ELDORADO — SCHLEICHER COUNTY, TEXAS

THURSDAY, MARCH 19, 1953

NUMBER 12

All Asked To Give Generously To Schleicher Red Cross Drive

Buster Hale, Schleicher County Red Cross chairman, asks this week for donations from every family in Schleicher County. As he points out, the donation in some cases may not be large, but when all are added up the total may be a creditable amount.

By personal solicitation, letter, and word-of-mouth advertising, he is attempting to conduct a drive which will be successful—producing a large enough total to give the Red Cross a sizeable check, sufficient to accomplish something definite in conduct of Red Cross activities.

Assisting with the drive are: W. M. Patterson, Jr., secretary-treasurer;

Bill Gunstead, publicity; L. V. Newport, Eldorado business district, with Morris Isabel and Edward Meador assistants;

Mrs. Gus Love, residential district, to work from school house south on west side of highway; Lawrence Steen, to work north of school house on west side of highway;

Mrs. James Page, to work from Halbert station north on east side of highway;

Mrs. Fred Gillaspay, to work from Halbert Station south on east side of highway.

Helping Mr. Hale and his assistants is Henry Batjer, Jr., drive chairman of the four-county area of Schleicher, Reagan, Sterling and Tom Green.

Letters Mailed

Chairman Hale has mailed out letters to farmers and ranchers and to the oil companies, asking for their donations to the Red Cross.

As stated last week, President Eisenhower has issued this appeal to the nation as a whole:

"This year the Red Cross needs 93 million dollars to do its job. It also must collect five million pints of blood—for the armed services, for civil defense, for civilian sick and injured and for those most precious civilians of all—our children. For now the Red Cross joins in the fight against infantile paralysis by providing gamma globulin, which helps prevent the crippling effect of polio."

In the letters which he mailed out, Mr. Hale appealed for generous support of the Red Cross thus:

We are sure that you will want to join with us in this great undertaking. We urge you to mail or leave your contribution to the First National Bank at Eldorado or to the writer as soon as possible. Your check should be made payable to the American Red Cross, or just simply "Red Cross."

It is pointed out that the quota of \$26,776 for the Concho Valley Chapter is divided 43.5% remaining with the Chapter, and 56.5% being sent to National Headquarters. Anything above the quota is divided 50-50. Normally the quota of a Chapter is divided 50-50 but the percentages set for this year are due to the blood program and gamma globulin for polio.

Committee members wish to stress the fact that this is a free program and that all are cordially invited to attend. Cake and coffee will be served after the program.

Johnson and aunt Bell Simmons of Gonzales, and Mrs. Cut Edmiston and baby of Big Lake. Grover Lee's address is now R2, Box 3284, Mineral Wells.

SPRING CONFERENCE OF DISTRICT PTA HERE NEXT WEEK

Eldorado will be the hostess city at the Conference of Sixth District Congress of Parents and Teachers, March 26 and 27, with sessions scheduled to take place in the school auditorium.

Plans for entertainment of overnight guests who will be here for the pre-conference board meeting Thursday afternoon and evening are being made by local committees. Because of the acute housing shortage in Eldorado it is expected that most of these will be entertained in private homes.

The meeting will open at 2:00 Thursday afternoon when there will be a pre-conf. board meeting over which Mrs. Edwin Jackson, district president, will preside. At 7:30 the district board of managers will be entertained with a dinner in the school cafeteria through courtesy of the Board of Education.

On Friday, registration will start at 8:00 and continue until closing time following the afternoon session. Boy Scouts of Eldorado will present the colors, Rev. Doyle Morton will deliver the invocation, and Supt. T. E. Holcomb and local president Mrs. Jack Hext will extend greetings, to which Mrs. Russell Payne will respond. Mrs. Edwin Jackson will present one conference theme, and district vice presidents and other officials will have part on the program.

A barbecue will be served from 12:00 to 2:00, to which the general public is invited, the price to be \$1.50 per plate.

