City Water Supply Believed Ample For Summer Months

Wellington is in no danger of not having enough water for the summer months, was the observation of Bura Handley, city manager of Wellington on Thursday, May 28.

"We have two new wells and they will help us over the rough months ahead. In pumping tests on Wednesday, May 27 they were delivering 100 and 300 gallons of water per minute. With these two new additions we will have enough water to last the people of Wellington. However, this will not be true if some of the machinery breaks or we have a cave-in, the manager stated."

The people can use all the water that they need and with the wells pumping like they are, we will not be in any danger of rationing.

So far, the city will have to buy a new pump to fit the new 300 gallon well. We have a great potential in both wells.

Last year we received only 11 and one-half inches of rain and that was about one-half of our normal moisture. That affects our water for the city in a large way, Mr. Handley asserted.

On Monday, May 25, we had our backs to the wall. We had used nearly all our water, but with all the pumps going full blast we got our reservior full and now everything is just "rosy" he asserted.

Our daily consumption during the hot days was nearly 700,000 gallons per day. We plan to get more water from the old wells by working on the reperforating in the pipes. Some our old wells will probably be adandoned because in the long run they are costing us money to operate them, he continued.

B. L. White Hurt In Car Accident

B. L. White of the Loco community was injured Saturday night, May 30, four miles west of Childress, when the car in which he was driving collided with a car driven by Sgt. John Fulton of Memphis. Miss Janice Clayton riding with Fulton, was also injured.

All three were hospitalized in the Childress hospital.

Mr. White received severe facial lacerations and possibly internal injuries, a report of hospital attendents to his son, J. R. White said.

White was driving a late model Chevrolet and going west on highway 287. Fulton and Miss Clayton were traveling east toward Childress. From the reports Fulton was following a truck, about 75 feet. As White met the truck and passed it he pulled into Fulton's lane. The collision resulted, J. R. White said.

White, a farmer in the Loco community was taken from the Childress hospital, Monday morning. He was moved to the residence of his son, in Wellington. His condition is reported as good.

Diamondback Killed on Creek

It is rattlesnake time again. To prove that Jerry Reynolds of the Samnorwood community brought in a 57 inch diamond back rattlesnake to Leader Tuesday morning, June 2.

Jerry was taking his dad, M. G. Reynolds to work about 7:30 a.m. The snake was spotted on Elm Creek and since there were no weapons other than rocks handy, they used these.

The snake had 12 rattlers and one button.

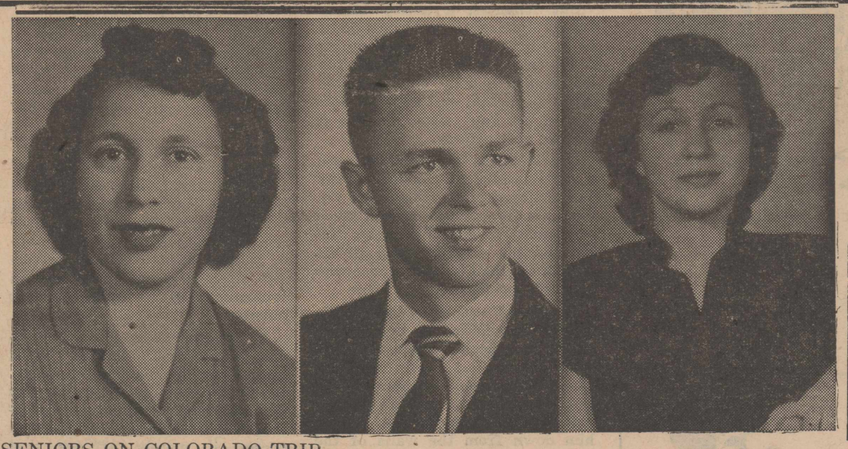

Gin Manager to Engine School

By MRS. G. T. STEPHENS

L. R. Breland, superintendent of the Tindall Gins of Twitty, Leroy Pate, manager of the Quail Gin, and the mechanic for the Tindall Gins, Willie Merrit, went to Clinton Iowa, to attend the Climax Engine School. They went Friday, May 22, and returned Friday, May 29. They studied the Climax engines while there.

At present work is being done on the Quail Gin. They are installing new Murray gin stands. The change is being made for the speed element involved.

Mr. Pate said he was looking forward to this fall's cotton crop with optimism.

SENIORS ON COLORADO TRIP

These three Dodson seniors, who form the smallest class the school has graduated in many years, are now on their annual class trip, along with the junior class. The group is visiting points in Colorado and will go as far north as Denver. Class members are Ferna Fae Royal, salutatorian, Edel Bonneau, salutatorian, and Melbadean Vaughn. The boys and girls, making the trip by bus and accompanied by teachers and class parents, are due home this week.

All Grain Going Into Loan

M. G. Duvall Sells First 1953 Wheat at Dodson Saturday

The Collingsworth County wheat harvest opened Saturday, May 30, when M. G. Duvall of near Dodson delivered a load to the Farmers Co-op Elevator about 2:00 p. m.

The first load was delivered in Wellington Monday morning, by W. C. Harwell of the Fresno community and bought by the Warrick Elevators.

Cutting was beginning in scattered points through the southern part of the county Tuesday. Mrs. L. F. Cox of Loco delivered a load Monday and another Tuesday and Robert Posey brought in a small load Tuesday.

On the whole, it is believed the county's wheat crop may be some better than was anticipated a few weeks back. Although drouth has caused thousands of acres to be abandoned over the county, most of the buyers of the county estimate an eight-bushel average on that which is cut.

The first load of wheat, sold by Mr. Duvall and cut by Jack Holsenback of Dodson, amounted to 108 bushels and tested 60, Ed Crowder, elevator manager, announced.

No premium was paid Mr. Duvall on his first load, but it was bought by the Co-op at $2.10 per bushel.

Mr. Harwell's load delivered here, 40 pounds, tested 58 and had a 15-.41 moisture content.

Mr. Harwell put his wheat in the government loan at the current local rate of $2.06 ½ per bushel. Both this wheat and Mr. Duvall's graded No. 1.

Mrs. Cox, whose farm is in the north edge of Childress county, delivered 200 bushels Monday and 11,590 pounds Tuesday. This latter load tested 58 and had a moisture content of 9.49.

With the exception of the first load, all wheat has gone in the loan, as far as could be learned, since the loca market on No. 1 wheat Wednesday stood at $1.92 per bushel. The loan rate at Dodson was $2.07.

