CAPROCK ROAD BEING PAVED--Contractors started this week paving FM 689 that runs from the South Plains area to Quitaque. The 17 mile stretch of Floyd County road runs from FM 207 to FM 1065 and is expected to be completed in approximately one year. The project is one of the few new construction projects within the State of Texas and is expected to bring more tourist travel to the Rails to Trails attraction in Floyd and Briscoe Counties. This project has been in the planning stages since it was presented by the Floyd County Commissioners Court in 1993 and approved by the State of Texas.

New Lockney Youth Center nears completion

WORKERS NEAR COMPLETION OF LOCKNEY YOUTH CENTER ROOF

The Lockney Youth Center is nearing completion and should be open soon for activities.

The Center will feature an indoor basketball court, pool table and foosball games, video games, weight room and exercise room.

Also being built is a stage for productions and dances.

"We will have counseling and tutorial services and crisis intervention

too," said advisor Bruce Ballou.

"A youth advisory board has also been created and they are very involved in the process," said Ballou. "They will be making more suggestions as to what should be offered," at the Center, and there will be some additions."

The official grand opening of the Center is planned for August 12, but it should be up and running before that time.

Memorial Deadline Nears

The final Veteran's List for the Veteran's Memorial will be published in the June 27th edition, for final corrections. The deadline for corrections is July 2nd.

The deadline for adding new names is over.

Patriotic celebration salutes God

Floyd County's first "God Bless America Celebration" will be held at the Floyd County Unity Center, June 29, at 6:30 p.m.

The patriotic musical celebration will feature: "Riders for the Cross" at 6:30 p.m.; David Aycock, Randy Miller, and Erin Hinkle, from 7:00 -

8:00 p.m.; "U.S. Pickers", from 8:00 p.m. to 8:45; and "Top of Texas" from 8:45 to 9:30 p.m. Sharon Hunt, of Lockney, will be filling in the gaps.

Admission is free and the Boy Scouts will provide concessions.

A quilt will be raffled off by the Lockney Fire Department and the pro-

ceeds will go towards a new fire truck. The hat will be passed for donations to pay for the expenses in renting the Unity Center.

Ed Marks, an organizer for the event, said, "We think this will be a great time of celebrating God's gift of Freedom".

Country Market activities designed to satisfy a variety of expectations

Those planning summer garage sales in Floydada may think twice about their date and look toward the benefit of large crowds coming to the City Wide Garage Sale and the Ole Country Market.

The Floydada Chamber of Commerce is anticipated a good turnout for the annual City Wide Garage Sale which is being held, this year, in conjunction with the Chamber's first Ole Country Market.

The Ole Country Market will fill up Floydada's downtown square with arts and crafts, food, games, and vegetable and plant stands, homemade ice cream and lemonade.

"We will also allow some garage sale booths to set up in available spaces around the square," said Chamber Manager Irene Hernandez.

Chamber Director JoLynn Dean is in charge of the country style pie cook-off. "After the pie judging we will

sell the whole pie or pies by the slice. There will also be a cake walk featuring all homemade cakes."

For more information on the pie contest, contact JoLynn Dean or the Floydada Chamber of Commerce.

Another old time favorite will be an all day Bingo game (place announced at a later date) with prizes. There will be 50¢ and \$1.00 games.

Over 20 arts and crafts booths will be set up on the square. Over 20 food booths will also be featured.

Chamber Director Julie Duke said, "There will be cotton candy, candy apples, fajitas, German popcorn, breakfast burritos just to name a few. There won't be any reason to go anywhere else for something to eat."

A variety of games have been planned for the whole family to enjoy. "We will have tractor races, water games, and team games," said Duke.

A potato sack race is planned for 11:15 a.m.; a bat race at 12:00 noon; a 3-legged race at 1:00 p.m.; a 'Trolley' game at 2:00 p.m.; a 3:00 'Hay Dive'; and a 4:00 'A-Frame' game.

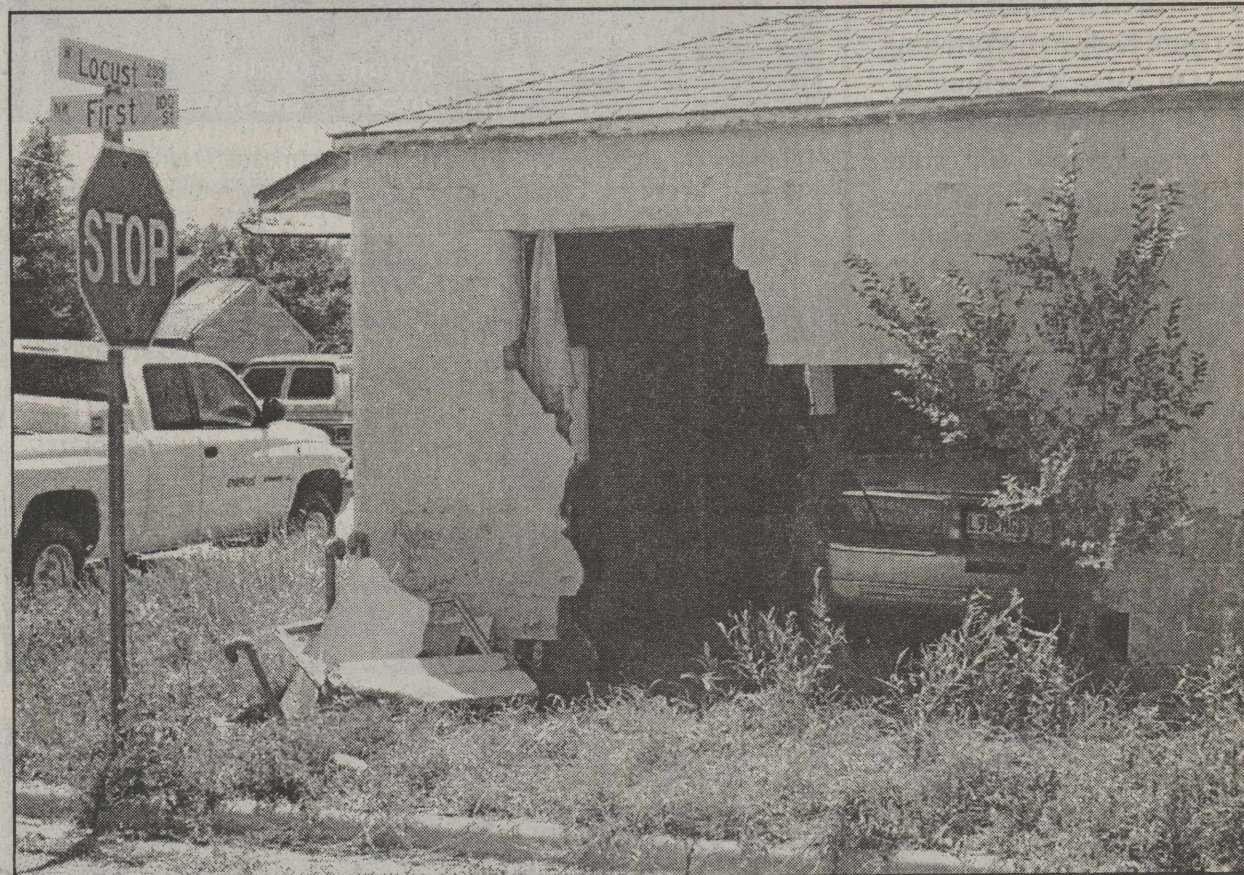

There is a small entry fee for some games and charge for others. There is an entry fee of \$2.00 for the Hay Dive.

An 'Apple Swing' starts at 1:00 p.m. and there will be a balloon launch from 12:00 noon until 4:00 p.m. (4 balloons for \$1.00).

A domino tournament will also be held at the Unity Center in conjunction with the Ole Country Market. An entry fee of \$25 is required for the domino tournament. You must have a partner to play in the tournament, and lunch will be served.

A "burn out" will also be part of the day's festivities. Anyone wishing to participate in the "burn-out" should contact Chad Guthrie at City Auto.

LEARNING TO DRIVE--A 26 year old female, from Plainview, who had never driven before, ended up inside this vacant cement building on the corner of W. Locust and NW First. A 47 year old female passenger, of Plainview, was giving the driving lesson. According to Lockney Police the driver was traveling east of W.

Locust and stopped to make a left hand turn on NW First, accelerated too rapidly and turned too far into the east side of the building. The occupants refused any medical treatment. The building is owned by John McCulloch, of Roanoke, Texas.

Extreme Fest Christian music festival geared to entertain youth

The Unity Center, in Muncy, will host a Christian music, "Extreme Fest", for youth, June 22 from 6:00 p.m. - 11:00 p.m.

