Legal Beer Hikes Federal Revenue

Total Of $9,139,687 Is Added To The Income Of Government In April, Reports Reveal

(By The Associated Press)

WASHINGTON, May 18.—Legalized beer added $9,139,687 to the governments revenue in April when nearly every other important form of taxation showed decreases from the previous month.

Collections from the $5 a barrel tax on beer brought the government $8,269,052 while the license fees of retail and wholesale dealers in the 3.2 beverage added $869,811 and the tax on 3.2 wine beverage amounted to $824.

While the tax on beer was only for 23 days after it became legal, if the sales continued at the same rate the collections in a year would amount to only about $135,000,000 and under some estimates of how much revenue the government would receive from this source.

While the beer tax added more than $9,000,000 to the taxes collected for the month the grand total was approximately $153,000,000 less than in March when $176,000,000 was collected in income taxes. The total, however, was $34,000,000 more than collected in April of last year before the new levies in the billion dollar tax bill were enacted by congress.

Other taxes showed unexpected reactions to the business increase due chiefly to the fact that most of the collections while reported for April actually were taxes accrued in March and not turned over to the government by banks and dealers until the end of April.

The tax on gasoline dropped from $10,547,165 in March to 7,982,100 in April, on electrical energy from $3,206,477 to $2,826,273, on telegraph and telephone messages from $2,161,594 to $1,247,305 while the tax on bank checks decreased from $2,945,-

State Income Tax Bill Killed In Senate

Opposition To Measure Seen In Committee

Opponents Of Bill State That It Would Hurt Business And Increase Unemployment Over Entire State

Passed By House

Federal Government Described As Using Income Tax Field To Limit; Governor Asks For Balanced Budget

(By The Associated Press)

AUSTIN, May 18—The Texas senate state affairs committee tonight killed a house bill to levy a state income tax. The vote was nine to nothing.

Senators present and voting against the income tax were: W. K. Hopkins of Gonzales, Walter Woodul of Houston, T. J. Holbrook of Galveston, Will M. Martin of Hillsboro, Joe M. Moore of Greenville, Archie Parr of Benavides, Nat Patton of Crockett, K. M. Regan of Pecos and Clint C. Small of Amarillo.

No Debate On Measure

Holbrook made a motion to report the bill adversely and Moore seconded it. There was no debate. The public hearing on the proposal was concluded Tuesday night.

The bill was introduced by Rep. Sarah T. Hughes of Dallas, who had contended an income levy would tax only those who were able to pay and that additional revenue was needed to balance the budget.

Governor Miriam A. Ferguson sent a message to the legislature yesterday stating a tremendous deficit was in prospect and urging the legislature to remain in session until it balanced the budget.

Bill Passes House

The house passed the measure several weeks ago.

Opponents contended additional revenue was unnecessary and that an income tax would hurt business and increase unemployment. They asserted the federal government had preempted the income tax field and was using it to the limit.

American Jazz Band Skips Out

(By The Associated Press)

ISTANBUL, May 18. — First Americans to be affected by the new Turkish anti-foreign employment law are five strapping negroes, producers of jazz.

The new law, reserving solely for Turkish citizens many occupations and professions, including that of musician, goes into full effect June 16.

But Jim Fikes and his jazz orchestra of four, unable to renew their contract at a Pera hotel because of the time limit, took the law by the forelock. They looked eastward for better luck, made a contract with a cabaret in Bagdad, and went jazzily on their way.

Man Threatens Policemen And Is Shot Down

Mysterious Infernal Machine Slung From Shoulder; Found To Hold Dynamite; Fires At Officer In Patrol Car

(By The Associated Press)

OKLAHOMA CITY, May 18.—A well-dressed man who threatened four policemen with a mysterious infernal machine slung from his shoulder, was shot to death in a police car in downtown Oklahoma City today after he had fired two bullets into the body of one of the officers, dangerously wounding him.

Relatives identified the dead man as J. E. Ferguson, 45, a carpenter of Seminole. They said they were unable to understand his actions.

Transfusion Given

Blood transfusions were given the wounded policeman, John H. Beasley, tonight in an attempt to save his life.

Ferguson drew a pistol and started firing, police said, when Beasley, who was sitting beside him in the car, attempted to take the weapon from him. The three other policemen quickly rained bullets at Ferguson. He was struck 13 times.

Ferguson, officers said, had hailed the police car and entered it on the pretense he was weak from hunger and wanted to sit down. Then, they said, he pointed to his infernal contraption, a small black box, and threatened to set it off. His left hand and wrist were inside the box.

"All I have to do is pull my hand out of it and we'll all blow up together," the man was quoted as saying. "I don't like policemen anyway."

The mysterious box was turned

Stevenson Is Being Boomed For Governor

Speaker's Day In House Seen As Indicator That Friends Will Call On Leader To Be Candidate In 1934

Receives Presents

Junction Man Sidesteps The References In Acceptance; Good-Will Boom Is Linked With Allred Address

(By The Associated Press)

AUSTIN, May 18.—Coke R. Stevenson of Junction, speaker of the house today was the recipient of an ornate saddle, a gift of his colleagues. One of the well-wishers on the presentation program told him he hoped he would ride it "into the governor's office."

It was "Speaker's Day" in the house. The young lawyer from West Texas and his wife received many gifts from members of the house and groups of employes. Stevenson heard himself lauded by two speakers as gubernatorial timber. References to Stevenson as a probable candidate for the chief executiveship received responses from the house membership and occupants of the gallery, who looked down on the program.

Sidesteps References

In his acceptance, the speaker sidestepped the gubernatorial references with:

"Some things have been said here that usually are uttered on occasions of this kind, and I understand your eagerness to express your friendship toward me."

Considerable political significance was given the Stevenson "boom," notwithstanding his apparent timidity.

Representative T. H. McGregor of Austin, close friend of the Fergusons—Governor Miriam A. Ferguson and her ex-governor husband, James E. Ferguson—expressed a hope, in his speech, that the residents of Kimble county, Stevenson's home, would provide him with a fine horse on which he could "throw the saddle and ride into the governor's office."

Capitol politicians linked the Stevenson gubernatorial good-will

Hasty Marriages To Be Barred By Presbyterians; New Law To Require Notice Of Three Days

New Measure Is One Of Several Designed To Tighten Rules To Avoid Ill Considered Unions; Parties Also Must Be Certified To Minister Before Vows Are Administered

(By The Associated Press)

COLUMBUS, O., May 18. — Couples will have to give their minister three days notice before they can be wed in the Presbyterian church under a new chapter to be read into the church's statutes at its general assembly here next week.

The law adopted by a vote of the Presbyteries since it was presented at last year's general assembly at Denver, "recommends" in part:

"The intention of the contracting parties (to a marriage) shall be made known to the minister at least three days before the service of solemnization."

About 2500 words in length, the chapter will be substituted for the present one on "the solemnization of marriage" in the church directory of worship which now stipulates:

"The purpose of marriage ought to be sufficiently published a proper time previous to the solemnization of it."

The new measure is one of several interpreted by many

Senate Passes Race Proposal Late Thursday

Betting On Horse Races Has Been Illegal In Texas Since 1909, Punishable By Fine Of $200 To $500

Tax Is Provided

Racing Commission Would Be Created Under New Measure; Would Be Effective 90 Days After Adjournment

(By The Associated Press)

AUSTIN, May 18.—Governor Miriam A. Ferguson tonight had it within her power to make it lawful for Texans to wager on horse races.

Since 1909 it has been an offense punishable by fine of from $200 to $500 or from thirty to ninety days imprisonment for one to bet on horses.

Senate Passes Bill

The senate today joined with the house in approving a rider to the departmental appropriation to legalize the certificate system of betting on horse races. The house two months ago voted against a bill that would have made the pari-mutuel system of wagering on races permissible.

Signature of the governor would make provisions of the "rider" effective ninety days after adjournment.

Attempts to liberalize the anti-gambling laws to permit race horse betting had been made in several of the legislatures preceding this one. W. T. Waggoner of Fort Worth, who built Arlington Downs between Fort Worth and Dallas, pioneered in the movement.

Creates Commission

The appropriation bill "rider" provides for creation of a racing commission to be comprised of the commissioner of agriculture, the tax commissioner and a third member to be named by the governor. A tax of ten per cent would be levied on bets, proceeds of which would be used toward maintenance of the department of agriculture and to promote the breeding of better stock.

The senate voted 19 to 10 to set up the racing commission after the house yesterday favored it, 78 to 41.

Senator George C. Purl, of Dallas moved to reject the departmental bill conference report as soon as it

Unallocated Highway Funds Await Disposition Of Bill

WASHINGTON, May 18. (AP) — President Roosevelt has declined to release unallocated federal aid highway funds to the states pending disposition by congress of his latest industrial control bill which carries $400,000,000 for road construction.

This was revealed today by Senator Robinson of Arkansas, the Democratic leader, who had taken the matter up with the White House. Senator Robinson did not know how much money was unallocated, but it is estimated to run into millions.

Daladier-Hitler Conference Urged To Settle Questions

PARIS, May 18. (AP)—Direct personal discussions between Premier Edouard Daladier of France and Chancellor Adolf Hitler of Germany was being urged tonight by friends of Daladier as a means of seeking settlement of the disarmament question.

Although official confirmation was lacking that any such meeting was in prospect, the lobbies of the chamber of deputies were busy with discussions of the possibilities.

Lubbock County's Second Quota Of 20 Recruits In Forest Army Is Enlisted

First Sixteen Will Entrain For Camp Friday Morning

ALL of Lubbock county's second quota of 20 recruits in the Civilian Conservation corps, as authorized Thursday morning by Lawrence Westbrook of the Texas Relief commission, had been enlisted late Thursday afternoon.

Sergt. J. G. McDermitt, United States army recruiting officer in charge of reforestation enlistments here, also was authorized Thursday morning to release 16 recruits from Hale county. The recruits, both from Lubbock and Hale counties, were required to be at the army recruiting station in the federal building here by noon today.

Recruits Accepted

Lubbock county recruits accepted Thursday, as announced by the Lubbock Work Relief committee, were:

Lubbock — Brooks Altman, Paul Wilburn Reven, Woodrow W. Bratcher, R. M. Collins, Robert Winegar, Malcolm Eugene Ham, J. W. Marcy, Bennie Wheeler Loper, James William Thompson, Augustus Dye Kennedy, Bennie Wilson, Carl William Gallaher.

Slaton—Paul Patterson, Donald Polk, Homer Ruffner, Billy Thorn, Marland Johnson.

Idalou—Buster Dye, L. A. Underwood.

Shallowater—Robert Clyde Camp.

Distribution Is Shown

Distribution of the second quota in Lubbock county was 12 from Lubbock city, five from Slaton, two from Idalou, and one from Shallowater.

Lubbock and Hale county recruits probably would be intermixed, as the first 16 to be accepted were to entrain at 6 o'clock this morning on a Fort Worth & Denver City railway train for Fort Sill, and the remaining 20 at 10:20 o'clock tonight

Young Wife Is Held In Death

(By The Associated Press)

EL PASO, May 18.—Discovery Wednesday of the decapitated body of Heraldo Najar, about 35, in a dry ravine near Marfa, today resulted in the arrest at Alamogordo, N. M., of his young wife and his 21-year-old foster son, John Najar.

Najar's head had been cut from his body while he slept at his home in Marfa, May 7. The body then was stuffed in a sack and thrown in the ravine.

Ranger Sgt. A. W. West and Sheriff Joe Bunton of Marfa, arrested the Foster son and Mrs. Najar at Alamogordo. They will be returned to Marfa tomorrow.

Johnson Named Industry Head

Manufacturer And Lawyer Will Administer Unlimited Power Over Industry; Post Offered By Roosevelt

(By The Associated Press)

WASHINGTON, May 18 — To administer the almost unlimited powers over industry conferred upon the government by the pending industrial regulation bill President Roosevelt has chosen Hugh S. Johnson, soldier, lawyer and manufacturer.

He was offered the post today over the telephone by the chief executive and immediately set about whipping together a tentative organization although the bill had been laid before congress only 24 hours before. He has not given his answer to President Roosevelt yet, however.