Mr. Crowder said that he has loaded two cars of wheat in the first three days of the harvest and is now loading the third. A survey of the wheat of the Dodson section shows that around 20 per cent of the planted acreage has been abandoned. Some of the grain in that area, he said, will make as much as 15 or 16 bushels per acre, while other fields will do well to cut two bushels. A six-bushel per acre average is being estimated for that section.

Although this is the shortest crop raised in the county in recent years, both growers and buyers feel the turn-out is good considering the amount of moisture that has fallen on the wheat since planting time last fall.

Although the last year or two have given dry springs, it is generally considered that the entire growing season for the wheat is the dryest since the dust-bowl days of 1934-36.

Give Fleurescent Tape Friday

JayCees Push Bicycle Safety Campaign

With summer bringing out youngsters and their bicycles in full force, Wellington JayCees this week announced that on Friday evening, June 5, they will give a strip of scotch-lite tape free to every boy and girl bringing their bikes to the west side of the square.

The time for this event is 5:00 p. m., and the JayCees will apply the tape to the fender of each bicycle.

"The club is doing this as a safety measure," Chuck Allen and Denzil Bevers, who are working with the drive, said.

"Every driver realizes how hard it is to see a child riding a bicycle along the road at night, especially if that bicycle has no reflector. The tape we're giving the boys and girls is the same as that used on car bumpers and it is plainly visible for a considerable distance when hit by the light of an oncoming car. For the safety of our children, we urge every boy and girl who has a bike to be on hand Friday afternoon."

The JayCees also will be selling the tape to car owners.

This is part of a fund raising drive on the part of the Junior Chamber of Commerce.

"The JayCees do not ask merchants for contributions to support our activities. Our only methods of raising money are in such sales campaigns as we are conducting now," Mr. Allen pointed out.

Crowley Named Manager of United

Herman Crowley has assumed management of the local United Super Market. His duties took effect Monday morning, June 1, Mr. Crowley replaces Gurney Jones, who is taking leave and have a short rest.

Mr. Crowley has been associated with United Super Markets for the past two years. During that time he was assistant manager at the Vernon Store.

He is a member of the Baptist Church and was active in the Junior Chamber of Commerce work in that city.

He was born and reared at Vinson, Oklahoma.

The manager is married and they have one son, David. Mrs. Crowley and David will move to Wellington in the next few weeks.

Cases Heard in District Court

In a district court session Monday, June 1, before Judge Luther Gribble, a motion by the plaintiff's lawyers was overruled in the case of the City State Bank vs. Nathan Lumus of Shamrock.

Judge Ralph Porter and Billy Lowe of Clarendon represented the plaintiff, while Guy Hardin of Shamrock was the lawyer for the defendant.

In an earlier session of court, cases for the September session were set, including: James Doneghy vs. R. L. Templeton et al, a tax suit; James W. Bayless et al vs. Steve Owens, dba Steve's Butane Co., transferred from Carson County, a damage suit; Danny T. Hill and Dawn Elaine Hill, minors, by their guardian, vs. D. A. Moore, a damage suit.

Two divorces were granted at the same session: M. I. Harris vs. Ola Mae Harris; Oleta Marcella Bridges vs. James Ernest Bridges. One divorce case was dismissed.

Cotton Experiment

Norwood FFA, SCS and Phillips Co. Co-operate on Cotton Fertilizer Test

The Samnorwood FFA chapter, the Salt Fork Soil Conservation District, and the Phillips Petroleum Company are joining in an experiment to determine the results from fertilized and unfertilized cotton.

The 10-acre experimental plot is located on the Harry Jones farm, a mile and a half northwest of Samnorwood. The Future Farmers will plant and work the crop, under the direction of Lee Christie, vocational ag instructor.

The Soil Conservation District is furnishing technical assistance. Already a soil analysis has been made and fertilizer recommendations turned over to the FFA.

Phillips Petroleum Company is sponsoring the experimental plot, and will furnish the fertilizer. Phillips manufactures amonium nitrate, one of the elements of the fertilizer.

The SCD has recommended from 250 to 350 pounds of 5--10-5 (nitrogen-phosphorus-potash) per acre.

"It was our opinion and the opinion of nearly everyone around here that land in this section does not require potash, but the soil analysis we are making for farmers over the Salt Fork District shows that we do," Fred Squyres, work unit conservationist of the Soil Conservation Service observed.

In connection with the experiment, part of the plot will be fertilized, while the cotton on the remainder will be grown without fertilizer.

Methodist Pastors Returned to Two County Churches

Rev. J. F. Michael, pastor of the First Methodist Church was returned to the Wellington church at the annual meeting of the Northwest Texas Conference. The annual conference opened Wednesday May 27 and concluded with the reaeding of the appointments. Sunday, May 31.

Rev. John Fitzgerald of the Dodson and Kelly churches was returned to his charge. The Wellington circuit pastor, L. D. Cleveland was transferred to the church at Kirkland. His successor has not been named.

Pastors who have served the county Methodist churches are listed with their present charges.

Reverends Carlton Thompson. Plesant Valley, Hubert Thompson San Jacinto; Lester Hill, Canyon; W. B. Hicks, Pine Street Dalhart; C. D. Damron, Southland; and Hugh Blaylock of Anton. Noel Bryant, First Church Borger.

Rev. J. Edmond is now the District Supertendent of the Pampa District. This is his second year to srve in that capacity.

Rev. E. E. White is the new District Supertendent of the Childress District. Rev. White was elevated to this post to replace Rev. W. E. Hamilton who is retired from the ministry. Rev. Hamilton had served this area of the conference for many years as first as a pastor and then later as the supertendent. Rev. White was pastor of the First Church in Childress before he was elevated to the new job. He had served as supertendent in one of tthe districts in Missouri.

Rev. Michael will preach at the 11:00 hour this coming Sunday morning. The Sunday school is to begin at 10:00.

The evening service at the Methodist Church will feature James Glasscock, as the guest speaker. His subject will "Is God First in Your Life."

The evening worship service will begin at 8:00 and an old time gospel singing will be featured. Ollie Wilson is the director of evening singing.

County Merchants To Dallas Market

A group of county merchants, including Mr. and Mrs. Earl Reynolds of Dodson, Mrs. Percy Wells, Jim Llorente, Mrs. J. L. Burt, Mrs. Harold Elbert, Mrs. Frank Pope, Mr. and Mrs. Mack Saied Sr. and Mack Saied Jr., were among the 5,000 buyers who attended the fall market held in Dallas from May 24 through 29.

Five hundred manufacturers representatives, who comprise the American Fashion Association, displayed over 1,100 lines of women's and childrens apparel at major Dallas hotel and in the permanent wholesale showrooms at the Dallas Merchandise Mart.

