DEATH TRAVELS ON WINGS OF THE WIND

ONE LAW FOR ALL IS GOOD

DOCTRINE—IF GOOD IN COUNTY SHOULD BE GOOD OVER STATE

"It seems that there is a preponderance of sentiment in Ranger and Eastland also favoring Sunday shows, but the action of bringing the matter to a focus was unwise," says the Cisco Daily News, which also asks: "Who is responsible for all the noise being made over Sunday picture shows in Eastland county?" adding, "Darned if we know."

The answer to this question may be found in the following letters from J. D. Barker of Cisco and S. R. Black of Ranger. Public sentiment in Cisco is said to be against Sunday moving pictures. Nevertheless, the moving picture operators there determined that if Sunday pictures were shown elsewhere in Eastland county, they would show them in Cisco, taking the position that the sentiment prevailing in Cisco must be made to prevail throughout the county.

The doctrine is good, but it should apply to the entire state and to the law in its entirety.

The Sunday closing law of Texas is not enforced in any of the large cities in Texas where it pertains to the motion pictures and is enforced virtually nowhere as to the sale of soft drinks, cigars, cigarettes, confectionery and gasoline.

The two letters referred to follow:

Motion Picture Operators In Cisco Start Campaign

Editor Ranger Times:

On or about January of this year, a move was instituted in Cisco by the moving picture men to either close the picture shows in all parts of Eastland county or else open them in Cisco.

As a result of this, there has been an organization of the ministers and laymen created for the purpose of making an effort to close the picture shows on Sunday in all parts of the county.

On account of the election to be held in Ranger on the 19th of this month, it was determined to await this movement until after this date.

The county attorney's department has promised us full co-operation.

It was also the sense of the body, made known by a resolution, that they request each minister in Eastland county to preach on the subject of "Sunday Observance," on Sunday, April 15th.

They instructed me as their secretary to notify each minister in the county of this request.

LAW ENFORCE LEAGUE, By J. D. Barker, Secretary, Cisco, Texas.

EDITORIAL NOTE: None of the Ranger ministers in Ranger complied with the request to preach April 15th on "Sunday Observance."

SUNDAY AMUSEMENTS HAVE BEEN GUIDED BY LOCAL SENTIMENT

County Attorneys W. V. Dunham, G. G. Hazel and Ove E. Overson, each of whom has served Eastland county in the past now held by W. J. Barnes, never saw fit to file complaints against amusement house owners for entertaining the public on Sundays throughout their terms of office.

Mr. Barnes is the first of the four last county attorneys to serve warrants on proprietors and managers of amusement houses for furnishing recreation in the form of educational, informative and entertaining pictures.

"There was no demand that complaints be filed against amusement house owners," Mr. Overson explained. "The laws is not enforced throughout the state, because popular sentiment is against it."

"If we had filed complaints against amusement house owners it would have shown discrimination," Mr. Overson said. "We couldn't have taken action without closing up everything as the law prescribes. We didn't want to discriminate."

He said it is not necessary the requirement of his office that he swear out complaints for all violations of Texas laws. "If one were to swear out complaints for all things he'd be swearing out 40,000 a week," the attorney said laughingly.

Mr. Overson said he did not purpose to criticize Mr. Barnes. "I dictated my own policy and Mr. Barnes is free to dictate his," he said. Mr. Overson said he esteemed the county attorney as a personal friend. Mr. Barnes was his assistant for the last three months he held office.

AMIENS, France, May 14.—Six persons were burned to death when a passenger airplane caught fire in midair and crashed to earth today.

County Attorney Only Doing Duty Says Ranger Man

Editor Ranger Times:

While I did not support Captain Barnes for county attorney, I am of the opinion that he is doing his best to make a good and efficient county attorney and I don't believe he is getting a square deal on this Sunday picture show closing. I desire to call the attention of the Times to the self evident facts in the case.

Judge Barnes was elected by an overwhelming majority of the voters of Eastland county and as the Sunday law is not favorably looked upon by a majority of his constituents, he wisely decided to leave the enforcement of said Sunday laws to the municipal authorities. (For the majority, one.)

