Presiding at the graduation exercises will be Frank W. Wilson, superintendent of schools. Warren Costin, school board president, will present diplomas.

Salutary and valedictory addresses will precede the chief address of the evening.

Linda Ross is salutatorian of the class. Lynn Witten is valedictorian. Gene Bates is high honor boy. Other honor students are Arle-Jo Payne, Ann Rhode, Mary Ann Lipps, Neta Mae Erwin, Bonnie Sue Carbone, Bill Boren, and Lana Kay Shurtleff.

Rev. H. W. Bartlett, pastor of First Baptist Church, will say the invocation with Rev. Alan Conley, vicar of All Saints Episcopal church speaking the benediction.

Music will be the traditional professional and recreational for Colorado High graduates. Pomp and Circumstance, by Elgar, played by Mrs. Curtis Baker, organist.

A trio of Choralettes will sing A Bach number, "Come Holy Spirit." Martha Putman, Brenda Way and Judy Gooden will make up the trio of voices.

Logsdon Rites in All Saints

Mrs. Harry A. Logsdon, widow of a prominent Colorado City practicing physician, died about 10 o'clock Tuesday night at her home, 509 East 7th St.

She had suffered a coronary attack several months ago but her condition was believed to be improving, recently.

Born Willie Mae Conner on Williams Ranch in Mills County, she was educated at Ft. Worth University. She was married to Dr. Logsdon in Ft. Worth in June, 1913.

The couple moved from Ft. Worth to Tanager, shortly after World War I, during the oil boom. They came to Colorado City in 1938. The doctor died May 1, 1961, of a heart attack.

Mrs. Logsdon was a member of All Saints Episcopal Church and member of the Shapers Study Club.

Last rites were read by All Saints vicar, the Rev. Alan Conley, in All Saints Church at 10 a. m. Thursday. Cremation was to follow later in the day at Dallas.

Mrs. Logsdon is survived by one sister, Mrs. Winnifred Van de Venter, who lives at 509 East 7th St.

Active pallbearers for funeral services here were Dr. John Chinn, Don Benson, Hartzel Stephens, W. R. Powell, Dick Wistrand and Don Delaney.

Crown Rests On Saturday Game Here

Saturday will settle this season's District 3-AAA baseball struggle with Colorado High Wolves set to play Brownfield High Cubs here on Wolf Field.

Wolves of C-City were thrown into a neck-and-neck championship race with Brownfield Cubs, Tuesday, when Wolves beat Sweetwater Mustangs, 6-3, in the 8th, and Brownfield squeezed by Snyder Tigers 3-0, after 9 innings.

Colorado High and Brownfield High will fight it out here on Wolf field for the District 3-AAA title Saturday at 2 p. m. Winner of that game will be champion of the 1964 baseball season of District 3-AAA. Both teams have a 9-2 win-loss record.

Wolves vs. Sweetwater saw C-City score in the 1st. Danny Kennemur singled with two men out. Bill McGuire walked, Kennemur stole 3rd, McGuire advanced to 2nd. Larry Currie singled to the right to drive in Kennemur and McGuire. Currie was thrown out trying to stretch his hit into a double.

In the 2nd, Corkey McAdams led off with a double, stole 3rd and scored on a wild pitch to make the score 3-0.

Larry Damborsky started the game as pitcher for Wolves and had a perfect game going until top of the 4th. Sweetwater's Teel walked, then Jimmy Kinney singled for the first hit given up by Damborsky; sending Teel to 2nd base. Pace struck out. Owens grounded to shortstop to force Teel at third. Dennis Lewis singled to drive in Kinney. Damborsky struck out 3rd baseman Larry Stewart to end the threat.

Score stayed put at 3-1 until the bottom of the 7th when Mustang Lewis reached 1st base on an error by Denzil Pendergrass, Wolf shortstop. Neech batter struck out. Coushey reached 1st base an error.

With runners on 2nd and 3rd and with 2 outs, Mustang pitcher George Butts came to bat. After a full count Butts singled to center to tie the score.

David Bearden, relieving Damborsky, walked Teel, then got Jimmy Vining to pop up and out to end the frame.

Top of the 8th (and extra) inning, McGuire and Currie singled, Perry Millsap, catcher walked, 3rd baseman Richard Smith doubled to left field to clean the bases and make the score 6-3, Colorado City.

