls; Dr. S. L. Joekel, Austin; K. F. Warner, Washington, D. C.; A. L. Smith, Roy Snider and Sterling Evans, College Station.

Eight Are Treated After Dog Attack

Eight residents of the Hunter community, 15 miles south of Brownfield, are reported to be undergoing treatment for rabies at the Pasteur institute at Austin. A report that one is being treated there was confirmed last night.

Mrs. Bell Smith, 59, who was attacked by a small dog suffering of rabies last week, was reported to be resting well at Austin last night. Mrs. C. H. Wright, her daughter, of Lubbock was informed by telegram.

Mr. Wright, a city employe, said he understood Mrs. Betty Hanson and her young son, and Mrs. Johnny Lyles and her two young daughters, all bitten by the same animal, were in Austin. A Brownfield man said Tuesday night that Mr. and Mrs. L. L. Simms were attacked by the dog, a pet at the Simms home. It was said Mr. and Mrs. Simms also were being treated. Mrs. Lyles is a daughter of Mr. and Mrs. Simms.

Rate Reduction By Rail Line Refused

WASHINGTON, March 23 (AP) — The interstate commerce commission today refused to permit the Southern Pacific lines to reduce freight rates by rail and water over their Sunset Gulf route to the eastern seaboard in an effort to meet water competition by way of the Panama canal.

The Southern Pacific operates fro mthe Pacific coast by rail to Galveston and Houston, Texas, and by steamship from those ports to Baltimore and New York.

Wires Today As Brought Over Associated Press

(By The Associated Press)

Has Variety

NASHUA, N. H. — Here's a thief with a new outfit for Easter—and an old one which will be swell for funerals. Creeping by night into a cleaning and dyeing shop, he stumbled right into a vat of black dye. Then he climbed out and stole six suits, all size 38.

Just A Hope

KANSAS CITY—After five men had identified a defendant as a robber, a jury took only ten minutes to acquit him. "I hope," said Judge Southern to the jurymen, "that none of you is held up on your way home."

No Nonsense

DODGE CITY, Kas.—Young Mr. W. P. Franse now knows his dog won't stand any nonsense. W. P. who is three, bit his pet during a romp. The dog promptly lifted his paw and slapped the lad, producing a shiner.

another student were leaving a private home near the campus last night a group of students, some of them wearing handkerchiefs over their faces, attacked him. The prosecutor said Frederick admitted firing six shots.

Luckey and Cebe were taken to the university hospital by students and Frederick was taken to the police station. Love did not require hospital treatment.

Luckey and Cebe told the prosecutor Frederick was one of four law students who "kidnaped" Miss Butterfield Saturday.

Great Britain To Take Firm Stand

LONDON, March 23 (AP)—Great Britain is determined that Ireland shall neither abolish the oath of allegiance to the British crown nor discount due payment of the Irish land annuities, J. H. Thomas, secretary for dominions, told the house of commons today.

To that end the government has sent a communication to the Free State government which will make the British standpoint "clear beyond the possibility of a doubt," he said.

Senate Is Pledged To A Drastic Plan

WASHINGTON, Mar. 23. (AP)—The senate now is pledged to the most drastic plan yet advanced for federal economy—a 10 per cent cut in all operating expenses of the government.

By a vote of more than 2 to 1 the senate yesterday sent the $124,000,000 state, justice, commerce and labor appropriation bill back to committee for a 10 per cent cut.

Famous Evangelist Gives Up Her Work

LOS ANGELES, March 23 (AP)—Under doctor's orders to refrain from preaching for an extended time, Aimee Semple McPherson Hutton, internationally - known evangelist and pastor of Angelus Temple, was secluded today.

The evangelist last week underwent a blood transfusion for a condition described as secondary anemia which her physician, Dr. C. Mackenzie Jones, said resulted from overwork.

LOAN AUTHORIZED

WASHINGTON, March 23 (AP)—The Denver and Rio Grande Western railroad today was authorized by the interstate commerce commission to borrow $2,500,000 from the reconstruction corporation.