"Extreme Fest", is drawing support from a wide variety of churches and denominations.

Jake Galvan, one of the organizers for "Extreme Fest", said, "Our goal is to expose and introduce our youth to various types of wonderful Christian

music.

"We have quality bands who are donating their time and talents to 'Extreme Fest', and we will also feature a laser light show."

Coming from Dallas is "Link". An all girls band from Lubbock, called "Infinity", will also perform, as will the San Angelo group called "Smog".

"All the food and drinks will be free and of course there is no charge to at-

tend," said Galvan. "We will also be giving away free T-Shirts."

Anyone wishing to help with this event and who would like to make a tax deductible contribution can make checks payable to: Calvary's Cornerstone Fellowship, 505 N. 2nd, Floydada, TX., 79235.

For more information, contact Jake Galvan at 292-9414.

FISD backs park renovations

By Darwin Robinson

The Floydada Independent School District board met Tuesday, June 11, and heard an appeal by Floydada City Manager Gary Brown to support the

City's proposal to renovate the High School Park with grant money.

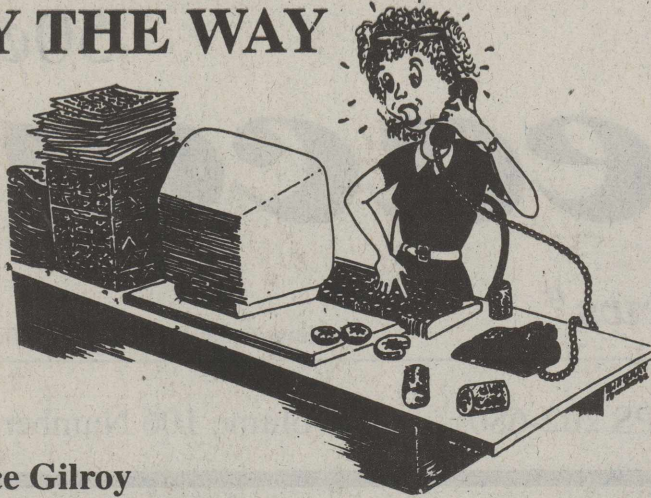

City Manager Brown said, "We need all the entities in town to support and approve our proposal in or-

der to apply for a matching fund grant."

Brown told the board that preliminary estimates for materials amounted

Continued On Page 3

BY THE WAY

By
Alice Gilroy

In last week's paper we had an interesting story about the new equipment being used at the Coronado digs.

Darwin Robinson did the story with the help of Nancy Marble. Darwin went down to the dig site and took his tape recorder for the interview.

When he was writing the story he was using his tape recording and quoted Dr. Blakeslee as saying, "these big clusters of nails was where they had shot a horse and then clipped off the old horseshoe nails."

When I was proofing his copy I said, "Good grief--how do they know they SHOT a horse here! That seems like they are stretching the story quite a bit."

Immediately the rest of the office chimed in with--"Yeah--I noticed that

too! It seems kind of extreme to shoot your horse just to get the nails out of his shoes!"

We decided to change the sentence to say, "Mr. Blakeslee theorized," instead of Mr. Blakeslee said. That way no one would be in trouble for making a statement of fact they couldn't back up.

We kept talking about the poor horse though.

As soon as the paper came out, Carolyn Jackson, from the Floyd County Museum, came over with a big smile on her face. She good naturedly took Darwin aside and said, "Darwin--this is supposed to be SHOD not SHOT!"

We feel a lot better about that horse.

Lockney Police Report

June 2nd, Lockney Police received a report of a gas drive-off from the Friends Convenience Store in Floydada.

According to Sgt. Chuck Martin, "I stopped the 2000 Ford Explorer, at U.S. 70 and SW 4th, because it was traveling 85 mph in a 60 mph and it matched the description of the vehicle involved in the gas drive-off."

The driver, a 14 year old female, told the officer she did not have a driver's license and that she stole the car from her sister. There were 5 female passengers in the car, ranging in ages from 13-15.

"The car was actually stolen from a brother," said Martin.

All the juveniles were detained and taken to PAC.

"The owners of the car refused to press charges," said Martin, "however the State of Texas (Juvenile Probation) officials elected to file unauthorized use of a vehicle on the driver. All the occupants of the car were also charged with theft of gasoline and released to parents and guardians.

Also on June 2, police arrested Antonio Martinez III, 30, of Plainview, for Motley County warrants for speeding. He paid the fine and was released.

Elisandro Pedro Naranjo, 17, of Lockney, was arrested for two outstanding municipal court warrants.

In the 110th Judicial District Court, Floyd County Grand Jurors returned felony indictments against:

Esmerejildo Balderas Jr., 29, of Lubbock, for the State Jail Felony of Forgery/a check, which occurred on March 8, 2002;

Bonifacio Cuevas Jr., 41, of Fort Worth, for the State Jail Felony of Evading Arrest with a Vehicle, which occurred on April 15, 2002;

Eddie Hernandez, 21, of Lockney, for the State Jail Felony of Burglary of a Building which occurred on April 14, 2002;

City Wide Garage Sale and Old Country Market bringing crowds

Continued From Page 1

The City Wide Garage Sale will also be drawing crowds to town and anyone wishing to be included in the Chamber of Commerce advertising for the garage sales needs to call the Chamber office at 983-3434.

Maps with the locations of the garage sales will be available at Pay-n-Save at 8:30 a.m.

If you would like to have a booth at the Ole Country Market call the Chamber of Commerce Office.

All proceeds from the booth rentals will go to the Floydada downtown beautification project.

Park to be renovated pending grant approval

The City of Floydada is preparing an application to Texas Parks & Wildlife (TPW) to improve amenities and open space at Floydada Park.

Specifically, the City of Floydada is proposing to rehabilitate the exist-

ing walking trail, provide lighting at the baseball fields, and landscape and irrigate the park. It is also proposed to construct six tennis courts, a disc golf course, a pavilion, restroom/concession facility, workout stations

along the trail, a new ball field, bleachers, playground equipment, sidewalks, picnic pads, curbing and parking.

