High Winds, Heavy Rains Hit S. Texas

By The Associated Press

Extremely heavy rains in the area between Austin and San Antonio sent minor rises downstream on rivers in the area Monday. High winds caused minor damage at a couple of places.

Heaviest reported rain was 4.8 inches at an Austin fire station, with 3.43 at the Austin airport. Llano reported 3.75 inches.

Other rainfall included Castell 2.18, Lockhart 1.5, Fredericksburg 1.6, Bastrop 1.75, San Marcos 1.82, Buda 4.2, Elgin 1.2, Manor 2.00, Comanche 2.25, Kerrville 1.7, Lometa 2.15, Sherman 2.35, San Antonio 1.13, Junction .96, Del Rio .85, Houston .58, Waco and Fort Worth .50, Mineral Wells .46, San Angelo .43, and lesser amounts at many other places.

Severe winds struck the farm of Jacob Gieniec seven miles east of San Antonio, ripping off the roof of a barn and hurling it 600 feet. It also levelled a chicken house and uprooted a tree.

A trailer house was overturned and a chicken house demolished at the farm of Jim Zezula about 3 miles southwest of Jourdanton.

Poteet had an unofficial 2.5 inches while Jourdanton recorded 2.1 inches.

Around dawn, heavy fog extended from San Angelo and Wink northward across West Texas to Lubbock and Childress.

Official rainfall totals included Sherman 2.35 inches, Austin 2.11, San Antonio 1.13, Junction .96 inch, Del Rio .85, Houston .58, Waco and Fort Worth .50, Mineral Wells .46, San Angelo .43, and lesser amounts at Marfa, El Paso, Presidio, Abilene, Wichita Falls, Dallas, Corpus Christi, Victoria, College Station, Lufkin, Longview and Wink.

Dikes Burst, Flood Yugoslavian City

ZAGREB, Yugoslavia (AP) — This second city of Yugoslavia was partly flooded early today when the swollen River Sava broke its dikes.

After two weeks of steady rains in northwest Yugoslavia, swollen rivers flooded big areas in Slovenia and Groatia.

One person drowned.

Helicopters and boats rescued about 200 persons marooned on roofs of houses in Zagreb.

HERE'S AN EYE-CATCHER — Black-eyed Michael Sidelecki, six, is a patient in Augustana hospital, Chicago, because — here's a switch — end of a bat, not ball, hit him. Janet Finger, who cavorts on Ice Follies program in over-sized kitten costume, spotted him as part of cast's visitation program to children's ward — and picture resulted. (AP Wirephoto)

US Quietly Builds Up Bomber Force On Guam

By FRED S. HOFFMAN

WASHINGTON (AP) — The United States has posted a squadron of 15 B52 heavy jet nuclear bombers on the island of Guam — within about 2,000 miles of Red China, it was learned today.

The unpublicized move, made last spring, places the 15 B52s about 5,000 miles closer to Communist China than when they were based in the United States.

The squadron sent to Guam replaces a unit of older medium jet B47 bombers. B52s have at least twice the striking range and carry much more of an atomic wallop than the B47s. The B52s also fly faster and higher.

This is the first time that the long-range B52s have been deployed overseas. The other 600 heavy jets are stationed in the United States, half of them on "runway alert" and ready for takeoff within 15 minutes.

No additional B52s are scheduled for overseas deployment this year, the Air Force said.

Asked the reason for sending the 15 B52s to Guam, the Air Force said the purpose is "to more effectively utilize the aircraft."

The type of B52 stationed on Guam has an effective operating range of more than 6,000 miles with the fuel it carries in its own tanks.

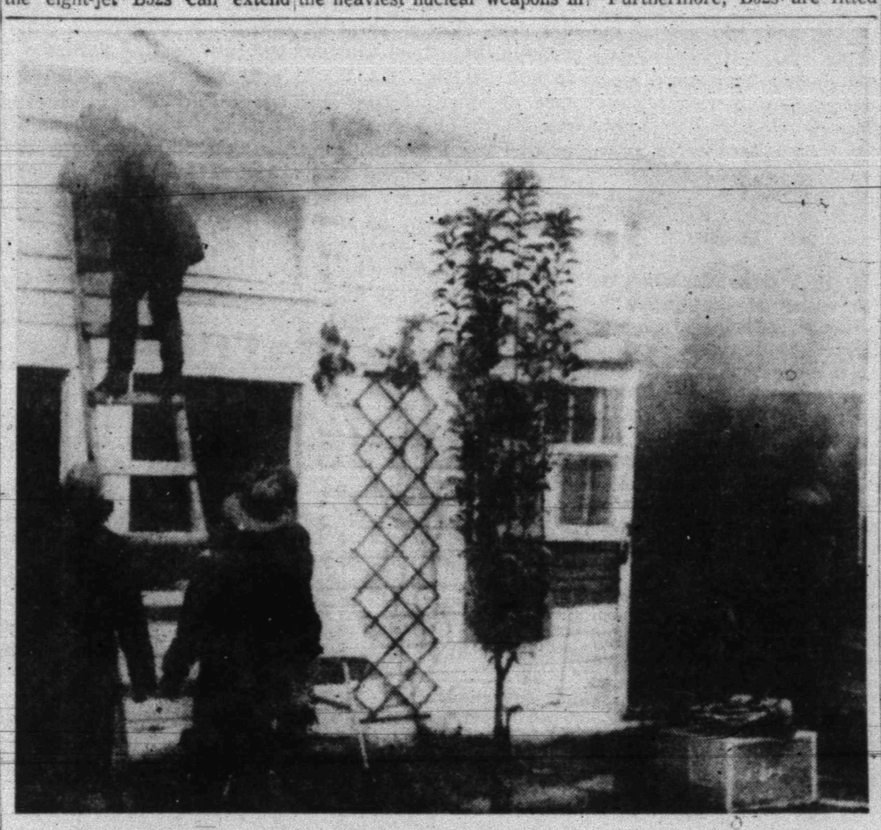

Refueled by aerial tankers, the eight-jet B52s can extend their ranges by thousands of miles.

Each B52 can carry a brace of the heaviest nuclear weapons in the U.S. arsenal — weapons packing explosive equivalents of 24 million tons of TNT.

Furthermore, B52s are fitted to launch Hound Dog missiles. These nuclear-headed missiles can blast ground targets more than 500 miles from their mother bombers.

To confuse enemy defenses, B52s can fire off decoy missiles called Quail. The 13-foot-long Quail flies at B52 speeds and altitudes, producing a "blip" on enemy radar similar to that made by an actual B52.

The Air Force gradually has been retiring its aging B47s. A one-time fleet of about 1,400 of the six-jet craft has been reduced to about 400 planes.

LIGHTNING CAUSED at least two fires in Snyder during the thunderstorms Sunday afternoon. Firemen are shown fighting a blaze in a utility building at the Dick Stoltz residence at 511 Twenty-seventh Street in which lightning followed an extension cord and set fire to the floor. Major loss was 125 chinchillas which were housed in the building. Lightning also caused a fire at the Frank Darby home, 1803 Thirty-eighth, when lightning followed the wiring to an electric stove.

US Pilot Killed In Viet Nam

SAIGON, Iet Nam (AP)—A U.S. Air Force pilot and his Vietnamese copilot were killed in the crash of their A1E Skyraider today on a mission against the Communist Viet Cong 30 miles northeast of Saigon. The cause was not immediately determined.

U.S. military sources, in reporting this incident, said six other Americans were wounded in widely scattered actions Sunday and today. The roll of American combat dead in Viet Nam rose to 213.

American officials reported a twin-engine U.S. Air Force transport shot down Saturday apparently was hit by Cambodian fire and not by the Viet Cong. The C123, airdropping supplies for a U.S. Special Forces camp, crashed and burned and all the eight Americans aboard were killed.

It appeared that U.S. ground and air forces operating along Cambodia's frontier were in a virtual state of war with that avowedly neutralist kingdom. Cambodia has charged, meanwhile, that planes coming from South Viet Nam have strafed several of its border villages.

American authorities positively identified a body recovered at the frontier as that of U.S. Army Capt. Herman Y. Towery of Georgetown, S.C., who was captured alive with three Vietnamese troops in a battle with enemy sampans last Thursday. The bodies of Towery and two of the Vietnamese were found Saturday.

The C123 went down at the frontier about 130 miles north of Saigon.

Reds Try To Calm Unrest

MOSCOW (AP) — The Kremlin's new leaders continued a series of meetings with foreign Communist party officials today to try to quiet the spreading unrest over the ouster of Nikita Khrushchev.

Khrushchev's successors announced they had conferred with the Communist chiefs of Poland as Red delegations from France, Austria and Italy converged on the Soviet capital to find out why Khrushchev was dumped as premier and Communist chief and what lies ahead.

Reports circulated in Moscow that Mikhail A. Suslov, the top Communist theoretician who led the attack on Khrushchev, has been hospitalized with kidney trouble and a recurrence of tuberculosis. Some non-Communist observers suggested his illness might be primarily political.

Communist party First Secretary Leonid I. Brezhnev and Premier Alexei N. Kosygin traveled to the Polish border to confer with Polish Communist party chief Wladyslaw Gomulka, and Premier Josef Cyrankiewicz. The Soviet news agency Tass said the meeting took place "the other day" at the border town of Bielovezh Puschca.

A delegation of the French Communist party, which has declared it wants to know the truth about Khrushchev's fate, arrived in Moscow over the weekend. An Austrian Red mission arrives today and representatives of the big Italian party are expected Tuesday.

Hungary's Communist party echoed the Kremlin position Sunday with criticism of "regrettable mistakes" during Khrushchev's regime. But the Budapest communique praised the fallen leader's fight against Stalinism and his campaign for peaceful coexistence.

The Communist hierarchies of Czechoslovakia, East Germany and Poland have praised Khrushchev since the terse Soviet announcement Oct. 16 that he had been ousted.

The Kremlin's explanation that the 70-year-old premier stepped down because of age and ill health has not been accepted by the party leaders in Western Europe.

Powell Service Is Set Here Wednesday

Funeral services will be held at 4 p.m. Wednesday at Mt. Olive Baptist Church for Mrs. Alice Powell, 65 of 3612 Avenue M, a resident here for the past 20 years.

The Rev. F. Nelson will officiate, assisted by the Rev. R. L. Washington. Burial will be in Snyder Cemetery, under direction of Bolger Funeral Home.

Mrs. Powell was on a visit in Dallas when she was taken suddenly ill. She was dead on arrival at Parkland Hospital at 5 a.m. Sunday.

Mrs. Powell was the widow of the late Fate Powell who died in 1961. She is survived by several nieces and nephews including Ennis Powell of Snyder.

Rites Held For Pioneer Resident

Funeral services were to be held at 2:30 p.m. today for Mrs. Ada R. Henderson, 86, who died at her home at 2801 Avenue M at 10:30 p.m. Saturday.

Born June 3, 1878 in Hill County, Mrs. Henderson had been a resident of Scurry County since 1900.

The services were to be held at the First Methodist Church of which Mrs. Henderson was a member, with the pastor, the Rev. James Tidwell, officiating. He was to be assisted by the Rev. John Henley of Ft. Worth. Burial was to be in the Ira Cemetery under the direction of Boger Funeral Home.

