Britian Halts Mission Flying To Iran Parley

OUT—BRITIH HALT 2col 48 . . . .

LONDON, Aug. 2. (AP)—The British government today ordered a special plane to stand by to carry a cabinet mission to Iran for oil talks — and then postponed the flight.

A spokesman for Richard R. Stokes, Lord Privy Seal and head of the mission, refused to say whether there had been a hitch in the projected negotiations.

"Mr. Stokes is not leaving today. Arrangements for his departure will be announced when they are known," the spokesman said.

Tehran dispatches said bitter Iranian resentment at the arrival of four British destroyers at Abadan this week threatened to break down an agreement for renewal of the talks at the 11th hour.

President Truman's special envoy in the oil crisis, W. Averell Harriman, was reported concerned over the possible adverse effect of Britain's display of force. British planes also were reported to have flown over Iranian territory in the refinery area, and Harriman was informed that the Iranian government was protesting both to Britain and Iraq.

Tehran dispatches said discord flared today in the Iranian majlis, lower house of the Iranian parliament as Harriman waited for word from Stokes on as to when Stokes would arrive.

Wildcat Set In Southeast Garza County

Kenneth Murchison has spotted a wildcat three miles northeast of the Dorward - San Andres pool in Southeast Garza County.

It will be drilled as the No. 1 John Sealy Hospital 2310 feet from the north and west lines of section 105-5-GH&H survey. It is to drill to 3300 feet.

DAWSON PROJECT

Three miles southwest of the nearest production in the Welch field of Northwest Dawson County R. B. Moncrief and W. A. Moncrief of Fort Worth are to drill a 6500 - foot San Andres wildcat as the No. 1-91 Scanlon estate.

Location has been made 660 feet from north and east lines of the southeast quarter of section 91-M-EL&RR. That puts it one and three - quarters miles east of the Gaines County line and 18 miles southeast of Seagraves.

Production in the Welch pool is from the San Andres at about 5000 feet.

BORDEN OFFSET

Standard Oil of Texas is to start operations immediately at a south offset to Lario Oil & Gas Co. No. 1 T. L. Griffin recently completed from the Pennsylvanian lime reef.

The Standard exploration will be the No. 2-6 T. L. Griffin 660 feet from north and west lines of section 39-25-H&TC. It is to drill to 9000 feet with rotary tools.

The new location is one and three - quarters miles west and three - quarters of a mile south of the nearest reef producer in the Reinecke field.

WILDCAT FAILURE

W. A. Moncrief No. 1 Genevieve Woods wildcat three miles northwest of Roby in Central Fisher County has been abandoned on total depth of 6712 feet. It was located in section 29-2-H&TC.

SCURRY COMPLETION

Warren Oil Corp. and Tide Water Associated Oil Co. No 1 Caudle, Kelley - Snyder edge well has been completed for 229 barrels of 40.1 gravity oil on a 24 - hour flowing test.

Gas - oil ratio on the test was 643-1. The flow was through a one inch choke with casing pressure 690 pounds and tubing pressure 25-35 pounds. The well had been acidized with 2500 gallons. No water was present.

Pay was topped at 7703 feet with casing set at 7705 feet. Total depth is 7741 feet. The well is in section 158-3-H&TC.

County Road Bids Studied

The bid of W. O. Pelphrey, Fort Worth, of $495,645.86 for the construction of 26½ miles of farm-to-market road in precinct No. 1, was the lowest of the four bids submitted to the county commissioners court yesterday, but awarding of the contract has been delayed until Monday, Judge Edgar Taylor said this morning.

The Pelphrey bid calls for construction of the road at $18,703 per mile, which is much higher than anticipated by the commissioners, who had placed an estimate of $15,560 per mile on the job.

The court called in the low bidder for a conference yesterday afternoon in an effort to work out plans for a cut in the proposed cost.

Other bidders on the road project, the first of a 157-mile county project, included Holland Page of Austin, $502,280.77; Bryan Hoffman of Plainview, $506,431.31; and Killiam - Keller of San Antonio, $556,992.84.

The engineering contract with the county on nearly one - half of the road project is held by Hasle & Green, who were in attendance at the bid opening and explained much of the details in connection with the bids.

It was pointed out by the engineering firm that the work must be completed within seven months after the contract is awarded.

Anti-Dictator Union Strikes In Argentina

1 BUENOS AIRES, Argentina, Aug. 2. (AP)—The anti-Peron Brotherhood of Engineers and Firemen remained on strike on two main lines for the second day today but emergency crews of inspectors and roundhouse workers kept all Argentine railroads operating.

Commuting trains were running on nearly normal schedules on all four main lines damaged Wednesday by a dozen explosions which tore up sections of track.

Mounted police, sent to provincial railway stations to keep order, were withdrawn.

The government charged the explosions which ripped tracks and damaged railroad shops early Wednesday were set off by criminals inspired by "forces alien to the country."

Private reports reaching here said the strike had paralyzed the two big rail centers of Junin to the west and Ingeniero White to the south.

It apparently did not spread to Buenos Aires and Rosario, largest cities in Argentina.

The lines were blown up following the strike call by the engineers and firemen who man the state-owned railways.

Senator Denies Losing $5,500 in Crap Game

COLUMBUS, O., Aug. 2. (AP)—Sen. Joseph McCarthy (R-Wis) Wednesday night denied testimony at a bankruptcy hearing here that he dropped $5,500 to a Columbus man in a crap game two years ago, and failed to pay up.

"I don't recall when I ever played crap, and I wouldn't have had that much money anyway," McCarthy said, when reached by telephone at his Washington residence.

Bob Byers, Sr., and Ohio real estate operator and builder, testified Wednesday at his $500,000 bankruptcy hearing that the Wisconsin Senator lost $5,500 to his son, Bob Byers, Jr., at a game during a party in a Columbus hotel.

"He (McCarthy) never paid it," the elder Byers testified "I think my son is still waiting for his money."

DROP IN JULY POSTAL RECEIPTS

Receipts at the Snyder post office for July this year showed a slight drop over the same month a year ago according to H. D. Moreland postmaster today.

Last month the total receipts were $8881.43 compared to $9272.80 in July of 1950 or a decrease of $391.37.

Diplomats Are Named By Ex-Communist Spy

WASHINGTON Aug. 2. (AP)—Hede Massing testified today she worked here in 1934 as a Soviet espionage agent and recruited Noel Field, then a State Department official into her "apparatus."

She also said she and Alger Hiss another former State Department official since convicted of perjury competed for Field's services.

Field has disappeared behind the Iron Curtain. Mrs. Massing said that at the time she recruited him she believed he was employed in the State Department's Western European division.

Mrs. Massing the ex-wife of Communist bail-jumper Gerhardt Eisler appeared before the Senate's Internal Security Subcommittee looking into any subversive influences on United States foreign policies.

RECRUITED DUGGAN

Mrs. Massing said she also recruited the late Lawrence Duggan for her apparatus.

Duggan plunged to his death from a New York hotel several years ago. She said at the time she knew him he was with the State Department's Latin American division.

The Vienna-born witness testified she became a Communist in 1918 the year after she married Eisler and remained one until 1938. She said she came to this country as an agent for the party in 1933.

She said that after training abroad she was assigned to the United States. First she acted briefly as a courier she said and then was sent to the nation's capital as a "recruiter."

FIELD FIRST CASE

Her first "case" here she testified was Field. Mrs. Massing said she was introduced to him by Margaret Young whom she identified as then a Washington correspondent for the New York Daily Worker a Communist newspaper.

She said Field showed "great reluctance in betraying his country as he called it" but that he finally "consented to do so."

Mrs. Massing was a witness in the second trial of Hiss convicted of perjury for denying that he gave department documents to a Soviet spy courier.

Eisler skipped $25,000 bail in May 1949 and fled the country aboard the Polish liner Batory. He later turned up as a propaganda chief of the Soviet-controlled East German government.

Youth Center Meeting

The board of directors of the Youth Center will meet at 7:30 tonight at the Youth Center building, the Rev. Ronald R. Hubbard, chairman of the board, announced today. Routine business matters are to be discussed.

Man Found Innocent Of Steer Stealing Charge

MARFA, Tex., Aug. 2. (AP)—A district court jury Wednesday found Anja Wilson, Sr., innocent of a charge of stealing a steer from W. H. Kokernot late in 1950.

Truman Says Ike's Job Can End in 1952

WASHINGTON Aug. 2. (AP)—President Truman said today he doesn't think Gen. Eisenhower's army job in Europe will interfere with anything in 1952 if the general is interested in politics.

But he told a news conference that in any event he is sure the general will put duty to his country first.

Two Senators recently returned from Europe indicated Eisenhower's duties as Supreme Commander of Western Europe defense forces would keep him out of the field of possible presidential candidates next year.

Asked today how long he thought it would be necessary for the general to remain in Europe the President said the reporter's guess was as good as his own.

POLITICAL FENCING

Mr. Truman went on to say that if the newsman was referring to 1952 (a Presidential election year) he did not believe those duties would interfere with anything that might happen in 1952 if Eisenhower happened to be in that frame of mind.

The news conference was devoted largely to political fencing. Mr. Truman refused to be drawn out on implications that Eisenhower might return from his North Atlantic military command to run for the Presidency. Eisenhower has refused to discuss politics with overseas newsmen.