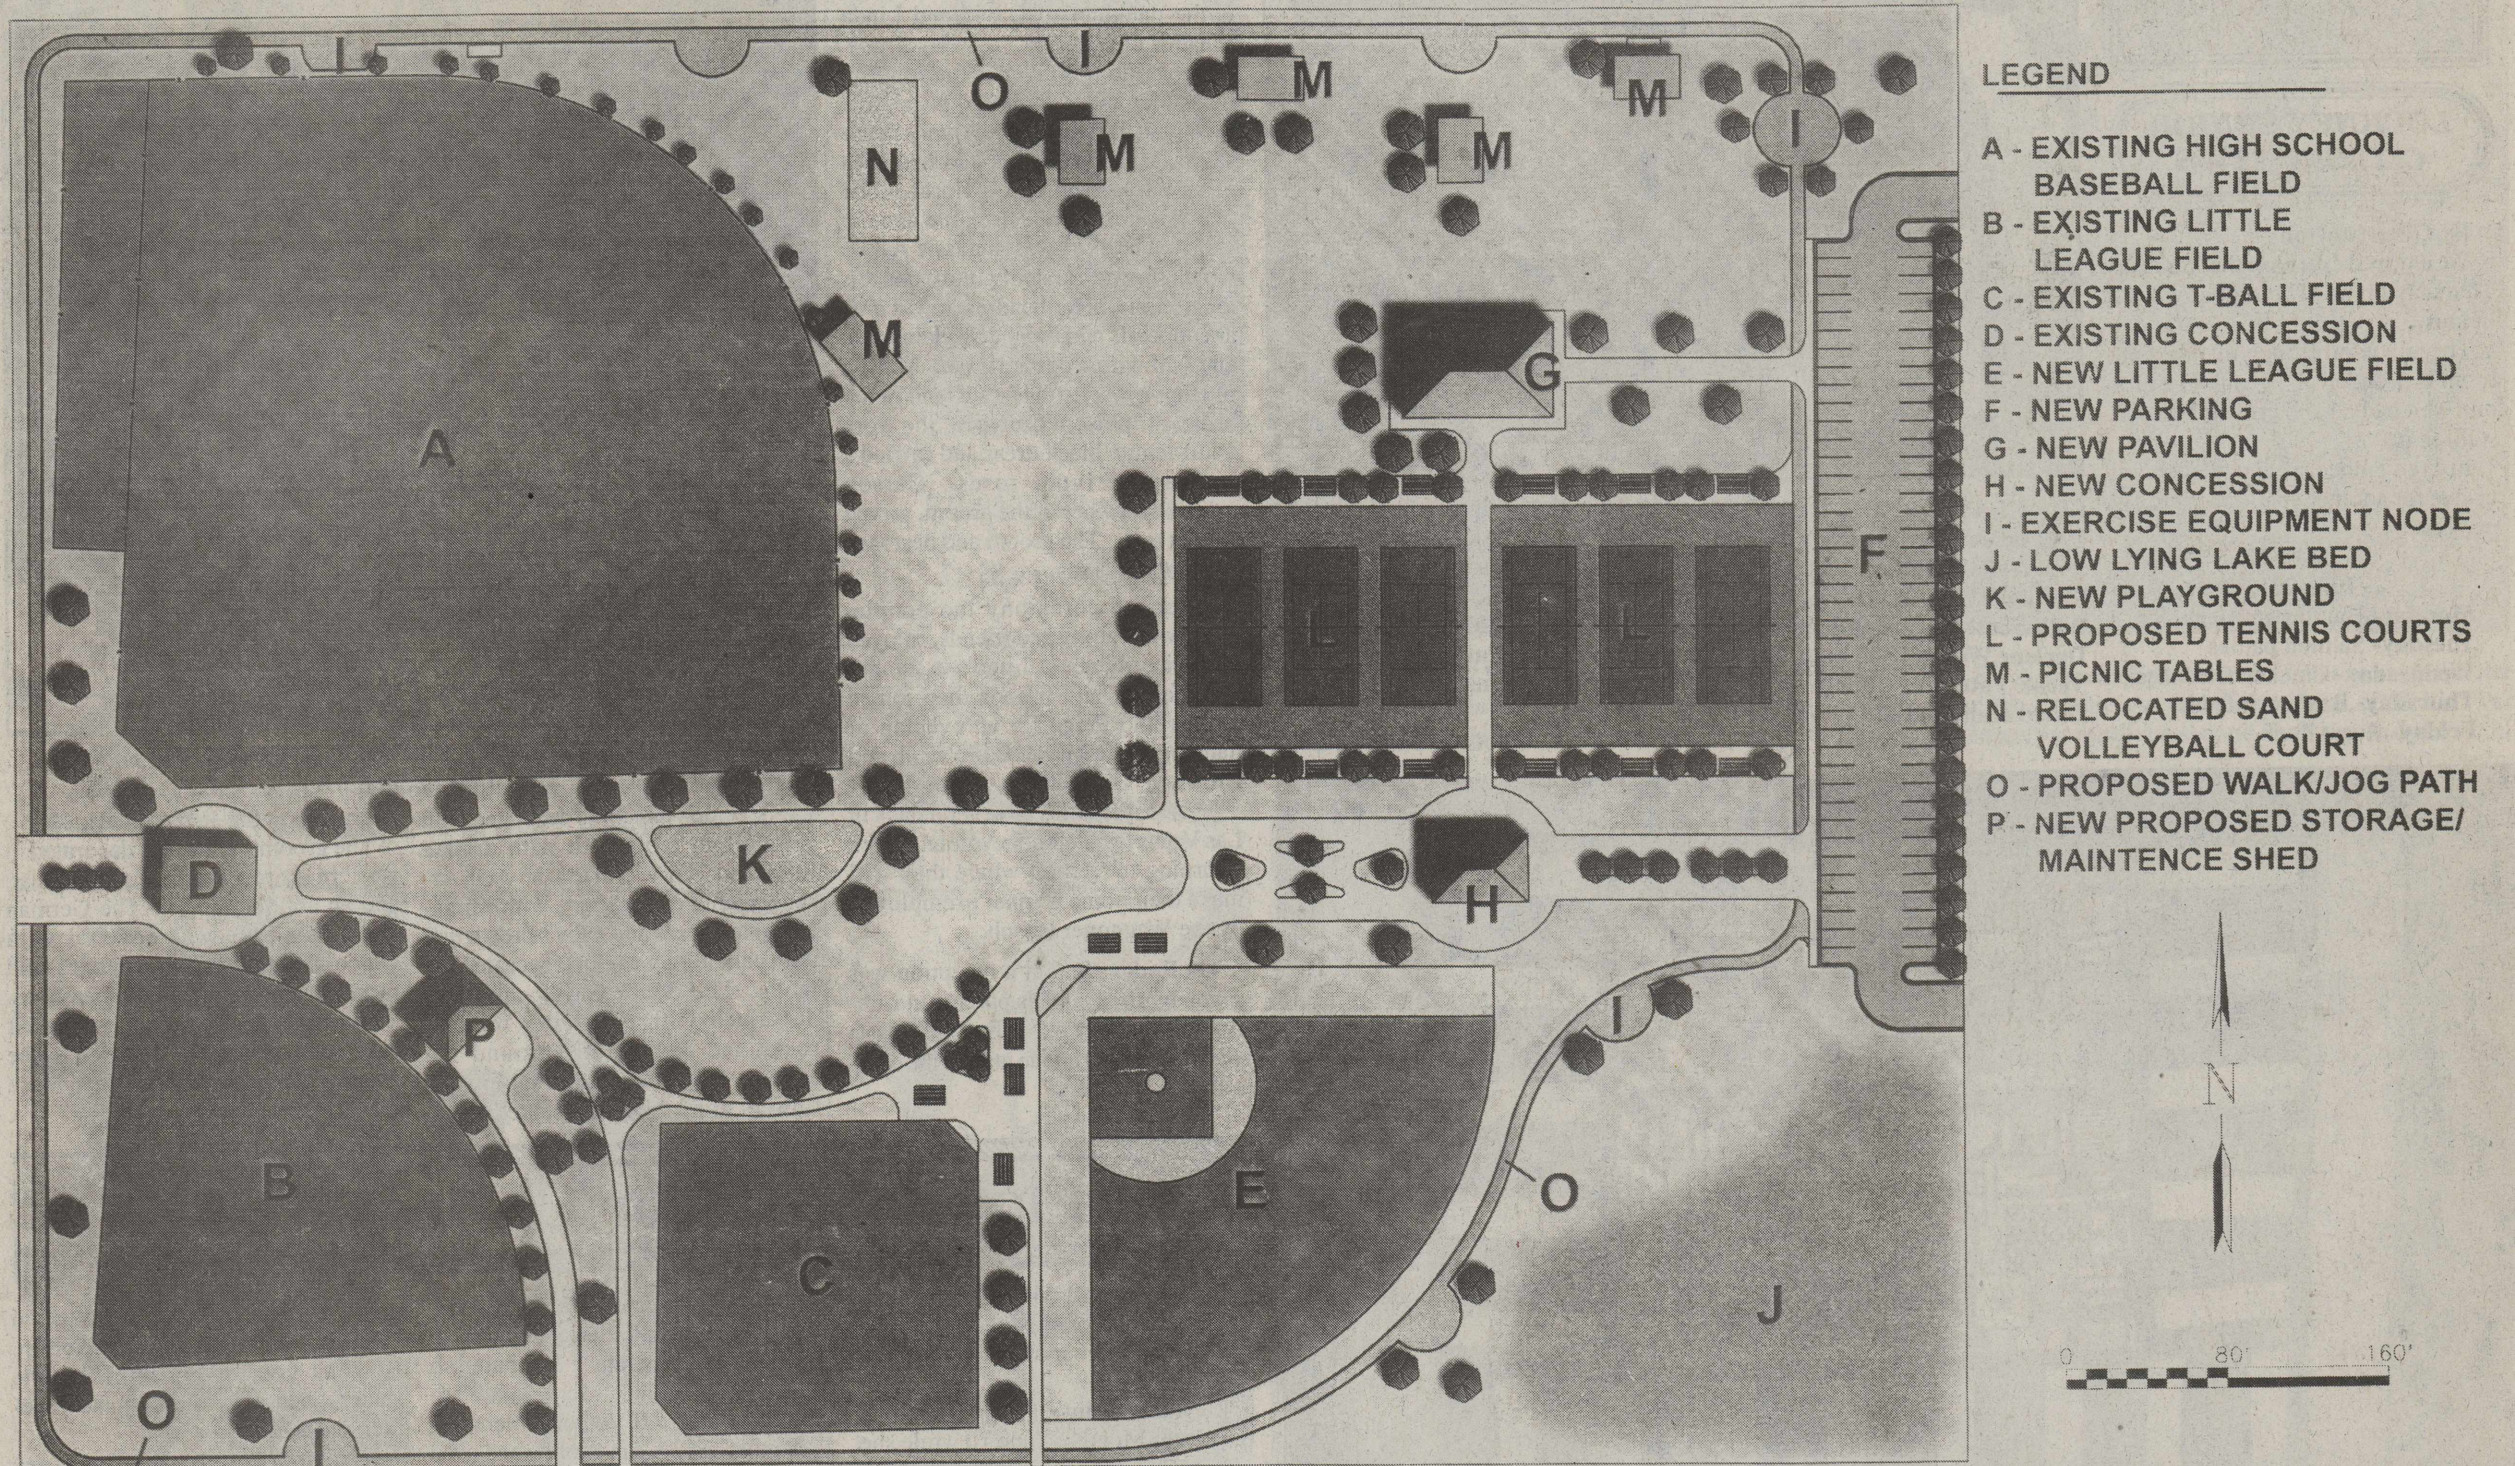

The project is estimated to cost \$1,000,000. The City of Floydada will request Texas Parks and Wildlife to

provide \$500,000 grant and the City of Floydada will match the TPW grant with \$500,000 in cash and/or in-kind contributions.

