NEW LIGHTS FOR RODEOING

New lights were installed late last week in VFW Arena, in time for the two-night Chamber of Commerce Rodeo Friday and Saturday, July 25 and 26. Men from Trinity Electric Service, Inc., and West Texas

Utilities Company volunteer their time, after regular working hours to put up the new lights and remove old poles. Here they make some adjustments before this pole goes up.

Annual Rodeo Set Friday, Saturday

Four-H riders and their mounts will leave VFW arena and the bucking stock will move in, and the Annual Chamber of Commerce Rodeo will be under way.

Two performances are slated, Friday and Saturday nights, July 25 and 26. Both start at 8 p.m.

When the books closed Monday night, Lloyd Barby of Lloyd Barby Rodeo Co., notified Rodeo Chairman Bill Lowe that every classification is full.

This means between 150 and 200 rodeo cowboys from over the tri-state area will be performing in the arena during the two nights.

Events will include bareback bronc riding, calf roping, saddle bronc riding, barrel races, junior barrel races, team roping and bull riding.

This is the second year Lowe has handled all local arrangements.

This year's rodeo is better in many ways than any that has preceded it, Robert Owens, chamber president declares.

The Lloyd Barby Rodeo Co., of Beaver, Okla., is considered in rodeo circles as one of the top rodeo producers in this part of the Southwest. It was at the request of area rodeo enthusiasts that the Chamber of Commerce negotiated with Barby a year ago to return for the 1980 performance.

"Barby produces the kind of rodeo that people in this area like. His stock is good, and every cowboy has to fight for what he wins. The performances move at a fast pace and fans leave the arena each night feeling they have seen a rodeo comparable to that produced in towns many times the size of Wellington. In fact, they have. This is the kind that Barby produces. The cow-

boys that compete in Barby rodeo's are some of the best in the New Mexico, Texas-Oklahoma Circuit," declared Owens.

Entry fees were raised

Lewis Green, Retired Area Rancher, Dies

Lewis Green, 76-year-old retired rancher whose operations were along Salt Fork in the eastern part of the county for almost half a century, died in Collingsworth General Hospital at 8 p.m. Monday, July 21. He had been ill two years.

He got his start during the depression, buying his first land in 1933. Over the next few years, he continued to buy land, usually a quarter

\$140,232 Budget OK'd For Law Enforcement

Cost of law enforcement in Wellington and Collingsworth County will reach \$140,232, during the 1980-1981 fiscal year beginning October 1. The cost will be shared equally by the two entities.

This is the first year since the \$70,116 each, combined law enforcement program has been in effect that it has not been financed in some degree by a federal grant.

The city council approved the proposed combined law enforcement budget in a special meeting Friday, July 18.

Sheriff John Rainey and the commissioners court had approved it a few days earlier.

The only remaining step is signing the contract between the county and city, which city Manager Glen Taylor said will be the same as last year except for the new figures.

The 1980-81 budget calls for the Sheriff to receive a salary of \$13,662 and his chief deputy to be paid \$12,075.

Instead of four other deputies, Rainey will have three full time deputies whose total salaries will be \$35,190, and a part time deputy to receive \$1,200.

Four full time dispatchers and one part time dispatcher were approved with salaries totaling \$33,530.

The dispatchers will be used as correctional officers and will be certified to those duties, as is now required under the state law.

The budget does not include the salary for a jailer.

Other items in the law enforcement budget include workman compensation, social security, Blue Cross, unemployment insurance, office supplies, fuel and oil, bonds, etc.

Five hundred dollars was

budgeted for schooling for the dispatchers.

The Combined Law Enforcement program became effective August 1, 1975.

At that time the project was funded in the amount of \$43,289, from the Criminal Justice Department, matched by the city and county.

Not included in the program is Wilson Porter, who fills the dual offices of Collingsworth County constable and Wellington night watchman. The latter post is tied in with the city's fire insurance key rate and his duties must be limited to the city. He must punch the time clock each hour.

Councilman Tom Wilkins made the motion to approve the law enforcement budget and Lyndon Crelia seconded.

Voting for the measure was Councilman Ralph Owens. Two members, Willie Gragson and Gary Brewer, were absent.

Ex-Students to Hold Reunion Saturday

Wellington High School ex-students from across the country will gather Saturday, July 26, for their annual reunion-and what may be their last.

A business meeting has been called for 3:30 p.m. Saturday, with the major piece of business being the decision on the reunion's future.

Although it has been a year since Patsy Harper Mitchell, president, announced that the 1980 reunion would be the last unless some individuals or organizations came forward with an offer to continue the reunion, no offer has been made.

