

# THE JUNCTION EAGLE

Volume 47

Junction, Kimble County, Texas, Thursday, January 29, 1931

Number 42

## Eagle Basketeers Drop Game To Crane Quintet

### Are Eliminated In Starter By Powerful Crane Aggregation

Receiving a 29 to 9 defeat from the Crane High School basket ball team, the Junction Eagles were eliminated Friday in the McCamey basket ball tournament. After defeating the Eagles, Crane made its way to the finals where Rankin eliminated them and won the tournament.

On Saturday, Junction defeated Fort Stockton by the score of 19 to 11. Both the boys and girls of Rankin were winners in the meet.

Twenty teams participated in the tournament which was sponsored by the McCamey High School.

The Junction players making the trip were: Raymon Furr, Reagan Lister, Harry Witt, Gordon King, Raymond James, L. Dunbar, Wilbur Jeter, and T. M. Tomberlin, and Coach Earl Bowers.

The following business firms and men donated money to pay the team's expenses to McCamey:

Riley, Holekamp & Denman, Earl Tracy, Dr. Wright, Junction State Bank, Junction Hardware Co., P. Joseph, Junction Tailor Shop, City Bakery, E. O. Lowgren Boot Shop, Walter Buck, Buster's Barber Shop, Farmer Furniture Co., Hankins Drug Co., Craven's Pharmacy, City Market, Jones Barber Shop, O. S. T. Cafe, Skaggs Grocery, City Cafe, Gann Grocery Co., Loeffler Motor Co., Junction Market, Burt Barber Shop, Browning Real Estate Office, Wahl Bros. & Schraub, Witt Cafe, Busy Bee Fruit Store, Safety First Filling Station, Ramsey Variety Store, Quick Service Tailors, Junction Steam Laundry, Highland Chevrolet Co., Borden Ice Co., and West Texas Utilities Co.

## Sutton County Plans To Call Road Bond Election February 9

The Sutton County Commissioners Court will be called upon to pass on a petition asking for a bond issue for \$175,000 on February 9 to complete the Old Spanish Trail and improve the road to Menard. The Rocksprings road is not included in this issue, but those familiar with road conditions state that as soon as a road plan is presented by the state highway commission, an election to provide bonds for that road will be called.

Prospects are good that the Old Spanish Trail will be hard surfaced from San Antonio to El Paso within two years. Counties along the route are laying plans to complete the road.

## A Dollar A Day Is Being Given Away At The City Bakery

A dollar a day is going out from the City Bakery to redeem coupons that the bakery is giving away. Each day a coupon is baked in one loaf of bread which is redeemable at the bakery. This was begun on January 19 and will be continued until further notice. Mr. Wright says that he is pleased with the results obtained. When you buy Junction bread you have a chance to get the dollar coupon which will be redeemed at the bakery.

The following have received dollars thus far: Mrs. E. H. Horney, J. T. Johnson, Mrs. J. W. Boone, Jose Zapata, Ed Hazelwood, Dr. J. Holt Smith, Mrs. George Cavanaugh.

Judge and Mrs. M. E. Blackburn returned Monday from San Antonio, where they were the guests of relatives.

## Junction Girls Lose Game To Cedar Hill

### Visitors Outclass Locals In Ability to Ring Goals

Cedar Hill swooped down on the Junction girls Friday afternoon and took the big end of a 30 to 14 basket ball score on the Junction court. Both teams played good ball but the Junction girls could not connect with the loop enough to win the game.

The following is the line-up: **Junction** Forwards—King, Boone, and Northcutt. Centers—Hubbell, Johnson, Barnes, Taylor. Guards—Coney, Livingston, Tinsley.

**Cedar Hill** Forwards—Bessie Rode, Essie Bode. Centers—Shroyer, Adams. Guards—Adams, Thiers.

## County Agent Plans Motorcade February 3rd

### Invitation is Extended Everyone To See Demonstration Next Tuesday

Those who saw the few club calves on display last Saturday afternoon will be interested in seeing the balance of these calves. The purpose of the tour of inspection at this time is to give everyone an opportunity to see them in the feed lot before they are shown on February 28th. After the date of inspection all club calves will be secluded from individual or group inspection. This is being done in order to get the greatest possible results during the final finishing period and it is hoped that all interested parties will cease their visits from this day until show date. You will have an opportunity to see terracing and poultry demonstrations on the tour and hear specialists along these lines discuss the phase of work in this particular area.

The motorcade will leave the courthouse next Tuesday morning, February 3, at 8:30 a. m. If it is impossible for you to join us on the entire tour the following itinerary will be carried out, and you may join us along the route. Leave courthouse at 8:30 a. m.

George R. Pepper home. Chris Schraub. Dave Turner. Goodall Kothmann. McCaleb ranch. Tate Jarvis. W. M. Fish. M. R. Watters. D. M. Stewart. Ed. Lambert. E. H. Kothmann. Walton Kothmann.

## LIONS CLUB HAS MEET WEDNESDAY

At the regular luncheon of the Junction Lions Club Wednesday at the club room at the Baptist Church twenty-one members were present. The guests were Dr. L. E. Standifer and little Marche Burt. Lion K. G. Durst gave an interesting talk on Lionism, and R. E. Homann spoke on the value of raising a living at home. M. B. Bethel also addressed the club on the work being done at the night school which is being conducted at the high school building, instructing people to live at home and proffer necessities.

Little Marche Burt gave two clever readings which entertained the audience.

Mr. Will Graham of Kingston, New Mexico was in Junction last week visiting relatives. He will visit Junction again before returning to his home. He is a former citizen of Kimble County and still has a warm spot in his heart for his old home. He reads the Junction Eagle regularly.

## Little Theatre Will Present 3 1-Act Plays

### Fun and Entertainment in Store For Junction People February 11

Wednesday evening, February 11, at the Texan Theatre, the Junction Little Theatre will present a program of three one-act plays. These little dramas will be of such varied types as to constitute a balanced program. "Their Anniversary," a comedy by Alice C. D. Riley will be acted by Mary Ellis Blackburn, Earl Tracy, Mrs. Libburn E. Standifer, Walter Buck, and Vernelle Tinsley. The play deals with the complications arising from a joint celebration of two wedding anniversaries.

William Howell Dean's "Mouse Trap" probably the most famous farce of its time, will be presented by Kaleta Taylor, Luther Hill, Mrs. Standifer, Paireale Linn, Cristelle Reio, Jewel Riley, and Juanita Cowsert. The play will be costumed by actual models of a long past day, loaned by Junction ladies.

The high school members of the Children's Little Theatre will contribute one number to the program, "Renting Jimmie" a rollicking college play by Lillian Stoll, presented recently by the Dallas Children's Little Theatre. The cast will include Jewel Riley, Ella Annie Henderson, Marie Sheppard, Mae Delle Lowry, Tommie Jones, Azalee Wallace, Marjorie Whitworth, Margaret King and Juanita Cowsert, supported by Mr. Cloma Murrah in the name part.

The proceeds of the entertainment will be used to furnish a studio for the Little Theatre.

## MRS. CONDE HARDEMAN READS AT ROTARY CLUB

A program consisting of readings by Mrs. Conde Hardeinan and an educational talk by superintendent Guy C. Moses was enjoyed at the Rotary luncheon today. Mrs. Hardeinan is in demand as a reader and she always pleases her audiences. The luncheon today made the 13th hundred per cent meeting of the local Rotary Club has had. Roy Borden is the efficient president and has inspired the club with his zeal and enthusiasm.

Mr. and Mrs. Virgil Brill of Austin are making their home at Kimble Courts while in Junction. Mr. Brill is a geologist and is stationed here temporarily.

Messrs. Emil A. Loeffler and John Hankins were Kerrville visitors Wednesday. They attended the Rotary luncheon while in the city.

