Tahoka, Lynn County, Texas, November 3, 1961

Number 5

Three-Day Showers Delaying Harvest

Miss and rain Monday through Wednesday midnight this week covered the area and put a stop to crop harvest, just getting into full swing. A cool front blew in in the early hours of Thursday, and another was predicted by the Weather Bureau for Friday morning, with possibly a light freeze.

Tahoka received a total of .89 inch of rain the three days, but some areas of the county reported much heavier downpours. Measurements in Tahoka were .03 inch Monday, .14 Tuesday, .40 Wednesday at 6:00 p. m., and .32 during Wednesday night. This brought the rainfall for the year in Tahoka to 14.11 inches, or below normal.

Some points in the west part of the county reported lighter rainfall, but the northeast, east, and south parts of the county had heavier rain.

Wilson reported an inch and a quarter, O'Donnell an inch and a half, and two inches or more fell over some areas east and southeast of Tahoka.

Lonnie Howell, three and a half miles east of town, reported two and a half inches. Jack Miller said the Slover lake southeast of Tahoka was dry Tuesday, but Wednesday evening a heavy rain "filled her up."

Naturally, some damage was done to crops, but farmers were hopeful that the damage would not be too great unless the rains resume. Some people were fearful that the rain may lower the cotton grade and therefore the price.

A hard freeze, especially while unopened bolls are soggy, would do considerable damage, especially in the east, southeast and southern portions of the county where many cotton crops are late. Light frost or freeze would help some of this cotton to open quicker.

One cotton man told The News farmers would do well not to start pulling too soon after the rainy spell, but to give the cotton time to dry and bleach out.

New Home Exes Hold Reunion

Miss Darlene Lowrey was crowned 1961 football queen at halftime activities of the New Home-Sands game Friday night before a homecoming crowd of ex-students. She is a senior in New Home High School and is the daughter of Mr. and Mrs. Oscar Lowrey.

Preceding the ceremony, the pep squad crowned its sweetheart for this year, Russell Swinson, son of Mr. and Mrs. Foy Swinson.

Other candidates for the honor of football queen were Misses Donna Smith, senior student and daughter of Mr. and Mrs. Floyd Smith, and Muriel Swinson, junior, daughter of Mr. and Mrs. Foy Swinson.

Ex-students attended a reception in Community Center. About 75 registered, although a larger number attended and failed to register, according to Mrs. Jimmie Kieth, secretary-treasurer.

Mrs. Charles Armontrout, vice president of the organization, presided at a business meeting of the Ex-Students Association in the absence of the president, Darrell Fletcher of Lubbock.

A nominating committee, composed of Jimmie Kieth, Mrs. Jerry Wayne McNeely, and Mrs. Donald Caudle, was named to choose candidates for officers next year. The present officers of the association will serve again this year.

The association voted to hold a banquet next year at homecoming activities and a decorating committee was named for that event. Mrs. Natalie Unfred, Mrs. John Edwards and Mrs. Bill Ueckert.

Help keep Tahoka clean.

Local Ginnings At 13,000 Bales

Tahoka gins had turned out 12,829 bales of 1961 cotton up to Thursday morning, according to reports made to The News.

This represents an increase of only 1,878 bales since the report of the previous Thursday, fog, mist and rain having delayed the harvest.

With the crop only about one-third harvested, probably about 60,000 bales have been ginned in the county to date.

The O'Donnell Index-Press reported nearly 9,000 bales ginned in that city through Tuesday and the crop only 25 to 30 percent harvested.

Some hands are reported returning to their homes already, but much of the crop will be harvested by machines, anyway.

Buddy Chestnutt Tech Cheerleader

Doyce (Buddy) Chestnutt, son of Mr. and Mrs. Shorty Chestnutt, has been elected a freshman cheerleader at Texas Tech.

He is one of six cheerleaders chosen by the class Thursday of last week to perform at all freshmen games this year.

Varsity cheerleaders are elected each spring and freshmen cheerleaders are elected in the fall.

Freedom Chapter Organized Here

A local chapter of Americans for Freedom was organized at a meeting held here Monday night. Principal objective of the body is to fight Communism and to inform its members and others of any activities, legislation, etc., which aids and abets the Communist movement.

Bert Stice was elected temporary chairman of the local group and J. D. Davis is secretary.

The local chapter is affiliated with the Christian Anti-Communism Crusade, which has headquarters in Houston. There are already 12,000 active members in West Texas, and the movement is growing rapidly.

The organization is non-political and non-sectarian, and its only purpose is to fight Communism and promote Americanism and Christian principles.

The chapter expects to meet the last Monday night of each month at Sweet Street Baptist Church. Dues are \$1.00 per month.

Veterinarian Is Coming Saturday

A veterinarian of Lamesa will be at Tahoka City Hall this Saturday afternoon to provide rabies shots for pets, according to Police Chief Jack Miller.

All dogs should have a rabies shot once each year since that is the length of time that the vaccination is effective.

SUFFERS STROKE

Mrs. Bertha Minor suffered a stroke Thursday evening of last week while visiting her daughter, Mr. and Mrs. N. G. (Bobbie Jean) Phipps and family in Muleshoe. Mrs. Phipps says her mother has been unconscious since suffering the stroke but seems to be doing some better and resting well. She is in the West Plains Hospital, Room 31 in Muleshoe.

David Brookshire, 4-year-old son of Mr. and Mrs. James Brookshire, had a tonsillectomy in Tahoka Hospital Friday of last week. He was dismissed Saturday.

Boy Scout Fund Drive Opened

The annual Boy Scout drive was kicked off Thursday morning with a breakfast at 6:30 a. m. at Tahoka Delicatessen when 20 men gathered for instructions in the campaign headed by H. B. McCord, Jr.

The fund raising project usually brings in about \$1800.00 for the local scouting program, which is taken advantage of by about 100 Cubs, Scouts and Explorers in Tahoka. The local program, sponsored by the Rotary Club, is a part of the South Plains Council whose budget this year totals \$110,160.10. The 22-county Council is responsible for providing funds for the budget.

McCord points out that the investment in scouting is low compared to the crime bill for any one boy. The cost for one year member boy in a state corrective institution is \$2,340.00.

Drive workers are now contacting local people for contributions and McCord urges everyone to be generous.

Farm Bureau Elects Officers

Officers of the Lynn County Farm Bureau were elected this week at a meeting of the board of directors. Loyd R. McCormick Jr. will serve this year as president of the organization.

Other officers include Leland White, vice president, and Earl Cummings, secretary. Directors include Don R. Smith, outgoing president, Milton Evans, Howard Moore, T. B. Mason, Ward Eakin, A. L. White, Lois Smelser and Woodrow Brewer.

Dues were set at \$10.00 per year, the same as last year. Some counties have raised their dues to \$15.00 per year.

The local organization has reached a membership of 727, but is still 29 members short of this year's quota of 756. Last year's quota was 746. Charles Reid, agent, stated that efforts are being made to obtain this year's quota.

Seven members of the Lynn County Farm Bureau will attend the State Convention to be held in Galveston Nov. 13, 14, and 15.

Reid stated that the Texas Farm Bureau received about 900 claims following Hurricane Carla on the Gulf Coast and has paid out nearly \$600,000.00 to victims holding Farm Bureau insurance.

HOME ON LEAVE

Jerry Slover and Dewey Corley returned home last week from Ft. Ord, Calif., where they recently completed their basic training with the Army. They entered the Army in September, and returned this week to their base.

Buy, build, live in Tahoka.

Salvation Army Drive Planned

The annual Salvation Army drive will be held in Tahoka and surrounding communities in Lynn county from Nov. 6 through 17, according to Mrs. Roscoe Treadaway, campaign chairman.

The date of the drive has been changed from February to November and kick-off for the event will be on Nov. 14. Dean Taylor, chairman of the local Salvation Army committee, states that no drive will be held in February or at any other time until at this same time next year.

Mrs. Treadaway is in the process of organizing the drive and is selecting team captains. Anyone wishing to help this year is asked to contact her. The communities of Grassland, West Point, New Home and Wilson are also members of the local organization and will likewise hold their drives at this time.

Reason for changing the date of the annual fund campaign is because of the large number of financial drives that are held each year here during the first three months of the year. The local committee feels that workers will be more easily obtained and that the drive may have a better chance of being successful during November.

C. of C. Will Help With House Rentals

All persons owning rental property in Tahoka are urged to call Mrs. Eldon Carroll, Chamber of Commerce secretary, at the City Hall.

Mrs. Carroll is working on the rental files and needs information from all such property owners, whether or not their houses or apartments are rented.

In order to serve both landlords of Tahoka and those seeking housing, more information than is available is needed.

Mrs. Carroll, in addition, would like to be informed when such housing becomes vacant, and also when it is rented.

Number Changes Planned At Wilson

Wilson telephone numbers will be changed next March to the new All Number Calling system of seven digits, according to Wayne King, district commercial manager of General Telephone Co.

Wilson's identification number will be 628. For example, the U. S. postoffice will be changed to 628-2101.

The seven-digit numbering is part of the nation-wide plan to make available more office codes in each numbering plan area and to make long distance service easier and faster, King says.

Tahoka's Civil Defense Plans Approved By State Director

Tahoka's Civil Defense organization and plans for action in case of disaster early this week was approved by James Garner, state coordinator, Civil Defense and Disaster Relief, State of Texas.

In fact, Tahoka's plan was highly praised by Mr. Garner, and approval is expected in the near future for surplus property for use locally in case of disaster.

City of Tahoka and Tahoka Chamber of Commerce have been working on plans for any emergency for several weeks under the direction of Mayor Meldon Leslie and E. L. Short, Chamber of Commerce president.

In order to comply with State and Federal government plans, a

city ordinance was first necessary, followed by the setting up of a local Civil Defense organization.

City of Tahoka is set up as one complete civil defense zone for action in case of nuclear attack, or for that matter, any disaster. The Mayor is the Civil Defense Supervisor, and the City Council has named E. L. Short the director. Pat Patterson, fire department chief is deputy supervisor; and team captains include Jack Miller, police and communications; Martin White, ambulance and first aid; A. M. Bray, emergency welfare; and Mack Mauldin, SCS office, radiological.

The Soil Conservation District office already has equipment for

measuring and reporting radio active fallout.

Surplus materials will probably be furnished the local Civil Defense such as warning sirens, hospital beds, and other emergency equipment that might be suitable in Tahoka.

Mr. Short suggests, however, that local people not become unduly alarmed at this time and "jump into deep water," by falling for just any salesman's promotion of fallout shelters and protection devices. There are already some questionable fallout shelter racks being worked. Tahoka Civil Defense will soon have a list of approved fallout shelter types.

Tahoka Civil Defense has worked out plans for action when and if disaster strikes, and cooperation with the program can save lives. A warning signal is a steady blast of the fire siren followed by four short blasts. A warbling tone on the siren of three to five minutes means disaster imminent.

Naturally, Tahoka would not be a prime target in case of a nuclear attack by an enemy nation, but there could be an attack on Lubbock and Reese AFB, Big Spring, Roswell, Alamogordo, or El Paso. Fallout could affect Tahoka and evacuees from other areas could cause a stampede in Tahoka. In the event of any other disaster, Tahoka would be prepared with a plan for action to minimize damage and provide for the welfare of its residents, or for evacuees from these nearby areas.

