

All About Nothin'

Abernathy extends a warm welcome to Nazarene pastors of the Abilene Nazarene district who will gather here for a three-day meeting next week, April 6-8. Over 150 ministers are expected to attend the session, and local residents are asked to co-operate with the church here in providing rooms for them for two nights. They will eat at the cafes. Those having rooms available may contact Mmes. Lillie Slemmons, Estelle Anderson, S. E. Petty and W. V. Halford.

E. H. Fuchs, farmer seven miles northwest of town, dug up in the draw, what appeared to be a jaw tooth of a huge animal. He also discovered what he believed to be an Indian camping ground.

A clever, useful contraption has been set up by senior class members at Krow's Kampus Korner to boost the school's Bond & Stamp sales drive. On the order of a public address system, students present a 15-minute program at lunch-time from a "micro" in the upstairs apartment and the program is received through a radio in the cafe. Students flock to the cafe from 1:15 to 1:30 p. m. to hear the "broadcast."

Roberts Drug announces that curb service will be offered only to those ladies who come by for refreshments after working in Victory Gardens, or to the ladies who come to town and don't care to leave their cars.

TESTS FRIDAY FOR ARMY-NAVY SPECIAL COURSE

Tests are to be given by Supt. W. V. Swinburn at Abernathy school, and E. C. Caldwell, principal, at New Deal school Friday morning, April 2, for the Army specialized Training Program and the Navy College Training Program.

Those interested in taking the test may contact either of the school officials to obtain application blanks.

Properly filled in, these applications will admit qualified high school seniors or recent graduates to the tests. Each applicant may indicate on his blank whether he prefers the Army, or the Navy which includes the Marine Corps and Coast Guard.

From those who successfully complete the tests, candidates for the Army Specialized Training program and the Navy College Training program will be selected to attend colleges under contract to the respective services. Students selected for the Army program must undergo further screening during 13 weeks of basic military training before they are qualified for college attendance.

Students chosen for the Navy program, after selection by the Office of Navy Officer Procurement, will be detailed directly to college. Students who attend college under either of the programs will be under military discipline on active duty in uniform with pay. All expenses, including tuition, food, housing, books and uniforms will be paid by the Army or the Navy.

Second War Loan Drive Is Underway

During April the U. S. Treasury will borrow the sum of thirteen billion dollars in its second war loan drive. "This money, which is needed to back up our armed forces, will be raised through the continuing sale of war savings bonds, and tax savings notes, Treasury bills, and the offering of a number of new Treasury issues designed for every class and type of investor," said Sec'y. Henry Morgenthau. "As we move forward into full production in the war effort, it is increasingly important that every American invest in his government's securities to the limit of his or her ability."

The War Finance committee for the south part of the county, assisted by Abernathy First State bank, has started an advertising campaign in the Review this week to urge citizens to "do their best" in the drive. Statements going to bank depositors today, April 1, will bear a special message urging the purchase of War Bonds.

City Is Host Next Week To Ministers and Workers Of Abilene Nazarene District

INDIANA DISTRICT CHURCH LEADER IS PRINCIPAL SPEAKER FOR CONVENTION HERE NEXT WEEK

Dr. James William Montgomery, superintendent of the Ft. Wayne, Indiana, District, is scheduled to be the principal speaker during the Abilene Nazarene District Preachers and Workers convention to be held next week, April 6-8, at the Abernathy Church of the Nazarene.

Perhaps few clergymen in the United States have more aggressive records than Dr. Montgomery, who can well be termed a founder of churches and a maker of pastors. During 20 years as a district superintendent of the Church of the Nazarene, Dr. Montgomery has organized 118 churches, and in the last 12 years has placed 98 pastors in their first full-time charges.

The clergyman has traveled extensively through the United States and Canada to conduct missionary conventions and rallies and to direct campaigns in personal evangelism. He is a prominent speaker at meetings of Nazarene pastors and lay men in many states.

Three years ago, Dr. Montgomery made an all-air trip into 15 nations of South America, and wrote day-by-day findings for several Midwestern newspapers. Since then, he has conducted scores of missionary rallies all over the North American continent, and averaged raising more than \$1,000 in each rally for missions.