On other questions Mr. Truman said:

1. He will fly to San Francisco Sept. 4 to open the Japanese peace treaty conference. He said the trip would preclude any "whistle stop" campaigning at this particular time.

MUM ON MUNDT

2. He would not comment on a proposal by Sen. Mundt (R-SD) proposing an alliance of Southern Democrats and Northern Republicans. The President said that was up to Mundt and the Dixiecrats as he called them.

3. He is continuing his investigation of charges that William Boyle Democratic National chairman was paid a fee in connection with an RFC loan to a Missouri corporation.

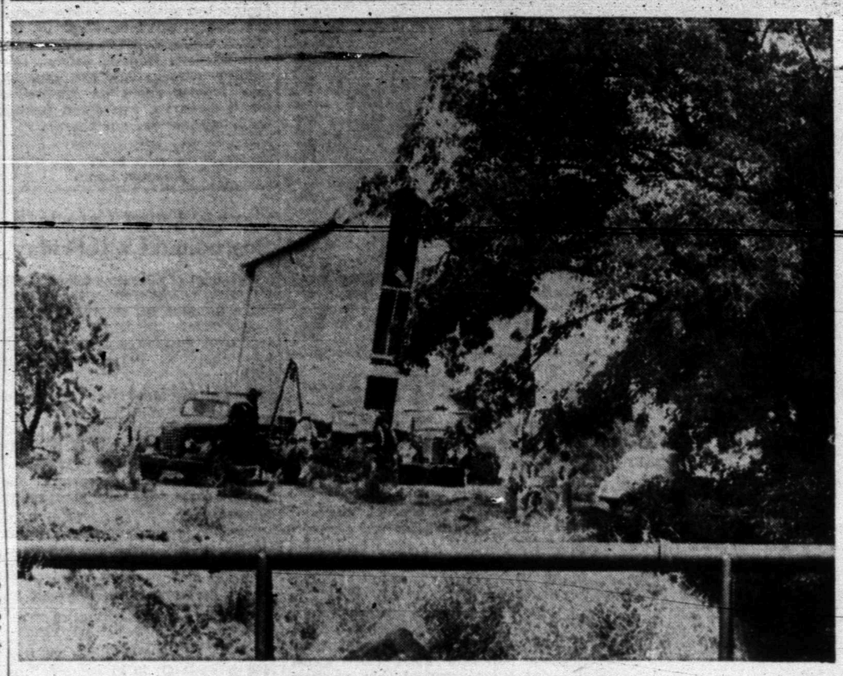
4. He is very sorry that Senator Connally (D-Tex) took the position he did earlier this week sharply critiicizing overseas foreign aid programs.

FAVORS DEMOCRATS

5. He always has to be in favor of the Democrats in a choice between them and Republicans. This was in connection with request for comment on the Republican nomination of Dr. Daniel A. Poling for mayor of Philadelphia. Mr. Truman referred to him affectionately as a good Baptist preacher.

Asked whether he felt the new controls law would require the relaxation of wage controls Mr. Truman said his statement on signing the bill speaks for itself. In that statement he hinted at wage concessions saying the working people could not be expected to foot the bill for profits he foresaw from the new legislation.

Evidence Reds May Give In On Buffer Line Seen



BUILDING MOVES DOWN CREEK

One of two large buildings of the Von Roeder Seed Farms is shown being moved along the west bank of Deep Creek en route to the new location of the Paymaster Gin, west of town. Employees of V. W. Johnson, house moving contractor, moved the buildings along the creek to Thirty-seventh Street yesterday. They will now be moved westward about two miles, then north to the new site near the Lamesa Highway. This route was chosen to avoid removal of electrical power lines. A bull dozer from Gentry & Lyles Dirt Contractors filled in the creek bed for crossing, then removed the filling.—(Staff photograph).

Advances Of Allies Makes Impression

U. N. ADVANCE HEADQUARTERS Korea, Friday, Aug. 3. (AP)—Beneath the surface deadlock on where to draw a cease-fire line in Korea, a high United Nations source today saw a hint that the Reds might be preparing the way for conceding the Allied demand.

The Allies want the fighting to stop on the present line, generally north of the 38th Parallel. The Reds have been holding out for a buffer zone centered on the Parallel.

Possibly nudging the Communists towards a more conciliatory attitude the United States Eighth Army reported its attacking troops gained more than two miles on the Central Korean front Thursday against only small groups of enemy.

The Peiping radio Thursday night quoted Lt. Gen. Nam-il, North Korean chief of the Red armistice delegation at Kaesong, as saying he "repudiated the buffer zone" proposed by the Allies "deep across the 38th Parallel.

The North Korean radio at Pyongyang declared the Allies were demanding a "stop-shooting line" approximately halfway between the 38th and 39th Parallels.

This, said a high U. N. source, is "a lot of malarky." The Allies have made no such northern-reaching demand. The line they want is where their troops now are, 10 miles or more south of what the Reds say is being demanded.

"It appeared they (the Reds) are building up the folks at home for a letdown" the U. N. source commented. "If they accept the buffer zone below where they say we are asking for it then it will look like a Communist 'victory'."

As the negotiations now stand Vice-Adm. C. Turner Joy, chief Allied negotiator, told the Reds at the most recent meeting that the Allies must hold a defensible line because of the possibility of "an armistice violation by the other side."

That was at Thursday's seventh deadlocked meeting of the two parties.

They will try again at a meeting — Tonight. (7 p.m. CST).

Brig. Gen. William P. Nuckols U.N. spokesman quoted Admiral Joy as telling Red negotiators at Kaesong:

"The United Nations command has no intention of violating the military armistice agreed upon but neither will the U.N. command place itself in an indefensive position in the event of an armistice violation by the other side."

Nuckols said Joy read this prepared statement in response to "a final question" by General Nam.

Nuckols did not disclose the nature of this final question. But it was presumed here that the North Korean had asked something like the following question:

If you sincerely desire peace and intend to observe the armistice why are you talking about defensible positions?

Nuckols said the question had been anticipated and the answer prepared in advance.

After making his statement Joy asked:

"Do you or do you not agree that the security of his forces is a responsibility of each commander during a military armistice?"

Nam Il evaded a direct answer. Joy repeated his question a second and then a third time. Each time General Nam avoided a direct answer.

Council Will Meet to Discuss Ordinance Against Watering

A special meeting of the city council has been called for tonight by Mayor Forest G. Sears to consider passage of strict anti-watering ordinances.

"I have tried everything I know to keep from asking for any anti-watering ordinances, but we just don't get the voluntary cooperation necessary to make our watering plans work," Mayor Sears said.

"I hate to ask for strict and enforcable ordinances, but it has become necessary," he added.

The mayor said he did not know what the council's reaction to his proposals tonight would be, but he added that he felt that the council would not hesitate to pass the ordinances.

"Our various voluntary watering plans would have worked so that lawns and flowers could be kept alive if there had not been so much violation of the voluntary bans," he said.

"We have asked people to cooperate with us, and feel that a big majority have cooperated, but there have been enough violators to wreck the plans completely," he added.

Meanwhile, the city is doing everything possible to supplement the water supply, he added.

"It has been proven here that the honor system' just does not leave enough water in the storage and mains to supply the city necessities," Sears said.

A test pump is now being set on the new city well located between Thirteenth and Fourteenth Street on Avenue K. Results of the test can probably be known by tomorrow, if the well is a good producer it can be turned into the city mains by Aug. 10, W. J. Ramsey, city superintendent, said.

Another test well to determine ground formations is nearing completion. The test will indicate whether drilling a well at that location might prove profitable, Ramsey said.

In concluding his statement this morning, the Mayor said, "by checking water meters and by scouting the town we know who the voluntary watering ban violators are and if any ordinances are passed it will be easy for us to enforce them."

Order Rearrest Of Red Aliens

WASHINGTON, Aug. 2. (AP)—The government today ordered the rearrest of 39 aliens who are fighting deportation and are now free on bonds furnished by the Civil Rights Congress.

In a statement Attorney General Justice Department no longer regards bonds offered by the congress as acceptable.

He said he had directed that the Immigration Service call for the delivery into custody of the 39 prospective deporterees for whom the Congress has furnished bonds amounting to $111,000.

The attorney general said the aliens may be released again if they can supply acceptable bonds to replace those originally posted by the Civil Rights Congress.

The deportation proceedings against all of the aliens in question were brought on charges relating to alleged subversive activity or membership in the Communist Party.

Weather Over Texas Turns Relatively Cool, Scattered Showers Fall

By The Associated Press

The weather bureau reported today that it seems to be getting cooler in Texas.

The hottest spot in Texas Wednesday was Corsicana with a mere 102 degrees.

Presidio Cotulla Fort Worth and Mineral Wells all had temperatures of 101.

The coolest place in Texas overnight was Marfa with temperature of 63.

The weather bureau also reported scattered showers over the state Wednesday.

Brownsville reported 1.51 inches of rain; College Station had .33 inches; Beaumont had .11 inches; and Lubbock had .16 of an inch.