The municipal authorities at Cisco did not want the Sunday picture show and forbade them running, and they ran anyhow, and, of course, were convicted, and, although they knew that they were in open violation of a state law, they (the Cisco picture shows) appealed the case to the county court and FORCED the county attorney to prosecute them. As Judge Barnes is as much the county attorney at Ranger as at Cisco, will he prosecute the Sunday picture shows at Cisco and permit them to run at Ranger? If he did that I would vote to recall him.

And although I think the Sunday picture show helps a town and as a citizen and property owner of Ranger I would like to see them run, if I were chosen on a jury in the trial of one and the evidence showed that he had run or operated a picture show on Sunday, I would convict him.

Now let's give everybody a square deal. The disagreement of the local authorities and the picture show operators at Cisco causes the county attorney to have to prosecute the picture shows at Cisco and if Cisco is not allowed to operate Sunday picture shows neither should we be. I am for Barnes in this controversy. We just fired a man for not enforcing the law and some of the same men are jumping on Barnes because he is trying to enforce the law. When we hear a gambler, bootlegger or any kind of law violator curse a peace officer, that is evidence that said officer is trying to enforce the law and we all acknowledge that the Sunday picture show is a violation of the law.

I think we should respect Judge Barnes for the position he has taken in letting the municipal authorities have free rein in the enforcement of this small matter, but we should not expect him to prosecute at Cisco and not at Ranger.

FOUR MEET DEATH BY DROWNING TO AVOID COLLISION WITH CAR

By United Press

DAVENPORT, Iowa, May 14.—Three girls and at least one boy met death last night by leaping from a street car bridge into the racing current of the Mississippi river in order to avoid an on-coming trolley car.

William Kepke, motorman, crazed by the tragedy, was sent to the hospital for insane at Watertown, Ill., today. He was unable to give a coherent account of the affair which would aid police in checking up the dead.

One body, that of a girl, has been recovered, but not identified.

The diamond ring is in the window of the Davis Jewelry store. Take a look at it and you will want to begin right away on the race for it. It is mounted in the latest style platinum setting, is a brilliant pure white gem, and worth anyone's time and money.

The Ford coupe, with many accessories, will be placed on exhibit within a few days. You don't have to look at it, however, to know that it is a beauty, for the city is full of handsome ones just like it which make one envious just to look at them. Such an offer is almost irresistible, especially when there is no money involved for the candidates, just the good will and assistance of their friends.

Get your nomination blanks in as early as possible so you will stand a good chance at the first prize. If you are beaten in the race there is still

the second prize, that lovely diamond ring, and after that there will be commissions for everyone bringing in as much as \$30 worth of subscriptions.

Look up the expiration dates of your friends' subscriptions. The contest manager will help you in this, and will give you additional information to assist in the campaign. Working material and all particulars for the contest will be furnished at the office of the Ranger Daily Times.

Get your friends to cut out and save you the additional coupons in the daily issue of the Times. They will be published each day until Saturday, the 16th of June. Each of these coupons counts 10 votes, and will be a tremendous help in getting votes.

This is going to be one of the most exciting races ever put on in Ranger, and will be the subject of conversation on every side, among both men and women, for weeks to come.

If there is anything about it that you do not understand just phone or call at the Times office and every assistance will be given to each and every candidate.

RUSSIAN SOVIET ANTICIPATES BREAK WITH GREAT BRITAIN

By United Press

LONDON, May 14.—Russia has resented the arms of the British ultimatum in the view of Leon Krassin, interviewed by the Daily Mail's Berlin correspondent. Krassin said the soviet's delegation at the Lausanne would seek to end conference in anticipation of a break.

The Russian's reply to the British note which demanded satisfaction on the subject of seizure of British trawlers, executions of the clergy and propaganda was handed to a representative of Great Britain Saturday. It is understood to propose a conference at which Russian-British differences shall be ironed out.

OIL TAX BILL RATE FIXED AT 2 PER CENT

By Associated Press

AUSTIN, May 14.—The Coffee oil production tax bill was voted out of free conference committee today, the tax being fixed at 2 per cent. It was signed by a majority of the committee.

The bill was expected to come up for final action in both house and senate late today.

