Grand Jury Probes Sale Of Bay Rum

Twelve bills of indictment were returned by the December-January grand judy here when it made a report yesterday afternoon.

The grand jury will return for another session beginning at 9 a.m. tomorrow.

Two recommendations were made by the group in addition to returning the indictments.

"We . . . recommend that the county furnish for the sheriff's department all proper and necessary equipment in order for them to take pictures and secure fingerprints, and we recommend that all criminal suspects who are picked up or handled by the Scurry County Sheriff's office be fingerprinted and mugged . . ." the grand jury said in a statement.

In its other recommendations, the grand jury said, "We . . . having investigated the sale of bay rum in Scurry County, recommend that hereafter when evidence is secured by the officers of Scurry County or the City of Snyder or the district attorney that any individual or place of business or establishment is selling an unusually large amount of bay rum, that proper steps be taken to stop such sale either by prosecution or injunction or other effective method in accordance with the law."

The sheriff's department does not have any photographic equipment, according to Sheriff Earl Abercrombie. Because of that, the department's "mugging" of persons handled in the office is limited. Usually, if a picture is needed, the department must have a commercial photographer do the work. The department does have the necessary fengerprinting equipment, he said.

The 12 indictments returned by the grand jury included 11 felony cases and one misdemeanor.

Included in those indicted:

Calvin Boone, four cases of passing forged instrument, now in custody in Midland on a charge there.

James William Allen, three cases of passing forged instrument, also in custody in Midland on a charge there.

C. H. Love, felony theft, not in custody and believed out of the state.

Juan J. Garcia, Laredo, car theft, now in the county jail here.

Dee Chester Guinn, driving while intoxicated as a repeated offense, now out on bond.

Alvin Henry Durden, misdemeanor driving while intoxicated.

One other man, indicted for car theft, is not in custody.

District Attorney Wayland Holt met with the grand jury.

Members of the grand jury are Ray Houpt, foreman, Elmo Crowder, Audrey Head, J. W. Key, Jess Everett, E. J. Richardson, Jr., John A. Noble, Charles Hooser, Walter Wall, C. L. Callaway, G. S. Taylor, and Ray Lunsford.

Callas Hints Suit Against Rome Opera

ROME (AP) — Maria Callas says she may sue the Rome Opera for refusing to let her sing here again this season after quitting in the middle of opening night.

Opera officials told the soprano yesterday police had ruled against another appearance for fear of violence by opera-loving Romans still angered by her walkout after the first act of Bellini's "Norma" Thursday night.

Miss Callas replied by letter that "I reserve my full rights." In a separate letter, she said, "As to the legal aspects. . . . I am consulting my counsel."

The singer said bronchitis forced her to quit but some opera critics contended she was angered by catcalls which greeted her first big aria.

Miss Callas was replaced in a repeat performance Saturday night by Italian soprano Anita Cerquetti. She will fill Miss Callas' remaining schedules in "Norma" here tonight and Saturday.

SPOT MUSE

POLL TAXES are not being paid at a very fast pace for 1958 to be an election year. By today there were still less than 1,800 qualified voters.

LESS THAN FOUR weeks still remain for residents to pay poll taxes. For that matter, the deadline is the same day, Jan. 31, for all local property taxes.

BAY RUM SALES around Snyder seemed to be picking up at various locations and became a matter of grand jury investigation during the last few days.

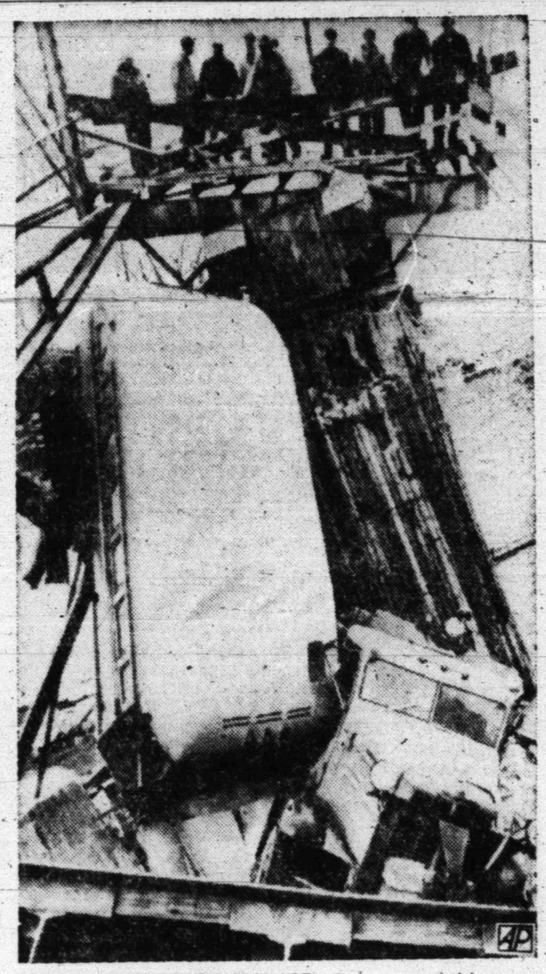

THAT RECALLS something that happened here a number of years ago, when sales of Jamaica gin, or "Jake," became so widespread in Snyder that the city council even passed an ordinance regulating the sale.

Frosty Vapor Is Mistaken For Fire

A combination of frost, cold air and a hot floor furnace resulted in what a Snyder resident mistakenly identified as a fire in her house early this moring.

Mrs. Lewis Wells, 402 Thirty-first Street, called firemen about 8:15 o'clock when she saw steam rising from the floor furnace vent and thought it was smoke.

Her fears were quickly dispelled, however, when firemen arrived—with a very similar "smoke" blowing from their mouths.

SCHOOL BUS-TRUCK PLUNGE—Forty-one children enroute to school in this bus had a miraculous escape, only one was slightly hurt, at Wysox, Pa., when the bus drew along side a loaded lumber truck which had stopped on the bridge. The combined weight of the two vehicles caused the bridge to collapse sending both into the river bed 30 feet below. Bus landed atop the truck. (AP Wirephoto)

Negroes Stab Houston Boy

HOUSTON (AP) — A 16-year-old white boy was stabbed critically today in a fight with Negro passengers on a city bus after he ordered a Negro school girl who sat by him to move.

The injured youth is Dave W. Taylor, of Cleveland, who lives at the YMCA here.

The boy had boarded the bus to visit his sister, Mrs. J. R. Lesser.

Taylor and an unidentified woman were the only whites among the estimated 65 passengers.

Bus driver Douglas Bobo told homicide detectives the youth sat in the front parallel seat by himself when he boarded the bus. A few blocks later, the Negro girl carrying an armload of books boarded the bus and sat by the youth.

Detectives B. M. Fults and P. Y. Snow said Taylor told them he ordered the girl to find another seat and an argument started.

Taylor told the officers a Negro man jumped him and hit him—"then several Negro men swarmed me."

Bobo said he stopped the bus and attempted to break up the melee.

"When the crowd backed off," Bobo said, "the youngster discovered he had been stabbed and slumped to the floor of the bus."

The driver ordered the passengers—about 15 of them were standing—to remain on the bus. They ignored his order and swarmed from the bus, using the rear door and windows as exits.

Police issued a pickup order for a Negro man, about 25, seen running after the stabbing.

Taylor, stabbed in the abdomen, was hospitalized at Hermann Hospital.

Freighter In Trouble Again

NEW ORLEANS (AP) — The Cuban freighter Bahia de Siguanea reported today to the Coast Guard that it was sinking. It was the second time in 24 hours that the Havana-bound vessel had reported being in trouble.

The Coast Guard here said it received the SOS in Spanish via radio. The 2,500-ton freighter, owned by Golfo de Cuba, was located about 150 miles north of the Yucatan channel and 300 miles south of the Mobile, Ala., bar. Some 28 to 30 men were aboard.

A spokesman for the Coast Guard said a plane had been sent from Biloxi to check. Two vessels had advised they were about 50 miles from the Bahia de Siguanea, the Coast Guard said.

The Bahia de Siguanea had reported yesterday it was in danger of sinking. It later radioed it had been able to get its engines started and that everything was all right.

The freighter left here Saturday.

Gavin To Quit, Despite Offer Of Another Star

WASHINGTON (AP) — Lt. Gen. James M. Gavin, Army research chief, told senators today he still plans to retire March 31 despite Pentagon offers of choice assignments and promotion to four-star rank.

Sen. Jackson (D-Wash) said Gavin made this clear during more than two hours of closed-door testimony to the Senate Preparedness subcommittee.

"He isn't interested primarily in a promotion," Jackson said. "He knows he could not with integrity defend this year's Army budget for research and development."

Sen. Symington (D-Mo) said Gavin spent much time testifying to the superiority of the Soviet's ground forces, both in numbers and weapons.

While the U.S. Army has been cut back in funds and manpower to some 15 divisions, Symington quoted Gavin, the Soviet has 175 modern divisions of ground troops, many of them mechanized and equipped with most modern weapons.

A number of congressmen have urged that Gavin reconsider his plans to retire. Among them are Sens. Stennis (D-Miss) and Goldwater (R-Ariz).

Secretary of the Army Brucker said yesterday that Gavin had been offered two ways in which he could reach four-star rank as an inducement to stay in service.

Secretary of Defense McElroy, asked by a reporter about the Gavin case, said Brucker had stated the Defense Department's position.

The 50-year-old general is chief of Army research and development, which includes the Army missile program. He disclosed his retirement plans last weekend, and indicated his decision was partly a protest against what he called "the Pentagon system."

Yesterday, however, he told newsmen there is a 50-50 chance he would remain in service. Last month, he proposed a reorganization of the Joint Chiefs of Staff system, and there were hints these views resulted in pressures which led him to request retirement. Gavin has given other reasons for his move.

Gavin was leadoff witness before the Senate Preparedness subcommittee, which is probing into the nation's missile-satellite programs.

Stennis, vice chairman of the subcommittee, said, "Gen. Gavin is one of the bright younger fellows we need most to keep in the service.

"He should be able to contribute more to his ideas inside the services than outside."

Manhunt Ends As Suspect Is Shot Down

RULEVILLE, Miss. (AP)—A 38-year-old Negro who had been hunted overnight in freezing weather, was killed by gunfire this morning when he was cornered by a posse of about 25 men.

Police Chief G. W. Wachter said the man, George Love, hunted since he critically wounded a night marshal who tried to arrest him yesterday, opened fire on the posse.

Wachter said Love was flushed from a house on the Sidney Livingston plantation about three miles east of Ruleville early today and fled into nearby brush.

Love then hid in the brushy part of a fallen tree as the posse, including trusties from state penitentiary, closed in on the area. Wachter said Love opened fire as the posse approached.

Night Marshal Exie Jennings, 62, was in fair condition at the North Sunflower County Hospital here. He said Love shot him four times when he tried to arrest the Negro to question him about fire-scorched money he was spending.

Officers said Love was the nephew of an aged Negro man and woman who burned to death in their home here several days ago. Jennings said he believed the scorched money came from their home.

