

Six-Inch Sermon

REV. ROBERT H. HARPER

The creative Power of Faith.
Lesson for October 19: Hebrews
11:1-8; 39-40; 12:1-2; 13:1-3.
Memory Selection: Hebrews
11:1

Through the imagination of two young astronomers, the planet Neptune was discovered. We read "between the lines" of poetry, see things not in a picture, hear the unheard in music, and form friendships—all by a kind of faith. It is strange that in religion men must exercise faith? The blessings of the better revelation in Christ can come only through faith.

"Now faith is the substance of things hoped for, the evidence of things not seen." It is the power to see the unseen. They who can see the invisible can, like Moses, attain unto great things. Faith is creative, giving men strength they never had before, for their living and for their service. Seeing God, they can see the needs around them. Like Isaiah, they ask to be sent.

Two things the lesson sets before us. First, we must run well the heavenly race, with a "cloud of witnesses" and "looking unto Jesus." We must lay aside every weight. Down in Brazil, scientists were concerned for the weather on the day of the total eclipse of the sun. But the great day dawned clear and bright. If clouds had obscured the phenomenon, much would have been learned in the airplanes that soared above the reach of clouds and secured data. Brush away the clouds of doubt and soar on wings of faith above the things of earth. Second, "let brotherly love continue." Faith without works is dead. For faith must lead to practical godliness. Is your faith in God so bright that you can see the needs around you?

Pan-Slavism On March

THERE can be no Pan-Slavism while Democracy exists in the USA, and unless the dictators of Russia are able to eliminate our form of government over here and take us under their benevolent wing—as they have so many others—their own elimination is merely a matter of time. Hang up all the Iron Curtains you can—the truth is sure to leak through sometime. And 100 million Russians (that's all there are left) are not going to live forever in fear and humiliation when they realize that the rest of the world does not do so. Also the Bolsheviks are incapable of competing with us economically.

No one knows all this better than the ill-mannered but shrewd leaders of the little group which controls so many lives. They know that democracy must go—and soon—or that they will surely lose out in the war of survival at present being carried on between American democracy and Slav autocracy.

How can they destroy democracy? Only by wiping it out in the United States. How can they do this? Only by infiltrating our labor unions and our Government—or by force. How can they destroy us by force? Only through some such devastating agency as the atom bomb, or disease germs, or some other horrible scientific invention.

How can we prevent this? First, by rounding up all known followers of the totalitarian creed and deporting all those legally susceptible to such action. Second, by helping the decent Americans in our labor unions to expose their Communist members and hand them over to the immigration authorities. Third, by putting an immediate stop to the evasive tactics still being employed in Washington and expelling all Communists from Government jobs. Fourth, by stopping all Red immigration. Fifth, by accepting the fact that when the Bolsheviks acquire the atom bomb secret, they intend to use it unless they can be made to realize that just thirty minutes after they blast half of us off the face of the earth 1,000 planes will be on their way to return the compliment to 75% of their population.

2:30 "Christ's Church, A Bulwark of Civilization, For Such A Time As This" Rev. H. M. Smith, Pastor, First Baptist Church, Stephenville, Texas.

3:00 Adjourn.

Veterans' News

One in every five World War II veterans holding National Service Life Insurance policies has converted to one or more of the half-dozen available permanent plans, the Veterans Administration reports.

Of the 5,746,000 policies in force in August, more than 1,937,000 were permanent policies and the remaining 4,708,000 were five-year level term policies.

Total value of all the GI policies in more than \$34.4 billion. Permanent forms accounted for over \$14.4 billion of this total.

NSLI term policies issued before January 1, 1946, may be continued for eight years from the effective date at the original rates, while such insurance issued after that date may be continued for five years on a term basis.

Term policies do not accrue cash, loan, paid-up or extended insurance value. They may be converted at any time before the expiration of the term period to any of the six permanent plans available.

Veterans acquiring dependents after entering training under the GI Bill as single men, should notify the Veterans Administration immediately so that an adjustment may be made in their subsistence allowance payments. The VA increases payments as of the date it is notified and not retroactively to the date when the veteran actually acquired a dependent.

Veterans who fail to repay subsistence allowance over-payments while in education or training under the GI Bill and who later apply for unemployment or self-employment allowances will have the amounts they owe the Government deducted from the latter benefit checks, VA says.

Scouts Go Places And Have Lots of Fun In Doing It

Thursday, October 9, most of the Scouts of Hamilton County went to the Scout Camp on the Leon River, at which the Hico Scouts had stew, but the Hamilton Scouts had box suppers which we spread on the ground and most of the Scouts had part of their dinner and ate some of our stew. We also played several games, one of which was running a race with our left feet tied together. The Wolf Patrol beat the Blazing Arrow Patrol and the Fairy Patrol. There were about 89 Scouts in all. After dinner the Scouts marched toward a campfire from the North, South, East and West. When we sat down around the campfire we sang songs and on one were supposed to leave off two words on the end. The ones who forgot to leave the words off had to sing a song for the rest of the troops. They sang "Home On the Range." After this we played another game called "Sarg. O'Grady." If anyone did anything that anyone else said to do but O'Grady didn't, he would drop out of the game. When this was over, one of the Wolf Patrol let out a series of wolf calls which meant to go to the cars and leave for home. We got home about 9:15.

Saturday, October 11, most of the Scouts and part of our Hico football boys left for the Scout Round-Up and Baylor-Arkansas football game at Waco. We got off at 8:00 a. m. When we got to Waco we went to 4th and Washington Streets to march in the parade. We marched several blocks with about 1500 other Scouts from leading Hamilton County towns in the Heart O' Texas Council. There were also several dens of Cub Scouts from all over Texas dressed in their uniforms. After the parade the Hico Scouts had a good lunch at a cafe. After the lunch we left for Baylor Stadium to see the Baylor Bears vs. the Arkansas Razorbacks. Most of the new Scouts from all over the State of Texas marched out for their Tenderfoot badges. There were about 15,000 people there, which included about 1,500 Scouts. The Arkansas players had white shirts and red pants on; the Baylor players had white shirts and gold breeches. Baylor also had their mascot, a black bear, with them, who was led around the field. At first the Arkansas players scored nine and Baylor nothing, but after the half things began to change and Baylor scored seventeen points to win them the game by eight points. After the game the Hico Scouts left to find their bus and leave for dinner. After supper we left for home, arriving back at Hico about 8:30 p. m.

The Scouts wish to thank all the people for helping in the drive for the Rhodes family.

"A Scout Is Loyal."

BOBBY WATKINS,

Scout Scribe, Troop No. 99.

Weekly SURPLUS NEWS WAA

If the government cannot sell war time industrial plants at a satisfactory price by leaving them on location, it is recommended that the plants be sold for removal from plant sites. This suggestion grew out of a meeting of leading financiers, bankers and civic leaders held recently at Grand Prairie zone office of War Assets Administration. It is admitted that some difficulty has been met in receiving offers satisfactory to the government, to the would-be purchasers and to the communities involved. As a result, an invitation was sent out to important financial and industrial leaders in the Southwest to lend of their business experience in advice to WAA in disposing of these war plants.

The recommendation for sale for removal from premises related specifically to four plants. These are (with their original cost to the government) as follows: Magnolia Petroleum Company, toluene distillation plant at Beaumont, \$3,200,000; Kelly-Springfield Company tire plant at Houston \$2,000,000; Cardox Corporation potassium perchlorate plant at Claremore, Oklahoma, \$1,100,000; and Aluminum Company of America, slinger plant, \$4,000,000. All of these plants had previously been advertised for sale in place. It was declared negotiations may still be made for purchase "in place" with attendant acreage provided suitable offers are made to the government.

Farmers of the agricultural Southwest are being encouraged to contact Customer Service Centers of the War Assets Administration for such limited farm equipment and supplies as are offered from time to time. They are asked to make these contacts whether or not wanted items have been advertised, stated R. G. Berie, newly appointed agricultural representative of the Grand Prairie Zone office of WAA. Customer Service Centers in the Southwestern area are located at Grand Prairie, San Antonio and Houston, Texas; New Orleans, La.; Tulsa and Oklahoma City, Okla., and at Jackson, Miss.

