Hershey Asks Far-Reaching Draft Changes

WASHINGTON—(P)—Maj. Gen. Lewis B. Hershey, Selective Service director, recommended Friday that the draft be extended from 21 months to 30 months.

He advanced the proposal as a means of maintaining an Army of 1,500,000.

Hershey made this and three other major recommendations to the House Armed Services Committee, which is studying possible revision in the draft.

The other suggested changes: To modify deferment for dependency. He would have deferment for collateral dependents wiped out.

To remove restrictions on induction of veterans under 26 years of age.

To watch carefully that the "acceptability" standard does not get out of hand.

In explanation of the third suggestion Hershey said he believed "we are going to have to get a new approach to capacity to serve."

No Age Bracket Changes

Although he did not specify, this apparently would mean less strict qualifications.

Hershey made no recommendations for changing the present draft age of 19 through 25.

In fact, he said he believed the Army could be raised and maintained by depending on this age group if the other suggestions are adopted.

Chairman Vinson (D-Ga.) is directing the work of the House committee to find what is needed, as he said, "to attain the size of the Army."

He did not give any exact figure on the size.

Before the Army stopped giving out the monthly number of enlistments, it had an announced strength of 591,000 on June 30. The Defense Department said 50,000 were inducted in September under the revised draft.

300,000 More Men

Vinson and department officers announced Thursday the Army will need 300,000 more men in the next six months.

In addition the Army is calling 4,600 doctors and dentists. Vinson said, the large majority of them under the special medical draft bill recently enacted.

Of the additional 300,000 men needed in the draft, Pentagon officials said this includes 50,000 men to be inducted during October and 70,000 in November.

This would leave 180,000 to be inducted in December, January, February and March. The Pentagon said no quotas have been fixed for those months.

Four Sentenced For Forgery Here

Four men received penitentiary sentences Thursday afternoon following their pleas of guilty in 70th District Court here on charges of forgery.

Judge Paul Moss of Odessa was the presiding judge.

Lovie Lee received a five-year sentence for forgery. Elbert Taylor, Edwin S. Vernon and Joe H. Blake each received two-year terms.

Arthur B. Young, a former employee of the Ever Ready Auto Service Station, pleaded guilty to burglary of the station. He was assessed a five-year suspended sentence.

★ LATE NEWS FLASHES ★

NEW YORK—(AP)—The UN Security Council voted 7 to 4 Friday to permit Communist China's participation in the Council's Formosa debate after November 15.

CHINJU FRONT, KOREA — (AP) — American prisoners of war rescued Friday said they were told by a North Korean medical officer he had seen and treated Maj. Gen. William F. Dean, missing commander of the U. S. 24th Division. The time of treatment was not reported.

PARIS — (AP) — The Defense Ministry said Friday France is forming a battalion for service with the United Nations forces in Korea. The unit is scheduled to leave sometime next month.

FORT WORTH—(AP)—Secretary for Air Thomas K. Finletter warned the nation Friday against being "misled by the appearance of an improvement in world conditions into reducing or slowing down our defense preparations."

(NEA Telephoto by Richard C. Ferguson, Staff Photographer) WOMEN PRISONERS TAKEN—Marine Lt. Elmer Stone, Fullerton, Calif., questions the first women prisoners captured on the outskirts of Seoul. These two were captured firing small arms, and when questioned, said they were nurses. Prisoner on left is 19, while other is only 16. Both are from North Korea.

'Ball Of Fire' Seen In West Texas Sky

BROWNWOOD—(P)—Reports of a bluish or yellowish ball of flame streaking across the sky about dawn Friday came from points 25 miles apart in West Central Texas.

Three men who told of seeing the object agreed it exploded and disappeared.

Fred Koehler, an oil well driller from Brownwood, and Verble Cox, a tool dresser also from Brownwood, told Sheriff Otis Shaw they saw the object at 5:30 a.m. while working on an oil rig near Pioneer. The site is about 25 miles northwest of here.

Robert Hutchinson of Brownwood, circulation agent here for the Dallas News, told the Brownwood Bulletin he saw it at about 5:45 a.m. while making his rounds.

Another report of an object in the sky came from Pampa, in the Panhandle. Scott Rafferty of the Pampa News said he saw what appeared to be a large meteor or comet at about 6 a.m. He said it was traveling southwest and was visible for about 20 seconds.

Too Dim For Meteor

Koehler and Cox described it as a bluish ball of flame, traveling west, very low on the northwest horizon. They said they watched it for 15 to 30 seconds.

Hutchinson said it was a yellowish ball of flame, and not brilliant enough to be a meteor. He said it was traveling west and was on the northwest horizon. He said its speed was about that of a jet plane and that he saw six fragments fall from it before it exploded.

The Civil Aeronautics Administration in Dallas said it had no reports of a plane in trouble or having crashed in the area.

Speed Photo Machine Demonstrated Here

A demonstration of a speed photo machine, which receives and sends pictures to other cities in a matter of minutes, was conducted for members of the Midland Department of Public Safety Friday in the office of Police Chief Jack Ellington.

Charles Bauer, assistant general manager of International News Photos, New York City, and another representative of the firm, conducted the demonstration. A picture of a man sought in the Midland vicinity was received from Austin and developed in seven minutes.

Two members of Odessa's Department of Public Safety also were present for the demonstration. The picture received in the police department's darkroom here by R. A. Branson, Midland's identification officer.

Another picture was transmitted to Austin by the demonstrators. Bauer said the usual transmitting time is about three and one-half minutes.

Mr. and Mrs. Bill Collins and Corrine left Friday for Austin where Collins, editor of The Reporter-Telegram, will attend a meeting of the Associated Press Continuing Study Committee, of which he is a member.

Tenth Atom Spy Suspect Arrested

NEW YORK—(P)—A Hungarian-born civil engineer was arrested Thursday and charged with perjury in connection with a federal grand jury probe of atom bomb espionage.

He is Oscar John Vago, 52, of Rego Park, Queens, described as a friend and former employer of Harry Gold, confessed atom spy for Russia.

Vago, the tenth person arrested in connection with alleged threats to U. S. A-bomb secrets, was held in \$50,000 bail.

TRA BRIGADE CHARGED

MIAMI, Fla. — (P) — Roundup of the "Brasserie Brigade" was about complete Friday with 11 persons formally charged in connection with the theft of about \$100,000 in telephone company funds.

Traffic Fatalities Increase

CHICAGO—(P)—The National Safety Council Friday predicted the 1950 traffic death toll might reach 36,000, the highest since the record year of 1941.

The council announced an August toll of 3,180, up 10 per cent over August, 1949, and an eight month toll of 21,500, up 11 per cent from last year.

The council said hope is fading that the traffic death toll can be reduced in 1950 for the fourth consecutive year.

Motor vehicle accidents killed 31,500 in 1949, a decline from the 32,255 toll in 1948, and well below the 39,969 killed in the record year 1941.

Only a motoring miracle in the final quarter of the year can forestall a 1950 toll of about 36,000 traffic victims," said Ned H. Dearborn, council president. "That would be the greatest death toll since the record year of 1941."

"There is still time to make a substantial reduction before the end of the year, but only if public officials on the state, county and city levels—those whose efforts can have a direct and immediate effect—approach the problem as an emergency, and receive wholehearted public support," he added. "Half-measures won't turn the trick."

The council said that up to September 1, only seven of the 46 states reporting had decreases in traffic fatalities compared to last year. One showed no change and 38 showed increases.

U. S. Lists 2,441 Dead, 3,742 Missing In Korean Fighting

WASHINGTON—(P)—The announced total of U. S. casualties in the Korean war rose to 17,220 Friday.

The Defense Department reported the figure as the total of casualties whose families had been notified through September 22.

It is 3,309 higher than the total announced through September 15. It includes 2,441 dead, 11,050 wounded and 3,959 missing in action.

Of the dead, 2,211 were killed in action and died of wounds.

The department breakdown of the 17,220 lists the 230 who died of wounds in both the total of dead and the total of wounded.

The totals of missing includes 167 men who have returned to military control and 30 who are known to be prisoners of war. This leaves 3,742 currently listed as missing.

Petroleum Industry Estimates Needs

WASHINGTON—(P)—The petroleum industry said Friday it will need 11,650,000 tons of steel next year to keep a peace-time economy rolling.

This is 17.4 per cent more than the 9,923,000 tons expected to be used during 1950.

The National Petroleum Council said the Interior Department estimates the U. S. petroleum demand—domestic and export—will average as high as 6,800,000 barrels daily this year, 7,100,000 in 1951 and 7,300,000 during 1952, barring the outbreak of major warfare.

By comparison, consumption averaged 4,770,000 a day during 1941. Thus there has been an increase of 52 per cent in oil consumption during the last decade.

The 1951 estimate also is 33 per cent greater than the total consumption during 1948, the peak year of World War II.

Mrs. Henry Ford, 84, Dies In Detroit

DETROIT—(P)—Mrs. Henry Ford, 84, widow of the late world-famous automobile pioneer, died of a heart ailment at Henry Ford Hospital early Friday.

Death came to Mrs. Ford not many hours after her third visit to the hospital for a heart condition in the last several months.

A family representative said Mrs. Ford had been taken to the hospital Thursday.

On her two previous hospitalizations, Mrs. Ford had recovered sufficiently to return to her estate home at suburban Dearborn. Her return to the hospital Thursday was not generally known.

As wife, then widow, of Henry Ford, Clara Bryant Ford was one of America's influential women. Ford died several years ago.

