Truman Presents Deficit Budget To Congress Today

CHURCHILL VISITS THE PRESIDENT

President Truman shakes hands with Prime Minister Churchill at the north portico of the White House in Washington as the visiting British statesman came to call. Churchill will entertain the president at an embassy affair.

12 Indicted, 4 No-Billed As Grand Jury Recesses Session

The county grand jury adjourned its first session of the current term of district court yesterday afternoon with the return of 12 felony indictments against 11 persons. The jury no-billed four other persons who had been charged with felony complaints and passed four cases until its next session.

Separate indictments were returned against Vencente Barrientes, 22, and Eusebio Gonzales, 21, Snyder Latin - Americans charged with the Christmas Day murder of Crecensiano Gaona, 27, also of Snyder. Gonzales has been held in the county jail continuously since his arraignment Dec. 26, pending making of bond in the amount of $2,500. Barrientes was freed on bond of $1,000 the day after their arraignment.

At the time Gaona was fatally stabbed, Gonzales was already under grand jury indictment here for aiding in a jailbreak in October, 1951.

James Woodie Caperton, about 18, Dallas, was re-indicted on two counts of burglary. He was indicted on the same charges here last April, but the indictments were later withdrawn when it was learned his name had been misspelled Carperton. He is charged with burglary of a house occupied by Davis Dornell Dec. 8, 1951, and another occupied by John Stewart Dec. 10, 1951.

Caperton is in Dallas County jail on felony charges there. He was tried for burglary in Fisher County Feb. 29.

Gladys Solomon Perkins, 32, Negro woman held now in the county jail, was indicted on a charge of theft of money from a man's person. The woman, formerly of Center, was accused of stealing a billfold containing $100 in cash and a $12 check from Willie Thompson, Houston Negro, working on a construction project here.

Three men were indicted on charges of driving motor vehicles on public thoroughfares while under influence of intoxicating liquor as repeated offenses. They are William Otis Lankford, 41, San Angelo; William Otis Roe, 32, of 2711 Avenue X; and Rosser Jackson Coker, 40, of 2808 Avenue D. The felony charge against Lankford alleged he was previously convicted of drunken driving in another county. The charge against Roe alleges previous conviction on drunken driving here last Feb. 9. Coker's charge alleges a conviction here last Aug. 25.

An indictment charging removal of mortgaged property from the county was returned against D. H. Smedley, of Aztec, N.M., formerly of Snyder, accused of removing a mortgaged car.

William (Bill) Rogers, 30, Big Spring, was indicted on a charge of stealing a 1951 Dodge sedan from the used car lot of Pollard Motor Co. in December. He is held in Big Spring on a charge of theft of a Packard car there about the same time.

Two other persons were charged with felony theft. Their names are withheld pending apprehension.

Relieved of charges were four men no-billed by the grand jury. They are Lewis Ray Ellison, 29, of Center, who had been charged with theft by bailee of a borrowed car; Walter R. Douglass, 37, Hobbs, N.M., who had been charged with theft of money; Billy Joe Griffith, about 25, Snyder, who had been charged with car theft by bailee; and Ellis Green, 22, Odessa, who had been charged with assault with a pistol.

Green was no-billed on grounds of insufficient evidence. He had been charged with assault against Leslie Riggins, Negro, Dec. 29. He pleaded guilty in county court yesterday to a charge of swindling by worthless check and was assessed a fine and ordered to redeem the check.

Third Day Is FoundInNolan County Project

Payne - Johnson & B. G. Byars of Tyler have found a third pay in the White Flat field of Northeast Nolan County and have completed the opener of that production zone and also from one of the other two petroleum sections already proven for regular production.

The operators' No. 1 G. A. Kegans found commercial production in the Bend conglomerate of the Pennsylvanian. It also had production in the Caddo lime of the Pennsylvanian.

Other wells in the White Flat area have had production in the Caddo and Ellenburger, but up to now none of the other explorations in that area had reported any production from the Bend conglomerate.

Payne - Johnson & Byars No. 1 Kegans is about 11 miles east of Sweetwater, three - fourths of a mile northwest of the nearest completed well in the White Flat field.

Locations is 286 feet from the most northerly north line and 660 feet from the most westerly east line of section 25-20-T&P.

From the Bend conglomerate is reported a calculated 24 - hour potential of 646.64 barrels of 48.7 gravity oil from the perforated section at 5,499-535 feet. That interval had been treated with 750 gallons of acid.

The flow on the completion test was through a 20-64 inch tubing choke. The potential was based on an actual six hour flow of 161.66 barrels. Flowing tubing pressure was 775 pounds. Gas - oil ratio was 1,420-1.

Total depth was 5,625 feet. Five and one-half inch casing was cemented on bottom.

From the Caddo lime, the No. 1 Kegans reported a calculated 24-[illegible] gravity oil, flowing through a 20-64th inch choke from perforations at 5,391-433 feet. That potential was based on an actual six hour flow of 180 barrels. Flowing casing pressure was 850. Gas - oil ratio was 1,490-1.

The well will go on regular production as a two - pay hole as soon as the Railroad commission grants permission for dual completion.

POTENTIAL TEST

Wheelock - Weinschel of Corsicana reported a completion and new location today in the Kelley-Snyder field six and one-half miles northwest of Snyder.

Completed was their No. 1 Eula Burt Keller, 467 feet from south and west lines of section 340-97-H&TC.

On a potential test, it flowed at a rate of 360 barrels of oil per day through a 20-64th inch choke. Tubing pressure was 225 pounds.

The reef was topped at 6,691 feet from an elevation of 2,435. Total depth was 6,855.

The new location is the No. 2 Keller, 1,400 feet from south and 467 feet from west lines of section 340-97-H&TC.

Rotary tools will be moved in at once to drill to 6,900 feet to test the Pennsylvanian.

Mystery Plane Attack Made On UN Troops

SEOUL, Jan. 9 (AP)—Military investigators today studied burned tents and bomb craters at a Korean Western Front command post where a number of U. S. soldiers were killed or wounded by an unidentified warplane yesterday.

There still was no official report as to the exact number of men killed or wounded, but it was described as "several." Nor was there any confirmation of some unofficial reports the plane or planes were Allied.

AP Correspondent George McArthur said the company commander told him, in a conversation over a faulty telephone line: "They went so fast I can't be sure what they were."

An officer said the surprised soldiers dived for cover and were unable to clearly identify the planes. The command post area behind the lines in a sheltered valley north of Yonchon was pocked by about 15 bomb craters, the officer said. It was bombed and stafed about 11 a.m. Thursday.

Sadler Doesn't Favor More Taxes On Natural Resources Of State

AUSTIN, Jan. 9 (AP)—Oilman-Sen. Harley Sadler of Abilene suggests the Legislature should look to fields other than oil, gas and sulphur if it's going to raise taxes.

The lawmaker, who will be serving his first term in the Senate after four in the House, said in a preparted statement it is "dangerous" for the state's economy to be dependent on these three industries.

He estimated that their production taxes, business and property taxes now total 67 per cent of the tax dollar.

State Facing Money Trouble In Legislature

AUSTIN, Jan. 9 (AP)—If the 53rd Legislature wants to meet any of the major demands for more money, the lawmakers had better start looking for new money now, Comptroller Robert S. Calvert indicated yesterday.

Calvert released his estimate of revenue for the next biennium—the one the 53rd Legislature will do the spending for—and predicted the treasury could show a 16-million-dollar surplus if present spending levels are maintained.

He said the legislators who get together next Tuesday will have 176 million dollars to play with. An estimated 160 million dollars is being spent for the current biennium.

The difference between those two figures gives you the 16-million-dollar surplus Calvert anticipates.

DEMANDS INCREASE

But the Legislature is going to run into some tough demands for greater spending.

Gov. Shivers is on record in favor of at least a cost-of-living increase for teachers and state employes.

The Texas State Teachers Assn. —powerful voice of the teachers—has set its sights on a $600-a-year jump in the base pay for beginners, from $2,400 to $3,000. Experienced teachers' salaries would be scaled upward.

Estimated extra cost is 34 million dollars per year, 68 million for the biennium.

40 Degree Low In Night

The temperature hit a low of only 40 degrees last night and was still there at 7:30 o'clock this morning, according to Mrs. D. P. Strayhorn, official weather observer. The high temperature yesterday was 69 degrees, she said.

Vacancy Finder Says Boundry Of State 16 Miles In Error

DALLAS, Jan. 9 (AP)—A new member of the Texas Legislature says Texas owes New Mexico a 16-mile deep slice of the Texas Panhandle but he doesn't want to prove it.

He is Rep. J. B. Walling, Wichita Falls, who discovered a 2,650-acre surveyor's error in West Texas recently.

State officials earlier in the week had upheld Walling's claim that an 1876 survey of Loving County was inaccurate. The ruling left legally vacant a strip of land a third of a mile wide and 12 miles long and another one-fifth of a mile wide and 18 miles long.

Walling got the right to buy or lease 991 acres, plus a mineral interest in the rest of the disputed area.

OIL WELLS NEAR

Yesterday, while stopping off here en route to Wichita Falls from Austin, he modestly admitted that producing oil wells were in sight of some sections of his claim.

And he told of another error he said he found in the two-year study of West Texas land surveys.

"My findings, which were double-checked by a second surveyor, indicate the Texas - New Mexico boundary is 16 miles out of place," he said. "The only way it could be proved would be to dig in the sand out there to find an old bottle a surveyor buried as a marker in 1858. I'm sure not going to try to find it. I'd never be elected to public office again in Texas if I did."

Flares Seen In Crash Area

MONTPELIER, Idaho, Jan. 9 (AP) —The crew of a Union Pacific freight train, speeding eastward across western Wyoming, said it saw vari-colored flares early today in the area where a C46 is believed down with 40 aboard.

The train was en route from Montpelier, hub of the search for the plane which was carrying Korean veterans to their homes in the South, and Green River, Wyo. The crew said it had seen a red flare and three other flares which mushroomed into a blue-yellow color.

The trainmen estimated the red flare was about six miles east and two miles south of Cokeville. Railroad officials said the flare was seen by the engineer, identified only as Bonn, and Bud Lund, the head brakeman. The flares were sighted between 12:05 and 12:40 a.m. (MST).

Hearing Today On Commuting Sentence Of Condemned Slayer

SAN ANTONIO, Jan. 9 (AP)—Attorneys and churchmen—laymen and members of the clergy—worked hurriedly today in an attempt to save the life of Robert Ernest Miers, 22-year-old convicted slayer.

Miers awaited his fate in a death cell of the state prison at Huntsville where he was scheduled to die in the electric chair shortly after midnight.

The youth's attorneys, J. D. McGuire and Joe Lee Hensley, were to present what they called new evidence in the case today to the State Board of Pardons and Paroles.

Miers was given the death sentence for the fatal shooting March 8, 1951, of A. J. Sendemer, a Bexar County road employe who tried to stop the holdup of a service station. Miers was one of five persons involved in the robbery. Others received prison sentences ranging from five years to life.

HEARING SET TODAY

State Rep. Charles Lieck Jr., who was to accompany McGuire and Hensley to Austin for the Pardon Board hearing today (9:30 a.m. CST), said they had additional statements from jurors recommening leniency. Previously, attorneys and ministers working on the appeal had procured statements from five of the jurors asking that the death sentence be commuted to life in prison.

"I'd say we had a 50-50 chance to save Miers' life," Lieck said.

The foreman of the jury, however, was sticking to his original decision in the case. P. W. Hearn said, "I consider the law and the evidence as given us by the judge as conclusive. I have a clear conscience. I made up my own mind. I believe I did the right thing."

33 Rescued At Sea; 8 Lost

TOKYO, Jan. 9 (AP)—A Japanese patrol ship reported tonight that 33 crew members of the shattered Swedish tanker Avanti have been rescued and eight more are either dead or missing.

The report was radioed from the Kusagaki, a patrol ship of the Japanese Maritime Safety Board at sea off Kyushu Island.

Twenty-one are aboard the Japanese freighter Kanazu Maru, 11 aboard an unidentified Chinese Nationalist ship, and one more aboard the British vessel Eastern, the board said.

(The Nationalist ship may be the freighter Yen Ping.)