Short Rest For Cotton Picking Air Announcer

HARLINGEN, Aug. 2. (AP) — Rain —an "act of God" in the case of Ed (Boll Weevil) Keane — gave the cotton pickin' disc jockey some extra time to rest his aching back and blistered hands.

Keane, who bragged he could pick a bale in a week, doesn't have to start picking until noon today in an effort to win the $2,000 in prizes skeptics have donated.

He has a total in three days of 635 pounds, some 815 shy of the 1,450-pound bale about which he bragged.

Rain forced him out of the field and a three-man board of judges Wednesday ruled it was an "act of God" and gave him until noon today to start picking again.

Sinatra And Ava in Mexico

MEXICO CITY, Aug. 2. (AP) — Actress Ava Gardner came here Wednesday night with singer Frank Sinatra, who followed her to Spain last year, still close behind her.

The crooner curtly declined to say whether he would seek a quick Mexican divorce to marry the Hollywood beauty.

Frankie's wife of 12 years agreed last May to give him an uncontested divorce. Asked about Hollywood rumors he would get the divorce here — it takes a week in Cuernavaca if all goes well — Frankie snapped:

"I don't know what you're talking about and I don't know what they're talking about."

Miss Gardner said she was here for a vacation. En route to Mexico City, in El Paso, she had been asked whether the trip had any romantic aspects.

"Now, please. . ." she answered.

The couple declined to talk about their plans but Sinatra said he would remain in Mexico City. They were met by a representative of an Acapulco hotel, however.

The hotel representative sped Miss Gardner through customs and immigration and left with her by car. Frankie stayed behind for the inspection.

Rancher Is Killed

COLUMBUS, Aug. 2. (AP)—Last rites will be held here Saturday for Arthur W. Willrodt, 53, prominent Colorado County rancher killed in a traffic accident Tuesday.

Yesterday's High Is Lower Than Recent Days

The temperature on Aug. 1 didn't equal some of the high marks set during June and July in Snyder. It was just 99 degrees here yesterday. A low of 65 degrees was recorded before dawn today, with 74 degrees at 7:30 this morning.

Snyder Landlady Who Likes Children Receives Radio Prize

Mrs. H. B. Yarbrough, route No. 2, was today named winner of the Golden Rule award on the "Tell Your Neighbor" show, broadcast by the Mutual Broadcasting System—and no one could have been more surprised than she!

The award is to some person nominated by a neighbor through a letter to the program. The winner is chosen on the strength of services rendered neighbors and the community as a whole. Mrs. Yarbrough was nominated by a former tenant, Mrs. Marion Bivens, who now lives in Springdale, Ark.

Mr. and Mrs. Yarbrough and their seven - year - old son, Lyndon Wayne, live just a short distance from town on the Colorado City highway. They moved here from Robert Lee six years ago and moved out on the Coloardo City road after living in town for a short time. Yarbrough is a water well contractor.

Mrs. Bivens met the Yarbroughs during the early days of the boom here. Her husband, an oil field construction worker, was one of the many attracted here by the opening of the new fields. They had a 15-year-old son at home and another in the Army. Finding a place to live was well - nigh impossible, and the presence of their son made it doubly hard where there was a rigid rule of "no children."

Mr. and Mrs. Yarbrough, however, were different. They welcomed families with children in their rent houses, in a hastily improvised trailer court near their own house and even rented rooms in the house where there was no other place for families to live.

"The rental rate was more than reasonable," Mrs. Bivens said in her nomination letter, "and no one was ever turned away because of children or pets." Mrs. Bivens added that Mrs. Yarbrough helped her tenants in many other ways —doing their laundry when there was illness, helping needy families buy food and lending her car when it was needed.

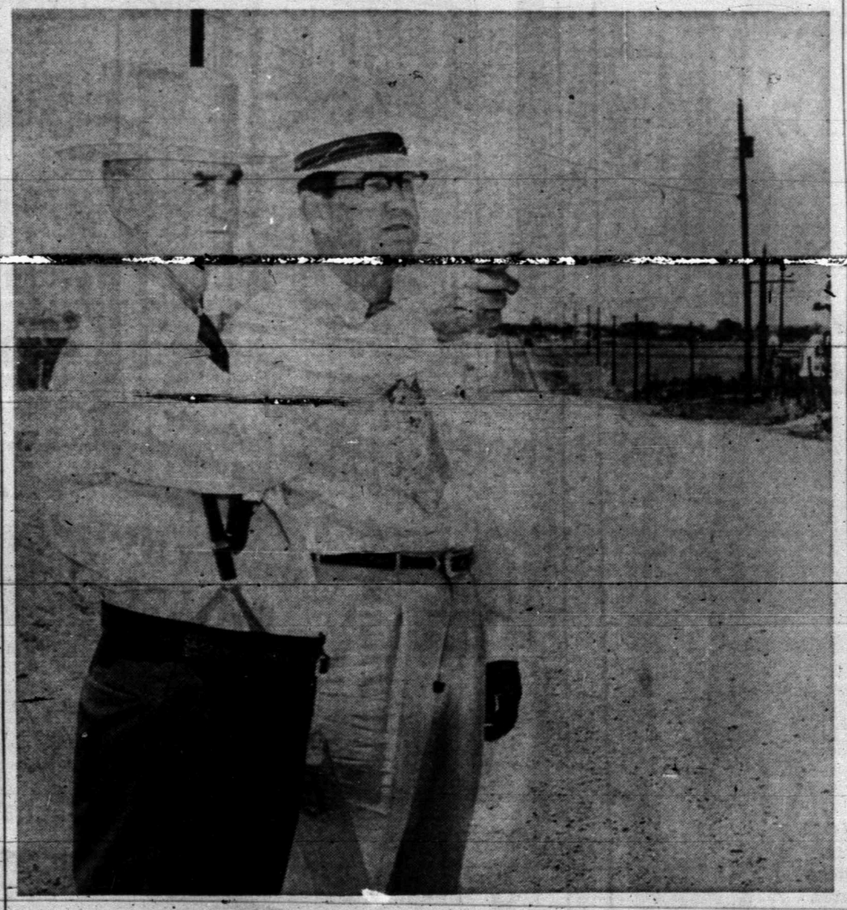
Mrs. Yarbrough herself is a pleasant woman who sees no reason for not doing thing for the tenants. "They have all been so nice," she said.

Mr. and Mrs. Yarbrough have two older daughters and an older son. Their youngest daughter, Mrs. Hays Prince, was salutatorian of the senior class at Snyder high school this spring. The other daughter, Mr. Carlon Fields, and the son, Maurice Yarbrough, live in Robert Lee.

WEATHER

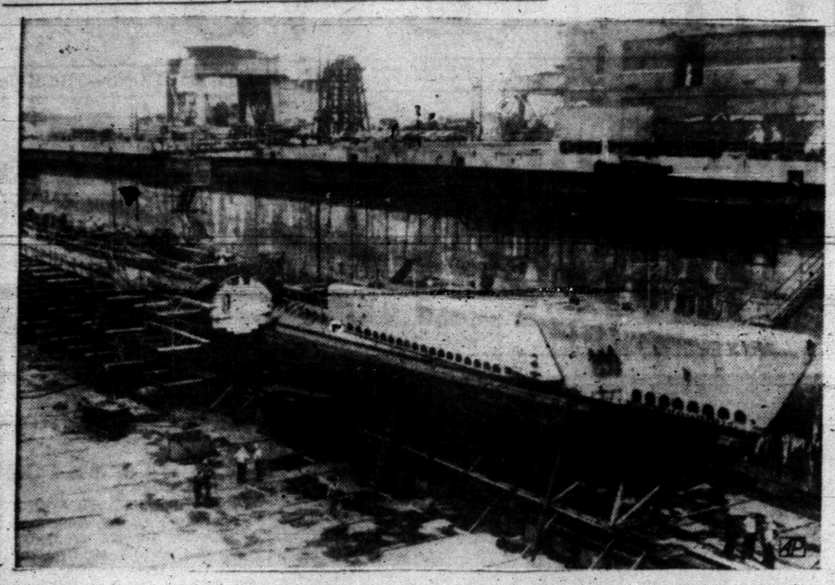
WEST TEXAS: Partly cloudy tonight and Friday. Widely scattered thundershowers. Not much change in temperature.

EAST TEXAS: Partly cloudy tonight and Friday. Widely scattered daytime thundershowers. Not much change in temperature.



DONOR OF HOSPITAL SITE

D. M. Cogdell, donor of the site for the county hospital, points out the location to Edgar Taylor, county judge. The project, to be named Cogdell Memorial Hospital, will be built 1.7 miles south of the square, on the east side of the Big Spring highway. Looking north, the highway can be seen between the site and the city. The projection tower of the Canyon Theatre can be seen between their shoulders.—(Staff photograph).



SUBMARINE GETS STRETCHING

The 1800-ton submarine, USS Redfin, is cut in two at the Navy Yard in Philadelphia preparatory to inserting a new section at midship. The operation, Navy officials said, will permit "installation of vital equipment" but would not identify the type of equipment. Six of the Redfin class will be enlarged from 312 feet to approximately 340 feet but the operation will not make them the longest subs in the U. S. Navy.

