

Hart Camp Grain Fire, Explosion Injures Two Men

The fire sirens screamed it's warning of a disaster late Tuesday evening about 7:30, and volunteer firemen raced to the destination of the fire, the Hart Camp Grain Company.

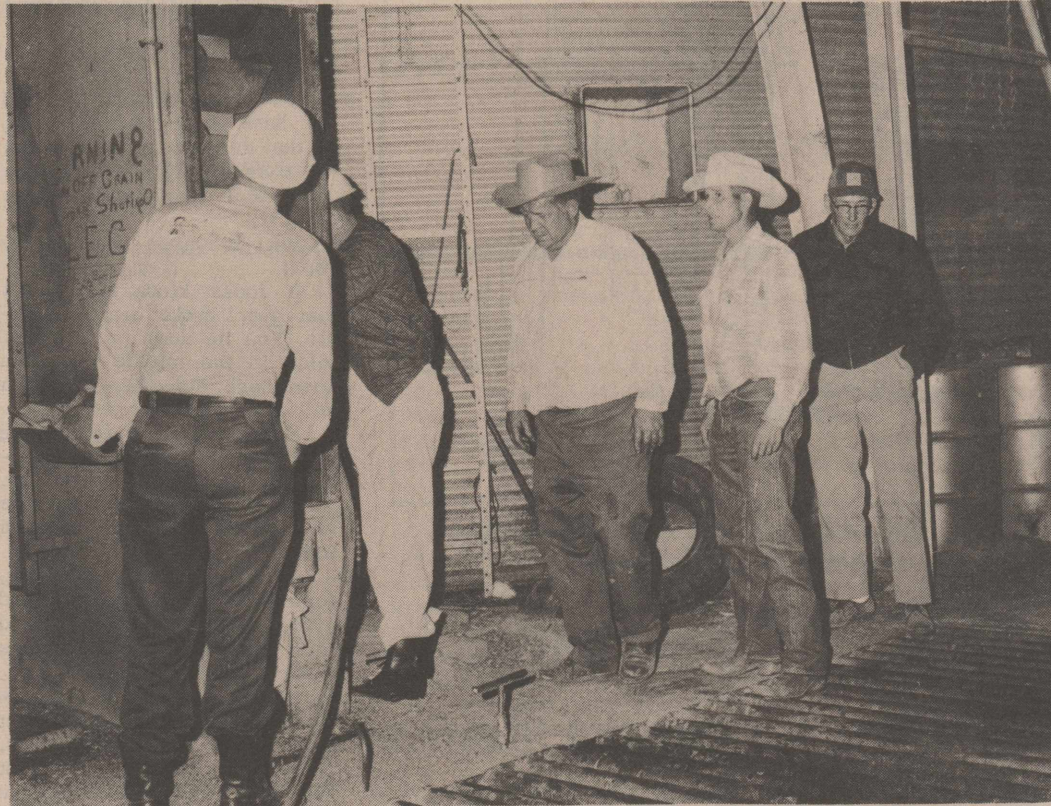

Two men were burned, one more seriously than the other, and extensive damage was suffered by the elevator.

Leo Smith, owner of the grain company, received first degree burns on his face and second degree burns on his hands. Lupe Lopez, a worker in the company, suffered much more serious burns, receiving second and third degree burns on his hands and face and also burns on his back.

The force of the explosion, which apparently resulted from a spark in the grain dust, blew Lopez through the south opening of the unloading area. His clothing was on fire and as he tore his shirt off, his burned skin peeled off.

The fire started down in the grain pit, Smith said. The two men were standing in front of the leg, where the explosion occurred. The personnel in the office said they felt the force of the blast also.

Smith said it was "too soon to estimate the damage", but that repairs had begun as soon as possible after the danger of further explosions and fires had been eliminated and that he hoped to be in operation by Saturday.

LEO SMITH, center, watches as firemen check out the possibility of other fires or explosions following the explosion at the grain company at Hart Camp Tuesday night. Smith was burned about the face and on his hands. Lupe Lopez, workman at the grain elevator, suffered second and third degree burns.

First District Tilt Slated At 7:30 Friday In Olton With Friona

District football play is here.

Friona's Chieftains will be in town Friday night to start this year's district play.

"Since it is the first district game for either of the teams, it is really important for both teams to play harder for the first district win of the year," Coach Jerry Blakely said.

Game time is at 7:30 p. m. This is the first game at this time for the year also.

Friona has won two of their first three games of the year. Muleshoe beat the Friona lads for a homecoming victory in Muleshoe last Friday night.

"Friona will probably run several different offensive formations this Friday night. They run and pass off of the same

formations," Blakely reported. "Quarterback Don Fortenberry, No. 11 is the best passer that Olton has faced so far this year. His favorite receiver is

halfback Bill Bailey, No. 35." "Halfback Wesley Clark No. 40 is the most dangerous boy on the team. He is very fast and can break away on any play of the game. Mainstay of the Chieftain line is James Weatherly No. 62 who missed last week's action due to an injury. Weatherly may or may not play this week," Blakely continued.

Donnie Lewellen No. 33 is a strong runner on off tackle plays through the line. Biggest boy on the Friona squad is No. 77 J. B. Finley at 218 pounds.

