

COUNTY ROAD ELECTION CALLED

BUILDING PERMITS FOR WEEK TO PASS QUARTER MILLION

NEW YORK GIVES "DOCTOR" RICHARD E. BYRD HUGE WELCOME

"That's gold in these here prairies."

Pampa fact: The City of Pampa operates under a special charter adopted in a city-wide election November 8, 1927.

This city charter has several outstanding features which distinguish it from the general law under which it was formerly operated. The old form of government was of a mayor and two commissioners, with all other officers appointed by the city manager or commission, subject to challenge for sufficient cause at any time.

All elective officers are subject to recall, and there are initiative and referendum clauses in regard to changes of franchises and adoption or repeal of ordinances. The fee system in corporation court is abolished under the new charter.

The city's power to own, buy, build, or sell public utilities is greatly broadened. The city manager and board of city development are incorporated. Limitation is placed on the amounts that may be levied for taxes for specific purposes. Advantages of the general state law affecting cities are retained where the special charter does not apply.

Be it remembered that this charter, compiled after study of scores of similar instruments of the nation's most progressive cities, was written by the following special commission: T. D. Hobart, chairman, Lynni Boyd, A. A. Tleman, M. K. Brown, P. C. Ledrick, Chas. C. Cook, J. M. Dodson, T. H. Lane, Scott Barcus, J. E. Murfee, Jr., F. T. Mason, F. A. Cary.

Although July 4 is quite a way off the fire-cracker season is definitely too definitely with us. The specimens of Young America who spend a portion of their vacations in this West Foster vicinity seem to favor better and louder fire-crackers and more of them. The Pampa is very popular with some of the lads, but not with some of his neighbors. It seems that his plan of giving the lads money to buy more crackers, with the stipulation that the noise shall be transferred to other parts of the neighborhood, has been discovered.

The Pampa has been asked again for the official list of Democratic gubernatorial candidates. Here it is: Tom Love, Pink Parrish, Miriam A. Ferguson, Paul Leven, R. S. Sterling, C. C. Moody, James Young, Barry Miller, Earle B. Mayfield, Clint Small, C. E. Walker, Frank Putman, Davidson.

TWINKLES
Borger must be really closing down on booze joints. One closed last week under the county's threat of injunction as a public nuisance. The law can be enforced if the people and the officials wish.

An expert says it's not the drought that hurts much of our wheat—it's the worms and beetles. Maybe our climate is still the best in the land, after all.

Despite the fact that Lynch Davidson has twice been defeated for governor, he thinks there are a number of Texans who do not remember him, and who will get acquainted in the first primary. Lynch is a good fellow, but not the kind who gets into the governor's chair.

The Altman editor says that every up-to-date newspaper has a columnist, or a would-be or has-been columnist. Yea, verily, we blush. And then he proceeds to take some cracks at The Wasp of the Border Herald. Rivalry is born as a twin to the town, it appears. Another evidence of energy.

WALKER SAYS EXPLORER IS GREAT HUMAN

Degree Is Bestowed Upon Renowned Explorer

THOUSANDS SEE HERO'S RETURN

Ticker Tape Storm Is Seen on Lower Broadway

NEW YORK, June 19. (AP)—Aerial conqueror of both ends of the earth, Rear Admiral Richard E. Byrd set foot again today at 10:40 a. m. (EST) on the turf of lower Manhattan, from which he sailed twenty months ago on a pilgrimage of exploration into the white wastes of Antarctica.

Surrounded in sea and sky and on the land by a roaring welcome in which planes and harbor craft and cheering thousands joined, he debarked from the city welcoming tug Macom to receive from the city of New York the third and by far the most boisterous greetings it has tendered to him for his achievements of exploration by air.

Admiral Byrd had boarded the Macom half an hour before from his barque, the City of New York, at Quarantine. The first person he greeted was his mother, whom he held in a warm embrace for a moment, then turned to other relatives and friends.

Greets Whole City
"It's good to get back again," he said smiling, as he greeted the city from the radio telephone aboard the Macom. "It's good to have this reception."

Then, turning to the reporters he spoke of the serious business which took him to the Antarctic and of what his expedition had accomplished there.

First, he said, they had discovered and explored 125,000 square miles of land, existence of which had only been surmised before. They found rock formations indicating great coal deposits, of commercial significance. They photographed miles on miles of ice covered terrain and they definitely established the need in Antarctica of a permanent weather station.

The thing for which he was most thankful, he said, was that he had

Youth Charged in Bank Theft

DALLAS, June 19. (AP)—Charges of embezzling \$17,023.37 from the Republic National bank of Dallas were pending here today against Ward Dillard, 18, awaiting his return from Houston, where he was arrested yesterday.

President Fred F. Florence of the bank said Dillard had been employed in the transit department of the bank about two months but left about ten days ago. Florence said the money was not taken in cash but was handled through an account and withdrawn after Dillard left.

"NO SMOKING" IN ZION CITY WILL BE GIVEN TEST

ZION CITY, Ill., June 19. (AP)—The "no smoking" campaign has been revived in Zion City with the arrest of Francis Hurst, 19 years old. An attorney obtained Hurst's release under bond and announced he would carry the case to the supreme court to determine once and for all what are a smoker's rights if any in Zion.

The administration of overseer Wilbur Glenn Voliva has consistently frowned upon the public use of tobacco.

Affection for Family Car Is Constant, Indeed

WICHITA, Kan., June 19. (AP)—Edward Peterson had a wife, but lacking the pumpkin shell highly recommended for such purposes, couldn't keep her very well.

However, she was back home today, and forgiven, her husband said, for her third unsuccessful effort to quit the farm where Peterson raises wheat instead of eating pumpkins.

An aesthetic ear was blamed by Mrs. Peterson for her most recent elopement. The daily discord arising from the simultaneous squeaking of a windmill and the squeal of a hog, she said, is just too much for one of finer sensibilities.

Thus goaded, she eloped with Robert Jorgenson, 18.

Regardless of Mrs. Peterson's frequently changing attitude toward her husband, her affection for the family automobile remains constant, and she took it with her. She was arrested at El Paso for car theft.

Indicating that an ear can be aesthetic and at the same time practical, Mrs. Peterson decided to have another tiff with the windmill symphony, when her husband said:

"Home with me, or to jail with Jorgenson."

CANADIAN MEN WILL BE HERE FOR HALF HOUR

Pampa will be host for half an hour tomorrow to a delegation of fifty Canadian business men who will come here on their tour of Panhandle cities.

C. Herbert Walker will welcome the visitors after they parade and halt on the courthouse grounds for a short band concert. A delegation from the Board of City Development will meet the caravan a few miles from here and escort them to the city.

The Canadian good will trippers are scheduled to be here from 3:30 to 4 o'clock tomorrow. Other towns to be visited on their trip will be Mobetle, Wheeler, Shamrock, McLean, LeFors, Pampa, and Miami.

The eighth Anvil Park rodeo at Canadian July 4 and 5 will be advertised by the boosters.

Refrigerators to Be Shown Tonight by Pampa Store

The Malone Furniture Co. local dealers for General Electric refrigerators, will hold open house tonight showing all the models of the refrigerators. Everyone is invited to attend and see the display.

Two commercial refrigerators will also be shown. They are hauled on a specially built truck owned by the E. O. Cone Co., distributors with headquarters at El Paso.

The display is being shown under the supervision of J. E. Vaughn and E. R. Morgan of the El Paso office.

Gulf Plans Refinery

PITTSBURGH, June 19. (AP)—The Sun-Telegraph says the Union Gulf Corporation, newly formed subsidiary of the Gulf Oil corporation, has purchased 120 acres on Neville Island, in the Ohio river here, and plans to start construction of one of the largest refineries in the country within ten days. The refinery will be the eastern terminal of a pipeline from Eastern Oklahoma to Pittsburgh.

Town Is Quarantined

EL DORADO, Ark., June 19. (AP)—The district surrounding and including the town of Calion, with a population of approximately 1,000 was ordered quarantined last night by Union county health authorities as a preventative measure against an outbreak of smallpox there.

SCHOOLS TO RAISE TOTAL BY BIG SUM

Hospital Figure of \$66,000 Is Added This Week

LARGE HOMES ARE STARTED

Work on City Hall Is Progressing Well

Almost positive evidence that building permits this week will total over \$250,000 was available this morning when F. E. Townsend, city building inspector, announced that during the first three days of this week, he issued permits in the amount of \$188,000.

Two permits yet to be obtained which would raise the total to a quarter-million dollars will aggregate a sum ranging from \$65,000 to \$70,000, or perhaps more. A permit has not yet been issued to construct the ward school at the end of North Frost street. Amount of the contracts is \$54,000. C. T. Hunkapillar is building an expensive residence in the Cook-Adams addition for which a permit has not been issued. It is believed that both permits will raise the total for the week to well over \$250,000. Both edifices are now under construction. Mr. Townsend believes he will be able to secure permits for both buildings by Saturday.

A permit was issued Monday to construct the J. C. McKean hospital at the corner of Francis avenue and Somerville street. Total amount of the permit was \$66,000. Work on the building was begun three weeks ago, and brick work on the first floor has been completed. Steel for the second and third floors is now being erected. The hospital will have three floors and a basement. H. L. Case is contractor.