Since Tahoka could be in the fallout zone or possibly in the blast zone, local officials think it wise to plan in advance for such an emergency since little or no outside assistance could be expected.

In the event of any disaster, the above named men would have authority to take over control of operations. City control centers (Cont'd. On Back Page)

Bulldogs End Season With D.C. Mustangs

Tahoka Bulldogs ring down the curtain on the 1961 football season tonight at 7:30 in their final District 3-AA conference game at Denver City with the high-rolling Mustangs. That is, it's the last game unless Tahoka can defeat the Mustangs and then the Slaton Tigers gain at least a tie with their next week—not probably, but stranger things have happened in football.

Coach Don Orr's Mustangs, last years AA state champions, have now won 23 consecutive games, but this year's team is definitely not the team that last year's was, as most of last year's starters were lost by graduation.

Two weeks ago, Stanton threw a real scare into the Mustang fans when they took an 8-0 first quarter lead, and still led 8-6 in the second. Denver City went on to win 44-20, but capitalized on breaks for three of the TDs and Stanton was able to score twice in the fourth quarter against the DC first team.

The Denver City Press said: "High as a kite for this one, the Buffaloes threw fear into the hearts of Mustang fans virtually from the outset, and kept them with their hearts in their throats for 22 minutes, before the Ormen capitalized on breaks and scored two lightning-fast TD's as time ran out in the first half."

Stanton is the same team the Bulldogs tied here last week 8-8. Stanton people told The News man last Friday night they thought Tahoka (Cont'd. on Back Page)

Auditor Is Opening Office In Tahoka

Robert Abbe of Lubbock, formerly associated with Merriman, Douglas and Abbe, will move to Tahoka and open his office in the west portion of the Lynn County Farm Bureau building about Nov. 15.

Abbe is a Certified Public Accountant and will serve residents of this county as an auditor, bookkeeper and in filing their income tax returns. He has been active in this county for some time as auditor of various firms, including the schools, gins and REA.

Abbe is married and has three children, one of which is a student at Texas Tech, and two at home.

Two Youths Hurt In Car Accident

Two boys received minor injuries Monday afternoon when the station wagon in which they were riding overturned on a curve east of Wilson.

Glenn Anderson, driver of the car, received bruises and Gene Ingle was hospitalized overnight in Tahoka Hospital for observation. He was not seriously injured, however, and was released Tuesday.

The accident occurred when a rear tire blew out. Anderson was forced to turn the car over to keep it from running into a telephone post.

No Vandalism Reported Here

Very little, if any, vandalism was in evidence in Tahoka on Halloween night, according to Police Chief Jack Miller.

Miller stated that he had no trouble with the young people of the town during the evening, and that things were comparatively quiet.

Several citizens and property owners have expressed their gratitude to the young people for their mature behavior and have said that once again they have found that Tahoka's youth is about the finest anywhere.

Since everything "bad" that happens is usually reported, the News reaffirms its stand that the fact that nothing happened should be twice as good a news story.

Sammie Norwood was admitted to Tahoka Hospital Tuesday as a medical patient. He is reported to be in serious condition.

Shirley Hubbard underwent a tonsillectomy in Tahoka Hospital Wednesday morning.

J. E. Walker was a medical patient in Tahoka Hospital Monday and Tuesday of this week.

Mrs. Gindorf Is Death Victim

(By Mrs. Jesse A. Ward)

Funeral services for Mrs. Chris Gindorf Jr., 47, resident of Southland, were conducted at 2:00 p. m. Friday at St. John Lutheran Church in Wilson. Officiating were the pastor, Rev. J. P. Burnett, and Leroy Dean of Slaton.

Mrs. Gindorf died Wednesday in the Methodist Hospital in Lubbock. She was born in Bell county. Burial was in Southland Cemetery.

Survivors include the husband; two daughters, Patsy and Joan, both of the home; two sons, Milton of the home, and Chris Gindorf III, Lubbock; five sisters, Mrs. Minnie Steinhauser and Mrs. Gertrude Gindorf, both of Wilson; Mrs. Bertha Betts, Morton; Mrs. Frieda Mueller, Sundown; and Mrs. Myrtle Stabeno, Slaton; three brothers, Marcus Wilke and Edmund Wilke, both of Southland; and Walter Wilke, Dimmitt; and her mother, Mrs. A. Wilke, Slaton.

Peggy McClellan At State Meeting

Mrs. Charles McClellan, neighborhood chairman of the Tahoka Girl Scouts, along with 15 adult Girl Scout workers and two Senior Girl Scouts, is representing the Caprock Girl Scout Council at the Region IX Conference being held at the Adolphus Hotel in Dallas Wednesday through Friday of this week.

The opening session of the conference, which was attended by 1,000 representatives from the region made up of Texas, Oklahoma, and New Mexico, opened at 1:30 p. m. Wednesday with a ceremony dramatizing the heritage of this country.

General Telephone Co. Takes Steps To Improve Service

Steps are already being taken to improve telephone service in Tahoka, officials of General Telephone Company of the Southwest told City of Tahoka and Chamber of Commerce officials at a meeting in Lyntegard conference room here last Thursday night.

The meeting, presided over by E. L. Short, C. of C. president, was amicable from start to finish. Problems were frankly presented by both sides, and General Telephone officials assured the group they would continue to work for better service here.

Work was started two weeks ago making improvements in the local telephone plant by company technicians, and Lynn Seales and Charles Ramsey moved here to service local phones, lines, and plant.

However, Company officials

could give no assurance a business office would be located in Tahoka any time soon.

Appearing for the telephone company were G. Howard Briggs of San Angelo, vice president; Harry Elam of Brownfield, new Western Division manager; Bob Shirer of Brownfield, outgoing Western Division manager; Rex Tims, of Lamesa, plant supervisor; Bill Nichols of Brownfield, Western Division traffic supervisor; Curtis Scott, plant superintendent; and Wayne King of Lamesa, district commercial manager.

Opening the meeting, Short stated the meeting was called to work out mutual problems, but emphasized Tahoka people were almost unanimously of the opinion service was not what it should be. Short then read statements

from a score or more people, taken by Mrs. Weesie Carroll, C. of C. secretary, airing their grievances.

City and C. of C. officials present added their complaints to these, many of which arose out of the fact that the central office is located in Brownfield, and included inability to get the operator, faulty connections, slowness on long distance calls, inability to get quick service on repairs, etc.

Telephone officials explained some of the Company's difficulties and the operation procedures of the modern dial system, frankly discussing both the good points and bad, some misunderstandings the public has of the operation, and how some of the technical equipment functions.

Some Tahoka trouble, now be (Cont'd. on Back Page)

Star-Telegram Features Adams

George Dolan's front page column, "This Is West Texas," in Wednesday's Fort Worth Star-Telegram, dealt entirely with a Tahoka youth, Jimmy Adams, son of Mr. and Mrs. Ray Adams, who is an ardent fan of the TCU Horned Frogs. George's column follows:

Coach Abe Martin probably wasn't the most disappointed guy on the TCU bench after his football team lost to Texas Tech. Nor was Ray Pinion or Tommy Crutcher.

The most disappointed occupant of that bench surely was a 10-year-old Tahoka boy, Jimmy Adams.

He's one of TCU's most ardent West Texas fans.

And Martin sure hated to let Jimmy down at Lubbock this year.

The two became pen pals several years ago.

Jimmy, at an age when other boys are content to play with blocks, was diagramming football plays.

Aggie Heritage

His dad, Ray Adams, is a red-hot Texas A&M fan.

Jimmy's mother, Nan Adams, pulls for Texas Tech.

But Jimmy developed an early-years affection for TCU.

Burl Lynn of Lubbock, a former

New Pastor For Mexican Mission

Jose Tenorio has resigned as pastor of the Baptist Mexican Mission to accept a church in Mexico City. He and his family will be moving to Mexico City after Christmas.

Juan Pistone has been employed to take over pastoral duties of the church. Juan is from Argentina and his wife from Brazil. They have a four-month-old son, Bryan.

The Pistones came to the United States about a year ago, and Juan entered Wayland Baptist College in Plainview this past September. They plan to move to Tahoka the week following Christmas.

If thou art sound in stomach, side, and feet, the riches of a king will add nothing to thy happiness. —Horace.

Fort Worth man, learned about it. He wrote TCU Athletic Director Dutch Meyer about the tiny Frog fan.

The letter wound up in the hands of Martin, who wrote Jimmy a letter. Martin also sent him some pictures of TCU football players.

Then, in 1959, Martin invited Jimmy to sit on the players' bench when the Frogs played at Lubbock. Tahoka is 30 miles south of Lubbock.

It was a wonderful experience for Jimmy. TCU won.

After the game, he went to the center of the field with Martin, was introduced to Tech Coach Dee Weaver, then went to the TCU dressing room and helped the players celebrate.

This year, the same sort of evening was in prospect.

No Celebration

Martin bought Jimmy a steak before the game, let him sit on the bench.

But TCU lost.

Martin figured, possibly, that he had lost not only a game, but also a good 10-year-old fan.

But TCU redeemed itself in Jimmy Adams' eyes, by beating Texas A&M.

He wasn't in Fort Worth to see the game.

But he must have been listening to it over the radio.

For soon after the game was over, Coach Martin received a telegram.

It was a message of congratulations.

And it was signed "Jimmy Adams."

WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

A striking example of the dangers inherent in concentration of a major industry is contained in the new contract between Big Autos and Big Labor.

There is no question that the auto industry, tied as closely as it is to the steel industry, and others, is one of the major factors in the national economy. And because the industry has become concentrated, it is particularly vulnerable to Big Labor.

The new contract calls for an average 7 cents per hour wage increase each year over the next three years. It also calls for greater layoff

benefits, as well as greater medical, life insurance and pension benefits, paid for by the employer.

But in addition, the contract calls for a further pay increase of 1 cent per hour for each 1/2 point rise in the official cost-of-living index.

Thus, there enters into this line of point of which comes first, the chicken or the egg.

Obviously, costs of production are going to rise. This settlement means that at the end of three years, the average increase in direct wages will amount to about \$36.50 per month, and the additional fringe benefits will equal this, if not more.

This, means, then, that the costs of new autos will keep on going upward, and that cost is an important factor in setting the cost-of-living index.

© National Federation of Independent Business

Hence, the workers will get further increases in pay because they have forced the cost of living to go up.

No mention is made of tying wage increases to increases in production, thus any automatic wage increases tied to cost of living without calling for more production per man hour is built in inflation that is highly fallacious.

And entirely left out of all these considerations is the welfare of the independent dealer who must sell the production of Detroit. This is somewhat like having any army composed entirely of the quartermaster corps and no combat troops.

In the final analysis, the entire automotive industry depends on independent dealers selling the product of the plants. To do this requires men of ability, integrity, and who have the courage to risk their own capital. Because automobiles have to be sold, and sold effectively, and every time a contract such as this new one causes price increases, the selling job of the dealer becomes just that much more difficult.