The Olton coach said that he was proud of the Mustangs after last week's game and that

he thought that Tahoka had a very good team. He says that Friday's game will be a very good test for our team.

In last week's game, Steve Stockdale passed 19 times and completed 9 for 96 yards. Keith Workman had a good night carrying for 171 yards and two touchdowns.

Marlos May gained good yardage also and one T. D. Alonzo Springer caught four passes for 64 yards. Carroll Blackwell caught one for a good gain at a critical time of the game.

Jimmy Cannon and Alfred Garcia turned in good work on the offensive line.

Curt Gregory, Mike Parsons, Alfred Garcia and Luis Jimenez all played real tough defense for the Mustangs.

Bill Clayton Named Director Of Bank

In action taken by the board of directors Sept. 17 Bill Clayton of Springlake was named new director of Olton State Bank. Announcement of the choice is made by Earl Spruiell, president of the local institution.

Clayton joins R. D. Brown, Ken Burgess, Joe Garrison, Louis Hair, Truitt Sides, Robert L. Straw, and Spruiell to complete this governing board.

Well known throughout the area, Clayton maintains farming and ranching operations in Lamb County, he is Executive Director of Water, Inc., and President of Springlake Enterprises.

Member of the West Texas Advisory Committee to the Water Development Board, Chairman of the 160-acre Limitation Committee of the Texas Water Conservation Association, he is also Secretary-Treasurer of the Interstate Conference on Water Problems. He also holds membership in

West Texas Chamber of Commerce Water Resources Committee and various other water-oriented associations and institutions.

Knowledgeable in these subjects, Clayton has received many awards and citations including the Fort Worth Press "Outstanding Service Award in Water Conservation". His published papers include "Laws Affecting Water Development in Texas", "Pollution - Feedlot Waste Management", "Conservation - We Pass This Way But Once," and "Water or Desert."

Member of the Advisory Board of "Young Americans for Freedom" he is also member of International Speakers Platform Association.

Locally he serves on the

BILL CLAYTON

board of Trustees of High Plains Research Foundation at Halfway.

Born in Olney, Sept. 11, 1928, he came as a lad to Springlake in 1931. A graduate of Springlake High School he attended Allen Academy, and was graduated from A&M University with a bachelor of science degree in Agricultural Economics.

Elected to the State Legislature in 1962 Clayton has served continuously in this body since that time.

A Baptist, he is a Deacon of First Baptist Church, Springlake. He is Past President of Springlake Lions Club.

Clayton is married and the couple have two children, a daughter, Mrs. Allen Hatfield of Lubbock and a son, Tommy of the home.

Band Calendar Deadline Near

Are your family member's birthdays listed on the new band calendars?

Band Parents are again taking orders for birthday calendars. A family listing may include each member's birthday plus the parent's anniversary. The listings and copy of the calendar are \$3.

Organizations may have meetings listed for 30 cents per listing.

Any one wishing to place an order, who has not been contacted by a member of Band Parents, may contact Mrs. Bob Williams, Mrs. Dewey Moses or Mrs. Forrest Latimer. Deadline is Oct. 8.

Mrs. Ann Tinkle To Present One-Man Show

A "One-man showing" of art will soon be on exhibition in the school cafeteria.

Mrs. Ann Tinkle, local artist and resident of Olton for the past eight years will hang her works Friday, Oct. 2, sponsored by Mrs. Ray Slatten, supervisor.

Among the pictures will be her latest work "Olton Street Scene" which depicts both the old and the new along main street.

Mrs. Tinkle is a charter member of the local Art Guild, and has exhibited with the group previously. This is her first one-man show in Olton although she has hung such showings in Amarillo, Albuquerque, Dallas and her native town, Corsicana.

Ladies Take Top Two Spots In Football Guessing Game

Gentlemen, take note! First place in this week's Enterprise football contest was won not only by a woman - but two of them.

Norene Roberson, last year's season winner, and Ginger Miller turned in identical entries - each missing the same three grid fists and each predicting the tie breaker right on the button. They will divide first and second place money.

Two other contestants, Joel Nelson and Scott Roberson, also missed just three games each. Nelson, a student at McMurry College, and Roberson, an eighth grader, also missed the tie breaker by the same number of points - 14. Nelson picked it 28 to 7 while young Roberson thought it would be 34 to 13. They will divide third place.

Twenty-five persons missed four games each with the Springlake-Earth upset of Dimmitt providing the most trouble - after the Ideal-Lockney tie, of course. Only two contestants picked Springlake-Earth to be victorious - a pair of exes, Mr. and Mrs. Wayne Cole.

Vernon's win over Dunbar proved upsetting to 98 persons and 113 went down with the Houston Oilers.

Five persons grabbed first place in the season's standings with six others hot on their trail, just one point back. In first place contention with 41 correct guesses are Harold Lloyd, Ginger Miller, Joel Nelson, Ronnie Parsons and Jack Williamson.

Contestants with 38 points or more are listed on page 6. Twenty-eight persons are in-

cluded within that three point span.

Join in on the fun, enter the grid contest today. Pick up last week's Enterprise and pick a winner in each of the 18 games, predict the tie breaker and sign your name. One contestant this week failed to sign his entry!