Few Enemy Forces Seen Near Border

TOKYO—(P)—South Korean forces chased broken-down Communist invader units to the Parallel 38 border of Red North Korea Friday night and then were called to a halt by the Allied command.

The Allied vanguard was pouring artillery fire on Red positions astride the line between the Red North and Democratic South.

A U. S. Eighth Army Headquarters spokesman said

the South Koreans were ordered to stop their advance and wait for what he called regrouping. He declined to say or speculate on what would happen after regrouping took place.

There still was no announced decision on whether the victorious Allied armies in the South would strike into Red Korea to police it against any future invasion or Soviet-inspired uprisings.

Nor was there any indication border-crossing might be left alone to the UN-armed South Koreans or other non-American Allies as had been suggested in diplomatic circles elsewhere.

Among the suggestions was that Americans might be kept out of any police force going north of 38 in order not to provoke bordering Red China and nearby Soviet Siberia.

The advancing South Koreans in twin armored prongs stabbed up to the Red border on the east coast.

Pressing Question

Other South Koreans were reported nearing 38 due north of Seoul, the liberated Korean capital 30 miles south of the border.

General MacArthur solemnly turned Seoul over to President Syngman Rhee Friday.

Then the Eighth Army commander, Lt. Gen. Walton H. Walker of Belton, Texas, told correspondents at an interview in the capital:

"As far as we are concerned, the war is over. The enemy's army has disintegrated into ineffective pockets which have no real offensive power."

He didn't elaborate on "We." But the lightning northward sweep of the South Koreans to the Red boundary posed a pressing question: Would heavily armed Korean Republican forces go across unaccompanied by other Allied troops and wind up the war?

Non-Communist diplomatic capitals agreed generally that MacArthur had broad authority from the United Nations to smash across the boundary with whatever force at hand that he wants to use. There was a move in the UN to make the authority specific.

AP Correspondent Leif Erickson, flying over the boundary on an observation mission, reported the Reds apparently were trying to make a stand on 38 some five miles south of Yangyang and two miles inland.

Capital City Restored

He saw shells from South Korean artillery hammering a ridge on the border. About 12 miles north of 38, a small village was in flames. But Erickson said he could spot no sign of the enemy either in vehicles or afoot from 12 to 15 miles north of the boundary.

An automobile caravan along the battle-riddled streets of Seoul reached the brief noon ceremony in which the capital was restored as a seat of government for President Rhee.

The staff cars were flown to Seoul's Kimpo Airfield from Tokyo and crossed the Han River over a pontoon bridge also flown to the capital. Hundreds of civilians lined the streets. Few applauded—evidently not comprehending the significance of the caravan.

In the battle-scarred Capitol Building, shortly before MacArthur appeared, security officers found and removed a bundle of dynamite with a wire attached. It was enough to have blown out the front of the big building, they said.

Rhee Expressed Thanks

While shattered glass tinkled into the assembly chamber from a blasted dome overhead, General MacArthur told the 75-year-old South Korean president:

"I am happy to restore to you, Mr. President, the seat of your government—that from it you may better fulfill your constitutional responsibilities."

Rhee thanked the UN commander and the Allied air, field and Navy commanders. Then the Princeton-educated Korean chief executive sternly called on trapped Korean Reds to surrender or die.

Rhee said justice would be meted out to Korean war criminals, but he assured the people there would be no indiscriminate revenge. He said the republic would "distinguish those who dared tyranny and robbery from those who were simply impressed into such a group."

INJURED IN ACCIDENT

Mrs. Sibbi Randolph entered Western Clinic Hospital at 2:45 p.m. Thursday, to receive treatment for bruises, contusions suffered when her car was in collision with a truck at the corner of New Jersey and Marienfield Streets.

★ IN HOLLYWOOD ★ Paramount Plans Musical With Crosby, Met's Mimi Benzell

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD — Paramount is after Mimi Benzell to do a picture with Bing Crosby now that she's signed a Decca recording contract and will team with Bing on some tunes.

Hollywood, says Frank Fontaine, is where a kid actor can grow up to be the leading man for an actress who once played his mother.

Television is the reason behind the decision of Sylvia Sidney and Carlton Alop to sell their Hollywood home and reside permanently in New York. Glib, sardonic Alop told me:

"I started out by being doubtful about television and being afraid that my kids would be myopic at 10. But when you see television functioning, it's different. As old as I am, I have to get into it."

Alop doesn't think he'll give up being Judy Garland's personal manager. "You hardly ever give up anything you've been so closely associated with."

Eileen Barton coaxed Kirk Douglas out of a night club audience to do a song with her and Kirk's nitery capers have given his bosses at Warner's the idea of casting him in a musical. Yep, the Champion dances.

The deal is cold for Shelley Winters to co-star with John Garfield in "He Ran All The Way." Now Garfield wants Dorothy McGuire, who's on tour in the Actors Company's roadshow of "Summer and Smoke."

Jane Russell is flooring friends with an impersonation of Gloria Swanson—complete with long earrings (made out of paper clips). There's no romance angle in Myrna Dell's decision to live in New York. It's strictly a career move, with Myrna hoping to be re-discovered by Hollywood through a hit Broadway show.

Wynn On Wheels
MGM's cut-it-out boys will hit the ceiling. Keenan Wynn not only hung around RKO during the making of "Crackdown," a motorcycle epic, but joined the daredevil putt-putt guys in stunts. He's in the footage—for free.

Hal Wallis has scrapped all ideas of a third picture in the "Irma" series.
While filming "The Sound of Fury" in Phoenix, producer Bob Stullman hired several Skid-Row winos to play themselves. One of them just wrote Bob this note: "You can expect me in Hollywood shortly since acting in pictures is the only time I ever enjoyed working for a living. If I had become an actor when I was

young, I don't think I would ever have wound up the bum I am now."

Director Gordon Douglas is blushing. On the same day his "Prowl Car" received commendation for its anti-crime theme, Ohio censors banned his "Kiss Tomorrow Goodbye" because it "glamorized crime."

Claire Trevor will take a month off after "Best of the Badmen" to develop a TV idea which her agents have lined up. The series is titled "Miss Private Eye," with Claire playing a femme detective. . . . Keefe Brasselle won't be starring in any future pictures for the Ida Lupino-Collier Young producing group. The temperature between Keefe and Ida, who discovered him, is colder than a polar bear's nose.

The town's buzzing over the how-come of UI signing Noreen Varga, who is a dead ringer for the same studio's big money-maker, Yvonne de Carlo. Studios generally sign look-alikes to keep other studios from nabbing them or to hold the spitting image as a threat over a temperamental star's head. . . . David's Rose's wife, Betty Biegolow, is a victim of penicillin allergy.

Joseph Cotton is the hottest contender for the role of a minister who becomes a vagrant in "Skid-Row" the picture that Anson Bond will take for Joseph Bernhardt for Fox release.

Gene Nelson, who's always losing out to Gordon MacRae in the romance department in Warner's song-and-dance epics, gets the gal, Doris Day, in "Lullaby of Broadway." Doris and Gene hoof in four numbers.

"Doris," raves Gene, "has great feet."
Fox sent Jeff Chandler and Debra Paget and a crew to Hawaii for natural island scenery for "Birds of Paradise." When the cameras started to grind, Director Delmer Daves decided that natural Hawaiian waterfall wasn't colorful enough and ordered a fake cascade constructed.

Cheese now can be made bacteria-free more easily. This is done by pasteurizing the cheese with radio waves after it has aged. The present method is to pasteurize the milk from which the cheese is obtained.

Former Texan Is GOP Nominee For Colorado Governor

PUEBLO, COLO. —(AP)— Dan Thornton, stockman who was born and reared in a Texas Democratic family, has been named Republican candidate for Governor of Colorado. The 38-year-old Thornton, a one-time movie actor, now lives at Gunnison, Colo. He will oppose Democratic Gov. Walter A. Johnson, seeking his first full term.

Thornton is a native of Hall County, in West Texas. His parents, Mr. and Mrs. Clay Thornton, live at Slaton, Texas. He was named a candidate by the Republican Vacancy Committee, which announced Thornton's selection Thursday night.

The committee had the task of replacing candidate Ralph L. Carr, former governor, who died last Friday night. It named Thornton after considering 21 other possible candidates.

Presbyterian Church 'Family Night' Event Draws Large Crowd

The First Presbyterian Church held its first "family night" supper and program of the Fall season Thursday night in the church's Fellowship Hall, with more than 225 persons attending. The event was a special feature of Interdenominational Religious Education Emphasis Week.

The food was prepared and served by members of Presbyterian Women of the Church.

A song service was led by George Van Huse, with Mrs. Frank Miller at the piano. June Patterson, director of religious education, conducted a fun and fellowship period.

A brief devotional led by Dr. R. Matthew Lynn, pastor, concluded the program.

First Nighters Okay 'Whistling In Dark'

First nighters almost filled the City-County Auditorium Thursday when the Community Theater players presented "Whistling In The Dark," the first Fall production.

And from comments heard at intermission of the three act comic drama, the show was another Oscar in the Community Theater crown.

If the actors seemed to take a few minutes to get really warmed up, they made up for it 10 minutes after curtain time. Place one timid crime writer and his fiancée among a much-experienced bunch of gangsters, and action is guaranteed.

Art Cole

To Art Cole, director of "Whistling In The Dark," went the double tough job of taking over the role of

Jake Dillon. William Fleetwood, who was cast in the role, had to leave on a business emergency, and Tuesday was the first night Cole had to run through the performance. Wednesday night the troupe played to an almost full house of negroes, proceeds going to the negro youth program.