In order to secure the grant, the City of Floydada must provide evidence of

community support for the project, which may include cash donations and contributions of labor, equipment and materials. All donations and contributions received will help the City meet the \$500,000 match requirement.

If you wish to make a donation or contribute labor, equipment or materials to the Floydada Park project, please contact Gary Brown, City Manager, at 983-2834.

FISD Board approves lending support to City's park renovation project

Continued From Page 1

six new tennis courts, a new Little League field, a new parking area, a new pavilion, a new concession stand, a new playground, areas for exercise equipment, picnic tables, a new walk and jogging path, along with a new storage and maintenance building.

Brown told the board that the proposed grant would not be considered until around the end of the summer and work would not get under way until later this year, if the grant is approved.

Upon the recommendation of FISD Superintendent Jerry Vaughn, the board voted unanimously to approve the proposed plan and cooperate with the City in the future on its construction in whatever way they could.

In other matters, FISD Business Manager Sharon Rainwater gave a report to the board concerning school tax collections. Rainwater said, "The tax roll is \$2,026,393.32 and \$1,926,291.02 has been collected to date, which is 95.6 percent collection, the same as last year's collection rate."

The board approved a 2002-2003 school calendar adjustment, a board policy revision, and board meeting change date for next month. The next July meeting will be held on the 16th, instead of the 9th.

The advertising for sale of a used school mini bus was approved by the board. Superintendent Vaughn said the mini bus needed some repairs.

Superintendent Vaughn told the board there was a great need for more secure storage space for FISD documents and other important papers that must be kept permanently. The building next door to the FISD offices, which is FISD rental property at the present time, was discussed as a possibility. Vaughn said only part of the building would probably be considered for permanent storage for now and that he would look into the matter.

Following the recommendation of

Superintendent Vaughn and Technological Director Rex Holcombe, the board approved a resolution for cooperative purchasing of school supplies with ECS 17. Vaughn said this saves the school hundreds of dollars each year on purchasing supplies at "cut rate prices."

The board unanimously approved a POS computerized tracking system to be used by all the FISD cafeterias with one central terminal. This \$35,500 system was recommended by Vaughn and Holcombe, and Business Manager Rainwater said there was money available in this year's budget, in the Building Fund, that could be used for this purchase.

Rainwater said, "We checked on the time spent by teachers and administrators in the cafeterias counting items, such as milk, handling money and tickets, and we believe \$40,000 is spent each year on this type of work."

Holcombe said the system could be phased in by one semester and we could track all meals served in all the schools from the central terminal.

Superintendent Vaughn said we must make a budget amendment in order to move the needed money from the Building Fund to be used for this purchase.

Board Member Kerry Pratt made the motion and Board Member Bill Dean seconded it. The motion unanimously passed.

Vaughn reported to the board about the work being done on a preliminary budget for approval in August. He said the budget for the coming school year is heavily loaded with around \$435,000 in health insurance premiums for FISD employees.

Vaughn said, "The state will reimburse us around \$191,000 for this purpose this coming year, then about half that amount the next school year, and

then none after that."

Vaughn continued, "If we drop our tax rate income, then the state money sent to us will decrease." He said the drop in personnel, and by not hiring back those who retire or move on, will keep next year's budget at about the same level as this past year.

The board accepted the resignation of retiring Third Grade Teacher Glenda Livingston after 24 years of teaching.

Brief lane closures coming up for Floyd County highways

Contractors started this week seal coating 45 miles of highway in Crosby and Floyd Counties.

Lane closures will be brief. Motorist are urged to find alternate routes for the next few days. Weather permitting, workers will be finished with this portion of the job this weekend.

This job is part of a \$5.6 million project to seal coat more than 300

miles of state highway throughout the 17-county district.

Highways scheduled for seal coating in Crosby County are: FM 378 from Floyd County line to US 62/82, FM 378 S from FM 378 to the end of the roadway, FM 378 from US 62/82 to FM 40 east, FM 2236 from FM 1471 to US 62/82, FM 2576 from US 62/82 to FM 40.

Highways scheduled for seal coating in Floyd County are: FM 602 from US 62/82 to FM 1958, FM 784 from FM 378 E to US 70, FM 378 from FM 784 south to FM 37.

Pending any unusual circumstances, jobs will be completed in the order listed. For more information, call Steven Perez, Lubbock District area engineer at 806-385-3552.

Light The Cross Donations

Donations to the Light the Cross Fund have been made in memory of: **Francis Hambricht** by Steve and Maria Brown, Jane Pruitt and Jackie and Edna Duke; **Hollis Payne** by Jane Pruitt.

Donations to the Light the Cross Fund may be made at the American State Bank to the Ministerial Alliance Fund.

The fund will pay the ongoing expense involved with maintenance and monthly bills. Please give names on memorials and honorees and cards will be sent.

Johnson and Parker pledge nuptials

Tanner Johnson and Paige Parker were united in marriage Friday, May 17 in Las Vegas before family and friends. The ceremony took place in the chapel on the Mandalay Bay Resort. Tanner is the son of Carlton and Diane Johnson of South Plains. Paige is the daughter of David and Linda Meador of Lubbock.

The bride was given in marriage by her father and wore a two piece, off-the-shoulder gown of soft ivory matte satin. The bodice was adorned with clear bugle beads in a floral motif which decorated the neckline and the waist. The skirt was a classic A-line which flowed elegantly into a chapel-length train. Her headpiece was a tiara of pearls and ivory porcelain roses and veil with a corded edge. Matron of Honor was Leah Hart, friend of the bride, of Ransom Canyon. She wore a full-length black dress and carried a bouquet of ivory roses. Carson Johnson, brother of the groom, served as best man. The groom and best man wore black tuxes.

After the ceremony the couple, along with family and friends, enjoyed an Italian dinner at Lugo's in the hotel. Family and friends then joined Tanner and Paige for an evening of dancing at the Monte Carlo's Pub and Brewery.

The couple enjoyed several days in Las Vegas for their honeymoon before returning to Vernon where they will make their home. Tanner in employed by the Waggoner Ranch.

On Friday, June 8 a reception was given by the couple's parents in Lubbock at the Four Bar K Ranch. Guests were served barbeque and all the trimmings.

TANNER AND PAIGE JOHNSON
(nee Paige Parker)

The bride's table was decorated with candlelight tablecloth with draped tulle and ivory chiffon bows. Arrangements of greenery with miniature ivory roses and baby's breath tied with candlelight ribbon decorated the table. The double-layer cake was decorated with soft ivory fondant roses and stephanotis around the edges. The beautifully sculptured flowers and ribbons appeared to be

engraved on the sides of the cake.

The groom's table was decorated in western attire - spurs, a cowboy hat, and an antique lantern. The German chocolate cake was covered with chocolate dipped strawberries and formed two over-lapping horseshoes.

After the meal, the couple cut their cakes and guests were served. The evening was concluded with a dance for all.

Floydada Senior Citizens News

By Margarette Word

The center is open Monday through Friday. We start serving lunch at 11:30 a.m.

Lu Ann Collins of Lubbock ate at the center Monday, June 10 while she was in Floydada visiting her parents, James and Sue Lovell.

At the center Tuesday, June 12, were Wanda Dubois of Jewett and Bonnie Golightly of Allen. They came to Floydada to attend the Lackey family reunion over the weekend of which there were 55 in attendance. They had a good time visiting relatives and friends.

Also on Tuesday, June 12, with Henry and Dahlia Russell were his sister and her husband Red and Bonnie Rasher of Citrus Height, California. The Russells expected two more sisters to come in to attend a Russell Family Reunion this past weekend.

John and Geneva Cockrell are proud to announce the birth of their great-granddaughter, Emily Nicole Mayo, on June 12, 2002 in Irving. She is also a great-granddaughter to James and Eva Lee Nicols of Breckenridge. Emily was born on James Lee's 80th birthday.