Drop your entry blank off at any of the sponsoring merchants. Let them know you enjoy the contest, they make it possible. While you're there, why not make a purchase?

Jerry Smoot Injured In One-Car Mishap

Jerry Smoot received serious injuries Friday night in a one-car accident north of Olton on FM168.

Returning home in a car borrowed from John Stiles, Smoot lost control of the car and overturned.

He was able to drag himself from the overturned vehicle but was not found for at least three hours. Ironically, it was his wife who discovered the wreck and drove to the Lem Roberson home to summon help.

Roberson brought the injured man to Olton where he was taken by Parsons ambulance to Central Plains Hospital in Plainview.

Smoot underwent surgery early Saturday on his crushed right leg. He also received multiple bruises and extensive facial cuts.

Doctors said that Smoot's moving himself about probably prevented pneumonia from developing from his exposure before being found.

Catholic Church To Conduct Rummage Sales

Rummage sales are slated for each Saturday in October from 2 until 6 p. m. on the parking lot of Don's Super Market. The sales are sponsored by the Guadalupanos of St. Peter's Catholic Church.

Proceeds will go to the building fund.

Come and bring a friend with you! Wives are specially urged to come to the meetings. A special invitation goes out

Like The Game? See It Again! Monday Night At Booster Club

Have you been missing the instant replay of the Olton Mustang football games?

Have you also missed the scouting reports of the next opponent?

Do you ever wonder who it was that threw a certain ball? Do you have some questions about the games that you would like to ask?

If you have missed all of this you have really been missing a lot of things about the Mustang football program.

How and where do we learn

this week to all of the parents of all the boys participating in football.

Turkey Dinner To Be Served

Take the family out to dinner.

The annual women's clubs harvest dinner is slated for Friday prior to the Mustang-Friona football game. Serving hours are 5 to 7:30 p. m. in the school cafeteria.

Turkey, dressing and all the trimmings, topped off with homemade pie is the menu of the day. Tickets are \$1.75 for adults, Children 10 and under may eat for 75 cents.

Proceeds of the dinner will be used to meet the building payment on the women's clubhouse. Everyone is invited.

First Bale Ginned Here

A welcome sound of fall harvest activity was heard Monday when Olton Co-Op Gin put machinery in motion to gin the area's first bale of cotton.

Clovis Poteet, producer, crossed the scales with 2200 pounds of Paymaster 18 seed cotton. Wrapped in the first bale were 636 pounds of lint cotton. Seed totaled 920 pounds.

Pulling operations were begun last Wednesday. Some twelve or fifteen local youths gathered the load from six or seven acres in the Poteet field.

Micronaire test was given as 3.5. According to Lloyd Graham, manager of the gin, micronaire readings of 3.5 through 4.9 indicate a good (plus) rating. Readings either above or below this range results in a price penalty.

George Bush To Be Honored In Plainview

George Bush, candidate for the United States Senate, will be honored with a hamburger supper Saturday, Oct. 3 at the Seventh Street Park in Plainview. Tickets are \$1.00 per person and the supper will be served from 6 to 9 p. m.

The supper is planned to give the public an opportunity to visit with Bush and to discuss issues important to West Texas. The meeting, open to a nine-county area, is hosted by Hale, Briscoe, Swisher, Castro, Floyd, Bailey, Lamb and Dickens counties.

A press conference with Bush will be held from 5:15 until 6 p. m. that afternoon in the City National Bank in Plainview.

Beat Friona!

WILLIAM DeBERRY, owner of this John Deere tractor, escaped injury when the tractor caught fire Wednesday night about 9 o'clock as he was filling it with butane. His hired hand, Salvador Carrasco, was standing on one side of the tractor and DeBerry on the other, but neither suffered any injuries.

JUNIOR HIGH DRUMMERS will be the halftime entertainment along with the Olton High School band tomorrow night during the clash between the Friona Chieftains and the Olton Mustangs. Under the direction of Fred Stockdale, the boys are Mark Stroebel, Gary Davis, Bryan Allcorn, Jim Walters, David Leathers and Freddie Stockdale.

Dear Editor

First 'Ditty Bags'

(Editor's note: The following letter is shared with Oltonites by Mrs. Elkins, chairman of the American Red Cross local "ditty bag" project.)

Mrs. L. G. Elkins
P. O. Box 64
Olton, Texas 79064

Dear Mrs. Elkins:
The attractive, well filled bags were brought to the office this morning by Mr. Franks and Mr. Spain.

We wish to take this method of thanking the ladies who helped with these- and others who assisted, Mrs. Elkins. You folks were the first to bring in the completed bags - and we will appreciate it if you will read this letter to those of your community who so capably assisted.

Thank you again!

Sincerely,
Lamb County Chapter

A Policeman Is . .

GUEST EDITORIAL

"A policeman is a composition of what all men are, a mingling of saint and sinner, dust and deity . . . He, of all men, is at once the most wanted and the most unwanted. . . He must be such a diplomat that he can settle differences between individuals so that each will think he won.

"BUT . . . if a policeman is pleasant he's a flirt, if he's not, he's a grouch . . . He must be able to start breathing, stop bleeding, tie splints, and above all be sure the victim goes home without a limp - or expect to be sued . . . He must know every gun, draw on the run, and hit where it doesn't hurt.