Plans for the biggest surplus government building sale ever held in the five states of the Southwest have been announced by War Assets Administration. The sale will be an informal bid offering of 4,490 buildings at Camp Livingston, Alexandria, Louisiana. The public is invited to visit Camp Livingston for inspection of the buildings any day except Saturday and Sunday until October 21. Bidding will begin at 9 a. m. October 21 and continue for two days. There are no restrictions, any one may bid, pay for, and move the structures immediately.

Limited supplies of farm tractors, mowers and other war surplus goods suitable for farm use are available in Texas War Assets inventories. If you need goods for farm use, notify the Grand Prairie WAA Customer Service Center for information as to when these scarce supplies come on the market.

Special Feature On Hometown Editor Program Oct. 18

Dallas, October 13.—"Post-War Problems of a British Newspaper Editor" will be related by Charles Eade, London (England) Dispatch Editor, during a special Hometown Editor program at 12:30 p. m. Saturday, October 18, from Station WFAA-570.

Addressed exclusively to Hometown Editor Texas listeners, Mr. Eade will tell how British newspaper editors have developed a new style of news condensation to overcome the handicap of shortages in newsprint. He will also point out that British newspaper readers and their tastes, when it comes to enjoying a good news or sports story, are remarkably similar to Texas readers.

Mr. Eade's paper has an amazing circulation of almost 3,000,000 throughout the British Isles, Scotland and Ireland. Bert Haling, radio's Hometown Editor, reads items regularly from The Dispatch with favorable comment from Texas listeners.

Mr. Eade was press and radio advisor to Lord Louis Mountbatten in the Pacific Theater of War, makes frequent talks via BBC, and has just compiled the former Prime Minister Churchill's war-time speeches. His previous appearance on the Hometown Editor series was during the London Blitz, when he gave a dramatic account of publishing a newspaper under enemy fire.

Public Invited to Awarding of Navy Medals to Veterans

Monday night, October 20, 6:30 p. m. at the Hico Theatre, Navy veterans of World War II will receive their World War II Victory and American Defense Medals.

Any ex-Navy man can receive his medals at this time whether he lives in Hico or not. All men must have their original discharge papers—a photostatic copy will not be accepted.

All Navy veterans will be given medals in person. They will not be distributed through the mail, so be at the Hico Theatre Monday night, October 20, at 6:30.

The public is invited to attend and the doors open at 6:15.

The program for the night is:

6:15: Theatre doors open.

6:30: "The Pacific Fleet in Action" (Motion picture).

7:15: Presentation of Certificate of Appreciation to Mayor J. C. Barrow, by representative of the Navy Department.

7:25: Presentation of Medals to all ex-Navy men.

8:00: Regular theatre program, "Alexander's Ragtime Band."

Navy Week begins at midnight, October 20.

School Children of Texas Rank High In Bond Buying

Austin, October 14.—American children during the school year 1946-47 bought \$9,000 Savings Stamps toward the purchase of U. S. Savings Bonds. Texas school children accounted for \$538,867 worth or 2.51 per cent of the national sales of \$21,429,000 during the school term. Besides this many savings bonds were bought in direct cash sales through the schools.

Stamps of 10-cent and 25-cent denominations made up 99 per cent of the national sales and the 50-cent, one dollar and \$5 stamps the rest.

Texas ranks as one of the nation's top ten states in stamp sales. These facts and figures were announced by Dr. L. A. Woods, member of the Advisory Committee of Texas for the U. S. Savings Bonds Division.

"The story of the School Savings program in Texas cannot be told in figures alone," Dr. Woods commented. "To the dollars saved must be added other important benefits to the children whose first act of citizenship was the purchase of a U. S. Savings Stamp; to older students whose regular investment in stamps and bonds has helped assure their further education, and to the teachers who have seen their pupils build character and progress steadily toward chosen goals through these practical lessons in thrift, linked with the study of arithmetic, civics and home economics."

"The statistics are a yardstick to measure progress in the school savings program, sponsored by the Treasury Department, to promote understanding of the national and personal reasons for savings in peace-time as well as in war. Progress has been remarkable and to congratulate the schools of this state for being in the vanguard of it."

Booklets Explain Opportunities For Small Businesses

Some forty booklets on establishing and operating various types of small businesses are available at a nominal charge by the U. S. Department of Commerce field offices. Ray L. Miller, Dallas regional director, announced.

These booklets, formerly available only to servicemen and women through the Armed Forces Institute, offer basic information and counsel. They were prepared to answer the evident need of sound and useful information in order to further the chances of success of those going into business for themselves.

"The manuals contain no magic formula for success," Mr. Miller states, "but do suggest practical standards by which the interested reader can measure his qualifications and prospects as well as gain some understanding of the operating problems involved."

"These booklets are also of value to the proprietor of an established small business for checking his own operating and management procedures and for possible new ideas," Mr. Miller said.

A list of the series' titles is now available at the offices of the Department located in Room 602, 1114 Commerce St.

SINGING AT LITTLEVILLE

"Please invite everybody to attend our Hamilton County Singing," reads a note from Ollie McDermitt of Hamilton.

The affair is to be held at the Littleville Baptist Church next Sunday, October 19.

Named to Head March of Dimes

George D. Wilson

Appointment of George D. Wilson, Houston businessman and civic leader, as Texas State Chairman for the 1948 March of Dimes was announced today by Basil O'Connor, president of the National Foundation for Infantile Paralysis.

The 1948 campaign to be held Jan. 15-30, will mark the tenth anniversary of the National Foundation, established by Franklin D. Roosevelt to "lead, direct and unify" the fight against infantile paralysis. The March of Dimes each January is the sole support of the National Foundation.

Mr. Wilson formerly headed the trustees of the University of Houston, the Houston Board of Education and the Junior Chamber of Commerce. He has been active in the American Red Cross and served on the Presiding Bishop's Committee on Laymen's Work of the Protestant Episcopal Church. He was 1947 March of Dimes chairman for Texas.

In announcing that Mr. Wilson had accepted the state chairmanship, Mr. O'Connor revealed that since 1943 infantile paralysis has taken a tragic toll, with more than 72,000 Americans having been stricken.

"Thousands," he warned, "continue to face a long fight for recovery. This summer, fortunately, we had a 'breathing spell' as polio incidence nationally did not approach the awful total of 1946."

"The cost of the 1946 epidemic alone will run to some \$30,000,000, without taking into account the large sums necessary to care for those stricken this summer. We do not know what 1948 may bring, but we must be prepared."

Erath H. D. Council Sponsoring Antique And Hobby Show

The Erath County Home Demonstration Council is sponsoring an Antique and Hobby Show combined with a Silver Tea October 23, 1947, at the City Recreation Hall in Stephenville. Calling hours are between 3:00 and 5:00 p. m.

The public is invited to attend. A special invitation is extended to any individual who would like to set up an exhibit in this show. The show will carry hobbies of women outside the Home Demonstration groups and to women in other counties. Also, hobbies of men and children will be on display. All exhibits are to be set up by 1:00 p. m.

Also, a special exhibit of wedding gowns, bathing suits, hats, and shoes will be set up. These will be arranged in order of age—the oldest up to the present date. Any person who has one of the above, whether a Home Demonstration Club member or not, is invited to help with the exhibit. Contact Mrs. John G. Gollylight, Route 7, Hico, Texas, General Chairman of the show.

Early Morning Fire At Produce Building Causes Heavy Loss

Fire discovered about 2:30 last Sunday morning at the Rhodes Produce threatened the entire business district until brought under control after valiant efforts on the part of Hico firemen, assisted by firemen from Hamilton.

The blaze, apparently originating at the side door of the two-story brick structure, "went through the building like a powder-house," according to G. C. Rhodes, manager of the business, who with his family occupied living quarters therein.

Mr. and Mrs. Rhodes, their daughter and little grandson, barely escaped to safety after the latter were awakened and made their way to an exit. Only scanty wearing apparel and small items of household furnishings were saved. Mrs. Rhodes grabbed a small sum of money from the drawer in which the ice funds were kept, but most everything else was a total loss.

The building, owned by Fort Worth Poultry & Egg Co., and used in former years for picking turkeys and for a large produce packing center, was thoroughly gutted and unroofed, with only the bare walls left standing. Some insurance on the building was reported, but Mr. Rhodes said that no insurance was carried on his property.

