The SDN Column

All the way from England comes praise for the Scurry County Library. Mrs. Ceri Long, whose husband, Jesse Long, was on the faculty at Western Texas College for three years before deciding to return to England, says we should be proud of our library.

"May I, through the courtesy of your newspaper, express my deep gratitude to the Scurry County Library Staff and to all those people who at one time or another have been instrumental in building up such a fine county library," writes Mrs. Long.

"Throughout our three-year residency in Snyder, I was continually impressed by the wide selection of books at the Scurry County Library; I was even more favourably impressed by the obliging efforts of library staff in their attempts to obtain any books—even obscure books that we requested. I was, therefore, delighted to observe the progress on the new library-extension before we left Snyder."

Perhaps the most amazing thing of all about the county library is that 20 years ago it did not even exist.

Imagine Tommy LaRoux's surprise when he returned Sunday from a trip to Arkansas and found that he had been fighting a fire in Snyder—all the way from Hot Springs—last Thursday. It all came about when firefighters in a photograph we published were incorrectly identified. LaRoux said he knew it was tough to get away for a few days, but didn't know it was that tough. Anyway, it wasn't LaRoux, but Dale Swigert, in the picture, which—confused the photographer, both of them being in the electrical business.

The attention of sports-minded citizens is switching rapidly to football and mourning doves. Dove season opens at noon Sept. 1 and will continue through October. Football already has made a tentative appearance, with a few exhibition games by the professionals on television and a few informal scrimmage sessions by the high school teams, but the serious business begins next week. The high schools and even a few colleges will play games on the first weekend in September. The Snyder High Tigers will open their season before the homefolks this year, hosting Mondhans on Friday night, Sept. 5. The next evening, there will be a fair sprinkling of major college games, with three Southwest Conference teams seeing action: Baylor will host Ole Miss, Houston U. will entertain Lamar U. and SMU will go to Wake Forest.

Incidentally, the Southwest Conference's annual roster and record book, "Football Seventy-Five," is dedicated to Abe Martin, who, as a player, coach and athletic director, was associated with TCU from the twenties into the seventies. A conference resolution, quoted in the introduction to the '75 book says, "Abe Martin's name and earthy philosophy stand for the highest ideals to be achieved in competitive sports as athlete, coach, physical educator and administrator..." You can't say anything much better than that about a man in Abe's profession.—WACIL McNAIR

Today In History

By The Associated Press

Today is Wednesday, August 27, the 239th day of 1975. There are 126 days left in the year.

Today's highlight in history:

On this date in 1945, American troops began landing in Japan at the end of World War II. It was the first foreign occupation of the country in modern history.

On this date:

In 55 B.C., Roman forces under Julius Caesar invaded Britain.

In 1776, the British were victorious in a Revolutionary War battle on Long Island, N.Y.

In 1859, the first oil well in the United States was drilled near Titusville, Pa.

In 1862, the Italian patriot, Giuseppe Garibaldi, was seized as he was on his way to capture Rome.

In 1928, the Kellogg-Brian pact to outlaw war was signed in Paris.

In 1939, Nazi Germany demanded Danzig and the Polish Corridor.

Ten years ago: An executive order by President Lyndon Johnson said men between ages of 19 and 26 who got married from that day on would not be exempt from the draft.

Five years ago: A new round of Middle East peace talks was beginning under United Nations special representative Gunnar Jarring.

One year ago: A Soviet spacecraft with a two-man crew was shot into orbit to dock with a satellite launched in June.

The Weather

SNYDER TEMPERATURES: High reading Tuesday, 90 degrees; low reading, 69 degrees; reading at 7 a.m. today, 69 degrees; precipitation, .4.

Northwest and Southwest Texas: Cloudiness with scattered thunderstorms through Thursday. Low tonight upper 50s mountains and lower 60s north to lower 70s south. High Thursday lower 80s to mid 90s.

North Central and Northeast Texas: Mostly cloudy with scattered thunderstorms west and partly cloudy with scattered thundershowers central and east through Thursday. Low tonight 70 to 75. High Thursday 87 to 93.

South Central and Southeast Texas: Partly cloudy through Thursday. Chance of thundershowers, mostly in northwest and along lower coast. Low tonight in 70s. High Thursday 88 to 93.

Coast: East winds 8 to 12 knots through Thursday. Seas 2 to 4 feet. Seas and winds higher in scattered thundershowers.

INDEX FIGURES UP FIFTH MONTH

Recovery Signals Continue

By G. DAVID WALLACE
Associated Press Writer

WASHINGTON (AP) — The government said today its index to anticipate future trends in the economy advanced for the fifth consecutive month in July.

The Commerce Department said its index of leading indicators, a composite of a dozen individual economic measures, climbed 1.7 per cent in July, putting the index figure 11.5 per cent ahead of its low point last February.

The advance, combined with a revision of June's advance from its originally reported 1.9 per cent rise to a 2.9 per cent increase, signaled continuing recovery in the economy.

Commerce Secretary Rogers C. B. Morton called the report encouraging but counseled caution in interpreting it.

"Because of the variables within the economy, we cannot expect that every month will show such a dramatic increase," Morton said. "We still have a long way to go before we can all be satisfied with the state of the economy."

It said the strongest upward influence in the index in July was a heavier volume of new orders for consumer products and raw materials.

That category advanced 7 per cent.

In all, 7 of the 10 individual statistics available when the July index was computed advanced. Three of the components declined and two were not available for compilation.

The strongest downward influence in the composite was a 1 per cent decline in the nation's money supply. Also exerting a downward influence were higher prices for key raw materials and reduced spending on factories and equipment.

The other components indicating a quickened pace of economic activity in the future were a longer work week for factory workers, an increase in cash and assets for business, faster formation for new business, higher stock prices, and increased volume of building permits issued and a slower performance from key suppliers of business goods.

The slower performance is taken as an indication that business is picking up.

Deposed Selassie Dies Today At 83

ADDIS ABABA, Ethiopia (AP) — Haile Selassie, the diminutive strong man who ruled Ethiopia for more than half a century before he was deposed by the military last September, died today. He was 83.

The government said the former monarch was found dead in his bed by a servant early this morning.

Addis Ababa radio said Selassie died as a result of illness affecting his prostate gland. Last May, Selassie was reported seriously ill with a prostate condition.

Born Prince Tafari Makonnen on July 23, 1892, Selassie was not in the direct line for the throne. He was chosen regent and heir to share rule with his cousin, Queen Zauditu, after Emperor Lij Yasu was deposed in 1916.

Gradually, Tafari gained the upper hand and had himself proclaimed king in 1928 and emperor in 1930 after Queen Zauditu's death.

