COFFEE.

NEW YORK, Jan. 24.—The market for coffee futures opened at a decline of 3 to 5 points and sold 9 to 13 points net lower on the more active months as a result of scattering liquidation in the absence of any important support. Earlier late cables from Santos were factors on the decline which carried prices off to 8.47 and September to 8.22 during the afternoon. Last prices were about the lowest of the day, showing a net decline of 12 to 14 points. Sales were estimated at 7 bags, January 8.32;; March 8.30; May 8.30; July 8.22; September 8.22; October 8.20; December [illegible]

DRY GOODS.

NEW YORK, Jan. 24.—Trade in cotton dress goods which opened yesterday was active today. Worsted dress will be opened later. Mens wear sold less rapidly. Silk was quiet and ended lower on reports of the decline of the Bourse in Yokohama. Linen goods were generally quiet. Woolens were quiet.

Stocks

NEW YORK, Jan. 24.—Further divisions of opinion in speculative circles was indicated by the course of today's stock market. Several of the more volatile specialties which recently became prominent enhanced their gains substantially but investment rails and industrials were dull and little changed.

General trade and industrial advices referred to a readjustment of prices in the absence of seasonable demand. Pittsburgh and steel centers reported no change from long prevailing dullness in the steel and iron market.

Dealings in stocks were light. commission houses showing a falling off of business from the interior.

Gulf states steel, electric storage battery, Manati sugar and Vanadium steel were among the leaders at net gains of 2 to almost 8 points.

Seasoned steels and equipments were under intermittent pressure and the demand for rails were smaller than at any recent period. Coalers were not affected, however, by signs of impending labor troubles. Sales amounted to 500,000 shares.

The early market reversed its course of the previous day, call loans falling from 5 to 4 1-2 per cent on the exchange, to midday, with private accommodation at 4 per cent. Predictions were made of further lowering of rates in the near count and interest

With the exception marks, which were of German quotation for the cu their lowest foreign exchanges of the movement, higher. Sterling bills w tance were at a level almost 2 cents in demand cent minimum and the the rate was strongest of the neutral countries. Far Eastern bills were to sea on reports of fresh political disturbances in Japan.

Interest in the bond market confined to new issues, including the department of the Seine (France) 5,000,000 offering for which subscriptions were said to be in excess of the amount of the loan. Government bonds were uneven and the same irregularity was shown by rails and industrials. Total sales, par value, aggregated $15,275,000.

SUGAR.

NEW YORK, Jan. 24.—The raw sugar market was less active today and the only sales reported were a lot of 5,000 bags of Cubas for second half of February shipment to an operator at 2 9-32c cost and freight, equal to 3.89 for centrifugal. Spot prices were nominal at 2 1-4c for Cubas cost and freight, equal to 3.86 for centrifugal.

A little less active demand in the spot market caused general selling in raw sugar futures and prices broke rather sharply, closing at the lowest of the day and from 11 to 15 points below last night's final quotations. March closed at 2.32; May 2.52; July 2.68; September 2.81.

There was not much business in the refined sugar as most refiners were pretty well sold up and unable to make delivery. Prices were unchanged at 5c for fine granulated although most refiners were out of the market.

Refined futures were nominal and without transactions, closing unchanged to 10 points net higher. March closed at 5.45; May 5.60 and July 5.80.

Grain

CHICAGO, Jan. 24.—Rising temperatures helped today to dissipate fear of crop damage, and to offset in the wheat market the effect of higher quotations at Liverpool and Buenos Aires. The close here was easy, at the same as yesterday's finish to 3-8c lower, with May 1.15 1-2 to 1.15 5-8 and July 1.01 3-4 to 1.01 7-8. Corn gained 1.08 1-4 to 3-8, oats closed unchanged to 1-8@1-4 lower, and provisions unchanged to 5c decline.

At first the wheat market had an upward tendency owing for the most part to advances in prices shown in foreign values. Besides, during the early trading here, offers to sell lacked volume, and there was talk of the smallness of farm reserves of wheat and about the rapid decrease of stocks at terminals. On the ensuing advance in the Chicago market, however, selling to realize profits took on larger proportions, and in the last half of the day a setback was in progress, with opinion spreading that despite lack of snow protection the cold weather injury to winter wheat had probably been insignificant.