Old Law And New Law Add Up Generally Increased Prices

By JAMES MARLOW

WASHINGTON, Aug. 2. (AP)—Just an hour or so before President Truman signed the new price control law this week, the Office of Price Stabilization (OPS) issued an order which may have puzzled some people.

There was nothing really new about that order. OPS was putting into effect an old order which it had issued some time ago and then had to suspend.

What follows is a general explanation of what happened.

Last Jan. 26 OPS froze all prices, including manufacturers'. This freeze couldn't continue indefinitely without injustice to some manufacturers whose costs continued to climb and who therefore needed a higher price.

At the same time some manufacturers inflated prices by the time the freeze hit them in January.

DOUBLE JOB

So OPS faced the double job of rolling back prices that were unnecessarily high and allowing higher prices when they could be justified. In May OPS issued an order to manufacturers, or most of them, telling them this:

Fill out our Form No. 8 showing your price before the Korean War, what it is now, and what increased costs you've had but only in these two fields: labor and materials.

Some manufacturers filed their form and got their increase before July 2 — and some had their prices rolled back — but some hadn't filed the form or raised a price before that July 2 deadline.

Before it arrived there was a scramble about passing a new price control law. Until it could make up its mind, Congress told OPS not to roll back any prices.

So OPS suspended the whole business about filing Form No. 8 by July, which means it suspended both actions on rollbacks and price increases for the manufacturers.

HIGHER PRICES

Congress finally agreed on a new law and Mr. Truman signed it. Shortly before he did, OPS told manufacturers to file Form No. 8 by Aug. 13 and if they think they're entitled to a higher price, they must wait 15 days, after filing Form No. 8, before boosting the price. That's to give OPS time to check.

If Jones, the widget-maker, files his form on Aug. 13 he must wait until Aug. 28 before raising his price.

The new law not only lets manufacturers charge a higher price because of increased costs in labor and materials but will let them include the cost of other things, like sales promotion and advertising.

While OPS has worked out a formula for allowing price increases under the old law, on Form No. 8 it still hasn't worked out a formula for allowing increases under the new law. That will take time.

LETTERS TO EDITOR

To The Daily News:

Mr. Harte of the Daily News describes the old police force as "Laughable" and we wonder how he, a newcomer, can be qualified to make such a statement about conscientious servants of the people.

At this time of which we speak, there were eight men on the force and one car. They bought their own uniforms and many times used their personal cars at their own expense to make necessary calls.

They asked for better equipment they needed, but no; the city was always broke when the police department asked for help. Regardless of their handicap of few men, one car and no radios, they did a good job at holding Snyder's rough element down.

Wages then were $225 to $250 compared to $250 and $10 per month for clothes to $325 for the chief.

When Chester Bairrington was appointed chief of police, the city opened its purse. In 15 months, they have bought five new cars, 2-way radios, larger office space was provided and a new jail built.

The "laughable" police force did a good job and if they had been given the equipment Bairrington had, they could have really been efficient.

The roughest part of the oil boom was over when Bairrington took office and the "Laughable" police had handled the job. You read many times about Snyder being a quiet, respectable, modern boom town. It was the old police force that gave it this reputation and NOT the Bairrington regime.

We believe that Chester Barrington on occasions did not conduct himself as befitted an officer. Clyde Thomas reported an incident to Mayor Sears, who sent him to Ernest Taylor, police commissioner. Mr. Taylor refused to coöperate but told Mr. Thomas to go to the police captain and tell him to take care of the chief.

A man who will cover up faults and deny facts is not the right person for Mayor of a prosperous, growing town like Snyder.

Snyder needs a police force to uphold the law, not break it; to protect the people, not abuse them; one which is interested in the town's welfare, not their own selfish interest. Honest, decent, law abiding citizens are the type of men Snyder needs on the police force. Then we can stand behind them with pride, not shame.

Signed:
Simon Best,
Leamon Land.

County Court Case Is Postponed Until Friday

The trial of Clarence Clopton, 51, Hermleigh, charged with driving while intoxicated, slated to go before a county court jury this morning, was postponed until Aug. 15 by Robert R. Patterson, special judge.

The postponement was made on a motion entered by C. E. McGaw, attorney for Clopton, who told the court that two of his witnesses could not be present.

Clopton was tried recently in county court, but the jury could not agree.

Today's jury panel was excused until 9 o'clock tomorrow morning.

Man Injured in Wreck Yesterday on U. S. 180

James M. Mamaulides, 24, of 2300 Avenue Q, is in Snyder Hospital for treatment of head injuries and body laceration.

Mamaulides was in an accident about 5 o'clock yesterday afternoon, when his pickup turned over about 19 miles out on the Lamesa highway. He was brought to the hospital here in a Bolger - Barnes ambulance.

Hospital attendants said his condition was not serious.

Mrs. R. W. Bell Dies In Abilene Hospital

Funeral services for Mrs. R. W. Bell, 25, of Snyder, were to be held at 4 o'clock this afternoon at Shannon Funeral Chapel in Fort Worth.

Mrs. Bell died Tuesday in an Abilene hospital where she had been a patient since Monday. Abilene hospital where she had Bell was a former resident of Fort Worth.

Survivors include her husband. The couple had lived in Snyder for about six months.

Soil Chemistry In Deaf Smith To Be Studied

HEREFORD, Aug. 2. (AP)—Why do broken bones knit quicker in Deaf Smith County?

The Deaf Smith County Research Foundation has been created to try and find an answer.

The Chamber of Commerce organized the foundation Tuesday night. Some $4,000 will be spent on a spectographic analysis of county soils, food products and body chemistry.

Dr. L. B. Barnett discovered that bones broken mend rapidly here. His X-ray pictures of fractures sustained by two persons, aged 76 and 101, are said to have impressed doctors at the Southwestern Medical College in Dallas.

The subjects had an amazing "young bone age". Experts said the X-ray picture of a break suffered by a 76-year-old woman revealed her "bone age" to be about 40.

Barnett's discovery may be related to the low tooth decay rate which brought Hereford fame 10 years ago as the "town without a toothache."

An unusually high phosphorous content is indicated by studies of existing chemical reports on Deaf Smith County products.

Truce in Dispute Over Wichita Falls Buses

WICHITA FALLS, Aug. 2. (AP)—They're not going to give bus drivers on the Sheppard Air Force Base run any more tickets, but the city council is to meet today to study ways to obtain full jurisdiction over the route the buses take.

City police tagged 25 bus drivers Wednesday in the dispute between the council and the bus company over which way the buses will run and where they will unload.

The truce came after a meeting between a three-man city council committee and attorneys for the Wichita Falls City Bus Lines.

The council wants the bus rerouted. The bus comapny doesn't

Tech Foundation Board Member Dies on Ship

LUBBOCK, Aug. 2. (AP)—Mrs. Florence Clark, 58, one of the first women appointed to the Texas Technological College's foundation board, died Wednesday of a cerebreal hemorrhage.

Mrs. Clark lived in Oklahoma City. Friends there were told she died aboard the Queen Elizabeth, en route to Europe.

More Money Requested

WASHINGTON, Aug. 2. (AP)—Senator Edwin C. Johnson (D-Colo) Wednesday introduced a bill to authorize the Civil Defense Administrator to match state funds for compensation for injury or death of members of the Civil Defense Corps.

FOUNDATION PROBE

WASHINGTON, Aug. 2. (AP)—Rep. Cox (D-Ga) has introduced a resolution calling for an investigation of tax-exempt educational and philanthropic foundations to see if any are using their resources for subversive activities.

In introducing the measure Wednesday, Cox told the House there are "disquieting evidences" that at least a few foundations "have permitted themselves to be infiltrated by men and women who are disloyal to our American way of life."

North Favored In Cage Game

SAN ANTONIO, Aug. 2. (AP)—The North was established as a heavy favorite today to win the annual all-star basketball game of the Texas Coaching School.

And it wasn't just the critics doing the picking — Forrest Anderson of Bradley University, coach of the South, said his team had little chance against the giants from the northern regions of the Texas Interscholastic League.

The major reason the North is favored is a six-foot-six youngster from Borger — Keith Lane — who has fitted into the style of attack as taught by Cliff Wells, coach of Tulane. Wells said Lane was one of the greatest prospects he had seen in some time.

All-star football squads that battle Friday night tapered off today with both coaches — Paul Bryant of Kentucky for the South and Frank Howard of Clemson for the North — expression optimism. Bryant said there was a marked improvement all the way around as the youngsters settled into the routine of his fast-stepping T formation.

He liked especially the work of Backfielders Duane Nutt of Corsicana, Bobby Page of Leverett's Chapel and Eddie Henning of Tyler.

Howard has forecast a high-scoring game but hasn't indicated that he thinks the South will get more touchdowns than his team.

Howard Wildcat Fails In Pennsylvanian Lime

Cities Service Oil Co. No. 1 Adams, Northwest Howard County wildcat, is at total depth of 9,710 feet in Pennsylvanian lime and is preparing to plug and abandon.

Operator drillstem tested from 9,605 feet to 9,710 feet. Tool was open one hour. Recovery was 1,200 feet of mud cut salt water plus 1,800 feet of salt water. Chloride content of the water was 102,500 parts per million.

Top of the reef lime was called at 9,130 feet with a datum of minus 6,366 feet.

The failure is in section 31-33-T&P, and 25 miles northwest of Big Spring.