Since he was deposed last Sept. 12 Selassie had been confined in one of his former palaces in the Ethiopian capital, and access to him had been denied to outsiders.

Medical reports following his operation said he was making a normal recovery. But then there was no further word on his condition.

Today's broadcast said that following a deterioration Tuesday, Selassie's only surviving daughter, Princess Tenagne-Work, had been permitted to visit him.

But there was apparently no fear his death was imminent, and the former absolute monarch of 27 million people died alone.

Taking the throne in 1928 when he was 36, he ruled for 41 of the next 46 years.

Mussolini's invading army drove him into exile in 1936. The British army brought him back to his throne in 1941 and he kept it until a slow-motion military coup culminated in his arrest last Sept. 12.

The bearded little old man was held in an apartment at the Grand Palace, his former stronghold on a hilltop overlooking Addis Ababa and now the headquarters of the military regime that overthrew him.

Last February he was reported in good health but subject to periods of mental confusion when he seemed to believe he was still on the throne.

In March, the leftist military government abolished the 3,000-year-old monarchy.

On May 23 the official Ethiopian radio announced that Haile Selassie was seriously ill and might need prostate surgery. That was the last word of him until the announcement today of his death.

BABY BORN WITH HEART OUTSIDE BODY IMPROVES—Dr. Robert G. Kettrick (left) and Dr. Naresh C. Saxena join with Mr. and Mrs. Christopher Wall (right) in visit Monday with young patient, Christopher, Jr., who was born August 10 with his heart outside his body. Raised portion on baby's chest forms protruberance where child's heart is covered with his own body tissues. The youngster, in isolation and being supplied with oxygen through a ventilator, is improving daily. (AP WIREPHOTO)

Break Near On Grain Boycott

WASHINGTON (AP) — A White House official says a breakthrough may be near on a key issue in the labor boycott of Russian grain shipments.

At the same time, AFL-CIO President George Meany and Ford administration officials say they will continue negotiations to resolve the controversy.

The White House official said there might be an announcement in the next few days on a settlement between the Russians and the U.S. government that would result in more American ships being used to carry the grain.

That in turn would produce more jobs for American seamen. Organized labor has cited that goal as one of the conditions that would lead to an end of the boycott.

President Ford met Meany and other labor leaders for 90 minutes Tuesday but failed to reach a settlement in the dispute. Meany and White House Press Secretary Ron Nessen later said they expected further talks but no time or date was announced.

Meanwhile, U.S. District Judge Owen Cox in Corpus Christi, Tex., said he will rule today on a shipping group's request for an injunction against the International Longshoremen's Association that would bar the longshoremen from refusing to load Soviet-bound grain.

Dockworkers have been loading grain after a temporary restraining order last week ended a brief work stoppage at Gulf ports.

Meany called for the boycott last week to halt the shipments until the Ford administration took action to get American ships more of the grain export business and to protect U.S consumers from higher prices that might result from the Russian sales.

After his Tuesday meeting with Ford, Secretary of Labor John T. Dunlop and other union leaders and administration officials, Meany said: "The situation is not changed in any respect, except that we have more information and expect to continue discussions." Asked if the boycott would continue, Meany replied: "Yes, sir."

Egypt OKs Sinai Pact

ALEXADRIA, Egypt (AP) — Secretary of State Henry A. Kissinger headed for Jerusalem today with the wording of a Sinai settlement approved by Egypt that could bring a new Israeli-Egyptian agreement by the weekend.

"All issues have been defined," Egyptian presidential spokesman Tahseen Bashir said. "If the response from the other side is satisfactory, then there will be further progress."

Bashir said Kissinger was taking "certain formulas" to the Israelis and would return to Alexandria on Thursday night with answers.

Kissinger said before his two-hour meeting with President Anwar Sadat at Sadat's seaside villa that only "nuances" remained to be resolved in the new agreement for another Israeli pullback. He reported "remarkable progress" when he arrived in Alexandria on Tuesday.

NYC, Los Angeles Make Bid For Demo Convention

WASHINGTON (AP) — New York City, front runner in the bidding for the 1976 Democratic convention, today promised security and convenience for the delegates despite its economic troubles. Mayor Abraham Beame declared: "We are still the Big Apple."

However, Los Angeles, pressing its bid before the Democrats' convention site selection committee, said it has none of New York's financial or labor problems. Mayor Tom Bradley said: "For the past two years we've had a balanced budget without any layoffs."

The site selection committee said it would vote later in the day on where the convention will be held.

Beame said a bicentennial year convention would be a natural for New York City, which was the nation's first capital. "The Democratic convention belongs in New York City," he said.

The mayor and New York labor leaders accompanying him promised there would be no strikes or disruptions during the convention if it goes to New York, despite the city's financial crunch which has brought some layoffs of public employes.

But Bradley said Los Angeles' finances "are in good shape" and brought pledges from Los Angeles labor leaders that they would submit any disputes to binding arbitration rather than strike during the convention.

The Los Angeles mayor also said the cost of hotel rooms and meals in his city would be cheaper, in some cases half as much as in New York.

Punishment Deliberated In Perez Trial

A jury in 132nd District Court this morning was considering punishment for Raymundo Perez after finding him guilty of carrying a prohibited weapon in a public place.

Perez had been charged with aggravated assault in connection with the shooting of Israel Torres on the night of Aug. 4, 1974, at the Tiger Drive-In Theater. The jury found him guilty of the lesser charge last night. Deliberations on the punishment began at 10:30 a.m. today and were continuing at noon.

The prosecution rested its case yesterday morning, and the defendant—the only witness called by the defense—took the stand just before noon. He claimed the shooting was in self-defense.

The case was prosecuted by District Attorney Pete Greene. The defendant was represented by attorney Dan Barber of Colorado City. Presiding judge was District Judge Wayland Holt. Just Favor will represent the jury.

Organized Crime Billion Dollar Business In Texas

AUSTIN, Tex. (AP) — The Texas Organized Crime Prevention Council says bookies, motorcycle gangs and $1,500-a-week prostitutes were part of organized crime's $1 billion operation in this state last year.

The Associated Press obtained the council's annual report, covering 1974, Tuesday. The council was created by the governor, consists of state officials in the law enforcement area and coordinates investigation of organized crime.

Intelligence reports indicate that bookmaking on college and professional football and basketball "continued to be the biggest organized criminal activity in Texas during 1974," the council said.

Texans placed an estimated $1 billion in bets with illegal bookies in 1974, yielding a $120.8 million profit, the report said.