This opinion was based more or less on reports that farmers in Kansas, were making fair deliveries of wheat, and that the contrary would be the case if damage had been serious.

Liberal export buying together with a lessening of hedging sales was responsible for the advance in the corn market. Oats were neglected.

Provisions followed the action of the hog market, and at the last appeared to be dominated by evident reluctance of packers to pay more than 9c for hogs.

Cotton

NEW YORK, Jan. 24.—The cotton market was nervous and unsettled again today but after breaking into new low ground for the movement, prices rallied on covering. March contracts broke to 17.15 and rallied to 17.46, closing at 17.43, unchanged with 17.42 at the close yesterday. The general market closed 2 points net 3 points higher to 5 points lower.

The market opened barely steady at a decline of 8 to 14 points owing to weak foreign cables unfavorable reports from Manchester and goods trade. From the cotton was active and for a time the selling checked active m the decline was losses of 22 to 30 showed net gain selling at 17.18 with January 16.76. In the case of May at tracts this made a decline of over $10 per bale, as compared with the high price touched right after the holidays.

Offerings then became lighter and there were rallies during the afternoon which carried January up to 17.47 and May 17.07 with the more active months selling some 2 to 6 points net higher. There was also a little trade buying but except for the covering, very little support was noted around the ring and closing prices were a shade off from the best.

Reports that the Japanese silk exchange had been closed yesterday owing to the breaks in raw silk had an unsettling effect on sentiment. According to trade advices, the collapse of the bull market in East India cotton at Bombay reported yesterday, referred to the breaking down of a bull deal in January contracts in that market which occurred on January 15th.

According to these advices the actual cotton held by the old January long interest in Bombay has been taken over by a committee to be gradually liquidated for the benefit of creditors.

COTTONSEED OIL.

NEW YORK, Jan. 24.—The cottonseed oil market was active and easier within a narrow range closing 1 to 10 points net lower. Commission house selling with local liquidation and the late drop in lard caused the heaviness. Sales 23,000 barrels. G. O. P. VICTORY OF 1920 IS NOT YET PAID FOR

By Associated Press.

CHICAGO, Jan. 24.—The republican national committee still owes $708,181.32 for the campaign of 1920, which resulted in the election of President Warren G. Harding, according to figures made public today by Fred W. Upham, national treasurer.

This amount will be reduced Thursday, however, when Mr. Upham meets the New England finance committee at Boston. The New England committee will report funds raised since their last report. Mr. Upham will sail from New York Saturday to spend a two months' vacation in Europe and Africa and final reports will not be made until he returns, April 6th.

The outstanding indebtedness includes $521,520 borrowed from the New York Trust, Empire Trust and Chase National Bank of New York; $127,500 borrowed from the First National and Old Colony Trust of Boston and $14,311.32 borrowed from the Crocker National Bank of San Francisco.

At the close of the campaign in November, 1920 the committee was $1,683,000 in debt, including $1,405,000 in loans; $192,000 in unpaid bills, and $86,000 owed to various state committees. In fifteen months $1,400,000 has been collected, of which $741,500 was applied to these loans; the state committees paid off; unpaid bills settled; $84,000 interest paid; and $232,500 spent for the operation on the national committee, leaving about $60,000 cash on hand.

NEW ORLEANS COTTON.

NEW ORLEANS, Jan. 24.—Overnight selling orders carried the cotton market off on the opening today. Moderate selling pressure persisted for the greater part of the morning session. A reactionary feeling appeared toward mid-session and in the afternoon a fairly strong market developed.

From declines under yesterday's close of 20 to 22 points there was a rise to levels 2 to 8 points over, March falling off to 16.15 and then reacting to 16.43. The close was steady and prices were 1 point down to 3 points up net for the day, with March at 16.38.

Much early selling was traced to reports of a setback given bulls in the Bombay market, although it was claimed these reverses were about a week old. Liverpool reported a lower market for Egyptian cotton, and talk of unfavorable accounts in Manchester. Cotton mill strikes in Rhode Island caused more or less selling and further rains in the belt helped increase sentiment against the market.

