VOL. 5, No. 148 — SNYDER, TEXAS, WEDNESDAY, OCTOBER 20, 1954 — TEN PAGES—PRICE 5c

Fisher Gets Wildcat Near Scurry Line

Robert L. Wood of Midland has staked location for a 7,200-foot Ellenburger wildcat on the west side of Fisher County, about three-quarters of a mile east of the Scurry-Fisher line.

The project will be the No. 1, J. S. Criswell. The drillsite is 660 feet from north and east lines of section 159-2-H&TC. That section has land in Scurry and Fisher Counties. The drillsite is about 10 miles west of Rotan and nine miles northeast of Camp Springs.

The new wildcat is two and one-eighth miles north-northeast of Lone Star Producing Co. No. 1 Criswell, a failure abandoned on July 14, 1953, on total depth of 7,305 feet. The Ellenburger was topped at 7,218 feet on an elevation of 2,104 feet.

Drilling is to begin immediately.

NOLAN STRIKE

Skelly Oil Co. No. 2-A Adrian has been completed to open the fourth pay in the Dora-North field of Northeast Nolan County.

The strike was completed from the Strawn sand for a daily pumping potential of 35.50 barrels of 42.6-gravity oil plus 14 per cent water. Production is from the perforated section between 5,637-640 feet. The pay was treated with 2,250 gallons of acid.

The No. 2-A Adrian is on the north edge of the Dora field which produces from the Caddo, Ellenburger, Cambrian and, now, the Strawn. Drillsite is 330 feet from south and 2,133 feet from east lines of section 51-20-T&P, nine miles southeast of Eskota.

FISHER LOCATIONS

Pure Oil Co. has filed application to drill the No. 3 A. M. Leeper in the Claytonville-Canyon reef field of Southwest Fisher County. Location is 990 feet from south and 2,310 feet from east lines of section 186 - 3 - H&TC. Projected depth is 5,750 feet, with drilling to begin at once.

Humble Oil & Refining Co. No. 1 Lila M. Touchstone, a one-quarter mile south offset to discovery production in the No. 1 Touchstone-Maberry, is waiting for cement to cure after setting casing at 103 feet. Projected to 5,500 feet, the well will be the second try for production in the Raven Creek-

See OIL, Page 2

Kelley-Snyder Is In Better Position Now

The Kelley-Snyder field here, which was returned to the statewide level of production by the Railroad Commission yesterday, is now in position to receive more nearly its rightful share of the market demand, according to a report from the Scurry Area Canyon Reef Operators Committee.

Hicks Allen, SACROC manager, reported this morning that the SACROC unit, which is now handling production and pressure-maintenance in most of the Kelley-Snyder field, had injected about 4,055,000 barrels of water into the ground up to last night. Injection of water in the program is now going at the rate of about 170,000 barrels daily.

In SACROC's request for restoration of the field to the statewide producing day status, several achievements were noted. The main water injection system, now including 53 wells, was put into effect on Sept. 21. Transfer of allowables of 203 wells is now in effect, SACROC reported to the commission, adding that conservation measures in effect enable the field to produce a full 30-day month with less reservoir voidage than resulted from 15 days of production before the measures were taken.

At the present daily injection rate the number of producing days could be increased to 22 days a month and still result in zero net reservoir voidage. The present injection rate, the request said, represents 147 per cent of daily reservoir withdrawals. The injection rate is being increased as rapidly as possible to the full design rate of 200,000 barrels daily.

HOME SAFELY AGAIN

Plucky 5-year-old Joyce Abel, who hiked 20 miles to rescue herself after she became lost in rugged Okanogan country of north central Washington, shows swollen tootsies—only ill effects of the weekend misadventure. Joyce tramped through an afternoon and night to reach a farmhouse while men and planes searched for her. Shown with her are her parents, Mr. and Mrs. Darrel Abel of Lamona, Wash., and a brother and two sisters.

Taylor Challenges Welker To Call Him Before Probe Panel

WASHINGTON (AP) — A former FBI undercover agent has testified Henry A. Wallace and Glen H. Taylor were chosen to head the Progressive party ticket in 1948 "because they were two men who were willing to work with the Communist party . . ."

Matthew Cvetic, who masqueraded as a Communist while feeding information to the FBI, said this under oath Oct. 7 at a closed door hearing of the Senate Internal Security subcommittee. Similar testimony was given by John Lautner, a former Communist now on the Justice Department payroll. The subcommittee made their testimony public last night.

At his farm home in South Salem, N. Y. Wallace denied the witness' claims and asserted that he stated repeatedly during the 1948 campaign he would not tolerate Communists.

"It was not till 1950 that I learned through testimony of former Communists in congressional hearings that certain Progressive party members had been Communists," he said.

Wallace described the Washington testimony as "obviously and completely political."

At Idaho Falls, Idaho, Taylor said, "If there were any Communists in the progressive party, I never recognized them as such."

Referring to Sen. Welker (R-Idaho), who sat as a one-man subcommittee to hear the testimony of Cvetic and Lautner, Taylor said:

"I challenge Welker to subpoena me to his little Joe McCarthy hearings. I'm tired of being slandered. I wish Welker would put up or shut up. He hasn't the courage to subpoena me, and I don't think he has the decency to subpoena me."

Wallace, formerly a Democratic vice president, was the Progressive party's presidential candidate in 1948. Taylor, now running in Idaho as the Democratic candidate for the Senate seat held by Republican Sen. Dworshak, was the Progressive party's vice presidential nominee. He was then in the Senate.

Both Cvetic and Lautner said they do not believe that either Wallace or Taylor was a Communist.

But Cvetic said the Communists kept the progressive party under "absolute control," handpicked its candidates including Wallace and Taylor, and dictated the platform on which they ran.

Poetic Weather Hovers Over Most Of State

By The Associated Press

Weather like the poets sing about—October's bright blue variety—prevailed over Texas for another day Wednesday and the Weather Bureau foresaw little change.

There was a good chance the mild, clear weather would continue at least up to the weekend, forecasters said.

High temperatures Tuesday ranged from a brisk 75 at Marfa to a comfortable 89 at Presidio. Low minimums for the day were recorded at Muleshoe and Dalhart with each city recording 40-degree readings.

Shortly before dawn Wednesday, Dalhart again was the coolest point in the state with 44 degrees. Galveston was the warmest with 68.

Puerto Rican Reds Nabbed

WASHINGTON (AP) — The Justice Department announced today that FBI agents in New York City and Puerto Rico have arrested 10 leaders of the Puerto Rican Communist party on charges of seeking the violent overthrow of the government.

FBI Director J. Edgar Hoover said the arrests would cripple the Communist apparatus in Puerto Rico. He said the group, which is not directly connected with the American Communist party, has agitated, along with the Puerto Rican Nationalist group, for independence of the island commonwealth.

The arrests brought to 128 the number of Communist leaders seized since July 1948.

Among those arrested were Juan Santos-Rivera, described by the FBI as a Moscow-trained Communist, and Juan Emmanuelli, who was named as liaison man between Communist parties of the United States and Puerto Rico. The FBI indicated both men were seized in Puerto Rico.

DIXON-YATES CONTRACT MAY ECLIPSE McCARTHY

By RICHARD P. POWERS

WASHINGTON (AP)—Sen. Langer (R-ND) said today the controversial Dixon - Yates power contract may take the spotlight away from the McCarthy censure issue in the Senate session opening Nov. 8.

The North Dakota senator is chairman of the Senate Judiciary Committee and head of its Anti-monopoly subcommittee, which has been investigating the Dixon-Yates proposal to feed private power into lines of the Tennessee Valley Authority (TVA).

Describing himself as a "bitter opponent" of the proposed contract, Langer said in an interview that full-blown debate on it is likely to come when the Senate meets to decide whether Sen. McCarthy (R-Wis) should be censured.

"In my opinion," he said, "the McCarthy censure issue will shrink into insignificance in the fight to prevent a few private utility companies from getting a monopoly of the electric rates in Southern states.

"It will be a knock-down, drag-out fight. I intend to speak on Dixon-Yates. Testimony before my subcommittee shows that if the philosophy of Dixon-Yates is carried out, REA (the Rural Electrification Administration) and TVA would be wiped out."

Under the Dixon-Yates contract ordered by President Eisenhower, the Atomic Energy Committee (AEC) would buy power from a private utility group for delivery to the TVA at Memphis, Tenn. This power, to be supplied by a 107-million-dollar plant to be built at West Memphis, Ark., would be used by TVA to replace a like amount of power TVA supplies to atomic installations.

Three Counts Hit Petersen

ALEXANDRIA, Va. (AP)—Joseph E. Petersen was indicted today on three charges of unlawfully handling government defense secrets. He promptly pleaded innocent.

One charge is that Petersen, 40, long a trusted employe of the supersecret National Security Agency, used classified information in a manner prejudicial to this country and beneficial to another nation.

The indictment did not mention the Netherlands, which has acknowledged exchanging information with Petersen.

The Dutch government says it assumed Petersen had authority to give out the information, in a continuation of the close cooperation during World War II.

The first of the three charges against Petersen relates to copying and taking information relating to intelligence communications.

The second charge is the one involving the Netherlands government.

The third charge is that Petersen unlawfully concealed documents and papers.

Until yesterday the identity of the Netherlands as the nation receiving information had been a closely guarded secret since Petersen was arrested Oct. 9.

WEATHER

NORTH CENTRAL and WEST TEXAS: Generally fair and mild this afternoon, tonight and Thursday.

EAST and SOUTH CENTRAL TEXAS: Generally fair and mild this afternoon, tonight and Thursday. Gentle to moderate easterly winds on the coast.

Two Youngsters Try For Voyage A Second Time

ROCKFORD, Ill. (AP)—Two little boys, sons of a sailor, are giving police a hard time with attempts to sail down the Rock River to the sea.

Tommy Richardson, 7, and Bobby, 5, were found adrift in a speedboat yesterday in downtown Rockford. Four weeks ago they similarly had cast off in a 27-foot cabin cruiser.

They are sons of Storekeeper W. C. Robert R. Richardson of Rockford.

Warm Winds Prevail

Tuesday was windy and warm in Snyder. The high temperature was 84 degrees, with a low of 44 degrees overnight. At 7:30 this morning the temperature was 57 degrees, Mrs. D. P. Strayhorn, weather observer, said.

Parley Today Due To End West German Occupation

Dulles Asks For West Area Unity

By JOSEPH E. DYNAN

PARIS (AP)—U.S. Secretary of State Dulles, arriving here by plane today from Washington, called upon Allied leaders to transform the "hopes of London" into the "realities of Paris."

Dulles arrived for a series of meetings which are expected to enlist a rearmed West Germany into the Allied defense setup as a member of a revived Brussels treaty and the North Atlantic Treaty Organization.

In a brief statement at Orly airfield, the secretary cited the "vast network of interrelated problems incidents to the restoration of German sovereignty, the joining together of West Europe for a measured defense and the solid edification of NATO."

The secretary will meet British Foreign Secretary Sir Anthony Eden, French Premier Pierre Mendes-France and West German Chancellor Konrad Adenauer in the Palais de Chaillot this afternoon to end the Allied occupation of Germany and to restore its sovereignty to the Bonn Government.

Tomorrow Dulles will attend a nine-power conference to amend the Brussels treaty, and on Friday, with other members of the NATO council, will vote on Western Germany as the 15th NATO member.

The secretary described this series of meetings as "of decisive importance from the standpoint of peace, security and freedom in Europe."

The session to end Allied occupation of West Germany is expected to be a smooth one, but it was learned that at least two minor problems remain for settlement.

One is the definition of the emergency situation which would entitle the three Western powers to resume their occupation. The other concerns conditions under which the Allied troops are to remain in West Germany.

Parliaments in all countries must ratify the agreements before they can become effective.

The Western Big Four ministers will examine 180 pages of detailed rights. The detailed pacts were prepared by experts who have been meeting since the end of the recent London conference on West German rearmament.

Plans call for these accords to be added to the still unratified Bonn Peace Contract, which was tied to the defunct European Defense Community Treaty. The combined text would serve as a substitute for a peace treaty officially ending the war between Germany and the Allies.

No such peace treaty can be written now because no agreement can be worked out with the Soviet Union. West Germany cannot be completely independent until a final peace treaty is drafted. The Allies, for example, will keep special rights in divided Berlin and will retain the right to take action in the case of an emergency inside Germany.

Dulles left Washington cautiously hopeful that France will agree to all the proposals under discussion.

Adenauer summoned the leaders of his coalition government to Paris for consultations tomorrow. A German source said this action was taken because of the scope of the French proposals.

The French were reported to have offered a broad, far-reaching economic accord with West Germany that would reduce the Saar problem to a relatively minor position.

Adenauer and Mendes-France also discussed the joint financing of big industrial projects, which may include aircraft factories in Morocco.

On the general idea of undertaking the production of arms in partnership, they agreed to take no action unless the other members of the West European Union agree. In addition to West Germany and France, members of the proposed alliance are Britain, Italy, the Netherlands, Belgium and Luxembourg.

Under the proposals for placing the foreign affairs of the Saar under the West European Union, the Saarlanders would keep their local autonomy and the French would retain their economic ties.

Cotton Props May Stay At 90 Per Cent

By GORDON BROWN

WASHINGTON (AP) — Unofficial crop figures now available strongly indicate the support price for cotton next year will remain at 90 per cent of parity.

There are further indications this same level of support might be maintained in 1956.

The farm act specifies that supports for basic commodities, including cotton, may range from 82½ to 90 per cent of parity. Under the old law support for the basics was fixed rigidly at 90 per cent.

The Agriculture Department, in determining the support level for a crop under the new law, will use a complicated formula generally dictating that the greater the supply the lower the support.

The formula's prime ingredient is the ratio of total supply (a year's production plus carry-over plus imports) to normal supply (a year's domestic consumption plus exports plus 30 per cent).