It said subpoenaed records indicate that bookies in the Belton, Brownsville, Corpus Christi, Dallas, Fort Worth, Galveston, Houston, Midland, Odessa and Wichita Falls areas were in daily contact with other bookmakers in 117 cities located in 78 Texas counties and 119 cities in 36 other states.

And "these bookmakers represent . . . less than 5 per cent of the total number of bookmakers known to be operating within the state," it said.

The council said that the Texas Department of Safety's Organized Crime Intelligence Unit had identified 1,628 prostitutes, 535 procurers and 89 bawdy house madames between January 1968 and December 1974.

"Intelligence reports revealed that the average income of prostitutes was $1,500 per week. Assuming that all of the identified prostitutes made at least the average amount per week, the estimated income to organized crime from prostitution would amount to approximately $126.9 million a year," the council said.

A prostitution ring working out of Corpus Christi was identified in 1974, the report said, with a circuit that extended into Austin, Houston, LaGrange and San Antonio.

"The Dallas Area Organized Crime Task Force identified 200 prostitutes working in 50 massage houses during the calendar year," it added. "This operation was further identified as part of a prostitution ring which included the cities of Dallas, Houston and San Antonio, Tex.; Miami and Pompano Beach, Fla.; New Orleans, La.; and Honolulu, Hawaii."

The council said Texas law enforcement agencies have not been able to positively identify any Texan as a member of La Cosa Nostra.

The so-called "Dixie Mafia" has 213 alleged members or associates in Texas, the report said, including seven who were "known to be pilots and were believed used to fly associates and members to various locations when desired."

The Dixie Mafia was described as "a group of highly mobile criminals operating throughout the states of Alabama, Florida, Georgia, Louisiana, Mississippi, Texas and other southeastern states who specialize in extortion, burglary, robbery, murder, theft and numerous other criminal offenses."

While several outlaw motorcycle gangs were present in Texas, the Bandidos were the largest and most organized, with chapters in most of the state's cities as well as several other states, the report said.

Fall Weather Invades Area

Fall-like weather enveloped the Snyder area late Tuesday as winds whipped in from the northeast, pushing dust ahead and bringing rains that sent the thermometer plunging.

Rainfall varied, with heaveist amounts apparently in the east part of the county. Snyder had .40 in its official gauge, mostly from a series of light showers and drizzle that continued intermittently overnight.

Cloudy weather prevailed this morning after the thermometer dipped into the low sixties.

Rains of well over an inch were reported east and southeast of Snyder, and heavy rains also were reported late Tuesday afternoon northeast of Big Spring.

Pre-Registration Is On At WTC

Pre-registration for the fall semester at Western Texas College is now in progress and will continue from 8 a.m. to 12 noon each day through Friday.

Students who wish to pre-register are to report to the offices of the counselors in the Student Center to work out schedules. Fees will be paid in the business office after schedules have been approved, and students will return to the campus to receive identification cards and parking permits during regular registration on Sept. 2-3.

Classes for both day and evening students will begin Sept. 4.

Five Major Oil Firms For Immediate Decontrol

HOUSTON (AP) — Five major oil companies have endorsed immediate decontrol of oil prices, positions which differ from that of another major firm, Mobil Oil Corp.

Companies saying Tuesday they favor immediate decontrol were Gulf, Exxon, Shell, Texaco and Continental.

Price controls will end Sunday at midnight unless Congress later overrides President Ford's scheduled veto of a six-month extension.

Last Sunday Mobil called for gradual decontrol over an extended period, saying abrupt decontrol would hinder economic recovery.

U.S. Rep. Bob Eckhardt, D-Tex., also said Tuesday the decontrol of oil prices will dump a tremendous burden on the nation's economy and consumers.

He said he considers plans by the President to veto the extension as "foolish and a terrible mistake."

Exxon said in a statement that the sooner the U.S. government removes "the inequitable and burdensome controls on the petroleum industry and allows a return to a free market, the sooner the nation can approach its goal of energy self-sufficiency."

"We urge Congress to sustain the President's planned veto," a Gulf spokesman said.

A Continental spokesman said the company supports "immediate decontrol rather than continuing indefinitely under the present counterproductive regulations and restraints."

Texaco said a "return to a free market is essential," and said it would exercise prudent judgment in pricing decisions.

"The choice now appears to be immediate decontrol through presidential veto or some continuation of controls," said Harry Bridges, president of Shell. "We strongly prefer decontrol and hope the veto will be sustained and a good tax bill will be speedily enacted."

Exxon said it could not predict product prices following decontrol but that refinery raw material costs will increase only three to four cents a gallon if the $2 fee on crude is eliminated and the fees on products are reduced.

A Shell spokesman said his company expects prices over the remainder of the year to increase about 3 to 3½ cents a gallon. Continental said competition could hold the increase below four cents.

Eckhardt told a managers conference of the National Rural Electric Cooperative Association that allowing the market place to determine the price of oil will hand control of oil prices over to the Arab oil cartel.

A bill still before Congress includes an Eckhardt proposal that would set the price of domestic crude oil at $7.50 a barrel. Current prices range from $5.25 for controlled "old" oil to $12 a barrel for uncontrolled "new" oil.

Area Scouts Participate In Swim Meet

Twenty Scouts from Troops 107 and 27 of Snyder and Troop 20 of Colorado City participated in the Boy Scout Swim Meet of the Lone Buffalo District of the Buffalo Trail Council the past weekend in the Western Texas College pool.

Troop 20 of Colorado City won the Presidential Award with 46 points. Troop 107 came in a close second with 44 points, and Troop 27 third with 32 points.

The winners in the events went to these scouts: in the 13 year and up breast stroke Tommy Peek of Troop 27 won first, second went to Stan Pavlik of Troop 107 and third to Tommy DeLora of Troop 20. In the 11 and 12 year old back stroke, John Pavlik won first for Troop 107, John Moore won second for Troop 20 and Ricky Luera of Troop 20 won third. In the 13 year and up back stroke, John Smiley won first for Troop 27, Mark Miles of Troop 20 won second, and James Bruns of Troop 107 won third.

In the 13 year old and up division of the side stroke, John Smiley won first, Stan Pavlik of Troop 107 won second, and Mark Miles won third. In the 11 and 12 year old division, of the free style event John Pavlik won first, Ricky Luera won second, and Ray Delora won third. In the 13 and up free style, John Smiley won first, Mark Miles won second, and Bobby Overhulser of Troop 107 won third. In the non-swimmer event, Ricky Overhulser of Troop 107 won first and Manuel DeLoera won second for Troop 20.

The meet was pronounced a success by meet director Erwin Pavlik and plans are underway for next year's meet.