Cole made the role fit perfectly. As top man in a gangster ring, he knew who to push around, and that included just about everyone. Murder was not excluded from his plan. Some of the first and most spontaneous laughter of the evening was drawn by Bill Adam, portraying Herman Lefkowitz, a drug store owner. He made it as natural to laugh over a gory death as at a blonde comic strip.

Charles Dixon

Charles Dixon, who held a lead role of Wallace Porter, was timid enough to make the audience shudder yet laugh at the same time over the thought of a "little ride in a motor boat" after his usefulness to "the gang" was through.

Martin Cleveland, portraying Joe Salvatore was a "brawn triumph over brain" ... and manners, right down to a beautifully vulgar burp which escaped after Joe had had a couple of drinks in Act I.

But as for fitting, the parts actually grew up with the actors. They were cast to perfection, thanks to Cole, and to a lot of hard work by the troupers.

New Seating Plan

A new seating plan, used for the first time, is designed to afford better sight lines through a staggering of the chairs in curved rows and use of the desirable center section of the auditorium by eliminating the center aisle. The plan was evolved by William F. Pennebaker and carried out by Norris Creath and J. Wilmot Hunt.

Curtain time is 8:15 and the show will run Friday and Saturday nights. The play, written by Laurence Gross and Edward Childs Carpenter, is the twenty-ninth production for the players.—A. C.

Rushes were introduced when the Nu Phi Mu Sorority met Thursday night in the home of June Higdon, 1402 West College Street.

They are Pat Graham, Ruth Hall, Billie Joyce McCarthy, Nelda McDuffy and Elene Franklin. Guests for the meeting were Alma Heard, Xi Theta Exemplar Chapter and Lillie Gilbert. Miss Gilbert explained to the sorority members their part as ushers and ticket collectors for the Beta Sigma Phi style show scheduled for October 5 in the high school auditorium.

The program was on music appreciation, with Louise Harless in charge. A silver cup was purchased for member Janie Etheridge's five-week-old daughter, Kathryn Ann.

Helen Stephens was named club representative to the city council. Refreshments were served to other members Mrs. Bryan L. Denson, advisor, Patsy Cline, Louise Harless, Eva Haskins, Norma Sinclair, Joan Wallis and Helen White.

Training Union Dinner Slated Friday Night

Football helmets will decorate the recreation hall of the First Baptist Church at 7 p.m. Friday when the Training Union revival closes with a "Kick-Off" banquet.

This will be the conclusion of the week of study under the direction of Harriet Gatlin state training union worker.

Each department will be responsible for songs, readings, or stunts for the program. Lola Farnsworth, educational secretary, will act as toastmistress. Those in charge of the program for the different departments are Jean Godfrey, elementary department; James Thomas, junior department; Mrs. E. F. Conner, intermediate; Nellives Clark, young people, and Mrs. Joe Wright, adults.

Expected attendance will be approximately 125 persons, Miss Farnsworth said. Fall leaves and flowers will add to the Autumn air. Place cards will be brown paper footballs.

Climax of the program will be the installation of new officers in each department by Miss Gatlin.

ACC TEACHER WILL SPEAK IN CHURCH OF CHRIST

Rex Kyker of Abilene will speak at Sunday services of the Church of Christ, corner North A and Tennessee Streets, during the absence of the minister, J. Woodie Holden.

The guest speaker is a public speaking teacher in Abilene Christian College.

Mr. Holden left Thursday for Martinsville, Va., where he will be the evangelist for a 12-day revival in the Church of Christ.

The teacher for the Wednesday mid week services will be Ray Cox of Midland.

Several Nations, Artists Are Represented In Palette Show

China, England and Korea are among the nations which will have representative art work displayed at the Palette Club Studio, 604 North Colorado Street, from 9 a.m. to 9 p.m. daily through Sunday.

The exhibit, which opened Thursday, is the Midland Palette Club Art Center's first Fall activity. Accompanying the exhibit is A. V. Hester of Hester Galleries, Dallas, formerly associated with the Sartor Galleries, and William Heaton, who has worked with Peter Hurd and Perry Nichols of Dallas.

At 4 p.m. Hester will present a discussion on some of the outstanding pieces of the show. Paul Jacquot of Hawaii, who was killed in World War II, is represented with a pair of framed handtinted wood-blocks.

Armenian Artist

Other art works are two signed artist's proofs (originals from gals) by Hovsep Pushman who was born in Armenia. At the age of 11, this artist was admitted to the Academy of Art in Constantinople as the youngest student on record. He won the first prize at the age of 14 in both painting and sculpture classes. He came to the United States and became a naturalized citizen, but continued his studies in Paris. His two paintings in the show are "Symphony of Life" and "Goddess of Charity."

English Work

Also included in the exhibition are a set of English hand-cut rock crystal decanter and glasses, a claret jug of coin silver top and handle with a hand etched crystal base, a frosted lime glass preserve a composite set and an Imperial Korean tea set.

Students of architecture may be interested in the set of lithographs showing fine detail of the halls of England, framed in suede mats and antique gold frames.

One large canvas depicting a herd at rest in the North Highlands of Scotland, is attributed to Francois Negus.

Minute Interviews

with folks who suffered stomach disturbances due to lack of Vitamins B₁, B₂, Iron and Niacin in their systems!

By RANDY DURAND

THE QUESTION

Have you ever taken the great new HADACOL everyone is talking about for such stomach distress? What has been your experience?

THE ANSWERS

Mrs. Ann Poling, 609 Delaware Street, Indianopolis, Indiana:

"Three months ago a friend of mine told me about HADACOL. She knew how I suffered from stomach distress. Anything with acid or fried food I just couldn't eat. It affected my sleep too. Then after I started taking HADACOL, I began to feel better. I've got a bottle in the house now and will continue to take HADACOL from now on. Now I eat anything I want and I get a good night's sleep. I can't praise HADACOL enough."

Mr. Arthur Traserra, 1410 Desire Street, New Orleans, Louisiana:

"I've been sick for quite some time. The trouble was mainly a stomach disturbance. I was unable to eat any fried foods at all. It was very nervous, and it affected my work. Now I eat anything I want. I've been taking HADACOL for over a year. Before that I had been suffering from stomach distress. I imagine how awfully hard it was when you can't eat such delicious things as tomatoes, oranges without upsetting your stomach. When I took my husband's advice and got some HADACOL. Now that I'm taking HADACOL, I can eat anything I want and really enjoy it."

Mrs. Alma Kincaid, 2125 E. Adelaide Street, St. Louis, Missouri:

"I've been taking HADACOL for over a year. Before that I had been suffering from stomach distress. I imagine how awfully hard it was when you can't eat such delicious things as tomatoes, oranges without upsetting your stomach. When I took my husband's advice and got some HADACOL. Now that I'm taking HADACOL, I can eat anything I want and really enjoy it."

Mr. Seymour Marks, 1229 Morrison Street, St. Louis, Missouri:

"Before I started taking HADACOL, there was many a night I lay awake. I just couldn't get any sleep. Food just didn't agree with me. I took only two bottles of HADACOL before I was feeling much better. Now I am in the best of condition and have only HADACOL to thank."

NOTE: HADACOL is bringing wonderful relief to thousands of men and women who suffer from indigestion, heartburn, gas, belching, bloating after eating, when their condition is due to lack of Vitamins B₁, B₂, Iron and Niacin in their systems. Remember this great new HADACOL actually relieves the CAUSE of these troubles when due to such deficiencies. And continued use helps prevent such stomach distress from coming back. That's the kind of product you want! HADACOL comes in special liquid form so that it's easily absorbed and assimilated by the blood—ready to go to work at once. A big improvement is often noticed within a few days' time. Why don't you get that wonderful HADACOL feeling everyone is talking about? Hundreds upon hundreds of doctors recommend HADACOL. HADACOL costs only a small amount a day. Trial-size bottle, only \$1.25. Large family or hospital size, \$3.50. © 1950, The Lofline Corporation

MacArthur's Ouster Planned, Solon Says

INDIANAPOLIS —(AP)—President Truman and Secretary of Defense Marshall, says Senator Capehart (R-Ind.), "are conspiring to oust" General MacArthur from his Far East command after the November 7 election.

"Government circles in Washington are conscious of the bitter animosity held by President Truman and General Marshall against Gen. Douglas MacArthur," Capehart told a Republican rally in suburban Southport Thursday night.

Capehart, campaigning for reelection, said MacArthur has advocated supporting China's Nationalist government and "opposed the Marshall-Truman policy which delivered China to the Reds" and "brought on the Korean war."

Capehart added that General MacArthur "warned the President not to withdraw our troops from South Korea in the first place because it would take the blood of our boys to recover it if we left South Korea helpless, but that is exactly what happened."

Permit Is Denied Mickey Cohen To Drive Armored Car

LOS ANGELES —(AP)—Mickey Cohen has a brand new \$16,000 armor-plated Cadillac but it may have to stay in the garage.

The Highway Patrol—which passes on armored vehicles in California—Thursday denied the gambler a permit to operate the custom-built car.

Cohen—several times a target of gunfire bursts in recent years—was taken aback.

"I don't care about myself, understand," he said. "But what am I gonna do for instance when my mother comes to visit? And my wife! I gotta have some protection for the family, don't I?"

Doors Weigh 100 Pounds
The car has eight-inch thick doors each weighing 100 pounds because of a slab of bullet-proof fiberglass inside. There are steel armor plates inside the seats and the extra-thick windows won't have to be rolled down. The car has an \$800 air conditioning system.