For cotton, the maximum ratio is 108 per cent. Support will remain at 90 per cent when total supply is 108 per cent, or less, of normal supply. If total supply grows over 108 per cent of normal supply, however, then the support level could decline as far as the minimum of 82½ per cent.

Right now unofficial crop estimates indicate a 104 per cent ratio for cotton: total supply looks like about 18 million bales and a normal supply of about 17¼ million bales is in prospect. This would forecast 90 per cent supports in 1955.

Sheppard Trial Moves Slowly

CLEVELAND (AP)— A fourth juror was seated tentatively today in the first degree murder trial of Dr. Samuel H. Sheppard.

He is Thomas J. Solli, a railroad foreman, the father of three children.

Previously accepted for jury duty in the trial of the 30-year-old osteopath charged with beating his wife, Marilyn, to death, were a housewife, a steel plant timekeeper, and the manager of a hardware store.

For the second day, references to extra marital affairs of the defendant were voiced during the questioning of Solli. But again Judge Blythin refused to allow any detailed searching of the minds of prospective jurors as to their attitude toward sex in relation to testimony that might be introduced later.

Yesterday, the name of Susan Hayes, former associate of Dr. Sheppard at Bay View Hospital in nearby Bay Village, was introduced.

The state claims it has a statement from Miss Hayes, 24-year-old medical technician, that she was intimate with Dr. Sheppard more than once last spring while they were in California.

Public School Tour Is Set

Every citizen of Snyder, whether a school patron or not, is urged to make the tour of the school system tomorrow with the Parent-Teacher Associations.

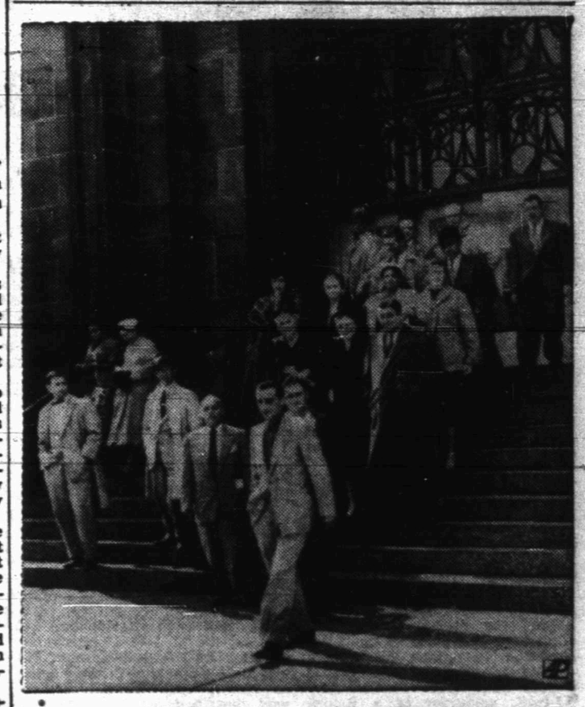

The tour, sponsored jointly by all the P-TA organizations here, will start at 9:30 o'clock tomorrow morning at the cafeteria of the junior high school.

Purpose of the tour is to acquaint all citizens with existing facilities of the school system and with the need for additional facilities.

Although Snyder has the most modern facilities known, the quantity of such is seriously small. The present enrollment exceeds classroom provisions by 400 students.

A bond issue election concerning $2-million is to be held here a week from Saturday.

The tour tomorrow will include lunch at the high school cafeteria, then will be continued into the afternoon.

SHEPPARD JURY PANEL

Members of the panel from which a jury was being picked to try Dr. Samuel H. Sheppard for murder leave the Criminal Courts Building at Cleveland, Ohio, for lunch. The handsome osteopath is accused in the July 4 slaying of his wife.

Hagler Out Again; Probe Moves Along

FORT WORTH (AP)—David Hagler was freed from custody again at 9:05 a.m. today as these new developments highlighted investigation of the Oklahoma torch slaying of which he is accused:

1. Defense Atty. Byron Matthews said the "mystery car" officers said Hagler used to get away from the murder scene would be surrendered tomorrow.

2. An investigator was sent to Huntsville to check penitentiary dental records on theory the unidentified charred corpse found in Hagler's station wagon may have been an ex-convict.

3. Lab tests were to be made of items taken from Hagler's suburban home to see if they bore human blood.

4. Officers were deployed to Itasca and Waco to check on the scheme they say Hagler used to buy the 1954 Ford mystery auto.

5. Fort Worth detective Sgt. John Dunwoody was probing into Hagler's bank records here.

6. The accused man's sweetheart, Elisabeth Bergmann, was undercover in Fort Worth after her release from 32 hours' custody in Dallas.

7. Oklahoma officers said they expect Miss Bergmann to be charged today as a material witness in Sulphur, Okla., where Hagler is charged with murder.

Hagler was freed at a habeas corpus hearing in criminal district court without his defense attorneys having to say a word.

Assistant Dist. Atty. Jerry Murad explained he was held overnight on basis of a search warrant.

It entitled officers not only to search the premises but also to hold the occupant if any evidence were found there, he said.

"Do you want to see Elisabeth today?" a reporter asked Hagler.

"Yes, but it will depend on what my lawyers want."

Matthews left immediately after the hearing for Austin, where he was to represent Hagler at an extradition hearing at 3 p.m.

The lawyer said if extradition to Oklahoma were granted, he would file an appeal with the Court of Criminal Appeals.

Hagler was released yesterday morning on $10,000 bond, then taken into custody again at 5:50 p.m.

Officers found stains they believed to be blood on the walls of a bedroom in Hagler's home when they entered there by search warrant yesterday.

Oklahoma Crime Bureau Agent Steele Westbrook didn't say what significance the clue might have but said he was taking stained samples to Oklahoma City for a crime lab examination.

Agents Golden Kennedy and Earl Sellers were to go to Itasca and Waco to dig into the method by which they believe Hagler bought the 1954 Ford last month.

Preliminary investigation indicated he used the alias Dale W. Waggoner to buy the car at Girault Motor Co. in Itasca, financing it through a Waco firm.

No Absentee Votes In School Election

By noon today, no one had voted by absentee ballot in the $2-million school bond election to be held here Oct. 30, a week from Saturday.

Ballots are available at the school tax office, 1922 Twenty-sixth Street, and may be obtained from now through next Tuesday.

Shipping Paralysis Spreads In London

By TOM OCHILTREE

LONDON (AP)—Striking dockers walked off the liners Queen Elizabeth and America at Southampton today, spreading the shipping paralysis that now threatens this island nation's food supplies.

Approximately 39,000 men—half Britain's waterfront working force—were out at London, Liverpool, Birkenhead, Hull and Southampton. Some union leaders striving to get the men back to work say the strike is being fomented by Communists.

Prime Minister Churchill's Cabinet may decide later today to use troops to unload ships—particularly those with cargoes of meat, butter, eggs and fruit—if the men don't return to work by Saturday.

These vital cargoes are beginning to rot in the ships.

The strike picture by ports:

London—26,000 men out, including 4,500 tug and bargemen. Complete paralysis of the port.

Liverpool—8,000 out and 5,000 working.

Birkenhead—Entire force of 2,000 out.

Hull—2,000 out.

Southampton—Situation still fluid but nearly 1,000 men either refused to report to work this morning or walked off ships being worked.

A snap meeting called by unofficial leaders spread the strike to Southampton this morning after dockers there voted overwhelmingly at a meeting last night to stay on the job.

About 700 workmen met near the dock labor board office this morning and a self-appointed leader shouted, "All who want to go out step over to the left." When about two thirds of those present complied, the leader shouted, "Right, we are on strike. Another meeting here tomorrow morning."

Word of this meeting spread quickly to the piers and ships where men already were at work.

Shopkeepers predicted severe food shortages, especially of meat, butter and eggs, unless the 17-day-old walkout is ended by Saturday. The stoppage is holding up 200 million dollars worth of exports and imports and poses a serious threat to Britain's whole economy.

Labor Minister Sir Walter Monckton pledged the government yesterday to "any steps which may become necessary to protect the national interest."

Did Ives Fire Real Bombshell Or A Dud? Politicos Wondering

By JAMES DEVLIN

NEW YORK (AP)—U.S. Sen. Irving M. Ives, Republican candidate for governor, says a shipping firm once headed by his opponent Averell Harriman paid $250,000 to a crooked judge to obtain pier leases in New York harbor back in the 1920s.

Harriman, Democratic - Liberal party nominee, denies emphatically that he paid or knew of anybody making improper payments in connection with a pier lease or any other matter.

The story about leases for two Tammany-controlled piers was told by Ives in a radio and television speech last night. It originally became public knowledge in 1930.

Republican and Democratic leaders today faced the question—was Ives' speech a bombshell or a dud?

Harriman, former New Deal and "Fair Deal" diplomat and secretary of commerce, accused Ives of a "baseless" attack in a "desperate effort to bolster a faltering campaign," and said he believes the people will resent it.

Ives' speech received unusual attention because of a double-action buildup.

First, he cut short an upstate campaign tour and made a mysterious midnight drive from Albany to New York with word that an important announcement would be made at 9 a.m. yesterday.

Then, the announcement said he would reveal in detail on television and radio a "shocking and startling" situation involving Harriman.

The unofficial word was that it would constitute a "bombshell" in behalf of Ives, who has been trailing Harriman in several newspaper polls on the campaign, which has less than two weeks to go.

Ives and Harriman are battling to succeed retiring Gov. Thomas E. Dewey for one of the most influential state posts in American politics.

Ives told a TV-radio audience on a statewide network that the United American Line, headed by Harriman as board chairman, paid the quarter-million dollars to Kings County (Brooklyn) Judge W. Bernard Vause in the mid-1920s.

The case was widely reported in the press in 1930. Headlines of newspapers of that era were flashed on the television screen as Ives spoke.

The senator said the shipping line was losing money and wanted to sell its ships. It found a buyer, but on condition that dock facilities for the vessels be made available.

"Tammany controlled the docks," said Ives.

Tammany is the Manhattan Democratic organization and is reputed to dominate the large Brooklyn and Bronx Democratic organizations in the city.

Tammany backed Harriman for the Democratic nomination for governor against Rep. Franklin D. Roosevelt Jr., who later was nominated for attorney general.

Ives said the shipping line obtained leases on two city-owned piers through payments to Vause.

For four years, he said, the "secret seemed to be safe" and "everything was happy until the spring of 1930, when the scandal broke loose."

This was uncovered, he said, during investigation of Vause's finances in another case.

Ives said the judge ran a financial company on the side and was sentenced to six years in prison for swindling hundreds of poor people. There was no implication of Harriman being involved in this.

ANNUAL POLICE BARBECUE

Three city policemen are shown above filling their plates with barbecue, potato salad and beans at the annual peace officer's barbecue held last night in the livestock barn in Towle Park. About 75 persons, including employes and officials and their families of the city and Scurry County, attended the affair which was sponsored jointly by the county sheriff's department and the city police department. About 240 pounds of barbecue was prepared for the feast. Shown above from left are Prentis Smith, Leonard White, and J. D. Frith. (Lee Watson photograph)

Decisive Stage In U. N. Debate Near

By TOM HOGE

UNITED NATIONS, N.Y. (AP) — The U.N. disarmament debate neared the decisive stage today as British Delegate Selwyn Lloyd prepared to outline his government's position on the critical East - West issue.

Lloyd, co-author of a British-French proposal used as a basis for the discussions, speaks before the 60-nation Political Committee. He was expected to echo the skeptical tone voiced yesterday by U.S. Delegate James Wadsworth, who said Americans "suspect the Soviet Union of planning world conquest behind their facade of disarmament statements."

Soviet Deputy Foreign Minister Andrei Y. Vishinsky has held the recent spotlight in the debate with speeches which the Soviet bloc termed conciliatory.

The disarmament debate resumed in the wake of a double setback for dogged Russian attempts to air aggression charges against the United States. After haggling for nearly three hours, the U.N. Steering Committee voted 12-2 last night to postpone for two weeks a debate on whether Soviet accusations of U.S. air and sea activity around Formosa and the China Sea should be put on the agenda.

It also voted 7-5, with two abstentions, to hold off debate for a similar period on Soviet charges that Nationalist China—abetted by the United States—was waging piratical attacks on shipping bound for the Communist Chinese mainland.

The vote came after Britain and France appealed to Vishinsky not to cloud up the disarmament discussion by dragging in the Formosa issue. Some Western sources said they believed Vishinsky lost support for his current "peace drive" with his bitter jibes against the United States.

Chief U.S. Delegate Henry Cabot Lodge Jr. flatly denied the aggression charges and recalled that when Moscow and Peiping brought similar claims before the Security Council in 1950, it "proved to be the prelude to aggression in Korea."

"If the revival of this subject today also intended to hide a plot to commit further aggression?" he asked.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

Admissions: John Frizzell, route 1; Ray Atkinson, 606 Twenty-fourth Street; Paulette Jones, route 2.

Dismissals: Floyd E. Whisenant, Lamesa; Ed Fenton, Hermleigh; Castro Mijores, Dermott.

COGDELL MEMORIAL

Admissions: Mrs. Don Frank Colbert, Snyder.

Dismissals: Mrs. James Horton and baby, 2809 Thirty - eighth Street; Edwin Hall, route 2; Mrs. James George, 3726 Highland Drive; Patsy Woolever, Snyder.

New Lions Club Formed

A new Lions Club, which was named the Evening Lions Club, was organized here last night with 16 charter members.

George S. Massingill, high school physics teacher, was elected president. Others elected included W. A. Mayfield, first vice-president; Norman Neundorf, secretary-treasurer; J. C. Jackson, Lion tamer; J. C. Barnett, tail twister; Armor McFarland and T. M. Blay, two of the directors. Other officers are to be announced later.