Headline events of the fall market were the breakfast clinic style shows held May 26 and 27. "From the Earth Rises Autum Beauty" was the theme of the shows which included seven promotions for a "fall fashion harvest." The fashions shown were from the fall lines shown in the market.

The next market week will be held in Dallas August 12-24, and will feature midwinter and holiday fashions.

1953 Moisture Five, Half Inches

Five and one-half inches of moisture have fallen in Wellington during the first five months of 1953, according to the record of the official weather observer, Jim Williams.

During the month of April the biggest rains fell. They totaled 2.66 inches. The lowest month was March with only .06 inches reported. May registered .74 of an inch, according to the official records.

FHA Plans Trip To Craterville

Wellington Future Homemakers will hold a called meeting at the high school Thursday, June 4, at 1:30 p.m., to make plans for their trip to Craterville Park.

The girls will leave on the trip Monday, June 8, and return Thursday, June 11, Miss Sandra Ainsworth, homemaking instructor, said.

All Future Homemakers are eligible to go on the trip.

Public Hearing Called on Proposed Gas Increase

The City Council, in a meeting Tuesday night, June 2, with representatives of the Lone Star Gas Company, asked for a public hearing on the proposed increase of rates which the gas company is asking for Wellington, Mayor L. B. Bratten said Wednesday morning.

The date for the hearing has not been set definitely, but it is expected to fall within the next week.

Representing Lone Star Tuesday night were Harry King of Childress, district manager, and D. C. McKinney, local manager. These two have handled the increase request for their company since it was made to the council last winter.

"We urge the public to attend this hearing. We are asking it so that you may know the questions involved in the matter. The issues on both the city's side and the gas company's side will be presented," Mayor Bratten urged.

Two things stand in the way of settlement of the proposed increase in rates, Mayor Bratten pointed out.

1. The requested 30c per thousand cubic feet gate rate. This is the price which the Lone Star Gas Company distribution system pays its gathering system, the Lone Star Pipe Line Company. The rate charged by United Gas Corporation was 25c per thousand cubic feet. It was pointed out by Mr. Bratten that the Federal Power Commission several years ago granted Lone Star permission for the 30c gate rate on its then existing system. The city is asking that the 25c gate rate which was in effect at the time of purchase of the local system be continued.

2. Valuation of the Lone Star Gas Company Wellington properties. On this question, Lone Star is seeking to base the valuation of its properties on present replacement costs. The City feels that the valuation should be based on Lone Star's purchase price from United Gas, or on the book value of United. The Texas Railroad Commission, it was explained, allows a public utility to make an 8 per cent profit, based on property valuation, and if the profit runs higher than this, a revision of the rate structure must be made.

Wellington is only one of several towns in which Lone Star is asking a rate increase. A few days ago the Childress City Council granted the increase asked provided Lone Star can satisfy City Attorney John Forbis that the Federal Power Commission ruling covers the Childress Distribution System.

Of the more than 300 towns now served by Lone Star, only 15 do not have the rate structure which is being asked here, Mayor Bratten said.

Aldermen present for the Tuesday night meeting were Luther Sullivan, Jones Singley, Lester Hunter, Dr. Tom Hunter, Jack Brisbin, also Mayor Bratten, City Manager Bura Handley and City Attorney Paul Spillman.

The entire dealings between the city and the gas company have been on a friendly and amicable basis, Mr. Bratten declared, with the two parties seeking to reach agreement on as many points as possible.

The increase asked for by the gas company would amount to an estimated approximately four cents per day per customer.

Quail Meets Childress In First Double-Header

Quail will continue to do battle this week while the home-town Junior Dukes will rest and try to roundup their forces for the coming battles in the Salt Fork league.

Quail will entertain Childress Orioles in a double-header at the Quail diamond. The game is called for Sunday, June 7. Game time is slated to begin at 2:00 p. m.

This game is slated to be a test of the strength of Quail and Childress. Both teams haven't lost a game in the league and which teams wins this crucial double-header will likely lead the league for the rest of the season. However, you can't count out the other teams in the league. Wellington is planning to get some new blood and when that happens all the other teams in the circuit had better get some armour for protection.

"Wellington will work-out at the local park. We plan to get some of the flaws out of our team and then we can get down to the business of winning," Paul Spillman said.

The following Sunday, June 14, Wellington will entertain the Childress Orioles in a double-header. The first game will open at two o'clock.

Best Season Ever

Free Swimming Classes Offered at City Pool

Swimming is the most popular pastime in Wellington during these hot summer days. The first week of this swimming season was reported by Donald Briggs, manager, as one of the best in the history of the Marian Airpark Pool. Young and old are taking to the water like ducks.

"We have had many inquires about the swimming classes," Briggs, said.

If all of the beginners in all ages will come to the pool on Monday, Wednesday, and Friday at 1:00, we will try to give them instructions on swimming. If you can swim a "lick or two," please come at 1:30. Later, in the summer about July 1, we plan to have a life saving course. This will last for about two weeks," Briggs declared.

Anyone interested in getting into one of these classes call Don Briggs on 108-J, he requested.

Roping Season to Open In Local Arena Sunday

Wellington's Roping Club will begin its regular activities this Sunday June 7, according to Cameron Beam, president. Two o'clock is the time for the men to begin their roping.

"We have traded for some smaller stock and now we can begin with our usual roping activities, Mr. Beam said.

"The Rodeo Associations has accepted an invitation tothe Quanah celebration which will be held June 25, 26, and 27. The big parade will be held the 25. If you have a horse and are interested in going please contact Fleet Pruden or myself. The cost of transporting the horse is $2.00", he said.

Mrs. Nowlin Home From California

Mrs. A. L. Nowlin has returned from San Francisco, Calif., where she went to contact Japanese importers regarding lines of toys and other items.

Mr. and Mrs. Nowlin are re-entering the brokerage business in Texas, Oklahoma and New Mexico, in which they engaged prior to the War. They will also continue to operate the Nowlin Wholesale Company, making Wellington headquarters for all their operations.

Mrs. Nowlin was also a guest of a long-time friend, Mrs. Sue K. Watson, and visited numerous points of interest in that city.

Grand Old Oprie Off for Summer

Due to the hot weather and busy summer months, the Grand Old Oprie has been discontinued until further notice, according to Henry Sullivan, one of the active leaders in the Oprie.

"It is still just too hot and the people are too busy. Most of the performers have gone to the harvest," he stated.

After the cooler weather starts the Oprie will begin its regular run.

Mr. and Mrs. Bill King are in charge of arrangements. Dr. Charlie Jones, Henry Sullivan, and Bennett Goodloe help with the local arrangements.