The proud parents are Michelle and Gary Mayo. The proud grandparents are Kenneth and Jackie Cockrell and Gary and Rhonda Mayo all of Irving.

Tuesday, June 11th SPAG sponsored a hamburger supper for three different groups of senior adults who were in three night classes of learning how to operate a computer. SPAG received a grant to help train senior adults in computer skills. Certificates were given to those who took the

course. There seems to be a great demand among the older generation to learn how to operate a computer so we don't get behind. More classes are in the making. If you are interested you must be 60 years or older and need to sign up at the center.

Keith and June Patzer went to Galveston to see their granddaughter, Tasha and her husband Michael Williams. The Patzers were given a tour of the town, coast guard base, which is where Michael is stationed, went to Seawolf Park, which has a World War II submarine, USS Cavalia and destroyer, USS Stewart, went to Moody Park and saw a rain forest and Saturday night they went to Aquarium Restaurant. They had a great time.

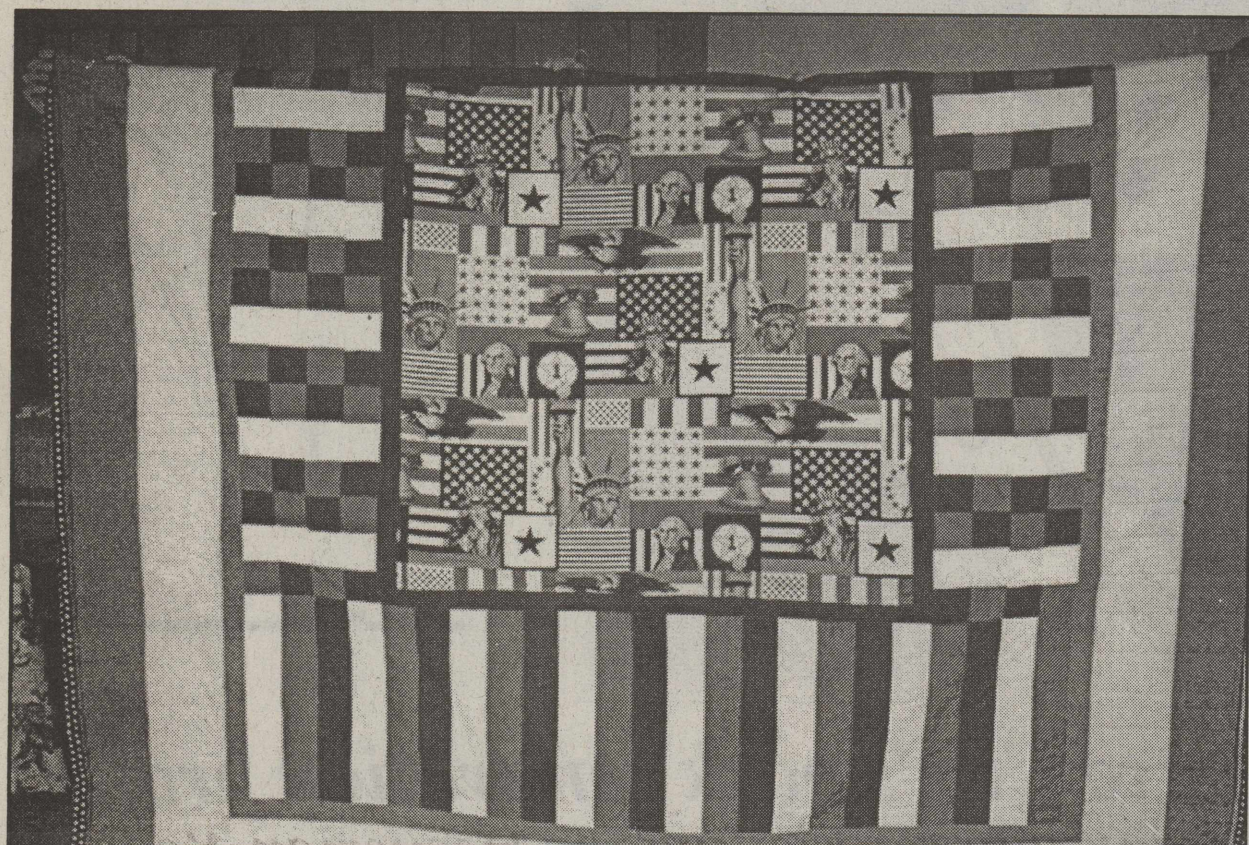

Our sympathy to Neva Baxter on the loss of her sister, Dorothy Nelson.

Thank you for remembering the center when you need to make a memorial donation.

In memory of **Kacky Jackson-** Ruth Hammonds, Mr. and Mrs. John Moss, Kathryn Zimmerman, Bill and Norma Feuerbacher, Mr. and Mrs. C.K. Hatley, Max and Charlene Smitherman, Delene Hamrick, Jack and Shirley Walters, Jerry and Cynthia Poor.

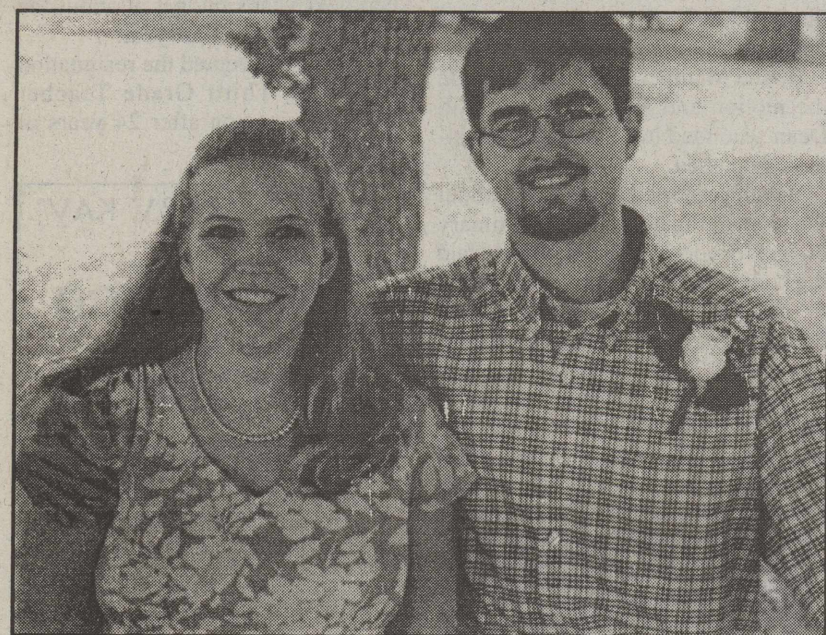

In memory of **Eugene Watts-** Bill and Norma Feuerbacher.

FULTON AND DAILY WED-- Jenna Kae Fulton and Bobby Randall (Randy) Daily were united in marriage May 24, 2002, in the Young County Courthouse gazebo. Justice of the Peace, Randy Balderson performed the ceremony. Best man was Terry Daily, brother of the groom. Maid of Honor was Shanna Fulton, sister of the bride. The bride is the daughter of Billy and Sharron Fulton of Schertz, the granddaughter of Darlene and Greer Lackey of Floydada, Billy W. Fulton of Petersburg, and Doris Hinkle of Possum Kingdom Lake, and the great-granddaughter of Marge and H.C. McElyea of Floydada. The groom is the son of Bobby and Shelley Daily of Graham, and the grandson of Ruth Senkel of Graham and Barbara Holzer of Wichita Falls. Following their honeymoon at Possum Kingdom Lake, the couple will reside in Wichita Falls.

Floydada Senior Citizens Menu

Jones and Luebano enroll at SW OSU

Linsi Shea Jones and Robert John Luebano, all of Lockney are among 764 students who have enrolled as freshmen at Southwestern Oklahoma State University in Weatherford for the 2002 fall semester. A total of 199 students attended the fourth freshmen orientation session at SWOSU on June 7.

The 764 students in the freshman class represent a 15% increase compared to one year ago after the fourth freshmen orientation session.

One more session is scheduled for August 16 for students who have been admitted to Southwestern. Student who would like to attend should call the SWOSU High School Relations Office at (580)774-3782.

At the sessions, students spend the day on the Southwestern campus, meet individually with academic advisors and enroll in classes for the 2002 fall semester. The students, along with parents, hear presentations about services and activities at SWOSU.

Floydada and Lockney students named to President's List and Dean's List at Texas Tech University

Texas Tech University students from Floyd County are moving out of the books and into prominent lists.

Students earning a 4.0 grade point average, while enrolled in 12 or more qualifying semester hours, made the President's List. Students carrying 12 or more qualifying hours, with a grade point average of 3.5 to 3.9, earned their place in the Dean's List.