BUILDINGS THAT ARE FIRE MENACE WILL HAVE TO COME DOWN

Mayor Hodges plans to have the city legal department make an investigation relative to the city's right in condemning certain frame buildings within the fire limits, which he believes are fire hazards and a menace to public health.

The Ranger fire department officials have been advised that the owner of a frame building once used as a hotel and located on South Austin street, will be torn down shortly. Fire officials are apprehensive of the city's downtown business district safety from fires because of the numerous fire traps north and south of Main street for a distance of about 300 feet.

The experience of two disastrous fires close to Main street early in the year will undoubtedly cause the city to take legal action against property owners who neglect or refuse to tear down shacks which are merely "relics of the boom days," an official of the city said.

Cyclone Sweeps Over Mitchell County Leaving Trail of Dead and Dying

FIFTY DIE AT LORRAINE SAYS EARLY REPORT

Howard County Also Sustains Heavy Damage From Tornado.

By Associated Press.

BIG SPRING, Texas, May 14.—Fifty persons were killed and about 100 or more injured at Lorraine, about three miles from Colorado, county seat of Mitchell county, when a tornado swept over that community last night, according to an unconfirmed telephone report.

Immediately after this news was received early this morning, both telegraph and telephone wires failed and communication was cut off.

Extensive damage was also reported at a point about 40 miles east of Big Spring, with loss of life in addition to heavy damage to property, crops and livestock. This was in Howard county, which is said to have suffered almost as much as Mitchell county. Relief parties have gone by automobile to give aid to sufferers from the tornado.

A message from Colorado City said the number of dead and injured brought there was 60. The total number of dead is yet not known, but said to be between 25 and 50, a majority of them children. The number of injured will reach to 200.

The wind was accompanied by hail and heavy rain, and mud today has hindered the work of rescue parties.

China Unable to Release Prisoners Held by Bandits

By United Press

PEKING, China, May 14.—China today asked the powers for more time in which to secure release of foreigners held for ransom by Shantung bandits.

The brigands constantly are changing their demands, it is stated, and they now insist upon cash in hand and withdrawal of the government troops that surrounded them before the prisoners are freed.

Chinese Brigands Becoming Bolder, Raid Ship at Sea

By United Press.

SHANGHAI, China, May 14.—Bandits traveling as passengers attacked officers and crew of the Chinese steamship Aaishun, out of Hong Kong for Shanghai, getting about \$6,000 in loot. They are reported to have wounded several of the ship's officers severely.

The bandits left the ship in the neighborhood of Swatow. The attack was made Saturday, 24 hours after the ship had sailed.

QUANTITY OF PIPE HELD THOUGHT TO BE STOLEN

Five thousand feet of pipe line was identified as stolen goods in a Ranger junk yard this morning by Assistant Chief Leonard Davenport and Officer Jim Ingram. The pipe line was sold by the junk dealer, the officers said, to a driller.

The Ranger department had received previous word from Stephens county authorities to investigate locally and upon hearing of the local sale they made a trip to Iron Eye, northwest of Lacasa, where the pipe is said to have been stolen from a well being drilled.

Stephens county authorities were notified of the identification and the arrests will be made by them.

Between 25 and 50 Persons, Many Children, Reported Killed and More Than One Hundred Injured. Path of Destruction Extends Between Richardson and Lorraine. Rescue Parties Now at Work.

By United Press.

COLORADO, Texas, May 14.—Twenty-five persons at least are estimated to have been killed and more than 100 injured when a cyclone struck 12 miles south of here early today, according to W. H. Cooper, secretary of the local chamber of commerce, who is making a check of the casualties.

The Colorado sanitarium is filled with dying and injured as a result of the storm which swept in a northeasterly direction through Mitchell and Howard counties.

It will probably be several hours before an accurate check of casualties can be completed, Cooper said.

Dead and injured are being carried to several towns in this section.

ABILENE, May 14.—A farmer named Richburg and two of his children are reported to have been killed and a number of persons injured in a tornado that swept over Lorraine, east of Colorado City, last night. The storm is said to have been very destructive along a wide path about 25 miles in length, but it did not strike Colorado City.

T. C. Willis, Otis Willis and Joe Willis, all of one family, and eight members of the family of Henry Tidwell.

MONEY TO BUILD NEW CHURCH IS SOON PLEDGED

Central Baptist Congregation Raises \$3,000 to Rebuild House of Worship.