"He must be able to whip two men twice his size and half his age without damaging his uniform and without being 'brutal.' . . If you hit him, he's a coward; if he hits you, he's a bully. . . He must know where all the sin is - and not partake. . . The policeman must chase bum leads to a dead end, stake out 10 nights to tag one witness who saw it happen - but refuses to remember.

"The policeman must be a minister, a social worker, a diplomat, a tough guy and a gentleman . . . And, of course, he'll have to be a genius - for he'll have to feed and clothe a family on a policeman's salary.

Preliminary Report Received On Airport Systems Plan

Gov. Preston Smith and members of the Legislature have received a preliminary report on the first phase of the Texas Airport Systems Plan, a project designed to guide the future development of air transportation in Texas.

The document is a commentary on the first year of a continuing study by the Texas Transportation Institute of Texas A&M University. The study is being financed by a joint state and federal grant.

Although the commentary is not intended to summarize the eventual Airport Systems Plan, it contains a number of specific findings and recommendations.

It proposes a new method of funding state aviation development, new criteria for the granting of state airport aid, and a suggested method of coordinating development of all forms of transportation in Texas.

It also contains a brief inventory of existing airports, aircraft and air service and an estimate of future aviation needs for various communities within the state.

The project is sponsored by the Texas Aeronautics Commission and the Governor's Planning Office, but the findings and recommendations are those of the Texas Transportation Institute.

TAC director Charles Mur-

phy said he believes the planning study is the first of its kind.

"The other state aviation plans I have seen are static," Murphy said. "They have inventoried the state's aviation resources and needs at a fixed point in time.

"The Texas Transportation Institute, recognizing that air transportation is a very dynamic activity, has rejected that approach.

"Air transportation needs, technology and capabilities are changing very rapidly. It makes no sense to write a static plan, because it becomes obsolete

RETURNS HOME

Mrs. L. G. Elkins returned Thursday by jet from Del Ray Beach, Fla., where she had visited two weeks with her daughter and family, Mr. and Mrs. D. W. Stockham Jr. and Drew, The Stockham's daughter, Twyla Dawn is a student at Arizona State University. Mrs. Elkins and Mr. and Mrs. Stockham and Drew spent two days on the islands of Sanibel and Captiva which are off the west coast of Florida.

OLDEST GLASS

Oldest stained glass in the world represents the Prophets. It is in a window of the cathedral of Augsburg, Bavaria, Germany.

as soon as it is published.

"The objective of this study is not to hand the legislature a pre-conceived blueprint for aviation development," Murphy said, "but to give the legislature the tools with which it can create its own plans and resources change."

Murphy said he also agreed with the Institute's conclusion that the state should not leave all aviation development to the federal government, but should continue to assert strong leadership of its own.