Expected To Accept

In view of the fact that he was one of those foremost in drafting the bill, the administration expected him to accept the appointment when the post is formerly created by passage of the sweeping public regulation-industrial control bill.

A close associate of Bernard Baruch, Democratic leader and New York financier, Johnson was a member of the old war industries board. He was also head of the first draft board during the world war and since then has had extensive experience in manufacturing.

Two Texas Convicts Dead As Result Of Heat Prostration

HOUSTON, May 18. (AP)—Two convicts were dead late today and approximately 75 were under treatment for illness caused by what prison physicians diagnosed as "heat prostration induced in part by eating too many fresh vegetables," Prison Manager Lee Simmons revealed.

The dead convicts are Lester Smith, Bowie county burglar, and Edwin Hera, Bosque county bandit. Both died on the Retrieve prison farm late yesterday.

ARGUMENTS START

AUSTIN, May 18. (AP)—Arguments in the case of John Bigham, former sheriff of Bell county, charged with extortion in connection with the collection of fees of office, were started in district court tonight.

Mercury Climbs To 95 Thursday

Thursday's temperature of 95 degrees was the hottest of the year so far, although not the hottest at this season of the year, according to records of Don L. Jones, superintendent of the state experiment station here.

In 1916 the mercury climbed to 102, while in 1914 and 1918 the mercury stood at 95, the same as this year, on this date. Last year there was moisture before this and the mercury did not reach the height it has this spring.

Two Texas Ranchers Freed By Captors; En Route Home

ALPINE, May 18. (AP)—Freed by their captors, Arthur Hannold and John Rollins, Texas Cowmen, were en route back to the United States today after Mexican bandits held them more than a week.

The American consul at Piedras Negras, Mexico, advised that the men had started from Ocampo, Mexico, to Boquillas, on the south side of the Rio Grande, 130 miles southeast of Alpine, under the protection of the Villa Acuna, Mexico, immigration chief.

Former State Senator Dies At His Home In Eastland

EASTLAND, May 18.(AP)—Homer Blatt Brelsford, former state senator, died at his home here today after suffering a heart attack.

He served in the state senate from 1913 to 1917. Before that he was a member of the house in the 28th and 29th sessions.

For years he served as president of the Texas State bank in Eastland, which closed 18 months ago. He also was chairman of the board of directors of the bank and was prominent as a lawyer.

Seven American Women Are Presented To British Queen

LONDON, May 18. (AP) — Seven American women, most of them attired by hinted royal request in British-made gowns, were presented to Britain's queen at Buckingham palace tonight.

King George was absent, having begged off because of rheumatism in one arm.

The queen sat on the throne.

Mrs. R. W. Smith Dies At Home In City On Thursday

Mrs. R. W. Smith, 54, died at her home 1633 Ninth street last night about 11:20 o'clock after an illness lasting over six weeks. Mr. and Mrs. Smith had been residents of Lubbock for the past nine years.

Funeral services will be held at 9 o'clock Saturday morning. Mrs. Smith was a member of the Baptist church.

Besides Mr. Smith she is survived by a daughter, Norma, and a son, Billy, of the home address. She also leaves two sisters, Mrs. B. O. Hart of Cleburne, who has been here for several days; Mrs. J. H. Gage, also of Cleburne and a twin brother, Ed Ball, Cleburne. A sister-in-law, Mrs. E. O. Smith and a niece, Mrs. Carl Hart of Lubbock, also survive. Funeral arrangements are in charge of Sanders Funeral home.

Machinery Set Up By House For The Collection Of Taxes

AUSTIN, May 18. (AP)—Machinery was set up today by the house to collect delinquent state taxes other than ad valorem taxes.

The house amended a senate bill to provide for establishment of a tax collection division in the office of the tax commissioner. Provision also was made for two assistant attorneys general to prosecute delinquent tax payers. It was estimated several million dollars were due the state in delinquent franchise and other forms of corporation taxes.

REPORT ADOPTED

AUSTIN, May 18. (AP)—The senate today adopted a conference committee report on a bill to remit most of the penalties and interest on taxes now delinquent. Representative H. L. Leonard of McAllen, chairman of the house conferees, said the house would not act on the report until Monday.

CHICAGO, May 18 — The school teachers had a big pay day today.

Checks for $12,468,000 were distributeed among the 18,000 teachers and other board of education employes, covering three months services.

The checks ranged from $500 to $900. The teachers still were unpaid for four months. The pay was made possible by the banks purchasing tax anticipation warrents.

Woman Facing Murder Count

Mrs. Annie Beauford Charged After Death Of Her Husband At Farm; Released On Bond Of $2,500 Thursday

(By The Associated Press)

DIMMITT, May 18—Charges of murder were filed here late today against Mrs. Annie Beauford, widow of A. H. Beauford, 51, Castro county farmer, who was killed at his farm home seven miles south of Hereford this morning.

Mrs. Beauford was released on bond of $2,500, according to County Attorney Roy Cowsert. An inquest was conducted by K. E. Turner, Dimmitt justice of the peace, but a verdict had not been returned. Cowsert would not disclose the nature of the testimony which he said was taken before charges were filed.

Beauford was killed with a shotgun which Mrs. Beauford said she discharged accidentally. She told officers that Beauford called to her from outside the house to bring him the gun to shoot a rabbit. She said the gun was accidentally discharged as she passed through the door. Beauford was hit directly below the left shoulder, officers said.

A daughter, Blanche, was the only other person on the farm when the shooting took place, according to officers. She was upstairs and was not a witness, they said.

Bills Are Signed By Mrs. Ferguson

AUSTIN, May 18. (AP)—Governor Miriam A. Ferguson today signed the new cigaret tax bill, which strengthens enforcement features of the law that requires payment of a three cent tax on each package of twenty ready-made cigarets.

Other bills signed included: proposing constitutional amendment to give commissioners' courts general management of court affairs, the legislature to provide more economical forms of county government.

Fixing salaries of judges of supreme court and other courts in Texas.

Providing that electors voting in election held for issuance of bonds within the state of Texas shall be owners of taxable property where election is held and which has been duly rendered for taxation.

Prohibit buyers of baled cotton reducing from value because of weight, with exceptions and no buyer shall be required to accept a bale weighing less than 350 pounds.

Constitutional Amendment On Fee System Is Approved

AUSTIN, May 18. (AP)—The Texas legislature today approved finally a proposed constitutional amendment to abolish the fee system of compensating officials in counties having a population of more than 20,000. The smaller counties might place their officials on a salary instead of a fee basis if they deemed it advisable.

The proposal would be submitted to the people in the general election next year.

Bill To Legalize Boxing In Texas Is Scheduled Friday

AUSTIN, May 18. (AP)—A bill to legalize boxing in Texas will be pending business in the Texas house tomorrow. Consideration of the bill was started yesterday, but action was delayed while the house considered senate bills today.

The bill would make the state labor commissioner the chief arbiter of boxing and wrestling.

A tax of two per cent of the gross receipts of matches would be levied.

Thirty-Two Are Indicted By Federal Jury; Lubbock Persons Are Included

(By The Associated Press)

AMARILLO, May 18.—Thirty-two indictments returned by a federal grand jury here today included that of Thomas Otto Deats, assistant cashier of the First National bank of Graham, who was charged with embezzlement and false entry.

The indictment charged embezzlement of money aggregating $1,350 prior to last March and the placing of a false entry on the bank books during March "with intent to deceive any agent appointed to examine the affairs of the bank." The investigation was transferred to the local grand jury from the Wichita Falls division.

Another investigation transferred from the Abilene division resulted in the indictment of Clifford H. Webb, alias C. L. Clark, alias B. F. Reardon, of Abilene, on a charge of obtaining money and property under false pretenses and with using the mails to defraud. The indictment charged that Webb had sent orders to Texas firms, enclosing checks and orders

Bridge Is Popular Diversion At Parties Attended By Clubs

From The Woman's Angle

BY BLANCHE BEAN WILSON
Avalanche-Journal Woman's Editor

AT least, this is one cooking school in which we are not having to worry about whether or not the crowd is going to freeze during a lecture—which is something we have been worrying about for a good many autumns. This spring the weather has done enough heating to take away that worry.

• • •

But, perhaps if it stays hot long enough, a rain will materialize.

• • •

That isn't a prediction, you must understand. I have no more idea about when it is going to rain than you do and wouldn't make a guess for anything in the world. Because I don't even have ideas about weather. We can just be glad that we aren't being washed away by floods as some sections are and that we aren't having to crawl into a storm cellar every time a cloud blows over. Then, too, I've been living in this section all of my life and when we haven't been enjoying a drouth and hearing that the country could be ruined without a rain we were having such a siege of wet weather that everyone was praying for it to stop.

• • •

And, in spite of it all, this section seems to prosper about as much as any. Mrs. Ihrig is the latest one to tell us how much less of the depression we had out here than other sections had. She, and almost everyone else who has traveled or who has come out into this part of the country from another section, tells us the same thing—that we have never known what a depression was.

• • •

And, in some places the banks haven't opened yet. We thought we were being inconvenienced when these were closed during the time specified by the President. In many places outside this section the banks were never reopened. And, that's something to be pondered when you think you have been having a hard time.

• • •

There is a lot of satisfaction in attending a finished performance, but there is something a lot more interesting in a rehearsal—kinda like watching a circus from behind the scenes.

• • •

If you don't believe that, go out some time when something rather big is going to be staked and, if you can get past the one at the door, go in and watch things happen. Look over the conglomeration of costumes; watch the performers take their bows to empty seats and practice smiling at the empty top rows in the balcony. Watch the ones who are to look after lighting—how they sneak in between performers and sight from various angles or go off in tete-a-tetes to discuss various effects.

• • •

You can appreciate the director's feelings when someone strolls in a half-hour late with nonchalance enough for a cigaret advertisement and everything has to be stopped while he gets his place.

• • •

Out at the rehearsal for the Tech cotton carnival Wednesday evening there was every kind of costume imaginable. There were high school graduates wearing their caps and gowns over dresses for the rehearsal; there was some one in from a tennis game; there were people from afternoon parties and others dressed up for evening engagements—all of these in addition to the costumes which were for street, sport, formal and informal afternoon and other occasions and included costumes of 1870, 1911 and 1865. It was an interesting study in variety of wearing apparel.

STRAWBERRY JELLY

Perhaps you would like to make some strawberry jelly. Here's how:

Four cups or two pounds of juice, seven and one-half cups of sugar, one bottle of fruit pectin.

To prepare juice, crush thoroughly or grind about 3 quarts fully ripe berries. Place in jelly cloth or bag and squeeze out juice. Measure sugar and juice into large saucepan and mix. Bring to a boil over hottest fire and at once add fruit pectin, stirring constantly. Then bring to a full rolling boil and boil hard 1-2 minute. Remove from fire, skim, pour quickly. Paraffin at once and cover. Makes about 11 glasses (6 fluid ounces each.)

Bright Future Forecast Here

Improved Prices In Immediate Future Is Prediction Made By Director Of Detroit Bank On Visit Here

A brighter future for Lubbock and the South Plains area of Texas, including improved prices for the immediate future, was the prediction here of Henry W. Standart, Detroit, Mich., a director of the United Savings bank of Detroit.

Mr. Standart, in company with O. D. Berry, agent of the company at Dallas and J. R. Cowsert, field agent for West Texas, has made Lubbock his headquarters for several days, inspecting securities of the company in this area. The trips have been made in company with representatives of Hurlbut and Co., local representatives of the firm for many years.

Sees Improvement

The three men have been making an extended trip through Texas with a view of forming impressions of the various sections. Mr. Standart is firm in the conviction that Texas in general and this territory in particular, is on the road to improved conditions.

"The people are showing a decidedly greater tendency to protect their interests and there appears improved activity all along the line," the Detroit banker said in an interview. "Property which was necessarily thrown on the market, has for the most part been absorbed and I do believe, with the advance in commodity prices and the return of confidence, we shall see improved values in the immediate future.