CONGRESS BACK IN SESSION—Members of the House of Representatives stand with bowed heads in Washington, D. C., during a prayer opening the new session of congress. The House chaplain, the Rev. Bernard Braskamp, delivers the prayer standing at rostrum at right of Speaker Sam Rayburn, extreme left. (AP Wirephoto)

Crack Train Leaves Rails

PORTAGE, Wis. (AP) — Eleven cars of the Milwaukee Road's crack Pioneer Limited plunged off a main line track a mile west of Portage today, but none of the 36 passengers and mail clerks in the derailed units was seriously injured.

One car crashed into the empty caboose of an eastbound freight train on a parallel track, sending flames shooting.

Eleven postal clerks—including one woman, Mrs. Antoine Pauson of Circle Pine, Minn. — were in a car that overturned. They were taken to Divine Saviour Hospital for treatment. All except Charles Jans, 48, of Grays Lake, Ill., were released. Hospital attendants said Jans was in good condition.

The 25 passengers in three derailed coaches were shaken up, but the road's dispatcher said only one—an unidentified woman—was bruised. All declined hospitalization.

Portage firemen subdued the blaze in the burning caboose and baggage car.

Seventy passengers — 40 in coaches and 30 in sleepers — were aboard the Pioneer, bound to Chicago from Minneapolis. The office of Dist. Supt. W. E. Swingle at La Crosse said a broken axle on one of the Pioneer's diesel units caused the derailment.

Fierce Winter Storm Claims 20 Lives, Moves Northeast

NEW YORK (AP)—A fierce winter storm, which cost at least 20 lives, moved northeast toward the Canadian maritime provinces today after pummeling the east — from Maine to Florida—with a staggering variety of elements.

Weathermen termed it one of the most intense coastal storms of recent years. Although skies cleared today over most of the Middle and South Atlantic states, bone-chilling cold was forecast for New England.

The tempest, thrashed the seaboard with avalanches of snow, wind gusts up to 75 miles an hour, sleet, rain and lightning. In New England it snarled automobile traffic, forced business houses to close, tumbled power lines and closed schools.

Augusta, Maine, was hit by 16 inches of snow. Atlantic City, N.J., got 13.3 inches—the biggest downfall there in nearly 17 years.

Florida, with its citrus crop already hard hit by an earlier cold spell, was handed another blow. Snow fell in the sunny state as far south as Lakeland in the heard of the citrus growing area.

For the first time in history, the Florida Weather Bureau forecast snow flurries. Florida has had snows, but never a forecast of snows.

On the heels of the storm, New England got a Weather Bureau warning that some of the bitterest cold weather of the season was on the way. Temperatures of 15 below zero were forecast for northern Maine tonight, and perhaps 5 to 10 above as far south as Connecticut.

The death toll from automobile accidents and heart attacks brought on by snow shoveling:

Massachusetts, 7; New York, 4; Connecticut, 4; and Pennsylvania, New Jersey, Delaware, Maine and New Hampshire 1 each.

Connecticut apparently was a heavy sufferer from the wintry onslaught. New Haven got 14½ inches of snow, only half an inch less than the record fall of Dec. 19-20, 1948.

Hundreds of cars were abandoned in snowdrifts. Some business houses were closed for the day. At Hartford, all downtown driving was banned to permit snow removal.

Grounded power lines caused electric service interruptions in the Danielson, Plainfield and Norwich areas.

Turnpikes were either closed or the rate of travel sharply reduced Connecticut, New York and New Jersey.

Many New England schools were closed.

Wind gusts during the height of the storm reached 75 miles an hour—gale force—in some parts of New England. The region also was treated to sleet, rain and lightning.

New York City received only five inches of snow, but that was enough to keep 1,500 Sanitation Department men working all night to clear streets. A bright sun popped through the clouds at mid-morning.

Texas Gripped By Freezing Weather

By The Associated Press

Freezing weather blanketed all of Texas except the extreme south portion early Wednesday.

It was freezing at dawn as far southeast as a line from Beaumont to Houston to San Antonio and westward. Temperature lows ranged from 15 degrees at Lubbock to 40 at Brownsville in the Lower Rio Grande Valley.

Skies were clear and the U.S. Weather Bureau predicted slowly rising temperatures through Friday.

The cold wave followed a low pressure system that caused last weekend's heavy snows and torrential rains. The warming trend came from a high pressure system which moved southward out of the state.

The rain-soaked Rio Grande Valley and other parts of South Texas were struggling back to normal but it was expected to take a day or so more for the flood waters to dry up.

Only a handful of flood victims remained in shelters.

All but 40 of 600 persons evacuated at Robstown returned to their homes. Some water was still standing in the Blue Bonnet addition there, although most of the residents returned.

Robstown schools reopened Tuesday but attendance was only 30 per cent of normal.

An estimated 100 persons were still out of their homes at Bishop but conditions were rapidly returning to normal. Schools reopened there Wednesday.

The 663-foot tanker, the Hawaiian, went aground Tuesday night in a rough sea at the mouth of the Freeport jetties. Tugs were trying to remove the vessel of the Ore Transport Co. of Corpus Christi.

Other overnight low temperatures included: Texarkana 20; Fort Worth 22; Dallas 23; Dalhart, Lufkin and Abilene 24; Beaumont 27; Amarillo and El Paso 28; San Antonio 30; Houston 31; Galveston and Beeville 35; Del Rio 38; and Corpus Christi, Laredo and Kingsville 39.

POLL TAX SCORE

Poll taxes paid	1,275
Exemptions	517
Qualified voters	1,792

Poll tax deadline is Jan. 31

$10-Billion Leap In Cost Of Highway Program Outlined

WASHINGTON (AP) — Secretary of Commerce Weeks today reported a 10 billion dollar leap in the estimated cost of the nation's 41,000-mile superhighway system but said he is not proposing new taxes now.

Weeks also told the Senate Public Roads subcommittee the national highway program "is on schedule and that the progress being made is most gratifying."

Sen. Gore (D-Tenn), committee chairman, disagreed with Weeks' statement. Gore said "some states are well advanced and others quite tardy."

"If this system is completed uniformly and on schedule the prospect of greater revenue receipts from the gasoline tax would be greatly improved," Gore said.

Weeks formally recommended to Congress that new apportionments of funds to the states be made on the basis of the higher cost estimates.

He did this even though financing for the 41,000-mile interstate system in the 1956 Highway Act was based on an estimated total cost of $26,645,000,000 and it was evident from Weeks' report that even this probably will turn out to be low.

If the new figure turns out anywhere near right it is clear the construction schedule will have to be stretched out about four years, or new financing will have to be provided. As set up, the program runs 13 years.

Weeks told the subcommittee he is not proposing any new revenue legislation "at this time." But he said President Eisenhower's new budget, due Monday, will discuss prospects for the highway trust fund which is the repository for the highway user taxes allocated to finance the huge road program.

Weather Due To Warm Up

DALLAS (AP)—The U.S. Weather Bureau issued today this 5-day outlook for Jan. 9-12

East Texas, Central Texas and West Louisiana: Temperatures near normal. Normal minimum 40-51 extreme South Texas and near the coast, and 28-40 elsewhere. Normal maximum 51-68. Slow warming trend remainder of the week and little change thereafter. Precipitation light or none.

West Texas: Temperatures 3 to 6 degrees above normal. Normal minimum 18-30 north and 30-42 south. Normal maximum 46-62. Slight warming trend through Friday and little change thereafter. Precipitation moderate to heavy in scattered rain about the weekend.

Ground Broken For Cowboy Hall Of Fame

OKLAHOMA CITY (AP) — Ground was broken yesterday for the initial section of a five-million-dollar national Cowboy Hall of Fame, in which the colorful lore of the Old West will be preserved.

Airman To 'Live In Space'

SAN ANTONIO (AP)—A Randolph Air Force Base accounting clerk will soon live in "space" for the most prolonged period on record in the world.

Airman First Class Donald G. Farrell will stay in the school of aviation medicine space flight chamber for a week under the same conditions man will encounter in conquering the outer world.

Tests with the 23-year-old airman are expected to give researchers plenty to work with in their battle with space elements.

The tests are scheduled for next month.

A strapping six-footer, Farrell will sit in the cramped space cabin for a week under conditions like those of the Russian dog Laika in its flight into the unknown.

And just like the dog, Farrell will be wired so that watchful scientists can record the effects of the "flight."

The small cabin is about the size of a home furnace.

Equipment will supply Farrell with all conditions found in atmosphere on the earth, although not in the same proportions.

He'll get eight pounds per square inch air pressure, half that on earth, and a higher proportion of oxygen.

Carbon monoxide will be removed and heat reduced by the mechanism.

Excess moisture from sweat, lungs and other body fluids will be removed, recirculated and purified, and made into drinking water.

Other body waste will be absorbed by chemicals.

Instruments will record Farrell's blood pressure, respiration and pulse, and conditions inside the cabin, such as moisture content.

Farrell's week in the chamber is a few hours more than the expected time it will take to rocket to the moon and back.

In addition to the tests, logs and observations that will keep him busy, the blonde airman will take along a few books for his leisure time.

Farrell will broadcast reports on his condition over a two-way communication system, but researchers outside will not return the signals during the entire week.

Several portholes in the cabin also are expected to be covered so that Farrell can see nothing of the outside world.

The only indication Farrell will have that he's not soaring around Venus will be food that will be passed to him through an air lock in the cabin, that will in no way interfere with the tests.

School officials say their space chamber is the only one of its kind in the world. The longest previous test was 24 hours.

A series of tests will be flashed to Farrell on a radar screen and he'll be given several push-button tests in order to test his working efficiency.

WEATHER

SNYDER TEMPERATURES: High Tuesday, 51 degrees; low, 24 degrees; reading at 7:30 a.m. today, 24 degrees.

East Texas: Fair through Thursday. Cold again Wednesday night with lowest 25 to 32 interior. Warmer Thursday.

South Central Texas: Fair through Thursday. Not quite so cold Wednesday night with lowest 30 to 35 north portion. Warmer Thursday.

North Central Texas: Fair through Thursday. Not quite so cold Wednesday night with lowest 26 to 34. Warmer Thursday.

West Texas: Generally fair through Thursday. Slowly rising temperatures. Lowest 28 to 38 Wednesday night.

AF Colonel Claims He Is Scapegoat

WASHINGTON (AP)—A hearing continued today on whether Col. James A. Smyrl is a disgruntled officer trying to get back at his superior or has been made a scapegoat for suspected irregularities at Lackland Air Force Base, Tex.

Attorneys for the Manchester, N.H., bomber pilot of World War II continued to tell his side of the case before a board of five generals.

The privately operated skating rink at the San Antonio base is involved in strong differences of opinion between Smyrl and his commanding general. Another issue is special security investigations of charges that private interests had made it worthwhile for base officials to favor their projects.

James Gardner, San Antonio lawyer, yesterday told the review board that Smyrl had been recommended for release from active duty after telling his superiors that civilian concessionaires were "playing footsy with higher officials" at Lackland.

The current hearing is next to the last stage in the proceedings.

They started at Lackland last March when Maj. Gen. Herbert L. Grills suspended Smyrl from the command of the largest training group on the base. Maj. Gen. Carl A. Brandt, commander of the Technical Training Air Force, quickly gave Smyrl an unsatisfactory efficiency rating and recommended that he show cause why he should not be dropped from the active force.