THREE TRUSTEES ARE TO BE NAMED AT NEW DEAL

Farm Production Goals Over-Signed In Hale

Hale county farmers are exceeding production goals by wide margins in acreage allotted to crops specified by the government as vital to the war effort. Production plan sheets being signed at the office of A. A. Hoots, ACA supervisor in Plainview, show excellent response to the call for farmers to put their plows behind the guns.

There are only a few farms in the county that have not indicated production plans on the sheets available at Hoots' office. The sign-up is to be completed this week and the ACA supervisor urged all farmers to sign the sheets not later than Saturday. There are approximately 2,000 farms in the county.

The grain sorghum crop goal in Hale is 150,388 acres, or approximately 30 per cent of the farm land. Indications are that around 35 per cent of Hale county farms will be planted to such grains.

The soybean goal is 588 acres which is already over-signed. There is no peanut acreage goal set in the county, but there will be considerable acreage planted to the crop. The castor bean acreage is set at 25, the entire crop to be used as seed.

The Irish potato goal is 675 acres and that is already filled. There is a general increase in livestock production and many acres will be planted to carrots, tomatoes, sweet potatoes and other vegetables which are not included in the farm crop goals.

Earlton Harp has returned from Hot Springs, N. M.

Dear B. F. D.:

Just a line to let you know that I have moved. I am now with a line outfit. We have a swell group of officers here, but can't say too much about the men, yet, because we only have about half of them.

My job is to train the men in their infantry drill and I also help with the physical training. Of course I help with all the other training — but those two mentioned are my own

responsibility. Boy, do I enjoy it! They could not give me any work I like better.

It is raining here today, and looks as though it might keep it up for several days.

I hope to be in Abernathy some week-end in the near future, but I am not sure that I will be able to get away from here in time to get home. You see, we do not get any extra time off. We just have from 3:30 on Saturdays until 6:30 Monday morning. Maybe I will be there for a few hours sometime within the next two months.

I must close and take my boys out for a little foot drill. Your friend, Lt. Hubert C. Settle.

FARM FAMILIES TO RECEIVE AWARDS . . . !

* Certificates of enlistment for all-out food production will be awarded Texas farm families who have enlisted in this year's Food for Freedom program. . . . The 11x14 inch certificate, which has been signed by Sec'y. of Agriculture Claude Wickard, will be presented to farm families by local county USDA war boards after the completion of the 1943 farm sign-up campaign.

* The 1943 farm plan, which Texas farmers and ranchers are filling out in all sections of Texas, will be the basis for making the award. This drive, aimed at obtaining maximum production of food and feed from each farm and ranch, is to be completed this month . . . "It is a simple word of appreciation and encouragement to the fighting units of the food front, the nation's farm families," Texas USDA War Board officials state. They point out that for three years in a row farm operators and their families have broken all production records with emphasis on war-needed crops and meat.

Santa Fe gives right-of-way to Victory Gardens

Now Santa Fe employees do war work in their hours off duty too!

They're grabbing spades and tilling fertile stretches near their homes, along their railroad's 13,192 miles of right-of-way. They're raising fresh, vitamin-packed vegetables their nation needs to win a war.

Santa Fe—all out to win—gives right-of-way to troops and victory-winning freight . . . moving millions of men, and tens of millions of tons of vital food, raw

materials and finished products—swiftly and surely to where they're needed now.

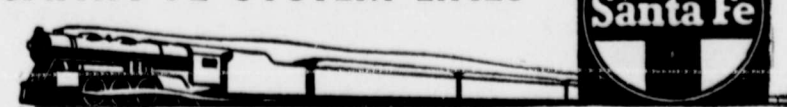

Santa Fe locomotives, cars, tracks and men are all working in their country's service. And now the Santa Fe right-of-way itself steps into victory uniform!

And Santa Fe people—already working hard, and buying war bonds—like this Victory Garden scheme—this chance to do one more thing for victory!

Santa Fe goes all the way, for the U. S. A.!

Your local Santa Fe Agent will gladly help with your travel or shipping problems.