Thus, when two giants such as Big Autos and Big Labor meet in battle, not only are the interests of the public disregarded, but also unrecognized is the important group who makes it possible for them to have an industry to negotiate about.

By contrast, it is interesting to note negotiations between Ford in England and British Unions. The company is willing to cut hours from 41 1/2 to 40 per week, and give a raise of 70 cents per week, which would still be less than one-third U.S. wages, but the union was holding out for ten minute afternoon tea time.

C. W. Harder

Grassland News

(By Mrs. O. H. Hoover)

The WSCS of the Methodist churches of Grassland and Draw met Monday at 10:00 a. m. in joint session to observe the quiet day of the Week of Prayer. A covered dish lunch was served at the noon hour when 11 ladies and the pastor were present. Mrs. Gus Porterfield gave the welcoming address, Mrs. LeMond gave the scripture reading from Revelations 21:1-17 and gave a talk on restoration and renewal. Mrs. Smelser from Draw gave a talk on relationships redeemed. Mrs. Sherrell gave a talk on radiance and reality. Following the lunch the ladies completed their study book, "These Changing Times" by a roundtable discussion.

Mr. and Mrs. Huston Hoover of Littlefield spent the week end in Tahoka and Grassland visiting the Edwards and O. H. Hoovers.

Bobby Patterson came home for a week end visit with his parents, Mr. and Mrs. Jim Patterson. He leaves for overseas duty Thursday. His sister, Mrs. Ollie Stanley had a dinner for him Sunday when all the family attended.

Week end guests in the Gus Porterfield home were Mr. and Mrs. S. D. Pollock and Mrs. Roy Henry. Mrs. S. D. Pollock is Mr. Porterfield's sister.

Jim Bob and Janet Porterfield visited in Abilene last week with Jim's brother's family, the Dr. D. G. Porterfields.

Mr. and Mrs. W. G. McCleskey had lunch Sunday with the Campbells and visited M. C. Ritchey in the afternoon. Other visitors were the C. O. McCleskeys.

Mr. and Mrs. Tom Murray visited in the Gartman home Sunday. Other visitors were Rev. and Mrs. Fitzgerald and family.

Mr. and Mrs. Don Carraker, who recently moved to Muleshoe, visited in the Grassland community this week end.

Mrs. W. G. McCleskey visited with Mrs. Inklebarger Monday. Mrs. Inklebarger has not been feeling too well.

Mr. and Mrs. James Aten went to Buchanan Lake last Wednesday to stay several days.

Mrs. C. A. Walker took her granddaughter, Crystlynn Moore to her home at Seagraves and came back by Welch and visited her sister, Mrs. Jim McGrew, who has been sick.

Mr. and Mrs. Herman Collock of Oklahoma City were house guests of the Jim B. Porterfields over the week end.

Mrs. Betty Grace Hall and daughter, Tommye of Lubbock spent the week end with Betty Grace's parents, Mr. and Mrs. W. P. Thomas.

Visitors at the Methodist Church Sunday morning were Mrs. Herman Collock and daughter, and Mrs. Betty Grace Hall and daughter.

Little Carla McCleskey fell and cut her head recently. The cut required three stitches to close. Her mother, Jeanette McCleskey, and great grandmother took her to Lubbock Saturday and had the stitches removed.

J. W. Davis from Roanoke, Va., spent the week end with his parents, Mr. and Mrs. W. M. Davis and sister, Mrs. E. M. Walker.

Mrs. H. D. Gartman visited Mrs. McCleskey Tuesday afternoon.

Friday, Mass at 7:00 p. m.

Highway Work Bill Runs High

The State of Texas spent \$133,013.79 during the past fiscal year on maintenance of state roads in Lynn county, including highways and farm-to-market paving, according to the Texas Good Roads Association.

The Texas Highway Department spends nearly \$55 million a year simply on maintenance, using nearly 8,000 employees and its own equipment. This is in addition to new construction.

Last year maintenance alone cost more than the entire revenues of the Highway Department for any year prior to 1947.

During 1960-1961, an additional \$603,518.93 was appropriated for new construction in Lynn county.

Maintenance may range from the minor—such as keeping the roadside free of litter—to the major, such as extensive repair after floods. Traffic service includes guide markings, signs, right-of-way maintenance, and emergency assistance to traffic, as in removal of snow and ice.

During the last fiscal year, Texas Highway Department spent \$312 million for new construction. Total expenditures of the Department for 1960 for \$397 million. In 1918, the expenditures were a little more than one million dollars for the entire state, slightly more than was appropriated to Lynn county alone for 1960.

But, Texas had only 250,000 motor vehicles in 1918, as compared to nearly 5,000,000 vehicles in 1960. Whereas the automobile use was limited in 1918, today traffic averages 118 million vehicle miles per day in Texas.

As of January 1, 1961, Texas highway mileage totaled 61,979 miles, of which mileage 3,022 miles was interstate roads, 25,193 State and Federal highways, 33,763 farm-to-market roads, 162 urban freeways, 779 rural freeways, and 1,328 miles in multilaned divided highways. These highway right-of-ways cover 720,900 acres and represent a total investment in construction costs of nearly \$3 billion.

MRS. JOHN KING HERE

Mrs. John B. King of Sudan, formerly of Tahoka and later of Smyer, was here Monday visiting old friends. She reports her son, John W. King is now teaching English and Spanish at Kermit High School. He is a graduate of Texas Tech and also attended Mexico City University. He has also taught at Smyer and Sudan since leaving college.

MRS. HODGE VISITS HERE

Mrs. J. D. Hodge, two daughters and a grandson, of Belen, New Mexico, left Sunday following a visit here with Mrs. Hodge's parents, Mr. and Mrs. S. P. Spruiell, and other relatives.

CARD OF THANKS

I wish to thank each of you who made my stay in the hospital brighter and for making my return home so much more pleasant. Thanks so much for the cards, visits and gifts, flowers and food. May the Lord bless each of you real good. Mrs. G. C. Watson. 1tp

Thanks to a new non-resin finish, men's white wash-and-wear dress shirts bleach without retaining chlorine, losing strength, or yellowing. They're free from chemical odors and keep their wash-wear characteristics through repeated home or commercial laundering.

Avoid mildew damage by being sure cotton terry cloth towels and washcloths are dry before putting them in a laundry basket or bag.

A pair of heavy cotton work gloves will protect your hands while "digging" for food at the bottom of your freezer.

MYF Bake Sale This Saturday

Tahoka MYF is sponsoring a bake sale Saturday from 8:00 a. m. until 12:00 noon in the business places of Piggly Wiggly and Collier Drug.

Women of the Methodist Church will donate cakes and anyone who wishes to donate a cake but has not been contacted may take such to one of the two above locations.

Committee members in charge of the bake sale are Sarah Wells, Sharon Patterson, Sue Walker and Janis Gattis.

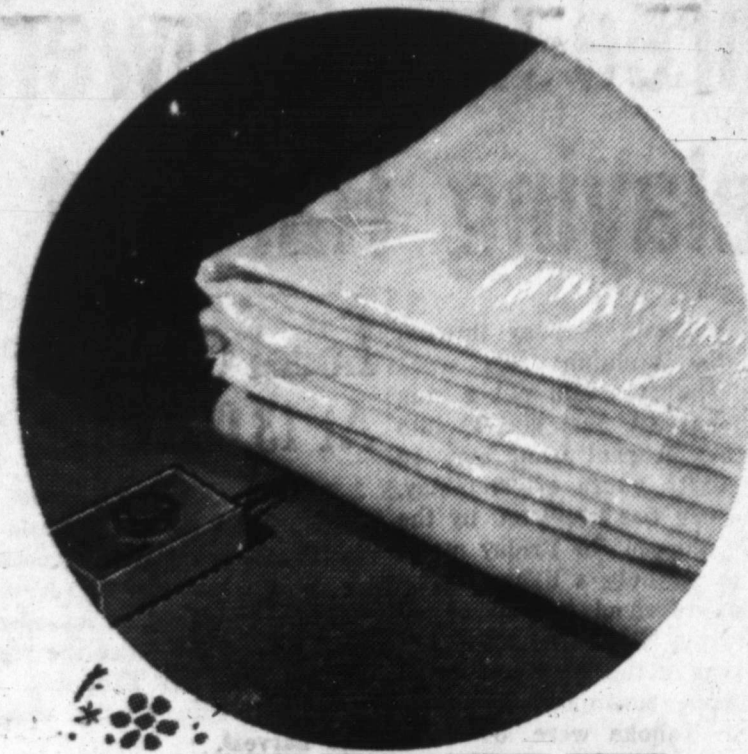

Local MYF sponsors are Mr. and Mrs. Roscoe Treadaway.

CARLICE EDWARDS REPORTS FABULOUS COTTON CROP

Carlice Edwards, who moved to his farm out southwest of Denver City a couple of years ago, was here last week and said he has a fine cotton crop.

He gave five acres to his son, Don Mack. The latter picked out the best cotton, and last week end 11 bales had been pulled from the five acres and Carlice declares there are three or four bales left to pull.

The rainiest place in the United States is the island of Kauai, Hawaii, where 472 inches fall annually.

Banquet Monday For Junior Teams

The seventh and eighth grade football boys will be honored with a banquet Monday night at 7:00 p. m. in the school cafeteria, sponsored by the mothers of the two grades.

Also invited will be parents of the boys and the pep squad girls. This year, because of the large number of boys participating in football from the two grades, each boy will only be allowed three tickets, one for himself and two for his parents.

Speaker for the occasion will be Coach J. D. Atwell, varsity football coach. Maurice Bray will be master of ceremonies.

Mrs. Clifton Hamilton is chairman of a committee of mothers arranging the event.

Winners Named In Party Bridge

Miss Echo Milliken won first place and Mrs. Charles Bragg was second at party bridge held at T-Bar Country Club last week.

Host and hostess this Thursday night, when guest night was held, were Mr. and Mrs. Harry Lee Short. Mr. and Mrs. E. L. Short will host the event next week.

Prayers Service Held By W.S.C.S.

A service of prayer was observed in the Tahoka Methodist Church Monday from 10:30 a. m. until 2:00 p. m. with Mrs. R. M. Stewart in charge of the program.

Mrs. W. H. Eudy, Mrs. R. H. Gibson and Mrs. G. M. Stewart gave the program for the morning service. A sack lunch and coffee in fellowship hall followed with Mrs. Larry Hagood giving several readings during the lunch hour.

Mrs. Maurice Huffaker gave the devotional in the afternoon with communion services following. Mrs. A. M. Bray closed the service at which 25 women and the pastor, Rev. J. B. Thompson were present.

Couples In Tie At Duplicate Bridge

Two couples tied for first and second places at duplicate bridge at T-Bar Country Club Tuesday night.

Mrs. Betty Pharr and Mrs. Crystal Calhoun of Lubbock tied with Mrs. Jess Gurley and L. C. Haney for first and second places. Third place was taken by Mrs. Meldon Leslie and Mrs. Bill Lumsden.

Four tables of players attended the event.

MARSHALLS GUESTS

Week end guests in the home of Mr. and Mrs. Rex Marshall and Peggy were Mr. and Mrs. Jim Rattan and little granddaughter, Kay Lynn Stewart of Fort Worth.