An inquiry board at Lackland last fall heard charges against the 39-year-old pilot. It concluded he should be dropped because he "failed to demonstrate leadership" and was "temperamentally unsuitable" to be an Air Force officer.

In a lengthy brief submitted to the review board here yesterday, Smyrl's lawyers charged that he had been fired because Grills believed the thousands of basic trainees at Lackland were not supporting a skating rink run on the base by Maurice Jaffe and Charles H. Mueller of San Antonio.

The attorneys also stressed their contention that the inquiry board at Lackland last September erred in declining to admit as evidence testimony and documents offered by Smyrl to show that irregularities entered into the building of the skating rink. These included arrangements whereby a private concern would collect the profits for a 10-year period before returning the property to the Air Force.

Smyrl's attorneys submitted affidavits alleging that concessionaires at Lackland had made land available and built a $36,000 residence for the civilian general manager of the base exchange at a "paper cost" of something over $22,000. They also alleged that the civilian manager was given other inducements and that "preferential treatment" was accorded Jaffe, Mueller and other civilians in business on the base.

If the current board decides that Smyrl's superiors at Lackland were in error and that the inquiry board found against him unjustly, Smyrl could be restored to full duty.

Should the board uphold the Lackland officers and the inquiry board the case will go to Air Force Secretary James Douglas for final action.

TODAY'S MARKETS

FORT WORTH (AP)—Hogs 600; steady; choice butcher hogs 20.00-20.25; medium to good hogs 17.50-19.50; sows 15.00-17.00. Sheep 900; strong to 50 higher; good and choice slaughter lambs 22.00-23.50, highest price paid since last August; stocker and feeder lambs 20.00-22.00.

Cattle 900; calves 700; cattle steady; calves slow and weak; good and choice steers and yearlings 22.00-23.00; common and medium 15.00-22.00; good and choice slaughter calves 22.00-26.00; common and medium 15.00-22.00; good and choice stocker steer calves 24.00-28.00; stock steer yearlings 26.00 down.

STOCK AVERAGES

Compiled by The Associated Press

	Indust.	Rails	Utils.	60 Stks.
Prev. day	240.9	84.6	73.1	159.8
Week ago	233.2	79.8	72.2	154.7
Month ago	236.6	78.6	71.6	155.8
Year ago	267.3	120.8	73.5	181.2

Activity on the stock exchanges in New York yesterday included the following:

	High	Low	Close	Change
Cont. Oil	42	41¾	41¾	up ⅛
Creolen	16⅝	16⅛	16⅝	off ⅛
Gulf Oil	107¼	105¾	106	off ¾
Halliburton	55⅞	55⅝	55⅝	off ⅛
Humble Oil	53¼	53	53	off 1
Monsanto	36¼	35¾	36	up ⅛
Phillips	38⅝	37⅞	38⅝	up ¼
Socony	47⅛	47¼	47⅛	off ⅛
Std. N. J.	50	49⅝	50	up ⅛
Sun Oil	68¾	68¼	68¼	—
Sunray	31¾	30¾	31¾	up ¼
Texas Co.	61¾	60¾	61¾	off ⅛

NEW YORK (AP)—The stock market continued to rally briefly then turned generally lower on profit taking early today. Trading was moderately active.

The ticker tape was late for two minutes as a buying surge from late yesterday ran over. The initial tone was narrowly higher but gains were clipped severely and in several cases turned to losses.

Aircrafts resumed their leadership in activity. After a slight upside bulge at the start most of them showed fractional declines.

Chrysler stretched a small opening loss to a drop of well over a point. The firm announced the layoff of 4,000 workers in the Detroit area. Other motors shares showed scant change.

Some chemicals, rails, rubbers and other selected issues held gains of fractions to around a point. Steels, nonferrous metals and assorted issues in other sections took losses.

Twentiety Century-Fox was ahead around a point following news it plans to build a "city" on its West Coast movie lot.

United Aircraft and General Dynamics were off around a point. Smaller declines were registered for Douglas Aircraft, North American Aviation and Lockheed.

Baby Abandoned At Yule Model Scene

DIJON, France (AP)—Jules Roccaz, sacristan at St. Michale's Church, cried "miracle" and ran for the priest last night when he heard a baby crying from the Christmas model of the stable at Bethlehem.

The priest found a baby girl between models of a cow and an ox in the star-decorated stable. After baptizing her Noelle, he called the police.

The baby, believed about 10 days old, was sent to an institution while efforts were made to trace the mother who had abandoned her.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

ADMISSIONS — Jerene Hester, 2705 Avenue R; Mrs. W. B. Taylor, Route 3, Box 128; Richie Smedley, 109 Browning; Tommy Ryan, 1310 Twenty-ninth Street; C. A. Bretz, 2003 Avenue N; Mrs. J. T. Shirock 3102 Thirty-ninth Street; Mrs. Joe Drinkard, Route 2; Sammy Rayvon, 2004 Avenue N; Weldon Leard, 312 Thirty-sixgh Stret.

DISMISSALS — Joyce Kirkland, 207 Hickory; Mrs. Carl Gray, Route 1, Hermleigh; Mrs. J. B. Sells, Odssa; L. W. Hatfield, 2102 Fortieth Street; Lewis Lloyd, 3712 Avenue V; Mrs. Martin Mull, 3203 Thirty-second Street; Ted Jeffress, Arah Route; Mrs. A. P. Martin, 1900 Avenue T.

COGDELL MEMORIAL

ADMISSIONS — Pat Edwards, 3709 Highland Drvie; Dan Hamil, 2306 Twenty-fifth Street; Lonnie Damel, 700 Avenue S; Lester Davis, 903 Twenty-seventh Street.

DISMISSALS — Nancy Matthews, Box 683; Wernette Boyd, Route 3; Verba Logan, 2912 Thirty-second Street; Mackey Fraley, 2211 Avenue T; Lizzie Harmon, Snyder; Laura Alice Smith, Avenue X and Thirty-fourth Street; Mary Gilmore, Roscoe.

'Human Log,' Benefactor Of Many, Dies

HALIFAX, N.S. (AP) — Walter Callow, the blind, legless, paralyzed "human log" who spent years helping others, died last night in a veterans hospital here.

For more than 20 of his 62 years Callow lay almost motionless in his hospital bed, able only to hear and speak.

But from his bed he raised money to send more than three million cigarettes to servicemen overseas. He designed and raised money for a fleet of wheelchair buses that took cripples and shutins on outings he could not make himself.

A plane accident in 1917 when he was a Royal Canadian Flying Corps mechanic hospitalized Callow for a year, and in 1930 the injury resulted in paralysis so he could not walk. He entered Camp Hill Hospital in 1937 and never left it.

The paralysis spread to his arms and legs and his eyesight failed. Two years ago doctors amputated his legs. Two months ago he became ill with influenza and bronchopneumonia.

Callow started his cigarette fund during World War II by raffling off his radio, then gave up smoking himself and made appeals to raise more money. After the war he designed a bus to carry wheelchairs, enabling some to make outings for the first time since World War I and raised money for four buses.

Trial Of Suit Is Resumed Here Today

A case in 132nd Civil District Court here which was underway before the Christmas holidays but recessed was back in session today.

It is the case styled Harry McLachlan and others vs. H. R. Strouble, a suit for declaratory judgment. It involves an oil lease southwest of Snyder.

PUBLIC RECORDS

MARRIAGE LICENSES ISSUED:

Henry Eldon Barfield, Jr., 607 West Sixth, Sweetwater, and Donna Lou Lloyd, 26, 510 Arkansas, Sweetwater.

WARRANTY DEEDS RECORDED:

Bernard Longbotham, individually and as attorney in fact for William Perry Longbotham and Victor Longbotham of Fort Sumner, N.M., John Edward Longbotham of Del Rio, Mr. and Mrs. C. A. Dunn of Teague, and Mr. and Mrs. Glen Stark of Seminole, and as independent executor of estate of John Longbotham, deceased, to Nora Thornton, lot 1, block 6, Chambers addition, except minerals.

Mr. and Mrs. Guy Glenn to Mr. and Mrs. Odis Neal Landes, 0.35 acre in section 18-1-J, P. Smith, except minerals.

NEW VEHICLES REGISTERED:

Roland H. Dowlearn, Roscoe, from Roy V. Lashaway Trailer Sales, 1958 Nashua horsetrailer.

T. L. Bradley from Elland Motor Co., 1958 Oldsmobile four-door.

C. E. Raine, Westbrook, from Wilson Motors, 1958 Ford four-door.

Aged Chimpanzee Has Young Ideas

CHICAGO (AP)—Heinie I, an aged chimpanzee with young ideas, has adopted a rock 'n roll routine that's a strain on his cage.

Feeling few of the 36 years that makes him one of the oldest chimpanzees in captivity, Heinie attracts the attention of crowds by putting his back on the door of his cage and banging away with his feet.

"We had bricklayers out Monday to rebuild the wall of his cage," said Marlin Perkins, director of the Lincoln Park Zoo. "The day before, we had the metal workers out to bolster the sagging door of his cage."

MAN'S RACE INTO OUTER SPACE—Moscow reports that Russia had sent a man-carrying rocket 186 miles into the air provide these comparisons of heights previously reached by man and animals. The reports did not say if the man who was parachuted back to earth went all the way up in the rocket. Russians previously claimed they had sent dogs and monkeys up 130 miles. The United States has sent mice and monkeys 36 miles up in aerobee rockets and they lived. (AP Wirephoto)

Cold Winds Delay Firing

CAPE CANAVERAL, Fla. (AP) — Cold winds hitting a peak velocity of 30 miles an hour bothered Atlas crewmen today as they prepared one of the big intercontinental ballistic missiles for firing.

The Weather Bureau said the winds are not expected to diminish until tonight. If so, they might force a postponement of the firing until tomorrow. Winds of 30 m.p.h. could make the launching of a big rocket difficult.

At 10:30 a.m., the red ball which warns of an upcoming missile shot had not been raised to the top of its pole, indicating that if a firing still is planned today it would be some hours away.

Price Structure Gets 'Body Blow'

HOUSTON (AP)—Humble Oil & Refining Co. today cut the price paid for Sweden and Refugio types of crude in Southwest Texas by 10 cents per barrel. The move was described by one New York oilman as a "body blow to the U.S. price structure."

Magnolia Petroleum Co. announced last night it has dropped its posted price for Illinois Basin crude oil 10 cents per barrel, retroactive to Jan. 1. That reduced the firm's price for Illinois Basin crude to $3.05 a barrel.

President Morgan J. Davis of Humble said his firm's adjustments resulted from local market conditions in the affected areas where substantial volumes of crude have been moving below Humble's posted prices.

He said the prices for crudes affected by the reduction have been out of line with prices posted for competitive crudes in other areas and the adjustments were necessary to maintain adequate markets for the production from the affected fields.

The new cuts followed earlier ones by Southern Minerals Corp. and Suntide Refining Co., both of Corpus Christi, Tex.

The first reduction of 10 cents a barrel was announced Dec. 16 by Southern Minerals.