As the decline progressed, shorts commenced to buy covers in a large way and their demand finally carried the market upward in a fairly strong manner.

A European statesman says the world looks to America for its motive power. Sure thing. It thinks America is a filling station.

G. O. P. HEADS DISCUSS NEW GERMAN PACT

By Associated Press.
WASHINGTON, Jan. 24.—A new treaty between the United States and Germany to create a committee for arbitration of private damage claims growing out of the world war probably will be negotiated under a decision reported to have been reached tonight at a dinner conference at the White House, between President Harding, Secretary Hughes and republican leaders of the senate and house.
Another new administration policy said to have been agreed upon was a loan of $500,000,000 to Liberia.
Negotiations of the proposed arbitration treaty was not definitely decided upon but President Harding was said to have indicated that the suggestion of a new treaty probably would be adopted.
Under the treaty of Berlin, by which the United States concluded peace with Germany, the United States reserves its right with the allies in arbitration commissions already established abroad for the adjudication of war claims. The question of the United States joining in this commission was said to have been thoroughly canvassed by the president with Secretary Hughes and the senate and house leaders, many of whom are members of the committee dealing with foreign relations. If America was to participate in the established arbitration commission under the treaty of Versailles it was said that action within three weeks would be necessary. Because of the recognized hostility of many republican senators to any sort of participation in engagements of the Versailles treaty, the concensus of opinion at tonight's conference was said to be that action under the treaty of Berlin would be impracticable.

GOLFER SAVES BOY AT COST OF OWN LIFE

By Associated Press.
ST. LOUIS, Jan. 24.—The heroism of A. G. Black, a golfer, was today made known when it was learned he died of pneumonia, which he contracted as the result of his plunge into the icy waters of a lagoon in Forrest Park here January 5 and rescued Donald Mann, aged 9, a caddy, who ventured into the thin ice to retrieve golf balls. Black was buried today in Chicago. Black died last Saturday. Friends here today made his identity known. At the time of the rescue, Black left his automobile, dragged the boy from the lagoon and then departed without being recognized. Three other golfers cared for the boy who suffered only a temporary cold as the result of his plunge. Black was 31 years old, and was the manager of a fruit brokerage concern here.

MEN'S WEAR TO BE "CONSERVATIVE WITH BEAUTIFUL LINES"

By Associated Press.
WASHINGTON, Jan. 24.—"Conservative, but with beautiful lines" was the sartorial motif prescribed today for the fashionable dressed man of 1922 on some of America's style kings attending the annual convention of the Merchant Tailors Deluxers, of Chicago, declared fast-colored manufacture this year would be devoid of frills but would be of higher quality and better made.

THIEVES ROB BANK IN OKLAHOMA BY MEANS OF TUNNEL

By Associated Press.
STROUD, Okla., Jan. 24.—Tunneling a hole through the vault wall in the First National Bank here, thieves looted the vault of money and jewelry and escaped with $1,200 in silver early today.
Sheriff W. O. Brown said he believed the robbery was the work of amateurs since many of the valuables in private safety deposit boxes were overlooked. Liberty bonds were scattered on the floor.

AGED MAN FLOGGED; IS HELD ON CHARGE OF WIFE DESERTION

By Associated Press.
GAINESVILLE, Fla., Jan. 24.—J. T. Rossell, 60 years old, was arrested tonight on a charge of wife desertion and meanwhile nursed wounds received, he said, at the hands of masked men who called him from his home early today and flogged him.
Rossell had been arrested and placed under a peace bond of $300 yesterday on complaint of his wife. He said twelve men comprised the party which attacked him and after beating him ordered him to leave town before Thursday morning. When he explained that he was under bond, his captors exhibited a Ku Klux Klan mask and asked if he had ever seen it before. He replied that he had seen it in the movies.