Sunday dinner guests other than the above mentioned were: Mr. and Mrs. Ted Terry and two daughters, Slaton; Mr. and Mrs. Floyd Lebow and three children, Abernathy; Mr. and Mrs. Kirk Gibson, Mr. and Mrs. J. E. White and four children, Mrs. Tommy Marshall and Mark, Mr. and Mrs. J. E. White and two children, all of Lubbock; Miss Daine Corbell of Lakeview, and Miss Alta Faye Rattan of Texas Tech.

The dinner was in honor of Mr. Marshall's birthday.

NOTE OF APPRECIATION

Members of the Tahoka Assembly, No. 234, Order of the Rainbows for Girls wish to express their appreciation to each and everyone who had a part in making their Hallowe'en carnival a success Tuesday night. We want to thank all who attended the event and to all who worked to make it a great carnival. Thanks again. Sue Walker, Worthy Advisor.

MISS HELEN POE

Speaker Tells Of Trip To Russia

Miss Helen Poe of Dallas, world traveler, lecturer and author, held her audience of Lynn county high school students enthralled as she told of her second trip behind the Iron Curtain in Russia at a program held in the high school auditorium Saturday night.

She was brought here by the National Honor Society, who presented the program as one of its major projects of the year.

Those attending complimented Miss Poe as one of the most enlightening speakers that has ever been in Tahoka in speaking of the Communist Party. Her speech was both informative and humorous and brought the "people's" angle to her listeners.

She has travelled to Europe 11 times, has been behind the Iron Curtain twice, and is well-versed on world affairs. The daughter of a Presbyterian minister and a graduate of SMU, her career as a lecturer began and has continued as a result of her travels.

Miss Poe told of a powerful propaganda project that is located on the way into Moscow by way of India. What the Indian sees as he enters Russia by airlines is a vast "Garden of Eden" developed from a barren land, similar to that in India. The fertile land in this strip is always brought to the attention of the traveller.

She told of her guide in Yugoslavia, a young girl who placed her life in danger to show Miss Poe around her portion of the country. The girl later attended school in the United States and before returning to her country, asked Miss Poe, "Why are your people afraid? Your country has so much—strength, power, character, and material wealth."

Following her speech, Miss Poe remarked to a group that there are only eight million card-carrying Communists, and if there were only six million dedicated Christ-

Girl Scout News

Troop 401 Has Cook-Out

Brownie Troop 401 met at the park for a cook out one evening last week. Chairman Kay Huey called the business meeting to order and the group played the "quiet" game while Secretary Dean Verner and Treasurer Joan Connally checked the rolls and dues.

Mrs. Gibson told the troop of Juliette Lowe, the founder of Girl Scouts. Sharon Thurman closed the business meeting with a prayer. Mrs. Owens, co-leader of the troop, conducted an investiture ceremony for Judy Gattis.

The girls ate their sack lunches and then were ready to cook somers planned and bought by the menu and food committee. The fire was constructed by the fire builders.

Troop 401 enjoyed the two-hour outing very much.—Ja Jean Jaquess, reporter.

Troop 306 Activities

During the month of October the following girls have served as officers of Troop No. 306: Jane Ann Moore, president; Brenda Crowell, vice president; Staci Short, secretary; and Linda Chamblée, treasurer. New officers will be elected at the next meeting.

The troop visited the courthouse and the new county jail this month and have also been embroidering cuptowels. Piggy banks were made at the last meeting.

Donna Gunnells was invested in the troop on October 19 making a total of 15 girls.

The leaders, Macky Turner and Linda Short, gave a Halloween party for the troop on October 25. The hall and serving table were decorated in Halloween colors and refreshments of punch and cupcakes decorated with cats, witches and pumpkins were served. Games were played and the girls were given favors of miniature pumpkins filled with candy and then made caramelized apples to take home. As a special part of the party the troop celebrated the birthday of the founder of the Girl Scouts of America, Juliette Low, whose birthday is on Halloween, October 31.

The meeting day has been changed to Wednesday at 4:00 at the WOW Hall. Jane Ann Moore, reporter.

Hallowe'en Party

About 75 Brownies and Girl Scouts were entertained with a Hallowe'en party Tuesday night in the WOW Hall.

The girls were taken, by troops, to the Rainbow Carnival and returned to the hall for games and refreshments. Decorations of balloons and crepe paper were furnished for the party by the Tahoka Church of Christ, who had held a party there for children the night before.

Today's MEDITATION

From The World's Most Widely Used Devotional Guide

The Upper Room

THE UPPER ROOM, NASHVILLE, TENNESSEE

Read Jonah 2; Luke 11:29-36

"When my soul fainted within me, I remembered the Lord; and my prayer came to thee, into thy holy temple." (Jonah 2:7. RSV.)

Has there ever been anyone in a more desperate situation than Jonah? Disobedient to the Lord, trying to avoid his divine mission, and trying to escape from the presence of God, he was in deadly peril as the Lord passed judgment on him.

In his despair, he cried to God. His prayer shows his utter devotion to the Lord. It gives voice to his passionate reverence for God's holy temple.

In his prayer, Jonah renounced all allegiance to idols. He manifested an unshakable faith in God's redeeming power. He praised God for deliverance, as if it had already happened. He re-dedicated his life to the Lord, and his prayer found acceptance.

To his own unbelieving generation, Jesus held up Jonah as an example of repentance. He also used Jonah's condition and deliverance as a symbol of His own death and resurrection.

PRAYER: Our Father, we pray Thy forgiveness for all disobedience to Thy will in our lives. Help us by Thy grace to surrender ourselves completely to Thee; through Christ, our blessed Redeemer, who taught us to pray, "Our Father who art in heaven . . . Amen."

THOUGHT FOR THE DAY
Deliverance belongs to the Lord.

Rainbow Girls Hold Carnival

The annual Rainbow Girls carnival was a huge success this year, according to Jane Morehead, with the local assembly taking in a total of \$258.37.

Not only was the carnival profitable for the assembly, but provided entertainment for the boys and girls of Tahoka during Halloween festivities, and may be one of the reasons that Police Chief Jack Miller had nothing to report insofar as vandalism in Tahoka was concerned.

There were very few expenses this year since most of the prizes, food, etc. were donated.

The board of directors has not yet decided what the profits will be spent for, but part of it will probably be put into the building fund of the Masonic Hall, and part will probably be used for the girls' trip to the Grand Assembly.

Since the carnival was started several years ago, it has grown each year and this year was the largest, as far as attendance and profits were concerned. The problem is now arising as to where the event can be held in the future if it continues to grow.

Dinner Party Is Planned By MYF

The Methodist Youth Fellowship of Tahoka is making plans for a semi-formal dinner party to be held Friday, Nov. 10 at T-Bar Country Club.

The boys and girls are sponsored by Mr. and Mrs. Roscoe Treadaway and this will be the second such dinner the group has been served in as many years.

All members of the MYF are urged to plan to attend.

Well over 70 per cent of the earth is uninhabited — the oceans, jungles, and deserts.

New Process For Finishing Cotton Devised By USDA

College Station — A new chemical finishing process, devised by USDA scientists to give cotton improved wash-wear characteristics, is currently under evaluation by the textile finishing industry. Experiments conducted by four firms indicate commercial application of the process is feasible, and one of the firms is conducting limited marketing to determine consumer acceptability.

The new process, which uses formaldehyde to bind together cotton's cellulose molecules, appears to impart a finish more durable than many other types of wash-wear finishes now in use. Also, formaldehyde treated fabrics show no tendency toward yellowing or other discoloration when subjected to chloride bleach.

Fabrics given the finish in pilot-plant tests rated high on the standard wash-wear rating scale. Garments made from the treated fabric can be either line or machine dried.

Although the chemical cost is about the same, the formaldehyde treatment takes longer and requires more equipment than does most of the wash-wear treatments now in use. Consequently, overall costs of the new finishing process are higher than those of most other processes. Most cotton textile finishing plants already have the equipment needed for the formaldehyde process, but some modification in present operations will be required.

Is used to be that you could get a pretty good idea of a man's income from the kind of car he drove. Now you can get a pretty good idea of his outgo.

Comment from the Capital

LENINGRAD I

by Vant Neff

Come with me to Leningrad. Allow me to give you glimpses of a beautiful city, a peculiar people, and things that caused me wonder, even now that I have seen so much more of Russia.

As our boat left the Baltic and sailed into the waters approaching Leningrad, for some strange, unaccountable reason, the sea gulls abandoned the ship. When it docked at the quay there wasn't a gull in sight. . . . Instead soldiers lined the pier. The gangplank was lowered and a group of Intourist guides boarded the ship. Our papers and passports were examined again, though they had been cleared long before we entered Russia.

Close to the pier was an exchange office. You can buy cards, stamps, but primarily its purpose was to exchange foreign money for rubles. I left the boat, had my papers examined once more by a soldier. . . . incidentally, the Intourist guide presiding, drove up the quay, once more we were stopped at the gate and the guards, re-examined the passes.

Now, as we drove along the roadway we saw posters of various men and women, obviously Russian, who were portrayed on a large, single sheet, but what their names were and what they had achieved was nowhere in evidence.

Then a grayness descended upon us and remained throughout most of our stay in Russia. With it came not a smell, but a light odor, and if you press me for a description I would have to say that it was akin to the cooking of cabbage. We drove further and through the appropriate aperture in each large house we could see courtyards. Each one was different, none were tidy. Some were in great disarray and all of them left much to be desired. And on

main streets or the byways, affixed to the corner of houses was a copy of a newspaper. Later, when the contents were read to me, I was surprised at the complete denunciation, the thorough vilification of all things capitalistic in general and everything American in particular. Complete lies were replete.

I couldn't help but think that certain industrialists, particularly in Ohio, and other notables, including the former first lady, knew this constant damning of things American and yet those two, and others, remained friendly towards the Russians. Why passengers and shippers supported a railroad the chairman of which feels that Americans are always at fault and the Russians always absolved, is beyond me.

Then it dawned on me. The full splendor of Leningrad, and

"papers examined. . . every time you walk up or down the gangplank."

truly it is splendid. Both sides of the river freshly painted, cheek by jowl with one impressive palace alongside another. Today they house ministries and departments of the USSR, but it took no great stretch of the imagination to think of them housing less sinister functions. I don't know how much damage they suffered, none was in evidence now. Strangely, while one house was being refurbished I noticed that in this worker's paradise the scaffolding was not only rusted but unsafe in appearance to my layman's appraisal.

It is interesting that almost everywhere tourists gathered, little boys would come up and offer to trade Lenin emblems for chewing gum. Most of the time the gum was given freely. Once or twice the gum was accepted but no emblem ex-

changed. But all of the urchins spoke English.

The city certainly is pretty and the parks, the fountains and the churches even prettier. I saw no one going in the churches and the fact that it wasn't Sunday seemingly made little difference for hordes of people attend museums, exhibitions, the Hermitage, picture galleries, and they are eager to see anything that is offered. In fact, you gain the impression that they have seen what is to be seen many times before.

Everyone seems sad, gray, no boy walks hand in hand with a girl. No man ogles a woman. I never did see a perambulator with a baby. There are no dogs except in evidence, nor did I ever see but one, and that much later, a woman with a small dog. I can't remember ever seeing anyone smile. People seem to plod along on a weary way.