SERVING THE SOUTHWEST FOR 75 YEARS

COMMANDER IN BISMARCK SEA VICTORY—Lieut. Gen. George C. Kenney, in command of American Air Forces in the Southwest Pacific, directed one of the most decisive operations of the war in the crushing defeat of a 22-ship Japanese convoy off the coast of New Guinea. Lieut. Gen. Henry H. Arnold, commanding general, Army Air Forces, in a statement said: "In attacking and eliminating the enemy where he was most vulnerable and before he had time to get set, Gen. Kenney utilized the striking power of his air force to the fullest advantage. The bomber crews and fighter pilots who disregarded bad weather and comparatively close enemy air bases carried out their missions in the highest traditions of the Air Forces. Gen. Kenney is a native of Yarmouth, Nova Scotia. He attended Massachusetts Institute of Technology and at the outbreak of the World War enlisted as a flying cadet. He entered the front line service early in 1918. He was awarded the Distinguished Service Cross for extraordinary heroism in action against superior enemy forces near Jarnetz, France. He also was awarded the Silver Star for bravery. After the war he was commissioned in the regular Army and served through all the grades. He was given command of Allied Air Forces in the Southwest Pacific in September 1942.

A LETTER FROM LIEUT. GENERAL GEORGE C. KENNEY

(Editor's note: In the following letter, Lieut. General Geo. C. Kenney, Commander of the U. S. Army Air Forces in the Pacific war theatre, officially informs Mr. and Mrs. E. G. Thompson of the presentation of the Distinguished Flying Cross to their son, Captain Fred E. Thompson, fighter pilot.)

HEADQUARTERS
FIFTH AIR FORCE

February 12, 1943.

Dear Mrs. Thompson,

Recently your son was awarded the Distinguished Flying Cross. This award was made in recognition of his courageous, fearless service to his combat organization, his fellow American airmen, his country, his home and to you.

Your son was decorated for extraordinary achievement while participating in aerial flights in the Southwest Pacific area from July to Sep-

tember, 1942.

He participated in more than fifty operational flight missions during which hostile contact was probable and expected. These flights included interception missions against enemy fighters and bombing planes and aided considerably in the recent successes in this theatre.

Almost every hour of every day your son and the sons of other American mothers are doing just such things as that here in the Southwest Pacific.

There is a very real and very tangible contribution to Victory and to peace.

I would like to tell you how genuinely proud I am to have men such as your son in my command, and how gratified I am to know that young Americans with such courage and resourcefulness are fighting our country's battle against the aggressor nations.

You, Mrs. Thompson, have every reason to share that pride and gratification.

Very sincerely, Geo. C. Kenney,
Lieutenant General, Commanding.

THE MEN IN SERVICE WRITE HOME

March 23, 1943.

Dear Buford:

I finally found enough time to drop you a line and let you know I have moved again and believe me it is quite a change from the Sunny South to Boston. It has really been cold up here in Boston, and it was around zero the first day of spring. It has snowed quite a bit since I've been here, I had a letter from Dad today. He says the weather is fine in Ft. Worth and everything is o. k. It is really cold here tonight and it looks as if it is going to snow again.

There is a pretty big snow on the ground now because it has snowed the last 24 hours and only stopped this morning.

Well, I have to close now. Hope to get the Review soon as I surely like to find out what is happening back in Texas (God's country.) Thanking you again for the Review. Sincerely yours, Leach. (Hubert Leach Arterburn, S2c, USCG Receiving Sta., Brunswick Hotel, 520 Boylston, Boston, Mass.)

Dear Buford:

Just a few lines to let you know of the change in my address. I do want to thank you and all the others who make it possible for all of us to get the Review. I enjoy reading the paper and know all of the others do. My change of address doesn't mean that I have moved. I am still in the same barracks, just a minor change.

Ft. Sill got about 150 WAACs this month to take over a lot of office jobs and also light driving, such as officers cars. They are still turning out second lieutenants each week from the officers candidate school. A large percent of the Field Artillery officers are trained here at Ft. Sill. They changed the 18th F. A. into separate battalions, which was the largest single regiment of Field Artillery and now it goes under the 18th group. So much for that. Give my regards to the nightwatchman, Mr. Rutledge. Sincerely yours, Tech. Sgt. M. T. Wyatt, Hq. 687th F. A. Bn., Ft. Sill, Okla.