Mrs. Henderson is survived by two daughters, Mrs. Earnest Cathy of Eatonville, Wash. and Mrs. Lela Weathers of Hamilton; one son, Hugh Birdwell of Snyder; four sisters, Mrs. Kenneth Daugherty of Glenside, Penna., Mrs. Grace Meyer of Van Buren, Ark., Mrs. Jesse Jennighs of Sweetwater and Mrs. Walter Huddleston of Snyder; two brothers, Elmo Hayley of Waco and Curtis Hayley of Sweetwater; six grandchildren and 12 great - granchildren.

Gas Explosions Kill 2 Chemical Workers

By ED STAATS

ORANGE, Tex. (AP) — A series of gas explosions rocked two of a string of six petrochemical plants near this southeast Texas oil city Sunday.

Two workers were killed and 17 injured, only one seriously.

Ruptures in pipelines carrying highly volatile gas apparently caused the blasts, but company officials said they were unrelated. Neither firm shares any facilities.

The first explosion ripped the Spencer Chemical Co. plant after a leak developed in a line carrying highly volatile ethylene gas under a pressure of 25,000 pounds per square inch.

Gas fogging the area ignited and the shock broke windows at Bridge City, five miles distant. Flames soared 150 feet high and were visible 25 miles to the west at Beaumont.

"The whole roof of the building just came off," one man said.

Sixteen of 26 men working the night shift at Spencer suffered burns, cuts from flying glass and debris, and shock.

A company clock was jarred to a standstill at 7:30 p.m.

About three hours later, a series of perhaps five explosions injured three men at the nearby Allied Chemical Co., when an automatic safety valve blew off on a line carrying oxide or ethylene gas.

The two plants are separated by a 300-acre industrial site.

Police barricaded roads and entrances through chain-link fences within a five-mile radius of entire plant complex — named Chemical Row — as firemen sped from surrounding areas to fight the flames.

Fires at both plants were brought under control, and thousands of pounds of dry ice were packed around lines to solidify escaping gas and allow repair of the breaks.

No newsmen were permitted on the scene, but reports told of building walls collapsing and windows shattering.

Carroll Lee Carr, 29, an employe at the Spencer plant, was killed. A fellow worker, Clyde Matthews, Jr., 31, died in the hospital later of burns.

7 LAUNCHINGS SET

Busy November Planned At Cape

CAPE KENNEDY, Fla. (AP) — Seven major launchings, including two Project Mariner spacecraft ticketed for Mars are scheduled next month at Cape Kennedy.

Late in November, the space agency plans to launch a Project Gemini capsule on a final unmanned flight to qualify it for manned missions scheduled to begin early next year.

Other shots on the schedule are orbital development flights of the Centaur and Titan 3A space rockets; the Tiros 9 weather satellite, and a radiation-sensing Explorer scientific satellite.

The first Mariner - Mars launching is set for Nov. 4. The second could be fired as early as two days later, depending on how well No. 1 fares.

November marks one of the rare occasions when Mars is in position to receive an unmanned visitor from earth. The next opportunity will be in December 1966.

Each Mariner payload is to travel about 350 million miles in 8½-month journeys to Mars. During 30-minute fly-bys within 10,000 miles of the planet, each is to snap 20 television pictures and gather scientific data.

The launchings will be the most difficult attempted by unmanned U.S. spacecraft. Jack N. James, Mariner project manager for the Space Agency's Jet Propulsion Laboratory, says there is a better than 50 per cent chance that at least one of the craft will succeed.

The unmanned Gemini flight has been delayed numerous times because of technical and weather reasons. The Titan 2 booster rocket twice was removed from its launch pad because of hurricanes, and several weeks delay resulted when the rocket was damaged by lightning.

The Titan 2 is to propel a fully equipped spacecraft 2,000 miles down the Atlantic range to check all systems, and re-entry and recovery techniques.

If the shot succeeds, astronauts Virgil I. Grissom and John W. Young are to take a five-hour, three-orbit trip in a similar capsule early in 1965. Eventually, Gemini astronauts are to stay in space for as long as two weeks to practice procedures for going to the moon.

Both the Centaur and Titan 3A rockets are to loft dummy satellites into orbit. Centaur, which is several months behind schedule for technical reasons, is being developed for landing unmanned Project Surveyor scientific payloads on the moon. Titan 3A is forerunner of a Titan 3C rocket intended to launch a number of Air Force military space payloads, including a manned laboratory the size of a house trailer.

VA. LAW UPHELD

Divorce Papers To State Race

WASHINGTON (AP) — The Supreme Court upheld today validity of a Virginia law requiring that divorce decrees state the race of the husbands and wives.

Two Negro women appealed from a decision by a special three-judge federal court in Alexandria, Va. The special court said that vital statistics "obviously are aided by denotation of divorce decrees of the race of the parties."

The Supreme Court, in a brief order, summarily affirmed the special court's ruling. The order noted that Justices John M. Harlan and William J. Brennan favored hearing argument on the appeal before announcing a decision.

The women in appealing to the Supreme Court contended the state requirement violates the U.S. Constitution guarantee of equal protection of laws.

One of them, Barbara Jackson Williams, said the requirement threatened harm in her pending divorce action. The other, Gladys Quander Tancil, asked a court order striking from a 1952 divorce decree the word "colored."

In a second decision, the Supreme Court affirmed a lower court ruling that a Virginia requirement for separation of names by race in some official records violates the Constitution's equal protection of laws clause.

This lower court finding was also by a three-judge U.S. District Court in Alexandria. It was appealed to the highest tribunal by Robert Y. Button, attorney general of Virginia.

The Supreme Court summarily affirmed the District Court ruling in a brief order that made no comment.

WEATHER

SNYDER TEMPERATURES: High Saturday 73 degrees; low, 50 degrees; reading at 7 a.m. Sunday 55 degrees. High Sunday 70 degrees; low, 48 degrees; reading at 7 a.m. today, 48 degrees. Precipitation .71 inches.

Northeast Texas: Cloudy and scattered showers today, and in east tonight. Partly cloudy in west tonight and over area Tuesday. Foggy late tonight and early Tuesday. Cooler today, a little warmer Tuesday. Low tonight 53 to 63. High Tuesday 72 to 82.

Northwest Texas: Fair today and Tuesday, warmer today. Low tonight 35 to 56. High Tuesday 74 to 84.

Coast: South and southeast winds 15 to 20 knots today and Tuesday.

South Central Texas: Partly cloudy today with scattered showers in east. Clear to partly cloudy tonight and Tuesday with showers ending by early Tuesday along coast. Low tonight 56 to 66. High Tuesday 75 to 85.

Southwest Texas: Decreasing clouds today, clear to partly cloudy tonight and Tuesday. Low tonight 48 to 58. High Tuesday 72 to 82.

GOP Candidate To Visit Snyder

Phil Bridges, Republican candidate for US Representative from the 17th District, will visit Snyder Tuesday afternoon.

Bridges will arrive at the Republican headquarters here at 2:30, and everyone interested in the congressional race is invited to meet him there at that time. Following a few remarks at the headquarters, Bridges will visit around town.

Civilians Again Control Viet Nam

SAIGON, South Viet Nam (AP) — South Viet Nam's military returned the government to the civilians today, marking the fifth change of government in a year.

Power was formally transferred to the nation's new chief of state, ailing revolutionary Phan Khac Suu. Maj. Gen. Nguyen Khanh resigned as premier with the rest of his caretaker government.

Suu said the High National Council, which is presiding over the changeover from military to civil rule, would consult Tuesday on a premier to lead the government until a new constitution is drawn up. Speculation centered around former Saigon Mayor Tran Van Huong.

Khanh will continue to wield great power as commander in chief of the armed forces, with a big say in naming the armed forces minister. They will sit on the four-man National Security Council which will have wide power because of the war against the Communist Viet Cong.

Although the U.S. Embassy hailed the shift as "another positive step toward the objective of establishing an effective civilian government," more turmoil was possible.

Suu said he would continue as chief of state for only a short time because his health isn't good. It appeared likely that the civilian politicians would not bow to military pressure willingly. Any such defiance would probably result in another military coup.

Political leaders in Hue said they were prepared to put crowds into the streets to back their demand for complete elimination of Khanh from the government.

In Nha Trang, a coastal city 200 miles northeast of Saigon, officials declared a one-week holiday from school in the hope of heading off rioting.

Commissioners Study Insurance Program

A discussion of the county's insurance program was held by the Scurry County commissioners court at their regular meeting this morning.

The court in effect declined the request of Derrell Parrish that the Allstate firm be included as a participating insurance company in the county's business, and instructed Mrs. Hilda McSraty, insurance servicing agent, to prepare the insurance in the same manner as last year.

Soviets Hurt By Ouster, Say Experts

By JOHN M. HIGHTOWER
AP Special Correspondent

WASHINGTON (AP)—President Johnson has been advised by government experts on Soviet affairs that the ouster of Premier Khrushchev has damaged the prestige of Soviet leadership at home and abroad and rendered uncertain the future course of Soviet policy toward the West.

These are among the principal conclusions reached in a new study of the sudden, sensational shakeup in the Kremlin earlier this month. Other conclusions reported to the President, according to informed officials:

1. The best guess about the future prospects for Khrushchev's successor is that a power struggle probably cannot be avoided. The experts say that Communist party boss Leonid I. Brezhnev and Premier Alexei N. Kosygin appear to represent the two bureaucracies of the party and the government and these together with the competitive interests of the military and industrial establishment set the stage for a power struggle.

2. Factionalism in the Soviet Union tends to hurt Soviet interests internally and externally. The destalinization program of a decade ago is cited as a case in point. It was one of the issues over which Communist China avowedly split with the Soviet Union.

3. The violent wrench which resulted from the sudden ouster of Khrushchev has displayed to the world what experts here term the uglier side of Kremlin politics and this has been a principal contribution to the loss of Soviet prestige. It renders virtually all important aspects of Soviet policy uncertain.

4. While Brezhnev and Kosygin have reaffirmed Khrushchev's policy of coexistence, the new men and their jockeying for power could move Soviet policy in the future in almost any direction subject only to the limits of the Soviet Union's power position.

5. The Communist-ruled countries of Eastern Europe have been given another push toward the West by the shakeup. This is evidenced by the fact that Poland, Hungary, Czechoslovakia and East Germany have in various ways praised Khrushchev's accomplishments instead of following the new Kremlin line of denouncing his failings. This is taken to mean that Eastern European leaders are unwilling to reverse Khrushchev's relatively liberal policies toward the Eastern European countries and that they are determined to look to their national interest as distinguished from their Communist party loyalties.

6. To a considerable degree the ouster of Khrushchev — particularly coming so close to Red China's recent nuclear explosion, has played into Chinese hands. It displayed dissension among Soviet leaders in contrast with the apparent solidarity of the leadership under Mao Tze-tung in Peking. This suggests that any substantial reconciliation between the Soviet Union and Red China would be on Mao's terms.

7. Khrushchev's successors face a serious problem in handling relations with the so-called nonaligned countries of Asia and Africa — such countries as India, Yugoslavia, Indonesia and the United Arab Republic. Khrushchev was a personal symbol of the Soviet policy of cultivating the nonaligned countries and they are understandably agitated, their confidence shaken by his sudden departure from power.