She urges all ex-students to attend this business meeting.

Most of the reunion will be on the lighter side, however.

A number of class parties will be held Friday evening. The Ex-Students reunion itself will begin when registration opens at Bura Handley Community Center at 9 a.m. Saturday. It will continue through the day until 5:30 p.m.

The registration fee will be \$1.50 per person. Except for the business meeting there will be no scheduled events at the community center. Visiting, reminiscing and catching up on what

other exes have been doing will be the order of the day.

The evening meal, always a reunion high point, will be a barbecue at Ellison Park. Tickets are \$5.00. In case of rain or of extremely hot weather, the barbecue will be held at the community building.

This year's dances have been turned over to the Chamber of Commerce to be combined with its Rodeo Dances. The Friday night dance will start at 10 p.m. and the Saturday night dance at 9. Both will end at 1 a.m. Both will be at the community center.

The Red River Band will play, according to Dorothy

McGill, chairman. Casual dress is recommended.

At least 10 classes or groups of classes will hold class reunions.

The headliner is the 1930 class golden anniversary reunion. Events will include a get-together at the Greenbelt Electric Co-operative Friday evening, followed by a dance at the VFW Hall; sunrise breakfast at Pioneer Park; the anniversary luncheon at Roberson's Restaurant. Argen Hix Draper at Hereford or Mable Jones Coleman at Dumas are in charge.

1950 - Open house, 1-6 p.m. Saturday, home of Patricia Smith Bowden,

1309 Dalhart Street.

1955 - Farm Bureau building. Saturday, class meeting; 11 a.m., class portrait; noon luncheon. Afternoon with general reunion at community building.

1957 - Farm bureau building, 7:30 p.m. Friday. All former teachers urged to attend, anyone interested is welcome.

1960 - Friday, July 25, Pioneer Park, 7:30 p.m. Saturday, 10 a.m., get together at VFW building, Highway FM 338. Catered meal at noon.

1965 - Friday, Pioneer Park, 6 p.m. Catered dinner, tickets \$3.75 each.

140 Volunteer Donors Needed At Bloodmobile Visit July 30

An appeal went out this week for 140 potential blood donors to fill Collingsworth County's quota at the bloodmobile visit Wednesday, July 30.

Mrs. Gorman Owens, chairman, pointed out that although the goal is 118 units, there will be some who want to make a blood donation, but are found unable to do so.

The bloodmobile from the Red River Red Cross Blood Center in Wichita Falls will be in Wellington from 1 to 6 p.m., in Bura Handley Community Center.

The blood center will be organized much as it has been for earlier visits; Mrs. Owens explained.

Recruiting workers and donors are Mrs. Wayne Cummings and Mrs. Dollie Mae Wilson.

The volunteer workers are already lined up, according

to Mrs. Wilson.

Morris Barcroft, administrator of Collingsworth General Hospital, will make available nurses and technicians to provide the local professional staff.

Dr. P.K.N. Kumar will be on call should a doctor be needed at the blood center. Wellington Young Home-maker and Business and Professional Women will supply the canteen and furnish drinks.

Need for blood in Collingsworth General Hospital is due to rise, since Dr. Kumar has opened his medical and surgical office in Wellington, the blood chairman points out.

The hospital's contract with the Red River Red Cross Regional Blood Center in Wichita Falls assures that Collingsworth General at all times will have as much blood or blood

derivatives or blood components as it needs in the treatment of medical or surgical patients.

"Blood is needed for the sick and injured every day," emphasized Mrs. Owens.

"The need doesn't go on vacations or stop for holidays. To meet this need of our hospital and the hospitals of the more than 20 Texas and Oklahoma counties making up the Red River Region, the blood we give may go to some of those hospitals. But by the same token, the blood given in those counties comes to our hospital. Mrs. Owens emphasized.

There is no limit to the amount of blood or blood components that Collingsworth General Hospital may receive.

Volunteer blood donors must be between the ages of 17 and 66 and weigh over

110 pounds. They give about 45 minutes of their time, once or twice a year, and about a pint of their blood to help other human beings in need.

One unit of blood can save 6 lives, Mrs. Owens points out. Doctors are getting away from the use of whole blood and using the components that are needed for a patient's special problem.

Red Cross technologists divide blood into red cells and plasma. Red cells are often administered during surgery. Serum albumin is given accident victims. Gamma globulin helps combat infectious diseases.

Plasma is the source of components called platelet concentrate and cryoprecipitate, all used for patients who have various bleeding problems.