RIFT IS HEALED

RIO DE JANEIRO, March 23 (AP)—Brazil's internal political rift was healed today by the promise of President Getulio Vargas to hold elections and return the country to constitutional government.

47 Commandments

Mrs. Rebecca Ross, 24-year-old Teaneck, N. J., school teacher, recited 47 commandments in a Camden court that caused her husband, Albert Ross, to remain a "kissless bridegroom" because he refused to obey them. Mrs. Ross, a minister's daughter, who stated she no longer lover her mate because he contested her annulment suit, wrote the commandments "to put our marriage on a business basis." One demand was that Ross be getting $10,000 at 50.

LAW ARGUMENTS DELAYING SUIT

A jury chosen Tuesday afternoon to hear trial of a suit brought by the Fidelity and Deposit company of Maryland against the Citizens National bank of Lubbock, for $8,107.25, late this morning had heard none of it. Arguments of law continued to occupy the 99th district court's time. Demurrers and objections to pleadings, of both plantiff and defendant, were argued before Clark M. Mullican, presiding judge, Tuesday.

The suit recalls handling of city finances here in 1924 and 1925.

Pleadings of the plaintiff, bondsman for J. R. Germany, former city secretary, set out that the company paid $8,000 to the city February 15, 1928, for money allegedly irregularly handled by Germany. The plaintiff alleges the Citizens bank illegally paid out the money now sought. Court costs amounting to $107.25 also are asked.

Germany, indicted for misapplication of city funds, eventually won dismissal of the indictments on motion of the district attorney. In a trial, Germany was convicted and given five years in the penitentiary, but on appeal to the state court of criminal appeals he won a reversal.

Tax Collection Is Passing Estimates

WASHINGTON, Mar. 23. (AP)—Income tax collections thus far this month have exceeded treasury estimates.

The latest treasury statement, for last Monday, showed receipts for 21 days of March amounted to $178,567,113. The treasury had forecast collections for the entire month would approximate $175,000,000.

Iowa Republicans Supporting Hoover

DES MOINES, Ia., Mar. 23. (AP)—Iowa's delegation of 25 members will go to the Republican national convention instructed to vote for the nomination of the state's native son, President Hoover.

The state convention which was concluded yesterday also commended his administration and pledged support of Iowa Republicanism to his re-election.

State's Oil Case Is Delayed Today

AUSTIN, March 23 (AP)—Trial of the state's case against the Reagan County Purchasing company and other operators in the Big Lake oil field in West Texas for $375,000 alleged royalties due the University of Texas has been postponed to the April term of Travis county district court.

The case originally was set for last Monday but postponed until tomorrow on account of the illness of an attorney for the defendants.

Deputy Slayer Is Selected Sheriff

BANDERA, Texas, March 23. (AP)—Billy Burns, who killed Ben Clark, Bandera county ranchman, Sunday, is the new sheriff of Bandera county. Burns, then a deputy, said he shot Clark after the latter fired at him after killing Sheriff Elvious Hicks, the shootings occurred outside a dance hall near Bandera.

The commissioners' court first ordered the position of sheriff to Mrs. Elvious Hicks but she refused the appointment.

Action On Damage Suits Is Studied

HOLLYWOOD, March 23 (AP)—Prospective action on damage suits filed in New York by Mrs. Riza Von Sternberg against Marlene Dietrich, film actress, held the interest of the film colony today.

The Paramount studios announced the suits, one of which charges libel and the other alienation of the affections of Josef Von Sternberg, film director, were to be dismissed.

IT'S EASTER TIME.....

Every Woman Must Have a New Dress For The Occasion

You need not feel that you are being extravagant when you choose a new dress for Easter. It's the beginning of a new season—a time when you really NEED new clothes anyway. Choosing them now does not mean extra expense—it's just that you have them when the rest of the world has new things—and oh how much happiness it means.

Do You Prefer A Moderately Priced Dress?