Construction on all the additions to the various ward schools and to Central high school was started last week. Shell and Son was issued a permit in the amount of \$51,000 to build additions to Baker, East and west ward schools. Amount of the Central addition was \$70,000.

Work on each addition is rapidly progressing. Concrete for the foundations of Central addition has been laid, and brick-work will be begun in a few days.

Besides the schools and the hospital, there are now being built in Pampa numerous fine residences, also the city hall at a cost of \$104,000, and the fire station at a cost of \$30,000.

The basement, first floor, steel work, windows in the first floor and entrances to the city hall have already been completed. The foundation and the steel-work for the fire station have been completed.

While his automobile was burning in a wheat field a few yards away from him, Robert J. Pearson was rescued in an unconscious condition from possible death by a passing truck driver about six miles west of White Deer on Highway No. 33 this morning about 4 o'clock. The car was almost totally destroyed by flames and the ripe, dry wheat was blazing a few inches from the prostrate, unconscious man when the rescuer saw the fire.

Pearson was still in a semi-conscious condition at his home in Pampa this morning, but Dr. A. Cole, who attended him, said that his condition was serious but not critical. He suffered severe bruises on his head, and his face, limbs, and body are badly lacerated. His elbow may have been fractured, but preliminary examination revealed no broken bones. It is believed that a severe blow on the head rendered him unconscious.

Mr. Pearson said this morning during a lapse of consciousness a wheel came off his machine as he was driving on the highway and the vehicle careened across the bar pit, through a fence and into the wheat field. It was totally destroyed by the flames. The car overturned several times and it was believed that gasoline either in the tank or in the line exploded, setting fire to the machine.

Davidson Is "Out"

Byrd Back From Bottom of World

Rear Admiral Richard E. Byrd and his comrades slipped into New York harbor at dawn today and found a triumphant welcome awaiting them on their return from a twenty-month voyage of exploration at the bottom of the world.

EMPLOYMENT OF PLANNING FIRM IS RECOMMENDED TO COMMISSION—WICHITA FALLS ENGINEER FAVORED

The city planning commission was near the end of its delegated task today after having last night at a meeting in the office of Chas. C. Cook, chairman, recommended to the city commission the employment of a planning engineer.

The firm of Montgomery and Ward of Wichita Falls was favored to do the city planning. Julian Montgomery recently made trips here to discuss details with members of the city planning and park boards. His firm has planned many Texas cities and recently completed an exhaustive survey for Brown-

Pampa Man Is Rescued by Passing Truck Driver When His Automobile Overturns and Burns in Wheat Field

While his automobile was burning in a wheat field a few yards away from him, Robert J. Pearson was rescued in an unconscious condition from possible death by a passing truck driver about six miles west of White Deer on Highway No. 33 this morning about 4 o'clock. The car was almost totally destroyed by flames and the ripe, dry wheat was blazing a few inches from the prostrate, unconscious man when the rescuer saw the fire.

HOUSTON, June 19. (AP)—Lynch Davidson, Houston lumberman, today announced that he was withdrawing as a candidate for the Democratic gubernatorial nomination.

Mr. Davidson never formally announced his candidacy but friends "drafted" him, placing his name on the ticket. At the Austin meeting of the state Democratic executive committee he did not ask to be left off the slate and according to what was certified as a candidate.

Mr. Davidson's statement announcing that he would not run, called upon the people to vote for better government "and no more taxes."

"I wish I deemed it wise," said the former lieutenant governor's statement, "to accept the 'draft' of my friends and others who paid their own \$100 to place my name on the ticket."

"I did not withdraw my name from the ticket at the state executive committee meeting, believing it was better to view the situation further before making a definite decision. In my judgment, most of the many who are now contesting for the governor's office are professional politicians, seeking the office solely for selfish reasons. The election of Love, Mayfield, or Ferguson would be a great drawback to the interest and welfare of Texas. If my remaining on the ticket would assure their defeat, I should not hesitate to do so for a single moment. On the other hand, it is possible my remaining on the ticket might further scatter the votes and serve to bring about their election. For the good of Texas and for that reason only I have decided to withdraw my name from the ticket, believing Texas may probably thus be best served."

Coltco's New Gasoline Plant Now in Operation

Coltco's recently completed casinghead gasoline plant, located four and one-half miles east of LeFors, was put into operation this morning. The new plant, known as Coltco gasoline plant No. 4, has a daily capacity of 16,000 gallons. First gasoline is being distilled at the plant today.

Coltco has two other gasoline plants at LeFors, each having a capacity of 50,000 gallons daily. The new plant has been under construction for the last two months.

W. E. Rearden, general superintendent of the Coltco, and his brother H. H. Rearden, also an official of the company, both of Monroe, La., are here today in connection with the opening of the plant.

H. H. Rearden expressed confidence that the present depression in the carbon black industry will recover as soon as inactivity in all kinds of industries passes. He expects business in petroleum products industries to recover in the next year. The present output of motor vehicle tires is small compared to last year, and this is the basic reason why there is not much market for carbon black now, although, he declared, there are too many carbon black plants in the country. He believes there will be no more plants built during the next year and a half.

The Coltco is now building a unit to its Carbon plant at LeFors, and this will be completed in July, Mr. Rearden said.

Gasoline made at the Coltco plants is piped to Hoover where it is shipped on the Santa Fe at the rate of from 12 to 15 cents per day. The Coltco gasoline and carbon plants are the Western Carbon company are subsidiaries of the Columbia Carbon company, New York.

A modern Garden of Eden has been laid out on Avery Island, near Iberia, La., by A. E. McIlhenny. Rare flowers were imported from all parts of the earth.

AUGUST 2 IS SET FOR VOTE ON BIG ISSUE

Action Is Mandatory After Petition Presented

LITTLE FAVOR FOR PROJECT

Movement Believed to Be Protest Plan

August 2 was set by the county commissioners this morning as the date for a county-wide election to determine whether \$3,500,000 in bonds shall be issued to pave and improve roads in Gray county. Petition for the election was presented 10 days ago by citizens of McLean. About 350 signatures were attached. Calling of the election was mandatory.

Commissioners predicted this morning that the issue would be defeated. Commissioner John R. White of Precinct No. 1 said that tax-payers in his district was almost unanimously opposed to the issue. Commissioner M. M. Newman of McLean said it was his belief that many who signed the petition for the election would vote against it.

Errors in the description of various roads of the county which occurred in the petition were corrected by the order for the election. Although the petition containing these slight discrepancies was signed by the citizens, the commissioners were unanimous in declaring that these should be overlooked since it was plain that the people wanted the election to be held.

Should the bond issue carry, \$629,000 in bonds would be issued as compensation bonds to pay off outstanding road bond indebtedness in precincts No. 1 and 4; \$249,000 to take up bonds in precinct No. 4 and \$380,000 to pay for bonds previously issued in precinct No. 2. This is required by law.

The order for the election states that the bond will not exceed one-fourth of the assessed valuation of Gray county. Roads to be paved or improved follow: No. 33, 15 miles; old 33 highway, 7 miles; 33-A, 17 miles; No. 41, Oil field highway, 7 miles; No. 88, 24 miles; No. 75, 29 miles; the road from Pampa to McLean; a strip of three miles from the McLean road to the Red River bridge; a road from a point on the LeFors-McLean highway at section 50 to Alamed.

Only property tax-payers may vote in the election. Polling places are as follows: LeFors, Alamed, Pampa, McLean, Knorr, Farrington, Hopkins, Kingsmill, Laketon. A hearing relative to the calling of a different election to determine whether \$2,000,000 in bonds shall be issued to pave roads in road district No. 3, comprising precincts No. 1, 2, and 3, will be held July 7.

Should the county-wide issue carry on August 2, proceedings to hold the election in road district No. 3, would automatically stop, but defeat of the bigger issue will not hinder holding of the three-precinct election.

THE WEATHER

WEST TEXAS: Generally fair tonight and Friday except unsettled with local thundershowers in the Panhandle and extreme west portion.

—AND A SMILE
HANFORD, Calif.—Sparked after her motor car collided with a man's, Mrs. Nerle Fitting has caused the arrest of John Sorder. Whether exasperation at her driving was expressed in justifiable manner is to be decided in court.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing, or reputation of any individual, firm, concern or corporation that may appear in the columns of the Pampa Daily News will be gladly corrected when called to the attention of the editor. It is not the intention of this newspaper to injure any individual, firm or corporation, and corrections will be made, when warranted, as prominently as was the wrongfully published reference or article.

HOOVER, ANOTHER SILENT PRESIDENT

One of the most interesting and politically significant discussions of this time is that pertaining to the statesmanship of Herbert Hoover.

The president, almost a mythical figure at one time, is even more silent in the White House than Calvin Coolidge, without the latter's saving feature—New England humor. This is in direct contrast to the ideal America had set up for her super-man.

The president, a Quaker, has had few visitations of the spirit that moves. He has been a keen disappointment to the politicians who expected him to use his influence at crucial times to push through legislation. This he has consistently declined to do, and his actions have been behind the scenes.

It is true, naturally, that he can point to important movements started during his administration. We might mention the Farm Board, Flood Control, Crime Commission, and the London Treaty. If all ends well and Hoover emerges from his political shell in the next two years, he may yet measure up to the stature expected of him.