NEW FLAG FOR COUNTY

A new official flag for Collingsworth County, which will fly for the first time Friday, July 25, takes shape in the hands of, from left, Mrs. Farris Wood, Mrs. Joe Wood and Mrs. Andy Bell II. Mrs. Jack Campbell, right, suggested the flag and helped design it. Outline stitching will define the features of a Hereford steer at center, a cotton boll and a wheat stalk at the sides.

SEINING

A trio of Little Leaguers do a little seining at the Little League picnic Saturday, July 19 at Salt Fork River. With their improvised sein and bucket, they hunted minnows in water from three inches to a foot deep.

Scattered Rain Breaks Hot, Dry Month

There was rain in Collingsworth Monday, July 21, but not enough, nor did it cover all of the county.

The most reported was an inch in the north part of the county.

East of Quail, in the Ring community, .40 was reported, but northeast of Quail, the moisture measured approximately .75 inch.

A similar amount was measured at Cross Roads.

South of Wellington, approximately half an inch or more was received, but in town, the Weather Bureau gauge caught only .04 inch.

North of Salt Fork River .6 inch was measured at Samnorwood School, but in some areas nearby an inch was reported. The area between Abra and Enterprise received .4 inch and Lone Mound reported .9.

The coolest weather in a month was recorded as the high for both Monday and Tuesday was 90 degrees.

or half section as it became available. On some of these he made a down payment with a horse or mule or cow. After World War II, he had acquired the fine small ranch he wanted.

He became well known in the county after he went to work for the farm program (AAA), measuring cropland, insisting that all farmers get everything to which they were entitled.

He appreciated the time in which he lived.

His birth, December 5, 1903, in Somervell county, he often recalled was only a few days before the Wright Brothers flew their first airplane.

A self made man, Mr. Green had gone to work before he was a teenager to help support his family, cutting cedar posts from the Brazos bottoms and peddling fruit in towns near to the family farm. By 1920 his parents, Mr. and Mrs. T.P. Green, like many others in their part of the state, had "gone boll weevil broke."

In 1921, the family moved in two covered wagons to the north part of Collingsworth County, settling near the Rocking Chaire Mountains. Soon afterward, Lewis Green drove horses to Canadian for the Walter Darlington Ranch and remained to work there. When he came home he knew he wanted to be a rancher.

On December 24, 1923, he was married to Miss Christene Schoonover, whose family had first come here about 1903.

Funeral services were conducted at the Church of Christ at 2 p.m. Wednesday, July 23, with Garell Forehand, minister, officiating. Burial was in North Fairview Cemetery under the direction of Guy Owens Funeral Home.

this year to increase the prize money, and this proved a drawing card among contestants.

A complete new lighting system was installed in the arena this week.

The Glynn Moore Post, VFW, bought the lights, poles were donated by landowners along the lines replaced during the first half of this year by West Texas Utilities Co.

Employees of Trinity Electric Service, Inc., and WTU volunteered their time after regular working hours to install the lights at the arena, using Trinity's specialized equipment.

The City of Wellington has laid a new water line to the arena area, making water available for the first time in its history.

Bill Lowe has mowed and sprayed the grounds putting them in top condition and the arena itself has been plowed, watered and conditioned.

The gives us one of the best small arenas in this part of the Panhandle," Owens said.

The concession stand will be open, offering sandwiches, candy, pop and other food items. Howard

sons, Frankie Green, Max Paschall, Rex Paschall, Terry Palmer, Kelly Green and Kevin Green.

Surviving Mr. Green are his wife; three children, W.L. Green and Mrs. Alma Jean Paschall of Wellington and Dr. Donald Green of Edmond, Okla.; two sisters, Mrs. Elizabeth Porter of Shamrock and Mrs. Eva Schoonover of Amarillo; three brothers, Herman Green of Clarendon, Tommy Green of Oklahoma City and Ted Green of Wellington; 7 grandchildren and 5 great grandchildren.

Murdock is chairman. Starting time is 10 p.m. Friday and 9 p.m. Saturday. It will be over at 1 a.m. both nights. The Red River Band will furnish music, said Dorothy McGill, dance chairman.

Gov. Pat Neff Addressed 1930 Graduating Class

When members of the 1930 Wellington Graduating class holds its golden anniversary reunion Friday and Saturday, July 25 and 26, members will remember a number of things about their commencement that sets it aside from other commencements.

The four deck headline that appeared in The Wellington Leader says a little:

"Largest Class in School's History Graduated Here," "Three Programs Mark Completion of School Calendar," "Neff Draws Crowd," and "Hundreds Unable to Secure Seat in Auditorium Monday Night."

The first portion of the story read:

were held Monday at 7:30 p.m. at the High School Auditorium at which time Hon. Pat Neff, former governor and at the present time a member of the Railroad Commission, was the principal speaker.