For the afternoon session, Mrs. Henry Mings of Tyler, state chairman of civil defense, will address the group, Mrs. Sid Bolding will have charge of workshops, and the various committee chairmen will report.

A hostess city for next year will be chosen, and Mrs. Stinnett will close the meeting with an address. She will also hold a post-conference board meeting for newly elected officers.

The meeting will culminate Mrs. Jackson's two years of service as district president. She will then go on with her new duties as state vice president.

Local committee chairmen who are assisting with arrangements for the meeting are Mrs. J. C. Ratliff, Mrs. Jack Hext, Mrs. Archie Mittel, Mrs. Horace Linthicum, Mrs. Arthur Mund, Mrs. W. S. McGregor, Mrs. J. M. Christian, Mrs. John Stigler, Mrs. Edgar Spencer, Miss Jewel Shelton, Roy Phelps, Mrs. Palmer West, Mrs. W. J. Humphrey, Mrs. Oran Enochs, Mrs. Dee Love, Mrs. John Williams and Miss Lucille Farmer, Miss Knox and Mrs. Thornton.

NEARLY 200 PEOPLE ATTEND JOINT LIONS MEETING IN SONORA

The principal speaker was Dist. Governor Jack D. Wright of San Antonio, when nearly 200 Eldorado and Sonora Lions and their ladies gathered in the school cafeteria for a joint meeting and banquet Tuesday night at Sonora.

Planist for the evening was Marilyn Mittel, and the invocation was led by Rev. W. H. Marshall of Sonora, with Rev. Doyle Morton of Eldorado pronouncing the benediction. The Sonora school sextette sang several numbers.

Special recognition was given to Palmer West, Eldorado Lions Club president, who gave a short talk on cooperation, and deputy district governor Tiny Lucas of San Angelo who gave a brief talk before introducing the speaker, A. E. Prugel, president of the Sonora Lions Club, was master of ceremonies for the evening, and he introduced other visitors.

Talk On Attitudes

In his introductory remarks Speaker Wright commended the two clubs for the excellent turnout, praised Sonora for providing the children with such a fine school building, and told a number of stories.

He stressed the fact that man's attitude toward his work and his fellow man may mean the difference between success and failure. He defined attitude as mental readiness for some form of activity, and gave a number of instances of positive and negative attitudes which influenced a man in conducting of his routine business.

He commended Lions for building a new hospital for crippled children at Kerrville, and mentioned other ways in which he was proud of his membership in this growing worldwide organization.

He closed his speech with the admonition that "better days are largely up to you."

Home Ec Girls Serve

The home making teacher and the eighth grade home making students served the dinner, and the cafeteria manager was in charge of the preparing of the banquet.

After dismissal Wright addressed a special meeting of the two executive boards.

Howard Fauli is convalescing in a Sonora hospital following surgery last Sunday.

Post Script

People are asking about the traffic light check which the highway department conducted recently in down-town Eldorado. We have wondered about it too—so we wrote some letters to find out what had happened to it.

We learn that field investigations had been completed, and necessary office work was completed in San Angelo Monday. From there all data was to be forwarded to the highway department's Austin offices for additional information and recommendation.

So—some time before long we will probably find out what the state recommends regarding these lights.

The D. S. and R. Construction Company of McCamey, who have done a number of Schleicher county jobs for Humble during the past year, are moving equipment and crew to Eldorado. They have leased the old Cameron property on South Main street from Cecil Meador, and will fix it up for their Eldorado headquarters.

This newspaper family and at least 300 other people called Sunday afternoon at Shugart's apartments, upon invitation of the owner, Jack Shugart, who had designated Sunday from 2:00 to 6:00 for his Open House.

Favorable comments were heard on every side as callers inspected the four furnished apartments and two bachelor apartments; tenants are beginning to move in this week.

Providing the type of accommodations for which there has been much demand, this apartment project is welcomed here by Eldoradoans who have been concerned about the shortage of housing units.