The fact is now, however, that Hoover is a bitter disappointment to his party. He has worked hard and late, but not even Congress has known much about what he was thinking and planning. The much touted ability in economics has not been translated into very definite legislation or executive orders. Admittedly no politician, it remains to be seen whether economics can be used in government without power in the legislative halls.

Lately, notably in the Parker nomination case and the Spanish-American war pension dispute, the president has been sharply rebuffed. In the pension instance, the country probably feels that he is right, as the press did. But the defeat did not help the presidential status, right or wrong.

Genius is often colorless; Hoover has always been rather colorless and hailed as a genius in organization. But you cannot organize politicians who have their own interests, promises, prejudices, and obligations. Personality and leadership have almost always been combined with ability in great presidents. And no president ever had better ideas and used less energy in pushing them to fruition through his personality.

Hoover will either do an about turn in the next two years or he will go down in history as one of the most overrated presidents the nation has had—an engineer, an organizer, but a novice in statesmanship as practiced in the White House.

INDEPENDENT OF NATURE

One of the interesting things about the process of industrialism is the way in which men are constantly making themselves freer of natural handicaps.

An interesting example is found in the way in which private industry has taken a tip from the Navy Department and devised a form of electric power supply that is not dependent on such natural forces as a steady supply of running water.

Some months ago a severe drought hit the state of Washington and reduced the supply of hydro-electric power available for the city of Tacoma. By special arrangement with the navy, the giant aircraft carrier Lexington was run in to a Tacoma dock and her turbines were used to supplement the energy of the city power plant.

This stunt worked so well that private industry has found it worth copying.

According to The Industrial Bulletin, issued by Arthur D. Little, Inc., the New England Public Service Co., which supplies power to seaboard cities in Maine and New Hampshire, has found this use of the Lexington instructive. A 7000-ton cargo ship, the Jacona, has been bought and transformed into a floating power plant of 20,000 kilowatts capacity by the installation of new oil-fired boilers, two huge generators and other equipment.

The Jacona is kept available for service anywhere along the coast. Whenever an electric power famine is threatened in any coast city, whether by reason of drought or for any other cause, the Jacona is rushed to the spot. It ties up at a dock, just as the Lexington did, and cuts in on the city's high tension system, pumping out electric power until the emergency is past.

Thus a flexible power supply is assured, and the danger of a shortage is overcome. The interesting thing about it all is that it is simply one more way of making men independent of natural forces. Streams may run low, or storms may cripple power lines; nevertheless, in spite of nature's mischief, this particular territory will be able to get its regular supply of electricity, quite as though nothing had happened.—NEA.

Small's Strength in East Texas Is Called Surprising

AMARILLO, June 19. (Special)—East Texas interest in Senator Clint C. Small of Wellington as candidate for governor has exceeded expectations of West Texas supporters of the senator, according to Grover Hill of Amarillo, who returned here recently from Dallas. This attention given the candidate who is the only man representing all of West Texas in the gubernatorial race reflects an encouraging movement on the part of voters who are looking for new stock to put into the chief executive's chair at Austin, Mr. Hill said.

"It was unusually gratifying to me to learn of the interest and generosity that is being shown in behalf of our candidate by Otto Schubert, general manager of the Adolphus hotel in Dallas. Mr. Schubert has turned over to Senator Small for his Dallas headquarters a large office section in the junior lobby of the Adolphus and in addition has given him a suite of rooms for his use whenever he visits that city. Mr. Schubert has refused to be compensated for these splendid quarters and his generosity, I believe, reflects the same fine spirit that is motivating East Texans who have expressed an interest in Senator Small's candidacy."

Killer Commits Suicide Today in Jail at Newkirk

PONCA CITY, Okla., June 19. (AP)—Fred O. Mercer, 40, former Ponca City real estate operator, committed suicide early today in the Kay county jail at Newkirk, where he was held for the fatal shooting yesterday of Earl Broadway, at the home of Mercer's divorced wife here.

Mercer slashed his wrists with a razor blade. He was found dying at 3 a. m. when his moans awoke other prisoners. The man was taken into custody early yesterday after Broadway had been slain at the home of Mrs. Georgia Mercer, the ex-real estate operator's divorced wife. Mercer had forced an entrance, officers said, and had shot Broadway through a door. The Mercers had three children. Broadway also was married and had two children.

Athens Man Acquitted
ATHENS, June 19. (AP)—G. A.

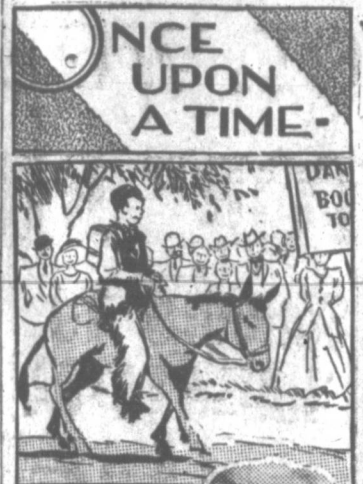

Mr. Hill reported further that unusually attentive crowds have been turning out to hear the candidate make his campaign speeches. In every city in North and East Texas, Mr. Hill said, a decidedly favorable impression was left by Senator Small.

"It is interesting to note that the audiences which were attracted to the meetings were above the average of the usual campaign crowds," he said. "Expressions heard on every hand spoke the thoughts of these people who are trying to find some capable, efficient man who cannot be classed with the professional politician and perennial office seeker. If East Texas shows such an interest in Senator Small it looks mighty well for his election when the West Texas vote comes in."

The homicide occurred at a road camp near Athens last August 10.

George Mays, building contractor, made a trip to Amarillo yesterday. Miss Lois Gordon and Miss Naida Hockert of Miami, were visitors here Wednesday.

Mrs. John Shannon, employee of the Pampa National bank, has returned from a vacation trip to Fort Worth.

George Cohan, playwright, traveled with a road show, when a boy of eight, playing a fiddle in the orchestra, riding a donkey in the "Daniel Boone" parade and selling song books in hotel lobbies.

SPUDDERS TO FACE TASK OF STARTING ALL OVER AGAIN

NEW SEASON EXPECTED TO BEGIN FRIDAY

BY GAYLE TALBOT, JR.
Associated Press Sports Writer

Today promised to be emancipation day for seven clubs of the Texas league, releasing them from the Wichita Falls yoke and sending new hope surging through their more or less manly breasts, but it held nothing for the Spudders except the prospect of a lot of hard work to do all over again.

For, unless all signs fail, the telegraph wires will click during the day and by midnight, the agreed deadline, things will be all set for a new start next Wednesday. There was a possibility that the result of the ballot would not be announced for a few days, until the return of President Alvin Gardner from Milwaukee but no one seemed to doubt that there would be a split.

The Spudders, safely in front with an eight game lead, apparently let down just a little yesterday and took one of their infrequent licks from the Waco Cubs, 11 to 8. One big inning, the seventh, in which the Prattmen drove three Spud choppers to the club house and scored ten runs, did the work. Sixteen Waco batters took part in the blowout, which included a homer by Joe Mungh with the Jacks teaming. Although succeeded by Thurman in the eighth, Paulio Wachtel received credit for the victory.

Looking better as they prepare to make a real fight of it in the second half, if any, the Buffs scored their second straight shut-out over Fort Worth, 8 to 0. Joe Brown held the Cats to seven blows, giving them a total of ten in two days, while Hank Hardaway was banged hard all the way. Eddie Brown, late of the Dallas Steers, featured the Bison attack with four singles that drove in six runs. Hock had a double and four singles.

A seven-run spurge in the seventh enabled the San Antonio Indians to come from behind and square their series with Shreveport, 9 to 7. Three Sporters played a big part in the Tribe's scoring. Ernie Holman did yeoman service for the losers, driving in five runs with two circuit blows off Hargrove. Earl Koss had a six day at third for the Indians, handling nine chances perfectly, including eight assists.

The Dallas Steers put over a fast one to nose out Beaumont, 7 to 6. Michaels stealing home with the deciding run in the ninth. The steal was successful, however, only because catcher Wise of the Exporters dropped a perfect peg to the plate. Phil Hensick went eight innings for the Steers and gave up only seven hits. He went out for a pinchhitter in the ninth and Grimm finished. Gene Moore rapped a homer for Dallas, and Holley and Shiver for the Exporters.

Uzudun and Risko to Battle This Evening

DETROIT, June 19. (P)—Paulino Uzudun and Johnny Risko today awaited the gong which will send them to the center of the ring tonight in a ten-round match which is expected to have an important bearing on the selection of an opponent for Max Schmeling next fall or winter.

Both men were reported in the best of condition. The official weighing-in this afternoon is expected to reveal a difference of two or three pounds, both weighing slightly over 190. Uzudun tops the Cleveland baker boy by half an inch in height and out-reaches him by the same margin. They are the most evenly matched fighters in the heavyweight division, so far as measurements are concerned.

It will be their second meeting. In the first match, Risko was awarded a decision which is still protested by the Basque woodchopper and his adherents.

Magnolia Will Play Amarilloans

The Magnolia Petroleum baseball club will play a game Sunday afternoon at 3 o'clock with the American Smelting and Refining company's Smelters at Magnolia park. The Smelters recently won a victory over the Amarillo Cats and may believe their team is just as good as the Tacks who beat the Magnolias 3 to 0 last Sunday on a muddy diamond. The Smelters are scheduled to play in the forthcoming tournament.