Eventually you are taken to the Hermitage, the former Winter Palace of the Czar. There one Intourist guide after another leads various groups of tourists through the huge number of rooms. Each guide speaks either in Russian or in the tongue of the visiting nationality. (At this moment I must interrupt to say that if I could ever receive the deodorant concession in Russia I could make a fortune.) While I wasn't particularly impressed with the great exhibits of objects d'art, the fanciful clocks that were created for nobility and/or Czars, and other knick-knacks, and while the portrait gallery of military men, which was done under the supervision of an Englishman, left me cold, the paintings, representing the masters of the world, were very impressive.

At the Hermitage one guide said they had discovered an obscure American pianist named Van Cliburn and that they had paid for his passage and stay in Russia.

Everyone has heard about the magnificent splendor of the Russian subways, and they are. No palace is more awe-inspiring. Marble, chandeliers, are the decor of each station. Strangely, there isn't a single toilet for either man or woman. I guess normal functions are not to be performed in the subway.

Perfection does not exist; to understand it is the triumph of human intelligence; to expect to possess it is the most dangerous kind of madness. —Alfred de Musset.

The speed that thrills is the speed that kills.

Sudden thought: The man who is too busy to get some pleasure out of life is too busy for his own good.

Maybe they have hard chairs for the reason if the seats were too comfortable too many might fall off to sleep.

How are you going to keep them down on the farm when so much of the farm is in the soil bank?

Visitors in the homes of Mr. and Mrs. Borden Davis and Mr. and Mrs. Rogers Curry Sunday with Mrs. Davis' and Mr. Curry's sisters, Mrs. Ed Cloud of Rule, Mrs. Virginia Williams of Seminole, Mrs. Jess Whittington and Mr. Whittington of Silverton, and Mrs. Robert Darnell and Mr. Darnell of Odessa.

QUESTIONS, PLEASE

QUESTION: DOES ONE "JOIN" THE CHURCH?

ANSWER: From our article in last week's paper we found that there was only one church or kingdom of God established by Christ, and that men must be in this body. I believe that in a limited sense that it was made apparent that one does not "join" the church in the sense one "joins" a club or political party. No human being has the power to put one into this body or to turn one out of it. We simply face the fact that we are unsaved and ask the question, "What must I do?" Then we follow New Testament teaching and example and believe on the Lord Jesus Christ as the Son of God, repent of all our sins, and trusting in Christ we obey his command to be baptized (immersed) unto or in order to receive the forgiveness of our sins. Then

the Lord will add us unto his church, or body, or kingdom and we simply follow in Jesus' steps throughout our life. If all believers would do this there would be no division among them. All would be simple Christians, members of the one Kingdom of God. Paul clearly indicated that one could not "join" this sect or that sect and still consider himself a Christian. In the church at Corinth there were those who were trying to take up different names and "join" different sects and Paul asked them the question "Is Christ divided? Were Paul crucified for you? Were you baptized in the name of Paul?" Paul is indicating that one cannot join this party or that party and still be a Christian. We all must be united together in one body and we must all be of the same mind and spirit.

You are invited to send your questions to: Don Browning - Box 812, Tahoka, Texas. You are also invited to attend the services of the Church of Christ.

Don Browning may be heard Sunday mornings at 11:00 and evenings at 7:00 on your radio dial.

What Is The Lutheran Teaching On Sin?

The Lutheran teaching on sin is the teaching of the Bible. Our Lord Jesus says in John 3:6-7, "that which is born of the flesh is flesh; and that which is born of the Spirit is Spirit. Marvel not that I said unto thee, Ye must be born again."

This is the teaching of the Bible, that all men are born with a sinful nature and are under the wrath of God. They are spiritually dead and need to be born again of the Spirit. When writing to the Ephesian Christians St. Paul reminded them, "And you hath He (God) quickened (made alive) who were dead in trespasses and sins; . . . (you) were by nature the children of wrath, even as others." Ephesians 2:1, 3b.

Therefore, by nature, according to the flesh, we are dead in sin and under the wrath of God.

AND because of our sinful nature we often think, do, and say things which are contrary to God's will and God's law. And because we go contrary to God's will our sin is not just a matter of breaking the law of the land, or of going contrary to the moral code of the community, or offending our neighbor, but it is a matter of offending God. SIN is a PERSONAL MATTER BETWEEN ME AND MY GOD. Therefore, sin makes me guilty before God. I have earned His wrath and punishment.

Yes, the Bible says, "Now we know that whatsoever things the law says, it says to them who are under the law; that every mouth may be stopped, and all the world become guilty before God." Romans 3:19. Again the Bible says, "For ALL have sinned, and come short of the glory of God;" Romans 3:23. And again the Bible says, "the wages of sin is death;" Romans 6:23a.

We are sinners. We have sinned. We are guilty before God. We are condemned to death, eternal death and damnation, eternal separation from God. We need God's mercy. We need God's forgiveness. We need God's salvation.

Thank God He loved us and sent His Son to seek and to save those who are lost.

Do you know your Savior? Do you know the way back to God? If not, or if you wish to learn more St. Paul Lutheran Church invites you to a SPECIAL BIBLE CLASS IN TAHOKA where you can learn more about your Savior. This Bible Class will begin November 16th and will be held in the W.O.W. hall, one-half block south of the Methodist Church, at 7:30 p. m.

St. Paul Lutheran Church of Wilson also invites you to attend Bible Class and church services each Sunday at 9:30 and 10:30. We are on the west edge of town.

Lynn County Has Larger Proportion Of Business Houses To Population

(Special to the News)
 New York, Nov. 1—The local area supports a larger number of business establishments, in proportion to its size, than do most counties in the United States. The area comprises Lynn, Bailey, Cochran, Hockley, Lamb and Terry counties.

This is disclosed in Government figures, released recently by the Department of Commerce and by the Department of Health, Education and Welfare.

They show that there are 19 business firms locally for every 1,000 residents.

The ratio is high. It compares favorably with the average in the rest of the United States, 18 firms per 1,000 people, and with that in the West South Central States, also 18.

employment, according to the report. By "covered" is meant employment within the scope of the social security program.

The American spirit of individual enterprise and the willingness of people to take business gambles are still with us in big measure. Evidence of that is the number of new ventures that are started each year.

Their success is far from guaranteed. The mortality among these newcomers, especially in the first five years, is high. Yet enough of them do succeed to make the risk seem worthwhile to many people.

Last year, according to the Government's figures, there were 440,000 new businesses established in the United States.

T-Bar Leaders Are Selected

The figures in the survey, which bears the name "County Business Patterns," were based on tax reports for 1959, submitted by employers under the Old Age and Survivors Insurance program.

It shows a total of 1,670 non-farm businesses—small, medium and large—in the counties in the local area. Of these, 1,072 have from one to three employees each, 351 have from four to seven in their employ, and 188 have from eight to nineteen.

Small business is well rooted in the local area, the breakdown shows, yet there is no dearth of larger-size firms.

Some 96 percent of the total have fewer than 20 employees each.

It is a greater proportion than is found in most parts of the United States, where only 91 percent are in that category. In the West South Central States, there are also 91 percent.

Local business firms provide jobs for 8,679 people in "covered"

Several committees were appointed by Sam Edwards, president of the T-Bar Country Club, at a meeting of directors Monday night.

G. W. White will serve as tournament chairman this year and his position has been designated by the board as an over-all chairman of all women's and men's activities.

The new social committee is headed by Mrs. R. W. (Melba) Clem and other members include R. W. Clem, Mr. and Mrs. Clint Walker, Mr. and Mrs. Eldon Carroll, Mr. and Mrs. Charles Townes, Mr. and Mrs. Charles Verner, and Mr. and Mrs. Dick Turner.

The greens committee includes Sonny Roberts, chairman, E. L. Short, Joe Bob Billman, D. M. Mauldin, Reble Thomas, and Charles Townes.

Since the annual meeting recently, several members have contributed to defray the indebtedness of the club, but letters will be mailed this week to members who have not, and might wish to do so.

Edwards has urged all members of the club to help and cooperate with the American Legion when turkey shoots are held at the country club on three consecutive Sunday afternoons this month. There will be no other activities planned at the club on those days.

CALL IT WHAT YOU MAY
 Detroit Lakes, Minn., Record: "Whether you call it Communism, Socialism, or the Welfare State, the result is approximately the same—more government and less individual freedom . . ."

"The men in high government office are for the most part men of sincere purpose and high ideals. There are some exceptions. But the significant point is that just because they hold office does not make them supermen. They have no more knowledge, education or integrity than the same men have in local government or private business . . . But give them the helm of the ship of state and their errors may be disastrous to all of us, whether it is school administration, housing or welfare benefits."

When buying a mattress pad of loosely woven cotton, look for a shrink-resistant label.

Help keep Tahoka clean.

Growing... growing... gone

All too soon the years of bare summer feet, sugar-and-butter sandwiches and cartwheels are yesteryears. But fine photographs capture and hold the growing years, become more cherished as childhood slips into memory.

THE AMERICAN WAY

Can't Win--Can't Even Score

THE PROFIT SYSTEM

Benton, Mo., Democrat: "Some of our officials in Washington, particularly in the Executive branch, seem to think profits are unimportant to people in business. Profits are important. An unprofitable operation cannot provide it's share of economic expansion to

make more jobs. Again, many individuals and institutions have no other income than profits."

A new cotton tape may be cut into decorative shapes and ironed onto fabrics. The tape is available in various widths and 26 bright colors.

Gordon-Southland

(By Mrs. Jesse A. Ward)
 Members of the Southland OES attending friendship night at O'Donnell were Mmes. Doll Hair, Thelma Burkett, Alice Martin, Tennie Smallwood, Gloss Davis and Lucille Myers.

Rev. and Mrs. Minor, the new pastor of Southland Baptist Church, moved into the parsonage last week. The Methodist Church dismissed their services Sunday night and attended services at the Baptist Church. A social and pounding were held for the new pastor Wednesday night.

Mrs. Jack Myers visited her son and family, Mr. and Mrs. Ned Myers and Nedra in Garden City Monday. Nedra returned home with her grandmother for a few days visit.

Mr. and Mrs. Martin Edmunds are in Florien, La., to see their new granddaughter born Oct. 27. She is the daughter of Mr. and Mrs. S. A. Wall. The Wall's have two other daughters, Anita and Vickie.

Beatrice Klesel from Texas Lutheran College at Seguin spent the week end with her mother, Mrs. Selma Klesel, Glen and Judy.

Mr. and Mrs. Jack Myers and Kelly were in Lubbock Sunday afternoon to visit Ray Hodges of Post who is in Methodist Hospital. Mr. Hodges was injured when his horse fell with him Saturday while working with cattle on the Tom Sims Ranch.

Cline Drake and Mrs. Drake, Lubbock, minister of Gordon Church of Christ, were dinner

guests in the home of Mr. and Mrs. R. L. Hagler and Velma Sunday. Other visitors were Mrs. Hagler's brother, Mr. and Mrs. Lee Jones of Slaton.