The group set its regular meeting time at 6 o'clock each Monday evening at the Hilander. Haskell Beard was appointed chairman of a committee to plan charter night program to be held in the near future.

Garbage Schedule In Noble Heights Changes

A new garbage pickup schedule was started in Noble Heights Monday, Earl Davis, sanitation superintendent for the city, said.

Davis said that garbage pickup under the new schedule will be made on Wednesday and Saturday of each week.

"We believe the change will give residents of Noble Heights better service," Davis stated.

Union Returns To Full Week

BEAUMONT (AP)—AFL Operating Engineers Local 450 were to return to a full work week today, discarding the three-day week they imposed nine weeks ago to back demands for increased pay.

The three-day week had slowed down most of the industrial construction in the southeast Texas Sabine area.

Homer C. Pierce of Houston, business manager of the engineers, said last night that negotiations with the Associated General Contractors and Sabine Area Construction Committee would continue.

The engineers last night voted to reject the latest wage proposal made by the AGC and SACC.

The proposal would have raised the hourly rate of heavy equipment operators 15 cents per hour to $2.90. Operators of light equipment would have received a smaller pay raise.

No reason for increasing the work week to five days was reported by either side in the dispute.

THE SNYDER DAILY NEWS

Published Sunday morning and each evening except Saturday by the Snyder Daily News, at Snyder, Texas.

Entered as second-class matter at the Post Office at Snyder, Texas.

HERBERT FEATHER, Publisher

SUBSCRIPTION RATES: by CARRIER in Snyder 25 cents per week, one year, $12.00. By motor carrier delivery, $1.20 per month. By mail in Scurry and adjoining Counties one year $8.00. Balance of Texas, one year $10.25.

OIL

Continued From Page 1

Strawn field six miles northwest of Trent.

Sid Katz of Abilene has set location for a 4,500-foot rotary well eight miles northeast of Eskota, to be drilled as his No. 1-C Nina Wheeler and others. The drillsite is 4,169 feet from north and 3,681 feet west of the southeast corner of section 221, G. Creath survey.

Sid Katz No. 1-B Nina Wheeler has perforated casing from 5,561½-565½ feet and is preparing to fracture for further testing. On previous tests, swabbing recovered wash water with a slight show of oil.

KENT COUNTY

Hancock Oil Co. of Midland has plugged and abandoned the No. 1 W. A. Mays, a wildcat drilled seven miles southwest of Clairemont. Total depth was 7,259 feet in Mississippian lime. No shows had been reported.

The No. 1 Mays was four miles north and slightly east of the Cogdell field and in section 31-4-H&GN.

Sunray Oil No. 2 Reed is preparing to fracture with 2,000 gallons of sand oil and test further. Operator swabbed seven hours, recovering 87.63 barrels of oil. The project would not flow and the pay was then treated with 500 gallons of mud acid. A four-hour swab recovered 41 barrels of oil.

WILDCATS STAKED

Sinclair Oil & Gas Co. has announced plans to drill a 9,750-foot wildcat in Southeast Swisher County 11 miles southwest of Silverton.

Location has been made 660 feet from south and west lines of section 34-B4-AB&M. The projected depth is calculated to take the project into the granite.

Amerada Petroleum has filed application to re-enter and deepen to 10,500 feet a wildcat failure in Reagan County.

The well, which now produces in the Barnhart-Ellenburger field from pay above 9,205 feet, is the No. 2 Nathan Hickman. It is 2,016 feet from north and 685 feet from east lines of HE&WT survey No. 4. Some maps show this to be the W. B. Henderson survey. The well is seven miles southeast of Big Lake. The new tests are to be a try for the Cambrian sand.

DRILLING REPORT

Union Oil of California No. 1 M. L. Simmons in Northeast Scurry County is drilling in lime and shale below 5,738 feet. Superior No. 1-537 Mathis is squeezing cement back of the casing. Taylor Oil & Gas No. 4-A Winston Brothers is coring in lime below 7,096 feet.

Cosden Petroleum No. 1 Modesta Good Simpson, Northwest Howard prospector, is at total depth of 8,648 feet. Operator is preparing to acidize and test after swabbing down the open hole. It was erroneously reported that five and one-half-inch casing was cemented at total depth. It was set at 8,643 feet.

Scelba Wins Vote On Trieste Division Pact

ROME (AP)—A brawling Chamber of Deputies gave Premier Mario Scelba a 295-265 vote of confidence today on Italy's agreement with Yugoslavia for the division of the Trieste territory.

Fights between Communists and Scelba's coalition government supporters broke up the session twice and it was nearly dawn before the vote was taken. Six deputies and five ushers were injured in the fighting.

The fisticuffs started when Christian Democrat Deputy Giuseppe Togni accused the Communists of "serving another nation other than Italy," and of having among their number "a lot of former fascist spies." The Communist members charged from their benches and grappled with ushers in an effort to reach Togni.

"Old at 40, 50, 60?" —Man, You're Crazy

Forget your age! Thousands are peppy at 70. Try "pepping up" with new, higher-potency Ostrex Tonic Tablets. For weak, rundown feeling due solely to body's lack of iron which many men and women call "old." Get Ostrex for pep, vigor, younger feeling, today. "Get-acquainted" size 50¢. At all druggists.

City Tax Collections Near Last Year's Pace

Tax collections by the city tax assessor-collector for the first 15 days of October approximately equalled collections for the same period last year, J. D. Scott, tax collector, said.

Collections for the 15-day period this year totaled $20,167.82, of which $59.70 was delinquent taxes and $12.62 was penalty and interest on delinquent taxes.

Through the first 15 days of October in 1953 collections had totaled $20,665.50.

Absentee Voting Has Almost Stopped Here

What little pace there was in absentee voting here for the general election of Nov. 2 has about stopped, apparently. The total at noon today was unchanged from that 24 hours earlier with 10 ballots having been issued.

Of the total, five have been boxed for casting, and five remain in the hands of voters. Deadline for obtaining absentee ballots is midnight Oct. 29, one week from Friday.

A sugar beet weighs about two pounds and about 15 per cent of the weight can be extracted as sugar.

WOMEN

Carolyn Seidel, left, and Mrs. Douglas L. Horn hold their cups for the tea being poured by the fortune-teller, Mrs. Jerry Smead, at the Masquerade Party given Tuesday night for Sunray Gasoline Plant employes and their families. (Lee Watson photograph)

SOCIETY SCRIBBLINGS

Gasoline Plant Employes Hold Masquerade Party

By ANITA HALL

Food, fun and frolic were in full swing at the Masquerade Party given last night for the employes of the Sunray Oil Company Gasoline Plant in their Recreation Hall at the camp. Approximately 175 persons attended wearing costumes and masks.

The barbecue supper, with all the trimmings, was prepared by R. D. WHITE, J. D. RICHARDSON and L. M. BRALEY. Following the supper, JERRY SMEAD was presented a ten-year pin.

Costumes of all varieties were worn by the celebrants. Mrs. ROBERT PHILLIPS appeared as a Spanish senorita, Mrs. R. D. WHITE, Jr. as a Halloween witch. Mrs. T. R. HENSLEY, in a green and gold colored baseball suit represented the great Dusty Rhodes. Mr. and Mrs. KARL McFALL were realistic-looking pirates. Mrs. BOB FOSTER was dressed as a hobo. First prize winner for the best man's costume was PHILIP A. HICKS dressed as a "Bum." Mrs. J. M. GERMANY took first place for the women with her Ancient Mariner costume. Second place went to BOB FOSTER and J. M. (BUCK) GERMANY who appeared as the Wolf man and woman.

In the children's contest, JACK WILLIS won first prize with his Ape costume. Second and third places went to SCOTT KIRK as Porky Pig and LINDA HORN as a Tap-dancer.

After a session of fortune-telling by Mrs. JERRY SMEAD, white-elephant bingo was played.

Mrs. L. D. FORD and Mr. and Mrs. S. G. PHILP were guests. Mrs. Ford's son, L. M. FORD, is superintendent of the plant.

NEWS FROM DUNN

By ELWANDA STEWART

Plans for a new Community House were discussed when the Dunn Community Club met last week.

John Brown, Fred Bowers and Marvin Hanson were appointed to a committee to suggest a site for the new building. The building formerly used as a school gymnasium here has been used as a community building. It has been sold to D. D. Smith, highest bidder.

Mr. and Mrs. L. A. Scott and children have moved to Colorado City.

Edward Bowers of Houston and Oscar Bowers of Pasadena, Tex., have returned home after spending several days with Mr. and Mrs. George Bowers.

Mr. and Mrs. C. R. Ezell and family of Snyder were guests in the Jack Ezell home during the weekend.

Harvey Lee Crabtree has received his discharge from the Army. He returned to the United States recently after a tour of duty in Korea, and was discharged with the rank of sergeant.

PRACTICAL APRON

Gathers at the neckline and pouch pockets add a feminine note to this button-back cover-all. So easy to make you'll want more than one.

No. 2211 is cut in small, medium and large sizes. Medium cover-all takes 2⅝ yds. of 35-in.

Send 30c for PATTERN with Name, Address, Style Number and Size. Address PATTERN BUREAU, Snyder Daily News, Box 42, Old Chelsea Station, New York 11, N.Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra five cents per pattern.

INTERNATIONAL DESIGNERS PATTERN

PIERRE CLARENCE of FRANCE

Pierre Clarence is a Frenchman with a true insight into the tastes of women with a flair for fashion. A designer who distinguishes the simplicity of his creations with notable detail, this daytime dress shows his cleverness in the intricate seaming of the bodice. Shooting through the modified plastron effect is a detachable, stiffened tie in colorful accent. The slight hip arch is achieved with darts right at the hip bone. It was first shown in Paris in a midnight blue, sheer wool crepe with pique tie, but it also makes up beautifully in faille, ottoman, alpaca or crepe. The tie might be any contrasting texture with gleaming satin a current fashion favorite. This pattern is cut to designer measurements, not standard pattern measurements.

BUST	WAIST	HIPS	SIZE
34	24	35	10
35	25	36	12
36½	26½	37½	14
38	28	39	16
40	30	41	18

Size 12 requires 2⅛ yard of 54-inch material for dress with ¾ length sleeves and ⅛ yard of 35-inch material for contrast. To order Pattern No. S-240, address International Designers Patterns, P.O. Box 993, G.P.O., Dept. SX-13, New York 1, N.Y. State size. Send. $1.00. Airmail handling twenty-five cents extra. Add four cents, for handling, if paid by check or money order.

WOMEN'S CALENDAR

NEWS FROM CANYON

By MRS. MARGARET RILEY

The Women's Missionary Auxiliary met at the Canyon Baptist Church Thursday morning with five members present. "The Place of Missions" was the lesson topic.

Mr. and Mrs. Roy Golden of Brownfield visited his mother, Mrs. J. S. Golden.

Mrs. R. E. Adams went to Colorado City Wednesday on business.

Mrs. Judson McGaha and Mrs. Henry Layne went shopping in Sweetwater.

Mrs. Tom Ford of Welch visited Mrs. Margaret Riley and Kenny on Monday.

Mrs. Nathan Shephard went to Hobbs Wednesday on business.

Civic Music Opening Event Reaps Measure Of Applause

The Civic Music Association's 1954-55 series got off on the "right foot" here last night.

Alexandra Danilova and her associates reaped a reasonable amount of applause from a audience that came fairly close to filling the High School auditorium.

There was nothing spectacular about the performance, but even the layman came away with the feeling that he had seen something "solid," — a presentation that might equal something many people drive hundreds of miles to see every year.

The finesse and poise of Mme. Danilova was apparent from the opening number.

Yet, it was dark - haired Moscelyne Larkin who stimulated the audience into spontaneous reaction time and again. Referred to by word of mouth around the audience as "the Little Indian Girl," Miss Larkin really caught the fancy of the crowd in "Carib Peddler," a nonsensical tidbit that pepped up proceedings toward the end, according to long established custom. Michael Maule proved to be a talented cohort.

The entire troupe had set the pace for a pleasant evening with the "Chopiniana" series at the outset.

And the climax, "Mlle. Fifi," which thoroughly exploited the talents of Mme. Danilova, along with Maule and Roman Jasinsky, not only kept the audience awake but sent them home with pleasant images before their eyes.

The ballet was supported by excellent piano work by Daniel Gordon and Richard Ellis, both of whom appeared as soloists in addition to a duet which drew lively applause.

The costumes appeared far above average for "road units." They were fresh, attractive and contributed much to the visual appeal of the program.

All in all, the people in the audience apparently regarded the program as a worthwhile night out. W.M.

Teen-agers will welcome Grape Fizz when their clan gathers. To make the cold drink mix two cups of grape juice with a tablespoon of lemon juice, a tablespoon of sugar and a 12-ounce bottle of carbonated water. This amount makes four servings; increase quantities as desired.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-8486.

Thick, rich tomato sauce made with chopped beef tops spaghetti and is quickly made.

SKILLET TOMATO-BEEF SAUCE

3 tablespoons olive or peanut oil
1 cup finely diced onion
½ cup finely diced green pepper
1 pound ground beef chuck
1 can (1 pound and 12 ounces) tomato puree
2 large cloves garlic (peeled and crushed)
1½ teaspoons dry oregano
½ teaspoon basil
½ teaspoon brown gravy coloring sauce
salt and pepper

Heat oil in 12-inch skillet; add onion, green pepper and ground beef. Mash beef with two-tined fork until it loses its red color. Add tomato puree, garlic, oregano, basil, gravy coloring and salt and pepper to taste. Cook slowly for 20 to 30 minutes; stir often because sauce is very thick. Makes a generous amount of sauce for 1 pound of spaghetti. Serve the spaghetti and sauce with grated Parmesan cheese.

• • •

Make a batch of your best pastry. Roll thin and cut into three-inch squares. Wrap each square around a sardine that has been seasoned with lemon juice. Bake in the oven at 400 degrees until lightly brown and delight those unexpected guests.