O. A. Schumaker is a business visitor in Dumas today.

Many Fans Backing Farley to Win Welterweight Title Friday Night

Disputed Game Still Argued as Phillips Replies

There was ominous indignation at the Phillips camp, gasoline plants, loading rack and even at the drilling wells last night when enthusiastic boosters of the "66" baseball club read the statement made by a Gulf Gun that the Phillips team walked off the diamond first after a baseball game played Monday afternoon.

"We never walked off that diamond first," a "66" batman said this morning. "Here's the way that happened. The Gulf manager, Terrell, agreed to call off the game without asking his men. It was raining and was dark besides. Not a Phillips man left until we saw the Gulf pitcher and catcher run for cover, then we left because we knew they couldn't continue the game without them."

Both teams are claiming the victory for Monday afternoon's game, and the managers of the two clubs are trying to pacify the employees of the two companies until Sunday when the Guns and the "66" nine meet to see which has the best team. Both are confident of victory. Meanwhile, the managers are trying to persuade their men to keep out of the way of members of the opposing team. Some of the drillers and pumpers want to settle the argument in places other than the diamond.

Manager Mooney of the Phillips issued a statement this morning that the debating over the outcome of last Monday's game was done by the Guns. "We agreed to play only a seven-inning game and never for a moment thought that they'd want to count anything that happened after the seventh frame. We thought they just wanted practice in batting. We were certainly a surprised bunch when they began saying they won the game. Why two of our fielders left after the seventh. No Phillips team has ever walked off a field first yet! You can tell them that!"

No one ever bets on a wrestling match but there's many a fan in the Panhandle who believes that Cal Farley will leave the Butler field mat at Amarillo tomorrow night wearing the welterweight championship belt. Cal is to the Panhandle what Jack Dempsey was and perhaps still is, to the nation. He has wrestled here often and his style is generally approved. The biggest crowd that ever saw a match in West Texas will be watching Cal tomorrow night, ticket sales indicate.

The other big reason why many Pampans will see the preliminary match is that Otis Clingman, popular wrestler of Pampa, and Joe Kopecky will endeavor to settle the question of supremacy which was raised when Joe was given an unpopular decision over Clingman several months ago. This match alone would draw the local fans as many believe that Clingman can throw the cotton-picker. The matches start at 8:30 o'clock. Seats are on sale at Cal Farley's tire shop here.

Fights Last Night

By the Associated Press
New York: Pete Latzo, Scranton, Pa., won on foul over Larry Johnson, Chicago, 6. Harry Smith, New York, outpointed Yale Okun, New York, 10.

Bayonne, N. J.: Panama Al Brown, New York, stopped Benny Brostoff, New York, 2.

STRIBLING IS VERY SULLEN ABOUT MATCH

CHICAGO, June 19. (P)—The off again on again heavyweight match between Otto Von Porat and W. L. "Young" Stribling, now scheduled for the Chicago stadium tomorrow night, had the fight fans, state boxing commission, and even the promoters guessing today.

Stadium officials were determined the ten-round battle would be held on schedule, but the fight fans were skeptical, claiming neither fighter wanted to meet the other and fearing a last minute "run out."

Originally, the match was billed for June 17 by verbal agreement with the fighters. Von Porat and his manager, Ed Stevenson, later declined to sign, however, until the commissioner suspended them for 60 days and redated the match for June 18. Tuesday, Stribling requested the match be postponed, complaining he had injured his left hand in training. The commission's physician said he could detect nothing radically wrong with the hand but the fight again was postponed until Friday night.

Yesterday Stribling refused to do any boxing, complaining his hand was sprained. Stadium officials, however, said they were convinced he was in condition to go through with his engagement.

Sidney Strotz, head of the Chicago Stadium corporation, admitted he was puzzled by events.

"The physicians have proved Stribling's hand is not injured," Strotz said. "I do not know why Stribling, with his record, should

Schmeling Now Recognized Champ

NEW YORK, June 19. (P)—The New York state athletic commission today recognized Max Schmeling as heavyweight champion of the world by virtue of his victory over Jack Sharkey on a foul in their bout here last week.

Over the protest of William Muldoon, veteran member of the commission, a motion proposed by Commissioner James A. Farley was adopted resolving "that Schmeling be hereby recognized as heavyweight champion of the world, inasmuch as the match was made with that understanding."

Commissioner John J. Phelan, third member of the body, sided with Farley to make possible the passage of the motion.

be afraid of Von Porat unless thoughts of the \$700,000, which Schmeling and Sharkey, rival heavyweights, drew in New York, induced a desire to pass up his 25 per cent tomorrow night in hope of a bigger chance."

Meanwhile, Von Porat is doing some chuckling and training hard for the fight.

Jones Goes Into Lead at Hoylake

HOYLAK, Eng., June 19. (P)—Bobby Jones scored a par 72 in his second round of the British open golf championship and led the field with a two day score of 142.

Leo Diegel played his second round in 73 strokes and joined Archie Compston and Mac Smith with a total of 147.

Jones, after a shaky start came home brilliantly, covering the last nine holes in 35 strokes.

He displaced Horton Smith from the leadership when he posted his score, the tall Missouri pro having scored 145 in two days to lead the field in mid-afternoon.

MacDonald Smith and Leo Diegel, with scores of 147 and Jim Barnes, who had 148, were close to the leaders, as was Archie Compston, big British pro, with 147.

Shires to Resume Vocal Activity

WASHINGTON, June 19. (P)—Now that Arthur "The Great" Shires

is a Senator, he plans to resume his vocal technique and hike his batting average.

"When the White Sox gagged the Great Shires, they crushed his spirit and destroyed his superb power as

a ball player," he explained to his new mates. "Vocal technique and batting go hand in hand for me and I'm going to resume 'em both."

CONOCO

Celebrates its Conquest in America's Greatest Motor Classic!

GERM-PROCESSED is the First Stock Motor Oil to "place" in INDIANAPOLIS Speedway Races! . . . Now PENETRATIVE LUBRICITY Proves it's Worth in the Terrific Punishment of Racing Motors

Dave Evans, driving a one hundred twenty-two cubic inch front drive Miller Special, placed sixth out of thirty-eight starters. Evans added less than one-half the amount of oil usually consumed in the average racing motor, in five hours, twenty-four minutes, fifty-four seconds of driving, at an average speed of 92.57 miles per hour.

More than one hundred and seventy thousand cheering, excited people, Friday, May 30, saw CONOCO do something that no other stock oil has ever done before! . . . saw CONOCO'S claims for the sensational new Germ-Processed oil verified beyond the shadow of a doubt. . . saw the supreme test applied to America's newest oil . . . saw Germ-Processed oil "place" among the leaders of the Indian-

apolis Race. . . saw CONOCO victorious in the domestic oil market of the Nation!

It was only good strategy for CONOCO to again bring the superiority of Germ-Processed oil to your attention in this sensational way. At a time when motorists in every section of the country have been lending willing ears to the story of the Germ-Process . . . learning that this is the first fundamental improvement in oils since 1901 . . . reading the sensational disclosures of motor oil merit following the recent Pike's Peak Tests . . . CONOCO, by this masterful stroke, crystallizes the already wide-spread conviction, that Germ-Processed Motor Oil is the safest oil for every-day driving in twenty-seven million cars.

For the Germ-Processed oil used in this race was the same

The Contest Board of the AAA took all the necessary steps to make sure that the oil used was the regular CONOCO Germ-Processed Motor Oil.

stock oil that you can buy at any service station bearing the CONOCO Red Triangle! You never were told that about any other oil, were you? Remember, Germ-Processed is the first stock oil that ever "placed" in this race. Now CONOCO has proven its claims, confirmed its challenge and justified this request of you:

"If you value the life of your motor, if you would reduce your operating costs, if you want better lubrication than any other oil can give you, go to the Sign of the Red Triangle and ask for . . .

The Husband Hunter

© 1930 BY NEA SERVICE INC. BY RUTH DEWEY GROVES

BEGIN HERE TODAY

Natalie Converse, jealous of her husband, quarrels over Bernadine Lamont. Alan seeks sympathy from his secretary, Phillipa West, who successfully schemes to arouse Natalie's suspicions, and she leaves Alan. Wounded pride prevents either from seeking a reconciliation, and Alan turns to Phillipa, who plays her part so cleverly that they soon become engaged.

Natalie writes Alan, informing him of her return. Phillipa, fearful of losing Alan, leaves home and takes an apartment, and he agrees to pay for the furnishings.

Alan's meeting with Natalie, who brings her young sister, Florence, with her, leaves Alan hopeful, but baffled as to her intentions. Torn by his knowledge of his love for Natalie, and his entanglement with Phillipa, Alan's silence causes Natalie to believe that he does not love her. He goes to Phillipa and asks her to release him. Phillipa refuses, and makes an appeal to his pity and chivalry.

Florence, believing that Alan really loves Natalie, engages the help of her friend, Andrew, to fake an illness in order to keep Natalie in New York.

Desperate and helpless, Natalie turns to Alan for help, and he goes home, after a scene with Phillipa. NOW GO ON WITH THE STORY.

CHAPTER XXXIII

An outward peace fell over the Converse household, but it was like spring following winter. It held a hint of storm.