Jerrilyn Huddleston from Albuquerque, N. M., spent the week end with her parents, Mr. and Mrs. J. H. Huddleston. She is teaching in an elementary school in Albuquerque.

Mr. and Mrs. Jack Myers and Kelly were in Spur Saturday where they visited her mother, Mrs. O. M. Hart.

Mrs. Wayne Perkins and sons from Slaton visited her parents, Mr. and Mrs. Earl Lancaster Sunday afternoon.

Mrs. Ruby Dick of Merkel, who on her return home Sunday from Idalou visited old friends in the home of Mr. and Mrs. Earl Lancaster. Those present for the visit were Mr. and Mrs. Hubert Taylor, Mr. and Mrs. Aubry McNeely and Mrs. Alpha Taylor.

Chris Gindorf Sr. was hospitalized in Slaton Mercy Hospital last week, as was Larry McNeely and Mrs. Jesse Ward.

Mr. and Mrs. G. D. Ellis have returned home from a 10-day visit with relatives in Oklahoma.

Mrs. G. N. Smallwood and Mrs. Earl Morris are on the sick list. Those on the sick list and absent from school some last week were Jimmy Lancaster, Patsy and Dennis McGehee.

Lt. and Mrs. Travis Dabbs and children from Lubbock visited with his parents, Mr. and Mrs. Herman Dabbs, Brenda and David Sunday. Rev. and Mrs. J. L. Gary and Alvin Lynn from Roswell, N. M.

spent Friday with her parents, Mr. and Mrs. Earl Morris.

Mr. and Mrs. Jesse Ward spent Sunday in Levelland with their daughters and families, Mr. and Mrs. R. W. Cook, Mike and Regina, and Mr. and Mrs. Stanley Smith and Deborah. Mr. and Mrs. Smith and baby came home with her parents for a two-day visit. On their return home they visited Mrs. Ward's mother and sister, Mrs. J. S. Dial and Mrs. L. A. Tippie in Lubbock.

Mr. and Mrs. J. W. Kuykendall visited their son and family, Mr. and Mrs. Jack Kuykendall in Slaton.

Mrs. J. F. Rackler spent Tuesday and Wednesday with her daughter and son-in-law, Mr. and Mrs. Claude Roper. Tuesday afternoon Mrs. Rackler and Mrs. Roper visited Mrs. Bruster and Mrs. W. A. Basinger.

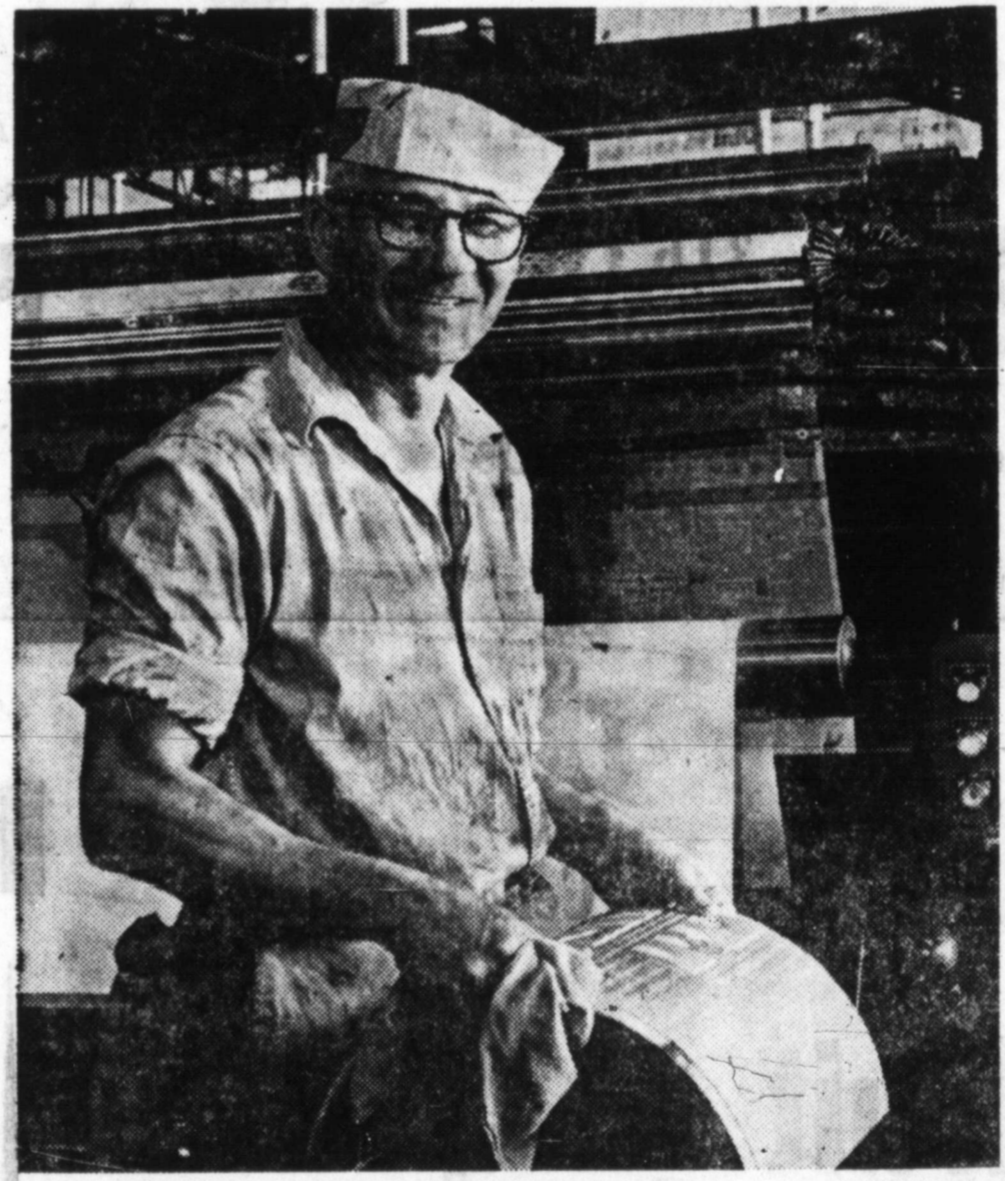

Mrs. Thelma Burkett and Mrs. J. W. Kuykendall visited Mrs. Jesse Ward and Mrs. Stanley Smith.

She didn't want to marry him for his money, but there just wasn't any other way to get it.—The Anchor News, Dallas, Texas.

Boy Scouting is for all boys, regardless of race, creed, color, or economic conditions.

Thank you, Texas Newspapers!

For 20 years, Texas newspapers have been giving the government free space in which to advertise U. S. Savings Bonds.

You've seen the ads: you save more than money with U. S. Savings Bonds. Those ads have sold an impressive number of bonds in Texas, bonds that have helped, and are helping, your government defend freedom at a precarious moment in history, when freedom is in desperate need of defending.

When you buy these bonds you serve well the cause of liberty. You enable your country to build up her own defenses without doing damage to her economy. You insure the future for this and succeeding generations.

The space occupied by the ads that sold those bonds was donated to your government — and that means to you — by the newspapers of Texas.

We thought you'd like to know.

"The public-spirited newspapers of Texas have made an important contribution to the well-being of this country," says Ed Gossett, Co-Chairman of the Texas State Savings Bond Committee.

"We are happy to salute the generous newspapers of this State. They have done their part, and more, in giving the public an understanding of the importance of Savings Bonds — to individual buyers, and to the cause of freedom. And they have certainly made this Committee's job easier."

You save more than money with U.S. Savings Bonds

Seventh, Eighth Grades Win District Championship Titles

Both the seventh and eighth grade football teams are district champions and are undefeated this season after each team won a 32-0 victory over Slaton teams Monday night.

The seventh graders won their crown in the Slaton game and the eighth graders clinched theirs the week before at Post. Both teams have played outstanding football all season, much to the admiration of their fans and coaches.

The eighth graders, coached by Jerry Don Brown, defeated every team in their district, Frenship, Slaton, and Post, twice and also downed Abernathy. In the Slaton game Stanley Renfro, who has been running the second team and playing behind Dickie Davis, took over the reins and quarterbacked the team like a professional. Davis, who twisted his ankle last week and was unable to play Monday night, has done an outstanding job this year.

Also outstanding on the offense in the 32-0 victory were Frankie Stanley, Harlan Curry, Larry Jolly, Gary Anderson, Richard Williams and Britt Robinson. Doing very good jobs on defense were Jolly, Anderson, Stanley, Curry, Clarence Long, Jimmy Billman, and Renfro.

The eighth graders will receive a trophy and have also won themselves a trip to Lubbock to eat at Underwood's Cafeteria and to attend the Texas Tech-Boston College game. While winning their seven games, they scored 128 points to their opponents' 28 points and held them scoreless in four games.

of the eighth grade team: Tahoka 18, Abernathy 6; Tahoka 12, Frenship 0; Tahoka 28, Slaton 6; Tahoka 32, Slaton 0; Tahoka 6, Post 0; Tahoka 22, Post 16. Post is the only team that scored more than one touchdown against the Tahoka squad.

The seventh graders took a 32-0 victory over Slaton to win their championship out right and remain undefeated in a game played for several minutes in a down pour of rain. Half time score was 20-0. The boys put up a tight defense in holding the visitors scoreless.

Scoring plays were made by Charles Dotson, two touchdowns; Mitchell Williams, two touchdowns; and Mike Chandler, one touchdown. The entire team played remarkably well on defense led by L. D. Mayo, Raymond Chapa and Chandler. All boys saw action in the game and performed well.

The seventh grade game Monday night was dedicated to Mrs. Mary Brown for her work with the pep squad and in promoting school spirit in North Elementary, where she is a teacher. Prior to the game Raymond Chapa, Mike Chandler, Tommie Kidwell and Mitchell Williams were elected captains for the year. Coaches Milt Fitts and Jake Jacobs were well pleased with the boys' performances during the season, not only for their playing ability but for their attitude, cooperation and the sportsmanship they displayed.

Freshmen Lose Game To Spur

The Tahoka freshman team was defeated by the Spur eleven there Thursday night of last week 24-12.

Adolph Chapa and Jose Cervantes made the scoring plays for the Bulldogs and also outstanding on offense was Jesse Limon. The team ran a split "T" and single wing.

Several boys looked good on defense, Jim Wells, Ronnie Reed, Eddie Howard, Dennis Clem and Terry Harvick. The local boys played an outstanding game and could have won with a break or two.

Following the game the boys were treated to a chicken fried steak dinner at a Spur restaurant before returning to Tahoka.

Unbroken happiness is a bore: It should have ups and downs.—Moliere.

Season Open On Sandhill Cranes

For the first time in 44 years, there is an open season this month on sandhill cranes. The season opens Saturday, Nov. 4, and closes on Dec. 3, according to Game Warden M. T. Reinhardt of Lubbock, who was a visitor here Monday.

The season has been opened this year for the area west of U. S. Highway 87, which crosses Lynn county, from Del Rio to Amarillo, and extending to the New Mexico state line.

Bag limit is two per day and two in possession, and hunting time is from sunrise to sunset. Shotguns only may be used, with not more than three shells in the gun.