Mesdames Luther and Earl McDonald of Boerne were Junction visitors last Thursday. Mrs. Ollie Fleming, who had been visiting in Boerne returned with them to Junction.

Mr. and Mrs. A. W. Loeffler and little daughter, Adrienne, and Mrs. Ada Dockery were San Antonio visitors this week.

## Continued Rains Delay Work on New \$80,000 High School Building

Excavation work on the new \$80,000 high school building is practically completed and as soon as the weather is favorable the concrete will be poured into the basement. Contractor Luther Hill had planned to begin pouring concrete on last Tuesday, but rains have delayed the work. J. G. Kropp had the contract for the excavation work and had it practically completed when the rains began Monday morning.

As stated in a recent issue of the Eagle, the building will be concrete and brick trimmed in

## Metcalfe Places Kimble County In District 20

### Texas Is Entitled To Three New Congressmen Is Bill Submitted

A large section of the Hill Country has been suggested as the 20th congressional district by Representative Penrose Metcalfe of San Angelo in a bill introduced this week. Under the last census Texas is entitled to three more congressmen, bringing the total to 21.

Under Metcalfe's bill, the south part of the Panhandle-Plains would be in the 19th district, most of the 20th district would be composed of counties now in the east part of the El Paso district, and the 21st in south Texas districts now represented by Harry M. Wurzbach, Republican, of San Antonio, and John N. Garner, Democrat, of Uvalde.

If Wurzbach continues to represent the fourteenth district, he would have to move to San Antonio, as Bexar county would be the only county in the district, under Metcalfe's plan. Harris and Dallas counties would each constitute an entire district.

The proposed 20th district would include 27 counties, as follows:

Blanco, Gillespie, Kendall, Bannera, Kerr, Rail, Edwards, Sutton, Kimble, Mason, Llano, Burnet, Scheicher, Menard, Lampasas, Schuller, McCulloch, Mills, Concho, Tom Green, Irion, Sterling, Coke, Runnels, Nolan, Mitchell and Howard.

The bill authorizing the new districts leaves the present congressmen in their old districts but makes slight changes in all of them. All are blocked in contiguous territory.

## BRADY IS ADMITTED TO STATE PENITENTIARY

John W. Brady, former judge entered the prison walls at 6:06 p. m. Tuesday to begin his three year sentence for the murder of Leahia Highsmith, in Austin November 9, 1929.

Commitment papers arrived from Sheriff Hal Hood of Dallas County at 5 p. m. and Warden W. W. Waid went for the former magistrate at his hotel.

Brady arrived Sunday ready to begin his sentence. The penitentiary could not accept him until his commitment papers arrived.

Will Rogers passed through Junction Tuesday afternoon on his way from San Antonio to San Angelo where he filled a date for the Red Cross. He could not be prevailed upon to even greet the people of Junction who had gathered to meet him. Probably the overland trip on a rainy day took the wit out of him. He was accompanied by Jimmie Rodgers who seemed to be in a better humor than Will.

Mr. and Mrs. Edward Whittle and children Albert and Reba of Rocksprings spent Saturday visiting with Mr. and Mrs. D. T. Whittle and daughter, Miss Stella.

## Segovia Wins 3 Games From Ivy Saturday

### Ivy Has Off-Day And Drops Three Games To Segovia Teams

Saturday was a good day for the Segovia basketball teams and equally as unlucky for the Ivy teams who lost three games to Segovia on the Junction courts. Two weeks ago at Segovia, Ivy took two out of three games. A return engagement at Ivy was rained out and the games were then scheduled for Junction on Saturday, January 24.

The junior boys games resulted in a 9 to 5 victory for Segovia while the Segovia seniors defeated Ivy 36 to 0. The senior girls played a more hotly contested game and the Segovia girls were glad to claim the big end of an 18 to 11 score.

If these teams meet during the Interscholastic League contests in February the games will be hard fought as Ivy feels keenly the loss of three games in one afternoon.

## Pay Property Poll and Auto Taxes This Week

### State Fixes Amount and Time Of Paying Penalties on all Taxes

Rain all the week has delayed tax paying until Mr. and Mrs. Patterson are expecting to be overrun the last two days. Penalties will be imposed after Saturday night. The local collector has no option in the matter and the penalties will become effective after midnight January 31.

A 20 per cent penalty will be added to automobile taxes not paid on or before February 1. Taxes are due on all cars that have been used in January and the penalty will be added on February 2. Discontinuing the use of the car on February 1 does not relieve the owner from paying the 1931 taxes. An owner who will make an affidavit that his car has not been run in January will be permitted to pay only eleven months taxes instead of twelve. Car owners should take last year's receipt and a new light certificate when applying for new numbers.

All voters subject to a poll tax will be disfranchised for the year if the poll tax is not paid before midnight of January 31.

## No Extension of Time In Paying of Taxes

Tax collector Frank Patterson has not received any information from Austin relative to any extension of time for paying of taxes.

The House and Senate have failed to get together thus far on any tax relief measures and the Senate Tuesday passed a bill postponing the delinquent tax date until February 21 to give the legislature time to enact deliberate legislation.

The Senate bill was sent to the House yesterday. Several representatives already have expressed approval of the bill. An owner who will make an affidavit that his car has not been run in January will be permitted to pay only eleven months taxes instead of twelve. Car owners should take last year's receipt and a new light certificate when applying for new numbers.

Without instruction Collector Patterson will be forced to proceed as the law directs.

Mr. and Mrs. Walter Tinsley and family returned Monday from San Antonio where they visited Mr. Tinsley's father, Mr. A. Tinsley, and sister, Mrs. Vernon Walker and Mr. Walker.

Mr. and Mrs. Marion Stephenson were week-end guests of Mr. and Mrs. N. H. Skaggs, Mrs. L. H. Jetton and Mr. and Mrs. Wilson Buster.

## Jury List For February Term District Court

### Second Session To Be Held In New Kimble County Courthouse

On Monday morning, February 23, the 112th Judicial Court will be convened by Judge Joe G. Montague. It will be District Attorney Weaver H. Baker's first term of court at home. The following are the lists of those selected for grand jury and petit jury service:

**Grand Jury** Bill Russell, E. F. Amoen, W. K. Fisher, Sam Parker, C. Phillips, Roscoe Stevenson, Will Allison, Nugent Weaver, E. Holekamp, Homer Livingston, Arthur Ware, J. D. Baker, Gus Bannowsky and Howard Blackburn.

**Petit Jury** (First Week) Chas. Bober, C. L. Bishop, H. D. Jones, E. Rohrer, J. L. Gephart, Ross Goodall, A. J. Grosenbacher, A. W. Browning, Herbert Simon, S. R. Schneider, J. D. Mabrey, Ernest Dunbar, C. W. Fuchs, Jack Turner, B. W. Davis, T. J. Lang, E. I. Cummins, A. W. Loeffler, R. N. Cowsert, B. F. Neal, W. E. Bolt, M. B. Kirkpatrick, O. H. Pearl, G. R. Pepper, A. J. Probst, A. S. Rieck, L. L. Parker, J. D. Braley, W. L. Kothmann, Wilbur Gardner, L. E. Miller, M. J. Nethery, C. W. McCarroll, J. A. McCollum, B. L. Smith, and Olin Stewart.

(Second Week) J. H. Northcutt, Henry Leifeste, J. B. Maddux, J. C. Coleman, Ran Davis, A. B. Collier, Howard Horn, W. C. Jones, A. G. Stewart, Clyde Brewer, H. W. Bienschwale, Henry Land, Herbert Gamble, G. W. Landers, C. W. Atchison, Eli Baker, W. L. Bienschwale, J. D. Dutton, W. O. Dickerson, L. R. Hodges, R. M. Alexander, J. L. Vance, M. P. Murr, Dee Graves, W. R. Eckert, J. F. Cabler, J. W. Robbins, S. M. McWright, R. C. Tatum, M. R. Watters, F. S. Bissett, Slaton Fleming, Pete Graves and Craft Moos.