"Turn The Corner"

"The city of Lubbock bears every evidence of having turned the corner and slowly working back to its accustomed position. In fact, so strong is our belief in the future of Lubbock that we have refused to sacrifice any of our properties nor unduly press any of our borrowers.

"We have preferred a helpful, constructive attitude to all and special consideration to those who have shown a disposition to help themselves, in the belief that the future of Lubbock and the welfare of the community can best be served in this manner."

Machine Guns And Bristling Bayonets Brought Into Play In Milk War

Crucial Fight Seen Thursday

Tear Gas And Clubs Are Used And Guardsmen Are Reported In Control; First Fatality Of Strike Recorded

MILWAUKEE, Wis., May 18 (AP)—A crucial skirmish with 1,000 milk strikers at Appleton, fought with tear gas and clubs, enabled national guardsmen tonight to control trouble centers of the state and assure most Wisconsin cities a normal supply of milk.

The first fatality of the strike for higher prices occurred near Port Washington when William Dickmann 53-year-old farmer, tumbled off a truck bringing milk to Milwaukee. The driver, Albert Bradley, drove over his body, reported that Dickmann and a companion threatened to dump his load, and completed his delivery here.

Resistance Is Stiff

On a 200-mile front along the west shore of Lake Michigan, strikers made stiff resistance to delivery of milk and energetic efforts to push their fight into other sections of the state.

Authorities hoped the encounter in Appleton, where 300 officers chased a large force of pickets out of town in disorder, has been the "show down."

In the engagement at Appleton uniformed guardsmen carried pistols, clubs and gas bombs but did not find it necessary to resort to bayonets as they did near Milwaukee yesterday.

More Than 350 Held

State forces held more than 350 farmers as prisoners in the milk wars.

At Shawano machine gunners guarded the approaches of the county highway department machine shop, a rambling structure converted into a prison in which 300 strike sympathizers were being fed bread and milk. A twenty-ton road machine was jammed against the door and heavily armed guardsmen patrolled the region to prevent an attempt at delivery.

At Appleton 48 prisoners were seized. In other communities of eastern Wisconsin were more prisoners. Adjutant General Ralph M. Immell insists on wholesale prosecutions.

Canned Goods To Be Used As Fees

Boy Scouts who have no ready cash but who have home canned goods, may give them in payment for fees for attendance at the annual South Plains Area Council Boy Scout camp at Post, June 14-20, it was announced yesterday by D. T. Jennings, executive for the area.

The goods must be home-canned, in No. 3 cans, and each person wishing to pay part of his camp fee in that manner first must write or see Executive Jennings and make arrangements.

Twenty-five pounds of dry white wax onions, two gallons of sour pickles, and a gallon of catsup also will be accepted.

Canned goods and respective maximums to be accepted are:

Tomatoes, 25 cans; English peas, 25; hominy, 10; sweet potatoes, 20; carrotts, 10; corn, 20, and green beans, 10.

G. N. Atkinson of troop 8 here was the first scout to make application to attend camp, the executive said this morning. One dollar in cash must accompany each camp registration and is not returnable.

A camp truck is needed and a boy supplying a ton or a ton-and-a-half truck for the camp-period will receive remittance of his camp fee, the executive said.

A small herd of dairy cattle was recently flown by plane from Lae, New Guinea, to Wau in the interior. The trip was made in 40 minutes, as compared with six weeks necessary by train.

James Mattern Will Take Off On Solo Flight About June 1

San Angelo Flier Planning To Get Away Three Weeks Ahead Of Post; Plans Are Ready For Solo Attempt

NEW YORK, May 18. (AP)—James Mattern of San Angelo, Tex., who attempted to fly around the world last year with Bennett Griffin of Oklahoma City, plans to try it alone this year, starting the first week in June.

If he carries out this plan he will get away about three weeks before Wiley Post, who announced in Oklahoma City today that he expected to begin his solo flight around the world about July 1.

Post still holds the world girdling speed record for his previous flight with Harold Gatty.

The plane Century of Progress in which Mattern and Griffin cracked up in Russia on their world flight last year has been remodeled for solo flight, which allows room for an extra hundred gallons of gasoline.

Plans Completed

"Grif and I completed our plans several weeks ago," Mattern said today. "He has been cooperating to maintain secrecy lest some foreign flier hear of the plan and get ahead. After our accident in Russia we began plans for another flight together but with other contemplated solo flights scheduled we decided on a solo attempt."

Mattern said that his first objective was to establish a record for a solo flight around the world "with the possibility of beating the dual record." He said that final tests of the plane would begin tomorrow and that Griffin was coming to help him.

Son Of Woodin Suffers Attack

WINSLOW, Ariz., May 18 (AP)—William H. Woodin, jr., son of the secretary of the treasury, suffered a heart attack as he brought his airplane to the ground here today.

He had flown here from Tucson to surprise his wife, due tonight from Grand Canyon.

Dr. M. G. Wright said Woodin's condition was not serious but absolute quiet was necessary.

ROBBERY FAILS

COFFEYVILLE, Kas., May 17.(AP) Bank burglars made a futile attempt to rob the safe and the vault of the Niotaze, Kas., state bank during the night. They entered the bank and battered the combination locks of both the safe and the vault but were unable to open either.

Man Not Harmed By Ground Glass

RIVERSIDE, Calif., May 18. (AP)—Apparently not much harmed by ground glass which he said he swallowed, W. E. Boyd, 24, self-styled army colonel from San Antonio, Tex., who came here with a 17-year-old Long Beach waitress, Loretta Quisst, was held in the detention ward of the county hospital today while officers investigated reports he had left a trail of bad checks in Southern California.

Boyd was arrested at March Field, army aviation base, late yesterday after fliers had become suspicious of his supposed army affiliations. The girl was held for Long Beach juvenile authorities.

Walking to an automobile after his arrest, Boyd collapsed and cried out that he had swallowed ground glass in a suicide attempt. At the hospital, Dr. William P. Forcade expressed doubt as to the truth of Boyd's story but treated him for glass anyway. This morning, Boyd was reported up and about.

World Statesmen To Tackle Disarmament Deadlock At Geneva

Optimism For Success Felt

Delegates Of Leading Nations Hasten To Geneva For Opening Today; America Looms As Central Figure

GENEVA, May 18 (AP)—Delegates of the leading nations hastened to return to Geneva tonight for the hopeful resumption tomorrow of efforts to break the disarmament deadlock in the light of pronouncements by President Roosevelt and Chancellor Hitler of Germany.

The bold initiative of the American president in appealing directly to heads of states for immediate action to secure political peace and open the way for economic recovery is welcomed here as opening the door to possible agreement for a genuine reduction in fighting weapons.

Optimism Increased

The conciliatory pronouncement by the Nazi Chancellor, coming immediately after the message from Washington, increased feeling of optimism that the arms conference tunity to reach its long awaited ob- now is facing another great opporjective.

Count Rudolf Nadolny, the German delegate, having come direct from conference with his Berlin chief, was expected to be in a position to give the conference new light upon the German position.

Look To American

Norman H. Davis, fresh from conversations with heads of states at London and at Paris, was looked to by other chief delegates for an elucidation upon the new policy of the Washington government with regard to participating in an international guarantee of security against an aggressor.

Mr. Davis may be able to tell the conference what it wishes to know about the American attitude upon the following important points.

Points Are Listed

First, rigid international supervision of armament.

Second, participation in a world wide agreement of non-resort to force.

Third, helping the league to identify the aggressor.

Fourth, refusing assistance to the aggressor when he has been identified.

Fifth, participation in arms embargoes to states judged to be operating in violation of anti-war treaties.

Sixth, abandonment of the rights of neutrality in the event of war.

Proud Of Her Record Breaker

Resting up after his long trot, Leslie Pawson, of Pawtucket, R. I., is pictured with his financee, Betty Brooks, after he had won the annual Patriot's Day 26-mile marathon from Hopkinton to Boston, breaking all records for the run. Pawson defeated a field of over two hundred to win the coveted laurels.

Cotton School To Start On June 6

COLLEGE STATION, May 18 (AP)—The twenty-fourth session of the annual summer school of cotton at Texas A. & M. college will open June 6 and extend through July 15, according to Prof. J. B. Bagley, head of the department of textile engineering at the college and also in charge of the summer school of cotton. The session's curricula will include work in grading, stapling and cotton trade procedure.

The object of the annual summer school of cotton at the college is to prepare young men to enter the business of cotton; to train cotton growers to market their cotton intelligently and profitably; to assist cotton buyers to become more familiar with low grade and off colored cotton and to judge staple. Students who have had no previous experience with cotton are required to attend two annual sessions before being eligible for a certificate from the school, but students who have had employment as cotton buyers or classers can become candidates for certificates at the end of their first session. There are no admission requirements for beginning students.

Terry County Seeking Vote

Petitions Being Circulated For Calling Of An Election To Vote On 3.2 Beer; Would Vote August 26

BROWNFIELD, May 18. (Special) Petitions said to bear approximately 10 per cent of the voters of Terry county, were being circulated here today for presentation to the county commissioners' court asking for a local option election to vote on 3.2 beer. The proposed election would be held August 26, the same date as the state election for the same purpose.

Proponents of the petition believe the election will carry, but a campaign by the prohibitionists is being organized to prevent its passage.

Terry county is a border county and leaders of the beer movement point out that with the approval of beer in New Mexico, the county will lose a great deal of business. Approval of beer here will place the county in an advantageous economic position should other counties of the South Plains section fail to carry a local option election, leaders say.

Seventeen states pay old age pensions and such bills are before four other state legislatures.

McFadden Declares Inquiry On Tax Should Go Farther

WASHINGTON, May 18 (AP)—Representative McFadden (R-Pa), whose charges of evasions brought a justice department investigation of Andrew W. Mellon's tax returns, suggested in the house today that the attorney general should broaden the inquiry to include others.

He named specifically "H. L. Doherty for 1927, 1928, 1924 and 1930" and "the partners of J. P. Morgan for 1929."

Chickens with wonderfully colored plummage can be reared by adding artificial dyes to their food, according to experts.

Puts An End To Bunion Pains

No Need to Suffer Another Day

There is one simple yet inexpensive way to reduce inflammation of swollen toe joints and help get them down to normal and that is to apply Moone's Emerald Oil night and morning.

Ask Mark Halsey Drug or any first class druggist for an original two-ounce bottle of Moone's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces lasts a long time and furthermore if one bottle of Emerald Oil does not give you complete satisfaction you can have your money refunded.

Special note: People who want to reduce swollen or varicose veins should get a bottle of Moone's Emerald Oil at once. Applied night and morning as directed they will quickly notice an improvement which will continue until the veins and bunches are reduced to normal. adv.

This Sensational Gasoline works like Magic in your Motor

Phillips 66

Talk about pulling rabbits out of a hat! . . . Here is a trick that you can do right in your own car.

You just Phill-up the tank with Phillips 66, and your engine instantly responds with extra pep and power, more miles to the gallon, smoother running, and NO KNOCK!

And right smack off the bat, you start saving money. You save because Phillips 66 is higher test without higher price. You save even more, because this *greater gasoline* is good for your motor. Keeps it in top-notch tuned-up condition, avoiding expensive upkeep and repairs.

Here is the proof: Phillips 66 gravity right now ranges from 62° to 68°. These definite figures are real evidence of honest high test. They certify that Phillips gives you a bigger money's worth in motor fuels.

How can we do it? . . . Easily, since Phillips Petroleum Company is the world's largest producer of natural high gravity gasoline.

AN INVITATION

"Because I believe that most folks like to know the men with whom they are doing business, I personally invite you to try a tankful of Phillips 66. In my judgment it is today's greatest value in gasoline. After you have tried it, please write me your opinion."

President,
Phillips Petroleum Company, Bartlesville, Oklahoma

Get a tankful of this super-volatile motor fuel at the nearest Orange and Black 66 shield. This premium quality won't cost you a penny more than ordinary low gravity gas. But before you have driven very many miles, you will know that you have a totally different and superior gasoline in the tank. In the shortest time ever recorded in the history of the petroleum industry, 7,000,000 motorists have switched to Phillips 66 Gasoline. Most of them are also smart enough to drain and refill the crankcase with Phillips 66 Motor Oil, the scientific lubricant which offers more quality and value for the money.