Firemen said this was one of the worst fires to fight, and the most threatening of their experience. Sparks and embers rose high into the air and floated over other parts of the business and residence sections. Vigilance of firemen prevented spreading of the flames.

Hamilton Sends Firemen

At a period when the fire seemed to threaten disaster to the town, a call was put in to the Hamilton Fire Department for help. Many from the county seat responded, making a quick run here with their equipment to lend what aid they could, but fortunately the blaze was well under control by the time of their arrival.

In recognition of the assistance and neighborliness of the visiting firemen the following letter went out this week:

Hico, Tex., Oct. 14, 1947.

Hamilton Fire Department

Hamilton, Texas

Dear Fellow Firemen:

We wish to take this opportunity to express our appreciation for your splendid and speedy cooperation last Saturday night.

If at any time we can be of help to you on such an occasion, or at any time, feel free to call on us and we will be most happy to come to your assistance.

Sincerely,

ROBERT L. DODD, Sec.

Hico Volunteer Fire Dept.

Neighbors Help Family

Mr. Rhodes reported Thursday that assistance given him and his family had been more than anyone could have expected from neighbors, under such circumstances. They are occupying an apartment in the Russell Hotel, and with the many kind contributions from the public in general are now able to resume housekeeping and replace some of their loss.

Sam Looney made a round of the business section and made up a sum which added to voluntary subscriptions, had reached an amount of nearly \$300.00 late Wednesday, with funds still coming in.

Hico Boy Scouts canvassed the residence section and collected gifts of clothing, food and other necessities which they have delivered to the family.

Almost everyone in Hico and many from neighboring towns have pitched in to help the family in their hour of misfortune, and Mr. Rhodes declared that they were unable to even start to express their appreciation at this time for this neighborliness and thoughtfulness. He said he and his folks would try to give some idea of their appreciation in a letter of thanks in next week's issue of the News Review.

BASEBALL'S GREAT... Ty Cobb, Detroit; Babe Ruth, Yankees, and Ernie Speaker, Cleveland Indians as they met at Yankee stadium, New York City, and played part of exhibition game for the entertainment of the fans. Thousands packed the stadium to see and honor this group of all-time greats.

FARM YOUTH LEADERS... Officers of National Junior Vegetable Growers Association, each a winner of A & P agricultural scholarship award, meet at Cleveland, to discuss organization's production and market study plan for new year. Officers, left to right: George Gentsch, Wellsville, N. Y., executive committee; Norman Oebker, Avon, O., vice president; Jim Spell, Columbia, Minn., president; Jay Rogalla, White Bear Lake, Minn., and Robert Muewing, Kendallville, Ind.

World's most economical engine for its size is Chevrolet's famous VALVE-IN-HEAD TRUCK ENGINE!

CAB THAT "BREATHES"! Fresh air (heated in cold weather) is drawn in, and used air is forced out!

New FRAMES carry greater loads for a longer time! LONGER WHEELBASES give better load distribution!

New cab has 12 inches MORE FOOT ROOM—5 inches MORE SEATING SPACE!

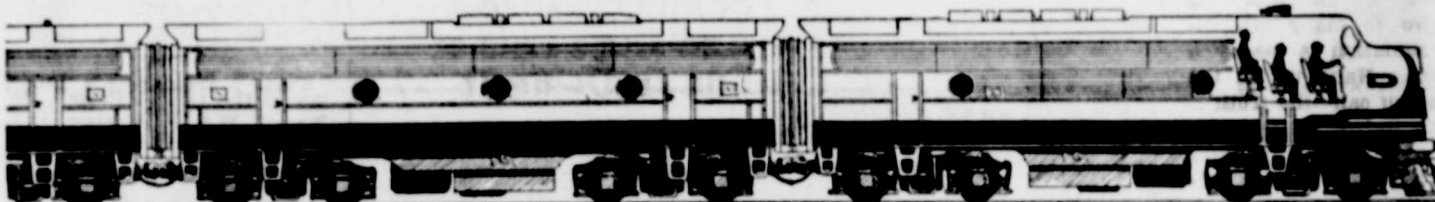

Chevrolet truck BRAKES are exclusively designed for greater brake lining contact.

Here they are—the modern trucks—the first with ADVANCE DESIGN! Truck users agree they're miles beyond all others for outright value! Be sure to see the cab that "breathes"—that "inhales" fresh air and "exhales" used air.* And try counting all the remarkable new features and innovations in these newest-of-all trucks. See them at our showroom!

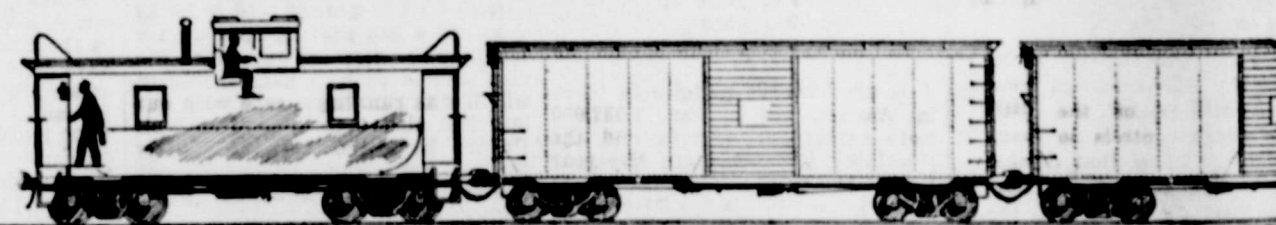

*Fresh-air heating and ventilating system optional at extra cost.

Advance-Design **CHEVROLET TRUCKS** with the Cab that "Breathes!"
FOR TRANSPORTATION UNLIMITED

GOLIGHTLY CHEVROLET COMPANY
HAMILTON, TEXAS

HERE IS A 4-UNIT DIESEL FREIGHT LOCOMOTIVE NOW OPERATED BY 2 MEN (1 ENGINEER AND 1 FIREMAN!)

2 BRAKEMEN AND 1 CONDUCTOR COMPLETE THE CREW OF THIS TRAIN [One brakeman usually rides in the locomotive in freight service]

—BUT THE UNION LEADERS WANT 15 EXTRA "SITTERS" ON THIS TRAIN . . . 3 ENGINEERS, 3 FIREMEN, 6 BRAKEMEN AND 3 CONDUCTORS . . . TO GO ALONG FOR THE RIDE AT FULL PAY!

It's to your interest to know about this proposed
feather-bedding!

For sheer feather-bedding, this mock work proposal takes the cake. But it is only one of 44 "rules" demands filed by the leaders of the operating unions. If all these demands were granted, they would cost the railroads an added **BILLION DOLLARS A YEAR.**

Increased Wages, Too

On top of these "rules" changes, the leaders of the operating unions have filed an additional demand for a wage increase of over 30 per cent. If granted, this would be an added cost to the railroads of \$400,000,000 a year.

\$468,000,000 To Non-Operating Employees

In addition to this, an Arbitration Board has just granted a wage increase of 15½ cents an hour to the million employees represented by the 17 non-operating unions. This will cost the railroads \$468,000,000 a year.

Where Will The Money Come From?

Where will all the money come from to pay these increases? They total several times as much as the railroads made in 1946 or will make in 1947.

In July, the railroads filed an application for increased freight rates to close the gap which then existed between wage and material costs, and railroad revenues. Since then it has been necessary, because of further increases in wages and material costs, to supplement that petition and to ask for an additional freight rate

increase. No other course is open.

Railroads Do Not Run For Employees Alone

Railroads are operated for the benefit of not one, but several groups—shippers, passengers, employees, stockholders, and the general public. The interest of all must be served—and that cannot be done unless the railroads can operate efficiently and economically, and unless they are allowed to earn sufficient revenue to provide the kind of transportation service this country MUST HAVE.

From where I sit ... by Joe Marsh

"Take Pen in Hand"

This column has been running for so long that its readers, in towns like ours all over the country, are beginning to "take pen in hand" and write us what they think.

Some of them take me over the coals for what I say—like the column I ran on planting alfalfa. Others write, "I liked your column yesterday, but..." All of them have different points of view.

From where I sit, that's the way it should be. Everybody's entitled to an opinion—and it's those very differences, and friendly criticism,

that make for tolerance and better understanding—whether it's ideas on planting alfalfa or choosing between beer and cider.