Sunday was one of the greatest days in the history of the Central Baptist church, according to Rev. A. L. Leake, who reports that the large seating capacity of the lower floor of the Liberty theatre was pretty well filled at the Sunday services.

In the morning there were 34 conversions and additions. At the evening service there were eight additions, making 42 in all. Since the beginning of the revival services which closed yesterday, there have been a total of 63 additions and conversions.

At the close of the Sunday morning service, Pastor Leake gave, all present, an opportunity to share in the expense of rebuilding the church, as many had expressed a desire to do so. As fast as two clerks could take the names the amount of \$3,000 was subscribed to be paid in 30 days. A lot location committee has been appointed which includes Dr. A. K. Wier, J. M. White, and W. W. Paxchal.

WOMAN IS HELD ON CHARGE OF POISONING

By United Press

NEWARK, N. J., May 14.—Official authority will be obtained today to exhume the bodies of Mr. and Mrs. John C. Creighton in the investigation of charges that they were poisoned by their daughter-in-law, Mrs. John C. Creighton, Jr.

The latter is locked up in the Essex county jail formally charged by grand jury indictment with having murdered her 18-year-old brother, Charles Raymond Avery, by giving him arsenic in small amounts.

RANGER POSTAL RECEIPTS SHOW MARKED INCREASE

Ranger postal receipts for April showed an increase over the corresponding month of last year. The receipts for last month were \$2,358.15 and for the same month in 1922, \$2,312.72, or an increase of \$45.33. The month preceding April also showed an increase in receipts over the corresponding month of last year.

Many of the dead are reported to be children, according to Cooper. The cyclone passed along a path one mile in width. It originated near Richardson, south of here, and extended to a point near Lorraine, three miles from here. Rescue parties have been sent from here and Lorraine into the stricken section, but these have not yet reported.

"Many of the farm homes in Mitchell county have been reduced to ruins and the property loss will run high," Cooper said. Thousands of dollars damage was done to crops.

Police Holding Motormeter They Believe Stolen

Ranger police are holding a Boyce standard motormeter for its owner to claim it. The motormeter was taken off of a Ranger young man who said he bought it for \$1.50, although automobile accessory shops in Ranger are now quoting this make and size for \$7.50. The arrested man said he had a buyer who was to pay \$2 for it. The police interfered with the sale.

The man was released after being held over night in jail to see if it will be identified.

AUTO LANDS IN DITCH; DRIVER AND OCCUPANTS DRINKING, POLICE SAY

Inebriety proved to be the downfall of two negro couples Sunday evening, according to the police. The two couples were riding in a car on the Bankhead highway near Ranger when the driver lost control of his steering gear. The auto landed in a ditch. Other motorists notified the Ranger police of the negroes' mishap, which gave the department the only opportunity presented on Sunday to assess fines. Two paid their fines and the remainder will have the fines collected from their wages this week.

School Board President Bars Press from Meeting

Ranger Independent school district board of trustees went into secret session at the meeting this afternoon. The meeting was called to consider the recommendations of the school superintendent and principals for teachers' positions in the Ranger schools next year.

V. V. Cooper, president of the board, barred a representative of the Daily Times from the room. He charged the Times representative with making an incorrect report of the meeting when H. S. Cole was confirmed as school tax collector and assessor, that the Times did not use all of the statement made by him and that he had been "misquoted in four places."

H. E. Clewell then made a motion that the session be a closed one. At that time it was not seconded.

All of the trustees were present. Mr. Cole, the new collector, was also in the room. E. O. McNew, superintendent of schools, was taking the minutes of the meeting.

DO GOOD TO ALL MEN.—Let us not be weary in well doing, for in due season we shall reap if we faint not.

COUNTY ATTORNEY SHOULD ASSUME BIG END OF LOAD.

County Attorney Barnes has entered on a campaign against motion pictures on Sunday without regard to local sentiment.

The county attorney picks out one little part of the Sunday closing law in Texas to enforce. He cares nothing about enforcement of any other part of that law.

The county attorney is willing that local police officials should enforce such parts of the Sunday closing law as he personally sees no necessity to enforce, but as for him he is going to devote all his time to prosecuting motion picture managers and motion picture house operators who keep open house on Sundays.