DECLARE GASOLINE SHIPPED AND SOLD AT LOWER PRICES

By Associated Press.
NEW ORLEANS, Jan. 24.—Investigation of complaints that Louisiana oil refiners are shipping gasoline to Texas, Arkansas, Mississippi, Tennessee and other states and selling that product at prices ranging from four to six cents per gallon below the prices charged in this state, is proposed in a resolution that will be introduced in the house of representatives by E. W. Henry, of Henry, Vermillion Parish, when the legislature convenes in May, it is announced.
The resolution proposes to create a joint committee with authority to make an investigation into the prices of gasoline.

Players Deny Salary Offers From Purdue

By Associated Press.
SEATTLE, Washington, Jan. 24.—Glenn Carlson, Everett, Washington, high school football player, denied today that he had been offered a flat salary if he would play football at Purdue University, Indiana.
Recent charges that William (Lone Star) Dietz, Purdue coach, had through Richard E. Hanley of Pendleton, Oregon, offered salaries to a number of Pacific northwest players, resulted in an announcement by acting President Henry W. Marshall, of Purdue, that Dietz would not be retained at the Indiana school this year. Carlson's name was mentioned in reports as one of those alleged to have been approached by Hanley.
Harold G. Brit, and Walter Daly, Everett players, whose names were also mentioned in connection with alleged offers from Dietz, in a letter declared that "neither of us was approached by Mr. Hanley or Dietz in regard to entering Purdue."

SEVERE COLD CAUSE OF JUMP IN EGG MARKET

NEW YORK, Jan. 24.—The severe cold has caused a sharp advance in egg prices, the New York department of farms and markets reported today. This following the spectacular drop in prices of ten days ago, has resulted in an increase in prices in a week of 13-14 cents per dozen. Today state and Pacific coast hennery white eggs sold at 61 1-2 cents per dozen. Nearby hennery browns brought 54-55 cents.

LET CONTRACT FOR BUILDING OF HOSPITAL

The main contract for the construction of the city and county addition to the Wichita General hospital was let to the Whitehill Construction company for a consideration of $89,345, at a joint meeting of the city council and county commissioners' court Tuesday. The plumbing and heating contract was awarded to Hoffman & Company for $21,598. The Eugene Ash Electrical company will do the electrical work on a bid of $5,494. The low bid of $5,800 of the Otis Elevator company for the construction of the elevator was also accepted.

The bids total $122,237 with probable addition later through an optional agreement in the main contract. The awarding of the contract follows the action of the city and county several months ago in voting $75,000 bonds each for the construction of the addition to the local hospital.

The joint session also voted to purchase the Hargrave hospital located on Holliday street, near the hospital to be used as a nurse's home. J. P. Jackson of the commissioners' court and W. M. Bonner of the city council were appointed to secure an agreement for the purchase of the property. Based on the amount of hospital contracts awarded, doubt is expressed as to whether there will be sufficient funds left to purchase the property from the bond issues.

The total of the contracts awarded Tuesday was several thousand dollars less than the total of the lowest bids submitted at the previous times bids were opened for the work. On the main contract the Zimmerman Construction company and the J. C. Joplin company also submitted bids which was only slightly more than that of the Whitehill company.

The Swatt Electrical company, the Shroeder Electrical company, and the Dosch Electrical company submitted bids for the electrical work while S. P. Osburne and H. W. Greenway were other bidders for the plumbing and heating contract.

It was reported, through error, Monday night that Weaver's bond had been set at $1000.

Weaver who returned here Tuesday, was shot through the hand in the scuffle, according to reports. Burton was shot through the arm.

G. O. P. HEADS DISCUSS NEW GERMAN PACT

By Associated Press.
WASHINGTON, Jan. 24.—A new treaty between the United States and Germany to create a committee for arbitration of private damage claims growing out of the world war probably will be negotiated under a decision reported to have been reached tonight at a dinner conference at the White House, between President Harding, Secretary Hughes and republican leaders of the senate and house.

Another new administration policy said to have been agreed upon was a loan of $500,000,000 to Liberia.

Negotiations of the proposed arbitration treaty was not definitely decided upon but President Harding was said to have indicated that the suggestion of a new treaty probably would be adopted.