Sun Oil Turns Over Records

HOUSTON (AP) — The Houston Post says Sun Oil Co. has revealed it turned over records for purchase of more than 3,000 barrels of crude oil to the Texas Railroad Commission in connection with an investigation of an interstate oil theft ring.

The newspaper quoted a spokesman for Sun Oil in Dallas as saying Tuesday the crude was purchased by Sun Pipe Line Co., a subsidiary, in June through Eastern Petroleum Co. of Casper, Wyo. The oil was delivered to Sun's Liberty, Tex., terminal, the spokesman said, and there it was mixed with other oil.

"The crude was below specification but there wes no reason to suspect any irregularities," the spokesman said.

The Texas Railroad Commission, Texas Rangers, the Texas attorney general's office and Louisiana officials are investigating what officials say is believed to be an oil theft ring operating in both states.

Texas Atty. Gen. John Hill has said a Texas City refinery apparently was an unknowning purchaser of about 1,200 barrels of stolen crude.

The Post said Ronald Koenekamp, president of Eastern Petroleum Co., has been contacted by officials investigating the delivery to Liberty.

"We're basically doing some fact finding," Koenekamp said. "We're really baffled. We are a reputable marketing firm dealing mainly in natural gas."

The Post quoted Bill Faust, head of the organized crime division of the Louisiana attorney general's office, as saying Tuesday he is following up leads supplied by persons already arrested in the case.

Four men charged with felony theft are in jail at Ballinger, Tex. One of these is a Houston man and the Harris County sheriff's department here is searching for three other Houston area men wanted on felony theft warrants from Runnels County.

Faust told the Post he is "canvassing thefts from oil storage tanks at well sites" in Louisiana. He said 170 barrels of crude were stolen from one tank site.

"That's two tank trucks of oil," he said. "That's a lot of oil."

Faust said it is "much too soon" to say where any indictments will come out of Louisiana in the case.

Two Vehicles Are In Mishap

Minor damage resulted from a two-vehicle collision at Twenty-third Street and Avenue E at 5:26 Tuesday.

Involved were the 1968 Model Chevrolet pickup of Felix Kea, 100 Twenty-sixth Street, and a 1975 Model Ford pickup driven by Charlsie Tate, Route 2, Box 204.

For Thursday, Aug. 28, 1975

ARIES (March 21-April 19) Another day when you can reap a rich harvest. The key to a bigger bank account is found in being practical in all your dealings.

TAURUS (April 20-May 20) The outcome of this day depends solely upon you. The quality of your efforts will determine the value of your rewards.

GEMINI (May 21-June 20) Your thinking is deep and pensive on this peaceful, quiet day. Put your serene mood to use. You'll benefit.

CANCER (June 21-July 22) Friends are reliable today. If you need their help, just ask. They'll make a concerted effort to give it.

LEO (July 23-Aug. 22) You'll probably feel you're in a rut today because the impetus needed to give your career that upward surge is lacking.

VIRGO (Aug. 23-Sept. 22) Plan your actions well now. Build a good foundation, then put each small brick in place.

LIBRA (Sept. 23-Oct. 23) Be firm and patient in any financial deals today. Don't let others hurry you beyond your chosen, comfortable pace.

SCORPIO (Oct. 24-Nov. 22) The spotlight is on your mate or partner today. Don't let it bother you. You're still a key part of the team.

SAGITTARIUS (Nov. 23-Dec. 21) If you have in mind to start a diet or exercise program, this is a good time. You'll stick to what you begin now.

CAPRICORN (Dec. 22-Jan. 19) You're a good manager of those under your care today. If you make a point with a young person, the lesson will be long-remembered.

AQUARIUS (Jan. 20-Feb. 19) You'll get as big a kick out of entertaining today as will those you entertain. Even extra guests won't upset you.

PISCES (Feb. 20-March 20) Mental gymnastics won't faze you today. You're good at weighing facts, figures and propositions.

Your Birthday

Aug. 28, 1975

You'll strive to acquire a special type of knowledge which you'll put to practical, profitable use this coming year. It will come slow but be worth the effort.

4 Sul Ross Classes At WTC Filled

Four classes being offered by Sul Ross State University at Western Texas College have been closed after reaching maximum enrollment.

Forty-three persons enrolled for Sul Ross classes on the first night of enrollment. Classes which were closed for additional enrollment are Ed. 6308, Ed. 7307, Ed. 5307 and Ed. 5309. Two other classes, Ed. 5310 and Ed. 7305a, have enrolled the minimum number of students to assure that they will be taught.

Remaining on the tentative schedule with less than minimum enrollment are Ed. 5323, Ed. 7304, Ed. 7303, Ed. 7305b and P.Ed. 5301.

Enrollment in the Sul Ross courses will continue through Sept. 5 with classes starting Sept. 8. Persons wishing to enroll are to contact Mrs. Mitzy Elledge, Sul Ross coordinator, in the WTC Administration Building. Students who cannot take a desired course because it has been closed upon reaching maximum enrollment may be able to select another course from those still open.

Students who would like to take Sul Ross courses at WTC during the spring semester are encouraged to talk to Mrs. Elledge about courses they would like offered. The spring schedule will be made up in October and requests need to be submitted before that time. A minimum of five graduate students is required for a class to be offered.

Copies of the Sul Ross catalogue and special bulletins are available in Mrs. Elledge's office.

Camper Blown Off Pickup

Ray Broker of Delhi, Calif. escaped serious injury in a motor vehicle mishap 2.7 miles north of town on U.S. 84 at 5:50 p.m. yesterday.

Investigating Highway Patrolmen said Broker was driving a 1974 Model Chevrolet pickup with camper and towing a 1953 Chevrolet pickup. During a rainstorm, the wind blew over the pickup Broker was pulling and knocked the camper off the pickup he was driving. There was considerable damage, but the motorist escaped injury.

Class On Sex Roles Brings Male Turnout

NEW HAVEN, Conn. (AP) — A large male turnout for a college course on roles imposed by society suggests women are not alone in seeking greater freedom, according to a professor.

"I had expected all women to sign up," said Asst. Prof. Steven Dworkin, who teaches social work at Southern Connecticut State College.

He said the two sexes were split about evenly among 20 students who last year joined his new elective evening course on social stereotypes for prospective teachers.

"And we have arguments every night," he added, saying disagreement was a healthy part of the learning process.

One memorable argument involved the general suspicion society holds for strong friendships between two men.

"One 25-year-old man admitted that his father had never hugged him and he now wished he had had this opportunity because he now lacks the ability to demonstrate his affections," Dworkin said.

"He talked of the fear of homosexuality which seemed to be the basis for fathers' not hugging their sons. But others in the class pointed out that we were not discussing sex but friendship and the stereotype society put on such a relationship."