"HIGHEST TEST" at the price of ordinary gasoline

Phillips — Also Phillips 66 Ethyl at the regular price of Ethyl Gasoline

UNIQUE — A gasoline of U. S. Motor grade at a competitive price

Phillips MOTOR 66 OIL — COSTS 5¢ A QUART LESS than it did a month ago . . . quality absolutely unchanged . . . so this lubricant is now a greater value than ever. Try it, the next time you need oil. There is a grade specially engineered for your motor.

Thirteen-Year Contest Over Muscle Shoals Ends As FD Signs Measure

Work Looming For Thousands

Broad Plan For Development Of Entire Tennessee Valley Seen; Board Of Three Will Be Appointed

WASHINGTON, May 18. (AP) — Ending a 13-year contest over disposition of the Muscle Shoals property, President Roosevelt this afternoon signed into law the Norris-Hill bill to govern its use and envisioning as well a broad plan for development of the entire Tennessee valley.

At the informal ceremony was the veteran Senator Norris of Nebraska, victorious at last in his struggle for government operation of the Shoals project—a proposition vetoed in the Coolidge and Hoover administrations.

Investigation Looms

Even as the signature was attached, fresh controversy over the $140,000,000 wartime Alabama plant loomed with revelation of a governmental investigation being underway into alleged misuse of its power by private companies under Republican administrations.

Under the new law, the president will appoint a board of three as a "Tennessee valley authority" to manage industrial and agricultural development of the valley, with offices near Muscle Shoals, Alabama.

It can acquire real estate and build dams, power houses, reservoirs, transmission lines and navigation projects; unite power installations into one or more transmission line systems; contract with commercial producers for fertilizers; manufacture experimental fertilizer, manufacture and sell explosives to the government at cost, produce, sell and distribute power, lease nitrate plant No. 2 for the private manufacture of fertilizer, sell $50,000,000 in 3 1-2 per cent 50-year bonds to finance the improvements, and with presidential approval, complete dam No. 2 and the steam plant at nitrate plant No. 2, near Muscle Shoals.

Construction Ordered

Construction of the Cove Creek dam across the Clinch river in Tennessee, with a transmission power line from Muscle Shoals is ordered.

Five per cent of the gross receipts received by the board from sale of power generated at dam No. 2 or any other dam built later in Alabama is to go to the state of Alabama; Tennessee is to receive 5 per cent of the gross proceeds from the Cove Creek development or any other dam in Tennessee.

Early employment of thousands of men is hoped for by the administration in putting the vast project into operation.

Probe Is Explained

As to the justice department inquiry into charges of irregularities on Shoals power, Secretary Ickes told reporters today it resulted from a letter received by Norris soon after President Roosevelt inspected Muscle Shoals before the inauguration.

The letter, the author of which was not disclosed, was sent to the president by Norris asked Ickes to look into it.

Ickes said he employed Louis R. Glavis, then a New York attorney, to go to Muscle Shoals and investigate charges that the Alabama Power company and the Tennessee Electric Power company were interchanging power instead of purchasing it from the government.

Glavis submitted a detailed report covering a week's study and it has been transmitted to Attorney General Cummings for whatever action it appears desirable to take.

Ickes declined to make the report public.

President Roosevelt is expected to name these four men as members of the Tennessee Valley Authority, which will direct the gigantic power-fertilizer-flood control project. Frank P. Walsh is chairman of the New York State Power Authority and was associated with President Roosevelt when he was governor. Arthur E. Morgan is president of Antioch College, Antioch, Ohio. E. F. Scattergood is general manager of the Bureau of Power and Light of Los Angeles. David F. Lilienthal is public utility director of the state of Wisconsin.

Officials Pay Visit To City

Major General John A. Hulen And John D. Farrington In Lubbock Thursday; Two On Inspection Trip

Major General John A. Hulen, vice-president of the Fort Worth and Denver South Plains railroads and John D. Farrington, general manager, visited Lubbock briefly yesterday.

The two men were on an inspection trip, looking over conditions, especially as pertaining to wheat crop prospects. They had been to Dimmit and Plainview Wednesday and spent the night at the latter city.

Wheat Reported Poor

Wheat conditions were reported as poor on top of the caprock, with the crop needing rain very much. Unless there is a good rain soon, the growth of the stalks will be retarded and also the heads will not fill out properly, it was explained.

General Hulen, a director of Texas Tech, spent an hour at the college in consultation with President Bradford Knapp.

Immediately after the trip to the college, accompanied by R. E. Stroup, local agent, the two men left in their special business car for Fort Worth.

One Of Slayers Of American Reported Captured In Mexico

JUAREZ, Mex., May 18 (AP)—Chihuahua state police have captured one of the slayers of Frank Nations, 66, American rancher of Pacheco, Chihuahua, officials today informed the American consulate here. The slayer's name was not given in the message. He is in jail at Cascas Grandes, Chihuahua.

Nations was shot to death in bed by a band of cattle thieves April 28 the consulate was informed.

W. H. Woodman, Roswell, N. M., is a nephew of the slain American.

Parents Are Warned To Keep Children Off Of Highways

Children who roller skate on paved state highways are running risks of possible serious or fatal injuries in traffic, says Jack Reeves, state highway patrolman, who warns parents to keep their children off the roads.

"Many youngsters are now roller skating on the cement slabs on highways 9, north and south and highway 7 south and on College avenue and Nineteenth street," he said. "It is a dangerous practice. A driver cannot tell which way the youngsters will turn in traffic.

"Some day there will be an accident and then there will be trouble for the driver. It is not really the fault of the motorist so much as the parents in not keeping children off the highways."

ALL-BRAN STOPPED HIS SLEEPLESSNESS AND TIRED FEELING

Cereal Relieved His Constipation

Read this enthusiastic letter from Mr. Haraden:

"My system had been run down for quite some time. About three weeks ago, I started taking ALL-BRAN for breakfast. I had been unable to sleep nights, but now all I have to do is turn in, and before I know it, I am fast asleep.

"I used to have a tired feeling all day, but now that ALL-BRAN is in my home to stay, there will be no more tired feelings with me."—Mr. Carl Haraden, Main Street, Hamilton, Massachusetts.

Science says that ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to help tone the intestinal tract. Also iron for the blood.

The "bulk" in ALL-BRAN is much like that of lettuce. Inside the body, it forms a soft mass. Gently, this clears out the intestinal wastes.

Isn't this safer than taking pills and drugs—often harmful! Just eat two tablespoonfuls daily for most types of constipation. If not relieved this way, see your doctor.

Sold in the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

Local Tourneys Reach Hectic Stage; U. S. Netters Win First Matches

Bryant Forges Ahead In Club Handicap Play

Kermit Dees Needs 37 On Last Nine Holes To Cut Under 301 Totaled By Bryant; Interest Increases

Bays Bryant, a 5-stroke handicap player, shot a 79 yesterday to finish his part of the 72-hole President's Cup tournament and take the lead in the Country Club's annual handicap event.

Bryant's scoring yesterday netted him a total of 261, seven under par, when his handicap of 20 has been substracted from the medal score of 301. His play put Jo Dick Slaughter, who finished Tuesday, out of the running. Slaughter's medal score was 304, and he had a 12 stroke handicap.

John Edmisson also finished yesterday, carding a 77-78—155 to add to his 75-76—151 for the first 36 holes. A 36-stroke handicap player, Edmisson's net was 294, two strokes above Slaughter's mark.

Dees Threatens Lead

Kermit Dees, who led the tournament until yesterday, still has a chance to win. He added another par 36 yesterday to his 54-hole total of 226, and needs a 37 to beat Bays Bryant. He is playing with a 5-stroke handicap, or 20 strokes for the 72 holes.

Buster Fluke was another finisher yesterday, carding his third 80 to go with a 78 fired the first day. He finished with a gross of 318.

Edgar Doherty, leader of the country club ladder, played 36 holes yesterday for 79-74—153, to go with his first round score of 77. A 2-stroke handicap player, Doherty has no chance to recover.

Champ Opens Fire

Ted Tipps, defending champion, fired his first barrel in defense of his throne yesterday, scoring 46 for 9 holes. Cotton McAfee, a low handicap player, shot 27 holes yesterday for 117 to go with his first round of 77. W. D. Girand, sr., added an 87 to his first 84.

T. H. Buckingham played his first 9 holes yesterday, shooting a 37 one over par. F. L. McRee added a nine-hole 50 to his 88-101 and Frazier McCrummen fired a 92 for his first round. Lewis Price finished his first round with 96, and J. T. Krueger ended his first 18 holes with an 83. Peter Evans, who entered the tournament Wednesday, fired an 82 yesterday after a 77 on Wednesday.

Other scores remained the same. The entries have through Sunday to play the 72 holes. Thirty-two players are entered in the tournament.

Over at the Meadowbrook, C. J. Cantrell, co-medalist with Joe Bihl, lost a second round match to John Bell, 1 up. Neil Vanzant won a first round match over Donald Doherty, 3 and 2, in the other championship flight match.

In the first flight matches yesterday, D. A. Dowell defeated Earnest Dye, 8 up and 7 to go, and A. E. Jones was 2 up on Dutch Wigington on nine holes. Jimmy Alls defeated Vestal Lott, 1 up, in the only second flight match played yesterday.

There was some debate over the Cantrell-Bell match. Bell having become confused over a ball on the 18th hole. It was rumored last night that Cantrell would contest the play. With a penalty stroke, the players would have halved No. 18.

Chicubs Hoist Flag Then Win Second Battle

Giants Divide Twin Bill With National Loop Champs; Bucs Strengthen Lead With Win Over Phils To Sweep Series

(By The Associated Press)

CHICAGO, May 18—The Cubs officially hoisted the 1932 National League pennant between halves of today's double header after losing a 3 to 0 shutout in the opener, then went out and batted away a five game losing streak to win the second game 10 to 1.

Hal Schumacher, young New York right hander, hung up his fourth victory of the season as he pitched a brilliant shutout in the first game. He gave only six hits, whiffed four and was aided by some flashy fielding the only times he got into trouble.

Fred Fitzsimmons began throwing home run balls to the Cubs in the fourth inning of the second game. Babe Herman hit a circuit blow for the first Chicago earned run in 30 innings. Then after Frank Demaree had singled, Gabby Hartnett clouted his seventh of the season. Harvey Hendricks' round tripper with two on in the fifth sent Fitzsimmons to the showers and brought Glenn Spencer on the scene just in time for Mark Koenig to greet him with the fourth curcuit drive.

Mel Ott's drive into the right field bleachers in the eighth brought the only run off Guy Bush.

First game:

New York	010	000	011—3 9 0
Chicago	000	000	000—0 6 1

Schumacher and Mancuso; Grimes, Malone and Hartnett.

Second game:

New York	000	000	010— 1 8 2
Chicago	000	350	20x—10 15 1

Fitzsimmons, Spencer, Starr and Mancuso, Richards; Bush and Hartnett, J. Taylor.

PIRATES DOWN PHILS

PITTSBURGH, May 18 (AP)—Pittsburgh made a clean sweep of the four game series with the Phillies today, taking the final game, 6-2.

Rhem and Elliott were victims of a 15-hit attack.

Swetonic allowed but six hits, two of them coming in the sixth when the Phils gathered their runs on a triple by Don Hurst walk to Whitney, single by Lee and a long fly by Davis.

The Pirates got a run in the second on three singles and put the game in safekeeping in the third when L. Waner and Lindstrom smacked out three base hits which were followed by a home run by Paul Waner.

DODGERS WIN IN FIRST

ST. LOUIS, May 18 (AP)—The Brooklyn Dodgers needed just one inning today to clinch a clean sweep of their three-game series with the Cardinals. They scored eight runs on seven hits and two walks off Jim Mooney and Dazzy Vance and won, 14-5.

Mooney was driven to cover after giving up four hits, a pair of passes and six runs in two thirds of an inning. Vance, pounded for two more runs in the same frame, was batted out in the fourth when the Dodgers added three more runs. Owen Carroll pitched the full game for Brooklyn, ringing up his fifth victory and the fourth straight for the Dodgers.

