Wheat Fills Chief Vacancy

By LUIS RIOS

Edwin Odus Wheat, presently crime prevention officer in Benbrook, Texas, was unanimously approved as the new Chief of Police for Colorado City Monday night in a meeting by the city council.

The approval for the appointment of the Chief of Police was the only item on the agenda for the city council.

Wheat was highly recommended by City Manager Rick Crowley. Crowley described him as a "hard worker, de-

dedicated and someone who knew the law."

"I am very excited about him working here," said Crowley. "I think the council has made a good choice."

Wheat, 46, received his certificate in law enforcement from Mc-

Lennan Junior College in Waco in 1971. Wheat has extensive background in police education and training. His training extends from basic law enforcement school and accident investigation to homicide investigation and drug laws

and family codes.

Other education that Wheat has includes police community relations, police supervision, traffic officers, burglary, auto theft and armed robbery, sex perversion, narcotics and other dangerous drugs, sex crimes investigations, oral interviews and background investigation, Texas police

officers licensing and reporting and crime against the elderly.

Wheat said that he would take over the job of Chief of Police effective June 1. "I am very anxious and excited about the new position," said Wheat. "I am also community service oriented; I want to meet all the people."

RIBBON CUTTING CEREMONIES were held Friday to commemorate the opening of a new business, CHA MAR 'KA located at 526 E. 2nd Street, owned by Mr. and Mrs. Johnny Tammen (center front). Dockrey, Jr., Vicar Monte Jones, Shirley Delaney, Betty Williams, Ann Lindsey, Porter Richardson and Charles Godwin.

Mississippi Man Is Charged With Involuntary Manslaughter

Keith Marvin Holmeid, a 26-year-old male from Grand Rapids, Minn., was charged with involuntary manslaughter Monday, following an accident which occurred Friday night west of Westbrook on Interstate 20.

At 9:15 p.m., Friday, two vehicles, a 1977 Pontiac belonging to Marcia Nichols of Big Spring and a wrecker belonging to West Texas Wrecking out of Big Spring, were parked on the eastbound lane of I-20 fixing a flat on the car.

Holmeid hit the back of the wrecker knocking it into the back of the Pontiac. Then he spun out in front of a tractor trailer truck owned by Rapid Delivery, Inc., of Jackson, Miss., and driven by

Therman Harris, also of Jackson, Miss., according to Texas Department Highway Patrolman James Burson, who investigated.

Passengers in Holmeid's vehicle were 42-year-old Aaron Clements of Midland and a transit, 31-year-old Willis Leroy Whidby of Athens, Ga., who was killed as a result of the accident.

Holmeid was charged with driving recklessly while intoxicated said Patrolman Burson. Charges for involuntary manslaughter were filed against Holmeid Monday in the District Attorney's office said Assistant District Attorney Lonnie Markley.

The Mitchell County Ambulance Service transported the injured to Root Memorial Hos-

pital for treatment and Whidby was taken to Hendrix Medical Center in Abilene where he died at 3:55 a.m., Saturday.

Assisting Patrolman Burson were his partner, Tom Johnson; Colorado City Police Department officer George Davenport, Sheriff Wendell

Bryant and Deputy Edward Tersero.

Dossey's Wrecker Company of Colorado City removed the wrecked vehicles from the scene.

Holmeid was arraigned before Judge Henry Doss and bond was set at \$5,000 and he is presently out on bond.

Grand Jury To Hear Case

Assistant District Attorney Lonnie Markley will present evidence against former Colorado City Police Chief Jimmy Roundtree to the grand jury sometime this week. The evidence was prepared by County Attorney Pat Barber.

The grand jury will be empaneled Wednesday and will be in session two days said Markley. He added that charges against Roundtree will probably be heard Thursday and possibly Friday. Approximately 12 persons have been subpoenaed in the case.

C Of C Foresees Increase In Dues

By LUIS RIOS

Local dues will have to be increased to meet the objectives of the Colorado City Area Chamber of Commerce, said Chamber of Commerce President Van Mills in the May 13 edition of the Colorado City RECORD.

"We had planned to go to some of the different businesses to give them information about the Chamber of Commerce and ask them how they felt about increased due payments," said Mills. "However, for the last two weeks people said they were willing to give more."