## Kimble County Has Wonderful Season

Wet and warm tells the story of the weather in Kimble County this week. Beginning with the first of the year, it has rained on each week-end until last week when the rain was pushed over until Monday when it began raining slowly and has rained all week. The fall is not heavy, but is wetting the ground. Mr. E. Holekamp is ill and is not able to give us the amount of moisture that has fallen, but it has rained more than one inch during the past 72 hours.

The continued rains are putting broad smiles on the faces of everyone. Ranchmen say that their sheep and goats have wintered fine and have really improved all winter. The small grain planted last fall has helped those who have cattle, as the range is too short for cattle.

Everyone is happy and looking forward to better times.

## E. V. STEWART DIVERSIFIES

Mr. and Mrs. E. V. Stewart and children were Junction visitors Saturday. Since moving from Junction to the ranch last April they have not been in town very much. As dry as the past year was he raised more feed than he needed and has sold some. He is really living at home. His grocery bill for a family of four is less than three dollars a month. While secretary of the Kimble County Chamber of Commerce he advocated growing more food and feed and is practicing what he preached.

Mr. and Mrs. Jim Carpenter has as week-end guests Misses Margaret Merle, Lillie May, Elizabeth, and Pattie Bell Morriss of Paint Creek.

### MISS NELLIE BENNETT DELIVERS HEALTH TALK

In the study hall Friday morning during Health Education period Miss Nellie Bennett delivered a lecture on "A Study of Foods—Their source and Use in the Body" to the high school students. The pupils were instructed to take notes on the lecture and write an article from them to be kept in their individual notebooks. The following topics were assigned to pupils for discussion Friday. "Why we cook foods and the way we cook foods," "Methods of preserving food," and "Food Adulteration," and "The Digestive Organs."

### CIVICS CLUB MEETS

A meeting of the Civics Club was held January 27 with Vivienne Livingston, the secretary, presiding. This is the first meeting the club has had since mid-term examinations. Oral reports, taken from topics in the Literary Digest, were given. After each report was given Miss Knight asked the class some questions on the topic.

### SENIOR SPECIAL

Lorena Couey is the all-round secretary, known as "Couey" by her pals. This year she is secretary of the Senior Class, the Glee Club and Spanish Club, Senior Class Reporter and is on the program committee of the Spanish Club and Senior Class. Last year she was vice-president of the J. H. C., and Junior Class Reporter. "Couey" is an active member of the Journalism Club and captain of the girls' basketball team. She is a deserving captain, this being her fourth year as guard on the first team. She came from Corsicana, Texas when in the fifth grade and has been an asset to the school from the start. She is five feet seven inches tall, has bronze hair and blue-grey eyes. In the future she intends to be a school teacher.

Raymon Schneider, known as "Schneider" to almost all of the high school students is the ardent lover in the high school. He has attended school here for the past eight years, coming here from London. He is president of the Senior Class, an enthusiastic member of the Journalism Club and was a member of the J. H. C. last term. He is five feet eight inches tall and has blue eyes and brown hair. In the future he intends to be a ranchman.

### CEDAR HILL DEFEATS JUNCTION GIRLS 30 TO 14

Last Friday the girls' basketball team was defeated by a score of 30 to 14. The captain states that the girls had only one week's practice before the game. Clean sportsmanship contributed much to the value of the game.

The Junction line-up is as follows:

Forwards—Louise King and Maud Boone.

Centers—Margaret Hubbell and Katharine Johnson, and Benita Barnes.

Guards—Vivienne Livingston and Lorena Couey. Vernelle is substitute guard. Lucille Taylor, Eunice Northcutt, Louise King, Vivienne Livingston, Lorena Couey, Marguerite Tinsley, Maud Boone, Margaret Hubbell, Katharine Johnson and Benita Barnes are the girls who received suits.

### CORRECTION

An omission was made in the statement of the high school honor roll last week. Sarah Schneider is also on the roll.

### HONESTY

(By Lorena Couey)  
Why do people lie? They know it is wrong, because to lie makes anyone disobey the Law of God and also the law of man. Why are people prone to do things that are wrong? The one who has lied, cheated, and stolen knows that he has never gained by it. Although a lie may get you by for the time being, you would have been saved a great deal of trouble and worry by telling the truth. That terrible feeling of a guilty conscience will always follow you wherever you go, saying, "You are a liar. You will be pointed out by the fingers of the world as a liar. Each time you meet the one to whom you have lied, you will be reminded of it. No matter how hard you try to get rid of that feeling you cannot get rid of it if you have a conscience. When friends find out that you have lied to them, they will never place their confidence in you again. If you lose the confidence of your friends, what do you have to live for? It is easier to lie than to tell the truth when we do not want anything to be told if we do not have the will power to overcome it, but in the end it is a great deal harder to confess that you lied than it would have been to tell the truth.

One lie calls for another. If we tell one lie we have to tell another to cover it when it is revealed. Lying leads to stealing and cheating. The one who lies had just as soon steal and cheat as to lie. What does anyone profit by any of these? No matter what the battles of life may be, let us keep before our minds the fact that "Honesty is the Best Policy."

### GLEE CLUB HAS TWO MEETINGS EACH WEEK

Tuesday morning at 11:30 the Glee Club had its weekly meeting. Mrs. McCarroll was unable to be with the club, but nevertheless, a good meeting was had. The club practiced several popular songs and decided to have some of them memorized by the next meeting. On Tuesday's the club practices vocal numbers and on Thursday Mrs. McCarroll gives a theory lesson. Mrs. McCarroll gives very instructive talks on these days and the members obtain beneficial information.

### SCIENCE CLASSES

The biology class has finished studying the nervous system, and has started studying the senses. The general science classes have been experimenting, for the most part. They will take up the study of steam engines next. Last Monday was club day, and the members of the club discussed topics in the Literary Digest.

### SPANISH CLUB

The Spanish Club will meet once every two weeks here after. This class has reading lessons from "La Casa de los Cuervos" two times a week and a lesson in grammar every Friday.

Patronize Kimble Co. Merchants

## COUNTRYSIDE BROADCASTINGS

By Rev. G. W. Crofoot  
Pastor Junction Presbyterian Church

THE DISCUSSIONS in the Town and Country Church group at the North American Home Missions Congress recently held in Washington brought out the fact that there are factors in country life essential to the welfare of the nation which must be safeguarded, multiplied, and extended. The fine type of family life found on the farm, the simplicity of social life where there is a single vocation community, the unity of the farm family where all are interested in the same pursuits, and the spiritual and religious contributions which close contact with nature produces are some of the basic assets. These desirable qualities justify the maintenance on the soil of a population as large as possible even though the economic returns from agriculture may be somewhat decreased.

RELIGIOUS education in the country communities is a matter of very vital concern. Country churches must not only produce their own leadership but also a leadership for the churches in the city. The town and country church discussion group requested that a special commission be appointed of rural religious education to study the needs in this field of service, supply the boards and denominations with the important facts and indicate possible methods and practical suggestions by which these needs may be met.

A PUBLIC-SCHOOL teacher who is ignorant of child psychology, the art of teaching and the rudiments to be taught, would not be tolerated in our public schools today. Should we be less careful about teachers of religion in Sunday schools? Is it not true that the country children deserve the very best type of instruction? One reason why the country Sunday school loses so many of its young people when they reach a certain age is because they make an unfavorable comparison with the public school instructors and the untrained teachers in the Sunday school.

"STUDY to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth."