CLOSE ONE AT CINCY

CINCINNATI, May 18 (AP)—For the second time this season Silas Johnson shut out the Boston Braves with only one hit, and the Cincinnati Reds won today, 1-0.

Only Jordan of the Braves was able to scratch a hit off the veteran in nine fast innings. His was a single. Meanwhile, the Reds wrested the margin of victory from Frankhouse when Hafey tripled in the seventh—the only extra base hit of the game—and scored on a single by Moore.

It was Johnson's third 1 to 0 victory in as many weeks, the Chicago Cubs having been his victims as well as the Braves.

No Tummy Ache?
Then Kid May Go With Watson

NEW YORK, May 18 (AP)—Barring any last minute stomach aches or immigration tankles Kid Chocolate and Seaman Tom Watson will get around to deciding who is the best man in their long-deferred 15-round featherweight title bout in Madison Square garden tomorrow night.

The two first were matched last January but Chocolate got into difficulties with the immigration authorities and Watson was sent against Fidel Labarba instead. Safely past the immigration barrier Chocolate came down with a stomach ache last week and their bout was postponed from last Friday.

Chocolate still ruled the favorite tonight as he did before the two postponements but the combination of his stomach ache and Watson's impressive performance in defeating Labarba had pulled the odds down to 8 to 5.

The Kid from Cuba is reported completely recovered from his ailment and the same streak of ebony who has been delighting metropolitan fans with his style and skill for the last three or four years. He will need everything he has.

Both boxers are expected to weigh in within a fraction of the 126-pound limit although Chocolate may be under that as he customarily fights around 125 pounds.

The bout is to start at 9 p. m. (est.)

Favorites Reach Semi-Final Round In Lady Tourney

GALVESTON, May 18. (AP)—Steady golf that often was forced to women's subpar brought the four favorites through today into the semi-finals of the 17th annual Women's Golf association state championship. It was golf of champions that beat back the challenge of near champions.

Tomorrow, Mrs. Dan Chandler, defending champion from Dallas, meets Miss Betty Jameson, Texas municipal champion from Dallas.

Miss Aniela Gorczyca, Fort Worth's two-year champion, matches shots with Mrs. R. R. Fisk of Wichita Falls, who held the Texas title in 1932 and was a finalist last year.

When the qualifying round started Monday, these four were favored for the semi-finals and they paced the field, but today had close calls in two matches.

Mrs. Chandler, after making the turn 2 up on Mrs. F. C. Rochon of Wichita Falls, got a scare on the back nine when Mrs. Rochon's pars of 3-4 against Mrs. Chandler's 5-5 squared the match. They halved the next three holes and it looked bad for the champion, but she proved her game when she shot par 5-3 on the 16th and 17th against Mrs. Rochon's 6-4 to win her match, 2 up. Mrs. Chandler had a 40 going out against Mrs. Rochon's 43. A penalty lost her the 11th and an out-of-bounds gave Mrs. Rochon the 12th.

In the lower bracket match, 14-year-old Betty Jameson dropped a 14-foot putt at the 18th, eliminating Mrs. M. M. McCullough of Amarillo, one up. It made the second straight one up victory for the youthful Texas municipal champion.

The upper bracket matches were not so tough. Miss Aniela Gorczyca, medalist with a 40-36—76, eliminated Mrs. Scott Hill, Waco champion, 5 and 4.

Miss Gorczyca toured the front nine in 39, one over woman's par to be 3 up at the turn. She continued her near par golf on the back nine, that brought her a quick victory. Mrs. Hill complained of playing a ragged game through the fairways but thrilled the galleries with her putting.

Playing the same fine golf that gave her an 81 in the qualifying round, Mrs. R. R. Fisk of Wichita Falls defeated Mrs. O. R. Armstrong of El Paso, 6 and 5. Mrs. Fisk, steady as possible with her irons and putts, made the turn 3 up and coasted to victory by taking 3 of the first four holes on the inward trek. The former state champion shot a 40 going out against Mrs. Armstrong's 43.

Semi-finals start tomorrow at 9 o'clock with Miss Gorczyca and Mrs. Chandler favored, although critics were fighting shy of the Gorczyca and Fisk match as much as possible.

Allen Pitches Yanks To Win Over Detroit

Oscar Melillo Stars As St. Louis Browns Hammer Victory Over Red Sox; Pale Hose Drop To Athletics

(By The Associated Press)

NEW YORK, May 18. — Johnny Allen, leading American League pitcher last year, made his 1933 debut for the Yankees today and let the Detroit Tigers down with five hits to give the Yanks a 5-1 victory and a sweep of the two-game series.

Allen who was stricken with influenza during the training season and recovered slowly, fanned six, gave only two passes and seldom was in trouble. The only Detroit run came in the seventh when Earl Combs lost Ervin Fox' fly in the run and it went for a triple.

BROWNS WIN RUBBER

BOSTON, May 18 (AP) — Oscar Melillo knocked in five runs with a homer and a two-bagger today as the St. Louis Browns were defeating the Boston Red Sox 8-2 for the rubber game of their series.

Melillo gave the Browns a lead in the fourth inning by clearing the left field wall with two on base and his eighth-inning double also found a pair of his mates on the sacks.

EARNSHAW IN FORM

PHILADELPHIA, May 18. (AP) — Behind the six-hit pitching of big George Earnshaw, the Philadelphia Athletics pounded four Chicago White Sox hurlers for 15 hits and a 9 to 1 victory today.

Going into the ninth, it looked as if the A's big right-hander was due to register a shutout triumph, but an enemy hit and a pair of Athletic errors brought the Sox' one run across.

Chicago	000	000	001—1 6 1
Philadelphia	324	000	00x—9 15 2

Jones, Kimsey, W. Miller, Frasier and Grube; Earnshaw and Cochrane.

TIED UP AGAIN

WASHINGTON, May 18. (AP) — Cleveland's Indians scored an extra-inning victory over the Washington Senators today, 6-5, their first victory of the three-game series.

Earl Whitehill, Washington pitcher, contributed to his own defeat. In the tenth inning with one out, he threw wildly to first base after picking up Burnett's roller. The latter went on to second and scored on a single by Morgan.

Oral Hildebrand kept intact a record of six victories without a defeat this season.

Cleveland	020	011	010 1—6 8 1
Washington	000	311	000 0—5 9 2

BASEBALL'S BIG 6

(By The Associated Press)

Johnny Frederick continued his heavy slugging yesterday, getting three hits in five times up in Brooklyn's rout of St. Louis to lead the rise of the National League members of the Big Six. He hoisted his average 13 points. Pie Traynor picked up five points with two hits in four tries and Pepper Martin hit two out of three for a nine point gain. Ben Chapman, American League leader, hit one out of three and lost a point while Bill Dickey went to the bottom of the sextet, missing three times and losing 11 points. The injured Sam West remained out of action. The standing:

Vines, Allison Beat Canadian Aces To Start

Zone Finals See U. S. Stars In Lead After Opening Day At Montreal; Need Victory Today To Clinch Series

MONTREAL, May 18 (AP)—The United States Davis Cup team today jeopardized the chances of Canada's remaining in the international tennis competition as Ellsworth Vines, the national champion, and Wilmer Allison, No. 2 ranking player, swept through the opening singles matches in the North American zone final.

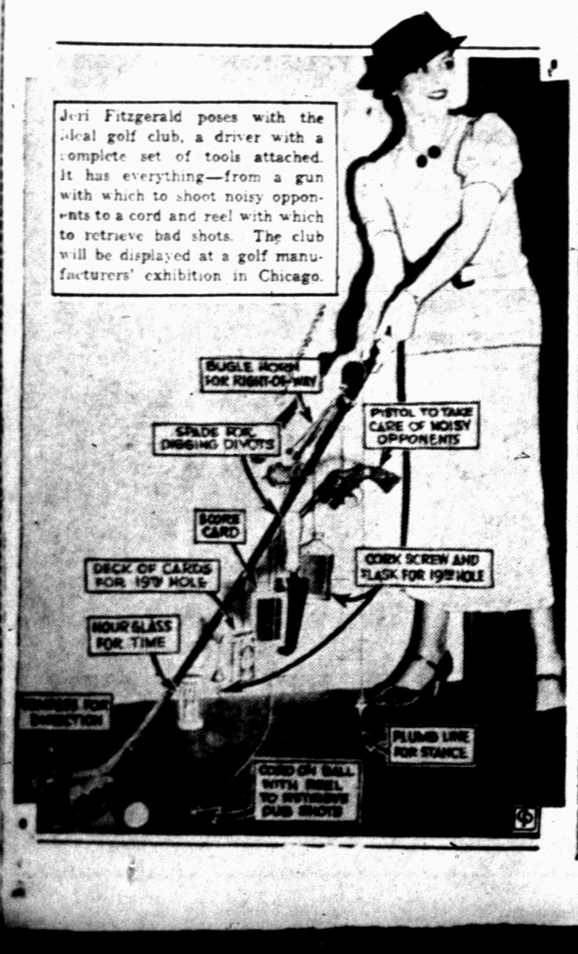

Complete masters of their rivals from the time they took the courts, Allison defeated Dr. Jack Wright, Canadian veteran, 6-2, 7-5, 6-2, in the opening match and then Vines blasted his way to a 6-3, 6-1, 6-3 victory over Gilbert Nunns, young Toronto star.

Victory tomorrow in the doubles, in which Lott and John Van Ryan will oppose Marcell Rainville and Dr. Wright, will send the United States team into the inter zone final against Argentina at Washington, D. C., next week.

JOHNNY DAWSON WINS

KANSAS CITY, May 18. (AP) — Johnny Dawson, Chicago, won the Heart of America medal play golf championship here today with a 72-hole score of 295, beating out Zell Eaton, Oklahoma City, by one stroke. Dawson shot sub-par golf on both rounds today, taking a 71 at Old Mission this morning and a 72 at Meadow Lake this afternoon.

At Last! The Perfect Club!

Jeri Fitzgerald poses with the ideal golf club, a driver with a complete set of tools attached. It has everything—from a gun with which to shoot noisy opponents to a cord and reel with which to retrieve bad shots. The club will be displayed at a golf manufacturers' exhibition in Chicago.

Oklahoma Men Are Boosting Al Smith As Oil "Czar" Of United States

Storage Probe Being Planned

Will Rogers Advances Name Of Happy Warrior; State Proration Umpire Also Favors Naming Of New Yorker

OKLAHOMA CITY, May 18. (AP)—Oklahoma agreed today to join Kansas and Texas in a concerted drive to ascertain whether major oil producers are beating the price of crude down to fill vast storage tanks as recently charged by Gov. W. H. Murray.

ALFRED E. SMITH

At the conclusion of a brief hearing under the new proration bill, the corporation commission voted to require early reports on storage facilities and the amount of petroleum in storage.

Meanwhile, Carl Giles, state proration umpire, sent a telegram to President Roosevelt, urging the appointment of Alfred E. Smith, Democratic nominee for president in 1928, as a "czar" for the oil industry in the United States. Smith's name first was advanced by Will Rogers, humorist.

Greatest Industry

"Oil is Oklahoma's greatest industry," Giles telegraphed the president. "Wise administration of this, the greatest of all natural resources of our state, would re-establish thousands of homes and demobolize the great army of unemployed. I want to vote with Will Rogers and second the nomination of the 'Happy Warrior' for my chief."

The commission postponed a decision on the application of the Sinclair-Prairie and other oil companies for increases of nearly 100,000 barrels daily in the Oklahoma City field allowables pending acceptance by Kansas and Texas of the proposed check on storage.

Agree On Date

Paul Walker, chairman of the corporation commission, said Oklahoma would agree on any date acceptable to other states for starting the check. His proposal is for three states to take the check at the same time.

The commission's proposal was expected to meet ready approval in Kansas following action of Governor Landon early this week to enlist the assistance of Oklahoma and Texas officials to bolster the market. The attitude of Texas officials was unknown here, however, although an increase of approximately 400,000 barrels daily in the allowable of the East Texas field was blamed primarily for the present market slump.