He said the argument became so intense he had to intervene.

Other subjects arise: why men work so hard, why they shy away from day-to-day child care, and why they suffer retirement woes.

Dworkin, who has faced many of the family problems as a divorced father of two young children, said many men in the course expressed a fear of assuming responsibility for child care and of "getting stuck" with the job if they did.

He recalled that he had trouble in an earlier mental health job persuading his employer to shift his schedule so he could balance night meetings with mornings off to spend time with his children.

Unjustified social stereotypes will continue until people realize the benefits of changing them, he said.

He listed several benefits men would experience:

—More satisfying relationships with all people.

—Children with healthier attitudes because of the added parental support.

—Stronger families through sharing of more home activities with their wives.

—Longer life because of less work stress.

Miss Hutton Leaves Rectory

PORTSMOUTH, R.I. (AP) — Betty Hutton, onetime movie star, has left a Roman Catholic rectory here where she has been staying with friends since June.

The Rev. Peter Maguire, pastor of St. Anthony's Rectory, said Monday Miss Hutton left the rectory to return to California about two weeks ago.

Miss Hutton, 53, stayed at the rectory last year when she worked as a kitchen helper. She left early this year for New York where she underwent psychiatric treatment.

Father Maguire said Miss Hutton had planned to stay at the rectory for the summer but left after letters were sent to the Providence bishop complaining that her presence was disrupting the rectory.

"She still wants to make a comeback, and I guess that (California) would be the place to do it," Father Mcguire said.

Miss Hutton, who has starred in movies including "Annie Get Your Gun" and "The Greatest Show on Earth," said she found herself last year when she converted to Catholicism.

Opening lead — J ♥

By Oswald & James Jacoby

Here is a hand that decided an important team match some years ago. The contract was six spades at both tables and a heart was led to East's ace.

At one table a heart was led back. South discarded his seven of diamonds and proceeded to run off six trumps. At some stage West dropped the 10 of diamonds to wind up with all four of his clubs. Then when South came down to a two-card ending, he tried the diamond finesse and went down two.

At the other table East returned a diamond.

South was a mathematician and knew that a finesse represented a 50 per cent chance while a 3-3 club break occured only 36 per cent of the time. Nevertheless, he went up with the ace of diamonds, played a couple of trumps, discarded his seven of diamonds on dummy's good heart and ran the rest of the trumps. The four-card ending squeezed West who had to let his king of diamonds go to keep four clubs and the slam made.

South explained that the squeeze possibility added to the chance that clubs might break 3-3 came to well over 50 per cent but he had an extra reason for the play. He explained that East just hated to lead from kings.

Ask the Jacobys

An Oregon reader wants to know the correct opening bid in standard American with: ♠ A K Q J 10 5 ♥ A K Q ♦ 3 2 ♣ 3 2.

The answer is two spades. You don't have a sure game, but you sure want to be there if partner holds a king. Incidentally, in our version of standard American, if partner responds two notrump we rebid to three spades and he is allowed to pass with a worthless hand.

WATER HOLE NO. ONE—Texas dove hunters will be looking for spots like this water hole Sept. 1 as the annual dove season gets underway. Forecasts by TP&WD personnel indicate a good season in store for the hunter this year with plenty of food, water and birds available throughout the Panhandle and the South Plains. (Photo by TP&WD).

Rain Brightens Outlook For Area Dove Hunting

Summer rains have brightened prospects for dove hunting in the Snyder area, Rue Gambol, game warden, told members of the Snyder Lions Club at their luncheon meeting Tuesday.

Gambol showed a film on mourning doves. It showed how the Texas Parks and Wildlife Dept. personnel keep track of doves and study their habits.

Gambol said the dove population is rather heavy at present. This can change overnight, he said, because doves are migratory birds and they may move quickly from one location to another.

Meanwhile, the mourning dove hunting prospects were reported good throughout Northwest Texas with plenty of sunflower, weed and grain fields available for the birds.

A mid-August survey of Texas Parks and Wildlife Department game wardens throughout the Panhandle and South Plains came up with these outlooks:

According to Game Warden Calvin Tow, the Dalhart area of the Texas Panhandle should furnish above-average hunting opportunities for doves with good shooting both in the grain fields and at the watering holes.

East around Perryton and down to Canadian, water holes are full and Game Warden Bill Rogers looks for better hunting in the grain fields. Doves have not flocked together and the doves will stay as long as the cold fronts do not reach into the Panhandle.

Off the caprock along the eastern counties near Matador, dove prospects look average according to Game Warden Ronnie Vandiver. The grain in this area is late this year due to the necessity of replanting and a normal number of doves have been observed.

The same conditions hold true for the remainder of the South Plains with an average crop being reported by Gambol. Heavy rains in the area could affect the water hole shooting.

Commercial sunflower fields estimated at 300,000 acres should furnish excellent shooting opportunities as soon as the seed crop is harvested.

All P&WD personnel contacted about dove populations indicated the 1975 season should be better than 1974 when drought and low yield grain crops hurt the dove.

The approaching dove season will be affected more by the unpredictable cold fronts that cross the plains of Texas in late August and September. Dove hunters are keeping their fingers crossed concerning the weather and shotguns oiled as the Sept. 1 season draws near.

Dove season in the north zone of Texas which includes all of the high plains is Sept. 1, through Oct. 30, with the usual bag and possession limits of 10 and 20 birds respectively.

Shooting hours for the north zone will be from 12 noon to sunset daily.

Pirates To Search Prisons

SPRINGFIELD, Ill. (AP) — "We're not championing a cause. We're just looking for baseball players," says Branch B. Rickey, a scout for the Pittsburgh Pirates who plans to visit four Illinois prisons next month in search of baseball talent.

Rickey is one of two scouts who will tour the prisons. He is the grandson of the late Branch Rickey who hired Jackie Robinson as the first black major league baseball player.

Rickey and Gene Baker, a former major league player with the Pirates and the Chicago Cubs, plan to hold tryouts at four prisons — Sept. 2 at Menard, Sept. 3 at Pontiac, Sept. 4 at Stateville and Sept. 5 at St. Charles Youth Center.

A Pirate spokesman said he thinks Pittsburgh is the only team other than Detroit to scout prisons.

The Tigers have two ex-offenders, Gates Brown and Ron LeFlore, on their Detroit squad and both players were recruited while they were in prison, the Illinois prisons official said.

Rickey, who was contacted Tuesday in Parsippany, N.J., where he was conducting a baseball clinic, took a low-key approach to the scouting trip. He described it as a "casual experimental situation."

"We're curious. We want to see if someone may have been overlooked. I would guess that if we were to take every prisoner in the United Staes and give him a tryout, we'd find only one who could play minor league ball," he said.