The more folks air their differences right out in public, with a neighborly respect for the other person's liberties and point of view, the closer we are to the American principle of individual freedom—whether it's in a choice of crops or beverages.

SENIOR NEWS

The Seniors elected Jean Gilbert and Billy Ray Ables as their candidates for Queen and King for the School Halloween Carnival.

We are sorry Royce Grimes got his arm broken in the football game last Friday night at Comanche. Really, we don't see how he could have a football team without Royce. He is a grand player and besides that, he is a Senior.

We are sorry to lose Bettie Meador and Hertha Howerton from our class.

Everybody is studying for Six Weeks Tests which are being held this week.

JUNIOR NEWS

We elected Charles Gollightly and Mildred Ellis for our King and Queen. We have a lot of competition with grade school in the race, so come on Juniors and start those pennies rolling.

We're sorry Royce Grimes got his arm broken in the game Friday night.

SOPHOMORE NEWS

The football boys enjoyed the football game they attended Saturday. It was between Baylor University and Arkansas. I'm sure they would have enjoyed it more if the girls could have gone.

This is the week that we were all dreading, and still are, but we hope our teachers will take pity. The exams weren't posted at the first of the week, but that came soon enough for us.

FRESHMAN NEWS

Last week we elected Nell Dunn as our choice for Carnival Queen, and Bobby Jack Rainwater as her King. We are hoping that the penny votes will pile up in favor of our candidates because we think we have the best nominees for king and queen, and because we are anxious to do a big share in raising the money to contribute to the athletic and library funds. Freshmen, don't forget to bring some knick-knacks from home to contribute as prizes for the various contests. Those prizes are as important as the games and contests themselves.

SPORTS

Friday night the Tigers were defeated by a good fast Comanche team 46-0. The Indians started fast by scoring on the first play from scrimmage. They scored two more touchdowns in the first half and at the half the score was 13-0.

Royce Grimes, our big left tackle, broke his left arm in the second quarter and played the rest of the game without knowing he had broken it. He will be out the rest of the season and we sure will miss him in that tackle position.

In the final half the Indians rolled to four more touchdowns and the final score was 46-0. The Tigers played good football but were no match for the Indians.

However, October 17 we play at Dublin and all the boys want to win this one. So all you folks go to see this one if you want to see a good game.

Saturday morning about 14 of the football boys went with the Boy Scouts to see the Arkansas-Baylor game at Waco. It was a very good game from start to finish, with Baylor winning 17-9.

BAND

We have played at all the football games in the past weeks, and are going to play at the game Friday night.

If you have been seeing new members of the band, just remember we need more.

HALLOWEEN CARNIVAL

It is already fairly well known there's going to be a Halloween Carnival here at the Gymnasium, Friday, October 31st. The money received will go to the athletic fund, and to the high school and elementary grades' libraries, all of which are in need of additional funds.

There are going to be games of all kinds, and side shows; and of course, lots of spooks. That night a king and a queen will also be crowned. Each class both in high school and elementary grades have chosen two of their members as candidates for king and queen. Now they will be voted on by one-cent votes. You will find jars labelled for the various pairs of candidates placed downtown and at the school building. So come on everybody and stand behind your candidate and work to see if the two representatives of your class can be elected. Then when the votes are counted, the pair having the most votes will be crowned. These candidates are:

Senior Class: Jeane Gilbert and Billy Ray Ables.

Junior Class: Mildred Ellis and Charles Gollightly.

Sophomore Class: Mary Moore and Lester Simpson.

Freshman Class: Nell Dunn and Bobby Jack Rainwater.

Eighth Grade: Louise Leeth and Billy Loden.

Seventh Grade: Shirley Prater and Willis Turner.

Sixth Grade: Peggy Goodloe and P. H. Bruner.

Fifth Grade: Peggy Warren and Donald Moore.

Fourth Grade: Joyce Ray Lowe and Robert Earl Barnett.

Third Grade: Marguerite Watkins and Bud Teague.

Second Grade: Regina Ellis and Joe Knight.

First Grade: Kendall Hamrick and Archie Allison.

There is a great need for articles of various kinds to be used in the grab bag and the fishing pond and as prizes for the various contests. Everyone has at home at least one object he'd like to get rid of but has always hesitated because it might prove useful to someone. Do the school a favor by notifying some student who will pick up the article and turn it over to the carnival committee. Help us make our carnival a success. Your money will be spent for a good cause—building the minds and bodies of our school students.

WORM'S EYE VIEW

Nillwonnawlin is jealous because he has found someone with prettier eyes than his. Nilly's eyes used to be blue, but now they have turned green.

The other day he saw Donald Davis. Now Donald has the prettiest eyes of anyone in school, because Nilly's eyes have turned

green. If you would like to know more about Donald—other than that he is a very nice, good looking, pleasant acting boy—you are hereby directed to Lois Grey.

CRYSTAL BALL

I will jump on my flying carpet and go down town and see what's going on.

Saturday night I see Joan Gollightly and Ray Keller; Mary Moore and Odell Terry; James Leeth and Dolores Robinson; Mary Nell Battershell and Harold Norrod; Mildred Ellis and Charles Gollightly; Mary Sheridan and Joe M.; Jeanette Dowdy and Pete P.; Betty Jo Hefner and Bobby Ogile; Dinky M. and Doyle Nix, all at the show.

I also see Joan Malone and Ray Johnson together Saturday night.

Jimmie Barnett, who were you with? And oh, yes, Joan, where is that cowboy?

Now I see Donald Davis, Lois Grey, Frances M. and Benny Collins having a good time Friday night at the game.

Well, who is this I see now? Jeane Gilbert in Stephenville with George "Somebody."

Now here's Jean Caughey in that convertible again.

Loretta Funk and Mary Sheridan were having a good time Friday night with some Comanche boys.

I see Flossie Bolton inviting some doys down to see Hico.

Saturday night I also see Bulldog Hill and Doris Herrin. With them were two more couples, but my vision is fading and I can only see the girls. Betty Land and Jo Nell Caughey.

Students Urged
To Take Good Care
Of Security CardsR. R. Tuley, Jr., manager of the
social security field office for this
area, has offered some good ad-
vice to the students of the Hico
schools possessing a social securi-
ty account number card to take
good care of that card now that
school days are here again.He says, "Your number identi-
fies your old-age and survivors
insurance account, that you are
the only one in the world with the
number assigned to you and that
you should use this same number
for the rest of your life. Should
you lose your card, request your
nearest field office to issue you a
duplicate card.""Never," Tuley cautions, "get a
new number."He also pointed out that many
students are perhaps fully insured
at the present time under the Fed-
eral insurance plan without real-
izing it. This means that in the
event of an untimely death sur-
vivors insurance might be paid on
the basis of past work in insured
employment. Generally, persons
of high school or college ages who
have been paid \$50.00 or more in
at least six calendar quarters are
fully insured.Anyone in this county desiring
further information concerning his
Federal insurance should write to
the Social Security Administration,
605 Medical Arts Building, WacoThree generators, two alternating
current and one direct current, a
Diesel 30-ton locomotive, a fur-
nace and limited number of other
items are offered to priority groups
including World War II veterans,
until October 25, through the WAA
at Grand Prairie, Texas.

Dale Carnegie

"HOW TO WIN FRIENDS and INFLUENCE PEOPLE"

IT PAYS TO REMEMBER ALL NAMES IN BUSINESS

HERE'S how one of the readers of this column advanced
himself by remembering a man's name. This reader is
Riley C. Hoag, Seattle, Wash.He joined a chain store as a commission salesman in the
hardware department. He wanted to make good in his new
position.