Fully 40 minutes before the program opened, the auditorium was well filled and after all extra space was taken it was necessary to turn hundreds away from the high school.

Neff's address upon "Commencement and the Search for Happiness" was one of the best addresses delivered in Wellington. It was not only thorough, interesting and entertaining throughout, but contained much sound thought and logic.

The complete program as

rendered Monday follows:

Processional with Mrs. Aubrey Dobbs at the piano; invocation by C.R. Joyner, pastor of the First Baptist Church; Salutory address by Mable Jones; piano solo, ballet music from "Rosamunde" by Ila Sasser; valedictory address by Jimmie Mae Clark; address by Honorable Mr. Neff; presentation of diplomas by Supt. Farrar; and benediction by E.B. Bowen.
(Rev. Bowen was pastor of First Methodist Church.)

River Cruise an Anniversary Gift to the Jack Colsons

When Mr. and Mrs. W.E. (Jack) Colson observed their 45th wedding anniversary on Sunday, July 20, they were not aware of their gift from their three sons and daughters-in-law, until the celebration was well under way.

It was revealed in an original poem, written by their daughter-in-law, Mrs. Ronnie Colson of Amarillo. It is a 11-day trip on the famous stern-wheeler river boat, Delta Queen, from New Orleans up the Mississippi to St. Louis.

Mr. and Mrs. Colson will make this trip in early August.

The open house was held at Bura Handley Community Center, with approximately 60 friends and relatives calling. Hosts were their children, Mr. and Mrs. James Colson of Lubbock, Mr. and Mrs. Ronnie Colson of Amarillo of Amarillo and Mr. and Mrs. Darrell Colson of Wellington.

The reception table was covered by a lace cloth with blue underlay. Blue and white silk flowers were arranged in a centerpiece and crystal appointments were used.

Mrs. Darrell Colson, a daughter-in-law, served the anniversary cake and Tina Colson, a granddaughter, poured punch.

Guests were registered by another granddaughter, Marita Burton, at a table accented with blue and white silk flowers. All grandchildren assisted with the gift display and other hosts duties.

The Colsons have 8 grandchildren and they are looking forward to their first great-grandchild, expected in early September.

Mrs. Colson, the former Viola Moody, was born at Weatherford, the daughter of the late Mr. and Mrs. W.H. Moody. The family came to Collingsworth County in September 1922. After living at Plymouth three years, they moved to

Kesler community southeast of Wellington. She attended school in those communities, then at Grassbur and the Wellington Schools, where she graduated in 1935.

Mr. Colson, son of Mr. and Mrs. W.A. Colson, is a West Texan, born at Faya, near Vernon. His family came here in January 1918, and lived at Fresno and Houselog. He attended school there and at Wellington.

Mrs. Colson was one of the county's outstanding 4-H members. As a young girl and recalls that in 1930, she won a prize in the state dress revue at College

Station. It was but natural that she continued her work in the Home demonstration

Rice is the perfect partner for this low-calorie Polynesian-style dish of ham and fruits in a sweet and sour sauce.

Low-calorie nutritious meals that merit high praise may seem impossible but are not when you use carefully selected ingredients in exciting new ways.

Lean ham, for example, provides high quality protein, B vitamins and iron. A perfect partner is convenient, low-cost rice which contains no cholesterol, only a trace of fat, and is low in calories. Canned fruit cocktail is among the canned foods found in most kitchens. The three join naturally in food values and in taste in Spicy Ham with Fruit. At only 290 calories per serving, it's a winning meal combination.

Happily rice is really a convenience food. It can be stored without refrigeration and is ready to cook straight from the package. Whether you prefer regular, parboiled, pre-cooked or brown rice it is always available, inexpensive, easy to cook, and appropriate to use as a bed for the spicy, flavorful morsels of ham with its delectable sauce.

SPICY HAM WITH FRUIT

- 1 cup chopped onions
- 1 tablespoon butter or margarine
- 1-1/2 tablespoons cornstarch
- 2 tablespoons brown sugar
- 4 teaspoons Dijon-style mustard
- 1 can (16 ounces) fruit cocktail (drain; reserve syrup)
- 1 cup chicken broth
- 1 large green pepper, cut in 1-inch squares
- 2 cups cubed cooked ham
- 3/4 teaspoon celery seed
- Salt and pepper to taste
- 3 cups hot, cooked rice

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — Former U.N. Ambassador George Bush, the Texan who slugged it out in the primaries with GOP presidential nominee Ronald Reagan, won his party's vice presidential nomination last week . . . and many Democrats believe it signals the Republican party's attempt to build a broad base among voters.