DISTRICT VIC OFFICER—Richard Johnston of Snyder was elected sergeant-at-arms of District 1 Vocational Industrial Clubs at the fall meeting Saturday in San Angelo. Don Winkles of Abilene was elected vice president; Patsy Moreno of El Paso, secretary; Pat Martin of Abilene, treasurer, and Virginia Castillo of El Paso, reporter. Johnston is a junior student at Snyder High School and works at J's Super Market as a meat cutter. Plans were made for the spring district meeting in El Paso next March 19-20, for the state VIC meeting in May at Galveston. Eleven students from Snyder attended the district meeting.

Florida Greets Campaigning LBJ

By FRANK CORMIER

ORLANDO, Fla. (AP) — President Johnson got a big welcome in Florida today as he swung into a tour of Southern states where backers of Republican Barry Goldwater claim considerable strength.

Many thousands lined a four-mile motorcade route through Orlando and crowded into a shopping center parking lot where Johnson began the day's five-city campaign tour.

Sheriff Dave Starr estimated 100,000 turned out to see the President.

The people were orderly and decidedly friendly and there was nothing like the unruly mob scenes which Johnson encountered Sunday in Miami.

The President, in his Orlando speech, promised "a new charter of opportunity for older Americans." Florida is a haven for tens of thousands of retired people.

Secret Service agents and police had to strain their backs against an enthusiastic crowd to get Johnson into his hotel for an overnight stop in Orlando. In Miami, officers became violent as they struggled to extricate the President from well wishers.

Johnson got a healthy shove from one Miami policeman who, without looking, went all-out to enforce orders against permitting people through the presidential entrance of the DuPont Plaze hotel. Johnson was staggered but did not lose his footing.

One member of the White House press corps, William H. MacKaye of the Houston (Tex.) Chronicle and Fort Worth Star-Telegram was carried off bodily by police when he tried to enter the hotel. Spectators and other newsmen were roughed up.

Johnson called his Florida reception wonderful — "I haven't seen a sourpuss all day"—but he ran into vocal Goldwater supporters at every stop.

Sometimes they chanted, "We want Barry." Always they waved Goldwater banners. At dedication ceremonies in Boca Raton for Florida Atlantic University, a security helicopter chased away two small planes trailing pro-Goldwater banners.

Johnson aimed his campaign today at Florida, Georgia and South Carolina.

In his text for an outdoor audience at Orlando, Johnson said a major choice of the Nov. 3 election involves the future of older Americans.

Rites Pending Here For Sister Of Mrs. Norma Bowers

Funeral services are pending at Bell - Seale Funeral Home for Mrs. R. B. Bowlin, 59, of Ackerly, the sister of Mrs. Norma Bowers of Snyder.

Mrs. Bowlin died unexpectedly at her home in Ackerly at 5 a.m. Sunday.

Born Sept. 15, 1905 in Center, she had been a resident of Amarillo before moving to Ackerly.

In addition to Mrs. Bowers, Mrs. Bowlin is survived by her husband; two sons, Raymond of Amarillo and Michael Ray of Ft. Worth; and three brothers, Bob Sherrod, Buck Sherrod and John Sherrod, all of Amarillo.

Burial will be in the Dunn Cemetery under the direction of Bell - Seale Funeral Home.

Cases Are Heard In County Court

James Taylor, Jr. of Snyder entered a plea of not guilty today in county court on a charge of illegal transportation of alcohol in a dry area.

Taylor's bond was set at $500.

Also in county court, George Wayne Webster pleaded guilty to a charge of driving while his drivers license was suspended. The charge had been filed by the Texas Highway Patrol.

Webster was fined $25 plus costs of $26.35.

In county court late Friday afternoon, William Dale Rains pleaded guilty to a charge of malicious mischief. Earlier in the afternoon he had pleaded not guilty to the charge. He was fined $25 plus costs of $26.35.

Mishap Reported

The Snyder police department reported a minor mishap at 5:43 p.m. Sunday at Twenty-fifth Street and Avenue W.

Involved were a 1962 Chevrolet driven by Beverly Jean Rogers, 2113 Forty - second Street, and a 1964 Ford deiven by Oscar L. Like, Box 1103. Damage to the Rogers car was estimated at $150 and to the Like car at $5. No injuries were reported.

Barry Plans No Stepup Of Pace

By WALTER R. MEARS

WASHINGTON (AP) — Sen. Barry Goldwater says he has no big surprises up his sleeve and plans no major speedup in his vote-hunting pace in the final week of his campaign.

The Republican presidential nominee will journey to 16 states in the final days of his challenge to President Johnson.

He opens the week's tour today in Salisbury, Md., in an area that leaned heavily toward Alabama Gov. George C. Wallace in the Maryland primary election last May.

After a stop in Doyer, Del., Goldwater moves on to New York City, where his schedule sets aside nearly six hours for staff conferences and dinner.

Tonight, he will address a rally in New York's Madison Square Garden.

Goldwater traveled to West Branch, Iowa, Sunday for the burial of former President Herbert Hoover. He flew out from Washington with the Hoover family, and returned aboard his campaign jet.

On the way back to the capital, Goldwater, who does not campaign on Sunday, worked on his New York speech.

He told newsmen he will stick to the basic issues of his campaign in its final days. Goldwater has been calling for a tougher stance in foreign policy, for curtailment of the size and power of the federal government and for a drive against what he calls a wave of lawlessness and immorality.

Goldwater's campaign will take him to Bristol, Tenn.; London, Ky.; and Cleveland, Ohio Tuesday.

On Wednesday, he will carry his campaign to Cedar Rapids, Iowa; Oshkosh, Wis.; and East St. Louis, Ill.

Goldwater will spend Thursday on a whistle-stop tour from Harrisburg to Pittsburgh, Pa.

Friday, he will be in Cheyenne, Wyo.; Las Vegas, Nev.; Tucson, Ariz.; and Los Angeles.

Goldwater speaks in his home town of Phoenix and San Antonio, Tex., Saturday before swinging on to Columbia, S.C. in a windup bid for Southern votes which will be televised to 13 Southern states.

HOSPITAL NOTES

ADMISSIONS: Whitt Boren, 3774 Avondale; T. J. Hillis, Hermleigh; Iva Lee Krop, Rt. 1; Barney Prince, 3001 Avenue W; Dianna Palmer, 2711 Avenue I; Ivan Gatlin, 2506 Avenue H; Thomas Lemaster, Jr., 2400 Forty-second; Robert Powers, 1911 Avenue O; Hermal Lee Stokes, Rt. 1; Pamela Brecheen, 2104 Fortieth; William Prentice, 3206 Fortieth; Mary Ethel Newman, 2105 Forty - second; Michael Landrum, Fluvanna; Jack Lambert, 1811 Avenue E; Sarah Kejler, 416 Twenty - eighth; Sherry Lee Bryant, Rt. 3; H. R. Womack, San Angelo.

DISMISSALS: Jeff Robison; Whitt Boren; Josefa Lopez; Audrey Snodgrass; Margaret Powell; Garnet Brewer; Paula Standley; Kenneth Hunter.

Miller Pledges Fight Down To The Wire

MARIETTA, Ga. (AP) — Rep. William E. Miller pledges a fight "right down to the wire" as he begins his final week of campaigning that will take him into 20 states.

The Republican vice presidential candidate will concentrate his home stretch bid for votes in the South, Midwest and Far West. Pennsylvania is the only northeastern state included in his week's schedule.

Miller's advisers reported they anticipated no change during the week in his basic campaign strategy — a series of attacks on Democrats and explanation of GOP positions they say have been distorted.

Rotan Youth Killed In Sunday Mishap

Gustabo Almanzo, 16, died at Hendriek Hospital in Abilene at 9:45 p.m. Sunday about two hours after being injured in a mishap one-half mile south of Rotan.

The dead youth was a passenger in a 1960 International pickup driven by his brother, Ysabel Ramon Almanzo, who was not injured.

Texas Highway Patrolman Wendell Rehm of Snyder who investigated, said that apparently the driver lost control of the truck which ran off the road, struck a culvert and overturned.

The brothers lived on the Perry Eaton farm near Rotan.

Probation Revoked

Clifford Minor, who was serving a two-year probated sentence on a bad check charge, has had his probation revoked in 132nd District Court.

Probation of the sentence had been contingent upon Minor's paying off some checks. When he failed to do so, the probation was revoked.

Humphrey Campaigns In Chicago

CHICAGO (AP) — Sen. Hubert H. Humphrey launched the final week of his campaign today with a parade, a noon rally and a denunciation of what he called "vile charges against President Johnson."

Americans, said Humphrey in his prepared remarks, have a wide range of tolerance for "campaign extravagance" but also have "a deep sense of fair play."

"On Nov. 3," he added, "the American people are going to vindicate the restraint Lyndon Johnson has shown during this campaign. They will vindicate his refusal to reply to vile charges leveled against him."

In Chicago, the Democratic vice presidential candidate sought to whip up fervor among the lunch-hour crowds at State and Madison — in the heart of Chicago's downtown — and to make a get-out-the-vote plea at a luncheor of 2,000 precinct captains, congressional candidates and office holders.

From Chicago, Humphrey prop-stops during the afternoon and evening in Wisconsin with appearances in Milwaukee, Racine, Green Bay and Madison.

TODAY'S MARKETS

FORT WORTH (AP) — Cattle 2,600; calves 700; good heifer yearlings 19.00; utility cows 11.00-12.50; good calves 17.00-18.50; standard and good feeder steer yearlings 15.00-17.00; good and choice steer calves 16.50-20.00; heifer mates 15.00-17.50; good stock cows 15.00.

Hogs 700; top 15.00-15.50.

Sheep 1,700; choice and prime lambs 21.00; good and choice wooled lambs 19.00-20.50; utility and good 13.00-18.00; good and choice shorn lambs 19.00-20.50; good 18.00; ewes 5.00-7.00, good and choice wooled feeder lambs 15.00-17.00, good 13.00.

CHICAGO (AP)—Butter unchanged; 93 score AA 61½; Eggs unchanged to ½ higher; A whites and mixed 36; mediums 26½; standards 30.

NEW YORK (AP)—Cotton was on a bid basis at noon today. Dec. 31.65, March 32.30, May 32.33.

Attendance Down At This Year's Fair

DALLAS (AP)—The 1964 State Fair closed its two-week run Sunday with a total attendance of 2,708,916 persons—short of last year's record 2,906,466.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: Our son is an art major at a university and he spent the summer in Italy. He had a lot of stuff shipped home that he bought over there. Mostly they are statues of men and ladies and even little children. Everybody naked. There's not a stitch on any of them. Our son wasn't raised that way, but college ruined him. The preacher called on us yesterday and, when I saw him coming up the road, I started moving all those bare-naked statues out of sight because I didn't want him looking at them and me at the same time. My husband called me a hypocrite and a backslider. Was I wrong to get that stuff out of sight before I let the preacher in the house?

PINE BLUFF, ARKANSAS

DEAR PINE BLUFF: Not in my opinion. GOOD sculpture, draped or otherwise, should offend no one. But since you apparently have no appreciation for the collection under any circumstances, keep it ditched and you'll have no problem.