It was so much easier for Natalie and Alan not to talk about their trouble, that they let it go, unsettled, to lie dormant and dangerous between them. Both felt the prick of slightly guilty conscience; both were glad to keep silent.

Alan was looking forward to the promise of a new happiness with Natalie, when time should have adjusted his entanglement with Phillipa. He knew nothing else to depend upon but time, though he realized he turned to it somewhat blindly.

Phillipa's attitude seemed unchangeable. She gave Alan to understand in decently veiled, but unmistakable terms, that she considered him in honor bound to her. The idea might not have weighed so heavily with Alan—against the sure knowledge that Natalie was the woman he loved—had she not also added the burden of sacrifice to the rest of it.

Alan wasn't flattered to think that she thus balanced him against another man—Geoffrey Norman it was, that she might have had. But his gallantry and common sense made him think that justice was on Phillipa's side. They had made their bargain in marriage without love in the first place. What right had he to insist now that it should be weighed in?

At times he felt like cursing Phillipa, but his wrath never quite broke through the placidity of his present mood. Things as they were, while far from being perfectly satisfactory to him, were still much

too hopeful to be gambled against Phillipa's sense of fairness. As long as she would avoid a crisis, he wanted to also.

For the first few days of his return home she demanded, when she had the opportunity, that he leave again. Alan began to stay away from the office, so she modified her insistence and begged him to promise to move back to his hotel when his sister-in-law was out of danger. Alan evaded giving an answer.

Florence did not get better too soon. Having plenty of leisure she did a lot of thinking, and wisely concluded that Alan might need a good excuse for staying home until the storm blew over. She was sure there must be a storm raging somewhere, for Alan, the poor fool, was cuckoo over Natalie. It was as plain as the nose on Cyrano de Bergerac's face that he would have been back the instant Natalie returned, if he had dared. Florence told Andrew on one of his visits.

"But how's it going to work out?" Andrew wanted to know. "If there really is another woman, he's still in a triangle."

"Yes," Florence agreed. "But if he just does nothing about it, what's the game going to do?" "She might boil over."

"Yes, she might, but it's not letting things alone that causes trouble so much as its monkeying with 'em. She'll die down."

"Gee, I hope so," Andrew enthused. "Your sister and Converse act like a couple of shy kids, just beginning to wonder what it's all about. It's a knockout."

"How much longer have you got to string your act?" Andrew asked, sobering suddenly.

"What's hot?" "My boss gave me a couple of tickets to a good show."

Florence sighed in genuine grief. "I've got to see how things work out," she said resignedly.

"Say, who is this husband stealing Circe, anyhow?" Florence puckered her brows. "I'm not sure," she answered thoughtfully; "but I believe Natalie thinks it is one Bernadine Lamont!"

"What! The Lamont? Some rival?" "So you've heard of her?" Florence inquired coldly.

"Get easy, honey," Andrew assured her. "She never heard of anyone less than a bank president." Florence extended her hand, with a laugh. "Well, lucky you, jealous is one thing I'm never going to be, anyway."

"Then you don't mind if I take another girl to the show so as not to waste the tickets?" Florence swallowed hard and tried to look pleasant. Andrew laughed. "Honey," he said; "stick to it; be game. For when you're sweet like that I wouldn't hurt you for the world. But do you think you can trot out next week?"

Florence, weighing matters later on, decided that some attention was due her own affairs. She got suddenly better. But by that time, home had become a habit with Phillipa when she discovered, as she did by telephoning his house on some pretext of business, that Florence was convalescing. It was Natalie who told her.

Alan remained adamant under her threats and pleas. He simply refused to promise anything or to do anything except to go on commuting to Hillshire.

But he and Phillipa hid a secret fear. He, that she would do something that would alienate Natalie from him for all time; she, that he would turn upon her and break clean their relations. She told herself it was better to keep the hold she had upon him and hope for a chance to strengthen it.

Thus slowly as a sluggish stream moved the affairs of these three, until Phillipa's hoped-for opportunity came.

faithfulness. He could never bring himself to believe he was justified in forcing a break with Phillipa; so she stood like a stone wall between him and Natalie.

And Natalie silently suffered over her erroneous idea of what kept them apart. Alan surprised her penetrating gaze upon his face time and again, and wondered what she was thinking. Surely, he tried to reassure himself, she must know that there was something he could not tell her—something he could not settle by discussion.

He was really fearful that she would force the issue—destroy the little happiness they were having. When it seemed to him that she was on the verge of speaking of their anomalous mode of living, he drew away, silenced her.

She, on her part, encouraged herself in their failure to adjust their life along happier lines by thinking that Alan was content to accept things as they were. If he really wanted any other woman, she told herself, he would not have to come back to her, or having come in time of need, he would have gone where the need no longer existed.

It was this doubt of Alan's heart interests that helped her in her struggle to submerge her pride in determination to let Alan settle everything without interference from her. If there was a mistake made, it would not be hers, she assured herself over and over.

And there was proof that she was on the right course. She, too, frequently surprised Alan looking at her in an odd way. It made her want to draw his head to her shoulder and comfort him. "He wants to come back to me," her heart would sing. "But, let him alone," her experience advised.

And then one day she went to his office and saw Bernadine Lamont there.

(To Be Continued)

Wisconsin Men Coming to Texas

MADISON, Wis., June 19. (AP)—Planning an inspection of Texas citrus fruit lands the sale of which was banned in Wisconsin by the Wisconsin real estate board, a delegation of six men, appointed by Governor Walter J. Kohler and

headed by F. Clausen, president of the Wisconsin Manufacturers' association, will leave here Saturday. The delegation will tour the Rio Grande valley and hold daily conferences during its week's stay.

Three Persons Killed in Blast

HUNTSVILLE, June 19. (AP)—An inquest was set for today in the death of three members of one family who were blown to bits by a dynamite explosion near here yesterday.

The dead: Claudia Opdenski, 21, Ruby Cadenski, 18, Jack Cadenski, 12. They were killed when they walked into a blast set off by employees of the Texas company.

Jim Cadenski, Walker county tenant farmer, was leading his children across a field on the way to their home to dinner after working their crops, when the charge was exploded. He was injured but is expected to recover.

August A. Gordon, accompanied by his niece, Miss Flora Marie Denebeim, left this morning for Wichita, Kan. He will bring his mother to Pampa on his return tomorrow.

Prisoners Taken To Huntsville

The doors of the state penitentiary will close tomorrow on Bud Yoakum, Grady Adams, T. B. Kimbrough, John Wisner, Jimmie Adams and R. T. West, who are being taken today to Huntsville by "Uncle" Bud Russell. The men evicted in the recent session of 31st district court. Jimmie Adams and West are negroes. They were convicted of theft. West was given a suspended sentence in court here and the next week was arrested on a charge of theft. A jury summarily gave him a five-year sentence.

Yoakum was given a two-year sentence on a charge of possessing intoxicating liquor. Kimbrough was convicted of forgery, and Grady Adams of robbery with firearms. Adams was given a five-year sentence. Wisner was given a five-year term on a charge of attempting to attack a young married woman this spring.

Prisoners in the county jail whose appeals to the court of Criminal Appeals are pending are Moncus Twitty, under death sentence for criminally attacking a four-year old child at LeFors in May; J. W. Bland, 70-year-old man who was given a two-year term for possession of intoxicating liquor after he declared that he was making wine for "Sacramental purposes"; Jake Yale, under sentence on a murder charge.

Wheat Is Moving at Snail's Pace

With receipts very light, wheat was selling at 72 cents a bushel here today.

Cutting was getting under way as fields dried, but farmers were showing a disinclination to market at current prices. Most of the grain brought in was contract wheat.

Santa Fe officials said that only one carload had been shipped this season. Quality of grain is said to be better than expected, with the yield running all the way from 8 to 25 bushels.

W. E. Garrison, a Denton, Texas, jeweler, has built a miniature locomotive less than two inches high.

Quick Pile Relief

No Salves or Cutting

Pile sufferers can only get quick, safe and lasting relief by removing the cause—bad blood circulation in the lower bowel. Cutting and salves can't do this—an internal remedy must be used. HEM-ROID, the prescription of Dr. J. S. Leonard, succeeds, because it removes this blood congestion and strengthens the affected parts.

HEM-ROID tablets as sold by druggists everywhere, have such a wonderful record for quick and lasting relief, that Fatheree Drug Co. always sell them with guarantee of money-back if they do not end all Pile suffering. Adv. 2

Covers the Ground

FASTER

makes a better
seedbed

THE CASE Great Plains Disk Plow is the best tool you can have for preparing the seedbed because it covers the ground two or three times faster than moldboard plowing—with the same power.

Speed, and better seedbed preparation—at lower cost, have an important bearing on reducing costs and increasing profits. Case Great Plains Plow owners are getting those extra profits in just that way.

Having disk cylinder in sections, which are connected to turn as one, is an exclusive Case

STARK & McMILLEN

CASE

FULL LINE OF QUALITY IMPLEMENTS

feature. One section can be removed for unusually hard plowing. All disks must turn. Heavy "I" beam frame and plow cupped disks—

heat treated—combined with properly weighted wheels, produce satisfactory penetration under most any condition. Magazine type wheel boxes make frequent greasing unnecessary.

Don't fail to investigate the profit-producing possibilities of a Case Wheatland Plow. Come in soon and ask to see one of these machines. You can depend on us for prompt and courteous service.