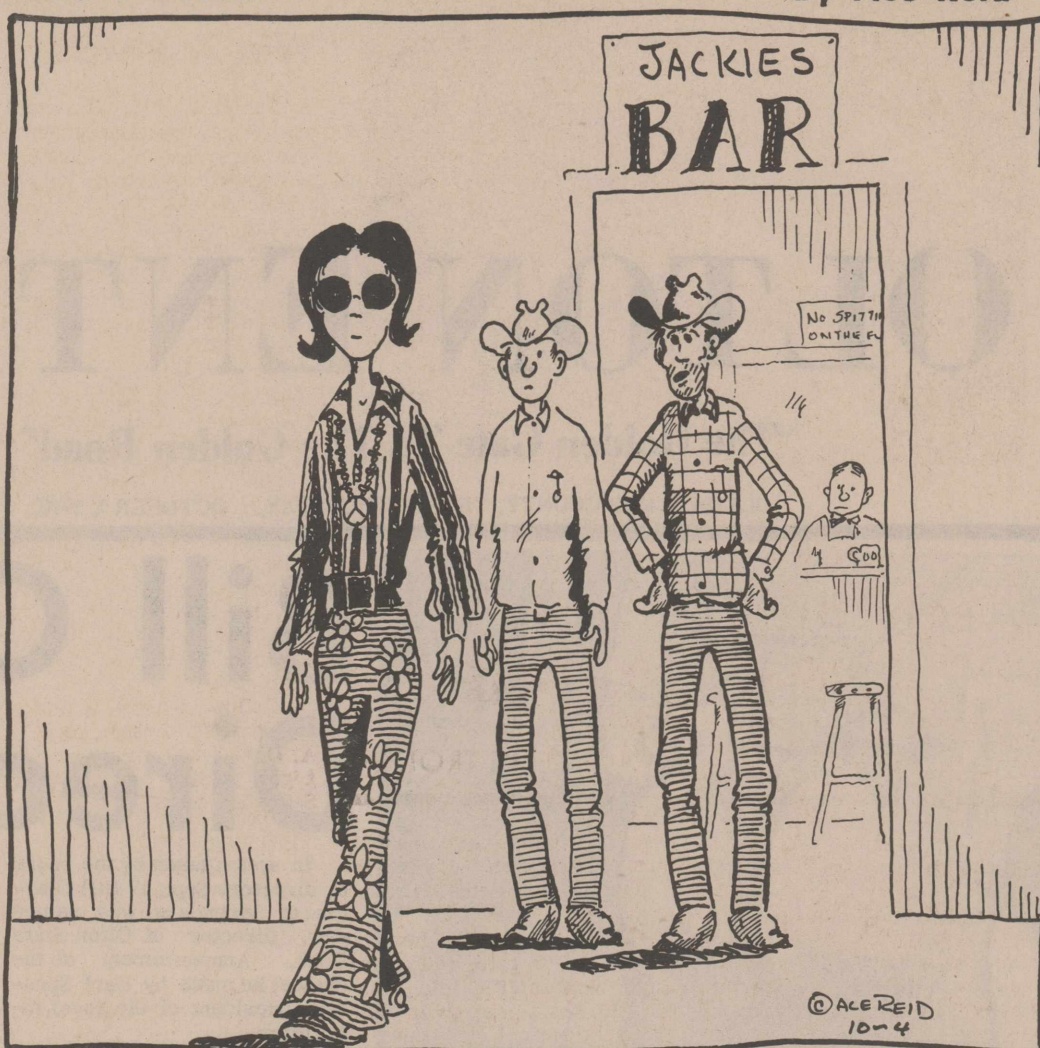

The Institute said, "Observation of activities elsewhere, in connection with this Air Plan project and otherwise, indicate that in the short life of this Commission, Texas has achieved an enviable position as compared with other jurisdictions." It also said, "Strong leadership on the part of the state is clearly required."

The commentary is based on a detailed two-volume study plan to be published later this year. In addition to these materials, the Institute has established a computerized inventory of all airport facilities in Texas.

Subject to the availability of funds, the study is expected to continue for about three years. One of its purposes is to comply with federal planning prerequisites for future participation in the Federal Airport Airways Development Program.

COW POKES

Athlete's Prayer

"Let these hours of vigorous exercises aid me in retaining energy and health of both mind and body so that I may serve You better. May the result of my effort be strengthened nerves, thoughts and feelings of higher quality; a stronger will, to enable me to fight and overcome all temptations to immorality; a vigorous body better able to obey the promptings of the soul. Let my strength be used to perform whatever task You design for me in this world. May I be to others a visible proof of the attractiveness of clean-living. May I show my persistent cheerfulness through all cares and misfortunes, the happiness available to all who hold up as their ideal and strive to follow the life led on earth by Your Son, Jesus Christ. Help me, God, to make use of all the natural and supernatural means that will aid me to live correctly so that I may go through life bearing myself with dignity; erect of body, keen of mind, fearless of soul, ever advancing Your cause, Amen."

Sue's Views

BY SUE CANNON

I can always think of things for this column until it comes time to write it and then I'm as blank as a wall.

Guess I could tell you about how sweet, cute, loveable (and all that sort of jazz) my little niece is, but that's sort of a broken record with me.

And my kids haven't come home with a story from school about getting a spanking this year. (Those teachers must be falling down on the job up there.) Oh! I KNOW!

Let me tell you about this fun thing I have! It's called an Inch Master! You have more fun exercising on that thing! Actually, it helps you exercise so much that you don't feel like you're really doing it.

But it makes you feel so good!

It looks kinda like a cot that got "broke" in the middle. You lie down on it and it folds in the middle and then goes back the other way with help from you of course.

So therefore, it folds your middle then stretches your middle and so on and on and on. Then you can turn on your side and get that old side stretch too.

When you get enough of that, turn over on your tummy and give it a few ups and downs and then you're ready to fall across it for a short nap.

Makes you feel like a million! And with the tension I get from trying to meet deadlines, I sure do give it a workout for that! There's nothing like it. Of course, I keep it up here at the Enterprise, because I'm here more than I am at home anyway. So when I get to feeling all keyed up, I go in and

ride that thing a while and then I'm good for the rest of the day. If you've got a minute, and would like to try it, come by. I'll let you read my book and see the exercises that you can do on it and I promise I won't watch! It's quite a thing!

Gotta tell you a funny! My brother overheard my sister tell me recently that she had an appointment at the beauty shop at 11:30 Friday and she wanted to know if that was alright for her to take her lunch hour 30 minutes early. Of course, it was. But he said, "Joyce, I believe if I were you, before I went to the beauty shop, I'd get an estimate."

Now how about that for a brother? About as bad as my sister coming by here the other day and showing us some flowers she had made from Bois d'arc apples and I said, "They're pretty, but did you know they were poison?" To which she replied, "Have one."

It's nice to have such loving brothers and sisters. But I'll let you in on a secret. They've got a sister just as loving!

Staff Sergeant Sammie R. Houchin, son of Mr. and Mrs. C. L. Houchin of Star Route 2, Olton, Tex., is a member of a unit that has earned the U. S. Air Force Outstanding Unit Award.

Sergeant Houchin, an aircraft maintenance technician in the 3535th Navigator Training Wing at Mather AFB, Calif., will wear a distinctive service ribbon to mark his affiliation with the unit.

The 3535th was cited for superior performance in training more than 3,700 Air Force navigators -- despite less assigned personnel and progressively larger workloads -- during 1968 and '69.

His unit is a part of the Air Training Command which provides flying, technical and basic military training for USAF personnel.