D. Carnegie

One day a well-dressed man came in and Mr.
Hoag advanced to meet him. The man selected
a number of things in the department, but when
the time came to pay the man said he did not
have a blank check.Mr. Hoag went upstairs and procured a
"counter check" and brought it down to the
man. The man studied it a moment, asked Mr.
Hoag to fill in the amount, and then the man signed it. Mr.
Hoag, having gone through the whole operation, noted the
man's name which was an unusual one.Three days later the man returned and began looking
around in the department to find someone to wait on him.
Mr. Hoag saw him and advanced toward him. "Hello, Mr.
Aremam," he said. "Do you remember I waited on you
before?"The man looked pleased. "Why, you remembered my
name. I am surprised and delighted. Very few people do,
because my name is unusual."Then the man told him that he had been transferred to
Seattle and that he had purchased a new home and that he
would need quite a bit of hardware supplies."I would like to have the pleasure of waiting on you, Mr.
Aremam," said Mr. Hoag.One day Mr. Hoag went out to lunch and there in the
restaurant was Mr. Aremam. The man came over and sat down
beside Mr. Hoag. "I thought I might see you," he said.Mr. Aremam asked him how much he was making and then
some other personal questions. Then said, "I am purchasing
agent for a paper company and I would like to have you join
our organization."Then he offered Mr. Hoag \$50 a month more than he was
making.Mr. Hoag deliberated over it a time, then turned the offer
down and is still with the chain store. And he is still a friend
of Mr. Aremam.

VETERANS' QUESTION BOX

Ed. Note: This newspaper has
arranged with the Washington Bu-
reau of National Weekly News-
paper Service, 1616 Eye St. N. W.,
Washington 6, D. C., to answer
questions pertaining to servicemen
and veterans. These questions will
be answered in this column if ad-
dressed as above. No replies can
be made by mail, but this paper
will print answers to all questions
received.Q. There are several veterans in
a club we have here and there has
been considerable talk about a re-
mor that the government will pay
premiums on national service life
insurance policies. Am writing you to
know if this is a fact or not.—J.
D. Hamilton, Ohio.A. Yes it is a fact. Veterans ad-
ministration says that it will pay di-
vidends on all NSLI policies as soon
as it completes the administration
work of computing the amount due
to each veteran holding a policy. It
is possible also that premiums may
be paid on term insurance and on
lapsed policies for the time they
were in force. This is a tremendous
job for VA to complete, for at one
time or another approximately 19-
000,000 men and women in the ser-
vices held NSLI policies.Q. Another buddy and myself
have made the rounds of all the
banks in our town and it seems they
not only don't want to make GI
loans for us to buy a home, but are
requiring us to make a down pay-
ment on the home. Is it true that
the law requires us to make this
down payment?—A. L. L. Sacra-
mento, Cal.A. No, the GI law does not re-
quire a down payment for the pur-
chase of a home or a farm. As a
matter of fact, the intent of the lawis to give the veteran 100 percent
financing in the purchase of a home.
Whenever such a regulation is put
into effect it is done by the private
lender and not by the government.
Veterans administration is urging
lenders not to make down payment
a condition for the purchase of a
home.Q. I am a veteran with an honor-
able discharge and have been trying
to buy a home under the GI law. I
tried all our lenders and didn't have
much luck. Then I went to the fed-
eral housing administration. They
agreed to insure a mortgage for 80
percent of the purchase price, or the
appraised value. Now what I would
like to know is if I can get FHA to
put up 80 percent, can I get a GI
loan to cover the balance of the
loan?—F. X. F. Marrero, Louisiana.A. Insofar as veterans administra-
tion is concerned the answer is yes
because they will guarantee a sec-
ondary mortgage for the balance of
the loan just so long as the second-
ary loan does not exceed 20 percent
of the purchase price.Q. I would appreciate any infor-
mation you could give me about my
brother. We last heard from him
in Sept. 1945. He was in England
then and wrote that he had re-
enlisted. We wrote but never re-
ceived an answer. His serial number
was 32177383 and his address was
832nd Bomb Squadron, 486th Bomb
Group, APO 558, New York.—Mrs.
M. V. Louisville, Ky.A. The department of the army
says that the last available address
they have of your brother was the
address you have given. Suggest
that you write to the commanding
officer or the chaplain of your
brother's outfit for word concerning
him.

The KNOTHOLE

NWNS Sports Writer

DID YOU KNOW that softball,
largely developed in the depres-
sion years now has more players and
draws more spectators than any
other sport in the world.....that the ski is man's oldest
means of snow traveling but that it
was not until about 1904 that it be-
came recognized as a sport in the
United States.

Ty Cobb

....that Ty Cobb, champ batsman
and outfield star
was the first player
to be named to base-
ball's hall of fame.....that the longest fight took place
in 1893 between Jack Burke and
Andy Bowen. The fight lasted 110
rounds—7 hours 19 minutes. Referee
called it "no contest."....that lawn tennis, born in 1873,
was first called "spharistike."....that modern Olympic games
were revived in 1896—the ancient
Olympics dated from 776 B. C.....that basketball was the father
of volleyball. The game was origi-
nated in 1895, just four years after
basketball was born. Inventor of
volley ball was another Y.M.C.A.
physical director, William G. Mor-
gan, Holyoke, Mass.....that Americans are the great-
est rifle shots in the world as proved
in nearly every contest held—let
alone the records of the last two
world wars.....that King Charles II of Eng-
land fostered archery as a sport in
1676.

J. W. Pittman and wife visited his sister, Mrs. Hattie Davis, Wednesday afternoon.

Mr. and Mrs. Jim Alexander of Stephenville visited Sunday with Mr. and Mrs. J. A. Hendricks and Mr. and Mrs. J. H. Hicks.

Norman Cunningham, who has been helping Bill Leeth move some houses in and around Valley Mills, came home last week end for a short visit.

Mrs. Milt Wallace of Wharton came in last Wednesday for a visit here in the homes of her sisters, Mrs. Wallace Ratliff and Mrs. A. B. Roberson.

Mrs. T. A. Randalls and Mrs. Louise Angell and son, Lloyd, spent the week end in Denton where they visited with Miss Dale Randalls and Miss Frances Angell, both students at TSCW.

Mrs. Ida Tunnell of Fort Worth, who had been visiting here for ten days in the home of her sisters, Mrs. Annie Anderson and Miss Nettie Wieser, left Wednesday for her home.

A little son, Lynn Wade, was born to Mr. and Mrs. Jack Malone on October 4, in the Hico Hospital. Grandparents are Mr. and Mrs. W. M. Malone and Mrs. Winnie Smiley.

"We enjoy the paper very much each week and still hope to eventually locate in or near Hico," says a note from Mr. and Mrs. G. A. Lancaster in changing their address to 3021 Martin Lane, East-side Acres, Dallas 10, Texas. The Lancasters were recently in Hico prospecting.

OCTOBER...

Is a good month to be getting your Christmas Photos ready while we have more time.

THE
WISEMAN
STUDIO
HICO, TEXAS

Mrs. A. M. Corbett was called to Graham Saturday by the illness of her mother.

Mr. and Mrs. E. J. Webb and Billy of Westaco and Mrs. Nelda Glover of Stephenville were visitors in Hico the past week.

Mrs. George Apashion of National City, Calif., arrived Thursday for a visit here with her aunt, Mrs. J. N. Russell, and Mr. Russell.

Mrs. A. A. Vickrey left last Friday for San Angelo where she will visit in the home of her daughter, Mrs. James Ross, and family.

Miss Lois Davis and J. C. Davis, wife and baby son returned to Fort Worth Sunday afternoon, after spending the week end visiting their parents, Mr. and Mrs. Henry Davis at Hico and their brother, Roy Davis, and family near Hamilton.

Dinner guests Sunday in the home of Mr. and Mrs. A. L. Haught were Mr. and Mrs. Lee Coker and two children, Bingham, N. Mex.; Sgt. Jerry Schaeffer and son, Don, Hamilton Field, Calif.; Mrs. Annie Turner, Dallas; Mrs. Cora Bryan, Anton; J. N. Jackson, Fort Worth, and Mr. and Mrs. S. F. Honeycutt of Cleburne.

Mrs. J. R. McMillan and Mrs. B. F. Williams were in Denton Sunday to visit Mrs. McMillan's new granddaughter, Mary Kathleen Snider, born to Mr. and Mrs. Roy Snider on October 7. The mother is the former Pansy McMillan of Hico. Mrs. Williams remained for a longer visit in the Snider home.

Mrs. W. B. Hines of Corpus Christi is spending two weeks in the home of her parents, Mr. and Mrs. J. P. Owen. Other visitors in the Owen home have been Mr. and Mrs. L. H. Whorton of Donna, Texas, who spent the day with them Sunday after having attended the State Fair at Dallas and visited with Mrs. Whorton's sister.