Runnels Wildcat Staked Southwest of Winters

Hamilton Brothers of Dallas have staked location for a 5,000-foot rotary wildcat in Northwest Runnels County.

It is No. 1 T. J. McCaughn and is in block 14, T. N. Fowler survey No. 440. That makes it seven and one-half miles southwest of Winters. Operations will begin in the near future.

Schleicher Test Set

G. W. Strake of Houston is scheduled to drill his No. 1 Mrs. C. R. Judkins as a wildcat in Southeast Schleicher County.

It is in the east half of section 48-A-GH&SA. Projected depth is 6,000 feet. Rotary tools will be moved in and drilling will begin by mid-August.

The Strake wildcat will be nine miles east and slightly south of the south end of the Page-Strawn field.

Additional Troops Offered United Nations

TAIPEH, Formosa, Aug. 2. (AP)—Nationalist China offered today to make available to the United States as many men from her armed forces as military requirements permit.

T. F. Tsiang, chief nationalist delegate to the U. N., delivered a note to that effect to U. N. headquarters today, an official statment said.

German And Japanese Pact

TOKYO, Aug. 2. (AP)—A new trade and services agreement between West Germany and Japan was signed here today. It boosts the previous agreement by 15 per cent and calls for a yearly exchange of goods and services valued at $30 million.

Dr. Walter Hess, president of the German delegation, signed the agreemnt with Lt. Col. D. T. Hamersley, representing the Allied Supreme Command. It will be valid until the Japanese peace treay is effective.

Dr. Hess also signe dan agreement with Sadao Iguchi of the Japanese foreign office. This agreement will come into effect after the peace treaty is signed in San Francisco next month.

Japan will export potash, steel products, dyestouffs and machinery.

Payments will be made through the Bank of Japan and the Bank Deutscher Laender.

Son of Snyder Couple Returns After Year in Korean Combat

Capt. and Mrs. Robert J. Dillard, who have just returned from the Far East, are shown in the home of his parents, the Rev. and Mrs. R. L. Dillard, 700 Thirtieth Street. A veteran company commander in the Korean War, he was overseas two years this time and more than a year during World War II. Mrs. Dillard was in Japan a year.—(LaWayne Hulse photograph).

Snyder doesn't look like it did two years ago, thought Capt. Robert J. Dillard as he visited his parents, the Rev. and Mrs. R. L. Dillard, 700 Thirtieth Street, for the first time since August, 1949.

The young officer left here for the Far East just after his last visit with his parents, spent a year in Japan, then was plunged into combat at the outbreak of the Korean War. His wife joined him in Japan six days before the start of hostilities and continued to live there until they sailed home last month.

Although both in the same part of the world for more than a year, they were together only 41 days during the 24 months of his overseas duty.

Capt. Dillard, now 29, was commander of Company B of the 35th Regiment of the 25th Infantry Division in Japan when the war began. He also commanded the company for the first six months of its combat in Korea, then was made plans and operations officer at the division headquarters until his return to the States.

The organizations are still there, he explained, but the personnel is being replaced by the rotation plan.

Mrs. Dillard lived in a housing project at Camp Otsu, Japan, as a neighbor to about 125 other American wives. "With other Americans to talk to, it didn't seem quite as much like a foreign country as it would have otherwise," she said.

The couple said they were together six days before he went to Korea and were together five more days in April of this year before he was returned to Korea. He was sent back to Camp Otsu June 18, where he remained until sailing for Seattle July 18. Arriving in America about four days ago, the couple boarded a plane for Midland, where they were met by his parents.

The couple plans to leave Sunday or Monday for Knoxville to visit Mrs. Dillard's parents, Mr. and Mrs. Raymond Miller. The officer is on a 30-day delay en route, which will terminate when he reports to the 1st Armored Division at Fort Hood for reassignment.

He was born and reared near Gainesville, Tex., where the family lived until shortly before moving to Snyder three years ago. Mr. Dillard is pastor of the Church of the Nazarene.

Hearing Recess Ordered

WASHINGTON, Aug. 2. (AP)—The Subversive Activities Control Board has ordered a month's recess in its prolonged hearings on the question of whether the Communist Party must register with the Justice Department as a Russian-dominated organization.

TEXAS BRANDS

066

BY JOHN M. HENDRIX

The 066 was registered in February, 1892, by L. F. Wilson and Company. The Wichita Land and Cattle Company, with L. F. Wilson president, purchased all the cattle in the Circle 66 brand about 1879 and 1880. Last cattle of the 066 brand were marketed in 1925.

In 1907 - 1908 the brand was used on from 15,000 to 25,000 head of cattle in Texas, New Mexico, and Oklahoma, and ran on about 150,000 to 200,000 acres of land. The lands lay along the little Wichita River and now embodies some of the best ranching and farming lands in West Texas.

9-Game Lead In Coastal Race

By The Associated Press

Once in mid-July it appeared that the Corpus Christi Aces would be knocked off their lofty perch as the top of the Gulf Coast League. Now they have recovered and are working on a nine game lead.

The Apaches made it nine games Wednesday night with a victory over Port Arthur while second-place Harlingen lost a close one to Laredo. The Aces pounded Seahawk pitchers for 19 hits and an 18-6 win; Laredo pushed across a pair of runs in the fifth inning to nip Harlingen, 3-2.

Brownsville remained a poor third with a 6-2 decision over Texas City.

Galveston and Lake Charles split a double-header. Galveston took the first game, 3-2. Lake Charles came back to take the second, 6-4.

Fort Worth In First Division

By The Associated Press

The Fort Worth Cats are back in the first division in the Texas League, tied for fourth with San Antonio.

The Cats beat the league-leading Houston Buffs and Wilmer (Vinegar Bend) Mizell. San Antonio lost another to the Dallas Eagles to fall into the tie.

The Cats' 'pete Mondorff shaded Mizell for a 3-1 victory. They scored all their runs in the third inning off three hits, a wild pitch and an error.

The Eagles edged the Missions, 5-4, coming from behind in the eighth.

Dallas moved into second place ahead of Beaumont but not before the Roughnecks put up a fight to hang on. They fought the Oklahoma City Indians through 12 innings before losing, 4-3. A base on balls with the bases loaded forced in the winning run.

Tulsa trimmed Shreveport, 7-5, with Dave Jolly winning his own game. His long fly to center brought in what proved to be the winning run in the eight.

Fluvanna PTA Plans Watermelon Feed For Mr. and Mrs. Glass

The Fluvanna Parent - Teachers Association is to give a watermelon feast at the school tomorrow night at 8 o'clock in honor of Mr. and Mrs. J. M. Glass who are moving to Snyder to teach in the system here.

Mrs. Lacy Turner, of the PTA, said the entire community was invited to the supper. Glass has been superintendent of the Fluvanna school three years.

Thirteen Scurry Men Register for Draft

Thirteen men from Scurry County are among the 83 who have registered with the selective service board since June after having reached their eighteenth birthdays.

The board has now registered 3,617 men of all ages, with 387 of these under 19 years of age.

Scurry County men registered during June were James W. Hazle, Ray G. Knight, Willie Prichett Kenton W. Gordon, James B. Derrick, Edward J. Ferguson, Jr., Leonard C. Heath, Thomas D. Jordan, Charles C. Thomas, Kenneth R. Hazelwood, R. B. Thompson and Joe D. Brown, all of Snyder, and Don C. Wright of Knapp.

Mrs. Mary Fesmire, 2204 Twenty - sixth Street, was taken to a Sweetwater hospital by a Bolger-Barnes ambulance yesterday afternoon to receive treatment for injuries sustained in a fall.

August and September Quotas Set for Draft Board For This Area

A quota of 13 men has been assigned the five - county selective service board which includes Scurry County, Mrs. Patsy Mayfield, clerk, said today. These men will report for induction on Aug. 15.

The September quota has been set for four men, who will leave on Sept. 12 for induction in Abilene.

No notices for pre - induction physical examinations have been ordered for August or September.

NEW YORK, Aug. 2. (AP) — Baseball may elect a new commissioner Tuesday at a New York meeting of the 16 big league club owners.

Definite indication that the decision is near came when the four-man screening committee asked each club to send the owner or president to the special meeting.

Mr. and Mrs. Dallas G. Preuitt, 101 Twenty - sixth Street, are the parents of a son born in Snyder Hospital yesterday.

Film About Havana Is Shown to Kiwanis Club

A technicolor movie, "Honeymoon in Havana", featured the luncheon meeting of the Kiwanis Club at the Sage and Sand cafe yesterday.

The picture was shown through the courtesy of George Killam, Jr. The movie was made by the Braniff Airways, depicting the sights in that Cuban capitol.

A meeting of the Kiwanis board of directors will be held at 8 o'clock Tuesday in the West Texas State Bank, H. W. Cargile, club president, said.

E. J. Haslam member of the Pampa Kiwanis Club, was a visitor.

Mrs. D. J. Alvis and daughter, Bobbie Knowles, of Kermit visited Mrs. Knowles' mother, Mrs. W. W. Early, 1505 Twenty-seventh Street, recently. Following their visit here, Mrs. Early accompanied them on a visit with other relatives in San Angelo, Abilene, Ballinger and Dallas.