• • •

DEAR ABBY: I'm a 13-year-old girl who rides to and from school every day on the bus. Well, there is this cute boy who always ends up sitting near me no matter where I sit. He doesn't say "Hi", he just socks you. I don't bother him. In fact, I don't even look at him. I did everything my mother told me to do to ignore him, but nothing works. What should I say or do?

NEEDS HELP

DEAR NEEDS: Tell the bus driver, and let HIM deal with the boy. If it makes the socks any less painful, the boy is probably mad about you and is only trying to get your attention.

• • •

DEAR ABBY: If you were a personal friend of mine and I left my two small children with you while I went to the doctor, would you hold me responsible for an expensive vase which my 14-month-old child had broken? As soon as I walked in the door this friend told me that I owed her $45 for the vase my child had pulled off an end table. Had I been visiting this person with my child and such a mishap occurred, I would have felt responsible because I should have been watching my child. But my child was in HER care, and it was due to HER negligence that the vase was broken. I am going to pay for it anyway to avoid hard feelings, but don't you think I am right?

EASY GOING

DEAR EASY: Yes. But the lesson you learned was cheap at $45. Now that you are aware of how negligent your friend is, I hope you'll never entrust your children to her care again. The porcelain vase could have come down on your child's head.

Fisher Demos Plan Dinner

ROTAN — John C. White, Texas Commissioner of Agriculture, will be the principal speaker at a Fisher County Democratic Party fund - raising dinner here Tuesday night.

The $5 per plate event will be held at 7:30 p.m. in the Rotan High School gymnasium.

Al Finch, Fisher County Democratic Party Chairman, will preside at the dinner, and White will be introduced by Randall Jackson of Abilene. The event has been arranged by the Fisher County Democratic Campaign Committee, which is headed by Jimmy Wadell. All Democrats of the area are invited to attend.

Great new taste: pipe tobacco in a filter cigarette!

You get pleasing aroma — and a great new taste! The secret? It's packed with America's best-tasting pipe tobacco — famous Half and Half! Smoke new Half and Half Filter Cigarettes!

Product of The American Tobacco Company

The world's leading acoustical experts made the test.
The U. S. Auto Club certified the results: at 20 mph ... at 40 mph ... at 60 mph ...

The 1965 Ford rides quieter than a Rolls-Royce!

Prior to the introduction of the 1965 Fords, the country's leading automotive writers drove the new models at Dearborn. Most of these experts remarked about the extraordinary quietness and smoothness of the Ford ride. An automotive writer, in *Mechanix Illustrated*, said, "If there is a quieter car made in this country, I haven't driven it."

Quiet Means Quality . . . Since quiet is a traditional measure of car quality, Ford engineers designed the '65 Ford for maximum quietness. To illustrate this quality achievement, Ford chose to make a documented test against the world's finest luxury car—Rolls-Royce.

New Rolls-Royce Silver Cloud III during series of tests.

Bolt, Beranek and Newman, Inc., world's leading acoustic consultants to government and industry, conducted the tests under supervision of the authoritative United States Auto Club. All cars were tuned to factory specifications.

The Result . . . The Fords proved to be slightly quieter at all speeds.

The official test report reads, in part: "At all moving speeds, on both courses, the Fords were quieter than the Rolls-Royces."

The Difference . . . The sound level difference, to be sure, is small—but it is there. At 60 miles an hour, Ford was actually 2.8 decibels* quieter than Rolls-Royce. At 40, Ford was 5.5 decibels* quieter. At 20, Ford was 4.9 decibels* quieter. However small these advantages over Rolls-Royce may be, they are significant evidence of quality—important to anyone buying a car in Ford's class.

Take A Test Drive . . . A key—and a warm welcome—await you at your Ford Dealer's. The key, incidentally, fits in the lock no matter which side is up—symbolic of the hundreds of advances you'll find in any Ford you road-test. Come in and see for yourself.

*Decibels are the universally recognized units for measuring the volume of sound.

SOUND LEVEL (All readings in decibels)

MPH	FORD	ROLLS-ROYCE	FORD QUIETER BY
20 mph	67.4	72.3	4.9
40 mph	75.9	81.4	5.5
60 mph	82.6	85.4	2.8

TEST CONDITIONS: Dry, level, moderately smooth concrete divided highway; light, quartering wind. All cars operated at steady 20, 40 and 60 mph with all windows and vents closed. TEST EQUIPMENT: Bruel & Kjaer precision octave band analyzer, recording through direct observation and through Nagra precision tape recorder. Data expressed in Perceived Noise decibels. TEST CONDUCTED on September 24, 1964, by Bolt, Beranek and Newman, Inc., of Cambridge, Mass., the world's largest acoustic consulting firm. TEST CERTIFIED by the United States Auto Club. CARS TESTED: Two brand-new Rolls-Royce Silver Cloud III sedans, V-8 with automatic transmission, list price in New York $16,655 each. Three 1965 Fords, each with 289-cubic-inch V-8 engine and Cruise-O-Matic transmission: Galaxie 500 LTD, Galaxie 500/XL and Galaxie 500 4-Door Sedan.

Certified by UNITED STATES AUTO CLUB

SPICED APPLE PANCAKES

Apple Pancakes Make Good Autumn Breakfast Menu

Here's a bright new autumn breakfast treat for a pancake lover — Spiced Apple Pancakes with Cider Syrup. The tender pancakes are light as a cloud, fruity and spicy with grated apple and cinnamon folded into the batter. The cider syrup, a spicy blend of cinnamon, nutmeg, apple cider and margarine adds the perfect seaonal touch with sour cream.

You'll find pancakes are easy as a breeze and take just minutes to make with all - purpose biscuit mix. Simply add an egg and milk to the biscuit mix; beat smooth and bake.

SPICY APPLE PANCAKES WITH CIDER SYRUP

2 cups all-purpose biscuit mix
½ tsp. cinnamon
1 egg
1 2-3 cups milk
¾ cup grated apple (about 2 medium)
Cider Syrup (below)
commercial sour cream

Beat biscuit mix, cinnamon, egg and milk with rotary beater until smooth. Stir in apple. Grease griddle, if necessary. Turn pancakes when bubbles appear and before they break. Serve warm with cider syrup and topped with sour cream. Makes eighteen 4" pancakes.

CIDER SYRUP

1 cup sugar
2 tbsp. cornstarch
¼ tsp. cinnamon
¼ tsp. nutmeg
2 cups apple cider
2 tbsp. lemon juice
¼ cup butter or margarine

Mix sugar, cornstarch, cinnamon and nutmeg in saucepan. Stir in apple cider and lemon juice. Heat to boiling, stirring constantly. Boil 1 min. Blend in butter or margarine. Serve warm.

WOMEN'S CALENDAR

MONDAY

Zeta Lambda Chapter of Delta Kappa Gamma meets at 7:30 p.m. at Snyder Savings and Loan. Bess Johnston, Sally O'Rear, Lida Rhoades, and Agnes Kunkel, hostesses.

Rainbow Girls stated meeting at Masonic hall, 7:30 p.m.

Rebekah Lodge meets at IOOF hall at 7:30 p.m.

TUESDAY

Martha Ann Ladies game day, 9:30.

Halliburton Wives Club meets at 7:30 p.m. in community room of Snyder National Bank. Ann Barrett and Helen Allen, hostesses.

Snyder Toperettes meet at 7 at Stanfield Elementary and have salads at Town House.

WEDNESDAY

Altrurian Daughters Study Club, 2:30 p.m. at Martha Ann Woman's Club. Mrs. Herman Doak, hostess.

Ruth Circle of First Methodist Church, general meeting. Billie Berryhill leader.

THURSDAY

Snyder Garden Club pilgrimage. Mrs. Robert Hargrove, Jr., chairman.

District P-TA workshop at Ira. Morning session 9 a.m.

Snyder Duplicate Club, 1:30 p.m. at Sallie's cafeteria. Open.

FRIDAY

Northeast Elementary P-TA, annual Halloween activities.

Duplicate Bridge at Snyder Country Club, 9:30 a.m. Open.

SUNDAY

Buffet luncheon at Martha Ann Woman's Club for members and their guests. Reservations by 5 p.m. Saturday.

Canned Salmon Goes Haute Cuisine

By CECILY BROWNSTONE
Associated Press Food Editor

"WHY CAN'T American women learn to make a decent white sauce? They use the sauce constantly in scalloped and au gratin dishes, but it usually looks and tastes like library paste."

That's the complaint of critics of our cooking.

Is there some truth in the criticism?

Yes, but less than there used to be.

As American cooks are becoming better acquainted with the great dishes of the world, they are learning to use the methods of fine old - world chefs.

In making a sauce of this sort, a chef often varies the cooking liquid. Americans are used to dumping in milk and calling it a day. Chefs are likely to use beef, veal, chicken or fish stock for part of the milk; and they may wind up by adding a little cream. It's astonishing what a small amount — 2 to 4 tablespoons — of cream can contribute.

Chefs add only enough thickening to make the sauce a pleasant consistency.

Chefs cook the sauce enough to rid it of the raw taste of the thickening.

And last, chefs add extra seasonings — not necessarily herbs or spices.

If you're interested in a recipe that takes these points into consideration, you may wish to try this really excellent rule for Salmon Au Gratin. The liquid from a can of salmon replaces part of the milk for the white sauce, and a little cream is added. Onion and fresh mushrooms yield their flavor, so does a soupcon of sherry. A topping of grated Parmesan cheese is the last mouth - watering touch.

SALMON AU GRATIN

1 can (1 pound) salmon
Milk
¼ cup butter or margarine
¼ cup finely chopped onion
½ cup sliced mushrooms
6 tablespoons flour
¼ teaspoon salt
⅛ teaspoon white pepper
¼ cup heavy cream
2 tablespoons pale dry sherry
⅓ cup grated Parmesan cheese

Drain salmon liuid into a pint measure and add enough milk to make 2 cups; heat to simmering. Break up and reserve salmon.

In a saucepan, melt the butter over low heat; add onion and mushrooms; cook until onion is wilted — about 5 minutes. Stir in flour, salt and pepper. Add the simmering milk mixture; cook and stir until thickened; cover and cook for 5 minutes, keeping heat very low. Stir in cream and sherry; remove from heat.

Turn reserved salmon into 4 shirred egg dishes or 6 by 2 inch individual pie dishes; pour over the sauce; sprinkle with Parmesan. Bake in a moderate (375 degrees) oven for 15 minutes; run under broiler for a few minutes or until top is brown and crusty. Garnish with lemon and parsley.

SALMON AU GRATIN—A can of salmon plus a chef-type sauce makes a main dish good enough for company.

Miss Huddleston Hostess To Union 4-H Club

The Union 4-H Club met in the Union community center Thursday. Freda Pitts called the meeting to order and Jeanie Craig read the minutes and called the roll, answered by "What is the sunshine vitamin?"

Martha Stephens led the recreation with a game called "Scrambled Shoes."