Under the treaty of Berlin, by which the United States concluded peace with Germany, the United States reserves its right with the allies in arbitration commissions already established abroad for the adjudication of war claims. The question of the United States joining in this commission was said to have been thoroughly canvassed by the president with Secretary Hughes and the senate and house leaders, many of whom are members of the committee dealing with foreign relations. If America was to participate in the established arbitration commission under the treaty of Versailles it was said that action within three weeks would be necessary. Because of the recognized hostility of many republican senators to any sort of participation in engagements of the Versailles treaty, the concensus of opinion at tonight's conference was said to be that action under the treaty of Berlin would be impracticable.

GOLFER SAVES BOY AT COST OF OWN LIFE

By Associated Press.
ST. LOUIS, Jan. 24.—A golfer, was today made known when it was learned he died of pneumonia, which he contracted as the result of his plunge into the icy waters of a lagoon in Forest Park here January 5 and rescued Donald Mann, aged 9, a caddy, who ventured into the thin ice to retrieve golf balls. Block was buried today in Chicago. Block died last Saturday. Friends here today made his identity known. At the time of the rescue, Block left his automobile, dragged the boy from the lagoon and then departed without being recognized. Three other golfers cared for the boy, who suffered only a temporary chill as the result of his plunge. Block was 31 years old, and was the manager of a fruit brokerage concern here.

MEN'S WEAR TO BE "CONSERVATIVE WITH BEAUTIFUL LINES"

By Associated Press.
WASHINGTON, Jan. 24.—"Conservative, but with beautiful lines" was the sartorial motif presented today for the fashionable dressed man of 1922 by some of America's style kings attending the annual convention of the Merchant Tailors Designers' Association. Walter J. Foster, of Chicago president of the association, declared fashionable masculine attire this year would be devoid of frills but would be of higher quality and better made.

THIEVES ROB BANK IN OKLAHOMA BY MEANS OF TUNNEL

By Associated Press.
STROUD, Okla., Jan. 24.—Tunneling a hole through the vault wall in the First National Bank here, thieves looted the vault of money and jewelry and escaped with $1,200 in silver, early today.

Sheriff W. O. Brown said he believed the robbery was the work of amateurs since many of the valuables in private safety deposit boxes were overlooked. Liberty bonds were scattered on the floor.

AGED MAN FLOGGED; IS HELD ON CHARGE OF WIFE DESERTION

By Associated Press.
GAINESVILLE, Fla., Jan. 24.—J. T. Rossell, 60 years old, was arrested tonight on a charge of wife desertion and meanwhile nursed wounds received, he said, at the hands of masked men who called him from his home early today and flogged him.

Rossell had been arrested and placed under a peace bond of $300 yesterday on complaint of his wife. He said twelve men comprised the party which attacked him and after beating him ordered him to leave town before Thursday morning. When he explained that he was under bond, his captors exhibited a Ku Klux Klan mask and asked if he had ever seen it before. He replied that he had seen it in the movies.

DECLARE GASOLINE SHIPPED AND SOLD AT LOWER PRICES

By Associated Press.
NEW ORLEANS, Jan. 24.—Investigation of complaints that Louisiana oil refiners are shipping gasoline to Texas, Arkansas, Mississippi, Tennessee and other states and selling that produce at prices ranging from four to six cents per gallon below the prices charged in this state, is proposed in a resolution that will be introduced in the house of representatives by E. W. Henry, of Henry, Vermillion Parish, when the legislature convenes in May, it is announced.

The resolution proposes to create a joint committee with authority to make an investigation into the prices of gasoline.

Players Deny Salary Offers From Purdue

By Associated Press.
SEATTLE, Washington, Jan. 24.—Glenn Carlson, Everett, Washington, high school football player, denied today that he had been offered a flat salary if he would play football at Purdue University, Indiana.

Recent charges that William (Lone Star) Dietz, Purdue coach, had through Richard E. Hanley of Pendleton, Oregon, offered salaries to a number of Pacific northwest players, resulted in an announcement by acting President Henry W. Marshall, of Purdue, that Dietz would not be retained at the Indiana school this year. Carlson's name was mentioned in reports as one of those alleged to have been approached by Hanley.

Harold G. Brit, and Walter Daly, Everett players, whose names were also mentioned in connection with alleged offers from Dietz, in a letter declared that "neither of us was approached by Mr. Hanley or Dietz inregard to entering Purdue."