Remaining to be completed is the yard work, including sodding and planting shrubbery.

Lum Davis isn't alone any more in his part of town. C. N. Shaw is opening his new station, Reed Oil Company are building theirs, and Ray Tisdale's new building is getting started—also Tiny King's "King's Crown" is open again after it had been closed a few months.

—ps—

Complete with an impressive display of neon lights, Shaw's Magnolia Station is now open for business. The place will be ready for business Saturday, or a little before, states the proprietor, C. N. Shaw. Today grading and leveling of the grounds is being completed, and the construction job is nearing the wind-up stage.

—ps—

The Reed Oil company announces that they are open for business in a more or less temporary way in their new location on South Main street. Starting with a vacant lot on Monday, March 9th, the company built a station and sold their first gasoline a week later. There is still some finishing work to do around the premises and a formal opening is promised later.

—ps—

A mist which covered Schleicher County most of Tuesday, measured about .15 in Eldorado, less than that to the west, and about the same in other parts of the county. It is understood that the Jim O. Harrows received .4—the largest amount reported.

The country is greening up after the Big Rain, and if moisture continues to fall as needed through the spring, the country will be back on its collective feet in another year.

A few out west of here are planting sudan, and grain is beginning to come up.

—ps—

Station Construction workmen are still busy on their clean-up job at the new Bailey station, and may not be ready to move out until some time between April 15 and May 1. Clearing away of rubbish, building of roads and fences, and similar jobs are keeping the crew occupied during this pleasant spring weather.

—ps—

Edwin Jackson has been out of town, attending the Sheep and Goat Raisers' directors' meeting at Boerne, and the Cattle Raisers' association meeting at Houston.

—ps—

The Eldorado Style Shop, which has been open for business several weeks, will make its formal bow Saturday morning at a style show in the Memorial Building. Local models have been rounded up for the occasion, and plans are shaping up well, states the manager, Mrs. Kinser.

OIL DELIVERED IN RANCHO LINE ANNOUNCES SHELL

Oil is now being delivered through the new 457-mile, 24-inch diameter, Rancho Pipe Line System from West Texas to various refineries and terminals in the Houston Area, T. E. Swigart, president, Shell Pipe Line Corporation, announced recently.

Construction of this newest "Big-Inch" pipe line in Texas was started in March, 1952, and was financed with private capital by seven participating companies. It was designed and constructed by Shell Pipe Line Corporation, which also will operate and maintain the system and its equipment. Ownership in the Rancho System is divided among Ashland Pipe Line Company, Crown-Rancho Pipe Line Corporation, Nantucket Pipe Line Company (a subsidiary of Eastern States Petroleum Corporation, Inc.), Pan American Pipe Line Company, Phillips Pipe Line Company, Shell Pipe Line Corporation and Sinclair Pipe Line Company.

The line originates at McCamey, Texas, and serves five refineries on the Houston ship channel and one at Sweeny, Texas. Initial capacity is 210,000 barrels per day with three pump stations. The line is so designed that its capacity may ultimately be increased, at such time as demand for crude may justify, to a maximum of 345,000 barrels per day by increasing the number of pump stations to eight.

The three pump stations now operating are the Mesa Station, located two miles southeast of McCamey, the Bailey Station, 2½ miles south of Eldorado, and the Garfield Station, 14 miles southeast of Austin. The pump stations contain three electric - powered 1750-horsepower pumping units and one 900-horsepower unit. The stations feature the latest in automatic control equipment.

The Rancho System also includes a tank farm at the Mesa Station which has 12 floating-roof tanks with a total capacity of 1,212,000 barrels. Provisional plans have been made for 11 additional tanks.