Named to President's List were: Cienna Carthel, the daughter of Hulon and Anne Carthel of Floydada; J.D. Chaparro, the son of Mitch and Patty Probasco of Floydada; John Hodges, son of Dorothy Hodges of Floydada; John Hodges, son of Dorothy Hodges of Floydada; Shane Lloyd, son of

Steve and Judy Lloyd of Floydada; William Walker, son of Bill and Kathie Walker of Floydada; Tyson Whittle, son of Mark and Teresa Whittle of Floydada; and Deidra McDonald of Lockney.

Named to the Dean's List were: Jordan Chaparro, son of Mitch and Patty Probasco of Floydada; Clay Horn, son of Wendell and Jennifer Horn, former residents of Floydada; Dane Sanders, son of Mark and Dee Sanders of Floydada; Kylan Sanders, daughter of Mark and Dee Sanders of Floydada; Neisha Simpson, daughter of Scott and Trina Simpson of Floydada; Michelle Smith, daughter of Dan and Reeda Kay Smith of Lockney.

Willson named Athletic Director at Texas A&M at Kingsville

Jill Willson has been named director of athletics at Texas A&M University-Kingsville effective July 1. She has served as associate director of athletics since May 2000. Willson will continue to oversee all sports, compliance, personnel and fundraising efforts and will now handle long-range planning for the department.

"Jill has consistently performed above expectations in her role as associate director of athletics, and I am confident that she will represent the athletics department and the university very well in her new role," Dr. Kay Clayton, interim president, said.

Prior to serving as an associate director of athletics, Willson was head coach of the women's basketball team at A&M-Kingsville. She led the team to its first-ever Lone Star Conference South Division title in 2000. That same year, she was named Coach of the Year for District five of the NCAA Division II by the Women's Basketball Coaches Association. She has been at the university since 1992.

She established the university's Javelina Jamboree, an annual event aimed at raising funds to endow all 105 athletic scholarships on campus. The event began in 2001 and has brought many former Javelina athletes back to the area for a golf tournament and dance for the benefit of future student athletes.

Willson is active in the Kingsville community, serving on the board of the Boys and Girls Club of Kingsville. She currently serves as the board's president. She also is a member of the Kingsville Rotary Club, serving as secretary this year and as president-elect in the coming year. She also serves on the Board of Directors for the Whataburger Cactus Bowl.

Willson hold's a bachelor's degree from West Texas A&M and a master's degree from Wayland Baptist University.

She is the daughter of Mac and Jan Willson and the granddaughter of Jimmy Willson all of Floydada.

College News

Tambunga, Falcon & Probasco honored at South Plains

Twenty-four residents from the Plainview area have been named to the President's and Dean's Honor List for the spring 2002 semester at South Plains College.

"It is always a pleasure each semester to honor the students who have been named to the college's honor lists," said Dr. Gary McDaniel, SPC president. "These students have worked hard and persisted in their efforts to achieve academic excellence."

Students named to the President's Honor List have maintained a 4.0 or straight A grade point average. Students named to the Dean's Honor List have maintained a 3.25 GPA or higher with no failing grades. Both groups must be full-time students, carrying a minimum load of 12 semester college-level work.

Named to the President's Honor List is Susie Tambunga of Lockney.

Named to the Dean's Honor List are Fabian Falcon and Andi Probasco both from Floydada.

Holt, Bhakta, Cooper, Hodges, McCandless & Simpson graduate at TTU

Commencement for graduating Texas Tech students took place on Saturday, May 11, 2002.

Ann Holt graduated Magna Cum Laude with a Bachelor of Science degree in Multidisciplinary Studies. She is the daughter of William Holt of Floydada.

Amisha Bhakta graduated with a Bachelor of Business Administration degree in Management. She is the daughter of Natuar Bhakta of Floydada.

Pauline Cooper of Floydada graduated with a Bachelor of Science degree in Multidisciplinary Studies.

John Hodges earned a Bachelor of Science degree in Interdisciplinary Agriculture. He is the son of Dorothy Hodges of Floydada.

Tara McCandless graduated Cum Laude with a Bachelor of Science degree in Agribusiness. She is the daughter of Don and LaNell McCandless of Floydada.

Neisha Simpson earned a Bachelor of Business Administration degree in Management Information Systems. She is the daughter of Scott and Trina Simpson of Floydada.

Crabtree of Floydada graduated at SMU

Samuel Aaron Crabtree of Floydada was among 1,675 students who received their diplomas at Southern Methodist University's 87th annual commencement on Saturday, May 18, 2002.

Crabtree, received a Master of Theological Studies degree with a major in theology.

The degrees awarded include 932 bachelor's, 523 master's, 321 professional (law and theology), and 9 doctoral degrees.

MILITARY NEWS

Amaya of Lockney completes Marine deployment in Arabian Gulf

Marine Corps Cpl. David E. Amaya, son of Linda G. Ochoa of Lockney and David P. Amaya of Plainview, recently completed a six-month deployment to the Western Pacific and Arabian Gulf in support of Operation Enduring Freedom while assigned to the 13th Marine Expeditionary Unit (MEU), home based at Camp Pendleton, Calif.

Amaya was one of more than 10,000 Pacific Fleet Sailors and Marines aboard the ships of the USS John C. Stennis Carrier Battle Group and USS Bonhomme Richard Amphibious Ready Group who participated in Operation Enduring Freedom.

Marines from Amaya's unit conducted offensive raids against Taliban and Al-Qaeda forces in Afghanistan. Their participation in this operation added USS Bonhomme Richard to the distinguished list of U.S. Navy warships that have launched combat sorties.

Additionally, Amaya's unit worked 18 days to complete humanitarian and civic projects in six different coastal areas of Kenya. They replaced a decrepit footbridge, built a two-classroom building for school children, created a water source for the Gongoni Maternity Wing in the District of Malindi and performed carpentry work on a school for the deaf in Kilifi.

Amaya's unit is an expeditionary intervention force with the ability to rapidly organize for combat operations in virtually any environment. MEUs are composed of more than 2,000 personnel and are divided into an infantry battalion, aircraft squadron, support group and command element. With this combination, Amaya's unit supplies and sustains itself for either quick mission accomplishment or clearing the way for follow-on forces.

Amaya is a 1999 graduate of Lockney High School of Lockney and joined the Marine Corps in June 1999.

City of Floydada Alley Update

The alley cleanup crew has been working cleaning alleys beginning in the northwest part of the city and moving south. They have covered 900 Block through the 200 Block (Sunset Ave. to 5th St.) from W. Price St. to Missouri St.

The crew plans to move south until they reach Mae Ave., then they will move to the east side of the city and go north.

Due to the amount of trash found so far, the crew has extended their daily hours. Once the crew has cleaned an alley, they will hang a notice on the resident's door and no more trash may be put in the alley. If Code Enforcement finds junk in a cleaned-up alley, the resident may be subject to a citation payable in Municipal Court. Residents may also pick up landfill coupons at City Hall.

Floyd County Extension Service Tips on Turf series

by J.D. Ragland

Bermudagrass is the most common homeowners lawn grown in Floyd County. As you recall last week we discussed proper fertilization. This week we will focus on proper mowing and watering recommendations.

Mowing

Begin routine mowing as soon as the grass begins to turn green in the spring. Set the mowing height at 1 to 2 inches for Common bermudagrass and 1/2 to 1 1/2 inches for hybrid varieties. Remove no more than one-third of the leaf area with any one mowing. The lower the mowing height, the more frequently you will need to mow. The grass will be much better quality if you mow frequently at a lower height.

Watering

To keep your lawn healthy, water it only when the grass needs it. When you do water, wet the soil to a depth

of 6 inches. Don't water again until the grass shows symptoms of drought stress - a dull bluish color, rolled or folded leaves, and persistent footprints. This usually occurs in 5 to 10 days, depending on the weather.

Follow these steps to determine how long to water in order to apply the right amount.

1. Set out five or six open-top cans randomly around the lawn (tuna or cat food cans works best).
2. Turn on the sprinklers or irrigation system for 30 minutes.
3. Using a ruler, measure the depth of water in each individual can, and record the depths.
4. Calculate the average depth of water from all of the cans. Example: You have placed five cans in your yard. The depths of water in the cans

were 0.5 inch, 0.4 inch, 0.6 inch, 0.4 inch and 0.6 inch. Add the depths together and divide by the number of cans you used.

$0.5 + 0.4 + 0.6 + 0.4 + 0.6 = 2.5$ inches
 $2.5 \text{ inches} / 5 \text{ cans} = 0.5 \text{ inch}$ of water in 30 minutes

5. Use a garden spade or a soil probe to find out how deeply the soil was wet during the 30-minute period. The probe will push through wet soil easily, but it will be more difficult to push through dry soil.