The older group of girls had a demonstration on making breakfast muffins. The younger group held a demonstration on making peanut butter cookies, given by Martha Stephens. Rebecca Huddleston was hostess and served Halloween cookies and punch to, Teena Duke, Brenda Murphy, Barbra Tate, Judy Tate, Alma Worley, Belinda Langford, Debra Murphy, Barbara Langford, Julia Griffin, Martha Stephens, Sandra Grant, Jane Ann Harrington, Lou Alice Mathis, Shirley Craig, Freda Pitts, Jeanie Craig, Roxanna Ainsworth and three visitors, Felecia and Roxanna Huddleston and Mark Mathis.

Carnival Set At St. John's Church Friday

The Carnival committee of St. John's Episcopal Church met in the home of Mrs. Myron McKnight recently to formulate plans for the forthcoming Halloween carnival.

It was decided to be held at St. John's Episcopal Church on Friday, Oct. 30th, from 7 to 9 p.m., and also to be held open to the public this year. Games, prizes and refreshments were planned and the agenda was organized.

Attending the meeting were Mrs. McKnight, chairman, Mrs. Toby Lammert, Mrs. L. D. Holden, Mrs. T. E. Fletcher, and the Rev. T. E. Bennett.

ABWA Meets At Country Club

The American Business Women's Association met for regular dinner meeting Thursday evening at the Country Club. Juanita Farquar was installed as a new member.

Ethel Roberts gave the vocational talk. Lois Leech, chapter president, recently attended the National Convention at Minneapolis, Minnesota. She gave a very interesting report on the convention. She reported that more than fourteen - hundred women were present at the convention. More women from Texas were elected to National office for 1965 than any other state. The national slogan adopted for 1965 is "Be Alert and Alive—1965."

I just Cooked Our Christmas Dinner!

"Turkey and all the trimmings" are going into the freezer until Christmas Day. Then when company starts arriving, I'll be able to visit with them somewhere besides the kitchen.

I love family gatherings on holidays, but it used to be almost more work than it was worth. Now, I make all the preparations in advance and enjoy the day.

My electric freezer makes this possible . . . and the Midwest Electric Cooperative makes the freezer possible. Our electric service is dependable and low in cost. Not only are holidays more enjoyable but the Midwest Electric Cooperative has added pleasure to every day of my life. I'm proud to be a member."

Nation Will Welcome End To Name Calling Campaign

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — One of the most unpleasant presidential races in history moves toward the election only eight days off with nothing to indicate the candidates can say anything now to affect the results.

This campaign has been more distinguished for ham than heat and for slogans than logic, more memorable for name-calling than discussion and for generalities than gentility.

One pre-campaign prediction turned out early to be true: that it would be rough, perhaps one of the roughest. Now near the end come cries of pain from both sides.

John M. Bailey, the Democratic national chairman, has appealed directly to Sen. Barry Goldwater to end what Bailey called the flow of "venom and filth the Republican party has injected" into the campaign.

Dean Burch, the Republican national chairman, filed a complaint with the bipartisan Fair Campaign Practices Committee charging the Democrats are waging a "campaign of fear, smear, cover-up, news suppression, arm-twisting."

This was after Bruce L. Felknor, executive director of the committee, had a few words himself to say. He said this was the "bitterest and most vicious campaign that I've ever observed or, for that matter, heard tell of."

The committee's magazine, Fair Comment, added: "The use of guilt by association, fraudulent documentation, cruel and unusual punishment of whipping boys and evasions of differences may be setting a record" this year.

Yet, in this campaign, for a change, the basic difference between the two presidential candidates was known to all before the campaign began.

For a generation at least the differences between Democrats and Republicans — in their attitude toward life in America and the responsibilities of government — were so small that campaign after campaign was a personality contest.

Not this year. From the beginning there was this clear distinction between President Johnson and Goldwater: Johnson stood for the welfare state, Goldwater for real conservatism.

As a result, obvious enough, the choice the voters make Election Day will shape the direction of America for years to come.

Since this basic difference between Johnson and Goldwater was clear before the campaign began, the campaign didn't add much on this score. If that had been all, the voters could have chosen early and forgotten the campaign.

It wasn't. The gulf between the two viewpoints could not be considered separately from a question of equally fundamental importance:

Which of the two men could be trusted to handle the presidency better with all that meant for four years: in getting programs through Congress, domestic tranquility, foreign affairs, and perhaps international crises?

As the campaign goes into its final week Johnson is so optimistic that he is not just talking about winning. He is urging voters to give him a "mandate," which in this case is another word for landslide.

Goldwater is less optimistic as he prepares to campaign these last few days. He is known to rate his chances as less than overwhelming.

A Junior Editors Quiz About Lemmings

QUESTION: Why do lemmings drown themselves in the sea?

• • •

ANSWER: The lemming is a small rodent related to the mouse. It lives in northern countries, eating roots and grass stalks. There are lemmings living in the American north, but it is to the ones which inhabit the highlands of the central mountain chain of Norway and Sweden that this question refers. Every five to twenty years, an irresistable instinct to migrate seems to seize these tiny animals. In great numbers they start to move down from the mountains, swimming across rivers and lakes, letting nothing stop them. Various enemies, such as hawks, feed off the moving lemmings but the others keep going. Those moving down toward the west reach the Atlantic Ocean. Those moving eastward go to the gulf of Bothnia. They plunge into the water, swim out and ultimately drown.

Experts do not know exactly what causes the lemmings to destroy themselves in this way. At one time, long ago, there was dry land where the seas in which the lemmings drown now lie. It is possible the ancestors of these lemmings moved down from the mountains when, too many had accumulated for the limited food-supply, and that these ancient migrations established a habit carried on to this time. When the lemmings meet the sea, they may think of it as just another river or lake to swim across.

• • •

FOR YOU TO DO: In somewhat the same way the lemmings are thought to do, a group of bees will leave the home hive when the colony gets too large. This is called a "swarm." Find out about the swarming habits of the bees, comparing them to the lemmings.

(Michael G. Smith of Rahway, N. J. wins today's combined prize of Compton's Illustrated Science Dictionary plus $10 cash for this question. Mail yours on a postcard to Junior Editors in care of this newspaper and you may win the weekly grand prize of Compton's Pictured Encyclopedia.)

Little Gems Of Wisdom From Boyle

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

If you want to quit cigarettes, one way to sublimate the smoking urge is to blow soap bubbles instead. But remember this: Don't inhale!

The largest creature that ever lived on land or sea is the blue whale. It weighs up to 100 tons — as much as 16 large elephants —and yields 25 tons of oil.

Children are sometimes told they suffer from "growing pains," but actually there is no such thing. The aches are the result of strain or muscular fatigue.

The world is in no danger of a fuel shortage. The oceans contain enough deuterium, a heavy isotope of hydrogen, to supply thermonuclear energy for hundreds of years.

Quotable notables: "Glory gives herself only to those who have always dreamed of her" — Gen. Charles de Gaulle.

Since inaugurating in 1942 a bonus plan for helpful suggestions, General Motors Corp. has distributed $59,403,000 to thoughtful employes.

Who needs money anymore? Americans now write 18 billion checks a year.

Ever wonder how the woodchuck got its name? According to the Old Farmer's Almanac, settlers originally called the animal "woodchuckle," because when it scurried into the safety of its den it would chuckle at its pursuers.

They are now making costume jewelry out of processed coal. When your wife gets tired of it, she can always use it to help heat the house.

Home is now the place where women go to after work. There are some 24 million gals holding jobs. It is estimated that by the end of the decade 30 million women, more than half of all those between 18 and 54, will be employed.

Can you name the two years in which three U.S. presidents held office? They were 1841 and 1881. In 1841 Martin Van Buren completed his term March 3. William Henry Harrison was inaugurated the next day and, after he died a month later, was succeeded by John Tyler. In 1881 Rutherford B. Hayes completed his term, James A. Garfield was inaugurated in March and died in September, and was succeeded by Chester A. Arthur.

Quickies: Americans gulp 30,000 aspirin tablets a minute all year long. Fish have no scales when hatched. Breeders now have developed a 75-pound turkey, but still unsolved is the problem of how to get rid of all that leftover hash.

It was Richard L. Evans who observed, "Don't let life discourage you; everyone who got where he is had to begin where he was."

It's Time To Speculate On New Year's Bowl Lineup

By BOB HOOBING
Associated Press Sports Writer

Altogether now coaches — let's hear it: "We're going to play 'em one at a time." Woody. . .Ara. . . Bear . . . you're in great voice.

The nation's unbeaten, untied big five — Ohio State, Notre Dame, Alabama, Arkansas, Nebraska—are charter members of college football's Mid - season Mounting Pressure and Cliche Society in which there are these taboos:

1. overconfidence
2. optimism
3. bowl talk

Unencumbered by such restrictions, the athletic board or alumni, the scribe can fearlessly list a possible postseason line-up and risk being barred by the American Football Coaches Association from all dressing rooms.

Rose Bowl — Ohio State vs. Oregon.

Sugar Bowl — Alabama or Louisiana State vs. Notre Dame or Georgia Tech.

Cotton Bowl — Arkansas vs. Nebraska.

Orange Bowl — Texas vs. Alabama or Louisiana State.

Gator Bowl — Florida-Florida State winner vs. Duke.

Second-ranked Notre Dame, off to its best start since its last unbeaten season in 1953, beat Stanford 28-6 Saturday with Sugar Bowl representatives in the stands "to demonstrate interests."

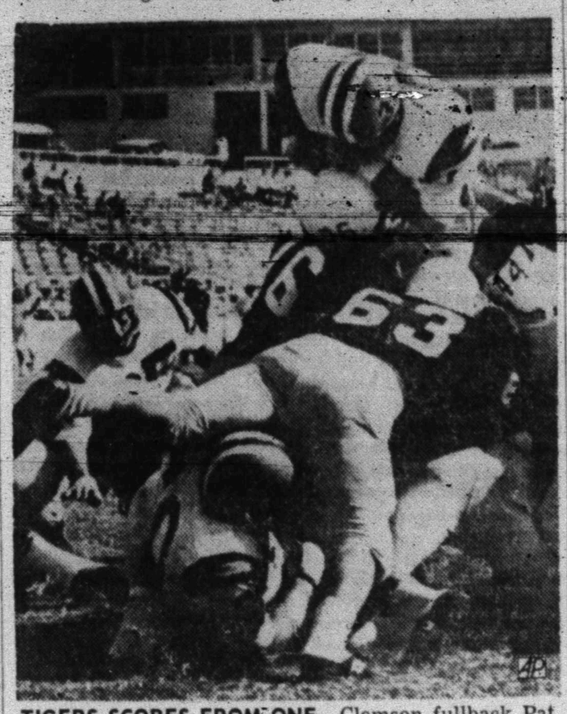

"Who talks about bowl games in the middle of the season?" asked Irish Coach Ara Parseghian. "This is a matter for the athletic board, anyway."

Notre Dame has had an anti-bowl policy since the 27-10 conquest of Stanford in the 1925 Rose Bowl. A few years ago, however, Athletic Director Moose Krause suggested he might take kindly to an invitation when the Irish merited one, carefully pointing out he was not speaking for the board. This may be the year.

To better explain the postseason prognostications take a closer look at conference and regional breakdowns:

Big Ten

Top-ranked Ohio State, under the firm hand of Woody Hayes, appears to have the inside track for the crown and the trip to Pasadena although Purdue still shares first place with the Buckeyes. Defending champion Illinois and Michigan are far from out of it, too. But Ohio State has already beaten the Illini. Purdue-Illinois and Ohio State-Iowa are big games this Saturday with Michigan-Ohio State in the season's windup.