Fundamental Baptist

The Lord is continuing to bless in our services each Lord's day with the salvation of souls and additions to the church. How we praise God for these that have taken their stand for Christ. We pray that each one of us will stay humble and pray as never before. II Chronicles 7:14 "If my people which are called by name, shall humble themselves, and pray and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

Last Friday afternoon four cars journeyed to Colorado City, Texas, taking a large group of our young people to the youth fellowship meeting. They were guests of the Southside Baptist church in that city. Every one reported a wonderful time. There were young people from Coleman, Abilene, Big Spring and Monahans and San Angelo and Eldorado, and what a wonderful fellowship everyone enjoyed. God poured out his blessings in that meeting with the salvation of souls and many of our young people surrendering their lives to full time service in the Lord's work. The next youth fellowship will be here in Eldorado April 10th. All young people are invited to come to this meeting.

We will be happy to have you visit in our services.

Schedule of our services:
Saturday, Children's Bible Study Hour, 3:00 p.m. All children are invited to attend.

Sunday: Our Bible School begins at 10:00 a.m. We are studying Genesis the book of beginnings. All classes are studying Genesis and there is a class for all ages. So come and study God's word with us verse by verse and chapter by chapter.

We were grateful to be back above the 250 mark in Sunday School last Sunday. We had 253 at church and 38 at the mission making a grand total of 291 in Sunday School. We were up in our training union attendance. We had 81 in training union. We were privileged to hear Dr. Nat Tracey, teacher in the Bible department of Howard Payne college, bring a fine message on Christian education. A special offering for Howard Payne College was begun. If you would desire to have a part in this worthy offering we will give you that opportunity to invest in the education of boys and girls throughout the rest of March.

We had a good group for our father and son banquet sponsored by our men's brotherhood. A fine supper was served by Mrs. E. W. Perry's circle of the W. M. S. at

25 YEARS IN SAN ANGELO

7:30. An inspiring program of music and a film entitled, "In His Name," was enjoyed by the group. This was the beginning of emphasis for our youth revival which will begin April 12th and close April 19th. We still offer an urgent invitation to more of our men to enjoy the blessings of the fine fellowship and programs of our men's brotherhood which meets each month on the Monday evening following the third Sunday. Men, come be in these meetings.

The orchids were won Sunday by the Primary department with a grade of 75. The onions by the adult department with a grade of 52. We had 29 visiting in our Sunday school Sunday. The offering to our budget through the Sunday school envelopes was \$615.60. We now have 344 enrolled in our Sunday school. Our goal by end of 1953 is 400 enrolled and 300 attending. We can do it if we let God lead us and visit and pray and visit and pray. We would urge anyone who would read this to go to the church of your choice but be sure that you choose to go. If you are a Baptist we offer you our church as a church home. If you have no preference come visit with us.

Our youth orchestra under the leadership of Brother Welsh is making progress, but we would welcome more of our youngsters who play instruments to come and work with this group. We could still use some instruments if anyone has them and would lend them to us for awhile. This is a fine work which gives our youth another avenue through which to use their talents for God. The Adult choir under the able leadership of Brother Meckel are working on our Easter Cantata which is always one of the musical highlights of our church program at the resurrection season. Watch this column and the church bulletin for the date and hour for this fine presentation.

We are encouraged by the way many of our Sunday school departments and classes are taking advantage of our religious census to contact prospects for our Sunday school and for our church. We will grow a great Sunday school

for the Glory of God only as each departmental superintendent and each class teacher and members visit and work for God. May we each strive to do our best to make each department the best in the Sunday school.

We welcome into our church fellowship the following: Mr. Millard Smith Jr. by baptism, Mrs. Millard Smith Jr. by statement, Mrs. M. W. Pynes by letter, and Rev. Charlie Dossett by letter. Sandra Nixon surrendered for special service, and a great number surrendered their lives to a new dedication of service. If you are a Baptist won't you consider our church for a church home? If you have no preference we extend to you a warm welcome to come visit with us. We have a place for every age, and a message for every heart. We strive to be, "Friendly church with a spiritual program." Our motto is, "Building a greater church for a greater Eldorado."
