Dear Mrs. Stewart:-

I write to let you know that I am standing the trip fine. We stopped over a day in Roswell that I might rest up a little. Made the trip through the mountains all right. The roads were good with the exception of two places where they were working them. The altitude effects my heart a great deal. We landed in Alamogordo on Friday the fifth and still here. Ed Gardner, formerly County Attorney of Beaver County, took us out to his fruit ranch and home. Their banker knew Mr. Gray and says that he has stayed all night with us at Gray. This is a beautiful town, the trees have not shed their leaves yet but are just now beginning to turn. We expect to leave here tomorrow, the 8th, for El Paso, Texas, then to Tucson, Ariz. and then on the Phoenix. Would be

glad to hear from my friends. addressed to Phoenix, Ariz. Delivery will be received. Best wishes to all.

ALFALFA ITEMS

The services at the school house were well attended and it was pronounced one of the most enjoyable gatherings ever held there. The Gospel Team from View Point was present and gave some good talks and some excellent music. The principal talk of the morning was made by Miss Brown, who proved to be a fluent and interesting speaker. A bountiful dinner was spread at noon to which all did ample justice. Sunday School was held at the usual hour, followed by a sermon by Mr. Hughes, which held the attention of all. A collection was taken for the drive for the Near East relief. Altogether it was a most successful meeting, both spiritually and socially.

Val McLanahan left Saturday for Arkansas in response to a telegram bearing the sad news of the death of his sister.

Mr. and Mrs. George Jackson are the proud parents of a baby girl born last Saturday.

Lem Cooley and Cecil Pursell have gone to the Box T Ranch where they will spend the winter trapping for furs.

Lyman McLanahan caught another coyote Saturday with his hounds.

R. H. Moore took a load of turkeys to Perryton on Wednesday of last week and had to stay over Thursday on account of the storm.

Most of the turkey crops in this community was marketed last week. It brought in between \$400 and \$500 even with the low price which has prevailed this season.

Lawrence Dale who has been working for R. H. Moore for the past three years left last Saturday. He will probably spend the winter at Amarillo. Lawrence will be missed in the community.

Davy Wright is freighting his oil-cake from Canadian this week.

Only one pupil was absent from school on the day of the storm last week.

Lenore and LeRoy Hughes have the chicken-pox.

Mr. Theodore Jackson of Wichita is visiting the family of his aunt, Mrs. B. J. Jackson. While here, Mr. Jackson is trying to secure oil-leases on lands in this neighborhood. He is putting before the people about the best proposition ever submitted to them. It looks now as if he may be able to get as much as thirty-five sections in a block. This will guarantee a geological survey and the certainty of a test being made will depend upon the report of this survey.

The Shop Early, Mail Early campaign inaugurated by Postmaster General New last year proved to be an unqualified success. It was of great benefit to the people and also enabled post office employees to deliver all the Christmas mail before noon on December 25. The Department again this year asks the hearty cooperation of the public in order that the record made last year may be equalled, if not excelled.

When you shop early and mail early you are helping the clerks in the postoffice to eat their dinners home and you are greatly benefiting yourselves. You have a greater chance to secure a better selection of gifts from the stores, you have more time to wrap them securely and you are sure that they will arrive at their destination in time to be opened Christmas morning. You are also relieving the burdens on the clerks behind the counters in the stores, and you are giving a practical demonstration of the good will that Christmas time signifies. Acting Postmaster General, John H. Bartlett requests that you refrain from using small envelopes in sending your Christmas cards as this very greatly retards the sorting and distribution of the mails. Let all of us pull together this year, do our shopping early and do our mailing early, let's make it a genuine old-fashioned Christmas celebration.

ARE YOU ONLY STOPPING OR DO YOU LIVE HERE?

If you live in this town, and your interests are here, it is your duty, in so far as possible, to patronize the institutions of the town. Of course if you are a drone, only stopping here without any interest in the past, present or future of the town—a parasite—sapping all the life you can from others without giving any in return, there may be some excuse for you trading away from home, but if you believe in giving a little as well as taking a lot there is no excusable apology can be offered for not patronizing home institutions.

WHAT ARE YOU?

Most failures in life are due to lack of power to adjust. Instead of spending a little time finding out how things are, and making his calculations to fit them, the man who never succeeds figures them out as he wants them and then wears himself out and keeps broke in vain effort to make them that way.

SAFETY IS A MATTER OF PERSONAL CAUTION

The most dangerous place to be is in an automobile, according to a prominent insurance expert. Thirty per cent of all accidents he investigates are caused by motor vehicles. Almost as many accidents (25 per cent of the total) happen in the home. Regardless of where you are, safety is largely a matter of personal caution. Develop the safety habit—and teach it to your children. It is worth more than a great legacy to them.