But it will just have to stand a while on its \$400 worth of bullet-proof tires. Says a Highway Patrol spokesman, explaining permits are granted only to armored express companies and bank messengers.

"If a permit is issued to one gambler, there will be 10,000 armored cars on the road and the police would never be able to stop them."

Cates Says Marines To Retain Reserves
PEARL HARBOR —(AP)—The U. S. Marines Corps, which scrambled men together from as far away as the Mediterranean to meet the Korean emergency, intends to keep all reserves in uniform. Its commander made that clear Thursday.

Korea has shown us the necessity of having ready forces available to fight anywhere," said Gen. Clifton B. Cates on a stopover en route to Korea.

Will Rogers' Only Daughter Marries Walter Brooks, III

LAS VEGAS, NEV. —(AP)—Mary Rogers, 33, only daughter of the late Will Rogers, and Walter Brooks, III, 36, onetime stepson of Gen. Douglas MacArthur, were married here Thursday night in a private ceremony.

Only last month Brooks was arrested in New York on Miss Rogers' charge that he hit her on the head during an argument in a parked car. She did not press the complaint, however, and the charge was dismissed. She was treated for a scalp cut. Brooks' attorney said Miss Rogers hurt her head while getting out of the car.

After the wedding the couple drove to Los Angeles for a brief honeymoon before returning to Brooks' home in New York. It is her first marriage, his fourth.

Brooks is the son of the former Mrs. Louise Cromwell Brooks, who was married to Gen. MacArthur from 1922 until 1928. Brooks' wives were actress Jacqueline Wells, socialite Jeanne Leviton and Helen Engles.

Chavez Still Fights Canadian Dam Project

WASHINGTON —(AP)—Senator Chavez (D-NM) said Friday he will continue to fight Texas' proposed \$85,000,000 Canadian River project until New Mexico, Texas and Oklahoma have agreed upon a compact for division of the river's water.

He told a reporter this means he will oppose consideration of the project bill when congress returns in November.

The New Mexican blocked the measure just before Congress adjourned.

Plane Crash Kills Chance Vought Pilot

DALLAS —(AP)—A Cessna fighter plane crashed into Mountain Creek Lake Thursday, killing Pilot Patrick Harrigan, 30.

Harrigan's body was recovered after he had been in the water an hour and 20 minutes. Efforts to revive him failed. He was chief of flight operations for Chance Vought Aircraft.

Negro, Accused Of Killing Sheriff With Car, Saved From Mob

COLUMBIANA, ALA. —(AP)—A 34-year-old negro, accused of wilfully crashing a sheriff to death beneath the wheels of his motor car, was spirited away from this Central Alabama town at a 90-mile an hour clip Thursday night when a mob assembled.

State Liquor Investigator Jack Benton said cries of "Let's get the SOB" were shouted by members of the crowd before officers made off with William Franklin Webb, who had been lodged in the county jail here.

Benton said the negro deliberately ran down Sheriff Luther Boleman when he drove up to a moonshine still during a raid and officers sought to arrest him.

Knocked To Ground
The 50-year-old sheriff was knocked to the ground and his right leg almost torn from his body, Benton related.

When a crowd estimated at 150 to 200 demonstrated at the jail, Benton declared, officers decided to take him to Birmingham for safe-keeping.

Persons in the crowd leaped into their own cars and followed the officers for about 35 miles before they were outdistanced.

No formal charge was placed against Webb when he was docketed at the Jefferson County jail in Birmingham. He was listed as being held for Shelby County authorities.

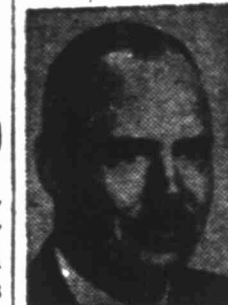

Boleman would have finished his term of office in three months. He was defeated for reelection in the May preliminaries.

★ THE DOCTOR ANSWERS ★

Dry Scaling Scalp Is Problem To Be Diagnosed By Close Examination

By EDWIN F. JORDAN, M.D.
Written for NEA Service

happens you may have no further trouble.

The skin constantly is exposed to all kinds of infections and irritations. Hence it is not surprising that there are many skin diseases. The skin is highly resistant but sometimes gets into trouble just the same.

Q—What could possibly cause a condition of my scalp which starts with a dry scaling? The scales get thicker, moist and a fluid oozes out wetting my hair.

A—There are several possible causes for this condition. It could be a ringworm of the scalp or some other infection. It also could be eczema caused by some substance with which the scalp comes in contact. In order to make a diagnosis, your physician would have to take scrapings from the scalp and examine them under the microscope.

Q—What causes red pimples on the legs after shaving them? What can be done for this?

A—The shaving produces tiny cuts which carry germs into the skin. This may be hard to avoid but gentleness in shaving and perhaps the use of a mild antiseptic might help.

Q—I am a man 78 years old, and have never used tobacco or intoxicating liquor. However, four years ago I had a leg amputated because of hardening of the arteries. What could have caused this?

A—Unfortunately, the cause of hardening of the arteries is unknown. Sometimes it is localized to only one part of the body, and per-

true also that skimmed milk is usually better for the overweight person.

Q—I am 29 years old, and about four years ago I had a sudden sharp pain in my right leg while I was walking. The same thing has happened several times since, and it seems to be getting worse. Lately, I have had trouble controlling my balance. What do you think?

A—The symptoms you describe sound like a disease of the nervous system. It probably will be necessary for you to have a complete examination of the nervous system, including a puncture of the spine. You should not worry about the spinal puncture, as it is a simple thing for an expert to do.

An announcement
by Henry J. Kaiser

Today, at your Kaiser-Frazer dealer, you will see what we believe to be the most important car that America has produced since the automobile became a necessity of daily living.

It fills the needs, the wants, the purchasing power of all America as no other car has done in the last ten years.

It is rugged. It has outstanding maneuverability, handles and parks easily, and is powered with our new Supersonic Engines which deliver up to 30 to 35 miles to the gallon.

The Henry J is the lowest-priced car in the low-price field. It has the full, generous proportions to which Americans are accustomed. We have given it the best combination of performance, comfort, styling, and economy of operation.

It is the car that you and every American family can afford to buy, to operate, to maintain...and be proud to own.

Kaiser

The Henry J...the lowest-priced car in the low-price field.

The most important new car in America!

Here today...The

Henry J

Available in two models: Henry J (as illustrated above), Henry J Deluxe (six-cylinder at additional cost).

Important because...It's Smart! Smart to look at... smart to own! Notice the extra-wide doors...front seat 58 inches wide...head room and leg room galore! And—look! The back of the rear seat folds forward, giving you 51 cubic feet of storage space, almost double that of the largest sedan trunk compartment!

Important because...It's Tough! Husky, Double-Channel Frame, reinforced like a steel bridge! The rear axle Hypoid geared, as in most expensive cars. Extra-wide windshield and windows give you the largest vision area in any low-priced car...short turning radius permits the easiest parking.

Important because...It's Thrifty! You get 30 to 35 miles per gallon from the quiet, responsive Supersonic Engines. (Henry J—4 cylinders, Henry J Deluxe—6 cylinders.)

Lower first cost...lower maintenance...lower repair bills...lower insurance...lower operating cost. Your savings, in just two years, can more than total the down payment on the Henry J.

Built to Better the Best on the Road!

Costs less to buy...less to drive...less to maintain!

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And Scaring People

Mugwump Monkey, the monkey boy, was taking a nap beneath a tree. The grass was soft beneath him. The sky was blue above. Yes, and the sun felt good to his bones, and the birds were singing in the trees. What a fine nap Mugwump was having.

He was still asleep when the Huffle Puff came walking along.

The Huffle Puff was walking an important walk, and singing his Huffle Puff song. The Huffle Puff was a friendly wolf, you know, and a very important fellow indeed, he thinks.

He stopped his walking and singing when he saw Mugwump.

He stopped his walking and singing when he saw Mugwump. He stopped very still. He chuckled with a thought of the thought he was thinking. Said the Huffle Puff to himself: "Mugwump is fast asleep, he is, with never a thought of dancing around, because there isn't danger." And again the Huffle Puff chuckled, and again he said to himself: "I will scare the boy, I will, and make him think I am a dangerous wolf."

The Huffle Puff began to tiptoe and to tiptoe, closer and closer to Mugwump. Once he stepped on a stick that snapped with a snapping noise. Mugwump wiggled once and squirmed once to hear it, and then he settled back to sleep again. Again the Huffle Puff began his tiptoe and tiptoe, closer and closer. At last the Huffle Puff stopped close by the sleeping Mugwump. Oh what fun this was going to be scaring him, the Huffle Puff was thinking.

He was going to growl real loud, he was, with a dangerous noise like a dangerous wolf. Yes, and Mugwump then would jump in the air with a horrible scream. What fun! That's what the Huffle Puff was thinking. He took a big breath to do the growling.

He would growl like a dangerous wolf, he would. Oh yes he would! But before he could do it, Mugwump Monkey was the one who growled out loud like a dangerous wolf.

"Gr-r-r-r-r!" said the Huffle Puff. And Mugwump did it again: "Gr-r-r-r-r!" "Ooooooh!" said the Huffle Puff. "Ooooooh!" said the Huffle Puff with a terrible scare, and up he jumped in the air, because Mugwump now had done the growling first to teach the Huffle Puff a lesson.

Yes, and it served the Huffle Puff right. I think because people should never go out to scare people. Happy day!