McAdams saved the day in the bottom half of the 8th. Pace reached 1st on a single, Mustang catcher Owens belted a ball which looked like a homerun—until center fielder McAdams reached over the fence to pull it in and field it. Next two Sweetwater batters struck out to end the game.

9 BOYS, 5 GIRLS

Wallace to Present 14 Grads Diplomas

Nine boys and five girls will receive their diplomas from Wallace High School here Wednesday evening at commencement exercises.

Graduating seniors at Wallace High are Willie Eddie Campbell, Willie Charles Hill, Jimmy Leon Walthall, Howard Lee Belvin, Miller Green, Rena Mae Griffin, Alma Jean Lewey, Betty Marie Smith, Elouise James, Betty Ann Rose, Ronnie Green, Jesse Lee Burton, Frank Demos Biggers and Oscar Lee Amos.

Featured speaker for the program to begin in Wallace auditorium at 8 p. m. Wednesday will be District Judge Austin McCloud. Vice-president of Colorado Independent School Board, Dr. H. Jene Steakley will introduce Judge McCloud.

Warren Costin president of the board, will present the high school diplomas with Frank W. Wilson, superintendent, introducing class members.

Valedictorian of the '64 class is Ronnie Green and Willie Eddie Campbell is salutatorian.

T. P. Fowler, principal of Wallace, will present the class in a symposium preceding the chief address. Invocation will be said by Rev. C. C. Beck, pastor of Mount Zion Baptist Church, with Rev. H. L. Reddis, pastor of Payne Chapel Methodist Church, saying the benediction.

Sermon to Wallace graduates will be at 2 p. m. in the school auditorium Sunday with Rev. Reddis as speaker.

SAYS LATIMER

Cotton Quotas Still In Effect In 64

Cotton marketing quotas will continue in effect in 1964, as approved by growers last December, Curtis E. Latimer, Chairman, Agriculture Stabilization and Conservation County Committee, said today.

Under both the effective and the domestic allotment plans, the farmer will be eligible for the usual price support cot-

Some questions arose as a result of the recently enacted cotton legislation, which supplements the cotton program already in effect. Marketing quotas were approved for the 1964 upland cotton crop by 94 percent of the growers voting in a referendum through-out cotton producing areas.

The chairman explained that under a quota program, marketing penalties apply to any "excess" cotton. This part of the program will operate the same as in former years.

Difference this year is that under the new cotton legislation, the upland cotton grower will have three allotment programs to choose from. He can choose to keep his cotton plantings within the old "effective" farm allotment after any release or reassignment; he can plant within a smaller, "domestic" farm allotment and use the acreage so reduced for other crops—but not in excess of his farm's feed grain base if the farm has an effective allotment for more than 15 acres; or he can plant within the effective farm allotment plus an acreage (5 percent of the allotment) for export only, after filing an application by June 1, 1964, and furnishing bond.

Tot Revived After Feet Slip in Lake

First aid and artificial respiration given a Midland child visiting Lake Colorado City, Saturday afternoon, saved her life and averted a lakeside tragedy here.

Claudia Lynn Leatherwood, 2½-year-old daughter of Mr. and Mrs. Don Leatherwood of Midland, was playing in the shallow water with other children. She was wearing a life-jacket for the lake outing and wading.

While Mrs. Leatherwood helped another child catch a frog, Claudia Lynn somehow lost her balance. She was discovered suspended by the inflated life-belt, her feet in the air, her head under water. Although quickly rescued, Claudia Lynn was unconscious when pulled from the edge of the lake waters.

Mrs. Earl Taylor and George Gray revived the little girl with artificial respiration before an ambulance and a Fire Department rescuistator reached the scene. The Leatherwood child was kept for observation in Root Memorial Hospital Saturday night, but speedily recovered.

THROUGH MAY 22

Friday Is Deadline For Wheat Signup

Deadline for signing up for the 1964 voluntary wheat program has extended through Friday, May 22, said Curtis Latimer, Agricultural Stabilization & Conservation county chairman.

Last day for sign up had previously been announced for Friday, May 15. Wheat producers are reminded that Friday (tomorrow) is now deadline day.

To qualify only for price support loans or purchases, said Latimer, will mean keeping the wheat acreage within the farm's wheat allotment.

To qualify for additional benefits of diversion payments and marketing certificates, made available under the new wheat law, producers will set aside an acreage equal to at least 11.11 percent of the farm allotment for an approved conservation use in addition to the farm's normal acreage

in conservation uses.