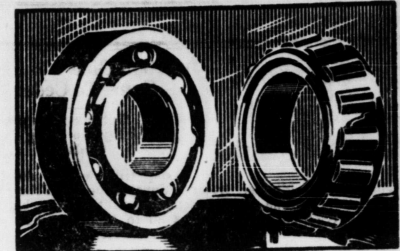

### JUNCTION SCHOOLS KEEP UP WITH THE DAY

Over the past few years the patrons and the Junction High School have noticed a marked improvement in the school system. This condition did not take place over night. But with the patrons constantly on the look out for a progressive school system, we cannot fail to advance.

With the faculty and student body in so close co-operation they all work in harmony to make the school what it is today. Each day the new high school building in the making causes us to work harder and realize more the confidence the community has placed in the present faculty and student body.

The constant labor of the school board cannot be over-looked. They are putting out

## FORD SMOOTHNESS

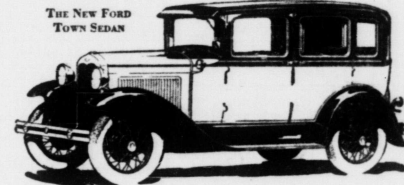

The new Ford has more than twenty ball and roller bearings

EVIDENCE of the high quality built into the new Ford is the extensive use of ball and roller bearings. There are more than twenty in all — an unusually large number. Each bearing is adequate in size and carefully selected for the work it has to do.

At some points in the Ford chassis you will find ball bearings. At others, roller bearings are used regardless of their higher cost. The deciding factor is the performance of the car.

The extensive use of ball and roller bearings in the new Ford insures smoother operation, saves gasoline, increases speed and power, gives quicker pick-up, decreases noise, and gives greater reliability and longer life to vital moving parts.

Other outstanding features that make the new Ford a value far above the price are the Triplex shatter-proof glass windshield, silent, fully enclosed four-wheel brakes, four Houdaille double-acting hydraulic shock absorbers, aluminum pistons, chrome silicon alloy valves, three-quarter floating rear axle, Rustless Steel, the extensive use of fine steel forgings, and unusual accuracy in manufacturing.

LOW PRICES OF FORD CARS  
\$430 to \$630

F. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra at small cost. You can purchase a Ford on economical terms through the Authorized Ford Finance Plans of the Universal Credit Company.

an effort that is seldom equalled in any other community. They cannot be praised too much for the loyalty they have shown to responsibilities placed upon them to serve their community in that capacity. They go unpaid but they, too, realize the benefits to be derived from the present school they are building. Some weeks they meet five times and never complain but are there if possible and discuss in a fair and open minded manner the problems that face them.

We are all capable of making mistakes, but place yourself in the shoes of someone you are criticizing before you do so and visualize the mistake you are capable of making. Then back your school board and teachers

and let us not be knockers but the best of boosters for good schools, churches, and other organizations that are building our town.

### KNOW TEXAS

Texas has an automobile for each 3.93 inhabitants as compared with an average for the United States of one for each 4.23 inhabitants.

Texas has one of the few turquoise mines in the world, located near Van Horn near the Culberson County line.

For car washing and greasing take your car to the Powell Motor Company. 38c

## LONDON LOCALS

Mr. W. A. Bowman was an interesting caller the 19th. He informed us that from 11 elberta peach trees last season he put up 1302 cans and sold 7 bushels of fresh fruit. If you doubt this statement see Mr. Bowman. He lives just across the river east of Mrs. S. H. McCaleb. We have declared for years that this is a fruit country if the trees are properly cared for and the ground properly cultivated. Mr. Bowman informs us that his intention is to put out a number of acres in pecans, setting them 40 feet each way and between these pecan trees he will set one elberta peach tree. He figures the peach trees in four years will begin to pay for the work and there after will pay a good profit on the land until the pecans begin to bear. He reasons by time the pecan orchard begins to pay returns and enhance the value of his land the peach trees will have served their time and purpose. We expect to watch this enterprising farmer as he is moving out along the line of developing the resources of our county.

The letter men of the London High School football team met Monday morning and elected Hoot Gibbs captain of their team for the ensuing year. We have it from those in a position to know that this is a wise choice. Hoot Gibbs bears the reputation of being a studious high school pupil and a fearless, clean, upright ball player. We predict a greater success for the team next year than they enjoyed last year if all eligibles stay with the team next year.

We are informed by Mr. Rankin Kothmann, superintendent and E. B. Morrison, coach, of London that it has been agreed that the county Inter-scholastic League will be held at London this year. The date has not been named yet but will be given later. Our people appreciate this arrangement. Our board of teachers backed up by the board of trustees, are a unit in their determination to make every one attending feel that they are welcome. We invite every one who can to attend. We assure you of a hearty welcome by all our people and a jolly time. Make your arrangements to attend, and London will wear her best on that occasion, as it is the first time anything of the kind has come our way.

London should begin to plan now to entertain the visitors on that occasion. I suggest an old time barbecued dinner all trimmed with cakes, pies and so on. What say you? Lets back our teachers and trustees in this matter and make them proud of their community and at the same time make our visitors feel that it is good to visit London.

The basket ball game the first of last week between Mason and London resulted in a defeat for London by a score of 18 to 25. The game was played on the London grounds. The return game Friday evening on

the Mason court resulted in another defeat for our boys by a score of 26 to 18. We are by our basket ball boys like Commodore John Paul Jones was by the English officer when said officer wanted to know if Mr. Jones was ready to surrender. His answer was H—, no! I haven't yet begun to fight. Just so it is with our basket ball boys. Not so, however, with our girls. They won a game from Segovia Friday at Segovia. The score stood 28 to 12 in favor of the London girls. Our boys will no doubt soon begin to write victory on their goal.

A number of our people attended the Eastern Star Chapter and School Saturday at Mason. Among those we know that went were Mr. and Mrs. A. S. Price, Mr. and Mrs. O. D. Price, Mrs. Vesta Weaver and Miss Victoria Brewer. Several of the boys went along for company. All reported a good time.

Miss Melba Walton and her father went to Roosevelt Friday to visit the Alfred Thiers home. They also went to Llano Sunday. Melba handles her new car splendidly.

Mr. M. M. Nelson and Mr. R. F. Cannon were business visitors here Saturday.

John Fritz came in from Bandera Saturday to make final arrangements to move to that town. We hate to lose these good people. They are honest, industrious and Bandera has a valuable addition to its citizenship in John Fritz and his family.

The good rains continue to fall. The temperature is moderate and everything bids fair for a better day.

School is moving nicely every day and everyone is interested and at work.

Miss Winnie D. Cummins is teaching in Miss Eunice Green's room during her illness.

### Posing as Mocher Man Collects \$3.30 In Hour, 20 Minutes

"Say, mister, could you lemme have a dime for a cuppa coffee? There ain't no work anywhere."

Allen G. Thurman, owner of two downtown Los Angeles restaurants, dressed in a shabby suit, asked these questions on the streets for an hour and twenty minutes. He said it netted him \$3.30 in nickels and dimes.

"I noticed several men asking for dimes for coffee would come into my cafes and order costly meals," Mr. Thurman said. "I wanted to see how they did it. Another mocher tipped me off on that 'no work' line. It's good for at least ten dollars a day. Never has the public been so easy. Why should a man work when he can make more mooching?"

Mr. Thurman reported his findings to the citizens' committee for the relief of unemployment and gave his nickels and dimes to the Salvation Army.

God starts us out on the right foot, but we sometimes get out of step.

## How One Woman Lost 20 lbs. of Fat

### Lost Her Double Chin Lost her prominent Hips Lost Her Sluggishness Gained Physical Vigor Gained a Shapely Figure

If you're fat—first remove the cause!

Take one half teaspoon of KRUSCHEN SALTS in a glass of hot water before breakfast every morning—cut out pastry and fatty meats—go light on iodine, butter, cream, and sugar—in 3 weeks get on the scales and note how many pounds of fat have vanished.