The Kusagaki said it had confirmed that the crew list totaled 41, leaving eight still unaccounted for.

Seeking Bigger Committees In Senate Today

WASHINGTON (AP) — The Senate was called on to do something today about a plan to boost the size of 10 of its major committees and assure Republican control of all 15.

GOP leader Taft of Ohio, who is pressing for approval, pointed out yesterlay the Senate could not begin to function until committees were set up. And this, he added, can not be done until their size is determined.

Sen. Lyndon B. Johnson of Texas, the Democratic leader, blocked a Senate vote on the GOP plan when it was rushed to the floor Wednesday.

All day yesterday Republican and Democratic leaders conferred in an effort to reach agreement.

Sen. Case (R-SD), one of the plan's authors, told a reporter he was hopeful something would be worked out in time for approval today.

Consideration was to begin after receipt, by both Senate and House, of President Truman's budget for the fiscal year starting July 1. No other business was scheduled in the House.

The GOP committee plan in the Senate has a two-fold purpose:

1. To assure a Republican majority of one on each of the Senate's 15 regular committees. Under present Senate rules, GOP control of several would be jeopardized under the existing lineup of 48 GOP members, 47 Democrats and one Independent, Sen. Morse of Oregon.

2. To give more desirable committee assignments to freshmen and other senators with low seniority.

Seek Man In Murder Case

HOUSTON, Jan. 9 (AP) —Police searched today for a missing 51-year-old plumber they want to question in the flower shop murder of Mrs. Ruth McCasland.

The 53-year-old grandmother, a widow, was shot to death Tuesday as she tended the shop for a friend.

Sheriff's Capt. J. D. Walters said last night the missing plumber lived six blocks from the murder scene and has not been seen since a few hours after Mrs. McCasland's body was found slumped against a floral display.

Walters, who said the man borrowed five dollars from friends to go to a job in Beaumont, indicated today's search for the plumber would extend to Liberty, Orange and Beaumont. Two deputies were sent to those places last night.

Walters emphasized there was "nothing solid" against the man and said, "We just want to talk to him for elimination purposes."

Arms, Foreign Aid Boosts Are Asked

WASHINGTON (AP) — President Truman today laid a $78,600,000,000 valedictory budget before Congress, and Republicans promptly cried "fantastic" and promised to cut it sharply.

But that was the customary reaction of Democratic Congresses, too, and they frequently fell short of January pledges to trim away billions of dollars. Only time could tell whether, under the GOP, things would be different.

Truman's estimate of government spending was for the fiscal year 1954, which begins July 1. The total was four billion dollars higher than spending projected by the President for the current fiscal year and 12½ billions more than in fiscal 1952, which ended last June 30.

The increases were almost entirely for national security programs and pointed, Truman said, toward a 10 billion dollar deficit 18 months from now.

Truman called for a big increase in foreign aid, mostly for military help to the nation's European allies. But he also included two billions for economic, rather than military, help. Some members of Congress have been urging that all purely economic aid to foreign countries be halted.

The whole foreign aid section promised to be a controversial one. Majority congressional desire, as expressed in a recent survey by The Associated Press, is for reduced spending abroad.

The budget message Truman sent Congress today, 11 days before he leaves office, is subject to revision by the incoming Eisenhower administration, which has indicated it will be scrutinzed closely and revised, probably starting in April.

As is customary, the President sent the 20,000-word message to Congress, and did not read it to the legislators himself. It was about 10,000 words shorter than last years'.

The budget called for expenditures in fiscal 1954 equal to $489.15 for every man, woman and child the Census Bureau estimates will be in the United States on Jan. 1, 1954, half way through the 12-month budget period.

The President said 73 cents out of every dollar in the budget would go toward programs directly related to national security, and 14 cents more toward paying for past wars.

The President made no proposals for increased taxes. But he told a Republican Congress whose leaders have been talking wistfully of a tax cut:

"I do wish to make it clear that in my judgment it would not be wise to plan for a large budget deficit during a period when business activity, civilian employment, and national income are reaching unprecedented heights." It would still be "the course of prudence and wisdom" to strive for a balanced budget, he added.

The dominant feature of the budget was military costs.

Truman predicted that expenditures for military services in fiscal 1954 would reach $46,296,000,000—exclusive of atomic energy outlays of $2,700,000,000. That compares with $44,380,000,000 in the current fiscal year and $39,727,000,000 in fiscal 1952. The President indicated that atomic energy expenditures would soon result in more weapons, with atomic plant expansion about ended.

Water Supply In South Texas Getting Worse

By The Associated Press

Texas' great 30-month drought of 1950-52 extended into 1953 this week in the some-time lush Rio Grande Valley.

Broken by widespread rains in East Texas and dented by considerable moisture in West Texas, the drought was clamping a grim hold onto at least three small Valley communities Friday.

Hidago County Judge Milton Richardson asked Valley water master O. E. Van Berg for special permission to let the huge Willacy pumps take sufficient water from the Rio Grande to ease the emergency.

Affected are the communities of Monte Alto, Lasara, and Hargill in a rich farming area some 20 miles north of Weslaco. Several thousand persons live in the area.

Rio Farms, Inc., which supplies water for the three small towns, notified Monte Alto School Thursday that it could not guarantee purity of the drinking water. Richardson said the Monte Alto school may be forced to close.

Arguments In Smith Trial

TOKYO (AP)— The prosecution in the U. S. Army court martial trial of Dorothy Krueger Smith contended today that the evidence showed both motive and premeditation in the knife slaying of her husband, Col. Aubrey Smith.

Lt. Col. W. H. H. Jones summed up for the prosecution. Then the trial recessed until tomorrow, when the defense will review its case.

Mrs. Smith, daughter of Gen. Walter Krueger of World War II fame, is charged with fatally stabbing her husband in the bedroom of their Tokyo residence about midnight Oct. 3. She pleaded innocent.

Not once during the five days of testimony did the defense seek to disprove the charge. Instead, it sought to prove that Mrs. Smith was mentally unbalanced. She did not testify.

WEATHER

WEST TEXAS: Generally fair Friday afternoon and Friday night. Saturday partly cloudy, a little warmer. Low Friday night 32-42 Panhandle.

EAST TEXAS: Generally fair, cooler south portion Friday. Continued cool Friday night. Warmer north portion Saturday afternoon. Low Friday night 34-44 interior. Moderate northwesterly winds on the coast.

WHERE SEVEN DIED

Wreckage of a Flying Tiger Airline DC-4 plane burns in a deep hole it plowed in a farm near Seattle, Wash., after it crashed on a flight from San Francisco to Seattle, killing 7 persons. Firemen stood by helpless (left) unable to put out the flames shortly after the crash. Note the planes' identification number (right center). Large piece of wreckage at upper right is all that is left of tail section.

Youths Give Selves Up After Being Sought In Two Murders

AMARILLO, Jan. 9 (AP)—Two cocky youths who walked into the police station of their own will were blamed today for two brutal murders and two assaults.

The two, Joseph Paul Lucas, 20, an AWOL airman from Amarillo Air Force Base and Earl George Robertson, 21, a plumbing company employe, were charged specifically with murder in the stabbing death of Harold Gibbs, 60, a taxi driver.

Police said murder charges would be filed against them in the fatal knifing of Victor G. Smith, and they would be charged in the assault of Paul Renner and Tommy Malone, both of whom also were cab drivers.

Smith was stabbed to death early Tuesday. Gibbs was knifed last night and died in the arms of an Amarillo Globe-Times copy editor.

Renner was attacked a week before the Christmas Eve beating of Malone.

Both Robertson and Lucas made written statements to Dist. Atty. Hermon Pipkin.

Officers said Roberson walked into the police station last night about 9 a.m., about two hours after Gibbs was stabbed, with a report he had been assaulted. His right hand was cut.

Lucas later came to the station and told police, "You've got a buddy of mine here with a cut hand."

Police said Robertson changed his story several times and, when confronted with a fingerprint taken from Gibbs' cab, said, "I'll bet I can tell you just where you got it."

Police said someone called Gibbs' cab about 6:30 p.m. They said Lucas and Robertson had planned to date two girls last night. All the money Robertson had when searched was a nickle. Lucus, whose home state is Penn., had 50 cents.

Gibbs staggered to the home of Herbert Bailey, knocked on the door and pleaded, "Help, help me! I'm dying!" He died in the arms of Charles Whippo, newspaperman who was visiting the Baileys.

Police said Robertson was cut on the hand during the melee the pair said followed their attempt to rob Gibbs. They said Robertson apparently beat the cab driver as Lucas repeatedly knifed him. One of Lucas' wild slashes hit Robertson, they said.

Gibbs—stabbed 28 times in the back and six times in the chest and abdomen—was the third taxicab driver to be stabbed in Amarillo within the last two weeks. The other two lived.

His death was the second fatal stabbing and beating this week. The other victim was a filling station attendant.

"We've got a man who likes to kill on our hands," Police Chief Sid Harper said last night. And Sheriff Paul Gaither said Gibbs' killing looked as if a maniac was involved.

Gibbs' blood-splattered cab was found parked at the rear of the H. H. Bailey home a few minutes after the couple opened their back door and watched the bloody figure collapse. A blood-stained wrench was on the back seat of the car.

Eisenhower Again Says He Is In Favor Of Balanced Budget

NEW YORK, Jan. 9 (AP)—Rep. Coudert (R-NY) said President-elect Eisenhower today reaffirmed "that he is very much in favor of balanced budgets and against deficit spending."

Coudert made the statement after conferring with Eisenhower.

Eisenhower today is consulting with advisors on a wide range of domestic and foreign problems in preparation for the first two speeches he will deliver to Congress.

He is devoting most of his time to writing his inaugural address and the traditional State of the Union message.

Apparently in that connection, he had an hour-long conference yesterday with Bernard M. Baruch, 82-year-old elder satesman. In summarizing their talk, Baruch said they discussed military security and "the economic well-being of the United States — questions we've discussed since 1930."

Baruch gave no details, and Eisenhower's aides said they could not amplify. "He (Eisenhower) is talking about a great many things," an aide said, indicating the conferences may have a bearing on the President-elect's two forthcoming speeches.

Baruch's New York apartment was the scene of three private conferences this week between Eisenhower and Prime Minister Winston Churchill. Baruch was asked whether, since talking with Churchill, he has changed any of his ideas about peace and security. He said he has not. "They are as simple and as dogmatic as the statement that one and one make two."

Baruch also turned aside, with a joke, a question as to whether he may take an office in Eisenhower's administration. Smiling, he replied, "As the girl said when they asked her why she never married, 'Nobody has asked me, sir.'"

However, the long-time presidential adviser told reporters with emphasis that he would always be ready to give Eisenhower the benefit of his long political experience, if his advice was requested. His career in government goes back more than 30 years.

A CASE OF FOG AND FISH—A cargo of herring that shifted after a collision with another craft in the fog-bound English Channel left the German trawler Marienburg in this helpless position on the beach at Dieppe, France.

Polio Foundation Trying To Buy Up All Gamma Globulin

NEW YORK, Jan. 9 (AP)—The National Foundation for Infantile Paralysis has offered to buy all commercial gamma globulin and make it available for a national pool to combat polio, measles and infectious jaundice.

Basil O'Connor, foundation president, said yesterday the plan calls for buying up all the commercial type blood element now on hand or to be produced up to June 30.

Such a purchase, O'Connor said, might require two to five million dollars in March of Dimes funds.

GOOD FOR FIVE WEEKS

O'Connor said the commercial gamma globulin to be purchased from pharmaceutical houses has not been proved valuable in fighting polio, since it is not taken from large numbers of persons in widely separated areas.

Only gamma globulin made from blood collected in varied area pools he said, has been shown to carry anti-bodies against all three of the known polio viruses.

The foundation said gamma globulin has proved of temporary value—about five weeks—in immunizing children against polio. Human trials last year involving 55,000 children in Utah, Texas and Iowa cost a million dollars in March of Dimes funds, the foundation said.

SAVES POLIO-AID BLOOD

"If commercial gamma globulin is placed in a national pool," O'Connor said, "it will obviate the necessity for using the (fractionated) gamma globulin—effective in polio—for measles and infectious hepatitus (Jaundice.)"