Eligibility for all benefits will mean not exceeding the allotments for any other crops on the farm and keeping the wheat acreage within the wheat allotment on all farms in which the producer has an interest in the crop. Feed grains are not considered allotment crops, Latimer noted.

Regular price support loans and purchases will be based on a national average of \$1.30 per bushel of wheat. Diversion payment per acre will be one-fifth the county price support loan rate, times the farm's normal yield.

Marketing certificates will be valued at 70 cents per bushel for the part of the farm's crop representing wheat for domestic food and 25 cents per bushel for "export" wheat. Together the certificates will cover a maximum of 90 percent of the normal production of the farm.

Plains Cooperative To Co-sign Bonds

Farmers wanting to take advantage of the 5% increase in cotton allotments for export cotton must register their intentions not later than June 1 at the county ASC office.

The Agricultural Act of 1964 permits farmers to exceed their current cotton allotments by the 5% figure. Excess cotton must be exported at the world price estimated at 23.5¢ per pound for Middling.

To guarantee that the excess cotton will be exported a bond must be made to the County ASC committee, according to Dan Davis, general manager of Plains Cotton Cooperative Association, Lamb, Ok.

Cooperative gin offices throughout this county, will have detailed information about steps to take if a farmer

wants to plant the excess acreage, said Ross Hargrove here this week.

Plains Cotton Cooperative Association will handle details of the bond (to be signed by both tenant and landlord) and will sign the bonds as surety for its patrons, Hargrove said.

Between now and August 15, final decision will have to be made by all farmers as to which of the 3 cotton acreage programs provided by the Agriculture Department they choose.

Choices provided are: to stay "as is" under effective allotment; to accept plant down to the Domestic Allotment program; or to use the export program which allows 5% over the effective allotment.

Should all Texas cotton farmers choose to plant the

5% excess for export it would mean about 350,000 acres of new cotton in this state Hargrove said.

ton loan, at a basic level of 30 cent, a pound Middling 1 inch cotton at average location.

Under the domestic allotment plan, a farmer will be eligible for an additional price support payment of 35 cents per pound on the normal yield of the cotton acreage planted for harvest within the

he also meets the program feed grain provisions where applicable.

Under the export acreage plan, the farmer will be eligible for the 30-cent price support loan on all his cotton except that credited to the export acreage.

Latimer said that growers should decide which allotment they want to use and plant accordingly. If the cotton acreage is determined in excess of the chosen allotment, the grower will have an opportunity to adjust the acreage to the allotment by a deadline to be established by the ASC County Committee.

"All Aboard For Sweetwater"

This was the call second grade students of Mrs. C. C. Burt anxiously awaited Tuesday morning as they impatiently occupied seats in the Texas & Pacific Railway depot here. Shown boarding the train with the assistance of a friendly conductor are several girls in the class. The boys didn't wait for help as they scrambled up the step and into the observation dome of the passenger car. Eight fathers and Mrs. Burt accompanied the twenty-five children who toured the Sweetwater Railway yard and ate a picnic lunch at the city park before returning home via school bus.

COLORADO JUNIOR HIGH SCHOOL

Nat'l. Junior Honor Society Inducts Thirteen Members

NJHS Induction Program Speakers

Participating in the induction program for thirteen new members of the National Junior Honor Society chapter at Colorado Junior High School Friday afternoon were the eight students pictured here. From the left, they are Russell Gundrum, leadership speaker, Carol Cooper, scholarship speaker, Stetson Cowan, chapter president, Charles Egger, flag pledge, Rusty

Steakley, in caption; Donna Carter, secretary-treasurer and emblem bearer; Carol Ginzel, service speaker; Ann Blackard, character speaker. Sponsors for the chapter are Mrs. Arnel Smith, and Coach Bill Everett. L. B. Gibson, school principal, awarded membership cards to the new members.

Induction of new members into the National Junior Honor Society of Colorado Junior High School was conducted Friday afternoon during activity period in the school auditorium.

Presbyterians Fete Seniors At Supper

Graduating seniors of First Presbyterian Church were honored at a family night supper in the church's Fellowship Hall recently.

Seniors honored were Mazy Smith, Myrna Foster, Vicki Decker and Gene Baker. They each received a book of devotions, "As A Man Thinketh," by James Allen. Each book bore the signatures of the old members of the church. Presentation was made by the Rev. Fred Brewster, pastor of First Presbyterian. Bakers expressed the appreciation of the students.