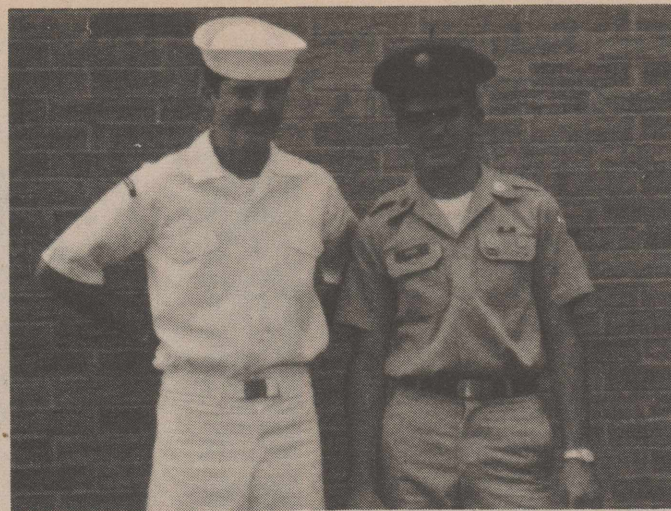

The sergeant is a 1960 graduate of Roosevelt High School, Lubbock, Tex. His wife, Truma, is the daughter of Mr. and Mrs. H. C. Atwood of Idalou, Tex.

REX AND DUSTY RUDD

Everything But The Kitchen Sink

BY MOZELLE TROTTER

We've got something new at our house -- a musical cuckoo clock!

Number One Son bought it for us while he was in Germany and I'd begun to think they were bringing it over by canoe but it finally arrived Monday -- duty collect.

We're sort of like a couple of kids, we keep wanting to turn the hands around so the little birdie will come out and greet us. Further more, every time he does, something else happens.

Tiny little dancers, on a balcony below the cuckoo's perch, dance to a merry little tune each time the birdie gives them the clue. I haven't recognized the little melody but it's lilting and oh so much fun to see and hear.

For its long journey from Germany, the clock had little wires here and there anchoring down moveable things. Luckily an instruction sheet came along so that we could get it ready to operate.

Can you read German? The instructions were printed in German (of course, it had an English translation, too, thank goodness).

I recognized one word -- radio -- and figured out one phrase, "Musik-Kuckuck-uhren" just has to be "Musical Cuckoo Clock."

Speaking of recognizing words -- the carton was stuffed with German newspapers and we discovered something interesting. They sell some of our

American shaving creams, hair sprays and such because the brand names were used in some of the ads.

There were such familiar names as Colgate, Palmolive, Gard, Dr. Scholl's, Helene Curtis, Old Spice, Revlon and Helena Rubinstein. How 'bout that?

Such long words Germans have! Reminds me of "super-califragilisticexpialidocious". I haven't the faintest idea what they mean, but they have such words as "waltverzichtabkommen", "sondierungsgesprachen" and "konjunkturpolitischen".

Back to my clock, at least I can understand the little birdie. I don't know what language "koo-koo" is -- maybe I can speak German and don't know it.

Anyway, it's fun. And that little birdie counts pretty well -- he hasn't called the wrong number yet.

MRS. C. J. PIKE

Cook Of The Week

Our Cook of the Week, Mrs. C. J. Pike, would rather ride horses than cook but she's very talented in both fields.

Lenora and C. J. Pike moved to Olton in December from Roswell, N. M. J. is assistant cowboy foreman at Olton Feed-yards.

Not only does Lenora love horseback riding, she also likes to train cutting horses. She is very interested in the Riding Club which is being talked for this community.

The Pikes have a registered quarter horse named Whiskers IV and a registered paint, Toyah Straw. They have shown them in various shows.

Lenora was born on the XIT Ranch and grew up at Midland. Her father farmed close by a ranching family named Pike. After being away from Midland for a time, the Pike's son C. J. returned to find the neighbor's little girl had grown up.

C. J. and Lenora have two children. A son moved this summer to Indiana. He has two sons, nine and six.

Their daughter lives in Carlsbad. She has a daughter five years old and a little boy almost two.

Lenora and C. J. (they are initials only) enjoy playing "42" and other games.

Immediately upon moving to Olton - they live on the Alice Willis farm southwest of town - the Pikes found a church home in the Fieldton Baptist Church.

Liquor Question Looms Big In November Election

The proponents of a Constitutional Amendment to legalize open saloons were accused today of "plotting to pollute our communities with taverns, increased crime and social corruption."

The Capitol Beacon, a State-wide newsletter that spotlights the moral issues, announced its opposition to the open saloon proposition facing Texas voters in the Nov. 3 General Election, and stated:

"This is a big city gimmick to wet the entire State—an effort to spill the overflowing metropolitan liquor traffic into rural towns throughout the State."

Urging a heavy turn-out at the polls on Election Day, Nov.

FROM CHILLICOTHE

Visiting recently with Mr. and Mrs. C. C. Black were their son and his wife, Mr. and Mrs. W. C. Black of Chillicothe. Also their sons, Billy, who is a student at W.T.S.U. and Tommy who is attending Midwestern University at Wichita Falls.

Sluder Rites Held Recently

Last rites were held at 4:30 p. m. Wednesday, Sept. 23, in the St. Luke's United Methodist Church of Corpus Christi for Edwin Sluder of 710 Moenette St., Corpus Christi, brother of Tom Sluder.