EDITORIAL COMMENT — THE WELLINGTON LEADER

School's Parents Day Sets Example For Public Relations Improvement

Almost every school in Louisiana could profit by the example of Forest High school's Parents Day activity and stage one of their own for improvement of public relations with the school community.

The Parent Day will present a fine program and is commendable in itself. But, even more important, the idea behind the staging of such a function is that the school and the community will naturally profit from a better understanding of what Forest High school does and how it accomplishes its aims.

When the school and its staff shows an open realization of the stake the public has in the school and the importance of the public's attitude toward that institution then a great step forward has been made. Most people know that patrons and friends of any school find a warm reception any time they visit these institutions. But, however much the public may know these facts, it still appreciates recognition of them and open invitation for explanation and observation.

It is far too easy, in spite of knowlegde to the contrary, for the public to feel "shut out" of the public school of today without the function of such programs as Forest plans. Our schools have grown with the years. The average greater size and greater complexity of programs. Throughout the state and with these come less intimate contact with the people of the community the school serves. It is a natural process and one that cannot be averted, except by openly expressed intentions to have the public share in the school.

Public relations will always be good business for any organization or institution. Long ago when communities were more thinly settled; when schools were smaller and taught fewer subjects to fewer pupils, the public relations problem did not exist. This was because the scope of one school's operation reached comparatively few persons.

Today, the situation is much different. It will take planned public relations and the operation of systematic programs to successfully combat the natural loss of intimate connection with the community that increased size and complexity of the school operation causes.

Truck Drivers Receive Rating

If you want to find out what the neighbors think of you, don't ask them yourself—get someone else to do it. And if you really want to know—get an expert who's in the public-opion business.

The Automoblie Manufacture's Association wanted to find out what people think about driveres — that it, other drivers. So they hired the Alfred Politz Research Inc. organization to make a nationwide survey. When the research got through tallying the results, they found that Mr. and Mrs. Public had pinned the blue ribbon on the great American truck-driver for skill, safety and courtesy.

Considering that there are about six million of them driving more trucks and trailers than all the rest of the world possesses - or about 1 per 16 persons, compared to 1 to 54 in Great Britain, and 1 to 120 in Russia — this public accolade in most significant. Where are oll those pepole we read about who "hate" truck-drivers?

It's a safe bet you won't find them in the more than 50,000 American communities that are dependent on these knights-of-the-wheel for every pound of freight that come to town - or goes out.

The Buck Creek Philosopher

Editor's note. The Buck Creek Philosopher on his Johnson grass farm on Buck Creek is about like a lot of people, he's interested in seeing the school teachers get a raise but not on doing anything about it himself.

Dear editar:

Of cours, it's not my main problem, in fact, if I was hard pressed I'm not sure I could tell you what my main purpose is in the first place, but I've been doin some more thinkin on the school teacher's problem of gettin a raise and I was interested in a proposed soultion I ran into yesterady in a copy of a newspaper which I picked up in town and brought home with me to stuff in a hole in the back screen dor where I've been noticin flies are gettin in.

Accordin to this solution, which was proposed by some Representative in Austin, it might be possible to get enough money to pay the teachers their raise by jugglin the state funds around.

I don't know whether the state's finances are in the same shape mine are or not, looks like they might be — more demands to spendin than there is money to spend — and if they are, I can say right now it won't worfl.

If anybody is an expert at jugglin money around. I'm not, and over a long period of years I've found that you can plug a few holes, stave off the noisiest creditors for a while, by jugglin funds around, but in the long run i's a mighty poor way to do business. That is, I like i all right, but the creditors don't. Makin one creditor happy at the expense of another doesn't give much real peace of mind in the long run, as there ain't nothin more unreasonable than an unsatisfied creditor.

An the state will find the same thing out. It might juggle some funds around and pay the teachers and get em off the politicans' necks, but some other group would take their place and the politicans would be right back where they started. I can tell the legislature now that jugglin funds is no substitute for raisin money, I've tried it for years and it never has worked very long for me, although this ain't to say I won't try it again the next time I get in a financial jam.

The only way, as I see it, for the leglislature to get teachers their raise is to raise some money, and how they're goin to do that is more than I'm prepared to say, as I've descovered long ago who pays the taxes in the final analysis. It's pretty hard to get a thinkin man to devote much thought to inceasin his own taxes. We need two branches of government, one to vote salary increases, the other to raise the money and then resign and take cover.

Yours faithfully,
J. A.

Even Paul Sought Training for His Work

Paul was not long in finding Christian friends although at first the disciples feared him because of the recent zeal he had shown in persecuting them.

But Ananias, a sainty Christian in Damascus, welcomed Paul as a Christian brother. Ananias had been prepared in a vision for the coming of Paul but he doubted, at first, that so terrible a persecutor as Paul would become a disciple so suddenly.

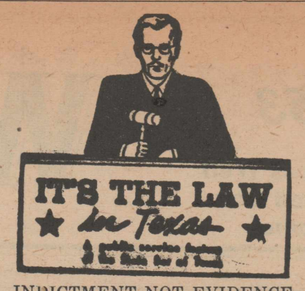

The disciples in Jersalem were a little harder to convince. They had suffered much more from the fury of the persecutor and were suspicious. It was Barnabas, the rich disciple who had given all his wealth for the Christian cause who vouched for Paul.

It was not unnatural that Paul's former associates in persecution should have been aroused to a high pitch of anger at Paul's defection. Their fury was so intense that Paul's newfound Christian friends had to help him escape, letting him down from the walls of the city in a basket.

Paul made his way to Jerusalem and again boldly proclaimed his new faith in the Lord Jesus. But he did not stay very long in Jerusalem and his public preaching was interrupted while he sought fuller preparation for his life's mission.

It is difficult to tning of a man as intense as Paul being in retreat for any length of time. Probably the years of his preparation were spent in studying, praying and conversing with other men. In this way he would have the opportunity to feel his way into the fullness and richness of his activity as a missionary.

There is a very good lesson for all of us in the fact that so wise a man as Paul felt that he needed preparation. Zeal, even in a man of Paul's stature, is not enough.

INDICTMENT NOT EVIDENCE OF GUILT

What does indictment by a grand jury mean? Lawyers find that many persons are inclined to confuse indictment by a grand jury with a court conviction for a crime.

This misconception is unfair to anyone who becomes the subject of a grand jury investigation. Justice, in the United States, is based on the theory that a man is innocent until proven guilty, and public opinion should withhold its verdict until the courts have had an opportunity to determine guilt or innocence.