TAFT AT PLYMOUTH ROCK

U. S. Senator Robert A. Taft (R-Ohio), carrying a peace pipe, gets an "Indian" escort at the Republican "Pilgrimage to Plymouth" for a rededication program at Plymouth Rock. The Senator, who doesn't rule out the possibility he may run for President in 1952, was the principal speaker on the program and lashed out at administration policies in both domestic and foreign affairs and called for a complete housecleaning of the government in Washington.

No Wrangling Is Evident Now Between Soldiers, Diplomats

WASHINGTON, Aug. 2. (AP) — The link between the State Department and the Pentagon's military chiefs appears to have become so direct it even by-passes some of the civilian secretaries of the armed services.

This situation differs considerably from that during the pre-Korean War days of sharp policy wrangles.

The reason for the change seems to be in the unique position held by George C. Marshall, a five-star general in mufti. He is Secretary of Defense. He was Secretary of State. Congress made special dispensation to allow Marshall, a soldier, to be named to the post of Defense Secretary.

MARSHALL MILITARY

The National Security Act says the Defense Secretary must be a civilian and must have been one for 10 years preceding appointment. Marshall doffed his uniform in 1945, but under terms of the law creating five-star rank he remains a General of the Army.

Marshall gives major attention to the military side of Pentagon affairs. The housekeeping duties fall chiefly to deputy Defense Secretary Robert A. Lovett, a financier who has become something of the business manager for the Defense Department, and to the civilian heads of the Army, Navy and Air Force.

SHERMAN INCIDENT

The first word Air Secretary Thomas K. Finletter had of the late Admiral Forrest Sherman's mission to Spain to negotiate for aid and naval bases was when he read newspaper accounts on the day Sherman arrived in Madrid.

The explanation given to a reporter who made inquiry in the Department of the Air Force was that Sherman's was a military mission and therefore there was no urgent reason why Finletter, the civilian head of the department, should have been informed in advance. Sherman, it was explained, was on a mission for the Joint Chiefs of Staff.

Secretary of State Dean Acheson and Defense Secretary Marshall between them reportedly decided that Sherman, who also knew Spain and Spanish government problems well, was the man who should handle the delicate mission of negotiating with Generalissimo Francisco Franco.

Incentive For Conservation Work Provided

Often overlooked in reports of accomplishments under the Agricultural Conservation Program are the additional conservation measures stimulated by the ACP assistance, says Guy Glenn, chairman of the Scurry County Production and Marketing Administrations.

In many instances, according to Glenn, the conservation practices for which a farmer receives assistance under ACP are but a small part of the total amount of conservation work completed. But incentive to do this additional work often is traceable to the assistance provided under the Agricultural Conservation Program.

Program assistance, the chairman explained, covers only part of the cost of the conservation practices which are approved for aid under the program. In general, this is about 50 per cent of the out-of-pocket cost. The farmer stands the additional cost and in most cases all the labor and transportation expenses. Where materials or service are furnished they are provided on the same share-the cost bases.

Furthermore, the county PMA committee must limit ACP conservation practices to the funds allocated to the county where the applications for assistance exceed the county allocation —the amount of assistance to each farmer is located to the county. Where the in the allotment. The objective, of course, is to use the available funds to obtain the maximum amount of conservation for each dollar allocated.

Many farmers, he points out, carry out much additional conservation work for which they receive no assistance. The small amount of assistance is the stimulant which set off the chain reaction.

"In cases where practices are withdrawn from the program because they have became a part of the established farming operations, a large portion of farmers continue to carry them out after assistance is no longer provided," said Glenn.

All of this conservation work stimulated by ACP assistance adds up to a tremendous total and accounts for much of the lasting progress that is made, says the chairman. This is the accurate yardstick for measuring Agricultural Conservation Program accomplishments and the vital element which makes this United States effort both unique and successful, he concluded.

Red Armies In China Shifted

TAIPEH, Formosa, Aug. 2. (AP)—The Nationalist Defense Ministry today said elements of four Red Chinese armies corps are moving toward Yunnan province, recently invaded from Burma by Nationalist General Li Mi.

The armies were identified as the 13th, 14th, 15th and 16th. Their total strength is estimated here at 100,000 men, but how many men are being sent to Yunnan is not known.

The Defense Ministry spokesman said part of the 15th Army is in Korea now.

The four armies belong to the command of the Gen. Chen Keng. He is reputy commander of the Chinese Second Field Army, which has an overall strength of 250,000 men.

China Union Press, a small Nationalist news agency, said the 13th 14th and 15th Armies had been transferred suddenly from the Yunnan-Indo-China border area. The 16th, it said, was en route from Kweichow province, which flanks Yunnan on the northeast.

China Union Press claimed the movement of the first three armies had eased the Red threat to Indochina.

The defense ministry spokesman emphasized that Li Mi right now is capable of nothing more than guerrilla warfare against the Reds.

Old War Correspondents Adds Bizarre Note to Sioux Tribe

By RELMAN MORIN,
(For HAL BOYLE)

Executive Chief
The Six Nations of the Sioux
Black Hills, S. D.
Dear Chief:

They tell me Hal Boyle is out in the Dakotas somewhere and that you have taken him into the tribe. You've got the right man, Chief. Hal has all the makings of a mighty fine Indian.

Mind you, he won't be much good on the trail, right at first. He has policeman's feet and the expanding chassis of a Chinese idol. Incidentally, this worries him, and every once in a while—the last time was October, 1946 — he attempts some violent exercise. On that occasion, he played three innings of softball, and for all I know, he may still have the original charley horses. You can't tell because he always walks like a cigar-store Ind — er, with a short of waddle.

KEEP TO TEEPEE

Moreover, until your braves get used to seeing him around the council fires at night, it would be better to keep him in his teepee after dark. They could easily mistake him for a semi-bald buffalo.

But these are small things. Let me tell you the important reasons why I am sure he will be a credit to the tribe.

Hal is a city dweller, of course, and wholly at ease in this plate glass menagerie. He lives in a giant apartment house, works in an air - conditioned office, and knows all the curlycues of the subway. Technically, he is a New Yorker, and has been for years.

Actually, however, he is still a Middle Westerner, as earthy and elemental as a Kansas wheatfield, as generous as the Great Plains.

ROCKETING ENERGY

That part of America has stamped him with its unique hallmarks. He has the same boisterous, rocketing energy of the cities out there. His humor is a natural as spring water, bright and clear. He has no more pretense than a potato. He is inexorably honest. And for all his bubbling spirits, he is a peaceful as a small town park.

Oh, he has his problems all right. Make no mistake about that. He is scourged and driven, as are most people in this ink-stained trade, by the remorseless necessity to say something just so and in no other way. He spends himself lavishly on this. He can go longer without sleep than any six elephants. In the field, as a war correspondent, he used to drive us all crazy with his wrestling and struggle, all through the night, to get a single column the way he wanted it.

Chief, that's a sketchy sort of picture of your new Sioux. If you haven't got a name for him yet, I'd like to suggest one — Happy Traveller.

New Government Agency Formed By President

WASHINGTON, Aug. 2. (AP)—The Government is merging its huge defense stockpiling business in a single agency.

President Truman announced Wednesday that the new agency — the Defense Materials Procurement Agency — will be the "sole government procuring authority for non-agricultural materials."

He picked as its head Jess Larson, who now acts as the government's chief buying agent as head of the General Services Administration (GSA).

Agree On Bomb Size

WASHINGTON, Aug. 2. (AP)—The United States, Canada and Britain have agreed in general upon the specifications of a "new family" of four basic sized bombs.

SHAKE UP

PORTLAND, Me., Aug. 2. (AP) —Mrs. Faustena Alley, 27 had to be taken to a hospital Wednesday night because she yawned and her jaws locked wide open — but she never got there because the ambulance jounced so much.

The jouncing snapped Mrs. Alley's jaws into place and she was returned home.

Wanted Man Captured

McALLEN, Aug. 2 (AP)—A 31-year-old man, sought in connection with criminal attacks on three young girls, was captured here last night after city, county and state officers had set up road blocks along possible escape routes from the valley.

GI Bill Brought Up For Korea Veterans

WASHINGTON, Aug. 2. (AP)—Senators George (D-Ga) and Kerr (D-Okla) have introduced a GI education and training bill for veterans of the Korean war.

Under the measure introduced Wednesday, veterans of 9 days or more of military service since June 1950 would be eligible for one month of training for each month of active service.

Veterans whose education was interrupted by entrance into the armed services would be provided with a maximum of four years training. Other veterans would be entitled to one year.

TALK OF THE TOWN

BY FRANCES BROOKS

The information that a professional model abides in our midst gave the sizzling summer day a lift .... Above, Miss KANDEE REED evidences interest in the daily newspaper, as she does in everything about Snyder. She lives in an air - cooled apartment (Waymar) with her mother and brother Dick, an equipment operator for the McMullen Construction Co.... Competition was tough in 1946 in Southern California, where she copped the title, Miss Western Air Lines....she's also done fashion modeling for the Stevens Hotel, Chicago, and posed repeatedly (at good pay) for the Banker's Association and Magazine of Colorado Springs, Colo.....Expert Life magazine photographer, Pat Coffee of New York called her work "photogenic fashion modeling". She began as a hostess at the Radio Cooperation of America...landed ultimately at modeling various ensembles for television .....She's resting this summer. Models are not exactly in intense demand here she believes, and, to be with the family, she may become a secretary soon..... The upswept coiffure lets down to waist level—a waist that's very slender. (Miss Reed conscientiously walks several miles daily for exercise)..... Dress shops, chowomen, need any modeling done?