Sluder passed away Monday, Sept. 21. He became ill July 1, but he was permitted to begin teaching in the Corpus Christi Public School System at the beginning of the term. He was hospitalized some two weeks before his death.

Born Oct. 25, 1913, Sluder was a graduate of Olton High School and of West Texas State at Canyon. He and his wife, the former Miss Cleveland Lamen of Mobeetie, had made their home in Corpus Christi 26 years. He taught science in the public schools there over twenty years. He taught night classes and during the summer session at Del Mar College in Corpus Christi.

Sluder is survived by his widow; one son, Sam, a teacher at San Antonio; three daughters, Sharon, a teacher in Corpus, and Beverly and Cindy of the home; two other brothers, Ernest Sluder of Gruver and Ross Sluder of Dolores, Colo.; three sisters, Mrs. Clara Lathem of Beeville, Ark. and Mrs. Winnie Flynt and Mrs. Nellie Mae Jester, both of Lubbock.

Among those attending last rites were Mr. and Mrs. Tom Sluder, their son-in-law and daughter, Mr. and Mrs. O. H. Finch Jr. of Dalhart and their son, Tom Sluder Jr. of Sunray.

Warm, Fresh Air

... direct from the manufacturer

Natural gas is the healthiest, most economical way to heat your house this winter. Gas is economical because it's the direct way to produce heat — you don't pay to convert heat to another energy source and then back to heat. And with gas you can afford to bring clean outside air into your home this winter instead of having to re-heat the same old stale air time after time.

So, if you're building or remodeling, be sure to specify gas heating. Gas is the "natural" fuel. It's like buying direct from the manufacturer. Call your heating contractor, plumber, or Pioneer Natural Gas.

PIONEER NATURAL GAS COMPANY

Kathy May & Jeana Chester

Here it is, our sixth week of school. This week is going to be filled with studying and cramming. It is extremely difficult to "learn" things overnight if you haven't been studying all the time. Most of us haven't so we'll have to settle for "cramming."

As each week passes, we grow just a little more excited about our weeks and years left in high school. But how many of you look back to your elementary years? This was a trying time for all of the kids, AND the teachers. Do you remember some of the teacher's feelings toward you?

"He carries a blackjack in his pencil box."

"He would rather steal hubcaps than third base."

"It's not bad enough that he's the toughest kid in the school, but he also has a perfect attendance record."

"It takes more than understanding for his dad to be a pal to him--it takes stamina."

"He was a loveable kid. They gave him a sandbox to play in. Too bad it wasn't filled with quick-sand."

"Everything in her home is controlled by switches--except her."

"A good thrashing might get the wild oats out of him."

Then in Junior High it was: "He's too young to drive, so he's stealing chauffeured limousines."

"He has no respect for age unless it's bottled."

In High School: "He's an honor student. He's always saying 'yes, your honor', 'No, your honor'."

"Today's accent is on the youth, but the stress is on their parents."

"But we know they really love us."

No, really Olton has always had a bunch of good kids, and a few, with a few fun-tracked minds. But the world has to have a variety of people or we would be very bored.

We were very honored to have the Baptist Evangelist, Mr. James Robison, to speak in our assembly last Wednesday. All students listened attentively, and a great number of the students went to Littlefield to hear more. He spoke on today's youth and had many interesting points to share.

Juniors - Sorry you can't

have them till the Seniors get out. Suffer for 30 more weeks!

A Word to The Wise: "Temptations are like bums--treat one nice and they'll return with their friends."

"It is our responsibilities, not ourselves that we should take seriously."

In the year 3000: Robot to another robot--"I miss people, they sure were a lot of fun."

CONGRATULATIONS goes to Gary, Johnny and Paul for winning the Spirit Stick. They worked hard for it this past week and really deserved it. Keep the Spirit high, boys!

Hope everyone passed all their tests! Remember report cards come out Wednesday. Ugh!

Recently the Junior Chapter of the Olton Future Homemakers met and elected officers. Those elected were president, Carla Moses; first vice president, Sabrina Pollard; second vice president, Robin Criswell, third vice president, Cynthia Norfleet; secretary, Cynthia Johnson; treasurer, Shauna Lawyer; parliamentarian, Janet Spain; Stock Show Superintendent, Denise Myers; and reporter, Connie Thomas.

Good luck to these girls as they start a wonderful experience of being in FHA!

We would also like to congratulate Janie Jones and Marsha Moss for being elected to represent the FFA as Sweetheart and Plow Girl, respectively. These two girls really deserve everything they get!

Let's go, Big Blue: BEAT FRIONA! GO GET 'EM!

Speaking of Mustangs, they sure played a heck of a game Friday night, didn't they? It goes to show what a little spirit can do for a team--they just want to "run over" all the opponents. Even though it was

Bulldogs Take Lickin' From Mustangs, 21-14

BY ELMER HOUSTON

Olton's Mustangs blew into Tahoka last Friday night on a high and cold north wind. Hardly before the Tahoka Bulldogs realized what was going on, Olton's Mustangs were en-

terribly cold that night, Olton had a great turnout and really boosted the Mustangs to a victory over Tahoka. Good going, Boys!