An indictment is simply a written accusation presented by a grand jury to the district judge. It charges some person or persons with a crime. It is not a conviction. When a grand jury indicts a person it merely affirms that there is sufficient reason for him or her to stand trial. That is as far as the grand jury goes.

After that, the judge and the trial jury take charge of the case. At the trial the indictment is simply the State's pleading in the case, to which the defendant may plead "Not Guilty." The trial jury is instructed by the judge that it must not consider the indictment as any evidence of guilt.

All felony offenses in Texas, that is all offenses penishable by imprisonment in the State penitentiary, must be prosecuted on an indictment by a grand jury. A grand jury may indict an individual for a misdemeanor, an offense punishable only by a jail sentence or by fine, but this is rather an unusual procedure.

Misdemeanor cases are customarily prosecuted on the basis of an "information" filed by the County Attorney. This serves the same function as a grand jury indictment.

The importance of a grand jury verdict is this: If it votes a "True Bill" — that is, if someone is indicted — the District Attorney must prosecute the person indicated; but if the jury votes a "No Bill" — that is, not to indict — the suspected person cannot be tried.

The grand jury procedure is one of the basic protections enjoyed by the common man against outrageous procedures of would-be tyrants, and dates from early Anglo-Saxon times. It assures that no person shall be forced to stand trial for a felony on the basis of a malicious or frivolous accusation having no apparent factual support.

When called to serve on a grand jury you share with a group of fellow citizens some of the most solemn responsibilities known to our democracy. Consequences of life-or-death importance may hinge upon your vote.

Looking Ahead With George S. Benson

SPARE OUR PROJECT!

WASHINGTON — If you want to draw a picture of the person in America most effectively blocking the approach to a balanced federal budget in the near future, you should take your pen and ink and sketch a man's head with two faces, one face looking east and the other face looking west. Out of one mouth, your sketch should show the man shouting: "Save!" Out of the other mouth, he would be shouting with equal vigor, "Spend!"

During the last three months I have spent considerable time in Washington interviewing cabinet members and key people in Congress. It is my conviction that there is a strong determination among the present leadership of our national government, in both the executive and legislative branches, to drastically cut down on its size, its power, and its cost in tax dollars. But there is no certainty at all that it will be done.

"NO CUT!"

Groups of people who constitute only a small portion of our citizenry but who are politically vocal and active are sending delegations to the White House and to the Senate and House office buildings insistently urging that there be "No cut!" in the appropriations for their pet project. Invariably these persons, like the man speaking out of two mouths, are vocal for reduction of federal spending and taxes — so long as the reduction is made in somebody else's project.

The representatives and senators in the capital shook their heads when I inquired about their genuine feeling regarding a balanced budget and tax cuts. They showed me piles of letters from the "folks back home" gently or firmly pressuring for such things as restoration of the cut in Agriculture Department funds for soil conservation payments; restora- of the proposed $50-million air base near such-and-such-a-place which had been trimmed out of the defense budget; restoration of the appropriation for "So-and-So" Dam on "So-and-So" River; restoration of numerous government jobs recently eliminated as an economy move my Eisenhower-appointed Cabinet members — and so forth.

"MY DEAR SENATOR"

By train, airliner and automobile, special pleading groups are streaming into Washington. They do not constitute a powerful mass of deliverable votes, but they are vocal, and active, and they are insistently, constantly in contact with their Congressmen and Congressional committees, putting on the pressure. They have a way of presenting their appeal as if they were representing a whole state, or region, or even the majority of the people in the nation. And pressure is effective in politics.

The vast majority of the people are strongly in favor of cutting the expenses of government all down the line, and are ready, I believe, to sacrifice normal personal interest in particular projects for the sake of reduced taxes, sounder government and greater long-range benefits. But they are inactive. They are not going to Washington. They are not even writing their Congressmen, or the President, or the Cabinet members. They do not recognize that a mandate for budget reductions and tax cuts is ineffective unless it continues to speak and speak — to Washington!

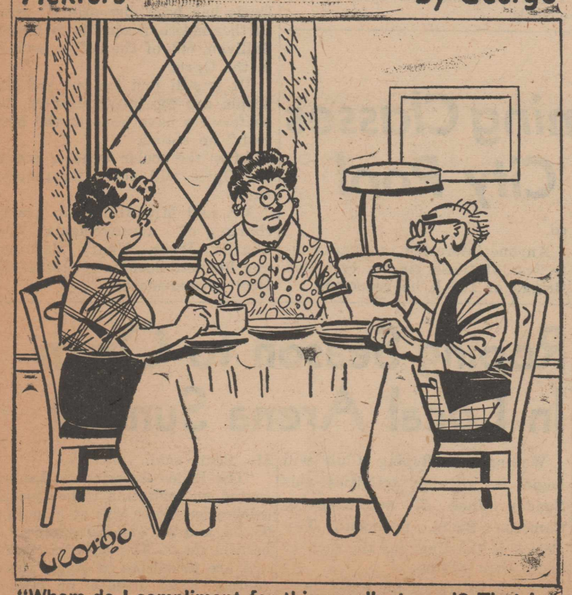

THE OUTLOOK

"Well, what are you going to do," said a Congressman friend as we sat in his office. He put his hand on a stack of mail. "These are from influential people in my state. They've got a good argument for the air base, the dam and the other federal spending projects they're writing about. But so has everyone else who writes or comes here. And yet, we in Washington who have studied these projects, and weighed them in the light of the overwhelming demands on the nation's financial resources in these days of crisis, are convinced that we must start making drastic reductions somewhere."

"Will you be able to do it?" I asked. "I'm afraid not," he replied thoughtfully. "At least not to the necessary extent — unless public opinion can make itself heard in Washington above the demands of the groups who are coming here asking special consideration for all the things we're trying to economize on. There simply cannot be any genuine economies without a lot of groups and a lot of individuals having to make a small sacrifice in the national interest — in the interest of their own long-range personal welfare."

Are you a part of public opinion? Are you being heard in Washington? Or don't you pay taxes "

...p of the Salt Fork League

...AIL CONTINUES WINNINGS, ...WN LITTLE DUKES A TIGHT 10-9

...uail continued their mastery over the Wellington Junior Dukes and still remained in the top of the league standings in the Salt Fork League.

Quail out-lasted the Junior Dukes by a 10-9 score. The game was viewed by about 100 bi-partisan fans.

Both teams played good ball in most of the innings, however Wellington in the late part of the game had trouble with fielding the ball. It seemed that they could not find the handle.

One injury occurred during the ball game. Earl Lynn Bartlett, ace first sacker for the Dukes, was knocked unconscious by a bouncing ball. He was taken to the hospital but was released shortly afterwards.