"But we don't know what we'll find. That one good player may be there, and that would make the trip worthwhile," he said.

Illinois prison officials said about 150 inmates would participate in the tryouts.

"We're looking for ballplayers, and who knows — maybe some of them are behind the walls," Merrill Hess, assistant scouting director for the Pirates, said in a telephone interview from Pittsburgh.

"We realize that the outside world is not always amenable to giving employment to those who have offended it, but we're not that way," he said.

Borg Successfully Defends Pro Title

By DAVE O'HARA
AP Sports Writer

BROOKLINE, Mass. (AP) — Bjorn Borg, Sweden's 19-year-old tennis star, had two important dates marked on his calendar today as the U.S. Pro champion for the second year in a row.

"First I'm going to Forest Hills for the U.S. Open and then home to Sweden to play in the Davis Cup match with Chile," Borg said Tuesday night after successfully defending his U.S. Pro title at Longwood.

Borg, winner of 12 straight matches on the clay courts here, retained the championship and collected another $16,000 by defeating close pal Guillermo Vilas of Argentina 6-3, 6-4, 6-2.

Meanwhile, Ilie Nastase of Romania overwhelmed Bob Hewitt of South Africa 7-6, 6-1 Tuesday night in the final of the $50,000 Tennis Week Open in South Orange, N.J.

That match was halted for seven minutes when Hewitt sat down after the fourth game and refused to continue. Tournament referee Gus Lanna finally persuaded him that rain-dampened conditions weren't "dangerous and intolerable" as the South African contended and Hewitt resumed play.

Nastase later teamed with Jimmy Connors for a 6-2, 6-3 victory over Dick Crealy of Australia and John Lloyd of Great Britain in the doubles final.

Vilas, the 1974 Grand Prix champion and the leading point scorer on the circuit this year, lived up to his No. 1 seeding at the U.S. Pro by easily winning his first five matches. Then he came up against the 19-year-old Swede, seeded second.

"I don't think Guillermo played too well," Borg said. "It seemed he was always hitting important shots out. I know he can play much better tennis."

"Bjorn played very well," Vilas said. "He hit high balls with a lot of top-spin. I couldn't play deep enough."

Vilas, who collected $8,000 as runner-up, is the No. 2 seed behind America's Jimmy Connors in the U.S. Open scheduled to get under way today. Borg is seeded fifth, just behind Manuel Orantes and Arthur Ashe.

Second-seeded Brian Gottfried of Fort Lauderdale, Fla., and Mexican Davis Cup star Raul Ramirez won the U.S. Pro doubles championship with a 4-6, 6-3, 7-6 victory over John Andrews of Fullerton, Calif., and Mike Estep of Dallas.

Gottfried and Ramirez won the tiebreaker 7-3 in the deciding set to win $3,000 each. Andrews and Estep collected $1,750 apiece.

The Tennis Week women's singles final was halted by rain and will be completed sometime during the U. S. Open competition that starts a 12-day run today.

Virginia Ruzici held the edge over fellow Romanian Mariana Simionescu before the match was stopped. Miss Ruzici won the first set 6-1 and the two were tied at 4-4 in the second.

Halicki Is Player Of Week

SAN FRANCISCO (AP) — San Francisco Giants right-hander Ed Halicki has been named National League player of the week after his 6-0 no-hitter against the New York Mets Sunday, league President Chub Feeney announced today.

The 6-foot-7 hurler faced only 30 Met batters and fanned 10. It was the first National League no-hitter in over two years.

Aggies Favored By Early Polls

By DENNE H. FREEMAN
AP Sports Writer

DALLAS (AP) — If preseason polls meant a thing, the Texas Aggies would already have the Southwest Conference title sacked and be searching about for a Cotton Bowl opponent.

But as the Aggies are well aware, you can lose a year's work in less than two minutes on the final day of the season. There's always a Cinderella called Baylor lurking in the shadows and a team named the University of Texas which has gone a whole year now without a title after claiming six consecutive crowns.

Texas A&M is strong, deep, talented, experienced, swift and mad. The irate part comes from late season losses to Southern Methodist and Texas — on national television the day after Thanksgiving. Although the Aggies beat Baylor 20-0 last year, if was the "Miracle on the Brazos" Bears who swept into the Cotton Bowl for the first time in the school's history.

Baylor is loaded after an 8-3 season in which Grant Teaff was named Coach of the Year. The only problem is Baylor has a salty schedule which includes a lot of work on the road. There are road games against Michigan, Texas, Texas A&M, and Texas Tech.

"We will have more depth than we've had in my three years," said Teaff. "Mark Jackson is an excellent quarterback although we'll miss Neal Jeffrey, a tremendous competitor."

Jackson helped Baylor win the Arkansas and Tech games last year with senior Jeffrey on the bench with injuries.

Coach Emory Bellard's Aggies could be awesome if quarterback David Shipman shines like he did in the spring. Ten of A&M's offensive starters return and the Aggies are deep defensively with the likes of two All-Americans, linebacker Ed Simonini and cornerback Pat Thomas.

Texas, boasting an experienced Wishbone-T quarterback in Marty Akins and a tough fullback in Earl Campbell, will again be hard to stop offensively.

Texas Coach Darrell Royal has most of his worries about defense where the Longhorns have a suspect secondary.

If Arkansas can keep running back Ike Forte, healthy and unearth consistent quarterbacking, the Razorbacks could be trouble.

Ditto with the Texas Tech Red Raiders under new Coach Steve Sloan. The Red Raiders have dropped the Slot I and will run from the Veer. There's a fierce quarterbacking struggle to be solved between Rodney Allison and Tommy Duniven and some help must be found for a leaky defense.

SMU has an explosive offense fueled by big fullback David Bostick, slippery quarterback Ricky Wesson and halfback Wayne Morris, but the Mustangs are hurting defensively and must rest hopes on junior college transfers and freshmen.

Rice and Texas Christian lack depth and experience to make much of an impact on the SWC race.

On the independent scene, the University of Houston will play one more year outside the SWC. The Cougars start conference play in 1976. They have the overall balance to give Coach Bill Yeoman another bowl team in 1975.

North Texas State plays its first season as an independent out of the Missouri Valley Conference and has scheduled such toughies as Tennessee and Oklahoma State.

Coach Hayden Fry has an excellent scrambling quarterback in Kenny Washington, brother of Oklahoma's All-American running back Joe Washington, but the schedule is a killer for the Mean Green.

PRESENTS CHECK—Mrs. Bill Seale, president of the Ladies Golf Association, presents Coach Bob O'Day of WTC a check for $300 for a golf scholarship from the Ladies Golf Association in Snyder. The check will be used for a Snyder player's tuition, fees and books for two semesters.