Dear Buford:

MISSIONARY IS TO SPEAK HERE

Rev. Ralph A. Cook

Rev. Ralph A. Cook, who, with his wife, formerly were missionaries to India, is to speak during the Abilene Nazarene District Preachers and Workers convention to be held at the Abernathy Nazarene church next week. They are now on tour of the district.

Rev. and Mrs. Cook served as pastors on the North Pacific District for seven years before going to India. Sailed to India in 1935 and returned to U. S. in 1941. Mrs. Cook's parents, Rev. and Mrs. F. E. Blackman were missionaries to India under the Church of the Nazarene and she was with them there for five years prior to this last term of service.

While in India, Mr. Cook had charge of the Buldana, Jamner and Chikhli Districts and was treasurer of the Mission for four years besides doing considerable building work.

Mrs. Cook had charge of the District Boy's school with 110 boys in boarding. She also had charge of the medical work of the Buldana district and was President of the Woman's Foreign Missionary society in India.

Following me, all over the North American continent, without an address. I have another new one, so here it is at the bottom of the page. Just returned from Canada, from a job that was not so easy, but I rather hated to leave Canada, even though it was still 27 degrees below zero the morning I left, the 14th of March.

The people of Canada treated us so well it was almost like leaving home to leave there. Some of the men are going back to Canada on their leave. Here is a clipping from the Winnipeg Tribune that you may print about our work if you wish. I worked on a gun which is being sold to Russia. Thanks for the paper and my address now is: Cpl. J. L. Vaughn, ASN 18075576, 111th Ord. Co., Winter Detach., Aberdeen Proving Ground, Md. P. S. Received the Review today; it had been to Canada and back.

Dear Buford:

After so long of a time I will write you a letter and tell you how I am getting along and what I am doing.

I am getting along fine. Especially when it comes to eating. We have very good food here compared to that at the N. T. S. I have gained 33 pounds since I have been in the Marines. (198 lbs.)

When we first got here we went out on maneuvers and we really had lots of work to do. We didn't have enough water to take a bath or to wash clothes. We were issued new automatic rifles just before we left and we really made good use of them firing at moving targets and firing on the rifle range. The last two weeks back here at the base we have been working and taking hikes every day. Boy, we are really getting in good shape for some reason.

It's raining here this morning and it is getting cold. This is just a new base and the streets aren't paved as yet. The mud is about ankle deep.

I have to get ready for chow so I will close. Thanks a lot for the Review; I sure enjoy reading it. Sincerely, Henry Houpt. (Pfc. Henry H. Houpt, AHS 1, Sec. 7, Ser. Grp. M. E. A. W. C. M. C. A. B., Camp Kearney Mesa, San Diego, Calif.)

Dear Buford:

Now that I am back in Australia and no Japs to worry about I would like to say thanks for the paper, also the letter and Christmas card.

I sure enjoy reading the paper and like to read about the boys who have come into the service since I left home. Some of them were in New Guinea, though I didn't get to see them.

Buford, I can't think of anything to say, except that I never knew that I had so many friends there until I entered the service. I would like very much to be home for awhile but we have a job to do, and when it is done, maybe we can come home to

WAR BOND QUIZ

Q. How many coowners of a Bond can there be?

A. War Bonds may be issued in the names of only two individuals as coowners, and the registration must be in the alternative, such as "John X. Smith or Mrs. Mary Smith," without any qualifying words or phrases.

Q. If a person who already holds War Savings Bonds up to the limit for the current year should inherit additional Bonds, could they be registered in his name?

A. Yes.

Q. How can I be sure that I can get my money back if I buy a War Savings Bond?

A. The full faith and credit of the United States Government are pledged for payment of both principal and interest. Your Bond is just as sound as the Government itself.

Q. If the owner of a War Savings Bond dies, how is collection made?

A. In the absence of a co-owner or beneficiary in the registration, the bond will form a part of the registered owner's estate, and will be paid to persons entitled to share in the estate under local laws as provided in the regulations.

Remember—the longer you keep War Bonds, up to 10 years, the more valuable they become.