In Austin, Texas Democrats began preparing for a tough race in this state and the National Democratic National Convention next month in New York.

Behind the leadership of Reagan, Bush, Gov. Bill Clements, former Gov. John Connally, et al., — and a "now, if ever" attitude, Texas Republicans in the past year have added newcomers to their rolls, and are now prepared to play a whole new ball game.

state government.
Chancellor E. Don Walker insists that U.T. is not a "bloated bureaucracy", and a five percent cut would hit muscle and bone, not just fat.

Clements, who cam-

paigned on a shrink state government theme, has been adamant about reducing state employees, but according to news reports, with little success.

One wise political observer commented that Clements and others, including Bill Hobby, Bill Clayton and a host of legislators, have succeeded in preventing unnecessary increases in spending. By making government "mark time" during a period of rising costs, the officials are, in effect, melting off the fat.

Apparently, that's not good enough for Clements, who now wants to beef up the inspection operations of State Auditor George McNeil.

Clements wants state auditors to perform in-depth examinations of state agencies, rather than "once-over lightly" inspections, as he calls them.

McNeil says he just wants "to be left alone," because his agency is doing fine. McNeil is appointed by the Legislative Audit Committee, which includes the Lt. Governor and House Speaker, and is confirmed by the Senate.

If McNeil doesn't accept Clements' offers of more staff, money and power, those additions may go to Clements own staff or to outside auditing firms, the governor said.

The Anderson Factor

Independent presidential contender Ill. Cong. John Anderson may be on the Texas ballot, adding to the political twists of the autumn.

His campaign workers here turned in some 70,000 petition signatures to Texas Secretary of State George Strake, well over the 40,719 signatures needed.

Anderson's forces are expected to be challenged with a suit from the Democrats over whether Democratic primary voters are eligible to sign Anderson's petition. Strake has ruled Democrats may sign, and Atty. Gen. Mark White has ruled they cannot.

Battling State Agencies

The University of Texas System is expected to tell Gov. Clements it cannot comply with his demand to cut five percent of its payroll, although the regents agree in spirit with his efforts to cut the fat from

House Speaker Bill Clayton's Brillab trial date has been postponed until Aug. 18. While his lawyers rush to prepare his defense, Clayton hopes for an acquittal by Labor Day.

Former Gov. Dolph Briscoe, campaigning for Railroad Commission candidates Jim Nugent and Buddy Temple, said he "wouldn't rule out" any future political race of his own, including governor or U.S. Senate.

Taxes on Energy

Attorney General Mark White was in Washington last week protesting other state's high severance taxes on coal shipped to Texas and at an Austin hearing with U.S. Sen. Lloyd Bentsen on the windfall profits tax. Texas officials and taxpayers are outraged at the tax on backyard wells.

In legal opinions issued last week, White ruled:

—A county may not reimburse the county auditor for travel expenses other than on a reasonable rate per mile traveled.

—A commissioners court may allocate courthouse space to representatives of the media, title companies and employee credit unions.

BUSH CAMPAIGNS IN WELLINGTON

On August 20, 1964, the man who is the Republican Nominee for vice president of the United States, was campaigning in Wellington. George Bush, Houston business man, was opposing Ralph Yarborough for the United States Senate, a race he lost to the Democrat. The temperature that day registered just under 100 degrees, almost as hot as it was the day he was nominated for vice president. On that day, a small group, headed by David Baumgardner, Republican county chairman, heard him "Appeal to all conservatives, irrespective of party label." This picture records Bush as he greeted Mrs. Don Van Pelt. Jimmy Cochran is in the background.

To Speak

Representative Guy Vander Jagt's remarkable keynote speech at the Republican national convention pointed out something that's of interest to Wellington high school students.

The Representative's lengthy nationally televised speech was delivered without a note or a teleprompter. The speech included a long section of quoted poetry, several anecdotes and the Representative's conservative message.

It was a notable performance and afterwards a television interviewer asked Vander Jagt how he came to be such a good public speaker.

He attributed his ability to a good college speech teacher, to a good high school speech teacher, and most of all to practice.

What the Representative was saying is that high school is the time to begin to express yourself.

It doesn't matter what field of endeavor you'll enter later in life. Wherever you find yourself, you'll find a need for the ability to think and speak clearly and effectively.

Farming is a good example. Some people might not think of speech classes as a prerequisite for farming. But farmers have seen in the past few years how important it is to be able to make their point, not only before other farmers, but also before indifferent or hostile economic and political forces.

In an increasingly complex and interrelated society and economy, the ability to speak and be heard may be as important an ability for rural Americans as knowing when to sow and when to reap. In fact, if we can't speak and be heard, we may not even have the opportunity to sow and to reap in the future.