Its president, Maston Nixon, said at the time: "This reduction is necessary to meet competition of other domestic crudes that are coming into the Corpus Christi and Gulf Coast areas."

Suntide decreased its price 25 cents a barrel Jan. 1 for crude purchased by the firm in all fields of the lower Gulf Coast served by Suntide Pipe Line Co. It operates in a 150-mile radius of Corpus Christi.

Suntide's president, F. L. Martin, also said the firm was cutting its daily purchasing from 60,000 to 40,000 barrels.

He said the reduction was necessary in order to compete with crudes coming into that area from other parts of Texas and "to adjust to the increased competition of foreign crudes which today are being landed in Gulf Coast ports 60 to 80 cents a barrel lower than domestic crudes of like gravity."

Jayne, Mickey Speed Plans

HOLLYWOOD (AP) — With pink-tinted invitations and undisguised enthusiasm, ample-figured Jayne Mansfield has announced that she and weightlifter Mickey Hargitay will be married Monday evening.

This is two days ahead of the previously announced date for the long planned ceremony.

The actress said yesterday that the date was pushed ahead "because we're so much in love" and because "13 is our lucky number." Monday will be Jan. 13.

"Mickey and I met on the 13th," Jayne said. "He won the Mr. Universe title on the 13th and got his American citizenship on the 13th. I just love that number." Hargitay is a native of Hungary.

Her divorce from public relations man Paul J. Mansfield of Dallas, Tex., became final this week.

First mention of raisins was in the Bible, where in I. Samuel 30:12, the passage says: "And they gave him a piece of a cake of figs and two clusters of raisins and, when he had eaten, his spirit came again to him."

Fine Assessed Here On Charge Of DWI

Jess Harold Rogers, 2305 Fortieth Street, was fined $73.50, including court costs, this morning in county court when he pleaded guilty to a charge of driving while intoxicated.

Rogers, 37, was also given the mandatory three-day jail sentence. He had been arrested by city police.

Road Work Up For Bids

The State Highway Department will receive bids until two road paving projects in the Snyder area.

One will be 10 miles of grading, structures, and base and surfacing north of Snyder. That road runs from U. S. Highway 84 north to the Polar community and is known as the Polar Road. There is not now any pavement connecting the Polar area with highways.

The other road will be in the Lake Thomas area and will run from near the Lake Thomas dam south to State Highway 350, a distance of slightly more than two miles.

Bids will be received from contractors until 9 a.m. Jan. 22. Plans and specifications are available here from Homer Ray, resident highway engineer.

Pilot, Companions Found On Mountain

ANCHORAGE, Alaska (AP)—Rescuers found a Texas pilot and three Air Force companions alive and little harmed near their wrecked plane on the slopes of Dumpling Mountain yesterday.

The ship, an L20 Beaver, flown by Capt. Francis Eltife, 38, Tyler, Tex., crashed Sunday about 15 miles south of King Salmon Air Force Base, its home station.

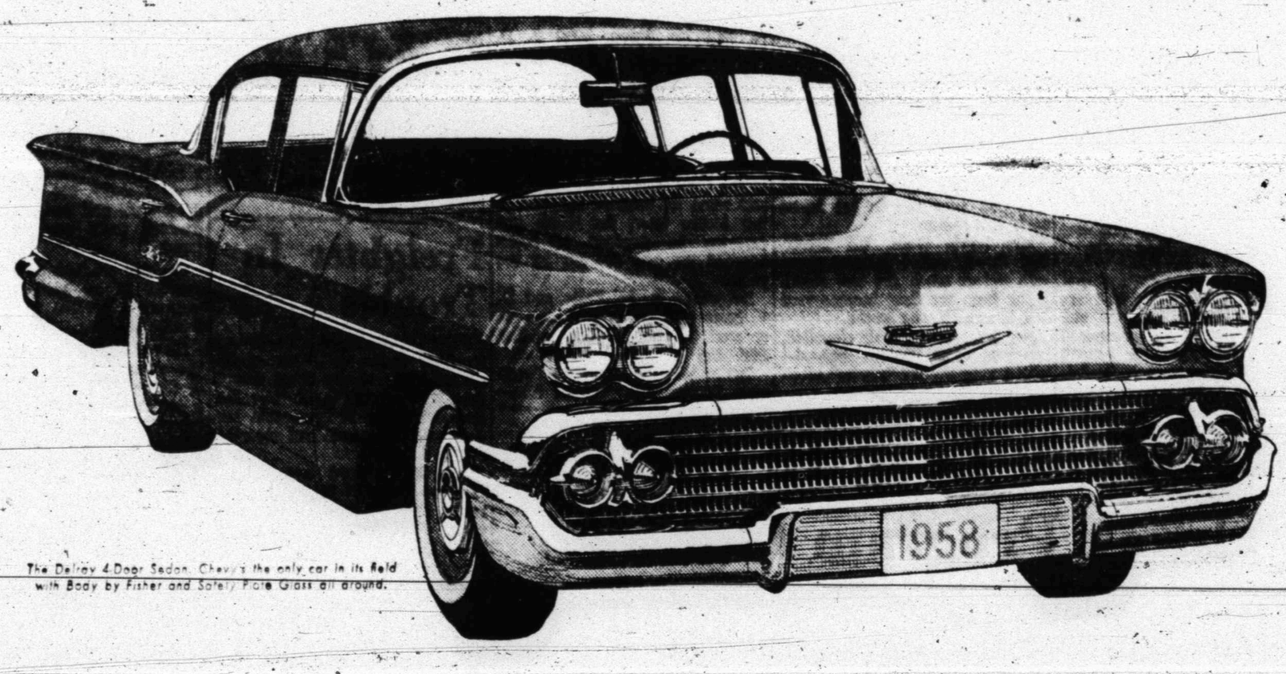

Eltife and the others suffered only minor injuries.

Eltife's wife lives at Tyler with their 6-year-old son and 20-month-old daughter.

NOTHING ELSE NEAR THE PRICE HAS WHAT'S IN THIS PACKAGE!

The Delray 4-Door Sedan. Chevy's the only car in its field with Body by Fisher and Safety Plate Glass all around.

It's one of Chevrolet's dollar-stretching Delrays!

The handsome Delrays are the lowest priced of all the low-priced Chevrolets. And they're full-size Chevrolets—wider, lower and nine lively inches longer. In size, in style, in fine details and construction, no other car priced so low gives you so much!

When you're thinking about buying a car because of its extra-low price, there are two things it pays to watch for. First, be sure you get full measure when it comes to size. Don't settle for a cut-down bargain model. Second, be sure you get all the equipment and conveniences that you'd normally expect to be standard. Look for such everyday things as an instrument panel switch for the dome light, a booster for vacuum windshield wipers and crank-operated vent windows.

Chevrolet's Delray models are the lowest priced in the line. But they're *full-size* Chevrolets—wonderfully lower and wider, with the same increased length as other models. They're *all* Chevrolet, with bold new sculptured styling and beautiful Body by Fisher. And they're equipped to do you proud. Nothing else near the price has what's in *this* package. See it soon at your Chevrolet dealer's!

SPEAKER AND HOSTESS—Pictured above on the left is Mrs. M. E. Stanfield who was hostess to the Art Guild Study Club Tuesday evening at the Martha Ann Clubhouse. Mrs. Harry Lee, right, gave an enlightening talk on Madame Pandit. (Lee Watson photograph)

Art Guild Study Club Hears Program On Life Of Madame Pandit

The art Guild Study Club met Tuesday evening at 7:30 o'clock in the Martha Ann Woman Club, with Mrs. M. E. Stanfield as hostess.

A short business meeting was held, conducted by the president, Miss Ethel Mae Sturdivant.

Mrs. Harry Lee was in charge of the program and gave a very interesting review on "Friendship —Madam Pandit". She said in part:

"Madame Vijaya Pandit, Indian diplomat, is a sister to Prime Minister Jawaharlal Nehru of India, the most dominant figure of free Asia. Contrary to general belief, Nehru is perhaps America's best friend in Asia; though he has few kind words for America, his policies may be our greatest source of strength in Asia. So let us look briefly at India and her important place in the world today.

"Every sixth person in the world is an Indian. With a population of over 361 million, India is the second most populous nation in the world and presents a mosaic of races, religions and cultures. With an area of 1,269,640 square miles, India is somewhat less than half the size of the United States, but her population is more than double ours. The world's highest mountain range, the Himalayas, forms India's northern boundry. The southern peninsula juts into the Indian Ocean, with the Bay of Bengal on the east and the Arabian Sea on the west. Located north of the Equator, India has three seasons; the hot weather from March to June, the monsoon from June to September, and winter from October to February. The winter is mild in most parts of the country except the north, where it can be very severe.

"Let us now consider this important Nehru family of which Madame Pandit is a part. Motilal Nehru and his wife Swarup Rani (Kaul) had three children: one son, Jawaharlal, the present Prime Minister of India, and two daughters, Madame Pandit, ten years younger, and seven years later another daughter, Krishna Hutheesing, a lecturer and writer.

"The Nehrus were a Kashmiri Brahman family. The mother was from an orthodox family, had little education, and was married when she was thirteen. She was meek and docile by nature, so when Mr. Nehru took to western ways of living, she had no alternative but to do likewise; but she never got used to it or learned to like it.

"As was the custom in Kashmiri household, the first daughter was called 'nanhi', which means 'the little one'. When she was five years old, the Nehrus brought a governess from England, the governess shortened 'nanhi' and started calling her Nan, then even the family called her that.

"Amidst affectionate parents and relatives, Nan grew to womanhood, brought up more by Western than by Eastern standards, with the privilege of mixing freely in society, which was quite unusual for women.

"Having been brought up not to differentiate between casts, and having no religious bias, it was not surprising that Nan should meet and fall in love regardless of cast or creed, but most Indians at that time were bound by traditions and customs. Nan did not confide in anyone but kept her feelings to herself. When her parents began to discuss Nan's marriage to the young man whom they had had in view since childhood, she rebelled. There were tears, tantrums, and many bitter arguments. Her father kept aloof, secretly sympathizing with her until he discovered the real reason for her refusal, her desire to marry another. Then there was trouble, even Jawahar, Nan's hero, sided with the family against her. Her father was deeply hurt because Nan had not confided in him, and his anger was probably intensified by his strong attachment for her.

"Nan was told to pack and get ready to go to Mahatma Gandhi's ashrama, a forty-eight hour hourney by train from her home. She was supposed to stay there until she came to her senses and her father's temper cooled. Gandhi and his wife received Nan with much affection.

"When she was 21, Nan married Ranjit Pandit, an attractive, clever, Brahman lawyer and a brilliant scholar, who soon became a much loved member of the Nehru family.

"Later Nan persuaded her husband to move to her home town, Allahabad, where he soon gave up the practice of law and turned to politics and participated in the National Movement. He was not the type that could stand prison life, and repeated sentences broke his health which once had been splendid. Madame Pandit was imprisoned three times for her participation in the national movement—in 1932, 1941 and 1942. When Madame Pandit was first imprisoned in 1932, she was then the mother of three daughters, the youngest only three.

"In 1937 she became a member of the Legislative Assembly as well as Minister of local self government and public health, which position she held for the next two years. The first Congresswoman to become provincial minister.