Both teams did their most damage in the third inning. Wellington scored five runs while the Quails blazed with a four-run third inning.

Wellington batted around the order and in doing so picked up five hits. Singles by Clyde Ingram, Phil Handley, Charlie Johnson, Paul Spillman, the playing manager of the Dukes, and A. C. Price.

Quail scored in the bottom of the same inning with timely hits by Calvin Tow, Lonnie Neeley, J. C. Morris, and Sam Morgan.

Both teams had trouble holding on to any sizeable lead during the game. From time to time the lead would change as fast as the innings, but the fans enjoyed the fast-moving plays and the action.

Wellington lead 9-7 going in to the last of the eighth but the Duke defense gave way and before the gaps could be plugged three winning runs had come across the plate. The final score was a thrilling 10-9.

Charlie Johnson started on the mound for the Dukes and pitched good ball for three innings. However, due to soreness in his arm he was retired in favor of Phil Handley. Handley went the next five frames.

Gaylon Tow started on the hill for the Quails but was lifted in favor of Raymond Neeley.

Neeley tallied his second win of the season. Neeley's record is 2-0. Both pitchers turned in stellar performances, but the Duke's late inning crumbling defense made the difference.

The top slugger for the day was Lonnie Neeley. He had a perfect afternoon as he banged-out five hits for five times at bat.

The Duke's top hitter was Phil Handley. He recorded three hits in five attempts.

DOZIER

By MRS. ALEX COLEMAN

Mrs. Loyd Tucker of Amarillo and her daughters visited in the home of Mr. and Mrs. Alex Coleman on Monday, also were Mrs. Belua Moore of Pampa, Mrs. Maxine Thompson of Amarillo, Mrs. Fay May Seago of Amarillo and Mrs. Bonnie Carlisle. They were on their way to Dozier cemetery to visit their son's and brother's graves.

Bro. Joe Duke filled his regular appointment Sunday at 11 o'clock. Those attending the dinner given for him at the Coleman grove and dam were Mr. and Mrs. Roy Hoffman, Mr. and Mrs. Bill Shields and family and Mr. and Mrs. Coleman and girls.

Mr. and Mrs. Leo Massey attended the funeral of Mrs. Massey's brother-in-law at Odessa Sunday.

Mr. and Mrs. Frank Luce and daughter, Jeanie of Hollis spent Sunday in the home of Mr. Luce's aunt, Mrs. Elbert Rankin and Mr. Rankin.

Mr. and Mrs. James Jordon and daughter, Gail of San Jon, New Mexico, visited Thursday with Mrs. Ella J. Phillips and family. Wendell Phillips returned home Friday to spend the summer with his parents, Mr. and Mrs. P. W. Phillips after attending Texas Tech for the past term.

Mr. and Mrs. Elbert Rankin and Miss Effie Rankin spent Thursday visiting Mr. and Mrs. Robert Lacy and family in the Buck Creek community.

Mr. and Mrs. E. L. Ezzell and his son, Forest and family, went to Amarillo Sunday.

Joe Schaub is working at Pampa.

Elder L. Stonecipher preached at Abra Sunday.

Bro. Murdock has been called pastor at Abra.

Mr. and Mrs. Charlie Stephenson and boys, John and Bobby, made a trip to Moshene to visit Mrs. Stephenson's father and family, the Warren family.

Claud McDaniel from Amarillo spent Sunday night with Mr. and Mrs. E. L. Rankin on his way to Fort Smith, Arkansas, to supervise some work for the Broome Electric Co. of Amarillo.

Mr. and Mrs. I. T. Goodnight from Mobeetie were recent guests of Mr. and Mrs. E. L. Rankin.

Mr. and Mrs. Sam Sechrist from Lubbock are guests of his brother, Mr. and Mrs. J. W. Sechrist.

Mrs. James Throckmorton underwent a minor operation Saturday. She is the postmistress at Dozier.

Miss Mertis Phillips is helping with the tore and post office while Mrs. Throckmorton is recuperating.

J. N. Wallaces Visit Friends

Mr. and Mrs. J. N. Wallace of Harrison, Ark., were here the middle of last week visiting friends. This was their first trip back to Wellington in several years.

Mr. Wallace for the past seven years has been with the Soil Conservation Service at Harrison. The principal problem of soil conservation there, he pointed out, is how to keep the heavy rainfall that area receives from washing away the land.

Their daughter, Miss Johnnie Marie Wallace, who graduated from the University of Arkansas two years ago, is employed by the Stanolind Oil Company in Tulsa, Oklahoma.

During the time they lived here, Mr. and Mrs. Wallace operated the Army and Navy store.

J. M. Duckworth Dies at Lubbock

Funeral services for John M. Duckworth, 70, of Lubbock, were held at the Broadway Church of Christ in that city recently. Minister M. Norvell Young officiated.

Mr. Duckworth died in a Lubbock hospital after a brief illness. He was a former Collingsworth County resident.

He was born August 21, 1882, in Jack County.

Survivors are his wife, two sons, Kenneth and Kermit Duckworth of Long Beach, Calif.; two daughters, Mr. Alton Armmontrout of Seminole and Mrs. Bruce Walker of Plainview; two brothers and a sister, Bob Duckworth of Amarillo, Tom Duckworth of Quail, and Mrs. Mollie Winfield of Palacios. Ten grandchildren also survive.

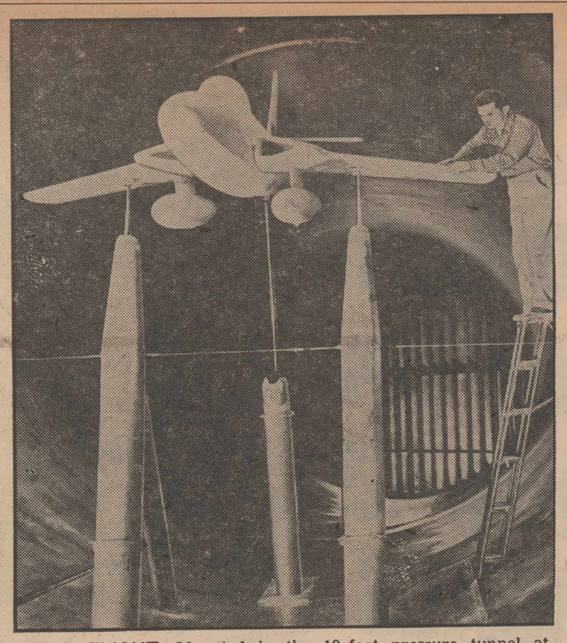

Mr. and Mrs. Tom Duckworth went from Quail to attend the funeral.