Supper was served buffet style. Tables were decorated with arrangements of roses and larkspur.

A playlet, "The Kitchen Table," was presented by members of the children's and young people's departments under the direction of Mrs. Rex Noble. It concerned a kitchen table bought by a young married couple who planned to have family devotions around it each morning at breakfast. Voice of the table was Mike Musty. The young couple were Merya Eberhart and Rex Noble. Children of different ages portrayed the couple's family from their days to school age, high school and college. In the final scenes, all the children were grown and married. Parents are Mr. and Mrs. H. L. Gundrum. Mr. and Mrs. Jay Craddock and Mrs. Lloyd Humphreys. Mrs. M. L. Kirschbaum is the niece of Younger. The family supper was closed with a hymn and benediction by Rev. Brewster.

Ann Blackard's talk. She grasped the Christian flag as she told the junior high students that development of Christian character is of utmost importance. Concluding talk by Miss Ginzel was on service. Her symbol was the banner of the Red Cross.

Mrs. Arnel Smith, chapter sponsor, introduced the thirteen candidates for membership. L. B. Gibson, junior high principal, presented each with a membership card. He made a short address which closed the program. Coach Bill Everett, co-sponsor of the chapter, invited all honor society members and their parents to a reception in the cafeteria.

China Grove Has Visitors
 By Mrs. N. F. Hall Record Correspondent
 Mr. and Mrs. Jim Merket spent last weekend in Stamford as guests in the Jack Merket home.
 Mrs. Stanley Merket of Colorado City was a guest, Wednesday, of her China Grove parents, Mr. and Mrs. Jess Brown.
 Recent guests in the home of Mr. and Mrs. T. J. Webb were Mr. and Mrs. Hubert Webb of O'Donnell.
 Here from Midland last weekend were Mr. and Mrs. Billy Ray and daughter Kathy who visited in the O. N. Laster Jr. home.
 Cary Allen of Big Spring was guest of his grandparents Mr. and Mrs. Leonard Allen this week.
 Mrs. Walter Wood was the guest of her daughter Mrs. Russell Dunn and family in the Valley View Community last weekend.
 Guests in the Snyder home of Mr. and Mrs. Billy Phipps were Mr. and Mrs. R. L. Hall and children, last Sunday.
 J. D. Hall of Amarillo spent the weekend with his wife and family in China Grove.

SATURDAY LURE
 Naturally, I can't be sure about your plans, but for me, I'm going to do my best to slip away from work for a little while Saturday afternoon.
 The lure will be the District 3-A-A championship baseball game between Colorado High and Brownfield High, which starts at 2 o'clock right here on the Wanda Field.
 And you can bet your best summer hat I'll be selling for our Wolves, a delectable bunch of kids. So, how about giving me a hand, too... Saturday afternoon.

Editorially Speaking

School Administrators Make Their Point

Our salute to the school administrators who blew the whistle, so to speak, on the students at Colorado High who recently decided to take a holiday when band and choral groups were on a trip to Corpus Christi.

Those who took a walk from classes - although not a member of either the band or chorus - received quick penalty from Principal Floyd Morris, who stood his ground when a few parents protested.

The Record will be the last to favor a mamby-pamby life for students, whatever their grade level may be. Fun, individualism, self-assertion are all necessary to a certain degree in education.

But there must also be a fair and equal respect and response to rules.

When an athletic team leaves the campus on a school authorized trip, other students do not consider it a signal to declare themselves a holiday period. And when a band, choral or scholastic group makes an authorized trip, then also there is no signal for those left behind in classes to claim a holiday.

School administrators were in good judgment and good authority when they sought to make this point plain by setting up penalties for those recently who attempted to make themselves exceptions to the rule.

New Enrollment For 65 Health Plan

If you are past the age of 65 or have relatives or friends in this age bracket, then you might be doing them a good turn by calling their attention to the first two weeks in June.

For those two weeks, June 1 through June 15, will be the second open enrollment period for senior citizens in the Texas 65 Health Insurance Association.

Texas 65 Health Insurance Association was authorized by unanimous vote of the 58th Texas Legislature and endorsed by Governor John Connally. And last October, during the first enrollment period, more than 50,000 Texans above the age of 65 took advantage of this insurance program.

Since the insurance program went into effect last November, more than one million dollars has been paid in claims to 4,500 senior citizens who enrolled.