NEGROES ARE HURT IN AUTO SMASH TUESDAY

They were both brought to Wichita Falls and carried to the general hospital for emergency treatment.

Both are employed by the King Weaver Auto Co. The car they were driving, a Nash, belonged to West.

SEVERE COLD CAUSE OF JUMP IN EGG MARKET

NEW YORK, Jan. 24.—The severe cold has caused a sharp advance in egg prices, the New York department of farms and markets reported today. This following the spectacular drop in prices of ten days ago, has resulted in an increase in prices in a week of 13-14 cents per dozen. Today state and Pacific coast hennery white eggs sold at 61 1-2 cents wholesale. Nearby hennery browns brought 54-55 cents.

Norfleet Tells Vivid Story of Adventure in His Relentless Chase

A vivid story of his chase through the crowded streets of Montreal for the sixth member of the swindlers bank which has fleeced him of $80,000, and how the man made his escape when a Canadian policeman arrested him for disturbing the peace and delayed the chase long enough for the swindler to make his escape was related by J. Frank Norfleet, noted ranchman from Hale Center, Texas, who stopped over here Tuesday on his way from Montreal to Hale Center. Mr. Norfleet's business here was in connection with the disposition of some property here, and his story came out in the course of his relation to a local business man with whom he was talking over the disposition of some of the property how he had neglected it during the past two years. A newspaper man was in the office at the time.

The Texas ranchman has become a nationally known figure during the two years since the swindle was perpetrated on him for the relentless way he has hunted down each member of the band, bringing five of them to justice after chases which lead back and forth across the continent, and captures as far separated as the lobby of a fashionable hotel at Palm Beach, Florida and the city of Los Angeles, California. Members of this band are now serving prison terms, while others are awaiting trial.

Desperate Nature.

The desperate nature of the members of the band is shown by the jumping of one of them from an express train while the train was making top speed in a fruitless effort to elude the Texan and his son, who aided him in the chase. The swindle was perpetrated in Fort Worth, and the money was obtained in three deals, one involving $25,000, another $20,000 and the third $35,000—the larger amount being obtained through a fake deal where the money was deposited in escrow in a safety deposit box, to which one of the swindlers kept the key, passing the banker to whom the key was supposed to be given the key to another box, and returning for the money the next day.

Go On Hunch.

The journey of the Norfleets, father and son, to Montreal, where they saw the last member of the six escape from their grasp, was made without definite knowledge—simply on a hunch. After arriving they watched for their man on the crowds in the street, going, among other places, into a crowd watching a "human fly" of their acquaintance. In this crowd Norfleet watched his man. He planned, he said, to just keep him in sight until he found a policeman—having been warned by the Canadian authorities not to attempt to make the arrest himself. The two detectives assigned him had gone to supper at this time, he said, despite his offer to buy it for them.

"They wanted to go home and play with the kids," he said. "They may be playing yet."

The plan of keeping the man in sight failed, he said, when a passerby jostled him against his quarry.

Action Is Swift.

"He turned on me," Norfleet continued "as if he would hit me for bumping into him. He's a big powerful athlete, but when he saw who it was, he turned white, and started walking off. I followed him, thinking to see a policeman I could ask for help. I saw the man say something to a man he passed in the crowd, and this man pretented to have some sort of a fit, and grabbed my boy as we went by. I went on after my man, without stopping to see what was the matter.

"'I've got you now' I told him.

"And then someone stepped up to me and said something about 'That's not the man you want,' and I got a blow from behind that knocked me down, and broke my jaw."

Action was swift from then on for Norfleet, as he tells it. Drawing his gun, he started to shoot, but hesitated because of the boy doing the human fly stunt, up on the brick walls, afraid that a shot would startle him and perhaps cause him to come to grief. Chasing his man down the street, with the assistance of some boys, to whom he shouted an appeal, the Texas ranchman had the sixth man who had a part in the $80,000 swindle, cornered in a balcony of the Strand theater, when a policeman, aroused by the screams of the cornered man, interfered, arresting Norfleet for disturbing the peace, and permitting the swindler to make his get-away down a fire escape, while the Texan was explaining.