Mr. and Mrs. H. L. Talley and young daughter, Charlotte Ray, of Lake Charles, La., visited several days last week in Hico, Stephenville, and Iredell. Mrs. Talley is a granddaughter of the late Mrs. Willie Platt, and has visited in Hico at various times. Mr. Talley also formerly had relatives living here.

W. C. Watkins, whose left arm, elbow and wrist were badly injured several weeks ago in a car accident near Iredell, was in Fort Worth Thursday for a periodic check-up. The injury has healed almost miraculously, he said, and he hoped to have the screws into the bone removed on this visit. While it's expected to be some time before he can regain normal use of the arm and hand, Mr. Watkins said he was about ready to go back to work of some kind.

This Week in WASHINGTON

WHILE President Truman's Citizens Food committee went ahead full tilt to achieve a goal of saving 100 million bushels of grain through an "eat less, waste less" program of voluntary rationing by the American people there was considerable pessimism over success of the plan.

Such men as Leon Henderson, former war production chief; Wilcox Wyatt, former housing expediter, and Franklin D. Roosevelt Jr., all top officials of the American for Democratic Action organization, while declaring the President had eloquently described the crisis in Europe and the need for food, said the proposals of voluntary action fall tragically short of the demands of a world crisis.

The organization is urging an immediate session of congress and declares "the American people, if they are informed of the full facts, will accept whatever controls are needed to preserve domestic stability and arm the democratic peoples of Europe with food and fuel in their battle for survival."

Other observers term the plan merely a postponement of the re-institution of rationing and controls and say that the need in Europe calls for drastic and immediate relief in food and money to collapse of democratic government is to be prevented in France and Italy, which would mean that Russia's Communism would take over those nations.

Economists have declared that the federal government should immediately be given the power to crack down on speculation and profiteering in food and other commodities, particularly in grains, on the grain exchanges in the country, and that no one should be permitted to extract huge profit, through increased prices, out of the needs of starving people or the sacrifice of American families to provide those needs.

Farmers' income is staying well ahead of outgo, according to the September release of the bureau of agricultural economics. The report shows that the sharp increases in prices for meat animals, dairy and poultry products and grains lifted the index of prices received by farmers to a new high of 288 per cent of the 1909-1914 average. The increase was 4 per cent over August, the

sharpest monthly rise since last March.

The index on September was 18 per cent above a year ago and 22 per cent higher than the post World War I high of 235 in May 1920.

At the same time prices paid by farmers, including interest and taxes, rose about 1 per cent and established a new all-time high of 237, which was 18 per cent above a year ago and 17 per cent above the peak of 202 reached in 1920 after World War I. So the farmer, according to these figures, has a profit of 49 per cent of the 1909-14 average.

SENATOR TAFT, observers here point out, is wrong on one premise which he stressed on his western tour. He has charged the administration of President Truman with responsibility for high prices. As a matter of fact, it was a majority of Republicans aided by a minority of Democrats who wrote the price control laws of the 70th congress and did away with OPA controls.

So Senator Taft could very well charge the Democratic party with responsibility, but certainly not the President, who did everything possible to prevent liquidation of OPA. For it was Democrats, southern Democrats, who helped the GOP kill off OPA.

Senator Taft might use the same argument on the Taft-Hartley labor law and blame President Truman for its failure by faulty administration. If it does not work out—and take credit for it if it does work out. But it was those same southern Democratic senators who provided the necessary votes to pass the labor bill over the President's veto when the Republicans didn't have sufficient votes themselves.

Predictions here are that the next session of congress will have more difficulty slashing the federal budget for the 1949 fiscal year than it had in the first session. For instance, almost 80 per cent of the present federal budget of 37 billion dollars is fixed expenditures and accounts for all but about 7.6 billions of dollars which goes for general government and other expenditures. It is in this 7.6 billion, or 20 per cent, that cuts must be made.

Garden Club Met With Fine Attendance And Many Visitors

The Garden Club met at the First Christian Church Friday, October 10, at 1:30 p. m. There was a very fine attendance of regular members and also a large number of visitors.

Mrs. S. E. Blair Sr. presided in the absence of Mrs. Marvin Marshall, the president, who was ill. Mrs. John Golightly read the list of committees for the Flower and Hobby Show to be held in November.

This meeting was a Flower Clinic to prepare the Club for the Flower Show, and Mrs. R. C. Felts of San Saba, District Councilor, was the speaker. She gave a very interesting and instructive talk on the fundamentals of flower arrangements and arranged several bouquets from the flowers brought in by the members.

Mrs. Marshall asks that every club member who has chrysanthemums protect them from frost so that there will be flowers for the Flower Show.

IREDELL BOY GRADUATED AT KEESLER FIELD, MISS.

KEESLER FIELD, Miss., Oct. 7. —Cpl. Wallace A. James, son of Mrs. R. N. James, Route 2, Iredell, Texas, this week was graduated from one of the world's greatest educational programs—one of the Air Training Command's airplane mechanics training courses at Keesler Field.

The training he received in the mechanics school covered basic airplane and engine mechanic operations. The technical course extended over a period of approximately 16 weeks and included instruction in aircraft electrical systems, engine operation, fuel and oil systems, propellers, structures, instruments and basic inspection. This qualified him for additional specialized training in the maintenance of heavy bombers, cargo planes, jet and rotor aircraft.

T. U. ENROLLMENT NOW LARGEST IN ITS HISTORY

Austin, Oct. 14.—Enrollment in the University of Texas this fall totals 17,343—the highest figure in its 65-year-old history. For the same period in 1946 the enrollment was 17,108.

Veterans number 10,577, as compared with 10,839 last fall. There are 400 less freshmen than were enrolled last year.

More stringent entrance requirements for out-of-state students, the growth of the junior college movement, and the housing shortage were listed as contributing factors to decrease in freshman enrollment by Byron Shipp, registration statistician. Shipp believes post-war registration of veterans may have reached its peak.

Hico Review Club Met Last Week With Mrs. Moore

On October 19, the Review Club met in the lovely country home of Mrs. W. J. Moore.

The president, Mrs. Jackson, called the house to order and the Investigating Project Committee gave reports of estimates on the cost of building a club house. An open discussion followed, and the subject of a project remains open for the following meeting.

Mrs. Louise Bryan Angell gave a summarized history of "The Life of Jerome Kern," and selections of his music were played including, "So Long Ago," "Smoke Gets In Your Eyes," and "Why Do I Love You?"

The following members were absent: Mmes. Appleby, Bradley, Wolfe, Ross, Marshall, and Fairley. Refreshments were served to the club members and two guests present: Mrs. Bisset from Brady and Mrs. Sparks from Olin.

REPORTER.

Dallas Symphony At Tarleton Auditorium Thursday, October 30

Stephenville, Oct. 14.—Two completely different programs, one matinee and one evening, will be presented by the Dallas Symphony Orchestra in the John Tarleton auditorium October 30, under the sponsorship of the Tarleton Civic Series.

The matinee concert at 3 p. m. will include the "Classical Symphony," by Prokofiev; "Iberia," by Debussy; and Symphony No. 5, by Dvorak. Admission is one dollar.

The evening concert at 8 p. m. will include "Egmont," overture by Beethoven; "Symphony No. 6, F Major," by Beethoven; "Death by Transfiguration," by Strauss; and "The Sorcerer's Apprentice," by Dukas. Admission is two dollars.

Season tickets to all Civic Series programs may be purchased through the Tarleton Fiscal Office, or individual tickets for performances may be secured at the box office.

By
Mrs. J. O. Richardson

Threatening weather has prevailed for the past few days, and we hope to receive a much-needed rain soon.