Hope his week's "Tips On Turf" article has been helpful to you. Be sure and not miss next week's article as we will be discussing Weed Control in Lawns. If you have any questions concerning law and garden problems feel free to contact the Floyd County Extension Office at 983-4912.

LDPs available for non-contract farms

Carolyn E. Green, acting Floyd County Executive Director for the Farm Service Agency (FSA) in Floyd County announced a special provision in the new farm bill which has removed the requirement prohibiting producers from receiving a Loan Deficiency Program (LDP) payment if they are not enrolled in the Production Flexibility Contract (PFC) program.

Farmers who grew eligible commodities during the 2001 crop year on non-participating farms can now apply for LDPs at their local FSA field office. This exception also applies to farms that sold or fed crops produced on participating and non-participating farms before requesting an LDP or those who have farm-stored or warehouse stored quantities in excess of the amount originally requested.

"Literally, hundreds of farmers will benefit from these LDP changes," said Green. "Stagnant prices over the past few years have splashed a lot of red ink over farm balance sheets. Open-

ing up the LDP program is another example of how this farm bill is extending a safety net to all producers," she stated.

As a result of low prices, the contract participation requirement was lifted once before in June 2000. During the 2000-crop year. Texas county offices processed 84,629 LDP applications for approximately \$205,864,230. With the restriction in place for 2001, the offices paid just 34952 application for \$186,045,134.

LDPs provide a price-floor for farmers during times of low market prices. Payments are issued when market rates fall below government established price levels for certain commodities. Payments to eligible producers under new provisions will be made as soon as national procedures are issued.

According to Green, "a producer will be allowed to receive an LDP for commodities harvested during the 2001-crop year, even though the grower has already sold or fed the

commodity."

LDP payments will be based on the date the producer marketed, fed or used the commodity for seed. Farmers who retain control of the harvested 2001-crop will be given the rate in effect on the day the request is received at an FSA office.

Green emphasized, Farmers must submit acceptable production evidence, such as sales receipts, that indicate when the crop was sold. If the commodity was fed, documentation must indicate the amount and the days it was fed out.

The final date for submitting 2001-crop LDP applications had not yet been announced. Farmers should contact their local FSA office for more details or visit the national FSA website at www.fsa.usda.gov.

Questions remain as cotton planting period ends

By Shawn Wade

The High Plains typical mix of "haves and have-nots" are once again trying to figure out just where the 2002 crop stands as the area approaches the end of its traditional planting period June 10.

June 10 marks the Federal Crop Insurance Corp final planting date for cotton in most of the region's Southern counties. Northern counties have final cotton planting dates of May 31 or June 5.

The "have-nots" are mostly non-irrigated producers in the southern-most counties of the High Plains. It should be noted, however, that there are still some non-irrigated acres north of Lubbock in the same boat as their brethren to the south.

As a group, they are wondering if they will have a chance to tap into relatively good sub-soil moisture that could help establish a crop. So far the lack of timely "planting" rains to occur over a large part of the region during April and May continues to be a serious problem.

With weather forecasts not predicting an increased chance of rain-fall over the near term, most of West Texas' non-irrigated crop is on the verge of being denied another chance at establishing a crop and utilizing the tantalizingly close sub-soil moisture that lies underneath powdery dry seed-beds.

With no alternative but to take a chance on catching an isolated rain event adequate to germinate and sprout their seed, dryland cotton producers across the region have been busting beds and planting into dry dirt in an effort to give themselves the

chance at a 2002 cotton crop and to meet requirements of Federal Crop Insurance policies that require seed to be in the ground by the final planting date for their county.

On the other side of the spectrum are the "haves" who have been on the receiving end of recently sparked thunderstorms that rumbled across the central section of the region in the past two weeks. These "haves" in some instances may not be much better off than the "have-nots" since the storms brought a pretty fair amount of hail, wind and flooding along with them.

Damage reports have been slow in coming, however. The first storm, which came shortly on the heels of the Memorial Day weekend may not have been quite as problematic as first thought due to a quick return of warm weather and no wind immediately afterward.

Also, a pretty large part of acreage that was lost was probably replanted to take advantage of the moisture and the fact that the calendar was still somewhat favorable to cotton.

This week's storm, however, may be another story with damaged cotton less likely to get replanted due to the passage of the final planting date for crop insurance and the fact that producers probably will opt to switch to a shorter season crop like grain sorghum.

Estimates of crop damage from a variety of sources, including Texas Cooperative Extension and the Texas Boll Weevil Eradication Foundation, indicate somewhere between 100,000 and 125,000 acres of cotton were lost in the two storms.

Additional losses due to disease or

other causes are not available at this time. Also, the potential loss of a significant number of dryland cotton acres still looms large for the region.

UPDATE: CROP INSURANCE RULES FOR APPRAISALS

The bottom line for producers whose crops are emerged and growing is that the rules have not changed in regard to Federal Crop Insurance and the timing of appraisals after the crop has sustained damage.

For EMERGED crops the normal rules apply in regard to asking for and receiving an adjustment. Producers can begin receiving adjustments 7 days after crop damage occurs.

However, a good bit of confusion has been created due to a new Crop Insurance rule covering how NONEMERGED crops are treated this year. This new rule adds a 15-day waiting period after the late planting period, which runs for 15 days after the final planting date.

Producers who plant into dry soil and do not receive enough moisture to achieve a stand by the end of the late planting period have to wait an additional 15-days before adjustments can be made.

In a nutshell, a producer whose dry planted crop has not achieved a stand by the end of the late planting period (15-days after the final planting date) WILL NOT be able to receive an adjustment at that time. For 2002 they will have to wait an additional 15 days before any adjustment will be made.

Plains Cotton Growers, Inc. and the National Cotton Council are in the process of seeking the repeal of the additional waiting period.

Emergency CRP grazing approved

Floyd County was approved for emergency grazing June 17, 2002. You must make application in the Floyd County Farm Service Agency office. Fields previously grazed in emergency situations will need to have a field test visit done. 25% of each field or contiguous field must be left ungrazed for wildlife. The fee for grazing is 25% of the annual rental per acre times the acreage grazed. Grazing will continue until August 31, 2002 or until the County Committee determines grazing is not necessary for the county. Haying is not authorized. You must apply in the FSA office before cattle are turned onto CRP.

Public Notice

2001 Drinking Water Quality Report
(Consumer Confidence Report)
City of Lockney

Special Notice for the ELDERLY, INFANTS, CANCER PATIENTS, people with HIV/AIDS or other immune problems:
Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/Centers for Disease Control and Prevention (CDC) guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

Our Drinking Water Meets or Exceeds All Federal (EPA) Drinking Water Requirements

This report is a summary of the quality of the water we provide our customers. The analysis was made by using the data from the most recent U.S. Environmental Protection Agency (EPA) required tests and is presented in the attached pages. We hope this information helps you become more knowledgeable about what's in your drinking water.

En Espanol

Este reporte incluye informacion importante sobre el agua para tomar. Si tiene preguntas o discusiones sobre este reporte en espanol, favor de llamar al tel. (800) 426-4791 Par hablar con una persona bilingue en espanol.

Where do we get our drinking water? Our drinking water is obtained from Ground and Surface water sources. It comes from the following Lake/River/Reservoir/Aquifer: OGALLALA and MACKENZIE LAKE. TNRCC will be reviewing all of Texas' drinking water sources. The source water assessment process will be completed within three years. It is important to protect your drinking water by protecting your water source.

ALL drinking water may contain contaminants.

When drinking water meets federal standards there may not be any health based benefits to purchasing bottled water or point of use devices. Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline (800-426-4791).

About The Following Pages

The pages that follow list all of the federally regulated or monitored constituents which have been found in your drinking water. U.S. EPA requires water systems to test up to 97 constituents

Secondary Constituents

Many constituents (such as calcium, sodium, or iron) which are often found in drinking water, can cause taste, color, and odor problems. The taste and odor constituents are called secondary constituents and are regulated by the State of Texas, not EPA. These constituents are not causes for health concerns. Therefore, secondaries are not required to be reported in this document but they may greatly affect the appearance and taste of your water.

DEFINITIONS:

Maximum Contaminant Level (MCL)
The highest permissible level of a contaminant in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

Maximum Contaminant Level Goal (MCLG)
The level of a contaminant in drinking water below which there is no known or expected health risk. MCLGs allow for a margin of safety

Treatment Technique (TT) -
A required process intended to reduce the level of a contaminant in drinking water.

Action Level (AL)-
The concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.