This escape will not be permanent, Norfleet added, Tuesday, in telling the story. The history of the case, the Texan's unceasing and unrelentless hunt for the men who had swindled him out of a good sized fortune, bears out his prediction that the sixth one will be found, for all of the others have been apprehended through the endeavors of Norfleet who has devoted his time for practically all of the two years, to this vengeance.

Chemical Warfare Chief Calls Gas Humane Weapon

In a recent address in New York City, Brig. Gen. Amos A. Fries, chief of the Chemical Warfare Department of the United States Army, defended the use of gas in war as the most humane weapon yet devised. He quoted special investigators and gave figures to prove that victims of gas were no more subject to tuberculosis than other casualties.

Big Crowd at Women's Club; Music Features

More than 125 members of the Business Women's club attended the weekly meeting held at the Y. W. C. A. Tuesday evening when a short musical program under the direction of Mrs. Lucille Brooks Huff featured the entertainment.

Following the usual dinner the musicians were introduced and the program was opened with two vocal numbers, "An Old Fashioned House" and "Out Where the West Begins" by Miss Trenholm Doyle of Bellevue, Texas, and who is often heard at the First Baptist church here. Miss Doyle's numbers were well received and she responded to a hearty encore. R. Vaughn Ray gave a group of songs, and received encores for more, but failed to respond, explaining that the next time he sang for the business Women's club he would bring more music along with him.

Three selections were given by a quartette composed of Miss Vivian Railey and Mrs. Bruce Greenwood, violin; J. S. Ellis, bass violin and Mrs. Huff piano. These selections were well received and thoroughly enjoyed.

Announcements of the open house to be given by the club Thursday evening and of a stunt party to be given February 7 were made during a short business session. Miss Ethel McDowell also urged the members to pay their poll taxes before next Tuesday the last day.

In the weekly contest, Miss Rhea Gardner, won one of the prizes, a beautiful parasol given by the Howell Store, and Miss Mildred Parker the other prize, a pair of shoes presented by the Woods Shoe store.

The Tenth Street Drug store was announced gift giver for next week.

VARSITY CLUB MEMBERS CALL ON KNOWLEDGE

"Debates" on "Serious" Subjects Enlivens Tuesday Luncheon of Club; Member Drive Extended.

Why should not the university graduate put into use in later life the higher education gained by burning the midnight oil? He should. For that reason the weekly meeting of the University club yesterday was featured by the discussion of some extremely "in-trick-it" subjects; very high-brow and very intellectual.

F'instance, Walter Curlee declared in unqualified terms that the "present styles in feminine dress should be modified." He argued fiercely, yea, impassionately—but it availed him not. For Zeb Nixon roared in ringing tones counter argument against such modification; and Zeb won the debate.

Then the question whether Fatty Arbuckle should be convicted of murder or manslaughter was raised. Judge Townsend and E. P. Marrs debated it— and they were still debating in front of the Kemp hotel two hours after the club meeting had adjourned.

There was a third debate: "Resolved: That something other than water should be used for irrigation," with E. H. Gibson and P. A. Rogers named as opponents. Unfortunately, however, Gibson and Rogers both agreed that this affirmation was correct, and that a subject for debate that had no negative side was impossible.

Members of the University club basketball team were guests of the club, and all members of the club were urged to attend the game tonight between the club quintet and the high school five at the American Legion hall.

An extension of one week was granted to Paul Von Allmen and Raymond Myers, captains of the membership campaign teams, on their promises to have several new members at next week's meeting.

Mrs. Jouette Bonner entertained the club members with several pleasing violin solos, accompanied at the piano by Miss Annette Walsh.

CONTRACTORS PROTEST PAY CUT ON WORK

After R. J. Potts and W. H. Prentice of the firm of Potts and Prentice, county road contractors had made the request the county commissioners court Tuesday postponed for one month the date on which certain cuts are to be made in the wages paid employes on the road work. The court voted two weeks ago to make the cuts effective February 1st.