This is a relatively low cost insurance program for any Texas resident past the age of 65, regardless of age or physical condition and without the bother of completing lengthy medical questionnaires.

This unique health insurance program is not a cure-all. It doesn't meet every requirement for health insurance of senior citizens.

But it is a new step forward with a basic and major plan with maximum cost of \$10 per month for the major and a top of \$19 for a combination of the basic and major.

Benefits of the Texas 65 program are guaranteed and underwritten by an association of 64 insurance companies. And, that too, emphasizes the good in this effort.

Good Salaries for College Graduates

Starting salaries for prospective college graduates are of concern to many young people this spring.

Here's information about beginning average salaries being offered to male college students who will receive a bachelor's degree this year. It should be of interest to many of us, as compiled by Mrs. Wanda Meyer, extension home management specialist at Texas A&M University.

With a few exceptions, the industry making the most job offers also was providing the highest salaries. For instance, electrical engineering students were offered 647 jobs from the aircraft and space industry with an average monthly salary offer of \$633. The high was \$692, the low, \$574.

If the same students were interested in working for the electrical machinery and equipment industry, the number of jobs available would be 226 and the salary average would be \$619. The aircraft

and space industry ranked highest in the number of job opportunities for five of the technical curricula.

Average beginning monthly salary offers quoted include: Humanities and social sciences, \$452; marketing and distribution, \$459; business, \$453; accounting, \$538; Metallurgical engineering, \$600; civil engineering, \$607; industrial engineering, \$610; mechanical engineering, \$617; chemical engineering, \$612; physics, chemistry, math, \$617; aeronautical engineering, \$628; electrical engineering, \$633.

In humanities and social sciences, job offers were more evenly divided among all the categories of employers. The highest number - 32 offers - came from banking, finance and insurance, with an average salary of \$452. From the merchandising - retail and wholesale - field came only 27 offers, but the average salary was a little higher - \$458.

IT'S AMAZING!

STATE CAPITAL HIGHLIGHTS

Auto Parking Lot Sure To Sadden Old-Timers

BY VERN SANFORD, Texas Press Association

There is a certain sadness around the capital. An old friend is about to depart. That old friend is the majestic Walton building. For many years it was the home of the Game and Fish Commission (now part of the State Parks and Wildlife Commission). The building soon is to be demolished, by order of the 58th Legislature, to make way for a parking lot.

The white limestone building with its fanciful towers and elegant facade is an old timer. Built in 1875, it was the Travis County Court house until 1929 when the Dan Moody and the Legislature bargained and bought the building for the state for \$40,000.

Although the Walton building was best known to sportsmen and conservationists coming to call on the Game and Fish Commission, it also was the home of the Vocational Education and office of the Texas Education Agency, the Rehabilitation Department, and the Texas Aeronautics Commission.

Just when the Walton building will be demolished is a decision due to be made by the State Building Commission, composed of Gov. John Connally, Atty. Gen. Waggoner Carr and Charles Coates of Chappell Hill, chairman of the Board of Control.

POLLUTION BY SALT

At the request of the Railroad Commission Atty. Gen. Waggoner Carr is reconsidering his opinion that the Texas Water Pollution Control Board has jurisdiction and permit-granting power over oil field waste disposal.

Oil operators told a special committee reviewing the opinion that much of the oil industry has not accepted the new Board's jurisdiction, and look instead to the Railroad Commission for disposal regulation.

Water conservationists support the Board's authority, claiming that the 1961 Legislature gave the Pollution Control Board jurisdiction over pollution by oil and salt water in Art. 762d.

WEST TEXAS TOUR

Texas Tourist Development Agency is looking at West Texas for a repeat of its successful April tour for out-of-state travel writers.

On the first ground, the agency led the writers from Dallas to San Antonio, Corpus Christi, Houston and several other cities in the eastern half of the state.

In November, they plan to take them to such favorites as Palo Duro Canyon, El Paso and Juarez, Big Bend National Park, Fort Davis and the Davis Mountains, Guadalupe Peak, Fort Clark and Alamo Village at Bracketville.

Feature articles in metropolitan dailies and national magazines already are reflecting the favorable reaction to what the writers saw in Texas on the first tour. Agency spokesmen feel the result of the valuable free publicity should mean more tourist dollars in every Texas pocket this summer.

HOSPITAL BUDGET

State Hospital Board has requested a \$128,600,000 budget for the next two-year fiscal period. It includes a \$28,000,000 increase for operating expenses and \$13,200,000 for new facilities.