British Printers To Study U. S. Methods

LONDON —(AP)— British printers are sending a delegation to the United States next year to study lithographic printing methods. The visit has been arranged by the Anglo-American Council of Productivity, which was set up by the British and American governments.

NO CAUSE FOR ALARM
VANCOUVER — (AP) — Pedestrians looking at a large outdoor thermometer here were startled to see the indicator sweep from 120 degrees down to zero and back again in a few seconds. Officials said it wasn't the weather, just a jammed switch.

Its aim is to help the British learn some of America's industrial know-how. The British Federation of Master Printers announced the appointment of Capt. Charles Birchall, chairman of Charles Birchall and Sons, Ltd., of Liverpool, as head of the delegation. Other members have not yet been appointed.

West Berlin Hears New Joke On Stalin

BERLIN —(AP)— East Germans brought this latest anti-Russian joke to West Berlin: Papa Stalin visited the Russian zone and asked an elderly woman on the street how things were going. "Oh, pretty good," she replied, "only we don't get milk any more." "Well," said Stalin, "In the African deserts they don't even have water!" "Why in Africa?" wondered the old lady. "Have the Russians occupied that, too?"

British Are Losing Hotels In Shanghai
SINGAPORE —(AP)— British hotel owners in Shanghai are forfeiting their hotels owned for generations by their families, rather than bring in fresh capital to keep them going, says Mrs. Jessie Ferguson, a Shanghai resident for 27 years, who is now on her way back to England.
Foreign residents found it extremely difficult to live in the Red-Red city, she said. Business was slack. There was only one guest in a 15-floor skyscraper. Hotel owners had to pay heavy taxation to the Communist government—a policy designed to get rid of the foreign investor so the Reds could take over, she said.

FORCED WRITING
Victor Hugo often forced himself to write by having a servant take away all his clothes for several hours, to keep him from becoming impatient to leave his work.

Listener Splatters Taft With Tomato
CANTON, OHIO —(AP)— Someone fired a ripe tomato at Senator Robert A. Taft (R-Ohio) as he was making a campaign speech in neighboring Wayneburg, Ohio. The tomato struck him high on the chest, some of it splattered on his shirt and suit, but Taft kept right on talking. No one was arrested.

SYMBOL OF A DAY...

A World dwarfed by the shadow of the Cross!
It is the symbol of a day when earthly turmoil and tension are calmed by heavenly vision . . . when men's hearts turn in unison toward God.
That day is World-Wide Communion Sunday. Millions of Christian men and women in every corner of the Earth will come to their churches. Together, according to the customs of their Faith, they will worship and pray. Then, reverently, they will participate in the world's most sacred religious rite—The Lord's Supper.
We all pray that the symbol of this day will, at length, become the symbol of a year, a century, eternity. A World dwarfed by the shadow of the Cross is Christianity's unwavering aim!
As you and your family—and your neighbor and his family—worship Christ on World-Wide Communion Sunday, we move together toward that cherished goal!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Seven-Game Sweep For SWC Forecast By Honest Harold

By HAROLD V. RATLIFF
Associated Press Sports Editor

The Southwest Conference plunges into the heart of its intersectional schedule Saturday favored to win three of its four games against outside foes.

The headliner is Southern Methodist's clash with Ohio State of the Big Ten at Columbus, Ohio. This also is a national feature and means much to the Southwest in its search for the top rung in collegiate football.

But this is the one game the Southwest isn't supposed to win according to the odds-makers, who are establishing Ohio State, the Rose Bowl champion, as a three-point favorite.

Otherwise the odds say this section should triumph with comparative ease against teams of other areas. Texas, for instance, is a 14-point selection against Purdue of the Big Ten at Austin, Rice is given a 12 1/2-point bulge over Santa Clara of the West Coast in a night game at Houston and Texas Christian is a 10-point favorite over Oklahoma A&M at Stillwater, Okla.

Three games will be sectional affairs with Arkansas meeting tough little North Texas State at Fayetteville, Baylor engaging fair-to-middling University of Houston at Waco and Texas A&M clashing with rugged Texas Tech at San Antonio in a night tussle.

Attendance Record Seen
The odds say A&M will trim Tech by 13 points and Baylor and Arkansas, while not quoted as to points, are heavy favorites to beat Houston and North Texas respectively.

It will be a day and night when the Southwest Conference draws its greatest attendance in history. Some 78,000 will turn out at a Columbus, Rice expects 70,000 for its game with Santa Clara; Baylor is due to have 35,000, and Texas looks for 30,000—and that's more than 230,000 for just four games.

The Aggie-Tech game at San Antonio will attract 21,000 while there will be 16,000 at Stillwater and 15,000 at Fayetteville. The grand total for the seven games will be approximately 285,000.

It also will make the formal opening of two new magnificent stadiums—at Waco and at Houston. Waco's is not complete but will hold 49,000 when it is. Rice's is complete and handles 70,000. Sixty-five thousand tickets already have been sold at Houston.

Calling The Shots
Four of our six selections came through last week—an average that matches our bank account. We should improve this week since we have more games with which to work.

Texas vs Purdue at Austin—Texas by three touchdowns; a maddened Longhorn is tough on a Yankee visitor in the September heat of Texas.

Arkansas vs North Texas at Fayetteville—Too much power; Arkansas by two touchdowns.

Baylor vs University of Houston at Waco—University of Houston will enjoy looking over that wonderful new stadium but not the result of the game—Baylor by three touchdowns.

Southern Methodist vs Ohio State at Columbus, Ohio—Won't those guys ever learn SMU is best when the opposition is strongest? We'll take the Methodists 21-14.

Texas Christian vs Oklahoma A&M at Stillwater, Okla.—This ain't Arkansas you're playing, Aggie; Texas Christian by two touchdowns.

Texas A&M vs Texas Tech at San Antonio (night)—The Aggies won't be playing a fired-up team, but if they were they'd still win by a touchdown.

Rice vs Santa Clara at Houston (night)—Santa Clara made the trip by plane this time, remembering what happened to them the time they traveled to Texas by train (Southern Methodist 33, Santa Clara 0), but they'll meet some folks who travel by both land and air and Rice will win 27-7.

Drake's 1949 football team was penalized 103 times for 917 yards, a new college record.

Pups Open Saturday

The John M. Cowden Junior High Bullpups (eighth grade) open their competitive season at 10 a.m. Saturday in Big Spring.

They will meet the junior high eleven of that city. Coach Cochran has worked his boys hard this week in preparation for their opener.

Probable starters for Midland: ENDS—James Claiborne, Dale Jobe.

TACKLES—Lionel Crisp, Carl Baker. GUARDS—Clyde McKandless, Jack Harris.

CENTER—Jim Hunt. BACKS—Tommy Johnson (blocking), Don Stringer (wing), Waylon Brown (full), William Brooks (tail).

Notre Dame, Army, Oklahoma Open '50 Campaigns Saturday

By WILL GRIMSELY

NEW YORK—(AP)—Notre Dame, Army and Oklahoma pick up the strings of college football's gaudiest success streaks Saturday making their season bows on a loaded program.

All of the gridiron elite will be in action across the land as the "one-two-hep" boys try to steal some thunder from baseball's approaching World Series.

The No. 1 attraction is at South Bend, Ind., where the Fighting Irish, tabbed as the country's mightiest, are hosts to the North Carolina Tarheels.

Army, undefeated in 20 straight games, will be unveiled at West Point with Colgate furnishing the opposition. Earl Blaik's Cadets have been rated second behind Notre Dame in the pre-season Associated Press poll.

Southwest Vs. Midwest
Oklahoma's Sooners will make their debut at Norman against Denney Myers' Boston College which was held to a 7-7 standstill last week by Wake Forest. The Sooners are favored to extend their winning streak to 22 games.

The pass-throwing Southwest and the solidly tough Midwest match might result in two of the best games of the day.

Southern Methodist, boasting one of the season's most highly rated backs in Kyle Rote, invades Columbus to test Ohio State's Rose Bowl champions, Texas' Longhorns, meanwhile, are at home with another Big Ten stalwart, Purdue.

Other intersectional plums will see Rice, the Southwest Conference titlist, meeting Santa Clara at Houston and Southern California playing Iowa at Los Angeles. The latter game is Friday night.

Alabama and Tulane knock heads at New Orleans in the game that has Southerners drooling.

John (Model T) Ford Out To Beat '49 Passing Pace

ABILENE—(AP)—John (Model T) Ford, who throws more touchdown passes than anybody, is ahead of his pace of 1949 when he set a collegiate record.

The Hardin-Simmons quarterback, in two games, has two more pass completions and has connected for one more touchdown throw than at the same period last year.

Ford, who completed 26 touchdown passes in 1949 to hang up an all-time record, is ahead of his total offense mark with 205 yards as compared to 181. He has passed for two touchdowns so far as compared to one last year during the same period.

Ford's 1949 mark was 10 of 20 for 192 yards and his 1950 record is 12 of 31 for 224 yards.

The Cowboys meet the Trinity University Tigers Saturday night in Abilene.