The commercial gamma globulin, O'Connor added, is as effective as the fractionated gamma globulin in combating measles and jaundice.

The foundation said the Office of Defense Mobilization has asked the Red Cross to collect the necessary blood to provide the maximum gamma globulin for use against polio next summer.

Lady Hanged In Montreal

MONTREAL, Que. (AP) — Buxom Mrs. Arthur Pitre was hanged at Montreal's Bordeaux jail early today for her part in a bizarre murder plot that cost the lives of 23 persons aboard a time-bombed airliner.

The 43-year-old widow was the third person to go to the gallows for the murder of Mrs. Rita Morel Guay, wife of a Quebec jeweler. Mrs. Guay's husband, J. Albert Guay, and Mrs. Pitre's brother, Genereux Ruest, a crippled watchmaker, preceded her to execution.

Mrs. Guay was a passenger aboard a Canadian Pacific airliner that crashed Sept. 9, 1949, after a time bomb exploded aboard. The blast was the product of a tempestuous love affair between Guay and a 19-year-old French-Casadian waitress.

Mrs. Pitre — the go-between in Guay's affair with the waitress, Marie-Ange Robitaille, was specifically charged with placing the bomb aboard the airliner.

Guay, 33, was convicted of masterminding the plot to kill his wife. The prosecution charged he hoped to collect $10,000 from an insurance policy on her life and marry Miss Robitaille.

Ruest, 54, was convicted for making the fatal bomb out of clockworks, dynamite and a detonating cap.

Second Brain Operation Scheduled For Tot

PASADENA, Calif. (AP — Nine-year-old Ramon Alberto Flores, Venezuelan boy brought here through the generosity of his father's fellow oil workers for treatment of a brain tumor, undergoes today the second operation for its removal.

Dr. William T. Grant performed 9½-hour operation on the boy Wednesday. He said he expects today's surgery will complete Ramon's treatment.

The operation is similar to that performed by the noted surgeon more than a year ago on Donny Morton, son of a financially distressed Canadian farmer.

Guilty Plea To County Court Charge Yesterday

Ellis Green, 22, of Odessa, formerly of Snyder and Texarkana, was fined $5 plus court cost of $23.50 when he pleaded guilty yesterday afternoon to a county court charge of swindling by worthless check.

Green was also ordered to redeem the small check given to D&H Super Market.

The grand jury yesterday no-billed Green on a charge of assault with a deadly weapon upon a Snyder Negro.

Still Chance For Air Line

There's still a good chance that Snyder can secure air service at the Civil Aeronautics Board hearing in February, Walter Jenkins, assistant to Senator Lyndon Johnson, told air service workers here yesterday.

A special committee in connection with the hearing, meeting yesterday with James Rosser, the city - county attorney in the air service case, talked with Johnson's office by telephone, and Jenkins told them he will wire them the proceedure and details on the hearing today.

Rosser and his committee will file an exception to the recommendation of H. K. Bryan, CAB examiner, by Monday. Bryan, in his report to the CAB, recommended denial of service to Snyder because it is "too small and too close to service at Sweetwater."

Jenkins told committeemen that the board does not always entirely base its final decision on the examiner's recommendation and that Snyder still has a chance to gain service.

Rites Saturday For Husband Of Former Resident Of Snyder

Time for funeral has not been definitely set for R. W. McCurdy, husband of the former Maurine Stokes, a native of Snyder.

Mr. McCurdy, 42, died unexpectedly of a heart attack in Fresno, Calif., where he worked for the Calco Compress & Warehouse Co. They had live there only a few weeks after moving there from Taft, Tex.

Mr. McCurdy was a member of the Masonic Lodge. During World War II he was civilian instructor for the Air Force at Stamford.

Funeral services will be held sometime tomorrow afternoon in Hamlin, where his parents live. Services will be held in the First Methodist Church there, and burial will be in the Hamlin cemetery. The body was to arrive in Sweetwater by rail at about 10 o'clock tonight.

Mrs. McCurdy lived here about 16 years ago. She is the sister of Aubrey and Roy Stokes, Mrs. Wade Winston, Mrs. Maurice Brownfield, and Mrs. Warren Dodson.

New Divorce Action Against Director Filed

LOS ANGELES (AP)—Mrs. Esher Nicholas Vidor has filed a new divorce complaint against movie director King Vidor after spurning his reconciliation plea in Alimony Court three days ago.

She repeated her charge that Vidor, 57, had had an illicit love affair with actress Mary Anderson. The wife alleged also that he had kept company with Elizabeth Bogdanff, a screen writer. Vidor and Miss Anderson previously denied any impropriety.

Mrs. Vidor, 51, asserted in her second complaint that the director escorted Miss Anderson and Miss Bogdanff on week-end trips to his Paso Robles ranch. She asserted he maintained a postoffice box for correspondence with other women.

She asked that alimony paymedts of $1,400 a month be kept up.

1,533 Can Vote Here

By noon today, 1,093 persons had paid poll taxes for voting between Feb. 1, this year, and Jan. 31, 1954. Exemption certificates for the same period totaled 440, making a grand total of 1,533.

Exemption certificates are issued to those planning to vote for their first times after becoming of age and to those over 60 years old. Deadline for obtaining exemption certificates is the same as for payment of poll tax, Jan. 31.

Prank Believed Cause Houston Bus Fire

HOUSTON, Jan. 9 (AP)—A student prank may have caused a fire which destroyed a city bus and endangered the lives of 40 high school students yesterday afternoon.

The bus burst into flames while parked in front of St. Thomas High School. No one was injured but the students scrambled to safety only minutes before the blaze spread through the entire vehicle.

One of the students told officers that he saw three or four boys looking out a window of the bus at gasoline leaking from the tank and collecting in the gutter. He said he heard one of the boys say: "As soon as the bus starts I'm going to throw this match into the puddle."

The fire broke out soon afterward.

Gamblers Beat Felony Charges And Pay Fines

GALVESTON, Jan. 9 (AP)—Former defendants in felony gambling cases here pleaded guilty and paid fines totaling $2,213 yesterday in misdemeanor cases involving the same offenses.

The felony cases against the 23 defendants were dismissed by two district judges last week.

County Atty. Raymond Magee, who filed the misdemeanor charges Tuesday, said yesterday's action was "an outgrowth of the felony gambling indictments."

Magee had asked dismissal of the felony indictments, returned in 1952, because of what he termed "insufficient evidence."

Each of the 23 defendants, charged in five counts, were fined $100 on each count plus $31 in court costs. Sixteen of the 23 were said to be members of the Maceo Syndicate, leaders of which were questioned here by the Texas House Crime Investigating Committee.

Judges dismissing the felony indictments were Judge Donald Markle of the 10th District Court and Judge Charles Dibrell of the 56th District Court.

"Both district judges," Magee said, "have agreed with my motion that there is not sufficient evidence to obtain a felony conviction."

Chamber Board Meeting Is Called For Tonight

The Chamber of Commerce board of directors will meet tonight instead of Monday night, Ed Bolger, president, announced today.

Bolger said the board will accept the counting of ballots for the Chamber's 1953 board, appoint chairmen for 15 committees for the coming year, appoint a special policy and projects committee to draw up a 1953 program of work, and discuss the program for the organization's annual banquet Feb. 13.

Ag Department Under Study By Republicans

WASHINGTON, Jan. 9 (AP)—The incoming Eisenhower administration has pledged to weigh every activity of the Agriculture Department to determine whether it can best be done by private action or by local, state or federal government.

Ezra Taft Benson, designated secretary of agriculture, made the promise yesterday at conclusion of a GOP Farm Advisory Commission conference on future farm policies.

"The needs of American agriculture," he told a news conference, "should be re-examined and each need studied to see whether it can be met best by public or private action.

MINIMUM CONTROLS

"If the job is a public one, it must then be decided whether it can best be handled by a local, state or federal government or combination of them."

Benson said the new administration's agricultural goal would be maintenance of a prosperous agriculture "with a minimum of government controls within the free enterprise system."

If Benson and his 14-member advisory commission reached any decisions at a three-day closed parley, they kept them to themselves.

WHEAT DISCUSSED

The group spent considerable time, Benson said, discussing the stand the new administration should take on an international wheat agreement due to expire next July 31.

Representatives of 46 participating nations will meet here Jan. 30—10 days after President-elect Eisenhower takes office—to decide the fate of the agreement. The 1949 pact seeks to stabilize world prices and supplies of the grain by means of a system of maximum and minimum prices and of export and import quotas.

U. S. critics contend the agreement does not allow high enough prices to exporting nations. This country has been selling about 250 million bushels abroad annually at prices averaging about 70 cents below domestic prices.

Desertion Charge Here

Mrs. Ruth Archie, Snyder Negro woman, was charged late yesterday with desertion of her four children. The felony complaint was signed by her husband, J. B. Archie. Mrs. Archie was out of town when the complaint was filed.

Meeting Called For Those With Hobbies

Persons with hobbies or interests in acquiring one are invited to a meeting Tuesday night at 7 o'clock in Fellowship Hall of the First Methodist Church according to Porter King.

King suggested those with hobbies bring a sample of their work. A workshop may be started later, he said.

Final Rites Today For L. E. McCollum In North Side Church

Funeral services were to have been at 3 o'clock this afternoon for Luther E. McCollum, Sr., in the North Side Baptist Church.

Mr. McCollum, who lived at 1905 Nineteenth Street, died yesterday morning. The 69-year-old man had lived in Scurry County for 35 years. The Rev. Jack Dean was to have officiated at the services assisted by the Rev. Earl Creswell.

Pallbearers were to have been Hugh Holmes, Chesley Horsely, Glen Holmes, K. O. Pitner, Shelton Holmes, Bill Grimmett, Ralph Neal, and Douglas Horsely.

Survivors include his wife, four daughters, three sons, and five sisters.

Burial was to have been in Snyder cemetery under the direction of Bolger Funeral Home.

Week-end guests in the home of Mr. and Mrs. Joe Rue Burney, 1109 Twenty - first Street, will be Miss Wynell Crowder of San Angelo and Mr. and Mrs. Darrell Crowder of Alabama.

Services Tomorrow For Snyderite's Father

L. R. Coleman, father of Mrs. Clifford Burrow of Snyder, died yesterday morning at his home in San Angelo.

Mr. Coleman, 73, had been a resident of San Angelo since 1932. He was a retired bridge builder for the Santa Fe Railroad.

Funeral services will be held at 2 o'clock tomorrow afternoon in the Johnson Funeral Chapel in San Angelo.

Surviving are his wife, five daughters, one son, and four brothers.

Among some marine worms, the male lives as a parasite in the body of the female.

NEWS FROM FLUVANNA

By MRS. W. F. MATHIS

Mr. and Mrs. Roger Etheridge and Mr. and Mrs. Ray Durden of Odessa were guests of Mr. and Mrs. Chester McDonald and Mr. and Mrs. Panch McDonald Thursday.

Mr. and Mrs. Dolph Faver of Snyder and Mrs. Barney Kitchens of Ordway, Colo., all formerly of Fluvanna, were here Thursday.

Will Thorne went to Morton Wednesday morning.

Mrs. C. D. Jones and father, Will Beaver, spent last week end in Fort Sumner, N. M., with her daughter, Mrs. James Aaron, Mr. Aaron and son, Jimmie.

Mr. and Mrs. C. B. Bley and Sybil visited Mrs. E. A. Brooks at Hendrick Memorial Hosptial in Abilene Sunday afternoon when they took their daughter, Miss Rona Merle Bley, back to McMurry College. They report Mrs. Brooks is improving.

Mr. and Mrs. Chick and daughters and Mrs. J. T. McDonald of Bangs spent the week end here with relatives and friends.

Mr. and Mrs. W. W. Thorne visited friends in San Angelo Sunday.

Mr. and Mrs. Cryer and children of Colorado City visited Mr. and Mrs. Horace Carmichael Sunday.

Mr. and Mrs. J. J. Belew made a business trip to Lubbock Tuesday morning.

Mr. and Mrs. Nolan Fulford and his mother, Mrs. Henry Fulford, are visiting relatives in Corpus Christi. Mrs. Henry Fulford will remain for an extended visit.