Mills added that some of the businesses said they thought could give two to three times of their present due fees. Fees or dues can be

paid monthly, bi-annually, annually or however that business or individual is interested in doing it, said Mills. There are approximately 100 businesses and 100 individuals in the Colorado City Area Chamber of Commerce.

The dues structure is designed to permit even the smallest business to be a member. This just depends upon the volume of business and the ability they have to give money, said Mills.

The Chamber of Commerce also has projects to help finance it. The county rodeo and fair and the recent gospel music show are some of these projects.

Rainfall Estimated For Year

Mitchell County residents have enjoyed scattered showers over the past week and have received some noticeable rainfall in their rain gauges.

Al Miller reports for the Colorado City area approximately .7 since Thursday, May 13, through Tuesday and a total of 4.6 for the year.

Nell Doyle of Loraine gave the following report: "There has been .7 since Thursday, May 13, and the yearly total to date is 4.0."

Sam Oden of Westbrook reported for the Westbrook area a total of .2 since Thursday, May 13, through Tuesday and an approximate total of 3.5 since April 20th of this year.

Self Culture Club Holds Final Meeting

by a salad supper. After the supper, Mrs. Brown presided over the business session. The minutes of the last meeting were read and the treasury report was given.

Mrs. Brown expressed

her appreciation for the cooperation of each of the members of the club during her administration. She also expressed her thanks for a vase presented to her by the club.

Mrs. Dona Reed conducted the installation of new officers, using flowers as her theme.

According to Mrs. Reed, "Flowers have a countenance as much as men or animals. Some seem to smile while some have a sad expression; some are expensive and different while still others are plain, honest and upright like the sunflower and hollyhock. When these various faces are planted together, they constitute a whole."

A woman's club is like a flower garden, comprised of many different

faces, personalities, and talents, which when assembled, give off a radiance unknown to the single blossoms. A garden can have a purpose only when it includes a multitude of different flowers."

The ivy was chosen for the treasurer, Mrs. W. L. Watson, because it stands for the loyal and friendly servant as guardian of the funds.

The sunflower was chosen to represent the corresponding secretary, Mrs. Reed as a symbol of constancy.

Representing the office of recording secretary was the iris, a symbol of tenderness, finesse and tact. Installed in this office was Mrs. L. B. Elliott.

Installed as second vice president was Mrs. W. L. Tiller and the

flower symbolizing her office was the honeysuckle, graceful and fragrant, compared to a summer day shedding brightness and joy all around.

The next flower chosen was the larkspur for aspiration, friendship and courage, symbolizing the office of the Vice President Mrs. L. A. Keith.

The rose was chosen to represent the office of President Mrs. Eddie Barclay, for the capacity of giving love.

It was stated "Though these flowers are important, they do not constitute a garden in its entirety. The whole is not complete and the purposes are unattainable without the other flowers of the membership."

Those present at the

meeting were Mrs. Dera Winn and Mrs. Anna Staats as guests and Mr.

and Mrs. L. A. Keith, Mrs. Wilfred Fox, Barclay, Reed, W. L. Watson, E. L. Tiller, Paul Beeman, C. P. Gary and Earl Brown.

Answers To Your Lawn Questions

Q. My lawn has many bare spots in it; what is the best way for me to

keep it thick and healthy?

A. Keep in mind that a thick, healthy turf helps prevent crabgrass and other troublesome weeds. Weeds, like other plants, need moisture and nutrients to survive. If your lawn is so thick that there's no place for weeds to start, then weeds won't have a chance. Good cultural practices, including regular mowing, watering, and spraying for insects and disease, help develop a dense turf and prevent weed invasion through the season.

retreat, etc. The work is being done by volunteer labor.

Those attending the meeting Saturday from Loraine were Rev. and Mrs. David McNary and Scott, Mmes. T. L. Holman, Bernice Hallmark, Clara Butler and Harvey Leach.

Scenes From Loraine High School Fashion Show

Loraine F.H.A. Holds Final Review

The Loraine Chapter of Future Homemakers of America and the homemaking classes held their final review on Thursday evening, May 13, in the high school cafeteria, choosing the theme, red, white and blue.