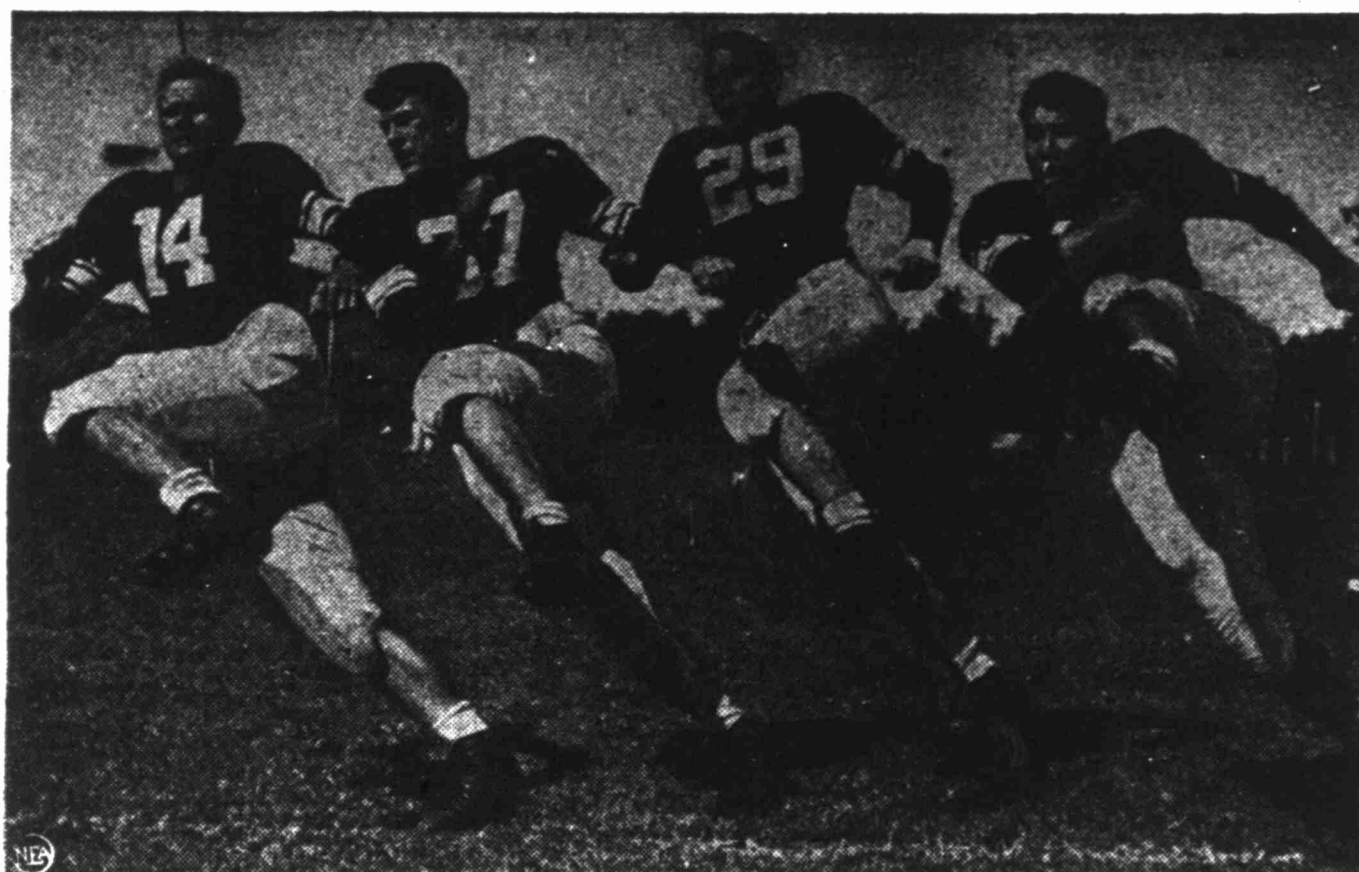

In the 1949 Trinity game, which the Cowboys won 66-13, Ford equalled a national record for the third time when he passed for five touchdowns.

Phillies, Yankees Cinch Tie For Top

By RALPH RODEN
Associated Press Sports Editor

The Phillies in the National League and the Yanks in the American assured themselves Thursday of finishing in no worse than a tie for the pennants in their respective leagues.

Brooklyn, in order to tie the Phillies, must beat Boston twice Friday and the Phillies on Saturday and Sunday.

The Phils are idle Friday and can clinch if the Dodgers split. Detroit, in order to tie the Yanks, must win all three of its remaining games against Cleveland while the Yanks, idle Friday, drop single games to the Boston Red Sox on Saturday and Sunday.

However, Brooklyn was in danger of having its thin chance wiped out. The Dodgers were scheduled to play their third doubleheader in as many days against the Braves at Ebbets Field and the weather forecast was "showers."

If the games are washed out, the Dodgers will be washed out of the pennant picture since Boston is scheduled to play the New York Giants over the weekend while the Dodgers entertain Philadelphia.

Rain also threatened Friday's game between Cleveland and the Tigers in Detroit, but there's a good opportunity to make it up as part of a doubleheader on Saturday or Sunday.

Brooklyn missed the boat Thursday by dividing a doubleheader with the Braves while the staggering Phils dropped their second twin bill in as many days to the New York Giants. Philadelphia's once-imposing lead now stands at three games.

The Dodgers won the opener 6-5, but lost the nightcap 8-4. The Phils were beaten by identical scores of 3-1.

Brooklyn pulled the opener out with a four-run rally in the seventh inning against Mickey Heafner. American League cast-off Sid Gordon started the Dodger on the road to ruin in the nightcap. He tripped with one out in the seventh inning and scored when Jackie Robinson fumbled Tommy Holmes' grounder to shove the Braves ahead 4-3. Del Crandall followed with a home run and the game was in the bag.

Maglie Wins No. 18
Sal Maglie and Sheldon Jones turned back the Phils. Maglie stopped the Phils on five hits to gain his eighteenth victory. Two home runs by Bob Thomson put Maglie in the winner's circle.

Jones scattered seven hits in out-dueling Robin Roberts. The Giants broke a 1-1 tie in the seventh inning, scoring twice when Whitely Lockman blooped a single to left with the bases loaded.

The Yanks were forced to go 10 innings before defeating the tail-end Philadelphia Athletics 8-6. Phil Rizzuto singled home Cliff Mape with the tie-breaking run and then scored the clincher on Yogi Berra's safety.

Tommy Henrich delivered a run-scoring pinch-hit single in the eighth to put the Yanks in front 6-5, only to have Joe Tipton send the game into overtime with a homer in the ninth.

Detroit stayed alive by edging the St. Louis Browns 4-3 in 12 innings. The Browns held a 3-2 lead going into the ninth, when Aaron Robinson, the goat in Sunday's loss to Cleveland, socked a pinch-hit homer to send the game into overtime.

Pat Mullin walked to start the Tiger twelfth. Hook Evers bunted down the third base line but Don Lenhardt had trouble picking up the ball. Lenhardt finally found the handle and when he spied Mullin streaking for third, he fired the ball in that direction. But no one was covering and the ball sailed into left field and Mullin romped home to win the game.

In the two other games the St. Louis Cardinals blanked Cincinnati 7-0 in a night contest, and the Boston Red Sox edged Washington 4-3. Cleveland and Chicago, in the American, and Pittsburgh and Chicago in the National, were not scheduled.

Rankin Horse Wins Race At Abilene

ABILENE—A Rankin horse furnished a big upset in Wednesday's race program at the West Texas Fair.

Dick Mancho, owned by John Christy of Rankin and ridden by Billy Hughes of Junction, clipped Treasure Bound, an odds-on favorite, in the fast three-eighths-mile sprint. Owner of the favored horse is Paul Yount of Fort Worth. Time was 35 seconds flat.

Race Problem Rubs Out Texas Western-Loyola Go

LOS ANGELES—(AP)—Loyola University of Los Angeles, with potentially one of its best teams in recent years, has chosen to forfeit the game with Texas Western College at El Paso Saturday because of restrictions against negro players.

Only one Loyola negro athlete, Halfback Bill English, was scheduled to make the trip Friday, but the Rev. Charles S. Casassa, president of Loyola, declared:

"We cancelled the game not only because of public opinion here in Los Angeles, but generally throughout the country. Several schools have refused to play in the South unless they could use all their players, white or negro. We felt the same way."

Father Casassa said he so advised Dr. W. H. Ekins, Texas Western president, Thursday night after Loyola authorities considered the decision two days.

"The Texas Western people have been very decent about this problem," said Father Casassa, "but they couldn't do anything against the policy laid down by the Texas Board of Regents, which controls Texas Western."

Loyola has two negro players on the squad, but the other, Fullback Vernon Horn, was injured and was not slated to make the trip. The Lions also have a negro trainer, Oscar Cunningham.

The decision was reached "regretfully," Father Casassa said, and Coach Jordan Oliver was kept informed of developments.

Oliver, former Villanova head man who came here last year, has developed a team which many experts placed among the strongest independents on the coast. The 1950 Lions opened their season last week with a 50-13 victory over Pepperdine after winning the last five games on their 1949 schedule.

5-A Schedule
District 5-A football games Friday night are:
Crane at Andrews.
Denver City at McCamey.
Monahans at Fort Stockton.
Pecos at Kermit.

It would require about 500 years to complete every course offered at Yale.

Suggs, Zaharias Are One-Two At Wichita; Bauer Sisters Trail

WICHITA, KAN.—(AP)—Golf professionals Louise Suggs and Babe D'Kson Zaharias were queenpins Friday after one round of the Women's National Open Tournament, but four amateurs trailed close behind.

The \$5,000, four-day meet started Thursday. Miss Suggs, the defending champion from Carrollton, Ga., playing out of Cincinnati, turned in an opening-round 84. It was the only sub-par round on the 6,203-yard, par-75 Rolling Hills Country Club course.