These new institutions would be constructed if the budget is approved by the Legislature: Mental hospitals for Dallas and the Gulf Coast area (4,000,000 each); Special schools in West Texas and Corpus Christi (2,500,000 each); and a food service training school (250,000).

HIGHWAY FACTS - State highway spending has grown from \$40,200,000 in 1940 to an expected \$450,000,000 this year, reports Highway Engineer D. C. Greer.

He also cited these facts: Total Texas highway mileage has increased since 1941 from 20,359 miles to 65,798; autos have increased from 1,700,000 to 5,500,000; Highway Department employment has grown from 7,600 to 16,000.

Greer also noted that while Texas has 22 more metropolitan areas (50,000 or more population) than any other state, it still ranks fourth among all states in rural population.

RAILROAD - FIREMAN FIGHT - Atty. Gen. Carr said he is going to see how several suits filed against railroads turn out before he decides if he has authority to enter a dispute involving

ACCENT ON HEALTH

'Child' Diseases Are Real Myths

BY J. E. PEAVY, M. D., Commissioner of Health

Are the "childhood diseases" here to stay? Is it still necessary to have a smallpox vaccination? Do babies inherit a "natural immunity"?

The "childhood diseases" are a myth. The fact is that these diseases are so contagious among children that most people have them and thereby developed immunity by adulthood. But adults can and do catch them, and when they do they are sometimes much sicker than children.

Two of the so-called childhood diseases - mumps and German measles - have special dangers for the adult patient. Mumps can be damaging to adults both men and women. And German measles, when occurring in the early part of pregnancy can result in damage to the unborn child.

So, if you are exposed to any "childhood" disease and believe you have never had it, ask your doctor what you can do to protect yourself.

It is extremely important that you and your children keep protection against smallpox up to date. True, the absence of smallpox in this country has led to a lack of public concern about this serious disease and large

segments of the adult population are unvaccinated or require boosters.

In some of the world's smallpox continues to be a serious problem. If just one single undetected smallpox case should be introduced into a U. S. community, it could touch off a serious epidemic.

Is it true that a baby is protected by his "natural immunity" acquired from his mother? Some of a mother's natural or acquired immunities, if any, can be passed on to her unborn infant as her blood courses through the placenta that nourishes him, but this inherited immunity remains effective for only a short time.

In the case of whooping cough, a highly contagious disease that is especially dangerous and often fatal for small babies, there is evidence that immunity is only occasionally passed on.

Every parent, medical authorities advise, should plan an immunization program beginning at six weeks of age against diphtheria, whooping cough, tetanus, poliomyelitis and smallpox.

Booster shots to maintain complete protection should follow at prescribed intervals throughout childhood and in the case of certain diseases, well into adult life.

SENATORIAL REPORT

Senators Study Care for Elderly

BY RALPH YARBOROUGH, U. S. SENATOR

The Senate has a number of programs under study to help soften the problems of the 17 million Americans who are 65 and over, including some 700,000 in Texas.

I serve on a special subcommittee looking into the long-term care of patients in nursing homes. Senator Moss of Utah is chairman.

There were very few nursing homes before the Social Security Act of 1935 was passed. By 1959, there were 1200 nursing homes with 25,000 beds. Today there are 23,000 homes with 592,000 beds and somewhere between 300,000 and 400,000 patients.

All states now have laws setting standards for nursing homes. Other testimony disclosed: (1) State licensing standards vary widely and so does the quality of state inspection and enforcement. In many states, enforcement is lax.

(2) Many welfare patients in nursing homes get poor care.

(3) There are still about 40 per cent of the nursing home beds in the country classified as unacceptable by state agencies working with the Federal government.

Many of these beds are in homes originally built for some other purpose and are little better than firetraps.

(4) We have further learned there is no proper coordination of the three Federal programs which stimulate construction of Administration and the Small Business Administration.

We are working to upgrade the nursing homes to better care for our elderly citizens in Texas and the nation.

San Antonio has a high-rise nursing home for the elderly, one of the first in the nation. It is the Victoria Plaza Apartments project. Texas, with this project, has provided a model for the rest of the nation.

Nuts to Scratches
If you have scratches on your furniture, rub the damaged spots with a piece of pecan nutmeat, then polish as usual. The oil in the nut will stain scratches and, after polishing, will make them nearly invisible.