Mr. and Mrs. Herman Sneed of Snyder were Fluvanna visitors Tuesday.

Mr. and Mrs. Hank Miller and Linda Kay Browning of Morton visited Mr. and Mrs. W. W. Thorne Thursday. Linda Kay stayed for a longer visit.

Mr. and Mrs. Chester McDonald and Terry were in Lubbock Tuesday on business.

Tuesday visitors of Mr. and Mrs. Bob Jennings were Chess Busher and Ray Robinson of Winters.

Saturday Mr. and Mrs. C. F. Landrum and their grandsons, Bruce and Burk Brooks, visited Mrs. E. A. Brooks at Hendrick Memorial Hospital. They went on to San Angelo and spent the night with Mr. and Mrs. Henry Murphy and children.

Out-of-town persons attending the funeral of J. F. Dowdy were Mrs. Waymon Green and son, Bobby, her daughter, Mrs. Bishop, Mr. Bishop and baby of New Mexico; Mr. and Mrs. Lewis Daugherty and Mrs. J. L. Daugherty of Seminole, Mrs. Bernice Wright of Olney, Mr. and Mrs. Joe Black and his mother of Lovington, N. M., Mr. and Mrs. Bob Kitson of Albuquerque, N. M., and Mr. and Mrs. Jewel Lightfoot and R. L. Lightfoot of Sweetwater.

Helps For Homemakers

Send your questions to "Helps for Homemakers" Snyder Daily News, or call 3-5486.

Could you give me instructions for cleaning rings with stones in them? L.

A good solution for cleaning diamonds and colored gems can be made by diluting one teaspoonful of ammonia in a cup of water. Any detergent can be used similarly. An eyebrow brush or similar brush can be used to clean the dirt from under the stone. Never use a pin because you don't want to loosen the stone or leave a scartch on it. Keep colored gems and imitation stones away from extremely hot water.

You might prefer to buy a preparation from your jeweler, and then follow directions.

• • •

Could you tell me what a "vegetable lamb" is? It sounds like something edible. R.

It seems in ancient times cotton stalks, because of their fluffy white fibers, were called "vegetable lambs."

• • •

What is it that makes double-crust pies turn a nice, rich brown on top? Mine are always burned or ghostly white. E McG.

Brush the top of the crust with milk or diluted egg yolk to make it brown nicely.

• • •

What are truffles? I have wondered for a long time. M.

Truffles are fungus growths found underground. The kind usually spoken of is edible.

Jacques Fath Surprises All

NEW YORK (AP) — Just to be different, Jacques Fath, the Paris designer who presented today an American collection for the house of Joseph Halpert, shows a series of voluminously full skirts in a season of the straight-and-narrow silhouette.

This is the sort of pixie humor that makes the French the unpredictable artists of fashion that they are.

True, Fath's bouffant skirts are mostly for after-five wear, but they are exaggerated enough to be sensational in a season of slim lines. One of the most spectacular is a taffeta dinner dress whose ankle-length skirt has enough yardage to make a good-sized circus tent. Another, designed for cocktail or informal dinner wear, has a skirt whose sides may be lifted to shoulder height without disturbing the pleated fullness at front and back.

Perhaps the astute Frenchman thinks there may be a number of women who still may wish to hide their hips beneath the bouffant skirt.

Philp Mangone, the master tailor, clings to the narrow silhouette in his collection of beautifully shaped and finished suits and coats. He shows some handsome silk tweeds for spring, presents box and semi-fitted jackets in a series of new-looking suits, and uses the bold plaids which have become almost a signature in some distinguished casual coats, narrower this year than formerly.

Mangone does tricks with pockets, often using four of them on tubular wrap coats, or putting small pockets on top of big ones.

He likes light-weight tweeds and chiffon poodle cloths for coats, smooth wool baratheas and worsteds for suits.

PERSONALS

Glen Lenoir, who has been stationed in California in the Navy, arrived yesterday to visit his brother and sister-in-law, Mr. and Mrs. B. Y. Lenoir, 1821 Huffman.

Pvt. and Mrs. Hays Prince of El Paso have been visiting in their home on the Colorado City Highway.

Mr. and Mrs. George E. Moore, East Highway, returned Tuesday from Greenville where they were guests of Mr. and Mrs. George Doolin, former Snyder residents. They also were in Fort Worth on business.

Mr. and Mrs. S. C. Rhoads of Big Spring moved Wednesday to 3200 Fortieth Street. He will operate Gordon's Drive In

Mr. and Mrs. C. G. McClinton and two children, Lubbock Highway, have returned from Big Lake where they visited relatives.

Two Women Honored With Shower Given At Valentine Home

Mrs. Udell Pugh and Mrs. E. M. Peoples were honored with a pink and blue shower yesterday afternoon at the home of Mrs. B. G. Valentine, 2205 Thirty - second Street.

Mrs. R. L. Duck and Mrs. J. T. Orms were prize winners in games and presented the prizes to the honorees.

Gifts were arranged around a giant stork, and plate favors were miniature storks.

Refreshments were served to Mrs. J. W. Winegeart, Mrs. D. M. Matlock, Mrs. Marshall Bratton, the honor guests and prize winners. Gifts were sent by Mrs. Nathan Shepherd, Mrs. J. C. Smothers and Mrs. L. A. Beard. The shower followed a meeting of the Ruth Sunday School class.

New Member Attends Kiwani-Ann Luncheon

Mrs. Gaither Bell attended the Kiwani-Ann luncheon Wednesday as a new member.

Members met at the Village for a brief business session following the luncheon.

Diane White Honored With Birthday Party

Mrs. Ned White was hostess for a birthday party Tuesday marking the ninth birthday of her daughter, Diane. The party was given at their home, 706 Thirtieth Street.

Following games, cup cakes and punch were served. Balloons were given as favors to the following guests: Margaret and Paul Zeck, Connie and Glenna Bridgeman, Allene and Gary King, Daphna and Melinda Merritt, Chuck and Dickie Smith, Dickie Petty, Sue Vernon, Dawgel Wells, Betty Snider, Barbara Jenkins, Marleen Long and Joan White.

Also attending were Mrs. Ted Zeck and Mrs. D. V. Merritt, Jr.

EVENTS OF THE WEEK

FRIDAY

Scurry Masonic Lodge No. 706, call meeting, 7 p.m., Masonic Hall.

PERSONALS

Mrs. James H. Harris, 204 Thirty-first Street, is in Dallas visiting relatives.

Mr. and Mrs. V. V. McGrew of Midland were week-end visitors in Snyder.

Mr. and Mrs. E. W. Babb, 3100 Avenue T and Mr. and Mrs. E. E. Spears, 3111 Avenue T, were among Snyderites attending the Cotton Bowl game in Dallas Jan. 1.

Mrs. Charles Batts of Santa Fe, N. M., is visiting her parents, Mr. and Mrs. J. E. LeMond, 1100 Twenty - sixth Street, and her sister, Mrs. Weldon Kincaid, and Mr. Kincaid, 3726 Avenue V. Mr. Batts and their son will join her here this week end.

Guests in the home of Mr. and Mrs. Cecil Button, 213 Thirty-fifth Street, have been her mother, Mrs. C. F. Shrum, and Mrs. Button's sisters, Mrs. Harry Grimes, Mr. Grimes and daughters, all of Seagraves, and Mrs. A. L. Vinson and Mr. Vinson of Abilene.

TODAY'S WOMEN

French Designers Holding Own In Spring Fashions

By DOROTHY ROE
AP Women's Editor

NEW YORK (AP)—The French invasion of U. S. fashion continues apace this year as designers Christian Dior, Jacques Fath and Elsa Schiaparelli show everything from dresses, suits and coats to hats, furs, gloves, men's ties, hosiery, perfume and jewelry.

Dior accents in his showing the "portrait look" for spring with a huge collection of suave, sophisticated fashions.

The French master names his U. S. collection from an American geography book, showing, for instance: a Navy shantung slim dress and jacket named "Washington"; a tweed suit called "Minnesota"; a checked three-quarter coat named "Arkansas"; a heavy silk multi-striped coat in black and white called "Wisconsin."

Dior likes the rounded shoulder flowing into the natural waistline for spring, makes his skirts as narrow as possible, highlights mushroom-pleated bodices, a dazzling array of stoles, varied ascots and the "free-and-easy" collar.

Suits, uniformly pencil slim, have varied feminine details such as double-notched lapels, small stand-up or button-tabbed collars, rounded, detailed yokes replacing collar and lapels, subtle hand work to soften the severity of the straight lines. Jackets often have a cutaway line in both single and double - breasted versions. Preferred sleeve length is three-quarters, with a rounded cuff.

Dior likes low cuffed oval necklines and all-over pleating in dresses, uses mushroom pleating to telling effect, accents the natural curves of the body. Fabrics include featherweight linens and wools, smooth worsteds, luxurious heavy silk honans and a series of printed shantungs which haxe a new and distinguished look.

The "portrait look," Dior explains, denotes the subtlety of color blendings in his collection.

He shows a series of new tones of gray, such as pussy willow, pencil, spring mist and twilight; muted tones of beige are sandalwood, drambuie and taffy; the shaded blue is dolphin, while boie de rose, grotto blue and budding green are some of the hues used in dresses and ensembles.

Dior recommends the "small mink" fur accessory for spring, shows a series of triangular scarfs and stoles which combine fur and fabric.

His hats borrow an Oriental look. He shows the "Bali Hai" hat, shaped like a volcano and made in smooth straw. There are also picture hats and bonnets, to complete the picture.

PERSONALS

Mr. and Mrs. J. H. Young and daughters, 208 Thirty - fourth Street, have returned from Kilgore where they visited Mrs. Young's mother, Mrs. F. C. Jackson. They also visited Mrs. Young's sister, Mrs. Ernest Carroll in Talco, Tex.

Mr. and Mrs. R. E. Ham, 807 Twenty - third Street, had as guests Wednesday and yesterday her sister, Mrs. J. C. Lee, Mr. Lee and two children who were en route to their home in National City, Calif.

Mrs. Frank Floyd, Colorado City Highway, is in Andrews attending her daughter, Mrs. Bill Cox, who is ill.

Mrs. Burnie Clardy, Lamesa Highway, and Mrs. Bushy Hedges, west of town, took Mrs. Clardy's mother, Mrs. W. Hedges to Portales, N. M. Wednesday where she attended funeral services for a friend.

Mr. and Mrs. E. P. Rainwater, 1208 Twenty - seventh Street, and Mrs. Bessie Stone, 2008 Avenue R, took Miss Wanda Jean Rainwater to Brownwood Sunday where she is a student at Howard Payne College.

Mr. and Mrs. H. A. Randell, 119 Twenty - fourth Street, have returned from Big Spring where they visited his sisters, Mrs. L. G. Stuteville and Mrs. Dub Purser, and their families.

Mr. and Mrs. C. R. Brookins and son, 1914 Coleman, have returned from Wichtia Falls where they were guests of his parents, Mr. and Mrs. A. D. Hanna.

Herman Darby of Nacogdoches, Tex., has been visiting his mother, Mrs. E. L. Darby, route No. 1.

AUTO BEAUTY CENTER EXPANDS

Howards Trim Shop, above located on the East Highway, has just completed a new building adjoining the old trim shop building, which doubles the size of the plant, R. T. Howard, owner, said. The new addition is the building at right. It will house facilities for Ming polishing of cars. (Lee Watson Phtograph.)

Seat Cover And Car Polishing Firm Enlarges Its Facilities

An open house is being planned to show off the new building that has just been completed to double the size of Howard's Trim Shop on the East Highway, but no definite date has been decided on yet, R. T. Howard, owner, said.

The new building, 30 feet by 50 feet, was built a few feet east of the old building, and joined to it by a passageway.

Purpose of the new building is to house facilities for Ming polishing of cars, Howard said. The Ming process is a relatively new, and radically different car polishing and paint preserving method, Howard added.

He said that Ming polishing of a car does not leave any polish or wax on the car's finish, but smooths out the weather - roughened, or road-hazed paint, and restores the new look to the car.