Notice also that you have gained in energy—your skin is clearer—your eyes sparkle with glorious health—you feel younger in body—keep in mind KRUSCHEN will give you fat removal—a joyous surprise!

Get an 85c bottle of KRUSCHEN SALTS at Heyman Drug Store (lasts 4 weeks). If even this first bottle doesn't convince you this is the easiest, safest and surest way to lose fat—if you don't feel a superb improvement in health—so gloriously energetic—vigorously alive—your money gladly returned.

Mrs. Mame Carey of Buffalo, N. Y., writes— "Since I began taking Kruschen Salts I have lost 20 pounds and I feel as if I had lost 50 pounds—I feel so good and the best part of it all is that I eat anything I like."

### NOTICE

Notice is hereby given that sealed bids will be accepted by the Commissioners Court of Kimble County at the office of the county judge from any banking corporation, association or individual banker desiring to handle the funds of said county. Said bids shall state the rate of interest offered and shall be accompanied by a certified check for not less than one-half of one per cent of the county revenue of the preceding year as a guarantee of good faith on the part of said bidder and if the bid is accepted said banking corporation, association or individual banker shall enter into bond as provided by law. Bids will be opened at 10 o'clock on the morning of February 9, 1931. The court reserves the right to reject any or all bids.

The said commissioners court shall on the above date select a depository for the available school funds of Kimble County as provided by law.

Given under my hand and seal of office in Junction, Kimble County, Texas, this 12th day of January, 1931.

(Seal)  
R. R. King, County Judge 40-3c

### Body of Lost Flyer Found on Gulf Shore

GALVESTON, Tex.—The waters of the Gulf had given up the body of one of the two young army flyers who were killed two weeks ago last night.

The body of Corporal Philip Schuchman, 32, was discovered by Mrs. W. H. Dunlay of Houston as it was washed ashore by the tide.

Fort Crockett Third Attack Group flyers today began a renewed search for the body of the other flyer, Lieutenant J. E. Grasty.

The two flyers took off from Matagorda Bay January 11 for Galveston. Heavy rains and a windstorm are believed to have been responsible for the wrecking of their plane.

Don't forget that you can go a long ways in books; try it.

Better not try to think up any excuses, for nine times out of ten they are lame.

## RUPTURE EXPERT HERE

C. R. Redlich, Minneapolis, Minn., will demonstrate without charge his unequalled method in

FREDERICKSBURG MONDAY, FEB. 2 at the NIEMITZ HOTEL from 10 A. M. to 4 P. M.

Mr. C. F. Redlich says: The "Perfect Retention Shields" hold the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief and contract the opening in a remarkably short time.

The secret of their success is in their simplicity. An expertly adjusted device seals the opening without discomfort or detention from work. It is practically everlasting, sanitary, comfortable and actually holds ruptures which heretofore were considered uncontrollable.

Stomach troubles, backache, and constipation, nearly always a consequence of rupture, promptly disappear.

Bring your children. According to statistics 95% recover by our method.

NOTICE: All whom we have treated during the past ten years are invited to come in for free inspection.

HOME OFFICE 535 Boston Block, Minneapolis, Minn.

It isn't the good sermon you hear, but the good deeds that grow out of you for hearing that sermon.

SPICK AND SPAN ALWAYS

## The New Country Side

The aim of electric service is to distribute power as widely as the uses for it are distributed.

Movement of POWER replaces movement of THINGS as electricity is delivered to small communities and to an ever-increasing number of farms. The transmission line seeks out the user and delivers electric power to speed the job.

The increasing manufacturing activities of small communities is a reflection of this widespread distribution of electric power.

The West Texas Utilities Company makes available to the many prosperous cities, towns and communities of West Texas 100,000 horsepower of electric energy—distributed over more than 2,500 miles of high tension transmission lines.

Pale and Weak

"I THINK Cardui is a wonderful medicine, for I improved greatly after taking it," says Mrs. A. W. English, of R. F. D. 4, Roanoke, Va. "When I was just a girl of 13, my mother gave this medicine to me, and it did me a great deal of good. I was weak and run-down. After I had taken Cardui awhile, I felt much better. "In 1924, my health was poor. I felt miserable, and hadn't enough strength to do my housework. It took all my willpower to keep up. I was pale and weak. "I got Cardui again and took it. My improvement was wonderful. I can recommend Cardui to others, for my health was so much better after I had taken a course of the Cardui Home Treatment."

NIGHT CLUB HONORED BY MR. AND MRS. HOMANN

Saturday evening Mr. and Mrs. R. E. Homann complimented the members of the Night Club and a few guests, with a bridge, at their residence on College Street.

Dainty Narcissus and Alpine violet blooms were placed about the living room. After the bridge games the following prizes were presented: A handsome black vase, ladies guest prize to Mrs. Sayres Farmer. A black glass cookie jar, ladies club prize, to Mrs. U. D. Kindrick. The men's guest prize, a box of candy, went to Mr. J. A. Thompson and the men's club prize, an ash tray, to Mr. Clay Secrest.

Chicken and vegetable salad in aspic, butter wafers, olives, spiced pickles, stuffed celery, hot buttered rolls, salted pecans, stuffed dates, candy, cake and coffee brought the evening to a pleasant close.

Those present were Mr. and Mrs. Carl Wolf, Mr. and Mrs. Clay Secrest, Mr. and Mrs. J. A. Thompson, Mr. and Mrs. Guy Wynne, Mr. and Mrs. Raymond Allen, Mr. and Mrs. U. D. Kindrick, Mr. and Mrs. Sayres Farmer and the host and hostess.

MRS. JOE WATSON IS HONORED AT THE FRITZ

Mesdames J. A. Thompson and Joe Fritz entertained at the Fritz Hotel in honor of Mrs. Joe Watson.

After a series of interesting and amusing contests, delicious cake and coffee were served to Mesdames Willie Ragland, L. E. Standifer, Bob Ragland, Lee Lowry, Annie Highsmith, Joe Ramsey, Earl Maddux, L. D. Borden, Chris Schraub, F. Joseph, Roland Martin, Vann Martin, Roy Spiller, E. O. Newby, Cleve Stephen, Olney Patterson, Clay Secrest, N. M. Merritt, the honoree and the hostesses.

MR. AND MRS. JARVIS ARE HOSTS TO LITTLE CLUB

Mr. and Mrs. Irvin Jarvis entertained the members of the Little Club and a few guests, at their residence Wednesday

evening, with a bridge.

Mrs. Dorothy Westmoreland made ladies high score and was rewarded with a blue linen towel. An embroidered apron went to Mrs. Vann Martin, who made second high. Mrs. Jack Richardson received ladies consolation prize. Mr. L. D. Borden won the men's prize, a leather cigarette holder and match case. The second prize, a humidior, went to Mr. Jack Richardson. Mr. Norman Farmer received a package of cigarettes for consolation.

Tinted baked apples stuffed with cottage cheese were served with cinnamon toast, olives, potato chips, cake and coffee.

Those present were Eloise Hardeman, Mrs. Dorothy Westmoreland, Mrs. Lucy Motley, Mrs. Guy Wynne, Mr. and Mrs. J. A. Thompson, Dr. and Mrs. L. E. Standifer, Mr. and Mrs. V. P. Emmons, Mr. and Mrs. Clay Secrest, Mr. and Mrs. Vann Martin, Mr. and Mrs. Jack Richardson, Mr. and Mrs. L. D. Borden, Mr. and Mrs. Watt Turner, Mr. and Mrs. Norman Farmer, and Mr. Doeboy Taylor.