How would it please that county attorney to exchange the roles? The people of Ranger might be willing for him to prosecute all violations of the Sunday closing law except as pertains to moving pictures, they in return to prosecute the moving picture houses if they wish to do so.

This would be a distinct advantage to the county attorney, for he would have the opportunity of prosecuting 12 or more violations of the Sunday closing law to every one the local officials could prosecute. Of course, it would keep him busy, but he is not one who shirks work. On the contrary, he is a bundle of energy and likes nothing so much as work—not even a ball game on Sunday.

The county attorney has no right, really, to give local officers the bigger part of the law to enforce. He is for law enforcement, of course, and so are the people; he would use his discretion what part of the law should be enforced, and the people would claim the same option. Now if he will undertake the big end of this Sunday closing law proposition and let the local officers attend to the little end it would no doubt be fairer to all and would please all parties concerned far better than the arrangement he has made.

'PUSSYFOOT' SAYS WHEN WETS HOWL IT SHOWS THEY ARE HURT

William E. (Pussyfoot) Johnson Johnson will speak in the First Baptist church, Tuesday evening, May 15, at 8 p. m.

Mr. Johnson spoke in New York for a month and makes the following statement:

"Conditions as to enforcement of the dry laws in New York as elsewhere are rapidly improving. It is because conditions are improving so fast that the wets are setting up this terrific howl, making a noise like that of a pig caught under a gate. "During the past three years, I have been traveling back and forth across both oceans and every time I land in Yankee land I find the conditions dryer and dryer and the wets screaming louder and louder. This hue and cry that the alcoholics are raising is the best possible evidence of the progressive improvement in enforcing prohibition.

"Arrests for drunkenness are one-half what they were before prohibition; we have just elected our fifth consecutive dry congress; more than 200 pre-prohibition jag cures have been put out of business for want of patronage during the past three years; deaths from alcoholism have enormously decreased; the drink cases reported to the charity organizations of 21 of the largest cities have decreased 75 per cent; savings accounts in the banks have increased at a greater rate than any similar period in the nation's history. That is why the liquor men howl and that is why the dries are now gleefully licking their whiskers as a cat does after he swallowed the canary."

"Pussyfoot" expects to continue his speaking campaign in America, mostly in Texas, until June when he will hit the long trail again, South Africa campaigning being next on his list.

Why a Good Used Car Will Increase In Value

It is sound logic that conservative manufacturing schedule and the increasing demand for automobiles will shortly force values up on used cars.
A good used car is not the less a good car because of that word "used" and on a cost per mile basis is greater value than a new car. We can show you some thoroughly good used cars now at the present rock-bottom prices.

A TRIP TO RANGER.

By LYTTON REYMOND TAYLOR

One warm day I decided to go to Ranger. I left Fort Worth at 1 o'clock. I had driven long and fast, so I was very hot and tired. I stopped at a small place that was by the road and bought a dish of Banner Ice Cream. I bought another and another, they were so good. I paid the man and drove on to look at the buildings. All at once my car stopped on me. I got out and phoned the Mission Garage, which I had heard had the best mechanic in town. I later found out they had. I had

them tow me to their garage and told them to fix my car. Leaving the garage, I made a visit to Mr. J. L. Glenn, who fixed my shoes in a minute. They look as good as new. It didn't cost much either, for which I was glad. I went to the Lamb Theatre and saw a splendid show. You always get your money's worth at that theatre. After the show I went to the Gilbreath's Grocery Store. I had heard of this store so much. I got some potato chips, which were made in Ranger. They were crisp and good. Also bought the most delicious American Beauty Bread I ever ate. I went back to the Mission Garage