AID DUE COUNTY

TAHOKA, (Special) — State aid amounting to $8,154 has been alloted Lynn county, according to H. P. Caveness, county superintendent. All districts except Wilson making application, were granted aid.

MARKET REPORTS

Stocks

WALL STREET REPORT

BY JOHN L. COOLEY
Associated Press Financial Writer

NEW YORK, May 18. (AP)—Stocks wobbled today, although rail shares endeavored to carry the price level higher. Wheat, corn and cotton softened, but bonds, with the exception of small declines in the U. S. government division, firmed and their Standard Statistics-Associated Press composite went to a new 1933 high.

Carrier equities also finished at a new average peak for the year, industrials and utilities, however, closed irregularly lower. The market ran into a squall of selling at the start of the last hour, then rallied with considerable virility after declaration of a regular quarterly dividend by United Corp. safety of which payment had been questioned in some brokerage quarters.

Steel, farm implement, utility and the recently buoyant "wet" stocks tended lower as profits were accepted.

Rails derived support from forecasts that car loadings last week had exceeded those of the corresponding 1932 period.

Trading aggregated 4,121,810 shares.

Discussion as to what taxes are to be levied to carry the big expenditure which the government is planning for its public works-industrial control program naturally drew wide attention and the final decision is being awaited eagerly. It was noted that some congressional leaders were predicting there would be no sales tax.

Cotton

NEW ORLEANS REPORT

NEW ORLEANS, May 18. (AP)— Cotton eased after early strength today but a late rally reduced the net losses for the session to 13 to 16 points, with the close steady. Activity increased on the decline which was prompted by reports of better weather in the belt and reactions in other markets.

The opening was steady and higher although Liverpool cables were only about as due.

The market turned easier due to lower wheat and generally favorable weather in the belt and prices declined 11 to 14 points from the early highs to levels 4 to 7 points under the close of yesterday.

There was a rally at midsession of 2 to 5 points but the market soon turned downward again making new lows for the day at 8.47 for July 8.79 for October and 8.94 for December or 27 to 29 points down from the highs of the morning. Prices rallied 8 points at the end on a final upturn in stocks and July closed at 8.58, down 13 points net, October at 8.79 down 14 points, and December at 8.94 down 16 points.

Liverpool is due on New Orleans tomorrow 9 to 10 penny points down.

Port receipts 12,253, for week 85,481, for season 8,105,288, last season 9,706,461. Exports 26,107, for week 66,482, for season 6,834,481, last season 7,619,815. Port stocks 4,031,844, last year 3,928,068. Combined shipboard stock at New Orleans, Galveston and Houston 92,635 last year 72,093. Spot sales at southern markets 8,478, last year 5,892.

NEW YORK REPORT

NEW YORK, May 18. (AP)—Cotton declined 60 to 75 cents a bale today under a renewal of realizing or liquidation influenced by the action of the wheat and stock markets.

July contracts broke from the early high of 8.81@8.80 in the late trading, or 32 points net lower and closed at 8.58. The general market closed barely steady at net declines of 13 to 15 points.

The opening was 4 to 8 points higher on steady Liverpool cables and reports of continued large sales of cotton goods.

The advance brought in some southern selling or hedging and offerings increased later on the eastern tone of the stock and grain markets. Some stop orders were uncovered on the decline, but many contracts were taken out of the market by the trade or commission house buyers.

After selling off to 8.73 for October, and 8.88 for December, or 20 to 22 points net lower, prices rallied moderately on covering. Closing quotations were 6 to 8 points up from the lowest on the more active positions.

GOOD GRINDING RECORD

O'DONNELL, (Special)—A grain grinding machine, recently installed at the Major Minor feed store here, has averaged nearly 5,000 pounds of meal and flour per week since it was installed several weeks ago. The machine is driven by an automobile motor.

Livestock

KANSAS CITY REPORT

KANSAS CITY, May 18. (AP)—Receipts of cattle at eleven markets were moderate to light at most points and a fairly active trade resulted on fed steers and yearlings at mostly steady to strong prices with spots 15 or more higher. The general bulk of steers and yearlings were of quality to sell around 5.25@5.50. Chicago secured up to 7.00 for a consignment of 1375 lb. steers and registered 7.25 for around 1200 lb. averages. Other markets report sales of 6.25@40 on well-finished around 1300 to 1350 lb bullocks. A spread of 5.00@6.00 included most sales of fed heifers and mixed yearlings with a few lots of yearling heifers at 6.10@6.25. Stockers and feeders were scarce with selling levels little changed.

Opening sales at various hog markets were listed as 10 to 15 higher but after early rounds trading was very dull. Chicago secured a practical top of 5.45 early.

Mostly steady rates prevailed on lambs with spots unevenly 10 to 25 higher. General bulk of fed shorn lambs cleared at 6.00@6.75 and a few loads of woolled skins brought 7.00@7.50. Most spring lambs cleared at 7.00@7.75.

FORT WORTH REPORT

FORT WORTH, May 18. (AP)—Hogs 2,600; top 4.60; packing sows 3.50@3.75.

Cattle 1,700; calves 600; slaughter steers around and under 4.00; good fed yearlings 5.00@5.25; butcher grades 4.00 down; good stock steer yearlings up to 5.25; stock steer calves 5.00; stock heifer calves 4.00; heavy fat calves 4.75 down.

Sheep 7,000; medium to good spring lambs 4.50@5.50; 5.00 for fairly good clipped lambs; shorn fat yearlings and 2-year-old wethers 3.25 and 50; shorn feeder lambs 2.75@3.25; best clipped lambs 5.25.

GARCIA WELL DRILLING

CLOVIS, N. M. (Special)—Western Union Oil company's No. 1 Farwell at Garcia Lake was drilling below 1,185 feet at the latest report. Casing was down to 1,150 feet. Three shifts are at work.

Grains

FORT WORTH REPORT

FORT WORTH, May 18. (AP)—Demand was slow to only fair on the Fort Worth cash grain market today. Estimated receipts, in car loads, were as follows: Wheat 31, corn 5, oats 3, barley 1 and sorghums 4.

Quotations ranged as follows, basis car loads on track at Fort Worth, freight paid, delivered Texas Gulf ports, export rate, or Texas common points: Wheat No. 1 hard 81 3-4@82 3-4. Barley No. 2 nominally 45@46; sorghums No. 2 yellow milo per 100 pounds 90@94; No. 3 yellow milo 83@88; No. 2 white kaffir per 100 pounds 83@85; No. 3 white kaffir 81@84.

Delivered Texas common points or group three: Corn No. 2 mixed 56 1-2@60 1-2; No. 2 white 61 1-2@62 1-2; No. 2 yellow 60@61.

Delivered Texas common points: Oats, No. 2 red 35@36; No. 3 red 34@35.

CHICAGO REPORT

CHICAGO, May 18. (AP)—Lively tumbles in grain prices late today accompanied heavy selling of wheat, largely on orders from sources east.

Temporary weakness of security did much to unsettle confidence of grain holders. Trading in grain was ended before stock market recoveries took place. Corn showed stubborn resistance but yielded to sympathy with wheat action.

Wheat closed unsteady at the day's bottom figure 1 1-2 to 2 cents below yesterday's finish, corn 1-8 to 3-4 down, oats 1-4 to 1-2 off, and provisions varying from 10 cents decline to an equal gain.

Relative strength of the corn market resulted from persistent wet weather, a handicap in getting corn land prepared for planting. Oats tagged after corn.

Provisions were swayed largely by changes in hog values and in grains.

SPRING FEVER
may not put you in bed

. . . but if you feel listless, tired, run-down, appetite dull, with a weak let-down feeling — perhaps nervous and worn out—why not "snap out" of this condition? Tone up your appetite, increase those red-blood-cells, and get in step with those who put zip and pep into everything they do—the best way to be happy and cheerful.

There is a good old medicine, S.S.S.—tested both by time and by scientific research, which in addition to being a valuable general tonic, has been found to be remarkably efficient in restoring to the blood the normal amount of red-blood-cells and their hemoglo-bin.

. . . if you suspect an organic disease, consult a physician. S.S.S. is not a "cure-all" BUT for a pimply skin and that tired, worn-out, let-down feeling — "spring fever" just try S.S.S. and see how you awake after a night's sound sleep feeling fresh and fine, — and see how you eat with restored appetite . . . soon how your skin clears up.

Instead of slowing down in the early afternoon, you should possess ample energy to carry on thru the day and evening hours. S.S.S. is a particularly valuable tonic in the Spring of the year. It is liquid of course . . . never sold in tablet form.

. . . as a word of caution to the millions who know S.S.S. and its benefits from personal experiences, we suggest that you do not permit anyone to switch you to any of the hundreds of "just as good as S.S.S." substitutes. Remember that successful products are always imitated, but it seldom pays to buy imitations—insist upon S.S.S. At all good drug stores.

For Chesterfields to Satisfy

It takes barrels of money —

— put away for 30 months

THEY ARE MILD and yet *they Satisfy*

Four miles of warehouses are used to store our tobaccos. The crops now in storage are worth about $70,000,000 . . . most of it for Chesterfield Cigarettes.

The Domestic kinds are packed away in wooden hogsheads that weigh 1,000 pounds and stand as high as a man's head.

Like fine wine, tobacco improves with age. So after our buyers select, from the various markets, the right kind of tobacco for Chesterfield, we put it away for 30 months or more to become mellow and sweet.

This ageing process is expensive, but there is no short-cut to make tobaccos milder—to make them taste better. It just takes money and time to make Chesterfields.

We're Not As Bad As This

THERE may be some things that are not right in this South Plains country of ours. In fact, it would be a queer section if there were not present some conditions which need changing. But we may pat ourselves on the back that the cancer of sweatshop child labor has not attached itself upon our body politic.

Good citizens of Pennsylvania recently discovered that thousands of children were being unfairly treated and downright exploited by sweatshops—small manufacturing organizations making cheap products and paying starvation wages for long hours. Immediately steps were taken to eradicate the trouble but that, of course, will take time and may never be successfully coped with.

The strike of children workers in Pennsylvania to end sweatshop conditions directs attention to a situation which should stand as a shame to the Keystone state.

Several shirt and pajama factories were affected by the walk-out, many of the workers being boys and girls under 16 years old. Some of these, it was said, earned only 30 cents a week. The conditions under which they were forced to work apparently were as poor as the pay. According to Pennsylvania department of labor inspectors, when some of the workers complained last winter that the shops were cold they were told to "work faster and get warm."

One naturally is led to wonder what the duties of the state's labor department are if it did not take steps to correct the conditions which eventually caused the strike. There should be means of relief somewhere, and it is the duty of the governor to find them.

PEDESTRIANS HAVE RIGHTS

The Pennsylvania supreme court has come to the aid of the pedestrian who starts across a street with the green light favoring him but who then has to jump for his life because the signals changed before he reached the other side.

The case before the court involved the respective rights of pedestrians and motorists under such conditions. The court held that after the pedestrian steps from the curb he has the right of way until he completes the crossing even though the lights change before he does this.

The ruling is in agreement with common sense, and is one, we believe, that any court would render in a similar case. The impatience of many motorists to start their cars immediately the green light shows, whether or not a pedestrian be crossing the street, doesn't make for safety. The practice is one that should be curbed by police. The motorist who follows it is a dangerous driver and needs to be taught a lesson before his recklessness causes a serious accident.

LAW FOR AUTOMOBILISTS

Effectual statutory regulations of motor vehicle traffic is admittedly a difficult problem. But as it engages the attention of lawmakers and the public in virtually all states it may be assumed that in time a satisfactory solution will be found. One recent suggestion is that the federal government take over the general control of automobile operation, paying to the several states their due proportion of fees collected based on the number of machines owned within their respective borders.

It is argued that touring and the reciprocal recognition of one state's license by other states makes the automobile an interstate vehicle and that Congress therefore reasonably may assume jurisdiction over then all. Whatever merit there may be in this, it is outweighed by other considerations. Further extension of federal jurisdiction over matters that are peculiarly within the police powers of the states is undesirable. But the most serious objection is that there is no ground for belief that Congress is capable of making more satisfactory regulations for the country as a whole than the states can make each one for itself.