Take Off The Cap

The United States savings bond program is in trouble, and for good reason. While banks and savings institutions paid 12 to 15 percent interest on deposits, the government's savings bond program has been paying, by congressional limitation, the unrealistic interest rate of only 7 percent.

The result has been a heavy redemption of the bonds — as many in the first quarter of this year as were redeemed in all of 1979.

An effective savings bond program is highly useful to the nation. For many thousands of wage-earners who receive regular paychecks, it provides the only means of saving money on a regular, payroll-deduction basis. For the federal government, it provides a stream of cash into the treasury to be used at what should be reasonable interest rates.

Now with the high redemption rate, the government must go to the Wall Street money market and pay top interest rates for funds it needs.

Congress should heed the request of treasury officials without delay and act to remove the cap on interest rates before the savings bond program is destroyed.

FROM HIS WORD...

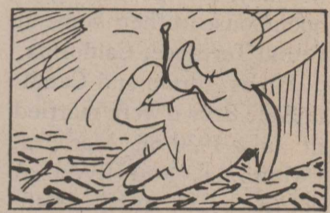

Before a new unit is placed into a combat situation during a war, it is briefed on the local countryside, the support available, and most importantly, a profile on the enemy. In Matthew 4:1-11, God's word gives us a profile on some of the aspects of Satan.

Note some very interesting facts about Satan in these passages of scripture. First, Satan knows God and His Son (vv. 3,6). Second, Satan knows God's Word, and is not afraid of quoting scripture to confuse or mislead his hearer (v.6). If Satan has a knowledge of God and his word, how can we overcome his deception?

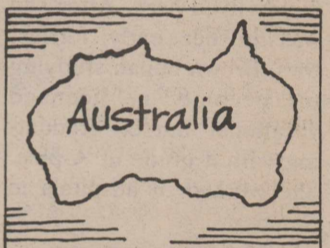

According to Jesus' action in verse 10, and Mark 16:6, we must not only know God, but we must commit to serving only him. When we accept anything less than the Word of God and serve anyone other than God, we are always going to be lead astray. If we look only to God through Jesus Christ our Lord we will not have another Jim Jones, or Jonestown.

Class of 1930 Holds 50th Anniversary Reunion

The Class of 1930 will celebrate the golden anniversary of its graduation, starting Friday evening, July 25, with a class party and dance.

It will close when the members join all other ex-students for the Chamber of Commerce Dance Saturday evening, July 26, or visit with friends and reminisce.

In between, there will be a sunrise breakfast, visiting with other ex-students at the general reunion and the anniversary luncheon at noon. All of these are Saturday.

Plans were announced by Argen Hix Draper of Hereford.

Only members of the 1930 class and their spouses along with a few guests will attend the Friday evening party at Greenbelt Electric Cooperative, beginning at 8 p.m.

At 9 p.m. they will go to the VFW Hall on Highway FM 338, a quarter of a mile east of Lucky Corner (US 83 & 15th St.) for dancing.

There will be a sunrise breakfast at Pioneer Park, 7 miles north of Wellington, US 83 and Salt Fork, for the class and its guests.

Tom Draper of Hereford and Earl Patterson will cook the traditional cowboy breakfast. Those who have not notified the planners if they will attend should contact Mrs. Draper at 806/276-5263, Hereford, or Mrs. Earl Patterson, Wellington, 806/447-5684.

The Class of 1930 will be back at Bura Handley Community Center at 10 a.m. to join ex-students attending the general reunion.

The highlight of their reunion will be the luncheon at Roberson's Restaurant on US 83 South.

Their menu will duplicate that served them at the 1930 junior-senior banquet 50 years ago: chicken croquettes, gerkins, corn pudding, green beans, Waldorf salad, Parker House rolls, vanilla glaze cake, iced tea and mints.

They will return to the community center for the business meeting at 3:30 p.m. when the decision is made whether to continue the annual ex-students reunions.

They will be together for the Wellington Ex-Students Reunion Barbecue at Ellison Park at 6:30 p.m. Afterward, they will visit or attend the Chamber of Commerce Dance, which is the Ex-Students - Rodeo Dance, starting at 9 p.m.

Among those planning the 1930 class reunion are Mrs. Draper, Mable Jones Coleman of Dumas; Julia Salugh Van Bebber of Perry, Oklahoma.

Scout Troop 431 Wins Top Camp Award

Wellington's Boy Scout Troop 431 one of the youngest troops in the Adobe Walls Council, and participating in its first summer camp, received the top award a troop can earn at that camp.