Heat, plus a secret chemical formula, is used to do the polishing job. The heat is not extreme, because all the heat applied is generated by a soft sheep - skin head of the polishing machine as it glides over the car surface, Howard said.

Many new car distributors here are using the new process on their new cars that are to be put on display for sale, because it gives the car finish a luster that is usually much more glittery than the finish as it leaves the factory, Howard said.

Howard's Trim Shop, the upholstery department, has just received a big shipment of new seat cover fabrics which are predicted by the manufacturers to become the trend in seat covers for the coming year, Howard said.

With the addition of the new facilities at the firm, the capacity for installing custom seat cover and door panel covers, and for Ming polishing cars has been greatly increased, so that now many cars can be completely processed in one day by the six employes there.

Clay Brothers Hotel Is Leased

Clay Bros. Hotel & Coffee Shop, operated for several years by Will Clay and Vernon Clay, Snyder Negroes, has been leased to Wade Garrett.

The business, on Avenue M in the Negro section of Snyder, was leased Jan. 1, Garrett said. The firm will not change its name in the near future, however, because of expense of changing signs, Garrett said.

Garrett, former cook in several white restaurants during the past five years, has lived in Snyder since 1942 except for a short time he resided in Odessa last year. He has been cook at the Chuck Wagon here.

"I will strictly run a nice hotel and coffee shop," Garrett said, "all that other stuff has been cut out."

Garrett said he did not know Will Clay's plans. Clay, presently out of town, operated the place several years, during which time he had been convicted of several bootlegging offenses, none recently, however. Clay has a bootlegging case pending in the court of criminal appeals now. He had not been arrested since early last year.

Gale Storm Recovering

LOS ANGELES (AP) — TV actress Gale Storm is recuperating in Good Samaritan Hospital from what her doctor diagnosed as an acute chest cold that might develop into pneumonia.

She hopes to be able within a week to resume work in filming the show "My Little Margie," in which she is starred.

Judy Garland, Husband Make Arrangements For Her Mother's Funeral

SANTA MONICA, Calif. (AP) — Actress Judy Garland and her husband, Sid Luft, were due here today to make funeral arrangements for her mother, Mrs. Ethel Milne Gilmore, who died yesterday near the aircraft factory where she worked, apparently of a heart attack.

The body of Mrs. Gilmore, 56, was found between two cars on the parking lot of Douglas Aircraft Company. She had been a $60-a-week clerk at the factory for a year, copyreading purchase orders.

In recent years Mrs. Gilmore and the daughter she had helped become a famous actress and singer reportedly had been estranged.

Atty. Harry Rabwin, who has known the family since they lived in Grand Rapids, Minn., Judy's birthplace, declared however that "from the mother's standpoint there was no estrangement."

Notified of the death, actor's agent Luft said in New York that he and Miss Garland were "very upset and very unhappy." He said they would leave for the West as soon as they could get plane reservations.

Juvenile Hearing Set For Tomorrow Morning

A hearing in juvenile court has been set for tomorrow morning for a 15-year-old Ira boy accused of stealing an automobile here Friday.

Edgar Taylor, county judge, said the hearing was to have been yesterday but that it was postponed until tomorrow because the youth's parents were not present when the court convened today.

The boy, who lives with his parents in a rural residence near Ira, was arrested by police in Big Spring Saturday. He was in possession of a 1950 Ford reported stolen from the residence of an employe of Halliburton Oil Well Cementing Co. here. The car belonged to the firm.

There have been more than 30 sieges of Jerusalem.

Intoxication Is High In Police Dec. Report

Fines in corporation court increased $340 for December over the previous month, the monthly report of Walter Suttle, police chief, showed.

The total was $1,735 for the month collected from 77 persons arrested and booked into the city jail.

For the period from June 1, to Dec. 31, 1952, fines collected in corporation court were $12,802.50, from a total of 524 persons arrested, Suttle said.

Last month intoxication charges led the lists of arrests, with 43 persons arrested for simple intoxication, 11 for being intoxicated in an automobile, and two for driving while intoxicated.

Other arrests during the month were: reckless driving seven; soliciting two; simple assault two, carrying concealed weapon two, theft one, theft by ballee one, burglary one, vagrancy one, arrested on out of county warrants, three, disturbance four, leaving scene of accident one, investigations three, prowling two, breaking and entering one, running over fire hose one, no operators license one, failure to appear on ticket overdue one, and speeding one.

The report for the seven month's period however, showed that 349 criminal cases had been investigated during the time, and 20 were burglaries. All the burglaries have been cleared except two, Suttle said.

Sentell Leaves For Austin And Term Of Legislature There

C. F. Sentell, newly - elected state representative from Snyder, left today for Austin where he will remain for this term of the legislature.

Sentell begins his second term in the legislature. His first was in 1917-21.

The legislator said he does not yet know where he will be staying in Austin but that all mail from residents here can be addressed to him in care of the House of Representatives there.

Delinquent Water Users To Be Cut Off Monday

Although the deadline has passed for shutting off water because of delinquent payment of city water bills, no meters have been cut off so far this month, Ralph Eades, city superintendent, said.

Eades said that shut offs will begin next Monday, however, on all water customers who have not paid their water bills.

Early yesterday morning there was 151 delinquent water bills this month, he said. That is about one-half as many as were delinquent at the same time of the month before the city tightened its policy on water bill collections about two months ago, Eades said.

Bear And Man Fight To Death

ANCHORAGE, Alaska, (AP) — The story of what appeared to be a fight to the death between an Alaska trapper and a marauding black bear at a remote mountain cabin was slowly pieced together today.

A coroner's jury still has not ruled officially on what caused the death of Rudolph H. Gaier, 50, the trapper, but new clues turned up at his wilderness cabin strengthened the theory of a man vs. beast battle that ended in a fatal draw.

Gaier, whose mother and brother live at Chippewa Falls, Wis., was found dead in his blood-soaked bed late last month.

A bush pilot, Max Shellabarger of Skwentna, discovered Gaier's body on a flight with supplies for the hermit trapper. He brought the body here.

Later, returning to board up the cabin 100 miles northwest of Anchorage, Shellabarger probed in the deep snow outside the door and uncovered the body of a bullet-riddled black bear.

U. S. Deputy Marshal T. A. Langford, who made an on-the-spot investigation yesterday, said he believed Gaier was asleep in his cabinet when the bear broke in.

The trapper then apparently threw a lantern at the intruder and jumped out of a window, fired a number of shots through the door and finally peeked in to see if the animal was dead.

The bear, in its death throes, is thought to have attacked Gaier, clawing him fatally before it dropped. The trapper presumably crawled to his bed, where he died of wounds and exposure.

Dog Tags Expire With Calendar Year Here

Few persons in Snyder have registered their dogs at the city hall for 1953, according to Earl Allen, dog catcher, who said all dogs at large must wear current tags.

All dog tags expire at the end of each calendar year, Allen said. Tags are issued at the city hall for 50 cents, and a dog must have been vaccinated for rabies before registration in the city. Allen said his duties included impounding of all dogs found loose without current tags.

Baltimore Schools Teach By TV During City Strike

BALTIMORE (AP)—Playing hookey from school was largely a matter of flicking the television dial for most youngsters today in this metropolis of empty classrooms and bulging garbage cans.

Stymied by a strike of city employes, including school janitors and garbage collectors, educators embarked on the Grand Experiment — teaching by television.

Scientists who dreamed of something like this in their world of tomorrow watched to see how it worked out today.

And television — up to now a magnetic power for the small fry —got its sternest test from 80,000 boys and girls, 60 per cent of Baltimore's public school enrollment.

All three Baltimore stations — WMAR, WBAL-TV and WAAM — offered time and technicians for "teleteaching."

Each station will beam studio-to-living room courses for the duration of the strike, with pupils advised beforehand about the time and channel they are to watch for particular subjects, planners said.

The situation began taking shape New Year's Day when more than 3,000 city workers struck for higher pay.

Since then, sanitation officials estimate, almost 1,000 tons of garbage have been piling up daily in garbage cans and makeshift containers throughout the city.

Sewer and water department work has virtually been at a standstill.

Yesterday, 174 public schools reopened after Christmas vacation.

One hundred and four were closed after brief morning sessions because their janitors had joined the strike and classrooms were cold. Three operated on curtailed schedules.

Pupils sent home from the cold buildings were given homework and told to report again today.

Dr. William H. Lemmel, superintendent of public instruction, said they would be instructed to stop in daily throughout the strike to get more homework to combine with their TV courses.

At City Hall, Mayor Thomas d'Alesandro huddled until the wee hours for the third straight night with representatives of the AFL Teamsters Union without reporting any agreement on a new contract. Both sides agreed to meet again today.

County Has 2 Constables On Official Duty

Scurry County's two constables are the first actually to fill such offices in several years here, although three were elected constables two years ago but did not take office.

The 1950 election of constables was declared void two years ago by the commissioners court because the county then was divided into three justice and constable precincts, and the law was that a county must have at least four and not more than eight. So the court redistricted the county for four precincts, voiding all precinct elections, then appointed W. C. Davidson, justice of peace of precinct 1, and J. R. Jennings as justice of precinct No. 2, to which they had been elected. The constables which had been elected were not appointed to the new precincts.

One of those constables-elect was Tom DeShazo who was elected in last year's general election as constable of precinct No. 1 and is now in office. The county's only other constable now serving is L. L. Eubanks, precinct No. 3, which includes Ira. He was elected in the general election by write-in votes. DeShazo was elected as an announced candidate and the Democratic Party's candidate in the general election, having won the run-off primary.

J. T. Murphree of Hermleigh received write - in votes in the first primary but was not elected to the office because of not receiving any in the general election, according to the commissioners court which reviewed a bond for him. Edgar Taylor, county judge, said that Oscar Webb of Ira, elected by a few write-in votes as justice of peace there, gave the court a letter of resignation because of his intention to move to Midland.

Judge Taylor said the commissioners court would set salaries of the constables next Monday when the court fixes salaries of all officers. Salaries are fixed each January for the year.

Scurry Polio Patient Released From Hospital

Riley Boothe, seven, son of Mr. and Mrs. Vestal Boothe, route No. 2, was released from Hendrick Memorial Hospital in Abilene Saturday where he had been taken as a polio patient on Oct. 18.

Young Boothe was the eighth polio case from Scurry County in 1952. The Boothe family lives on a farm about seven miles east of Snyder on the Camp Springs Road.

Chinese Nationalists May See Action In '53

TAIPEH, Formosa (AP)—There is a distinct feeling in all quarters here that next year will be a fateful one for free China.

That feeling was strong even before President Chiang Kai-shek recently told the Nationalist armed forces to complete their preparations for a return to the mainland in 1953.

On that same day, Maj. Gen. William C. Chase, head of the U. S. Military Assistance Advisory Group, hinted in a speech that the Nationalists forces might see action some place before this year is out.

The general impression is that some time in 1953 the Nationalists will be given a chance to prove whether, out of the crucible of defeat, despair and a hope revived, there has been forged a new army potentially capable of attaining the ultimate goal—defeat of the Chinese Communists.

The conviction appears strong in this Nationalist capital that events will somehow conspire to let the Nationalists demonstrate in battle that those who espouse their cause are backing a winner.

There is speculation as to where they will meet the test.

Some quarters think it will be in Korea.

Others believe it more likely that, in the absence of U. S. support to launch a full-scale invasion of the mainland, Chiang's forces at least will be put in a position to make powerful commando raids along the Chinese coast.

One thing is clear: Those whose business it is to train Chiang's forces are convinced that the Nationalists will acquit themselves creditably when the test comes.

GOES TO TRIAL

Her head bowed, Mrs. Dorothy Kreuger Smith, daughter of a famous American general, accompanied by one of her defense attorneys, Brig Gen. Adam Richman, USA, retired enters a Tokyo courtroom for her court martial trial for the slaying of her husband. The husband, Col. Aubrey D. Smith, was stabbed to death last October. The attractive, 40-year-old mother of two children is the daughter of retired General Walter Kreuger, who led the victorious Sixth Army through the Pacific War.

No Change In Lunch Prices At Cafeterias

No change in the prices of school cafeteria lunches will become effective until after next Tuesday or later, Mrs. Artie Gallamore, dietician and manager of the cafeteria system, said today.