TIGERS SCORES FROM ONE—Clemson fullback Pat Crain is piled up by Texas Christian University tackle Bobby Smith (76) but scores in first period action in Fort Worth from the one yard line. TCU guard Harvey Reeves (63) gets into the play. (AP Wirephoto)

Southeastern

Alabama, the No. 3 club Bear Bryant calls "the best crew of young folks I've ever been around," solidified its first place grip by edging Florida 17-14. The Crimson Tide keeps rolling even with quarterback Joe Namath injured because Steve Sloan takes over so smoothly. The ninth-ranked Gators missed a field goal on the final play. No. 7 LSU salvaged a 3-3 tie with underdog Tennessee in a fierce defensive war. LSU is worried about an ambush from traditional rival Mississippi — having its troubles so far and tied by Vanderbilt 7-7 — before the Tigers take on Alabama in the big one Nov. 7 at Birmingham. LSU still hasn't lost. Florida and LSU have a hurricane-postponed date Dec. 5.

Southwest

Arkansas, fourth-ranked and owner of the only victory over Texas in 17 games, heads the race for the host Cotton Bowl berth and will resume league campaigning against Texas A&M after a nonconference 17-0 breeze over Wichita. Texas, No. 6, remained close by edging Rice on a pair of field goals. Next: SMU.

FAR WEST-AAWU

At first glance its a five-way scramble among Oregon, Oregon State, Southern California, UCLA and Washington State. Each has a 1-0 league record and not a hint of national ranking among them. Oregon is the lone unbeaten after nipping Washington 7-0 and is this corner's pick in the Nov. 21 showdown with Oregon State. State upset eighth-ranked Syracuse 31-13. Southern California outlasted California 26-2. AAWU fathers will think twice before sending to Pasadena the Trojans who already have lost to Ohio State 17-0. Washington State, upset loser to Idaho 28-13, and UCLA, which has lost its early sharpness recently, figure to begin settling down in the standings soon.

Big Eight

Fifth-ranked Nebraska held Colorado to minus-three rushing yards en route to a 21-3 victory. Kansas kept pace in the race by nudging Oklahoma State 14-13. So far the Huskers have shown too much defense for the rest of the league. Missouri, 10-0 conqueror of Iowa State, is the roadblock dead ahead. Nebraska's Orange Bowl champs doubtless would like to try a different post-season setting this trip.

Atlantic Coast

Unbeaten, once-tied Duke, which whipped Army 6-0 with field goals and defense, is in command after turning back chief rival North Carolina state.

Independents

Georgia Tech, unranked but unbeaten, commands attention although scared before edging Tulane 7-6. Florida State, which previously humiliated Kentucky 48-6, had underdog Virginia Tech rattle its 10th rating 20-11. Twice-baten Syracuse lost prestige on the West Coast. Remembering Pitt couldn't get a major bowl invitation with a 9-1 record in 1963 it now appears certain the East will not have representative at one of the big five postseason classics this year. The service academies are all sub-500. Villanova is still unbeaten. Notre Dame remains far ahead in this category.

SWC Teams Are Really On A Kick

By HAROLD V. RATLIFF
Associated Press Sports Writer

Kicking has been substituted for offense in Southwest Conference football and it has won both of the big games of the season.

It was the kicking phase that put Arkansas over 14-13 against Texas when the Razorbacks took a long step toward the championship.

Saturday the foot was about all Texas and Rice used in the next big game—one that was supposed to decide the title, according to pre-season calculations.

Texas was better at it and beat Rice 6-3, two field goals to one, and that pretty well insured the Longhorns of having another 9-1 season and a spot in somebody's bowl.

Arkansas seems most likely to wind up 10-0 and be host team in the Cotton Bowl.

But kicking has been emphasized in virtually every game this season, which accounts for the offense going into a shell. Nobody is paying too much attention to offense except Baylor.

In four of five games played Saturday there were field goals and the conference schools have booted 14 in 33 games.

Even Arkansas got in on the act although playing an obviously inferior Wichita. Tom McKnelly kicked a field goal to pad out the Arkansas victory to 17-0.

McKnelly has kicked three field goals and plunked in 17 points after touchdown. David Conway of Texas has kicked four field goals and put 14 extra points through the goal posts. They are tied for second in the conference scoring race with 26 points apiece. Ernie Koy of Texas, the leading punter, tops the scoring with 42 points.

Conway kicked the two field goals against Rice that enabled Texas to stay in the title race. Baylor and Rice are the only teams with a chance left at the crown other than Arkansas and Texas. Baylor stayed in with a 20-16 victory over Texas A&M that almost won with a field goal. Rice held onto a chance at the championship since it has lost only one conference game. It is considered certain that no team can win the title if it loses two games.

Texas Tech whipped Southern Methodist 12-0 and it knocked the Methodists out of contention. Tech already had faded out with two conference losses.

Texas Christian beat Clemson 14-10 and that, added to Arkansas' triumph over Wichita, gave the conference an 8-11 intersectional record for the season.

Arkansas goes after its fourth straight conference victory in a trip to College Station to play the Texas Aggies Saturday. Texas hosts Southern Methodist, Rice meets Texas Tech at Houston and Baylor tangles with Texas Christian at Fort Worth in other conference games.

The Phillies beat the Mets 15 times in 18 games this year.

Marshall Hoping Backward Run Won't Establish Trend

By MURRAY CHASS
Associated Press Sports Writer

Bobby Smith runs more than 90 yards every time he scores a touchdown, and Bucky Pope, his Los Angeles Rams' teammate, scores a touchdown every other time he catches a pass.

But Jim Marshall of the Minnesota Vikings hopes he hasn't started a personal trend on running with recovered fumbles.

Smith and Pope starred for the second straight week as the surprising Rams defeated the sagging Green Bay Packers 27-17 in the National Football League Sunday. Marshall glittered in his own way in the fourth quarter of the Vikings' 27-23 triumph over the San Francisco 49ers.

Bill Kilmer caught a pass from George Mira on the 49er 40, but he bobbled the ball. Marshall, a five-year veteran, alertly snatched it and lit out for the end zone.

Sixty yards later, he arrived there safely. Unfortunately, he had failed to hear the screams of his teammates. They had tried to warn him that he was running the wrong way.

So instead of the Vikings receiving six points for a touchdown, the Rams earned two points for a safety, a harmless two points as things turned out.

"I didn't know what I had done," an embarrassed Marshall said after the game. "Things just happened. I didn't. I had picked up the fumble. I lost all sense of direction."

But that wasn't the case with Smith, the Rams' electrifying defensive back. He scooped up Paul Hornung's partially blocked field goal attempt on Los Angeles' six-yard line in the third quarter and raced 94 yards for the touchdown that put the Rams ahead to stay.

The touchdown was the second for Smith this season, the first coming last Sunday against the 49ers. It was a brilliant 97-yard run with an intercepted pass. Both plays are the longest in the NFL this season.

Rookie Pope, a pass receiver from Catawba College, also was in on a long play, a 55-yard scoring pass from Roman Gabriel in the second quarter. The pass, the only one he caught in the game, brought his season record to 12 passes received, six going for touchdowns.

In other NFL games Sunday, Cleveland crushed New York 42-20, Baltimore trampled Detroit 34-0, Dallas whipped St. Louis 31-13, Washington defeated Chicago 27-20 and Philadelphia knocked off Pittsburgh 34-10.

In the American Football League, San Diego edged Houston 20-17 and Oakland ran over Denver 40-7. Buffalo beat New York 34-24 Saturday night and Boston trimmed Kansas City 24-7 Friday night.

Cleveland took over sole possession of first place in the Eastern Conference, scoring twice in the fourth quarter on Giant fumbles. Paul Wiggin stepped into the end zone after grabbing Dick James' bobble on the two-yard line, and Charley Scales raced 18 yards following a miscue by Clarence Childs.

Dallas, meanwhile, dropped the Cardinals into second place in the East as Don Meredith threw to Frankie Clarke for one touchdown and tossed to the same receiver, setting up another. Amos Marsh ran for two more scores.

Johnny Unitas flipped touchdown aerials to Ray Berry and Jimmy Orr, carrying Western Conference-leader Baltimore to its sixth straight triumph. The Lions had gone into the game with the league's toughest defense.

Chicago tied Washington 20-20 on Billy Wade's late touchdown pass to Joe Marconi, but the Redskins won when Sonny Jurgensen threw his fourth scoring pass, a 15-yarder to Pres Carpenter.

Bronte Falls To Cardinals

HERMLEIGH — Fullback Terry Smith scored both touchdowns Saturday night as the Hermleigh Cardinals delighted a homecoming audience with a 14-8 victory over Bronte.

The victory was Hermleigh's fourth in six starts and enabled the Cardinals to launch conference play in District 8-B on a winning note.

The Cardinals put on a 60-yard drive late in the first half for their first score. Smith went 14 yards for the TD with less than a minute showing on the clock.

Early in the fourth period, Smith scored from three yards out, and Quarterback Jimmy Kubala picked up the two extra points.

Bronte's touchdown was scored by Mike McCowan on a 10-yard run. David Glenn passed to Royce Lee for the two extra points.

Southland To Clear Decks

By The Associated Press

Two games this week should clear the decks for the big showdown in the Southland Conference football race.

Lamar Tech, leading the race with a 2-0 record, meets Arlington State, which has only a tie, at Beaumont Saturday.

Abilene Christian, with only an outside chance of even sharing the crown, takes on winless Trinity at San Antonio.

Arkansas State, which stayed in second place with a 2-0-1 record by clouting Abilene Christian 21-7, goes intersectional. The Indians play Murray State of Kentucky.

Arlington State beat McMurray 17-7 and West Texas State downed Trinity 21-6 as only Arlington State was able to win against outside foes.

Veteran Davidson Passes For 5 TDs In 40-7 Rout

By TED MEIER
Associated Press Sports Writer

Daryle Lamonica and John Hadl, a couple of youngsters are coming to the fore in the American Football League, but it was veteran quarterback Cotton Davidson who took most of the headlines Sunday.

Davidson, now in his ninth year of pro ball, threw five touchdown passes and completed 22 of 34 attempts for 417 yards in leading the Oakland Raiders to a 40-7 rout of the Denver Broncos. The TD passes were for 33, 11, 21, 4 and 11 yards.

Veteran George Blanda of Houston connected on 22 of 37 passes for 312 yards Sunday against San Diego, but he was overshadowed by the younger Hadl, who sparked the Chargers to a 20-17 victory over the Oilers.

Hadl, a former Kansas star, hit 19 of 31 passes for 226 yards. It was his aerial artistry, coupled with a 35-yard TD run by Lance Alworth and a 58-yard TD interception of a Blanda pass by Henry Schmidt that overcame the Oilers.

San Diego, the defending AFL champs, spotted Houston an early 7-0 lead, then piled up a 20-7 lead before the Oilers cut it to 20-17 at halftime. Blanda passed to Charlie Hennigan for a TD, then booted a 36-yard field goal with just one second to play in the half.