The law that will be truly protective must have for its object preventing unqualified persons from operating automobiles. Is it impossible to draft such a measure?

A dog should be treated as one of the family, says a fancier. Why be so harsh as all that?

"Operation cures criminal mind," says a headline. And we've seen a conservative changed to a radical by having his income cut off.

A hick town is a place where the few citizens willing to serve the public without pay are cussed for trying to run things.

You don't have to collect bills; they just accumulate.

The best way to find your missing kinsfolk is to get rich.

Today's One-Minute Sermon

They that sow in tears shall reap in joy. —Psalms 126:5.

Labor Trouble Threatens

By CHARLES P. STEWART
Central Press Staff Writer

WASHINGTON, May 18.—With just the faint suggestion of a break in the long overcast economic sky (not an actual let-up in the storm, but a hint or two of the possibility of a let-up), the question already is beginning to be raised—

Can there be an improvement in the business weather except somewhat, and perhaps very much, at the expense of those, who, thus far, have suffered from it, indeed, but not up to the full maximum of its severity?

Senator Marcus Coolidge

In other words—

How about the workers who have hung onto employment, but at sharply reduced wages, and whose living costs are now on the point of being equally sharply advanced?—if, as seems generally to be assumed, higher prices must be accepted as a necessary concomitant of agricultural, industrial, commercial and financial revival.

Situation Appreciated

President Roosevelt manifestly sees these folk's peril clearly, for, broadcasting to the country a Sunday evening or so ago, he appealed strongly for a wage advance, to meet the situation.

Moreover, he has had a modicum of favorable action in response to his plea. Whether or not it will spread is problematic.

"Pay envelopes usually lag considerably behind rising expenses," admits Senator Marsus A. Coolidge, himself a manufacturer, with a large working class constituency in his home state of Massachusetts.

"Still," he added, "I think the workingman who has kept his job should be mighty thankful for that, and not begin to complain immediately, even though his wages may not go quite so far, if returning prosperity does bring an advancing price scale.

"As for the man who has been out of work altogether, he certainly will be glad to take what he can get, as the wheels start to turn again."

To be sure. Nevertheless, if the man who has held his job but has had his pay cut, must now suffer another cut, in his reduced pay's buying power, and if the man who has been out of a job must resume work for less than he received before the depression set in, and if this is to continue indefinitely, then the net result is an all-around lowered living standard.

"Which should be avoided if possible," agreed the senator.

And if it is not avoided, will it not mean a vast deal of labor trouble, as business improves and workers are in greater demand and strikes give better promise of success than perhaps they offer at present.

Strikes Have Begun

"The fact is," said the New Englander, "the strikes are begun now."

Maybe, after all, industrial labor will find its best friend in the farmer.

"Agriculture," says Senator Elmer Thomas of Oklahoma, "simply must have higher prices for its products. But there must also be someone to pay these higher prices, and who is that but the urban worker? And how can the urban worker pay them unless he himself is well paid?

"For his own sake the farmer must defend city labor's rights. If industry is slow in granting them, the government must furnish work ('made work', if necessary) to create a demand and force up wages."

For all that, there are many lawmakers who foresee considerable friction between employers and employes as times brighten.

ANOTHER BONUS INVASION

This year's bonus invasion of Washington has been in curious contrast to last summer's.

Throughout the original B. E. F.'s stay, the feeling in the capital was one of constant tensity, and, toward the end, of actual danger. Indeed, only Chief of Police Glassford's excellent management prevented the authorities, again and again, from precipitating trouble with the veterans, long before their final eviction.

The visitors' coming in the present instance was awaited with the blandest composure. There was some bustle of preparation to receive them—but as guests of the city. Naturally, with this view of the matter being taken, the ex-service men themselves were put, in a sense, upon their "company behavior."

The sole anxiety the White House has evinced, in fact, has been based on hints that there might be friction within the veterans' own ranks, between the "right" and "left" wing factions.

• • •

"PAY OR DEFAULT"

Congress seemingly is wholly unmoved by Prime Minister MacDonald's latest declaration in parliament that, "The economic conference is doomed unless the war debt difficulty is removed before it opens." "Pay or default", unmistakably is Capitol Hill's almost unanimous attitude.

JOB HUNTERS IMPATIENT

Democratic politicians voice increasing impatience at the administration's deliberateness in making federal appointments. The explanation that the competency of candidates for government posts is being investigated with unprecedented throughness only adds to the job-hunters' clamor, if anything.

Friendly Three-Way Contest Looming As Baptists Prepare For Convention

NEW YORK, May 18. (AP) — A friendly three-way contest on the floor of the northern Baptist convention over the denomination's financial policy was seen today by delegates leaving for the meeting in Washington, May 24.

On May 23 the northern and southern Baptists, having a combined membership of more than 5,000,000, will hold their first meeting together since 1845, when the denomination split over the slavery question.

To Be Friendly Fight

Delegates said the expected fight, which they believe will be a friendly one, will center about the means of raising funds for the church's missionary and benevolent enterprises.

At present the board of missionary cooperation acts as a coordinating agency in collecting and distributing funds. For the last decade a combined money appeal in behalf of all the societies has taken the place of separate campaigns by each of the organizations.

Want Old System

Some denominational leaders, pointing to decreased receipts for missions, want to go back to the old system of soliciting funds as often as they like, delegates said.

On the other hand, they stated, many ministers and church members, disliking numerous appeals, want to retain the present method.

A third group, classed as moderates, would like to keep the cooperative system but at the same time permit a limited amount of independent financing.

Cooperation Of Pharmacists In Texas Pledged Roosevelt

GALVESTON, May 18 (AP)—Full cooperation of the Texas Pharmaceutical association was pledged President Roosevelt in his efforts to rehabilitate the nation's business at the closing session of the annual convention today.

Lee T. Stinson of Tyler was named president, succeeding L. C. Brenner of Gonzales. Other officers: A. H. Seely of Belton, first vice president; C. C Harris of Houston second vice president, and Walter D. Adams of Forney was re-elected secretary-treasurer.

In a resolution, the association voiced opposition to sale of groceries and beer in drug stores.

The next meeting place, sought by Mineral Wells and Texarkana, will be determined by the executive committee.

Shortage Of $1,500 Seen In Sherman Postoffice Fund

DENISON, May 18 (AP)—A shortage of $1,500 in the Sherman postoffice funds was disclosed today in the formal filing of charges in United States district court against Harry Dunn, alleging embezzlement.

The charge was signed by A. C. Caldwell and B. E. Beam, Dallas postoffice inspectors. Dunn was held at Sherman in lieu of $2,000 bond for a hearing before Feelix Edwards, United States commissioner.

Approximate Loss Of $100 Reported In Local Robbery

Approximately $100 in merchandise and money was the loot from the Tech Drug Store, 1101 College avenue, entered early Thursday morning, according to Sheriff Tom Abel.

Thirty to forty dollars in cash, a postage stamp vending machine containing about $15 in stamps and money, some rings, shirts, and underwear were stolen. The burglary was discovered when the store was opened for business this morning. Glass above the front door had been broken.

George Eubank, assistant chief of police, assisted Sheriff Abel in the investigation.

Pioneer West Texan Is Dead

Fred Cowden, Of Midland, Is Victim Of Illness At Home; Funeral Services Are To Be Held Friday

MIDLAND, May 18. (AP)—Fred Cowden, 74, one of West Texas' most widely-known ranchmen, died at his home here today.

Born in Palo Pinto county, Cowden drove East Texas cattle to Winkler county in 1885 and two cash deals gave him a working capital of $24,000. He then bought the M-Bar ranch in Ector county which then consisted of 200 sections.

With his children, he filed on university land and patented 20 sections. His investments worked out favorably, and, after acquiring more land, he became a director of the First National bank here. Later oil was found on his Ector county land.

Besides his widow, he was survived by nine children, two brothers and a sister.

Funeral services were planned for tomorrow.

Wage Increases Made To Miners

MIAMI, Okla., May 18. (AP)—Wage increases of 25 cents a day were announced today by the Evans-Wallower Lead Co., and the Vinegar Hill Zinc Co., for employes in their tri-state district mines. Approximately 400 workers are affected.

The market for zinc and lead ore has improved in recent weeks.

RATIFICATION RECORDED

WASHINGTON, May 18 (AP)—Michigan was duly recorded at the state department today as the seventh state to send in its ratification of the proposed child labor amendment to the constitution.

How To Relieve Headaches In Three Minutes

When you have one of those violent, nerve-racking headaches, from inorganic causes, you can get soothing relief in three minutes with "B. C." a reliable, pleasant-to-take remedy. "B. C." is prepared by a registered pharmacist, compounded on a different principle from most relief-giving agencies in that it contains several ingredients so blended and proportioned as to accomplish in a few minutes what we believe no one drug formula can do in so short a time. "B. C." should also be used for the relief of muscular aches and pains, common colds and neuralgia; for reducing fever and quieting a distressed nervous system without opiates, narcotics or such habit forming drugs. Get "B. C." in 10c and 25c packages, wherever drugs are sold. (adv.)

Future Home Of Airship Macon On West Coast

The United States navy's west coast dirigible base, and future home of the U. S. S. Macon, sister ship of the lost Akron, has been dedicated at Sunnyvale, Cal. This is a new air view of the $5,000,000 dock which will house the huge airship after it is taken over by the navy.

Gambling Bill

(Continued from Page One)

was presented. He was voted down 18 to 11.

Raises Points Of Order

Senator W. R. Poage of Waco raised four points of order against consideration of the horse racing "rider" as a part of the departmental bill. He said to attach it to the bill was unconstitutional. Lieutenant-Governor Edgar E. Witt, overruled all of them, explaining that he could not entertain a point of order against a conference report.

Senator Purl asked "why not repeal all of the anti-gambling laws?" added:

"Some persons like a game of cards as well as a horse race."

Senator J. W. E. H. Beck of DeKalb, chairman of the senate conferees, did not sign the conference report. He said he believed the "rider" was violative of several sections of the constitution.

System Of Wagering Is Given Explanation

DALLAS, May 18. (AP)—The parimutuel system of wagering on horse races, after which is patterned the certificate system, causes the bettors to wager against each other, with the racing association acting as stake holder and obtaining a percentage of all bets.

Thus, if five horses, A, B, C, D and E were entered in a race with sums of $100, $200, $300, $400 and $500 wagered on each, the total wagered on the race would be $1,500. Of that amount the racing association could take the percentage fixed by law, say 10 per cent, making its share for the purpose of paying stakes, conducting the meetings, $150. That amount subtracted from the total would leave $1,350 to be returned to the bettors.

Based on a $2 wager, 50 chances were sold on horse, A, 100 on horse B, etc. Should horse A have won. The amount to be returned to each of the persons who bet he would win would be a division of 50 into the whole sum of $1,350, or $27, that amount of course including his own $2 wager.

Since bets also are placed on horses to place, or run second, and to show, or run third, the same general principle would be followed, excepting the bettors would win on two place horses and three show horses, provided they had bet the horse would run second or third.

Weight Of Cash Very Unhealthy

NEWARK, N. J., May 18. (AP) An elderly woman in the hospital today suffering from a heart attack, induced to some extent, physicians said, by the weight of the money she carried in her clothing as she worked in a fur shop.

Mrs. Ernica Tabarinni, 61, collapsed at work. She was taken to city hospital. A nurse lifted her clothing and found it heavy. Sewed inside linings were found gold coins, currency and bonds valued at more than $5,500. They weighed several pounds.

Cooking School

(Continued from Page One)

Walker's Dancing school are to be presented in a 30-minute recital.

Attendance at the school continued to run between five and six hundred women Thursday afternoon at the third lecture in the four-day school. There were numbers of women from Lorenzo, Smyer, Slaton, Ralls, Levelland and a number of other towns over the South Plains section among those who registered.

A spaghetti supper features the recipes, which followed a lecture on "Second Appearances" in which suggestions were given to use up left-over foods.