The hunting season on geese opens today, Friday, and extends until January 1. Hunters are warned that the duck season does not open until Nov. 18 and closes on Dec. 17.

Although sandhill cranes are migratory fowl, the hunter will not need a duck stamp.

Mr. Reinhardt says the sandhill crane is reputed to be fine eating, especially the breast. They feed almost entirely on grain and seeds. However, hunters may have a little trouble making a kill, since they are usually hard to get close enough for a good shot. Blinds may be used.

There are thousands of sandhill cranes in western Lynn county, particularly around the lakes, from which they fly out to grain fields. In the past there have been millions of these birds some years, and they have proved very damaging to grain crops.

AMERICAN BRAIN-WASHING

Star City, Ark., Ledger: "There is more brainwashing going on in America than in any other nation this side of Russia. There are more plans being devised to deceive the public than in any time in history. We are brainwashed into believing that we can spend ourselves into prosperity, that we can maintain financial stabilization by going deeper and deeper into debt, that the national debt is of no significance—just a long line of meaningless digits. . . . No wonder babies come into the world crying. They're held upside down, spanked and have a \$1,675 debt hanging around their neck. Our debt is larger than that of all the nations of the world put together."

BROKEN BOTTLES: "TRIPLE THREAT" ON OUR HIGHWAYS
A triple threat on the football field is fine, but a triple threat on the highway spells trouble. Broken bottles are the "triple threat" of our highways. They are accident hazards to traffic; they injure people who step on them; they start costly and dangerous roadside grass fires. The dangers of the triple threat increase during the football season. The Texas Highway Department asks Texas travelers to dispose of bottles in proper containers. Help keep the "triple threat" on the gridiron—not on the highway.

Gurley Heads State Juvenile Body

Ronnie Gurley of Sweetwater recently was elected president of the Texas Probation Officers Association at the annual meeting of the organization.

A graduate of Tahoka High and North Texas State, Gurley coached basketball at Colorado City High School before becoming probation officer at Sweetwater. He is the son of Mr. and Mrs. Jess Gurley of Tahoka.

Another son, Mike Gurley, recently entered the Army and is stationed at Fort Carson, Colo. The Gurley's middle son, Jay, is a student in Eastern New Mexico University at Portales.

The world's highest temperature, 136 degrees, was recorded in Libya in 1922.

Durham Observes 90th Birthday

Dr. and Mrs. K. R. Durham left Tuesday afternoon for Shreveport, La. Mrs. H. P. Caveness accompanied them as far as Dallas where she will visit her son, Dr. Bob Caveness and his family for a few days.

The Durhams will be present for the 90th birthday Thursday of Dr. Durham's father, J. P. Durham, a retired Baptist minister. Dr. Durham's mother, age 88, has been confined to a rest home since May and will not be present.

MRS. A. D. RIDDLE VISITS NEPHEW IN HOSPITAL

Mrs. A. D. Riddle went to Dallas last week end to visit a nephew in Baylor Hospital who had undergone brain surgery on Wednesday.

The nephew, Tracy Oliver, 7, son of her brother-in-law and sister, Mr. and Mrs. Bobby Oliver of Waxahachie, was critically injured in a fall from a persimmon tree at his home. A large blood clot was removed from his brain. He is

still in critical condition, improving, and has a good chance for recovery.

The Riddles' son, Glenn, underwent open heart surgery in the same hospital in the early summer.

Bulldogs Tie Stanton Buffaloes 8-8 In Top Game Of Season Friday

Tahoka Bulldogs rose up last Friday night to tie the Stanton Buffaloes 8-8 in a game the local boys had dedicated to their dads. The Buffaloes had come to town doped to defeat Tahoka by at least two or three touchdowns. District 3-AA games tied go in the record as a half game won and a half game lost to each team.

The Bulldogs turned in a fine game, possibly their best team effort of the year. They stopped three Stanton drives inside the 20-yard line, one at the 7, one at the 11, and one at the 8-yard line; two Stanton fumbles were covered by Lineman Curtis Harvick; and three Stanton passes were intercepted by Jerry Forsythe, Fred Hegi, and Jack Wood.

The Bulldogs pretty well stopped the Stanton running attack when the chips were down, but the visitors were a constant threat in the air as they completed five passes for 95 yards. The passing attack was somewhat dulled, however by the three interceptions and by Perry Flippin "shooting the gap" to mess-up other plays.

Tahoka took the kick-off, with Hegi carrying the ball from the 18 to the 39, but on the third play, the visitors' Sammy Webb intercepted Hegi's pass on the Tahoka 40 and ran it to the 26. QB Buddy Glaspie, FB Donnie Polson, HB Joe Williams, and HB Jim Sale carried to the Tahoka 7, but the Tahoka line held for two plays and the ball went over.

QB Fred Hegi, FB Glenn Hopkins, FB Andy Bray, HB Steve

GAME STATISTICS		Tahoka	Stanton
18	First downs	18	18
196	Rushing, yds.	187	187
28	Passing, yds.	95	95
3	Passes complete	5	5
6	Incomplete	2	2
2	Had intercepted	3	3
3 for 32	Punts, avg.	0	0
6 for 40	Penalties, yds.	2 for 33	0
0	Fumbles, lost	2	2

Greer, and HB Tomny Jones, who did some of the best running in this game he has done all year, carried nearly to midfield before having to punt.

But, then Stanton started its successful drive, moving for five successive first downs in a 65 yard drive to the goal, with Sales making 12 and then diving over from the 2-yard line for the TD. Williams went over right guard for the conversion, and Stanton led 8 to 0. The touchdown came on the third play of the second quarter.

Tahoka couldn't move, had to punt, but Forsythe intercepted a Stanton pass on the Tahoka 30. Jones made 22 yards, but Tahoka bogged down again on the Stanton 48.

A short time later, Harvick covered a fumble on the Stanton 36, and Tahoka put up its first scoring threat, but bogged down on the Stanton 21. Stanton started a passing and running attack that carried to the Tahoka 26, but then Hegi intercepted a pass on the 22 and ran the ball out to the 27. Three plays later the half ended.

Opening the second half, Stanton's Stewart brought the ball to the 34. Then Sale was jarred loose from the pignisk by a jarring tackle by Flippin and Harvick recovered for Tahoka on the 37. Tahoka moved to a first down on the Stanton 26, then moved to the 20 on two plays, but then drew a five-yard penalty and the ball went over on the 25 after an incomplete pass.

Stanton proceeded to move all the way downfield to the Tahoka 11 in nine plays, but drew a 15-yard penalty, a pass was incomplete, and Sale lost 13 yards trying to pass.

Tahoka took over on its 39, and proceeded to move 61 yards for its score, helped along by runs of 17 and 12 yards by Jones, and Gary Grogan, who carried the ball once and caught a 15-yard pass from Hegi. Bray, Hopkins, and Hegi moved the ball also in the drive, to a first down on the Stanton 10, as the third quarter ended. Big "Moose" Hopkins carried the ball for six, then three to the one, was held for no gain, but on fourth down bulled over right tackle for Tahoka's touchdown. Then, on a roll-out, Hegi went around right end for the 2-point conversion. This tied the score 8-8.

Stanton marched right back to the Tahoka 8 yard line, but Tahoka's sterling defense pushed the Buffaloes back to the 20, where (Cont'd. on Back Page, Sec. II)

Traffic Deaths High This Year

AUSTIN — Col. Homer Garrison Jr., director of the Texas Department of Public Safety, reported today statistics indicate at this time that traffic deaths in Texas will run one per cent higher this year than in 1960—which would mean 20 to 25 more motoricides than last year.

A total of 2,254 traffic deaths were recorded for 1960.

Quoting from an analysis by N. K. Woerner, DPS Statistical Services Manager, Garrison said: "At this time, motoricides are running slightly higher for 1961 than for the same period of 1960. The 234 traffic deaths this past June was 52 more than in June of 1960, and 48 more than the past 15 year June average."

"Statistically speaking, we might show an improvement in October 1961 over October 1960, and we might hold our own in December. But November of 1961 will very likely have more motoricides than November of 1960."

Garrison emphasized that the traffic death picture could well change before the end of the year. Stressing that most fatal accidents involve at least one traffic law violation, he pledged to do everything possible to hold down violations and appealed for "the all-out cooperation of the motoring public to hold the line against traffic death by obeying the laws of safety that were enacted for their protection."

Automobile traffic in U. S. annually exceeded 720 billion vehicle-miles in 1960 and should pass 1 trillion vehicle-miles in 1970.

Former Citizens At Rose Festival

(Denver City Press)

Mr. and Mrs. N. H. Cromer attended the Tyler Rose Festival Friday and Saturday, where they witnessed the Rose Queen's Coronation on Friday night. This, they said, was about the most beautiful performance one could imagine.

Saturday morning, they enjoyed seeing the parade, which started in the downtown area, and encircled the football stadium.

While in Tyler, they were guests of their daughter and granddaughter, Mozelle Nolen and Jackie, and their son and family, Mr. and Mrs. Joe Cromer, Cheryl, Lynn and Tim. Their other son, and family, Mr. and Mrs. Noah Lee Cromer and Donna, came to Tyler to be with them and see the festival.

Mrs. Cromer's mother went with them to Dallas to visit her two sons, Mr. and Mrs. W. L. Bledsoe and Mr. Floyd Bledsoe, the latter being in a Dallas hospital. She remained there to be near the hospital.

413,302 new motor vehicles were registered in Texas in 1959, of which 81,437 were new trucks.

O'Donnell Plays At Seagraves

O'Donnell Eagles still have a chance to tie for the District 5-A title if they can defeat an old rival, the Seagraves Eagles at Seagraves there tonight, but they have a tough job in the assignment.

O'Donnell has lost one conference game and Seagraves is undefeated.

Friday night at Frenship, O'Donnell took a 22 to 6 victory, as Dennis Jordan led the Lynn county boys in scoring two touchdowns and four conversion points. Jordan scored from six and eight yards out in two drives, and Fernando Lopez went 27 yards for the other Eagle score.

Frenship's touchdown was made by Halfback Vernon Ray.

FOOTBALL SCORES

Tahoka 8, Stanton 8.
O'Donnell 22, Frenship 6.
Wilson 57, New Deal 0.
Sands 21, New Home 0.
Slaton 14, Post 12.
Idalou 21, Petersburg 15.

Every day is a safety day.

New Home Will Meet New Deal

New Home Leopards play the New Deal Lions today at home.

The hapless Leopards lost Friday before a Homecoming crowd to Sands of Ackerly 21 to 0, giving up three touchdowns in the first half and then holding the visitors scoreless in the second half.

The visitors scored on a 35 yard pass from Quarterback Dan Shortes to Max Hardin, a 20-yard pass to End Ike Wasson, and then Shortes carried himself on an 8-yard run for the third. Eugene Coleman kicked one extra point and Wasson ran the ball for a 2-point conversion.

Marlow Rudd and Terry Brown were the outstanding players for New Home.

70,595,792 privately owned vehicles were registered in the U. S. in 1959. In 1949 there were 44,139,951—an increase of 26,455,841 in ten years.

Wilson Seeking District Title

Only Lorenzo and Cooper stand between the Wilson Mustangs and a District 4-B championship as the Lynn county boys raced past New Deal 57 to 0 Friday at New Deal.