MRS. ATCHISON HOSTESS TO LA JUNTA CLUB

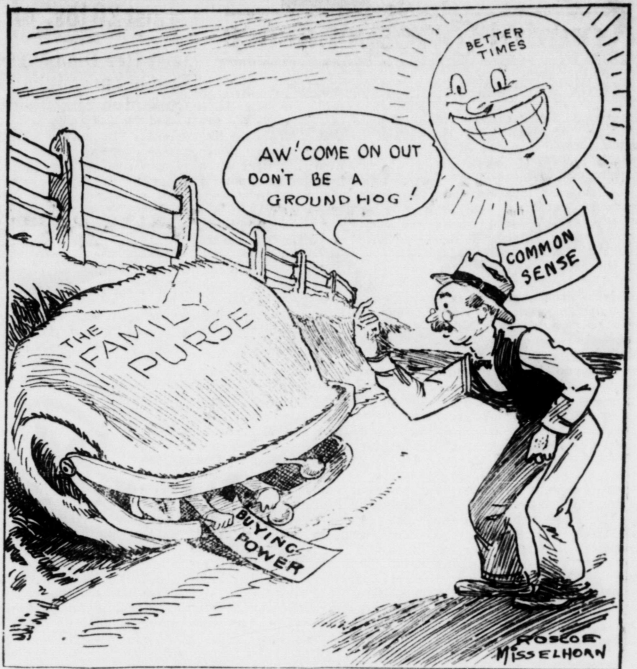

Wednesday afternoon, January 21, the La Junta Study Club met at the residence of Mrs. C. W. Atchison with Mrs. Walter Tinsley as joint hostess.

Mrs. W. P. Riley, the president, presided during the business meeting, when the following officers were elected:

Mrs. Olney Patterson, president, Mrs. C. W. Atchison, vice-president, Mrs. E. R. Borden, recording secretary; Mrs. A. W. Loeffler, correspondent; Mrs. Sam Woodward, treasurer; Mrs. Frank Patterson, parliamentarian. Mrs. H. G. Hubert, critic and Mrs. Frank Wilson, press reporter, were also among the officers elected.

Mrs. Olney Patterson, led the study program, the topic of the day being Texas artists. The roll call was answered with the name of a Texas wild flower. An interesting discussion of wild flowers concluded the program.

## Sunday at Our Churches

**Presbyterian Services Will be Conducted In Episcopal Church**

(G. W. Crofoot, Minister)  
**OUR INVITATION**—To you who would worship God, our Father; to you who would serve mankind, our brothers; to you who yearn for greater strength; to you who seek a broader vision; to you who desire forgiveness from sin, comfort in sorrow, victory over failure, and joy in living, in the name of Jesus Christ, our Saviour and Friend, we extend our cordial INVITATION.  
Sunday School will meet at ten o'clock. Morning worship will begin at eleven o'clock. There will be no evening service.

**TABERNACLE NEWS**

Large crowds are attending the services every night at 7:30 o'clock at the Full Gospel tabernacle which is located 3 blocks south of the Junction State Bank. The services consist of singing, testimonies, and preaching. Every body is welcome. Old time gospel messages, souls saved, and sick prayed for at every service. **Chauncey Merwin, Pastor Evangelist.**

**SUNDAY SCHOOL AND CHURCH AT SEGOVIA**

The Segovia Sunday School will meet next Sunday afternoon at 2:30 p. m. Immediately following the Sunday School hour Rev. G. W. Crofoot, pastor of the Junction Presbyterian Church, will preach. Every one is cordially invited to these services.

Come and see our display of fresh fruit, vegetables, butter, eggs and milk.  
Junction Market 42c

**CHURCH OF CHRIST**

All the regular services will be held at the Church of Christ Sunday. Bible classes will begin at 10 a. m. Preaching at 11 a. m. and 7:15 p. m. will be done by Elder Ira L. Winterrowd of Tucson, Arizona.

## NOTICE

by bringing the coupon to the CITY BAKERY.  
Until further notice some one who buys JUNCTION BREAD is going to get ONE DOLLAR FREE each day.  
Be sure to call for JUNCTION BREAD.  
**CITY BAKERY**  
OWNED AND OPERATED BY HOME PEOPLE

"MAYBE THIS WILL HELP"

MOTHER SHIPTON'S PROPHECY

Mother Shipton, author of the following prophetic poem, was born in Norfolk, England, and died in Clifton, Yorkshire, 1449 A. D., forty-three years before Columbus discovered America. How many of her prophecies have come true can be checked readily by the most casual reader. How many are yet to come true remains for the future to disclose:

A WOMAN'S PROPHECY

A carriage without horses shall go,  
Disaster fill the world with woe;  
In London Primrose Hill shall be  
Its center hold a Bishop's See.  
Around the world men's thoughts shall fly,  
Quick as the twinkling of an eye.

And waters shall great wonders do—  
How strange, and yet it shall come true,  
Then upside down the world shall be,  
And gold found at foot of tree;  
The towering hills proud man shall ride,  
Nor horse nor ass move by his side.

Beneath the waters men shall walk;  
Shall ride, shall sleep, and even talk;  
And in the air men shall be seen  
In white, in black, as well as green.  
A great man then shall come and go,  
For prophecy declares it so.

In water iron then shall float  
As easy as a wooden boat,  
Gold shall be found in stream or stone,  
In land that is as yet unknown,  
Water and fire shall wonder do,  
And England shall admit a Jew.

The Jew that once was held in scorn,  
Shall of a Christian then be born,  
A house of glass shall come to pass  
In England—but alas! alas!  
A war will follow with the work  
Where dwells the pagan and the Turk.

The states will lock in fierce strife,  
And seek to take each other's life;  
When north thus divide the south  
The Eagle builds in Lion's mouth,  
Then tax and blood and cruel war  
Shall come to every humble door.

Three times shall sunny, lovely France  
Be led to play a bloody dance;  
Before the people shall be free  
Three tyrant rulers shall she see;  
Three rulers in succession, be,  
Each sprung from different dynasty.

Then when the fierce fight is done,  
England and France shall be as one,  
The British olive next shall twine  
In marriage with the German wine,  
Men walk beneath and over stream—  
Fulfilled shall be our strangest dreams.

All England's sons shall plow the land,  
Shall oft be seen with book in hand,  
The poor shall now most wisdom know,  
The water wind where corn did grow;  
Great houses stand in far flung vale,  
All covered o'er with snow and hail.

And now a word in uncouth rhyme,  
Of what shall be in future time;  
For in those wondrous, far-off days  
The women shall adopt a craze  
To dress like men and trousers wear,  
And cut off their lovely locks of hair.

They'll ride astride with brazen brok  
As witches on a broomstick now,  
Then love shall die and marriage cease,  
And nations wage as babes decrease,  
The wives shall fondle cats and dogs,  
And men live much the same as hogs.

In nineteen hundred twenty-six  
Build houses light of straw and sticks,  
For then shall mighty wars be planned,  
And fire and sword shall sweep the land,  
But those who live the century through,  
In fear and trembling, this will do.

Flee to the mountains and the dens,  
To bog and forests and wild fens—  
For storms shall rage and oceans shall roar  
When Gabriel stands on sea and shore;  
And as he blows his wondrous horn,  
Old worlds shall die and new be born.

—Original Mother Shipton's Prophecy.

Neglect Causes Big Repair Bills On Automobiles

Cars Need Regular Inspection To Guarantee Proper Service

"Two men in Junction bought new cars of the same make at about the same time last year," said Leonard Cowser of the Junction Battery and Electric Garage, "and you ought to see the difference between the cars today.

"One car runs just as smoothly and quietly as it did the day it was bought and looks as good as a new car. The owner is enthusiastic over the performance it has given and swears that his next car will be of the same make. The other car is noisy, the fenders are battered, and it is hard to determine what color it was when it left the factory. The owner calls it a "bunch of tin" and says that he would not own another one like it. Yet both of these cars have traveled about the same number of miles and, believe it or not, the second owner has spent more money in

repair shops than the first.