• • •

A surprise treat that will perk up the appetite is to bake a few apples while you're doing the dinner dishes. Next morning, place an apple in the middle of a cereal bowl, pour candy-coated cereal around it and your youngster will have a delightful, nutricious breakfast.

PERSONALS

Mr. and Mrs. W. E. Patrick and sons, Tim and Christy, 2903 Avenue T, attended the State Fair in Dallas last weekend. They also visited with Dr. and Mrs. R. W. Cowart in Dallas.

Reagan White, son of Mr. and Mrs. Robert D. White, Sunray camp, spent the weekend at home. Reagan is a freshman at Texas Tech.

Mrs. R. L. Jones of Lamesa and J. H. Jones and son of Lamesa visited recently in the home of Mr. and Mrs. Jim Thomas, 3200 Fortieth Street.

Harry Elliott, Snyder Motel, and Jim Thomas, 3200 Fortieth Street, attended the oil show in Odessa last Saturday.

Mr. and Mrs. L. P. Houston and daughter, 1010 Twenty-fifth Street, and Mr. and Mrs. Lester Moore, West Thirty-seventh Street, are in Dallas attending the State Fair.

Mrs. W. E. Holcomb, 3106 Avenue T, Thelma Leslie, 2711 Avenue W, Katherine Northcutt, 2707 Avenue W, and Violet Bradbury of Abilene spent last weekend in Dallas, where they saw "The King and I" and Cinerama.

Lee Johnson of Atalanta, Ga., is visiting for two weeks with her parents, Mr. and Mrs. W. N. Johnson.

Ever try adding lettuce to a hot potato salad? Use the heart of an iceberg lettuce and shred it; save the outer leaves for some other kind of salad.

Nine From Snyder Enrolled At H-SU

ABILENE — Nine persons from Snyder are enrolled at Hardin-Simmons University for the 63rd session of the University.

Hardin-Simmons, a co-educational, liberal arts school, was founded in Abilene in 1891 by the Sweetwater Baptist Association

From a modest beginning with $5,000 capital and 16 acres of land, the University has grown into one of the top Southern Baptist colleges and now boasts one of the most modern educational plants in the Southwest, with more than $5,000,000 resources.

Snyder students attending H-SU are: Jenny Lind Cargile, Charlotte Frances Colley, Sally Sue Cox, John M. Gary, Bill Herring, Jerry Bob Lloyd, Ronald Joe Neighbors, Kenneth Simons, and Patsy Lynn Woolever.

Paris, New York Gowns To Be Shown

Six Snyder women will model original Paris and New York gowns in a brief fashion show at the American Association of University Women meeting tonight.

Mrs. Mary Katherine McDougal of Abilene, who is to be guest speaker for the program, will bring the gowns and hats, and act as narrator. Wiley Brice will present a musical program during the modeling and social period.

Models are to be Mrs. Ross Carroll, Mrs. Jack Craft, Mrs. Robert Patterson, Kate Andrews, Mrs. Arnold Fletcher and Mrs. Weldon Kincaid.

Vary bran muffins by adding walnuts, pecans, raisins or dates to them.

SKYLINE MARKER

A four-ton steel and plastic statue of a Hereford bull is hoisted into place atop a 90-foot pylon at the American Hereford Association in Kansas City, Mo. The statue, chosen as the symbol of the organization, looks over the Kansas City Municipal Airport to the north and the city's business district to the east from its vantage point on one of Kansas City's highest hills.

Clues Studied In Shooting

MIDDLESBORO, Ky. (AP) — The identity, of a bullet-riddled body found in a lover's lane rested today on two clues apparently overlooked by the killer.

One was an affectionate note, the other a laundry mark in the slain man's shirt and trousers. They were stamped "Fox."

The victim, in his late 20's or early 30's, had been shot six times —once in the head, three times in the chest, and twice in the back.

Police said the man had been dead about 13 hours before two men searching for firewood stumbled across the body yesterday.

The note crammed into a watch pocket started out "Hi, Honey, I love you." and was signed Harriett and Ronnie Jr. Since the contents indicated the note was from the man's wife, police theorized his name also may have been Ronnie.

Robbery apparently was the motive but Middlesboro Police Capt. Cecil Grubbs said the man's wallet and other possessions may have been removed to throw them off the trail.

The moon has no appreciable atmosphere.

Nixon Says Party Inherited 'Risks'

By LEE LINDER

PHILADELPHIA (AP)—Vice President Richard Nixon says all but one of 164 State Department employes removed as security risks were holdovers from the Truman administration.

That one, he told some 3,000 diners at a $100-a-plate Republican fund-raising dinner last night, "was a 90-day temporary employe who lost his job the moment that his security check was complete."

Nixon said the information came from the Civil Service Commission report which showed that 6,926 security risks "were removed from the federal payroll" during a 13-month period ending in June 1954. The vice president said he cited the figures to prove what he called this "fact":

"That the Truman administration failed miserably to deal effectively with communism in the United States and that the Eisenhower administration has succeeded magnificently in cleaning up the mess they left."

Nixon's charges have drawn fire from Democrats, including Sen. Olin D. Johnston (D-SC), who last Saturday telegraphed a demand that the government give figures to show by whom the discharged employes were hired. He quoted a Washington newspaper story that reported up to 75 per cent of those removed may have been hired by the Eisenhower administration.

Under the administration program, security risks include those with records of drunkenness, talkativeness, criminal records, sexual perversion and other factors in addition to subversive activities and associations.

The Nixon speech gave this breakdown of the 164 State Department employes:

1. Seventy employes were removed after their files showed "they associated with or were members of the Communist party, Communist - controlled organizations or other organizations designated as subversive by the attorney general."

"Of these, 69 were inherited from the Acheson regime," Nixon said, referring to Dean Acheson, secretary of state under former President Truman. "The other one was a 90-day temporary employe who lost his job the moment that his security check was completed."

2. Ninety-four employes had "information in their files indicating sexual perversion." Nixon said, "this entire nest of 94 employes was inherited from the Acheson regime."

Women Still Buy Most Of Men's Clothes

By SAM DAWSON

NEW YORK (AP)—About this time of year a man begins thinking about a new fall suit. As often as not he ends up by buying what his wife picks out.

Why do men take their wives along? Merchants will tell you that a large number of them do. And many of those who make a show of choosing for themselves take wearing apparel home on approval —and you know whose approval.

There are men, of course, who won't let their women within shooting range of a clothing store. A man, say, who in his young manhood was badly bitten by a bunch of Christmas ties from female kin. Or, one who, way back before the honeymoon was entirely over, let his wife pick out a suit for him, and when he came out of the daze discovered he was walking around in something that once must have blanketed Man O' War. Such men go alone to the clothing store.

But most men, whether they know it or not, don't really choose their clothes themselves. There are several types.

Some discover by the trial and error method that it's the better part of valor to let the wife's taste win right from the start, rather than to listen to comments on the clothing after the husband brings it home. These criticisms range from open laughter (rare, let's hope) to a polite murmur that it's an awfully cute suit but are you sure you're quite the type to wear it?

Other males are convinced their wives really do have better notions about what men should wear and rely gratefully on their womenfolk's taste.

Actually, many a man hates to shop. He knows his tendency to buy whatever the clerk hands him—even when aware that the salesman may be palming off something he hasn't been able to unload before. The customer knows his wife won't let him go for that.

Most women love to shop. They are willing, even eager, to go from store to store, to have their husbands try on garment after garment, to parry words with salesmen when they're suspicious, and to insist on extra care in the alterations. Many husbands value this aid.

Women nourish — and without doubt deserve—their reputation as the better shopper, the one with the real nose for bargains, and the unerring eye for value. They don't let their men forget it.

Scout Council's Annual Meeting Set Thursday

The Buffalo Trail Boy Scout annual barbecue and council meeting are scheduled Thursday night at the ranch near Balmorhea. Any Scout workers in this area who wish to attend may make reservations for themselves and their families by contacting Myron Roe here.

The barbecue and meeting are held each year to give scout workers an opportunity to see improvements being made at the ranch. Bob Eastus, field executive, said. Improvements added this year include a paved road, a 50,000-gallon water tank and well and additions to several buildings. Eddie Chiles of Midland, president of the Western Co., will be guest speaker. The barbecue is scheduled from 5 to 6 p.m. The council meeting is to start at 7, and the Council Fire Program at 7:30.

City Officials To Make Trip

Six Snyder city officials are expected to be among a record-breaking number of delegates who will meet for the 42nd annual convention of the League of Texas Municipalities in Fort Worth Oct. 24 to 26.

Attending the convention from here will be councilmen J. W. Phillips, C. N. von Roeder, and Walter Hales, Mayor Malven K. Stevenson, City Manager B. J. Shelley, and City Attorney W. W. Park.

Joining the main league for the three-day conclave will be nine affiliated departmental organizations composed of municipal department heads whose business programs have been integrated with the overall convention plan.

Numerous problems generated by the rapid growth of Texas cities will be analyzed by authorities in addresses and by practicing city officials in round-table sessions. Especially significant among topics to be discussed are governmental relationships, city planning, league problems, public utility regulations, traffic, personnel administration, public works, training for public employes, tax assessing and property valuations, finance, water, social security, and the place of cities and towns in Texas' system of government.

Approximately 99 per cent of the urban population of Texas is represented by the league.

Home Talent Show Is Slated At Fluvanna

A home talent show conducted by Dixie Boy Jordan from KWFT in Wichita Falls will be held Thursday night in the Fluvanna High School auditorium.

The program is under the sponsorship of the sophomore class of the school. In addition to acting as master of ceremonies for the program, Dixie will sing and entertain. He is heard twice daily Monday through Saturday on the Wichita Falls station and also on a home talent show broadcast from 11:30 to 12 noon each Saturday.

Tickets to the program will be on sale at the auditorium or may be purchased in advance from class members.

Mail Is Damaged During Chicago Station Flood

CHICAGO (AP)—Some 3,000 pieces of parcel post and three railroad baggage carloads of magazines, books and newspapers were ruined in the Union Station flood during the record rainfall 10 days ago.

The Chicago post office said today some 28 pouches of soaked first-class mail were being dried out. Mail with legibile addresses will be delivered, but the post office will not assume responsibility for noninsured mail.

Police Locate Father Of Girl, 12, in Chicago

CHICAGO (AP)—The Chicago Police Department's "lost and found" department found Mary Ann Perkins' daddy for her.

Mary Ann, 12, of St. Louis, wrote in a letter received Monday asking police to help locate her father. She said his name is Lee Perkins and that he is from Vicksburg, Miss. Her letter was addressed to "Police Headquarters, Lost and Found Department, Chicago."

Sam Perkins, a construction worker, told the missing persons bureau yesterday he is Mary Ann's father and that he would telephone her that everything's okay.

Your body manufactures a substance from vitamin A which permits you to see in near darkness, but this substance tends to disappear from your eyes when you see them in bright light.

Trade for '55 Automatic Plus GAS Range

World's Only Instant Heat

'55 AUTOMATIC PLUS GAS RANGE

modern gas cooking is AUTOMATIC PLUS

- Clean—stainless heat plus smokeless flame broiling
- Cool—oven insulated on all sides
- Completely Automatic—top burners and oven cook food . . . turn off automatically while you are away
- Flexible—101 heats, not just a few
- Fast—world's only instant heat
- Economical—cooks for one-fourth cost of any other automatic fuel

COMPARE '55 AUTOMATIC PLUS GAS RANGE'S INSTANT HIGH HEAT with any other automatic cooking heat. You will agree any other automatic fuel belongs in the slow-poke horse-and-buggy age!

Moreover, gas gives you 101 in-between heats instantly. Frying, simmering, pressure cooking or any cooking task, you get the proper heat twice as easy, twice as fast with gas. It's the world's *only* instantly adjustable heat.

Seeing is believeing. See this and other modern cooking advances demonstrated at your Gas Range Dealer's Old Stove Round-Up Sale. Take advantage of his special values and easy terms. It's Old Stove Round-Up Time . . . time to modernize and save with a '55 Automatic Plus Gas Range.

Rushing, Passing Leaders Change In District 3A-1 Play

Frosty Robison of Big Spring last week moved out to take the lead in District 3A-1 rushing, passing up teammate Brick Johnson, who led last week.

Robison has a total of 227 yards in district games. His average per carry is 7.1 yards, slightly smaller than the average of Tommy Evans of Levelland, 8.5. Evans has a rushing total of 205 yards. Running third in the district is Joe Baxter, Snyder halfback-fullback, with 175 yards and 5.6 yards average per carry.

Jerry Pearson, Vernon back, passed up Levelland's Mack Freeman in the passing department. Pearson has passed 281 yards in district play and has averaged 16.5 yards per pass. He has completed 50 per cent of his passes. Freeman is now running second with 180 yards. Snyder's Bernie Hagins is sixth in the district with 49 yards.

Top receiver in the district is Vernon's Gene Miller, who has 124 yards for the most gain of any receiver in the loop. His eight passes caught number the most in the district by any one receiver. Highest ranking Snyder receiver is Don McNew, with two passes for 29 yards.

While Kenneth Bartlett of Lamesa has the highest average in the district on punting, he has only punted once. Fourth place Jack Williams on Plainview has punted 10 times and averaged 35 yards, while Frosty Robison of Big Spring and Conrad Alexander of Lamesa closely follow. Snyder's Alan Snead, whose 12 punts number the most by any player in the district, is averaging 27.8 yards.

Dark Is First Giant To Sign New Contract

NEW YORK (AP)—Alvin Dark, the quiet, take-charge guy who kept the New York Giants on the hustle to the National League pennant and their smashing World Series victory, today signed another two-year contract. He is the first player to sign with the world champions for 1955.

There was no indication how much money was provided in the contract, mailed in by Dark from his Lake Charles, La., home, but Eddie Brannick, club secretary, said the stubby shortstop was "very satisfied."