Tire prices are down!

—anyone can afford Goodyears this summer

When rubber goes down, tire prices follow.

Rubber is 'way down now, and tire prices are the lowest they've ever been.

Wise buyers are taking advantage of this situation—reaping the utmost in value.

They're buying Goodyear Tires in greater volume than ever before.

The reasons why Goodyear Tires give utmost value are not hard to state.

In both the two main parts of

a tire, Goodyears are definitely superior.

The Goodyear All-Weather Tread is superior in traction.

The Goodyear Supertwist Carcass is superior in vitality and long life.

If you think these are merely advertising claims demand to see the proof.

Any Goodyear Dealer will be glad to demonstrate the facts.

The facts certainly are: Goodyear Tires do give extra value.

That's why more new motor cars

leave the factories on Goodyear Tires than on any other kind!

That's why more transcontinental, urban and interurban buses and coaches operate on Goodyear Tires than on any other kind!

That's why more truck tonnage is hauled on Goodyear Tires than on any other kind!

That's why, throughout the world, year after year, more people ride on Goodyear Tires than on any other kind!

No mistake about it, this season is the chance of a lifetime to take full advantage of low tire prices and high Goodyear value.

Therefore: now is the time to get yours!

"Iron Man" to Weed Out Bad Men on Force

CHICAGO, June 19. (AP)—John H. Alcock, the "iron man" who has been made acting commissioner of police, today swung a two-edged sword that aimed at gangsters without the law and dishonest officers within.

The new commissioner had this injunction from Mayor Thompson: "Your first job is to capture every gangster in Chicago. Your second is to get the evidence that will send every one of them either to the penitentiary or to the electric chair. You have a free hand. You will not be interfered with."

Alcock himself announced his intention of purging the police department of crooked officers. The Herald and Examiner today quoted him as saying to friends that one out of every five men in the police department is or has been on the payroll of racketeers. The ratio, he was quoted as saying, prevailed in every rank from patrolman to captain.

The murder of Alfred (Jake) Lingle, Tribune reporter, will have a prominent part in the investigation of gangster-politico alliances, Alcock said, for authorities believe this slaying may provide the key to both gang domination and to police scandal.

The commissioner, following his conference with Mayor Thompson, met with members of the civil service commission, which is in charge of trials of police officers against whom charges are made. He intimated that there might be many such trials, and he wanted assurance that he would get full cooperation and that political influence would not be permitted to protect any accused officer.

Anthony (Red) Kissane, well known gangster, who when arrested for carrying concealed weapons was reported as demanding freedom on the ground that he was "working for Lingle," was convicted last night and faces a maximum sentence of a year in jail. In an interview outside the courtroom with a Tribune reporter, Kissane denied ever mentioning Lingle's name or of ever "working" for the newspaperman.

WHEAT IS GAINING

CHICAGO, June 19. (AP)—Wheat values here averaged higher early today, helped by upturns in Liverpool wheat quotations and by stock market rallies. Reports of crop damage from soil drifting in Alberta and Saskatchewan provinces, Canada, together with less favorable crop advices from France and Ger-

many, were also a factor tending to lift the wheat market.

Opening unchanged to 1/4c up. Chicago wheat afterward showed moderate gains all around. Corn, oats and provisions were firmer, with corn starting 1/4-1/2c higher, but subsequently reacting.

Wilkins to Make Submarine Trip to Polar Regions

PARIS, June 19. (AP)—Captain Sir George Hubert Wilkins, British explorer, and Lincoln Ellsworth, American, who has spent much of his life in the Arctic regions, today announced collaboration in an attempt next year to reach the north pole by means of a submarine.

At Lenzburg, Switzerland, Captain Wilkins issued a statement saying that Mr. Ellsworth, who was a joint leader with Roald Amundson on the flight of the Norge across the north pole, will be associated with him as joint leader in the projected expedition trip to be known as the Wilkins-Ellsworth transpolar submarine expedition.

The statement continued "Commander Sloan Dannehower will be master of the vessel and Dr. H. H. Sverdrup the chief of its scientific staff. They expect to leave New York for Spitzbergen next June, and traveling under the ice, across the north pole so as to reach Alaska late in August.

A definite decision as to whether Mr. Ellsworth will actually make the journey will be delayed until he returns this summer from an expedition to Labrador."

Police Official Is Implicated in Detroit Kidnaping

DETROIT, June 19. (AP)—Detroit police today announced they had obtained confessions involving a high police official and a prominent attorney from Joseph (Legs) Laman, convicted kidnaper, and other members of Laman's gang of kidnapers and murderers.

Laman told a detailed story of the kidnaping racket in Detroit covering almost ten years reign of terror which culminated last year in the kidnaping and murder of David Cass son of Gerson Cass, wealthy retired real estate man.

Hundreds of thousands of dollars ransom money was collected by the gang.

Laman said he decided to tell all he knew after he found he was "double-crossed" by the police official in the kidnaping of Harry Cohn, retired furniture dealer. Laman said \$20,000 ransom money was left in an automobile and taken by the police official. Cohn was freed, but Laman received none of the money.

Confessions were obtained from Stanley De Long and his wife, Florence after they were threatened with execution in the electric chair in Ohio for murder of an unnamed man in or near Toledo.

Laman and Harry Andrews, who also made a confession, are serving 30 to 40 year terms in Michigan state prison at Jackson for kidnaping Fred Begeman, retired Wyandotte bootlegger.

Police said the confessions of Laman, Andrews and the De Longs

agreed even to minute details and involved Mrs. Doris O'Reardon, arrested early this week and held in \$150,000 bail on a kidnaping warrant, her husband, Joseph O'Reardon, alias "Red" Reardon, whom police are seeking, Ben Rubenstein, Harry Hallisey, and Howard Barkley, who are held here, and several others.

Four or five years ago, Laman said, he, together with Luke Hartman, Andrews, the De Longs, "Dude" Manuel and Joe Mariano, rented a house in Dearborn, Detroit suburb, to establish a base for kidnaping operations. Begeman and Cohn were kidnaped and taken to this house. There were many other kidnapings, one of which involved the murder in or near Toledo.

Laman said Hartman was the "finger man" or one who identified the victims for the "pickup men" who did the actual kidnaping. Laman said he was leader of the latter group. Mariano, he said, was the keeper and torturer, and De Long, the "voice," whose duty it was to negotiate for ransom of victims.

B. F. Bennett, representing Panhandle-Plains, Inc., returned to Amarillo yesterday, after transacting business in Pampa the last three days.

Carolina Woman LOST 47 LBS.

In 3 Months and Feels Years Younger

"I have been taking Kruschen Salts for nearly 3 months. I have continued taking one teaspoonful in warm water every morning. I then weighed 217 pounds, was always bothered with pains in my back and lower part of abdomen and sides.

"Now I am glad to say I am a well woman, feel much stronger, years younger and my weight is 170 pounds. I do not only feel better but I look better, so all my friends say.

"I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that is in it." Mrs. S. A. Solomon, New Bern, N. C., Jan. 1930. "P. S. You may think I am exaggerating by writing such a long letter but truly I feel so indebted to you for putting out such wonderful salts that I cannot say enough."

A bottle of Kruschen Salts that last 4 weeks costs but 35 cents at Fatheree Drug Stores and druggists the world over. Take one-half teaspoon in a glass of hot water every morning before breakfast—walk a little each day. Do not overeat.

Social Calendar

TUESDAY

The Royal Neighbors lodge will hold a special meeting at 2:30 o'clock at the Labor temple.

Officers of the Order of the Eastern Star are to rehearse initiatory work at the Masonic hall at 8 o'clock. The entire staff is requested by Mrs. Roy Sewell, worthy matron, to be present.

WEDNESDAY

The Women's auxiliary of the Presbyterian church will meet at 3 o'clock in the home of Mrs. H. F. Morsemann, 425 North Starkweather street with Mrs. G. Cotton as co-hostess.

The Women's auxiliary of the Episcopal church will hold its last meeting of the summer at the home of Mrs. Wm. M. Craven at 3 o'clock. Important business is to be transacted and the attendance of all members is requested.

The Women's Missionary society of the Central Baptist church will meet at the home of Mrs. W. B. Barton, south of the city, at 2:30 o'clock.

Division 1 of the Woman's Council of the First Christian church will meet in the home of Mrs. D. C. Houk, 419 North Somerville, at 2:30 o'clock. All other divisions will meet at the same hour.

Circle 1 of the Methodist Women's Missionary society will meet Wednesday afternoon at 2:30 o'clock in Mrs. C. T. Hunkapiller's home for a program on two lessons from the Missionary Voice.

Circles of the Methodist Women's Missionary society will meet as follows: 1, in the home of Mrs. C. T. Hunkapiller; 2, at the home of Mrs. John Bradley; 3, at Mrs. Lee Harrah's home; and 4, at the church, all sessions opening at 2:30 o'clock.

THURSDAY

A dance will be given by the Comus club at the Schneider hotel between 9 and 12 o'clock. Joe Norman's orchestra will play.

The Women of Moosheart Legion will hold a regular meeting at the Labor temple at 8 o'clock.

The Ladies' auxiliary to the carpenters' union will meet at 8 o'clock in the home of Mrs. Jack Denert.