Please give me a recipe for Sour Cream Salad Dressing. Mrs. L.B.

Here is a recipe for uncooked dressing that is very good with cabbage, cucumbers or lettuce,
½ cup sour cream, whipped
1 tablespoon sugar
¼ teaspoon salt
pepper to taste
1 tablespoon lemon juice
2 tablespoons vinegar

Mix the sugar, salt and pepper in a bowl, add lemon juice and vinegar; then stir gradually into the whipped sour cream.

* * *

Is cantaloupe a suitable fruit to freeze? Mrs. B.S.

Yes, directions are to peel and remove seeds. Cut into about 1 inch cubes slice or make balls. Pack dry in cellophane.

* * *

Among the annual flowers that I have, I enjoy the 4 o'clocks most. Do you have some information on them that would be helpful to me. Mrs. M.M.

The 4 o'clock, sometimes called "Marvel-of-Peru" is normally a perennial in its native region, the warmer parts of America but under garden culture gives satisfactory results when treated as an annual. Its blooming period is during late summer and fall. Because of the habit of opening its petals only late in the afternoon and on cloudy days the popular name of four-o'clock has been given to it. It often reproduces by self - sown seeds; sometimes it developes tuberous roots much like that of cannas."

IN SPORTS LIMELIGHT

Here are four prominent figures in today's sports news. Eddie Sawyer, upper left, manager of the Philadelphia Phillies, has driven his lagging National League champions into third place after a slow start. Bobby Feller, upper right, of the Cleveland Indians is the first major league pitcher to win 16 games this season. Rep. Emanuel Celler (D-NY), lower left, terms the location of major league baseball clubs only in eastern states "intolerable." Dick Huffman, lower right, Los Angeles Rams tackle, heard a court rule he must stay with the team; can't play with the Winnipeg, Canada, Bombers.

Four-Club Race In American Putting Strain On Pitchers

By The Associated Press

Pity the poor pitchers, caught in the steaming heat and doubleheader jam of the steaming four-club American League race. Even the best are crumbing under the strain.

Allie Reynolds, no-hit ace of the Yankees surge, lasted only one inning Wednesday against Detroit as New York lost a 9-8 first game. Things were so tough that Casey Stengel brought him back to rescue Tom Morgan and save the Yanks' two-game lead with a 10-6 edge in the second.

Cleveland's Bob Lemon was bombed in the sixth at Washington where overworked Mike Garcia, a 13-game winner, had to help save an 8-6 first game. Early Wynn failed to last in the second game, fading for a pinch hitter in Washington's 4-3 victory.

Only one Boston Red Sox pitcher has gone the route in the last seven games with the club home at Fenway Park where it is supposed to be invincible. Instead of gaining ground, the Sox have dropped 2½ behind the Yanks.

KINDER BUSY

Ellis Kinder made his fifth appearance in a week Wednesday after Willard Nixon pulled a tendon in his thigh sliding into a base. Nixon was pitching two-hit ball for seven innings when hurt. Walt Masterson and Kinder nailed down his 5-1 edge over St. Louis.

For a change, Chicago got a full nine-inning job as Billy Pierce whipped Philadelphia, 4-3, to remain seven games off the pace. But White Sox pitchers have been showing the strain during the eastern swing, Howie Judson and Joe Dobson in particular.

Brooklyn's pitching also had a rough time at Pittsburgh where the Pirates knocked out Ralph Branca and roughed up loser Clyde King to win, 12-9. Ralph Kiner hit his 27th homer for the Bucs and Gil Hodges No. 31 for Brooklyn in the loosely played struggle.

The loss cut the Brooks' lead to nine games because New York split a paid with Chicago, losing 3-2 to Cal McLish and winning, 2-0, on Rookie Al Corwin's seven-hit shutout.

PHILS HOLD THIRD

Despite a 1-0 blanking at the hands of Cincinnatti's Kenny Raffensberger, the Phillies held tight to third place because St. Louis lost.

The Cardinals were edged out by Boston, 2-1, dropping into a fourth-place tie with the Braves. Warren Spahn won his 12th on a five-hitter. Sam Jethroe sped home from first on an infield out and wild throw by Stan Musial to win the game in the seventh, nullifying 6 2-3 innings of hitless relief pitching by Al Brazle.

Louis Not To Have Shot At Crown 'Till 52

SAN FRANCISCO, Aug. 2. (AP) — Old Joe Louis, decisive winner over Ceasr Brion of the Argentine in a furious 10-round battle Wednesday night, expressed keen disappointment today over circumstances which may keep him from a title fight for possibly a year.

The former champion, informed of the agreement between Title Holder Joe Wolcott and Ezzard Charles to postpone their championship rematch until next year, said he had not given up hope of regaining the crown.

"As long as Walcott or Charles has got it, we still have hope," he said.

A crowd of about 12,000 paid $66,525 to see Louis batter the game South American.

It was Louis' second 10-round win over Brion. This one was far more decisive than their melee in Chicago last November.

Louis, slow-footed but packing much of the wallop that enabled him to rule the heavyweight ranks for 11 years, took pot shots at his younger opponent in the early rounds.

In the seventh, Louis caught up. He battered Brion with lefts and rights to the head and drove in body blows that had the latter groggy.

He pounded Brion steadily in the eighth, ninth and tenth. But he couldn't connect for the knockout smash.

Top Contenders In High School Football Picked For Season

SAN ANTONIO, Aug. 2. (AP) —The Texas schoolboy football campaign, which this year will crown four state champions, is expected to be the best since the war in quality of play.

The 19-year age rule goes into effect this fall, meaning older boys. Coaches attending the Texas Coaching School were listing many boys who will have another season of football as a result. The new age limit adds a year.

Favorites for champions in Class AAAA, AAA, AA and A — the divisions deciding state titlists — were well-defined. Veteran teams were not an area proposition. Some of the districts showed three and four state championship contenders.

Class AAAA's standout team appear to be Lubbock, Texarkana, Austin, Port Arthur and Baytown.

By districts the top contenders for championships are tabbed as follows:

District 1—Lubbock, Pampa.

District 2—Ysleta, El Paso.

District 3—Paschal (Fort Worth), Arlington Heights (Fort Worth).

District 4 —Adamson (Dallas), Sunset (Dallas).

District 5 — Texarkana, Waco.

District 6—Austin, Ray (Corpus Christi).

District 7—John Reagan (Houston), Lamar (Houston).

District 8—Baytown, Port Arthur.

Marshall, Conroe and Breckenridge were rated highest in state championship talk in Class AAA. By districts the strongest contenders appear to be:

District 1—Midland, Plainview.

District 2—Breckenridge, Brownwood.

District 3 — Grand Prairie, Gainesville.

District 4 — Marshall, Longview.

District 5 — Temple, Lufkin.

District 6—Conroe, Galena Park.

District 7 — Kerrville, Alamo Heights (San Antonio).

District 8 — Brownsville, Alice.

La Vega got most of the notices in Class AA but Kermit, a 1950 finalist, is back with a strong team. French of Beaumont is rated highly. Pecos, Donna and Levelland are other major contenders.

In Class A, the state is dotted with powerhouses. These include Iraan, Wink, McCamey, Angelton, Bishop, Merkel and Pine Tree.

5-Day Cut In Mourning Dove Season Ruled

AUSTIN, Aug. 2. (AP) — Federal hunting regulations will mean a curtailed mourning dove season for Texas, Game Commission Executive Secretary Howard Dodgen said Wednesday.

The number of days and shooting hours will be reduced.

The mourning dove season will be 40 days, five less than last year. The starting time in the North Zone, which covers about three-fourths of Texas, will be the same as in 1950, Sept. 1.

The general season for mourning doves in the South Zone will be drastically changed from last year, running from Nov. 15 to Dec. 24. The starting date last year was Oct. 20.

Twelve counties in the South Zone will have a slightly split mourning dove season — three separate days to coincide with the white-winged season, Sept. 14, 16 and 18, and 37 days, Nov. 15 to Dec. 21. The 12 counties are Cameron, Hidalgo, Starr, Zapata, Webb, Maverick, Dimmit, La Salle, Jim Hogg, Brooks, Kenedy and Willacy.

In general, shooting hours will be cut almost in half, with hunters allowed to take the field from noon to sunset except in counties which allow white-winged shooting. The latter counties will limit hunting to 4 p.m. to sunset during the white-winged hours are unchanged from 1950.

Bag limits are the same, 10 daily and 10 in possession on mourning and white-winged doves. However, during days on which both may be hunted, not more than 10 singly or in the aggregate may be had.

Nine counties in the North Zone hours and bag limits as the South regulations, having the same dates, are affected by the white-winged Zone. They are Kinney, Val Verde, Terrell, Brewster, Presidio, Jeff Davis, Culberson, Hudspeth and El Paso.