The music, the dance and the decor all emphasized patriotism and George M. Cohan's music "She's A Grand Old Flag" was the musical theme for the occasion.

The stage was surrounded by American flags, red, white and blue bunting and red, white and blue streamers.

The review opened with a modern dance done to patriotic music and danced by a sophomore class troupe, including Melissa Clifton, Angel Hodges, Martina Vallejo, Shelly Martin, Kathy Wright, Mitzi Hallmark and Kristi Moreno.

The second act of the evening was the presentation of flags done to "She's A Grand Old Flag" and presented by the commentators for the evening, Tracy Beights and Sheila Martin, accompanied by Mascot Cole Marie Latimer, dressed in a silver glitter suit with red, white and blue trim. This was followed by the senior class girls flanking the flags and singing, in chorus, the theme song, then walking through the isles with their singing and accompanied on the "Fun Machine" by class member, Sheila Martin.

Following this presentation, Stephanie McAdams presented a tap dance number and again the costume, the music, was patriotic in feel and rhythm. The script was done in couplets which identified each participant as she was presented for modeling. Each sophomore modeled with a child, for whom she had sewed. Then the freshmen girls modeled the garments they had constructed, followed by the sophomore girls in the dress they had constructed.

The finalists in this group were Kimberly Hartman, Susan Garcia, Karen Harmon, Melissa Clifton and Shelly Martin. Kimberly Hartman was chosen the best model from the freshmen and sophomore classes.

The junior and senior classes modeled next, with each participant choosing her own outfit to model. The finalists in this group were Margaret Alvarez, Debbie Browne, Tracy Beights, Sandy Briseno and Stephanie McAdams. The best model award for this group went to Margaret Alvarez.

The business session followed the modeling session and was conducted by Stephanie McAdams, president of FHA for the year. She presented an honorary membership and FHA tie tack to Mike Hartman, principal of Loraine Schools.

Also, gifts were presented to Pat Terry, club beau and to Margaret Latimer, sponsor.

Installation of officers for the 1982-83 school year followed. They are President Stephanie McAdams; Vice-President Debbie Browne; 2nd Vice President Melissa Clifton; 3rd Vice President Mayr Lopez; 4th Vice President Kathy Wright; Secretary Jana Britton; Reporter Margie Oliver; Treasurers Kim Hartman and Nancy Esquivel; Historian Leslie Rose; Parliamentarian Martina Vallejo; Senior Representative Margaret Alvarez; Junior Representative Hortencia DeLoera; Sophomore Representative Janie Madrid and Freshman Representative Sheila Darrell.

The program ended with the group saying the club collect in unison.

Margaret Latimer is the homemaking teacher and FHA sponsor.

CO-2 Pipeline Enlists Partners

The CO-2 pipeline from Southeast Colorado to Seminole has picked up two partners. Exxon and Amerada Hess have invested in the line that will carry CO-2 to the Permian Basin for enhanced oil recovery. Construction got underway in early April and should be completed early next year. Shell plans a 1.6 billion dollar project in the Wasson field while Exxon is still evaluating its prospects.

Estimated CO-2 recovery in 175 million barrels of oil with the CO-2 injection continuing until 1994. The Alaska Gas Pipeline has been postponed for two years. The sponsors of the 40 billion dollar project said the recession, high interest rates, depressed crude oil prices and the short term oil and gas supply situation are the reasons for the delay. The President and C.E.O. of

ARCO said more parties will need to participate in financing the pipeline unless gas prices increase or interest rates drop. The new completion date is now 1989. Crude oil prices have

started back up in response to OPEC's cut-back in production. Meanwhile, the demand for petroleum products has increased for the second week in a row.

Gasoline demand is 4 percent ahead of the same week last year. In the Permian Basin our rig count for last week was 363. One year ago it was 419.