"Madame Pandit served as India's first ambassador to the Soviet Union from 1947-1949. When the new Constitution was adopted in Jan. 1950 Madame Pandit served as India's ambassador to the United States from 1949 to 1951. To date, she has been the only woman to serve as President of the United Nations General Assembly, which position she held in the 1953-54 session".

Mrs. H. Redwine Hostess To Church Group

Circle No. 2, Presbyterian Womens Organization met Tuesday at 9 a.m. in the home of Mrs. H. P. Redwine, Denison and Forty-second Street with 13 members present.

Mrs. W. A. Smallwood opened the meeting with a prayer and led the group in Bible Study with "Meet Dr. Luke".

The program study from the 1958 study book "The Word, The Way and the World" was led by Mrs. Frank Butler.

Following the program Mrs. John R. Covey Sr. conducted a short business meeting and election of Circle officers was held. Mrs. Bill Jones was elected Circle chairman, Mrs. Chester Likes, co-chairman, and Mrs. W. A. Smallwood secretary-treasurer.

Refreshments of coffee and cookies was served by the hostess.

Remodeling Tip

Don't let te location of utility sources dictate the arrangement of your kitchen. Poor arrangement of appliances can cost more in wear and tear and traffic hazards than the actual moving of an outlet. The gas equipment manufacturers advise that you separate the range from the sink by at least 24 inches of counter space. This gives the work and assembly space you need to work efficiently at the range. The group suggests a triangle arrangement of sink, range and refrigerator with counter space between each appliance as the most efficient arrangement of kitchen space.

Some cooks like to add chili sauce or catchup to mayonnaise to serve with seafood.

Mrs. B. Drum Hostess To Sorority Tuesday

The Iota Psi Chapter met Tuesday evening in the home of Mrs. Margaret Drum, 1912 Coleman for its regular monthly business meeting and program.

Mrs. Mary Pitner introduced the guest speaker, Mr. W. J. Schiebel who spoke to the group on civil defense. Mr. Schiebel, past director of the local Civil Defense Organization, told of the various phases of the organization and measures to be taken in time of disaster.

Following the program, President Laverta Lovell conducted the business meeting. Mrs. Jenelle Beasley was chosen to represent the chapter in the District 8 Beauty Contest to be held in Kermit on Jan 19, in conjunction with the district meeting on that date.

Refreshments were served by the hostess to Mrs. Margaret Wood, Mrs. Gwen McLaughlin, Mrs. Mary Pitner, Mrs. Laverta Lovell, Mrs. Avanelle Carbel, Mrs. Marlene Stokes, Mrs. Anna Stephens, Mrs. Jenelle Beasley, Mrs. Nita Payne, Mrs. Mary Nell Cargile, Mrs. Maxine Lipscomb, Mrs. Shirley Drum, Mrs. Faydean Hart, Mrs. Jean Everett and Mrs. Shirley Bowers.

The next meeting will be a social in the home of Mrs. Maxine Lipscomb, 2304 Fortieth Street on Jan 21. Topic of the program will be "Suppressed Desire".

WOMEN'S CALENDAR

THURSDAY

AAUW will meet at the Martha Ann Woman's Club at 7 p.m. Mrs. Emma Haught, hostess, Mrs. Harold Kelly, probram leader.

St. John's Episcopal Church Outlines Plans For New Year

St. John's Episcopal Church held their annual business meeting Monday night at 8 o'clock in the church.

The work of the church for 1957 was evaluated and much progress was noted. In the Vicar's report given by the Rev. Donald N. Hungerford, it was pointed out that 1957 was a record year in the history of the mission which was organized in the Spring of 1950. In addition to the highest number of confirmations and baptisms, the church reaped the highest receipts.

The program for 1958 was proposed by Rev. Hungerford and was accepted by the communicants.

To carry out the program of the church in 1958 the following committees were elected and appointed

Bishops committee: Bill Fry and Steve Birdwell on new elected members. Gene Green and Bruce Denny were elected for another term. Returned on the committee was Scott Patterson and Buck Perine. Mr. Perine was also appointed warden. This committee is the governing body of the church.

Day school committee: Mrs. Thomas Hartley, Mrs. Bill McClatchey, Mrs. Bob Peacock, Mrs. Bill Lee and Mr. Jim Norred. This committee directs the day school which was inaugurated Sept. 1957. This is a regular shcool for preschool children, chartered by the State of Texas.

Vicarage committee: Gene Green Mrs. Charles McCaleb, Mrs. Buck Perine, and Mrs. Fred Auforth.

Architectual committee: Mrs. Robert Patterson, Mrs. Bruce Denny, Steve Birdwell and Bill Fry. This committee will study plans for a new church and sanctuary.

Parish life conference: Mr. and Mrs. Bruce Denny, Mr. and Mrs. Bob Peacock and Mr. and Mrs. Robert Wilson.

Mr. Bob Wilson and Bruce Denny were elected as delegates to the 48th convocation of the missionary district of north Texas at St. John's Church in Odessa, on March 14 through 17. Alternate delegates are Bob Peacock and Fred Auforth.

Daddy Gone Huntin'

It's time for Mother to refresh her memory on the best ways to cook wild game. To insure tender meat it is safest to pot toast, stew or braise. For best flavor, trim off excess fat and wipe the meat with a cloth wrung out in vinegar. Marinating the meat overnight in wine or French dressing helps to tenderize the meat as well as bring out a superior flavor.

Former Snyder Girl Weds In Fort Worth Rites, Jan. 3

Miss Nancy Bently of Fort Worth, formerly of Snyder became the bride of Bobby Wayne Lott of Mexia, Friday evening, Jan. 3 in th home of the bride's parents.

The bride is the daughter of Mr. and Mrs. D. H. Bently, 1201 Cameron Street, Fort Worth; and Mr. and Mrs. W. H. Lott of Mexia, Texas are parents of the groom.

The Reverand W. A. Flynn, pastor of the St. Paul's Methodist Church performed the double ring ceremony.

Miss Helen Copeland of Fort Worth served as maid of honor, while Don Lott served his brother as best man.

Mrs. Lott is a graduate of Pascal High School. Mr. Lott graduated from Mexia High School and is now stationed at Carswell Air Base in Fort Worth.

A reception was held in the home following the ceremony. The couple will reside at 2243 Fairmont Avenue, Fort Worth.

Out-of town guests were the groom's mother, and Miss Martha Morgan of Cleburne, Tex.

A can of minced clams (about 7 ounces) plus garlic and olive oil makes a wonderful sauce for a half pound of spaghetti.

Lost 35 Pounds With Barcentrate

Emma Slaughter, West Columbia, Texas, states that she lost 35 pounds taking Barcentrate; that she not only found Barcentrate an excellent weight reducer, but also a wonderful tonic.

Barcentrate is the original grapefruit juice home recipe for taking off ugly fat. If the very first bottle doesn't show you the way to reduce, easily, safely and without starvation diet, return the empty bottle for your money back.

Reserve District No. 11 **State No. 1805**

Junior Editors Quiz on FISH

QUESTION: *How do deep sea fish see in the dark?*

* * *

ANSWER: Down where the water is so deep that there is hardly a vestige of light, some fish have tremendously large eyes that, like the eyes of an owl, can make very efficient use of what little illumination there may be. Others give up the struggle to see and instead make use of sensitive feelers. Still others, especially those completely beyond the range of sunlight, carry their own flashlights with them. Such flashlights are parts of the fishes' bodies and operate like an eye, with a lens and a surface to reflect the light from a luminous area. The light is produced by chemical reaction. The fish can turn it on or off, depending on whether it is hunting or being hunted. About half of the deep sea creatures probably have some means of shining lights.

* * *

Since you never are likely to see a flashlight fish, ask your librarian for a book about the sea and read about its many wonders. A number of such books have been published recently.

* * *

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

IT'S BEEN A LONG WHILE since we've seen a basketball team as "fired up" as the Tigers were last night against Abilene.

The Tigers, far from satisfied with their play in past games, seemed to have turned over a "new leaf" last night.

The entire Tiger team hustled from the opening whistle to the final buzzer. The Bengals were a determined outfit, no one who saw the game can deny.

Last night's game was a "crucial game for the Tigers even though it was only a non-district contest.

The Tigers were a down-hearted bunch of kids when they came away from the Abilene tournament last weekend after suffering three straight losses in the tourney.

Coach J. P. Ward was worried, too, over the Tiger showing in the tournament as he feared the three defeats might damper the spirits of the players to where they would never get back up.

Something Happened

But something happened last night. You could almost sense it before the game even started that the Tigers meant business.

It would have been a shame had the Tigers' lost last night. As aforementioned, the Tigers, to a man hustled every inch of the way and after putting up such a game fight, a defeat might have just "finished" the Tigers roundballers for good.

Well, we know one game doesn't make a season but the victory last night may the springboard to future success for the Tigers.

We just hated that there were not more fans on hand to see last night's exhibition. The crowd was a bit above the average for the season but still far from what it should be. A decided increase was noted in the student section last night.

Nope, the Tigers haven't given up on themselves. We just hope the fans haven't given up on them. We rather imagine that every fan who was on hand last night will be back when the Tigers play here again.

You just can't help from admiring a bunch of kids who can get up off the "floor" and play as inspiringly as the Tigers did last night.

Ned Happy Twice

Junior High 8th grade cage coach, Ned Underwood, was sweating out two games here last night.

Ned was time keeper for the Tiger game and, of course, he was sweating out the Tigers as they battled Abilene. At the same time Ned focussed his attention to another game being played while last night's tilt was in progress here — Texas Tech vs. TCU.

Underwood, who graduated from Tech last spring after three brilliant seasons with the Raiders, was a happy man when he learned Tech led TCU at halftime, 39-32, and then more happier when he got the final score — Tech 83, TCU 70.