If you do it's here. Never have we shown such an outstanding assortment of correctly styled, fashion-right garments in the moderate price ranges as this season. Fine silk crepes in pastel and darker colorings in both printed and plain—fresh new unusual styles that you will just love. We would suggest that you inspect our showings priced—

$10.85 and $14.85

Do You Appreciate Only The Finer Things?

If you do they are here—dresses that have every refinement—garments that could parade in the most exclusive Fifth Avenue throng. Sheer silk materials in lacy trimmed styles—rich colored flat crepes in tailored designs—dresses that feature quality in every line of designs and workmanship. Choose your Easter dress from ranges priced—

$18.50 and $29.85

MALE RANKS OF EASTER PARADE WILL HAVE BRIGHTER ASPECT THIS YEAR AS NEW STYLES OFFER FLAMING FABRICS

BY PAUL HARRISON
NEA Service Writer

NEW YORK—Male ranks of the Easter Parade this year will have a brighter and livelier aspect, even though some of the suits passing in review may have just come from the cleaner instead of the tailor.

For all sorts of haberdashery will be more colorful. The clothes that are new will be of snappier cut. The latest fabrics will be richer looking, if not more costly. Shoulders will be a little broader, waistlines higher, hips slimmer.

At least, so decided the Custom Cutters' Club, at its convention and annual style show in New York. The organization comprises several hundred tailors from a score or more American cities. Their wardrobes, they declare, are 100 per cent American, and do not include any yokes of foreign influence.

At the same time they depend largely on imported materials, which are coming in so cheaply now. And they have borrowed the English idea of a little more formality in dress, or at least "more appropriate" clothing. Our custom tailors will try to promote increased wearing of the cutaway coat for formal day wear and wider acceptance of the "director's suit" and business cutaway for dignified business functions. All of these, however, are to be offered in a wide variety of new shades and stripes, including even checks and plaids.

Styles That Win

The newest things in ordinary business suits are the materials themselves. Two of the featured imported fabrics are the new Glenurquhart plaid and the Prince of Wales gray chalk stripe. Fewer tweeds are shown, but many more unfinished worsteds. Almost none of the latter are in solid colors, and the few that are are invariably self-striped or figured.

In keeping with the colorful trend, rich browns are favored. Where gray is used it usually is flecked with red or boldly striped in blue.

Considerable latitude is allowed in sack suit styles. No preference is shown between single and double breasted coats. The former may be two or three button, although lapels are deeply rolled and the third button, if present, is never used.

Coats are about one inch longer, and at least half have the back vent which means that hands must be kept out of trousers' pockets. Since waist-lines are higher and hips more snugly fitted, all of the new styles have a heightening effect on the well-tailored man.

Trousers almost invariably are pleated in front at the waist-line, and they hang straight and fall to a 17 to 17 1-2 inch bottom. In dark and dressy materials they are worn without cuffs.

Sports styles are little changed, although accessories, including blazer jackets, are somewhat gayer. Shetland cloth, a smooth, close-knit member of the tweed family, is a favorite fabric.

A proper interval having elapsed since the war days when loud silk shirts added to the nation's noise problem, these colorful shirtings have returned to favor and you now are asked to pay $20 to $40 each for the custom-made variety. Not a few of the old-time pleated, false-fronted bosomed, corded-linen shirts also are offered now, all in gay designs.

Tail-coats Into Mode

Right now they are bringing a lot of influence to bear on the question of evening clothes, and the Tuxedo, it seems, is being relegated almost to the informal status of flannel shirt and corduroy pants. At least one is told that a man never, never should wear a tuxedo to a social function attended by ladies. At a stag party or even a not too fashionable fire, it would be correct—but then only with a black waistcoat.

The answer, of course, is the formal tail-coat. One is assured that there already are a few lads in the world which refuse to admit men to their dining rooms unless they are so clad.

But although the style itself may be de rigueur, there is plenty of leeway in colors. Midnight blue, navy, Oxford gray and black are favorites, most of them self-striped. The trousers must be pleated at the waistband. And the vests are always white.