BEAT FRIONA! WRAP UP THE CHIEFTANS!!!

WHO'S WHO..... Johnny A - Why do they call you "Daddy"? Kenny G - "Were you really lost?"

J. Carol - You must learn to talk before you can sing. Bob, Marsha, Johnny and Gale: "Hi-Ho Silver, Away!"

Letha M - Are you still crushed? Dona M - Who knows your name?

Alfred G - Your grades are marvelous, how come? Gary Durham - How much disability are you drawing? Oh, they don't pay?

Janie - Now he knows you are a woman, Oh, yea, do you know a guy named Earl? He was looking for you!

D'Lyte - Good show? Bonnie - Getting the fever? Kath'Leen - Which one? Dona - Like those "bear" hugs?

Mary Lou - What kind of a joke? Oralia - Did you have trouble Friday night? Rita didn't!

Rita - GAME WARDEN!!! Miss Powers: S.T.P. Connie - Did you like your "Raider" hug? I Bet!

Did everyone have a good time at the Fair? Was Ray Stevens really that good or was it the audience, Connie?

RUMMAGIN' THROUGH..... Coach Bolton: Can anyone tell me anything of importance that has happened in the last twenty years?

Randy McCoy: Yea, Mel Miss Baird: What kind of pine has the sharpest and the longest needles in the world? Max Moss: A Porcupine!

The troops were being taught how to jump out of a plane. "What if my parachute doesn't open?" asked one guy. "That is what we call jumping to conclusions," replied the officer.

Mrs. Williamson: "What did Mr. Turner say when you asked for a raise?" Mr. Williamson: "He acted just like a lamb."

Mrs.: "How was that?" Mr.: "He just said "Baa" Guess we'd better close. See Ya.

Hang Loose, Kathy and Jeana

joying a 21 to 0 lead. This they held until they encountered the third quarter blues and the stubborn Bulldogs scored 14 quick points to put them right back into the ball game.

But the mighty Mustangs defensive unit corralled the dogs for the remainder of the game. This was the third victory of the season for the Ponies.

Olton won the toss of the coin to start the game Friday and they chose to take the wind and defend the north goal.

Steve Stockdale, all-district and all-South Plains, kicked off for the Mustangs. His good kick aided by the wind sailed out of the end zone with it being put in play on the Tahoka 20.

Tahoka got three yards on first down with Larry Durham carrying the ball. On the next play, Durham was carrier again, only this time he met up with Olton's linebacker Alfred Garcia for no gain.

Faced with third and seven, Montemayor carried out to the 26, four yards short of the first down. Durham punted on fourth down into the high north wind to the Tahoka 48.

Keith Workman bulled his way for 13 yards to the 35 on first down. Second down found Stockdale passing to Luis Rey at the Bulldog 38 for the first down, but they had a five yard penalty on the first play of the series.

Workman again turned his back to the wind and headed south, this time he was ran out of bounds at the Tahoka 14 for another first down by the Mustangs.

Marlos May got the call this time and he wasted no time at all as he charged the Bulldog line and crashed in for the T.D. aided by very good blocking by all of the Mustangs.

Stockdale kicked the extra point to put Olton in front of the unbeaten Bulldogs 7-0. The first Olton score of the night had taken only four plays and very little time off of the clock.

Again Stockdale kicked off out of the end zone to put the ball on the Tahoka 20. Once more the Bulldogs got three yards on first down out to the 23. Second down wasn't too good for them as Gary Durham and Johnny Arroyas, Captains of the Mustangs, dropped Montemayor for a loss to the 21.

A third down reverse play moved the ball out to the 31 for a first down. Two more plays moved the ball to the 40. A half yard short of another first down.

Tahoka made the third and short yardage needed for the first down and moved on to the Olton 49. But on third down this time the bottom falls out on the Bulldogs as the Mustangs drop them for a loss back to their own 45.

Olton's Mustangs dropped a pass and missed on a pitch out to come up faced with fourth down and a punting situation.

ATTEND REUNION Mr. and Mrs. Tom Smith attended the ex-students banquet in Hale Center Saturday. The Rev. Kenneth Wyatt of Tulsa was after dinner speaker.

Stopped for no gain on first down, the Bulldogs tried the end again. It worked like a charm and they had their first score of the night and kicked the extra point for seven points.

Workman received the kickoff and returned it 24 yards to the Olton 32. From there the Mustangs found the going tough due to penalties and drop-

ped passes among other things. Stockdale punted on fourth down with Roger Miller receiving the punt for Tahoka.

Miller picked up a block and sailed down the side line to put the Bulldogs right back in the ball game 21 to 12.

Montemayor ran the extra points to make it 21 to 14. Olton received the kickoff and moved up the field again only finally having to punt to Tahoka.

Tahoka fumbled with the Mustangs recovering. But, the Mustangs fumbled it right back to the Bulldogs on the next play.

Both teams then swapped punts with Olton intercepting a Tahoka pass on the Mustang 46. Mike Parsons made the interception and Olton moved to the south once more.

Time ran out for the Mustangs with Keith Workman on the one inch line and trying to get in for the T. D. That was the ballgame and Olton had their third straight victory of the year.

They play this Friday in Olton Memorial Stadium when they take on the Friona Cheif-tans.