"The first owner practices preventive maintenance. He visits the garage regularly to have his car looked over and catches things that are wrong before they become serious. He spends a little money to save a lot. The second owner started out with a dented fender. Instead of having it bumped out he allowed it to run along until the enamel had cracked off and rust set in. Little noises or rattles do not bother him. He forgot about them until something happened and then paid a big repair bill to get the car running again.

"They are considering new cars now. The first man will get a much better deal on his old car because the dealer knows where he can sell the old car. The dealer who takes the other car will have to spend a lot of money to get it fixed up, may have to carry it a long time, and does not know whether he can sell it at all. Preventive maintenance does pay."

Electrical Terms Amuse Writer

Some wag has compiled a list of electrical terms in the following manner:

- If she wants a date—Meter.
- If she comes to call—Receiver.
- If she wants an escort—Conductor.
- If she wants to be an angel—Transformer.
- If she proves your fears are wrong—Compensator.
- If you think she is picking your pockets—Detector.
- If she is slow to comprehend—Accelerator.
- If she goes up in the air—Condenser.
- If she wants chocolate—Feeder.
- If she is a poor cook—Discharge her.
- If she eats too much—Reducer.
- If she is wrong—Rectifier.
- If her hands are cold—Heater.
- If she fumes and spatters—Insulator.
- If she wants a vacation—Transmitter.
- If she talks too long—Interruptor.
- If she is narrow in her views—Amplifier.
- If her way of thinking is not yours—Corrector—West Texas Utility News.

Patronize Kimble Co. Merchants

Sheep Industry Is Not So Bad Says 1930 Resume

The Sheep and Goat Raiser's Magazine of San Angelo gives in the January number, the following resume of the sheep business in 1930.

"Closing the books on a fairly profitable 1930, Texas sheepmen read the signs of 1931 and see an increased prosperity for their industry. This state, the largest producer of lambs and wool in the nation, sees the year close with no foreclosures having been made on sheep ventures. The state was ill-prepared for the decline in prices in 1930, as it had gone through an expensive and severe winter when feed costs had been high. In the spring there was little sale, comparatively, for the usual shipments out of the state of yearling ewes and yearling mutton sheep.

The state has produced this year about 6,000,000 pounds of wool and mohair about two-thirds of which went to the National Wool Marketing Association and a good deal of it remains unsold. Just what this co-operative organization gets for this wool is a big factor in the sheep situation today. The state's crop of lambs went at prices ranging from 3.5 to 6 cents a pound, with the average about 4.75 to 4.5 cents a pound, with the destination the corn belt, Colorado and the wheat fields of Kansas.

Few of these lambs have yet been run to the market, and much depends on what the fat lamb market does in the next three months. Should this market rise \$2 to \$3 a hundred during the next few months, giving feeders substantial profits, there would be a good demand for mutton lambs next fall at rising prices.

"There is little speculation in the sheep business today, although two years ago mutton lambs of the incoming crop were contracted four and five months before they were born. The financing of the sheep business is through the banks and the 28 wool and mohair commission warehouses, and thus far none of these institutions has foreclosed on any of their customers.

"There are more sheep in Texas today than there ever has been before, the population, perhaps, reaching six and a half to seven million, but the feed bill this winter is to be extremely light, as the range is good over the entire sheep area. Everyone is trying to hold on to his sheep until better prices come. The men who leased ranches for sheep operations are not receiving any reduction in these lease prices, effective the first of the year, and their position is not so attractive. The ranchmen who own their ranches and their sheep are reporting fair profits for this year. The state is raising \$27,000 for the purpose of advertising lamb meat and the national campaign should begin by June."

## Academic Vocational Agriculture Has Rapid Rise To Popularity

(By M. B. Bethel)

The development in education to meet the needs of the country has been a slow one. Within the last 15 years some headway has been made but it has been so slow that we have scarcely noticed it. There has been more development along the lines that have shown the greatest need. Then what are these lines?

In the period from 1900 to 1911, Vocational Agriculture was not known. That is the reason for the parents of the present high school pupils knowing so little about this subject. It is now one of the permanent courses offered in most of the progressive high schools of the state. The majority of people have left Vocational Agriculture creep into their school and have made no study of the course or what it is striving to do for the present high school youth.

Now it is permanent and people wonder at its popularity. It is popular and will always be, not because it is new to the student and is easy to learn, but because it is fascinating to him. It gives him some way of connecting the other things he has learned with the world. Then it is not only good within itself but it gives him some idea of the value of his other courses.

It is the most interesting course for farm boys. They use the knowledge they receive as they learn better farming practices. In applying this knowledge they learn of better farming practices and receive net profits in money. The boy that is interested and applies himself will never regret the time

spent in the Vocational Agriculture class.

At the first of the school year the teacher chooses from a group of the pupils that are interested in the course, those that have the facilities for carrying on the required project program at home. There is no certain thing to choose for a project. It can be most any industry connected with agriculture that the boy wishes to follow. In the three year course there are a number of things he should carry on as projects so as to properly train him to be a farmer or ranchman. I think the things in this section most important to a student of Vocational Agriculture are:

1. Produce a living at home.
2. Learning the production of livestock.
3. Learning to produce the feed for this certain class of livestock he might produce.

The student must first learn that he must produce plant and animal products at a cost low enough that he will have some net profit left or else let someone else raise that product that can make a net profit.

Vocational Agriculture is trying to give the farm boy the experience of the American farmer over a period of 100 years. This is done by letting the boy actually do the job as he goes along the experiences of other farmers and where they have made their mistakes. For all of the things we teach the young farmers, we offer thanks and owe it all to the farmers that have gone on before. Without them we would have no possible way of guiding our steps right.

## Chinese is Killed in Jump for Liberty

McALLEN, Tex.—Immigration authorities today buried Louis Luey, who was injured fatally when he leaped from a truck in which he and another Chinese and two Mexicans arrested as illegal immigrants were being transferred to Edinburg.

Inspectors found Luey's body underneath a clump of trees 5 miles from here. The others escaped.

## WILL THE DEPRESSION BENEFIT OUR COUNTRY?

The Young Men's Literary Society met at the Courthouse on Thursday night, January 29, with M. B. Bethel, Russell Lavelle, Edgar Furr and Ramsey Randolph present.

The question for debate on the next meeting night, which is Thursday night, January 29, is "Resolved That the Present Financial Depression Will Be of Some Benefit to The United States."

The affirmative will be represented by M. B. Bethel and Russell Lavelle, while the negative will be taken by Ramsey Randolph and Edgar Furr.

## AMONG OUR SUBSCRIBERS

New subscriptions and renewals are coming in daily. Many of our subscribers say that the home paper is not the place to begin economizing. The remark is often made that the Junction Eagle helps them save by telling of the bargains offered by Junction merchants. The advertisements are worth much to the readers and they should be studied each week.

We thank those who sent in their subscriptions last week. Our readers are urged to watch the label on their paper and renew as soon as possible after the time is out. The following have been received during the past two weeks:

- C. S. Nusbaum, El Paso; Sw. Clipping Bureau, Topeka, Kansas; Bertha E. Sharpe, Tulsa, Oklahoma; Jack Hoggett, Animas, New Mexico; John Koch, Harper; W. T. Bishop, Segovia; Mrs. J. J. Smith, Junction; Wm. Fairchild, Segovia; Ollie Floyd, Junction; E. G. Hill, Junction; G. W. Hill, Romney; W. G. Moos, Segovia; D. F. Lemberg, Mason; University of Texas, Austin; Jack Turner, Junction; Hoy Smith, Junction; W. H. Dunk, Segovia; W. T. Gardner, Roosevelt; T. P. Porter, Junction; J. W. Cochran, Marlow, Oklahoma; Mark E. Nusbaum, El Paso.