- NTU - Nephelometric Turbidity Units
- MFL - million fibers per liter (a measure of asbestos)
- pCi/l - picocuries per liter (a measure of radioactivity)
- ppm - parts per million, or milligrams per liter (mg/l)
- ppb - parts per billion, or micrograms per liter (µg/l)
- ppt - parts per trillion, or nanograms per liter
- ppq - parts per quadrillion, or picograms per liter

Table with 8 columns: Year, Constituent, Highest Level at Any Sampling Point, Range of Detected Levels, MCL, MCLG, Unit of Measure, Source of Constituent. Rows include Inorganics: Arsenic, Barium, Fluoride, Nitrate, Selenium, Sodium, Gross alpha adjusted, Gross beta emitters.

NA = MCL not applicable - not regulated. Special Monitoring Requirement.

Table with 8 columns: Year, Constituent, Highest Average of Any Sampling Point, Range of Detected Levels, MCL, MCLG, Unit of Measure, Source of Constituent. Rows include Organics: Di(ethylhexyl)pht-halare, Atrazine.

Disinfection By-Products NOT TESTED FOR OR NOT DETECTED

Table with 6 columns: Year, Constituent, Average of All Sampling Points, Range of Detected Levels, Unit of Measure, Reason for Monitoring. Rows include Unregulated Contaminants.

Table with 6 columns: Year, Constituent, Average of All Sampling Points, Range of Detected Levels, Unit of Measure, Reason for Monitoring. Rows include Unregulated Contaminants: Chloroform, Bromoform, Bromodichloromethane, Chlorodibromomethane.

Table with 7 columns: Year, Constituent, Highest Single Measurement, Lowest Monthly % of Samples Meeting Limits, Turbidity Limits, Unit of Measure, Source of Constituent. Row includes Turbidity data for 2001.

* TURBIDITY DATA NOT FURNISHED TO TNRCC. WATER SYSTEM MUST COMPLETE THIS SECTION.

Table with 7 columns: Year, Constituent, The 90th Percentile, Number of Sites Exceeding Action Level, Action Level, Unit of Measure, Source of Constituent. Rows include Lead and Copper data for 1999.

Total Coliform NOT DETECTED

Fecal Coliform NOT DETECTED

Required Additional Health Information for Arsenic

The maximum contaminant level (MCL) for arsenic will be decreasing from 0.05 mg/l (CCR - 50 ppb) to 0.01 mg/l (CCR - 10 ppb) effective January 23, 2006. EPA and States are still discussing the level. Until these issues are worked out, TNRCC is providing the following health effects language according to new Consumer Confidence Report (CCR) reporting Because the highest reported arsenic level on this report is between 5 ppb and 10 ppb, this information is required by EPA:

"While your drinking water meets EPA's standard for arsenic, it does contain low levels of arsenic. EPA's standard balances the current understanding of arsenic's possible health effects against the costs of removing arsenic from drinking water. EPA continues to research the health effects of low levels of arsenic, which is a mineral known to cause cancer in humans at high concentrations and is linked to other health effects such as skin damage and circulatory problems."

Obituaries

MINNIE GLENN BARTON

Graveside services for Minnie (Bartee) Barton, 100, formerly of Floydada, were held at 2 p.m. Wednesday, June 19, 2002 at the Floydada Cemetery. Her nephew Robert (Butch) Bullock of Wolfforth officiated. Arrangements were by Schooler Funeral Home in Amarillo.

Mrs. Barton died June 16, 2002.

Mrs. Barton was born on Indian territory in Ardmore, Oklahoma to Docia and Robert M. Bullock. She married Marion Andrew Barton on December 23, 1923 in Memphis. She was a homemaker.

She was preceded in death by a son Marion Andrew Barton Jr. in 1929, and her husband Marion Barton in 1986.

Survivors include a daughter Trixie Hampton of Amarillo; two granddaughters Patti Bradstreet and husband Cliff of Wheeler, Debbie Hampton and husband Jeff of Amarillo; six great-grandchildren. Clifton Bradstreet and wife Dusti of Canyon, Angela Bradstreet of Amarillo, Shawn Bradstreet and wife Tera of Ada, Oklahoma, Kalli Flowers of Canyon, Jason Hampton and wife Brandy of Amarillo, Dustin Hampton and Lacey of Franklin; seven great-grandchildren, Clinton and Codi Bradstreet, Matraca Bradstreet, Chase, Bodee, and Britt Bradstreet, and Drew Flowers; several loving and caring nieces and nephews.

The family suggests memorials to BSA Hospice c/o "Olivia's Angels" P.O. Box 950 Amarillo, TX 79176.

ELVERN ELLIS

Services for Elvern Ellis, 69, of Floydada will be at 10 a.m. Friday, June 21, 2002 at First Baptist Church with Reverend Anthony Sisemore, pastor, officiating. Burial will be in Floydada Cemetery under the direction of Moore-Rose-White Funeral Home of Floydada.

Mrs. Ellis died Tuesday, June 18, 2002 at Covenant Medical Center in Lubbock.

She was born on February 23, 1933 in Illinois Bend, Texas to the late L.A. and Myrtle Branch Thompson. She attended schools in Illinois Bend and Tulsa and moved to Floydada in 1944. She married Robert Ellis on June 26, 1950 in Hale County. Kids were her life. She was a homemaker and a babysitter.

She was preceded in death by a daughter, Patricia Aleen Ellis in 1950; three brothers, Lealand Thompson, Jay Thompson and Jerry Thompson and one sister, Barbara Spurlock.

Survivors include: her husband, Robert Ellis of Floydada; one son, Edwin Ellis of Lubbock; one daughter, Janis McMurrin of Floydada; one brother Gary Thompson of Childress; three sisters, Dean Jones of Lovington, New Mexico and Arlene Shupling and Mozell Myers both of Floydada; four grandchildren, Quetha Graves, Dewayne Reeve, Dale Ellis and Amanda Ellis and six great-grandchildren.

The family will receive friends at the funeral home from 6:00 to 7:00 p.m. Thursday, June 20, 2002.

The family suggests memorials to Floydada EMS 109 N. Main St., Floydada, TX 79235 or to the First Baptist Church PO Box 610, Floydada, TX 79235.

I just want to express my thanks and gratitude to all my wonderful family and friends for the many phone calls, hospital visits, home visits, cards and food to help me and family through my recovery. Your time invested in any one of these generous acts is worth more thanks than I can every express or even repay.

*May God Bless You All,
Mary Ann Potts*

The family of Glen Cooper would like to thank everyone for their kindness that was shown to us during the time of our loss.

Thank you for your prayers, visits, food, cards, phone calls, flowers and memorials in honor of Glen.

A special thanks to Rev. Gene Hawkins and Rev. Phillip Golden for the special service and to the ladies that provided the beautiful music.

We would also like to express a special thank you to Nathan Castele and Moore-Rose-White Funeral Home.

Our family also wants to extend our appreciation to the Floydada Rehab Care Center, especially the TLC Unit, for all the loving care you provided for Glen.

*God Bless You,
Violet Cooper
Ted Cooper Family
Tim Cooper Family
Glenda Jones Family*

This Week's Announcements

OLE COUNTRY MARKET

The Ole Country Market will be held July 13, 2002. The Floydada Chamber of Commerce will be sponsoring an arts and crafts fair and fun day for everyone. There will be an all day bingo, cake walks, games and plenty of events for everyone. So come to the square. For booth or any other information, call the chamber at 983-3434.

FHS CLASS OF 1992

The FHS Class of 1992 will be having a class reunion on Saturday, June 29th at the Floydada Country Club. Please contact Robin Hambright at 983-2650 for more information.

FLOYDADA CITY WIDE GARAGE SALE

The Floydada Wide Garage Sale will be held July 13, 2002. If you are interested in having a garage sale and want to be listed, call the Floydada Chamber of Commerce at 983-3434.

PUBLIC NOTICE

FLOYDADA:

Attention Cox Communications Customers!

Effective July 1, 2002 several changes will be occurring to your Cox Cable service. Depending upon your particular services, these changes may or may not affect your account.

Effective July 1, 2002, the following channels will be deleted from the analog channel lineup:
Channel 21 - Showtime
Channel 22 - HBO
Channel 23 - Cinemax

We are excited to announce that the following channels will be added to the analog channel lineup:
Channel 21 - Arts & Entertainment Network
Channel 22- Fox News
Channel 23 - Animal Planet

We are excited to announce that the following channels will be added to the digital channel lineup:
Channel 260 - A&E History
Channel 261 - A&E Biography
Channel 262 - A&E History International

Our goal at Cox Communications is to always provide the best possible programming at the best price. We are constantly committed to providing our customers with as much choice and variety in programming as possible.

If you have any questions regarding these changes or any other cable related issues, please feel free to call us at 983-2911.