Grid Negotiations Blocked By Rule

By ARTHUR H. ROTSTEIN
Associated Press Writer

CHICAGO (AP) — The Rozelle Rule has done it again.

It's put National Football League contract negotiations right back where they were. Nowhere.

The controversial rule proved the villain once more Tuesday, as representatives of the National Football League Players Association and NFL Management Council broke off negotiations after reaching an impasse on resolving their differences on the regulation.

Federal mediator James F. Scearce said no progress was reached in the talks held Monday and Tuesday, despite a glint of movement earlier.

Talks between the two sides over option compensation as well as other issues barring agreement on a contract have carried on fruitlessly for more than a year.

Before last Friday, the players' group had refused to negotiate the Rozelle Rule before a court ruling on their suit challenging its legality.

The rule specifies that the original team owning a player who has played out his option year and signed with another must be adequately compensated. The compensation is determined by NFL Commissioner Pete Rozelle if the two teams cannot reach a settlement themselves.

Management has insisted that the rule must be negotiated before any contract is agreed upon.

The Chicago meeting came after NFLPA Executive Director Ed Garvey said the players would be willing to discuss a modification of the rule.

"I'm afraid we ran into some of the same old problems we had," said Scearce. He characterized the Rozelle Rule as again "the key" hangup in the discussions.

"I don't want to cast a pall (on the situation) ...," he said, but he wasn't optimistic. In response to a question, he said, "Yeah, they (the talks) are at about the same place" as before the Chicago meeting. Monday night's talks, he said, "gave us some hope for some movement but it just didn't work out this way."

Scearce, deputy director of the Federal Mediation and Conciliation Service, said the talks have been broken off subject to call, but that he won't set up another meeting "until there's some evidence that we've got some place to go."

Both sides have been asked "to examine their positions," and "to see if they can come up with some other approaches," he said.

Sikes Elected Booster Prexy

Bill Sikes was elected president of the Tiger Booster Club at its first meeting of the new season last night at West Elementary Cafeteria.

Other new officers elected are Doc Davis, vice-president, and Maxine Ragland, secretary-treasurer.

Milton Ham, outgoing president, reminded Boosters the football team will have a "Meet the Tigers Night" next Friday night in conjunction with the scrimmage with Midland High. The sophs will scrimmage at 5 p.m., followed by the JV and the varsity.

Representatives of the Tiger Booster Club will be on hand Friday night to sell memberships, which cost $5 for individual memberships and $6 for family memberships. Membership sales are the primary source of revenue for the Booster Club, which sponsors an all-sports banquet each year for athletes (boys and girls) at the high school.

Sikes introduced Coach Maurice (Mo) Hodges, who said he appreciates the support Snyder athletes receive from the Booster Club. Hodges praised outgoing president Milton Ham, in particular, for the work he did last season.

Hodges discussed the scrimmage last Friday night at Odessa Ector, pointing out a scrimmage is a learning situation. The Tigers probably could have "scored" several times if that had been their objective, but the coaches were more interested in taking a look at the various plays.

The Tiger athletic director pointed out the varsity had two good goal line stands against Ector and said the JV and sophs also did quite well. Although Ector completed some passes, the Snyder High teams looked good overall.

Nobody was hurt in the scrimmage, although Roy Gill is still out with a cracked knee cap, which he sustained last week.

Coach Jim Bartlett monitored films of the Ector scrimmage.

The next meeting of the Tiger Booster Club will be at 7:30 p.m. Tuesday in the high school cafeteria.

"BE OUR GUEST" FOR 1,600 MEALS!
Now you can air condition your home and save both electricity *and* money—when you buy a new Payne model RCUH or RCUHL high-efficiency system. These models are up to 28% more efficient than standard models. That means they use only about three-fourths as much electricity. In fact, an average family could save enough electricity in one year to cook up to 1,600 meals on an electric range—or run their color TV free for up to three years.*
The new Payne high-efficiency system may cost you a little more to buy—but real quality always does!

Boyfriend's Kisses Are Not Helping Romance

By Abigail Van Buren

© 1975 by Chicago Tribune-N.Y. News Synd., Inc.

DEAR ABBY: I'm going with a wonderful guy named Morris. He's a terrific fellow, but he has one fault. When he kisses me, he gets carried away and bites my lips. After an evening with Morris, my lips are bruised and raw—sometimes they even bleed!

My mother keeps asking me what's the matter with my lips, and I keep making up excuses. (They're "chapped.")

Will you please tell me how I can get Morris to take it easy when he kisses me? I have told him a dozen times not to be so rough, but he forgets. This is no put-on.

SORE LIPS

DEAR SORE: When Morris "forgets" and gets rough, give him a good klop on the back to remind him to take it easy. And keep it up until he's conditioned.

DEAR ABBY: I'm a 34-year-old widow who fell in love with a married man. (I'll call him "Rex.") He has two children. We've been seeing each other for 18 months, and I love him dearly. Rex says he loves me and needs me, and as soon as he's financially able to swing it, he'll divorce his wife and marry me.

Rex still lives with his wife, but claims that he has had nothing to do with her since he met me. Here is the part that just about drove me to suicide: He told me yesterday that his wife is now pregnant! He swears it isn't his, but how can I be sure?

I have an 8-year-old son who worships Rex, and if I were to break it off with him, it would be almost as though my son were losing another father because Rex treats him like a son.

How much longer should I give Rex?

LOVES HIM

DEAR LOVES: The advice from here is to say goodbye now and to tell Rex that you don't want to see his face until he is a free man.

In the meantime, you'd better start planning your life without him because as I see it, that is what you will have to do eventually.

DEAR ABBY: This is for the man whose wife is driving him up the wall by her constant use of "you know" in every sentence.

Rejoice! At least "you know" implies that you can comprehend what is being said.

We have a brother who ends almost every sentence with "understand?" This leaves one with the feeling that his mental capacity to follow a simple conversation is somewhat in doubt.

Far better "you know" than "understand?"

HIS SISTER, UNDERSTAND?

DEAR SISTER: I understand, you know.

CONFIDENTIAL TO K IN LOUISVILLE, KY: The authenticity of a painting is like a woman's virtue. Once questioned, it is never quite the same.

Everyone has a problem. What's yours? For a personal reply, write to ABBY, Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

Hate to write letters? Send $1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212, for Abby's booklet "How to Write Letters for All Occasions." Please enclose a long, self-addressed, stamped (20¢) envelope.