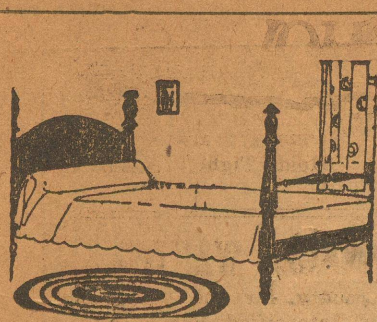

and got my car. I looked at it and thought how ugly it looked and decided to drive around to the Goad Motor company. Here I bought a Buick. How beautiful it looked! I decided to stay in this wonderful town. I sent for my wife right away. She came the next day. I bought some tools at the Clark Hardware Company and then went over to the Bordeaux Brothers Planing Mill and bought some lumber. They have the best lumber in the town. I got some men to come and help me build my house. After these men had completed my house, I had the Standard Plumbing Company fix the plumbing

for me. They certainly did it right, too. I had the house painted with Huber Brothers paint. It shined so bright that you could see your face in it when the sun hit it. I had the Ranger Transfer Company take my furniture, which I had purchased at Wright Furniture Store, out to my house. One evening when I came home from work, I looked at my wife. How pretty she looked! She had on some cut flowers, a new dress, and her face seemed somewhat changed. I asked her what had happened. She said she had had her old dress cleaned at the Ranger Dry Cleaning Plant

(and say, that dress certainly looked fine). She had gotten her flowers at Valliant's and had gone to the Vogue Beauty Shop. Though she was always beautiful, she never had looked so pretty in her life. I raved and raved about her (like all men do). She said I had better get some glasses at Mr. C. H. Dunlap's. I took her hint and am feeling better.

One evening we drove out for a ride. We were running low on oil so I decided to stop for a quart of it. We stopped at the No. 2 Victory Station; there we got a quart of oil.

THURBER BEATS RANGER BEFORE BIG HOME CROWD

Redus of Ranger Forced to Retire In Favor of Nugent; Score 7 to 2.

Special to the Times.

THURBER, May 14.—Thurber won its fourteenth straight game here yesterday afternoon, playing effectively and making hits when they would count, defeating the Chestnut & Smith club of Ranger by a score of 7 to 2.

Redus, who started the game for Ranger, was touched up for five hits in two innings and gave way to Nugent. The youthful Trent high school star pitched a fine article of ball, striking out 10 men and allowing but two hits. The game was sewed up when he entered the box.

Only in one inning did he prove himself ineffective and that was in the fifth when he passed two men in succession. With one man down, Paulowsky rapped one to mid-center field. Hall dropped the ball and two Thurber men scored.

Hudspeth pitched a steady game for the home club, striking out 11 men and holding the visitors to four hits.

The largest crowd of the season here saw the game, more than 800 persons paying admissions. The Ranger club officials estimated that nearly 400 persons were in attendance from Ranger.

First Inning.

Ranger—Stephens struck out. Currin made a perfect play on Hazzard's grounder. Dodgion safe on a hot liner through the pitcher's box. Adams forced Dodgion at second.

Thurber—Adams took Dalmasso's roller handily. Currin rapped out a three-bagger to left field. Currin later scored. White walked. Paulowsky fouled out. King scored.

Second Inning.

Ranger—Whitley struck out. Greble made a clean hit to right field and stole second on White. Hall and Boone fanned in succession.

Thurber—McKinnon rapped one of Redus' offerings for a two-bagger and advanced to third on a wild pitch. Hudspeth rolled one to Dodgion, scoring McKinnon. Dalmasso reached first on a clean infield hit. Knight walked. White popped out to Adams.

Knight stole second. Redus gave Adams a pass. Knight was given a close decision at home when Greble dropped the ball. Paulowsky got a base on balls. King fanned. Currin slammed one to right field and a bad peg by Hazzard let Currin take third, who was later brought in on Knight's liner to right field. White fled to Stephens. Adkins struck out.

Third Inning.

Ranger—Redus struck out. Stephens fled to Dodgion. Hazzard grounded out to Knight.

Thurber—Nugent replaced Redus and struck out Paulowsky, King and McKinnon in succession. Nugent's entry into the game caused the Ranger fans to send up a rousing cheer.

Fourth Inning.

Ranger—Dodgion struck out. Adams was thrown out at first. Whitley struck out.

Thurber—Hudspeth struck out. Dalmasso fled to Boone. Currin struck out.

Fifth Inning.

Ranger—Greble fled to Dalmasso. Hall walked. Boone fouled to White. Nugent was given an ovation when he advanced to the plate and returned the courtesy by driving a hot one through Hudspeth. Dalmasso's attempt to get Hall at third resulted in a wild throw. Hall coming in home, and Nugent advancing to second. Stephens' sacrifice along the first base line was picked up by Dalmasso, who tagged Stephens out.