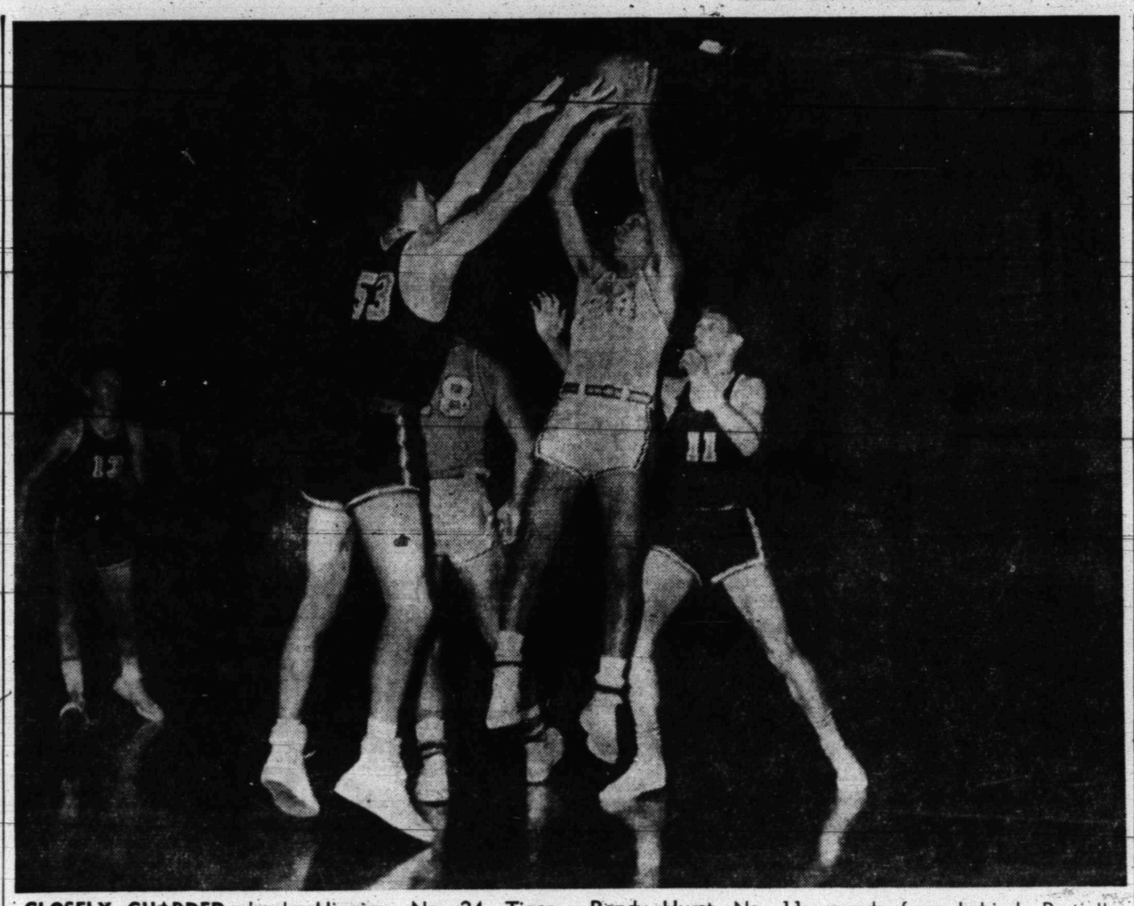

The largest crowd in Southwest Conference history, 9,500 watched Tech upset the Frogs.

Quote of the week:

Abilene "B" coach, Melvin Lindsey, came over to the scoring table shortly before last night's Tiger-Abilene game and asked his manager the field goal shooting percentage of his charges in the preliminary game.

"Fifty-three percent," the manager replied.

"Is that all," the Abilene B coach quipped.

CLOSELY GUARDED—Israle Hinojos, No. 24, Tiger guard, is covered from both sides in last night's game with Abilene but he get his shot away, nevertheless. That's 6-4 Jim Perry, No. 53, an all-state end for the Eagle footballers, attempting to block the shot while Randy Hurst, No. 11, guards from behind. Partially shown in background is Tiger Bill Phillips, No. 18. The Tigers hustled their way to a 51-37 victory. (Lee Watson Photograph).

Inspired Tigers Roar Past Abilene Eagles By 51 To 37

BY BUCK FRANCIS
News Sports Editor

The Tiger basketballers had determination in their hearts last night and it paid off with a smashing 51-37 upset victory over the Abilene Eagles in a non-conference contest at Tiger Gym.

Hustling all the way, the Tigers edged ahead in the final minute of the first half never to be headed the remaining distance. The Tigers went to rest at halftime leading a scant 2-point lead, 23-21, and then the Black and Golders outscored the Eagles 16-6 in the third to pull into a commanding 39-27 lead.

For all practical purposes that was the ball game as the Eagles never got closer than nine points of the Bengals in the final period.

The rebound work of Bill Phillips and Leon Reed contributed heavily to the Tiger victory last night. Phillips hauled in 19 rebounds to 18 for Reed. Each grabbed 11 rebounds off the defensive boards with Phillips getting one more offensive rebound, 8-7.

Reed, in addition, set the pace in the Tiger scoring with 16 points. The big 6-3 senior forward dunked in seven field goals and hit two-of-tow free throw attempts.

Only other Tiger in double figures was guard Gary Vice who bucketed 12 points. Although the game was already in the bag, Vice final two-pointer brought one of the loudest cheers of the night. Vice dribbled to the mid-court stripe and fired away as the buzzer sounded to end the game and the ball plunked through the nets.

All-state footballer Jim Perry led the Abilene attack with 13 points. The Eagles lost Perry in the final minute of play with a badly sprained ankle. Perry's ankle swelled twice its normal size as result of the injury.

Both the Tigers and Eagles were without a regular at the start of last night's game. John Ward of the Tigers didn't suit out because of illness. Randy Hurst, an Abilene starter, nursing an injured wrist, was held out of action until the fourth quarter.

Two other Tigers didn't suit up last night because of illness, reserves Dwayne Merritt and David McIntosh.

The Tigers trailed through most of the first quarter but caught up late in the period only to fall one-point behind at the period's end. Abilene jumped ahead 9-3 midway through the opening quarter before the Tigers came to life.

With 1:30 minutes remaining in the first quarter, Israel Hinojos tossed in a one-hander to send the Tigers out front for the first time, 12-11. George Nichols came right back with a long fielder to give the Eagles a 13-12 lead the quarter mark.

The lead then changed hands seven times in the second quarter before the Tigers finally shot ahead to stay. Vice hit two free throws to put the Tigers ahead, 22-21, with 1:30 minutes left in the first half.

Jimmy Allen then made it 23-21 at the halftime with a free throw with 15 seconds left.

Led by Reed, the Tigers opened the gap to 12 points in the third quarter and then the Bengals coasted home the final eight minutes. Reed scored one-half of the Tigers' 16 points in the third that saw the Black and Gold shoot well ahead, 39-27.

The Tigers hit 20 of 56 field goal aims for 35.7 percent while Abilene connected on 16 of 55 for 29 percent. The Tigers hit 11 of 18 free throw attempts for 61 percent to 5 of 11 for 45 percent for Abilene.

Abilene won the "B" game, 62-47. The Tiger B teamers made it a contest until the final four minutes of play when Abilene iced the game away. The Tiger Yearlings trailed by only five points midway through the fourth quarter but Abilene finished strong for the victory.

Lesley Townsent with 17 and Jimmy Bray with 16 led Abilene B. Danny Tankersley of Tiger B was high point man of the game with 19. Johnny Drake of Tiger B collected 16 points.

RICE, AGS ALSO WIN

Tech Rolls On; Rips TCU 83-70

By The Associated Press

Texas Tech, newest member of the Southwest Conference, stepped into the favorite's role in the basketball campaign Wednesday after elbowing aside its two chief contenders.

The Red Raiders smashed title favorite Texas Christian 83-70 Tuesday night before 9,500 fans in Tech' home debut at Lubbock. It gave them a 2-0 conference record, idential with Arkansas. With its earlier victory over Rice, Tech now has hurdled the two teams pegged as pre-season title choices.

The veteran Owls kept a step behind by notching its first conference victory, 78-74, over Southern Methodist. Texas A&M walloped arch-rival Texas 71-50 to open its home season.

Fans crowed into all available seats and 2,000 chairs to watch Tech knock off TCU.

The Raiders rolled up an 18-point lead with five minutes to go, but the hustling Frogs narrowed the gap in the closing minutes.

Tech trailed 12-4 early in the game, but after Pat Noakes sank two straight baskets, the Raiders never trailed.

Sparked by Noakes and Gerald Myers, who scored 19 points, Tech controlled the backboards in upsetting TCU. It was the first time in 12 games TCU has failed to command in rebounds.

Noakes gathered in nine although he was sidelined by an ankle injury for part of the second half.

The victory was revenge for Tech's 71-69 loss to TCU in the pre-season tournament which TCU won.

The Raiders were deadly at the foul line, dropping in 29 of 34 attempts to 22 of 38 for TCU.

Southern Methodist spurted into an early lead in its game with Rice, but the steady playing Owls whittled it slowly to roll ahead with four minutes to play.

Dale Ball sparked the Rice rally. He dumped in one basket and four free throws in the final four minutes.

Sophomore Max Willams led the scoring for SMU with 30 points. Ball had 19 for Rice and Tom Robitaille contributed 20 for the Owls.

Texas A&M had little trouble with Texas. The Longhorns never got closer than 10 points behind in the second half. The Aggies hit 40 per cent of their shots and controlled the backboards. Wayne Lawrence was high scorer with 22 points. Archie Carroll tied with Texas' Jay Arnette for runner-up honors with 13 each.

SMU moves into Lubbock against Tech in the highlight of Friday's schedule. Arkansas will face its toughest test against Texas Christian at Fayetteville; Texas plays Baylor at Austin and A&M meets Rice at College Station.

Loudermilk Pumps In 75

BIG SPRING (AP) — Jan Loudermilk racked up 75 points last night in leading Big Spring to a 109-53 victory over Odessa Ector.

The 17-year-old star, 6-6 and weighing 215, dropped in 31 field goals and 13 free throws. He scored 46 points in the last half. It ran his 19-game total this season to 469, not far short of the 530 he tallied last season. Big Spring has 9 more games to play.

Brown Unanimous All-Pro Choice

By JOE REICHLER

NEW YORK (AP)—Jimmy Brown Cleveland's bulldozing fullback swept the boards in the annual Associated Press poll today, gaining quadruple honors as the player, back and rookie of the year besides getting the most votes on the AP All-Pro team.

The 220-pound muscleman was the only member of the Browns to earn a place on the two-platoon team. San Francisco notched four berths while Baltimore, Green Bay and the champion Detroit Lions earned three places each.

Brown was named on all 36 ballots of the sports writers covering the NFL campaign. He received 34 votes for the fullback spot and two for left halfback.

Gino Marchetti of Baltimore attracted the second highest total of votes, 35, for an end position on the defensive team. Detroit's great linebacker Joe Schmidt was next with 34 votes.

He was followed by offensive end Billy Wilson of San Francisco 33, and Washington's defensive end, Gene Brito, 31.

Eleven players, led by Schmidt and Brito, were repeaters from the 1956 All-Pro team. They included tackle Lou Creekmur and halfback Jack Christensen, Detroit; tackle Roosevelt Brown and halfback Frank Gifford, New York tackle Art Donovan, Baltimore; middle guard Bill George, Chicago Bears; halfback Ollie Matson, Chicago Cardinals; end Billy Howton, Green Bay; and guard Dick Stanfel, Washington.

Brown who leaped from All America fame at Syracuse University to a regular fullback berth with the Browns in one year, piled up 33 of the 36 votes to waltz off with the freshman prize. He also received 19 votes as the outstanding back and was named on 14 ballots as the circuit's No. 1 player.

Y. A. Tittle, San Francisco's veteran quarterback, was second to Brown in the best back and player if the year categories. He had six votes for the first and 10 for the second. Baltimore's young quarterback Johnny Unitas was third in each department with five and seven votes.

Brown repeated Alan Ameche's feat of two years ago, leading the NFL at rushing in his rookie year. The 22-year-old drove 942 yards while spearheading the Browns' ground game to provide the major contribution in Cleveland's capture of the Eastern Division title. In addition, he led all non-kickers in scoring, totaling 10 touchdowns for 66 points.