A driving rainstorm made the field muddy in the second half and there was no further scoring. Blanda passed the Oilers to the San Diego 20 late in the game, but his field goal try to tie the score was no good.

The victory gave San Diego a two-game lead over Kansas City in the Western Division. Kansas City lost to Boston 24-7 Friday night.

Lamonica, formerly of Notre Dame, saved the unbeaten Buffalo Bills from their first defeat against the aroused New York Jets in a Saturday night fray. The Jets led 24-10 in the third quarter before Lamonica led a last period surge that brought the Bills their seventh straight victory 34-24.

A 56-yard TD pass from Lamonica to Elbert Dubenion tied the score at 24-24 with 7:44 left to play. Lamonica then put the Bills ahead to stay by plunging over from the three with 4:19. Pete Gogolak added a 31-yard field goal for the Eastern Division leaders.

Baltimore won its sixth straight in the National Football League Sunday by walloping Detroit 34-0. Other results: Dallas 31 St. Louis 13; Cleveland 42 New York 20; Washington 27 Chicago 20; Los Angeles 27 Green Bay 17; Philadelphia 34 Pittsburgh 10 and Minnesota 27 San Francisco 22.

Does BLADDER IRRITATION MAKE YOU NERVOUS?

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondarily, you may lose sleep and suffer from Headaches, Backache and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSTEX at druggists. Feel better fast.

Crucial Week Due For Schoolboys

By The Associated Press

Garland, rudely knocked from the unbeaten ranks by Highland Park, makes what could be its last bid for a spot in the schoolboy football state playoffs this week.

The Lions, who took a 20-14 licking from Highland Park and saw their chances of repeating as state Class AAAA champion dimmed, can climb back into the running and actually have an advantage if they beat Denison this week.

Garland, Denison and Mesquite are in a virtual tie for first place in District 7 and Garland already holds a victory over Mesquite.

It is only one of many crucial games this week as the schoolboy race starts deciding district champions. Few of them will be determined mathematically but some will be for all good purposes.

Class AA has the most decisive. This is in district 10 where Grapevine leads and can sew up a playoff berth by beating Boswell.

In more than a dozen instances teams tied for the lead clash and the winner will, of course, become a virtual certainty to take the crown.

Only four districts in Class AAAA have undisputed leaders —Wichita Falls Rider in District 4, Spring Branch in District 10, Nederland in District 11 and San Antonio Burbank in District 16.

In Class AAA Sweetwater, Wichita Falls Hirschi, Dulles and Weslaco are undisputed district leaders.

Weslaco tops the district where Pharr-San Juan-Alamo was not only a heavy favorite to win its title but to advance far in the state race.

Robstown beat Pharr-San Juan-Alamo 13-7 last week to create this situation. Pharr has to play Weslaco, however, and could still manage the district crown.

Defending champion Rockwall of Class AA, the team with the longest winning streak — 20 straight — is tied for the district lead with Plano and has an excellent chance of returning to the playoffs.

Only 35 schools are undefeated and untied in the four classes that play to state championships. One is certain of falling out this week since two of them —Phillips and Spearman of Class AA—tangle with the District 1 title on the line. The winner will be expected to make it to the playoffs.

Tight Race In Lone Star

By The Associated Press

The Lone Star Conference football race is expected to be cut to two games this week.

Texas A&I and Sam Houston State, tied for the lead play the only other teams still in contention for the title.

A&I meets Sul Ross at Kingsville and Sam Houston takes on Stephen F. Austin at Nacogdoches.

Sam Houston pulled even with A&I last week by edging Southwest Texas State 15-4. A&I beat Lamar Tech of the Southland Conference 13-12.

Ira Edges Past Hobbs

HOBBS — The Ira Bulldogs marred the Hobbs homecoming Saturday night by taking a 44-40 conference victory over the Panthers in their six - man football game.

Larry Holladay and Jack Payne offset a tremendous perfomance by Hobbs' Tommy Lay, who scored 22 points for the Panthers.

Meanwhile Halladay and Payne were picking up 19 and 18 points, respectively for the Bulldogs. Aaron Crawford rounded out the scoring for the winners with seven points, while Jerry Hodges, Freddie Martinez and Kenny Martinez each had six for Hobbs.

Both Ira and Hobbs are even in six games played this year, each winning three and losing three.

HS Kicker Going Great

AMARILLO, Tex. (AP)—The pros are going to start noticing Kenny Vinyard although he's still a high school football player.

Vinyard, a halfback on the Amarillo High School Team, has kicked five field goals this season and they range from 20 yards up to 47.

The 47-yarder came against Amarillo Tascosa Saturday and it was one of the longest, if not the longest, ever kicked in Texas schoolboy football.

Vinyard booted a 20 - yarder against Odessa, 43 against Wichita Falls, 40 yards against Plainview and 34 yards against Amarillo Caprock. He contributed to a victory in four of these games, actually winning the one with Wichita Falls.

BUSINESS and INDUSTRIAL NEWS

The Snyder (Texas) Daily News, Mon., Oct. 1964

THE RIGHT WAY—Frieda Childress, left, instructor at Snyder Lanes, gives Jean Cumbie some tips on correct bowling during an instruction period. J. L. Bunch, manager of the lanes and also a licensed instructor, right, also helps with the free lesson periods. Classes are held twice a week for beginning bowlers at Snyder Lanes.

Free Lessons Add To Fun Of Bowling At Snyder Lanes

Bowling is fun.

And one of the best things about bowling is that a person doesn't have to be an expert or a professional to enjoy the game.

Even learning to bowl is fun. Just ask any of the ladies who are taking the free instructions on Monday and Friday mornings at Snyder Lanes.

J. L. Bunch, manager of the lanes, and Mrs. Frieda Childress, both recently completed an instructor's school in Plainview. Instructor at the school was Jerry Dutler, a member of the AMF advisory staff, and well - known professional bowler.

Knowing how to bowl is not enough. To instruct, a person needs to know how to pass their knowledge along — how to give those little helpful hints on things that come natrually to an experienced bowler.

That's the reason that Mrs. Childress and Bunch attended school — not to learn to bowl, but to learn to instruct.

Every Monday and Friday morning at 9 o'clock, this knowledge comes into use. That's when the free instruction period is held. And it's really free too.

Only after the instruction period is over is any charge made. And that's just for those who wish to stay and roll a line or two to see if they can put their newly - acquired knowledge to actual use. But no charge is made for the bowling done during the lessons.

Similar classes were held last year. And at the end of the lessons, the ladies had found how much fun bowling was — what good exercise it was — and in a few cases, how good it was to be able to show their husbands that they weren't the only ones in the family who could bowl—that a women's league was formed.

And the chances are that after a few weeks of this fall's series of instructions, another league will be formed.

Snyder Lanes' main advantage to the beginning bowler is the fact that the excellent instruction is available. But also important to the beginning bowler (and to more experienced bowlers as well) is the "Magic Triangle Sparemaker" — an exciting new development which is a part of the newly - improved Sparemaker from AMF.

While a favorite of women and beginners, it will also improve scores and add immeasurably to the enjoyment of experienced bowlers. It's now easier than ever to convert any spare.

Here's how the self - instructing unit works: if the first ball rolled is not a strike, the Pindicator lights up showing the pins left standing. At the same time, the Sparemaker arrow, illuminated in the mask assembly above the pins, indicates where the ball should be aimed to "pick up" the spare.

This trend - setting innovation highlights every action of the game — for the bowler and scorekeeper and spectator alike.

It's something else that Snyder Lanes have done to make bowling more fun, and to help bowlers.

Something else they do is to provide a nursery so that Mother won't worry about the little ones when she comes to bowl.

They suggest that ladies who are interested in good fun and good health stop by next Friday morning at 9 o'clock and find out for themselves what it's all about. Snyder Lanes are located on Thirty - fifth Street just off the Big Spring Highway.

Says Loans Pay Dividend

WASHINGTON (AP) — The head of the Farm Credit Administration says city dwellers are getting more than interest on their investments in the nation's agriculture.

"They're also reaping huge dividends by way of a continuing supply of food and fiber at reasonable prices," said Robert B. Tootell, governor of the FCA, an independent government agency.

Tootell's statement was issued through his office here. His agency supervises a system of farmer - owned banks and associations that help feed capital into rural areas. Federal intermediate credit banks act as credit wholesalers for some 483 local production credit associations.

Tootell said "It has been largely the availability and use of this credit that has enabled farmers to increase efficiency through mechanization and the application of science and technology on the farm."

Ever serve fried scallops in creamed spinach? Good combination.

Experts Say Vote Will Break Record

WASHINGTON (AP) — Election officials and qualified political observers across the nation predict a record 70.6 million Americans will vote in the Nov. 3 elections.

In an Associated Press survey, these officials and observers in the 50 states and the District of Columbia estimated that 88,697,400 Americans are registered or otherwise qualified to vote in the presidential election.

Of this number, they predict 70,856,050 actually will cast ballots.

Many states do not have central registration and therefore can only estimate the number of qualified potential voters. Also, many states do not register voters by party, thus precluding a nationwide partisan registration breakdown.

The registration figure is more than 4 million higher than the number of estimated eligibles prior to the 1960 election. But the predicted vote is only about 2 million above the 68,838,979 total vote in 1960.

The Census Bureau recently estimated there are 114.4 million Americans at home and abroad of voting age. But it conceded that millions of these would not be registered or otherwise eligible because of failure to meet the various state voting requirements such as residence or literacy.

Cigarette Output Continues To Rise

WASHINGTON (AP) —World cigarette output in 1963 was up 4 per cent to a total of 2,466,000,000,000 (trillion), the Foreign Agricultural Service reports.

However, the report said, the annual percentage gain from the year before was still below the five per cent annual average for the 1956-62 period. The absolute gain in volume of 95 billion pieces during 1963 almost equaled the 1956-61 annual average of 98 billion.

Nine Month Trip For Mariner Capsule To Start Nov. 4; Destination, Mars

By HOWARD BENEDICT

CAPE KENNEDY, Fla. (AP) — Two project Mariner probes being readied for trips to Mars next week have a better than 50 per cent chance of returning significant data about the planet on the most difficult assignment ever tackled by unmanned U.S. spacecraft.

That's the assessment of Jack N. James, Mariner project manager for the National Aeronautics and Space Administration's Jet Propulsion Laboratory. James also directed the successful Mariner 2 shot to Venus in 1962.

The first Mariner-Mars launching is scheduled from Cape Kennedy on Nov. 4. The second, with an identical payload, could be fired as early as Nov. 6, depending on what happens to the first, but may be delayed until later in the month.

In an interview, James and John Casini, spacecraft project engineer reported:

1. Contrary to some reports, the Mariners will not be able to detect if basic form of life exists on Mars. The twin craft are to snap television pictures as they fly about 10,000 miles from the planet and are to make numerous studies of space properties between earth and Mars during their 8½-month journeys across the interplanetary void.

2. As the vehicles make 60 second sweeps through the Martian atmosphere, analysis of the change of their radio signal strength hopefully will indicate the density of the atmosphere. This knowledge is necessary for designing larger life-seeking capsules which may be landed on the planet in 1969.