It was the second two-year agreement signed by Dark since joining the Giants in 1950. The first accepted by Dark in 1953, called for a reported $31,500 a year. He signed then only after holding out until March 3.

Dark, a 5-foot-11 scrapper at his best in the clutch, wound up a superb year with an individual performance that matched the team showing of the Giants' four-game sweep of the Cleveland Indians in the World Series. A .293 hitter during the regular season, the 31-year-old veteran batted .412—the best series average of any of the New York regulars.

Abe Simon, now a boxing referee, fought Joe Louis twice. Both times he was knocked out.

Back Of Week Has To Prove Self At Home

LOS ANGELES (AP)—One of the unusual facts about young Jon Arnett of Southern California is that while he was named Back of the Week by The Associated Press, he has yet to win a place on the Trojans' starting team.

Even today his coach, Jess Hill, reiterated that he has not decided whether the 19-year-old sophomore or Aramis Dandoy, a senior and All-Pacific Coast Conference back last year, will lead off at left halfback against California here Saturday.

Hill did name Jon to start in the Oregon game last week, the nationally televised contest which proved a wonderful stage for Arnett's running artistry.

But this was the only game thus far in which he got the opening role.

Does this disturb him?

"Not a bit," he promptly replied. "I'm glad to see Dandoy get the assignment."

An extremely modest young man, he seemed a little abashed by the Back of the Week designation. This has been his attitude since the spotlight began to shine on him, particularly after the Pittsburgh game a month ago.

Arnett, who stands 5-11 and weighs 185, is an expert gymnastic tumbler, runs the 100 in 10 flat and broad jumped 24-8 to take second place in the National Collegiate meet last spring. He is also an excellent student.

These attributes perhaps explain his speed, his split second reactions, a surprising degree of power and the ability to "think on his feet."

Virus Infection Is Hurting Tech Squad

LUBBOCK (AP)—A virus infection, apparently picked up on their trip to Louisiana last week, was blamed for the illness of ten Texas Tech varsity football players who missed practice yesterday.

End coach Bud Sherrod and trainer Landon Westbrook were also struck by the infection.

ABOVE THE BLEACHERS

By DALE WALTON

Levelland remained total offense leader for the season and in district play among District 3A-1 teams this week, but it lost its lead in many departments.

The Lobos are atop season total offense with 2,046, with Snyder's 1,678 running second. In district offense, Levelland's total is 627. Snyder is third with 470.

Breckenridge and Vernon moved up in the passing department. In season play, Breckenridge holds the best pass completion percentage with 57.1. The Buckies also lead in district percentage with 100 per cent. Vernon is second with 55.5. Snyder runs fourth in district pass percentage and seventh in season percentage.

In season play, Breckenridge has also averaged the most yardage per pass, with 23.8, with Snyder running second with 21.6 yards. Breck is also district leader in that department with 40.5. Snyder is fifth in that bracket.

Levelland is season rushing leader, with Snyder second. In district rushing, Big Spring is at top with Levelland second and Snyder third. In total yards on passing for the season, Levelland is the leader, and Snyder is fourth. For district play, Vernon has made more yards passing than any other team.

Levelland has completed more passes than any other team in season play, while Vernon leads in district play. Vernon has tried the most in both season and district games.

SEASON OFFENSE

Teams	Rushing	Passing	Pass Ydg.
Levelland	1,431	43 of 78	615
Snyder	1,331	16 of 40	347
Big Spring	1,253	15 of 36	293
Breckenridge	1,297	8 of 14	191
Lamesa	838	18 of 69	205
Vernon	610	40 of 80	558
Plainview	645	32 of 79	388
Sweetwater	453	19 of 45	272

DISTRICT OFFENSE

Teams	Rushing	Passing	Pass Ydg.
Big Spring	524	4 of 11	68
Levelland	447	13 of 24	180
Snyder	392	5 of 14	78
Lamesa	308	7 of 32	79
Breckenridge	287	2 of 2	81
Plainview	249	3 of 21	22
Vernon	180	20 of 36	302
Sweetwater	158	4 of 9	35

* * *

Some grid fans are still wondering about the Sweetwater game last Friday night in relation to the time Snyder punted, the ball bounced off a Sweetwater player, and the team scrambled for the ball.

The doubts of at least part of the fans can be cleared up here. Some of them had the idea that the last team touching the ball should be awarded possession. W. E. Loyd of Snyder, a member of the Abilene officials association, quotes this from E. C. Krieger's Questions and Answers on 1954 Football Rules, "When a scrimmage kick or returned kick goes out of bounds it belongs to the receiving team, regardless of who last touched it." Some persons had the idea that Snyder should have had the ball because a Tiger touched it last. That would have meant something up to 1951, but the rule changed then.

That helps part of the fans. The biggest controversy, however, concerned whether a Snyder player actually had possession of the ball before it went out of bounds. Many fans contended that Bernie Hagins, Snyder quarterback, actually held the ball long enough to constitute possession. An official did not think so, and Sweetwater got the ball. The best position to take on the issue at this time, is to forget about it. Hal Battle, Tiger line coach, said last night at Quarterback Club meeting, "We coaches have just about forgot about the Sweetwater game, and we're getting ready for the Friday game. That's what we want the rest of you to do."

Bill Young, football coach at Furman, is known also as one of the South's finest amateur golfers.

Slingin' Sam's Son Is Also Good Slinger

Slingin' Sam Baugh's son in the sixth grade, Tadd Baugh, saved the day for his Rotan teammates last night and threw a touchdown pass to tie up a grid score 6-6 against a Snyder team in a peewee game.

Roy Carter, Snyder seventh grade coach, took his B team to Rotan for the game. There will be a return game here at 6 o'clock Monday night.

Two junior high teams, the seventh and eighth grade squads, will go to Sweetwater tomorrow night for games, the first starting at 6:30 o'clock. Playing in Snyder tomorrow night will be the freshman team, which will meet the Big Spring frosh at 7:30 o'clock.

In last night's game, Snyder's Glen Dixon scored on the first play from scrimmage, going 45 yards across tackle. The game went on with Snyder leading 6-0 until one place before the end of the game, when Baugh threw the pass about 10 yards for the score.

David Myers led Snyder defense. Offensive and defensive leaders included Dixon, Bob McChesney, and Robert Taylor.

Horned Frog Scores Usually Big Ones

FORT WORTH (AP)—When Texas Christian's Horned Frogs, one of the most respected college football teams in the country, score it's usually with a flourish.

And the biggest flourisher is one Jim Swink, a rambling sophomore more noted for his basketball than football in high school at Rusk, Tex.

The "home run" goes with the impetuous Horned Frogs. They've made 14 touchdowns in five games and only two of them came from inside their foes' 10-yard line. Ronnie Clinkscale ran four yards for scores against Southern California and Texas A&M.

Otherwise, the Frogs have tallied from away out yonder, something at which the irrepressible Swink is adept. They're already comparing him to Doak Walker, the Southern Methodist immortal of the late forties.

Speed, agility and a sixth sense for "running where they ain't" are the 180-pound Swink's leading assets.

"He just hunts daylight and goes to it," says Dutch Meyer, the TCU athletic director who coached the Frogs for years. "And he paces himself something like Doak Walker used to do until he gets the right block and sees running room."

Against Kansas, Swink made two touchdowns, one on a 67-yard run off tackle. Against Southern California, he made a darting, ducking 18-yard scoring run off tackle that is still the marvel of the TCU coaching staff. No less than six Trojans had a crack at him on that one.

Against Texas A&M last week, Swink scored what proved to be the winning touchdown when he took a handoff, cut in over guard and darted 79 yards — the last 50 all alone.

Through five games, Swink has carried the mail 41 times for 314 yards — an average of 7.6. He also has caught three passes for 39 yards.

The Frogs meet Penn State here Saturday in one of the country's top games. Chances are seven to one that any touchdown they score will be from away out. Best prospect for doing it is the talented Swink, a guy who thinks blockers are something besides protection from those 220-pound tackles. Jim knows how to use them.

Pitt's Glatz Is Top Lineman

By TED MEIER
Associated Press Staff

Fred Glatz, a 190-pound end at Pitt, was named the Associated Press Lineman-of-the-Week today for his exploits that helped the Panthers knock Navy from the list of unbeaten college football teams.

Glatz was named by sportswriters and broadcasters in the weekly balloting for the honor. Hugh Pitts, Texas Christian center, and Bruce Bosley, West Virginia tackle, also received high praise for their play against Texas A&M and Penn State, respectively.

Glatz, a junior who prepped at Pittsburgh Central High, caught a 54-yard forward pass that set up Pitt's first touchdown in the Panthers' 21-19 victory and followed through by recovering two Navy fumbles to choke off threats by the Middies. He was strong defensively at other times, too.

It was Pitts who saved TCU's 21-20 victory over the Texas Aggies by blocking the try for extra point that would have tied the score. In addition he threw the key block when Jim Swink got loose for the 79-yard touchdown run for the winning score.

That wasn't all. Pitts also recovered an Aggie fumble and intercepted a pass to stop another threat, as well as making tackles all over the field. He did all this despite the fact he played with a shoulder injury.

"Maybe we'd better bang up Hugh's other shoulder," kidded TCU Coach Abe Martin.

Bosley played a bangup 60 minutes against Penn State despite a cut on the big toe of his left foot. He suffered the cut early in the game when he stepped on a lost cleat, but said nothing about the mishap until after the game.

Forrest Gregg, Southern Methodist tackle, was pointed out for his outstanding play against Rice, especially in the thrilling goal line stands SMU put on. Rice was stopped three times inside the SMU 10, with Gregg throwing Rice backs for losses at crucial moments.

Glatz was named by sportswriters and broadcasters in the weekly balloting for the honor. Hugh Pitts, Texas Christian center, and Bruce Bosley, West Virginia tackle, also received high praise for their play against Texas A&M and Penn State, respectively.

Other linemen nominated:

Centers: Kurt Burris, Oklahoma. Larry White, New Mexico. John Irvine, Maryland.

Tackles: Mike Morog, Colgate. Bob Hobert, Minnesota.

Guards: Lou Lovely, Boston University. Jim Buonopane, Holy Cross. Neil Opdyke, Columbia. Salsburg, UCLA.

Ends: Carl Allison, Oklahoma.

Don Miller Signed As Philadelphia Back

PHILADELPHIA (AP)—The Philadelphia Eagles have signed former Southern Methodist halfback Don Miller in preparation for Saturday's battle with the Pittsburgh Steelers.

To make room for the rookie defensive back, the Eagles yesterday asked waivers on onetime Illinois halfback Don Stevens.

Hugh Duffy Dies At 87

BOSTON (AP)—The baseball world today mourned the loss of Hugh Duffy, whose fabulous .438 batting average in 1894 for the Boston National League baseball club is an all-time record.

The 87-year-old star died yesterday at his home from a heart ailment. He would have been 88 next month. Active in baseball almost to the end, he was a Boston Red Sox scout through 1953.

Funeral arrangements for the former player and manager—whose feats won him a place in Baseball's Hall of Fame at Cooperstown, N.Y.—were expected to be completed today.

He broke into the major leagues as an outfielder with the Chicago Nationals in 1888 and hit better than .300 in 11 of his 18 big league seasons. His wife, Nora, died Aug. 22, 1953. They had no children.

No Report Yet Made By NCAA Panel

By ED TUNSTALL

NEW ORLEANS (AP)—The report of the National Collegiate Athletic Assn's Committee on Rule Infractions today may shatter the quiet of an otherwise routine three-day meeting.

Walter Byers, executive director of the NCAA, said the 18-member Executive Council of the association heard the committee's report yesterday, but he would not disclose if any institutions were under investigation.

The council has authority to discipline violators short of expulsion from the association.

The session today included committee reports behind closed doors. The council is meeting to lay plans for the association's 49th annual convention in New York Jan. 5.

Byers said "two or three amendments to the association's constitution or bylaws" would be recommended to the convention.

One, he said, deals with fall pre-season football practice. He said it would permit institutions to conduct players' physical examinations and take press photographs prior to the official Sept. 1 starting date.

A second amendment covers intercollegiate scrimmages between institutions before various seasons open, Byers said. It has been the practice of many institutions to hold scrimmages which were not counted as preseason practice sessions, particularly in areas where NCAA institutions were located close together. Byers said such sessions were conducted with the knowledge and approval of the NCAA.

The proposed amendment would bar such sessions, he said, because some coaches feel that these scrimmages benefit the schools which conduct them while schools which do not follow the practice are at a disadvantage.

Ranger Still Leads Jr. College Offense

By The Associated Press

At the halfway mark in the Pioneer Junior College Conference race, Ranger Junior College's Rangers continue to lead in total offense despite a 36-7 setback last week by San Angelo.

The Rangers' total gain from scrimmage has been 1,511 yards in five games.

They are closely pressed by the unbeaten Arlington State Rebels, who have 1,486 yards in five games.

The leading defensive team is the San Angelo Rams, who have allowed the opposition only 425 yards in five games. An average of 145 yards per game.

Arlington State is the loop's leading passing team with a gain of 543 yards in five games, closely trailed by San Angelo with 534 in five games.

Ranger leads in rushing with 1,287 yards in five games.

In individual statistics, the leading runner of the conference is Howard Meissner, Tarleton State fullback, who has carried 44 times for 308 yards, an average of 6.4 yards per run.

He is closely pressed by Billy Pavliska, Arlington State fullback, who has carried 45 times for 295 yards.

Meissner is also the leading scorer, with five touchdowns for 30 points.