C. H. Caperton Has Light Stroke

By MRS. ALEX COLEMAN

C. H. Caperton, pioneer of the Dozier area, suffered a light stroke Friday, May 29, at noon, and is in Shamrock General Hospital for treatment.

It is believed he will recover within a short time.

STILL FLIGHT—Mounted in the 19-foot pressure tunnel at Langley Aeronautical Laboratory, Langley Field, Va., a scale-model plane is about to be tested for stability and control. As president of the Dallas chapter, she will be a delegate to the national convention of Theta Sigma Phi in Indianapolis, Indiana, from June 24 through 27.

Miss Anderson was in Wellington for the week end with her parents.

CARD OF THANKS

We take ths means of expressing our deep appreciation to our many friends for their sympathy, by both word and deed, at the death of our wife, mother and sister.

You have done all that friends could do to bring us consolation in our grief, and we are most grateful.

May God Bless each of you.

The family of Mrs. E. J. Norman

CARD OF THANKS

We wish to thank our friends and neighbors for their kindness, thoughtfulness, and flowers in the recent death of our beloved sister and aunt. May God's richest blessings abide with each of you.

H. I. Cagle's family and other relatives.

SALT FORK

By MRS. R. H. ISBELL

There isn't much news from out this way — the weather is dry and hot.

Every one wishes it would come a good general rain. Some cotton is up and looking good. Most everyone is busy planting and My! how the cockleburrs and thistles are growing.

We had the smallest number at Sunday school Sunday we've had in a long time. Wonder where our church folks go on Sunday morning. Talked to folks from other communities last week, they are uneasy our little country churches are going to have to close their doors, for lack of interest in the Lord's work. Still no one wants to live in a community where there isn't any churches. So folks you better get out to your church next Sunday and every Sunday.

The Memorial holiday was very quiet out here. Most farmers worked right on Saturday as usual. Saw Claud Smith of Amarillo over at his farm doing some plowing.

Mr. and Mrs. W. T. Richardson of Fort Worth were through Wellington last Wednesday. They visited a few minutes with several of their friends at different homes. Were dinner guests in the G. C. Isbell home. Then drove out to the Wright and Isbell home and spent the night. The C. A. Wrights visited them awhile that night. Bro. Richardson is working in a bomber plant at Fort Worth and really enjoys his work. Says he doesn't have a church yet, but he has lots of folks to preach to. He has a two weeks paid vacation and is on his way to Kansas City and they have been visiting in Lubbock.

We want to express our sympathy to Mrs. Jim Light in the loss of her husband. Also to the Norman family in the loss of their wife and mother. There's so many familiar faces gone from our streets that all days seem like Memorial days.

Mr. and Mrs. U. S. Bolton and family have moved from Wellington. That takes four regular attendants at our Sunday school away. We'll surely miss them.

Ernest Maxwell visited his family over the week end.

Mrs. Jack Clifton and Weldon also Mr. and Mrs. Marvin Clifton and baby of Dumas visited her mother, Mrs. Hattie Clifton Saturday night. They were moving down east of Dallas where the men are working.

Charles Wright is working in the wheat harvest down near Chillicothe.

Mrs. Dee Harris is keeping house for Mr. Claud Savage and daughter again now. She had been working for them for some time, when she fell and broke her hip, while visiting her son, Duard Harris, and family over a week end. Mrs. Harris is getting along fine now. She can walk without her crutches.

Mrs. R. P. Wright of Mangum, Oklahoma, sister-in-law of Mrs. G. C. Wright has been real sick.

Mr. and Mrs. J. W. Gollihugh and Jeanetta and Mrs. Dee Harris were Sunday visitors in the C. A. Wright home.

The C. A. Wright family visited Mr. and Mrs. Ray Maxwell and family awhile Sunday night.

Miss White Given Degree at TSCW

Miss Virginia Nell White, daughter of Mr. and Mrs. W. S. White of the Kelley community, received her degree from Texas State College for Women at Denton June 1 in the colorful ceremonies marking the commencement exercises in the Golden Anniversary year.

Miss White, a kindergarten-primary education major, received a bachelor of science degree.

A graduate of Wellington high school, she has been active in campus affairs during her years at TSCW.

The Draft Law and Regulations

Young men of draft age who ask for and get deferments under certain conditions automatically extend the time which they can be drafted by nine years.

Brig. Gen. Paul L. Wakefield, state draft director, names the following types of deferred men, among others, who have their liability for service exetneded until age 35:

1. Members of the ROTC and officer training programs.

2. Students deferred to go to high school or college under requirements of law; college students deffered under authority of the lical board.

3. Men left at home for civilian employment.

4. Men deffered to farm.

5. Maried men deferred because of their children or because of extreme hardship and privation to dependents.

6. Men classified as mentally, physically, or morally deficient or defective.

"The regulations spell this out," General Wakefield says. "So when a man get the privilege of a deferment he is taking on a corresponding resonsibility. The man whenever receives a deferment like these cannot be drafted after he reaches his 26 th birthday."

Th state draft director says that, under this provision of law, it is posible for a deferred man to lose his qualification for deferment at age 34, for example. Under such circumstance, he would again be eligible for darft.

Judge and Mrs. R. L. Templeton and son, Pat, have returned from a short visit with his mother, Mrs. Lutie Templeton of Brashear.

Mr. and Mrs. O. B. Raburn Jr., and children, Ginger and Rocky, of Lubbock spent the week end with his parents, Mr. and Mrs. O. B. Raburn Sr.

Wellington Leader
Dear Mr. Wells
Wellington, Texas

Please find enclosed $6.00 for two years subscription to the Wellington Leader.

I enjoy the paper very much, as I know quite a few people there even though I have been away for quite some time. I graduated with the class of 1935.

I have been with Byron Jackson Co. for nine years. We manufacture oil field drilling tools. I like my work fine, am time keeper for eighty five machinists. My mother and brothers are still in Wellington, if you care to you might publish this letter as a means of saying hello to my friends and folks.

We usually come out that way on our vavation every summer, and will try to drop by and see you. Thanking you again for your good paper, I remain:

Sincerely yours
T. P. Belew

Beaird Outlines Teachers Stand On House Bill 3

In order for the people of Colingsworth County may know the teachers stand on House Bill 3, County Supertendent of Schools, B. W. Beaird made the following statement.

"In the adminstration bill, H. B. 3 the governor wants the local districts to pay 20 per cent of the educational tax load. The teachers do not want a raise if the local districts have to pay or take any increase in their payments. This is the reason that our local teachers worked for the stoppage of this bill, the county school head declared.