Thurber—Nugent fanned Knight. The Ranger pitcher gave two bases on balls in succession to White and Adkins, his first free passes. Hall got under Paulowsky's center field drive but dropped the ball. White and Adkins raced in home while Hall was recovering the ball. Garber replaced Hall. King fled to Adams. Paulowsky scored on McKinnon's bingle. Hudspeth singled to right field. Hudspeth made second on Nugent's attempt to get McKinnon at third. Hazzard caught Dalmasso's flyer on a fast run.

Sixth Inning.

Ranger—Hazzard fouled to McKinnon. Hudspeth struck out Dodgion and Adams in succession.

Thurber—Nugent struck out Currin and Knight and caused White to foul out to Greble.

Seventh Inning.

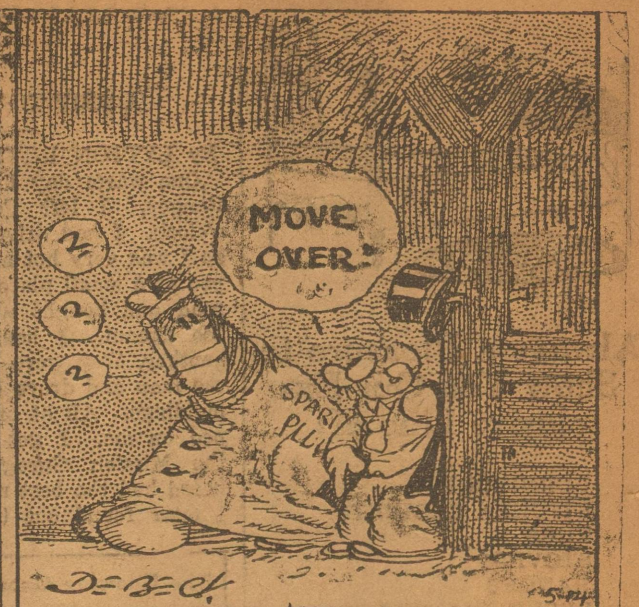

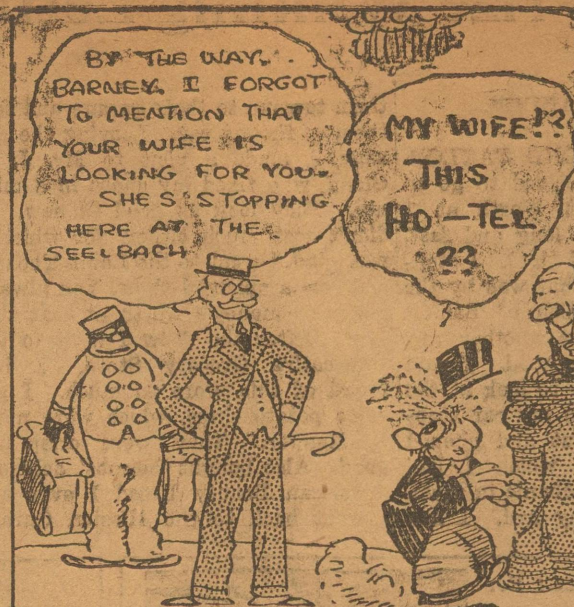

Ranger—Whitley struck out. Knight took Greble's grounder to Dalmasso. Garber fanned.

Thurber—Nugent struck out Adkins, Paulowsky and King in rapid succession.

Eighth Inning.

Ranger—Dalmasso put Boone out unassisted. Nugent out, Currin to Dalmasso. Stephens made a pretty sacrifice to McKinnon. Hudspeth threw wild to first to get Stephens and the latter went to second. Hazzard slammed one along the third base line, bringing Stephens home.

BARNEY GOOGLE—Barney Certainly Thinks a Lot of Sparky.

Dodgion bunted and was thrown out at first by White.

Thurber—Stephens picked up McKinnon's liner. Hudspeth walked. Dalmasso drove to center field, Garber dropping the ball. Dodgion fielder Currin's infield hit and made a double play, assisted by Boone.