Mrs. Gallamore said it seemed the school board did not definitely change the prices at its last meeting but was to discuss the matter in its next meeting Tuesday night before taking definite action.

The board of trustees voted Dec. 9 to raise all lunch prices five cents. The vote was a three-to-three tie with the president of the board breaking the tie in favor of the raise which was to make new prices 35 cents for elementary students, 40 cents for junior and senior high school students, and 45 cents for teachers.

Dr. Cecil L. Yarbrough, superintendent, and A. T. Nicholas, director of business services, were attending an educational meeting in Austin today and could not be reached for comment.

Busty's Hubby Didn't Like College Boys

LOS ANGELES (AP) — "He didn't like other men, especially college boys, looking at my figure," testified photographers' model Busty Brown, 21, in obtaining a divorce from brewmaster Victor Shaheen, 22.

He objected, she said yesterday, although Shaheen first dated her because of her picture in a magazine.

"In the picture I was wearing a French bathing suit and he told me I looked 'real sexy'," she related.

ELECTED SPEAKER OF HOUSE

Mrs. Consuelo N. Baily, 53, of South Burlington, Vermont's Republican national committeewoman, waves to other legislators in the State House, Montpelier, Vt., as she became the first woman in history to be elected speaker of the Vermont House of Representatives. She was chosen from a field of six candidates on the third ballot as the 42nd biennial session of the legislators convened. Mrs. Baily is a lawyer by profession.

Reprieve For Killer Comes

OSSINING, N. Y. (AP)—A last-minute reprieve by Gov. Thomas E. Dewey saved 42-year-old Stephen B. Lewis from the electric chair last night.

Lewis, a Rochester, N. Y., foundry worker, was convicted of the 1951 shotgun slaying of Arthur Anheier. The prosecution contended Lewis was in love with Anheier's wife.

Lewis had been scheduled to be strapped into Sing Sing Prison's electric chair at 11 p.m., EST. At 10:15 p.m. his head and right ankle had been shaved for the electrodes. His right trouser leg was slit. He had received religious solace.

At 10:20 p.m., Warden Wilson Denno walked in and told Lewis that Dewey had ordered the execution stayed until the week of Jan. 19.

Lewis sat stunned, unable to talk or move on hearing the news.

It was the first time in 20 years that a last-hour reprieve had saved a man in Sing Sing.

Lewis' reprieve came after Dist. Atty. Wallace Stakel of Genesee County told the governor at Albany there was a "strong possibility" that another person was involved in the Anheier slaying.

Jabara Heading Back For Another Tour

TRAVIS AIR FORCE BASE, Calif., Jan. 9 (AP)—Maj. James Jabara, the world's first jet ace, hitch-hiked a ride to Korea yesterday instead of waiting for his scheduled flight, grounded by bad weather over the Pacific.

"He wrangled a ride for himself," a Travis official said. "He'll probably have to sleep on a pile of mail sacks all the way."

The 28-year-old jet pilot was the lone passenger aboard a Navy DC6 cargo plane.

Jabara volunteered for another tour of active duty, leaving a desk job at Scott Field, Ill. He scored six kills in 63 missions on his first Korean tour. His wife is a native of McKinney, Tex.

Youth To Be Arraigned For Double Murder

MIAMI, Fla (AP) — Kenneth Lee Maurer, 20, wanted in Detroit on charges of slaying his mother and 11-year-old sister in 1951, will be arraigned before a U. S. commissioner here today.

Maurer, listed as one of the Federal Bureau of Investigation's 10 most wanted fugitives, was arrested yesterday by FBI agents at his work bench in a Miami furniture manufacturing plant.

Agents found him after an intensive search and reported he had been employed at the furniture factory since October as a cabinet maker.

The FBI quoted Maurer as saying he dreaded the day when he would be arrested but denied any knowledge of the crime.

The slender, blue-eyed former tree-trimmer and gardener said he had been living in this section more than a year.

Execution Delayed For Groggy Killer In Ore.

SALEM, Ore., Jan. 9 (AP)—Two convicted killers were executed early today in the Oregon Prison Gas Chamber after an apparent suicide attempt of one failed.

Executed were Morris Leland, 26, convicted of beating and stabbing to death a 15-year-old school girl, and Frank Oliver Payne, 49, who killed a Portland grocer in a holdup shooting Jan. 9, 1951.

Payne took a large dose of sleeping pills late yesterday. The prison physician was summoned to awaken him after guards failed.

Injections revived Payne, but he remained so groggy his execution was delayed half an hour.

Church Of Christ Topics

"Teaching the Word" will be the subject for both morning assemblies at 8:45 and 10:50 o'clock Sunday morning at the Church of Christ.

"The Gospel is Exclusive and Inclusive" is the topic for the evening meeting at 7 o'clock, according to Ted Norton, minister.

THE NEW BIRTH

Conversion to Christ is birth "of the water and the Spirit" (John 3:5). A person cannot enter the kingdom of God (the church) except he "be born of water and the Spirit."

Jesus did not explain the birth to Nicodemus. When he gave "the great commission (Mark 16:15, 16), he did not use the figure of the new birth. By reading John 3:5—referred to above, 1Cor. 4:15—where Paul tells the Corinthians they had been "begotten through the gospel," and 1Pet. 1:23—where Peter says that children of God have been begotten by incorruptible seed "through the word of God," it is readily seen that one who hears the word of God and believes its message is "begotten of God." But he is not in the kingdom of God (saved) until he comes forth from the waters of baptism. He is then "born of water and the Spirit" and has entered into the kingdom of God.

This birth "of water and the Spirit" ushers one into the Kingdom of God (the church). In this kingdom one enjoys greater blessings and a higher spiritual state than the Jews. In the church (the kingdom) men have a closer walk with God than had the Jews. This is what Christ wanted Nicodemus to see. We need to see it today!

Is this conversation between Jesus and Nicodemus read merely to prove that baptism is essential to salvation? This conversation illustrates and emphasizes this truth, but it does so incidentally. The main truth Jesus emphasized was the higher honor and glory of the kingdom of God over the honor and glory of Judaism. Both Jesus, his apostles and prophets teach us that man must live a superior life to fit us for this closer walk with God (Matt. 5:20).

"That which is born of the Spirit is spirit," John 3:6-meaning that it is an inward or spiritual change in a person that takes place. The flesh remains the same. The spirit of man is born anew. Jesus illustrated the lesson by using "the wind" in verse 8. The wind cannot be seen but we hear the sound and see the effects of it. This is true of the Holy Spirit. We hear the Holy Spirit—hear Him as He speaks through the Lord and the apostles (recorded in the New Testament). We see the effects of the Spirit's message as it produces holy living in men. See Acts 2:36-47.

Presbyterian Women Hold Installation Ceremony For Officers

Officers of the Presbyterian Women's Organization were installed in services held at the church Tuesday afternoon.

The Rev. Ronald Hubbard, pastor, and Reid Estes, clerk of session, were in charge of the services. Mrs. James Rosser played the organ.

Those installed were Mrs. Robert King, president; Mrs. James L. Kincaid, vice president, Mrs. Houston Harte, treasurer; Mrs. Lee T. Stinson, secretary. Other secretaries installed were Mrs. Reid Estes, Mrs. Armor McFarland, Mrs. Empress Wolcott, Mrs. C. R. Roberson, Mrs. Ned C. Butler, Mrs. W. A. Smallwood, Mrs. Ronald Hubbard, Mrs. R. M. Lampson, Mrs. Layne Roddy and Mrs. Zack Gibson.

Mrs. Estes and Mrs. Roddy were hostesses to a fellowship hour held after the meeting.

Cates Names Subjects For Services Sunday

The 10 o'clock Sunday morning service subject at the Calvary Baptist Church will be "Paul's Gospel — not of Man", according to the Rev. T. Gerald Cates, pastor.

"What it means to be a Good Christian" will be the 11 o'clock subject and "What it Costs Not to be a Christian" will be the 7:30 o'clock subject that night. Nine members have been recently added to the church, Cates said.

Esrudoma Class Meets With Mrs. E. P. Hagar

The Esrudoma Sunday School Class of the First Baptist Church met last night at Mrs C. P. Hager's home at 2809 Thirty - eighth Street.

Mrs. Eva Nimmo and Mrs. Ruth Eades were co-hostesses for the event. Games were directed by Mrs. L. D. Moore. Mrs. H. G. Courtney, class president, presided over the business session.

Christian Board Meeting

The official board of the First Christian Church will meet next Wednesday evening at 8 o'clock at the church for a report from the building committee.

Malven Stevenson, board chairman, will be in charge of the meeting.

Lubbock Man To Give Program At Church

Christian Men's Fellowship will have a dinner Thursday evening at 7 o'clock in the basement of the First Christian Church.

E. V. Middleton, Lubbock layman, will present a program on missions in Siam, India, Japan, Belgian Congo, and the Phillippines. Middleton attended the World Convention of the Churches of Christ in Australia and took movies in the missions.

D. L. Collins, club president, will serve as master of ceremonies. Tickets are on sale for $1 at the Ranch House and the B and B Cafe.

Taylor To Fort Worth

The Rev. Clifford Taylor, pastor of the First Christian Church, will attend the ministers week program Monday through Thursday at Texas Christian University in Fort Worth.

While there he will serve on the nominating committee for the state convention.

Sermon For Methodists

Sermon topic for the two Sunday morning services at the First Methodist Church will be "We Believe in God", according to the Rev. W. W. Adcock, pastor.

"Lift Up Our Hearts, O King" will be the special hymn at the 10:55 o'clock service with Mrs. Mildred White singing the solo part. "The Name of Jesus" will be the sermon topic Sunday night, Adcock said.

Nazarene Meeting Held

The Nazarene Foreign Missionary Society met Wednesday night at the Church of the Nazarene for a study on African missions.

Mrs. R. Q. Hagen, superintendent of study, directed the lesson.

Chairman Appointed To Head Attendance Drive

The official board of the First Methodist Church met Tuesday night and appointed Jerry Hughes as general chairman of the attendance campaign which will run through Easter Sunday.

Other campaign chairmen were Harold Bennett who will be in charge of attendance at Sunday School, Roy Lashaway, 8 o'clock morning service; Dr. Cecil Yarbrough, 10:55 o'clock morning service; Paul Keaton, Sunday night; class; Ollie Peek, youth fellowship meeting, and Mrs. Frank Strom, childrens 'meeting.

Rotan Speaker To Be At Brotherhood Here

The Avenue D Baptist Church brotherhood will meet for a chili supper Monday night at 7:30 o'clock at the church.

Guest speaker will be George T. McBeth, Highland Home Baptist Church layman from Rotan. Ed Fenton, brotherhood president, will act as master of ceremonies.

Wesleyan Service Guild Hold Covered Supper

The Wesleyan Service Guild of the First Methodist Church held a covered dish supper at the church Monday night.

Ten members were present for a program led by Mrs. Ralph Odom. Mrs. C. I. Hill gave the devotional, and Mrs. Billie Youree presided over the business meeting.

Alathean Class Meets

The Alathean Sunday school class of the First Baptist Church met yesterday afternoon with Mrs. W. T. Murphree of the East highway.

Mrs. S. A. Tibbets talked on "Working Together as a Team." Hostesses were Mrs. Dock Kelly, Ms. Earl Patrick and Mrs. D. L. Winburn. Refreshments were served to one guest, Mrs. J. A. Dickerson, and 21 members.

Series Set At Church

Members of the First Christian Church will begin a seven-week study of the beliefs and practices of their church in the Sunday evening service at 7 o'clock.

"How We Began" will be the subject of the evening service, according to the Rev. Clifford Taylor, pastor. "Making Gods of Guides" is the topic he will speak on at the 11 o'clock Sunday morning service. The choir's anthem will be Dash's "Turn Thy Face From My Sins."

No New Laws For Maryland

ANNAPOLIS, Md. (AP)—There are lots of laws that need passing in Maryland, but the State Legislature can't get started.

Here's the problem:

Two days ago 123 members of the House of Delegates and 29 senators from all over the state came to Annapolis to get together, make a few speeches and pass some laws—just the way they do in other states.

Everything seemed to be going along well enough at first.