TEXAS AGRICULTURE

Cattle at Peak In State Cycle

Texas cattle numbers are the highest in history. More than 10 million head were on hand on Jan. 1.

However, Texas A&M University's livestock marketing specialist, Ed Uvacek, believes the state has reached its high peak in the current cattle cycle.

Uvacek said cattle numbers in the U. S. are also at a record high. The total on January 1 was in excess of 106 million head. The record high cattle population represents the seventh year of a build-up in cattle herds.

A national downturn in cattle numbers will begin this year or in 1965, the Texas A&M specialist predicts. When liquidation begins, Uvacek expects a three year period when cattle numbers will become successively lower.

Marketings from Texas feedlots in the January-March period this year total-

ed 292 thousand head or 18 per cent more than in 1963, he said.

Federally inspected slaughter of cattle was up 11 per cent during the first quarter of this year. And experts look for cattle slaughter to stay well above 1963 levels for the remainder of the year, Uvacek said.

Prices of choice beef carcasses are expected to gradually decrease after May, he said, probably reaching their lowest levels in the September-October period. Uvacek predicts that good carcasses will decrease in price to lower levels in the July-September period.

The marketing specialist says feeder and stocker calves are now at their best demand for the year and should drop much lower as the heavy movement of late summer and early fall marketings begin.

FELLOWSHIP

John Hayes Reese to Seek Doctorate

John Hayes Reese, son of four years of football, was first president of CHS Student Council, organized his senior year, and was active in extra-curricular and campus affairs. Reese entered Southern Methodist University in 1948 and received his B.B.A.-L.L.B. degrees in 1954. Reese served three years on the Judge Advocate General's staff of the Army after graduation from law school. He joined the faculty at Texas Tech in 1957. Tech has granted him a year's leave of absence while he completes study toward his doctorate of Judicial Science in law. Reese, his wife and three children will move to Washington, D. C.

ELEMENTARY GRADES

Picnics Celebrate School's Closing

BY MRS. W. A. BELL
WESTBROOK — Members of the fourth, fifth and sixth grade classes, their teachers and sponsors, had a picnic and field trip to Big Spring Friday. The group skated at the Big Spring Lunk in the morning. After lunch at the City Park, they made a tour of Webb Air Force Base, which included a ride through the base in air force buses, lectures and take-off of different types of planes. Making the trip were 16 students from the 4th grade, their teacher, Mrs. S. L. Yelding, three mothers, Mrs. Royce Moore, Mrs. Dutch Doss and Mrs. Jimmy Henderson. From the fifth grade were eight students, their teacher Mrs. Robert Hutchins, and three mothers, Mrs. David Anderson, Mrs. Clyde Chambers, and Mrs. Sherrill Bassinger. Sixteen students from the sixth grade, their teacher Ralph Bryant, Mrs. Bryant, Mrs. E. C. Whitehead, Mrs. A. C. Moody, Dolis Hines, Mrs. Ted Jackson, Mrs. Billy Bassinger, Mrs. James Kelley and Mrs. Don Denson were also present. The group made the trip by school buses with Ralph Bryant and Buss Gressett as drivers. Members of the second grade class with their teacher, Mrs. Orlean Cook and parents of the students, had a school picnic at Abilene City Park on Tuesday. The trip was made by school bus.