The high-riding Mustangs go to Lorenzo this Friday and entertain Cooper at Wilson on Friday of next week at 2:00 p. m.

The Mustangs have now rolled up 145 to 8 in three conference games in defeating Sands 20 to 0, New Home 68 to 8, and New Deal 57 to 0.

Halfback Leroy Schneider, Quarterback Surpy Benavidez, Halfback Sammy Crowson, Fullback Billy Baker all figured in the scoring in the riot over New Deal that saw the Mustangs score in every period.

THE NEW CHEVY II GOING GREAT GUNS!

Chevy II Nova 400 Sport Coupe—and there are 8 more models, just as nifty, where this one came from

This one was on the road to success right from the start, a new kind of solid simplicity blended with economy and dependability. Beneath the hood... a frugal 4- or satiny 6-cylinder engine (your choice in most models). Nine new models... sedans, wagons, hardtop and convertible.

If you're looking for sensibility at its Sunday best—join the celebration at your Chevrolet dealer's. It's Chevrolet's golden anniversary year, and this new Chevy II is making it a year to remember with a new line built especially to save you money on service and maintenance. Get the full story at your dealer's.

A New World of Worth

Chevy II 300 Three-Seat Station Wagon

Chevy II Nova 400 Convertible

50 YEARS OF CONFIDENCE

Join in Chevrolet's 50th Anniversary celebration at your dealer's now—By picking up a special order form from your dealer, you can order a "Golden Anniversary Album" LP recording of favorite American songs from Chevrolet for just \$1. (For your convenience, many dealers will have the album for sale in their showrooms).

See the new Chevy II, '62 Chevrolet and '62 Corvair at your Chevrolet dealer's One-Stop Shopping Center

Farm Facts

The tobacco seed is so tiny it takes 350,000 to weigh an ounce or about 6.6 million to weigh a pound.

If each seed germinated and could be transplanted, a pound of seed would be sufficient to plant about 750 acres. Actually, however, growers sow about an ounce of seed in seedbeds for each 3 to 6 acres to be planted. This is to assure them of enough plants during a relatively short transplanting season.

One tobacco seed represents a potential of about 75 cigarettes. On an equivalent domestic farm sales weight basis, about 370 cigarettes are produced from a pound of tobacco. It takes the cured leaf from about five plants to weigh a pound.

Tobacco ranks fourth among crops in cash receipts, according to the U. S. Department of Agriculture. It is exceeded only by cotton, wheat, and corn. There are six major classes of tobacco—flue-cured, fire-cured, air-cured, cigar filler, cigar binder, and cigar wrapper. Tobacco production averages

350,000 tobacco seed weigh only an ounce.

about 2 billion pounds annually. Of some \$7 billion spent for tobacco in the U. S. in 1959, about \$6.6 billion went for cigarettes, including \$2.9 billion for state and federal excise taxes. Smokers consumed 186 packs per person.

Printer's Ink-lings

By F. P. H.

"Dub" Powers, over at the post-office, is a little peeved at The Printer and C. Edmund Finney about the statement in this column last week that "too many of the kids today have an ambition to get on the Government payroll, to be parasites on the public," etc. Which reminds us of a complaint made here recently by a lady on Route 6, Lubbock, not getting her paper until Monday.

We have pretty close touch with the Postoffice Department and its workers. Sometimes, they get criticism, or at least a lot of kidding. The U. S. Postal Service is one of the greatest organizations in the land. Nowhere in the world is there such an efficient organization that can get a written message or a package or a newspaper from here to yonder in such a short time at such a small cost. Old Happy Smith and his crew are always ready to render just a little bit of extra service to any customer, too. They have waited many times on The News, and worked overtime, so subscribers might get their papers on time. Many times, local postal people carry mail to

the aged or ill, when such service is not required of them.

That carrier up on Route 6, Lubbock, who serves some of our readers in Lynn county, is not to blame, either, when some of these readers fail to get their papers on time up there. Because of circumstances beyond our control, The News editions go from Tahoka to Big Spring, thence to Sweetwater, thence to Lubbock, and thence to the carriers. Sometimes, these papers get side-tracked somewhere in between, and the carrier simply does not get them for delivery.

We'd also like to say a word for Elmer Rice, carrier on route 1 out of Wilson who lives in Tahoka, and carries The News for us to Wilson so that about 200 subscribers out of that postoffice may get their mail on Fridays. Sometimes Elmer goes to a lot of extra trouble in giving this extra service just to accommodate us and patrons.

"It's hard to realize these days that this country was founded partly to avoid taxation," says the Medina, Ohio, Leader-Post.

Mrs. Welch Flippin contributes some additional information about Dr. Conrad Lam of Detroit, who pioneered heart surgery, and his family. Reared in Tahoka, he recently was the speaker at the Tahoka Homecoming program. Mrs. Flippin says Conrad, in spite of his world renown, is still just a small town boy. He and his family live in Franklin, Michigan, 30 or 40 minutes drive from Henry Ford Hospital in Detroit.

Franklin is a small place and is known as "the town that time forgot." Life is quiet and peaceful, away from the turmoil of the city, houses occupy large lots, there are no paved streets and no street lights. In his spare time, Conrad plays golf. But, every Monday night is reserved for band practice. Conrad still plays that "beat-up cornet," which he started playing in Tahoka to pay his way through

THE AMERICAN WAY

First-Class Help Wanted

medical school, and directs the community band. His wife beats the drum, and his son plays the trombone. Remember that old saying, "you can take the boy out of the country, but you can't take the country out of the boy?"

The NAACP must be slipping. Recently, in the Miss America Contest, there was not one single "colored" girl among the whole kit and kaboodle of entries, and not even a Negro among the judges. We wonder if Little Brother Bobby noticed this slight.

Mary: What does Jane's new bathing suit look like?
Marilyn: Well, in most places it looks like Jane.

President Lincoln once was taken to task for his attitude toward his enemies. "Why do you try to make friends of them? You should destroy them," he was told by a friend. "Am I not destroying my enemies," Lincoln replied, "when I make them my friends?"

Men are born with two eyes, but only one tongue, in order that they should see twice as much as they say.—Colton.

A seven-year-old San Antonio school boy had been promised a nickel from his mother for every school paper he brought home marked 100. For two weeks, he brought home quite a few 100's. Then, one day he came home quite depressed. "I can't get any more 100's," he said sadly, "I lost the red pencil grandma gave me."

The high school student was carried away with his own rhetoric in the story of the launching of a huge carrier, and he wound up his theme:

"Miss Smith smashed a bottle of champagne against the bow of the USS Missouri with unerring aim, and then, while the huge crowd cheered madly, she slid majestically down the greasy slipway into the sea."

The son of a movie producer turned in a composition to his teacher which read: "This is a story about a very poor family. The father was very poor, the children were very poor, and the three butlers were poorest of all."

Fifty-two percent of automobile trips are to work or shop.

WHO ARE OUR FRIENDS?

(Quanah Tribune-Chief)
How many mistakes can America afford?

This question is looming high in the minds of many Americans concerned with the gradual encroachment of Communism upon our shores.

Recently it was "discovered" that Communist airmen were being trained at Perrin Air Force Base in Texas. Government officials explained that Yugoslav Communists were our "friends" and as such were being trained along with other allied pilots.

This week it was "discovered" that the American government had employed a former secret police official under Dictator Batista to "screen" Cuban refugees fleeing to this country. The official, a certain C. Faget, was in charge of an anti-Communist office in Cuba under Batista, but along with other Batista men has become a "person non-grata" to the Cubans. One refugee accused Faget of questioning him not about Communism but about certain anti-Batista activities during the dictator's reign.

America must learn, and learn fast, that we do not have to support dictatorships of any kind in order to fight Communism. Batista was violently anti-Communist, but so was Hitler and Mussolini and Franco. Dictatorship of any kind or color is repulsive to Americans and cannot be supported or even tolerated.

If representative government is to have any chance in Cuba or any other country of the world, America must have the wisdom and the fortitude to find those freedom-loving persons who understand and appreciate the workings of a republic or a democracy (whichever you choose to call it). America must learn who are our friends and who are our enemies. Our destiny depends upon this.

Letters From News Readers—
(The News welcomes letters from its readers on any current subject, not libelous, of course. All communications must be of reasonable length and must be signed. On request, the signature will not be printed. The Editor.)

Coon Season Here
Editor, The News:

Coon hunting season is getting ripe around Fort Worth, persimmons doing fine, so ought to make the winter. I am greasing up my old hunting dogs, cleaning up my camp skillet and two gallon coffee pot.

Didn't get out there this year, so will have to read The Lynn County News to keep up with everything. I like to read your Inkings as well as all the other good news.

The first time you see Robert Lee Littlepage, tell him everything is under control. Sure wanted to see Herman Huffaker at Grassland this summer but failed.

I am on a pension from the railroad and I have time to hunt a little.

Am sending \$3.06 for paper another year.
Charlie Jones, 2917 Horton Rd., Fort Worth, Texas.

Taxes take 26 percent of every automobile sales dollar.

The only thing mother needs to save for a rainy day is patience.

Everyday Religion

By J. B. Thompson

One of the most obvious marks of real greatness is humility. It is the little man who tries so hard to impress you with cleverness or his wealth, his knowledge or importance. He needs to do so for his repressed inferiority, his hidden feebleness creates a great fear that he may be found out for the ordinary person he really is. The really great people have no such fear. They have nothing to cover and they are not always living in a world of silly pretense but they walk humbly with their fellows.

Dr. Leslie Weatherhead, of London, tells of having Albert Schweitzer in his home as a guest once. The great philosopher, theologian, missionary doctor, and probably the greatest living exponent of Bach's music, sat at a cheap piano with their little daughter

"To hear and watch him take her fingers and push them on to the keys as together they hammered out some simple melody was to be able to imagine what it must have been like to have been with Jesus," said Dr. Weatherhead. "No conceit, no pride, no assumption of superiority, just a happy man who was perfectly and completely himself."

How this contrasts with the loud-voiced, truculent egotism of some conceited little men with whom one has to deal, who think only of themselves, ruthlessly assert themselves in every situation, and who worship their own ego. Someone has defined egotism as "the anodyne which God allows a man to administer to himself in order to deaden the pain of being a fool."

494,710 motor vehicles were imported in 1960. 718,667 were imported in 1959. Largest importers are West Germany, Great Britain, France, Sweden, and Italy, in that order.

There are 3,511,000 miles of highways and streets in U. S. Of this, including rural roads, about 70 percent of miles are surfaced, while 93 percent of state highway system mileage is surfaced.

Larry Edwards In H-SU Choir

Larry Edwards, a junior from New Home, has joined the 44-voice Hardin-Simmons University A Cappella Choir for the 1961-62 school year.

The choir, under the direction of Edward H. Hamilton, presents programs on the H-SU campus, to area schools and makes an annual tour during the spring semester.

Members of the choir are chosen in competitive auditions. Edwards, the son of Mr. and Mrs. J. B. Edwards of New Home, is majoring in history and secondary education and minoring in English at H-SU. He is a graduate of New Home High School, New Home.

About 4 million vehicles per year are scrapped.