Potts explained that due to the cold weather it was not possible to work except on part time and asked that no cuts be made until later when warmer and more settled weather would assure steady work. He also objected to certain cuts made by the court two weeks ago. It was agreed that the matter of reductions would be brought up for discussion and action again on February 13th. It was indicated that certain changes would be made in the previous reductions with an average decrease around 15 per cent. No reductions will be made in case of a few employes.

The court agreed to pay the expenses of several children living in north Wichita who were bitten by a mad dog and who are to be sent to Austin for treatment. The children were bitten by the dog last week but it was not learned until Tuesday that the dog had rabies. The expenses will be paid only in cases where parents are unable to pay.

After an offer had been submitted the court passed an order to buy two cars of sand daily from the Western Sand & Gravel company to be used in the construction of the concrete road to Burkburnett.

B. A. Gilstrap and company on a competitive bid was awarded the contract for the construction of a bridge over the Buffalo creek south of Iowa Park. The bid was $2,560.30. That of the Austin Bridge company the only other bid submitted was $2,580.50.

Cop Says He Got The Shot

"Give me a glass of red corn," said officer Kinsner of the city police force as he walked up to the supposedly soft drink bar of an Ohio Avenue drinketeria and domino parlor Tuesday afternoon.

A small glass of the red "mule" was placed in front of the officer who was disguised. The officer was about to reach for the glass according to his story and that of two fellow officers who followed him into the bar, when the bartender, C. I. Ingham, becoming suspicious knocked the glass off the bar.

Officers made a quick attempt to save a sample and did save a small amount. According to the officers Ingham when he discovered their identity also broke a jar of liquor back of the bar before they could get to it.

A federal charge of possession and sale of liquor was filed against Ingham. He was released under $1,000 bond by United States Commissioner Lantz for his appearance today for a preliminary hearing. Officers Eyerly and Johnson accompanied Kinsner into the building. All are members of the motorcycle squad.

PROTEST RATE WHICH FAVORS DETROIT CARS

It costs $100 more to ship a truck from Wichita Falls to India than it does from Detroit to India in spite of the land and ocean difference in mileage according to testimony introduced Tuesday at the hearng before special commissioner Fred N. Oliver of the interstate commerce commission in the rail rate case in which several railroads are defendants and the Wichita Motor company of this city the plaintiff.

The hearing closed Tuesday evening. It is expected that commissioner Oliver wil make his recommendation to the Interstate Commerce Commission at once and a decision announced by that body within the next thirty days.

According to testimony introduced by the local company the difference in rates to India where it ships a large number of trucks is entirely due to the difference in the rail rates the ocean rate being the same. It was shown that for export trade Detroit manufacturers could ship for less than the local truck manufacturing company through the port at New Orleans. The ocean rate from New York or New Orleans to India was the same.

It was claimed by the plaintiff company that there was discrimination against them in the density per engine rate. It is claimed that the traffic per engine is heavy enough to justify a rate like that of many other points in the central part of the United States.

C. D. Arnold, traffic manager of the local company and W. H. Caldwell of the firm of Mathis and Caldwell attorneys represented the plaintiff. George Thompson, attorney for the T. & P. railroad company and G. B. Ross, attorney of the Santa Fe represented the defendants.

WOULD TAKE SHIPS FOR ALLIED DEBTS AND THEN SINK 'EM

By Associated Press.

WASHINGTON, Jan. 24.—A proposal that the United States offer to take over the entire navies of the allies at full cost, as payment toward the billions they owe the United States, accept on account the allies' other war equipment at "junk prices," and sail "this grand armada to the Pacific and there be sunk ten miles deep with all flags flying" was made to the national agricultural conference today by Herbert Myrick, editor of Farm and Home of Springfield, Mass.

Secret of a Good Disposition

A woman who carefully safeguards her health benefits her disposition. She will be happy and attractive to all. The world unfortunately is filled with sweet women who are unhappy because they are held back from usefulness by troubles so common among them. Fretfulness and nervousness rapidly destroy good dispositions. Sickly, all-worn-out women cannot make happy homes.

Lydia E. Pinkham's Vegetable Compound is a safeguard of women's health. This is clearly proven by the many letters we are continually publishing in this paper, from women who have been restored to health and happiness by its use after years of suffering. Why don't you try it? —Adv.