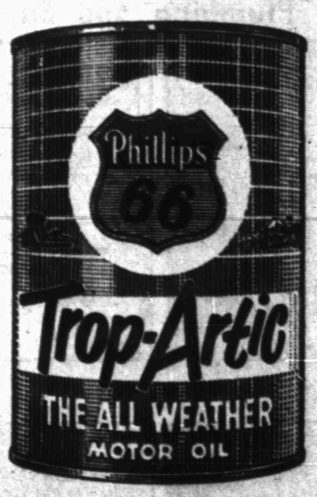

Quarterback Raymond Glasgow of Arlington continues as the league's leading passer with 20 completions in 61 tosses for 487 yards, an average of 23.4 yards per completion.

His teammate, Ken Watson, an end, is the leading receiver with eight catches totaling 166 yards, an average of 20.8 yards per reception.

Bob Mangleberger, Schreiner Institute end, is the leading punter with an average of 47 yards. Johnny Symank, Arlington State's all-conference halfback, is the leading kickoff and punt returner with five returns for 104 yards and four punts for 63 yards.

Only Phillips offers this "First" in Motor Oils!

The toughest standard ever set up for automobile motor oil is the Mil-0-2104 Supplement 1 test. New TROP-ARTIC is the *first* all-weather motor oil to meet the requirements of this test. It is an oil which will serve you winter and summer . . . *an oil so good it can double the life of an automobile engine!*

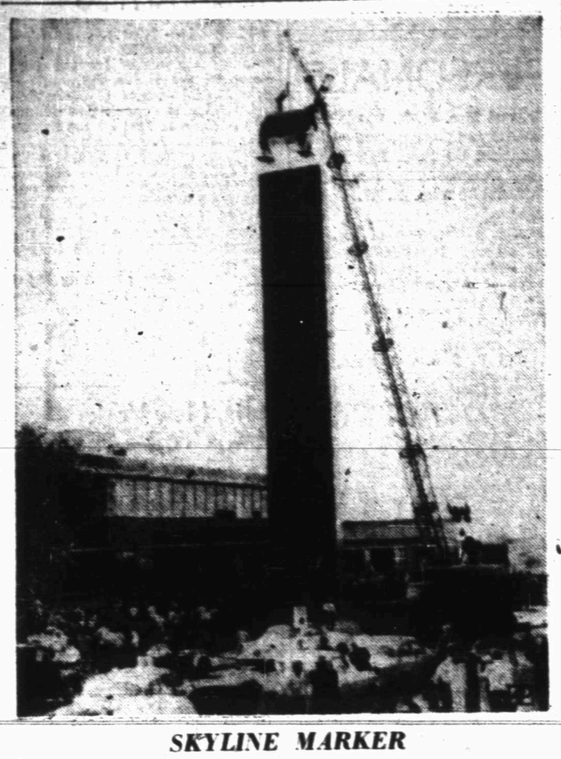

Compared to ordinary motor oils, new TROP-ARTIC reduces wear 40% or more. It cuts oil consumption 15% to 45%. It keeps pistons and rings cleaner. It saves you money by increasing gasoline mileage.

TROP-ARTIC is a superior *all-weather* oil . . . S.A.E. 10W—30. Therefore it flows instantly for easy starting at sub-zero temperatures, and yet it retains the film strength necessary to prevent engine wear under *high* temperature driving conditions. Any car, in any climate, at any time of the year will perform better with Phillips 66 TROP-ARTIC.

—another Phillips 66 Exclusive
Flite-Fuel FOR YOUR CAR

Phillips 66 FLITE-FUEL is the new gasoline . . . the *only* gasoline . . . with the added super aviation fuel component Di-isopropyl.

FLITE-FUEL brings you more power, higher anti-knock, longer mileage, plus *controlled volatility*, and the clean-burning qualities for which Phillips 66 Gasoline is famous. FLITE-FUEL and TROP-ARTIC are perfect companion products. They *go together* for better engine perform

SKYLINE MARKER

A four-ton steel and plastic statue of a Hereford bull is hoisted into place atop a 90-foot pylon at the American Hereford Association in Kansas City, Mo. The statue, chosen as the symbol of the organization, looks over the Kansas City Municipal Airport to the north and the city's business district to the east from its vantage point on one of Kansas City's highest hills.

Clues Studied In Shooting

MIDDLESBORO, Ky. (AP) — The identity, of a bullet-riddled body found in a lover's lane rested today on two clues apparently overlooked by the killer.

One was an affectionate note, the other a laundry mark in the slain man's shirt and trousers. They were stamped "Fox."

The victim, in his late 20's or early 30's, had been shot six times —once in the head, three times in the chest, and twice in the back.

Police said the man had been dead about 13 hours before two men searching for firewood stumbled across the body yesterday.

The note crammed into a watch pocket started out "Hi, Honey. I love you," and was signed Harriett and Ronnie Jr. Since the contents indicated the note was from the man's wife, police theorized his name also may have been Ronnie.

Robbery apparently was the motive but Middlesboro Police Capt. Cecil Grubbs said the man's wallet and other possessions may have been removed to throw them off the trail.

The moon has no appreciable atmosphere.

Nixon Says Party Inherited 'Risks'

By LEE LINDER

PHILADELPHIA (AP)—Vice President Richard Nixon says all but one of 164 State Department employes removed as security risks were holdovers from the Truman administration.

That one, he told some 3,000 diners at a $100-a-plate Republican fund-raising dinner last night, "was a 90-day temporary employe who lost his job the moment that his security check was complete."

Nixon said the information came from the Civil Service Commission report which showed that 6,926 security risks "were removed from the federal payroll" during a 13-month period ending in June 1954. The vice president said he cited the figures to prove what he called this "fact":

"That the Truman administration failed miserably to deal effectively with communism in the United States and that the Eisenhower administration has succeeded magnificently in cleaning up the mess they left."

Nixon's charges have drawn fire from Democrats, including Sen. Olin D. Johnston (D-SC), who last Saturday telegraphed a demand that the government give figures to show by whom the discharged employes were hired. He quoted a Washington newspaper story that reported up to 75 per cent of those removed may have been hired by the Eisenhower administration.

Under the administration program, security risks include those with records of drunkenness, talkativeness, criminal records, sexual perversion and other factors in addition to subversive activities and associations.

The Nixon speech gave this breakdown of the 164 State Department employes:

1. Seventy employes were removed after their files showed "they associated with or were members of the Communist party, Communist - controlled organizations or other organizations designated as subversive by the attorney general."

"Of these, 69 were inherited from the Acheson regime," Nixon said, referring to Dean Acheson, secretary of state under former President Truman. "The other one was a 90-day temporary employe who lost his job the moment that his security check was completed."

2. Ninety-four employes had "information in their files indicating sexual perversion." Nixon said, "this entire nest of 94 employes was inherited from the Acheson regime."

Women Still Buy Most Of Men's Clothes

By SAM DAWSON

NEW YORK (AP)—About this time of year a man begins thinking about a new fall suit. As often as not he ends up by buying what his wife picks out.

Why do men take their wives along? Merchants will tell you that a large number of them do. And many of those who make a show of choosing for themselves take wearing apparel home on approval —and you know whose approval.

There are men, of course, who won't let their women within shooting range of a clothing store. A man, say, who in his young manhood was badly bitten by a bunch of Christmas ties from female kin. Or, one who, way back before the honeymoon was entirely over, let his wife pick out a suit for him, and when he came out of the daze discovered he was walking around in something that once must have blanketed Man O' War. Such men go alone to the clothing store.

But most men, whether they know it or not, don't really choose their clothes themselves. There are several types.

Some discover by the trial and error method that it's the better part of valor to let the wife's taste win right from the start, rather than to listen to comments on the clothing after the husband brings it home. These criticisms range from open laughter (rare, let's hope) to a polite murmur that it's an awfully cute suit but are you sure you're quite the type to wear it?

Other males are convinced their wives really do have better notions about what men should wear and rely gratefully on their womenfolk's taste.

Actually, many a man hates to shop. He knows his tendency to buy whatever the clerk hands him—even when aware that the salesman may be palming off something he hasn't been able to unload before. The customer knows his wife won't let him go for that.

Most women love to shop. They are willing, even eager, to go from store to store, to have their husbands try on garment after garment, to parry words with salesmen when they're suspicious, and to insist on extra care in the alterations. Many husbands value this aid.

Women nourish — and without doubt deserve—their reputation as the better shopper: the one with the real nose for bargains, and the unerring eye for value. They don't let their men forget it.

Scout Council's Annual Meeting Set Thursday

The Buffalo Trail Boy Scout annual barbecue and council meeting are scheduled Thursday night at the ranch near Balmorhea. Any Scout workers in this area who wish to attend may make reservations for themselves and their families by contacting Myron Roe here.

The barbecue and meeting are held each year to give scout workers an opportunity to see improvements being made at the ranch. Bob Eastus, field executive, said. Improvements added this year include a paved road, a 50,000-gallon water tank and well and additions to several buildings. Eddie Chiles of Midland, president of the Western Co., will be guest speaker. The barbecue is scheduled from 5 to 6 p.m. The council meeting is to start at 7, and the Council Fire Program at 7:30.

LEGAL NOTICE

TO: M. D. Drury, Bonnie Guffey, O. G. Chester, W. R. West, David M. Neatherlin and Ben F. Neatherlin, if living, and if dead, the legal representatives of each of said named Defendants, and the unknown heirs of each of said named Defendants, the legal representatives of the unknown heirs of each of said named Defendants, if the unknown heirs of said named Defendants are dead, the unknown heirs of the unknown heirs of said named Defendants, if the unknown heirs of said named Defendants are dead, the unknown heirs of said named Defendants, if the unknown heirs of said named Defendants are dead, the unknown heirs of each of said named Defendants, if the unknown heirs of said named Defendants are dead, the unknown heirs of the unknown heirs of said named Defendants, if the unknown heirs of said named Defendants are dead, the Defendants in the hereinafter styled and numbered cause:

YOU and each of you are hereby commanded to appear before the District Court of Scurry County, Scurry County, Texas, to be holden at the Court House of said County in the City of Snyder, Scurry County, State of Texas, at or before 10:00 o'clock a.m. of the first Monday after the expiration of 42 days from the date of issuance hereof, being Monday, the 22nd day of November, A.D. 1954, and answer the Plaintiff's Original Petition in cause numbered 6526, Styled A. E. Sellers et ux Plaintiffs vs. M. D. Drury et al, Defendants filed in said Court on the 8th day of October, A.D. 1954, the nature of Plaintiff's demand being as follows, to-wit:

Trespass to try title and to remove cloud from title on

South 75 feet of Lot 4, Block 20 of the Adams Addition to the town of Snyder, Scurry County, Texas.

HEREIN FAIL NOT, but of this writ make answer as the law requires.

(S) WITNESS Eunice Weathersbee Clerk of the District Court, Scurry County, Texas.

GIVEN UNDER MY HAND AND SEAL OF OFFICE, AT Snyder, Texas, this 9th day of October, A.D. 1954.

(S) Eunice Weathersbee
Clerk District Court
Scurry County, Texas.
By Deputy.

City Officials To Make Trip

Six Snyder city officials are expected to be among a record-breaking number of delegates who will meet for the 42nd annual convention of the League of Texas Municipalities in Fort Worth Oct. 24 to 26.

Attending the convention from here will be councilmen J. W. Phillips, C. N. von Roeder, and Walter Hales, Mayor Malven K. Stevenson, City Manager B. J. Shelley, and City Attorney W. W. Park.

Joining the main league for the three-day conclave will be nine affiliated departmental organizations composed of municipal department heads whose business programs have been integrated with the overall convention plan.

Numerous problems generated by the rapid growth of Texas cities will be analyzed by authorities in addresses and by practicing city officials in round-table sessions. Especially significant among topics to be discussed are governmental relationships, city planning, league problems, public utility regulations, traffic, personnel administration, public works, training for public employes, tax assessing and property valuations, finance, water, social security, and the place of cities and towns in Texas' system of government.

Approximately 99 per cent of the urban population of Texas is represented by the league.

Home Talent Show Is Slated At Fluvanna

A home talent show conducted by Dixie Boy Jordan from KWFT in Wichita Falls will be held Thursday night in the Fluvanna High School auditorium.

The program is under the sponsorship of the sophomore class of the school. In addition to acting as master of ceremonies for the program, Dixie will sing and entertain. He is heard twice daily Monday through Saturday on the Wichita Falls station and also on a home talent show broadcast from 11:30 to 12 noon each Saturday.

Tickets to the program will be on sale at the auditorium or may be purchased in advance from class members.

Mail Is Damaged During Chicago Station Flood

CHICAGO (AP)—Some 3,000 pieces of parcel post and three railroad baggage carloads of magazines, books and newspapers were ruined in the Union Station flood during the record rainfall 10 days ago.

The Chicago post office said today some 28 pouches of soaked first-class mail were being dried out. Mail with legibile addresses will be delivered, but the post office will not assume responsibility for noninsured mail.

Police Locate Father Of Girl, 12, in Chicago

CHICAGO (AP)—The Chicago Police Department's "lost and found" department found Mary Ann Perkins' daddy for her.

Mary Ann, 12, of St. Louis, wrote in a letter received Monday asking police to help locate her father. She said his name is Lee Perkins and that he is from Vicksburg, Miss. Her letter was addressed to "Police Headquarters, Lost and Found Department, Chicago."

Sam Perkins, a construction worker, told the missing persons bureau yesterday he is Mary Ann's father and that he would telephone her that everything's okay.

Your body manufactures a substance from vitamin A which permits you to see in near darkness, but this substance tends to disappear from your eyes when you see them in bright light.

Rushing, Passing Leaders Change In District 3A-1 Play

Frosty Robison of Big Spring last week moved out to take the lead in District 3A-1 rushing, passing up teammate Brick Johnson, who led last week.

Robison has a total of 227 yards in district games. His average per carry is 7.1 yards, slightly smaller than the average of Tommy Evans of Levelland, 8.5. Evans has a rushing total of 205 yards. Running third in the district is Joe Baxter, Snyder halfback-fullback, with 175 yards and 5.6 yards average per carry.