Mrs. Zaharias made the first round in even 75. The amateur class had Beverly Hanson of Indio, Calif., the new national champion; Betty Bush of Hammond, Ind.; Betsy Rawls of Austin, Texas, and Ann Casey Johnston of Mason City, Iowa, only two strokes off the pace with 76's.

Two other former open champions, Patty Berg of Minneapolis, and Betty Jameson of Dallas, were in the 77 bracket with Alice Bauer of Midland, Texas.

Marlynn Smith, Wichita, and Shirley Spork, Detroit, both pros, had first-round 78's, a stroke better than Marlene Bauer, Midland.

The Purple team was scheduled to

Purple, Forest Clash In Dallas

Midland's Bulldogs, seeking win Number Two and Forest High of Dallas, still looking for its first win, tangle in Dallas Friday night.

The football fray gets underway at 8 p.m. The site is Dal-Hi Stadium in Dallas. Forest thus far has dropped two ball games. It lost to Tyler 20-7 the first time out. Tough Lamar of Houston took the Lions 27-0 last week.

Midland won 14-7, in its only start of the season, beating Yaleta. The Bulldog team has been working hard to stop the expected Forest aerial attack—the Lions like to throw that ball.

Radio station KCRS of Midland will air the game beginning at 8 p.m., for convenience of Bulldog fans who could not make the trip to Dallas.

The Bulldogs arrived in Dallas at 3 p.m. Thursday, where Coach Tugboat Jones sent his charges through a light workout at Dal-Hi Stadium.

Humble Schedules Broadcasts Of All SW Weekend Games

A series of four of the nation's top intersectional games and two interesting home-state meetings are on Humble Oil & Refining Company's football broadcast schedule this weekend.

Two strong Big Ten squads are on the list of Saturday games—Texas-Purdue at Austin and SMU-Ohio State from Columbus, Ohio. Rice and Santa Clara open the Owls' big new stadium, while TCU challenges Oklahoma A&M at Stillwater, Okla. Texas A&M and Texas Tech will renew their series at San Antonio, and Baylor delicately its new bowl against fast-growing University of Houston.

The six games are divided into four day contests and two night meetings.

Purdue's invasion of the University of Texas' Memorial Stadium will be called by Kern Tipton and Alec Chesser. The broadcast begins at 1:50 p.m. over stations KGKL, San Angelo; KBST, Big Spring; KCRS, Midland.

SMU-Ohio State
The SMU-Ohio State broadcast will begin at 12:30 p.m. with a description by Ves Box and Buddy Bostick from the Buckeyes' huge stadium in Columbus. The game will be heard over WFAA-WBAP-570, Dallas-Fort Worth; WOAI, San Antonio.

At 1:20 p.m. from Stillwater, Okla., Jerry Doggett and Dave Russell will cover the TCU-Oklahoma A&M game, with the broadcast to be heard over WBAP-WFAA-820, Fort Worth-Dallas, and KFDX, Wichita Falls.

Charlie Jordan and Hal Thompson will join in calling the play-by-play and color of the Baylor-Houston game from Waco. Broadcast time is 1:30 p.m. over stations KWTX, Waco; KXYZ, Houston.

On the evening schedule, at 8:05 p.m., the Rice-Santa Clara game will be broadcast by Eddie Barker and Bob Walker on KTRH, Houston.

Texas A&M and Texas Tech's meeting in San Antonio will be aired by Bill Michaels and Jim Wiggins. Broadcast time will be 8 p.m. over stations KFYO, Lubbock; WRR, Dallas; KRBC, Abilene; KGKL, San Angelo; KBST, Big Spring; KCRS, Midland.

'B' Bulldogs Play Grandfalls Friday

The Midland "B" Bulldogs play their second game of the season at 8 p.m. Friday in Grandfalls.

The Bees lost their first encounter of the year to Big Lake 25-13. They hope to break into the win column this week.

It is the opening action for Coach Powers' Pups and he says they are anxious to open with a win.

Many of these Pups are off championship elementary teams of the past and have grown up to Bullpup action.

On the morning of the game, he died.

His son played his best game that night. The Eagles dedicated the game to the deceased Hobbs' father.

Elson scored one touchdown on a long punt return, completed 14 of 21 passes, two of them going for touchdowns. Hobbs won 20-0, to completely outclass Carlsbad.

They are rough, when they are fired up—any team, for any reason.

Rather disappointing crowds witnessed two Donkey Baseball games just played here—and we can't understand why.

The game is fast, funny, and entertaining. Yet less than 150 fans turned out the first night, with slightly over 100 the second night.

Fans would have seen some good games. The Midland Jaycees won from Odessa 3-0 Tuesday, 3-2. They tied the Midland Optimist Club 2-2 Wednesday night. Both were fine ball games.

But Donkey Baseball just won't draw fans—even if you name the ungainly mounts Stan Musial or Joe DiMaggio.

From the looks of things up at Midland High School, the basketball team may be a fine one here this year.

Of course, it's too early to be predicting any sort of a season for the game teams, but the Midland school does have quite a number of boys who look good in PE classes—and a lot of the Bulldog gridders will shed blocking pads for knee pads this winter.

Coach F. D. Rutledge will tutor the Bulldog basketballers. He succeeds Jack Mashburn, who turned out some fine teams while at the helm from 1946 through last season. Mashburn, who tutored the Bulldog "B" game five's before taking over as head man, now is Dean of students at Midland High School.

DOTS AND DASHES: When 59-year-old James Barrow—a laborer and one-time boxer—died in London last week, a bullet was found in one of his kidneys. The coroner ruled that death was caused by the bullet—a German rifle shell which wounded Barrow during World War I... just another example of the freaks in sporting figures lives... They say Espard Charles started making cracks at Joe Louis at the weigh-in... before their bout Wednesday night... "You're looking good, Joe," Ez is reported to have said, "and I see you still have that spare tire around the middle"... Joe didn't answer, then or in the fight either... For the untimely time, owner Dick Burnett of the Dallas Ball Club, and manager Charlie Grimm have denied they are settling Grimm's contract so Charlie won't be back next year... Jerry Bohannon, a tackle for induction in the Army next week... Black Jack Kidwell, Bulldog lineman of 1945-46 reports soon, too... R. A. "Bull" Whitson, '45-'48 Bulldog letterman, reported to the service last week... as did Howard Mickey, Bulldog team mate of the boys mentioned above... That's all the ramblings down the Row.

Greer didn't turn a red hair.

The owner of the calf, Roy Delashaw, 21, of Bovina, Texas, ended up by naming the calf "Dela Swiss Greer Garson."

The larger a bird happens to be, the longer its life span.

CARRAHH!—Miami halfback Mike Vaccio hurdles an imaginary tackler during practice at Coral Gables, Fla.

Seventh Grade Pups Play Stanton Here

The John M. Cowden Junior High Bullpups (Seventh Grade) will meet a Stanton eleven at 10 a.m. Saturday at Stanton.

It is the opening action for Coach Powers' Pups and he says they are anxious to open with a win.

Many of these Pups are off championship elementary teams of the past and have grown up to Bullpup action.

'B' Bulldogs Play Grandfalls Friday

The Midland "B" Bulldogs play their second game of the season at 8 p.m. Friday in Grandfalls.

The Bees lost their first encounter of the year to Big Lake 25-13. They hope to break into the win column this week.

It is the opening action for Coach Powers' Pups and he says they are anxious to open with a win.

Many of these Pups are off championship elementary teams of the past and have grown up to Bullpup action.

On the morning of the game, he died.

His son played his best game that night. The Eagles dedicated the game to the deceased Hobbs' father.

Elson scored one touchdown on a long punt return, completed 14 of 21 passes, two of them going for touchdowns. Hobbs won 20-0, to completely outclass Carlsbad.

They are rough, when they are fired up—any team, for any reason.

Rather disappointing crowds witnessed two Donkey Baseball games just played here—and we can't understand why.

The game is fast, funny, and entertaining. Yet less than 150 fans turned out the first night, with slightly over 100 the second night.

Fans would have seen some good games. The Midland Jaycees won from Odessa 3-0 Tuesday, 3-2. They tied the Midland Optimist Club 2-2 Wednesday night. Both were fine ball games.

But Donkey Baseball just won't draw fans—even if you name the ungainly mounts Stan Musial or Joe DiMaggio.

From the looks of things up at Midland High School, the basketball team may be a fine one here this year.

Of course, it's too early to be predicting any sort of a season for the game teams, but the Midland school does have quite a number of boys who look good in PE classes—and a lot of the Bulldog gridders will shed blocking pads for knee pads this winter.

Coach F. D. Rutledge will tutor the Bulldog basketballers. He succeeds Jack Mashburn, who turned out some fine teams while at the helm from 1946 through last season. Mashburn, who tutored the Bulldog "B" game five's before taking over as head man, now is Dean of students at Midland High School.

DOTS AND DASHES: When 59-year-old James Barrow—a laborer and one-time boxer—died in London last week, a bullet was found in one of his kidneys. The coroner ruled that death was caused by the bullet—a German rifle shell which wounded Barrow during World War I... just another example of the freaks in sporting figures lives... They say Espard Charles started making cracks at Joe Louis at the weigh-in... before their bout Wednesday night... "You're looking good, Joe," Ez is reported to have said, "and I see you still have that spare tire around the middle"... Joe didn't answer, then or in the fight either... For the untimely time, owner Dick Burnett of the Dallas Ball Club, and manager Charlie Grimm have denied they are settling Grimm's contract so Charlie won't be back next year... Jerry Bohannon, a tackle for induction in the Army next week... Black Jack Kidwell, Bulldog lineman of 1945-46 reports soon, too... R. A. "Bull" Whitson, '45-'48 Bulldog letterman, reported to the service last week... as did Howard Mickey, Bulldog team mate of the boys mentioned above... That's all the ramblings down the Row.