What comes on the morrow need never worry the Christian. God gives him strength sufficient when the time comes.

"And there, son, you have the story of your dad and the Great War."

"Yes, dad, but why did they need all the other soldiers?"

## BILL THE BARBER SAYS

A London society finds that the average girl who leaves home is eighteen. No statistics are available but just offhand we would say the average girl who stays at home is eighty.

Attempt to do all you can in a day, but don't lose sight of the goal of doing everything well.

If you think you are a good Christian, try to improve and be better.

### Junction Trade Notes

(By G. G. Co.)

Rains have ceased to be news in this section and as February approaches, every prospect is pleasing in the range country. . . Will Roger's itinerary in behalf of charity was routed through Junction Tuesday, but his brief stop here was only for the purpose of replenishing the comedian's stock of chewing gum. . . Give ranchmen a rain every Saturday night and they do not care what happens in Washington. . . Felix and Joe Watson of the Divide came in town Thursday by horseback, the soil of the divide being too soft for motor transportation. On the divide the earth is saturated like a sponge, Mr. Watson stated.

In stock this week: Bermuda onion plants and Early Wakefield cabbage plants. Seed potatoes in transit. Gann Grocery Company.

The 1930 depression failed to dislodge the Junction post office from its position in the second class. The local office exceeded the requirements by several hundred dollars. . . George G. Murray and family came from San Antonio for a week-end of outing on the classic Llanos, which they do periodically. . . And with spring and tourists coming soon, Junction should, if possible, take some steps to eliminate the dust nuisance of the main thoroughfares leading to and from the recreation resorts on the Llanos.

New packages in stock: Del Monte all-green asparagus, fresh prunes (or blue plums) in tins, fresh apple sauce in tins. Old Manse preserves in family-size jars. Gann Grocery Company. Texas-made ribbon cane molasses, in gallons and halves.

In the week's news: The 8-passenger cabin plane which was in Junction several days last week, was wrecked at Burnet on Saturday when making a landing. Striking a cedar tree the machine hurtled into the cemetery, knocking over tombstones.

Society note: Green eyebrows, silver-tipped eyelashes, golden earlobes, finger nails painted to match the color of gown and hair, is what may be expected of women in the near future, according to a Chicago beauty-ologist.

Mrs. Gordon Stewart and boys from the ranch were at beautiful Kimble Courts for the week-end while Mr. Stewart had business in San Antonio. . . Mrs. Dee Gibbs and Mr. and Mrs. Leonard Gibbs, from the ranch, were in Junction Saturday for supplies and visited friends in London during the day. . . Mr. and Mrs. A. L. Matige are on their first visit to the Rio Grande Valley this week.

Lower prices on standard foods of known quality apply to sales every day of the week at this store.

**Gann Grocery Company**  
"Everybody's Store."

**TOOK 9 TREES,  
PAYS FINE BY  
PLANTING 1,000**

A citizen of New York State is still paying off one of the strangest Christmas debts so far recorded.

When charged by an officer of the state conservation department with cutting down nine evergreen trees on forest preserves to sell as Christmas decorations, he was fined the customary penalty of \$10 for each tree.

But unable to pay the fine he begged to be permitted to work out his penalty by replacing the nine trees with one thousand more.

Under this agreement, the offender is now busy repaying his debt to the scenic beauty of the state by planting 1,000 balsams where nine grew before, according to the department's report to the American Game Association.

You have either done something or you have done nothing. Take your choice.

Nothing is ever lost—no word, deed, or action. They all count for good or bad.

(Title Reg. U. S. Pat. Office)

Being a vaporish review of words that pop into print

**INGENIOUS** . . . (in-jeen'yus) as in jet. From Latin *ingenium*, "innate quality") Possessing inventive talents; of clever mind; to be original. Associates with, **A genius**, "a person with high intellectual power." **B. g-n-esis**, "creation;" "beginning." **C.** the noun **ingenuity**. P. **te** Blackburn is ingenious in rigging up radio circuits.

The modern husband dispossessed of his back-seat-driving mother-in-law by an ingenious method: he invented the "Grumble Seat."

**INGENUOUS** . . . (in-jen'yoo-us, e as in hen) Distinguished from **ingenious** by the big U. In fact there are two U's. So **BE YOURSELF**: sincere; innocent; high minded. "B" natural but not flat. Associates with **genue**.

The most popular girls are first, in-gen-U-ous, then "in-jeen'yus" (ingenious)

**INGENUE** . . . (anzhay-nyoo', French) An ingen-U-ous young woman or girl; an actress who plays such a role.

Miss Prudence Sweet is the ingenue with the Roamers Stock Company this season. It is said that few modern girls are **ingenues**, or in-gen-U-ous, but they are quite ingen-U-ous in the art of **APPEARING** ingen-U-ous.

Party palaver: each guest is given pencil and paper and asked to write a 100-word paragraph. The one using correctly the words **ingenious**, **ingenue**, and **ingenue** the greatest number of times wins. Mail the winning paragraphs to Me. Nusbaum, care of this paper before February 15, and the name of the winner in the finals will be published in this column. (Paragraphs judged largely by their ingenuity.)

Take "My Word" for it: "The paths of the bootlegger lead but to the bier."

(Copyright 1931.)

—By M. E. Nusbaum

Rev. G. W. Crabb and Dillard Motley returned home from Dallas Wednesday.

Attempt to do all you can in a day, but don't lose sight of the goal of doing everything well.

### Standifer Hospital News

Mr. Troy Culwell, of the Texas Pipe Line Co., received surgical attention at the hospital last week. He is doing fine.

Mr. Clyde Barnard of the Humble Pipe Line Co. was treated for Herniotomy. His condition is good.

Mr. and Mrs. J. H. Heath of Junction are the parents of a fine baby girl born January 24 at the hospital. The baby weighed seven and one-half pounds at birth. The mother and baby are both doing fine.

### GONE BUT NOT FORGOTTEN

LOS ANGELES, Cal.,—"Viollet" a steam-driven, oil burning automobile, the first ever built in America and preserved at Luna Park in Los Angeles since its appearance at the World's Fair in 1892, made an appearance again under the guidance of Ralph de Palma, noted racing driver, and with his coaching and engineering skill of Joseph Wright, "Viollet" attained the amazing speed of 8 miles an hour.

Photo shows Ralph de Palma steering America's first automobile through Luna Park in Los Angeles, California.

"TALK ABOUT THESE ENDURANCE CONTESTS, THERE FOLKS IN THIS TOWN THAT AIN'T PAID BILLS FOR FIVE YEARS."

### SEGOVIA SCHOOL NOTES

On last Saturday, January 24, at one o'clock the Segovia basketball teams met the Ivy teams on the Junction courts. Three games and the Segovia teams were victorious in all the contests. The scores were: Junior boys, 9 to 5; girls, 18 to 11; and senior boys, 36 to 0.

The boys and girls on both sides are real sports and the games were enjoyed by many. This is the second set of games with Ivy and we hope to have another.

We wish to thank the Junction schools for the use of the courts.

## Pure Line Seed Pays

For the first time last spring Standardized Pureline, Germination Tested Seed were used in Kimble County, and the results were gratifying. More than 9,000 pounds of seed were purchased by the County Agent and practically all farmers using the Pureline seed were well pleased. The County Agent is receiving inquiries about this seed for this spring. The Kimble County Chamber of Commerce will work with the County Agent again and it is believed that the demand will call for 20,000 pounds planting seed.

Pureline seed planted on terraced land and properly fertilized will pay big dividends. Conditions are such that more food and feed should be grown, and our farmers and ranchmen should study the most approved methods of producing their necessities.

Good rains have furnished a good season and prospects are good for those who apply methods that have been tested and proved satisfactory.