Jerry Pearson, Vernon back, passed up Levelland's Mack Freeman in the passing department. Pearson has passed 281 yards in district play and has averaged 16.5 yards per pass. He has completed 50 per cent of his passes. Freeman is now running second with 180 yards. Snyder's Bernie Hagins is sixth in the district with 49 yards.

Top receiver in the district is Vernon's Gene Miller, who has 124 yards for the most gain of any receiver in the loop. His eight passes caught number the most in the district by any one receiver. Highest ranking Snyder receiver is Don McNew, with two passes for 29 yards.

While Kenneth Bartlett of Lamesa has the highest average in the district on punting, he has only punted once. Fourth place Jack Williams on Plainview has punted 10 times and averaged 35 yards, while Frosty Robison of Big Spring and Conrad Alexander of Lamesa closely follow. Snyder's Alan Snead, whose 12 punts number the most by any player in the district, is averaging 27.8 yards.

Dark Is First Giant To Sign New Contract

NEW YORK (AP)—Alvin Dark, the quiet, take-charge guy who kept the New York Giants on the hustle to the National League pennant and their smashing World Series victory, today signed another two-year contract. He is the first player to sign with the world champions for 1955.

There was no indication how much money was provided in the contract, mailed in by Dark from his Lake Charles, La., home, but Eddie Brannick, club secretary, said the stubby shortstop was "very satisfied."

It was the second two-year agreement signed by Dark since joining the Giants in 1950. The first accepted by Dark in 1953, called for a reported $31,500 a year. He signed then only after holding out until March 3.

Dark, a 5-foot-11 scrapper at his best in the clutch, wound up a superb year with an individual performance that matched the team showing of the Giants' four-game sweep of the Cleveland Indians in the World Series. A .293 hitter during the regular season, the 31-year-old veteran batted .412—the best series average of any of the New York regulars.

Back Of Week Has To Prove Self At Home

LOS ANGELES (AP)—One of the unusual facts about young Jon Arnett of Southern California is that while he was named Back of the Week by The Associated Press, he has yet to win a place on the Trojans' starting team.

Even today his coach, Jess Hill, reiterated that he has not decided whether the 19-year-old sophomore or Aramis Dandoy, a senior and All-Pacific Coast Conference back last year, will lead off at left halfback against California here Saturday.

Hill did name Jon to start in the Oregon game last week, the nationally televised contest which proved a wonderful stage for Arnett's running artistry.

But this was the only game thus far in which he got the opening role.

Does this disturb him?

"Not a bit," he promptly replied. "I'm glad to see Dandoy get the assignment."

An extremely modest young man, he seemed a little abashed by the Back of the Week designation. This has been his attitude since the spotlight began to shine on him, particularly after the Pittsburgh game a month ago.

Arnett, who stands 5-11 and weighs 185, is an expert gymnastic tumbler, runs the 100 in 10 flat and broad jumped 24-8 to take second place in the National Collegiate meet last spring. He is also an excellent student.

These attributes perhaps explain his speed, his split second reactions, a surprising degree of power and the ability to "think on his feet."

Virus Infection Is Hurting Tech Squad

LUBBOCK (AP)—A virus infection, apparently picked up on their trip to Louisiana last week, was blamed for the illness of ten Texas Tech varsity football players who missed practice yesterday.

End coach Bud Sherrod and trainer Landon Westbrook were also struck by the infection.

ABOVE THE BLEACHERS

By DALE WALTON

Levelland remained total offense leader for the season and in district play among District 3A-1 teams this week, but it lost its lead in many departments.

The Lobos are atop season total offense with 2,046, with Snyder's 1,678 running second. In district offense, Levelland's total is 627. Snyder is third with 470.

Breckenridge and Vernon moved up in the passing department. In season play, Breckenridge holds the best pass completion percentage with 57.1. The Buckles also lead in district percentage with 100 per cent. Vernon is second with 55.5. Snyder runs fourth in district pass percentage and seventh in season percentage.

In season play, Breckenridge has also averaged the most yardage per pass, with 23.8, with Snyder running second with 21.6 yards. Breck is also district leader in that department with 40.5. Snyder is fifth in that bracket.

Levelland is season rushing leader, with Snyder second. In district rushing, Big Spring is at top with Levelland second and Snyder third. In total yards on passing for the season, Levelland is the leader, and Snyder is fourth. For district play, Vernon has made more yards passing than any other team.

Levelland has completed more passes than any other team, in season play, while Vernon leads in district play. Vernon has tried the most in both season and district games.

SEASON OFFENSE

Teams	Rushing	Passing	Pass Ydg.
Levelland	1,431	43 of 78	615
Snyder	1,331	16 of 40	347
Big Spring	1,253	15 of 36	293
Breckenridge	1,297	8 of 14	191
Lamesa	838	18 of 69	205
Vernon	610	40 of 80	558
Plainview	645	32 of 79	388
Sweetwater	453	19 of 45	272

DISTRICT OFFENSE

Teams	Rushing	Passing	Pass Ydg.

Breckenridge	287	2 of 2	81
Plainview	249	3 of 21	22
Vernon	180	20 of 36	302
Sweetwater	158	4 of 9	35

* * *

Some grid fans are still wondering about the Sweetwater game last Friday night in relation to the time Snyder punted, the ball bounced off a Sweetwater player, and the team scrambled for the ball.

The doubts of at least part of the fans can be cleared up here. Some of them had the idea that the last team touching the ball should be awarded possession. W. E. Loyd of Snyder, a member of the Abilene officials association, quotes this from E. C. Krieger's Questions and Answers on 1954 Football Rules. "When a scrimmage kick or returned kick goes out of bounds it belongs to the receiving team, regardless of who last touched it." Some persons had the idea that Snyder should have had the ball because a Tiger touched it last. That would have meant something up to 1951, but the rule changed then.

That helps part of the fans. The biggest controversy, however, concerned whether a Snyder player actually had possession of the ball before it went out of bounds. Many fans contended that Bernie Hagins, Snyder quarterback, actually held the ball long enough to constitute possession. An official did not think so, and Sweetwater got the ball. The best position to take on the issue at this time, is to forget about it. Hal Battle, Tiger line coach, said last night at Quarterback Club meeting, "We coaches have just about forgot about the Sweetwater game, and we're getting ready for the Friday game. That's what we want the rest of you to do."

Bill Young, football coach at Furman, is known also as one of the South's finest amateur golfers.

Slingin' Sam's Son Is Also Good Slinger

Slingin' Sam Baugh's son in the sixth grade, Tadd Baugh, saved the day for his Rotan teammates last night and threw a touchdown pass to tie up a grid score 6-6 against a Snyder team in a pee-wee game.

Roy Carter, Snyder seventh grade coach, took his B team to Rotan for the game. There will be a return game here at 6 o'clock Monday night.

Two junior high teams, the seventh and eighth grade squads, will go to Sweetwater tomorrow night for games, the first starting at 6:30 o'clock. Playing in Snyder tomorrow night will be the freshman team, which will meet the Big Spring frosh at 7:30 o'clock.

In last night's game, Snyder's Glen Dixon scored on the first play from scrimmage, going 45 yards across tackle. The game went on with Snyder leading 6-0 until one place before the end of the game, when Baugh threw the pass about 10 yards for the score.

David Myers led Snyder defense. Offensive and defensive leaders included Dixon, Bob McChesney, and Robert Taylor.

Horned Frog Scores Usually Big Ones

FORT WORTH (AP)—When Texas Christian's Horned Frogs, one of the most respected college football teams in the country, score it's usually with a flourish.

And the biggest flourisher is one Jim Swink, a rambling sophomore more noted for his basketball than football in high school at Rusk, Tex.

The "home run" goes with the impetuous Horned Frogs. They've made 14 touchdowns in five games and only two of them came from inside their foes' 10-yard line. Ronnie Clinkscale ran four yards for scores against Southern California and Texas A&M.

Otherwise, the Frogs have tallied from away out yonder, something at which the irrepressible Swink is adept. They're already comparing him to Doak Walker, the Southern Methodist immortal of the late forties.

Speed, agility and a sixth sense for "running where they ain't" are the 180-pound Swink's leading assets.

"He just hunts daylight and goes to it," says Dutch Meyer, the TCU athletic director who coached the Frogs for years. "And he paces himself something like Doak Walker used to do until he gets the right block and sees running room."

Against Kansas, Swink made two touchdowns, one on a 67-yard run off tackle. Against Southern California, he made a darting, ducking 18-yard scoring run off tackle that is still the marvel of the TCU coaching staff. No less than six Trojans had a crack at him on that one.

Against Texas A&M last week, Swink scored what proved to be the winning touchdown when he took a handoff, cut in over guard and darted 79 yards — the last 50 all alone.

Through five games, Swink has carried the mail 41 times for 314 yards — an average of 7.6. He also has caught three passes for 39 yards.

The Frogs meet Penn State here Saturday in one of the country's top games. Chances are seven to one that any touchdown they score will be from away out. Best prospect for doing it is the talented Swink, a guy who thinks blockers are something besides protection from those 220-pound tackles. Jim knows how to use them.

Ranger Still Leads Jr. College Offense

By The Associated Press

At the halfway mark in the Pioneer Junior College Conference race, Ranger Junior College's Rangers continue to lead in total offense despite a 36-7 setback last week by San Angelo.

The Rangers' total gain from scrimmage has been 1,511 yards in five games.

They are closely pressed by the unbeaten Arlington State Rebels, who have 1,486 yards in five games.

The leading defensive team is the San Angelo Rams, who have allowed the opposition only 425 yards in five games. An average of 145 yards per game.

Arlington State is the loop's leading passing team with a gain of 543 yards in five games, closely trailed by San Angelo with 534 in five games.

Ranger leads in rushing with 1,287 yards in five games.

In individual statistics, the leading runner of the conference is Howard Meissner, Tarleton State fullback, who has carried 44 times for 303 yards, an average of 6.4 yards per run.

He is closely pressed by Billy Pavliska, Arlington State fullback, who has carried 45 times for 295 yards.

Meissner is also the leading scorer, with five touchdowns for 30 points.

Quarterback Raymond Glasgow of Arlington continues as the league's leading passer with 20 completions in 61 tosses for 487 yards, an average of 23.4 yards per completion.

His teammate, Ken Watson, an end, is the leading receiver with eight catches totaling 166 yards, an average of 20.8 yards per reception.

Bob Mangleberger, Schreiner Institute end, is the leading punter with an average of 47 yards. Johnny Symank, Arlington State's all-conference halfback, is the leading kickoff and punt returner with five returns for 104 yards and four punts for 63 yards.

Pitt's Glatz Is Top Lineman

By TED MEIER
Associated Press Staff

Fred Glatz, a 190-pound end at Pitt, was named the Associated Press Lineman-of-the-Week today for his exploits that helped the Panthers knock Navy from the list of unbeaten college football teams.

Glatz was named by sportswriters and broadcasters in the weekly balloting for the honor. Hugh Pitts, Texas Christian center, and Bruce Bosley, West Virginia tackle, also received high praise for their play against Texas A&M and Penn State, respectively.

Glatz, a junior who prepped at Pittsburgh Central High, caught a 54-yard forward pass that set up Pitt's first touchdown in the Panthers' 21-19 victory and followed through by recovering two Navy fumbles to choke off threats by the Middies. He was strong defensively at other times, too.

It was Pitts who saved TCU's 21-20 victory over the Texas Aggies by blocking the try for extra point that would have tied the score. In addition he threw the key block when Jim Swink got loose for the 79-yard touchdown run for the winning score.

That wasn't all. Pitts also recovered an Aggie fumble and intercepted a pass to stop another threat, as well as making tackles all over the field. He did all this despite the fact he played with a shoulder injury.

"Maybe we'd better bang up Hugh's other shoulder," kidded TCU Coach Abe Martin.

Bosley played a bangup 60 minutes against Penn State despite a cut on the big toe of his left foot. He suffered the cut early in the game when he stepped on a lost cleat, but said nothing about the mishap until after the game.

Forrest Gregg, Southern Methodist tackle, was pointed out for his outstanding play against Rice, especially in the thrilling goal line stands SMU put on. Rice was stopped three times inside the SMU 10, with Gregg throwing Rice backs for losses at crucial moments.

Other linemen nominated:

Centers: Kurt Burris, Oklahoma. Larry White, New Mexico. John Irvine, Maryland.

Tackles: Mike Morog, Colgate. Bob Hobert, Minnesota.

Guards: Lou Lovely, Boston University. Jim Buonopane, Holy Cross. Neil Opdyke, Columbia. Salsburg, UCLA.

Ends: Carl Allison, Oklahoma.

Don Miller Signed As Philadelphia Back

PHILADELPHIA (AP)—The Philadelphia Eagles have signed former Southern Methodist halfback Don Miller in preparation for Saturday's battle with the Pittsburgh Steelers.

To make room for the rookie defensive back, the Eagles yesterday asked waivers on onetime Illinois halfback Don Stevens.

Hugh Duffy Dies At 87

BOSTON (AP)—The baseball world today mourned the loss of Hugh Duffy, whose fabulous .438 batting average in 1894 for the Boston National League baseball club is an all-time record.

The 87-year-old star died yesterday at his home from a heart ailment. He would have been 88 next month. Active in baseball almost to the end, he was a Boston Red Sox scout through 1953.

Funeral arrangements for the former player and manager—whose feats won him a place in Baseball's Hall of Fame at Cooperstown, N.Y.—were expected to be completed today.

He broke into the major leagues as an outfielder with the Chicago Nationals in 1888 and hit better than .300 in 11 of his 18 big league seasons. His wife, Nora, died Aug. 22, 1953. They had no children.

No Report Yet Made By NCAA Panel

By ED TUNSTALL

NEW ORLEANS (AP)—The report of the National Collegiate Athletic Assn's Committee on Rule Infractions today may shatter the quiet of an otherwise routine three-day meeting.