PRIMARY P-TA

Mrs. Thompson Installs Officers

The eighth grade class and their sponsor, Mrs. Charles Maughon, had an outing at Moss Creek Lake Saturday. Class members going were Margie Geron, Vickie Sullivan, Wanda Whitehead, Patricia Bell, Sharon Morris, Buddie Lewis, Eddie Ranne, George Sweatt, David Crawford and Lawrence Kelley. Others going included Lynda Sullivan, Janella Williamson, Gayla Redwine and Harrell Joe Geron. The seventh graders were feted at Col-Tex Club at Colorado City Lake Saturday night. Class members present included Sue Bell, Debra Yelding, Christine Read, Oma Rich, Esperanza Reyes, Don Jarrett, Robert Chambers, Larry Miller and Junior Oden. Others attending were their sponsor, Mrs. Trevor Crawford, Mr. Crawford, David and Ann and Vickie Jarrett. Mr. and Mrs. John Waddill and son of Big Spring visited her mother, Mrs. Toy Stewart, Sunday. Installation of officers for the Primary Parent-Teacher Association was conducted by Mrs. Charles C. Thompson at the May meeting of the organization. Officers installed were Mrs. Bob Johnson, president; Mrs. Buddy Logsdon, first vice president; Mrs. M. L. Medford, second vice president; Mrs. Bennie Cornutt, secretary; Mrs. Charles Arledge, treasurer; Mrs. Curt Shaw, historian; Mrs. J. R. Erwin, parliamentarian. Mrs. Thompson introduced the retiring officers, headed by Mrs. Rush Barnett, and told of their work during the past school year. Mrs. Barnett presided for their regular business meeting which heard a report from the treasurer, Mrs. Jerry Smith, Mrs. Smith reported on the balance in the treasury, which will be used as a beginning for a record library at the school. The new president, Mrs. Johnson, spoke on the organization and purpose of the Parent-Teacher Association. She also reported on the 16th District Spring Convention in Sweetwater in April. Theme for the coming year was announced as "We, The P.T.A. Cooperate With The Schools." Mrs. Johnson announced the appointment of Mrs. Logsdon as chairman of the program committee. Attendance count resulted in a four-way tie between the rooms of Mrs. Moore, Mrs. Wilson, Mrs. Sellier and Mrs. McCLOUD. Social hour followed the meeting with hostesses, Mrs. Elbert Spann and Mrs. Logsdon.

MRS. R. P. HEARIN

C-City Garden Club Hears Local Florist

Mrs. R. P. Hearin, local florist, was speaker for the regular meeting of the Colorado City Garden Club in the Recreation Center.

Mrs. Hearin demonstrated basic designs in flower arranging, constructing seven arrangements, each for a different setting. They included arrangements suitable for a luncheon table, a man's room, a rest home, also a water garden, Victorian period, combination of flowers and fruit and a "new trends in design."

She said the sun colors, red and yellow, are becoming most popular in arrangements. She also stressed the use of texture. Helpful hint passed on by the professional florist was that of always using a sharp knife to cut flower stems, cutting at an angle so the flower will absorb more water.

Hostesses for the meeting were Mrs. Roy Davis Coles,

Mrs. Floyd Shepherd and Mrs. Earl Brown. Mrs. Ben D. Elliot presided with Mrs. A. H. Jackson as program leader.

Next meeting will be a coffee in the home garden of Mrs. Brown at 732 East Ninth, the morning of Wednesday, June 10th. Past presidents of the club will be honored guests.

Guests at the May meeting were Mrs. Gary Baker, Mrs. J. F. Quinney and Mrs. J. W. Randle. Members were Mimes Jackson, Ben Pritchett, Elliot John Brown, Will Berry, Leon Jenkins, W. C. Hooks, Dan Pritchett, Ruth Airhart, L. J. Taylor, Coles, S. A. Palmer, Guy Elliot, A. A. Herrington, E. M. Owen, Jack Long, Earl Brown.

Pipe Line Co. Recognizes Safety Record

Employees of the Colorado City station of Texas Pipe Line Co. and their wives were honored Wednesday last week with an awards dinner at the Villa Inn.

Safety award was presented to Chris Visser, station supervisor, on behalf of the local employees. The C-City station has a record of fifteen years of work without a lost time accident.

Guests speakers for the dinner were W. T. Palmer, division manager from Wichita Falls and Tommy Anderson, personnel manager from Houston. Palmer also presented the safety award to Visser and an award to Mr. Hardin from Big Spring.

The dinner was attended by twenty employees and wives.

over the state, to seek public advice on how to carve up districts on an equal-population basis under court order, will begin after the second primary elections, June 6.

Moffett, Texas' oldest lawmaker in point of legislative service, said he doesn't think the public is nearly as interested in the problem of redistricting as political furor over recent court action indicated.

He indicated there will be no revelation of the study committee's final recommendations for a redistricting bill before the Legislature convenes in January.

MANUFACTURING GROWTH—Value added by manufacture in Texas products for 1962 came to \$6,300,000 of the \$9,700,000 total for the four West South Central States (Louisiana, Arkansas, Oklahoma and Texas). University of Texas Bureau of Business Research reports total state employment has risen 67 per cent since 1947, and production workers have increased 45 per cent. Automation was cited for the relatively slow growth rate in the latter group. Productivity of Texas labor is high as measured by manufacturing value added per production worker on S. U. Bureau of Census scales. The Texas figure is \$52,816 per worker for 1962, compared with \$36,572 for Louisiana and \$30,946 for Oklahoma.