The Texas Game Commission had requested four days of white-winged shooting spread over two week ends, but the Fish and Wildlife Service limited it to three days over a single week end as a conservation measure, Dodgen said.

Girls To Tournament For Softball Play

DALLAS, Aug. 2. (AP) — Ten women's softball teams today opened play in the State American Softball Association double elimination tournament.

The Red Chicks of San Angelo meet the Cloverleaf Red Sox of Houston and the Port Arthur Gold Bugs take on Austin Motor Carrier Insurance in the opening games.

Other first round games include: Galveston Islandettes vs. South Houston Merchants; Robert E. Lee Insurance, Dallas, vs. winner of Port Arthur-Austin game; Harlowe's Phillies of Brownwood vs. San Angelo-Cloverleaf winner.

Borger Streak Cut By Lamesa

By The Associated Press

The Borger Gassers had a winning streak broken in the West Texas-New Mexico league by the Lamesa Lobos Wednesday night.

The Lobos snapped the skein with a 4-2 victory as Herb Damico bested Ray Drake in a pitching duel.

The front-running Abilene Blue Sox were hard-pressed by the cellar-dwelling Clovis Pioneers before winning, 8-7.

Johnny Fine tossed a five-hitter at the Amarillo Gold Sox to pitch Lubbock to a 6-3 win.

Pampa and Albuquerque split a double-header. Pampa won the opener, 2-1 in 10 innings. The Dukes took the second game, 9-5, scoring seven runs in the first three innings.

Big Scores In Big State Loop

By The Associated Press

The Waco Pirates are treating the Temple Eagles every way but neighborly in their current Big State League series. The two Central Texas clubs are playing in Waco and the Pirates are hitting Eagle pitching with everything but the bench.

Tuesday night, the Pirates pounded an 11-0 decision. Wednesday night the score was 12-6. They'll try for 13 tonight.

The Eagles have lost ground to the leading Gainesville Owls. They now trail by 2½ games as the Owls split a pair with the third-place Sherman-Denison Twins. Gainesville took the first contest, 1-0, but lost the second, 7-4, to pick up only a half game.

Austin went 10 innings to nip Tyler, 3-2. Texarkana edged Wichita Falls 4-3, in the regulation distance.

Paul Smith paced the Pirates to the victory over Temple. He had a single, double, triple and home run in Waco's 13-hit attack. The Eagles had 14 hits but couldn't make them count.

Vernon Leader Put Off Field

By The Associated Press

The heat and close scores caused tempers to flare in at least one Longhorn League game Wednesday night.

Homer Matney, new Vernon manager was chased in the ninth inning of the Dusters' game with Odessa. Odessa pitcher Eddie Johnson was given the thumb earlier.

Pepper Martin singled to drive in two runs and tie the score in the last of the ninth.

Matney contended the blow was foul and was waved off the field. Police had to escort him away.

Martin later scored the winning run, helping Roswell win 4-3.

Midland and Sweetwater went 12 innings before the Indians won 6-5.

San Angelo broke a five game losing streak with a 6-4 victory over Roswell, and the Big Spring Broncs whammed the Artesia Drillers, 9-2.

Arms Standardization Parley In Washington

WASHINGTON, Aug. 2. (AP)—Four major Western nations meet here today to try to put the same kind of bullets in the same kind of guns.

Here for the two-day conference on arms standardization are Defense Ministers Emmanuel Shinwell of Britain, Jules Moch of France and Brooke Claxton of Canada.

The United States is represented by Army Secretary Frank Pace.

Communists Charge U. S. Attempting To Avert Return of Peace

TOKYO, Friday, Aug. 3. (AP)—The Pyongyang radio yesterday said the U. N. truce team had "orders from above" to set a cease-fire line in North Korea and asserted "the Americans are making every effort to avert the arrival of peace to Korea."

It said the line proposed by Vice Adm. C. Turner Joy, chief U. N. delegate, would run from Kosong on the East Coast to the tip of Ongjin peninsula on the West Coast.

Kosong is 27 miles north of the 38th Parallel. Ongjin peninsula just out along both sides of the 38th Parallel. The Communists are demanding that the line be drawn along the 38th Parallel.

"Thus the Americans try to rob a large territory inside North Korea," the broadcast concluded from Pyongyang, North Korean capital. The Americans are making every effort to avert the arrival of peace to Korea."

Casualties Go Over 80,000

WASHINGTON, Aug. 2 (AP)—Announced U. S. battle casualties in Korea reached 80,079 yesterday an increase of 356 since last week. It was the smallest weekly rise since the first summary last August.

The Defense Department's weekly summary through last Friday reported:

	Last Week	Increase	New Total
Killed	11,877	56	11,933
Wounded	55,597	294	55,891
Missing	12,249	-1	12,248
Battle Deaths (Y)	13,340	67	13,407
Current Missing (Y)	10,634	-10	10,624

(X) Includes killed in action, 1,357 fatally wounded and 117 dead, originally reported 'missing.'

(Y) After deducting from gross total 1,368 returned 159 known captured and 117 known dead.

A breakdown of the casualties by services:

	Last	Increase	New
Army	65,221	251	65,472
Navy	921	7	928
Air Force	701	-4	697
Marine Corps	12,880	102	12,982

Retirement And Death Payment Over $37,000

Scurry County residents will receive more than $37,000 in retirement and death payments under the Old-Age and Survivors insurance system during 1951. This esimate was made today by Ralph T. Fisher, manger of the Abilene office of the Social Security Administration.

During the month of February the monthly checks for 105 persons in the county totaled $3,017. At that rate the total for the year would be $36,204. Additional persons are becoming eligible each month, however, so the actual 1951 payments will be considerably above this figure.

For the 16 county area served by the Abilene office, payments in February went to 3,667 persons and totaled $104,312. Total for the year figured at this rate would be just over $1,250,000. Fisher estimates, however, that the annual total for the Abilene area will be $1,500,000 when the regular increases and the lump - sum payments are considered.

The area figures includes $57,215 monthly to 1,642 retired workers; $9,191 monthly to 507 wives and dependent husbands of retired workers; $5,558 to 182 widows and dependent widowers of deceased workers; $25,105 to 1,006 children under age 18 of retired or deceased workers; $6,604 to 202 mothers of eligible children under age 18; and $639 to 18 dependent parents of deceased workers.

Fisher pointed out that the 1950 amendments not only increased the benefits, but also made it easier for workers over 65 years of age to qualify. Any person who is over 65, and who has had at least one and one-half years of work under social security, may be eligible for payments now; if the worker is over 75 he can draw payments even if he has not retired. Workers over 65 who have not checked up on their rights should get in touch with the Social Security Administration office, Post Office Building, Abilene.

Model Plane Exhibition Here Sunday

Model plane enthusiasts will have a field day Sunday afternoon when the Snyder Buzz Bugs, a model plane club, will stage contests and exhibition flights.

The show is to start at 1:30 Sunday at the old rodeo grounds in the 1700 block on Avenue M.

A feature of the afternoon will be an exhibition of stunt flying by Bob Decker, senior instructor of the club.

Cash prizes are to be awarded for the best straight flight, ribbon cutting, the worst wreck, the best stunt flying and for the best model plane construction.

Further information about the contest may be secured from Bob Bow at the Bow Drug, 1201 Lubbock highway. Membership in the club is open to any model plane fan. Membership fees are $1.50 per year, which includes flight instruction for beginners.

Other officers of the club are John Portis, Grady Bynum, president, and Decker.

THE STARS

By BOB THOMAS

HOLLYWOOD, Aug. 2. (AP)—Leave it to Jimmy Durante to make an entrance.

When I arrived at his Beverly Hills home, the Great Schnoz was not home. He would be back soon, said his two writers. While I sat and waited, they pounded on the piano and sang a mad tune designed for Durante and Helen Traubel on his first TV show this fall.

A half-hour later, Jimmy Durante — in person — arrived amid a din. He takes off his coat, he takes off his pants, he takes off his shoe — I mean shirt. He sits on his patio in his shorts and undershirt, unaware of the possible stares of neighbors. Jimmy, the well-undressed man!

"I just been over to the univoisity," he explained.

What — is Durante going to summer school?

"No," he corrected, "I been over to Loyola, making a short for for them to play on TV before their football games. A worthy cause. They had a lot of trouble wit me because I couldn't pronounce the name of the school. They kept tellin' me it's 'Loyola,' but 'I kept sayin' 'Lyola.' How about that? — I changed the name of the univoisity."

Jimmy, an outdoor lover (perhaps because of his long service as a saloon entertainer), gazed affectionately at his swimming pool. I asked him how he could bear to leave it for television in the cold, cold East.

"This year I won't have to," he said. "I have to go to New York for the first two or three shows, but then in November I start doing them from out here. NBC tells me the cable will be in by then; in fact, it'll be here in time for the World Series. So all of the guys on the comedy hour will be doin' their shows out here."

What does he think of TV?

"It's the most amazin' thing that ever happened to me," he said. "You know, when you're in radio or the movies, you get the usual kind of fan mail — 'You're my favorite; Will you send me an autographed pichuh?" — and that's all. But the mail I get from TV is different. The people treat you like you was one of their family. I guess it makes a lot of difference when you're comin' right into their livin' rooms."