"The overall school program takes around 220 million dollars annually and this is ever in creasing. As of now this county is paying $79,660 dollars to the overall state program. In the first copy H. B. 3 the administration asked for the school district to 25 per cent of the entire load but after many heated debates it was reduced to the present 20 per cent. If this law was too pass both the house and senate it would increase our local taxes to somewhere in th neighborhood of $97,000. This county could not stand that great an increase, Mr. Beaird continued.

" In th bill No. 166, the one the teachers favored, the gas companies would pay the increase and the local districts would not be affected," the Supertendent of the county schools explained.

City Manager Has Hand Injury

Bura Handley's, Wellington's city manager, was painfully injured during the middle of last week. A 300 pound weight at one of the rity's new water wells fell and crushed the middle finger on his left hand.

Mr. Handley's injury was much improved, acording to Mrs. Handley, Monday.

It is believed by the doctor in charge of treatment that if no complications set in his finger will not have to be amputated, she said.

Mr. and Mrs. Floyd Morton were in Oklahoma City last week where he had a check-up at the McBride Bone and Joint Hospital.. He had undergone an operation on his right leg, the fourth, about a month ago. The cast was removed at the last trip and replaced with a brace and he will be on crutches for about three more weeks. He will return for another check-up in six weeks. The trip Friday was the 56th that Mr. and Mrs. Morton have made to Oklahoma City since he began undergoing treatment on the bones and tendons of both legs.

LOCO

By MRS. GEORGE ADKINS

My, but haven't the past few days been hot. It was 108 degrees here Saturday, and neighbors shopping in Hollis, Oklahoma, that afternoon reported it was 111 degrees there. We got a light shower of rain Saturday night, but not enough to break the heat.

The cemetery working was held Monday at Arlie. Seventeen were present and worked most of the day. You can tell where they worked, but the clean spots made the rest look even worse. Those who met there agreed to have another working following the next rain. Let's try to have a few more out this time.

Mr. and Mrs. D. A. Preston recently spent a week end at Lake Pauline fishing. They reported a fair catch.

Mr. and Mrs. Roland Mayhugh and children visited Mr. and Mrs. C. T. Motsenbocker and family in Wellington Saturday night.

Mr. and Mrs. W. R. Crawley were transacting in Lubbock last Saturday.

Mr. and Mrs. J. C. Devenport are spending several weeks with their son and daughter-in-law, Mr. and Mrs. Bob Devenport, at House, New Mexico. Mr. and Mrs. Tiffin Young, Jr., and daughter, Irene, moved to Corpus Christi this week. Good luck to them in their new home.

Jim Wyrick of Wellington visited in the Arlie community Tuesday.

Mr. and Mrs. Jack Brown and family were dinner guests in the George Patterson home at Buck Creek Monday.

Bill Shrum of Fresno community moved to the Malone farm here last week. We wish to welcome him to our community.

The farmers of the Loco and Arlie communities met at the Arlie Gin Wednesday night to give in their wheat acreages for the past three years.

There were some thrilling auto races at the Devil's Speed Bowl Thursday night. A very large crowd attended.

Doris Fern Wolf was ill the last week of school and missed all the closing activities. We are happy to report she is better now.

The Loco school books were checked in and returned to the county school library this week.

Most everyone here attended the commencement exercise at Wellington high Friday night.

Mr. and Mrs. A. F. Crawford of Hollis and their daughter, Mrs. Betty Fillpot of San Diego, California, visited Mr. and Mrs. Roy Scott Tuesday afternoon.

Mr. and Mrs. Jack Brown and children visited Mr. and Mrs. C. B.Bearden near Arlie Wednesday night.

Mr. and Mrs. Gentry Hobbs and family of Seagraves spent Sunday in the home of Mr. and Mrs. Ray Scott at Arlie.

The members of the first, second, third and fourth grades of the Dodson school picnicked at the Childress park Wednesday. Ronnie Brown of this community was one of the group.

Mrs. G. W. Adkins received medical treatment at the Jones Watkins Clinic Wednesday.

Mrs. Ora Calcote of Texola, Oklahoma, returned to her home Saturday after a week's visit here with her daughter, and son-in-law. Mr. and Mrs. G. W. Adkins. Thursday she visited Mr. and Mrs. John Wolf and Jimmy in Wellington. Visiting her there were Mr. and Mrs. John Calcote of Quail and Mrs. George Patterson and Judy of Buck Creek.

Mr. and Mrs. W. H. Calcote of Shamrock visited Mr. and Mrs. Adkins Saturday night.

Scout Camp at Ki-O-Wah Set

Some twenty or thirty scouts from the local scout Post 32 will leave during the third week in June for a weeks outing at Camp Ki-O-Wah near Canadian, Sandy Parsons Jr., local scoutmaster said Tuesday.

"This is an annual camp for the boys to live out-doors, and meet fellows from the other districts in the Adobe Wall Council. In this week long camp their is swimming in the camp lake, cooking in the open and all the things that the boys can look forward to;" he stated.

The list of boys that plan to go is not complete.

HEAR but Unseen!

Now you can wear a hearing aid and nobody need know it! You wear no button or receiver in the ear. Your hearing defect is hidden completely! No one can suspect . . . or even guess! It's all made posible by "Unseen"—a new and different development that tucks away out of sight behind the folds of the ear. "Unseen" gives you hidden hearing and better, because it transmits sound to the ear with greater than ever clarity and power. Ask for a FREE personal demonstration. Write or phone:

Do you know what this car can do?

It can set you atingle with thrill.

*It can move from zero to legal speed quicker and quieter than any Buick before it—and with the utter smoothness of a gull in glide—because this is a 1953 Buick with the spectacular getaway of Twin-Turbine Dynaflow.**

It can loaf easily up a long steep hill—swoop instantly ahead when there's safe passing to be done—or whisper along at highway pace with throttle barely open—because this is the Buick powered with the world's most advanced V8 engine, with record-high compression of 8.5 to 1.

It can surround you with comfort, luxury, restful ease.

It can velvet a rough road with its even softer all-coil-spring cushioning—track true on curves with its solid torque-tube steadiness—handle like a flyrod with its Power Steering—gentle to a precise halt with its Power Brakes.†*

And it can seat you in the superb comfort of true spaciousness—because this big and brawny beauty is the Buick SUPER Riviera Sedan—roomiest six-passenger sedan made in America.

Above all, this car can give you supreme value—more room, comfort, power and thrill for the money than you can find elsewhere.

Why not come in and see it, drive it, compare it? We'll be happy to arrange matters.

**Standard on Roadmaster, optional at extra cost on other Series. †Available at additional cost on Super and Roadmaster models only.*