The Law Award goes to a troop that is selected by the camp staff, based on spirit and participation in the various activities offered.

Eight members of Troop 431 were at Camp M.K. Brown near Mobeetie Sunday through Saturday, July 13-19.

"It was a total surprise," said Scoutmaster Vernon Day of the award. "It was the last to be presented at the awards ceremony Friday night."

In the same ceremony, one member, Tracy Day, 12, was tapped out for Order of the Arrow.

Skill awards, merit badges, Totin' Chips and advancements received by this troop totaled 54.

"I've never had a Boy Scout troop to earn that many awards per boy during camp," declared the veteran Scout leader.

Among the activities that went into their selection for the award was daily campsite evaluation, advancement participation, merit badges and skill awards earned.

There was camp project participation, and this is construction of an abobe hut, with the boys making their own bricks and laying the walls.

The number of boys at camp compared to the number in the troop is considered.

The boys also participated in the flag ceremony, aquatic show, conservation project, inter-troop campfire, orientation contest. They completed a totem pole section and took part in the outpost camp, Day reported.

This troop was organized in November 1979.

Seven boys received the conservation skill award, Soil and Water merit badge and Totin' Chip merit badge: Kelly Goforth, Spencer Seale, Scottie Hale, Max Kellison, Rudy Torrez, Terry Day and Pepe Martinez.

Tracy Day, Terry Day, Goforth, Kellison, Martinez, Seale and Torrez received the Hiking Skill award.

Next, these 7 and Scottie Hale were awarded the Camping Skill Award.

These merit badges were awarded to smaller groups: swimming, Terry Day,

Tracy Day, Seale and Goforth; First aid: Tracy Day, Seale and Goforth; and archery: Martinez, Torrez and Seale.

Six Scouts received advancements: Tracy Day and Terry Day, Goforth, Seale and Torrez became second class Scouts effective July 19. Kellison became a Tenderfoot, effective June 1.

Eleven Tax Suits Filed

Eleven delinquent tax suits have been filed in 100th Judicial Court, according to records of the county clerk's office.

This is one of a series of suits filed jointly by Collingsworth County, the City of Wellington and Wellington Independent School District in an effort to clear the records of delinquent taxes.

Some of these have been delinquent for as many as 40 years, and it is believed some titleholders are not aware they own the lots. Most are vacant and located in the north and northwest parts of Wellington.

Suits were filed against Earl Tompkins, C.L. Trout, J.W. Swearingen, O.M. Bishop, C.W. Pearson, J.W. Carr, J.E. Walker, Ethel Black, Clyde Murley, B.F. Ball estate and F.M. Ewing.

The nose cleans, warms and humidifies over 500 cubic feet of air every day.

Small quantities of ivory are obtained from the hippopotamus, narwhal, walrus and other animals.

'45-'46 Classes Meet Together

The Wellington High School class of 1946 will hold its annual get-together in the Heritage Room of Wellington State Bank from 1:30 to 3:00 p.m. Saturday, July 26.

Guests of honor at this reunion will be the class of 1945, which is celebrating the 35th anniversary of its graduation, but which has no special plans for the meeting.

Chips and dips will be served, but the time will be

given over to visiting and reminiscing, said Bethine Wolf Adkins, who is in charge of arrangements.

The 11 members still living in Wellington will be the hosts: Mrs. Wolf, Billye Tenison Castleberry, Gay Reeves McAlister, Marshall Peters, Sidney Jackson, Leo Popwell, Odean Lewis, Lenora Turner, Kay Feenster, Nettie Beth Gulley Green, and Willie Faye Talbot Henard.

Miss Hunnicutt At Church Meet In Louisville

Silvia Hunnicutt, daughter of Mr. and Mrs. R.L. Hunnicutt, attended the National Youth and Young Adult Conferences at Louisville, Kentucky, which ended Friday, July 18.

She represented the Northwest Texas Conference, Wichita-Amarillo district and St. John's CME Church.

"I met Alex Haley, who was the keynote speaker," she said.

With others at the meeting, she saw Colonel Sanders and the burial ground of the Veterans of all wars. They sailed down the Ohio River on the great river ship, Belle Isle.

Miss Hunnicutt joined other representatives from Texas to make the trip.

And a month of HBO costs less than taking your family to a single movie. How's that for a good way to beat the heat.

Call your local cable company now and order HBO—America's greatest entertainment value. Take a vacation from summer reruns.

There's a New Flag Over Collingsworth

Collingsworth County now has its first official flag, to take its place in parades and at other public functions alongside the flags of the United States, Texas and the City of Wellington.

The flag received official approval by the Collingsworth County Commissioners Court in a unanimous vote at a called meeting Monday, July 21.