SEE US BEFORE BUYING AND SAVE MONEY

The Result of a Joke

TWO GIRLS WERE working in a shop several years ago. The question of saving money came up, but these girls said they could not spare anything from their small earnings.

But just as a joke one of the girls said: "I dare you to start a savings account and see who can save the most." So they started.

A few years later one of these girls quite working to get married. She was surprised to find \$600 in the bank to her credit—a very welcome sum at such a time.

The other girl is still working and she continues her visits to the bank each week. Her account is well above \$2,000 now and it is growing fast. Her interest money each year is more than her first year's savings amounted to.

Perhaps this story will suggest a plan that will work as well for you.

Good Advice for Women

San Antonio, Texas—"While taking Dr. Pierce's Favorite Prescription for feminine weakness I was also relieved of stomach trouble. The 'Favorite Prescription' was exactly the tonic I needed in every respect. I got well shortly after I started taking it. My belief is that what it did for me it will do for others. Therefore I advise all women who are in poor health to take a course of this treatment."—Mrs. J. T. Stauffer, 1522 W. Houston Street.

Quick Way To Break Heavy Cough

Many have been astonished how quickly a bad cough disappears when treated with a new double-action treatment that is simple but wonderfully effective.

Here is the method, which is based on a remarkable prescription known as Dr. King's New Discovery for Coughs: You simply take one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing, without following with water. The prescription has a double action. It not only soothes and heals soreness and inflammation, but also loosens and removes the phlegm and congestion which are the direct cause of the coughing. When the cause is removed, the severest cough quickly disappears.

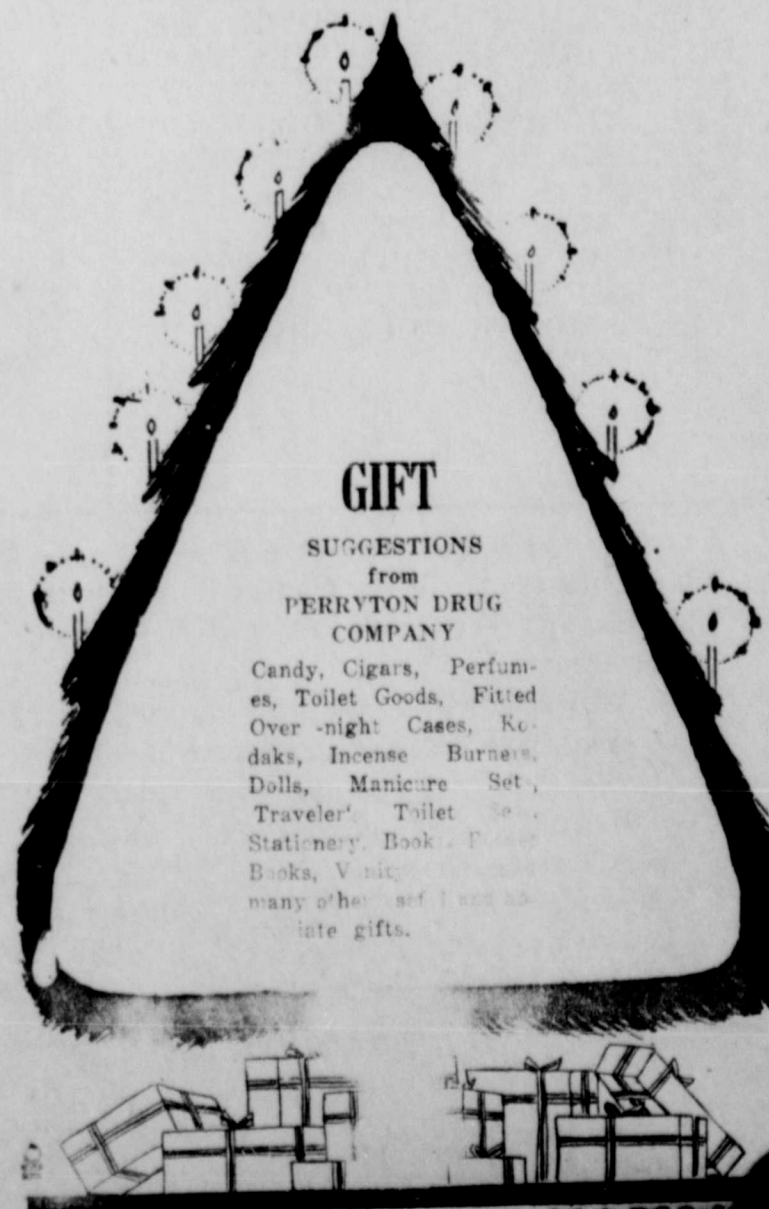

This treatment is for coughs, chest colds, tickling, sore throat, hoarseness, bronchitis, spasmodic croup, etc. Recommended for children as well as grown folks—no narcotics or opiates. Economical, too, as the dose is only one teaspoonful. At all good druggists. Ask for