Ninth Inning.

Ranger—Adkins made a pretty running catch of Adams' flyer, grabbing the ball out of the air with one hand. Snapp batting for Whitley pitched to McKinnon. Greble fled to Dalmasso.

How to throw off that tired, listless feeling

ed, proportioned scientifically and prepared for that great blood purifier—S. S. S. To serve beneficially from one generation to another successfully is a guarantee of its effectiveness. The way we live and eat, we can't step from winter into spring with-

out purifying the blood; unless we choose to suffer depression, feel tired out, and have pimples and boils. It is so easy to give nature a little help, and the best sure way is to start with S. S. S. Stronger and more useful nerves depend on blood-power. S. S. S. will give you that greater endurance, energy, strength, and a more youthful appearance.

Mr. J. M. Mar, Los Angeles, Calif., writes: "Overwork occasioned a complaint which consisted of a tired feeling and pains in the back, that finally exhausted all my strength. A friend advised me to take S. S. S. and after taking only several bottles I was entirely relieved."

Try it yourself. S. S. S. is sold at all good drug stores. The large size is more economical. Get a bottle today!

S. S. S. makes you feel like yourself again

Nugent's Pitching Attracts Attention of Expert Fans

"The best pitcher I have ever seen," said J. C. Smith, president of the Ranger West Texas league club of last year, this morning when he called at the Daily Times office to inquire for the name of the pitcher whose name is on the lips of all those who saw Nugent's pitching feat yesterday at Thurber.

He predicted that he would go up. "It was the best pitching for a youngster I have ever seen," he said. Mr. Smith follows, baseball as few Ranger fans do.

Chestnut & Smith officials are beginning to fear one of the leagues will take their star twirler away from them before the season is over.

G. M. Nugent has assured himself a permanent berth on the Chestnut & Smith club roster. His popularity with the Ranger fans was demonstrated yesterday at Thurber when he was announced by Umpire Naugle as pitching for Ranger. The 400 or more Ranger fans gave him a splendid ovation. His feat of striking out three of Thurber's heaviest hitters of the first three who faced him when he entered the box was rewarded with a roar of applause from the Ranger crowd.

Nugent has the honor today of striking out more Thurber players than any of the pitchers of visiting clubs, and Thurber has played some of the leading college, amateur and semi-pro clubs of North Central Texas. This was the bouquet handed Nugent after the game by Thurber players themselves.

Ranger club officials say he is improving in his work with each game.

His chief fault they say, is winding up with an opponent playing off of third base. He has never had the benefit of expert coaching and the experienced men on the club, including Snapp, Stephens, Adams and others plan to give him careful coaching. He listens to advice and shows a willingness to take it. He watches Jimmy Greble, his battery mate, with an eagle eye. He throws a beautiful underhand ball that seems to just float over the home plate.

Redus of San Antonio who started the game for Ranger yesterday was not in condition. He has not played much this season and before the game said he felt stiff. On his next trip out he expects to give a good account of himself.

ABILENE CHRISTIAN COLLEGE SWAMPED BY THURBER CLUB THURBER, May 14.—Thirteen has no jinx for Thurber as they defeated Abilene Christian college Saturday in their thirteenth game this season 8 to 1, not a ball being knocked to the Thurber outfield.

GALVESTON.—An allotment of \$670,000 from the federal government for the extension of the east end seawall, to increase the Galveston channel depth to a projected depth of 30 feet and width of 1200 feet, has just been announced by federal officials here. The fund also will go to maintain the harbor.

A TRIP TO RANGER.

(Continued from page three.)

The next morning I got some money out of the Peoples State Bank. In this bank they always treat you right. I took the money and bought some insurance on my house and car. I got my insurance from Mr. Marvin K. Collier.

My car wasn't acting right, so I looked all over it, and found my trouble was in the springs. I took the car around to the Boiler & Machine Company and told them to fix the springs. I came back at noon and all was ready prompt as could be.

That afternoon we had a terrible rain storm. Going home, I fell in the mud. When I got home I went to bed and sent my clothes to the Ranger Steam Laundry. My shoes looked such a sight I sent after a new pair at the Ranger Shoe Company. I

left with my wife and went to Fort Worth. This was the end of my visit.