A fruit pudding that is easily and quickly prepared, a banana pie and an orange pie were also among the recipes.

Along with the recipes, there were hints on cooking, temperatures and other features of cookery.

Following the class lecture Thursday, ice cream was served to those who attended.

over to firemen after the shooting. It was taken to a lonely spot outside the city where experts examined it. They fund it contained 24 sticks of dynamite with an intricate mechanism for exploding them.

Then the box was exploded by Howard Greene, torpedo expert. The blast shook the ground 100 yards away. Green said such an explosion in the downtown district probably would have killed a score or more persons.

Described As Invention

Relatives of Ferguson said he had told them the box was an invention of his for separating eggs. He had been unemployed recently, they said, but had not been despondent.

Policemen L. F. White, J. F. Mabe and John Reading were Beasley's companions. None of them was hurt.

Miss Cozette Ferguson, 22, of Seminole, daughter of the slain man, expressed the belief tonight her father had chosen a gun fight with police as an indirect method of ending his life.

She and her brother, Doyle, 19, said their father was a quiet man and added he probably had been despondent over inability to obtain work.

Federal Jury

signed ficticiously, and that he received the goods before the checks were returned by the banks.

Eight Lubbock persons were indicted on charges of violation of the prohibition laws. The charges were transferred from the Lubbock federal court.

The four-day grand jury investigation here resulted in indictments charging four post office burglaries, four counterfeiting cases, 12 liquor law violations, seven transportations of stolen automobiles across state lines, four mail fraud cases, and one each of embezzlement and false entry and the unlawful taking of a registered letter from the U. S. mails. Post office burglary and counterfeiting charges involved only small amounts of money.

Fliers Suffer As Result Of Carbon Monoxide Poisoning

OKLAHOMA CITY, May 18. (AP)—Bennett Griffin, trans-Atlantic flier, and Jack Story, vice president of the American Air Race association, were in a serious condition here tonight from carbon monoxide poisoning.

The two, confined to their rooms in a hotel, were made ill when a flexible exhaust pipe on the special plane they were flying here from Kansas City came loose and lodged in front of the fresh air intake to the pilot's cockpit.

Griffin was said to be irrational early tonight.

Man And Woman Are Killed As Plane Crashes At Port

ST. JAMES, Mo., May 18. (AP)—A man and woman, tentatively identified as Mr. and Mrs. Glen O. Kost of Marion, Ohio, were killed late today when an airplane crashed at the airport here.

Summer Colonist Says Wife Cursed Him, Bit His Ear And Ripped Shirt

NEWPORT, R. I., May 18. (AP)—F. Frazier Jelke, Newport summer colonist, on the witness stand today in the trial of his suit for divorce said that within a few months after their marriage in 1931 Eugenia Woodward Jelke told him she would divorce him, that she screamed at and cursed him, bit his ear, tore his shirt and spent $8,000 for clothes.

Jelke said that he gave his wife a $15,000 engagement ring, a $400 gold cigarette case and $800 worth of perfume, and his reward was that she threatened him not only with divorce but that she would "show the world what kind of a man you are."

"Before I get through with you," he testified she said, "you'll get down on your knees and offer me any amount of alimony to make me lay off."

Ribbons were presented to Misses Wanda Butler, Mary Ross Edwards and Kathryn Gautier for first, second and third places in dresses bought at stores; Misses Alene Cary, Sue Michie and Martha Alice Penney won in the division of dresses made by dressmakers. In the division of dresses made at home places awards went to Misses Novis Lewis, Eleanor Hodges and Nancy Jo Haymes.

The crowning of Miss Voncile Gilkerson, president of the Tech Forum, as queen and Don Maddox, president of the Phi Psi, as king, climaxed the program. These two organizations sponsored the carnival.

Approximately 65 organizations and business firms were represented in the revue.

demonstration with the address last night in Wichita Falls of James V. Allred, attorney general, who spoke for three hours in answer to criticisms made of his attitude toward administration of oil conservation laws in the East Texas oil field. Prognosticators in capitol rotundas considered the Allred broadside a forerunner of his campaign for the governorship next summer.

The saddle presentation was made by Lee Satterwhite, of Odessa, speaker of the 30th legislature.

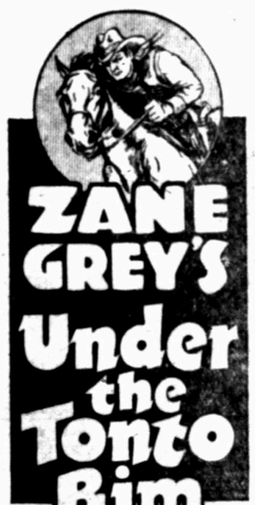

Satterwhite also boosted Stevenson's candidacy for the governorship.

In addition to the elaborate saddle, the house presented the speaker with chaps, bridle, hat, kerchief, spurs and a vest. He also was given an axe and a rifle.

Quick Action Being Sought

Application Of Farm Bill To Wheat And Cotton Is Sought By Representatives Thursday In Conferences

WASHINGTON, May 18. (AP) — Quick application of the farm bill to wheat and cotton was sought of the administration today by delegations that called upon President Roosevelt and Secretary Wallace.

Representatives of wheat cooperative marketing agencies put before Wallace a plan for application of the farm bill to wheat and urged that a processing tax be put into effect by next August 1.

Calls For Reduction

Chairman Smith of the senate agriculture committee asked President Roosevelt to make the cotton provisions effective on this year's crop and call for an acreage reduction of between five and six million.

The wheat representatives, whose organizations are credited with marketing about one-third of the nation's annual wheat crop, was headed by C. E. Huff, president of the Farmers National Grange corporation.

They asked Wallace to employ the voluntary domestic allotment plan and that through it legislative control of production should be obtained through payment of acreage benefits based upon voluntary participation by farmers in an acreage reduction program.

They said the plan could be applied to meet what they described as "the immediate emergency" facing the wheat grower.

Through it they proposed that state and county allotments be fixed and that payments of benefits be made in such a way as to make the plan effective "as a crop insurance arrangement for producers whose 1932 fall plantings have been destroyed by unfavorable natural conditions."

It is estimated that from 390,000 to 400,000 calves are born annually in Tennessee.

NEWS BRIEFS

Workmen will clean out some of the debris of the Temple Ellis shell in order that levels for the footings in the basement can be taken. Architect for Montgomery Ward, owners of the location, asked that this be done.

Miss Mae Murfee, county superintendent of schools spoke last night at the tenth grade graduation exercises for Foster schools. Friday night she will speak at Posey for the tenth grade graduation.

The two stolen automobiles police reported recovered Thursday were owned by L. W. Squires of Lubbock route 5, whose 1928 Buick sedan was stolen here Wednesday night, and G. B. Wimberly, 2402 Main street, whose 1929 Chevrolet sedan was taken earlier. Neither car had been damaged, police said. The Buick was found on Sixth street beside Pioneer park, which is bounded by T and U avenues and Sixth and Seventh streets; the Chevrolet on College avenue.

County Agent O. G. Tumlinson attended a meeting of farmers of the Liberty community last night. Tonight he will go to Wolfforth and Saturday night to Carlisle.

Mrs. W. L. Stangel, wife of Prof. W. L. Stangel of the school of agriculture at Texas Tech and her brother, Dr. R. T. Canon, West Texas hospital, left yesterday for Livingston, Texas, following receipt of word from that town of the death of their father, A. S. Canon. Besides the Lubbock children, others are: J. J. Canon, Amarillo; W. A. Canon, Austin and A. S. Canon, jr., Crystal City.

Rain clouds Wednesday night held up attendance of farmers at the community meeting in Shallowater, according to O. G. Tumlinson, county agent, who attended. Those present said they would decide later on another date for the meeting.

No indictments had been returned in the recent Muleshoe bank robbery, Sheriff Jim Cook, of Bailey county said here yesterday afternoon. The grand jury is in session this week.

C. E. Hunt, superintendent and John Henry Felty, business manager of the Lubbock Sanitarium, are leaving this morning for Sweetwater where they will attend the fifth annual meeting of the Northwest Texas Clinic and Hospital Managers association. The meeting will last through Saturday. It starts at 1 p. m. today. Both men are to appear on the program.

Mr. and Mrs. John T. Smith have returned from Oklahoma City where Mrs. Smith took treatment at the Dr. R. M. Rubyeat clinic for asthma. They were accompanied home by Mrs. Smith's mother, Mrs. Frank Baker, of Memphis, Tenn.

Slaton and community had a half inch rain Wednesday afternoon with as much rain that night according to W. P. Florence, county commissioner, who was here yesterday. Farmers were much encouraged over the outlook for rain, he added.

Eastern Lubbock county had a good shower Wednesday afternoon, between Acuff community and Lorenzo, with lighter rain at Idalou, according to T. L. Holt, county commissioner, who was here yesterday. Reports from Crosby county indicated the rain was heavy as far east as Crosbyton.

Members of the county equalization board continued their sessions yesterday going over the tax renditions. The board expects to complete the work probably today, it was announced.

Public Is Invited Tonight To Attend Tech Band Concert

The public is invited to the free concert to be given tonight on the Tech campus near the administration building, Oliver "Chic" McElya, business manager, of the Tech band, said last night.

Last band concert of the school year is the announcement. Plenty of parking space for automobiles will be available.

Defending Champ And Medal Man Eliminated Early From Southwest Loop Golf Joust

DALLAS, May 18. (AP)—The defending singles champion and the medalist both were defeated today in opening round play of the Southwest conference golf tournament, although a strong University of Texas squad retained the team title it won at Austin last year.

The Longhorn quartet composed of John Payne, Dick Snider, Jack Tinnin and Ed White posted an aggregate 309 to carry off the team trophy. Southern Methodist university finished second, six strokes back with a 315 total. Dennis Lavender, with 75, and Marvin Jones and Louis Becker, jr., with 77's were one blow below the three low Longhorns but the Ponies' chances went glimmering when O'Hara Watts, singles champion, scored a surprisingly large 86.

Watts was ushered out of the running in the opening round of match play by Jack Tinnin, Longhorn star, 2 and 1.

Other opening round match results were: Ed White, Texas, beat Maurice Sullivan, Rice, 7 and 5; Marvin Jones, S.M.U. won over Alex Hickey, S.M.U., 3 and 2; Dennis Lavender, S.M.U., downed Ralph Nemir, Rice, 7 and 6; Louis Becker, jr., eliminated Jack Panter, T.C.U., 6 and 5; Dick Snider, Texas, trimmed Tommy Thompson, S.M.U., 8 and 6; John Payne, Texas, drubbed Guy King, T.C.U., 10 and 8.

Fans To Pick Major League Stars For World Fair Game

CHICAGO, May 18. (AP) — The baseball fans' dream—a game between the pick of American and National league talent — will be sponsored July 6 by the Chicago Tribune as a World Fair feature. It became possible through the cooperation of the 16 club owners.

The fans of the country will select the teams by vote, to help settle arguments over the relative merits of the players in the two leagues, for the first time in the history of the game.

Oil Well Catches Fire After Explosion; Flows Wide Open

HENDERSON, May 18 (AP)—The Gulf Production company's No. 4 C. E. Christian oil well northwest of here caught fire today following an explosion believed by company officials to have been caused by dynamite.

A crew of workers narrowly escaped injury when it went to investigate a small blaze at the well just before the explosion. Fifty fire fighters sought to extinguish the flames with chemicals. The well was flowing wide open.

Completion of the Ranger, latest United States aircraft carrier, brings the present American tonnage of this type vessel up to 91,300—still leaving a balance of 43,700 tons to be built.

T. W. Moss Is To Speak Saturday

T. W. Moss, Levelland, a state director for the Texas Farm Holliday association, will speak in the district court room at the court house Saturday afternoon at 3 o'clock, L. F. Tannery, county unit secretary, announced Thursday.

Aims and purposes of the organization which has gained many members on the South Plains in the past several months, are to be outlined and explained by Mr. Moss. At the same time it is the plan to organize the county unit and to work for a unit in every school district and community in the county.

Mr. Moss said he would also discuss what Congress and President Roosevelt had done for the farmer since the "new deal" became effective.