Greer didn't turn a red hair.

The owner of the calf, Roy Delashaw, 21, of Bovina, Texas, ended up by naming the calf "Dela Swiss Greer Garson."

The larger a bird happens to be, the longer its life span.

King's Row

By LARRY KING

Tugboat Jones, speaking to the Midland Bulldog Booster Club Tuesday night spoke of how difficult it is to be a team that is "fired up." Tug says, and we agree, that it is next to impossible to do.

There have been many cases of teams being set on fire by quirk of fate.

Illness in the coach's family, death of the father of one of the players, winning a game for a former teammate—all these have been the underlying factor for a lot of upsets.

—KR—

Another way to really have a team something is to have the boys read something that has been printed about them.

That's what happened to the Bulldogs.

After Coach Tugboat Jones read them an article from a Dallas paper Wednesday afternoon, the kids really were steamed up. They wanted to prove themselves.

Most of the Dallas article was that Midland isn't nearly as strong as Tyler or Lamar of Houston, the past opponents of Forest.

In fact, the article said "Forest should break into the win column handily."

With that, the kids began a slow burn.

It should pay off in touchdowns Friday night.

—KR—

We had a chance to see an incident illustrating this point, last season when we were with a paper in New Mexico.

Hobbs and Carlsbad both were unbeaten and rated the two top teams in the state. Their game was a toss-up, for a winner.

The father of Hobbs' quarterback Charles Ellison was confined to bed, and was very ill. He looked forward to the Carlsbad fray—he couldn't be present, but he would be tuned in by radio.

On the morning of the game, he died.

His son played his best game that night. The Eagles dedicated the game to the deceased Hobbs' father.

Elson scored one touchdown on a long punt return, completed 14 of 21 passes, two of them going for touchdowns. Hobbs won 20-0, to completely outclass Carlsbad.

Schools Gain Under Gilmer-Aikin Program

AUSTIN —(AP)—The number of classroom teachers increased from 46,105 to 51,513 during the first year of the Gilmer-Aikin school program, the Texas Education Agency reported Friday.

Average annual pay increased from \$2,659 in 1948-49 to \$3,042, and school personnel with master's degrees was up from 8,563 to 10,901.

Two-Year Sentence Assessed In Slaying

SAN ANGELO —(AP)—A jury Thursday night convicted J. O. Curry, 32, of murder and fixed his sentence at two years in prison.

Curry, itinerant oil field worker, was charged with killing Buddy Bailey of San Angelo on Sept. 11, 1949, in a fight which started over possession of a bar booth.

Curry was under a three-year suspended sentence in Upton County for theft.

Permian Basin Oil And Gas Log—

(Continued From Page One)
that region which is owned by Earl Powell of Santa Rosa, N. M. It is located in blocks 33 and 36, T&P survey, in township one north, range one east.

Forest and Pan American acquired the lease after conducting a six-month seismic exploration program on the property.

At the time the seismic contract was made the companies were given an option to acquire the lease at the end of six months.

That option has been exercised. The lease was acquired from Harry Adams, Hollis Tyson, and Jefferson Davis, all of Midland, and Dr. G. T. Hall of Big Spring. Those operators held the lease for the past two years.

Amount of the bonus paid was not disclosed.

There is a possibility that Forest and Pan American may drill a wildcat to around 12,000 feet to explore the Devonian at some place on the Powell acreage sometime during 1961.

Producer Added To Tex-Harvey Region

Another producer has been added to the Tex-Harvey field of Central-East Midland County. The new well is Tex-Harvey Oil Company No. 3-16 Mrs. B. W. Floyd inside production at the southwest side of the field.

The No. 3-16 Floyd flowed 196 barrels of 39.8-gravity oil plus two per cent water on the 24-hour potential test through a 24/64-inch choke.

The producing horizon from top of pay at 7,065 to total depth of 1,928 feet was shot with 2,536 quarts of nitro glycerin.

Gas-oil ratio on the test was 400-1.

Seven inch oil string was set at 7,065 feet.

Location of the new producer is 680 feet from north and 672 feet from east lines of section 16, block 37, T&P survey.

Offset Is Completed To Terry Discovery

An east offset to Amerada Petroleum Corporation No. 1 Willard, discovery from a reef lime one mile northwest of the shallow Adair pool of South Terry County, has been completed by that concern for 1,135 barrels of 42.9-gravity oil plus three-tenths of one per cent water daily.

The completed producer is Amerada's No. 1 W. O. Miller, 660 feet from north and 1,980 feet from east lines of section 6, block C-37, psi survey.

Potential was based on an actual 13 hour and 15 minute flow through a one-half inch opening.

Pay was topped at 8,505 feet. Total depth of the extension is 8,560 feet. The pay horizon was treated with 2,000 gallons of acid. Gas-oil ratio on the test was 536-1. Pressure on casing was zero and on tubing 400 pounds.

Ellenburger Oil Is Swabbed In Fisher

Prince Brothers No. 1 Bennett, Northwest Fisher County exploration, about five miles southwest of Rotan, swabbed 85.7 barrels of oil and no water in 20 hours from pay at 6,780-89 feet in the Ellenburger.

The section making the oil is in open hole and has been treated with acid.

Operator is continuing to test for completion. A pump probably will be installed before potential test gauge is run.

This development is a west offset to the discovery well of the Bennett-Ellenburger field, and is in section 51, block 2, H&TC survey.

Discovery Completed In SW Nolan Sector

Sun Oil Company has completed its No. 1 J. P. Maddox as a small pumping discovery from the Ellenburger in Southwest Nolan County, 21 miles southeast of Roscoe.

The wildcat completed for a 24-hour pumping potential of 16 barrels of oil plus four barrels of water.

The production is from open hole in the top of the Ellenburger at 7,116-32 feet. Gravity of the oil is 47.1 degrees.

Location is 660 feet from south and west lines of section 43, block 1-A, H&TC survey. Top of the Ellenburger is 7,114 feet. Elevation is 2,522 feet.

Stepout Drilling In NE Stonewall

Deep Rock Oil Corporation and others No. 1-B C. B. Long, north stepout to that concern's No. 1 Long, discovery of the Kiowa Peak-Strawn pool in Northeast Stonewall County, has been started and is drilling below 1,900 feet.

Location for the extension attempt is 1,320 feet from south and 680 feet from east lines of section 3, George P. Oliver survey.

Drillite is 1,980 feet north of the discovery well.

Outpost Scheduled In Central Runnels Area

Anderson-Reynolds No. 2 Hugh Campbell will be drilled as a south-west outpost to production in the Runnels field of Central Runnels County.

Drillite will be 3,120 feet from west and 1,880 feet from north lines of J. Bays Survey 530-6-8. It is

slated to be drilled to 4,400 feet with rotary.

It will be five miles north of Ballinger.

Burdell Oil Company will drill its No. 2 Z. Sowell as an outpost to production two miles northeast of Brothe.

Location for this venture will be 467 feet from northwest and southwest lines of C. C. Phillips survey 18.

Runnels Wildcat Is Indicated Discovery

John A. Messenger No. 1 Mrs. Nora May Jones, wildcat four and one-half miles east and slightly north of the Winters-Strawn field and five miles southeast of Winters in Northeast Runnels County, has been indicated as a probable Gardner sand strike.

The prospect is now circulating and will probably run casing.

Recovery on a 30-minute drillstem test from 4,078 to 4,088 feet was 450 feet of free oil. Gas showed to the surface in two minutes and oil in eight.

Total depth of the No. 1 Jones is 4,101 feet.

Exact location is 330 feet from south and 523 feet from the south-east lines of the 137-acre lease in block 535, E. M. H. survey.

Plugging Orders Issued In Runnels

Humble Oil & Refining Company No. 1 W. W. Parramore, wildcat five miles southwest of Winters in North-Central Runnels County, was preparing to plug and abandon at 5,076 feet in Ellenburger which was topped at 4,764 feet.

The failure is 1,980 feet from the north and east lines of section 47, HT&B survey.

No signs of commercial production were encountered in any section of the hole.

Another Producer Added In SW Kent

Kewanee Oil Company has completed its No. 1-D Will (Connell) as the second producer from the Pennsylvanian in the East Polar field of Southwest Kent County.

The No. 1-D Will potentiated for 100.84 barrels of oil plus seven and one-half per cent water daily on the pump. Gravity of the oil is 34.4 degrees.

Total depth of the one-quarter mile north extension to the East Polar field is 7,045 feet. Pay was topped at 7,031 feet. Production came through perforations at 7,026-7,045 feet after they had been washed with 500 gallons of mud acid.

Operator reported the gas-oil ratio on the potential test to be 1-150-1.

Location is 1,980 feet from north and east lines of section 3, block 4, H&GN survey.

Sharon Ridge-Canyon In Scurry Is Extended

A one-quarter miles south extension to the west side of the Sharon Ridge-Canyon field in Scurry County has been completed by Humble Oil & Refining Company.

The extension is the No. 1 Gilbert Richter, completed for 542.65 barrels of 44.5-gravity oil daily through a one-quarter inch choke after being acidized with 500 gallons of acid through perforations from 6,660-6,748 feet.

Gas oil ratio on the test was 958-1.

The new producer is located in section 97, block 25, H&TC survey. It is 660 feet from north and west lines of the section.

NOTICE TO BIDDERS