IN AGGIE COACH PICTURE

Myers Is Still 'Man Of Hour'

DALLAS (AP)—Jim Myers of Iowa State, a single wing stylist with only a year's head coaching experience, was the man of the moment today in Texas A&M's search for a new football coach.

But Aggie officials, possibly frustrated by the widely-publicized hunt, kept their own counsel and wouldn't say definitely whether the dual post of coach and athletic director was offered Myers. The 36-year-old coach met here with the athletic committee of the college's board of directors last night and then ducked out of reach of newsmen.

Dr. M. T. Harrington, Texas A&M president, said a meeting of the full board would be held, possibly by Monday, before any announcement is made.

He declined to say whether Myers was offered the job, but said no other interviews with prospects had been arranged.

There had been strong indications that Myers would be announced as the new coach following the interview. But the athletic committee conferred in executive session more than an hour after talking with Myers. What was discussed was not disclosed.

The delay raised speculation that there may be a division of opinion between the athletic committee of the board and the faculty athletic committee. Myers talked with the faculty group on a visit to the A&M campus last week.

The athletic committee, however, has spearheaded the hunt for a coach to replace Paul Bryant, who guided the Aggies out of the football wilderness to a national power in three seasons.

SWC Tourney Again Set For Houston

PHILADELPHIA (AP) — Southwest Conference teams will hold their pre-season basketball tournament in Houston again next December. Conference representatives here for NCAA sessions agreed to the plan at a meeting yesterday.

Roosevelt Brown, at 265 pounds, is the heaviest player with the New York Giants, defending champions in the National Football League.

BERLIN 'ENVOY' ARRIVES — Teddy, former mascot of the U. S. 6th Infantry Regiment in Berlin, looks at New York City upon arrival by sea. The young bear, a gift of the Berlin people, will make his new home in the National Zoological Park in Washington, D. C.

ALLIED UNIT — British Hawker interceptor fighter with U.S. Air Force Maj. Richard Newell, Centreville, Md., at controls climbs high into sky over Yorkshire, Eng. He commands British squadron under Anglo-American airmen exchange program

ART OF A STATESMAN — U. S. Customs appraiser Harry Frumess inspects a painting by Britain's Sir Winston Churchill at Idlewild Airport in New York. Canvas is part of a collection of the famed amateur artist's work to be exhibited throughout the United States.

LAUGH TIME — John Wayne and Eiko Ando, his Japanese leading lady, share a humorous moment while enjoying respite during filming of "Townsend Harris Story" in Kyoto, Japan.

LOOSE LOOK — Printed cotton outfit, shown in Paris, is forerunner of next summer's beach fashions. The slim overdress is unbuttoned almost to the waistline.

PAYS WAY — Ruth Polich holds up Christmas card mailed by Postmaster General Summerfield. He used four-cent stamp on all his cards to dramatize need for higher postage rate.

RED ENVOY — Mikhail A. Menshikov, present ambassador to India, has been named by the Soviet Embassy in Washington as the new Russian ambassador to the U. S. He would replace Georgi Zarubin who has held post since 1952.

READYING THAT LEFT — Yanks' Whitey Ford, plagued with arm trouble last season, punches bag in New York gym after doctors advised him to take up boxing to help his arm.

PROGRESS CHECK — Nationalist leader Chiang Kai-shek and his wife walk across bridge during personal survey of highway being built on Formosa. Much of the work is done by hand since use of heavy machinery is impractical in most areas

TO MOVE UP — Rep. Wilbur D. Mills (D-Ark) is in line for chairmanship of the powerful House Ways and Means committee. Post was held by the late Jere Cooper.

FLOOD WATER CONTROL — Giant steel door is positioned between towers on the Hollandse Yssel river near Rotterdam. Door will be lowered when high tides threaten the area.

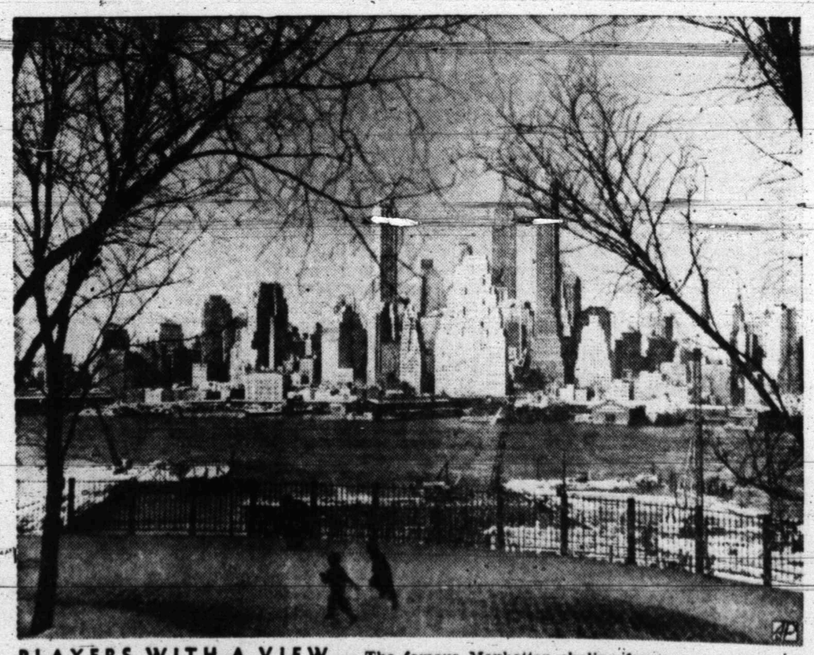

TEST STUDY — The Rev. Daniel Linehan studies records of seismological tests at the South Pole. The first soundings made in area indicate that 8,297 feet of ice and snow cover solid rock. Rock apparently rises 903 feet above sea level.

DOWN TO CITY LEVEL — Removal of Santo Antonio mountain, foreground, nears completion to provide needed space for buildings and streets in the heart of Rio de Janeiro.

FESTIVAL TOPPER — Alexis Sidro completes the giant head of King Carnival, 74th of the name, who will rule over the pre-Lenten festivities in Nice on the French Riviera.

PLAYERS WITH A VIEW — The famous Manhattan skyline forms a magnificent backdrop for children at play in a Brooklyn Heights park as the East river flows between them.

Detailed Planning Required, If You Want To Be A Hermit

By HAL BOYLE

NEW YORK (AP)—Would you like to become a hermit?

Many people say they would, but don't know how to go about it.

Some of them are millionaires. They have found out the difference between millionaires and hermits, which is — millionaires have money, hermits have fun.

There is an amazing lack of knowledge about hermiting in America. For example, some people think hermits live in cities.

The so-called city hermit is merely a civilized misfit and often a miser, lonely in a lonely room. Your true hermit, on the other hand, is a woodland fellow, happy in solitude, not so much afraid of civilization as he is unwilling to be cramped by it.

He merely wants to admire nature and brood over the passing seasons, and he can't find time to do this if he has to worry over paying taxes, raising a family, and where to find a place to park his car.

Hermiting has its failures. There are any number of haphazard hermits who fail because they go about it in a slap-dash manner. They merely run away from home, shiver in the forest a few days or weeks, then, crestfallen, crawl meekly back to wife and job.

The successful hermit is the man who plans ahead. It is possible, of course, for a hermit to live off the land. But this entails hard work, and if a man is going to work hard he might as well forget hermiting and become a millionaire.

I have talked to a number of career hermits, and they all emphasize the need of a small amount of capital and an income of at least $100 a year.

Here's one way to go about it. With a few hundred dollars you buy a few acres of waste land with an abandoned but habitable home on it. Then you get some seeds for your garden, a shotgun for game, and a trustworthy dog.

Next is the problem of income. Instead of paying the government, make it pay you. Write the U.S. Department of Agriculture and threaten to plant your wasted acres with wheat and flood the country unless you are included in the soil bank program in a big way. This should be good for at least $150 a year.

Another way is to form a company called, "The Happy Hermit, Inc." write to 500 strangers:

"You know you are a miserable prisoner of civilization, too cowardly to run off and become a hermit. I am not. But I need help. If you send me a buck, you can become a stockholder in my corporation and finance one happy hermit to a finer way of life. How about it?" you say in your letter.

Since everybody wants to help a hermit, the money will roll in.

Macmillan In India Today For Parley

NEW DELHI, India (AP)—Prime Minister Macmillan arrived here today for talks with Indian Prime Minister Nehru on major issues in the East-West power struggle.

Macmillan—first British government chief to visit India—landed at New Delhi's Palam airfield on the first lap of a 39-day, 30,000-mile swing through five commonwealth countries.

Nehru shook hands with the British premier and his wife after they stepped from the plane. Diplomats and some 1,000 spectators were on hand for the arrival. For the past two days the Indian government has been sending loudspeaker cars through the capital urging the people to greet the British visitor at the airport.

In a brief speech Macmillan said he hoped to hear the view of India's leaders on the problems of "preserving peace throughout the world."

Macmillan's itinerary also includes Pakistan, Ceylon, New Zealand and Australia. Before leaving London, he said his chief purpose would be to "listen, see and learn."

Exchange Of Stock Completes Deal

HOUSTON (AP)—An exchange of stock has completed a deal transferring the interest of Tennessee Gas Transmission Co. in Trans-Canada Pipe Lines Ltd. to Home Oil Co. Ltd. of Calgary, Canada.

Gardiner Symonds, president of the Houston-based firm, said yesterday his company acquired an interest in oil and gas properties held by the Canadian firm in Alberta. The two companies had contracted for the exchange last October.

Boy To Get New Start On Ranch

DENVER (AP) — Earl Wear, 12, wanted to go to work in the fields. Leonard Wear, 46, insisted his son stay in school. So Earl shot and killed his father as he slept Oct. 9 at their home at Pritchett, Colo.

The prospect of a new start in life opened up for Earl Wear today.

Cal Farley, founder and director of Boy's Ranch near Amarillo, Tex., talked to him and offered to take him on as a rancher.

"It looks promising for young Earl," said Farley.

Judge Philip Gilliam of Denver's Juvenile Court approved the arrangement yesterday.

Dist. Judge George McLachlan at Springfield, Colo., already had dismissed a murder charge against Earl.

Robert Sanderson, deputy district attorney, suggested the dismissal after psychiatrists found the boy was too young to distinguish between right and wrong.

Mrs. Wear cleared the way for Earl to go to Texas when she formally relinquished his custody. She said: "I think it will be best for the boy because I don't feel I could take him back into the family to live with the other children."

There are 11 other children.

LEGAL NOTICES

NOTICE OF ZONING HEARING

NOTICE is hereby given to owners of the property hereinafter described or referred to and to all other interested persons as provided by law, that the Planning and Zoning Commission will hold a public hearing on the 20th day of January, 1958 at 7:30 o'clock P.M. in the City Hall in Snyder, Texas to consider the recommendations it will make to the City Council concerning the zoning of the following described property; and at said hearing all interested persons will be given an opportunity to be heard.

ZONE CASE NO. 107 — Request of City of Snyder to change the following described territory, to-wit:

All of Blocks 1,2,3, & 4 of the North Towle Addition.