Aliens Nabbed

MARSHALL, Tex. (AP) — U.S. Border Patrol agents arrested 17 more Mexicans Tuesday, bringing to 181 the number of illegal aliens taken into custody in this East Texas area since Aug. 20.

Border Patrol spokesman Ron Weller said 42 Mexicans were in jail and will be deported to Mexico. He said the patrol was surprised to find most of the aliens working in manufacturing and service industries rather than in agricultural work.

About 12 aliens were found working in restaurants without health cards, he said.

Among those taken into custody were a woman and her three children.

Dr. Lamb

Nine year old wets his pants

By Lawrence E. Lamb, M.D.

DEAR DR. LAMB—I am writing in reference to my 9-year-old step-son. He continually wets his pants and still wets the bed, then gets up and sits on the furniture and rug with wet clothes on, even though he knows he is supposed to shower and dress before going into another part of the house.

He tries to hide the fact he wets his pants, even though one can see it and smell it. The school officials suggested I have him tested for sanitary reasons. I made an appointment with a urologist, and he gave him complete X rays and tests and could find nothing physically wrong.

I am wondering whether it's mental. I know he frets all week about the visitation day with his real father. He said he wishes that day in the week would not come. He has told his father his feelings, but he won't believe the boy. My step-daughter is perfectly normal, but has the same feelings toward her father.

DEAR READER—You did the right thing in having a medical checkup. Daytime wetting is usually more indicative of a problem than nighttime wetting. Enuresis is the technical name, but whatever you call it, it occurs in 10 to 15 per cent of children at 5 years of age, five per cent at 10 years of age, and one per cent at 15 years of age.

Daytime wetting and wetting at older ages is often associated with infection or some abnormality of the urinary tract. A small bladder is a common cause for wetting in the early years.

The older child who has this problem who does not have any of these abnormalities often has an emotional problem. And, it is sometimes related to loss of a parent or separation from a parent. Your story is very significant in this light.

You should try to get some professional guidance for your step-son. Perhaps you have a community mental health clinic available to you or if not the school officials might help you locate the nearest source of psychological or psychiatric help. As the step-father I think you would be in a very poor position to really help him if the problem revolves around his natural father and his feelings toward him. You could misinterpret the child's real feelings. His reluctance to change his soiled clothing is a further clue that he needs help.

I must add that not every case of bedwetting or even daytime wetting is an indication for psychological or psychiatric counseling. The problem is common before age six and will often go away on its own regardless of what parents do.

For those who need help, often rewarding dry nights and days with encouragement and love, instead of punishment or ridicule will help. The child should be encouraged as early as possible to handle his own mess when he fails, at least to the extent that he can.

Medicines sometimes help control the problem until the child outgrows it. Of these, imiparamine hydrochloride (Tofranil), an anti-depressant is useful. The conditioning technique of an alarm that rings and awakens the child is also a help in some instances.

Send your questions to Dr. Lamb in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019. For information on prevention of obesity send a long, stamped, self-addressed envelope and 50 cents and ask for The Health Letter number 2-8.

Holiday Delays Montoya Hearing

AUSTIN (AP) — A defense effort to remove the Sept. 15 trial of Rep. Greg Montoya, D-Elsa, from Austin will not be aired until Friday.

The preliminary hearing to consider the requested change of venue and other motions originally was scheduled for Wednesday but city, county and state offices will be closed to observe the anniversary of former President Lyndon B. Johnson, which is now an official state holiday.

Montoya was indicted on a charge of theft from the state by using his legislative payroll to pay salaries of people who worked for him personally.

Montoya has been granted several continuances of his trial because he is a state legislator and he has two legislator-lawyers, Reps. Matt Garcia, San Antonio, and Craig Washington, Houston, defending him. Travis County Dist. Atty. Bob Smith said earlier he was ready for trial in August.

The biggest oxygen factory in the world is the plant kingdom.

REV. JIM BRASWELL

Youth Crusade Opening At Bethel Baptist

A "Youth Varieties Crusade" will begin tonight at Bethel Baptist Church.

Services will begin at 7:30 p.m. each evening for the remainder of the week and at 11 a.m. and 7 p.m. on Sunday.

Donna Morrell will lead the crusade singing and will arrange for special music features.

The Rev. Jim Braswell, a student at Hardin-Simmons University and pastor of First Baptist Church at Nolan, will be the evangelist. Highlights of the services will include: Wednesday, a solo by Steve Walker, music major at H-SU, and testimony by Travis Munday; Thursday, testimony by Dusty Tims, Friday, testimony by Terry Galle, an Abilene plumber; Saturday, testimony and songs by Chuck Austin, youth director at College View Baptist Church in Abilene, and solos by Kay Holmes, a psychology major at H-SU.

On Sunday, Larry Abbe, an employe of Timex, Inc., will give his testimony, and there will be other features at the closing service at 7 p.m. Sunday.

Slayton Said Very Lucky

HOUSTON (AP) — Astronaut Donald K. "Deke" Slayton was called "an extremely lucky man" Tuesday after a surgeon removed a small nodule from the spaceman's left lung and found that it was not cancerous.

Doctors said the 51-year-old astronaut withstood the 2½-hour surgical procedure well and predicted he would experience a full, complete recovery.

Dr. Charles Berry, former chief flight surgeon at the space agency and Slayton's personal physician, said there was "no evidence of malignancy" in a small, triangular section cut from the astronaut's lower left lung.

"He should regain normal pulmonary function over the next few weeks and I expect to see him qualified for return to flight status," said Berry.

The physician said Slayton, a former smoker, beat the medical odds in being found free of cancer.

"If he didn't have evidence of smoking before, there was a 50-50 chance of this being malignant," said Berry. "With smoking, it (the chances) would be somewhat greater."

Slayton was a moderate to heavy smoker for 30 years, but quit the habit 2½ years ago.

The nodule in Slayton's lung was discovered, said Berry, only because doctor's made a special study of his chest X-rays while he was being treated for an exposure to a poison gas called nitrogen tetroxide.

Slayton and his crewmates on the Apollo-Soyuz space mission last month, Thomas P. Stafford and Vance D. Brand, breathed toxic fumes which flooded into their spacecraft at the end of the nine-day Soviet-American mission.

The astroanuts were confined in the Tripler Army Hospital in Hawaii. Doctors were discovered a faint shadow on Slayton's X-rays and a more sophisticated X-ray study revealed the presence of a nodule, or lesion, about the size of a pencil eraser.

Surgical examination of the nodule was performed because of the probability of cancer.

Berry said the gas exposure "was probably very lucky" because it revealed the existance of what could have been a cancerous growth.

Slayton is expected to remain in the hospital 10 to 12 days, but Berry said he expects the astronaut to make a rapid recovery.