Some daring concerns offer white tropical dinner suits, and most of them are promoting the cause of the "host suit," which was timidly introduced a few seasons ago.

These host suits, as their name implies, are to be worn only by the man giving the party, and furnish unmistakable identification. One of those at the fashion show consisted of bright red velvet coat and weskit and black trousers. Another was of light blue cashmere with still lighter satin lapels. With this one has the option of wearing instead of a vest a dicky little blue sash about his middle.

Boomed in West

Governor George H. Dern, above, of Utah, member of the executive committee of the national governors' conference, is being boomed throughout the west as a possible Democratic candidate for vice-president. He is now completing his second term as governor of Utah.

"DUDES" WILL MISS COWBOYS FROM RANCHES

NEW YORK, March 23 (AP)—When the "dudes" from Fifth avenue go west to rough it on ranches next summer, they'll find the pick of the cow-punchers have gone to chant lonesome cowboy songs in New York nght clubs.

Mrs. Julia Bennett, Bozeman, Mont., woman dude rancher, sadly summarized the situation:

"Sure—you always come east when you're looking for a number one buckaroo."

The Madison Square Garden rodeo, said she, gets the pick of the riders and ropers. And the lanky cow-puncher who can twang a guitar and sing about wind-swept ranges and bunkhouse love tales is in demand in the Harlem "hot spots."

Pretty Boy

Every mother probably thinks her Junior is just as cute as smiling little Edouard Maguinay of Brussels. But a group of judges in the Belgian capital, gazing with unprejudiced eyes, decided Edouard was the best-looking youngster in Europe, at least.

"IT'S EASY TO LOOK YOUNGER THAN YOU ARE"

says Gilda Gray

"Yes indeed I am 32 years old," says Gilda Gray, fascinating stage and screen star. "On the stage you have to stay youthful, so we are very careful about our complexions. *I've* used Lux Toilet Soap for years."

Of the 694 important Hollywood actresses, including all stars, 686 use fragrant white Lux Toilet Soap *regularly*. Buy several cakes—at only ten cents!—*today*.

COUNCIL TALKS OF SMOKE AMID CLOUDS OF IT

DETROIT, March 23 (AP)—The city council, by request, discussed smoke abatement today, amid clouds of smoke.

A private citizen, claiming cigar and pipe smoke in the council rooms beclouded the issues, sent in a petition to abolish smoking in session.

Said council Fred W. Smith: "I'll heartily support a motion to abolish pipe smoking." He hitched his chair away from his neighbor Eugene Van Antwerp, who was drawing on a large briar.

Said Councilman Van Antwerp: "I object. I'll however, support a motion requiring councilmen to give away all their campaign cigars, so they can't smoke them in the council rooms." And Councilman Van Antwerp gazed directly at Councilman Smith, who puffed a fat cigar.

Said Councilman Smith: "Maybe we'd better compromise."

Which they did, by denying the petition.

No Professor But Is Absent-Minded

OKLAHOMA CITY, March 23 (AP)—Although he isn't a professor, Levi Barnett is absent-minded.

"Not guilty," he answered charges of automobile theft in Cyril in the court of Federal Judge Edgar S. Vaught.

"Are you positive?" Judge Vaught frowned judicially.

Barnett studied a while and said: "I beg your pardon, judge. I was thinking about a deal in Sayre. I guess I am guilty."

"Three years," said Judge Vaught. "Next case!"

GRAND JURY TO MEET

"The smoke is smooth. It's mild. No harshness." The first puff of a CHESTERFIELD telegraphs that.

Better tobaccos—that's the reason. Ripe, mellow tobaccos—Turkish and Domestic.

Not just blended, but cross-blended—that is, one kind of leaf blended with another kind—not merely mixed with it. And just enough Turkish tobacco to give the right aroma—to make the taste better.

The paper is the purest that can be made. It burns without taste or odor.