Beginning at a point which is the Northeast corner of Block 1, North Towle Addition;
Thence North 78 feet to a point;
Thence East 261 feet to a point;
Thence South 430 feet to a point;
Thence West 241 feet to a point;
Thence North 216 feet to a point;
Thence West 26 feet to a point;
Thence North 136 feet to a point, the same being the place of beginning (Better known as the Humble Camp) from a "C-1" District to an "R-1" District.

* * *

ZONE CASE NO. 108 — Request of City of Snyder to change the following described territory, to-wit:

Beginning at a point which is 1732.6 feet East and 4534 feet North of the Southwest corner of Survey 181, Block 3, H&GN Ry Co. Survey, Scurry County, Texas, said point being the North R.O.W. line of Highway 180;
Thence Westerly on North R.O.W. Highway 180, 123 feet to a point;
Thence Northerly 275 feet to a point;
Thence Easterly 123 feet to a point;
Thence Southerly 125 feet to a point in the West City limits line, said point being North of the North R.O.W. line of Highway 180, from an "R-1" District to a "C-2" District.

* * *

ZONE CASE NO. 109 — Request of City of Snyder to change the following described territory, to-wit:

All of Block 3 and all of Block 14, bound on the East and North by the P & SF Ry. Grayum & Nelson Addition;

All of Block 2 West of the P & SF Ry. Wilmeth Addition;

All of Lots 5,6,7,8,9 & 10 of Block 14, Wilehith Addition;

The East 180 feet of Block 15, Wilmeth Addition from an "R-2" District to a "C-2" District.

* * *

ZONE CASE NO. 110 — Request of City of Snyder to change the following described territory, to-wit:

All of the East 32 feet of the South 41.2 feet, which is a part of Section 153, Block 3, H&GN Ry. Co. Survey, in the City of Snyder, Scurry County, Texas, from an "R-1" District to a "C-1" District.

(S) Prentice E. Smith
Secretary of the Planning & Zoning Commission

Marine Verdicts Reversed

YOKOSUKA, Japan (AP) — The U.S. Navy announced today that convictons of four Marines charged with mistreating Navy prisoners at the Sasebo base have been reversed and acquittals of three others upheld.

There was no indication so far of action on four other convictions in the trials of guards at the base had been upheld.

In all, eight Marine guards have been convicted of cruelty charges and six acquitted. Sgt. Robert J. Barbuti of Schenectady, N.Y., is now on trial before a general court-martial at Yokosukan and the last of the 16 defendants, Sgt. Adrin McLane of Philadelphia, Pa., will be tried after Barbuti.

The Navy said that Adm. Maurice E. Curts, deputy commander of the Pacific Fleet at Pearl Harbor and the final reviewing authority, had reversed the four convictions because he did not consider them justified. Charges against the four were dismissed.

The four Marines cleared were:

Cpl. Glenn Fredericks, 21, Fleetmuth, Alaska, sentenced to 14 days at hard labor and reduced to private for punching a prisoner. Fredericks has since returned to the United States for discharge.

Pfc. Maurice J. Beeson, 22, Palo Alto, Calif., sentenced to 100 days, demotion to private and a $30 fine, convicted of rabbit-punching a sailor and forcing him to crawl on his hands and knees like a dog.

Cpl. James T. Ray, 21, Texas City, Tex., sentenced to 15 days at hard labor without confnement, demotion to private first class and forfeiture of $30 pay on conviction of punchihg a prisoner in the stomach.

Pvt. Jose D. L. Medina, 22, Albuquerque, N.M., sentenced to 30 days restriction and a $60 fine, convicted of striking a brig inmate.

The Navy said Curts upheld the acquittals of Cpl. Dayton W. Dierkson, 21, St.Lawrence, S.D., Sgt. Bobby Phillips, Tyler, Tex. and Sgt. Tommy G. Flint, Silas, Ala.

At Barbuti's trial, Apprentice Seaman Carl E. Scott, 19, of Bessmay, Tex., testified that Barbuti, who was assistant brig warden, and McLane ordered two prisoners to hold him on the floor and then drew a bayonet across his chest.

"It left scars. There was blood. I was scared," Scott said.

Barbuti has pleaded innocent to 29 counts of cruelty.

Seaman Wesley P. Daggett of Tucson, Ariz., said the 200-pound Barbuti struck him two or three times in the chest when he asked to go to the hospital because of soreness in his chest.

Daggett said Barbuti told him to tell the examining doctor that the bruises left by the blow resulted from escape drills. The doctor did not believe this explanation, however, and the information Daggett gave him set off the investigation that resulted in the charges against the 16 guards.

Purchase Proposed

NEW YORK (AP)—Pioneer Natural Gas Co. plans to acquire Empire Southern Gas Co. The proposed acquisition will be submitted to stockholders of Empire, located in Fort Worth. Pioneer has its general offices in Amarillo. Both produce, distribute and transmit natural gas.

Financial Problems Center Of Interest At AAC Session

MIAMI BEACH, Fla. (AP) — The Association of American Colleges got down to the brass tacks problem of higher education today with the emphasis on money — particularly on where it's coming from.

Main interest centered on the report to be brought in by a special task force of educators who have been wrestling with the question of federal aid to education.

Some educators, particularly in the group representing private schools, are against the massive program of federal aid because they believe it may lead to federal control of schools. Others, from both private and public schools, feel that federal aid is the only way that colleges and universities today can meet the twin challenges of a growing population and the Soviet threat of world domination.

J. Ollie Edmunds, president of the AAC and of Stetson University, is one who wants only limited federal aid—and no federal control. He is proposing a program designed to raise a billion dollars a year from corporations and philanthropic foundations.

Critics of his plan point out that corporations and foundations contributed just over 120 million dollars during the past academic year. It would be impossible, they say, to increase this figure tenfold.

President John A. Hannah of Michigan State University opened the convention last night with a keynote speech in which he warned that this country must hold firm to its traditional beliefs in diversified education.

"Let Russia have its uniform standard imposed by central authorities . . ." he said. "We want no cnetral control of our education system, nor should we be tolerant toward any attempt to impose any such control, rationalized though it may be by the necessity to meet a serious emergency."

Hannah also advised the delegates from about 750 liberal arts colleges and universities that the social sciences, the arts and the humanities must not be starved to feed the programs of the physical and natural sciences.

In a meeting preliminary to the convention's opening, Catholic and Protestant educators joined hands in a demand that church-related colleges must be maintained at all costs.

The statement of cooperation was said to mark the first time that Protestant and Catholic educators have reached agreement on such a subject in the 400 years of their separation.

Tungsten To Be Produced

WASHINGTON (AP)—Rep. Thompson (D-Tex) said yesterday tungsten production may begin soon at the old tin smelter at Texas City.

Thompson said he was advised that remodeling work at the smelter was progressing. K. C. Li, president of Wah Chang Corp., New York, which bought the plant from the government several months ago, notified Thompson of the remodeling progress in a letter.

About 500 persons lost their jobs when the government-built plant closed down. Thompson said some but not all of these would be reemployed when it is ready to go into production of tungsten.

Suspect In Bank Robbery To Return

SAN DIEGO (AP)—Judge James Carter yesterday ordered the removal of Ronald Prien, 23, to Texas to face charges of participating in the burglary of an Amarillo bank Dec. 20.

Prien waived his right to resist removal. He was arrested here by the FBI Dec. 28. He is charged with participating with Bill Faust, 25, Amarillo, in the theft of $32,886.35 from the bank's depository vault. Faust was arrested in Amarillo.

Officer Detects Former Offender

CUMBERLAND, Md. (AP)—State Trooper K. W. Messmer said he thought he recognized the man behind the wheel of the car as a former offender.

He was right. William Watson Whorton, 27, Clearfield, Pa., had this record: Six convictions for reckless driving, two for speeding, two for drunken driving and five for driving with a revoked license.

He was sentenced to 18 months.

The B-29 Eriola Gay, which dropped an atomic bomb on Hiroshima, was presented to the Smithsonian Institution in Washington, D.C. on July 3, 1949.

Soviets Plan Bigger Things

LONDON (AP)—A Russian scientist said today the Soviet Union is preparing to launch more earth satellites fitted with "still more intricate equipment than the first two."

K. Malyutin, writing in the naval organ Soviet Fleet, said that rockets for launching the Sputniks have also been improved.

The article, broadcast by Moscow radio, said the rockets which send Russia's satellites into space are controlled by external air stabilizers and elevators up to a height of 24 miles, an after that by gas elevators made of heat resistant alloys.

Some rockets, it added, have engines installed at an angle so that the rocket may be turned in any desired direction with the help of the jet force.

There's Reason For Pink And Black Dog

PHOENIX, Ariz. (AP)—A pink and black dog frolicking in front of the Board of Supervisors' office caused passers-by to blink.

Owner Dan Espinoza explained, "My wife spilled tincture of merthiolate on Sailor a couple weeks ago. It wouldn't come out so we dyed him with red Easter egg coloring."

Charter No. 14270 Reserve District No. 11

Report of Condition of Snyder National Bank of Snyder in the State of Texas, at the close of business on Dec. 31, 1957. Published in Response to call made by Comptroller of the Currency, under Section 5211, U.S. revised statutes.

PERRY'S BIG JANUARY
Bargain Jubilee
STARTS TOMORROW JANUARY 9th 8 A.M.
BRING THE ENTIRE FAMILY AND BE HERE REAL EARLY
YOU'LL FIND RED HOT SPECIALS ALL OVER THE STORE

YOU CAN'T BEAT THIS!
NINE DIFFERENT KINDS OF BEAUTIFUL
DRESS MATERIALS
VALUES UP TO 49c YD.
WHILE THEY LAST
FOR ONLY
29c YARD
You'll want yards and yards of these beautiful materials, so you should be here early and get yours before they are gone. You can't afford to miss this wonderful value.

MENS
REGULAR $2.98
EXTRA WELL TAILORED
SPORT SHIRTS
You'll find no smarter styled sport shirts than these even if you spend a lot more money. All have long sleeves and there are many popular patterns and fabrics to pick from. When you see these you'll want half a dozen at this low sale price. Hurry they won't last long.
1.37

BEAUTIFUL DUSTERS
Values to $2.98 . . . embossed and plain fabrics
Embossed prints, everglazed solid colors and plisse prints in a size and style you'll want for your very own. These are so handy to slip on and wear around the house. They are beautiful and durable too. Why not select several at this low low price.
$1.67

LARGE 16x42 VANITY SCARFS
You'll find many uses for these about the home. There are four beautiful colors to choose from and the designs are beautiful also. Buy several while you can get them at this low sale price.
2 FOR 47c

LADIES
2-Bar Tricot Fine Quality
PANTIES
Extra full cut and well tailored same as you would expect in a much higher priced panty. You'll find your color too.
4 Pairs For $1.00

3-PIECE CRYSTAL BOWL SETS
29c

33 Inch Silk and Wool
REGULAR 79c
PRINTED
HEADSQUARES
These headsquares truly breathe a breath of spring. The patterns and colors are beautiful. Prepare now for the windy cold days ahead.
37c

A $1.49 VALUE
These have snug fitting cover with black bakelite knob. No-spill spout and firm handle permit easy pouring without danger of grease burns. The perforated strainer separates frying particles from grease going into container. Can be used for other items also.
2-qt. aluminum GREASE DISPENSER
97c