Walter Byers, executive director of the NCAA, said the 18-member Executive Council of the association heard the committee's report yesterday, but he would not disclose if any institutions were under investigation.

The council has authority to discipline violators short of expulsion from the association.

The session today included committee reports behind closed doors. The council is meeting to lay plans for the association's 49th annual convention in New York Jan. 5.

Byers said "two or three amendments to the association's constitution or bylaws" would be recommended to the convention.

One, he said, deals with fall pre-season football practice. He said it would permit institutions to conduct players' physical examinations and take press photographs prior to the official Sept. 1 starting date.

A second amendment covers intercollegiate scrimmages between institutions before various seasons open, Byers said. It has been the practice of many institutions to hold scrimmages which were not counted as preseason practice sessions, particularly in areas where NCAA institutions were located close together. Byers said such sessions were conducted with the knowledge and approval of the NCAA.

The proposed amendment would bar such sessions, he said, because some coaches feel that these scrimmages benefit the schools which conduct them while schools which do not follow the practice are at a disadvantage.

'OPERATION CLEANUP'

Now that the water has receded, crews of men and machines have started the grim task of cleaning up the destruction left by hurricane Hazel in the Toronto, Ont., area. Here a crane pulls a car loose from what was once fertile farm land. Water covered 7,000 acres in Toronto making 3,000 persons homeless and causing an estimated $10,000,000 damage.

Where To Go On Free Trip Is A Difficult Problem To Solve

By ED CREAGH

WASHINGTON (AP)—Suppose you were offered a free trip to Europe—to any place this side of the Iron Curtain you wanted to go. Which country or countries would you pick?

Nine out of 10 people will give you an answer to that question as quick as a wink. I know because I've already asked nine. You're the 10th.

It's fun to dream about foreign travel, and everybody has a favorite dream. Maybe it's of drifting down the Grand Canal in a gondola. Or of assassinating grouse on a Scottish moor. Or of making an on-the-spot check to see if Paris night life is as wicked as it's painted.

But let that dream become reality and you've got a problem on your hands.

I know because I've just been offered a free trip to Europe, and I can't for the life of me decide where in Europe to go.

How come I get a free trip? Well, I took some pictures of my little boy, dropped the roll at the corner drugstore and then, out of a clear sky, a man called up and said:

"Congratulations. You have won the grand prize in our contest. When do you want to leave for Europe?"

(Tip to other amateur photographers: to win a prize you must have three things—a camera, a little boy who will make faces in front of it, and a lot of luck).

Anyhow, as soon as the numbness wore off, I started planning the trip I would take. And, while I won't pretend I'm not enjoying myself, the problem of where to go is driving me nuts.

The trouble is, of course, you can't go everywhere on a 15-day trip. And every time you scratch out a name on your list of happy possibilities, it hurts.

England, for instance. Haven't been there since 1947, and it would be fine to go back. Same with France. But wouldn't it be better to strike out for some new place? Or would it?

There are all sorts of places a Washington reporter, who often has to write about foreign affairs, could visit with profit. I once learned more about French communism by arguing for half an hour—pocket dictionary in hand—with a rag-packer in Paris than in months of reading about it in the papers.

So Berlin might be a good place to go. Or Austria. The problems of that neck of the woods are going to be with us a long time.

But golly, a man doesn't want to work all the time. He wants to do some sightseeing. So how could you leave out Rome? Or Venice? Or Athens?

What about Scandinavia? The Low Countries? Too cold and rainy with winter coming on? So is Washington cold and rainy.

Of course the sun would be glorious in Seville. Or in Sicily. And from Sicily maybe you could manage a quick trip to North Africa. If you go that far, you can't afford to miss Egypt, and there you're only a stone's throw from Jerusalem . . . and Istanbul . . . and

You see the problem? It's enough to give a man an anxiety neurosis.

My friends are not sympathetic. They tell me I am looking a gift horse in the mouth and complaining because it isn't an elephant. Maybe they're right.

All I know is that I wish I could make up my mind. My wife does too. She's tired of having the living room cluttered up with travel folders.

Crash Kills Guardsmen

GRANVILLE, Mass. (AP) — Two Massachusetts Air National Guardsmen were killed last night when their flaming jet training plane plowed into low woodlands of the Berkshire Hills.

'Legion Days' Are Observed

The period of Oct. 20 through Nov. 11 is being observed as "American Legion Days" and Mayor Malven K. Stevenson has issued an official proclamation setting aside that period for such an observance in Snyder.

The mayor's proclamation follows:

Whereas, October 20 is the beginning of another fiscal year of the American Legion and

Whereas, November 11, since the close of World War I has been traditionally known as "Armistice Day" but by act of the Texas Legislature and the Congress of the United States has now been designated as "Veterans Day" and

Whereas, the American Legion generally has for the past 36 years presented a united front for a strong, continuing defense policy and has been the foremost advocate for protecting the interest of disabled veterans and the widows and orphans of those veterans who made the Supreme Sacrifice and

Whereas, the American Legion post of Snyder has always been a strong factor in this community for God and Country, now I as mayor of Snyder do hereby declare the period of October 20 through November 11 as "American Legion Days" and ask that our entire citizenry join in honoring the veterans of all wars in that period and co-operate with our local American Legion in whatsoever observances it arranges for this period.

Given under my hand and seal, this the 19 day of October, 1954.

Malven K. Stevenson

ATTEST: City Clerk

Breckenridge Man Is Lions Club Speaker

Tom Kirkham of Breckenridge, special representative of Lions International, addressed members of the Snyder Lions Club at their luncheon meeting Tuesday.

Subject of Kirkham's address was "What Other Lions Clubs Are Doing."

The High School P-TA sold tickets to a play, "Gold in the Hills," which will be presented next Monday and Tuesday. Proceeds from the play will go to a scholarship fund.

South Dakota Solon Gets Speeding Ticket

SOUTH SIOUX FALLS, S.C. (AP)—Sen. Mundt (R-SD) was given a speeding tag yesterday by Chief of Police John Blom of South Sioux Falls. He was charged with speeding through a 15-mile-an-hour school zone.

The senator continued on his way to keep an appointment at Canton, S.D., but was scheduled to appear later before a magistrate.

Elisabeth Maria Bergmann is shown above as she arrived in Dallas Monday from Germany en route to Fort Worth. The 25-year-old German girl is the fiancee of David Hagler, Fort Worth man charged in the torch slaying of an unidentified man in Oklahoma. Miss Bergman was in Germany visiting her family when the charred body of the man was found in a station wagon and Hagler was charged with the crime.

Four In Same Family Enrolled At Penn State

STATE COLLEGE, Pa. (AP)—Four Wrights, mother and three sons, are attending Pennsylvania State University.

Mrs. L. Kenneth Wright decided when she had some free time that she'd take a course in weaving. Somewhere along the line she got sidetracked and is now in the graduate school working for a master's degree in home economics.

The other Wrights attending are Stewart, 21, a senior in industrial arts; Larry, 19, a junior in hotel administration; and Darryl, 18, a freshman in arts and letters.

Gas Fumes In Detroit Fatal To 8 Persons

DETROIT (AP) — Deadly carbon monoxide gas fumes, seeping from a faulty chimney, last night killed eight occupants of a rooming house for men on the edge of Detroit's downtown district.

Nine other roomers were rushed to downtown Receiving Hospital for emergency treatment. Their condition was said to be "temporarily serious."

One of the victims was identified as Muroc Emine, 75, of Detroit.

Hospital attendants said most of the victims were clad only in night clothes making positive identification difficult. Most of the victims were between 50 and 70.

Police said 24 persons occupied the three-story rooming house. Quick action by Joseph Filjackowski, 58, owner of the building, was credited with saving additoinal lives.

Filjackowski told police he discovered the gas fumes shortly before midnight when he returned from a church service. He said he found one of the victims lying in a bathroom on the third floor. Then he started banging on doors to arouse sleeping roomers.

Firemen said the fumes spread from a gas furnace which heated the building. They said recent rains apparently loosened mortar in the brick chimney, causing particles to fall over a flue. The gas, unable to enter the blocked chimney, entered the house through a furnace vent.

P-TA Studies School Ties

The formation of a more perfect union between the home and the school was studied Monday night when the Junior High School Parent-Teacher Association met.

Dr. Cecil Yarbrough, superintendent of schools, was the first speaker for the program. He pointed out that teachers depend on parents to help them serve the child. When Snyder sets higher standards for its schools, the schools become happier places for teachers to serve, he said. The teachers do a better job because the parents expect it and cooperate.

Yarbrough attributed the enthusiasm and interest of this P-TA group to the spirit shown by the parents, and to the fact that "a few men have been admitted since the P-TA was organized."

John Boren, speaking later, stressed the fact that a spirit of cooperation is an important contribution of the parents in forming the union between home and school. When parents feel that their children are neglected they should understand that a lack of facilities is not the fault of the teacher, he said, but of the parent who does not know the need of the school. Teachers would often have more time for teaching if children were disciplined at home, the speaker added.

Music was given by a choral group directed by Mrs. Landis Lee.

Following the program, an invitation was extended for all parents to join the P-TA-sponsored tour of schools which will begin at the Junior High School cafeteria tomorrow. The tour is open to the public.

Abusive Language Ruled No Cause For Arrest

CHICAGO (AP)—The Illinois Appellate Court has ruled that abusive language and threatening gestures to policemen aren't sufficient reasons for arrest.

"An officer of the law must not conceive that every threatening or insulting word, gesture or motion amounts to disorderly conduct," said Judge Edwin A. Robson.

The court reversed a lower court's ruling and upheld the Chicago Civil Service Commission's dismissal of policemen Gus Oratowski and Tod Porterfield.

They are accused of beating Casimer Koprowski, 30, a partially crippled veteran, after he protested being given a pair of parking tickets.

The number of school districts in the United States decreased from 127,529 in 1932 to 66,472 in 1953.

Erie Mayor Loses Power

ERIE, Pa. (AP)—Democratic Mayor Thomas W. Flatley, charged with accepting bribes from a gambling syndicate that netted 20 million dollars a year, has been stripped of his powers.

The City Council, made up of Democrats, acted yesterday.

Pending final disposition of the charges, Flatley will continue on the city payroll, however. City Finance Director George Brabender was named acting mayor.

The mayor was arrested Saturday along with 43 other men, including two policemen. The two officers, Chief Inspector Jack Martin and Edward Camili, a member of the police vice squad, are charged with accepting bribes and conspiracy.

Council also moved to fire the two police officers.

Dist. Atty. Damian McLaughlin said all were involved in a numbers and pinball machine racket.

Crusader Battling Feminine Tonnage

By HAL BOYLE

NEW YORK (AP)—If all goes well, Claire Mann will reduce the supply of American womanhood by 125 tons by the end of this year.

"It isn't very much, is it?" sighed Miss Mann, founder of "Overweights Anonymous," and pointed out there are some 18 million women in this country who have eaten themselves out of shape.

Her goal is to get all these plump ladies to lose an average of six pounds each, or a total of 54,000 tone of feminine fat. If loaded on the battleship Missouri, this weight would probably sink her. Converted into tallow, it could be made into a candle big enough to light a city. Might be a good idea, too. Make a splendid monument to the sex.

Claire, who has a daily women's show on station WABD-TV, started "Overweight Anonymous" three years ago, frankly patterned it after "Alcoholics Anonymous" in many ways.

"Overweight and alcoholism, after all, spring from the same emotional causes," she said. "The problem is psychological, not physiological."

The main theory behind O.A. is that obese people who are unable to solve their problem on an individual basis often are able to do so when they attack it by group therapy.

The motto of O.A. is, "Don't put off for tomorrow what you can take off today."

In three years the organization has grown to 100,000 members. There are no dues. The members meet at each other's homes in groups of 5 to 10 twice a month, and Miss Mann distributes free diets and exercises at her own expense.

But O.A. differs from A.A. in one important respect. If a member feels an overwhelming urge to indulge in a chocolate eclair, she can't telephone a fellow member to come racing through the night to save her from temptation.

"As a matter of fact, if a member scales down her poundage, she must maintain the weight loss for at least six months or be dropped from the rolls," said Claire firmly.

Those who do reduce to the weight they desire are encouraged to be more active in community and charity work to give them an outlet for their new energy.

Miss Mann, a former ballet dancer and pianist, became interested in therapy as the result of an accident. The accident was a collision in which she suffered a broken back. She was told she would never be able to dance again, might not be able to walk.

After six months in a hospital, she set out to rehabilitate herself.

Her stubborn will worked a miracle. She recovered completely, then opened a studio to help other people with physical and mental problems.

Police Dog Makes Fast Work Of Holdup Man

OWOSSO, Mich. (AP)—Boots, a pedigreed police dog, did a fast job on a holdup man yesterday.

His master, Gail Shewalter, Perry Township farmer, was busy in his orchard when a young man left a pickup truck on the road and approached him.

"This is a holdup," he said. "Give me all your money." Then he hit Shewalter on the head with a club.

Shewalter called for Boots.

Boots dashed up and drove the man to a fence, where he sank his teeth in his leg. The man jumped the fence in pain and drove off with a companion in the truck.

When the sun shines on the moon, surface temperatures reach 200 degrees above zero, but when the surface is in darkness temperatures may drop to 250 degrees below zero.

Vietminh Group Called Threat To Cambodia

BANGKOK (AP) — The Bangkok Post, an American-edited daily, said today that Thailand's internal security is threatened by the presence in Cambodia of a 4,000-man Vietminh-led group and an uncertain element among 300,000 Chinese there.

The newspaper quoted Brig. Gen. Chamras Manthukanond, Thai minister to Cambodia, as saying the 4,000 operate as "free Cambodians" from a base south of Battambang province near the Thai border. They reportedly get their orders direct from the Communist Vietminh, who now occupy the northern half of Viet Nam.