It will fly for the first time in the grand entry as members of the 4-H Riding Club open the Collingsworth County Rodeo Friday night, July 25.

The blue silk background is edged in white fringe and has lettered in gold "Collingsworth County."

It salutes the three major agricultural facets: cattle, cotton and wheat.

The idea for a Collingsworth County flag came from Mrs. Jack Campbell.

She checked county records and talked to long-time residents and could find no record that the county ever had its official flag.

Her son, Ed Campbell helped design the flag.

Mrs. Campbell's friends joined in making it, cutting or stitching the letters. Some worked for hours, others could give no more than half an hour.

Included were Mrs. Farris Wood, Mrs. Andy Bell, Mrs. Joe Wood, Mrs. Gary Killian, Mrs. Dennis Cudd,

Mrs. David Pruitt, Mrs. Denzil Lacy, Mrs. Adolf Schmidt, Mrs. Bill Spillman, Mrs. Bill Lowe, Mrs. W.P. Estes, and Mrs. Paul Bell.

Three girls, daughters of the flag makers, also helped. They were Lolly Campbell, Vanda Wood and Toni Bell.

The red and white Wellington flag also has an interesting background. It belongs to Fleet Pruden, who on special occasions makes it available to some groups.

Renee Lacy Wins In Solo Contest

Band has been a summer emphasis for Renee Lacy, That Skyrocket Band drum major.

At the beginning of the vacation, she won a second division rating and silver medal at the Texas State Solo-Ensemble Contest for her trumpet solo in the Texas State Solo-Ensemble Contest in Austin.

Her number was Bozza by Badinage.

Her accompanist was Mrs. Jamie Larson of Houston, wife of former Wellington High School band director. Mrs. Larson has accompanied Renee frequently in the past.

Her mother, Mrs. Robert Lacy, was in Austin with Renee.

Without returning to Wellington, Mrs. Lacy and Renee flew to Green Brook, N.J., to visit another daughter of Mrs. Lacy, Mr. and Mrs. Melvin Simcoe and sons, Michael and Steven.

Reaching home earlier this month, Renee went on

to the West Texas State University Band Camp, for her third year. She will be home this weekend.

Renee has been a trumpet student of Ken Van Winkle of WTSU for three years.

Sales Tax Payments Up For 7 Months

Sales tax payments to Wellington for the first seven months of 1980 run 16 percent more than for the payments of the same period in 1979.

The total for this period is \$35,741, compared to \$30,549.49 in 1979.

Wellington's July payment is always one of the smallest of the year and this year amounted to \$1,076.95.

State-wide, sale tax payments were up about 20 percent for the first 7 months, from the same period in 1979.

Parallel Petroleum Leases 6,000 Acres Between Dozier and River

Parallel Petroleum Corporation, a Midland based diversified energy management and operating company has filed oil, gas and mineral leases totaling approximately 6,000 acres in Collingsworth County.

These lie in an area from Dozier south toward Salt Fork River.

The leases were filed by Larry Oldham, vice president for finance and treasurer of the corporation, and a former resident of the area leased.

Oldham said the company plans to drill its first well before the end of this year. The proposed well would go into the Brown Dolomite where most of the production in the north part of the county is found. The location will be announced later.

The term of the leases varies from one to three years, with royalties of either 1/8 or 3/16.

This moves leasing

activity away from the Elm Creek area and from the northwest part of the county.

Oil, gas and mineral leases:

Dudley Coleman and wife, Sondra Gail, W/2 of NE/4 section 29, block 16; 10 acres of a 110 acre tract in section 29, block 16; and west 50 acres of NW/4 section 29, block 16, totaling 140 acres. Also filed was an assignment of overriding royalty interest: 6.25 percent of oil, gas and other hydrocarbon on this property.

Eddie Hankins Named WHS Principal

Wellington School Board hired Eddie Hankins of Grandfalls, Texas as high school principal Tuesday, July 22.

Hankins will begin work August 1.

The high school principal's slot was vacated when former principal Melvin Cardwell moved to the elementary principal position earlier this year.

Hankins holds a BS degree from Lubbock Christian College and an ME from Sul Ross State University.

For the past three years he has been band director at Grandfalls. Before that, he was band director at Shallowater, Texas and at Loraine, Texas.

He and his wife Gayle have two children, Scott, 6 and Kristy, 2.

ARE YOU COVERED?

There is so much to remember when you leave on a trip. If you are driving, make sure you have extended coverage on your auto or camper and that it is in force. Carry a list of numbers of agents in towns you will be in or near in case of emergency. If you are driving in a foreign country make sure you are covered... it costs only pennies to do so.