James noted that Mars comes into optimum position for a launching only once every 25 months. He said under normal circumstances three years would be required to develop and thoroughly ground-test spacecraft for missions as demanding as those upcoming. But he said approval for the two-shot program came only two years ago.

"Continued funding cutbacks and the short time available have left us with no opportunity to test new techniques by launching preliminary spacecraft," he said.

"So each of the two launchings is a complete roll of the dice — go-for-broke launchings with many things never before tested in space."

James said that the 138,000 parts in each craft must operate flawlessly in the hostile space environment for nine months; communications equipment must relay information and television pictures from a record 150 million miles in space, and a complex new celestial spacecraft orientation device must seek out canopus — one of millions of stars in the milky way — and use it as an attitude reference throughout the flight.

Total pricetag of the two launchings, including development costs which will be applicable to future missions, is about $104 million.

"With the two shots," James said, "I feel the odds of attaining something significant are greater than 50 per cent."

Even if the odds were less, he aid, the launchings would be worth the risk.

Casini said that if the United States plans to land a capsule on Mars in the January, 1969, favorable launching period, it must take advantage of the present opportunity to learn the density of the Martian atmosphere.

Casini said that if the Martian atmosphere is thick, parachutes might suffice to drop an instrumented spacecraft on the surface to hunt for life. If the atmosphere is thin, braking rockets or some other device might have to be developed to assure a safe touchdown.

James said he believes the only way to detect life on Mars is to land a properly-equipped capsule there. If there is life, he theorized, it probably is on the level of microorganisms, moss or lichens.

Michigan Increases Lead As Auto Producing State

By CHARLES C. CAIN
AP Business News Writer

DETROIT (AP) — Final figures on 1964 model output showed Saturday that Michigan retained its place as the heart of the U.S. auto industry, with 17 other states as supplying arteries.

Michigan's share of the '64 U.S. passenger car output climbed to 2,759,047 units, or about 35 per cent of the total. This compared with 32.2 per cent of the 1963 model run.

Missouri continued to hold down the No. 2 spot, which it took over last year, while California moved into the third spot among auto producers, replacing Wisconsin.

Despite the closing of Studebaker's U.S. production in Indiana last December, the Midwestern states registered an increase over 1963 output, taking 54.1 per cent compared with 52.6 per cent a year ago.

The southern aggregation of Missouri, Georgia, Texas, Kentucky and Virginia climbed to 19.8 per cent, up from 19.1 per cent in the 1963 run.

The Eastern car producing states of New York, New Jersey, Massachusetts, Maryland and Delaware moved up to 17.3 per cent from 16.6 last year. California accounted for 8.8 per cent, a drop over last year's 9.4 per cent.

All of the Big Three auto producers enabled Michigan to bolster its No. 1 spot. Chrysler built 150,000 more cars in Michigan plants during the 1964 run than it did in the year previously. General Motors and Ford each added more than 100,000 to the Michigan count of their '63 model totals.

The blistering '64 production race saw other changes in the ranks of producing states. Texas and Kansas moved ahead of New York and Maryland for the first time. Massachusetts topped Kentucky and Indiana, reflecting the Studebaker loss, fell to the bottom of the 18-state list, replacing Virginia.

Among cities, Detroit led all American cities in car assemblies during the 1964 run with Flint, Mich., second. Kenosha, Wis., which had been second in the '63 model run, dropped to sixth position with the '64 model count.

Soldier From Killeen Dies In Viet Nam

WASHINGTON (AP) —A soldier from Killeen, Tex., was one of eight American servicemen aboard a C123 transport shot down in South Viet Nam Saturday, the Defense Department said Sunday.

The Texan was identified as Pfc. Charles P. Sparks, son of Mrs. Wilma M. Roseberry of Killeen.

The others were identified as:

Staff Sgt. Theodore B phillips, Riverside, California.

Staff Sgt. Ernest J. Halvorson, Montclair, Calif.

1st Lt. Edward **S. Krukowski,** Bangor, Maine.

Airman 1.C. Eugene Richardson, Sacramento, Calif.

1st Lt. Valmore W. Bourque, Colorado Springs, Colo.

1st Lt. Robert G. Armstrong, Bronx, N. Y.

Staff Sgt. Lawrence Woods, Clarkesville, Tenn.

Woods and Sparks were Army men, the others Air Force. Bourque was the pilot.

The C123 was downed by Viet Cong Communist ground fire about 100 miles northeast of Saigon after dropping supplies to a U.S. Army special forces camp

It crashed and burned. All aboard were killed.

San Antonio Man Killed In N.M.

FORT SUMNER, N.M. (AP) —A San Antonio man was killed Sunday when a blowout caused their truck to overturn 35 miles west of here on U.S. 60. Clarence McGee, 39, died in a bunk at the rear of the cab. Bill Brumley, 47, the driver, was injured and reported in good condition.

Group Forecasts Increase In Oil Output, Consumption

HOUSTON (AP)—An oil study group forecast today record domestic crude production and demand for petroleum products in 1965.

The supply and demand committee of the Independent Petroleum Association of America estimated next year's crude output at 7,853,000 barrels a day, compared to an anticipated record 7,677,000 in 1964.

Petroleum demand is expected to jump to 11,200,000 barrels daily, some 354,000 higher than 1964.

The committee said domestic crude producers, however, will supply only 176,000 of the 354,000 barrel increase. Oil imports are expected to increase 110,000 barrels a day. The remaining 68,000 barrels are expected to come from year-end inventories and increased natural gas liquids production.

The 1965 estimates were placed before the opening session of the 7,500-member trade group's annual meeting.

Oil imports dominated Sunday's preliminary committee sessions.

The oil imports policy committee held a record 7 hour and 45 minute session and declined to alter current objectives aimed at strengthening the Interior Department's mandatory imports control program.

Tariff and quota bidding proposals designed to neutralize any economic advantage held by low-priced foreign oil prompted long debate but were unsuccessful.

Both proposals were submitted by J. A. Mull, Wichita, Kan., chairman of the liaison committee of cooperating oil and gas associations. Mull's committee includes representatives of 26 regional and state trade groups in 23 oil-producing states.

No vote was taken on a tariff but a 29-11 vote sent the quota bidding plan to a sub-committee with instructions its study "in no way interfere or deter implementation of our present program."

The vote was on a motion by H. M. McClure Jr., Alma, Mich.

John Hurd, Laredo, Tex., warned the action could lead to a divided front within the independent segment of the industry.

"We should push our present program until the next import quotas are determined," said Hurd, former president of the Texas Independent Producers & Royalty Owners Association, a member of the liaison group.

"If we fail then," Hurd said, "we should go to Congress with a quota bidding plan."

H. A. (Dave) True Jr., president of the national association, indicated agreement.

The Casper, Wyo., independent said little progress in strengthening the mandatory controls program has been made the past year but encouraging signs are developing.

True said there is a good possibility of a meaningful reduction in imports the first half of 1965.

The association has endorsed tariff and quota bidding approaches in the past but has concentrated for strengthening interior's controls program since it became mandatory in 1959.

A quota bidding plan would amount to an indirect tariff or duty. Quotas would go to the highest bidders and the income from the sales would go to the federal government.

Under the mandatory program, quotas are allocated to refiners and total imports are limited to 12.1 per cent of domestic crude output.

Reports Indicate Bigger Earnings

By SAM DAWSON
AP Business Analyst

NEW YORK (AP) — A jump of around 20 per cent in after-tax profits this past summer over the summer of 1963 is being spelled out in the earnings reports coming in now from U.S. business firms.

A still bigger rush of earnings statements for July-August-September, due in the next two or three weeks, is expected to confirm the impressive gain. To come are some of the largest oil, motor and steel companies. Most seem sure to be ahead of a year ago.

In the first half of this year corporate profits as a whole had topped the year-ago figure by around 18 per cent. The third quarter returns are likely to push the annual rate to $32 billion. In 1963 the nation's corporations cleared $26.7 billion after taxes.

Showing advances in the latest accounting period are most of the metal, electronic, chemical, metal working, machinery, food, retail, drug, building material, and utility companies.

Stockholders already are being rewarded. In September cash dividend payments topped $2.5 billion, a 13 per cent rise over the 1963 month. Stock traders noted this was an improvement on the 10 per cent rise for the first nine months as a whole and brought stockholder payments this year to $12.5 billion. Hopes are strong for a generous flow of yearend extras.

Many companies already seem assured of setting record high sales, profits and dividend payments for the entire year. But strikes, rising production costs, and in some cases a slowdown in sales and new orders threaten other companies with a slackening of the profit pace in the current and final quarter.

Even in the booming third quarter there were individual companies that fell behind year ago results, usually for highly individual causes rather than ills in their own industry. Among them were Chrysler, Kennecott Copper, R. J. Reynolds Tobacco, Scott Paper, Libbey-Owens-Ford Glass, Corn Products, United Fruit and Gillette.

These were exceptions to a much longer list of gainers, and to the general profit trend which has been upward in most quarters in the last two years.

Leading names in the corporate field already have reported increases: American Telephone & Telegraph, International Business Machines, General Electric, Aluminum Company of America, Du Pont, American Tobacco, St. Regis Paper, American Can, Eastman Kodak, Xerox.

Steels are riding a boom in profits as well as in production and new orders. Among the first to report increased earnings for the third quarter are: Republic, Jones & Laughlin, Armco, Allegheny Ludlum, Kaiser, Youngstown Sheet & Tube and Acme. The two largest, U.S. Steel and Bethlehem, report later this week and stock traders expect them to join the parade.

Nonferrous gainers include Reynolds and Kaiser Aluminum as well as Alcoa, and also National Lead, Eagle-Picher and General Bronze.

Electrical equipment and electronics reports are overwhelmingly on the upside, along with household appliances and business machines. Included are GE and Westinghouse Electric, Carrier, Honeywell, Trane, Maytag, Texas Industries. Also there are Polaroid, Electrol, Worthington, Ronson, Thompson Ramo Wooldridge.

GMC Still Plagued By Local Strikes

By A. F. MAHAN

DETROIT (AP) — Despite ending of a 31-day national walkout against General Motors Corp., the giant of the automaking industry was hobbled today by local-level strikes that threaten to snuff out new operations.

The question of when the company that normally turns out more than half the nation's new automobiles might get any assembly lines going again was unanswered. One company source guessed: "Within a couple of days, maybe."

The United Auto Workers union announced Sunday night that 95 of 97 local unions reporting had given "overwhelming ratification" to a new three-year national contract.

The UAW announced that the national strike was "terminated," but, at the same time, said the 28 local units which had not reached at-the-plant working agreements which supplement the national contract would stay out.

At the time 102 of the UAW's 130 units in GM's empire had reached local-level settlement.

With announcement of the national strike's ending, GM called back maintenance and make-ready crews in the Pontiac Division at Pontiac, Mich., the Buick Division at Flint, Mich., and the Buick-Oldsmobile-Pontiac plant in Kansas City, Kan.

Louis G. Seaton, GM's vice president for personnel and its chief negotiator, said there would be other callbacks, but he was unable to pinpoint them immediately, "and I don't think anybody else can, either."

The national strike was a selective one. The union ordered members in GM plants selling parts to Chrysler Corp. and Ford Motor Co. to stay on the job. But in all it idled more than 300,000 of GM's work force of 360,000.