Senior Class Takes Trip To Hill Country

The Loraine Senior Class, with six adult sponsors, departed Loraine at 6 p.m., on May 6 or a four day trip to the

Hill Country of Texas. Their first stop was a breakfast stop in San Angelo at the Jackson House. The class mem-

bers then boarded the bus again for more sleeping and riding, to awaken again for the lunch stop in Boerne at

the Country Corner. The bus and its passengers arrived at their destination about 4:30 p.m., at which time all

seniors either jumped into the swimming pool or were thrown in by fellow class members. The Hill Country Motor

Inn at New Braunfels was their home for the four days. The class enjoyed the swimming pool area well into the

late night hours and went in several directions for dinner that first night, the inn being situated at the center of

several restaurants and a large shopping center. Friday was spent at Landa Park and The Schlitterbaum where the class went boating, swimming, water sliding, tubing and sun bathing.

That evening found the group back on the bus, going into San Antonio for dinner at the Texas Tumbleweed, a well known and loved dining spot with live dance band and "Texas Shoot Out" for entertainment.

Saturday, the group headed back to San Antonio to Packeridge Park, North Star Mall and dinner at the Magic Time Machine. The afternoon entertainment was more water sports back at Hill Country Inn, where swimming was the activity for the rest of the evening.

Sunday morning, the bus departed for Loraine, leaving behind in the ICU unit of McKenna Hospital, Royce Beights and his wife and daughter, Tracy, because of his sudden illness.

The sponsors for the group were Mr. and Mrs. Ronald Bruce, Mr. and Mrs. Royce Beights, Mike Herrington and Margaret Latimer.

Loraine News

Mr. and Mrs. Jack Compton of Midland and Mr. and Mrs. Mason Richburg of Abilene, were guests of Mr. and Mrs. Raymond Wheeler Sunday, May 9.

From there she went to Atlanta, Georgia and visited a daughter and husband, Mr. and Mrs. L. C. Woodward and grandson and wife, Mr. and Mrs. Jackie Woodward. Her other daughter and husband, Mr. and Mrs. Jack Ames from Colorado Springs, Colo., joined them there and accompanied them to Florida where they spent two weeks sightseeing.

Shelly Martin introduced Coach Vandergriff. His talk consisted of his experiences in sports during his high school and college

years. He was very thrilled to see so many girls in Loraine participating in sports which he said is not true in every high school.

Coach Wiley and Coach Jimmy Fine gave out awards for football, basketball, track and tennis, both for boys and girls. Special awards

Your electricity is costing more in 1982 mainly because the fuel to make it is costing more.

This year, we're paying more for fuels we use to make your electricity. This is partly because another low-cost natural gas contract has expired. But mainly it's because the price of all fuels keeps rising.

We don't make a profit on fuel; we charge our customers exactly what we have to pay for fuel. And we show the amount for "fuel" on your bill each month. The chart below shows an approximate increase in your bill this year compared to last year as a result of increasing fuel costs.

If you use (Kilowatt Hours Per Month)	Then your bill will increase about
500 KWH	\$ 5.00
750 KWH	\$ 7.50
1000 KWH	\$10.00
1250 KWH	\$12.50

At Texas Electric, we're trying to hold down fuel costs by using lignite coal—a cheaper fuel. And we're building a plant to use uranium, the lowest priced fuel available to us.

You can help hold down your bill by conserving at home. To learn how, please call us.

Of You Don't Teach Him To Save Money Who Will?

We can help. The younger years are the best time in life to prepare your children for the future. A savings account that you open in their names and then insist they save regularly is a fine way to get started.

Here on this end, we will praise and encourage them in every possible way. You are cordially invited to bring your youngsters in so we may become acquainted.

Your Home May Be Better Than Gold

The old adage "good as gold" has taken on new meaning in recent years and thousands rushed to invest in the tantalizing, but volatile, gold market. But, for stability, your home is a better investment.

Surveys show the average American home is now worth about \$80,000 - and its value is growing each year. So, despite the glamour of gold, your home is considered the soundest investment, now and for the future.

Every homeowner should make it a top priority to maintain and improve his home to protect and increase its value. The effort and expense of regular maintenance, such as periodic painting inside and out, will pay off with increased market value.

That's why experts believe it's important to choose a quality paint, one that has durability and superior coverage. The cost difference between quality paint and low-cost paint is minimal, often less than \$100 for a fresh coat of paint on either the exterior or interior surfaces.

The large investment in a home is worth the small cost difference... and application is quicker and the wear is longer with a superior paint.

To keep your home better than gold and pretty as a picture, the best value is Jones Blair Paints.