Mrs. W. E. Goynne and Mrs. W. E. Cunningham were joint hostesses at a miscellaneous shower honoring Mrs. George Martell Stringer of Hico, recent bride, Thursday afternoon of last week from 2:30 to 4:30, at the home of her parents, Mr. and Mrs. Edd Allison. She is the former Miss Peggy Ruth Allison. The home was beautifully decorated with huge vases of neatly arranged wild sunflowers. Mrs. W. E. Goynne presided at the bride's book and also received the guests as they arrived. Mrs. Cunningham presided at the punch bowl, and was assisted by members of the family in serving delicious fruit punch and cookies to the guests as each arrived. After all were served, each guest offered a bit of advice to the bride. Next a tray of folded slips of paper was passed to each guest, with a request that none be unfolded until each had received one. Then the guests were asked to unfold each, which were found to be blank with the exception of one held by Mrs. Arnold Gleason, which contained a request that she select four of the guests to sing a quartet. For this she chose Mrs. O. J. Clark, Mrs. Walter Abel, Mrs. J. O. Richardson and Miss Mary Alice Jackson, who sang "Kneel At the Cross" with Mrs. Richardson as pianist. The gifts were then brought in and arranged around the coffee table and Mrs. Stringer was given a pair of scissors. She carefully unwrapped each gift and after inspection they were passed to each of the guests. She received many nice and useful gifts, for which she expressed thanks to the donors present. Those present for the occasion were the honoree, Mrs. Stringer, and Misses John Abel, Walter Abel, O. J. Clark, Bert Gleason, Arnold Gleason, J. J. Jones, Olin Wren, O. E. Whitson, Roy Blakley, Bill Lackey, C. A. Brunson, Cliff Tin-

kle, Carl Ray Sellers, J. O. Richardson, Edwin Selheimer, Paul Hutton, Gran Willford, Brittle Little, Sammie Harper, M. E. Parker, H. S. Pitts, Emma Lackey, J. T. Jackson and daughter, Miss Mary Alice, E. C. Allison Jr., Edd Allison, Woodrow Wolfe, Maud Whitson, and Tommie Harper. Those who were unable to attend but sent gifts were Misses. Olan Columbus, H. O. Richardson, C. W. Brunson, E. M. Hoover, Wallace Edwards, W. M. Horsley, Buster Glenn, Bert Bertelson, Jerry Todd, Dewey Massengale, Benn Cunningham, Fred Rainwater, Miss Doris Streater, Mrs. Nettie Meador and Mrs. Griggs, and gifts are still coming in as this goes in for print. When the hour of departure came each departed with an expression of having enjoyed the occasion very much.

Mrs. Myrtle Luskie and two children of Fort Worth have been visiting in the home of her parents, Mr. and Mrs. Olga Duncan. Another daughter, Mrs. Sid McKandies, and family of Fort Worth visited with her parents during the week end.

Mr. and Mrs. Billie D. Blakley and baby of Dallas visited several days recently with their parents, Mr. and Mrs. J. E. Blakley, and family.

Pfc. Bobby Todd was in attendance at the skating rink Tuesday night of last week. He was here on furlough for a visit with his parents, Mr. and Mrs. Jerry Todd. We understand he is stationed in Colorado and expects to go across in the near future.

Mrs. Mollie Tinkle and daughter and family, Mr. and Mrs. J. C. West, and Mrs. Allen Elens, Sr., a friend of the Tinkles, all of Corsicana, returned home Thursday of last week after several days' visit in the home of their son and brother, Mr. and Mrs. Cliff Tinkle.

Mr. and Mrs. Harlon Guinn of Fort Worth visited over the week end here with her parents, Mr. and Mrs. Grady Anderson, and Virginia, and with his parents and other relatives. He is now employed at Consolidated.

Mr. and Mrs. Vernon Moore have moved to Mrs. Ogles place, and C. C. Parks is making arrangements to have his tenant house (vacated by the Moores) remodeled by removing the shedroom portion and adding two larger rooms and re-roofing all with a modern bungalow roof, which will add much in appearance and convenience to the dwelling.

Mrs. Vera Campbell of Fort Worth, but visiting her parents, Mr. and Mrs. Forest Kavanaugh of the Sunshine community, visited with Mrs. Scott Blakley one day last week. We learn that she and her husband have purchased her parents' home, but haven't learned whether or not they will move to the farm.

Mrs. Scott Blakley received quite a scare Friday night of last week, when she stepped out to their well for water. (Since improvements are incomplete and their house has not been piped for water). She heard what she thought was the rattle of a snake, but having only heard one once or twice before, wasn't sure, so threw the flashlight toward the sound and saw a large rattlesnake. She called for help. Morton Jameson, who was staying in the home, ran to aid her, while Mr. Blakley secured the gun and followed, but Morton had killed the reptile by the time Mr. Blakley arrived. It would be wise for all to be careful and keep on the watch, as snakes are traveling back to the mountains at this time of year and just now most small streams are dry and they are seeking water also.

Our postmaster, W. E. Goynne, who has been under treatment of doctors for the past few months, is spending a few days in the Hico Hospital at this writing, for a more thorough check-up. We hope he will soon be fully recovered.

Mr. and Mrs. Pete Mobley and Miss Florence Land of Tulsa, Oklahoma, visited Mr. and Mrs. H. G. Land and Trula Jean last week.

Mr. and Mrs. Jesse Reeves of Carlisle were guests of Mr. and Mrs. Truett Jones Sunday night.

our voice is constantly changing

A telephone company's "voice" changes in somewhat the same way as that of a teen-age boy. But unlike the teenager, our voice is constantly changing. With the installation of new telephones, our voice becomes richer, fuller, and covers a wider range. Through our expansion program, we hope that before long our voice will make its greatest change—the satisfying sound of telephone service for everyone who wants it.

IREDELL ITEMS

by Miss Stella Jones, Local Correspondent

Mrs. A. N. Pike and Mrs. Burns spent Wednesday in Cleburne.

Mr. Conner of Cleburne visited his daughter, Mrs. Burns, this week.

Mr. and Mrs. Finis Davis, Mr. and Mrs. Thomas Milam, and Edward Dunlap of Sanatorium, Mr. and Mrs. Benton Dunlap and son of San Angelo, and Arthur Dunlap of Waco spent the past Sunday with their parents, Mr. and Mrs. Ed Dunlap.

Rex Mitchell went to Wichita Falls Thursday to see the young son of his brother, Roi, and wife.

Mrs. Oza Smith of Walnut Springs visited her parents, Mr. and Mrs. Bowman, Wednesday.

Mrs. Hugh Harris left Thursday for San Antonio, where she visited her daughter, Mrs. Billy Echols.

Mrs. Loughlin spent the week in Dallas with her son, Mino, and family.

Mr. and Mrs. Joe Powers of Fort Worth spent a few days here with her parents, Mr. and Mrs. T. M. Davis.

Mr. and Mrs. Claude Mitchell and children of Meridian spent the week end with his parents.

Mr. and Mrs. Jack Noel and children of Dublin spent Friday and part of Saturday with her mother, Mrs. Gosdin.

Mrs. A. F. Polnack of Walnut Springs visited Mrs. R. D. Ford this week.

John Davis Jr. of Meridian spent the week end at home.

Mr. and Mrs. S. J. Owens of Fort Worth are visiting their son, T. P. Owens, and family.

Pet. Rufus Williamson of Barksdale Field, Louisiana, spent the week end with his parents, Mr. and Mrs. R. J. Williamson. He was accompanied by Norman Keene, one of his buddies.

Mr. and Mrs. Willard Hudson were in Waco Wednesday.

Mrs. Frank Bates has returned from Waco, where she took treatment.

Mr. and Mrs. O. M. Wilkerson and son of Cisco spent the week end with her mother, Mrs. Kraemer.

Miss Norma Ruth Grimes, who works in Waco, spent the week end at home.

Mr. and Mrs. Word Main and their son, John, and wife spent Monday at the Dallas Fair.

Mr. and Mrs. Hoover Pylant of San Antonio are visiting his parents.

Rev. and Mrs. Tidwell and son of Brownwood visited his parents, Mr. and Mrs. C. L. Tidwell, and other relatives on Saturday afternoon.

Mr. Hickok of Walnut Springs visited his sister, Mrs. Word Main, this week.

When I was in Hico last week I had the pleasure of going through the funeral home owned by Mr. and Mrs. Charles L. Rounsaville. The place is very home-like where the funerals are held and it certainly is a beautiful place. The owner of the home is very courteous to all. I enjoyed going there.

Mrs. Sowell of near Hico spent the week end with Mrs. Franklin. Mrs. Patterson left Sunday for Dallas to visit her daughter, Mrs. Wingren, and family.

Rev. Marvin Tidwell will preach at the morning hour at the Methodist Church here next Sunday, October 19. Murph, as he is called by all, was born here and most of his life has been spent here. All come out and hear him. He said his message would be a plain message to all, so all come Sunday morning, October 19.