FRIDAY

The regular meeting of the Order of the Eastern Star will be held at 8 o'clock, with Mrs. Z. Freeman, deputy grand matron, present.

An initiatory service will be held in connection with the regular meeting of the O. E. S. chapter meeting.

Mrs. Elzora Freeman,
District Officer, to
Visit O. E. S. Chapter

One of the most important occasions of the year for the Pampa chapter of the Order of the Eastern Star will be the meeting tomorrow evening, at which Mrs. Elzora Freeman of Canadian, district deputy grand matron, will make her official visit.

Initiatory services will be held for two candidates, after which a short program is to be given, followed by a social. Mrs. Roy Sewell, recently installed as worthy matron of the chapter, is to preside.

The program numbers will be as follows: Piano solo by Mrs. F. P. McKinnim; reading, by Mrs. T. F. Morton, vocal solo, by Mrs. N. E. Ellis; reading, by Miss Catherine Vincent.

D. H. Coffey made a business trip to LeFors Wednesday.

Miss Madeline Tarpley
Is Hostess at Party
for Three Honorees

Miss Madeline Tarpley entertained last evening with bridge and dancing, in compliment to Miss Marjory Jewell of Bartlesville, Okla., formerly of Pampa; Miss Margaret Buckler, and the latter's house guest, Miss Phoebe Baker of Boston.

Sprays of lavender and pink sweet peas, tied with pink satin, were favors of the evening. Appointments for the card games and the dainty refreshment course that was served featured a color scheme of pink and orchid.

The guests were as follows: Miss Jewell, Miss Buckler, Miss Baker, Miss Fannie Florence Sims, Miss Dorothy Pollard, Miss Virginia Graham, Clifford Whitmore, Oscar Dial, F. P. Kennedy, Frank Lowther, Harry Baron, A. M. Fox, and Alex Rainour, who assisted Miss Tarpley in giving the party. Miss Sims received an attractive favor for high score and Mr. Fox was consoled for low in the bridge games.

Mrs. W. B. Barton
Hostess to Central
Baptist Society

Members of the Women's Missionary society of the Central Baptist church held a short business session yesterday afternoon at Mrs. W. B. Barton's home near the city, and then spent the remainder of the day quilting.

Mrs. John H. Dalton presided while plans were made for an all-day meeting next Wednesday, when Mrs. C. W. Locke, associational president of the missionary society, will be the guest of the organization and leader of the day's program. Congratulations were sent Mr. and Mrs. E. L. Billingsley, whose little daughter, Jo Ann, was the first child born among members of the congregation since the establishment of the new church.

The following members were present: Mrs. A. Groening, Mrs. A. L. Prigmore, Mrs. D. L. Lunsford, Mrs. Walter Kirbie, Mrs. O. L. Connor, Mrs. E. Bass Clay, Mrs. G. D. Holmes, Mrs. L. W. Hardcastle, Mrs. Charles Weber, Mrs. H. M. Beckham, Mrs. Ray R. Hungate, Mrs. W. E. Cobb, Mrs. G. C. Stark, and Miss Kate Anderson.

Paul Brown Potter,
Nine, Is Celebrant
at Birthday Party

Mrs. P. A. Potter entertained yesterday afternoon with a birthday party for her son, Paul Brown, who was celebrating his ninth anniversary. Games and contests were enjoyed on the lawn, after which ice cream and cake were served.

Mrs. Roy Wiley assisted Mrs. Potter in entertaining the little guests, who were as follows: Topsy Reynolds, Kenneth and Clyde Wayne New, Luvene, Pete, and Paul Luttrell, Charles and Grant Hutchins, Johnette and Mary Lee Wendell, Harold Thomason, Bill Hassell, Clyde Beard, Clyde Garner, Jr., Roger Townsend, George Cree, Clyde Kennedy, Virginia Mae and Parker Wiley.

Woman's Auxiliary of
Episcopal Church Has
Final Summer Meeting

The final summer meeting of the Woman's auxiliary of the Episcopal church was held yesterday afternoon in the home of the president, Mrs. Wm. M. Craven, with Mrs. Frank Perry as co-hostess. At the close of the session, the group disbanded until the first week in September.

In the devotional service preceding the business discussions, prayers were offered for sick members of the auxiliary and the church.

A letter expressing appreciation for the gift of pantry supplies recently sent to the Little House of Fellowship at West Texas State Teachers college from Mrs. Elizabeth Frye Page, the hostess-manager, was read to the auxiliary members. A letter from the Rev. John Leacher of Salt Lake City, pastor of the local mission until recently, also was read.

Mrs. R. C. Sowder was elected social service secretary of the auxiliary, with Mrs. A. C. Lovell as alternate. The members present were Mrs. C. P. Buckler, Mrs. R. C. Sowder, Mrs. E. A. Thomas, Mrs. A. C. Lovell, and Mrs. L. M. Williams.

Jack Royalty, salesman for the Morrow-Thomas Hardware company, is a business visitor in Pampa today.

Olin Beaupre returned today from a business trip to Stinnett.

Clint Rogers, Cities Service engineer, will leave Sunday for Bartlesville, Okla.

Presbyterian Women
Have Busy Meeting on
Wednesday Afternoon

With Mrs. F. H. Morsemann and Mrs. Grady Cotten as associate hostesses at Mrs. Morsemann's home, 425 North Starkweather street, the Women's auxiliary of the Presbyterian church met yesterday afternoon for business, study, and benevolent work.

Mrs. P. C. Ledrick presided. Materials to be made into clothing for children in the Northwest Texas children's home at Amarillo were distributed by Mrs. Tom Clayton, social service chairman, who requested that each member of the auxiliary complete three garments before Sept. 1.

A rising vote of thanks was accorded Mrs. A. A. Hyde, Mrs. D. W. Canfield, and Mrs. A. H. Doucette, auxiliary members who were in charge of the program, "America's All-to-Service," recently presented by the auxiliary under the auspices of the stewardship committee, of which Mrs. Canfield is chairman, and Mrs. Carson Loftus, who assisted the women of the church.

"The West Indies and National Missions" was the subject of a program given under the leadership of Mrs. Dave Pope. Conditions in the several principal islands were discussed in sub-topics, as follows: Cuba, Mrs. John V. Andrews; the Philippines, Mrs. A. A. Hyde; Porto Rico, Mrs. T. W. Sweatman; the Dominican Republic, Mrs. P. C. Ledrick; and the Spanish West Indies, Mrs. Pope.

Visitors at the meeting were Mrs. M. J. Bumps, Mrs. Snow, and Miss Mabel Seelig of New York. The members present were: Mrs. T. M. Ashley, Mrs. K. M. Butler, Mrs. Tom Clayton, Mrs. J. E. Corson, Mrs. R. P. Dirksen, Mrs. C. T. Mullen, Mrs. C. H. Todd, Mrs. J. E. Tucker, Mrs. Roy Vaughn, Mrs. F. C. Workman, Mrs. Walter Wanner, Mrs. Albert Brannon, Mrs. J. D. Lawson, and those who appeared on the program.

Leo Murphy made a trip to Borge Wednesday.

J. L. Cummings, former Cities Service superintendent, now with the Missouri-Kansas Pipeline company, visited friends here today.

C. R. Cobb and R. E. Converse returned yesterday from a trip to Liberal, Kans.

N. H. Pott of Amarillo has taken employment with the wholesale plumbing supply firm of Clowe & Cowan.

Miss Bilye O. Dogette, manager of the Postal Telegraph company, made a business trip to LeFors Wednesday.

Paul B. Segars, Hollis, Okla., representing the Hattom County Credit association, transacted business here Wednesday.

Frances Finley Is
Hostess at Dinner
for Louise Walstad

Complimenting Louise Walstad, daughter of Mr. and Mrs. George Walstad, Frances Finley entertained last evening with a prettily appointed dinner at the home of her parents, Mr. and Mrs. B. E. Finley, 419 East Foster.

Covers were laid for the following: Evelyn Cravey, her house guest, Vera Davis of Rockdale, Marjorie Buckler, Lucille Cole, Christine Cook, Ruth Reynolds, Dorothy Dodd, the honoree, Louise Walstad, and the hostess.

Fifteen candles topped a white birthday cake, and two tall pink tapers completed the centerpiece of the table. Pink and white garden flowers decorated the house, and the favored color theme was repeated in the menu.

"FELLOWSHIP" IS
ROTARY TOPIC

A program on "Fellowship" was given yesterday at the Rotary club luncheon, under the direction of Lynn Boyd, fellowship chairman.

A roll call in which the chairman called upon several members to make impromptu introductions of other members was an interesting feature.

Tom E. Rose, secretary, explained how new members are brought into the organization. Announcement was made that M. K. Brown, retiring president; L. N. McCullough, president-elect; and J. E. Murfee, Jr., would leave next week, accompanied by their wives, to attend the silver anniversary convention of the Rotary International at Chicago, where Rotary was founded in 1905.

Visitors at the meeting were as follows: C. O. Williams, Amarillo Rotarian; Lloyd Bennett, F. B. Hargis of Dallas, Paul Pötter, W. J. Smith and A. M. Teed.

Mr. and Mrs. E. J. Pafford accompanied Mrs. Clara Pafford in a motor trip to Claremore, where she boarded the train for Beeville.