Then the Democratic senators, 18 of them, excused themselves from their Republican colleagues and met in a caucus.

The purpose of this meeting was to pick out a good Democrat and put him over as president of the Senate.

It takes 15 votes to elect a Senate president and there are 18 Democrats. All they had to do was agree on a man, have everybody vote for him and they couldn't lose.

The trouble started in the caucus. Nine of the Democrats wanted to keep Sen. George Della of Baltimore as president. He's had the job since 1951!

But nine others said what the Democratic party in Maryland needs is new leadership because it lost the last two state elections. So they voted for Sen. C. Ferdinand Sybert.

The Democrats voted 39 times. And 39 times the vote came out 9-9.

Officers Checking Prescriptions Used By Poisoned Woman

BEAUMONT, Jan. 9 (AP)—Officers were checking today some 10 prescriptions given Mrs. David Morris by various doctors and filled by various drug stores.

Mrs. Morris is the pretty brunette who contends she has been poisoned with arsenic over a two-year period. The check of the prescriptions is aimed at learning whether any of the medicine contained the poison.

City Detective Henry Austin said yesterday he checked Mrs. Morris' medicine cabinets at the request of Dist. Atty. Ramie Griffith to whom he will report his findings.

Now TRY THIS For CHILD'S COUGH
For coughs and acute bronchitis due to colds you can now get Creomulsion specially prepared for Children in a new pink and blue package and be sure:
(1) Your child will like it.
(2) It contains only safe, proven ingredients.
(3) It contains no narcotics to disturb nature's processes.
(4) It will aid nature to soothe and heal raw, tender, inflamed throat and bronchial membranes, thus relieving the cough and promoting rest and sleep. Ask for Creomulsion for Children in the pink and blue package.
CREOMULSION
FOR CHILDREN
relieves Coughs, Chest Colds, Acute Bronchitis

Stop Taking Harsh Drugs for Constipation
End Chronic Dosing! Regain Normal Regularity This All-Vegetable Way!
Taking harsh drugs for constipation can punish you brutally! Their cramps and griping disrupt normal bowel action, make you feel in need of repeated dosing.

"TAKES A BACK SEAT TO NONE"
"I have driven my 1952 Nash Ambassador 12,000 miles . . . my sixth Nash and by far the best . . . As McCahill says, 'It has the finest shockproof ride in the world' and it takes a back seat to none on hills, for speed or roadability . . . P.S. Mrs. Lau drives a Nash Rambler." ELMORE H. LAU, Fond du Lac, Wisc.

"30,000 MILES . . . $9.32 REPAIRS"
"After 30,000 miles of hard driving in less than one year . . . the total amount of repairs on my Nash Rambler has been $9.32, which to me is almost unbelievable." G. DARWIN KITCHEN, Huntington, W. Va.

"EIGHT OF US"
". . . I found seven of my friends from camp stranded . . . all their luggage on top of my golf bags and baggage fitted neatly into the roomy trunk (1952 Ambassador). All eight of us, four in front and four in back, were seated without anyone sitting on anyone else's lap." SFC LEON E. ROSENTHAL, Camp Pickett.

"32.3 MILES PER GALLON"
"I drove from Beloit to Minocqua, Wisc., (275 miles) on 8.8 gallons . . . 32.3 miles per gallon . . . at 50 miles per hour . . . Around town, I have been getting 25-27 . . . I have found my Rambler to have excellent riding comfort and it's a joy to drive." MARGARET ANKERSEN, Beloit, Wisc.

"HELPED SAVE ME"
"Car turned over three times . . . I received only a few scratches . . . it helped save me . . . for security in the event of an accident, there is no better construction than Nash . . ." ARTHUR S. HARGETT, Baltimore, Maryland.

"CAN'T BE BEAT"
"I have owned 14 Nash cars . . . they are the best cars I have ever driven and I have owned and driven nearly all other makes and models . . . for riding, economy, and for speed under all kinds of driving encountered in police work . . . they can't be beat. They're tops." Chief of Police, HAROLD WALLACE, Sikeston, Missouri.

AS A USED CAR, TOO, NASH IS TOPS!
Here's what men say who know used car values—used car dealers and auctioneers.
"The 'hottest' car on Used Car Lots." O.K. AUTO AUCTION, Cleveland, Ohio.
"We operate one of the largest dealers wholesale auctions in the world . . . and among used car dealers the Nash line is always in demand. The only complaint we have is that we don't receive enough Nash Ramblers." WITTS' AUTO AUCTION, Decatur, Illinois.

Shooting Along Israeli Border Is Reported

JERUSALEM (Arab Section) (AP)—A reliable source said today that six Arab civilians have been shot and killed by Israeli soldiers along the Jordan-Israel armistice line in the Nablus District of Palestine during the past three days.

The victims reportedly included two fathers and their two sons.

There was no immediate comment from the Israeli side of the city.

Banks Having Better Times

NEW YORK, Jan. 8 (AP) — The banking business is looking up.

Higher interest rates on a record volume of loans, plus growing totals of deposits and a peppy turnover rate on money in their care have enabled many banks to show better earnings.

By retaining part of these profits, many banks have sweetened surplus and undivided earnings accounts—and at the same time made many a bank stockholder's Christmas merrier with increased dividends.

At the same time, the nation's biggest banks have grown bigger.

There are 18 billionaire banks in the U. S.

These 18 giants now have total resources of 50½ billion dollars, according to their year-end condition statements, available today.

Their total deposits came to $45,977,845,000, a gain of four per cent over a year ago. This is around one-fourth of the total for all banks in the country, as reported by the federal reserve system.

Total deposits in all banks, as reported by the federal reserve, show the measure of the nation's growth. In 1914, deposits totalled 18½ billion dollars. By 1941 they grew to 71 billion, and 10 years later to 159 billion dollars.

At the start of 1953, deposits are estimated as totalling 190 billion dollars. A lot of money - what's your share?

Clerk Runs For Mayor

LOS ANGELES (AP)—A political unknown, Robert E. Swift, 47, identifying himself as a hotel clerk, has declared his candidacy for mayor of Los Angeles in the April primary.

Swift was forthright in his reason for seeking the office. He said he wanted to fulfill "a childhood ambition to get to the top." The job pays $18,000 a year.

At Least Six Airmen Killed In Plane Crash

SAVANNAH, Ga. (AP)—Six, and possibly nine, airmen were killed last night when two huge B50 Air Force bombers collided over Savannah and one plummeted into muddy marshland.

The other four-engine sky giant landed safely at Hunter Air Force Base with a damaged tail assembly and no casualties, reported Lt. Thomas R. Meredith, public information officer.

Meredith said there were no known survivors from the crew of nine on the ill-fated plane, but he said some persons reported they saw parachutes in the vicinity of the crash. He said both planes were assigned to the 96th Bomb Squadron at Hunter and were on a training flight.

U. S. Cigarettes Are Favorites Of Smugglers

OTTAWA, (AP)—Commissioner L. H. Nicholson of the Royal Canadian Mounted Police said today that the United States cigarettes are the favorite commodity of the smuggler.

In the 1951-52 annual report, the commissioner said the RCMP seized 13,514,000 American cigarettes during the year, 400 per cent more than last year.

The Spanish Armada which attacked England in 1588 was composed of 132 vessels.

ISRAELI LEADER—Itzhak Ben-Zvi, 68, Labor Party leader, was elected by the Israeli Knesset as second president of Israel. He succeeds the late Dr. Chaim Weizmann.

Bricker Seeks To Keep UN From Meddling In U. S. Internal Affairs

WASHINGTON (AP)—Sen. Bricker (R-Ohio), joined by 60 other senators, has proposed amending the Constitution to guard against treaties which might interfere with U. S. domestic affairs.

Bricker said yesterday in a Senate speech the amendment they offered would prevent any such intervention by the United Nations. The senator, who has fought before for similar legislation, declared the U. N. was threatened by a "desire to interfere in matters essentially within the domestic jurisdiction of its members."

The amendment he offered by resolution would specify that any treaty or treaty provision which denies or abridges any constitutional right would be invalid.

The resolution was the first piece of legislation formally introduced in the Senate this year. The number of co-sponsors quickly grew to a total nearly sufficient to assure Senate approval.

Hoover Ahead Of Ike

WASHINGTON (AP) — Herbert Hoover, most recent Republican to occupy the White House, will ride just ahead of President-elect Eisenhower's incoming Cabinet in the Jan. 20 inaugural line of march.

The ex-President's car will be flanked by that of Chief Justice Fred Vinson.

3 New Cars On Display Today

Three General Motors Corp. automobiles have gone on display in showrooms here today.

They are the Oldsmobile at R. B. Sears Motor Co. on the East Highway, the Buick at Stimson Motor Co. on North Avenue S, and the Chevrolet at Lamb Chevrolet Co. on Twenty - fifth Street.

Included in improvements on the new Olds are further increases in efficiency of the Rocket engine, compression ratio raised to 8 to 1, a more efficient 12-volt ignition system, and "Pedal - Ease" brakes for faster and safer stops.

Three series of Olds cars are presented in the new models — Classic 98, Super 88, and Deluxe 88.

A high compression, valve-in-head V-8 engine of new design is offered by Buick in the Roadmaster and Super series, as well as a new Twin Turbine Dynaflow to improve performance and economy.

The new Buick engine develops 188 horsepower in the Roadmaster and 170 in the Super. Compression ratio is 8.5 to 1. Power steering and power brakes are also new features in Buicks.

Chevrolet has turned the Bel Air into an entirely new series, with two and four door sedans and convertible and sport coupes available. Other series are designated as the "Two-Ten" and "One-Fifty".

Chevrolet has a new 115-horse "Blue Flame" engine. Their standard engine moves up to 108 horsepower. First used this year in the Chevrolet is power steering and the Autronic Eye for automatic light dimming.

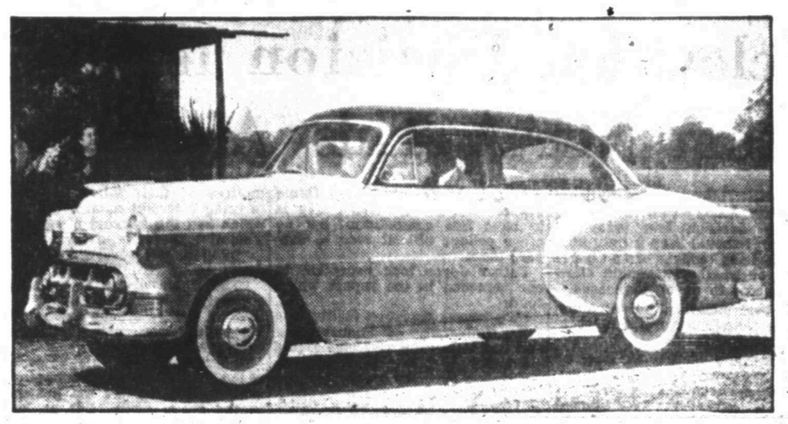
Man Convicted Of Murder Gets New Trial

LOS ANGELES (AP)—Holding that her murder trial in Long Beach two years ago was an "inquisition," the District Court of Appeal has granted Violet John Berling a new trial. The 33-year-old accordion teacher was convicted April 20, 1951, of the sadistic slaying of Kay Frances Erickson, 10, a pupil.

The child was found dead in Miss Berling's apartment, strapped in a chair. There were burns on her body.

Miss Berling is serving a life term.

The three-man court yesterday upheld the contention of her lawyers that her trial was illegal because when she fainted a score of times during its progress she was "mentally absent," and therefore was deprived of her fundamental right to be physically and mentally present.



1953 CHEVROLET SHOW TODAY

Low, sweeping lines are shown in this four-door sedan in the "Two-Ten" Chevrolet series. Apparent in this view are enlarged front and rear vision, new fender and hood contours, and a fresh grille treatment. The Chevrolet is on display today at Lamb Chevrolet Co.

ANNIVERSARY CAR FOR BUICK

Buick offers a new V-8 engine and advanced Dynaflow transmission in its 1953 line. Horsepower is 188 in the Roadmaster. The Buick will be on display today at Stimson Motor Co.