Miss Mittie Gordon is visiting relatives in Fort Worth and Denton.

Mr. R. J. Phillips, who has been in the Stephenville Hospital for some time, was operated on Saturday. It is hoped he will soon be well again.

Mr. and Mrs. Nicholson of Meridian and Mr. and Mrs. T. M. Tidwell visited in Gatesville Sunday.

Mr. and Mrs. Fred McIlhenny and daughter of Meridian spent Sunday with his sister, Mrs. W. W. Oldham.

Mr. and Mrs. Oby Carter and his mother, all of Cleburne, spent the week end with relatives.

Mr. and Mrs. Avery Jackson and family of Fort Worth spent Sunday with his parents, Mr. and Mrs. E. A. Jackson.

A. C. McAden, who works in Waco, spent the past week end with his parents.

Mr. and Mrs. McDougal and children of West Texas spent the week end here.

Mrs. Martin and Mrs. Linton of Duffan visited Mr. and Mrs. T. M. Tidwell Friday.

Mr. and Mrs. C. L. Tidwell accompanied their son, Rev. D. D. Tidwell, and wife and baby to their home in Brownwood and spent the week end.

Mr. and Mrs. T. M. Tidwell visited in the home of Mr. and Mrs. Charlie Hendrix of Dallas on Wednesday night of last week.

Mr. and Mrs. Don Mitchell and children of Bryson spent the week end with her sister, Mrs. J. L. Davis.

Rev. Norris preached a fine sermon at the morning service. The text was from Mark 7:37, the last clause being his text: "He hath done all things well; he maketh both the deaf to hear and the dumb to speak." When Jesus was on earth he performed many miracles, and did all his work well. We as Christian people, whatever we do we should do it well. Jesus would heal the body as well as the soul. When He would be with a large crowd He would have them to eat. Whenever he multiplied the loaves and fishes. We should never let anyone go hungry. We cannot heal the deaf and dumb, but perhaps we can provide ways for them, for operations are performed so as to help them. All should do their work well in the name of Jesus Christ.

Miss Margie Joe Lineson visited in the home of Mr. and Mrs. T. M. Tidwell Thursday night.

Mr. and Mrs. J. L. Everett and daughter, Letha Ann, and a friend, Mr. Johnnie Lewis of Dallas; Mr. and Mrs. Harry Haddock and children, Harvey Lee and Barbara Ann of Waco; Mr. and Mrs. Eber McDowell of Duffan; Mr. Lewis Everett, Marie and Jimmie Hanshaw, Mrs. Mae Stephens and children Margaret Ann, Charles and Sandra Sue spent Sunday in the home of Mr. and Mrs. Elvis Lott. It was the first time Mr. Everett and all his children had been together in about eight years.

Rowe Deane Grey accompanied his mother, Mrs. Haddock, to her home in Waco.

Grid Stars Pit Manpower vs. Horsepower

"Seven iron men vs. 90 horses" . . . the forward wall inspiration. The mechanized practice session sought to discover whether the forward wall could "hold that line" out in novel fashion at the blocking sled, providing the against a Chevrolet. The Tartar line admitted they'd had a perspiration, while four attractive Tartar fans offer workout, but said they'd never faced prettier competition.

HICO GIRL NAMED ON "B" AVERAGE LIST AT TSCW

Denton, Tex., Oct. 14. — Miss Dale Randals, daughter of Mr. and Mrs. T. A. Randals of Hico has been named on the "B" average list at Texas State College for Women, on the basis of grades she received at the college last semester.

Two hundred and sixty-four girls—approximately twelve per cent of the total enrollment at the college—were included on the list.

Having a "B" average entitles a student to exemption from all regulations pertaining to class attendance, with the exception of attendance at laboratories, examinations, student teaching periods and college assemblies.

Miss Randals, a sophomore Institutional Management major, was editor of her school paper in high school and secretary of her junior class.

ANNUAL CANVASS FOR SALVATION ARMY FUNDS

W. D. Pedigo of Dallas was here last Saturday conducting the customary annual canvass for funds for the Salvation Army.

Mr. Pedigo, a veteran campaigner of twenty years experience, said he was always glad to visit Hico, and expressed thanks for the usual good response here to his cause.

Heavy Expenditures For Farm Homes Forseen In County

Farm families in Hamilton county will spend more than \$900,000 for new housing in the next three to five years, according to a forecast released by the Tile Council of America.

"As a result of high incomes during the last few years, farmers in every part of the nation are prepared to invest record amounts in new home construction and in general farm improvements," said P. H. Ortman, chairman of the Council's residential construction committee.

Pointing out that the comforts and conveniences of urban living are now available to farm families, Ortman said that new rural homes will incorporate such features as water-pressure systems, tiled bathrooms and modern kitchen facilities.

Rapid electrification of rural areas of Texas is making possible the incorporation in new homes of many labor-saving and comfort-providing devices undreamed of a generation ago, according to Ortman. Rural Electrification Administration estimates disclose that more than 55 per cent of all farms in the state now receive central station electric service. Refrigerators, electric washing machines and deep freezing plants, as well as plumbing systems, will go into many new homes as a consequence.

COMPANY OFFICIALS VISIT

O. L. Davis, local manager of Community Public Service Company, was here Wednesday to N. R. Parsons, vice-president of the company, from Port Worth, who was accompanied by Mr. Kelly of Chicago.

The gentlemen were making routine calls at company offices over this district, whose headquarters are at Clifton.

DESCRIBES HAIL STORM AT LEVELLAND LAST WEEK

In renewing her subscription to the old home paper, Mrs. Leslie Kinser had the following to say about an interesting experience:

"I am sending you a copy of the Hockley County Herald to let you see the pictures of that awful hail that fell in Levelland Wednesday of last week.

"I was in Levelland that afternoon, and had just started home. I was not out of town when it started hailing and I headed for a filling station. Before I got to it, it was hailing so hard I just had to guess where I was going. When I got to the station a car was already under the driveway so I just got up as close as I could to the car. A man ran out with a coat and a piece of ducking and I folded it and put it over my head to keep the hail from knocking me out. When it kinda slackened up, I ran inside the building.

"Well, I never saw anything like it, only last summer I was down in town when they had that other hail storm, but it wasn't as big stones as this time. It completely beat the top off of our car, but that was nothing compared to what people suffered in that area. One man told me after it was over that he had just come from Whiteface and that everything was just laying flat there.

"When I got home they were still pulling cotton, to my happy surprise. It had not even sprinkled at our place, just blew some sand. It hailed within four miles of our place.

"This is the first year we have made anything since we came out here and it just made me sick when I heard everything was gone. That was one time I was glad a fellow was so scared that he didn't know what he was saying. You can kinda tell by the paper how much damage it did, so I will stop my part of it.

"We were out such a little. It cost about \$10.00 and Leslie doing the work to put another top on our car. Some new 1947 cars were ruined.

"Best wishes and good luck to the News Review and all of our friends there."

FORMER IREDELL BANKER, H. H. S. GRADUATE, IS BANK OFFICIAL AT CHILLICOTHE

The Chillicothe Valley News of October 9, 1947, carried a news item about promotion of a young man from Iredell, from which the following is quoted:

"The First National Bank of Chillicothe has announced the following changes in its officers and directors. H. H. Simmons, who has been the active head of the bank for the past nine years, has resigned to accept the position of president of a new bank at Sweetwater. Mr. Simmons is to be succeeded by Roi C. Mitchell, formerly of Iredell, Texas, where he was associated with his brother in the banking business. He has most recently been connected with the National Banking Department as an assistant examiner with headquarters in Wichita Falls. E. M. Schur will remain with the bank in the executive capacity of vice-president and cashier and will share with Mr. Mitchell the responsibilities of conducting the affairs of the bank.

"All stock of the bank is now locally owned. Mitchell is a director, as well as an officer.

"Roi C. Mitchell is married to the former Dorothy Little of Iredell, and they have one child, James David, born October 4, 1947. They are at present residing in Wichita Falls, but plan to move to Chillicothe within the near future to make their home."

Mitchell, who is well known in and around Hico, is a graduate of Hico High School with the class of Spring, 1931.

An "accolade" in American military parlance is a scroll, signed by the President and sent to the next of kin of all persons who die while serving in the armed forces.