Mrs. Clara Pafford left Tuesday night for Beeville, where she was called by injuries received by her mother, Mrs. McCarty, in an automobile accident in that city.

Texas Senators
for Veteran's Bill

Telegrams from Senators Tom Connally and Morris Sheppard and Rep. Marvin Jones assuring members of the local Legion post that they would vote for the disabled veterans bill now before congress and would use their influence to secure the passage of the bill, were read at the American Legion banquet Tuesday night at the Legion hall.

Honored guests at the dinner were Mrs. F. H. Carpenter, president of the Auxiliary of Texas, and Bob Whittaker, state adjutant. The largest crowd of the year was present at the affair.

Mr. Whittaker in discussing the measure which would provide funds to assist disabled veterans, expressed confidence that it would be approved by both the house of representatives and the senate. Legion posts throughout the United States have telegraphed their senators and representatives urging them to support the bill, he said. It is generally believed by ex-service men that the president will veto the bill and that it will be passed without his signature, Mr. Whittaker said.

Almost the full membership of the Legion and the Auxiliary was present at the banquet. Commander Paul Hill presided.

Mr. and Mrs. Lynn Boyd left today on a two-week vacation trip to Hearldon and Ardmore, Okla.

C. P. Washman of Kansas City, Mo., has taken the lease on the space in the Wynne-Merton building, at present occupied by Jarrett's, and plans to open a new theatre here soon.

Virgil Milligan of Amarillo, simplex service man, was a visitor at the Postal Telegraph company here Tuesday.

Mr. and Mrs. Lynn Boyd left today on a two-week vacation trip to Hearldon and Ardmore, Okla.

WELCOME—

(Continued from Page 1)

brought his expedition all safely home.

"All my men have come back safe," he said feelingly, "for which we must thank providence."

The admiral said he had not future plans and would not undertake further explorations until a \$100,000 debt remaining from this expedition was cleared away.

"Not Much Left"

"There's not much left to explore is there?" he was asked.

"Oh, yes," he answered quickly. "There are thousands of miles of unexplored lands in South America and Antarctica and as long as there is land no one has seen, man will continue to seek it."

Mrs. Byrd, who was prevented by high seas from boarding the City of New York last night from a specially chartered tug, was not down the bay today to meet her distinguished husband.

Relations said she had not returned from the little trip out to Ambrose light until 3 a. m. this morning and had decided to postpone her greetings until later. She was expected to join the admiral after the reception at city hall.

Streaming along behind the Macom were fifty or more harbor craft of all descriptions, as spectacular a marine demonstration as New York had seen since Colonel Lindbergh came back from Paris. As the parade passed Governor's island, salute guns roared thirteen times.

Plenty Of Noise

Whistle and siren handles were tied down on passing tugs, and big liners on both the Brooklyn and Manhattan shores added their deep throated salutes. Fire boats played streams of water into the air, their thin white spray, touched by the sun, making a back drop of rainbows.

Soon Byrd and his party were in automobiles and swung out of Battery Place, preceded by bands, and a military and police escort, into the canyon of lower Broadway.

As far up the street as the eye could see a solid wall of people closed in, leaving only a narrow passageway.

Storm of Paper

As the admiral's car turned into city hall park, surrounding office buildings were almost hidden by the storm of torn paper and ticker tape which floated down.

The Richmond, Va., light infantry blues, which had arrived a moment before, drew up in a guard of honor in front of the southern grand stand and facing the steps of city hall.

Admiral Byrd, escorted by Grover Whalen, climbed out of the car and ascended the steps to where Mayor Walker was waiting with outstretched hand.

Mayor Walker escorted Admiral Byrd to the front of the reception stand, erected on the steps of the hall.

As the crowd recognized the admiral, conspicuous in his white duck uniform and his golden epaulets, it let out a great cheer.

The mayor hailed him as a great scientist and a still greater humph being.

"Great Human Being"

"Yours is a great scientific achievement," he said, "but your humanitarianism in the care of your men as even greater. You are one of the finest human beings alive in the world today. Welcome home forever."

"I stand here as a spokesman for 70 odd men," Admiral Byrd said in reply. "I wish to give to you our sincere gratitude for this greeting. I know of no other man who could make me feel so graciously welcome as Mayor Walker."

Chancellor Elmer Ellsworth Brown

of New York university then conferred on Admiral Byrd the honorary degree of doctor of engineering. When he addressed him as "Doctor Byrd" the crowd roared.

The ceremonies over, the admiral was escorted back to his automobile and left for the New York advertising club on Park Avenue for a welcome home luncheon.

PLANNING—

(Continued from Page 1)

wood.

The proposed work would include zoning, parks and playgrounds, traffic movement, school ground development, expansion predictions and regulations, and every other factor involved in building of an orderly city. The engineers would prepare dozens of maps and charts and would print their report. They would handle legal details of drawing ordinances and putting the city plan into operation.

The present city planning commission was appointed to draw up an enabling ordinance and to recommend a city planning firm. This work has been done. If the city accepts the ordinance, a more permanent commission will be appointed to work with the planning engineers and to enforce the provisions to be adopted at a later date.

Those present at last night's meeting were Frank Keim, Elbert Thomas, A. J. McAllister, Olin E. Hinkle, A. H. Doucette, Tom Rose, Chas. C. Cook, Ivy Dunday, and L. N. McCullough.

ORANGE, June 19. (P)—N. J. Perkins was found guilty of the murder of Will C. White, policeman and given 99 years in the penitentiary, by a jury in district court today.

White, with two bullet holes in his body, was found dead in the defendant's home last March 25.

Boosters to Be on Air Tonight

After having been off the air for two weeks, the Pampa boosters will appear on the program of KGES tonight at their regular 6:30 to 7:30 hour, and every Thursday evening following, until the local station is established.

Those to appear on the program will be: Tommy Hammons, Ray Rippey, Miss Katherine Vincent, Andy Andrews, Mrs. Emma Duenkle, Miss Nellie Hardin, and Bobby Pool. Walter D. Hardin will be the announcer.

SMALL CHILDREN DIE IN SHALLOW WATER
GALVESTON, June 19. (P)—Walter Robie, Jr., 6, and Irene Robie, 4, were drowned in about 12 feet of water near the bank of the ship channel, five miles east of here, yesterday.

The children were wading in shallow water while their mother fished nearby. Suddenly, they stepped into the channel, which had recently been dredged as a yacht harbor. The bodies were recovered by life guards.

SHERWIN-WILLIAMS PAINT HEADQUARTERS

A varnish that withstands even stairway abuse

S-W Mar-Not is made especially for floors

The varnish on your floors and stairways receives more hard usage than any other part of your home. After years of research, Sherwin-Williams chemists have perfected a marvelous new varnish for this particular need. S-W

COLLINGSWORTH ROAD BONDS ARE LOST IN VOTING

WELLINGTON, June 19. (Special)—It was apparent today that Collingsworth county yesterday for the fourth time rejected a good roads bond issue.

With all but a few rural boxes heard from, the total was 840 votes for the bonds and 792 against them. It was the fourth time that paving bonds had been defeated in this county.

The election of yesterday was on the question of voting \$420,000 for hardsurfing across the county in a north-south direction.

Band Meeting Called
Director Pete Bradford has issued a request that all members of the American Legion band report in uniform at the Legion hall at 7 o'clock this evening, before going to the Moose hall, where the band is to play for the formal opening of the new hall.

Killed by Automobile

FORT WORTH, June 19. (P)—Lying in a half-crouching position beside the road, the body of J. F. KaNown, 31, of Fort Worth, was found in the 4800 block on the Grapevine road by a woman motorist at 1:30 a. m. Thursday.

Justice of the Peace Prichard, after several hours investigation, returned a verdict of death from automobile accident. It was thought at first that McKown might have been beaten to death and thrown from an automobile but Justice Prichard reported that all evidence pointed to an accident. The driver of the car that struck McKown is being sought.

Two Die As Bridge Falls
FREDERICK, Md., June 19. (P)—Two or more men were killed and six injured this afternoon as half of the steel state highway bridge over the Monocacy river on the Washington highway three miles west of here fell 80 feet into the swollen waters.

Don't make YOUR ENGINE

FIGHT HARMFUL GUM

If you want a fast, clean, smooth engine—don't make it fight harmful gum.

Use Koolmotor Gasolene—a powerful, clean burning motor fuel from which harmful gum has been removed.

Inferior or carelessly refined gasolenes deposit a sticky, gummy substance on your valves. When you step on the gas for more power, your valves have to fight to get free—your engine labors—valuable compression is lost.

Through extra refining and rigid supervision—known as the Cities Service mini-gum process—the gum content in Koolmotor gasolene has been reduced to a harmless minimum. Valves are kept clean—power kept at its maximum—your engine responds promptly to your desire when you use Koolmotor—the original high test, anti-knock green gas.

Don't pay the impending penalty of gum in gasolene. Keep your tank full of Koolmotor Gasolene. The nearest Cities Service station or dealer is waiting to serve you.

CITIES SERVICE OIL CO.

Cities Service Company

7.

HARMFUL EFFECTS of Excessive Gum in Gasolene

1. Clogging of intake manifold.

2. Delayed seating and complete sticking of intake valves.

3. Loss of compression.

4. Loss of power.

5. "Missing" cylinders and engine failure.

6. Unnecessary repair bills.

7. Excessive gasolene consumption.