Big Welcome Planned For Truman Family

INDEPENDENCE, Mo. (AP) — President Truman and his family will receive a hometown welcome Jan. 21 when they return from Washington.

Mayor Robert P. Weatherford Jr. has appointed a committee of 50 to plan the affair, which has the approval of the President.

Plans call for a delegation to welcome the family upon arrival in Independence by train and provide an escort to the Truman home. Several days later a dinner will be held to honor the Trumans.

McLaughlin Speaker At Rotary Club Here

C. T. McLaughlin, Snyder oil operator, was guest speaker at the Rotary Club meeting yesterday.

McLaughlin told the group of his recent trip through several military installations. The tour, conducted by the Department of Defense, took 68 men through several defense posts in the eastern part of the U. S.

Dr. Robert L. Price of Sweetwater, was a visiting Rotarian. Other visitors were Bill Birkenback of Abilene, A. H. Corder of Fort Worth and Turner Kimmell of Snyder.

Television Decision Is Due From NCAA This Afternoon

WASHINGTON (AP)—The National Collegiate Athletic Association faces a decision late today on whether it should keep a tight hold on televising college football games or whether it should allow each school to do as it pleases.

The best guess on the outcome: another thumping verdict for controlled television.

A substitute motion by Pennsylvania, seconded by Notre Dame, to allow each college to make its own TV arrangements, seemed likely to attract little support.

No definite time was set for the vote, but late afternoon appeared to be a good guess. And if the boys get too wound up in their oratory, they may not get around to voting until tomorrow.

Although many television fans have complained about the NCAA football diet that, generally speaking, gave them one nationally televised game a week, the TV committee stuck by its guns yesterday in a 39-page report.

"Television continues to be a serious threat to the welfare of college football," the report said.

That led to this conclusion:

"Supervision of college football telecasts must be maintained."

The report was assailed by Chris J. Witting, managing director of the Dumont TV network. In a statement last night he said its recommendation "completely fences in the area of operation for 1953."

In a roundtable discussion, Francis Murray of Pennsylvania and Ed (Moose) Krause and the Rev. Edmund Joyce of Notre Dame argued that the American way is to have free competition. But no other college official rose to support them.

Father Joyce took exception to one sentence in the report which read:

"We regret that two institutions —the University of Pennsylvania and the University of Notre Dame —saw fit repeatedly to attack the motives of their fellow members to bring discredit upon a program which had the backing of an overwhelming majority of the NCAA."

"Infelicitous wording," Father Joyce called it. And he added:

"The University of Notre Dame certainly is not attacking the motives of the Television Committee. We have never done anything to sabotage the program."

Robert A. Hall of Yale, chairman of the 10-man television committee, said he would refer the sentence to the group again. But he gave his opinion on the spot.

"I consider it a temperate statement," Hall said.

Power Added To Collegians

HONOLULU, Jan. 9 (AP)—Oklahoma coach Bub Wilkinson's college All-Stars will be strengthened for the second Hula Bowl football contest Saturday with USC's Jim Sears in the backfield.

The collegians last Sunday romped to a 33-14 victory over the Hawaii All-Stars, largely on the throwing arms of Illinois' Tommy O'Connell and Oklahoma's Eddie Crowder.

For the second game, the Hawaii All-Stars will get additional help from the ranks of the professionals. Duane Putnan, Los Angeles Rams guard, will join pro backs Eddie Lebaron and Doak Walker, end Dante Lavelli, of the Cleveland Browns, and Guard Herm Clark of the Chicago Bears. Putnan and Lebaron were teammates at College of the Pacific.

Lebaron, onetime ace T-quarterback for COP now with Washington's Redskins, and Walker, formerly of SMU now with Detroit, gave the collegians trouble last Sunday but lacked strong line support.

USC's Sears, who suffered a leg bruise in the Rose Bowl game New Year's Day, worked out Tuesday for the first time and said:

"It feels fine and I expect to go Saturday."

Coach Wilkinson of the University of Oklahoma added:

"I'm going to use him both on offense and defense."

Globe Trotters Money Makers

NEW YORK (AP)—Abe Saperstein was asked how his Harlem Globetrotters became such a spectacular attraction.

"I don't know exactly," said the owner of the fabulous traveling Negro basketball team, "but you can go along with a show for 20 years and nothing outstanding will happen, and then...boom, you're a hit. After that you're in.

"That's the way it was with us. All of a sudden we caught on with the public and pack them in wherever we go."

The Trotters have been globe girdling for nearly three years now without a letup, and selling out everywhere, whether it's the Chicago Stadium, Luna Park in Buenos Aires or Wembley Stadium in London.

"Since we started our latest tour in October, we've sold out in 68 out of 72 engagements," said the little round promoter. "That must be a record."

The Trotters, featuring the uncanny dribbling of Marquess Haynes and the comical antics of loose-limbed, long-armed Goose Tatum, lured 201,755 customers in 16 games in 15 days on their coast-to-coast trip last year.

This year they'll play 19 games between March 29 and April 16 and undoubtedly will better last year's figures by far. The smallest arena they'll play in this year, the Kansas City Auditorium, seats 9,800. Last year they played to 6,142 in El Paso, Tex.

Asked how he paid off his trotters, Abe replied without hesitation.

"We start some of our rookies off with $400 a month plus expenses. From then it goes all the way up to what the Goose makes. I won't tell you what he gets, but on a 10-month basis, it's twice what George Mikan makes."

Big George, the highest paid star in pro basketball, reputedly collects $20,000 a year.

Changes Made In Score

PATERSON, N. J., Jan. 9 (AP)—Commissioner Abe J. Greene of the National Boxing Association today described a new scoring system for boxing designed "to eliminate the disputes of split decisions."

Greene said the system, developed by Benjamin Yesersky, veteran up-state New York sports editor, will be presented to the NBA's executive committee at a meeting in New York this week end.

Reunion For Ex-Baseballers

HOUSTON, Jan. 8 (AP)—Two old first basemen met up in federal court here yesterday.

They were Judge Allen B. Hannay, and a defendant, William Henry Holland, 47, Muskogee, Okla. Holland pleaded guilty to taking an automobile from his Tulsa, Okla., employer on Nov. 30. He drove to Texas and turned himself in to police here, Dec. 6.

Before passing a three year sentence, Hannay noted that Holland had escaped from the McAlester, Okla., prison in February 1935.

Holland explained:

"I was a first baseman on the baseball team there, Judge, and the team was going to make a trip. I thought I was on the list to go so I boarded the bus.

But just before we got there, I found out I was not on the list. I didn't want to foul up the rest of the team, so I got off and tried to hitchhike back in time for roll call, but I didn't make it."

"How long was it before you did get back?" Hannay asked.

"About four months."

Hanny then wanted to know if Holland had heard that he, the judge, used to be a first baseman, too.

"No, sir," Holland answered, "were you a southpaw, too?"

"Yes," replied the judge.

Hanny said he will recommend that Holland spend his three years in the Texarkana penitentiary. He did not say anything about recommending him for the ball team there.

New Englanders Are Cashing In Once More

BOSTON, Jan. 9 (AP)—Ski hill proprietors and northern inn-keepers whose activities are the barometer of New England's multi-million dollar winter recreation business are hitting the jack-pot for the second year in a row.

A survey of Vermont and New Hampshire ski centers showed today that snow-covered slopes are echoing the whirs of hickory blades in an ever rising crescendo that indicates greater business than last year's record-breaker.

After three years in the "red" the skiing industry got a shot in the arm last year with a heavy supply of snow. This season looks like a repetition.

WINS TURKEY CONTEST

Tom Bingham of Aubrey, Tex., had to sit down in order to hold his dressed turkey that won the biggest turkey contest sponsored by the National Turkey Federation during its convention in Dallas, Tex. The bird weighed in at a whopping 68 and one-half pounds to far outweigh the others entered. The runner up was one from Kansas City, Mo., that weighed 57 pounds. Dressed turkeys from 12 states were representated in the contest.

Tigers Take First Game Of Tourney Play In Brownfield

Their roughest tournament game will be played by the Snyder Tiger cage squad at 6:30 o'clock tonight when they meet Denver City in the semi-finals of the Brownfield tourney.

Denver City, predicted to go to state in Class A, dropped Levelland out of the championship race yesterday by a score of 46-37.

The Tigers, originally scheduled to meet Slaton, took on the Brownfield B team when Slaton did not show up and barely edged that team 58-52. Joe Cargile paced the Tigers with 11 points, while Ned Underwood, Jimmy Bennett, and Joe Galyean each scored nine.

Byron Wise led the losers with seven, followed by Loman Jones with six.

Brownfield, which downed O'Donnell 57-37 in the first round, is scheduled to play the winner of the Seminole - Plainview tilt, which will be played today.

Also to be played today and tonight are consolations matches between Levelland and Brownfield B and O'Donnell and the loser of the Plainview - Seminole game.

Consolation finals will be played at 6:30 o'clock tomorrow night, while the third place game will be at 8 o'clock and the championship game will be at 9:30 o'clock.

The win last night gave the Tigers a 7-5 record. They have now scored 722 points to opponents' 698. Underwood still leads in scoring with 165 points.

In their only other tourney this year at Brownwood, the Tigers downed Commanche in the first round, then they fell to Arlington Heights, the tourney champion, in the second round.

Jimmy Demaret Signs Jack Burke In Business

PEBBLE BEACH, Calif., Jan. 9 (AP)—Veteran golf star Jimmy Demaret announced today he had signed Jack Burke Jr., crack young professional, as his associate pro at the Concord International Golf Club at Kiamesha Lake, New York.

The two are competing in the $10,000 Bing Crosby Tournament which started today.

Demaret and Burke are Houston-born and Demaret considers Jackie as his protege. He took Burke on his first tour of the PGA Tournament circuit.

It will be the first time two Ryder Cup team members have been associated as pros at the same club.

Pros Prepare For Bowl Tilt

LOS ANGELES, Jan. 9 (AP)—Individual prestige and a healthy rivalry between the two conferences of the National Football League combine to make tomorrow's third annual Pro Bowl football game an outstanding wind-up of the 1952-53 grid season.

The contest, pitting a select squad of 31 players of the National Conference against 31 of the best in the American division, will be televised over the National Broadcasting Company network. It will not be televised in the Los Angeles area.

The telecast starts at 3:15 p.m. Central Standard Time.

The two T-formation rivals will be steered by some of the best quarterbacks in the league.

There will be Bobby Layne of the NFL champion Detroit Lions, No. 5 on his jersey, and Norman Van Brocklin of the Los Angeles Rams (8) for the Nationals.

Automatic Otto Graham of the Cleveland Browns (b) will handle most of the American offense, and ready for relief will be Pittsburgh's Jim Finks (4) and Charlie Trippi, Chicago Cardinals (6).

Coach of the Nationals is Buddy Parker, who guided Detroit to the title, and Paul Brown of the runner-up Clevelanders is handling the Americans for the third straight time.

Title Opened To Top Boxers

NEW YORK, Jan. 9 (AP)—Rocky Castellani and Ralph (Tiger) Jones, both ranked among the top eight middleweights in the world, have a chance to move into contention for the title vacated by Sugar Ray Robinson tonight when they meet in a 10-rounder at Madison Square Garden.

Members of the National Boxing Association's executive committee, scheduled to meet with the New York State Athletic Commission tomorrow, will be present at ringside with local officials. As they are to act on a middleweight title tournament over the week end, they should be ripe for convincing by a decisive winner. The 9 p.m. (CST) bout will be carried on radio (ABC) and television (NBC).

The NBA ranks Castellani, the Luzerne, Pa. boxer, No. 5 in the class and gives Jones, a 24-year-old Yonkers, N. Y. Negro, the No. 8 spot. Castellani, 25, has been highly rated for years but Jones is a "Johnny-Come-Lately" to the upper strata on the strength of his upset win Dec. 5 over Johnny Bratton, ex-NBA welter champ.

Both boys rate behind such as Randy Turpin, Bobo Olson, Charles Humez and Ernie Durando but the field is open.

When Jones fought Castellani last March 8 at Ridgewood Grove, he was a 4 to 1 underdog. Now Castellani is only a 13 to 10 favorite. Jones lost their first fight, on a split decision, but he had Castellani on the floor in the first round.
